STABLES' GROCERY NOW COMPLETE

The new store recently erected on the old site on the public square for Mr. James Stables has been completed. Mr. B. A. Tozer, the contractor is to be congratulated on his work and the erection of this new building along with Mr. W. L. Durick's new drug store is a great improvement to the business section of the town, and shows the faith these two men have in the Town of Newcastle as well as their progressiveness.

Mr. Stables has moved into his new store and is now doing business there. At present his employees are busily engaged putting things to rights and in a very short time, these preliminaries will all be completed. It is Mr. Stables' intention to hold a gigantic opening day on Thursday of this week and he respectfully invites the general public to his store on that day.

Mr. George Stables was the founder of the Stables' Grocery in 1880, and first conducted the business in the building now occupied by Mr. B. F. Maltby. He then moved to the building now occupied by C. M. Dickison & Sons, and later to the building presently occupied by Mrs. S. A. Demers. In 1887, Mr. Stables purchased the store and site on the public square, from where the business has since been conducted.

Year after year the business kept expanding and has been recognized by not only the people of Newcastle and surrounding districts, but also throughout the province as one of the most outstanding grocery stores. About five years ago, his son James the present proprietor took over the business and has made a great success of it. So much a success has been made that Mr. Stables soon realized that his store was too small and undapted for his ever increasing business and immediately took steps to provide more suitable quarters. Early this spring he removed his stock to the Bannock Store where through the summer months he conducted his grocery, and a contract was let for the building of his new store.

The building is faced with brick and considerably larger than the old store. The lower floor is to be used for the main grocery store, and a full sized concrete basement will be utilized for the storage of heavy stock. Crockeryware will be kept on the second floor, which is approached by a beautiful stairway leading from the front store. On one side and connected with the main store will be the Meat Market which will be under the capable management of an experienced man. Several beautiful rooms upstairs will be available for offices, etc. The fixtures are such as can be found only in the most up-to-date sanitary grocery stores of the large

TO AID OWN PEOPLE BEFORE EMIGRANTS

Labor Situation is Changing for Better.

Monetary encouragement for New Brunswick people to assist in a well defined plan for colonization in the province rather than loaning such encouragement to Europeans to come here and settle is the policy to be put forward by the Provincial Government at the inter-provincial conference on colonization and immigration at Ottawa next Wednesday and Thursday, according to Hon. J. E. Michaud, of Edmundston, Minister without portfolio.

Hon. Mr. Michaud who has given much time and study to the needs of this province in regard to these two important matters, will represent New Brunswick at the Ottawa conference, along with Hon. D. W. Mersereau, of Fredericton Junction Minister of Agriculture. The framing of the New Brunswick Government's policy has been left largely in the hands of Hon. Mr. Michaud and at a meeting in Fredericton, this policy was endorsed by the cabinet.

In an interview Hon. Mr. Michaud said: "Outside of Great Britain and Ireland and the Scandinavian countries, we do not feel that we should encourage emigration from Europe. People from the countries named can adapt themselves to our mode of living and our ideals. What is essential to their coming out here however is that they be possessed of sufficient capital to carry on. In brief we do not believe in an open door policy, so far as New Brunswick is concerned."

Mr. G. S. Hawkins of the local branch of the Royal Bank of Canada is spending a three week's vacation at his home in Murray Harbor, P. E. I. Mr. Cleo Demers is relieving during Mr. Hawkins' absence.

Everything is endeavored to keep the stock clean and pure and as the "Stables' Grocery" is renowned for its sanitary and pure groceries the public is assured always of receiving the very best and cleanest at all times.

"Service" is another principle of this business, and as the clerks, are all well known to the general public for their attentiveness, cleanliness and anxious-to-serve methods, they in the future will be in a much better position to treat the patrons promptly, if it is possible, than they have been in the past.

Newcastle's most up-to-date new grocery store is a credit not only to the proprietor and his staff but to the town itself, and the management will have much pleasure in supplying the wants and needs of its many patrons.

HARKINS ACADEMY SCHOOL STANDING

For October

The following is the standing of the pupils in the different grades at Harkins Academy for the month of October:

D. J. Gulliver's Dept.
Grade IX—(Pupils making 75 per cent or over in order of merit)—Elizabeth Stothart, Byrdie Croft, Blanche Russell, Vivian Tozer, Kenneth Brown, Leota Burgess, Nina White, Greta Morrison.

Grade II—Louisa Howe 1, Hazel Howe 2, Elizabeth Creamer 3.
Grade I—Joseph Foran, Ruby Mullin 1, Evelyn Keys, Cecilia Barry 2, Leo Richard 3.

Delorme Trial Goes Over until March

By order of acting Chief Justice Martin, presiding in the court of King's Bench, the Delorme trial was postponed until the next sitting of this court, due March 1924.

