TURNS BACK OF TARTARS

TERRIBLE FIGHTING IN CAUCASUS

LAYING SIEGE TO CITIES

Pitched Battles in and Around Baku, in Which Artillery is Used to Demolish Houses—Movement Long Planned, Well Organized and Savagely Carried Out.

St. Petersburg, Sept. 7.—The reports from this and other sources in the Caucasus are that the Tartars have been completely successful in their operations against the Armenians and Georgians. The fighting has been pitched battles in and around Baku, in which the Tartars have used their artillery to demolish houses and other buildings. The movement was long planned, well organized and savagely carried out.

Winnipeg, Sept. 7.—(Special.)—The first wheat was marketed to-day and the yield in the district is between 25 and 30 bushels per acre and threshing will be general by the end of the week. There was a drop here of 15 cents a sack in the price of the first 30 grades of flour to-day. This has been expected for some time owing to the new crop being about due.

Montréal, Sept. 7.—(Special.)—The annual report of the Canadian Pacific Railway was issued to-day. The gross earnings for the working year June 30, were \$50,481,882. Working expenses \$38,006,793, net earnings \$12,475,089. The working expenses were 83.35 per cent of the gross earnings and of net earnings 66.42 per cent in 1924. Four per cent consolidated debenture stock to the amount of \$1,400,000 was created and sold and applied towards the construction of branch lines and the acquisition of more territory of the Calgary and Edmonton Railway, the Calgary, Lake Erie and Pacific Railway, the Northern Ontario Railway and the Guelph and Goderich Railway. Preference stock to the amount of \$2,000,000 was also created and sold and applied towards the same purposes. During the year 299,386 acres of land were acquired and 2,446,000 acres of land were sold and the amount of \$4,000,000 was deposited with the Dominion government on account of \$15,000,000 of bond mortgages, leaving a balance due of \$8,000,000 against which deferred payments, on account of the government, to the amount of \$1,468,179, the report also refers to work of double tracking between Winnipeg and Port Arthur which will be completed in about three years, and states that the additional \$25,500,000 of stock authorized at the last annual meeting \$16,900,000 was offered to shareholders at par and all subscribed excepting 2,500 shares, which will be sold in open market.

CHURCHES DESTROYED.
Tokio, Sept. 7.—A mob destroyed ten Christian churches and one mission school last night (Wednesday). The people were not injured. The disturbances this morning was the partial wrecking of a printing office, which was assisting the Kokumin Shimbun to publish its edition of to-day. A crowd of people attempted to enter Hibaya Park, but the soldiers are guarding the foreign legations. Apparently the outbreak is due to anti-foreign sentiment, but the government is anxious to prevent any of the legations or members of the legations from being injured. The mob, however, is roughly used.

WHAT KOMURA THINKS OF IT.
Tokio, Sept. 7.—Baron Komura said today that his conversation with the United States Secretary of State Root would be purely a formal exchange of courtesies. He said: "The present disturbances in Tokio," he said, "cannot in the slightest degree affect the charges we are making to ratify the treaty when we receive an official copy of it."

HE ASKS AN INVESTIGATION
Sheriff Dawson of Kingston Will Not Retire Easily.
Kingston, Sept. 7.—(Special.)—A few days ago the government practically promised to give him a pension. One of the charges was that he had given a permit to a city man to vote in the county. This man at the trial was found guilty of improper conduct and fraud and fined.

SMOKE TAYLOR'S 'MAPLE LEAF' CIGARS.

MARTIAL LAW IN TOKYO

IGNORANCE BEGAN RIOTS

PEOPLE WANT TO KNOW TERMS OF PEACE AND GOVERNMENT IS SILENT—10 CHURCHES BURNED.

Tokio, Sept. 7.—(Special.)—Tokio has been under martial law since the garrison has issued a proclamation warning the populace against disorders.

