Is It Laurier Strategy To Strengthen Cabinet By Forcing Removals?

One Interesting Conjecture as to the Hidden Motive for Springing the Civil Service Report—and Other Things.

QUEBEC CONSERVATIVE WHO MAY BE WON OVER

MONTREAL, March 27.—(Special.)—A gentleman who came here this evening from Ottawa, and who has good sources of information, says he believes that Sir Wilfrid Laurier is deliberately making all the moves these days with a view of very extensive reorganization of the government.

BRODEUR WON'T QUIT.

At Least Not Until His Character is Vindicated.

OTTAWA, March 27.—(Special.)—Why should the minister of marine be surrounded by enemies? This was a question asked by a Liberal member at the caucus for the party this morning, and which remained unanswered.

ROTTSCHILD RESIGNS.

Cannot Attend Board Meetings of Grand Trunk Pacific.

MONTREAL, March 27.—(Special.)—The Star's London correspondent cables as follows: Hon. N. Charles Rothschild, who represented the great banking house of Rothschild on the Grand Trunk Pacific, has resigned from the board.

MURDER IN CHINESE QUARTER.

NEW YORK, March 27.—A street murder, which is believed to have been an outgrowth of the recent trials of a number of Chinamen for murder in Boston and Philadelphia, threw the local Chinese quarter into intense excitement for some time this afternoon.

FELT AT WASHINGTON.

WASHINGTON, March 27.—Two great earthquake shocks were recorded at the weather bureau last evening. Four excellent records of each shock were obtained, in which all the details of the phenomena are shown with great distinctness.

Government May Conduct Appeal.

It is very probable the government will appeal against Justice Britton's decision in the Collingwood river license case. The argument made by John Birnie, K.C., did not do justice to the view taken by the government, in the first place, nor present the question as it was understood. The decision given entirely defeats the object that was contemplated.

BATTLE CRV WILL BE CALLED OFF RAILWAY

West to Be Baited by Hudson Bay Line—East by Georgian Bay Project.

MONTREAL, March 27.—(Special.)—The statement is made in this city that the federal government will go to the poll during the coming fall on the question of building the Georgian Bay Canal and the Hudson Bay Railway, the belief being that the first will be as popular in the east as the second project is known to be in the western provinces.

It is said that when Hon. Mr. Fielding stated in the commons that some of the proposed enterprises would have to be postponed for a while, he had no reference to those two schemes, and that before parliament is prorogued, there will be evidence to the effect that the present ministry has serious intentions of launching those two great projects before the country, and that in this manner a monster campaign fund may be forthcoming.

WILL COST MILLIONS.

There is also a charter possessed by Montreal parties for the construction of the railway, and in fact those people claim that theirs is the only valid charter for the Hudson Bay road in question. It is estimated that the canal will not cost less than \$120,000,000, and that the estimate of the cost of the Hudson Bay road will be in the vicinity of \$30,000,000 per mile, the official information at hand going to show that prairie country is encountered within 120 miles from the coast.

Prominent Speakers at the Ontario Motor League Banquet Refer to Pending Measures—The Right to the Road.

The prevailing sentiment expressed at the banquet of the Ontario Motor League held at the National Club last night was one of warm resentment against automobile legislation pending in the Ontario Legislature. The chair was occupied by T. A. Russell, and the gathering was a large and representative one.

BRIDGE JUMPER AT 17.

Despondent in Love Affairs, Leaps From Brooklyn Bridge to Death.

NEW YORK, March 27.—Another was added yesterday to the long list of Brooklyn Bridge jumpers—and was the youngest who has taken the leap. He was Edward J. Dittmars, the 17-year-old son of Dr. James G. Dittmars, a physician, residing at No. 538 1-2 Sixth Avenue, Brooklyn, and a man of prominence in the neighborhood.

Mexico City Shaken.

MEXICO CITY, March 28.—Investigation shows that four persons were injured during the earthquake, one probably fatally. Injured in Sham Battle.