Postponement in murder trial, on motion made on Monday by A. Taschereau, K.C., counsel for Delorme, came after the bench had read affidavits submitted by Mr. Taschereau and the priest himself presenting "cogent reasons" for delay and has ruled that the affidavits should not be made public.

REFERENDUM ON LIQUOR CONTROL IN ONT. LIKELY

A referendum on the question of government control of liquor in Ontario will likely be taken in June of next year. Frank W. Wilson, member in the legislature for Windsor, favors an early vote. The success of the vote in Alberta may hasten government action the local Conservatives asserted.

THE FALL WEATHER HARD ON LITTLE ONES

Canadian fall weather is extremely hard on little ones. One day it is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels; break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WEDDINGS

McDONALD—RUSSELL
At nine o'clock on Wednesday evening at the home of the bride's parents, Rev. L. H. MacLean, united in marriage Minnie Eloise, eldest daughter of Mr. and Mrs. George T. Russell and Walter J. McDonald, both of this town.

The ceremony was very quiet, only immediate relatives and a few friends being present. The bride wore a dress of blue canton crepe, and Miss Martha Jones and A. H. Cole acted as witnesses. Following the ceremony a delicious supper was served.

The young couple will reside here where the groom is employed with the Canadian National Express Co.

Merchants Should Get Guarantee as Mere Promises Not Dependable

The Retail Merchants' Underwriters' Agency of the Northwest Mutual Fire Association has persistently side-tracked the lesson taught from over 60 years' experience in Canada as recorded by the Dominion Government, and have secured business in many towns by promising a rebate of 35 per cent. of the premiums to merchants and others who insured in their Association. A great many merchants, especially in the smaller towns more or less removed from direct sources of information, have been sufficiently impressed by the representatives of this institution to patronize their business during the past two years or more. In view of the promises and statements that have been made, it is very interesting to read a letter photographed in this issue. It has been predicted by well informed men who know the results of the operations of fire companies in Canada, that the promises made by this company could not be carried out for any length of time, as the figures reported by the various Insurance Departments of the Dominion and Provincial Governments would warrant any such earnings as are indicated by these promised rebates.

The representatives of the Retail Merchants' Underwriters' Agency have had two principal arguments to put forward in support of their contention that the Stock companies rates were too high and to show how they were going to be able to return 35 per cent. of the premium.

1. The elimination of the Local Agent, thereby saving the Agent's commission.
2. The selection of their business only the choice risk being accepted.

First: Elimination of the local agent has not resulted in any material reduction in cost. The direct operating system, through branch offices, has been tried by many companies in past years, and as a rule, has been found satisfactory to the policyholders, as a large part of the services of fire insurance companies is rendered through the local agent. Through him, any endorsement or changes in the policy can be promptly attended to and the assured is advised on points affecting his contract under his policy. Another most valuable service is rendered by the local agent when losses occur, affecting

often times material results in the settlements.

By referring to the Dominion Government reports we have ascertained that the earned premiums in Canada for this company for the year 1920 were \$66,195; the losses \$41,121 and the expense \$27,800; total outgo, \$68,921. For 1921 the figures would appear to be earned premiums, \$278,497; losses, \$140,727 and expenses \$141,318 making a total outgo of \$282,045 against earned premiums of \$278,497. It would appear, therefore, that no material saving in expense has been effected.

Second: Selection of choice business—The letter herein photographed intimates that, in order to pay even a reduced rate of dividend to policyholders, a better selection of the business written is necessary. Apart from this, and in view of the fact that practically all their business has been taken away from the Stock companies, one cannot conceive how they expect to improve on the results made by the Stock companies during years past. It is evident that they have been disappointed in the results so far attained and have been forced, even at this early date, to reduce the dividend which is charged to the poor selection in the past. What guarantee is there that any better results are to be attained in the future?

The photograph copy of a letter sent out by the Secretary of the Retail Merchants' Association at Winnipeg, reprinted on this page, withdrawing their support from the Canadian Hardware and Implement Underwriters' Agency, which commenced business in Canada about two or three years ago, would indicate that their operations have not been successful and the decision to withdraw the arrangement is the only logical conclusion.

There has always been very keen competition in the insurance business and numerous attempts have been made to reduce the premiums both by Mutual and Non-tariff organizations. Practically all the Non-tariff companies which have been formed in Western Canada have thus far met with dismal failure. The record of these companies are on file in the Insurance Departments of the various governments, and to any one who would investigate these records it

holder in this company we will recite as follows:

Interior protection.
Materially reduced service.
Liability of assessment under certain conditions.
Reduced amount of dividend with suggestion that it may be further reduced.

It will be interesting to watch the future developments.

Fire is a destructive agent, hard to control, and if a calamity happened to their other proteges, the Retail Merchants' Underwriters' Agency, what could they say to the merchant who suffered through his reliance upon their advice.