HELP FOR HORSEMEN

GOVERNMENT SEEMS READY TO ASSIST

HORSE BREEDERS GOT A WHOLE LOT OF ENCOURAGEMENT LAST NIGHT THROUGH THE MULTITUDE OF THE ONTARIO GOVERNMENT, HON. N. MONTETH AND HON. J. W. ST. JOHN, WHO MET THEM FACE TO FACE IN THE PARLIAMENTS BUILDING AT OAKVILLE.

HON. NELSON MONTETH HOLDS OUT CONSIDERABLE HOPE IN ADDRESS TO PROMINENT HORSEMEN.
Horse breeders got a whole lot of encouragement last night through the multitude of the Ontario government, Hon. N. Monteth and Hon. J. W. St. John, who met them face to face in the Parliament building at Oakville. The exhibition grounds at a ginger ale luncheon, and listened to the wants of the horse enthusiasts. It would be impossible to give a more representative gathering of Canadian horsemen than surrounded President Monteth and Hon. St. John composed the party, and they spoke plainly to the effect that the horse interests of the province shall be taken care of by the government and help, as the province would see thru investigation that it could help itself. More money from public sources toward the breeding of horses, better inspection and an all round appeal for horse raising in Canada were asked, and Mr. Monteth's reply was considered most encouraging.

ALL GREASED FOR SLIDE OF CATARACT FRANCHISE
But in the Meantime What Big Industries Will Cataract Take to St. Kitts?
St. Catharines, Sept. 7.—(Special.)—Unusual interest attaches to the proposition of the Cataract Power Company which apparently is ready greased for the time to come. For months there has been talk of a Cataract proposition, but the facts have been veiled in obscurity and a lot of high sounding talk about the important manufacturing concerns the company intended to bring to St. Catharines has been indulged in by advocates of the Cataract proposition to prepare the people for the real scheme. It is some months now since the promoters of the Hamilton enterprise failed to get into the city and tipped the scales in favor of the city. The city was to do big things for St. Catharines if given half a chance. The first move was to be made by the city, and the plan was to be spread under the trees at Reservoir Park and have the boys go out and sample the development works. It is known that two or three of the aldermen (remembering the seductive influence of lemons and ham sandwiches when the power company made their proposal) said they could not be so cheap. One of the councilors was quite indignant at the idea of another but food and drink were not to be had. He did go, however, and came back brim full of enthusiasm for the project. The thing was a great surprise to him, what the Cataract Power Company had done in the way of raising the money to erect big industries, and employing thousands of hands along the valley of the Welland Canal. A great many people looked for the strongest opposition from this quarter, but it appears that ham sandwiches and lemons can work wonders.

TARIFF INQUIRY BEGINS.
Commissioners, However, Will Leave Winnipeg and Go West.
Winnipeg, Sept. 7.—(Special.)—Under pressure of representations that the tariff commission should be held in Winnipeg, the commissioners have decided to leave Winnipeg and go west. The commission is to be held in Winnipeg, but the commissioners will leave Winnipeg and go west. The commission is to be held in Winnipeg, but the commissioners will leave Winnipeg and go west.

THROW HIS ASHES OVER FALLS.
Cleveland Promoter Wishes Queer Disposition of Remains.
Cleveland, Sept. 7.—The will of H. W. Baird, a well-known attorney and promoter, who died several weeks ago, is being contested by his sister, Mrs. Anna E. Wadsworth, directs that his ashes be placed in a glass receptacle and thrown into Niagara Falls from Prospect Park.

COLLAPSING BUILDING KILLS TWO.
Policeman Had Warned People to Avoid It.
New York, Sept. 7.—Two people were killed when a building at Grand and Mott-streets collapsed to-day. The building is said to have been condemned two years ago, but has been permitted to be occupied since. Thomas McGovern, a foreman in the building department, was killed when the building collapsed. The other man killed was a policeman who had warned people to avoid it.

MANAGEMENT COMMITTEE OVERRIDE THEIR RIGHTS
Small Wrangle at Board of Education Meeting—Inspection of Crowded High Schools.
Last night's meeting of the board of education was a productive of a clash between the management committee and the property committee of the board. At a preliminary meeting of the board of management, held immediately before that of the board of education, it was decided to take immediate steps toward relieving the congestion of Harbor and Parkdale Collegiate institutes.

