The Cardinal's manifesto, which is circulated throughout France by the Agence Havas, deals with the Red demonstration at the ceremony attending the transfer of the ashes of Jean Jaures, the martyred Socialist leader, to the Pantheon. It continues:

"Six victorious France, six years after the war, to be a victim of revolution? One would need to be a prophet of evil to see it if immediately all good citizens do not resist for the honor and safety of the country."

MARITIME HOCKEY  
PLAYERS LET GO

Carroll of Moncton Likely to be  
Retained by Montreal  
Team.

Montreal, Nov. 28.—When Vernon Doncaster, Nova Scotia Hockey player was released by the new Montreal National Hockey League team yesterday, he received \$700 for his two weeks tryout. It is said Doncaster had a contract and was substantially reimbursed when he and Simon Higgins, also from the maritimes, were released.

George Carroll, from Moncton, N. B., although working under the handicap of an injured wrist, is likely to be the only eastern player on the new Montreal team. He is described as a "sturdy, rough type of player, who will give and take with anyone in the league." Commenting on him the sporting editor of the Montreal Herald says:

"The hockey played in the Maritimes is of a strenuous type, and Carroll will hold his own with the 'bad men' in the N. H."

KORETZ ASSIGNS  
HIS N. S. ASSETS

Appears in Bankruptcy Court in  
Halifax—Starts for Chicago  
Tomorrow.

Halifax, N. S., Nov. 28.—Leo Koretz, late of Chicago, arrested here on last Sunday on a charge of swindling Chicagoans of millions of dollars, appeared before a commissioner under the Bankruptcy Act yesterday afternoon and voluntarily declared and assigned all his assets in this country to the Eastern Trust Company, acting for the Chicago Title and Trust Company, trustees of the Koretz estate in the United States.

Chester Davis of the Chicago company and his two attorneys, Adrian Hoover and Bernard Nath, were present and Commissioner Cummings pointed out to the prisoner that he was declaring his assets voluntarily. Koretz made a free and detailed statement and answered all questions readily. His total estate as declared amounted to something above \$200,000 exclusive of his estate at Pinehurst, N. S.

It has been definitely arranged that the return trip to Chicago will start on Saturday morning at 8 o'clock. Attorney General O'Hearn said that he believed that Koretz, by waiving extradition, was laying himself open to trial on any charge the authorities wished to bring against him, whereas in his belief, had the prisoner fought extradition and lost he could have been tried only upon the charge under which he was extradited.

TEMPEST LEAVES  
DEATH IN TRAIL

French Seaboard and Interior  
Swept—Ferry Sunk, Cars  
Blown From Tracks.

Paris, Nov. 28.—A violent tempest yesterday wrought havoc both along the western seaboard and in the interior of France, occasioning some loss of life.

At Nantes a rowboat ferrying homeward-bound workers from a shipyard across the Loire, filled, and sank when struck by a large wave, drowning the eight occupants. At the Sabies D'Orne a seaman was swept off a pier while trying to make the harbor and was drowned.

Near Le Mans the wind started two freight cars, blowing them into a passenger train and three persons were injured. Other freight cars were blown off the tracks at Champagne, nearby, causing long delays in the Paris-Brest train service.

At the Bron Airbase several sheds were unroofed and eight military airplanes damaged.

Numbers of fishing craft have failed to return to their home ports and it is feared some have been lost.

London, Nov. 28.—The late President Warren G. Harding and his wife Florence Kling Harding, are undoubtedly united in the spirit world, Sir Arthur Conan Doyle, distinguished British author and spiritualist, creator of "Sherlock Holmes," declared today in an exclusive interview with the United Press.

"I think there is no doubt that the late President called out to his wife while she was still on earth and actually summoned her to him, and that she went, Sir Arthur said.

He added that several U. S. Presidents had been susceptible to the psychic influences. "And it is conceivable that they are watching earthly affairs."

Sir Arthur cited the case of Abraham Lincoln.

"There is no doubt about it in Lincoln's case," the author spiritualist said. "That is an historical fact. It should be recognized that psychic messages, relayed to Lincoln, were largely instrumental in winning the civil war."

Conan Doyle is convinced that not only is there survival after "death" but that "vigorous vital personalities like Lord Northcliffe" may be able to achieve, and in some cases actually have achieved, communication with this earth.

CROW'S NEST PACT  
UP ON THURSDAY

Privy Council, However, Ex-  
pected to Refer Appeal to  
Supreme Court.

Ottawa, Nov. 28.—(By Canadian Press.)—The Supreme Court of Canada will, in all probability, say the decisive word in the rate battle which has developed over the Crow's Nest Pass agreement. Next Thursday, the Privy Council will hear an appeal against the judgment of the Board of Railway Commissioners setting aside the Crow's Nest rates, but there seems little question that the decision of the Government will be to refer the matter to the Supreme Court.

Questions of law and jurisdiction are, under the Railway Act, the special province of the Supreme Court, and appeals, unless questions of fact are involved, would naturally go to the judicial body.

The probability of the whole case being turned over to the Supreme Court for final decision is heightened by the action of the Railway Commission in granting leave to appeal the recent judgment.

Though leave to appeal was granted, the Board reserved the right to determine the form and nature of the question or questions to be submitted to the court. These are now being determined with all reasonable speed, but it is quite impossible that the appeal to the Supreme Court will be made prior to next Thursday when the appeal to the Privy Council takes place. The questions will, however, be available and the members of the government will know the points upon which the Supreme Court will be asked to adjudicate.

Miners Trapped In  
Mine in Wales

Cardiff, Wales, Nov. 28.—After working waist-high in water and battling deadly black damp all night, rescue crews this morning were still struggling to reach nine miners who were entrapped last night in the Penlan pit at Duvant, when a sudden run of water caused numerous roof falls.

One body has been recovered from the debris. Several scores of miners escaped through water reaching to their necks.

Hundreds of women, relatives of the trapped men, kept long vigil at the pit-head.

BOOTLEGGERS  
FORCED TO HELP

Machine Gun Brings Them to  
Rescue of Customs Agents  
Lost at Sea.

New York, Nov. 28.—Lost for twelve days in the waters of the North Atlantic, three special treasury agents are back in New York with a tale of hardship and woe. They left New York two weeks ago in a 35-foot gasoline boat for Boston.

James Lynch, Wm. Mangin and Frank Berman are the three men. They were ordered to take the boat Kingbird No. 2, of the customs marine patrol service, to Boston and deliver it to the customs authorities there.

There was no one else on the boat save the three agents. On the second day out, after passing Rum Row, they ran into bad weather. Then their compass went wrong. Then the engine began to go on strike. They believed that as fast as possible, meanwhile the food supply on the boat was running low and the fresh water had disappeared. The three men had to use cracked ice whenever they wanted water.

A day or two later, off Martha's Vineyard, the three men hailed a passing boat, the owner of which was a bootlegger en route to Rum Row. They covered him with a machine gun and finally induced him to pilot them to Woods Hole, Mass., 25 miles away.

At Woods Hole they took up a collection and rewarded the bootlegger for towing them in. They left the boat there for necessary repairs.

WOMAN WRESTLER  
Slaps Spectator

Boston, Nov. 28.—(United Press.)—Between a heckling woman wrestling fan and a strange-hold, Cora Livingston, Boston woman wrestler, lost her temper and the decision in her match with Louise Gardner, of Wakefield, at the Grand Opera House here.

Early in the one-fall affair, Cora slipped away from her opponent climbed out of the ring and slapped a woman who had been jeering her and rooting for Miss Gardner. The officials tore the two apart and getting back into the ring Cora vented her rage on Louise and administered the strange-hold, when she refused to relinquish it the judges disqualified her and gave Louise the match.

The girl admitted she entered the store with the two boys, stealing \$2 in cash and a small amount of merchandise.