VANCOUVER, March 27.—(Special.)—In the sham battle last evening at the military tournament, one of the six Royal Canadian Mounted Cavalry men were injured, one named Henry Alder seriously, by the loss of a bullet. Ammunition had been supplied in the regular way, but it was not of the type generally used for blank firing. It was old mark IV. ammunition, with dum-dum bullets reloaded, but the brass caps were of the type in almost every case flew off, making combat too real to be comfortable.

20,000 SOLDIERS WILL GO TO QUEBEC

Troops Will Be Massed at the Citadel Instead of in the Annual Camps

OTTAWA, March 27.—(Special.)—Sir Frederick Borden made an important statement in the house to-day with regard to the participation of militia in the tercentenary celebration at Quebec in July next. He said it was proposed that about 50 per cent. of the militia, or about 20,000 men, should go to Quebec.

As far as the western battalions were concerned, it would, of course, not be expedient to transport half the strength of the battalions east, but Ontario, Quebec and Maritime regiments would be represented by 50 per cent. There would be no recruits and with regard to the rural battalions, the tercentenary exercises would constitute their annual drill.

The vote of \$300,000 for the tercentenary would not be used for the militia display at Quebec.

Dr. Reid asked why the cost of militia had doubled in ten years. The minister replied that the militia and Esquimaux forces had been taken over, the pay of the men had been increased, and there was a larger force. The cost per man at the annual camp was \$1.50. The house then went into committee of supply.

In the militia department Mr. Foster thought it was a mistake for last year's annual drill required explanation. Sir Frederick Borden explained that \$65,000 was for railway accounts for carrying the troops. A large amount was for the pay of Toronto and Montreal corps.

"Any kicking?" asked Foster. "No," replied the minister. The city regiments funded the money and did not mind waiting. Then \$81,000 was withdrawn from the general appropriation and this had to be provided for. Parliament, observed Mr. Foster, was getting to be a farce when this thing could be done.

Defends the Douks. A further vote of \$125,000 for general immigration expenses was next discussed. George Taylor read the report of the farmers in Yorkton district contradicting statements of the minister of the interior and Dr. Cash. The Doukhobors led annual camps, carrying desirable settlers. Dr. Cash declared the Douks were a clean living people, men who were goodly and law-abiding. A large amount was for the pay of Toronto and Montreal corps.

Who will buy the Spanish River Pulp Company? Mr. Rhinlander of Rhinlander, Wisconsin, head of the Rhinlander Paper Company, is in the city, representing large United States interests, in an effort to persuade the Ontario company to waive its claim to a \$100,000 deposit made some months ago, and negotiate for new terms of sale.

This deposit was made with the Spanish River Pulp Company by A. G. Edla, a former partner in the Rhinlander concern. The time for the completion of the deal has expired, and owing to the depressed market in the pulp market in the United States the Rhinlanders were unwilling to put up the balance of the purchase money—about \$2,150,000.

At a meeting of the Spanish River Pulp Company, held on Saturday last, the concessions of the Spanish River pulp company was granted the right to cut pulpwood five miles on each side of the river for fifty miles. But the river runs only about fifteen miles, and the company does take into account the numerous tributaries. The company does take into account the tributaries, and claims five-mile rights on both sides of each and every tributary.

In figures, the rights given to the Spanish River Pulp Company constitute 150 townships. Each township contains 36,000 acres, and it is estimated that each acre will yield five cords of pulpwood. This means that the company has been given 17,550,000 cords of pulpwood. Pulpwood will easily sell at \$4 a cord at the mill, so the estimated value of these concessions is \$70,200,000. A pretty tidy sum.

The Spanish River Pulp Company has a mill and a dam on its river party. The company's first dam was built at a cost of \$250,000, but was swept away because it was founded on quicksand. Another dam and a mill have been erected at a cost of \$250,000.

Some very prominent capitalists and publicists are represented among the shareholders of this company. Will Mr. Rhinlander of Wisconsin be there?

Such is the story given The World by its informant, but O. B. Sheppard, one of the shareholders of the Spanish River Pulp Company, says he does not know that Mr. Rhinlander is in town.

Johnson's Statement. ST. PAUL, Minn., March 27.—Gov. John A. Johnson of Minnesota to-day made a specific declaration that while he has done nothing and will do nothing towards procuring for himself the Democratic nomination for president, he will not refuse the honor if it is tendered him.

