War Cost to Great Britain Rises to Nearly Twenty-five Million Dollars Daily BULGARIA MOBILIZES 100,000 MEN - - ITALIANS SILENCE ENEMY

Expenditure Twenty-Five Million Daily on War.

DUTIES ON IMPORTS

Principal Blow Falls on Incomes - New War Loan to Be Called.

LONDON, Sept. 21. 8.55 p.m.-The greatest war budget in the world's hisory was introduced in the house of ons this afternoon by Reginald McKenna, chancellor of the exchequer, as another step toward financing the war, which is now costing Great Britain nearly, \$25,000,000 daily.

New military requirements and changed methods of warfare have created over night additional expenditures which had not been reckoned with even in the comparatively recent estimates of David Lloyd George, the munitions minister, necessitating in this budget, the third since the outbreak of hostilities the most drastic and far-reaching taxes in the history of the country and involving even free

Hereafter automobiles, motor films, clocks, watches, musical instruments, te glass and hats will pay a tax of 33 1-3 per cent, ad vaforem, tho as Mr. McKenna explained, the objects of such taxation are "purely temporary and without regard to a permanent effect on trade," being primarily designed to discourage imports and remedy the foreign exchange situation.

Spirits and Beer Escape. Spirits and beer, which have been the object of so much agitation, re-mained untouched by the new sche-dules. The principal blow fell on incomes, the existing tax on incomes not only being jumped forty per cent., but scope is widened so as to catch even workingmen earning as little as \$14 weekly. The very wealthy must contribute to the government more than one-third of their revenue. The one cent mail will be abolished entirely and the weight heretofore carried in the mails for two cents will be reduced. The rate on telegrams, which is 12c 12 words, is increased to 18c, and

there is also a proportionate increase in transport charges.

The sugar tax, the largely increased. will mean only an extra penny per pound burden for the general public, for the sale of all sugar is now regulat-ed by the royal commission, which will reduce the price to refiners and

General debate on the budget is yet to be held, but it was apparent that Mr. McKenna's suggestions were received by a virtually unanimous house. The chancellor said incidental by that he would have occasion to call on the country for another war loan.

NUMEROUS ALLIED GUNS OPEN FIRE ON TURKS

Constantinople Reports Great Concentration of Artillery Against Left Wing.

CONSTANTINOPLE (via London) Sept. 21, 8.35 p.m.—The war office to-day made public the following official On the Dardanelles front September 19 our artillery dispersed enemy troops who had constructed fortifications before our right wing in the decided upon as the new county clerk.

neighborhood of Anafarta.

The artillery of our left wing destroyed by its fire a large portion of the trenches and of the position in which bomb-throwers had established chamber of the parliament buildings themselves near Avi Burnu.
"Troops who were entrenching near
Seddul Bahr before both of our wings were compelled by a heavy artiliery to abandon their works. The enemy, with a great concentration of artillery, opened an unexpected fire on our left wing, but was unable to inflict losses upon us."

INJUNCTION APPLIED FOR.

Belgian official communication issued today reads:

HAMILTON * NEWS *

C. D. DESJARDINS **GIVEN FIVE YEARS**

Pleaded Guilty to Charge of Stealing Money From Union Bank.

SEND-OFF TO SOLDIERS

City Plans to Spend Thirty-Five Thousand Dollars on Drainage System.

By a Staff Reporter.

HAMILTON, Wednesday. Sept. 22.—
Preliminary steps were taken by the board of control yesterday to spend \$35.-000 of city money, the object in view being the draining of all the low-lying territory in the northeast end of the city, below the Jockey Club ground. There have been agitations for this for several years and the board today received plans and estimates from the city engineer, who reported that \$35,000 was reeded for the work. It was decided to have the local board of health and the provincial board of health go over the plans, and if they approve it will then be decided whether to go ahead with the scheme and whether the ratepayers will get a chance to vote on it.

Assist at Send-Off.

J. H. Collinson has specially requested that a male chorus assist the band of the Machine Guh Entitalion at the big send-off to be given them tomorrow morning at 10.15 o'clock. Bruce A. Carey has consented to direct the chorus. George Allan will sing the verses of "Rule Britannia," and the other numbers will be "O Canada."

Trip to Nlagara Camp.

No. 12 company of the Hamilton Home Guard Rifle Association is arranging to run a big excursion by steamboat to Niagara camp on Saturday of this week, to see the review and inspection there. Fully 10,000 troops will be inspected, and among them will be the 86th Machine Gun Battalion of this city and probably 1000 other Hamilton soldiers in the different units. Definite announcement will be made as soon as possible.

Farewell to Soldiers.

Final preparations are being made by the members of The 86th Hamilton Machine Ghips Gun Battalion of The 86th Hamilton Machine Gun Batta By a Staff Reporter. HAMILTON, Wednesday, Sept. 22 .-

Hotelmen Await Decision.

Local military authorities are not now concerning themselves greatly over the fact of whether or not the hotelmen observe their self-imposed order to refuse to serve soldiers with untoxicating liquors. In fact, they even refuse to discuss the situation, pending a decision of the Ontario License Commission on the Ontario Course Inc.

AND FOOD FERMENTATION

By a Stomach Specialist. As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most neonle who stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is excessive acid in the stomach aggravated by food fermentation. Hyperacidity irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise, over 90 per cent; of all stomach difficulties—the first and only step necessary is to neutralize cent. of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water, immediately after eating, from one to two teaspoonfuls of bisurated magnesia, which is doubtless the best and only really effective antacld and food corrective known. The acid will be neutralized to change the municipal gas the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bisurated magnesia, as I have found of ar forms utterly lacking in its pecualty valuable properties.—F. J. G.

ATURAL GAS FOR ST. CATH-ARINES.

St. CATHARINES, Ont., Sept. 21.—St. Catharines ratepayers by a majority of over twelve hundred today voted to change the municipal gas manufacturing system and purchase natural gas from the Relief Gas Co. The city expects to sell natural gas at thirty-five cents per thousand feat in competition with a company which charges seventy-five cents per thousand feat in competition with a company which charges seventy-five cents per thousand feat in competition with a company which charges seventy-five cents per thousand feat in competition with a company which charges seventy-five cents per thousand feat in competition with a company which charges seventy-five cents per thousand feat in competition with a company which charges seventy-five cents per thousand feat in competition with a company which charges seventy-five cents per thousand feat in competition with a company which charges seventy-five cents per thousand feat in competition.

R. B. BENNETT, M.P., COMING FROM WEST

Will Attend the Patriotic Demonstration in Arena Gardens.

LOOKING AFTER CROWD

Audience Waiting to Hear Premier Will Not Find Time Dull.

R. B. Bennett, M.P. for Calgary, has wired James A. Norris. president of the Central Conservative Association of Toronto, that he will be present at the patriotic demonstration, to be held in Arena Gariens, on Monday night next, when Sir Robert Borden. Prime Minister of Canada, will speak.

Mr. Hennett, who is regarded as one of the ablest speakers in the house of of the ablest speakers in the house of commons, accompanied the prime minister on his recent trip to England and the battle front. and is therefore well qualified to supplement the remarks of Sir Robert Mr. Bennett is making the journey from Calgary especially for this meeting.

While the meeting will be entirely open to the public there is every indication that the large hall will be filled early, and provision is being made for a patriotic entertainment before the speaking commences. A moving picture machine will be installed and a number of scenes from the battle front will be shown, along with patriotic slides and illustrated songs.