JOINT COMMITTEE

Some Observers Say That  
the Movement Will Shatter  
British Labor.

By H. BAILEY  
(British United Press.)

London, Nov. 28.—There is imminent danger of the British trade unions splitting apart into two opposing camps, one group representing the Moscow sympathizers and the other the anti-Red element embracing ex-Premier MacDonald, most of his cabinet and most of the trade unions leaders.

Public attention is drawn to the impending breach by publication, today, of reports issued by the trade unions delegation now in Moscow on a tour of inquiry under the chairmanship of Albert A. Purcell, former chairman of the trade union congress.

This delegation apparently pledged itself to the immediate creation of a joint committee representing British as well as Russian unions.

May Splitter Party.

Many trade union leaders believe this will bring a disruptive movement within the unions which will shatter them as it did the French and German labor organizations. They say that the policy of a united front with Moscow really aims at the Bolshevik domination over the international trade union movement, which they are going to resist with all their force. They believe that the Moscow movement is a further opportunity to carry out revolutionary propaganda inside the British unions, and they are going to scrutinize very severely the proposals which Mr. Purcell is bringing back from Moscow.

ASK MAYOR TO URGE  
THAT WORK BE DONE

Associated Charities Delegation  
Heard—His Wor-  
ship re. Milk.

A delegation from the Associated Charities called on Mayor Potts this morning to urge that the municipality undertake work this winter to give employment to men out of work. His Worship promised to give the matter sympathetic consideration. The delegation was composed of W. S. Fisher, J. Hunter White and Rev. J. V. Young.

They said that giving employment to men was much better than charity and that they had found out that the majority of men would rather have a job than be given doles. They asked if there was no work the city could undertake at this time of year which would provide the employment and relieve the calls on the funds of the charitable institutions.

His Worship assured them he was in sympathy with their object and said he would do all that he could to provide employment for citizens who were out of work. He said that the Carleton Mill Pond sewer work would be done during the winter months and this would provide employment for quite a number.

His Worship said this application by the Associated Charities gave one of the very best reasons why the price of milk should be brought down, as it was the families of the men who were directly affected by this lack of employment who needed milk the most and under present conditions they could not get it. He drew attention to the fact that in the public schools the children were being urged to give up drinking tea and drink at least a quart of milk a day, but they could not do this if the head of the family was unable to buy the milk.

All Provincial Governments to Be  
Asked to Require That Every One  
Who Drives Auto Have License

Toronto, Nov. 28.—Recommendations will be forwarded to the various provincial governments in Canada for the adoption of the principle of licensing each and every person operating a motor vehicle, as the result of a decision made by the interprovincial roads conference which closed here yesterday.

In the opinion of the conference, it was felt that it was in the interests of public safety that such measures be adopted, in order to curtail reckless driving. The curtailing of such permits for serious infractions would be one of the penalties imposed.

It is understood that the Ontario Government will adopt the principle at the next session of the legislature.

Another recommendation made by the conference was that an educational campaign be undertaken by the provincial Government and regulations adopted to compel motorists to reduce speed to 15 miles an hour within 300 feet of railway crossings and to compel motor busses to come to a full stop in such areas.

WOODSTOCK FIRE

Dumbar's Foundry Moulding  
Shop Destroyed Early This  
Morning.

(Special to the Times-Star.)  
Woodstock, N. B., Nov. 28.—Fire broke out this morning at 4 o'clock in Dumbar's foundry and completely destroyed the moulding shop, containing a lot of new patterns and some valuable castings. The origin of the fire is unknown. It had a good start when seen by the watchman. The firemen were able to confine the blaze to the moulding shop, saving the other buildings.

The loss will be severely felt owing to the many orders on hand and the throwing of many men out of employment. Already the debris is being cleared away and a new building will be erected at once. A small insurance was carried on the building.

Cairo, Nov. 28.—Two Sudanese platoons at Khartoum mutinied today and attacked a British military hospital, killing British subjects and two Syrian doctors, according to advices from Khartoum.

British troops replied with volleys, firing into the ranks of the native troops, who suffered severe casualties.

London, Nov. 28.—(Canadian Press) The Egyptian Embassy in London confirms the news from Cairo of an outbreak among Egyptian troops at Khartoum, but adds that it considers that the outbreak was not due to any influence outside the battalion involved and is not connected officially with the troubles in Cairo.

Refused to Quit Sudan.

Cairo, Nov. 28.—One of the points in the British demands upon the Egyptian Government following the assassination of Sir Lee Stack, the Sirdar of the Egyptian army, was for the evacuation of the Sudan by all the Egyptian military forces there.

A Cairo despatch last night said that, when the acting Sirdar gave the necessary orders for the evacuation, the Egyptian officers and troops declined to obey and offered resistance, declaring they would not leave unless they received orders from the Egyptian Government.

British troops thereupon surrounded the Egyptians and the Government at Khartoum, capital of the Sudan, telegraphed Cairo asking that such orders be issued. The message intimated that the Egyptian troops were ready to resist further but pointed out that they had only 20 rounds of ammunition per man whereas the British had "unlimited supplies."

After a meeting of the Egyptian ministry the War Minister ordered the withdrawal to prevent "useless bloodshed."

Four prominent members of the Egyptian Nationalist party, with which former Premier Zakhoni Pasha is identified, were arrested by the British authorities in Cairo yesterday and later turned over to the Egyptian Government.

Official quarters in London last night were quoted as declaring that the men arrested, two of whom were members of the Zaghiou ministry, were leaders in a conspiracy against British interests.

Weather Report

Toronto, Nov. 28.—The depression which was over the Great Lakes yesterday has proved unimportant and is now north of the St. Lawrence. The weather is fairly cold in Manitoba, Saskatchewan and Northwestern Ontario. Elsewhere it is mild.

Forecast:

Mild.  
Maritime—Moderate to fresh southeast and west winds; partly cloudy and mild today and Saturday.

Northern New England—Unsettled, probably rain or snow tonight and Saturday; colder Saturday in west portion; fresh southwest winds.

Toronto, Nov. 28.—Temperatures:

Table with 2 columns: Station, Highest during night. Rows include Toronto, Montreal, St. John, Halifax, New York.

There seems to be some anxiety in Cairo with reference to the attitude of the students in the high schools who still refuse to resume their studies. The students of Al Azhar issued a statement declaring their determination to strike for ten days in protest against the British measures. They called upon the Moslems of all classes to attend the mosque of Al Azhar today for a meeting after prayers to decide what course to take.

In view of the occurrences which have followed some similar gatherings in the past it is assumed here that the British authorities in Egypt will take strong measures to prevent trouble.

Woman Leader of French Bandits Is Shot By Posse During Revels

Paris, Nov. 28.—The police of the Seine et Marne Department have rounded up a large gang of robbers, after shooting the leader, a tattooed woman, who is said to have a remarkable career.

For a long time the robbers have defied the police, but news brought to the police led them to search for them in the woods and provinces, and, headed by the Mayor of the village, armed with a shot gun, the inhabitants, with scythes and poles, etc., set out to catch the robbers. They found the band around a great fire eating chicken and drinking champagne, with the woman dancing in front of them. The robbers ran away, but one of them and the woman were shot. The woman ran into the woods and gave her pursuers a long chase, eventually swimming the river and disappearing. Next morning she was found dead. She was tattooed from head to foot. The man captured said the woman had had many previous hair-breadth escapes from the police, and had carried these out owing to the rapidity with which she changed from a man's to a woman's clothing.

The position of commissar of military affairs, filled by Trotsky since the revolution has been declared vacant by the former leader's other high offices have been taken from him.