Local option was defeated by ten votes in Shawville, Quebec.

SOUR MILK THE ELIXIR TO ENSURE A LONG LIFE

Chicago Priest Says Bible and Science Direct Him to Secret of Longevity.

CHICAGO, March 27.—Samuel Fallows, bishop of the Reformed Episcopal Church and founder of Christian Psychology—a combination of faith and medicine—now in his seventy-third year, believes that men ought to be in their prime at eighty and live to be 120 years old.

He has discovered that the antidote for this condition is sour milk. The sheaths of the arteries are softened by the milk. The principle, he says, is as sound as the virus theory in hydrophobia and antitoxin and vaccination for other ailments.

"Metchnikoff declares that sour milk or pure buttermilk should be drunk twice or three times a day.

"He declares that fifty years ago he added to the lives of aged persons if they did so. Now in the Old Testament, just after the flood, the prophet of God said: 'And the days of man are 120 years.'

"It was centuries later that the psalmist said: 'The days of man are three score and ten years.'

"Now, as to the scientific theory. Research has proved that the multiple of adolescence in animals is six. That is, they ordinarily live six times the length of their infancy. Man reaches maturity at twenty years. Multiplying that by six gives 120 years, the natural age of man, according to the laws that govern animals of the lower orders.

"Now, with man the multiple is only three and a half—that is, if he reaches maturity at twenty he has lived almost a third of his existence according to the present standard and length of life.

"This is not natural and the reason why man does not live naturally and does not take the proper precautions until too late."

CONSERVATIVE MEMBERS DODGE POWER QUESTION

Large Attendance at Meeting of Conservative Club—First Regimental Parade.

HAMILTON, March 27.—(Special.)—H. Ferguson, M.L.A., Leeds and Grenville, and Hugh McDermid, M.L.A., West Elgin, addressed the Conservative Club this evening.

In spite of the storm there was a large attendance. Mayor Stewart presided, and a vote of thanks to the speakers was moved by George S. Lynch Staunton, K.C., and J. W. Lamoreaux.

Both speakers ignored the power question, but gave many reasons why the Whitney government should be returned to power.

The thirteenth regiment turned out 511 strong this evening for the first spring parade. Captain Fearman was presented with a long service medal.

Will Appeal From Judgment. The temperance people of Saltfleet say they will appeal from Justice J. G. O'Donoghue's decision quashing the local option bylaw.

A. C. Beasley this morning, acting for John Pitt, filed a caveat against the will of his wife, on the ground that it was made in proper will.

Judge Monck and William Bell, K.C., of the conciliation board, which heard the troubles of the street railway employees, will bring in a report against the men, claiming that they have not proved that the company discriminated against the union, and that the company was justified in discharging John Theaker because he violated the rules of the company.

Frank Mercer's Story of His Sale of Fine Shoes

Just a few more days--good things can't last forever.

When you find your shelves loaded up, your store-rooms and basement crowded with shoes--and your Spring Shoes coming in--there's only one thing to do.

We're doing it--and like all trade dilemmas with real intentions behind--we are doing things with energizing thoroughness.

I am not giving these shoes away--but I am selling them for less than they cost me because I must have the room and I must have the money for my new spring models...

In the Bargain Bins you'll find shoes that will fit you. We've placed them so you can help wait on yourselves.

For Men: I am selling \$4 and \$4.50 shoes for \$2.50, and \$5 shoes for \$3.50; the \$6 and \$7 shoes for \$3.95.

For Ladies: Smart and clever American shoes that were \$3.50 and \$4, for \$2.50; \$4.50 shoes for \$2.95; \$5 shoes for \$3.45.

The makers insisted that I should take off the name stamp on these shoes--so they go forth nameless, but every bit as proud as if they bore the highest title.

ALDRICH CURRENCY BILL PASSED IN U. S. SENATE

Important Clauses Providing for Emergency Circulation—Reserves and Circulation.

WASHINGTON, D.C., March 27.—The Aldrich currency bill was passed by the United States senate to-day by a vote of 45 to 16, in the main a party vote.