M. J. O'Reilly, the prisoner's counsel, made a strong plea for leniency, but Judge Monck stated that he remembered how Desjardins had given evidence againss John McKinnon, manager of the east end branch, who was accused of stealing the package, and is now serving a three-year sentence for the offence. Dr. Herbert McKay, who is also connected with the ease, being accused of receiving \$3300, knowing it to have been stolen, did not appeal for trial yesterday, but will come up in the near future. In the meantime he has been admitted to \$10,000 ball.

Hötelmen Await Decision.

Local military authorities are not now concerning themselves greatly over the fact of whether or not the hotelmen obstance of the same and the same accused of the same accused of the grain at cartier longer than that should be penalized in order to discourage the tying up of railway equipment.

The company character is a rate of \$2 per day for demurrage on loaded eastbound grain there days at Cartier, the first divisional point was 29½ per cent. At the end of 1914 of demurrage on loaded eastbound grain there days at Cartier, the first divisional point was 29½ per cent. At the end of 1914 of demurrage on loaded eastbound grain there days at Cartier, the first divisional point west of Sudbury. The practice of some shippers is to sample the grain at some eastern point before it leaves Cartier. This sometimes causes the grain at some eastern point before it leaves Cartier. This sometimes causes the grain to be held there for a considerable time. The company claimed that three days should be sufficient, and shippers holding their grain at Cartier longer than that should be penalized in order to discourage the tying up of railway equipment.

Trenches With Useful Information.

opposed the application and asked for at least, they even refuse to discuss the situation, pending a decision of the Ontario License Commission on the question. So far as the local depot is concerned, orders have been issued that the soldiers must not enter a bar between the hours of 9 and 12 ard 2 to 5.

Premier for Hamilton.

At yesterday's meeting of the board of control, Mayor Waiters, announced that he had wired the Hon. Sir R. L. Borden, asking, him to pay an official visit to Hamilton some day next week. Shortly after this a wire was received from Sir Robert announcing that he had accepted the invitation, and that he would come to Hamilton next Tuesday.

Popular Organist Dead.

E. B. Arthur, the well-known musician and organist, died at his residence, 215 East Hinter street, last evening following a brief illness. He had resided in Hamilton for many years, and was most popular among music lovers. He leaves a wife and one child. The funeral arrangements have not yet been made.

A Mean Thief,

John Logan of Toronto was arrested by Constable Emmerson last evening on a charge of stealing sixty cents from the cup of Joseph Gorman, the blind musician, who was playing on East King street

The structure of the application and a least seven days' allowance at Cartier, was represented by President W.

H. D. Miller and Ward Bashaw and W. S. Tilston, manager of the transportation bureau of the board of trade.

No Reason for Extra Charges.

Mr. Tilston said there was no more reason for extra demurrage charges at Cartier than at Montreal or Toronto. The company replied that special means must be taken to prevent such congestion as occurred in 1913. With the big crop to handle this year, and practically no westbound freight, the difficulty would be greater than ever. Mr. Miller said that the trouble arose from the uncertainty as to when grain bought in the western provinces the shipper could not tell within the special provinces while a congestion and the series of the form of the crop this year and the structure of th No Reason for Extra Charges.

Mr. Tilston said there was no more reason for extra demurrage charges at Cartier than at Montreal or Toronto. The company replied that spetalist and Capt. Gibson is news editor. The copy contains as editorials, "Sam Hughes," "Honor Can-

should be little congestion.

The C. P. R. also hold that the present practice was only an accommodation to grain speculators. The Montreal delegates replied that the vast proportion of it was only legitimate usiness speculation.

Logan sneaked up behind Gorman and tipped the cup and after getting all the money made a dash down the street. Constable Emmerson noticed him taking the money and after a chase managed to catch him.

to catch him.

Charged With Forgery.

John H. Collins of Toronto was yesterday allowed out on deferred sentence on a charge of forging a cheque for \$31. which he passed at the Commercial Hotel. He, however, was held in custody and later was taken to Niagara Falls, where he is wanted on a charge of forging a cheque for \$60.

Sufficient socks to supply each soldier of the Hamilton Depot Battalion before they leave for camp were secured by the ladies of the Hamilton metalliance and sock day.

day.

Give Account of Expenditures.

Convinced that local recruiting is being seriously hindered by many rumors concerning the disposal of socks and money donated for war purposes, the executive committee of the Hamilton Recruiting League at a special meeting vesterday evening with F. Pacedia.

AUDITORS'

Toronto, Aug. 17. 1915.

The Toronto Electric Commissioners, Toronto.

Gentlemen: We have audited the annexed revenue account and balance sheet with the books, accounts and inventories or stores, etc., relating thereto, and we report thereon as follows:

That the value of stores, supplies and apparatus on hand and on loan has been accepted by us on the faith of inventories prepared and certified by officials of the system; that a subscription of \$5000 to the Toronto and York patrictic fund has been authorized by the commission of which \$1000 had been paid at Dec. 31, 1914, and that grants to or for the benefit of employes on active service to the amount of \$3235.86 have been authorized by the commission and paid, for which no adequate authority has yet been submitted us; that the titles to the real estate and easements acquired have not been passed upon by us; and that, subject to the foregoing, we certify our requirements as auditors have been complied with, and that, in our opinion, the said revenue account and balance sheet are properly drawn up so as to exhibit a true and correct view of the state of affairs of the Toronto Hydro-Electric System as at December 31, 1914.

Respectfully submitted,

Respectfully submitted. (Sgd.) JOHN MACKAY & CO., Chartered accountants, auditors.

HYDRO'S SURPLUS

there were 23,976 meters in use and 40,596 street lights.

The net earnings of the hydro since its inception to the end of last year total \$1,261,718,78. The sum so earned is the equivalent of the whole of the interest chargeable against revenue, the whole of the depreciation reserve fund set up in respect of the general system, the whole of the sinking fund charges attributable to the eperating period, and \$53,914.54 on account of the sinking fund charges attributable to the construction period. Not a dollar has been charged to capital account that should have been charged to revenue; the enterprise has, therefore, fully paid its way and earned a surplus.

Under the new hydro rates commercial lighting is 2,85c, while in Montreal under private corporations the rates are 5 to 7,0c. For power the average hydro rate is \$20 per horse-power per annum, while in Montreal the rates range from \$20 to \$100.

The gross income is made up as follows:

formation.

HONORARY DEGREES WILL BE CONFERRED

Special Convocation to Held by University of Toronto.

Expression of Hope for Perpetual Peace Between Great Countries.

The University of Toronto will hold a special convocation at 3 p.m., September 28, in convocation hall, for the purpose of conferring degrees on the following gentlemen: Hon. Joseph Hodges Choate, Hon. Alton Brooks Parker, Prof. Nicholas Murray Butler, William Church Osborn, William Bailey Howland, and John A. Stewart. These gentlemen are all yrominert hese gentlemen are all yrominer. embers of the American Peace Cen

members of the American Peace Centenary Committee.

It wil libe remembered that committees were formed in Great Britain, the United States and Canada for the puryose of working out a clan to celebrate the one hundred years of peace which have existed between Great Britain and the United States. Representatives of these three committees met in New York in May, 1913, and arranged various functions for the celebration, the erection of many monuments, the carrying out of plans connected with histories, colleges and schools etc. all looking to the perpetuation of peace between the greatest empire in the world and the greatest republic, and particularly between

William Bailey Howland is chairman

of the committee on international or-ganization, American Peace Centenpublisher of Outing and editor of The Tribune, Cambridge, Mass. William Church Osborne is also a nent authority on international law. He is vice-chairman of the American Peace Centenary committee. He was born in 1862 and graduated from Princeton in 1883 and took the degree of LL.D. at Harvard in 1889. He, too, connected with many public bodies. Hon. Alton Brooks Parker was born

in 1852. He is honorary vice-president of the Peace Centenary committee. He was justice of the supreme court of New York in 1885 and chief justice of the court of appeal in the same city from 1889 to 1904, which position he resigned to accept the De-mocratic nomination for presidency. John Appleton Stewart is chairman of the executive committee of the American Peace Centenary commit-

DANCE COMPETITION

Second Annual Playground Event Drew Nine Hundred Spectators to Recreation Centre.