WELSH TIN AND STEEL FINDS GOOD SALE IN CANADA
London, Sept. 7.—The South Wales trade report states an increased demand for tin plate for fruit and salmon packing in British Columbia, and manufacturers of steel rails are looking forward to considerable Canadian business on account of the abolition of the bounty. Two Canadian contracts for 8000 and 15,000 tons were recently placed, the latter being for Vancouver.

WHEN THE FORESTERS ENTERTAIN 'T WAS THE FEATURE OF THE FAIR

Annual Reception Tendered by Dr. Oronhyatekha, S.C.R., of the Independent Order of Foresters, Attracts an Immense Crowd of Brethren and Friends to the Society's Tent—Royal Foresters and Trumpet Band Add to the Gaiety.

One of the most pleasing and interesting functions which take place during the holding of the Canadian National Exhibition is the reception tendered by the Supreme Chief Ranger Dr. Oronhyatekha of that popular and prosperous fraternal benefit society, the Independent Order of Foresters. The reception which took place yesterday afternoon was no exception. The immense crowd of the fair grounds knew the welcome was to take place and the street leading from the Foresters' tent to the entrance gate was lined with people.

AT THE I. O. F. RECEPTION

Dr. Oronhyatekha, Supreme Chief Ranger, surrounded by officers of the Order, and with the Royal Foresters escort, as they appeared at yesterday's reception at the Exhibition Grounds.

Chief ranger, Miss Oronhyatekha; Assistant Supreme Chief Ranger, Thomas Lawless; Supreme Treasurer, John A. McGillivray; Supreme Physician, Harry A. Collins; Supreme Physician, Dr. Millman; Assistant Supreme Physician, Dr. Clark; Supreme Announcer, Hon. E. G. Stevenson; Assistant Supreme Chief Ranger, G. A. Harper; Assistant Supreme Secretary, Mayor McMurtry; Past High Chief Ranger, Major P. G. Davy; Deputy Supreme Chief Ranger, E. J. McFee; Past Supreme Treasurer, R. J. G. Davy; Deputy Supreme Chief Ranger, E. J. McFee; Deputy Supreme Chief Ranger, James Glendennan; R. J. G. Davy; High Chief Ranger, F. S. Cuthbert; H.M. Past High Chief Ranger, E. J. McFee; High Chief Ranger, F. S. McEneaney; High Councilor A. Houghson; Past Supreme Secretary, E. S. Cummings; T. J. Johnston; Donald McCreagor; Dr. Nidda, high chief secretary.

ALL GREASED FOR SLIDE

Other people who consider that the Cataract Power Company are right in the bluffing game with the Ontario Company; that the Ontario Company is on the ground to put up a semblance of opposition and competition until the Cataract Power Company has walked off with whatever it can get in the way of concessions. Alderman Burton says there will be ample competition between the various companies and that the granting of the franchise to the Cataract Power Company for the use of the streets will in no wise shut out any other companies that wish to compete for the business that is going.

Advertisement for Nordheimer Pianos, featuring the text 'ARE THE HIGHEST GRADE INSTRUMENTS MADE IN CANADA' and an illustration of a piano.

When the Order started. The order was founded in New Jersey on June 17, 1874, and extended into Canada in 1876. In 1881 the order was reorganized by the present supreme chief ranger, with a membership of 359 and a total fund of \$388. In this same year it was incorporated under the laws of Ontario, and by 1886 the accumulated funds had reached the \$50,000 mark, and the total membership had reached 600. By 1888 the accumulated funds amounted to \$100,000, and the membership was 1,100. By 1890 the accumulated funds had passed the \$200,000 mark and the total list of members exceeded 24,000. Two years later, 1892, the funds on hand amounted to \$300,000 and the membership reached 43,000. It did not take long to reach the \$1,000,000 mark, as in 1894 this figure was passed and a membership of 70,000 was accredited to the order. The accumulated funds soon reached \$2,000,000, as in 1898 this amount was exceeded and the list of members had grown to 102,000. The famous Temple Building was dedicated in this same year, a lasting monument to the growth and prosperity of the Independent Order of Foresters. The membership continued to increase at a remarkable rate, as in 1899 there were 140,000 members with a fund of \$3,000,000. Jumping to 1902, the funds on hand were \$5,000,000.