ST. JOHN FAN HEARS ENGLAND

One St. John amateur, at least, was successful last night in hearing an English programme broadcast from the station at Newcastle. All this week special trans-Atlantic programmes are being broadcast from the U. S. side from 11 to 12 o'clock, Atlantic time, and from the European side from midnight to 1 o'clock, Atlantic time. Gordon Erb, Metcalf street, was the lucky one who caught the message from England last night.

There was considerable change for the better yesterday in the condition of Dr. H. H. McNally, of Fredericton, who has been seriously ill at his home. His Lordship Bishop Renouf, of St. George's, Nfld., passed through Moncton on Wednesday evening enroute to Montreal, where he will visit for the next few weeks. Mr. and Mrs. H. S. Rathburn, of San Diego, Cal., who have been visiting Mr. Rathburn's parents, Mr. and Mrs. H. L. Vallis, Adelaide street, have returned to their home.

The case of the Inglewood Pulp and Paper Company vs. the New Brunswick Electric Power Commission will come up on next Thursday morning at 11 o'clock before Mr. Justice LeBlanc in chambers. This is a claim for damages for land taken by the commission at Musquash. An offer was made to the Inglewood Pulp and Paper Company by the commission, but they refused it and brought suit. The commission will be represented at the hearing by J. D. P. Lewin, and the company by Hon. William Pugsley, K. C.

MRS. MARY L. THOMPSON DEAD

Many will regret the death of Mrs. Mary L. Thompson, in the first year of her age, after a lingering illness, at the home of her daughter, Mrs. E. E. (Fannie May) Wetmore, 7 Ritchey street, Mrs. Thompson was the widow of Captain William Thompson and was a life long resident of Cocoboc Cove, Charlotte county, N. B. She leaves to mourn four daughters, Mrs. E. E. Wetmore, this city; Mrs. Levi Handy, Mrs. George Morgan and Mrs. William Campbell, Vancouver, and one son, Dr. L. C. Thompson, Charlis, Washington.

MIXED BASKETBALL

As a practice game for the benefit of the gentler ones a composite team of Y. M. C. A. boys played the games of the Y. W. C. A. in the latter's gym last night. Ungallant as it may seem the boys outscored the girls slightly, but ever so slightly. However, it is said the boys were kept on the move to escape defeat, a remark which may incite further tests. The Y. W. C. A. man trainer played with the girls the second half.

FILM SALESMAN PROMOTED.

E. H. Teel, a prominent film man in the Maritime territory for eight years, has been promoted to the position of manager of the branch of the First National corporation and will leave town tonight. Familiarly known as "Eddie" by the trade, Mr. Teel had become veritably an old timer with the theatre folks of the three lower provinces and one with whom they always had friendly relations. Mr. Teel once managed the theatre in Sherbrooke, P. Q., and managed the visit of the Sheffield Choir across Canada some years ago. Later in this territory Mr. Teel was chief of the sales staff of the First National Pictures under Maritime Manager William F. Melody, this city.

THE KIDS ARE HARD AT IT.

St. Paul's Sunday School Trill Rangers, who were defeated two nights ago by Zion's Sunday School team of little fellows are now challenging Central Baptist Juniors for Saturday night in their own gymnasium. The Baptist lads are willing, though they themselves have just emerged from a trimming administered by the Methodist boys of Zion's. All this activity amongst the small boys—12 to 14 years—suggests the possibility of framing up an interschool Sunday schedule, a miniature league. One citizen stands ready to donate a silver cup if the young fellows will call a joint meeting and make a winter schedule. In the basketball game these undersized players are seemingly showing the first real pep. This is the kind of wholesome rivalry and worthwhile fun that help make good citizens—never too young to start at it either.

CARD OF THANKS.

The Ladies' Aid of Portland Methodist Church wish to thank G. E. Barbour & Co. for tea supplied at their Harvest Supper last evening.

MONCTON RADIO IS HEARD IN SCOTLAND

Old Time Waltz Enjoyed in Inverness—Tests Being Continued.

Moncton, N. B., Nov. 28.—The new Moncton radio station C. N. R. A. has been picked up in Scotland. A letter received today from Inverness reports the reception of a part of the concert broadcasted from here on Nov. 11. The writer reports hearing the old time waltz played by the Rainbow Melody Boys' Orchestra and hearing the word "Moncton."

This is the result of efforts on the part of the Moncton station to reach the British Isles and tests are being continued to make reception at distant points more clear. This, following the news of reception from Bournemouth, England, is most encouraging to the radio officials and shows that the Maritime Provinces are now in close touch with many points it was at first thought impossible to reach.

Fuller Value GIRLS' BOOTS

The same rigid standard of workmanship and materials as governs our Boys' Boots is likewise insisted upon when Francis & Vaughan order for growing girls and misses. And, lastly, they must fit so the feet can grow correctly and comfortably. The soles last longer because of oak tanned leather off the toughest bark and ramp of the hide. Old manufacturing experience tells us which is which and what to reject. Our Footwear stands better up for repairs also because of the kind of box toes, insoles and counter. The appearance of the uppers speaks for itself. Below \$2.95 you cannot get anywhere good Boots for young girls—\$3.45 the low limit for older girls. Our large buying obtains smarter values in Black and Mahogany Boots and Oxfords.

Power Bonds Pay Steadily

Water Power Bonds in Canada stand far in advance of Municipals in regularity of interest payments. A strong statement, but well borne out by facts. No interest loss of a moment can be found in the record of any Canadian Power Bond. The business basis of such Utilities has no comparison in all industry for soundness. Yet their investment profitability still holds high in comparison.

PARTRIDGE ISLAND FIRE

Fire in the exhaust pipe of the engine in the disinfection building on Partridge Island caused some excitement in the city last evening. Fortunately the stopping of the engine extinguished the blaze and no damage was done. The flames were seen shooting skyward and it was feared at first that a serious fire had taken place. It was said that some oil had gathered in the pipe and had become ignited when the engine started.

CONAN DOYLE AND THE SPIRIT WORLD

Yet I argue not Against Heaven's hand or will, nor bate A jot Of heart or hope; but still bear up and steer Right onward.

London, Nov. 28.—The late President Warren G. Harding and his wife, Florence Kling Harding, are undoubtedly united in the spirit world.

Of course, the foregoing statement by Conan Doyle is the text for the few random observations which follow here.

Let us begin by making it clear that this newspaper is neither for Spiritualism, nor against Spiritualism.

Before Conan Doyle embraced Spiritualism, as many eminent men did between August of 1914 and this to-day of ours, he was receiving for much of his life a payment to the tune of one dollar a word.

Well, so much by way of introduction. Now we come, naturally, to the message which Conan Doyle has issued concerning the re-union of the late President Harding and his devoted wife.

Phaeton Drove Too Near Earth. Phaeton, in Greek mythology, was the son of Helios, the sun-god, and the nymph Clymene.

Striking a Balance. A certain canny Scotchman had carried on a courtship of long duration without actually committing himself.

It is a natural and a dignified line of inquiry—or should be—who those who scoff at the men who employ their intellects are fools indeed.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

THE REVELLE. (Bret Harte.) Hark! I hear the tramp of thousands, And of armed men the hum;

Let me of my heart take counsel: War is not of life the sum; I shall stay and reap the harvest

Some in faith, and doubting some, Till a trumpet-voice proclaiming, "O, my chosen people, come!"

As an example of unusual occurrences that find their way into routine reports may be cited a recent paragraph received from a ship which sends weather observations at regular intervals to the Weather Bureau of the United States

Weather reports are received at Washington, D. C., from vessels of more than twenty nationalities scattered all over the world.

Consolation. (Friedrich Tuck in Ottawa Citizen.) Ripped the stream like golden fire Beneath an August Moon,

NEW BATTERY CAR DOES NOT FILL BILL, MEMBERS CONTEND

Chatham, Nov. 27.—The committee appointed by the Board of Trade at their regular meeting on Monday night to look into the matter of the Chatham-Newcastle new battery car service, as affected Chatham and Loggieville have submitted their report to the board.

