FIFTY POUNDS ON STEAMER?

Had Told Detective That He Had Placed Explosive on Vessel Now on Way Across Ocean—His Suicide

New York, July 7.—Frank Holt, who shot J. P. Morgan, lay dead today in an undertaker's establishment at Hempstead, Long Island, and the New York police had in their possession his trunk, containing 184 half pound sticks of dynamite with which they believe he planned to wreck public buildings in New York and other cities...

An autopsy established the fact that Holt committed suicide by leaping from the top of his cell door in Mincola jail while the keeper's back was turned. The coroner said "Holt came to his death by a compound fracture of the skull and cerebral hemorrhage, caused by a fall."

The suicide followed closely upon the discovery of evidence tending to confirm the suspicion that he was Etich Muesler, a former Harvard instructor, who was accused of poisoning his wife in 1908. This was the day set for Holt's preliminary arraignment on the charge of shooting Mr. Morgan...

Chicago, July 7.—Prof. Chester N. Gould of the University of Chicago says he has identified Holt as Muesler, who was shot at Cornell University last November. He said he decided not to expose the man's name because he thought it was better to let well enough alone...

President of Canadian Red Cross Brings Home From France Report of Great Advance Against Germans to be Made Within the Next Two Months

New York, July 7.—The condition of the allied troops along the western battle front, was described as excellent by Dr. C. Sterling Ryerson, president of the Canadian Red Cross and surgeon general of the Canadian forces, who reached here today on the steamship Espérance from Havre...

"During my absence, I visited almost the entire battle front along the Aisne and the Marne", Dr. Ryerson said. "I found the condition of the Canadian and allied troops excellent as well as the spirit of the men."

"Within two months there will be put under way, along the entire western front, a tremendous drive, which will be the greatest that this war has seen. General Joffre recently said that the Germans will be out of France by the first of the coming year, and from what I have seen and heard, I have every reason to believe it will be. The war will be over in another year, and the Germans will be defeated."

"The allied troops have no lack of equipment, and their general health is excellent. Every precaution is being taken in this line. All water used for drinking is boiled and every man before he leaves the base camp, is subjected to vaccination and anti-typhoid treatment."

Invention Which Would Check Submarine Work

Britisher Has Apparatus Which, It Is Said, Will Locate Undersea Craft—New Weapon of Defence For French Army

New York, July 7.—A London cable to the Tribune says: According to a famous British scientist, an Englishman has just made a discovery which will revolutionize submarine warfare. He states that the invention is one of the members of the committee appointed by the Royal Society to deliberate on scientific problems arising from the war...

The invention is an apparatus whereby a submarine can locate another submerged submarine within a radius of twenty miles, and keep in touch with it while within the radius. If the device is successful, then British submarines will be able to run down and light German undersea craft...

London, July 7.—To meet a renewed German offensive in the west reports from northern France, state that the French have been supplied with a new weapon of defence which is expected to achieve astounding results...

No hint of what this weapon is has been allowed to filter through. It is described as an "important new weapon of defence which is expected to play an important part in the coming fighting."

There is money available for public use this year as usual but no arrangements have been made for the entertainment. Commissioner Potts said this morning that he had not been called on by any of the bands and had not time to take the first steps himself...

The common council met in committee at noon today. Mayor Frink presided and Commissioners Wigmore and Potts and the common clerk were present...

Commissioner Potts presented a copy of a judgment of the Supreme Court of New Brunswick in the street railway matter and it was read by the common clerk.

The question as to who was the authority to decide what would constitute a sufficient foundation under the tracks was raised and the commissioners decided that there was no doubt that this rested with the city engineer.

Commissioner Potts said that the decision would be given its first test in Main street on the new work being undertaken there.

Commissioner Wigmore—"Suppose the company refuses to lay a foundation such as you want what will you do?" Commissioner Potts—"I might do one of several things. I might lay the foundation myself and secure an injunction to prevent the company running over that section until they have paid for the work."

Oakland, Cal., July 7.—The international convention of the Baptist Young Peoples Union, which is to be held in connection with the fifth annual convention of Pacific coast Baptist Young Peoples Societies, opened here today.

TURKS MAKE A GREAT EFFORT BUT THEY FAIL

General Attack in Dardanelles to Drive Allies to the Sea—Enemy Lose Heavily

Paris, July 7.—The French War Office reports that in the Dardanelles, on July 7, the Turks delivered a general attack, the most important they have undertaken since early in May. Their purpose was to drive the Allies into the sea.

At four o'clock in the morning a very intense artillery fire was opened and the enemy subsequently endeavored to deliver several infantry attacks, but not one was successful in reaching the trenches. Deceived by artillery fire, and moved down by rifles and machine guns, most of the assailants never left the field of battle. A Turkish cruiser took part in the engagement and aviators of the enemy bombarded the allies' lines.

GERMAN CAPTAIN AND CREW ON TRIAL FOR ESPIONAGE IN ITALY

Venice, July 6, via Paris, 4:45 p.m.—The trial before a military tribunal of Captain Lieberich and three members of the crew of the German steamship Lemnos, under detention at Ancona since the beginning of the European war, was opened here today. The charge is espionage.