That the success that has been achieved by the Independent Order of Foresters is due to the marvelous executive ability and great personal magnetism of the chief ranger, none will deny. It is true he has had splendid assistance from his able staff of workers, but still he has been at their head and his guidance was there always when required. Only a man born to be a leader could accomplish what he has done. With his strong intellect, he has been able to take a firm hold of great questions. He has always been in earnest over the order and has devoted the greater part of his life to it. As a well-known writer said of the supreme chief ranger, 'he is genuine in his ability; genuine in his friendship; genuine in his desire to do good, such is Oronhyatekha, the genuine leader of a mighty fraternal host.'

How the Money is Guarded. Another feature of this order that is well worth noticing is the safeguards which it provides for the protection of its funds. The order is organized on a basis of mutual insurance, and the funds are held in trust for the benefit of the members. The order has a large number of branches throughout the world, and the funds are distributed to these branches for their use. The order has a long and successful history, and its funds are well protected.

arrangement has some years to run, and St. Catharines is now paying more for its light than any city of its size. Any application for lighting privileges must carry with it cheaper rates to be entertained.

DYSENTERY EPIDEMIC GIVES YUKON A SCARE. Victoria, B. C., Sept. 7.—(Special.)—Ontario Delonpe, a prospector, while hunting, got lost and on five days and nights of wandering, entirely crossed a hitherto unexplored portion of Vancouver Island.

WHAT ARE THE NAMES, PLEASE? While the power advocates talk loudly of these immense institutions that are going to be planted in this vicinity by the Cataract Power Company it has not occurred to anyone to suggest to the company that the names of a few of these concerns might be produced.

Self-Defense Facts. The Journal to-night speaks as follows regarding the proposition: 'There are some things so elementary in connection with the Cataract Power Company that even the proverbial ostrich, with his head buried in the sand, might be expected to see them. The elementary things are the following: (1) The Cataract Power Company is in business for the Cataract Power Company, and not for the City of St. Catharines.

Opinions of the Press. Discussing the bylaws, The Star said last night: 'The granting of such a franchise would be a death blow to the best interests of the city. To tie the city up to any company for a long term of years is contrary to the principles on which every private enterprise is carried on and would be a gross injustice to the city. The aldermen should look forward to the day when the streets of St. Catharines will be lighted as a municipal enterprise, and that day may not be far distant, as the representative of the Ontario Power Company last night assured the

EXHIBITION

WE HAVE EIGHT ONLY Simplex Piano Players that we offer for sale during Exhibition at very LOW PRICES. These are a strictly first class product that have gained the confidence of the music-loving public. Some of these players have never left our warehouses, being used only for demonstration purposes, while others have been rented for a short time only. All have had a thorough factory test, action regulated and put in the very best condition, and we mark the prices from \$90.00 to \$145.00 while they last. VISITORS WELCOME AT OUR WAREHOUSES. THE WILLIAMS & SONS CO., R.S. 143 YONGE STREET

PRINCIPLE IS DEFENSIVE PARIS FORECAST OF TREATY

New Anglo-Jap Alliance is Widened to Include India—French Status Quo is Undisturbed.

Paris, Sept. 7.—Although copies of the Anglo-Japanese treaty have not yet reached the powers, its principal changes from the former treaty are known in diplomatic and official quarters. One of the highest of these says that the principal new features are the following: First, the provision in the old treaty making the alliance applicable only to the Chinese littoral is changed so that the new provision applies to all Asia up to the line crossing Persia from north to south, including the entire degree of east longitude. The significance of this change is the inclusion of India, and Indo-China, where France has suspected Japan of having designs. The effect of the change tends to preserve the present status quo of French authority in Indo-China and the status quo in India.