The second annual Playground Folk Dance Competition was held at Moss signed up-Park Recreation Centre last night, when almost 900 spectators enjoyed the graceful dancing of the girls. In the junor competition they all danced the Barn Dance. McCormick won the Newmarket Council competition with Elizabeth second andMoss Park third. The senior com-petition, the Weaving dance, was won by Carlton Park with Moss Park sec-Besides the competitions there were some special dances, one given by each playground. The Fairy Cantata, by Elizabeth Playground, was well exevuted. Edith Vail in the Sailor's Hornpipe: Nellie Reeves, in the Irish Hornpipe: Nellie Reeves, in the Irish
Jig; Girlie Millett, in the Highland
Fling, deserve special praise, as it
would be hard to see better dancing
anywhere. The Tambourine Dance,
the Dance of the Blossoms, and the
Minuet also delighted the crowd.
Mrs. H. B. Somers and Miss Hamilton judged the competitions.

Toronto asking for separation from the city.

Score Number One.

Each and all of the speakers scored the city officials generally, alleging that the old town of North Toronto had been sacrificed in order to facilitate the carrying out of improvements in the west end of the city, that absolutely nothing had been expended, and that \$400,000 was being wrung from the tax-payers in the north end with no returns. The association, in order not to tie the hands of the city council and board of control, had refrained from taking any part in the Farnham avenue tangle, preferring to wait for more information.

It was also decided to hold, a mass meeting in the Eglinton Town Hall on Saturday evening at \$0'clock, and the opinion was freely expressed at last night's session of the executive that the hall would be utterly inadequate to hold the crowd.

Make Another Score.

Hon. Mr. Graham told his audience, it was now, when Canada is being defended on the battlefeld in France, as the being of this country is known to be bittons.

"Canada was once considered merely as a plece of property belonging to the British Empire," gaid Hon. Mr. Graham."That is past now; we are part proprietors in the greatest empire the world hone that he said that all had not been ed, but he felt confident that the Canadian people would arise to the occasion and would try in the future to do their full share.

"All honor to the British-born who rushed to the colors at the first call." he said referring to the different strongshere readiness with which they realized what the declaration of war meant. Brought up in an atmosphere of peace, the Canadian-born boys were coming to understand the real meaning of things. and would come forward so do their part manfully. A message was given from an among the part manfully. A message was given from an among here of peace, the Canadian born boys were coming to understand the real meaning of the part manfully. A message was given from the proposition of the complete of the strength of the complete of the c

since 1913.

"Then, again, the commissioner states that the reason in his opinion for the erection of two bath houses in another section of the city was the lack of proper toilet conveniences.

"It is high time that the city insisted that these conveniences be installed, and in my opinion it is a poor excuse. However our association will push forward the matter vigorously and endeavor to show the city council that we are entitled to equal privileges with other parth of the city."

SANITARY WASHED WIPING RAGS Citizens Band, were the features of the afternoon.

The Aurora Patriotic League of the Women's Institutes was largely instrumental in bringing the rally to such a successful conclusion.

FINE TREATMENT **GIVEN SOLDIERS**

Returned Heroes Warmly Welcomed on Arrival at Quebec.

REQUIRE FEW GOOD MEN

Ninth Battery Calls for Recruits for Duty at Halifax.

Quebec, where the "discharge depot" situated, speaks very highly of the nanner in which the returning heroes are being treated. While the Toronto officer was there the soldiers arrived who had been passengers on the torpedoed Hesperian. The war veterans were met by Major Sharples of the R.C.G.A., who commands the discharge depot, and then escorted them to the citadel barracks, which had been especially decorated with flowers and flags by the commander and his

wife.

The Toronto man also spoke of the "Khaki Club" for soldiers in Quebec. Any khaki-clad man, he said, was entitled to the privileges of the club and could obtain excellent meals and rooming accommodation for little money. A saloon recently opened opposite the club had falled to attract the soldiers.

Recruiting Goes On.

Recruits passed as fit for active service by the central recruiting depot yesterday numbered 61. This brings enlistments for the first two days of the week up to 193, which is about 40 less than the corresponding period of last week.

last week.

The 9th Battery C.F.A. recruiting office at the east end of the armories would like to obtain 125 men for duty at Halifax with the Royal Canadian Garrison Artillery as soon as possible. For this service machinists, office clerks, gunners and drivers are required.

Dr. Pyne Secures

clerks, gunners and drivers are required.

Men joining this branch of the service have a splendid chance to advance. This is because they are given work along the line of their training in civil life with promotion and added pay. Another 100 men are also needed "right away" to be attached to the field artillery at Kingston.

Men enlisted for overseas service training in Toronto yesterday totaled 1071. made up of G.G.B.G., 67; 9th Miss. Horse. 93; 9th Battery. artillery, 93; Q.O.R., 214; Grens, 120; 12th Yorks, 63; 36th Peel, 119; 48th Highlanders. 105; 109th Regiment, 72; 2nd Pioneer Battalion, quota, 125.

Have Largest Number,

The Queen's Own have the largest number of overseas men in training in Toronto, and obtain each week from 80 to 100 new active service men. The fact that the Q.O.R. uniform a man within one day of when he joins helps them in signing on more men. The regiment has received reports back from Niggara praising the man sent them in signing on more men. The regiment has received reports back from Niagara praising the men sent there in drafts. This speaks well of the work done by the recruiting staff of the Q.O.R. and of which Lieut. G. A. Sampson is chief recruiting officer.

Sir Sam is Optimistic.

"I can get a million recruits any time I want them," was the remark made by General Sir Sam Hughes in characteristic vein yesterday when Hon. Dr. Pyne, who went to England

characteristic vein yesterday when seen at the Union Station on his way to Barrie, where he attended the fair. The remark which he made about two for the institution at Orpington, in the County of Kent. The property is 27½ acres in extent, and is situated on high, well-drained land within a short men coming forward to every one needed was said by Sir Sam to be of no consequence and that it would have distance of London and very con-venient to means of transportation. It no effect on recruiting. He could not say whether the soldiers encamped at Niagara would be moved to Toronto for the winter or not, and he intimated intil after Col. A. P. Deroche had made his report.

venient to means of transportation. It has a large dwelling house capable of accommodating a considerable portion of the staff, and Dr. Pyne is proceeding now with the erection of temporary buildings to house the hospital. These buildings will accommodate 1040 patients as well as a number of the assistants. They are being erected on lines approved by the British war office and under the direction of an architect who has had wide experience of construction of this kind, having nis report.
Quartermaster-Sergeant G. T. E.
Martin of London, Ont., who is attached to the divisional headquarters, and
who is at home on sick leave, was with
Sir Sam's party. He was coming
home on board the Hesperian and had
some interesting things to tell about in construction of this kind, having built several of the British war hossome interesting things to tell about is rescue from that boat after it was

pitals. The work will be pushed forward as rapidly as possible, but the scarcity of material and labor may delay the completion of the hospital longer than was at first expected. The General Hughes will be at Niagara General Hugnes will be at Major camp tomorrow and has invited Major H. Barre and Major P. A. Guthrie two invalided officers, to meet him.

Rheumatism

A Home Cure Given By One Who Had It

In the spring of 1893 I was attacked by Muscular and Infiammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form

everything is going on as it should **CUTTING OF GRAIN**

treasurer. Believe me.

Kindly send to me a proper vouche

Yours very truly.