HORSE AND WAGON ARE RECOVERED BUT MAN IS MISSING

Moncton, N. B., July 7.—A missing horse and wagon belonging to Fred Elliott, a local liverman, have been located in Amherst. On Monday morning a stranger hired the rig, Chief Hildebrand, an ex-convict, Amherst reported him arriving there and selling the wagon for \$10 and pulling the horse in a delivery stable. He left Amherst on Tuesday and has not yet been located.

TRIBUTE TO MAJOR LONG

A member of the 6th Mounted Rifles writes: "I get the Times every day now, and it is just like a letter from home. I read every page and you may be sure I will never miss anything." Speaking of Major Long, bayonet instructor, he says: "He is the best soldier I ever saw, and the best bayonet instructor in Canada. He was in the Imperial army, and certainly gave it us good and strong. Any man who ever moves in the ranks speaks or shifts from one foot to the other, after he has called us to attention. It hauled out and gets an extra call-down. The same man never offends twice."

The annual meeting of the Wholesale Hardware Men's Association of the Maritime Provinces is in session today in the Algonquin Hotel, St. Andrews, and will continue tomorrow. A large number of hardware dealers from around the province arrived in the city last evening on their way to St. Andrews and all the local wholesale houses were represented in a large delegation which left on the early train this morning.

GABY DESLYS IN PARIS STAGE-STORY

At Imperial Theatre Large Number See the Noted Interpretive Dancer

This afternoon at the Imperial Theatre, Mlle. Gaby Deslys, whose art as an interpretive dancer and whose wit as a most fascinating person, have captured the wrapped attention of royalty as well as the plebeian public, is being shown in a four-act drama entitled "Her Triumph." While the story itself is a good one, dealing with life on the stage in the gay city of Paris, it is really merely a vehicle for demonstrating the grace and charms of the French performer. A large crowd was in attendance this afternoon and there is indication that business will be big tonight and again tomorrow. In addition to the appearance of Gaby Deslys, it will be interesting to know that her renowned dancing partner, Harry Pilcer, appears in some of the dances, which have made them and his fair partner famous throughout the world.

MRS. JOSEPH FINLEY PASSED AWAY TODAY

Many friends will bear with regret the death of Mrs. Joseph Finley, which took place this morning at her residence, 103 Leinster street, after an illness of six or eight months. She was a daughter of the late Samuel Rutherford, of New York, and five sisters, Mrs. E. H. Frost of Hampton, N. B., Mrs. S. T. Tufts of Ohio, Mrs. T. S. Simons, Mrs. G. M. Barker, and Mrs. J. McCarthy, of this city. Mrs. Finley was beloved by all who knew her. Her funeral will take place on Friday afternoon.

COCOANUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, the best soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulled coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulled coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Wasson's Bowel Tonic Tablets, 37c. for 100 Doses

Most Bowel Remedies fail because instead of having a tonic and strengthening effect, they merely purge and leave the bowels less able to do their natural work than before. WASSON'S BOWEL TONIC TABLETS we offer a purely vegetable medicine, made from fruits and herbs, strong enough to give required results, and yet not harsh. By taking them for a time, one may get rid of constipation. They are pleasant to take, being chocolate coated.

LIKE A LIVING SKELETON

Another Striking Cure by Dr. Cassell's Tablets

Tortured With Severe Chest Pains, Palpitation and Headache
 Almost Blind With Dizziness
 Could Retain Nothing on Her Stomach for Long

Completely and Permanently Cured by DR. CASSELL'S TABLETS

Here is a story which shows once again the extraordinary power of that famous British remedy, Dr. Cassell's Tablets, to restore the vital processes of the body, and thus to effect recovery in cases where cure was not even hoped for. No one who saw Mrs. King, 19 Vernon road, Copnor, Portsmouth, England, ever expected her to recover, yet today she is as fit and vigorous as a girl of her age. It was never the fault of health and strength, thanks to Dr. Cassell's Tablets. Seen recently, she said: "The cure which Dr. Cassell's Tablets have effected in me is to my mind nothing short of marvelous, and I can never express the gratitude I feel. They have splendidly strong and well, though before I took them I was so wasted and suffering that recovery seemed out of the question."

"I am a woman of middle age. I have borne 23 children in 28 years, and all my trouble dates from the birth of my last baby, five years ago. I was never the same after that. My strength went from me, and I began to suffer with pain at my chest and round my left side. So severe did this become that I could not bear the slightest pressure, and the pain in my side was terrible. I lost all my appetite, and used to suffer from frightful headaches, and palpitation that was like an engine beating in my breast. I felt almost blind with dizziness, and oh! so sick. Then came retching. Everything I took returned, even a glass of water, or a cup of tea. I was also extremely constipated. I was in bed for weeks at a time, and when I struggled up from my weariness, I had soon to go back again. I got weaker and more wasted and became so weak that he could hardly get about at all. Instead of playing and watching the other children play, and if I took him out for a little walk he was tired before we had gone many yards. But the other children played, and he was in that way his worst trouble. He would jump at a sound, and any unusual noise used to set him screaming. His appetite was very poor, and his flesh lost all firmness and became quite soft and flabby. If he stooped it hurt him to get up again. Of course, we did everything we possibly could; we had bottle after bottle of medicine, but it did no good, in fact I thought the child was getting worse. One day my wife told me he had not used his left arm all day. This alarmed me; I began to fear that he would be crippled. However, with the help of a toy drum we got him to use his arm again. But his health was no better, so as the ordinary methods of treatment had quite failed I decided to try Dr. Cassell's Tablets. It was not long before improvement came. The little fellow brightened up wonderfully. He got his appetite back, and soon the nervousness was gone. Now he is as bright and active as any child could be."