There is but one compartment for passengers, there being no distinction made between first and second class travellers. The objectionable feature of this, they say, that women passengers may often be forced in with offensive company.

A full meeting of the board will be held on Friday evening, and a strong protest will be made to the C. N. R. officials. The board will urge for the restoration of the regular train service to this line, as they are confident that the needs of the people of Chatham and Loggieville cannot be properly served with the present electric car.

A PIMPLY SKIN NEEDS SULPHUR. Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Mentho-Sulphur. Just ask any druggist for a small jar of Rowles Mentho-Sulphur and use it like cold cream.

Give a Good One Don't Hold Back At Christmas. 5 Minutes of Your Time at the Duofold Counter Means 25 Years of Happiness for Someone You Love. ONLY a pen of permanent value is worthy of the Christmas occasion. And Parker Duofold will signify to anyone who gets it, that you gave the finest that money can buy. If you give some less-esteemed pen you might appear to be holding back. For even at higher prices you cannot get Duofold improvements—nor a pen with Duofold's place in the world's admiration. Besides, the Duofold's black-tipped lacquer-red color abounds with Christmas cheer. A gift that will preserve the memories of this Christmas as long as its point shall wear—guaranteed, if not mistreated, for 25 years, good for 50. Not once—but several times a day will friends and loved ones write with this inspiring reminder of you—a pen so beautiful and smooth and balanced that day by day it grows on one. Hence will one's affection for the giver grow accordingly. Five minutes of your time at the Duofold counter means 25 years of happiness for someone you love. But look and look carefully for this honor stamp—"Geo. S. Parker—DUOFOLD." Then imitations can't deceive you. Murdered Girls Buried; Williams Now Denies Confession

SAD SCENES ARE ENACTED AT SIDE OF DOUBLE GRAVE

Coroner's Jury Verdict Expresses Belief Williams was Slayer.

SENSATION GROWS

Grim Details of York County Tragedy are Brought to Light

Fosterville, York County, N. B., Nov. 27.—Under lowering skies that cast a pall of gloom over a community deeply moved by the horrible murder of Neela Foster, 10, and Cynthia Foster, 14, on last Tuesday evening, the bodies of the slain girls were laid to rest in a double grave in the hillside cemetery here today.

At the coroner's inquest Claude Peck swore that Harry Williams, uncle of the two little girls, admitted killing the girls in his cabin after criminally assaulting Cynthia. This admission, he said, was made in the presence of Enoch Peck. Enoch Peck corroborated this evidence.

When Williams was searched on his arrest a partly filled bottle of strychnine was found on his person. It is presumed Williams had taken some, but did not retain it.

When Dr. B. H. Dougan, coroner, of Harvey Station, accompanied by Sheriff Hawthorne, of Fredericton, arrived here this morning they went immediately to the church where Dr. Dougan made a post-mortem examination. The result of the examination was to confirm the report that the elder girl had been criminally assaulted before she had been murdered. On the evidence the coroner's jury returned a verdict in which they found that the children had been murdered and that they believed that the murder had been committed by Harry Williams.

The verdict of the coroner's jury was as follows: An inquisition taken for Our Sovereign Lord, the King, at Fosterville, in the Parish of North Lake in the County of York, on November 27, 1924, before Dr. Dougan.

We being good and lawful men of the said county duly sworn to inquire for Our Lord the King as to the death of Neela and Cynthia Foster and these said jurors, whose names are hereto subscribed, on their oaths do say:

That the said Cynthia and Neela Foster were found dead from gunshot wounds received in a camp owned and occupied by Harry Williams, and we believe from the evidence that the said Cynthia and Neela Foster were murdered by Harry Williams.

It witness whereof the said coroner has subscribed his name at about 6:30 a.m. the said jurors have subscribed their hands this Twenty-seventh Day of November, 1924.

(Sgd.) E. LUNDON, GEORGE McMINN, S. A. COLLIER, CLARENCE BOONE, MILLIDGE WOOD, PETER LUTZ, SEDENCE FOSTER, Jurors.

Witnesses Heard. The witnesses examined by the coroner were Arthur Wetmore, a merchant at Fosterville; Ward Foster, the father of the murdered children; A. Boone, Claude Peck and Enoch Peck. When their examination was completed the coroner announced that he did not see the necessity of examining further witnesses and asked the jury if they thought they could render a verdict on the evidence.

The jury said that they could and retired to return the verdict as given in the foregoing. The evidence in the case was corroborated by that of Harry Williams, who had been arrested on Tuesday night. He had apparently been in his usual state of health. This evening he went into the drug store and asked for some pills. Before the clerk could supply his wants he suddenly collapsed, fell to the floor and died immediately. The coroner was summoned but decided that an inquest was not necessary as death was from natural causes. Mr. Curtis was unharmed.

He and Brooks went inside the camp. Neela was lying on her right side under the bed. Her feet and hands were tied. Cynthia was lying on the bed with her hands tied behind her. He saw the bullet wound behind Cynthia's left ear and the pool of blood which had run out on the floor in front of her face. He saw two empty cartridges on the floor and also a pair of glasses which belonged to Cynthia. The bed clothes around Cynthia's head on the bed were wet with blood.

Overtaken by Car. On leaving the camp he went to Forest Station and stayed there till daylight. He thought that if Williams wanted to escape that would be in the direction he would take. He reached Fosterville again about midnight on Nov. 26. He got Harry Vessey to

Accused of Murder of His Two Nieces

HARRY WILLIAMS Williams is now in jail in Fredericton, charged with the murder of his two nieces, Neela and Cynthia Foster, aged 10 and 14, respectively, at his home in Fosterville, York county, on Tuesday evening.

drive him to Balm of Gilead Point, thinking that perhaps Williams had gone that way as his mother lived there. They came back and again went to Williams' camp. He then went to Ward Foster's house, and on reaching there was informed that Williams had been seen crossing the road at the top of Green Mountain.

Several started in a car and overtook Williams on the main road near the home of Harvey Boone. He got out of the car and took hold of Williams' arm and assisted him into the car. They took him to the home of J. L. Foster, a justice of the peace. They had asked Foster what they would do with him and Foster said that he would have to be held for further investigation. Foster gave him into the care of the warden of the jail at Fredericton. The sheriff should come to take him to Fredericton.

Alleged Confession. We had some conversation with Williams while we were in charge of him, said Mr. Peck. We asked him where his rifle was. He said he left it in Tom Kinney's field where he said he had stayed for the night. Enoch Peck it back it looked like Williams' and we asked him if it was his. He said it was. I took my knife and cut two notches on the heel of the butt of the rifle. I called Enoch Peck to witness this.

Williams then told me that he had spent an awful night in the woods. I asked him why he did not stay in the camp and what he had got scared. We asked him what time it was when he got into Tom Kinney's field and he said it was about 4:30 or 5 o'clock Tuesday evening. I told him that I did not think he could get there at that time as school did not close till 4 o'clock. He had said it took them about 20 minutes to half an hour to get to the camp.

While talking to me in Fraser's car Williams admitted to me in the presence of Enoch Peck that he had killed the girls. Enoch had asked him which one he killed, and he had said Neela. He afterwards said that he had killed Cynthia first. I asked him if he had tied them before he shot them, and he said that he had. Afterwards when Enoch asked him some other questions he said that he would not talk too much and please not to ask any more questions.

The witness had noticed that the rifle was a Winchester calibre 38-55. Shown some shells, he said these were some taken by him from the chamber and the magazine of Williams' rifle. Cynthia had been tied with soft rope similar to that shown witness by Sheriff Saunders.

Enoch Peck was sworn and corroborated (Continued on page 11).

