**Austrian Force Was Annihilated**

Udine, Italy, May 31, via Paris, 5 p.m.—The Austrians in attempting to recapture San Giovanni, on the southern portion of the Carso plateau, came into a terrible hand-to-hand fight with the Italians which ended in the annihilation of the attacking force of the enemy. Among the Italians in the defending force was Gabriel E. Annunzio, the poet and playwright, whose works and example have animated the soldiers in their heroic struggle since the entrance of Italy in the war.

Italian troops, today, according to information received at general headquarters, greatly extended their front in Albania, capturing several villages.

**Protest Against the Liquor Ads.**

The convention of the County W. C. T. U. was held yesterday afternoon at the Fairville Methodist church under the auspices of the Fairville union. Mrs. Mary Seymour led in devotional service after which Mrs. Christie, president, opened the business session. Rev. Gilbert Earle, pastor of the church, led in prayer, after which he gave the convention a very hearty welcome from the church and also conveyed the greetings of the other Fairville churches. Reports were read from the St. John, St. John (North) and Fairville unions, all showing progressive work being done. Rev. Mr. Wilson, chief inspector, was present and gave an inspiring address congratulating the women of the union on their work, calling upon all to remain faithful. He spoke of the success of the prohibition law, pointing out that in May, 1916, 181 arrests were made for drunkenness, while only thirteen arrests were made for May, 1917. A vote of thanks was extended to Mr. Wilson for his address.

It was moved and seconded that the convention place itself on record as being against the liquor advertisements in certain local papers. It was moved that the women patronize the local vendors in their general dealings in the drug trade. A vote of thanks was extended to the church through Rev. Mr. Earle.

Gurney Division Celebrates.  
The quarters of Gurney Division, Sons of Temperance, Union street, were filled last evening when the division held an open night in honor of the coming into force of the prohibition act. It had been planned to hold the event some weeks ago but it was found necessary to postpone it. A delegation was present from the W. C. T. U. W. Edgar Campbell was in the chair and the evening was

spent in listening to addresses and with musical numbers.

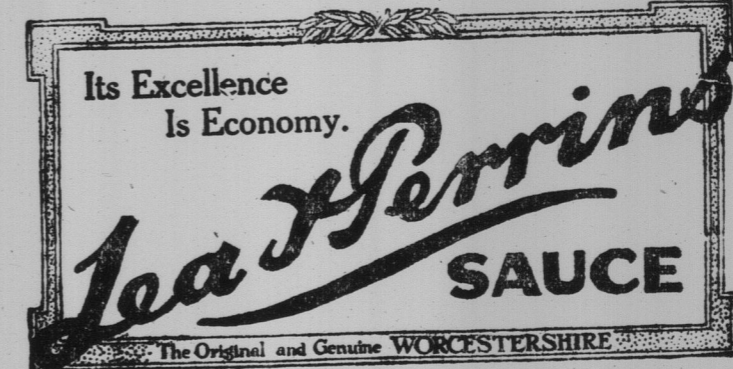

The speakers of the evening were Rev. Neil MacLaughlin, Rev. D. J. MacPherson and Rev. W. H. Robinson.

During the evening solos were sung by Mrs. C. C. Corkum, Albert Belding, Miss Alice Neill and Miss Daisy Oram. Mrs. Walter Sproul gave a reading and light refreshments were served.

**BRITAIN'S FOOD MEASURES.**

London, May 31—Lord Devonport, the food controller, has issued an elaborate order regulating the sale and prices of meat, including live animals. The order prohibits speculative resales, eliminates jobbing transactions and stipulates what profits shall be permitted to retailers above the cost of the carcasses.

**Martin-Orme Piano**

HERE are a few old hand-made violins in the world that are priceless because of their incomparable tone. They are the works of the masters. And it is just such earnest, personal, masterly planning of the sound-producing parts, which produces the rarely beautiful, sweet, singing tone of the Martin-Orme Piano. It reflects the genius of Owain Martin, inventor of the "Violotorm" method of tone-production.

The sounding board, arched like a violin, is scientifically installed so as to permanently retain this arching under high tension. Like the works of the famous old craftsmen, each individual Martin-Orme Piano is carefully fashioned with true pride and sincerity. Only by taking time to make and perfect comparatively few pianos could such splendid enduring tone be achieved. It is that which elevates the Martin-Orme from the merely mechanically perfect,—to the truly artistic plane. We cordially invite inspection at our warehouses.