These figures speak for themselves and plainly demonstrate the correctness of many opinions expressed by prominent insurance officials and others when this concern started its operations in Canada. They have been writing the same class of retail store business as the Stock companies have written for many years, and the experience over the average must inevitably be much the same.

We commend the Retail Merchants' Association for having the courage to withdraw their endorsement so recently given to this company. We all know the old proverb about the "Shoemaker sticking to his last." The Retail Merchants' Association has done and is doing good work for its members along the lines to be expected of such an Association, but to undertake to endorse with their approval any insurance company is, we think rather outside their province.

Fire is a destructive agent, hard to control, and if a calamity happened to their other proteges, the Retail Merchants' Underwriters' Agency, what could they say to the merchant who suffered through his reliance upon their advice.

Merchants Should Get Guarantee As Mere Promises Not Dependable

It is well to note in the letter the clause referring to the bad exposures and to the securing of a better class of insurance risks which, they say, is necessary in order that the reduced rate of dividend may be maintained.

The most attractive bait held out to the retail merchant has been the promised rebate at the end of the term. This has appealed to many country merchants during the past year or two when all were trying to reduce expenses in every way. It is an argument, more than any others, which has "cinched" the business. The notice of reduced dividends may be taken as a direct repudiation of the promises made to the merchant when he got his policy, and the direct statement of the possibility of further reduced dividends may be taken as a strong indication of

what is likely to happen.

This letter also advises the assured that his policy is to be cancelled and that another policy which he holds will not be renewed when it expires in the course of a few days. It will be seen that the company is even going so far as to cancel its contracts, so that the retail merchant is not only confronted with a repudiation of the promises made to him with respect to the amount of rebate, but he cannot even depend on the carrying out of the contract which he has received in his policy.

It will be seen also that little confidence can be placed in any concern which, in the face of over 50 years recorded experience, starts out to undersell a market so long and well established in this particular commodity, insurance.

The net results to the policy-

holder in this company we will recite as follows:

Interior protection.
Materially reduced service.
Liability of assessment under certain conditions.
Reduced amount of dividend with suggestion that it may be further reduced.

It will be interesting to watch the future developments.

Fire is a destructive agent, hard to control, and if a calamity happened to their other proteges, the Retail Merchants' Underwriters' Agency, what could they say to the merchant who suffered through his reliance upon their advice.

HEROIC COMMANDER

High praise is being given to Commander Samuel Robinson, R.N.R., the captain of the Canadian Pacific steamship Empress of Australia for his gallant spirit and skilful seamanship in the harbor of Yokohama at the time of the earthquake. He not only brought those on board his vessel safely through the perils of the hour, but rescued many

others. The first shock thrust the steamship away from the dock, and on this Captain Robinson remarked to an interviewer: "I had her shoved over again where we picked up as many as we could of those who had fallen into the water." This was only the beginning of terrors that the Empress of Australia passed through safely, thanks, in great measure, to the cool head and skilful hand of her commander.

ALL WOOL

When the merchant tells you that this piece of goods is nearly all wool you are mildly interested. It may be pretty good. But there is something shoddy about it when the merchant proves to you that another piece of goods is all wool, you are very much interested. You will pay a high price for it, and will feel good about it. There are shoddy people too. They tell your friends it is all wool. You are pretty good in this way and fair in that, and quite good in another way. But they are not all wool. They contain streaks of cheaper goods. Put them under certain tests and they do very well. There are other tests under which they break down. Folks with good morals and no brains don't add much to the progress of civilization. Neither do folks with good brains and no morals. The Great Merchant is in the market for all wool folks.

Our Interpretation of the Community Sale

The success and development of the wealth of any Country is dependent on the co-operation and mutual understanding of its individuals. The development of the natural resources of the country is much dependent on the merchants of that community as they are the means of transferring the wealth of one district to another and transforming these natural resources into useable form for the human race. However no matter what were the efforts of the merchants in building up the country unless assisted by the consumer all their efforts will be of no avail.

Advantages of This Sale To The Consumer

Lower Prices! Better Service! Greater scope of choice and the last but not least promoting that friendly and benevolent Community Spirit.

CHURCH UNION

To Editor of Union Advocate.
Dear Sir,

May I ask you to kindly publish the following letter in your columns bearing upon the very important question of "Church Union." I may say that I thoroughly agree with the sentiments expressed, and trust in all fairness, you will give it a place.

