with less fear of burning than in any other kind, because aluminum is a better distributor of heat and retains it longer. This means a saving in fuel. And it means a saving in wear-and-tear expense, too.

"Wear-Ever" utensils are light to handle and easy to clean. They cannot form poisonous compounds with fruit acids or foods.

"Wear-Ever" utensils are made from thick, hard sheet aluminum, 99% pure, without joint, seam or solder. You can let food burn dry without injuring them. Cannot rust—cannot chip or scale—are practically indestructible.

SUDDEN DEATH OF

J. R. BLANCHARD

The community was startled yesterday afternoon by the announcement that Mr. J. R. Blanchard, of Upper Dyke, had dropped dead in the Pastime Theatre. He had come to town after dinner and taken a short ride in an auto then went into the Pastime Theatre where work was going on preparing for the Poultry Show. He spoke a few words then complained of a pain and put his hands over his stomach and fell down dead. Dr. Webster was called but he had expired instantly.

James Robinson Blanchard was about 62 years of age and a man prominent in the county being a leading fruit grower and also official assignee for the County. Many years ago he was a merchant in Kentville but retired to his farm at Upper Dyke. His wife is a daughter of Mr. H. A. Pratt and the following children survive him: Arthur in Boston; Mrs. C. R. Kelly, Sheffield Mills; Misses Bessie, Clara and Helen and Lewis at home, Henry at Canning; George at Upper Dyke and Edward of the 64th Battalion at Halifax. Much sympathy will be extended to Mrs. Blanchard and family in their bereavement.

The Kaiser's "Pets" Were Routed.

Chalons-Sur-Marne, France, Jan. 12—The fact that regiments of the imperial guard were among the 60,000 men that attacked the French lines in Champagne, on Sunday, indicates how carefully the number of prisoners taken by the French belonged to the famous guards.

The attack followed one of the heaviest bombardments the Germans yet have inflicted upon the French positions. It lasted twenty-four hours. The promptness of the French reply, with concentrated fire from their three-inch guns, stopped the first waves of the attack on the parapets of the German trenches. Only at the fourth attempt did the Germans, after heavy losses, get up to the

French trenches. The surprising promptness of the French counter-attack caught the Germans before they could organize the position they had won. Many were obliged to surrender, and only a few got back to their own lines.

Well to Remember.

That every path hath a puddle.
That the fruit of success ripens slowly.
That he is the richest who wants the least.
That a million dollars will not buy a ray of sunshine.
That the greatest of faults is to be conscious of none.
That the brightest of thoughts sometimes come from the dullest-looking men.
That all of the good things of this world are of no further good than as they are of use.
That there can be no greater mistake than the stopping to worry over a mistake already made.
That with contentment the lowest hovel is more of a palace than the loftiest mansion without it.
That while few are qualified to shine in company, it is in the power of most people to be agreeable.
That our homes are like instruments of music, of which a single discordant string destroys the sweetness.

Japs Make Canadian Recruiting Record.

Vancouver, B. C., Jan. 7.—Although the official authorization came only a few days ago, more than 500 naturalized anese have already left their signatures to join the new Japanese regiment. This is almost a record in local recruiting. Nipponese residents of the city are very enthusiastic.
At the first of the year, Mrs. A. M. Fitzgerald who is now stopping at 566 Broadway, Everett, Mass., met with a very severe accident at Sullivan Square, Boston, while alighting from a car. The step gave a jump and she was thrown to the platform and it was later found after being removed to her flat that her ankle was dislocated and her knee and hip badly hurt. Miss Fitzgerald suffered much from the shock and pain. It is feared that it will be some time before she is able to walk again.

A THRENODY.

(Bliss Carman, in the January Scribner's)
Not in the ancient Abbey,
Nor in the city ground
Not in the lone mountains,
Nor in the blue profound.
Lay him to rest when his time is come
And the smiling mortals lips are dumb;
But here in the decent quiet
Under the whispering pines,
Where the dogwood breaks in blossom
And the peaceful sunlight shines,
Where wild birds sing and ferns unfold,
When spring comes back in her green and gold.
And when that mortal likeness
Has been dissolved by fire,
Say not above the ashes,
"Here ends a man's desire."
For every year when the blue-birds sing,
He shall be part of the lyric string.

Then dreamful-hearted lovers

Shall hear in wind and rain
The cadence of his music,
The rhythm of his refrain,
For he was a blade of the April sod
That bowed and blew with the whisper of God.

Fairview Hotel, Bridgewater, Burned.