Gov't Plans for Better Roads

Permanent Highways Bill Passed After Prolonged Discussion—Increased Grant for Sanitarium

Fredericton, May 31—There was no evidence of any desire on the part of the opposition to expedite public business today. Their tactics were rather of the filibusters—talking much about little and quibbling about terms. The word "permanent" with respect to roads in connection with the funding of the automobile licenses to create a fund for permanent improvements gave them much concern.

In reply to Mr. Smith (Carleton), Hon. Mr. Veniot explained what was meant by the term "permanent" and outlined the government policy. He was followed by Mr. Tilley, Hon. Mr. Baxter, Mr. McGrath, Mr. Cuptill, Mr. Magee, Mr. McCreary, Mr. Tweedie, Mr. Peck, Mr. Sutton, Mr. Melanson, Hon. Mr. Robinson and others before intermission was taken at six o'clock.

If the words of the act had said "improved" instead of "permanent" there would doubtless have been the same objection.

Baxter's question of privilege regarding the right of the provincial secretary and one of the members for Kent to occupy seats in the house while holding positions of emolument in the gift of the government. He said he could not agree with Mr. Baxter's views, and no good would come of referring it to the committee on privileges.

Mr. Baxter said the matter had better be referred to the supreme court for a decision, and Mr. Byrne promised to have the matter considered. The house adjourned at 11:45 p.m.

The Fairville Methodist church was the scene of an enjoyable concert under the auspices of the Young People's Society last evening. The proceeds will go towards the funds of the church. Those taking part included Irene Stymest, Gordon Stevens, H. M. Stout, Harry Sweet, Eva Taylor, Eleanor Cline, Gladys Gouty, Blanche Gouty, Gladys Pappett, Netta Taylor, Viola Godfrey, Hazel Kelly, Miss M. O'Brien and Gladys Shaw. Rev. Gilbert Earle presided. Following the concert a tableaux was presented showing all the nations grouped around Britannia. The national anthem closed the program. Much applause greeted the various numbers.

City Eye Specialists Tell How To Strengthen Eyesight 50% In a Week's Time In Many Instances. A Free Prescription You Can Have Filled and Use at Home. Boston, Mass.—Victims of eye strain and other eye weaknesses, and those who wear glasses will be glad to know that Doctors and Eye Specialists now agree there is real hope and help for them.

Dr. Smith, an oculist of wide experience, says: "I have treated in private practice a number of cases of eye strain arising from protracted microscopical research work. Bon-Opto used according to directions rendered a surprising service. I found my eyes remarkably relieved, so much so I have put aside my glasses without discomfort. Several of my colleagues have also used Bon-Opto, and with similar results. In a few days, under my close supervision, the eyes of an astigmatic case were so improved that glasses have been discarded by the patient."

FORESTER RESIGNS. Fredericton, May 31—Peter Caverhill, head forester, who has been in charge of the military Y. M. C. A. work in the city for several months, has been recommended for overseas Y. M. C. A. He expects to leave for England at an early date.

WINS COMMISSION. Mr. and Mrs. J. F. Smith, of 288 Lancaster street, West St. John, received word yesterday morning that their son, Staff-Sergeant J. Frank Smith, is now in England and has been awarded a commission as infantry lieutenant. Lieutenant Smith left Canada with the first contingent as staff sergeant, being attached to No. 1 Field Ambulance under the late Major J. L. Duval and he has served continuously at the front ever since the Canadian troops were transferred to France and has been in most of the big battles including the battles of Ypres, Langemarck and the Somme.

ALBERTA NOMINATIONS. Edmonton, May 31—Formal nominations for forty-three of the total of fifty-eight constituencies to be represented in the next provincial legislature were made throughout Alberta today. The nominations through the province, which, while bringing out only two women candidates, have seen practically all the credited nomination papers largely endorsed by women voters. It is estimated that the women electors hold the balance of power, and in many constituencies outnumber the male voters to one.

PEACE EMBASSY. Petrograd, May 31, via London—Maxim Gorky, the noted Russian author, publishes a sensational account of an attempt by D. Rizov, the Bulgarian minister at Berlin, to inveigle him into clandestine negotiations for a separate peace. In the Novia Zhin, of which Gorky is the editor, he prints Rizov's secret despatch, occupying three columns, with concrete peace proposals, and although he himself is an almost fanatical advocate of peace, denounces Rizov.

MECCA Ointment. Burns—Sores—Boils—Cuts—Ulcers—Gangrene—Bites—and all Skin Diseases. 25c at all Druggists. The V. A. D. HOME PROVIDED. The V. A. ECZEMA ON FACE

Was So Bad Had to Stay in House

All skin diseases such as eczema or salt rheum, itching or burning rashes, eruptions, ulcers, boils, pimples, etc., are all caused by bad blood, and while not usually attended with any fatal results, may sooner or later develop into some serious blood trouble, and the entire system become affected.