Yours truly
ONE INTERESTED

Sir,—According to latest statistics available, the membership of the Presbyterian Church in Canada is three hundred and seventy thousand and the total number of individuals under pastoral care over six hundred and fifty one thousand. When a vote was taken on the question of organic church union eight years ago, only a fraction more than half of the total membership (which was then somewhat less than at present) voted, showing one hundred and thirteen thousand in favor and seventy-three thousand against. What about the large number who refrained from voting? On which side should they be counted? Certainly not for, but against it, if Dominion legislation already enacted holds good. The world membership of Presbyterianism exceeds fifty millions. Shall it be said that Canada is the only country in which it has ceased to exist and that it was abolished by her own membership? Why are the would-be leaders relying upon a vote eight years old?

The Rev. Dr. Farquharson, the Presbyterian Immigration Chaplain at Quebec, has met and welcomed over fifteen thousand Presbyterians so far this season, who have come to make homes in Canada and with others to follow. This represents more than one sixth of the total membership of the Presbyterian Church in Canada when the union of the four branches was consummated in 1875. This summer the Presbyterians that have landed in the port of Quebec alone would mean fifty congregations with an average membership of three hundred each. What is to become of them? Shall it be said that they have come to a country where they cannot worship in the church of their choice and in the manner they were accustomed to in the land from which they came? Let us say, Presbyterians, be neither swayed nor dismayed by some of the not-considered leaders of the movement.

who are now entrenching themselves behind the General Assembly and charge those of us who differ from them as being rebellious and disobedient. The rebels are in the unionist camp and not in ours, as will no doubt be proved when the opportunity is given of doing so. The time has come when every Presbyterian should have eyes front and eyes open, and more especially the laymen of our church, on whom largely rests her preservation and her continuation. Their mothers wives, daughters and sisters to their honor and credit be it said have grasped the situation readily and fearlessly, notwithstanding the ecclesiastical pressure brought to bear upon them in some quarters.

ROBERT STEWART,
Quebec, Oct. 30, 1923.

WORK WORN WOMEN

Care of Home and Children Often Causes a Breakdown.

The woman at home, deep in household duties and the cares of motherhood, needs occasional help to keep her in good health. The demands upon a mother's health are many and severe. Her own health trials and her children's welfare exact heavy tolls, while hurried meals, broken rest and much indoor living tend to weaken her. No wonder the woman at home is often indisposed through weakness, headaches and nervousness. Too many women accept these visitations as a part of the lot of motherhood. But many and varied as her health troubles are, the cause is simple and relief at hand. When well, it is the woman's good blood that keeps her well; when ill she must make her blood rich to renew her health. The nursing mother more than any other woman needs rich blood and plenty of it. There is one way to get this good blood so necessary to health, and that is through the use of Dr. Williams' Pink Pills. These enrich the blood and through their use many weak, ailing wives and mothers have been benefitted. If you are ailing, easily tired or depressed, it is a duty you owe yourself and your family to give Dr. Williams' Pink Pills a fair trial. You can get these pills from any dealer in medicine or by mail postpaid, at 50c a box, from the Dr. Williams Medicine Co., Brockville, Ont.

TENNIS CLUB DANCE

The Tennis Club Dance, held last evening in the Town Hall was well attended. Good music was furnished and delightful refreshments were served and the evening was enjoyed by the large attendance. During the evening Mr. and Mrs. J. A. Creaghan were presented with a silver trophy won by them in the elimination series of the club.

Make Creaghan's Your Shopping Headquarters.

The Bonus Epidemic

Now we are to cure all ills and restore equality by some sort of bonus. The latest proposal is a baby bonus, to be paid to parents who add to the population of the country. We are to have a wheat bonus to make up the loss for the grain-growers, a raisin bonus to make up the loss of the raisin-growers, and a soldiers bonus to adjust the compensation of those who went to France while others took advantage of the situation to profiteer at home. All

else that is needed is a taxpayer's bonus to cover the difference between the taxpayer's income and the amount of his taxes.

SIGNAL CORPS
COMPLETE STUDY

The Signalling Classes which have been conducted by Col. T. E. Powers of St. John, for members of the North Shore Regt. closed last week after the regular six weeks course. They have been very successful and all members have passed a good examination.

On Saturday afternoon the classes in Newcastle and Chatham engaged in Heliograph signalling. The Newcastle party was on the hill back of the Chatham railway station and the Chatham boys were near the exhibition building. The warm sunny day was ideal for the demonstration.

The members of the classes Corporal Oleskivers of Chatham Kenneth Logie, Ernest Lockhart and Edward Flieger of Chatham, and Lieut. Campbell, Lieut. Dickson, Sergeant McWilliam and Bdr. Treadwell of Newcastle.

"I Can Now Do My Work Without Feeling Tired"

Mrs. A. Moffatt, Roxton Falls, Que., writes:

"I suffered from a run-down system and nervous debility. I could not sleep or rest at night, and felt so weak I could not walk any distance. I took several tonics, but they only helped me while I was taking them. Mother advised me to take Dr. Chase's Nerve Food, and I felt great benefit from the first box, and continued taking several boxes. Today I feel like a new woman, and am able to do my work without that dreadful tired feeling."