An interesting feature of the passage of the bill was a reiteration by Mr. Aldrich of his promise to bring in a bill for an investigation of the entire banking system of the country with a view to instituting reforms.

As passed the bill provides for not more than \$600,000,000 of emergency currency to be issued by national banks upon deposit by them of state, county and municipal bonds to be approved by the secretary of the treasury.

The bill provides that national banks shall pay not less than one per cent. on government funds deposited with them.

An amended to-day the bill carries an important change in banking laws relating to bank reserves. The amendment provides that one-third of the reserve required to be kept by banks not in reserve cities, four-fifths is to be kept in the vaults of the banks and one-third can be in the form of securities of the kind required.

RUSSIA'S DEFENCE. Douma Will Approve of Plans Proposed by Count Witte.

ST. PETERSBURG, March 27.—At a secret sitting of the council of the empire to-day Count Witte presented a report concerning the naval grants and the Amur Railroad project.

Count Witte, contrary to the opinion of the premier, M. Sipyin, is convinced that the refusal of the douma to grant credit will not diminish the prestige of Russia, which must carry out a defensive policy in the Baltic and Black Seas which are not sufficiently protected by the existing forces, especially the fortifications, and also in regard to the far eastern possessions, the defence of which has been considerably weakened since the war.

Concerning the Amur Railroad, Count Witte demurred at the suggestion of the Empress of Ireland, due in Halifax this week, 1503 passengers; the Montreal, Antwerp, 1162 passengers; and the Amur, 1000 passengers.

REAL REDISTRIBUTION ON A CENSUS IN 1910

Premier Whitney Foreshadows It—Quiet Day in House—T. & N. O. Affairs.

Premier Whitney declared yesterday in the redistribution committee that with a census seven years old there was no justification for going over the coming and a new census in view more serious agrarian activity may be expected, was an inference drawn by the members.

Few changes were made in the list already passed. Ottawa is divided in two, four wards in each division across the Rideau Canal. Mechanicsville appears to be in suspense for the present, neither in the city nor the county. Mr. May said that the east division would be Catholic and the west Protestant, but it was passed in the meantime.

The Huron ridings and Toronto were left over for the present. Fort Francis will be known as Rainy River.

The legislature yesterday concurred in the report of the committee of supply. A vote of \$600,000 was passed at the opening of the session. This has been almost exhausted. By an order-in-council after the estimates have been concurred in the government can use the money voted. The report covered practically the whole of the estimates. The litany-like ceremony between the Speaker and the clerk of reading the 10 votes was nearly all the business done.

Hon. Mr. Matheson stated in reply to D. J. McDougall that the T. and N. O. Railway had spent on capital account to date \$12,177,384. The commission had sold no bonds. It had no indebtedness to any bank. The total revenue for last year from freight and passengers was \$79,257, and from other sources \$35,134. The total expenditure was \$64,412; \$2,617,485 for all other purposes. No interest was paid by the commission on bonds, but the government paid \$293,744 on this head, including sinking fund, for which \$235,090 was received from the railway on account of net earnings.

Premier Whitney's resolution was carried giving government orders precedence for the balance of the session. This is one of the signs of the last days.

A dozen of private bills were given second readings.

SMALL PRICED STOCKS ARE ENQUIRED AFTER

Red Rock and Green-Meehan in Further Demand—Other Issues Are Firmer.

World Office, Friday Evening, March 27. The small-priced shares were again in most enquiry at the mining exchanges today. The news that work had been started upon the Red Rock instigated speculative purchases of these shares, and also caused more enquiry for Green-Meehan, which is an adjacent property. Nipissing was firmer at New York, and investment purchases of the stock were continued by Canadians. Tretchewey and Foster were firm at advances, but sufficient offerings were present to prevent any important movement. A general all-round demand for mining shares was in effect to-day, but clients are restricting their orders to set prices and many were unfulfilled owing to this stipulation. Law-son's venture in gold mining shares is expected to stimulate purchases of Cobalt securities.