Saskatchewan and Alberta Harvests in Advanced Stage and Weather is More Settled.

That grain cutting has been practi-cally completed in Saskatchewan and Alberta is indicated in advices received at the head office of the Canadian Northern Railway here from the depart-ment of agriculture for both provinces

The advice from Saskatchewan

"Grain cutting practically completed with 25 per cent. of flax crop still standing. Rain has been general during past week, causing considerable delay in threshing. Large proportion of grain threshed is grading number one; yield is good also. De-partment is advising farmers to stack, as it is impossible in many districts to thresh this year's crop before winter weather may be expected.' The word from Alberta runs as fol-

"Weather has settled after a weel of more or less rain. Threshing has become general thruout the whole province; large yield and first-class grade reported everywhere. Harvest nearly completed; probably less than 19 per cent. yet to cut. mostly green feed."

Able to Retreat Safely Eastward Will Again Take Up Defence at From Vilna Despite Teuton Cordon.

EATON'S FASHION PAGEANT ON TODAY

"Milady of the Modes" Presides Over Display of Latest Style Wandates.

AN IMPRESSIVE SHOW

Appropriate Ceremony Introduces Style Demonstration of Feminine Apparel.

premium in the big hall yesterday, and 500 individuals looked sorrowfully into the enclosure in which the mannequins were delighting the great audience, and wished that they had been among the wise ones who got places by being early on the scene.

The keynote to the display was given when a figure clothed in a white robe, adorned with autumn leaves of red and gold, came before the audipared one after the other, all in a riot of autumn leaves. Having prepared the spectators and got them into the proper receptive mood, Milady of the Woods took possession and sent forth her train of ambassadors to dis-

play her latest mandates.

Sanely Artistic Styles.

Not for a long time has fashion been as sanely artistic as her advance efforts for the winter season of 1915 show her to be. Extremes are the ex-ception, everything is wearable by tion, everything is wearable by a conservative dressers, and the "pile" weaves, in which velvet has first place, are the most appropriate conceivable for the seasons of wind and snow. Kin to velvet are plush, panne, broadcloth, velours, gaberdine, serge and whipcord—all soft and warm and all decreed as vogue for the present season.

The colors are rich the subdued, crow blue, African brown, bottle green, prunella and black being favorites. Black and white and fancy plaids have also first place.

High Collars and Fur.

Suits with box coat or Russian blouse with high collar and fur triming works seed on many of the mod-

els. Hats were either large with low

blue broadcloth, handsomely braided in black, the waist outlined with fur, which also circled the high neck. With this was worn a large velvet hat and muff. A contrast to this was a model in cream clath the three quarter length coat the high neck. Williams to this was a model in cream cloth, the three-quarter length coat edged with beaver and a high square collar of emerald green silk, turned back at neck. A wide hat faced with cream lace and having a green crown was worn with this suit. Dark green was worn with this suit. Dark green the sequins falling over the skirt and placed diagonally across the decollete waist. Another handsome model was of tan net with touches of blue on the corsage, pale pink sprays being placed in the corsage.

Misses' Styles.

A very smart misses' suit was of navy blue cloth, with long coat fitted at the waist, with flaring skirts and touches of scarlet at cuff and three. touches of scarlet at cuff and throat.
A tall, straight bow of scarlet velvet at the front of the wide hat completed the outfit. Silk skirts in many instances dipped at the sides. Others were puffed and panniered at the hips. These, with the long narrow befrilled of pink, blue and yellow were finishthe display. Fur coats were decidedly flowers. Gray tops were noticed on in favor—great warm, luxurious wraps of Hudson seal, with fox finishing, rate coats made of deep pile cloths of Hudson seal, with fox finishing, fitting tightly at waist and throat, but flaring into wide rippling widths at the skirt. Fox in many shades is worn and for afternoon and evening wear white still holds undisputed sway.

Evening Wear.

Gowns for evening wear are short, mostly of net over taffeta. A hand-

NEW TAXES IMPOSED BY BUDGET SYNOD FAILED TO

The following are the main new features of Mr. McKenna's war budget: Daily expenditures of nearly twenty million dollars provided for war. New military requirements and changed methods of warfare responsible Ad valorum duty of thirty-three and one-third per cent. imposed on

itomobiles, motion picture films, clocks, watches, musical instruments, plate Spirits and beer remain untouched.

Forty per cent. increase imposed on incomes. Incomes as low as fourteen dollars weekly will be taxed. One cent mail entirely abolished.

Fifty per cent. increase on cost of sending telegrams. Sugar tax largely increased. Increases in tax on petrol, patent medicines.

Fifty per cent. advance in duties on tobacco, tea, chicory, cocoa, coffe Fifty per cent. impost on surplus profits of manufacturers of war mi New war loan soon will be called for.

TARIFF REFORM IN

Free Trade Thrown Practically Overboard Under War's Strain.

TAXATION ALL ROUND

Tax on War Profits.

The chancellor estimated that the new tax on war profits will yield £30,000,000 in the full year. Including the income tax, the new assessment works out at sixty per cent, of the profits. The revenue in the current year from this source is estimated at only £6,000,000, owing to the novelty of the tax and the various details. Mr. McKenna said that simultaneously with the increase in the sugar duty to 9s 4d per hundredweight, the royal commission on sugar supplies would reduce the prices to refineries by 3s to 3s 6d. The net effect would be an increase of 5s per hundredweight, or ½ penny a pound. The new sugar tax, Mr. McKenna estimated, will produce additional revenue of £5,360,000 this year and £11,700,000 in the full year.

the full year.

The firty per cent. increase in the duty on tea is expected to yield an increase in the full year of £4,500,000; on tobacco,

E5,100,000.

Beer and spirits remain untouched.
The necessity of keeping down expenditures in imported luxuries was emphasized by the proposal to double the duty on patent medicines.

The 50 per cent. increase in the duty on tea is expected to yield an increase in the full year of £4,500,00; on tobacco, £5,100,000. Beer and spirits remain untouched. The necessity of keeping down

£5,100,000. Beer and spirits remain untouched. The necessity of keeping down expenditure in imported luxuries was emphasized by the proposal to double the duty on patent medicines.

Imposition of a duty of \$3 1-3 per cent, ad valorem, or its equivalent in weight, on automobiles, moving picture films, ciccks, watches, musical instruments, plate glass and hats will yield in the full year about £1,950,000, of which automobiles will contribute £1,150,000; films, £400,000. Archdeacon Fortin thought if the clergy were a little more loyal to the rubrics and prayer book there would be had at all-city banks. C.P.R. and The proposed changes in postal charges [G.T.R. offices, King and Yonge streets.]

Archdeacon Fortin thought if the clergy were a little more loyal to the rubrics and prayer book there would be less objections. We must have a little more of the spirit of the old veers.

MAKE DECISION

Question of Prayer Book Revision is Subject of All Day Debate.

MANY DIVERSE VIEWS

Retention of Athanasian Creed Divides Lower House in Discussion.

Great diversity of opinion reigned n the lower house of the Anglican synod yesterday, when one of the most contentious questions concerning the revision of the book of common

will bring in £1,975,000. In addition to abolishing halfpenny postage, there will be a higher scale for parcels post, an increase in the rate for inland press telegrams and additional charges on telephone messages. Saying the country would start the new financial year of 1916-17 with a dead weight of debt of £2,200,000,000, the chancellor estimated the revenue for next year at £387,000,000. "We have trebled our debt and doubled our taxes," he added. "If the war continues, these proposals cannot be our last word. Our great resource is the continued willingness of the people to bear their share." prayer came up for discussion. After an all-day debate the bishop of Algoma moved that the Athanasian creed be retained and Dean Sheve of Quebec moved that any change in it should be made only by the whole Church of England. The latter motion, not being in amendment, was ruled out of order and after further debate the

inast word. Our great resource is the continued willingness of the people to bear their share.