DR. CHASE'S NERVE FOOD
50 Cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto

A Cadet Signal Course which has been conducted for the Chatham Grammar School Cadet Corps No 105 and the Harkins Academy Cadet Corps No 218 during the past six weeks also terminated last week. The members of both Corps who completed the course have passed their examinations very creditably and will receive certificates of proficiency in signalling for their work.

The engagement is announced in London of E. Fitzgerald, youngest son of the late Lord Fitzgerald, and Helen daughter of the late Major-General G.W. Drury of Halifax sister of Lord Beaverbrook and granddaughter of the late W.B. Drury, St. John.

Trapper Finds Vicks handy For A Host of Ills

Ontario Man Says It is a Most Useful Remedy.

Mr. C. Phoenix of 755 Grey St. London, Ont., writes: "I am very pleasant to recommend Vicks VapoRub. I am a hunter, trader and trapper, also a fisherman. I use Vicks VapoRub in place of liniments, because it is very handy to carry and always gives such quick relief for small animal and insect bites, and for chapped hands and lips. My boots would blister my feet and I rubbed it on them and it made them just right. When I go trapping next fall I will have plenty of Vicks VapoRub in my kit. I call it the 'Trapper's Friend.' I have not had a cold all winter and I go out all the time and sometimes I am out all night with my traps Vicks VapoRub, the discovery of a Southern druggist, is a combination in salve form of Camphor, Menthol, Eucalyptus, Thyme, Turpentine, etc.

Absorbed through the skin and at the same time inhaled as a vapor, Vicks reaches immediately. It is the modern direct treatment for all cold troubles, the successor to goose grease, camphorated oil, liniments, poultices and plasters.

Used for croup and children's colds Vicks gives remarkably quick results and also avoids nauseating internal dosing. Just as good for cuts, burns, bruises, bites and stings.

At all drug stores, 50c a jar. For free test size package write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P.Q.

Although Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

TO IMPRESS UPON CANADIANS USE OF COUNTRY'S FLAG

The Dominion Veterans' Alliance will undertake to make generally known throughout Canada the proper use of the Canadian and British Flags and impress upon citizens the respect which their country's flag merits. This decision was made at the closing session of the Dominion Council of the Alliance held last week in Ottawa. A protest from Winnipeg Veterans pointing out that official flags had not been half masted upon the death of one of the Empire's first citizens, Bonar Law, brought about the decision. Delegates cited various instances of the misuse of the flag. One of the more common errors was in using the flag as a table cloth.

The next meeting of the Dominion Council will be held in Winnipeg.

ARE YOU AFRAID OF THE WEATHER?

Never be without Peps if you are at all susceptible to coughs, colds and chills. Dissolved in the mouth, these *breathable* tablets instantly fill the chest and lungs with their healing germicidal vapours. These strengthen the air passages and repel germ-attack.

Peps end the snuffing and sneezing, the wheezing, soreness and cough before it develops into bronchitis or dangerous lung trouble. Peps are speedily effective and vastly safer and better than dangerous drug-laden mixtures or tablets containing harmful chemicals.

As a *preventive* and remedy for coughs, colds and chills, whoeziness, hoarseness, grippe, bronchitis and sore throat, nothing can equal Peps. Splendid also for weak-chested children and old folk, and for preachers, singers and public speakers.

PEPS FOR COUGHS, COLDS & CHILLS

OBITUARY

MISS NELLIE MAJOR
The death of Miss Nellie Major daughter of Mrs. Jane Major occurred at her home here on Nov. 8th after a lingering illness. Deceased was 54 years of age and is survived by her mother and only sister, Mrs. Edward Jago of Rexton N.B. The funeral was held Saturday afternoon at 3 o'clock. Services were conducted at the house and grave by Rev. W.J. Bate Interment was in the Miramichi cemetery. Maher Bros. of Chatham were the funeral directors.

FOOTBALL GAME
The Harkins Academy High School Football team journeyed to Moncton on Saturday to compete in a football match with the Aberdeen High School team. The Monctonians were too much for the locals defeating them by a score of 28-0. The Moncton boys were a much heavier team than the locals and have been playing the game for a much longer time than the H.A. team.

NOTICE
The general annual meeting of the Newcastle Curling Club will be held in the Town Hall on Friday, 16th inst. at 8 o'clock, p.m. All members are especially requested to attend.