WHAT shall we say of The Ames Holden Co. and The McCready Co. who were the oldest, and who, as Ames Holden McCready Limited, are the largest manufacturers of dependable footwear in the Dominion.

"Ames Holden" and "McCready" Shoes

- have the prestige of names held in high esteem by all dealers.
- have the reputation earned by faithful service and strict adherence to quality.
- are sold by more dealers, and worn by more men, women and children, than any other footwear made in Canada.
- are the standard shoes of Canada today, as they have been for more than sixty years.

Most of the dealers who think of Quality First, handle "Ames Holden" or "McCready" Shoes. There is a dealer in your neighborhood who has the new seasonable styles. Ask to see them.

ROBLIN'S TELEGRAM

Judge McDonald was a member of the Royal Commission appointed last spring to investigate the charges against the Roblin government in Manitoba.

THEIR CASE IS DESPERATE

When the enquiry into the Dugal charges in New Brunswick had proceeded far enough to prove conclusively that there had been political wrong-doing of the gravest character, involving the reputation of the premier of the province, who later resigned and withdrew from the legislature, a shrewd attempt was made to divert attention from the facts by the public insinuation that these charges would never have been made if certain Liberals could have got their price.

The movement to establish in this city a Home for Aged Men is one that should have been inaugurated with far more vigor and success.

The Canadian Courier says—"Today three Royal Commissions are investigating graft charges—two in Manitoba and one at Ottawa. They may not find anyone guilty; that apparently is not the business of Royal Commissions.

We have been instructed to sell the fine home of Mr. Horace King, situated at Hillsideville. This is one of the most complete and up-to-date suburban properties near St. John. The house has an excellent concrete cellar under the entire building and a very efficient hot air heating plant. It also has a splendid private water supply which, by means of large reservoirs in cellar and attic, feeds the bathroom, laundry, toilets and the many wash basins. The lighting is done by a modern acetylene plant. The plumbing of the house has been very well done, as is shown by the large living room, dining room, with built-in buffet, the many pantries and clothes closets and the very fine finish of the paneled rooms and halls. There is also a good barn and garage, as well as an ice-house and store house. The property is shut off from the street by a massive concrete wall and on the river front there is a very fine gravel beach. This is an ideal all-the-year-round home, having been built with an idea of making it a winter retreat.—THE PRICE—A BARGAIN!—See ALLISON & THOMAS 147 Prince William Street Phone M. 1802

U. S. CLAIMS TO BE RICHEST NATION: If Wealth Were Divided Evenly Every Person Would Get \$1,965

Washington, July 7.—The United States, the richest country in the world, has accumulated so much wealth that if it were divided there would be \$1,965 for every person in this country. This is announced in a report by the Census Bureau.

The bureau estimates the total value of all property in the United States exclusive of Alaska and the insular possessions in 1912 at \$157,000,000,000, or \$1,965 per capita. The increase between 1904 and 1912 was 75 per cent. for the total amount and forty-nine per cent per capita, but the increase in debt also reached a considerable figure. Comparing the increase in wealth with the increase in indebtedness and taxation, the census bureau says:

"The increase in national wealth of 75 per cent in eight years indicating a gain of 115 per cent in eleven years has been accompanied by an increase during eleven years of 6 per cent in net federal indebtedness, 44.5 per cent in state indebtedness (89 per cent in net county indebtedness). The net indebtedness of state, county and municipal governments combined increased by 71 per cent in eleven years.

The net public indebtedness in 1913 amounted to \$4,850,461,000. This amount includes, among other items: National debt \$2,068,000,000, or \$10.59 per capita; State debt, \$3,845,942,000, or \$32.57 per capita; and municipal debt, \$2,944,888,000, or \$24.47 per capita. While there was an increase of 66 per cent in the national debt, there was a decrease of 18 per cent in the per capita figures.

MONCTON'S BUILDING BOOM.

(Moncton Transcript)

It is estimated that construction work of various kinds to the value of three-quarters of a million dollars or more is now under way in the city of Moncton. As showing the prosperous condition of our people it might be noted especially that more than \$150,000 of this large amount is being expended for the erection of private dwellings, of stores and dwellings combined, the total amount of the building operations, including the new Methodist church, the cost of which is given at \$25,000, now going on in Moncton is estimated officially at between \$215,000 and \$230,000.

Besides this, there is the springing work on the subway, which will amount to many thousands of dollars; the structure of the Moncton bridge, which will cost \$197,000 or more, the city hall and market, \$75,000; the A. H. S. building, which will cost anywhere from \$75,000 to \$100,000 and other construction work on a smaller scale.

