THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, MAY 10, 1921

IMPERIAL PACKED
TO SEE GREAT FILM

"The Furnace" Lived up to
Advance Notices — A Remarkable Story and Picture.

"The Furnace," now on at Imperial theatre, is one of the really big pictures that come along just occasionally; the story is a brand new English novel, just off the press, written by "Pan," an anonymous writer who is creating a sensation abroad. It was scenarized by Julia Crawford Jers, who wrote the scenarios for the Fox Sawyer and Huckleberry Finn pictures.

Picture patrons might find adequate entertainment merely in the spectacular element of the production, the many of the latest in beautiful gowns and fashions are displayed, the big scenes in the hotel at Monte Carlo, the sumptuous wedding in St. Mary's church at London, the storm, the landslide, and other big moments, all of which scenes were taken at an enormous expense of time and labor. But besides the spectacle there is a compelling plot well worked out by capable actors and actresses.

The cast is composed of a battery of favorites, any one of whom is a powerful attraction to screen patrons. Agnes Ayres, Jerome Patrick, Theodore Roberts, Helen Dunbar, Betty Francisco, Milton Sills, Fred Turner, Mayme Kelso, Lucien Littlefield and Robert Holier are among the principals. Hundreds of wonderfully dressed extras are used.

The theme of the story is that a marriage without love is a veritable furnace of unhappiness, discord and dissension and that from such a marriage the direct complications may result. The husband learns through a friend that the wife had lightly vowed to see him for the breach of promise if he killed her. He then marries her and tells her that he knows her feelings, and that he will kill her husband in name only. Thus, it is, that the two most envied people in all England, a rich Canadian and his popular actress-wife, are in reality the unhappiest people in all England. The complications that follow are gripping and powerful and the picture ends with a big climax.

Especially large attendance marked the opening of this remarkable feature and everybody seemed to leave the theatre perfectly well pleased. The bill was opened by a Burton Holmes travogueue dealing delightfully with Alsace as it is today. Franchised again and "rass mit der Fritzies."

UNIQUE HAS
A POPULAR
PHOTO PLAY

For highly ludicrous situations, brought about with an adroit and naturalness extraordinary in comedy bordering upon farce, "Parlor, Bedroom and Bath" presented locally for the first time last evening at the Unique Theatre, certainly exceeds in entertainment value any picture seen in a considerable period of time.

The laughs begin almost with the first flicker of the film and do not cease with the appearance of "The End." Scores among the audience last night chuckled reminiscently over the first version of this Broadway comedy success as they sought their hats and the street. It is capital entertainment, joyous and irresistibly funny and undeniably human.

The story deals with the vicissitudes matrimonial in chief, of Reggie Irving, who, to prove to his wife that he is the very devil of a fellow, conspires with Polly Hathaway, girl reporter on a society scandal paper, to diminish his own reputation. Just as the young and almost painfully conservative husband has patting himself on the back for his cleverness, Angelica, the wife, who above all sought to marry a wild man, discovers the deceit. That is really the first complication and the score that follow are no less excellent and amusing.

MORNING NEWS
OVER THE WIRES

Two boys, aged two and four years, sons of Mr. and Mrs. Willis McKenize of Douglastown, N. B., were burned to death yesterday. Their mother had gone to the house of a neighbor to get milk and in her absence fire broke out. She returned home and made desperate efforts to rescue them but was unsuccessful. She was severely burned about the face and hands in the attempt.

Fire caused by the explosion of a gasoline tank did much damage to the auxiliary schooner Ryse, commanded by Captain B. C. Heinwell and bound from the Magdalen Islands to Pictou. A man who was hurtled overboard by the force of the explosion was saved. Under the direction of the captain, a man sixty-nine years of age, the crew successfully combated the flames and brought the vessel safely into Pictou.

BEDS FOR CRITICS

Conveniences for Parisian Dramatic Writers.
Paris, April 20.—(By mail)—Dramatic critics were offered midnight supper and beds at the Theatre Montaigne recently, so they might, at their ease, write their criticisms in time for the morning papers and avoid the inconveniences of early morning rising. Most of the forty-four beds installed in the theatre were occupied.

This hospitality was in competition with that of another manager who hurriedly improvised a ball, with dances by the star of the evening and was unable to continue the "first night" performance. By the time the ball was well started, the manager had brought in supper for a theatre full of people and the successful production would have gone.

VICAR'S WIFE GOES TO WORK

London, May 10.—Rev. F. Neish, vicar of Upnor, announces the departure from the vicarage of Mrs. Neish to earn money to send her son to a boarding school. Mr. Neish was ordained deacon in 1874. The net income of the living is \$1,800 and house.

Berlin, May 10.—Having graduated from a university, Miss Edith Suessemann is taking a practical extension course of four years with a lawyer as required under the law. She will be the first woman in Prussia to become a lawyer.