TOWN LOTS SOLD WELL

T. & N. O. Commissioners Attend Sale at Mathieson.

COBALT, March 27.—(Special.)—Chairman J. L. Englehart of the T. & N. O. Railway commission, together with Commissioners Fred Dane and Dennis Murphy, accompanied by J. H. Black and Engineer McCarthy, spent part of the day in Cobalt, leaving by the private car Tenslakaming at 3 p.m. The party were returning from McDougall's Chutes, now named Mathieson, where they had attended a very successful sale of town lots.

Bradstreet's Trade Review.
Montreal, March 27.—Bradstreet's report shows little actual change in the volume of business here during the past week. While a few warm days have the effect of increasing some movement, the weather was not sufficiently settled to bring about any important improvement. The drygoods sorting trade is beginning to broaden. Travelers are out and report fair to good prospects, but orders are for immediate use, and are not large. Outside work is becoming more general, and the demand for hardware is showing improvement. Stocks of general lines are reported light, and good orders are looked for. Reductions in shovels and wire nails have not resulted in much increased business. The movement of groceries shows a better tone. Teas continue firm. Wholesalers are making an effort to cut out the sale of 25c package teas on account of the advance in foreign markets. Industrial concerns here are reported to be showing more satisfaction at the outlook, and there has been some decrease in the number of unemployed. Country trade is fair, altho it will not be heavy until seeding operations are over. Produce is coming forward fairly well and prices generally hold steady. Hides and leather are still quiet, with prices about unchanged.

fairly well and prices generally hold steady. Hides and leather are still quiet, with prices about unchanged.

Toronto reports: Cool weather has held back the spring trade in drygoods, and the volume of business is well behind that of a year ago. A sorting trade, however, is expected to spring up as soon as warmer weather really sets in. Stocks in retailers' hands are light and some better orders are already coming forward. There has been a good business in Canadian iron and steel, and in almost all lines prices are firm. Hardware is showing a strong tone. Most lines are in rather better demand. There has been increased activity in building operations here and in most parts of the province, and as a consequence the demand for builders' hardware is improving. Country trade has been fair. Prices for grain and other produce have held up fairly well, and deliveries are about steady. Hogs and poultry are quiet and easy in tone. Collections continue moderately good.

SUSPECTS FOUL PLAY.

Mother of Dead Groceryman Has Body Disinterred.

MONTREAL, March 27.—(Special.)—Thomas Martin Brennan, who kept a grocery store at the corner of Waverly and St. Bernard-streets, St. Louis de Mile End, was found lying dead in the rear of his store on Monday morning, March 16. It was thought at the time to be a case of death from natural causes and the body was interred. However, he was not satisfied that her son died from natural causes, being of the opinion that he had met with foul play. Sensational statements were made by her and to-day the attorney-general ordered the body exhumed.

It was removed from the cemetery and taken to the morgue, where Dr. D. D. McTaggart and Dr. C. A. Dugas, government medical examiners, will make an autopsy to ascertain the cause of death. The inquest will be held to-morrow morning.

CATHOLICS CONTRIBUTE

To New Presbyterian Church in Quebec Village.

MONTREAL, March 27.—(Special.)—A Presbyterian church, partly built by Roman Catholic subscriptions, is a unique demonstration of the kindly feelings existing between the two creeds.

The church is a new one at Laprairie, built to replace a smaller church that was pulled down, and it is now the only Protestant church in the district. It is proposed to hold a day school in the church building, and when the Roman Catholic residents in the village heard that the new church was to be built, they asked to be permitted to contribute.

PASSSED FRENCH TREATY.

Senate Grants One Divorce—Another Recommended.

OTTAWA, March 27.—(Special.)—The French treaty was given its third reading in the senate this afternoon. The senate divorce committee recommended to-day that a decree of divorce be granted Mary Alexander of Toronto from Edward E. Alexander. Ada H. S. Pauiding of Toronto was granted a divorce from Frederick William Paulding.

Baseman is Found Guilty on Perjury Charge.

In the session yesterday Rupert Baseman was found guilty of perjury in connection with a suit for damages brought against the Toronto Railway Co. William Steele pleaded guilty to perjury in the same case and testified that he had done so at Baseman's request. Harry Horowitz gave similar evidence and will be tried to-day on the charge of perjury, which has linked the three young men.