Strangers visiting Moncton have been much impressed at the sight of splendid residences springing up in all directions during a period when building operations are at their lowest ebb in other towns and cities.

Strong Resolution Passed at Baptist District Today

At the conference of the Sixth Baptist District held in Tabernacle church today a resolution passed sets forth that the manufacture, importation and sale of alcoholic liquors should be prohibited throughout the province during the war.

The session opened with prayer by Rev. W. F. Parker, after which a reception for the new ministers of the district followed and briefly addressed the gathering. Rev. J. L. Tringler of Appaquai was welcomed by the moderator, Rev. Mr. Gray of England was also introduced and briefly addressed the gathering.

Rev. J. R. Coppitt, acting editor of the Maritime Baptist, spoke of his work in connection with the paper.

Rev. W. E. McIntyre, D. D., gave an interesting address dealing with the safeguarding of the church against irresponsible religious teachers. In a discussion which followed, Rev. Dr. Hinchinson, Rev. C. P. Wilson and Rev. Wellington Camp took part.

Rev. Mr. Parker, on behalf of the committee dealing with such matters, moved the following resolution:

"Whereas in the war we are now waging the British Empire is fighting for its existence, and therefore nothing must be left undone that should be done to insure victory to our arms; and

Whereas, according to the proved declaration of our leading statesmen that the greatest enemy that now confronts us is the liquor traffic, which, as the late Hon. W. E. Gladstone said, is more destructive to the nation's interests than famine, pestilence and war combined; and

Whereas our beloved sovereign, King George V. (God bless him), and his court and the ministers of state together with the leading commanders of the army and navy, recognizing the gravity of the situation, have in the spirit of true patriotism abjured the use of alcoholic beverages during the period of the war; and

Whereas, we view with alarm and deep concern the appalling indifference and inactivity of the government of the province to the expressed conviction of all religious bodies and many of the communities and towns of New Brunswick, that the manufacture, importation and sale of all liquor be prohibited during war time; and

Whereas it is the duty of every citizen of the empire to do his utmost for the victory for which we pray, and thus preserve international righteousness and liberty for mankind; and

Be it resolved that this district meeting reaffirm its position regarding the liquor traffic as a tenfold empire in view of the great and added danger with which it now menaces our empire; and that it should cease to have legal sanction and protection by our municipal and provincial governments. Further resolved that again we call upon every member of our churches to do all that he or she can do to abolish this accursed traffic from our land. Finally resolved that our pastors be requested to keep the abolition of the liquor traffic as a national objective before their congregations until it becomes a practical and dominating issue in the government of our country; and that we hereby request the provincial government to accede to the request of the forces that make for the promotion and upbuilding of all that is good and elevating, and for the best interests of the province.

TWO NERVOUS WOMEN

Made Well By Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitations, constipation, headaches, dizziness, noise in my ears, dandruff, nervous, restless feelings and sleeplessness."

"I read in the paper where a young woman had been cured of the same trouble by taking Lydia E. Pinkham's Vegetable Compound so I threw away the medicines the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine proved itself able to do all you say it will and I have recommended it in every household I have visited."

"Mrs. Mary Johnson, 210 Siegel Street, Philadelphia, Pa.

Another Bad Case.

Ephrata, Pa.—"About a year ago I was down with nervous prostration. I ate and drank but had no energy, had terrible spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes."

"Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now."

"Mrs. J. W. Honnenzom, R. No. 5, Ephrata, Pa.

WHAT DYSPETICS SHOULD EAT

A PHYSICIAN'S ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to eat but which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty foods, and are trying to keep up a miserable existence on glutinous products, I would suggest that you should try a meal of any food or foods which you like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphated magnesia in a little hot or cold water. This will neutralise any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisulphated magnesia from your druggist, eat what you want at your next meal, take some of the bisulphated magnesia as directed above, and see if you're not right."

THEFTS ON I. C. R.;

DETECTIVE SAID TO HAVE MADE CLEAN-UP

The operations of a Halifax detective in the Moncton I. C. R. yards have caused quite a lot of interest. For some time it has been notorious that the I. C. R. was losing much valuable freight in transit, principally liquor, at Moncton and other points along the line. According to current reports a Halifax sleuth found the trail of some twenty-five dozen cello.

It is said on what purports to be good authority that some of the alleged guilty men have already been dismissed from the service and that others are to be suspended, also that the railroad will not institute legal prosecutions, but will punish the culprits by discharging them.

A feature of the report is that the persons concerned are mostly young fellows, not all of whom are employees of the road who have been hanging about the yards and freight depots. So far as can be learned none of the older and trusted employees of the yards have been implicated. Further proceedings are awaited with interest.

CORPORATION DRIVE AT WHITE RAPIDS

Fredrickton, July 7.—The Corporation drive is now at White Rapids two miles below Grand Falls and making rather slow progress. The drive contains about three million feet.

J. S. Bennett and William Gibbon of the C. P. R. publicity department returned today from Cain's River where they have been taking game and scenic photos.

The York county council today agreed to pay half of the expenses incurred in recruiting here for the 55th. The warden said that the dominion government made no provision for recruiting campaigns.

The term of office of A. A. Sterling as school trustee having expired, the city council last evening appointed Arthur A. Shute. Mr. Sterling has been a member of the board for upwards of twenty years.