BACK ACHED TERRIBLY

Mrs. McMahon Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Chatham, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for a run-down condition after the birth of my baby boy. I had terrible pains and backache, and was tired and weak, not fit to do my work and care for my three little children. One day I received your little book and read it, and gave up taking the medicine I had and began taking the Vegetable Compound. I feel much better now and am not ashamed to tell what it has done for me. I recommend it to any woman I think feels as I do."
—Mrs. J. R. McMAHON, 153 Harvey St., Chatham, Ont.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has for nearly fifty years been restoring sick, ailing women to health and strength. It relieves the troubles which cause such symptoms as backache, painful periods, irregularities, tired, worn-out feelings and nervousness. This is shown again and again by such letters as Mrs. McMahon writes, as well as by one woman telling another. These women know, and are willing to tell others, what it did for them; therefore, it is surely worth your trial.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women." C

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

Aeroillum that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps.

It burns without odor, smoke or noise—no pumping up, is simple, clean safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. M. Johnston, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$300 per month.

The Bankruptcy Act

In the Estate of David A. Manderville, Bryenton, N.B., Authorized Assignee.

Tenders will be received by the undersigned at his office, Inches Building, Fredericton, N.B., up to noon Wednesday, November 21st next, for the purchase of all the real property and farm stock of this Estate, comprising timber lands in the County of Northumberland and a valuable farm property at Bryenton, N.B.

For further particulars apply to Dr. W. B. Jones, Chatham, N.B., or to the undersigned.

The highest or any tender not necessarily accepted.

H. G. HOBEN, TRUSTEE.

Chilblains & Frost-Bite

AS a remedy for those most troublesome of winter skin afflictions, chilblains and "frost-bites," Zam-Buk is speedily effective. It takes out inflammation and reduces swelling in a wonderful way and soothes the fiery tingling irritation.

Where the chilblains are broken and have a raw ulcerated surface, Zam-Buk is doubly valuable because of its great healing power. Its pain-killing efficiency and its fine antiseptic properties place Zam-Buk far above ordinary ointments.

What Will You Put in the Pot?

When you drink tea every cup should be a delicious refreshment—a distinct pleasure. But this demands good tea in the pot. You cannot possibly get satisfactory results from inferior tea.

Now consider the small cost of a cup of King Cole Tea—a mere fraction of a cent. Surprising isn't it? But its secret is in the rich liquoring King Cole blend which yields so generously in the number of cups to the pound. It makes King Cole the truly cheap tea. From whichever point you view it—economy—quality—or the wise combination of both, King Cole Tea claims your preference.

Something to Consider

Who makes the RANGES sold here and did you ever try to find out the REPUTATION of the foundries back of the ranges on sale? Then did you ever consider the KNOWLEDGE the salesman has of a stove or range while he TALKS to you and you are looking over a range? There is nothing so VOID of SENSE as a person talking RANGE who has not grown up in the business.

When you want a RANGE call and let us REASON a bit with you.

We have the finest line of RANGES produced in CANADA. Our prices cannot be trimmed—we know the Business and have no substitute for QUALITY.

This is the REASON we have the RANGE business of the entire country.

W. J. OSBORNE, Principal
Box 228 FREDERICTON, N. B.

FIVE YEARS' AGONY ENDED

When He Took "Fruit-a-tives" For Rheumatism

The Medicine Made From Fruit
There can be no doubt that "Fruit-a-tives" is the long sought remedy for Rheumatism and Lumbago. From all over Canada come letters testifying to this fact.

Mr. John E. Guilderson of Parrsboro, N.S., writes: "I suffered badly with Rheumatism for five years—tried different medicines—wastreated by doctors in Amherst—and here at home—but the Rheumatism came back.

In 1916, I saw an advertisement for "Fruit-a-tives" and took a box and got relief, so I took them for about six months and the Rheumatism was all gone and I have never felt it since." 50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

HORSE SENSE

A Kansas school teacher was drilling her composition class in the value of words and phrases says an exchange. The phrase "horse sense" was discussed, and she told one of the boys to write a sentence containing that phrase.

The boy labored for ten minutes and produced this: "My father didn't lock the barn door, and he ain't seen the horse sense."

Constipation Banished

A druggist says: "For nearly thirty years I have recommended the Extract of Roots, known as Mather Seigel's Curative Syrup, for arresting and permanently relieving constipation and indigestion. It is an old reliable remedy that never fails to do the work." 30 drops thrice daily. Get the Genuine. 50c. and \$1.00 bottles.

The Fight Against Cancer

There is to be a revival of the fight against cancer. This disease is responsible for the deaths of more people in the United States every year than were killed by guns and diseases during the two years that country was in the war. It is estimated that 50,000 lives would be saved annually if the public and surgeons would unite in a war on this deadly malady. A cancer specialist Dr. John Wesley Long, says that cancer is the most fatal disease against which the medical profession is now fighting, that ninety-nine percent of the cases allowed to run are fatal. Its not contagious. It is not hereditary, but strictly an individual disease and a disease of adult life only. Eighty-five percent of those who died from cancer are past forty-five years of age. Of those reaching forty years of age, one man in every twelve and one woman in every eight died from cancer. The rate is increasing at the rate of 2.5 per cent. annually and the cancer death rate now is 78.9 per cent which means that it is fatal to 80,000 people a year.