MOIRA RIVER CAUSES TROUBLE.

BELLEVILLE, March 27.—Owing to the breaking up of the ice in the River Moira the water has risen considerably, and there is a flood of serious proportions at present.

The ice from up the river came down this afternoon, and the water rose so high that many front-street cellars were flooded and furnaces put out.

Hired Man Disappeared.

ORANGEVILLE, March 27.—(Special.)—W. Rawn, a Caledon farmer, went off to a wedding in Ballycroy and also when he returned he found that a room in which he kept clothing and valuables had been broken into. A number of coats, radifacs, and other articles were missing. He also found the hired man, a youth of 18, Reid Parker, who came from Bruce Mines.

New Rector at Chatham.

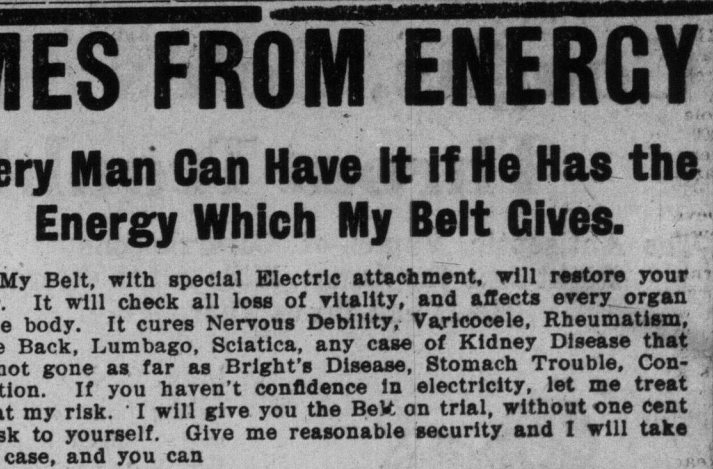

WINGHAM, March 27.—Rev. T. S. Boyle, M.A., B.D., rector of St. Paul's, has been unanimously elected rector of Chatham, and has been appointed to that position by the Bishop of Huron.

FARMER ARRESTED.

Alleged to Have Sold Chattels Covered by Mortgage.

ORANGEVILLE, March 27.—(Special)—Thomas Ferguson, a farmer of Amaranth Township, was arrested at Shelburne for theft.

Ferguson had given a mortgage for \$1500 on his chattels to Mrs. Vance, wife of George M. Vance of Shelburne. It is alleged that he then sold some of his cattle without Mrs. Vance's knowledge.

Before Judge McCarthy to-day Ferguson pleaded not guilty and was remanded till May 1, being released on \$2000 bail.

**Coughs, Colds
Throat Troubles**

The Antiseptic Vapor of Catarrhzone is Inhaled Right Into the Lungs, Kills All the Germs, Heals and Cures Thoroughly.

MRS. G. P. M'CLUSKY, writing from Salt Lake City, says: "About a year ago I felt very poorly, and was completely worn out with a cough that racked me all to pieces. I had a high temperature, too. I consulted my doctor, who discovered I had weak lungs. He ordered me out to Colorado, where I first heard of Catarrhzone. So many were using it that I bought a large package, and inhaled it probably twenty times a day. It would be impossible for me to tell how much Catarrhzone did for me. In one week it stopped my cough completely, and it was not very long taking every bit of soreness out of my throat. The antiseptic vapor came home in seven months a 'cure.' My doctor says Catarrhzone is a marvel, and of the greatest assistance in lung trouble."

Every form of Catarrh; Asthma, Bronchitis, Lung and Throat trouble is curable by Catarrhzone. Two months' treatment costs \$1.00. Sold by all druggists, or sent to your home by mail if price is forwarded to N. C. Polson & Co., Manufacturing Chemists, Kingston, Ont., Canada, or Hartford, Conn., U.S.A.

GRAY'S AND MILNE'S DAMS GO OUT IN SPRING FLOOD

York Township Millers' Heavy Loss—North Toronto Citizens Are Aroused.