Ald. Fred Everett was appointed a member of the board of health, vice Edward Moore, resigned. The salary of Police Magistrate Limerick has been increased from \$1,200 to \$1,500.

Judge Wilson and Sheriff Howe were speakers at a patriotic meeting in Pennic last evening. Clarence and Harry Wade, who have joined the 89th battery were made recipients of wrist watches.

GERMANS NOW AFTER BELGIAN SCHOOL TEACHERS

Brussels, via London, July 7.—General Von Dissing, German governor of Belgium, orders a year's imprisonment for school teachers, directors or instructors, who "permit, further, bring about or effect anti-German actions or statements in their teaching or in other school exercises."

Power is conferred upon German officials to supervise and inspect schools at all times. Court martial will have jurisdiction over violations of this order.

MORNING NEWS OF WAR

Reports from several quarters along the frontier says that the Germans are mustering heavy forces in another endeavor to sweep through to Calais. The British troops captured an advanced trench yesterday.

General Sir Ian Hamilton, commanding the Allied troops at the Dardanelles, in a lengthy official report, says that the operations there have shown the metal of the men of the navy. They have proved by their bravery and able action, that the "navy is father and mother of the army." A shortage of ammunition, he says, has prevented the Allies from gaining ground on Achille's. The Australian troops have displayed wonderful courage, the general reports.

PRESBYTERY AND THE POLITICIAN

Resolution Strongly Condemns Wrongful Political Practices and Does Not Excuse Member—Church Union Vote

That their action in selecting a certain committee to the General Assembly is not to be taken as condoning improper political practices was explained in a resolution adopted by the Presbytery of St. John at their meeting yesterday afternoon. Rev. Dr. Smith was heard in protest against the action taken in March and three hours discussion behind closed doors followed.

As a result of the discussion a committee was appointed to draw up a resolution setting forth the attitude of the Presbytery and the resolution was finally adopted as follows: "The Presbytery, having heard the protest of Dr. W. H. Smith touching its action in appointing committees to the general assembly at the quarterly meeting in March last, done in the interests of righteousness and the honor of the church, recognizes the timeliness of the protest and in accord with the principles of our church, emphatically condemns all wrong practices in political life."

This closes the matter, as far as the Presbytery is concerned, and it will not be carried to the synod.

The name of the commissioner whose appointment caused the discussion was not announced officially.

A committee was appointed to arrange for the vote on church union in the mission fields before October 1. \$1000 was granted from the augmentation fund and the Bible Society was consulted on the opening of their new Bible house.

QUEEN DIRECTS AUCTION OF LOTTERY TICKETS

Pavia, July 7.—Queen Helena of Italy directed the auction of tickets in the lottery for the benefit of the Red Cross Society, which took place in the great courtyard of the Royal stables at the Quirinale, says the Rome correspondent of the Havas Agency.

The correspondent states that a vast crowd of the public was present, as well as members of the Royal family, and that a great number of tickets were sold, some of them at extraordinary prices. The lottery, which contains 40,000 prizes.

Among those present, says the despatch, were the young crown prince, the Princesses Loidano and Giovanna and other royal children. The prince sold postcards and the little princesses passed among the people with baskets filled with bouquets, buying emptying the baskets many times. The Duke of Genoa (Prince Henry of Savoy), Lieut.-Governor of Italy, during the King's absence at the front, also was present.

The people of the United States spend about \$750,000,000 on theatres in the course of a year.

"Coffee Face"
—ever see one?
There are many with tell-tale signs of indigestion, heart, liver or nerve troubles who don't suspect that coffee (also tea) is a frequent cause of these and other ills.

Any ailing person can find if coffee or tea has anything to do with his trouble, by a change to **POSTUM**—the pure food-drink

It contains no caffeine or tannin (the drugs in tea and coffee)—nothing but the nourishing elements of whole wheat, roasted with a little wholesome molasses.

Postum comes in two forms: **Postum Cereal**—the original form—must be well boiled to bring out the flavor and food value—and **Instant Postum**—the soluble form—prepared in the cup with hot water **instantly!**

Grocers everywhere sell both kinds. They are equally delicious, and cost about the same per cup. Most people can make good use of a strong body, clear brain and steady nerves.

MAYOR SPEAKS OF TAX COMMISSION

Not Fewer Than Five or More Than Seven Members—No Politics in Its Selection—Mr. Rising's Complaint

That the new assessment commission will be composed of not less than five and not more than seven members was announced by Mayor Frink at the meeting of the Common Council yesterday. He said that he had ignored all political considerations and the demands of organizations for representation and had selected men only according to their ability. He would announce the names at a full meeting of the council.

The city solicitor was given instructions to take action against a down insurance agents who have refused to pay the license.

Tenders for coal were opened but owing to the difficulty in reconciling quantities and prices the decision as to the contracts was left over until the next meeting.