MAN DROPS DEAD IN HARTLAND STORE

Hartland, N. B., Nov. 27.—William W. Curtis, until recently a resident of the State of Montana, dropped dead this evening in the drug store of Estey and Curtis. Mr. Curtis was a brother of the late Dr. Curtis, who was a well known practitioner of this district for many years. Mr. Curtis had been in Montana until a few years ago when he retired from active business and came here to settle. He had apparently been in his usual state of health. This evening he went into the drug store and asked for some pills. Before the clerk could supply his wants he suddenly collapsed, fell to the floor and died immediately. The coroner was summoned but decided that an inquest was not necessary as death was from natural causes. Mr. Curtis was unharmed.

TALK OF ELECTION IN JUNE NEXT (Canadian Press Despatch.) Toronto, Nov. 27.—The Evening Telegram in a news item today says it is reported in political circles that there will be a Dominion election in June next, as the result of the West-Hastings by-election result.

It is also rumored that the Hon. Robert Rogers will run as Conservative candidate in South Toronto, in the place of Dr. Charles Sheard, M. P., who may retire on dissolution of the present House of Commons, the Telegram says.

TWO GIRLS DEAD IN ONTARIO TRAGEDY

Three Drink Wine in Kingston and Two Sisters Succumb.

Kingston, Nov. 28.—While the mortal remains of her young sister, Margaret, were lying at the home of her parents, Dr. and Mrs. Charles A. Morrison, Bagot street, Mary Agnes Morrison, the second victim of a poisoning case, passed away at the Hotel Dieu Hospital. For a time it was hoped that the older sister would survive the effects of the poisoning.

The cause of the drama tragically said to have been wine of ipoea. The two Morrison sisters and Miss Isobel McDonald of Toronto, in an adventurous and mischievous spirit of youth, took it for some light wine, and each of them drank a quantity before going to a Royal Military College dance.

Of the three Miss McDonald is the only survivor. It is thought that she must have taken a much smaller quantity than the others.

Mary Morrison was aged 18 years and 11 months, and was a very clever young lady. It transpired that when Miss Margaret Morrison knew she was dying she asked that the family make no difference in any of their plans because of her death, and that her sister, Mary, should go to certain parties to which she had been invited and which were to form a part of the Christmas festivities.

GROOM WEIGHS 58, THE BRIDE IS 467

"Living Skeleton" of Coney Show Weeds the Fat Woman.

New York, Nov. 28.—"God's footprints" or "yetsos beta" is the Navajo name for dinosaur tracks which Charles L. Bernheimer found imprinted on the hardened floor of Nesika-nisadi Canon, in Arizona. Following these tracks, searching for them over jagged cliffs, through cactus, scorpions and heat, was a quest for this 60-year-old city business man. The greenth, tepid water seeping out in desert shadows were bubbling fountains of youth.

As to the tracks themselves, Dr. Clark Wissler of the American Museum of Natural History says they are probably the most numerous and interesting group ever found. Thirty footprints are uncovered.

14-Inch Track The tracks were left by at least four animals, wading once in the spudgy mud which hardened into stone.

The largest track is 14 inches from heel to tip of claw, and the stride was about 40 inches. After the imprints were made, according to scientists, they were entirely covered over during some earth convulsion. Then the stream cutting a canon in the course of thousands of centuries bared them again. Undoubtedly other tracks exist in the same stratum, shelved within an adjacent canon wall.

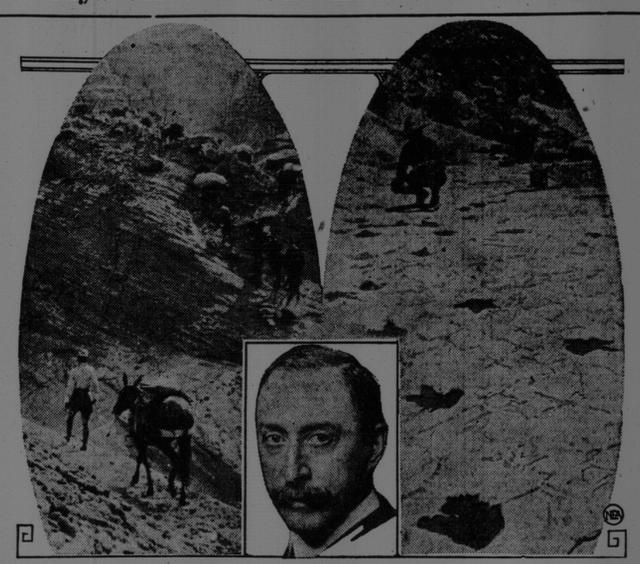

For 40 years Bernheimer had wanted to ride bronchos, met Indians, get acquainted with coyotes and sagebrush and plunge into the blank spaces of adventurous explorations. The dreams he had as an office boy in a wholesale dry goods house did not wear off as he prospected in the mart of civilization and became president of his own textile manufacturing company.

He had been to California a few years ago and was coming home across the Arizona desert country. He had been there before and felt the same longings. This time he got off the train. He was a tenderfoot and getting old, but he struck the gold-hued trail of romance into the forbidden unknown. Since then he has been going back every year growing younger and more enthusiastic.

Last summer he not only found the dinosaur tracks and mapped the supposedly impassable Navajo Canon in northeastern Arizona, but he performed a feat of physical grit and endurance which any young athlete might admire.

He made the trip of 20 days on foot and horseback with five of his lower vertebrae cracked and broken. This over terrain that made the well-known

CHARLES L. BERNHEIMER, BUSINESS MAN WHO TURNED EXPLORER AND FOUND DINOSAUR TRACKS, SHOWN AT RIGHT. AT LEFT HE IS SHOWN ON THE TRAIL.

New York, Nov. 28.—"God's footprints" or "yetsos beta" is the Navajo name for dinosaur tracks which Charles L. Bernheimer found imprinted on the hardened floor of Nesika-nisadi Canon, in Arizona. Following these tracks, searching for them over jagged cliffs, through cactus, scorpions and heat, was a quest for this 60-year-old city business man. The greenth, tepid water seeping out in desert shadows were bubbling fountains of youth.

He made the trip of 20 days on foot and horseback with five of his lower vertebrae cracked and broken. This over terrain that made the well-known

Bright Angel Trail of the Grand Canon look like a boulevard.

"My horse threw me the second day out," says Bernheimer. "He hurt, all right, but I picked myself up, caught the horse and went ahead. After a few days the pain eased. I thought the exercise was limbering up my soreness. I couldn't have done it when I first started making desert trips, of course, but I got through all right. After I returned home I had an X-ray examination, and it showed the little projections or spines on five vertebrae were broken."

Bernheimer on an earlier trip discovered a new and shorter trail around Navajo Mountain to the famous Rainbow Bridge. He has written a book about the wonderful bridge. Another time he found in superimposed strata the prehistoric remains of four different types of early civilization, from nomadic to cliff dwellers, providing an important key to their chronological development.

Roughing it in the desert, according to Bernheimer, has taught him to "try ham or eggs." It taught him when his camera was smashed to improvise a shutter with a black sock and make good pictures. It gave him an intensified vitality and velocity which he revised the rate of what were supposed to be his "declining years."

Rob Bank While Crowds Watch Plane

Mineral Wells, Tex., Nov. 27.—A whole fleet of airplanes can loop the loop, fly upside down all afternoon or do any number of trick stunts, but their antics will only make Texans in this vicinity keep a sharp eye to windward.

The whole town of Loving, near here, gaped up in amazement as a stunt plane did its stuff above the town. Meanwhile, right under all those up-lifted eyes, four bandits entered the State Bank and cleared out the cash.

As soon as the bandits headed out of town, the plane, whose antecedents nobody knows, sped away into the sky.

