

CANNOT REDUCE FREIGHT RATES

Middlebro Declares Cost of N. T. R. Has Imposed Permanent Burden.

CARVELL'S CHALLENGE

Why Not Proceed Against Offending Contractors? Was His Question.

(Continued From Page 1.)

Grand Trunk Pacific Railway Company, nor anyone connected with the work appeared to think that economy was necessary or even desirable.

This finding in substance said that every employee of the government in the construction of the National Transcontinental Railway, from the chief engineer down, was recreant to his duty, and that the officials of the Grand Trunk Pacific, including the late president, Charles M. Hays, and the present president, E. J. Chamberlain, were engaged in a conspiracy to swindle the company by whom they were employed.

He made the statement that the National Transcontinental from Moncton to Prince Rupert would not cost over \$85,000,000 per mile, considering the physical perfection of the road and the country through which it passed, this was a remarkably low capitalization.

In Canada we found that the Grand Trunk Railway system was capitalized at \$185,000,000, the Algonquin Central at \$162,000,000 and the Canadian Southern at \$99,000,000.

It is claimed, said Mr. Graham, that the Canadian Pacific is capitalized at only \$46,000,000, but this is an egregious misstatement.

Mr. Middlebro replied to Mr. Graham, but Mr. Middlebro of North Grey, raised at 8 o'clock, amid generous cheers from the government benches.

Mr. Middlebro said that the National Transcontinental had been to create a corporation which would reduce and regulate freight rates.

The Laurier government had had out the bill that this road would be a real competitor to the Canadian Pacific.

Mr. Middlebro said that the road would not cost over \$16,000,000, true, but he explained this afterwards by saying that \$13,000,000 would be the equivalent of the seven years' rent-free term to be granted to the Grand Trunk Pacific.

Mr. Middlebro estimated the loss to the government from the first seven years at \$13,000,000, but Mr. Middlebro claimed that the loss would be not \$13,000,000, but \$12,000,000.

Revised Estimates. It had been announced by Sir Wilfrid Laurier that the road from Moncton to Winnipeg would cost \$48,000,000, assuming that it had a 1 per cent. grade.

Mr. Middlebro then proceeded to prove that, including interest, the road would actually cost the country before any rail could be operated \$23,000,000, or \$11,000,000 more than the entire national debt.

"We Lead Others Follow" Englewood and Ridgewood of to-morrow

ROBINS, LIMITED, TORONTO. Please furnish me with further particulars concerning Englewood-Ridgewood. Name Address

This section is experiencing a great deal of activity at the present time—the activity is going to increase and increase rapidly—so rapidly that before long there will be another well established home community and homesites will be in demand at higher prices

ment to enquire into the construction of the National Transcontinental Railway, is so wilfully partisan and misleading as to be wholly unreliable.

Mr. Middlebro severely scored the contract made by the Laurier government, and endorsing their report regarding the serious consequences to the country of this great national undertaking, and that for the appointment of such commission and for accepting and endorsing their report the government deserves the severe censure of this house.

Mr. Middlebro said that the road would not cost over \$16,000,000, true, but he explained this afterwards by saying that \$13,000,000 would be the equivalent of the seven years' rent-free term to be granted to the Grand Trunk Pacific.

DID NOT BELIEVE IN THE SUFFRAGE

But Lady Holder Changed Her Views in Quick Time.

Over two hundred attended the annual reception of the Women's Christian Temperance Union in Frances Willard Hall yesterday afternoon.

An address was delivered by Lady Holder, an "Australia" wherein she stated that when she first began public speaking, she did not believe in women's suffrage, but when she saw that year after year passed without any steps being taken to remedy abuses, she became convinced that women needed the vote.

Following the address, refreshments were served. The musical program was rendered by Ruthven Macdonald, Marie Doren and Hilda Rutherford.

WORKMEN'S BILL WAS DISCUSSED

Delay of Proclamation Did Not Appeal to Liberal Leader.

In the progress of the workmen's compensation bill thru committee in the evening session, some light was directed on several of the more important clauses. It was explained by Hon. Mr. Lucas that the so-called "act of God" legislation did not appear because an accident happening under such circumstances as a cyclone did not "arise out of" the course of employment.

The next point concerned the actual time when a man was considered under employment and liable to compensation. William Proudfoot wanted it clear that a man starting at 6 o'clock on his way to work should be under the scope of the act. The labor member, however, felt that if his right to sue on a common law basis, for street car accident, etc., during those hours he would be amply protected.

SERIOUS CHARGE IN LONDON.

LONDON, March 25.—Benjamin Sturmy, who gave himself up to the police yesterday, appeared in court today for a preliminary hearing on a serious charge preferred against him, that of the murder of a prominent business man.

BODY WAS CLAIMED.

The body of E. Gillespie, 189 Major street, who died, it is thought, from carbolic acid poisoning in the Western Hospital Tuesday evening, was claimed by James Gillespie, a brother, yesterday.

HYDRO DELEGATIONS.

Several hundred hydro radial delegates from Western Ontario on their way to Ottawa, passed thru the Union depot late last night. They will petition the legislature today.

EXTEND RADIALS CONSERVE POWER

Attention of Federal Government Will Be Drawn to Subjects.

On the unanimous approval of the Ontario Legislature the attention of the federal government will be drawn to the development of water power in this province with the increase of radial lines especially in mind.

The original motion of T. Marshall of Monck asked for a subsidy from the federal government which would place the electrical lines on the same footing as those operated by steam.

Mr. Rowell in a short address pointed out the great value that would accrue in the following out of such a program. He favored certain tangible suggestions of lines from Berlin to Woodstock and Embro to Stratford.

HOUSE IS UNANIMOUS

Every Member Thinks Something Should Be Done Along Those Lines.

As to the organization required Mr. Lucas stated that there would have to be a number of medical supervisors, several adjusters of claims and other officers, but that matter would be one for the board to do with.

LODGE DEDICATED.

CORNWALL, March 25.—Yesterday was a red-letter day in the history of the Masonic craft at Avonmore, the occasion being the dedication of Avonmore Lodge No. 452. The ceremony of dedication was performed by Right Worshipful Bro. Geo. A. Bradley, D.D.G.M., of eastern district No. 21.

Mr. Rowell claimed that whereas under the British act the workman was not cut off from his common law defenses, this was an essential feature of the Ontario bill, it would mean a gain to a great many but a certain loss to some. He wanted statistics as to the number of men affected.

Mr. Rowell wanted to do away with all costs in connection with the board, which, according to the act, was left at their discretion. The clause was held over for further consideration.

Mr. Rowell wanted to do away with all costs in connection with the board, which, according to the act, was left at their discretion. The clause was held over for further consideration.

NEWS OF SPECIAL INTEREST TO WOMEN

SLIT SKIRT MAY BE SENATE ISSUE

Question Arose in Discussing Bill to Ban Criminal Portraits.

Canadian Press Despatch. OTTAWA, March 25.—The debate in the senate was resumed by Senator Choquette of Quebec on his bill to amend the criminal code by forbidding newspapers to reproduce portraits of persons charged with crime.

Senator Denis had said parliament could do better by enacting a law to prevent immodest spectacles on the stage, the display of posters advertising them and also dealing with women's costumes, especially the slit skirt and the absence of underwear.

FALL FOOTWEAR STYLES ALREADY PUBLISHED

March Edition of "Footwear in Canada" Presents Valuable Series of Articles

"Footwear in Canada," fall styles number is out. The issue in March of a large illustrated 158-page trade magazine half a year in advance of the season for which it treats is an impressive commentary on the development of the country in any country, and is strikingly significant of the spirit of enterprise.

SAYS HUSBAND'S WEALTH CAME THRU HER AID

Mrs. Amelia Love Not Satisfied With Thousand Dollars Annual Alimony

To secure a share in her husband's \$100,000, Mrs. Amelia Love has entered an action now before the non-jury assize court at the city hall. The couple were married at Lxbridge about 20 years ago but were separated some years since and Mrs. Love was given an interim alimony of \$1000 per year. It is since that time her husband has made the \$100,000, and she maintains he would not have done so had it not been for her assistance.

HELD OPEN REHEARSAL

The Sons of England Choral Society (Toronto District), conducted by Mr. Louis Penhall Rees, A.T.C.M., held an open rehearsal, recently at McBean's hall, Brunswick avenue. The society already has nearly 80 singers, exclusive of the non-singing members, its work which aims to popularize the old English songs and ballads, is already in fine shape.

What Thin Folks Should Do To Gain Weight

Physician's Advice for Thin, Underdeveloped Men and Women

Thousands of people suffer from excessive thinness, weak nerves and feeble constitutions who having tried advertised flesh-makers, food-fads, physical culture and rub-on creams, remain thin. Yet their bodies will make them fat. Yet their bodies will make them fat. Yet their bodies will make them fat.

HAMILTON DIVORCE AGAIN VOTED DOWN

Attempt to Reopen Question Defeated in Senate by Small Majority.

Canadian Press Despatch. MARCH 25.—The Hamilton divorce case met another defeat in the senate today. Senator Kirchhoff, chairman of the divorce committee, moved to restore the Hamilton divorce case to the order paper, from which it was removed last week when a motion for the adoption of the report failed to carry.