Mr. McKenna estimated that the government's revenue for the current year would be £72,000,000 (\$1,365,000,000), and that the dead weight of debt at the close of the financial year would be £2,200,000,000 (\$1,365,000,000), and that the dead weight of debt at the close of the financial year would be £2,200,000,000 (\$1,000,000,000).

Mr. McKenna proposed an addition of 40 per dent, to the existing income tax, and the taxation of sill incomes of £130 (\$650) or more. The present minimum is £160.

A heavy tax on the profits of manufacturers of war supplies also was proposed by the chancellor. Flity per cent. of all war profits above the amount assessed for the income tax last year will be subjected to a special tax, which works out at 60 per cent. of the profits. Mr. Moterna estimated the revenue from this source in a full year at £30,000,000 (\$150.00,000).

The chancellor also proposed an increase in the duty on sugar to \$2.00,000,000.

The chancellor also proposed an increase in the duty on tea, coffee, chicory, tobacco, dried fruits and other articles was suggested, and also an increase of 100 per cent. on patent medicines.

An all round increase of 50 per cent. in the duty on tea, coffee, chicory, tobacco, dried fruits and other articles was suggested, and also an increase of 100 per cent. on patent medicines.

An all round increase of 50 per cent. in the duty on tea, coffee, chicory, tobacco, dried fruits and other articles was suggested, and also an increase of 100 per cent. on patent medicines.

Another source of revenue is to be an increase in postal rates, which is extipated to bring in £4,875,000 (\$24,875,000). The chancellor plans toabolish the half penny postage, and to impose additional charges on telephone and telegraph messages.

A tax of 33 1-3 per cent. ad valorem on all imported motor cars, bicycles, moving picture films, clocks, watches, musical instruments, plate glass, and defined; without doubt he sha

stantin Theodor Dumba, Austro-Hungarian ambassador to the United States, cannot have any positive effect on the existing good relations between Austria and the United States according to assurances given the Assurance given the Ass

Jaw thought the creed should remain ing for the government.

Thus far no report of any nature has been received from Dr. Dumba Charles Jenkins of Petrolea said: We do not need to go to the Athanasian Creed to learn of the conseand it is assumed here that because of the difficulties of communication he will wait unitl he can make a report in person. Until such a report is available the government has no in-formation concerning the affair further

we do not need to go to the Athanasian Creed agreed to learn of the consequences of a wrong course of life. He said he did not confine the word Catholic to Anglicans, Romans or the Greek Church. The word extends to all humanity.

Archdeacon Paterson-Smyth of Montreal wished to emphasize the point that we are defending the Athanasian Creed. He did not want the Athanasian Creed placed away among the archives. The great men who had saved the faith of the church proclaimed the Athanasian Creed a great war creed. Our great forefathers did not wish to confound their attitude as follows:

"The Dumba incident cannot have any influence whatever on the good relations of the two nations. The wish great war creed. Our great forefathers did not wish to confound their politics or frustrate their kav-ish tricks as the words contain-

remain unchanged is shared to the fullest degree by the Austrian Goved in the second verse of the national anthem.

the action of the board of control in in a business way and shake off the bringing up the Langton nomination mantle of apprehension which we have again, when three aldermen were ab- 'ne right to wear. Let us sorrow sent, justified the action of Ald where there is cause for grief, but let Spence. We are not prepared to admit us not be gloomy where there is cause that the board of control as well as the for rejoicing. aldermen have got down to the level of manipulation of this character. best harvest in our history. It is real But we have already said that it was unwise to bring up further nominations until the investigation which has been started should have come to a conclusion. There may be something brought out by Judge Denton which may change the aspect of affairs. It would be unfair to a new commissioner to explode a set of circumstances upon him which had never been heard of before, and there should be no skeletons in any unlocked cupboard in the fire department for a new head to open if they can now be dragged out to light.

We return to our remarks of a week or two ago, when we wondered why the mayor and the controllers and those behind the Church administration do not nominate for the office of fire commissioner such a man as they all know, young, active, efficient, ter acquainted with fire preven. tion and fire extinction than perhaps any man in Canada; one known to the fire brigade and thoroly trusted, and who knows the brigade and its

many years back; one who would ad- will come if they can be financed, as or favor, and with the city's interests as the sole object in view. He was one of the first applicants. He has over simply because he was too good mploy him do not wish to lose him. This is the way the Church administration palters with the city's affairs, doing the best they can for the city. As the citizens begin to realize this

We Are Going Ahead The war lays a heavy toll upon a nation by cutting off splendid men in

the prime of life and by maiming many others, but the destruction of property is less than we are apt to think. Rations are consumed and

We are making sacrifices in have the farmers, the millers, the railways and the shipping interests

co-operate with the government. It is said that there is thirty per cent, more ocean tonnage available for wheat at Montreal today than there was a year ago. That is encouraging True, our national debt will in- so far as it goes. It is important to crease, but the money borrowed has have vessels at almost any price, but admiralty, but that the Canadian farm- TACKLE PROBLEM ANEW er would get his grain carried so stimulated production in many lines cheaply as to give him a real prefer-

Such a preference is apparently not to be given by the budget just intro-From an economic standpoint our duced into the imperial house of commons. Neither do we see as yet any indication that it is to be given thru the purchase of the Canadian crop by the imperial government. If there is to come thru cheaper ocean rates. Mr. Rogers is addressing himself to

the problem of how to market our wheat with characteristic energy, and power for the western farmer. It looks to us, however, as the a great part Minister White. He will be the man again deal with the fire comm mission and help finance war purchases by a liberal use of the national make us better off than we ever have that Mr. White has promised to rediscount their grain bills and even to discount them directly by an issue of national currency.

The British Budget Mr. McKenna's war budget, intro duced in the British House of Commons, bears all the marks of its composite origin and also reflects the peculiar conditions which are its cause. The main principles which under ie its provisions are evidently, the taxation of imported luxuries, the collection of customs duties which do not add to the price of home products but are yet distributed over all classes of the community; the placing of a larger share of the burden on those best able to bear it, and recognition of the fact that those that are making abnormal profits on account of war orders must divide these with the government. That spirits and beer escape additional duties is no doubt due to the restric-

tions now imposed on retail dealers. In the case of a coalition government the proposals will not be subjected to political attack, tho likely enough there will be individual criticism. But it has been abundantly evident that the British people were prepared for a large levy on the national income, and are willing cheerfully to bear the burden imposed by a war which threatens the foundations of heir freedom and democratic government. In a war budget the main consideration is the readiest way of raising the money required, while distributing the levy as fairly as possible

CIVIC INQUIRY IS POSTPONED A WEEK

Proceeds Friday, October First Instead of This Week.

Board of Control Must Find New Nominee for Fire Department.

A postponement of the Hodgson Meredith-Roden investigation has been the investigation would commence or Thursday, but as M. H. Ludwig, K.C., has not yet got his evidence ready Judge Denton has decided to open the proceedings on Oct. 1 at 10.30. The public are informed that under the resolution calling for an investigation cil, when such matter is referred to in

to deal with the Anglo-French Com- ship The matter came up yesterday when several new applications for the position were on the order paper, but credit. If after all the farmers have the controllers had not time to get to hold a good portion of the crop for over the flasco of Monday, and rebetter prices they will be enabled to fused to do more than file the applido so with less risk and discomfort now cations. The new applicants are Fred Coward of 402 Spadina avenue and E. M. Fisher of 183 Royce avenue. Chief Constable Hind of Oshawa is also re-

Assessing a Wall. Assessing a Wall.