E. L. Rising, in complaining of the receipt of three special tax bills for property in Sydney, Union and Queen streets wrote in part: "We cannot say that there is much economy practiced by the council. There are several things being done which are not necessary. We managed to get along for a good many years without the expenditures that are now being made, such as the new fire engine which we could have gotten along without for a couple of years longer. We cannot see where there is any economy in providing the city with luxuries to the detriment of the necessities which are glaringly neglected. The writer was an ardent advocate of commission form of government but must admit that it has not proved the success anticipated and believes that unless things are better handled most any other system will defeat it at the next election."

The library commission reported that the term of office of the council's nominees, Mrs. Daniel Mullin and Dr. Christie, had expired. It was decided to defer action.

NEW SUSSEX PARK AND OTHER IMPROVEMENTS

A talk with Mayor Wallace of Sussex is a bad thing for the pessimist. Mayor Wallace believes in Sussex, New Brunswick, Canada, and the Empire. It was of Sussex he talked to a Times man yesterday. Last spring the citizens of the town decided to improve their town. They had a more general clean-up than ever before. Then they decided to establish a park. A generous citizen gave the free use of an area of several acres beside the river, well shaded by elms, and capable of being converted into an inviting park. The first evening fifty men turned out, and the next evening forty, and the good work went on until the place was cleaned up and a band stand erected. Seats were placed in the park and Mayor Wallace says that it was a pleasant sight at noon on Dominion Day to see groups of men and women eating lunch and resting in the shade. They were quick to recognize the value of the new park. All the work done has been voluntary thus far, and men of all classes heartily joined. The Town Improvement Association, which is an active organization, was to hold a meeting last evening to consider improvements generally. Quite a number of trees were planted last spring along the streets of the town. Mayor Wallace says that a dozen or more of houses are being built this summer. The grounds at the new Agricultural School have been graded, and there are more applications for the coming courses at this school than can be accommodated. The firemen, who are good workers for the town's benefit, have had their quarters improved and have been provided with facilities for outdoor games.

Speaking of the 8th Battalion, the mayor says they are a fine body of men. The civil and military authorities cooperate and there is no trouble.

FORMER ANGLICAN MINISTER JOINS CATHOLIC CHURCH

Descendant of John Knox to be Assigned to Charge at Vancouver as Priest

London, July 7.—Rev. Father John Knox of Lisburn, Ireland, a former Anglican priest has been received into the Catholic Church, and will be assigned to a charge at Vancouver. He is a collateral descendant of the great Scotch reformer. Rev. T. T. Shields, of Jarvis Street Baptist Church, Toronto, commenced a vacation pastorate at Spargue's Tabernacle this week. Rev. Dr. Dixon, pastor of the Inherente sailed on Saturday for a lecture tour of the United States and Canada. He will spend three weeks in Toronto.

Ivor H. Murray, of Shediac, N. B., fighting in France with the 8th Battalion, is included in yesterday's casualty list, among those killed in action. Hugu McAlpine of St. John, who enlisted at Edmonton, Alta., is a prisoner of war. Thomas C. Ashworth, of the Canadian Railway Construction Corps, is in hospital in England from wounds in his neck, said to have been self-inflicted. Gunner John R. Mollase of Cape Breton, N. S., is reported killed in action, as is Corp. Robert Stewart, Dunstaffe, P. E. I. James F. Murphy, of New Glasgow, N. S., is a prisoner of war.

A lengthy letter has been received from Lieut. N. F. McLeod, of the D. A. C., telling the trip to England aboard the Caledonia, in which that unit and the 26th battalion sailed together. The voyage proved most enjoyable, he says, and all arrived in good health. Boxing bouts and other entertainment enlivened the passage. Lieut. Col. McAlphey of the 26th, was senior officer on board, and therefore in command.

Dr. J. H. MacDonald, chaplain with the D. A. C. has written to the Maritime Baptist an entertaining letter regarding the trip across and telling of a Sunday service which was most impressive, held on the decks of the steamer.

REV. O. N. CHIPMAN NEW BAPTIST CHURCH

At the afternoon session of the Baptist district convention yesterday officers were elected and Rev. O. N. Chipman of Hampton was chosen chairman for the coming year.

A digest of the reports of the churches was presented and this was dealt with in a discussion led by Rev. Dr. Hutchinson in which Rev. Dr. McIntyre, Rev. R. J. Colpitts and A. H. Patterson took part.

The election of officers then took place and resulted as follows: Chairman—Rev. O. N. Chipman, Hampton. Vice-chairman—Rev. G. B. MacDonald, Sackville. Treasurer—H. Second, Penobscot.

Additional members of executive—Rev. Dr. Hutchinson, Rev. Dr. W. E. McVoy, Rev. R. M. Hobson, Rev. P. S. Porter, Rev. D. J. McPherson and Rev. F. H. Wentworth.

The new chairman was cordially welcomed by the retiring vice-chairman, Rev. Wellington Camp. Mr. Chipman responded, expressing his appreciation and asking for the co-operation of the members.

The ordinary report contained the good news that God had been pleased to spare all the ministers of the district during the year and there had been no deaths among the active members. Rev. Dr. McIntyre made a touching reference to the death of the veteran minister, Joshua N. Barnes, and Rev. W. S. Parker in a prayer of thanksgiving for the preservation of the other ministers.

Rev. F. P. Demmon was heard in an address on temperance, basing his remarks on Isaiah 5-7, which was followed by a discussion on the subject.