FAMILY LIFE FADING BEFORE MODERN TREND

Mrs. Scott-Raff Deplores Substitution of Electricity for Cheery Grate Fire

Mrs. Scott-Raff's address on "Folklore" proved very enlightening to the members of the Chamberlain Chapter I.O.D.E., yesterday afternoon at their March meeting. The lecturer stated that the study of folk-lore involved a delightful study of science, some of the finest seen in the traditions of the nations resulting from the efforts of geniuses such as Homer, Virgil, Goethe and Dante.

REPORT GIRLS' WAGES ARE NOT SUFFICIENT

EDMONTON, March 25.—The report of the committee appointed to take a social survey of the city was presented in the First Presbyterian Church, an created a sensation. Myers had charts prepared showing the results of the survey. It was shown that while \$3,000,000 was spent in liquor in Edmonton last year, only \$20,000 was spent on religious education of the young. Dr. Myers said that the average wages paid to girls who have to work for a living are not sufficient when the cost of living in the City of Edmonton is considered. This, he contended, is to a great extent responsible for the fact that so many girls are driven to seek easier ways of making money.

NOW NUMBER TWENTY-TWO.

The promoters of the Toronto Bureau of Municipal Research (succeeding the civic survey committee) at their meeting yesterday at the Niagara Club, enlarged their provisional council to twenty-two members, as follows: MacDonald, chairman; John I. Sutcliffe, honorary secretary; Walter J. Barr, John Firstbrook, Henry F. Gooderham, F. B. Hayes, J. P. Hynes, H. H. Tomlin, Frank W. Jones, Charles E. Abbs, Mark Brodie, J. W. Fox, Holt Gurney, Norman A. Howie, Harold Muntz, C. B. McNaught, George Oakley, J. A. T. Reid, J. P. Rogers, J. H. Housser, E. W. Wright, Percy Manning.

COMPLAIN OF POLICEMEN.

According to Joseph Gibbons of the Street Railway Employees' Union there is a possibility that the conductors and motormen may take a week's rest to discuss the difficulty between themselves and the traffic policemen. The men claim that the bluecoats directing traffic at the busy intersections are taking extra pains to make life hard for the motormen on account of a grievance that some of them think they have against the pilots of the street cars.

BATHURST "Y."

At 8 o'clock this evening the Bathurst "Y." will hold a sock social at the Francis Willard Hall, Gerard street east. A good program has been prepared, after which light refreshments will be served. Everybody welcome.

WILLISON AT ST. GILES.

Sir John Willison will address an open P. S. A. meeting of the St. Giles Presbyterian Brotherhood on Sunday, March 29, at 3 p.m., on "New Times and New Problems" in the auditorium of St. Giles Church, Oak street. Special music has been arranged. The meeting is open to the public.

WIFE WAS TOO OBSTINATE.

GALT, March 25.—Because the wife of Albert Ford, a Woodstock man, positively refused to live with her husband, the matrimonial case declined to order the husband to pay support, and gave the man liberty.

RECEPTION FOR EVANS.

A reception will be given in the physics building of the university to Commander Evans of the Scott south polar expedition on Friday, March 27.

"WHAT'S IN A NAME"? YOUNG ARCHITECTS SHOW THEIR WORK

Well, if the name is K. C. BURNES it means irreproachable quality and value. Studios at Engineering Building Are Filled With Beautiful Exhibits. NOVEL PRIZE OFFERED K. C. Burnes Will Donate Ten Dollars in Honor of Fairest Visitor.

Larger and better than ever before was the annual exhibition of the Architectural Club of the university, which opened yesterday afternoon. The second floor of the School of Science building is filled with the exhibits of the various departments. The club meeting, which is taught by Prof. Banks, freehand drawing by John M. Lyle are equally well represented, and the best pieces of work shown is a reproduction of the choric monument of Lycabrates. The work of the class in architecture is an archaeological representation, which conveys almost perfectly the ideal of the sculptor, and its execution has occupied the time of the entire class during the last year. Standing some twelve feet in height it is a perfect one-third model, with the exception that the full base could not be built on account of the space limitations of the building. It is a most perfect example of freehand modeling, and of which the class in architecture has reason to be proud.

Another interesting feature of the exhibition is that there is placed in the main corridor Hulo's first conception of the specimen of architecture, which won the Grand Prix de Rome in 1901. In view of the fact that it is very rare that the winner of this class ever lets such a work see out of his hands, this freehand drawing is most unique. The competition for the plan of the power-house to be built by the Cascade River Development Company near Banff has been most keen, and several of the plans submitted are of the highest excellence. The winner of this competition gets the prize of \$25 offered by the department of the interior, and besides this the power-house will be built according to his plan. This may mark the beginning of a great deal of competitive work by students for government prizes. The prize winner will be announced today.

For Most Beautiful Girl. Another prize which has been put up among the exhibitors is that of the department who brings the most beautiful lady visitor to the exhibition will receive a prize of \$10, offered by K. C. Burnes of the third year. The architectural exhibition will remain open today and tomorrow.

Another prize which has been put up among the exhibitors is that of the department who brings the most beautiful lady visitor to the exhibition will receive a prize of \$10, offered by K. C. Burnes of the third year. The architectural exhibition will remain open today and tomorrow.

TAPLEY RECEIVES A STIFF SENTENCE

Montreal Usurer Convicted of Grave Offence—Collapses in Court.

MONTREAL, March 25.—W. H. Tapley, usurer, found guilty on March 27 at the assize court of unmentionable crimes, was this morning sentenced to thirty years in the penitentiary by Justice Lavergne. The evidence upon which Tapley was convicted was supplied by his 14-year-old daughter.

MILLING COMPANY WINS; CEMENT MIXTURE POOR

Campbell Firm Receives \$19,500 Damages, Less Amount Rightfully Due Defendants

The Campbell Milling Company was given judgment for \$19,500 against Ellis and Conroy, architects, and Bowes and Francis, contractors, by Justice Latchford in the non-jury assize court yesterday afternoon. The award was to be less such an amount due for work already done. The case was over the West Toronto mill building condemned by the city architect. If the parties cannot agree on a reasonable amount, reference can be made to the master in ordinary.

NEW YORK TOKAY, 60c

A light white wine especially adapted for social purposes. HATCH BROS. 433 YONGE ST. MAIN 625

Hydro Toasters Reduced by 50 cents, cash, to all who take advantage of Hydro's offer—good only during the month of March—and bring in the coupon mailed each Hydro customer with last month's bill. Means 50 cents off all high-grade Hydro Toast Makers, regularly sold at \$4, \$4.50 and \$5. Saves enough to pay for two months of Toaster's current. Come in and select yours.

"HEART SONGS" COUPON PRESENTED BY THE TORONTO WORLD

HOW TO GET IT ALMOST FREE Clip out and present six coupons like the above, bearing consecutive dates, together with our special price of either 66c or 98c for whichever style of binding you prefer. Both books are on display at:

40 Richmond Street West, Toronto, and 15 Main Street East, Hamilton. 6 COUPONS 98c Secure the \$2.50 Volume Beautifully bound in rich Maroon—cover stamped in gold, artistic ink design, with 18 full-page portraits of the world's most famous singers, and complete dictionary of musical terms.

6 COUPONS 68c Secure the \$1.50 Volume Well bound in plain green English Cloth, but without the portrait gallery of famous singers.

Out-of-Town Readers Will Add Postage as Follows: Heart Songs by parcel post; the rate: Within twenty miles of Toronto, 7 cents. Beyond the twenty miles limit and within the Province of Ontario, 18 cents. Quebec or Manitoba, 22 cents. Other provinces, the regular charge of 24 cents.

SEATS ARE NOW ON SALE For John McCormack, March 31, and New York Philharmonic Orchestra, April 4.

THE GARDEN CONDUCTED BY RACHEL R. TODD M.D. The Food Formula.

Planting Window Boxes. Having glanced over several of the most important points necessary to remember before planting our boxes, we may now consider our boxes individually.

Under the magnetic baton of Stravinsky, the Philharmonic has become an international institution in the musical world, and its influence in developing symphonic music on this side of the Atlantic has been widespread. The most highly endowed symphonic organization in the world, as well as the oldest in America, the Philharmonic is exceptionally interesting to music lovers who have been delighted at the Philharmonic's being ranked with the foremost orchestral bodies of the world.

An "Odds and Ends" Menu. A menu that will be of general interest has been arranged by Miss Lillian Miles for her cookery lecture at Forrester Hall, 125 College street, from 11.30 a.m. to 12.30 noon on Friday, the 27th inst. It comprises dishes that most everyone likes, but which comparatively few know how to make readily, well and economically. Grilled oysters and bacon, old-fashioned doughnuts, coconut ice, and lemon meringue will be demonstrated. The Toronto Hydro Electric System cordially invites the ladies to attend and bring notebook and pencil.