At a recent convention the visiting surgeons compiled a list of factors which so far as they know are the cause of all cancers. They include:

1. Irritation from habitual smoking of a short stem pipe, the irritation being partly mechanical and partly due to nicotine.
2. A broken or rough tooth, which causes irritation in the mouth.
3. Moles or warts which are so prominent as to be easily irritated by friction.
4. Too much sunlight in dry windy country, where alkali dusts

irritate the skin.

5. Chronic irritation of a part of the body.

6. Habitual "gulping" of hot tea, coffee, or other beverage.

Cancer may be cured when it is discovered in time to operate before the cells are carried to other parts of the body, after that it is seldom cured.

Dr. Long predicted that sufficient knowledge of the origin of cancer will be gained within the next few years to control this fatal malady by preventative steps.

DELICIOUS REFRESHING · STIMULATING

For good bread—use a good flour

To get uniformly good bread, you must use uniformly good flour. To get the best bread always, you must use Quaker Flour.

Good results are assured every time with Quaker Flour. It is milled only from the finest Manitoba Hard Wheat. It is rigidly tested once every hour during the milling process. Samples of each day's product are baked by our own expert bakers at the mill to ensure that every sack measures up to the Quaker standard.

Use a sack of Quaker Flour. If it does not prove absolutely satisfactory to you for every baking purpose, your dealer will refund your money without question.

COMMUNITY SALE NOV. 15, 16, 17

Our Idea of a Community Sale is to Create a Community Spirit—Our Idea of a Community Spirit is Service

Our idea of Service is not merely to have a store for the purpose of making a profit but a store where the public can be sure of values and quality, a store where you can shop with the assurance that each article has been selected with your satisfaction in view. We must make a profit but a fair profit is a Community profit and that is all we ask. We take your friendship and kindly feelings toward us as our excess profit.

Our Policy for this first Community Sale is to give you an opportunity to buy seasonable goods at a reduced price. In many cases the prices asked are below the actual cost. This may not be good business but we have too large a stock in a few lines and this Sale gives us an opportunity to turn these goods into cash. We willingly exchange any article bought here during the Sale and will refund the purchase price if returned within a reasonable time. This is our proof of a Community Spirit.

Work Pants.

In this line we offer you two lines at prices actually below cost. Our stock is too large and we must reduce it.
Number one.—A genuine Bannockburn Pant, all wool and well made, medium weight with top pockets.
\$3.25
Number two.—A gray homespun pant with side pockets, heavy weight and particularly well made.
\$3.50

Fall Caps.

A special selection of English and Scotch Tweeds and Worsteds. Stylish caps and particularly well made.
\$1.00

Sweaters.

Our selection of sweaters is truly wonderful and we are placing the complete line at a discount but as an extra special value we are offering you a sweater coat made in Scotland for the British Army. This is not something that looks like the real thing but the genuine article imported from the Imperial Army Stores.
\$2.75

Winter Garments.

THE O. V. BRAND.
A real pure wool garment Medium and Heavy Weights
COMBINATIONS..... \$1.98
Single Garments.
MEDIUM WEIGHT.....98c
HEAVY WEIGHT.....\$1.39

Shoepacks & Larrigans.

We have had a special oil tan larrigan made for us. It is ripless and of Number one quality.
To introduce this line we are making a special price.
\$4.75

Gum Rubbers.

Just a few pairs of MEN'S SIZES 10 and 11 only
\$1.89
YOUTH'S SIZES 11 to 13.....\$1.50
BOY'S SIZES 1 to 5.....\$1.75

LAKE'S

A STORE FOR MEN

Mackinaw Shirts.

We have the biggest stock in town. For this sale we are offering a special shirt. A beautiful brown and black plaid, medium weight. A real serviceable shirt.
\$2.75

Work Shirts.

Our stock of work shirts is very complete and for this sale we are showing three lines which cannot be duplicated elsewhere.
Number 1.—A great big shirt of cotton and wool mixture, gray in color with extra long sleeves.
Number 2.—A fleeced lined knitted Guernsey, heavy weight in blue, black and brown.
Number 3.—A genuine Scotch union cloth in fancy colors. This shirt can be worn with a white collar and makes a splendid dress shirt for the winter.
Your choice of these.
\$1.00

Blue Serge Suits.

We have just five of these suits. All wool-shrunk cloth, fast color. A regular thirty dollar suit.
\$22.50

Local and General News

ARMISTICE DAY
On Sunday, November 11th, Armistice Day, the usual two minutes of silence following 11 o'clock a.m. was observed.