Burdock Blood Bitters, that old and well-known remedy, will cleanse the blood of all its impurities, and by this means cure all skin diseases and other blood troubles.

Mrs. Ernest Andrews, Hamilton, Ont., writes: "My face was covered with eczema and was so terribly bad I had to stay in the house. I had ten different doctors but got so tired of their treatment that I went and bought a bottle of Burdock Blood Bitters, and it helped me so I kept on taking it. Now I am cured, and have a lovely skin."

"People who used to see me when I was so bad and see me now will not be lieve it, but I always tell them that nothing cured me but Burdock Blood Bitters." B.B.B. is manufactured only by The A. Milbarn Co., Limited, Toronto, Ont.

Johnson Goes Riding

Chicago, May 30—After examining baseballs used by Pitcher Cy Falkenberg, of the Philadelphia club, and Eddie Cicotte of Chicago, President Johnson, of the American League, ruled last night that the protest filed against the alleged illegal delivery was without foundation.

Clark Griffith, manager of the Washington club, protested against what he termed the "shine" ball used by Cicotte and Manager Fohl, of the Cleveland club, and against the "Licorice" ball hurled by Falkenberg. Fohl and Griffith said the alleged tampering with the balls caused them to hop freakishly in their delivery. The balls were sent to Johnson for his examination.

"Home Run" Baker Injured

In the eighteenth inning of the afternoon game between New York and Philadelphia, Wednesday, Baker was so badly hurt that he was forced to leave the game. Thinking that Johnson intended to hunt, Baker ran in, but the batsman swung hard and knocked a fast grounder which took a bad bound and struck Baker in the face.

Made-to-Measure-Clothes. Suit or Overcoat \$15. Made To Your Measure. BIG business men of the Dominion by the hundreds have responded to our offer, because they realize that we are offering a wonderful trade at our price of \$15.00 for genuine Made-to-Measure Clothes. We don't have to argue with them to convince them that this offer is feasible to us. It is an accepted axiom in business that the big producer is the low-price dictator and the superior value-giver. Our output of thousands upon thousands of suits or overcoats a year is evidence enough to any keen professional trader that we can make prices and offer quality that no one-man tailor shop can dream of matching.

26-28 Charlotte Street, St. John, N. B.

A statement issued at the recent meeting of the Western Golf Association at Chicago to the effect that the new ruling of the W. G. A. doing away with stymies applies to all Canadian golf. "The Western Golf Association did take radical action and eliminated stymies, but the ruling does not apply to Canadian golf," says Mr. Lyon, many times national champion. The new rule does not have any effect on golf as played in Canada. Our game is played under the rules of the Royal and Ancient Golf Club of St. Andrew's, and consequently we play stymies, states Mr. Lyon. A GRAND OBJECT LESSON To the Editor of The Times-Star: Sir—The city of Rockford, Illinois, has now a population of 45,401. It was under prohibition for two years from May 7th, 1908, to May 7th, 1910, when it again became wet. The two years after two dry years, showed the following record. Under Prohibition Total arrests . . . . . 2,681 Arrests for drunkenness . . . . . 455 For disorderly conduct . . . . . 581 Drunk and Disorderly . . . . . 187 Citizens were roused by this startling record and voted again for prohibition, which went into operation in May, 1912, and the city is not likely to abandon prohibition again. Liquor selling has become disreputable and to be associated with it is discreditable. The mayor of the city, which is a manufacturing city, reports in part as follows: "Rockford is immeasurably better off without the saloons. The man who works, the man who employs him, the this is true. D. S. Conrad, secretary of the Rockford Merchants' and Business Mens' Association, told me recently that out of 160 members of his association 138 voted the dry ticket. The reason is obvious. Not nearly so much credit is asked during the dry times, and credit when given is good. Old bills are being paid, and it goes without saying that when a laborer cashes his cheque in a grocery store, meat market or other store, it goes further toward supplying his family with the necessities of life than when cashed in a saloon. Our business men have learned this lesson so that I doubt if this generation will ever need to learn it again. "The merchant, the banker all realize that men's Compensation Act staring them in the face, have found that their men are not as liable to accident in a dry city as in a wet one. Employers of 1 have found also that in the severe petition of these times, a man who is not handicapped, the man with brain not clouded by alcohol, is going to render him the most efficient service." The mayor also pointed to the great increase in savings accounts, the low rate, great municipal prosperity, small number of sudden deaths, and finally that the physicians of the city are practically a unit in refusing to prescribe liquor for any cause whatever. I DON'T FEEL LIKE CHAMPION SAYS LEONARD