PARKER'S DYE WORKS LIMITED have recently had several cases brought to their notice where work intended for them has been received by other persons trading under the name of "Parker, Dyer and Cleaner." These persons have no connection with the old firm of Parker Dye Works, and we request our customers when calling us to use only phone numbers under the title Parker's Dye Works Limited

THURSDAY MORNING, MARCH 26

#### THE SITUATION IN BRITAIN

Extreme care should be taken not to jump to conclusions upon the political situation in England. To judge from various editorials yesterday, many shades of wrath were broken, and a judicial attitude was the last thing thought about. There were probably good reasons for this. Very few people know where they are at on the whole question. Some do know on both sides are not too well pleased with the turn affairs have taken. And there is a great deal of misrepresentation of motives and actions on both sides.

We may be quite sure, that no one in Great Britain and Ireland desired to plunge the country in civil war. Those who are familiar with Ulster know that war is not desired by the enrolled civilians, but they will not shrink from civil war if they deem it the only alternative to what they must be convinced is something worse. The government would avoid civil war as any government would, and the very tenacity of the opposition in baiting the government showed that the reluctance of the government to go to extremities was calculated upon as a stable and settled element in the situation.

The one thing that was not counted upon, the one thing that always happens in human affairs, the unexpected thing occurred. The army, detailed for police duty in Ulster, refused to act. The military force suddenly became a political force. This was not merely on account of Ulster. We may be quite certain had the Conservative party been in power and ordered the army to Ulster for coercion or any other purpose, there would have been no refusal to act. The refusal, in fact, was due to aristocratic sympathies with the political aims of the opposition.

The first result is that home rule as such takes a subordinate place in the political arena. It is merely one of several policies which the Liberal party have been pledged to for years, and against which the opposition are equally pledged on their part.

The next point is that the aristocracy has once more arrayed itself against the democracy of Great Britain and Ireland, and incidentally the Crown has been involved. Col. Steyn, the secretary of war, in resigning, evidently did what would be the proper thing in Britain to shield the Crown, a proceeding perhaps less intelligible on this side of the Atlantic. At all events, Premier Asquith declined to accept the proffered resignation.

It appears that the government is by no means the more embarrassed party of the two. Tremendous problems are raised by the arrogation of the army officers to themselves of the right to fight or not as they please. If officers can choose, the rank and file may choose. If English officers may choose, Indian officers may also choose to set up personal criteria by which to estimate the political aims of the government under which they serve.

The more the opposition upholds the right of the army to do what it pleases, the more solid the democracy of Great Britain will be in support of the government. This is the dilemma in which the aristocrats found themselves when they rejected the Lloyd George budget thru the house of lords. Evidently the lesson was not learned. If the opposition are not afraid to push matters to extremities they must not be afraid to accept the outcome at the hands of the people.

#### THE CEMETERY TRUST AND THE PEOPLE

After having delayed the opening of a straight road thru Mount Pleasant Cemetery for upwards of five years, another attempt is now being made to sidetrack the improvement by the cemetery trust. The city council is to be taken over the ground again on Saturday and convinced if possible that the diversion proposed by the cemetery trust is a fair compromise. Mount Pleasant Cemetery has been a serious barrier to the proper development of the north part of the city, and any method of relief must be the one most available at the moment.

The straight road proposed is fully half a mile east of Yonge street, and for many years it will be impossible to get any more thru streets between them. This trust's proposal is to increase the distance another 1600 feet, or more than another quarter of a mile.

As a public body, the cemetery board must surely see that by meeting the

wishes of the citizens it is only carrying out its obligations. Except that the cemetery can be extended beyond the limits of the straight road, is there any reason for the objection raised by the trust? As an obstacle to the city's progress the cemetery is already too extended, and to increase the area would only work that much greater injury.

The World believes that the cemetery board would be well advised to try to meet the city in a reasonable way. More than half of the cemetery's two hundred acres is now available for residential purposes, and on joining forces with the city the annexation of this portion will easily put \$1,000,000 into the treasury of the trust. At the same time the extension of the straight road into Rosedale will put the property into direct touch with a live residential district and facilitate the ready disposal of the area for building purposes.

Now that the road question is up, the cemetery board and the city council should also settle the purchase or gift of the small portion of the cemetery on the west side of Yonge street, part of which will be wanted for the Yonge street widening.

Burial areas for the future Toronto must be selected with a big vision, and the money made for the trust by the growth of the city will admit of this being done. Never again should a cemetery be located so as to interfere with the community's development, and if the trust is not capable of performing its duty along this line the question will have to be handled as a municipal proposition.

The World expects the trust to take the right view of the situation and to act so that the matter will be straightened out without further delay.

#### THE QUEST FOR RADIUM

When prospectors can penetrate the wilds of a practically unknown country on the chances of locating minerals of value they should surely be tempted by an offer of \$25,000 reward to the first discoverer of radium-yielding ores. In these later days prospecting is much more of a science than it was. Geologists and mineralogists know that certain deposits can only be found in association with definite strata, and from a haphazard wandering the work of the pioneer can be guided into areas where it is most likely to be successful.

To assist the quest for radium-yielding ores the Hon. Mr. Hearst, provincial minister of lands, forests and mines, has given out information that may lead to practical results. He told, in particular, of a uranium-bearing vein mentioned by the geologists of 1863 as having been located on the shore of Lake Superior. Unfortunately they did not indicate the bearings with sufficient accuracy to ensure its location, and a search party sent out by Mr. Hearst failed to rediscover the treasure. But he has still confidence in the record and his suggestion may turn the attention of prospectors to that region.

Cobalt is another district where radium-yielding ores are likely to be found. There, however, it will not be uranium, but pitch blende, which will furnish the anxiously sought for element. It is from pitch blende that most of the radium in existence has been obtained, and it has been found in Colorado and Austria, and to a smaller extent in Portugal and Cornwall. Since it takes 250 tons of pitch blende to produce a single gram of radium the expense of extraction is necessarily great, but on the other hand radium is presently valued at about three and a half million dollars an ounce. Uranium and pitch blende are the two ores on which prospectors after the \$25,000 should concentrate their attention.

#### CARE OF FEMALE PRISONERS

New York City will this year build a new sky-scraper jail for women, which will embody all the latest and most advanced ideas for the reformation of women offenders. It comes as the direct result of the law passed in 1911, providing among other matters for the separation of male and female prisoners. When the new system is put in force women arrested will be guarded from all unnecessary publicity. The classes of offenders will be carefully segregated and the young and kept from contact with the hardened criminals. Provision will also be made for women on probation who will also be enabled to report without running the gauntlet of the curious.

These reforms are all on right lines and they will be supplemented by equally commendable changes in the mode of treatment during imprisonment. Every cell will at some time of the day have its need of sunlight. There will be a cell for each prisoner, with its own plumbing, modern lighting, ventilation and heating, its own storage room and pantry. The women will be given opportunity for service and given enough work to keep them normally busy. This new institution has been planned after prolonged study by the committee directly concerned, acting in conjunction with various organizations and prominent individuals in New York interested in remedial work.

#### FRENCH POET DEAD

MARSEILLES, France, March 25.—Frederic Mistral, the celebrated provincial poet, died here today in his 84th year. In 1904 Mistral divided the Nobel prize for literature with Fogarty, the great Spanish dramatist. Most of his works were written in the provincial dialect. His best known poem was "Mirallu" written in 1859.

### THE TITLE AND TRUST COMPANY TORONTO

### TO SERVE ALBERTA BY NEW RAILWAY

Peace River District Will Thus Be Accessible to Settlers.

EDMONTON, Alta., March 25.—Returning to Edmonton from Victoria, where he interviewed high officials of the provincial government of British Columbia, J. C. Squarebriggs, a pioneer of the Peace River country, said today that the Edmonton, Dunvegan and British Columbia Railway in Alberta and the Pacific Great Eastern Railway in the coast province will be operated by the Grand Trunk Pacific Railway Company as feeder lines for its transcontinental system.

The Edmonton, Dunvegan and B. C. line has laid steel to the Town of Sawridge, 175 miles northwest of Edmonton. J. D. McArthur, its president, president and builder of the road, is also the builder of the Alberta and Great Waterways road to be run from Edmonton to Fort McMurray, 283 miles. Work on the first-named line is being rushed and it is planned to reach Peace River crossing before the end of the year. The bonds are guaranteed by the provincial government.

The Pacific Great Eastern line, the bonds of which are guaranteed by the government of British Columbia, is to complete 350 miles of road in three years, work to start early in May. This is known to be a subsidiary road of the Grand Trunk Pacific system. The extension of this line into the Peace River country, into the Mecca of immigrants from all parts of the world, will start from the confidence of the Fraser and Salmon Rivers, following the latter to Summit Lake, thence along the Crooked River to Fort McLeod and McLeod Lake, thence along the Mistichinka River, thru Pine Pass and along the Pine River to Hudson's Hope, following the Peace River to the Alberta boundary, connecting with the McArthur railway.

### TRAMWAY MERGER IN NOVA SCOTIA

HALIFAX, N.S., March 25.—A bill was introduced in the legislature to incorporate the Nova Scotia Tramways and Power Company, Limited. It provides that the company's capital shall be \$1,000,000 with power to increase it to \$1,500,000, and an authorized bond issue of \$9,000,000.