Assessment of the retaining wall running from Bathurst street to John street, built by the C.P.R. along the south side of Front street has been made for the first time, the value being fixed at \$50,000. Yesterday the company appealed against the assessment before the court of revision on the ground that the wall was built on he ground that the wall was built on the street. At the present time, how-ever, the 14 feet strip is in dispute be-tween the city and the G.T.R. while the C.P.R. occupy the same. City So-licitor Johnston stated that under the the act the wall was assessable, but Angus MacMurchy, K.C., who appeared for the C.P.R., described the wall as a "gift to the city." The court re-

Council's appropriation for war purposes was \$100,000. Yesterday the city treasurer reported that to date the city's war expenses have been \$121.585, indicating an overdraft of

It is announced at the city hall that work on the new eastern entrance to the Exhibition grounds will be started in the spring. The agreement between the city and the Toronto Terminal Co. regarding the construction of a bridge over the tracks at the foot of Bathurs street has about been completed, and it is thought that this work will commence in the spring, thus paving the way for the eastern entrance. Bands engaged by the city for recruiting purposes have cost thus far

The Aetna Life has now offered to insure 500 Toronto soldiers for \$500 each, the premium quoted being \$45.82. The same company has already insured 1100 soldiers for \$1000 each at a premium of \$41.64.

Safeguarding Cars.
A notification from the fire insurance underwriters has been sent to Property Commissioner Chisholm to the effect that farmers' automobiles should not be allowed to stand in the north St. Lawrence market on ac-Count of the fire danger.

A temporary inspector is to be appointed to inspect the 3500 rifles distributed by the city among the various

rifle organizations. The loan of \$2,500,000 raised in New York by the city is at the rate of five per cent per annum, or three and three-quarter per cent for nine months, the period of the loan. Short term notes are given for the money.

LITIGATION OVER A SMALL AMOUNT

Chief Justice's Remarks in Dismissing Appeal From a Recent Decision.

INJURED AT QUEENSTON

Hazel Deverioux Given Judgment Against International Railway Company.

"This costly litigation is all about \$23 nd the defendants were willing to pay remarked Chief Justice Fal oridge in a judgment in the case of the Canada Sand Company and Orr Brothers, handed down at Osgoode Hall yesterday. handed down at Osgoode Hall yesterday. The Sand Company entered into an agreement to supply Orr Bros. With bricks and when a wagon had been half unloaded the defendants claimed that the bricks were not of the quality called for in the agreement and refused to accept them. The defendants sued for storage of the brick and lost the action, while the plaintiffs in a claim against Orr Bros., tried before sudge Winchester, recovered against them.

"The facts are clearly set out in the judgment of the county judge," said the chief justice. He accepted the evidence of the plaintiffs against Hunter (an agent of the brick company) and refused to accept the evidence of Orr. It is not a case in which the finding was based on any misapprehension of evidence. On the contrary there are circumstances which amply justify him in finding in the plaintiffs' favor." The appeal was dismissed.

On the application of the Smart-

the plaintiffs' favor." The appeal was dismissed.

On the application of the Smart-Turner Machine Company, creditors to the extent of \$1068, Mr. Justice Middleton has granted an order winding up the Canadian Smelting and Refining Company. Geoffrey Clarkson is named as liquidator with a reference to the master. The company, which has its head office in Orillia, was incorporated in October, 1914, with a capital of \$750,000, divided \$500,000 common stock and \$250,000 preferred stock. The president of the company is J. B. Tudhope. The petitioners recently recovered in an action against the company for \$1000 and \$68 costs.

Presume Son Dead.

tion against the company for \$1000 and \$68 costs.

Presume Son Dead.

An application was made yesterday to Mr. Justice Middleton on behalf of Zubuma Pensonneault for an order presuming the death of her son, Hector Pensonneault, who left home in 1907, and has not been heard from since. Two years after the young man disappeared his father, who has since died, named him as beneficiary in a \$1000 policy of the Catholic Mutual Benefit Association. His lordship has reserved judgment.

Hazel Deverioux, 12 years of age, a victim of the Queenston Heights Sunday School picnic wreck last July, and who received a severe scalp wound and injury to her nose and leg, was awarded \$405 against the International Railway Company by Mr. Justice Middleton.

By an order of the judge in chambers the Erie Iron Works has been authorized to take proceedings under the lien contract and remove certain machinery from the premises of the Martin International Trap Rock Company which was wound up some time ago.

The second appellate court list for today is: Fletcher v. Chalifdux, Lloyd v. Arthur, Whitehead v. Walsh, Port Credit Brick Company v. Marsh, Rosenbes v. Kurtz, Ballantyne v. Eansor, McNulty v. Clark.

"Put Snap in Recruiting" Editor World: There is much truth in

the article so captioned in a recent issue of The World. A great many of those who have been selected as speakers for the recruiting league seem to lack the "snap" that impresses an audience. They deal too much in platitudes and do not seem to touch the "spot." It occurs to the writer that most of the men chosen have een selected largely on account of heir standing in the community. Much like the methods followed when an election campaign is on. Great care should be exercised in securing speakers whose ability and tempera nent fit them for this kind of work it is a peculiar kind of work, some thing entirely new to us, and requires men more of the emotional type, who are capable of, arousing an audience to a high pitch. None, or very few, to a high pitch. None, or very few, of the speakers so far have been able to do this. Their appeal is cold, argumentative, academic, and consequently fails to arouse. We want speakers which are affected by the loss. Which are affected by the loss. Which are affected by the loss. Their appeal is cold, argumentative, academic, and consequently fails to arouse. We want speakers which are affected by the loss. Which are affected by the loss. Their appeal is cold, argumentative, academic, and consequently fails to arouse. STUDENTS ENROL FOR COMING YEAR

Men as in Other Years Expected.

TEXT BOOKS WERE LOST MICHIE & CO., LIMITED

Consignment on Hesperian Will Have to Be Duplicated Immediately.

Enrolment for the 1916 term at Toronto University is proceeding, with large numbers of applications being received daily. The registrar is unreceived daily. The registrar is able to give an approximation of number of students who will be gistered in the various faculties. far as the supply of text books is concerned, an allowance has been made for 80 per cent. of the students who were in attendance last year.

According to indications there will be nearly as many first year men as in other years, and the greatest shrinkage is looked for in the upper years. When the students wrote their examinations last April they sent in the enrolment cards for the next year, and it is the number of these students who will come back that will decide whether the number of undergraduates this year will be appreciably whether the number of under-graduates this year will be appreciably

smaller than usual. Books Were Lost.

Books shipped via the Hesperian will not come into the hands of Toronto University students, and until the duplicate of the order placed with the English publishing house arrives, the faculty and students will have to do without German, Latin and other text books which were shipped on the ill-fated steamer. University authorities learned yesterday that three cases of books were sent on the Hesperian, and they wired immediately in order to inconvenience the students as little as possible. The next shipment is ex-

High Park Swimming

The High Park Swimming Club held their first annual meeting when officers were elected for 1916. A most successful season was reported on, which was obtained by a large membership. A ladies' club is to be formed, details of which will be announced later.

Geo. Davenport has contributed a cup as the ladies' aggregate prize.

Mr. Don. Rough succeeded in winning the V. C. Keachie trophy offered for 1916. A very strong water polo team will be one of the features of the new season, when it is hoped to play some of the crack outside teams.

Officers for 1916: Hon. President, Dr. W. J. McCormick: president, Vernon C. Keachie; vice-president, Gordon Monahan; secretary, Harvey Hamilton; executive committee, R. Fairman, G. Huckle and L. Hudson.