ADVENTURES WITH CARS. Wheelman Caught Between Two—Man Knocked Down. Stanley Roberts, 292 Yonge-street, had his hand and leg gashed at Queen-street and Beacomb-street yesterday. He passed behind one car and was struck by another going in the opposite direction.

HOBAN DIES OF STAB WOUNDS. Victim of Italian Stiletto Succumbs at Emergency Hospital. With his sorrowing relatives his wife, his mother, his sister and brother at his bedside, John Hoban, the man who was stabbed by an unknown Italian outside Glionna's Hotel, in the Ward on Monday night, died last evening in the Emergency Hospital.

DIES FROM LOCKJAW. Four-Year-Old Girl Steps on Nail and is Dead. Kingston, Sept. 7.—(Special.)—A case of lockjaw, the first in this district for ten years, has just resulted fatally.

POOR CRONJE ISN'T PAID. Will Have to Sue for Salary Due in Show Business. New York, Sept. 5.—General Piet Cronje surrendered after the battle of Paardeberg in the Boer war show at Brighton Beach for the last time last night when John C. Vaughan, the president of the Clay Amusement Company, which has been operating the show for the last five weeks, announced that the show would disband.

WHAT DOLLARS CAN'T DO. Boston, Sept. 7.—Rev. W. J. Dawson, the London evangelist, arrived from Liverpool to-day to begin a second revival tour in America. He said: 'The religious revival in Wales is only an extreme example of what is going on all over the world. The people are finding out that dollars are not giving them the satisfaction that is lasting.'

Up to Local Courts. Ottawa, Sept. 7.—The department of justice has received no representations in regard to the disposition of a man named Collins, whose extradition is asked by the United States authorities. As was pointed out in the Cagayon-green case, the department's policy is not to interfere in extradition cases, but to allow the local judiciary to deal with them.

Nature Made Wheat Wheat Makes Men. One of the marvels of Nature's Wonder-Work—All Elements of the Human Body Contained in a Grain of Wheat. Nature has done many wonderful things, but perhaps nothing more wonderful than when she brings forth from the earth the grain we eat, wheat. In many products of Nature are found two or three of our elements of food, but in wheat there are fifteen different food elements. Every one of these fifteen different elements is necessary for the proper sustenance and up-building of the human body.

FILES. Dr. Chase's Ointment is a certain and guaranteed cure for every form of itching, burning, and stinging skin disease. See testimonials in the press and ask your druggist for it. It is sold in every part of the world. Dr. CHASE'S OINTMENT.

CUSTOMER MUST BE SATISFIED

That's our rule. It does not matter whether it's a \$3.50 Cap for a child, or a \$500 Russian Sable Scarf for a lady, the customer must be satisfied before we deliver the goods. Our absolute guarantee goes with everything we sell. We call your attention again to the fact that we buy all our furs direct from the trapper, and manufacture all our garments on the premises. That means one profit only and the use of fur that has not been picked over.

Some specials are: Fur-lined coats for ladies \$35. Empire Mink Muffs for ladies \$40. Special for men, our muskrat-lined Overcoat, with large otter collar and lapels \$50. We might mention that last season we disposed of 850 of these popular coats. There is no better value on the continent.

Do not neglect to visit our big showrooms.

Cotton Consols.

Marshall, Spader & Co. wired J.G. Besty (King Edward Hotel), at the close of the market to-day:

The failure of Liverpool to show even casual strength removed about the only incentive to support which the market was expected to have this morning, and a raw, featureless situation developed with

Fire at the Home of J. J. Gashore.

The fire brigade had a lively run last night to a supposed fire at the residence of J. J. Gashore on Eglinton avenue. The residence of the bridegroom was shown in the speed made in getting to the fire, which was nearly a mile from the fire-alarm station. The fire was extinguished in fifteen minutes and discovered that there was a party being held and a large bonfire had been made in celebration of the event. The owners of the horses who pulled the rigs to the fire, it is expected, will be remembered by Mr. Gashore.