The bill authorizes the company to purchase the Halifax Electric Tramway Company, and that corporation is empowered to sell at a price of \$170 for each share at present outstanding of the Tramway stock. The interests now in control of the Tramway Company, Light and Power Company agree to transfer to the Tramways and Power Company all its rights in certain power sites and lands at Gasparaux in King's County, and at Sheet Harbor in Halifax County, recently acquired from Senator Curry and Edgar N. Rhodes, M.P.

The promoters of the bill are directors of the Halifax Electric Tramway Company, which is controlled largely by the same interests as the Montreal Tramways, E. A. Robert, Montreal, president, and the directors include J. W. McCannell, P. H. Wilson, and R. J. McIntosh.

The promoters are following closely the plan by which the Montreal Tramways were reorganized some years ago.

In view of past fights in the Nova Scotia legislature over tramway measures, the new bill will likely have a lively career.

### PHYSICIAN SAYS SUGAR CAN BE MADE FROM SAWDUST

(Special Correspondence.)  
ST. JOHN'S, Nfld., March 25.—Consumers who complain of the amount of sawdust which is mixed with sugar will see a gleam of hope in the new process by which sugar can be manufactured, as described recently by Dr. Zimmerman before the Royal Society of Arts. According to Dr. Zimmerman sugar can be manufactured from sawdust.

In its natural state, said the physician, wood contains no sugar, but when sawdust has been subjected to closed retorts to digestion with a weak sulphuric acid solution under pressure of six to seven atmospheres a very remarkable transformation or transmutation takes place, as much as twenty-five per cent. of the material being converted into sugar. In this Dr. Zimmerman claims that he has a valuable feeding stuff for horses, cattle and sheep. Dr. Zimmerman's process, he said, was tried in a large Durham colliery, with the result that it kept the pit ponies and horses in good and hard condition.

### TRIBUTE IS PAID TO TORONTONIAN

Commander Evans of Scott Expedition Praises Charles Wright.

Canadian Press Despatch.  
MONTREAL, March 25.—"When a war is over the general is made a hero and 'Bill' Smith is forgotten," said Commander Evans of the fatal Scott expedition, before a gathering of the members of the Canadian Club here today.

Continuing, the commander said: "Such has been the case with the polar expedition, for some of the men have not received the credit that is due them. The man who stands out foremost among them is Charles Wright of Toronto. He, at the risk of his life, piloted a party over the glaciers for 600 miles, while his pony was the second to be killed, and he was forced to pull his sled and do a good deal of hard work. He is a splendid type of manhood and a credit to his country, and a practical Canadian. He is a man who scientists have to thank for the second year's observations of the expedition."

### YOUR SILENT PARTNER

A confused desk is a time thief and temper destroyer. Our system desk is equivalent to a silent partner; with its introduction office worries are practically eliminated. The filing arrangements are specially adapted to meet the most modern business requirements.

We carry these desks in three sizes, all made in choice quarters—out oak, rich golden finish. They are strongly constructed and particularly attractive in appearance. Price \$25.00. Better call at our show-rooms and look them over.

### Economic Office AND Store Furniture Co.

1. Armstrong v. Proctor.  
2. McCallum v. Proctor.  
3. Clarey v. Ottawa.  
4. Clarey v. Ottawa.  
5. Giesbrecht v. Glavdner.  
6. Bolton v. Smith.  
7. Scrimageur v. Scott.

### Master's Chambers

Before J. A. C. Cameron, Master.  
Rex ex rei Sullivan v. Church.—By an error in yesterday's report the last line of this case read "Application refused with costs," whereas it should have read "Application allowed with costs."  
Campbell v. Barrett.—A. Gilmour, for defendant, G. T. Barrett, moved to change venue from Cornwall to Ottawa. F. Strickland for plaintiff. Order made. Costs in cause.  
Royal Bank v. Rice.—R. B. Duggan, for defendant, obtained order, on consent, setting aside judgment against Charlotte Rice without costs.  
Weinberg v. Barakoff.—G. R. Roach, for plaintiff, obtained leave to issue writ for service out of jurisdiction, on Jacob Barakoff, a British subject in New York. Time for appearance limited to 20 days. Costs in cause.  
Snider v. Snider.—E. E. Irwin, K.C., for plaintiff, moved for order consolidating actions. W. J. Elliott for foreign executors of T. A. Snider, deceased. Order made. Time for appearance limited to 13 days. Costs in cause.  
Ashion Valve Co. v. Morrison Brass Manufacturing Co.—R. G. Agnew, for plaintiff, obtained order, on consent, dismissing action without costs.  
Gibson Co. Limited v. Brenton Co. Limited.—R. G. Agnew, for plaintiffs, obtained leave to issue writ for service out of jurisdiction. Time for appearance limited to 13 days. Costs in cause.  
Robert Simpson Co. v. Edwards.—G. M. Malone, for plaintiffs, obtained order for examination of Mary E. G. Edwards as to the property and means of defendant. Costs of motion and expenses of jurisdiction. Time for appearance limited to 13 days. Costs in cause.  
Buchanan v. Home.—C. G. French, for plaintiff, obtained order allowing substitution of service of writ.  
Bryce v. University Estates; Warren (A. V.) University Estates; Warren (W. V.) University Estates; Hayday v. University Estates; Elliott v. University Estates; Taylor v. West Rydal, Limited.—J. G. Smith, for defendants in each of these six actions, moved for liberty to withdraw appearance and defence, for breach of warranty. At trial judgment was given plaintiff for specific performance of agreement, with costs and reference if necessary to master in ordinary. Appeal argued. Judgment reserved.

### WILL ADDRESS MEETINGS OF BOYS' CONFERENCES

Rev. E. W. Halfpenny, general secretary of the Ontario Sunday School Association, has left town for a three weeks' trip in the eastern provinces. Mr. Halfpenny will address meetings in Charlottetown and other maritime centres on behalf of the Boys' Conferences. On his return it is expected that several meetings will be held in connection with the work.

### WANT LABORERS' PAY RAISED

SYDNEY, N. S., March 25.—At a meeting of the Trades and Labor Council it was decided to approach the city council and demand that the minimum wage of laborers in city works be increased from \$1.75 to \$2 per day.

### Single Court

Before the Chancellor.  
Re Solicitor, etc.—A. L. Brady, for client, on motion to strike off rolls. The solicitor in person asked enlargement. Enlarged until 26th inst.  
Re Douglas Estate.—J. C. Haight (Waterloo), for administrator, with will annexed, and for one beneficiary, moved for order construing will. J. R. Meredith for infants. Order declaring that administrator has power to sell and service on party interested shall be sufficient for others in same interest. Costs of applicant fixed at \$40 and of official guardian fixed at \$10, to be paid out of estate.  
Re Shiels Estate.—J. M. Ferguson, for applicant, obtained enlargement until 30th inst. of motion for order construing will on account of illness of applicant's counsel.  
Re McLaughlin Estate.—B. F. Justin, K.C., for executors of estate of Robert McLaughlin, moved for order construing will. W. H. McFadden, K.C., for George McLaughlin, T. J. Blain (Brampton) for Robert McLaughlin. Judgment: I favor the construction of the will advocated by Mr. Justin. The lands vested in the children at the death of the testator, the enjoyment was postponed during the life of the wife who was to keep up the house for the benefit of the family. The death of any child during the life of the wife would not affect the vested ownership of that child's share in the corpus. In these circumstances the husband of the deceased daughter and father of his deceased son, the testator, will take the share which the testator's daughter would have taken had she lived till the time of distribution. Costs out of estate.

### Appellate Division

Before Mulock, C.J.; Maclean, J.A.; Chute, J. Letch, J.  
Murray Lindsay v. Moss for defendant. D. C. Ross for plaintiff. Appeal by defendant and cross-appeal by plaintiff from judgment of O'Leary, J. of district court of Thunder Bay of Jan. 19, 1914. Action to recover \$372.10 claimed as wages by plaintiff pursuant to alleged agreement of hiring by defendant at \$10 a month. At trial judgment was given plaintiff for \$143.70 and costs, including money paid into court. Appeal and cross-appeal argued and judgment reduced to \$104.70. No costs of appeal or cross-appeal.

### Vanickler v. McKnight Construction Co.

Vanickler v. McKnight Construction Co.—R. S. Robertson (Stratford) for defendants. R. McKay, K.C., for plaintiff. Appeal by defendants from judgment of Riddell, J., of Jan. 14, 1914. Action for specific performance of agreement by defendants to sell to

### PARENTS' ASSOCIATIONS WILL BE ORGANIZED

In Connection With Schools by Toronto Playgrounds Association  
A meeting of the Toronto Playgrounds Association executive committee was held yesterday afternoon in the city hall, and it was decided to adopt the following policy for this year:  
The organization of parents' associations in connection with all schools and playgrounds, and the use of school buildings for social and recreation purposes.  
The promotion of supervised athletic leasues.  
The provision of play centres in residential sections, preferably under the supervision of voluntary workers.  
The securing of increased public bathing facilities for summer and winter.  
The education of citizens by lectures, lectures and demonstrations.  
ARNPRIN MAN KILLED.  
NORTH BAY, March 25.—Alfred Croty of Amptor, aged 27, fell beneath the wheels of the Soo express at Mattawa last evening and received injuries which caused his death shortly afterwards in Mattawa Hospital.