ROSEDALES ARE FIT TO TACKLE FRENCHMEN

Manager Bert Green of the Rosedale team says that the north end boys will be a different proposition for the flying Frenchmen when they meet at Rosedale ext Saturday afternoon. Lalonde, Laaroux and company will find that the efence will check them much harder than they did in Montreal, and Nationals have never been known to stand the

gaffs away from home.

Rosedale team have been taken in charge by Frank Carroll, who will condition the boys this week. Joe Green, who was an absentee in the last game, will go on the home field, which will help on the scoring end. Kalls, Fitzgerald. Warwick, Barnett, Green and Dennenty should get sufficient gcals to make up the loss in Montreal, and win the round. The defeace will tighten up and should hold the National home. They did for three-quarters in Sunday's game, and outscored the Frenchmen.

Season tickets have been suspended for this game.

LONDON, Sept. 21.—Two more spies have been convicted by court-martial. Official announcement was made today that a man and a woman of German origin, whose names were not given, were found guilty, yesterday of attempting to communicate information concerning the fleet.

The man was sentenced to be shot. The woman, who is said to have been under the influence of the man, was sentenced to ten years in jail. Both will be permitted to appeal. gaffs away from home.

WESTERN INDIAN OLDEST MEMBER OF RED CROSS

Premier Given Unique Picture of Worker One Hundred and Eight Years Old.

By a Staff Reporter. OTTAWA, Sept. 21.—Sir Robert Borden received a unique picture today. It is that of the oldest member of the Red Cross Society in the world. Stranger still, it is that of a western Indian, Chee Poos Ta Tin (Pointed Cap), who belongs to the File Hills Indian Reserve, Saskatchewan. He will be 108 years old on Nov. 14 next. The establishment of a branch of the Red Cross Society for these Indians shows how the people of all classes, and in every corner of the empire, are deeply interested in the war and eager to find some way of lending assistance. ending assistance.

MARY PUTNEY WINS IN STRAIGHT HEATS

Splendid Performance of

COLUMBUS, Ohio, Sept. 21.—Grand Circuit racing today over the Columbus track brought to prominence Mary Putney, a 3-year-old that Chauncey Sears of Fall River, Mass., bought two weeks ago from Walter Cox. With Dick McMahon as her driver the filly took in straight heats the horse review futurity, for which there were seventeen starters. This field was the largest three-year-old one ever known.

Deroche was expected to win. The Geers colt was forced to go a long mile in the first heat and finished a fairly good second to Mary Putney, who in the last quarter of each mile stepped away to win by herself with plenty to spare. Colorado Range earned second money by standing a hard drive that landed him second in the last heats.

Peter Scott was an easy winner in the Hoster-Columbus \$10,000 stakes. Summaries:

Fashion Coats for Fall Wear in. Both Full Back and Semi-Form-Fitting Styles

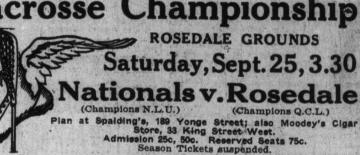

S MART Styles in Slip-in Coats are shown in special range of "Fashion Clothes" coats. The velvet collar is shown quite prominently this season. A feature of this make is that, with every coat that has a velvet collar, a ready cut-out collar of the material is supplied to replace the velvet collar when it becomes soiled or-worn.

The skirts all flare, and have box back effect or deep vent. Single or double-breasted styles—full back or form fitting—velvet or self collars. All have wide and rolling lapels. All coats button through. They are made from those beautifully soft materials, with the plaid backs, and many are heavy enough to wear all winter; materials that never look shabby no matter what wear they get. Splendid mixtures
—heatherlike effects in browns, grays, greens
and fawns. But it's hard to do these patterns
justice in print. Come and see them. They are
distinctive and smart as they can be.

The coats are lined in yoke and sleeves with silk or satin. Sizes 34 to 40. Prices, \$25.00 to \$35.00. -Main Floor, Queen Street.

FT EATON CLIMITED CANADA TORONTO

Lacrosse Championship

ST. DAVIDS BEAT ALBIONS.

On Dovercourt Park St. Davids easily wicket in the semi-final for the C. and M. championship. St. Davids won the toss and sent the Albions to bat against the bowling of H. Ellis, and W. Mucklestone. Runs came very slow, and not until four overs had been sent down was there a run scored, both bowlers being in excellent form. The bowling had the Albion batsmen beaten all thru their innings, not one of them reaching double figures. The fielding was also very smart, H. Rastrick bringing off a very hard catch at cover point. Their innings closed for 34 runs, W. Mucklestone capturing 4 wickets for 15 runs and H. Ellis 3 for 14. St. Davids opened their innings with Lance-Corp. Mawson and W. Mucklestone, the former coming over from Niagara to play with his old 'team mates. His score of 30 runs was made by perfect batting and greatly helped St. Davids in winning the game. We hope to have him with us for the final game. H. Ellis also played well, scoring 32 runs in fine style and being undefeated when the last wicket fell. W. Sanders 15, W. Garrett 10, and R. Mucklestone 14, all batted well for their respective scores:

—Albion C. C.—

Lennox, l.b.w., W. Mucklestone 2 wicket in the semi-final for the C. and M.

## CANDLE, LONG SHOT, WINS FEATURE ON COLD DAY AT WOODBINE PARK

Only Two Favorites in Front on Third Day of O. J. C. Fall Meeting - Alston Registers New Track Record-Yadopeep Claimed Out of Second -Good Card on Today.

finished in front. Dorothy Carlin was the rank outsider, Candle, an outsider, and Crossbun, Alston and Cynosure, long

shots.
Commonada and Harry Lauder were the favorites to win. The five beaten choices, Alecto, Yadopeep, Stake and Cap, Old Salt and Prohibition all finished

Collins was the winning jockey, having the leg up on Dorothy Carlin and Alston.

J. J. Shannon claimed Yadopeep, the beaten favorite, out of the second race, taking her for \$1935.

Favorites Go Down.

The Seagram entry was backed as if the first race were all over, but Alecto and Torn Silk were never in the first flight. Waterdown and Ravenscourt were first to show, the former soon dropping out of it. Dorothy Carlin lay behind a slow pace and when ready went out to land \$64.60 for those who staked \$2 on her chances. Sir Arthur drove up for the place, Ravenscourt third, all in a bunch. The time was slow and Waterlook had no excuses.

There was a big field of a dozen in the second race, which went to the long shot, Crossbun, that spurted up and took the money in the last jump by a nose from Kopje, another rank outsider, that threatened to land. Between Us showed the way the last four furlongs, but failed to stand the pinch, except to remain for the show.

Alston was off flying in front in the third, and attending to business won the freak distance of a mile and 20 yeards in 1.43 3-5—a new track record. Stir Up, away badly came flying for the place by a nose from Change, that took third money by her stretch run. Gallop,

Also for the Heating, Plumbing and Electric Wiring of the Gaol Building, Sault Ste, Marie, until Oct. 7. Plans and specifications can be seen on and after Sept. 22 in the Sheriff's Office, Sault Ste. Marie, and at this Department, Each tender must be accompanied by an accepted bank cheque, payable to the Honorable F. G. Macdiarmid, Minister of Public Works, Ontario, for 5 p.c. of the amount of the tender, and the amount will be forfeited if the person or persona tendering decline to enter into a contract when called upon to do so, or fall to complete the work contracted for; and the bona fide signatures and addresses of two sureties or the name of a guaranty company, approved by this Department, willing to provide bond for the due fulfilment of the contract, must accompany each tender. The Department is not bound to accept the lowest or any tender.