New York, May 30. - "The funny part of it is I don't feel like a champion. I feel just exactly like Benny Leonard, who was begging for a change to knock Freddie Welsh out and bring the world's lightweight championship back to America." Leonard was asked what he thinks of Johnny Kilbane, the man who started Welsh down the decline by whipping him soundly just before Leonard won the world's championship. "He's a grand little fellow," Leonard replied. "But I feel sure I'll stop him when we meet. I don't care if it's six rounds or twenty. I just have the feeling that I can do it." New York, May 30. - Manager Gibson states: "I have no immediate plans for Benny, other than those made several weeks ago for a bout in Philadelphia, which will be held next Monday night. This match is coming off as scheduled, even though Benny has been champion when the articles for it were signed."

REAPING THE WHIRLWIND

(Halifax Chronicle) The Morning Chronicle has no sympathy whatever with the outbreaks which have occurred in Montreal and Quebec. The agitators who took part in them are to be condemned in the most severe terms. No Canadian who values the good name of his country or who recognizes the duty incumbent upon us all at this time, can have anything but the severest condemnation for those who are responsible for these unseemly occurrences. At the same time, we are inclined to believe with the Montreal Gazette, a sane and moderate Conservative journal, that their seriousness may be over-estimated, and that the leaders who have organized these demonstrations are not men of recognized weight. Nor do we believe that they represent the sober judgment of the people of Quebec. We cannot forget, however, that the men who are loudest and most violent in their harangues today are the men who were associated with and campaigned for Sir Robert Borden and his party in the general election of 1911. In that campaign the Nationalists whose creed was "not a dollar, not a man, not a ship in aid of Britain," were financed by the Tory campaign managers, and their literature was circulated throughout French-speaking Canada, by the Tory machine in Montreal. Sir Robert Borden formed his "Cahoy Alliance" with Bourassa and his gang in 1911, and profited by their support. He was returned to power largely through their efforts. He gave them three portfolios in his cabinet. He sowed the wind in 1911 and he is reaping the whirlwind in 1917. The doctrine which his allies preached against the Canadian navy in 1911 is the doctrine which they are seeking to apply to the present situation. The responsibility for the deplorable situation of today which only the most prudent counsels can solve, rests upon the men who played politics with a great national question in 1911, and are now reaping the fruits of the most dastardly partisan game in the history of Canada. Escaped Unhurt. "I hear that you asked old Gotrox last night for his daughter's hand. What luck?" "Well, you might call it a run of luck. I got away." "Are you going to contest her suit for divorce?" "What's the use? I never won an argument with that woman in my life."

Evidence was commenced in the police court this morning in the matter of alleged violation of the liquor act on the part of Arthur Webber. The case grew out of the finding of a suit case in the depot by Sub-Inspector Crawford on May 25.

William P. Daley, coachman, said that he was called by Leinster street on the evening of May 25. Two men, whom the witness did not know, came out of the house with a valise. They got into the coach and were driven to the station. At the depot the witness took the valise and carried it into the sleeper, where he gave it to the porter of the Halifax train. **HE GETS \$24,000 FOR HIS SCHOONER**

Captain Tower, Former St. John Man—The Vessel The Susie P. Oliver

A record price for a small schooner has been received by a former St. John man who has disposed of his 286 ton craft, built thirty-five years ago, to the French government for \$24,000. Captain Tower formerly resided in St. John, and sailed from this port for many years. Bangor paper tells of the transaction, as follows:

"Capt. Tower of 88 Second street returned on Saturday from New York where he sold his schooner, the schooner Susie P. Oliver, to the French government for \$24,000, the highest price ever paid for a vessel of the Oliver's size and age. Capt. Tower bought this vessel ten years ago for eight thousand dollars, and since that time she has practically paid for herself. Last summer she made eighty per cent on her first cost, making her one of the biggest money-makers that ever sailed out of Bangor. Capt. Tower is to be congratulated for the way his vessel was kept up, as the Susie P. Oliver was one of the best-found vessels and cleanest that sailed out of the Penobscot, thus explaining her selling for such a high price. Capt. Tower will remain ashore until the war prices are over before purchasing another vessel. The Susie P. Oliver is a three-masted schooner of 286 tons net register, built at Bucksport in 1882."