Rev. Dr. McIntyre offered his place on the evening programme to Dr. DeWolfe and this was accepted.

The session closed with the benediction pronounced by Rev. J. B. Ganong.

The evening session opened with a song service led by Rev. Mr. Demmon which was followed by an address on prayer by Rev. W. S. Parker.

Rev. J. B. Ganong, the newly appointed superintendent of home mission work for New Brunswick delivered an address on this branch of the work. As this was his first public utterance since his appointment his exposition of the policy to be followed was heard with deep interest.

An address on Mission Work in India was given by Rev. W. S. Bedford of Raysbada, a native of New Brunswick, in the course of which he gave a great part played by the British authorities in developing the country and aiding the advance of civilization.

Rev. H. T. DeWolfe, D.D., principal of the seminary at Wolfville gave a most interesting account of the work of the educational institutions, his humorous touches lending additional interest to the address.

FAIRVILLE WEDDING

Miss Etta Stevens Bride of H. Lutes of Stevens Mountain

A wedding of much interest to Fairville people took place yesterday when Miss Etta Stevens became the bride of Henry Lutes of Stevens Mountain. Rev. P. R. Hayward officiated, assisted by Rev. H. R. Boyer and the church had been nicely decorated with ferns and field daisies by friends of the bride. She had been a popular and very active member of the church. Messrs. Somers and Lutes, relatives of the groom, acted as ushers and there were quite a number of invited guests.

As the party entered the church the wedding march was played by Miss Kate Fox. The bride was dressed in white duchess satin and wore bridal veil with orange blossoms and carried a large bouquet of white roses. Her traveling suit was of navy blue with hat to match. After the ceremony Mr. and Mrs. Lutes drove to the home of the bride's parents in Prospect street where supper was served and immediately after took the Boston train for a honeymoon trip which will include the Hub and vicinity, Lowell, Rhode Island and New York.

Many useful and beautiful gifts were received testifying to the popularity of the principals and best wishes for a happy future were extended by a host of friends.

MRS. THAW WILL NOT HAVE TO GO ON STAND

New York, July 7.—Mrs. Evelyn Nesbit Thaw will not have to testify against her husband, Harry K. Thaw. She has returned to her camp at Chateaugay Lake. The deputy attorney general decided she had no new evidence of value.

FOUR WOUNDS IN LEG; FOUR IN BODY

Further Word From Brother of Mrs. R. P. Hayward of Fairville — Though So Badly Hurt, Walked Two Miles To Doctor

A letter received this morning from Mrs. F. R. Hayward, now in Woodstock by her husband, Rev. P. R. Hayward, states that information has come to hand respecting her brother, Burdette W. Harmon, recently wounded while with the Canadian Engineers.

He received four bullet wounds in the leg and four shell wounds in the body but walked two miles, bleeding profusely, to the nearest dressing station.

One of the officers attached to the same unit, writing home, says Harmon displayed grit that was truly remarkable. Though there is the fear of blood poisoning, friends will be glad to hear that strong hopes are being held out for the young man's recovery.

The Man In The Street

At least one day each week we find out for our straw hat.

But even at that, it already begins to look like a last season's dip.

Street Corner Pastime.

The latest guessing contest about the city is that of learning the names and numbers of the mayor's assessment commission.

It will not be safe to make an enemy of any one around town these days; you cannot tell who may be on that commission.

"Who looked like a hat?" seems to be the question of the hour in the North End.

Another of the Hazards of Helen?

Pretty nearly time for some of the Balkan nations to tumble over the brink into the arena of war.

Independence Day must have cost the United States almost as many lives as the independence it did.

With the Baptist convention, the Anglican Synod meetings and the Treaty all in session here yesterday, St. John had rather more than its share of parsons.

Who Could It Be?

Of course no one can guess the identity of the provincial politician to whom the Presbyterians referred yesterday in their pointed remarks about wrongful practices.

Patrols, Etc.

Mr. Birkett did not need to use his own binoculars to see what was expected of him.

"Morgan fills father's shoes," says news headline. It is quite evident that the factory which must have made them never had a hand in manufacturing shoes for soldiers—they would never last so long as that.

Another retail druggist in Ottawa cleared up forty per cent on hospital supplies to the militia department. Why should he worry if the stock markets closed?

T. A. Brownlee is his name, and hereafter all should use the first three initials in patriotic service upon him. They should "keep tabs" upon him that he gets no further contracts.

The War Cost of Living.

Commissioner McLellan insists on a \$20 fine for smoking in the market building. Now if the proceeds were used to provide smokers for the boys at the front, some patriots might be found.

But the fellow who throws \$20 for a smoke must really have money to burn.

"We are the salt of the earth," says the Kaiser. Without discussing that claim some ones rise to ask what right has the salt to consider itself the whole bill of fare.

Just a Trifle Ambiguous.

Just what the minister of marine and fisheries meant by a remark he made yesterday is the subject of some current gossip on the part of those who overheard it.

As Hon. Mr. Hagan was coming along Charlotte street he met Commissioner Potts. Greeting him with outstretched hand he said, "Well, Mr. Potts, you have a large field ahead of you."