PREMIER MASSEY

Of New Zealand, who has arrived at Vancouver on his way to London to attend the conference of the empire premiers.

LUSITANIA CLAIMS
URGED FOR PAYMENT

Committee Named to Ask Congress for Prior Consideration of Large Sums—Ship Sunk Six Years Ago.

(New York Times.)

A meeting of representatives of persons having claims against the German government arising out of the sinking of the Lusitania was held yesterday in the office of Hunt, Hill and Betts, 120 Broadway, on the anniversary of the disaster, and a decision reached to press the government for action leading to an early settlement of the claims, which amount to several millions of dollars.

The claimants believe that reparation for the loss of life and property on the Lusitania should be extended over a long period of years, but that these claims should receive prior consideration by the state department and congress.

A committee was appointed to present the claims to the government. George Whitefield Betts, jr., chairman of the committee, issued a statement, saying: "Six years ago today the Lusitania was sunk to the bottom of the Irish Sea by a German submarine. On the anniversary of this day there was held a large meeting of the representatives of claimants for loss of life and personal injury against Germany in the Lusitania disaster. Lawyers attended this meeting from all parts of the country and represented more than 75 per cent. of the claims arising out of the disaster, presented chiefly on behalf of widows and orphans.

"There was voted an expression of dissatisfaction with the fact that, although six years have now elapsed since the Lusitania disaster, and this government has had enemy property in its possession for a number of years, and the suffering of the survivors in many cases has been dire, yet nothing has been done by way of reparation.

"It was the consensus of the meeting that the time was now appropriate to urge action upon the state department and upon congress toward an immediate consideration in an official way of these claims. It was the opinion that a flat per capita compensation alone for each claim should not be awarded, but that each claim should be considered on its merits, and full reparation had for all consequential damages sustained, including pain, suffering and loss of earnings, according to the peculiar circumstances of each case, with a flat payment in addition for each loss of life and personal injury.

"It was deemed that the nature of the claims of Lusitania survivors was such as to put them in a class different from the claims of allied governments and therefore their reparation should not be treated in the same way, namely, by payment over a long period of years. Such a method the meeting thought would have the effect of ultimately defeating them. For this reason the hope was expressed that our government should devise some ways and means of guaranteeing an immediate satisfaction of the claims, either out of the proceeds of the sales of enemy ships in the possession of the government, or the funds in the possession of the alien property custodian."

UNION JACK MUST
PRECEDE RED FLAG

Vancouver City Council's Move to Counteract Seditious Propaganda.

Vancouver, May 10.—In an effort to minimize the effect of the much flouting of the Red Flag through the streets of Vancouver, the city council has just passed a by-law that in future all parades must be preceded by the British national flag, unfurled, measuring not less than six feet by three feet. If other flags are carried by the marchers, there must be at least two Union Jacks for each such other flag.

Unfortunately, the city council did not specify the relative sizes of the flags, except the one at the head of the procession, and it is understood that the radicals have already made plans to show their contempt for the Union Jack by carrying miniature national emblems, gaudy toothpicks, while alongside will wave a majestic Red emblem.

Under the provisions of the by-law, it will be difficult to prevent this, but an amendment will probably be passed shortly after the first demonstration of contempt. As in the past, permits must be secured before a parade is held, but the regulations are being made stricter. For instance, the authorities, while they may not dictate the route of the parade, may forbid it using any street on which it would interfere with traffic—in other words, deviate the procession to side streets. Twenty-four hours notice of intention to hold parade must be given. Penalties for breaking the by-law include \$100 fine or two months' imprisonment.

SAYS STOMACH IS
.SUPERFLUOUS

Paris, May 10.—That the stomach is a superfluous organ is the startling discovery of Dr. Victor Pauchot, reported to the Academy of Medicine.

Asserting that he has successfully removed the stomach from a woman fifty years old who had continued to live happily in perfect health, he reports that the operation also cured her of cancer.

"The stomach's action is purely preliminary," said Dr. Pauchot. "The mechanism for the vital part of the digestion is in the small intestine with the intervention of the pancreas, juice and bile. Therefore, providing the patient follows a light diet, the stomach can be dispensed with advantageously."

SCHOOL IS DEMOCRATIC.
Coblenz, April 30.—(By mail)—An American school where the children of private soldiers mingle in study and at play with the children of colonels, is one of the institutions organized by the Young Men's Christian Association in Coblenz, of which General Allen, the American army commander, is the president. The work of the school ranges from kindergarten to high school grades. There are 122 children registered.

Tender Gums
—A Warning

Beware of gum tenderness that warns of Pyorrhoea. Four out of five people over forty have Pyorrhoea. Many under forty, also. Loosening teeth indicate Pyorrhoea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—inflicting the joints or tonsils—or causing other ailments.