BENEFIT NIGHT
Last night and tonight, the local G.W.V.A. are holding their annual benefit nights at the Opera House. Good music and pictures have been secured and all are respectfully requested to attend.

A SURE SIGN
The fountain in the public square was covered over last Thursday for the winter months. This is a fairly sure sign that the beautiful will soon be with us.

"ARMISTICE DAY" WINDOWS
The display windows of Stables' Grocery and G. M. Lakes' Store for the commemorative of Armistice Day, were subjects of much favorable comment. Those responsible for the dressing of the above mentioned windows have shown much taste, thought and labor and are deserving of the highest commendations on their artistic capabilities.

THANKSGIVING DAY
Thanksgiving Day (yesterday) was observed here as a general public holiday. Banks, stores, public and private offices were all closed and services were held in several of the churches. The weather was ideal and many people enjoyed the day by either motoring or driving into the country districts.

COMMUNITY SALE
The merchants of Newcastle will hold a "Community Sale" on Thursday, Friday, and Saturday of this week. You are invited to attend this great sale, and the merchants assure you that they have gone the limit to present values which have hitherto been unknown. It is a big undertaking on the part of the merchants and all and sundry should take advantage of this sale to purchase their requirements.

SEWING CIRCLE GOSSIP
There was some discussion at the Circle this week about buying coffee in bulk. It was found that the majority of our members had abandoned this practice and were now ordering LUXOR ORIENTAL COFFEE in one pound air-tight tins. These tins preserve the original strength and flavor of the coffee, so that it has the same delicious flavor and aroma as though it had just come fresh from the roaster.

MUST HAVE PERMITS
The Miramichi Lumber Company has issued orders prohibiting hunters from trespassing on their lumber lands in the Parish of Stanley with out a permit. In previous seasons parties of amateur hunters from points down the line of the Trans-continental Railway have roamed over the company's lands shooting at everything in sight and occupying and messing of the vacant lumber camps. It is with the object of putting a stop to this sort of thing and protecting their teamsters from stray bullets that the company has issued the prohibitory order.

RICH IN VITAMINES

ROYAL YEAST CAKES

MAKE PERFECT BREAD

THANKED THE GOVERNMENT
Rev. Father Ryan of Red Bank, which received a severe blow in the forest fires of last summer, appeared before the Provincial Government Tuesday morning and expressed the thanks of the people of that village for assistance given them by the executive.

TO CONTEST KENT
It has been decided to contest the federal seat in Kent County, vacated by the death of Auguste Leger, M.P. A Conservative convention will be called shortly for the nomination of a candidate. The Liberals are also active and a meeting of the executive is to be called for the purpose of naming a date for the Convention.

There are two things to think of when you buy tea. One is the flavor, the other the number of cups it will make per pound. MORSE'S SELECTED ORANGE PEKOE is by general consent the finest flavored tea sold in this market. So much for number one. But it is also an economical tea, that is to say; it will make as many cups to the pound as any other tea in the world.

ST. ANDREW'S CHURCH
The Rev. H. M. Trivett of the Church of England Missionary Diocese of Honan, China, now in Canada on furlough, preached at the evening service in St. Andrew's Church.

On Sunday morning, Armistice Day, a short Commemorative Service at 12.15 was held at the Memorial Cross in St. Andrew's Churchyard. The G.W.V.A. were present and the "Last Post" and "Reveille" were sounded.

I O D E. MEETINGS
The semi-annual meetings of the Provincial Chapters of the Daughters of the Empire were held last Thursday in the Town Hall, Chatham, the opening session being held at 10.30 a.m., and the afternoon at 2 o'clock. Interesting papers and addresses, such as "League of Nations Society", "Save the Children Fund", and "Children of the Empire" were given and discussed by some of the cleverest women in New Brunswick. The meetings were intensely interesting and much enjoyed by the members of the organization.

In The Frozen North

Scenes of "The Snow Bride" Filmed in Upper Canada.

Alice Brady and her supporting company of Paramount players with Henry Kolker, director, and his technical staff spent several weeks in the frozen North filming the snow scenes for "The Snow Bride", a French-Canadian story by Sonya Levien and Julie Henne which comes to the Opera House Wednesday and Thursday. The company worked in the vicinity of Tem-Kip, a fur camp, on Lake Temiskaming 200 miles northwest of Montreal, in temperatures which ranged from 30 to 40 degrees below zero. Frozen noses, ears, fingers and toes were not uncommon among the members of the troupe, but barring a frost-nip or two, Miss Brady escaped because, as she explained, "I wore everything including the kitchen stove."

The company completed the picture at the Paramount Long Island studio where all the interior scenes were filmed. Among those with Miss Brady in the North were Maurice B. Flynn, Mario Majeron, Nick Thompson, Jack Baston, Stephen Gratton, W.M. Cavanaugh and Margaret Morgan.