The town school board met last night and held a very lively session.

Several passages at arms between Trustees Howe and Brown occurred during the evening, and Chairman Stirling had considerable difficulty in keeping the meeting in order.

The home of contention was as to the establishment of continuation class at the Eglinton school. Trustee Howe argued that the movement was the thin end of the wedge to introduce a high school in the town, and that a matter of this importance, which would involve at least a mill on the dollar, should be consented to by a vote of the people before being proceeded with. Trustee Brown said that the trustees had nothing to do with the matter. He was there as their representative, and was prepared to act without further consultation with them. The matter finally divided down to the engagement of a second class certificated assistant and this with the opposition of Trustees Howe and McCormick, was carried. It was proposed to establish a night school once a week at 25 cents per pupil per week, but a list of the likely attendants will have to be picked before this question will be decided on.

A Chatterley, caretaker of the Davisville school, tendered his resignation

which was accepted by the board. It was decided to hold a union picnic of the town school children at Scibbard's grove on Tuesday next.

Mount Dennis.

On Sunday next the new Methodist

the advantage rather in favor of those interests working for a decline.

The Atlantic coast announced no decision up to this writing on the proposed price limitation, but a report was issued from private sources stating that the crop estimate had been made of 9,000,000 bales. The estimate of the crop was reported from the same source at 7.5.

The market, however, displayed no animation on this news and remained undisturbed by this and private reports of damage from various sources.

The weather map to-day was favorable and private advices from San Antonio suggest some improvement in the crop of that section as a result of lower temperatures and lighter frosts.

The forecast for to-night is for lower temperatures and scattered showers. Today cotton markets it ought to sell much lower.

YORK COUNTY AND SUBURBS MARKHAM BOY IS MISSING

Martin Ramer Left Home Night of August 30 and His Whereabouts Are Unknown.

Markham, Sept. 7.—Martin, the 16-year-old son of Daniel Ramer, 714 Commercial street, Markham, disappeared from home during the night of Aug. 30, and has not since been heard from. The stream which runs thru his father's farm has been dragged, and the woods in the neighborhood searched, but with no avail. The boy is very dark of complexion, 5 ft. 9 in. tall, weighs 145 pounds, and at time of leaving home he wore cotton-colored pants, a grey coat and vest, black fedora hat and had a school satchel and extra sock and pants. He had only \$1.00 on him.

Leonard Johnston of Markham met with a serious accident yesterday by having his shoulder slightly crushed and head cut by a threshing machine. He will be confined to his house for two or three weeks.

Toronto Junction.

Toronto Junction, Sept. 7.—Beneath a beautiful floral arch in the drawing room of the bride's sister, Mrs. Tran, 55 Edmund street, at 3 p.m. to-day, Miss Margaret Liddell, daughter of Mr. and Mrs. James Liddell of Whiteville, Ont., was united in marriage to Alexander Reid. The ceremony was performed by the Rev. Dr. Sawbridge of Collegiate Baptist Church. Miss Alice Liddell, sister of the bride, was bridesmaid, and Walter Reid, brother of the groom, was groomsmen. The room in which the ceremony took place was beautifully decorated in white. The bride was presented with a handsome music cabinet by the choir of Congregational Baptist Church, and with a pair of pictures by the congregation. Mr. and Mrs. Reid held their honeymoon for Muskoka, where the honeymoon will be spent. On their return they will reside on Dupont street.

Mr. Murray, the well-known driver, while bringing a load of live stock to the Western Cattle Market, Toronto, on a C.P.R. freight train to-day fell off the platform, injuring his face. One of his lower eyelids was torn completely off. Although very painful, his injuries are not serious.

A young married man named Murray, lately out from Scotland, was working on an engine in the C.P.R. shops to-day when a heavy rod fell and pinned him to the floor, spraining his ankle and bruising his foot badly. He will be confined to his home at 92 Polham avenue for some time.