Forhan's positively prevents Pyorrhoea, if used in time and used consistently. As it hardens the gums the teeth become firmer.

Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.

If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

RESOLUTION ON
FREIGHT RATES

Broken Confederation promises and steps to have them fulfilled were the subjects under discussion at a well attended meeting of the board of trade last evening. Following a short opening address by W. F. Burditt, who was in the chair, and a report on the recent Moncton conference pertaining to reduced freight rates by R. E. Armstrong, the subject of the evening was opened by W. S. Fisher who explained conditions prevailing in the maritime provinces and the difficulty of this part of Canada competing with Ontario and Quebec for western business.

He then moved a resolution to the effect that representations covering the pledges made under the confederation pact and the economic needs of the situation at the present time from a Maritime Province standpoint be immediately urged upon the government of the Dominion and that it be requested forthwith to appoint a royal commission, to enquire fully into all phases of the subject and to give consideration to the early cancellation of the present freight schedule as applied to the Intercolonial Railway prior to 1915; also that a delegation be sent to Ottawa from this city to co-operate with representatives from the governments of New Brunswick and Nova Scotia in the presentation of this matter to the federal cabinet.

Several other speakers made short addresses and H. R. McLellan gave a review of conditions prevailing at the time of Confederation and showed how upper Canada had benefited by it.

A committee was appointed to frame a resolution to be presented to the government of the maritime provinces asking that an organization be formed for the purpose of gathering trade statistics and other information in regard to the trade position occupied by these provinces compared with the rest of Canada.

Mr. and Mrs. J. J. McCaffrey, of Fredericton, are at the Royal.

PRICE OF SARDINES
SLUMPS TO \$2.50

Quotations Drop on Old Goods—Only One Concern Operating—Packers Meet For Consultation.

(Eastport Sentinel.)
The cut in the price of last season's pack of sardines, that has been expected to occur with the advent of new goods on the market, was made last week, the basis being now the very reasonable figure of \$2.50 per case of keyless quarter oils. Shipments are somewhat more brisk at this price and not only are current to the effect that preparations are being made by several concerns to begin packing.

The Holmes Company continue to be the only active packer on the Maine coast, and is both taking plenty of fish and making heavy goods they are putting up. Nothing definite is known as to their selling price, but it is certain that they are operating under lower costs than those prevailing last year.

Among other items cottonseed oil has dropped from 21 cents per pound in 1920 to eight cents this year, and inasmuch as there are seven and a half pounds in a gallon, this means a difference of about \$1 a gallon—a saving of from 65 to 75 cents per case of packed goods. Fish are offered by the few wharves now in operation at \$2 per hogheads, as against an average of \$7.50 last year. Tin plate has dropped from \$7.75 to \$6.50 per base case, a difference of about twelve cents per case of cans. Coal is \$15 per ton—Labor has been cut from 40 cents per hour to 20 cents, and there are other minor savings all along the line.

A meeting of packers was held at the association rooms in the Acme block last Wednesday afternoon. It is reported that the discussion took a wide range, varying from the general situation and the effect of the opening of one shop thereon to the advisability of establishing a co-operative selling agency, with headquarters here in Eastport.

THE IDEAL TRAIN FOR BUSINESS MEN

The Canadian Pacific have announced, effective May 1, new train service between Montreal and Hamilton and vice versa, which should become popular with traveling public, between Montreal, Ottawa, Toronto and Hamilton and other upper Canadian cities. This train will consist of electric lighted standard sleeping and buffet compartment cars and standard coaches, and will operate between Windsor street station, Montreal, Yonge street station, Toronto, and T. H. & B. station in Hamilton.

Train will leave Montreal, Windsor street, daily except Saturday, at 9:30 p. m., arrive Toronto at 7 a. m., and Hamilton at 9:20 a. m. the following morning. In addition there will be through standard sleeping cars from Ottawa, Spaul street, at 10 p. m., to Hamilton. Returning, passengers leave Hamilton at 7 p. m., Toronto at 10 p. m., arrive Montreal at 7:30 a. m. and Ottawa at 7:15 a. m. next morning. e.o.