GIVE CONCERT AT COUNTY HOSPITAL

The three C. G. I. T. groups of the Carmarthen street Methodist church gave a most appreciated concert in the East St. John Hospital last night. Heartily thanks were extended to the girls. The visitors also provided a generous treat of fruit which was much appreciated. Miss Doris Brindle presided and the programme was in charge of Miss Ethel Brindle and Miss Nellie Carter. Miss Gladys Styles, Miss Gretchen Barton, Miss Dorothy Young, Mrs. Balm, Miss Margaret Stevens, Miss Olive Estabrook, Mrs. J. D. Hunter and Miss Maile Edmondson took part in the programme. The leaders of the three groups are Miss Ethel Brindle, Miss Estelle Earle and Miss Louise Topping.

Dry Leader Has Gained Weight and Health is Good.

Ossining, N. Y., Nov. 28.—A few months' stay in Sing Sing has been a good thing, physically, for William H. Anderson, former State dry leader, who is soon to go on parole. Prison officials announced that Anderson's health was better than when he was received eight months ago. They also disclosed that the suit he wore to prison was sent home to his family to keep for him.

Besides gaining weight in prison, where only plain but substantial and nourishing food is served, Mr. Anderson has been cured of ailments of the teeth and throat.

Speaking of Mr. Anderson's health, Dr. Amos Squire, the prison physician, said: "His health is very good indeed. When he came here he suffered from some after effects from treatment of his teeth. He has not lost any weight while here. He is in perfectly good shape."

Convicted Men Sentenced in Ontario are Appealing the Case.

Toronto, Nov. 27.—Introduced by chance acquaintances to a betting house in Windsor, which had all the appearance of the genuine article, Attila de Pompei saw bets of large sums made by those present, and he was induced to participate in small bets which led to larger ones, culminating in one for \$110,000, upon which there was a winning of \$80,000. The bank refused to pay the bet until it was evident that de Pompei had an account there, so he sent away to Cleveland, where he was in the fruit business, and had \$60,000 sent.

The \$60,000 was placed in the hands of one of his new acquaintances, and he was told to deposit it with the "bank" as a guarantee of good faith. The messenger, instead of depositing, bet it on another horse—which lost.

De Pompei, who came to this country from Italy in 1894, and starting as a track laborer worked his way to affluence, found himself plucked. The County Court tried George B. Scott and Harry Williamson on a charge of conspiring to do the plucking, and they were each sentenced to five years at Kingston. They are now appealing from their conviction. Their case will be heard by the First Divisional Court of the Appellate Division at Osgoode Hall.

ALTERNATIVE VOTE BILL MAY COME UP

Measure Sidetracked at Last Commons Session by Redistribution

(Special to The Telegraph-Journal.) Ottawa, Nov. 27.—Although the matter has not been definitely determined by the Progressives as yet, it is probable that the bill amending the Election Act to provide for the alternative vote will be reintroduced at the next session of Parliament. Last session the bill was introduced by the Minister of Justice and explained, but never proceeded with. While unanimous support of the Progressives was assured, strong opposition from Conservatives was forecast and there were threats of obstruction. In the desire to get through the alternative vote was left over.

Mr. Simms said he believed the plan suggested by Sir Henry Thornton was the best of the time in this respect. He thought that a committee of men representing the various parts and trades of the Maritimes would be in a position to thoroughly review its needs and the possibilities for remedying them.

As to the makeup of the committee, he said he was not yet in a position to make any suggestions in this regard. He thought Sir Henry would probably advocate the same plan in Sydney, Halifax, and other parts of the Maritime Provinces and that a programme could be better mapped out then. It was his intention to discuss the matter as far as possible with the council of the Board of Trade.

He expected that correspondence would be exchanged soon between the west and St. John in regard to the matter and this might lead to some definite plan. He believed the plan suggested by Sir Henry was especially timely for two reasons, because it embraced a more widely varied territory than any former conference and because it was made by a man of Sir Henry's authority and standing in the Dominion.

As far as immediate results were concerned, he was inclined to believe that Sir Henry's second plan, to take west with him a representation from the Maritimes to inform the people of the west as to the needs of the Maritimes, was the more valuable one.

SAD SCENES ARE ENACTED AT SIDE OF DOUBLE GRAVE

(Continued from page 9.)

From all the information available it appears that the two Foster children had left the school about 4 o'clock on Tuesday. They had walked down the road about 100 yards to a branch road leading to the lake. They went home only to find that their father and mother were not there, and in consequence their elder sister, whom they had expected to accompany them to Williams' cabin, could not leave the house.

thought I had better give myself up, so I went to John Foster's place, knowing he was a magistrate, and was going to the house when they came out and met me.

"Did you reply 'not much of a one' when Magistrate Foster said 'that is an awful crime you have committed' after you gave yourself up?" Williams was asked.

Williams said that he had made no arrangements to have counsel and said he had no money to do so.

"Do you expect your relatives will come to your assistance and secure counsel for you?" he was asked.

"I hope so," he replied, "but if they do not, I suppose a lawyer will be appointed to act for me. Isn't that what is done?"

37 Years Old. Williams said he was born at Nacawyck, parish of Southampton, York county, N. B., 37 years ago.

His father is dead and his mother is Mrs. Joshua Fish, who married a second time and lives at Fosterville. Williams has no brothers or sisters, but has some half-brothers and half-sisters. He has lived for the last 13 or 14 years at Fosterville.

In the Great War Williams had more than three years' overseas service with the Canadian Expeditionary Force but was never wounded.

Williams told Warden Peck that he watched lights used by his pursuers from his hiding place near a fence hugging his 88-52 rifle and tramping and rubbing himself to keep warm.

Kind neighbors and friends did what they could to prepare the bodies for burial. The men cleaned up the slabs.

Neighbors said that two other children had been in the habit of going along with the Foster girls, but on this evening they had to remain at home as their parents had gone to a store and they were told to keep house.

Fingerprints Taken. Fredericton, Nov. 27—Harry B. Williams, of Fosterville, is being held here in police cells as a suspect in the murder of his two nieces, Cynthia and Necla Foster, at Fosterville, pending the return of Sheriff J. B. Hawthorne from Fosterville and arrangements for him to be transferred to the York county jail, to which he has been remanded until Dec. 5.

Williams appeared slightly dazed, as though he had been suddenly awakened from a sleep, as he shuffled into the dock in his stocking feet, holding on to the waistband of his trousers, his braces having been taken from him.

He collected and cool. He was fingerprinted today. In various ways he showed that he was taking his present position without nervousness.

Williams Remanded. Fredericton, Nov. 27—Harry D. Williams, charged with the double murder of his half-sister's two little daughters at Fosterville, appeared in police court this afternoon before Judge Walter Lingerick and was remanded to the York county jail until December 5, at 10 a. m.

Williams appeared slightly dazed, as though he had been suddenly awakened from a sleep, as he shuffled into the dock in his stocking feet, holding on to the waistband of his trousers, his braces having been taken from him.

An Out of the Way Place. Fosterville, a village of about 800 inhabitants, is situated in almost the west part of the county of York, at the head of the Grand Lakes. It is 22 miles from Canterbury, which is on the line of C. P. R. from McAdam to Woodstock, and in the other direction some 18 miles from Houlton.

The children were in the habit of going to his cabin for supper and Cynthia often attended to his household duties for him, cleaning up and sometimes cooking his meals. He had been more of a chum than an uncle.

Read Novels. Asked concerning his habits, one of Williams' acquaintances, who had on several occasions gone hunting with him, said that he was a great reader. He read all kinds of paper-covered novels. He sat in his shack hour after hour and read and smoked.