TORONTO JUNCTION, March 27.—Now that the good old Town of Toronto Junction is about to pass into the chronicles of history and give rise to the City of West Toronto, it would behoove the people in general to begin getting acquainted with the new name. It will no doubt be many years before "The Junction" is forgotten, but nevertheless the new name will gradually come into favor and become quite familiar.

Foreman Looked Swell. Another sign of spring was in evidence to-day when Street Foreman Moon, attired in a splendid new suit of clothes, was at the helm directing his men in cleaning up the new pavement on Dundas-street. These operations will from this time forward be going on nape and a sweeper is an absolute necessity, and should be procured as soon as possible. The one spring day last week made the dust blow in all directions, and now that summer is coming and a city about to develop within our midst, a street sweeper and sprinkler would help to give a distinctly urban appearance to the town's main thoroughfare.

The bright headlight lately installed by the Suburban Railway Co. on the Davenport car is giving entire satisfaction.

In the police court to-day a contracting teamster named Pringle appeared on the charge of having stolen a water tank from the Sand and Cement Brick Co.'s premises near Jane-street. The charge was laid by Mr. Thornhill of Scarlett Plains. It appears that Pringle was under quarantine at the time in question, and the tank was in possession of one of his teamsters without any authority for so doing.

No one appeared to prosecute, so Police Magistrate Ellis dismissed the case. The youngest child of Mr. and Mrs. L. W. Hubal of 13 East Dundas-street died this morning. The funeral will take place from Speers' undertaking parlors on Saturday at 3.30 p.m. to Prospect Cemetery.

A new concern, the West Toronto Decorating Shop, has been opened at 81 East Dundas-street, with Luke Heaps as manager.

The board of works meets on Monday evening.

NORTH-TORONTO.

Townsmen Present Action of Private Bills Committee.

NORTH TORONTO, March 27.—At the meeting of the Ratepayers' Association to-morrow (Saturday) night, in the town hall, matters which is certain to cause a lively discussion is the high-handed manner in which the private bills committee treated the request of North Toronto for the opening up of new streets thru the cemetery. The business men and residents of the town joined in a unit in demanding that the whole matter shall be brought to the attention of Premier Whitney with a view to securing justice. The proposed changes would, it is urged, work immense advantage to the Town of North Toronto and the country immediately to the north, and the idea that a close corporation like the Mount Pleasant Cemetery Company should be allowed to dominate the situation aroused a strong feeling of opposition.

Dr. Forbes Godfrey, M.L.A., who is strongly in favor of the plan as outlined by York Township and the town, will move a resolution to secure the passage of the measure.

The Union Trust Company is negotiating for the purchase of the large Hall, which has a frontage on Yonge-street of 100 feet, and a house with a 20 foot lot on Soudan-avenue; also for the house with a 50 foot frontage on York-street, the property of Mrs. Hall. The price asked is \$8000, and it is expected that the deal will go thru in a day or two.

The North Toronto Home Circle, No. 132, held their annual at home last night, which was attended by over 100 members and friends of the order. Councillor F. Howe, leader of the circle, presided. After-dinner speeches were made by Bro. T. R. Young, supreme vice-leader; Bro. W. Stark, past supreme leader, and Bro. C. A. Bennett, past leader of Circle No. 32. Those who contributed towards the program were: Miss Nicol, Mrs. McCoy, Miss Cook, Bros. F. W. Goulding, J. Cook and Adolphe Peterman.

A rousing public meeting will be held in the town hall to-morrow (Saturday) evening under the auspices of the Ratepayers' Association. Rev. W. G. Back pastor of the Epiphany Presbyterian Church, will deliver a lecture, his subject being, "Give the Man a Chance," which lectures itself will merit a crowded house. After the lecture discussions will follow on the subjects of recreation grounds for the town and the planting of shade trees.

No need for you to have a sluggish and tired feeling; simply use our unexcelled spring tonics, which we have in varieties at Twiddy's Drug Store.

The dog poisoner on Sherwood-avenue is still pursuing his nefarious work. W. J. Moses' fox terrier was a victim this morning.