Bridgewater, N. S., Jan. 9.—Catching fire shortly before one o'clock Sunday morning, the Fairview Hotel, W. E. Awalt, proprietor, was completely destroyed despite the best efforts of the firemen. The guests rushed out into the cold, clad in garments of the scantiest. Many were in their bare feet and had their toes nipped by the frost. Lindsay Knicker was having a bath at the time. Leaping out of the bath he hastily donned his underwear and dropped from a second-storey window. He cut his foot on some glass but otherwise escaped uninjured. N. W. Rafuse lost \$150 in cash. Mr. and Mrs. Fred H. Davidson lost jewelry valued at \$800, Mayor Marshall and M. Dugas lost their personal effects. About thirteen commercial men lost everything.
Two adjoining buildings caught fire but they were saved. The loss is \$16,000, insurance \$4,500.

Russians Masters in Furious Fighting.

Petrograd, January 12.—According to a private message from Kiev, the number of prisoners taken by the Russians in the last three weeks' fighting is much greater than was supposed from the official reports. A party of 2,200 has just reached Kiev. It is said there are 10,000 more in rear of fighting line—this number exclusive of the wounded, whom the enemy are abandoning wholesale.
Prisoners declare that the Austro-Germans have lost 100,000 wounded in Bukovina.
Details of the fighting for Khriask, north of Czarnorysk, indicate the stubbornness of the opposition which the Russians have to overcome.

Having crossed the Styra and seized the village, the Russians began to entrench in the outskirts. Dense masses of the enemy appeared on the heights a mile from the village, and, though deluged with shrapnel, streamed to the plain and vanished in a gully, where they recovered their breath.
As soon as they emerged they were met with a withering fire from the Russian machine guns and rifles, which swept them off their feet in sheaves and sent the remnants flying back to the gully.

Further attempts were made to advance and then a Russian bayonet charge cleared the gully, and the Austro-Germans gave up the attempt to regain their lost position.

FOSTER ENDORSED.

Conservatives of Kings Believe in His Integrity.

At a meeting of the Kings County, N. S., Liberal-Conservative Association held at Kentville Thursday the 4th, and attended by more than three hundred delegates, a resolution was unanimously passed endorsing A. DeWitt Foster, ex-M.P., and expressing confidence in his integrity.
It will be remembered that after Sir Robert Borden practically asked Mr. Foster to resign, The Citizen expressed the opinion that Kings County would not turn Mr. Foster down. We did so because it was apparent that political spite was behind the charges preferred against Mr. Foster, rather than proof of guilt.
The royal commission that enquired into the matter showed that while Mr. Foster was discreet in acting as a buyer or horses for the Government, there was no evidence that he made a cent dishonestly or any other way out of the transaction.—Colchester Sun.

Minard's Liniment Co., Ltd.

Gentlemen.—Last winter I received great benefit from the use of MINARD'S LINIMENT in a severe attack of LaGrippe, and I have frequently proved it to be very effective in cases of Inflammation.

Yours, W. A. HUTCHINSON.

Like Newly Wed Lady I. C. R. Has New Name.

(Colchester Sun.)
The fiat has gone forth. You must say it, and write it, of abbreviating, "C. G. R.," if in full, "Canadian Government Railways."

We bow to the powers that be, but there will always be a tender spot in our memory for the old name and the old order of things—the railroading lang syne.

First it was the "I. C. R.," in full "Intercolonial Railway." That came from the building of the missing link between Truro, N. S., and Pains Junction, N. B. That was under the terms of Confederation.

By the way, the new bunch don't seem to know or care much about those terms, but so far as the government railway is concerned they are firmly entrenched in the minds of the maritime provinces. We care not what they do with the road when it extends beyond those bounds, into Quebec, Ontario and Manitoba.

Quebec's terms included a federal representative fixed at a minimum of 65 members, and no person dare interfere with those terms.

Ours was the I. C. R. road for the people of these provinces, at minimum rates, and other conditions.
Unlike Quebec's terms, our terms in these provinces have been monkeyed with and changed to such an extent that the men who made them—the fathers of confederation—would not, were they alive now, recognize them.

The powers that be dare not monkey with the Quebec terms in that way.

But to get on with the story. "I. C. R." was about eight years ago changed to "I. R. C.," this because "I. C. R." also stood for "Illinois Central Railway," and the cars were being wrongly claimed.

It is said that the Canadian Government was losing cars to the American road.

Now the other change has come. It is now "Canadian Government Railways," this because the system has been extended through Quebec, Ontario and Manitoba, to Winnipeg, and may reach the coast.

To the Men of Nova Scotia.