Later investigation disclosed numerous paper-covered novels in the shack and a large ash tray filled with the butts of hand-rolled cigarettes. Among the novels were, Dearest, by Mrs. Forester; The Original Preface, by Albert Ross; Spirits of Chance, Nicholas

From the door one looks out on a beautiful expanse of water, Grand Lake. Going to the rear one sees nothing but woods. To the north also the woods extend but to the south are cleared fields. Looking in this direction one is struck by the sight of a giant elm more than 30 inches in diameter at the butt and rising to a height of more than 125 feet without a branch and with very little variance in the size. It has a mate but this tree is not so straight.

Immediately in front of the shack were three large birch logs evidently for firewood purposes, while other logs are scattered around the vicinity of the shack. On entering, one sees a table covered with novels and magazines, an ancient bedstead, an old-fashioned stove, a couple of chairs, a barrel of flour and a cabinet in which dishes and cooking ingredients were kept. On top of the flour barrel was a cake pan with half a frosted cake still in it. There were two lamps, a table and a swinging one. In the corner is a pile of firewood. There are no pictures in the camp. A small mirror hangs on the east wall.

Blood and Bullet Marks. The bed had been stripped of its bloody bedclothes, but the hole where the bullet had torn its way through the mattress and where it had lodged in the wall were visible. Some bloodstains were noticeable on the mattress about a foot from the side of the bed on the floor was the mark where the other bullet had struck. This was red with blood. The shack was then all peeled after the removal of the bodies.

The Villagers' Reactions. The funeral services were conducted by Rev. P. J. Quigg, of Woodstock, assisted by Rev. A. E. Allenby, of Forest City, Me. The choir of the Forest City Baptist church led in the singing. In addition to the parents, the murdered children are survived by three brothers and four sisters.

Tonight little groups are gathered in the stores and in private houses discussing the awful tragedy which has visited their quiet village and snuffed out two beautiful young lives. The outraged feelings of the townsfolk are evident in their every act, word and look. Mothers are gathering their little ones close to their sides while their faces reveal their sympathy for the bereaved and the thankfulness that it was not their little ones who had suffered. Men stamp and glare and swear beneath their breath and wonder why they did not lynch the alleged perpetrator of the awful deed.

(Canadian Press Despatch.) Denies He Admitted Guilt. Fredericton, Nov. 27—Harry Williams, accused of killing his two nieces, is quoted this afternoon as making a denial of having made any admission of guilt.

"I am feeling pretty well today is about all I can say," Williams is quoted as saying to a reporter from his cell at the city police station. "I have made no statement and I don't think that I should say anything further just now except to deny that I have made any admission of guilt," he continued. "I have not said anything with any bearing upon the crime with which I am charged since I gave myself up yesterday at John Foster's."

Asked why he "gave himself up," Williams replied: "I found that a crime had been committed at my cabin. I knew that I would be suspected and blamed. I was shocked by what I had found and after spending the night in the woods I

thought I had better give myself up, so I went to John Foster's place, knowing he was a magistrate, and was going to the house when they came out and met me.

"Did you reply 'not much of a one' when Magistrate Foster said 'that is an awful crime you have committed' after you gave yourself up?" Williams was asked.

"I do not recollect ever having made any such statement," was the reply. Williams said that he had made no arrangements to have counsel and said he had no money to do so.

"Do you expect your relatives will come to your assistance and secure counsel for you?" he was asked.

"I hope so," he replied, "but if they do not, I suppose a lawyer will be appointed to act for me. Isn't that what is done?"

MADISON SQUARE GARDEN WILL BE DEMOLISHED

Famous Sporting Centre to Make Way for Mammoth Building.

DIANA HOMELESS

Undecided Where to Place Statue—Richard Will Build Arena.

New York, Nov. 28.—Diana, the St. Gaudeus lady in bronze atop the Moorish tower of Madison Square Garden, is to lose her job on May 1 next, when the work of demolishing the famous structure to make way for a mammoth office building will be started.

Since 1908, when the stockholders of the Garden decided to dispose of it, after carrying it twenty years without profit, there have been rumors regarding its demolition, but it struggled along until it was finally bought at public auction for \$2,000,000 by the New York Life Insurance Company in 1916.

There followed a new crop of rumors regarding its ultimate fate. A few weeks ago the New York Life Insurance Company announced that it would improve the site in the near future with a modern office building. Tentative plans were filed with the Manhattan Bureau of Buildings calling for the erection of a building about 400 feet high covering the entire site.

Garden Leases Expire May 1. At the office of Darwin P. Kingsley, president of the New York Life Insurance Company, it was said that arrangements had been completed whereby all leases in the Garden property would expire May 1 next, and that the work of tearing down the big building would begin on that date.

Tentative plans were filed with the Manhattan Bureau of Buildings calling for the erection of a building about 400 feet high covering the entire site.

At the office of Mr. Gilbert it was said that the plans had not advanced to a stage where a definite announcement as to details of the new building could be made, but it would be built by the New York Life Insurance Company and a large amount of the space in it would probably be used by that company.

Whether Diana will find a home on top of the new structure is not known. The architect said that the question was still being debated.

Several weeks ago the director of the New York City Museum, to be opened next fall, said he was trying to induce Diana to make her home there for the future.

Tex Rickard Present Lessee. The present lessee of the Garden is George L. (Tex) Rickard, boxing promoter and president of the New Madison Square Garden Corporation, which has just purchased the car barn on the west side of Eighth avenue from forty-ninth to Fiftieth street. Last month, Mr. Rickard's company filed plans for the erection of a sporting arena on the site situated by the architect, Thomas W. Lamb, to cost about \$2,500,000. Mr. Rickard said yesterday that his financing plans had been completed and that work on his new arena and building would be started on Dec. 1. Mr. Rickard also said he would race Madison Square Garden on May 1 and expected to have his own building completed and be in it in October or November.

The new sport arena, according to Mr. Rickard's plans, will have a seating capacity of 25,000, almost double the capacity of Madison Square Garden, which can accommodate 14,000. The arena will be 400 by 200 feet, 100 feet wide, or 100 feet longer than the present Garden. These features, Rickard said, would make the proposed addition the largest indoor place of amusement in the world.

The building will also have a mammoth swimming pool and will be equipped for skating, tennis and hockey matches, boxing bouts, the steeplechase races, the circus, the horse show, automobile show and other exhibitions and industrial exhibits held in this city annually.

Madison Square Garden, aside from its entertainments, still stands out as one of the most famous buildings in the city from the architectural point of view.

Designed by Stanford White. The theatre, which was opened on Sept. 27, 1890, with "Madame" in which the stockholders were the late J. Pierpont Morgan, James T. Woodward, Charles Lanier, Hiram Hitchcock, Darius O. Mills, Alfred B. Darling, Adolf Ladenburg and Charles Crocker. The Garden covers the entire block bounded by Madison and Fourth avenues, twenty-sixth and twenty-seventh streets, in which there are thirty-two city lots.

Is Determined to be in Shape for Krug.

Determined to enjoy his best fighting condition when he enters the ring for his next bout, Dave Shade, California welterweight, who is recognized as one of the foremost challengers for the title, is in training at a New York gymnasium for his twelve-round bout with Phil Krug of Newark. The bout will be held at the 118th Infantry Regiment Armory, Newark, Dec. 3, as the feature of a boxing carnival under the auspices of the Disabled Veterans of the World War. Willie Harmon of the east side and Billy Ramsey, Elizabeth welterweight, are scheduled to clash in the semi-final of ten rounds.

George Bolduc, one of the most promising bantamweight boxers in New England, has several bouts lined up, which may lead him into a match with Abe Goldstein, bantamweight champion. Bolduc has secured the services of Charlie Turner, the well known handler of boxers, who in the future will attend to the business end for the little fellow.

Bolduc, a Frenchman, who is said to have been born in Canada, is considered one of the best bantams developed in Northern New England, and promises to make his mark in the pugilistic world while only nineteen years of age, he is a finished fighter in every respect and needs but a little more experience to hold his own with the best in his class, and that includes champion Abe Goldstein.