Athletics Champion Goulding Breaks "V" Record Leaf's Work-Out Pleases Kelley

M'GRAW TURNS OVER RITTER TO KELLEY

Righthand Twirler Joins Leafs—Four Hour Drill Under Hot Sun—Jordan Stays.

MARLIN, Texas, March 25.—(Can. Press.)—Punchy Hearn went north with the Leafs tonight, but he will join the Leafs before opening day, unless the show he makes more than he has displayed so far. He knows he is coming back and is anxious to put his name to a Toronto contract. Manager Kelley closed a deal for Picher Ritter, a young right hander of exceptional promise. He has been here five weeks with the Leafs and may be used on Saturday or Sunday at Waco.

GEORGE GOULDING SETS NEW Y. M. C. A. RECORD FOR MILE

Champion Walker in Great Form at Central Indoor Meet—West End Wins the Relay Race—The Results.

The indoor athletic meet at Central Y. last night drew a packed house, and there was some excellent sport. The outstanding feature was the one-mile walk, in which George Goulding not only made a record for the new Central track, but he set up a Y.M.C.A. record for the continent that will take some beating. Carl Merten took the first relay, and held on for five laps, when Goulding went away, and at the end of the first half had three-quarters of a lap lead, time for the half being 3 minutes 5 seconds. C. McDonald went right after Goulding in the second lap, and caught him on the three-fourth lap, and led for the next three laps, when Goulding let out and got the lead, which he held until the end, winning by 25 yards in 6 minutes 34 1/2 seconds, which is excellent time for a 2 1/2-lap track.

DICK IRVINE WINS EXHIBITION GAME

Monarch Centre Whole Team in Himself—T.R. and A.A. Swamped 9 Goals to 2.

It is easy to see why the Winnipeg Monarchs wanted Dick Irvine to play in their Allan cup games. Mr. Irvine, the hockey player extraordinary, won the second exhibition game from T.R. and A.A. by 9 goals to 2, at the Arena last night.

BIG MINORS ARE NOW CONSIDERED

National Commission Promulgates Two Important Findings.

CINCINNATI, O., March 25.—The National Baseball Commission today promulgated two findings and a notice to all national agreement clubs. One of the findings of the commission upheld the national board in the latter's ruling that Player and Manager George R. Ort of the St. Louis team of the Canadian League was not allowed 15 per cent of the money obtained thru the drafting of players.

NOMINATIONS ARE CLOSED IN O. A. L.

Many Local Men in the Running and Contest is Keen—Secretary Doyle Busy.

The following is the complete list of nominations for the annual meeting of the O.A.L. to be held at Victoria Hall on Good Friday:

NEW ICE-CROSSE AT ARENA FRIDAY

Tomorrow night at the Arena Toronto ice will see for the first time a new novelty, when Toronto and Tecumseh will line up and play a game of Ice-crosse or ice-hockey on ice. This game has been well in Montreal, and those who have seen the two local teams in practice declare that the game is full of thrills. The passing is so fast and snappy that the game is full of life. Ice-crosse is an aggregation of after the ball will keep the fans on their feet most of the time. The Toronto Ice Hockey team will line up with Powers, Long-fellow, Hareham, Warwick, Davidson and lead forwards are no slouches on skates. Dr. MacGregor, Carlschals, and Smith will lead the Indian aggregation, while Maurice, Whitehead, Collins and Winter Marsh will referee the game, which will start at 8.30, and the rules will be a mixture of the F.C.H.A. and lacrosse rules. As a preliminary to the big battle Lew Beach and Broadways of the Beaches League will battle in the semifinal at 7 o'clock, of the senior series of the all-Toronto, and it should be a good game from start to finish.

SEATON WITH BROOKLYN.

#### ANGLIAN ATHLETIC ASSOCIATION.

The Anglian Athletic Association is held to have four series, middle, 15-year and under; juvenile, 13 years and under; junior, 20 years and under, and senior, in the following sports: Baseball, basketball, football and cricket; also a spring basketball league. All clubs that were members last year and any new clubs wishing to enter are requested to send their application to the secretary, V. W. Fairweather, 235 Sunnyside street. The following is the result of the hockey league during the past winter: St. Simons won the senior section, defeating St. Augustines in the final; St. Augustines won the junior section, defeating St. Albans; St. Albans won the juvenile section, defeating St. Augustines; St. Matthews won the middle section, defeating St. Augustines. The above association will hold a general meeting in the near future. All clubs are asked to watch closely for the notices of same, as it is the aim of the association to have every Anglian Church athletic club in some branch of the sports. Every club participating in the sports must be affiliated with the association, and the fee for same is one dollar. There is a charge of ten cents a year for each member taking part in any of the sports, for which he receives a membership card. The money derived from this source is used for the running expenses of the association.

### The World's Selections

#### CHARLESTON.

**FIRST RACE**—Premier, Billy Stuart, Phyllis.  
**SECOND RACE**—Henrietta W., Peterkin, Daily Waters.  
**THIRD RACE**—Bundle of Rags, Old Jordan, Protogoras.  
**FOURTH RACE**—Jabot, Joe Stein, Judge Monck.  
**FIFTH RACE**—Frog, Armor, Brand.  
**SIXTH RACE**—Mary Ann K. Spellbound, Billie Baker.

#### CONNAUGHT PARK GIVES MANY CANADA BRED RACES

Ottawa Journal: In connection with the report from Toronto that the big Canadian stakes of Lynnet, Davies, Giddings, Bengtson and Miller would boycott Connaught Park track because only \$1000 was given for Canadian-owned and bred races, Manager Rohrbach declares that the Toronto people have fallen into an error. The only stake race for the Connaught Cup is for \$1000 added money, and the subscriptions and entry fees. But outside of this there are eight races for Canadian-owned and bred horses. These do not appear in the list of stakes races, but they account for between four and five thousand dollars. In all, the local track race manager Rohrbach declares that the Toronto people have fallen into an error. There is little danger of any boycott. The affair is evidently a misunderstanding. The C.P.A.C. gave to Canadian-owned and bred horses, with the list of selling and other races, will be issued thirty days before the meet.

### Lacrosse Boom Spreads to Alberta

CALGARY, March 25.—Joe Lally will be in Alberta in a movement less than three weeks to work up interest in the school increase movement, and his itinerary in this province was announced today by local representatives. After visiting Cranbrook, B.C., Lally will go to Bellevue, Alta., where M. V. Scott, an old player, has worked up interest in lacrosse. Both school and intermediate leagues will be formed. Lethbridge, Taber, Medicine Hat and Macleod will then follow, and Mr. Lally will visit Calgary for about a week. Jimmy Mann, energetic secretary of the Provincial Hockey Association, has been asked to take charge of things in Red Deer, while efforts are now being made to interest fans at Olds and Lacombe, but Mr. Beckett has not yet received any request from those towns for Mr. Lally to stop off. Edmonton is listed to follow Red Deer, and from there Mr. Lally will visit Saskatoon to talk over affairs with Rev. Mr. Haydon before starting work in Saskatchewan. Only one town in that province known here to be lined up is Moose Jaw, where Redford, hunting sporting writer, has stirred up lacrosse fans to white heat of enthusiasm.

### JOCKEYS DIVIDE FIRST FOUR RACES

Murphy and Waldron Start Off Well at Charleston — Prince Ahmed's Mile.

CHARLESTON, March 25.—Jockeys Waldron and Murphy divided the first four races equally between them, on second and third choices. Summary:

 1. Snowflake, 105 (Ober), 4 to 1.  
 2. Master Jump 111 (Hanover), 9 to 2.  
 3. Henry Hutchinson, 109 (Corey), 5 to 1.  
 Time 1:47 1/2. Steal Away, Duke of Shelby, Arrowood, Venet, Storme, L. M. Eckert and Miss Yema also ran.

### "Tailoring Brains"

As generally meant and understood, there is no such thing.

In the mechanical process of putting together, manipulating and finishing a garment, it is possible to go only so far. Practically every good tailor can do that far. Most of them do.

One of the big men in our tailor shops often uses the expression—"tailoring brains." A craftsman displays tailoring brains, or he does not. The work that leaves a shop exhibits tailoring brains, or it does not.

What he means is that there is something more to tailoring than time, labor, ability or skill; that it's the results and effect of what has been done.

That's our idea of tailoring clothes—in having our own sanitary workshops in which to make them. Every stitch, seam and edge perfect; sleeves hang right; collars and shoulders are properly worked—the whole garment denoting plainly that back of it all is intelligence and brains, the "tailoring brains" that give a Scotland Woolen Mills suit at \$15 the expressiveness and personality of a suit at \$25, or even \$30, in other tailor shops.

Pick from a Thousand Weaves at \$15, Spring Suit or O'Coat, Strictly-to-Measure.

The Scotland Woolen Mills Co. Limited  
Yonge St. Arcade Building  
Opposite Temperance Street

### Outram, Long Shot Wins Lincolnshire

LONDON, March 25.—The Lincolnshire Handicap resulted as follows: 1. Mr. Nelke's Outram, 25 to 1. 2. Mr. F. L. Davis' Cuthbert, 8 to 1. 3. Mr. E. H. H. Short Grass, 40 to 1.