In view of the reports that the commissioner is willing to accept the nomination for the next vacancy in the legislature this may be interpreted in any one of several different ways.

He Bought Another Dozen.

Some friends of a certain local merchant, self-styled a misogynist, are having a laugh on him after a little occurrence of yesterday, in which he forgot his usual condemnatory utterances regarding the fair sex. He was standing on a street corner, with a bag of oranges under his arm. He was nibbling at one of the oranges, and spying a young woman in a laundry across the street regarding him wistfully, made a "ball" as the sporting ed. would say, as though to throw the orange towards her. She placed her hands ready to receive it, and seeing that she was somewhat disappointed, he threw and she deftly caught it, the second time. Then the face of another girl appeared. It was a shame to treat one better than the other. So up went another orange. There were more than two girls employed in the laundry, however, and before the man got away, all that was left was the bag which had contained the fruit. And spectators watched the amateur catch game with especial interest because of the citizen in question having never been considered as an admirer of the women.

WANT 25 HERE FOR 6TH C. M. R.

Captain Taylor in City — Chance to Join One of Finest — Lieut. Ed. Mooney's Visit

Twenty-five men from St. John are needed for the 6th Mounted Rifles, now at Valcartier, and very soon to cross to England.

Capt. G. W. Taylor, who remained at Amherst when the regiment left there, has since recruited eighty men and sent them forward in small detachments. Sixteen left on Monday, and Captain Taylor accompanied them to Moncton, where yesterday he got ten more recruits and expects to get fifteen more.

Captain Taylor is in St. John today, and hopes to get twenty-five men here. Sergt. London, at the recruiting office in Mill street, will receive applications, and issue transportation to Amherst to all who pass the examination. Pay starts the day of enrolment. The stay at Amherst will be about a month and will then go to Valcartier and very soon to England. There are fine quarters and a staff at Amherst to look after the recruits.

Captain Taylor is confident since he got ten men in Moncton yesterday that he will get the twenty-five in St. John, to join one of the finest regiments that has yet been recruited in Canada.

Lieut. Edward Mooney of the 6th has been in town for a day or two. He says the regiment is making great progress in drill at Valcartier, and when the few men now required are in the ranks it will be at full strength. All the men are fit, and eager to cross to England.

Three Halifax recruits for the 6th went forward on Monday. The Moncton Times says:—"W. A. Walker, for a number of years of the firm of J. A. Marsden, Ltd., left last evening on the maritime express for Valcartier, having enlisted with the 6th Mounted Rifles. Mr. Walker is leaving a splendid position to enter the ranks as a private, giving an example of true patriotism. He has two brothers at the front."

Col. Ryan's Mother Dead.

Mrs. J. W. Ryan, mother of Col. R. H. Ryan of the 6th, died Saturday night near Bathurst. She, with her husband and daughter were en route to the Panama Exposition and intended to meet Col. Ryan at Quebec. Mrs. Ryan is survived by her husband, five sons and one daughter. The sons are W. D. A. Ryan, William Grant, Col. R. H. Ryan, General Mounted Rifles; J. Winfield Ryan, General Electric Co., Sherbrooke; L. J. G. Ryan, A. S. C. Halifax; and Miss Eva Ryan, who was accompanying her parents.

PARCELS NOT RECEIVED AND LETTERS DELAYED

Word From Sapper Leo Quigg—Mother Gets Five Letters in One Mail

Evidently the postal arrangements in handling mail and parcels for men at the front are far from perfect, judging by the experience of Leo Quigg of Fairville, a member of the signaling corps attached to the first contingent. Not only have papers and several letters gone astray but a large box of cigarettes and a smaller tin box mailed early in May have not been received by him. The parcels were most carefully packed, wrapped in white paper, and addressed in detail. A list of the enclosed contents was given on the outside wrapper and every precaution taken to safeguard transportation.

Sometimes for several weeks his mother will not hear from him and then several letters will come in one day. On one occasion five letters arrived in the same local mail.

The cost of the materials and mailing is considerable and Sapper Quigg has notified his mother not to send any more until the lost parcels arrive. There are other soldiers, he explains, in the same predicament. The boys are unable to use French tobacco and dearly love some of their own particular brands, also chewing gum is most acceptable.

Many friends will be glad to learn that Sapper Quigg is well and in the best of spirits as intimated in these extracts from the letter received yesterday and dated June 16, second brigade headquarters, Signal Section, First Canadian Division:

Dear Mother—

"Welcome letters received and read with great pleasure. Glad to hear you enjoyed your trip on May 24. I would like to send you some money but have never seen a cent for four months. I have not received your parcel or Bertha's yet but I suppose they may arrive by next mail. I would not advise you to send any more for ninety-nine times out of 100 we do not receive them though I think you just the same.

"George Craft is here with me and is one in a thousand—in fact if it were not for him I would not be alive today. I have two great friends near and dear to me here—"Bunny" (George Craft), and my rifle.

"Don't worry about me, for as I told you before, I am enjoying myself immensely—plenty to eat, lots of sport and sometimes a comfortable hay-loft to sleep in. Now and again we take a "shooting trip" but it's all in the game. Good-bye dear mother. Cheer up; there are better times ahead. LEO."