The Premier of Canada has just announced the decision of his Government to call for 250,000 more men. This will make a total of half a million men called to the colors since the beginning of the war. While this announcement will cause a thrill of pride and satisfaction throughout the Dominion as indicating that Canada is determined to do her full share in the prosecution of the war, it places a deep responsibility on every man and woman in the country to help to secure the men. In this Province we have so far recruited 12,000 men, so that the duty before us is to enlist at least as many more. This can only be done if every available young man who is physically fit places his services at disposal of his country.

In this grave emergency when the fate of the Empire is being determined, we earnestly appeal to you, the young men of our own Province, to give continued proof of your courage and patriotism. We appeal to your sense of duty so that you may not evade the sacrifice involved in defending your country. We appeal to the manhood within you so that you may not be content to let your fighting be done for you by your friends and fellow citizens. Above all, we appeal to your sense of honor, so that the cry that comes back to us from the blood-stained trenches of Flanders may not go unanswered, so that the sons of Nova Scotia who have already made the supreme sacrifice, shall not have died in vain. Let your response to this appeal show that when it comes to a question of patriotic service, the young men of this noble little Province of ours, will take second place to no other part of the King's Dominions.

On behalf of the Recruiting Association.

Hut Orderly is a pretty good job, you don't have to drill any in the morning; just sweep the Hut and bring in enough coal to last all day. Then you have the rest of the morning to yourself. In reference to baseball he continues: "Our team is some mixture, the catcher comes from Beverley, Mass., the pitcher from Pugwash, N. Canadian Apples in South Africa.

W. J. Egan, Canadian Trade Commissioner, Cape Town, South Africa.

The first shipment of apples from Canada for this season arrived on the S.S. Kwara, Oct. 15. They were all from British Columbia, and consisted mostly of "Wealthys" with some "Gravensteins."

The packing was of the very best and the shipment was healthy, being almost free from scale. The apples were of good size but did not come up to the requirements of the South African market in color, and unfortunately a large percentage of the shipments was frozen in cold storage. The fruit which carried without freezing realized from 15s to 17s a box. On the Johannesburg market prices ranged from 19s to 24s.

This shipment of 1,160 boxes is the first on record to consist of Canadian fruit only. The contention of several jobbers has been the impossibility of securing fruit for the early boats, and many severe comments were made in reference to the recommendations that the cold storage space on our steamers should be reserved for Canadian fruit. Although the above-mentioned shipment was unfortunate, dealers now admit that a suitable apple can be procured for the early sailings as well as for the end of the season. As they are all prepared to purchase Canadian fruit, they are now advocating that it alone should be carried in the cold storage of Canadian steamers during the limited season of delivery, from October to December 15, which under normal conditions can dispose of 35,000 to 40,000 boxes of a good, hardy, medium size well-colored apple.

The Future of Fruit Growing

"I do not believe that there are any grounds for pessimism as to the future of fruit growing in Ontario," said P. W. Hodgett, of Toronto, recently while addressing a meeting held in connection with the recent Lambton County Horticultural Exhibition. "The business will have its ups and downs, as in the past. Gluts there have been many times, growers discouraged and orchards neglected, but to the man with energy and push and stick-to-it-iveness, along with common sense, the future is just as bright as it ever was. When we consider what our apple growers are up against in marketing the miscellaneous assortment of apples planted in Ontario thirty or forty years ago, one almost wonders that we have made the success we have. Small orchards, of many varieties, fully fifty per cent not wanted in the present markets at any price, trees neglected through ignorance or lack of care, in early days poor marketing facilities, etc., all have been against us.

"With new orchards of larger size, fewer and better varieties and improved methods of marketing, Ontario can still more than hold her own in all markets of the world. The west is handicapped by expensive labor and land, and the extreme east by a more unfavorable climate. Ontario has large local markets, and is favorably situated for export and prairie markets. Nova Scotia is well situated for its export trade, but lacks both local and prairie markets. The west also lacks local markets and has extremely heavy transportation charges to British and European markets. With everything in our favor I would not hesitate to continue planting with varieties in demand and in blocks of large enough size to provide straight or mixed cars as the various markets demand.

Of other fruits, the present situation is favorable to pears, sweet cherries, strawberries, and not as good for plums, sour cherries, red currants and American gooseberries, except for local markets. The peach has always been an uncertain

quantity, large profits or heavy losses coming at times. The future outlook would not deter me from continuing in the fruit business and increasing my acreage under the favorable conditions of Lambton county."

French Counter Attack Took the Enemy by Surprise.