### Southern Alberta Cricket Schedule

MACLEOD, March 25.—The annual meeting of the Southern Alberta Cricket League was held at the Macleod Club here, when officers for the year were elected, and the season's schedule of games drawn up. A letter will be sent to E. H. Maunsell thanking him on behalf of the league for the very handsome challenge cup donated by him. Mr. Maunsell was then made honorary president of the club for life, and the officers for 1914 were elected as follows: President, H. H. Allen of Macleod; vice-presidents, H. G. Napper of Macleod, J. R. Palmer of Lethbridge and E. Powell of Taber; F. Kortright of Macleod being installed as secretary-treasurer.  
 The schedule for the year was drawn up, as follows: Red Sox, St. Cyrilians, Vermon, Taber, Lethbridge, at Lethbridge, May 25, 10 a.m.  
 Taber v. Macleod, at Macleod, June 3, 10 a.m.  
 Taber v. Macleod, at Macleod, June 3, 10 a.m.  
 Macleod v. Lethbridge, at Lethbridge, June 13, 2:30 p.m.  
 Lethbridge v. Taber, at Taber, July 8, 2:30 p.m.  
 Macleod v. Taber, at Taber, Aug. 19, 2 p.m.  
 Lethbridge v. Macleod, at Macleod, Aug. 29, 2:30 p.m.

### DOVERCOURT CRICKET CLUB.

The annual meeting of the Dovercourt C.C. was held at Wychwood Hall, Mr. A. Edwards occupying the chair. Officers were elected as follows: Hon. president, Mr. Shury; vice-presidents, Mr. Edwards, W. H. Keck, W. G. Carter; president, A. Edwards; vice-president, G. A. Gray; secretary, E. Watson, 286 Bartlett Ave.; captain, C. S. Young; vice-captain, G. A. Gray; official scorer, H. Beck. Resolutions were passed as follows: All fees to be paid by June 15. A net to be bought and also corks matting for practice. Messrs. Young and Blackwell donated a bat for best fielder.

### SOCCER NOTES

Hamilton F.C. v. M.C.A. Football Club is desirous of playing a second division team of Toronto on Good Friday, while the first division game against Wychwood will be played on Saturday, April 4. Important business will be discussed and it is essential that 98 players attend in attendance. The usual "sing song" will be held after business so bring your music along. A hearty welcome will be extended to any one interested in the game and any player who would like to become associated with a first-class club, either as player or supporter.

At the meeting of the Don Valley Football Club, Capt. Coombs was elected captain and J. Hart vice-captain. The same ground will be played on as last season. The committee request all players to turn out on Saturday afternoon for a practice game.

The season in St. Catharines District Soccer Football League will open on Saturday, May 2. The league will this year consist of three clubs from St. Catharines and clubs from Welland, Niagara Falls, Thorold, Merriton and Port Dalhousie.

A practice game will be played on Saturday, March 28, between the league teams of Riverdale and Cedarvale, on the ground of the latter club, Kick-off at 2:30 p.m. The team to represent Cedarvale will be chosen at a meeting to be held in Mr. McGillivray's office tonight at eight o'clock.

Tailors are holding a general meeting at the clubroom, 201 E. Beach street, tonight at eight o'clock. All signed players and those wishing to sign will please attend. Further information on the above date.

All Parkview players and committee are requested to meet this evening at 814 Lansdowne avenue. Important business.

Any young players desirous of joining a good team will be welcomed at the Parkview club, 201 E. Beach street, and River streets, any evening.

Euclid Football Club will hold a special meeting at eight o'clock this evening in the church, second floor. Business very important. All old and new members please attend, also any new players wishing to join will be made welcome.

All clubs that have not notified the T. and D. secretary what their colors are should do so at once.

The North of England Rugby Football Club held a very enthusiastic meeting at 28 East Adelaide street last evening. It was decided that the first training run will be on Monday, 30th, at 41 Spruce Hill road. The committee will be pleased to meet any North of England men, whether players or not. Further information can be had from the secretary, Mr. T. Skelton, 556 Church street, or Mr. Catton, 54 Spruce Hill road.

### How Lorenz and Saldow Won Berlin Six-Day Race

There were nine sprints during the last hour of the recent six-day race in Berlin. Lorenz and Saldow were the winners. The first struggle was won by Saldow, with Stol, Moran and Steilbrink finishing as named. In the second the men crossed the tape as follows: Lorenz, Rutt, Stol and Root. At the end of the third sprinting Saldow led, with Rutt, Miguel and Moran following. The fourth sprint resulted in the men finishing in the order: Lorenz, Stol, Moran and Rutt. Jimmy Moran won the fifth sprint, with Saldow, Miguel and Steilbrink finishing as named. Saldow proved to be the strongest in the next sprint, being trailed by Stol, Rutt and Root. Miguel finished as named. In the seventh sprint and won, with Saldow, Steilbrink and Moran following, while the eighth went off as follows: Rutt, Steilbrink and Root finishing as named. The ninth and last sprint saw Saldow on the track, and he won, beating out Rutt, Moran and Miguel in a close finish, which was as follows:

### EATONIA CLUB NOTES.

The Men's Club held their semi-monthly meeting on Monday evening last, and was well attended. The subject of the debate was, "Resolved, that women are the chief cause of the high cost of living," and the motion was rendered in favor of the negative side, which was loudly applauded by the members of the fair sex present.

The senior baseball team held a stag-club party at the club last night, and a large number of the members of the club were present to give the baseballers a good start for the coming season.

An informal dance will be held on the gymnasium floor next Monday night, under the auspices of the "Keros" section of the club. The indoor baseball season has just been closed, with Hammond's team being returned to the winners, after a very strenuous and successful season. The cricket, football, baseball and track sections are now organized for the coming season and as soon as the weather permits will begin their outdoor work.

### Parkette Lawn Bowling Club Elects Officers

The annual meeting of the Parkette Lawn Bowling Club was held on Tuesday evening with a good attendance. When the following officers were elected: Honorary president, R. L. McCormack; president, Dr. Clendenan; vice-president, T. J. Sheppard; treasurer, G. Robinson; secretary, W. B. Sheppard, 66 McMillan avenue, West Toronto. Management committee: Geo. Robinson, Geo. Rodgers, W. B. Sheppard, I. Irvine, F. J. Johnson.

### SCOTTISH LEAGUE FOOTBALL.

# News From The Parliament Buildings

## BOARDS OF TRADE MAKE REQUESTS

Ask That Immediate Attention Be Paid to Important Proposals.

## TO DEVELOP ONTARIO

Municipal Commission Government is One of the Schemes Favored.

Government control of fish export for Ontario's benefit.

Uniform arrangement of public utility accounts.

Appointment of approved fire marshals.

New Ontario power development.

Creation of a new fish and game preserve.

The speedy construction of radial railways.

Extension of T. & N. O. Railway to James Bay.

Government investigation of municipal commission government.

Application of town planning act to all municipalities.

Above are the matters embodied in resolutions passed by the Associated Boards of Trade of Ontario, which a deputation from that body brought before Hon. Mr. Foy, acting premier, and the members of the cabinet yesterday, urging immediate attention.

The deputation consisted of Messrs. F. G. Morley, secretary; E. B. Deacon, Belleville; A. J. Young, North Bay; and W. Walker of Toronto. In connection with the uniformity of public accounts, Hon. Col. Hendrie pointed out that the railway board had formulated a uniform system of accounting for all public utilities but that there was no penalty for non-enforcement.

## INDUSTRIAL SITES SCARCE IN GALT.

GALT, March 25.—A new iron working industry has decided to locate in Galt, and will manufacture grinders, polishers, drills and lathes. Lack of industrial sites is seriously hampering efforts to induce factories to locate here. Eligible available sites are all occupied and the corporation is faced with the problem of acquiring more land.

Today Toronto representatives of the firm proposing to erect a plant are unable to find a suitable location under control of the town council. The proposal made to utilize another portion of one of the large parks will be strenuously opposed by the ratepayers.

## MORE ARGUMENT ON TAX REFORM

Elliott Assessment Bill Was Discussed, But No Vote Taken.

## PATTINSON OPPOSED

South Waterloo Member Thinks Taxes Are Being Well Distributed.

The Elliott local option assessment bill came in for another round of debate in the legislature during the afternoon and again was held over with no vote taken. Only one voice from the government was heard on the problem and that opposed the measure because of concrete instances in a home riding.

Mr. Marshall of Monck led off with a dissertation on the example of the western provinces and how satisfactory they had found the system. The idea was to tax the people according to their ability to pay and it was a fair means. He quoted instances of assessments hearing of new bathrooms added to private homes and raising the yearly tax on that basis. The whole sermon of the present system was that neglect of property meant a saving in taxes and ambition brought its own penalty. Municipalities of large size especially had enough authority vested in their officers to do their own work properly.

**Farmers Suffer.** Dr. Racine of Russell quoted a case of a large company in his county who were reaping high profits and paying lightly while the farmers round about were suffering an unfair rate in comparison.

The ire of the speaker was aroused when Wm. Proudfoot of Huron complained that the government members were muzzled and that their position was indefensible. The member went on to say that the provincial secretary had not properly gauged the opinion of the province. J. C. Elliott followed up by claiming that Toronto, Ottawa and London had spoken strongly for local option privilege.