A meeting is to be held in Mayor Smith's office next Monday evening to organize an association football team. Mr. and Mrs. Ab. Windsor of Listerwell are the guests of Dr. and Mrs. A. T. MacNamara, 108 Davenport street. W. G. St. John son and daughter, of Sunderland, are the guests of Mr. and Mrs. W. J. Dalton, 112 Edmund street. H. Fuller of Wingham and H. E. Karn of Woodstock are the guests of Mr. and Mrs. Conrad Miller, 38 Carlton place.

Mrs. Gamble and her son of Hespler are the guests of the former's daughter, Mrs. Miller of East Amherst street. Dr. and Mrs. A. H. Perfect of West Amherst street have returned home from Fort Carleton.

Fire broke out in some paper in the rear of the Campbell block to-day, but it was put out by Fire Chief Robinson before any damage had been done.

One million five hundred thousand brick have been purchased for the new abbatory now under erection for Gunn Bros. Limited.

Three Ambrose Woods' Liquor Store deliveries twice daily to Junction in closed packages. Telephone Park 44.

North Toronto, Sept. 7.—A court of revision for water mains on Hawthorn and Smith avenues was held last night. There was no objection to the improvements and the work will be proceeded with immediately.

The fire brigade had a lively run last night to a supposed fire at the residence of J. J. Gashore on Eglinton avenue. The residence of the bridegroom was shown in the speed made in getting to the fire, which was nearly a mile from the fire-alarm station. The fire was extinguished in fifteen minutes and discovered that there was a party being held and a large bonfire had been made in celebration of the event. The owners of the horses who pulled the rigs to the fire, it is expected, will be remembered by Mr. Gashore.

The town school board met last night and held a very lively session. Several passages at arms between Trustees Howe and Brown occurred during the evening, and Chairman Stirling had considerable difficulty in keeping the meeting in order.

The home of contention was as to the establishment of continuation class at the Eglinton school. Trustee Howe argued that the movement was the thin end of the wedge to introduce a high school in the town, and that a matter of this importance, which would involve at least a mill on the dollar, should be consented to by a vote of the people before being proceeded with. Trustee Brown said that the trustees had nothing to do with the matter. He was there as their representative, and was prepared to act without further consultation with them. The matter finally divided down to the engagement of a second class certificated assistant and this with the opposition of Trustees Howe and McCormick, was carried. It was proposed to establish a night school once a week at 25 cents per pupil per week, but a list of the likely attendants will have to be picked before this question will be decided on.

A Chatterley, caretaker of the Davisville school, tendered his resignation which was accepted by the board. It was decided to hold a union picnic of the town school children at Scibbard's grove on Tuesday next.

Mount Dennis. On Sunday next the new Methodist

UNCLE SAM OWNED FAIR

Continued From Page 5.

stood the best and proven itself easily "the best by every test." The Wrought Iron Range Company are the manufacturers of this famous stove, and using malleable iron and wrought iron, they have succeeded in placing a range on the market that is far in advance of other makes. Their hotel range is of complete production, and is successfully used in many of the leading hotels and institutions throughout the country. The display shows many varieties, and every person should visit it.

The Big 3 Shoe Polish. The boots of the Domestic Specialty Company in the manufacturers' annex continue to present a busy building appearance. The company, to advertise their celebrated shoe and stove polishes, have on exhibit a big box of shoe polish, and to the person who estimates nearest to its weight will be given a good sound pony suitable for old or young.

Bachly's Preserved Fruits. The ladies continue to be attracted to the display of preserved fruits exhibited by C. E. Bachly & Co. in the women's building. Preserved pears, peaches and apples, prepared in the preserving of these fruits, with admirable results. No cooking is necessary, and the parcels are proving a great boon to housewives.

Where Brass is Bright. The display of the James Morrison Brass Manufacturing Company, Limited, in machinery hall, is most complete and is visited by thousands daily. A large conservatory fountain with a large nickel plated brass and copper structure is much admired. Conspicuous in the exhibit is a handsome chandelier and table decoration, finished with electric light bulbs and mica shades. Those in search of new ideas in brass goods should call and view this display, which they will find complete in every respect.