George has been boxing four years and has engaged in 85 battles. He has met with success against such boys as Lew Paluso, Bobby Rutenberg, Eddie Polo (twice), Tony Mandell (four times), Andy Martin (twice), Rudy Levine (twice), Tony Garmey, Charlie Baxter, Steve Travers (three times), Joe McKeown, Ralph McNaughton, Charlie Costello, Jack Sharkey, Kayo Laliberte, Jimmy Egan, Jimmy Kid Rice, Jimmy Manning, Tommy Marks, and has yet to have the fatal count of ten tolled over him.

When the time for the election of officers arrived, Mr. Nagle said that the officers and executive committee were better to delay the election of officers for a short time but that a nominating committee should be formed to report on names at the next meeting. This was favorable to those present and on motion K. J. MacRae, Howard P. Robinson, Harold Ellis and Thomas Nagle were appointed a committee to nominate officers and executive committee and report back to the next meeting of the association to be held on Thursday night, Dec. 4, at the Board of Trade rooms.

On motion it was decided that the secretary of the meeting notify all sport clubs in the city to send two representatives to the meeting to be held next Thursday in the Board of Trade rooms.

H. B. Gilbert and Harold Ellis, of the Hockey Association, said that they would help the skating game of the city by holding a skating championship event, and they invited all skaters to join in training, starting on Monday, to try for a place on the St. John hockey team in the Provincial League.

The meeting adjourned until next Thursday night.

Y. M. C. A. LEAGUE. The Y. M. C. A. Home Basketball League held its first meeting on Wednesday evening, when the possibilities of a senior house basketball league were outlined and it was thought that teams might be secured from the following points: One from the Harriers; one from St. David's Fireside Club; one from St. Andrew's Young Men's Club; one from the Old High School Monday, to try for a place on the St. John hockey team in the Provincial League.

Representatives were present from the Harriers, Old High School and the Fireside Club, with a few others in attendance. Several important questions were discussed and a committee was appointed to bring in a slate of officers to govern the league on Friday night of this week, November the 28th, at 7:30 o'clock, when it is expected that the schedule will be drawn up and the opening date of the league set.

Five Aces Won. The Five Aces' basketball team defeated the Stone Church Badminton Biscuits on the Stone church floor last night by a score of 4 to 2. The game was swift and exciting. The line-up was as follows:

Table with 2 columns: Position, Name. Five Aces vs Biscuits.

 Master and Dog Against the World;  
 A Story of Thrills and Mystery

WOVEN INTO A GRIPPINGLY HUMAN STORY is the sagacity and almost incredible cunning of a Belgian police dog lately discovered by Metro-Goldwyn producers and "worked" in this picture. His name is Peter The Great and admirers of Strongheart and Rin-Tin-Tin will find it hard not to yield to this canine newcomer the palm of super-ability. The cast of human actors is truly notable, the story is a domestic crime-mystery but the acting of Peter The Great is the thrill from beginning to end. He is simply marvelous. New York is this very week going wild over him in the Capitol Theatre, Broadway. Imperial Theatre is showing the picture second in the world, the Capitol being first—accident of course—for such things don't often happen in cities this size.

NOTE: This remarkable picture is being shown at the Capitol, New York, this week and is eliciting extended press commendation, as well as attracting capacity business.

## THEY ARE DOING A HUMANE WORK

Arthur Cunningham and His Dog Help Animal Rescue League.

True it is they are dumb animals, but the silent appeal being made by "Paddy," an Irish terrier, on behalf of his unfortunate fellow animals, is more eloquent than can be put in words. When his little master, Arthur Cunningham, gets out of Centennial school, "Paddy" is guided through the main thoroughfare of the city with a mite-box attached to his sturdy little back to receive the coins that honest-hearted citizens care to give to the work of rescue among the animals carried on here by the local Animal Rescue League. "Paddy" is not in the hero class with the famous "Mike" and "Prince of Red Head." Nevertheless, he is doing effective work in seeking for humankind a more considerate feeling for homeless and injured animals. On his first day, he netted \$19 for the league work, and if ever a dog earned a good evening meal that day it was "Paddy."

The work of the league is carried on at 107 St. David street, with Mrs. Allen Daley as caretaker. Here as many as 100 animals have been cared for in a month, although when a Times-Star man called this week there were only four animals being sheltered, two dogs and two cats. Stray dogs are taken to the home and are kept a few days while efforts are made to locate the owners. If the owner is not found, the animal is painlessly destroyed by chloroforming. A large number of cats are brought there in the summer time when owners go to the country, and while some are of a quarrelsome disposition, there are remarkably few mix-ups and very little noise. When the league first located near St. David street, some opposition developed from people living there, reaching a head when a petition was presented to the Common Council asking the league to be forced to move. Now Mrs. Daley is happy to state, the league has convinced neighbors that no harm has been done and they are content to allow the league to carry on its work without further hindrance.

The league is dependent on voluntary subscriptions, such as are collected through "Paddy's" work, and fees of members. Considerable repair work has been done this summer to the league's premises, and as the bills are quite heavy, every little bit put into "Paddy's" mite-box cuts them down and makes possible this kind and thoughtful work. If the public knew of the good work done by the league they would subscribe more readily, Mrs. Daley says, but there are so many drains on the public purse the league is thankful for contributions, small as they are. "Paddy" is grateful and so are his master and his friends. Arthur and Paddy will be on their rounds again tomorrow.

## IN MEMORY OF MRS. D. HUTCHINSON

### School in India Proposed by Baptist Women's Missionary Union.

Estimates were passed this morning at the quarterly session of the executive of the United Baptist Women's Missionary Union of the Maritime Provinces for the construction of a school at Kota Bommlil, India, in memory of the late Mrs. David Hutchinson, who was president of the Union for 14 years. The president, Mrs. W. G. Clark of Fredericton, was in the chair this morning. The meetings are being held in the German street Baptist Institute.

The quarterly session of the executive, which opened last evening, is well attended by members from various sections of the Maritime Provinces. Preliminary business was transacted last evening. The report of Mrs. Seaman, general treasurer, was received with a great deal of enthusiasm as it was very encouraging. The report of the Acadia Building Fund campaign showed that there has been excellent response thus far to the women's efforts. The evening was taken up with the discussion of these reports.

Encouraging reports were read this morning by Miss Hume, corresponding secretary, giving an account of the work being done in the field in India and by Mrs. Perry, secretary for the home mission committee, on home mission work. Mrs. McLearn, provincial secretary for Nova Scotia, and Miss Augusta Slipp, provincial secretary for New Brunswick, read excellent reports on the work of the quarters.

Among the members of the executive from outside the city who are here for the meetings are: Mrs. W. G. Clark, president of Fredericton; Mrs. Susie Seaman, treasurer, of Amherst; Mrs. H. G. Perry, Wolfville; Mrs. C. S. McLearn, of Middleton, N. S.; Miss E. Hume, Hantsport, N. S.; Mrs. F. N. Heals, editor of Tidings, Wolfville; Mrs. N. W. Eveleigh; Mrs. J. A. Corbett, of Fredericton; Mrs. W. C. Keirstead, of Fredericton; and Mrs. L. H. Crandall, of Chipman, N. B.

### USED GASOLINE TO HURRY FIRE; THEN TROUBLE

A resident of Wright street had an experience yesterday morning which he will not want to repeat in a hurry. He went to light the fire and thought he would hurry it along with a little gasoline, which was brought in from the garage. The gas caught so quickly that there was an explosion and the can was torn from his hands and blazing oil went over the kitchen floor and set fire to his clothes. By this time other members of the family had been aroused and they got busy putting out the fire. Two of the sons threw some mats over their father and thus put out the fire burning there, and others smothered the fire in the room.