Chalons-sur-Marne, France, Jan. 11.—The fact that regiments of the imperial guard were among the 60,000 men that attacked the French lines in Champagne on Sunday indicates how carefully the Germans selected their troops for this great assault. A considerable number of prisoners taken by the French belonged to the famous guards.

The attack followed one of the heaviest bombardments the Germans yet have inflicted upon the French positions. It lasted 24 hours. The promptness of the French reply with concentrated fire from their three inch guns stopped the first waves of the attack on the parapets of the German trenches. Only at the fourth attempt did the Germans, after heavy losses, get up to the French trenches.

The surprising promptness of the French counter-attack caught the Germans before they could organize the positions they had won. Many were obliged to surrender and only a few got back to their own lines.

YOU CAN CURE CATARRH

J. H. Taylor, 54 Bond St., Toronto Breathed and Cured a Long Standing Case of Chronic Catarrh That Defied All Other Remedies, Also Toronto New York Specialists.

Without taking a drop of medicine into the stomach, J. H. Taylor, 54 Bond Street, Toronto, tells how the distressing troubles of Catarrh were overcome by simply inhaling Hyomei air. It's the history of tens of thousands similar cases on record, proving that Hyomei can be depended upon to cure Catarrh, Coughs, Colds, and Croup. It has no equal for any distress of the breathing organs.

Mr. Taylor says: "Some years ago while on a hunting trip in Northern Canada, I contracted a severe cold that settled in my head and finally affected my throat. It rapidly developed into catarrh and caused a miserable throat weakness. My head would become clogged during the night and there was a catharral dropping from the nose into the throat. Many days I had been unable to breathe other than through my mouth, and the constant hawking and spitting was almost unbearable. I had been treated by the best throat specialists here and in New York, but nothing benefited my condition. I obtained Hyomei, and soon found relief, the throat dropping ceased and my head began to clear. I continued with Hyomei for six weeks and after that time I was well in every detail. There has been no return of the trouble since, and I feel grateful in speaking well of Hyomei as it cured me when all else failed."

A complete Hyomei outfit costs \$1.00, and J. A. Clark will refund your money if it fails to cure.

SIGNALS OF DISTRESS

Kentville People Should Know How to Read and Heed Them

Sick kidneys give many signals of distress. The secretions are dark, contain sediment. Passages are frequent, scanty painful. Backache is constant day and night. Headaches and dizzy spells are frequent. The weakened kidneys need quick help. Don't delay! Use a special kidney remedy. Booth's Kidney Pills cure sick kidneys, backache, and urinary disorders. Kentville evidence proves this statement.

James Foster of Gasperau N. S. says: "For several months I had been very much troubled with lame and sore back which inconvenienced me very much in working. The pains in my back were so severe at times that I would have to stop my work. The kidney secretions had also been highly colored and contained a heavy sediment. I had tried various remedies to relieve me but without receiving any benefit from them. I then learned of Booth's Kidney Pills through an advertisement and procured a box at J. D. Clark Pharmacy and found in them almost immediate relief. Today I feel as if I had a new back as it does not trouble me in the least. The kidney secretions have also returned and I feel better generally. Sold by Dealers. Price 50 cents." The R. T. Booth Co., Lt. Fort Erie Ont., Sole Canadian Agents.

MUNICIPALITY OF KINGS IN SESSION AT KENTVILLE

Proceedings of January Session

The Kings County Council held their regular annual session last week, convening on Tuesday and dispersing on Wednesday at one o'clock.

All the members of the Council were present, and the business which was smaller than usual was readily transacted.

Coun. Nichols objected to a motion regarding the amalgamation of the poor farms as being out of order. But as his objection was out of order, the minutes passed.

A letter was read from provincial health officer, Dr. Hattie, recommending that the same County health officer be appointed.

The report of the special committee regarding the Canning Road was presented. The committee recommended that the appraisal of the original board be sustained. The report was adopted.

The report of the Cornwallis Poor Farm brought forth much discussion. Coun. Bill wanted the expense account itemized and published.

Coun. Campbell and Coun. Wood spoke strongly against this, stating that it was not done elsewhere, and would be uncharitable to publish the names of those whose conditions were so unfortunate as to need the public aid, and besides if these items were published then others would all have to be, which would mean unnecessary expenses. Coun. Bill's motion was voted down, being supported only by himself and Coun. Nichols.

In compliance with a request from Mr. A. S. Barnstead he will receive a copy of the assessment roll.

A letter was read from the Patriotic Fund Committee. The Council decided to make the payments on the account.

Reports were read and passed from the three county poor farm, and the assessments were passed as follows:

Aylesford \$1200, Cornwallis \$2000, Hortonville \$1400.