**Some Opposition.** Geo. Pattinson of South Waterloo. He outlined a case where a piece of property was assessed at \$50,000 on one side of the road while immediately opposite was one at \$100. The residence of the wealthy man was taxed for \$5000, while his poor neighbor paid on a basis of \$900. In any event the municipalities had to raise their taxes and under the present law he found that the burden was being well distributed between the workingman and the magnate. On mention of Henry Elber of South Huron the debate was adjourned.

## MR. GAMEY'S BILL WAS WITHDRAWN

Proposed Changes in the Assessment Act Will Not Be Made.

## ONE CLAUSE RULED OUT

At Mr. Hanna's Suggestion the Entire Bill Was Withdrawn.

R. R. Gamey's attempt to revise the Ontario Assessment Act met with rather summary fate in the legislature yesterday, when at a hint from Hon. Mr. Hanna the member from Manitowish withdrew his bill. First, however, the speaker ruled out the particular clause of it dealing with the "unassessed increment" on farm lands within five miles of city limits.

When Mr. Gamey, of speaking, Mr. Rowell immediately demanded the ruling of the speaker on clause 3, for which he had asked on a previous sitting. Mr. Gamey, apparently anticipating that exception would be taken, wanted an opportunity of explaining it, which he was not permitted to do. The speaker ruled out the clause on two chief grounds—(1) that it was intended to make provision for taxes on certain lands; (2) that by it the revenue from the sale of certain lands was to augment the revenue of the province. These disqualified it on the principle that no private member can introduce a bill affecting the revenue of the province in any way.

The speaker explained that the cancellation of the clause would not vitiate the whole bill if the house would give its consent for the remaining portions of it to be considered. Mr. Gamey deferred to the ruling, and proceeded to discuss the remaining clauses.

**To Equalize Laws.** He began by stating that the present Assessment Act, while a very good one, simply needed straightening up by the amendments he proposed. Thereupon he quoted from various authorities, John Stuart Mill and Prof. Seligman, to demonstrate his contention that the "equality of sacrifice" which the authorities agreed to be an essential principle of equitable taxation, did not exist in Ontario. He wanted to equalize the burden on the man who owned \$5000 worth of property with the man who owned a million dollars' worth, and for that reason he was also opposed to exemptions, because they imposed no sacrifice at all. He advocated compelling every man to make an sworn statement of his resources and to be paid to persons who laid complaints. The law at present, he said, provided no incentive for criticism, and he would amend it so that it should be certain and not arbitrary, and that it was much harder to get facts from the wealthier class than from the poorer members of the community.

"It has been demonstrated," he declared, "that every man who owns \$10,000 worth of property has the equivalent of one man working for him, and if he has \$100,000 worth he has ten men in his employ, and he should pay taxes on every one of them."

**No Interference.** Referring to clause 3, which had been eliminated, he agreed that the authorities said there must be no interference between provincial and municipal assessment of taxes, although he still contended that the proposed clause was fair and would appear in the form of legislation.

At 6 o'clock Mr. Gamey was still speaking and Mr. Speaker intimated to him that it was time to adjourn. Mr. Gamey requested the indulgence of the house for five minutes more, that he might finish.

"You may have to withdraw your bill anyway," remarked Hon. Mr. Hanna.

Mr. Gamey finished his argument and announced that he withdrew with regret, in view of the position the government was taking.

## FAMILY REUNION.

CORNWALL, March 25.—A family reunion was held at the home of Mr. Henry Whittaker today to celebrate the 75th birthday of his mother, Mrs. Harry Whittaker. Among those present were Mrs. George F. Campbell and daughter; Mrs. Milton Atkinson and daughter; Mrs. Hugh McDonald, Ottawa, daughters; Mr. and Mrs. Henry Whittaker and children, Mr. and Mrs. John Whittaker and children, Mr. and Mrs. Fred C. Throsby and children and Miss Rose Whittaker, all of Cornwall.

## WILL APPOINT A FIRE MARSHAL

Legislation Providing for the Office Was Introduced Yesterday.

## ASSESSMENT REFORM

Z. Mageau Wants Local Option in the Newer Districts.

Legislation to provide a fire marshal for the province has been introduced in the legislature by the attorney-general. At the opening of the session yesterday afternoon the bill arranging for appointment was granted a first reading and the house in committee of supply passed a resolution to provide a fund for the cost of organization. The measure was explained as designed to prevent fires and to minimize the annual losses. Reference was made to the approval of the boards of trade and similar organizations.

Another assessment act which would apply the principle of local option only in the newer parts of the province was brought in by Z. Mageau of Sturgeon Falls. In the districts of Nipissing, Timiskaming, Parry Sound, Algoma, Sudbury and Sturgeon Falls it is asked that local councils may pass bylaws to assess land and improvements at a percentage of actual value. It is proposed, however, that in the first year the reduction shall not exceed 40 per cent. of the regular figure.

To protect the wild ducks from the danger of becoming an extinct species, Dr. Jessop of Essex brought in a measure to prohibit the sale of "bags" in the market and to limit the season's shooting to 100.

Dr. Jessop of Lincoln introduced a bill asking that in cities of over 100,000 population large money bylaws be voted upon at the time of municipal elections.

## ORGANIZE FOR RADIAL.

ST. MARY'S, March 25.—A meeting was held in the Township of Downie on Friday for the purpose of forming a local organization in connection with the movement for hydro radials in Ontario. There was quite a large attendance and the following officers were elected: President, John Murray; vice-president, John McKay; secretary, S. J. Monteth; treasurer, Peter Smith; executive, J. B. Muir, D. K. Erb, W. Wallace and George Kastner. The representatives to Ottawa, in addition to the above, are John Arbogast, John Dempsey, W. Meir and B. J. McDermott. The ratepayers' association will send two delegates to Ottawa instead of one, as previously decided. The two will be President Thomas H. Jamieson and Secretary James J. Pools.

## TORONTO BUMPED GOOD AND HARD

Forest Hill Railway Got All It Wanted From the Committee.

## DESPITE OPPOSITION

Corporation Counsel Geary Fought for City, But Was Overruled.

The railway committee of the legislature yesterday granted the Forest Hill Electric Railway a six months' extension of time to begin construction, and also power to issue bonds at \$40,000 a mile instead of \$30,000, as at present. The City of Toronto, represented by Corporation Counsel Geary, put up a strenuous opposition, declaring that the company had forfeited its rights, granted a year ago, by failing to start construction. He declared that the city intended to annex certain sections thru which the proposed road would run, including the Upper Canada College district, Forest Hill and Cedarvale, the latter of which was practically taken in now. If the company's requests were granted it would mean two fares for all time to come. He said that if the road went thru it ended all hopes for further annexation, in reply to which Chairman Hon. Geary asked if it made it impossible for the city to buy out the road.

Mr. Geary agreed that it did not, but they did not want a road that went two miles and a half out in the country. W. G. Glover, for the company, urged the necessity for the line, stating that within five years there would be a population of 20,000 in the district, and that the increase in the bonding privilege was necessitated by a special act of last year, which required them to build a better line than that contemplated at first. When asked as to what had been done towards widening Forest Hill road from 44 feet to 66 feet, as the company had proposed to do, Mr. Glover said the residents had been interviewed.

**City May Buy It.** George Gooderham, M.L.A., thought the committee should give the city the right to take over that section of the road lying within the city which might be later annexed.

Hon. Thomas Crawford said they were discussing the extension of the franchise with the safe-guard that were placed around it by the committee last year. He thought the city of Toronto ought to be sufficiently reasonable to give credit to the committee that this corporation ought to be treated in the same way as other corporations. He felt that the request of the Forest Hill promoters deserved consideration on account of stringency in the money market, which had been sufficient to stay progress in an undertaking of this kind, but he did not think the bonding powers should be increased from \$30,000 to \$40,000. The people out there needed a more accommodation and the sooner they got it the better.

## Abstainers Like O-T

—because O-T is something different—something better than any other non-alcoholic drink. When diluted with Lemonade, Ginger Ale, Soda or even plain water, O-T makes a drink full of flavor and charm—a drink which will please you more than any you have tried before.

## Moderate Drinkers Like O-T

because O-T gives added snap and bite to all drinks. A dash of O-T with Wines, Spirits, Beer or Stout improves their flavor a hundred per cent.—gives satisfying "body"—and reduces the alcoholic effects. You can drink O-T with safety because—

## O-T Is GOOD For You

The purity and goodness of O-T are endorsed by the Official Analytical Reports of all civilized countries in which it is sold. O-T is full of nourishment. Ask for a dash of O-T in the next drink you order. Served at any Hotel, Club, Cafe or Soda Fountain. Grocers, Druggists and Wine Merchants sell O-T in bottles. Get one!

The best car for its price—and none better at any price. That's what we claim for the Ford. And more than four hundred fifty thousand Fords in world-wide service bear out our contention. Buy yours today.

Six hundred dollars is the price of the Ford Runabout; the Touring Car is six-fifty; the Town Car nine hundred—L.O.B. Ford, Ont., complete with equipment. Get catalog and particulars from Ford Motor Company of Canada, Limited, 106 Richmond Street West, Toronto.