These Famous Biscuits. "Where is Christie's exhibit," is heard on every side on approaching or entering the manufacturers' building. This display, located near the east end of the building, has been a constant source of attraction for thousands who visit the fair. The name of Christie & Co., Limited, has been so long before the public in the most favorable light, that the interest created by their display is not to be wondered at. Realizing the value of display advertising this company have made a most elaborate showing. Their exhibit being easily one of the leading features of the manufacturers' building. Many new varieties of biscuits are being played this year, and the housekeeper in search of new things for the table should call and see this array of delicious creations.

Are the Glass Blowers. A tent which will continue to attract crowds until the close of the exhibition is that of the O. E. Johns glass blowers in the midway. The tent is most interesting and instructive, and visitors should not miss the opportunity to view this wonderful exhibition.

An Improvement in Doors. With the marked advancement made in recent years in the substantial and artistic fittings for private houses and public buildings the Gilmour Door Company, Limited, is to be congratulated for the fore. Their exhibit is located in the transportation building on the second floor, and no person who is in the building should fail to visit it. A full and complete line of handsome veneered doors in rare and beautiful materials that could not be improved by the appearance of any building is shown. Beauty of design and strength of construction has been aimed at in these creations, and the result obtained leaves nothing to be desired.

The Intercolonial Exhibit. The Intercolonial Railway of Canada has succeeded in creating an exhibit that is attracting the marked attention of the thousands of visitors who are visiting the fair. The exhibit, located in the Intercolonial building, is the most celebrated resort in the country. Mr. A. H. Barlow, the general representative in charge, was a very busy person yesterday, giving out information to the host of interested American and Canadian visitors.

Invitation to Visitors. The thousands of visitors in town will find it worth their time before returning home to call at the handsome piano warehouses of the old firm of Helmsman & Co., 115-117 West King street. The large range of pianos there to be seen. These include beautiful grand pianos in concert grands, baby grand pianos, uprights and traveling pianos. The warehouses of this house are being enlarged to a point capable of a display of one thousand pianos.

Most Creditable Exhibit. The display of the Henderson Roller Bearing Company, in machinery hall, which has been viewed by many thousands during the exhibition, clearly presents a thoroughly progressive and going concern, the policy of the company being to do rather than to hope to do. The exhibit is protected by the best legal authorities in the United States, for a broad and substantial protection for the Interstate. The Henderson Roller Bearing Company is thoroughly satisfied with the results of the exhibition. Many orders have been booked and delivery while the merits of the bearings have become more broadly recognized. It is the intention of the company to deliver to the Westinghouse pair at London, where several years past its exhibit has been a great centre of attraction.

Weston. Weston horsemen were very successful at Toronto Exhibition. J. T. Farr carried off first prize in the stallion trot; J. M. Garshore exhibited four horses and captured four prizes—two firsts, one second and one third—and Mr. Hogate exhibited four hackney stallions and was awarded three prizes. The Weston High School opened this week with the largest attendance of students in its history.

Dr. Hackett, the well-known dentist, has returned home after a two weeks' drive with his father, during which Orangeville, Owen Sound, Southampton and other points north and west were touched. "I haven't spent a more enjoyable holiday in my life," said the doctor "in morning, and he looks fit."

The exhibit, located in the Intercolonial building, is the most celebrated resort in the country. Mr. A. H. Barlow, the general representative in charge, was a very busy person yesterday, giving out information to the host of interested American and Canadian visitors.

The New Fall Hats for Men

The average man likes to pay from 2.00 to 2.50 for his new hat, and that is the price we make a specialty of in the Men's Hat Department. Only our hats of that price have this advantage added to them—they are hats which smaller, exclusive or more extravagantly managed stores charge considerably more for. Drop in and see the new styles for this Fall.

Christy's Famous English Make Derby and Fedoras. Hairs, extra fine quality fur felt, newest fall and winter styles, colors black and brown, usual price \$2.50, our price, Saturday 2.00