Mr. E. B. Newcombe appeared before the Council on behalf of the Temperance Alliance for the appointment of two inspectors.

In reply to Coun. Fisher, Mr. Newcombe stated that the matter had not been before the Alliance when in session at Berwick.

Coun. Wood asked why the Alliance had not supported Inspector Patriquin, and if they would support two men if they were appointed.

Coun. Bill thought the asking of these questions was a slur.

It was stated that during the past year Inspector Patriquin secured 22 convictions, not losing a case, and had been able to keep the legal expenses down to \$7 per case, a material reduction.

In accordance with the Temperance Alliance request two inspectors were appointed—Charles Patriquin and S. V. Sanford, at a salary of \$250 each.

There was a proposal that each Inspector be given a part of the County to look after, but this was not acted upon on the suggestion of the County's solicitor, Mr. Wickwire, who thought such division would furnish more opportunity for those breaking the law going unpunished.

Some of the Councillors were much opposed to allowing those convicted of the illicit sale of liquors serving terms in prison instead of paying their fines.

Mr. Wickwire stated that it was in accordance with the wishes of the temperance leaders in the Province to imprison the violators and not to fine them. The law at present provides for the collection of fines imposed.

The report of the Commissioner regarding the road from Welsford St. to Pleasant Valley was adopted.

A resolution was passed extending permission to Wylie

West and W. F. Newcombe to erect telephone poles along the highway at Medford.

Albro Colwell, of Ward Four was appointed a revisor in the place of Freeman Colwell, deceased, and F. B. Harris was appointed in place of Leslie Bishop, who has gone away.

A bill of Geo. E. Calkin for \$25 was ordered paid. This bill was for part of the deficit resulting from exhibition advertising.

The following resolution dealing with recruiting was passed:

Whereas Capt. M. Black has advised the Council urging the necessity of the Councillors in their several wards forming committees to promote more rapid enlistment in the County. Resolved that we as a County Council assembled endorse Captain Black's remarks and urge that the Council do co-operate most heartily with the plan proposed by Capt. Black.

C. A. Campbell
N. I. Bowby

A request from Mr. Hayes for the right to excavate and lay pipes in Ward 13 was granted. The customary grant of \$25 to the Farmers Association was also passed.

The clerk was asked to write to the manager of the D. A. R. asking that attention be given to the unsatisfactory conditions of culverts and crossings on the Mountain Railway.

The estimates for the year were submitted by the clerk and were as follows:

The clerk was given the power to make a loan not to exceed \$5000. G. L. Thompson and Harold Northup were appointed auditors and H. H. Wickwire solicitor.

The clerk was instructed to settle the claim of Frank Cassidy fireranger.

A petition from the residents of Ward 14 asking that a pent road be constructed across the lands of Edith Ogilvie for the convenience of N. V. Beckwith and L. A. Cocheran, was left in the hands of L. H. Patterson who was appointed commissioner to report back to the Council.

Council adjourned.

Next Provincial Cabinet Named By the Citizen

Let us forecast the next cabinet of Nova Scotia, the one that will be formed after the next provincial election:

C. E. Tanner, Pictou, Premier and Commissioner of Mines and Public Works.

W. L. Hall, Queens, Attorney General.

Frank Stanfield, Colchester, Provincial Secretary.

C. E. Corning, Yarmouth, Minister of Agriculture (this last a new portfolio, but nevertheless an important one.)

This, we think, is a fair divide of the Province in that respect.

Bear this in mind, and learn when the times comes how far we are astray.

There would have to be two or three members of the cabinet without portfolio, probably one of the Halifax members and two from Cape Breton.

The above from The Truro Citizen is a very good guess of the Provincial Government which will likely be formed this summer. And with this government will be two good and true Conservative supporters from Kings County.

Some subscribers on above list will notice their date is not paid in advance or perhaps not up to 1916. The reason is that our terms are strictly \$1.50 if not paid in advance. Subscribers in arrears who remit only \$1.00 will get credit for only 8 months, but by remitting at once sufficient to pay in advance to 1917 a full year will be allowed for each dollar paid. Persons stopping the paper are thus obliged to pay the regular price of \$1.50 per year.

The amount of assigned pay for separation allowance now being sent out monthly by the Militia Department to dependents or relatives of the men at the front totals about \$2,000,000. There are some 90,000 names on the list of recipients. The total monthly pay roll of the department is now something like \$6,000,000. Consequently about one-third of the pay earned by the men on active service is assigned to the kin they left behind them.