By Order,

H. F. MACNAUGHTEN, Secretary, Public Works, Ontario, Toronto, Sept. 16, 1915.

Newspapers publishing this without authority will not be paid for it. S17,22,25

CLASSIFIED

Is run in The Daily World at one cent per word; in The Sunday World at one and a half cents per word for each insertion; seven insertions, six times in The Daily, once in The Sunday World (one week's continuous advertising), for 6 cents per word. This gives the advertiser a combined circulation of more than 162,000 in the two papers.

Foreign exchange lost some of the previous day's stability, an increased offering of London bills contributing to that change. Nevertheless, the belief prevails that the foreign loan is working to a sate affactory conclusion. Indications of further business improvement, and Baltimore and Ohlo's August returns, showing a net gain of \$627,000, were among the few outside influences.

Bonds were irregular, with a moderate increase of foreign sellings.

quieter yesterday and Monday's buoy-ency was somewhat toned down. The

TORONTO SELLS BONDS

The City of Toronto has sold \$3.\$55,000 4½ per cent. 10-year bonds to
a syndicate composed of Wood,
Gundy & Company, A. E. Ames &
Company, and N. W. Harris & Company. The bonds are being offered to
yield 5% per cent., the same price at
which the \$2,300,000 Ottawa issue
was sold last week. The Ottawa
issue was largely oversubscribed.
The last Toronto issue was sold in
April to yield investors about 4.95
per cent. Toronto has, of course,
nearly five times the population and
wealth of Ottawa.

DIAMOND DRILLING

It is learned that the first diamond drill hole at the North Dome, which has been carried to considerable depth, has resulted very satisfactori-ly. This was placed near the south side of the property towards the Dome Extension boundary, the apparent object being to cut the contact which has already been proven to run thru the property at that point
While in the gold camp the directors have made arrangements so that ex-tensive diamond drilling will be car-ried out at the north side of the pro-perty, and it is expected that this will be done in a few days.—Porcupine Ad-

## Attractive Interest On Trust Funds

If you have funds earning low interest we suggest an immediate investigation of our Guaranteed Mortgage Investments. Double security is furnished by the first mortgages in which the money is reinvested, and by our entire capital and surplus of \$1,700,000. A booklet upon request.

At the Gold Reef property in the northern Whitney Township the lesses who are working it are making a great success up to the present and the property.

Reports coming from that section of the gold camp indicate that good profits are already being made from the Gold Reef, where a two-stamp mill is kept running at least 50 per cent. of the time on high-grade ore from the four-inch vein on which the lesses are sinking at the present time.

DECEMBER SELLING

Reports of Good Export Buying.

NEW YORK, Sept. 21.—Half a score of specialties exercised absolute sway over today's market, while stocks heretofore accepted as investment issues were idde or reactionary. The specialties over the stocks which led all others, both to activity and extent of gains—marked of companies making motor supples, and shares of concerna manufacturing munitions and electrical equipment.

To these may be added the sugar stocks and several other issues whose earnings are increasing enormously as a result of the war. U, S. Steel, not generally rated as a war issue, but deriving large in continuously as a result of the war. U, S. Steel, not generally rated as a war issue, but deriving large in the control of the state of the

## PRICES ARE WEAKER AND COBALTS ADVANCE

Declines in Activity on Toronto Beaver Makes Another Rise and Movement Has Started in Peterson Lake Shares.

Another jump in the price of silver to 49 3-Sc drew further attention to stocks were the only active is-but even in these the dealings Exchange yesterday. Beaver apprewere not in any volume of consequence. Steel Corporation was firmer during the early business and sold small lot. Timiskaming the control of quence. Steel Corporation was firmer during the early business and sold up to 48 1-8, but later reacted to 47 5-8. In the general list dealings were decidedly tame and the unlisted department indicated strength in only one issue. Smelters. a dividend is to be paid on Beaver it is expected that the shareholders of Timiskaming will be similarly treated within a short time. There was less activity in the Porcupines, but there were price changes. Dome Extension was subjected to profit-taking, and the shares declined to 28½. Peterson Leke was in some enquiry yesterday, and the shares rallied to 191-4. There is said to be a large outstanding short and the snares railed to 1914. There is said to be a large outstanding short interest in these shares, and a flurry from a covering movement is likely to follow the present start. The market is one of specialties, with the Cobalts predominant for the time

## AT THE NORTH DOME ACTIVE TRADE IN IRON

MONTREAL, Sept. 21.-Continued active trading in Iron and a further advance in Power shares were the features of a less active market here today. Dealings in Iron overshadowed all other issues, the price after early buoyancy turning weak and closing at the lowest quotation of the day.

The opening sale at 47% represented an overnight appreciation of %. Over 4300 shares were dealt in during the morning session, and the highest level of 48% represented a new record for the year. The last sale in the afternoon was % off the best at 36%. Laurentide continued its advance and in broken lots sold at 179, closing at 178%. Power was 2 up at 219. Shawinigan gained % at 123% and the new stock a point to 120. Total sales 6535 shares, 200 mines and \$12,000 bonds. tive trading in Iron and a further ad-

## **RECEIPTS HEAVY** PRICES ARE FIRM

Wholesale Fruit Market at Present.

CHOICE STRAWBERRIES

Splendid Samples Coming in Bring Fancy Figures Wholesale.

wholesale fruit market, peaches predomi-nating, prices remaining about stationary with yesterday's quotations.

wholesale fruit market, peaches predominating, prices remaining about stationary with yesterday's quotations.

N. A. Bowen, Aldershot, is to be congratulated on the splendid showing of his strawberries. He has been shipping from one to four crates of twelve boxes each about three times per week for the past two or three weeks to D. Spence, which sell at 20c per box, wholesale. They are of extra choice quality, and excellent flavor, equaling the best sent in in the regular senson.

Peaches were generally of good quality yesterday, much better than last week's shipments. Some choice Crawfords are now coming in. The 11-quart baskets sold at from 20c to 60c, the bulk of the good quality going at 40c to 50c, the slx-quarts selling at 15c to 30c. Jas. Sharpe, Niagara-on-the-Lake, shipped some choice Elbertas to MoBride. Hugh M. Woodruff, St. David's, shipped in a large quantity of choice quasity creen Gages at 30c to 36c per 11-quart leno basket; Green Gages at 30c to 36c per 11-quart flat basket, and blues at about the same price, the Damsons bringing from 40c to 50c per 11-quart flat basket.

Cantaloupes remained about stationary in price.

Tomatoes are scarce, the six-quart flat baskets selling at 17½c; lenos at 25c to 35c, while some choice 11-quart flats (pinks) sold at 40c.

Corn is a very slow sale, the evergreen variety having few buyers yesterday at 10c to 12c per dozen.

Cucumbers sell at 25c to 35c per 11-quart basket, while gherkins go all the way from 50c to \$1.25 per 11-quart basket.

Green peppers sell at 30c and 35c per 11-quart basket, while red ones go at 30c to 45c per 11-quart pasket.

Wholesale Fruits.

Apples—15c to 30c per 11-quart basket! fancy quality, 50c, \$2.50 to \$3.25 per bbl.

Blueberries—\$1 to \$1.50 per 11-quart basket.

Cantaloupes—Canadian, 11's, 30c to 40c per 11-quart basket, and 40c to 65c per 16-quart basket.

Cranberries—\$1 to \$1.50 per six-quart basket.

Cranberries—\$1 to \$1.50 per case.

Grapes—Tokay, \$2 to \$2.50 per case.

Grapes—Tokay \$2 to \$2.50 per case.

Cucumbers—\$1 to \$1

Thimbleberries—5c to 7c per box.

Wholesale Vegetables.

Beets—New, Canadian, 75c per bag, 15c to 20c per 11-quart basket.
Cabbage—20c to 40c per dozen.
Cauliflower—No good on the market.