Considerable interest is shown in the spiritualist mission services conducted by Mrs. L. A. Griffin in the Mission-room on Yonge-street, south of Eglinton-avenue. She will continue her mission work on Sunday at 3 and 7 p.m., and every evening during the week.

W. J. Moses is building an addition to his residence.

Smith, who has for the last eight years been connected with the big construction firm of Foley Bros., Larson, railway contractors of Seattle and Fort William, arrived home to-night on a short visit to his parents here, who have over two years elapsed since he visited his native beach.

The present winter has been remarkably favorable for the prosecution of certain lines of railway construction, and Mr. Smith, who has been in charge of the work on the branch line running from Fort William to the proposed main line of the Grand Trunk Pacific, more than 100 miles, reports the outlook as exceptionally promising. The transcontinental line will tap a country rich in minerals, together with an immense area of magnificent wheat lands, more especially in the Peace River district. Mr. Smith reports the opinion as general among railway experts that the G.T.P. pass thru the mountains in about two months. He also took out a large quantity of posts and wood.

The firm of Stiver & Sumerfeldt, mercantile and engineering, has just going up into the Saskatchewan district this summer. Mr. Stiver expects to return in about two months. He also took out a large quantity of posts and wood.

Building will boom this summer. Mr. R. Hemingway has already got most of the material on the ground to rebuild on the lot where his former house was consumed by fire about two years ago.

John Eckardt is also making preparations for building in the south end.

Delos Harrington's sash and door factory has again commenced operations. Mr. Harrington expects a very busy summer, as he has already received several plans submitted to him for tenders to furnish material.

John A. Prentice, the representative of the Massey-Harris Co., will on Monday hold his annual delivery of machinery. Dinner will be served at the Queen's Hotel.

MIMICO.

Accident at Mimico Creek is Narrowly Missed.

MIMICO, March 27.—A most enjoyable and also profitable entertainment was that provided for the boys of the Industrial School last night by J. J. Kelso of Toronto. Part of the program was making pictures, run off by Mr. Scott, which included the "Finding of the North Pole," and some very funny jokes, especially the one about "The Boys' Club." Another part of the program was stereotypical views of different nationalities explained briefly by Mr. Kelso. The boys gave a rousing vote of thanks to both gentlemen for the pleasant evening provided.

The branch of the Farmers' Bank opened in the new building at New Toronto, last November, has been closed, and removed this week. Two men on duty and little doing is said to be the result of the change.

Mrs. Hunter of the Lake Shore-road, New Toronto, one of the first families to locate direct from the Ontario mainland, has rented her house and is moving to Parkdale at the end of the present month.

Miss Birdie Telfer is at present in Miss Duncan's place in Davidson and Shaffer's store.

Conductor Gibson of Hamilton in the G.T.P. will speak at the Sunday afternoon meeting at 2.30 to railwaymen at their Y.M.C.A. building.

About 11.30 last night the motorman of a car crossing the Mimico Creek detected a subsidence of the structure, and an investigation showed that two of the piles supporting the bridge in the middle had been displaced by the water. To-day passengers are transferring at the bridge, and by Monday the damage will be repaired.

DON ON RAMPAGE.

Big Loss Will Result to Country Mill Owners.

Milne's dam and a large portion of the bridge and Shaw's dam on the eastern branch of the Don were swept away by the night waters of yesterday. Milne's dam is about nine miles and Shaw's 11 miles up the river, but beyond these two no losses are reported. The rise in the water was very rapid, due to the warm air and high winds of Thursday, and on the upper waters of the Rouge River, running thru the beautiful park of the man and Scarborough the body of water was heavier than for some preceding springs. That no serious damage resulted from this stream is reported to be due to the fact that the river was comparatively free of ice. At Unionville an enormous mass of water came over the dam, but Mr. Stephenson of the Union Mills had taken the precaution to remove all the gates and no damage ensued. A number of minor washouts are reported in the culverts and small bridges. At Mimico the bridge was badly shattered.

At York Mills, on the west branch of the Don River, David Birrell reported Thursday's flood as the heaviest of the year, but unattended by any loss. The absence of frost will from this time on constitute the greatest danger along the line of dams and bridges.