## AND THE WORST IS YET TO COME

**OWEN SOUND WILL GET POWER FROM EUGENIA FALLS IN YEAR.** OWEN SOUND, March 25.—That the Hydro Commission expects to have the transmission line from Eugenia to Owen Sound finished by next January or February is the statement of Mr. Gaby, the commission's engineer, to John Legate, who went to Toronto to find out when this power would arrive. Mr. Gaby said that the commission has acquired the land necessary for storage dams—about six hundred acres—and all the engineering plans have been completed, and the route of the power line located. The intention is to develop 5000 horse-power from the first line.

**COULD NOT PAY HALL RENT.** CORNWALL, March 25.—The members of the Columbia Musical Comedy Company, composed of about sixteen young men and women, struck town on Sunday night, and on Monday billed the town for a show which they proposed giving in the music hall. When the hour for the show came the company did not have sufficient funds to meet the hall rental and as a result there was no performance.

BRAZILIANS CLIME IN SLOW STAGES

Forces Behind the Shares Able to Maintain Firm Front.

MONTREAL BUYS STEEL

And Likewise Strengthens the Price for Toronto Railway Stock.

The forces behind Brazilians were able to maintain a firm front yesterday and to add a little to their credit. Forced liquidation was exhausted last week, when the price broke to 77 1/2, since which a steady climb of four points has ensued.

It is not thought that much actual new buying has come into the market for the shares, but that most of the stock which has changed hands since the decline has been almost wholly between traders and the supporting interest.

The market received some assistance from Montreal in the buying of Steel Corporation and Toronto Railway, each being benefited in price to that extent.

British and other news was difficult to construe as favorable to the stock markets and Wall Street was heavy throughout the day.

Barcelona and Mackay common were slightly pressed by sellers, each losing a fair-sized fraction of the previous day. Bread preferred and common were comparatively active, without, however, creating fluctuations worth recording.

The mining shares were barely firm, but the offerings were not large. In the investment section business was smaller than usual and the quotations recorded no mentionable change.

WALL STREET SELLING WEAKENED LONDON

LONDON, March 25.—Money and discount rates were easy today. Trading slackened somewhat on the stock exchange pending political developments. Home and Mexican railroads and Consols weakened under realizing, but Brazilian London, Russian bonds and mines were firmer on Paris support.

American securities opened steady and unchanged. The market movement followed, but the list reacted under realizing before noon. Later prices continued to sag owing to New York selling. The closing was easy.

The Belgian 4,000,000 2 per cent. loan, which was offered at 80, was oversubscribed.

PRICE OF SILVER

In London today bar silver closed 1.164 lower at 26 1/2 pence. The New York price was 55c.

EUROPEAN BOURSES

BERLIN, March 25.—Prices were weak and lower on the bourse today. Exchange on London, 25 francs 44 pence for cheques; money, 25 per cent. private rate of discount, 2 1/2 per cent.

CONSOLS ARE LOWER

Consols are 1/8 lower, closing at 79 3/4 for money, and at 79 1/2 for account.

POWER TROUBLE INCREASED COST

Hollinger Reports Location of Two Veins on Low Levels.

Considering the fact that the mill only ran 72 per cent. of its possible running time and 15 per cent. of the running time at the mine was cut off by an accident to the power plant, the Hollinger statement for the four weeks ending Feb. 25 is a fairly good one.

During this period, 10,422 tons of ore were treated by the mill, of which 239 tons were for the Acme Gold Mines, Limited. The average value of the Hollinger ore treated was \$17.50 per ton; approximate extraction, 37.40 per cent., and the milling costs \$13.13 per ton. Costs were proportionally higher, due to the reduced tonnage milled.

The statement reports the cutting of No. 3 vein by a cross-cut on the 300-foot level, and the location of No. 4 vein in a diamond drill hole on the 425-foot level. Development work amounted to 843 feet and 522 feet of diamond drilling.

Ore was hoisted as follows: Development Stopes Total 100 tons 248 377 1125 200 feet 682 5479 6162 425 feet 578 1196 1883 650 feet 22 689 22

Total 2220 7461 9681 Waste from development amounting to 1872 tons, was hoisted, giving the total of ore and waste up 11,953 tons.

—Mining Costs— Labor, Stores, per ton Exploration, \$49.81 \$49.81 \$49.81 Development, \$194.46 \$194.46 \$194.46 Production, \$14,321.20 \$14,321.20 \$14,321.20 \$17,214.81 \$6902.77 \$2,374.

GLOOMY FEELING IN WALL STREET

Railroad Earnings and Discouraging Steel Outlook Caused Depression.

LOSSES NOT LARGE

Attempts by Bears to Dislodge Stocks Not Very Successful.

NEW YORK, March 25.—Confidence in the bourse was shaken by the bearish news of today. Sentiment swung toward the short side, and a few stocks directly affected by the day's developments were sent tumbling. But the list as a whole offered stubborn resistance. Speculative selling failed to provoke widespread liquidation and although the general movement was downward the average loss was not severe. Bearish views regarding the railroad list, fostered for a long time by declining earnings, were accentuated by the day's news. Pittsburg, C. C. and St. Louis cut the dividends on the common and preferred. The common stock broke several points at a time to 70, a drop of 13 points from the opening. Later it recovered part of its loss. Pennsylvania, whose returns on its holdings of the stock are reduced at the rate of nearly \$700,000 a year was hammered down about 2 points. Atchison weakened on an exceptionally poor statement for February. Gross earnings declined \$1,152,000 and operating income \$685,000. For eight months of the fiscal year Atchison's decrease in operating income is \$2,502,000. Northern Pacific's February earnings also were bearish. Gross decrease was given as \$389,000 and net at \$250,000.

Steel Trade Poor. Industrial stocks fared scarcely better in the day's development. The weekly reviews by steel trade authorities were distinctly pessimistic. Buying at present was reported as extremely light, and it was said that unless conditions improve soon, of which no indications are discernible, part of the loss in the development of the week will be compelled to close issues continued to reflect the gloomy prophecies of President Bedford of the American Iron and Steel Institute, who in his annual report showed a decrease in net of \$1,642,000. In the bond market the movement was downward.

OUTLOOK IS GOOD FOR WHEAT CROP

Plentiful Moisture Where Needed is Reported—All Grains Sold Off.

CHICAGO, March 25.—Snow in the northwest and rain in the southwest today dispelled fear of a lack of moisture for wheat. Accordingly the market eased off, closing steady at a range varying from the same as last night to 3-6c down. Other speculative articles too, all showed declines. Corn 2-5 to 1-2c, oats 1-8 to 3-8c and provisions 2-1 to 2c.

Free and lower priced offers of new Argentine corn to arrive kept the market on the downward grade. One of the leading bull houses sold steadily all day, and the weakness was intensified by selling pressure from a number of bears who were trying to offset recent losses on the short side. It was confirmed that 3000 bushels of Argentine cargo at Galveston was found in the new crop, and there was an unfounded rumor that a full shipload of new Argentine corn had arrived at New Orleans.

ST. LAWRENCE MARKET. Receipts of farm produce were 200 bushels of grain and 20 loads of hay.

Table with columns: Item, Price. Includes Wheat, Barley, Peas, Beans, etc.

HOG PRICES WERE INCLINED TO SAG

Fair Trade in Butchers' Cows Done at Montreal Market.

MONTEREAL, March 25.—At the C. P. R. live stock market today sales of the best steers offered were made at \$8 to \$8.25 and medium stocks sold at \$7 to \$7.50, with common at \$6 to \$6.50 per 100 pounds.

CATTLE MARKET STILL UNCHANGED

Receipts of live stock at the Union yards were 6 cars, comprising 599 cattle, 70 calves and 1202 hogs.

Considering the quality of cattle and the number offered there was a fair trade, and fair prices were paid. Sheep, lambs, calves and hogs were steady on Wednesday.

MURDERER GIVEN A LONG SENTENCE

Slayer of William Martin, Toronto, Escapes With Life Because Young.

NEW YORK, March 25.—Harry Schaeffer, murderer of William Martin of Toronto, was sentenced to Sing Sing today by Justice Davis in supreme court.

Despite his obstinacy in refusing to plead guilty to murder in the second degree on the pretext that he would rather go to the electric chair than spend 20 years in life with hard labor.

CHICAGO LIVE STOCK. CHICAGO, March 25.—Cattle—Receipts, 15,000; market, steady; beef, \$7.25 to \$7.50; hogs, \$6.50 to \$7.00.

NEW YORK, March 25.—Warning of a derelict in the steamship line between New York and Europe was sent broadcast today by the wireless at Brooklyn navy yards.

AMBASSADOR PAGE HONORED. ABERDEEN, Scotland, March 25.—The degree of doctor of literature was conferred today on Walter Hines Page, American ambassador to the court of St. James, at Aberdeen University.

MINING STOCKS. NEW YORK, March 25.—Mining stocks were generally higher today, with a few exceptions.

WHEAT MARKET. CHICAGO, March 25.—Wheat market was steady today, with a few fluctuations.

CATTLE MARKET. CHICAGO, March 25.—Cattle market was unchanged today, with a few fluctuations.