PHONOGRAPH'S SECRETS REVEALED AT TOWNSHEND'S

Brunswick Week is Drawing Big and Interested Crowds. This is Brunswick week at C. H. Townshend Piano & Music Company, Limited, 64 King street, St. John, N.B. For any one who desires to become more closely acquainted with the construction of modern phonographs the special exhibit being shown all this week is wonderfully interesting. The instrument being demonstrated is the Brunswick—"All Phonographs in One." The remarkable way in which this phonograph has captured public favor is due to certain exclusive constructional features which will combine to produce a pronounced ultra superiority and universality. One of these features is the all-wood oval horn—constructed entirely from choice woods without nails or metal in any form. Another is the Ultons, a scientifically designed tone-arm and reproducer which each make of record with the precise needle, correct diaphragm and exact weight. The owner of a Brunswick can play any make of record without taking anything off or putting anything on. Still another exclusive feature of the Brunswick is the four-spring silent motor. It is absolutely noiseless and plays twenty-seven minutes on one wind-

FINE COMEDY AT THE AUDITORIUM

L. L. & B. Club Presents "The Wrong Mr. Wright" Before Delighted Audience—An Attractive Piece.

The Irish Literary and Benevolent Dramatic Club sidestepped a few paces from the beaten track last evening when they foretook drama for a rollicking comedy, "The Wrong Mr. Wright," but the change was an agreeable one in their praise of the rendition. The presentation was in St. Vincent's hall, and will be repeated this evening. The play is full of amusing situations of the impersonation order, and each was developed and put over in fine style. In the leading role, that of Seymour Sites, alias Mr. Wright, Arthur B. Walsh carried the bulk of the humor through the piece, and lost none of the lines of the comedy afford. His climaxes were particularly well built up. Miss Mary Floyd, in the part of Julia Bonds, Sites' niece, had an attractive role, which she played in an excellent manner. As her maid, Tillie Bird, Miss Frances Higgins gave excellent support in a part which called for some fine acting. The choice of Miss Clara McGrath for the character part of Arabella Clingstone, an unappreciated angel, was a wise one. She gave a complete and very pleasing interpretation. A difficult and important role was that of Henrietta Oliver, a detective, but in the hands of Miss Vera George it was capably enacted. David Higgins, as Weyland Ferguson, a "whited sepulchre" of the old school, John McAlliffe, as Frederick Bonds, Roy McIntyre, as Captain Brock, J. W. E. Gale, as Lord Brasenose, Alban L. Breen, as Front, a hotel porter, and Harry Ryan, as David Clew, a detective, completed a well-balanced and effective cast. Between the acts Miss Margaret McCarthy and David Higgins, with a mixed chorus, presented "The Love Nest" specialty from the opera Mary, and were called upon to respond to encores. Music was furnished by an orchestra under the direction of E. Ray Hansen. Those in the cast were: Arthur B. Walsh, David Higgins, John McAlliffe, Roy McIntyre, J. W. E. Gale, Alban L. Breen, Harry Ryan, Miss Mary Floyd, Miss Frances Higgins, Miss Clara McGrath and Miss Vera George. The chorus was composed of: Clair McGrath, Frances Higgins, Florence McHale, Margaret McSherry, Evelyn George, Margaret Higgins, Blaind Sharkey, Regina McCullough, M. Floyd, Frank Doody, George Driscoll, Leo Floyd, Harry Ryan, Frank O'Leary, Edward Lynch.

DR. EVAN WILLIAMS' HENNA SHAMPOO POWDER makes Grey Hairs Unnecessary G REY streaked, or faded hair, may now be restored to its original, natural beauty by using Dr. Evan Williams' Henna Shampoo. It brings back the natural color and former lustre, through its rich content of the roots, and reviving of the natural function. It will not stain the scalp, nor wash or rub off. Ask your druggist for "Williams' Henna Shampoo" in the green package. Dr. Evan Williams' Ordinary Henna Shampoo (in the blue package) brightens and cleanses the hair; Graduated Henna Shampoo (in the pink package) imparts the deeper and more rich tones to faded hair. Manchester Robertson Allison Limited KING STREET GERMAIN STREET MARKET SQUARE

IN PARLIAMENT Ottawa, May 10—At the close of the budget speech last evening, the house went into committee of estimates of the department of health. The civil service estimates of \$186,612 for salaries and \$82,000 for contingencies were passed, and also a vote of \$721,940 for the general purposes of this department. Amendments to the bankruptcy act were put through the committee stage. Second reading was given a bill amend-

ing the dominion election act, and progress was reported. W. D. Eaker of North Waterloo, moved an amendment for the purpose of enfranchising alien women married to British citizens without requiring them to obtain a certificate from a judge. No action was taken on this motion. Today debate on the budget will be opened by Hon. W. S. Fielding of Queens and Shelburne.

BUTTER ON THE SLIDE; PRICES SLIPPING DOWN (Toronto Globe). Butter is going down in price. On the retail market it is sagging gently to lower levels; on the wholesale exchange it is dropping rapidly. Next week the housewife should be able to purchase butter much more cheaply. At Montreal on the wholesale market yesterday butter dropped 6 1/2 cents, and in Toronto it moved in sympathy. Since April 25 the drop in the wholesale price has been nearly twenty-three cents. In Toronto, while the slump in the price has been as great, it has been much more gradual. Shoppers yesterday paid around fifty cents a pound for the best quality butter. Next week, the Globe was informed, the retail price would likely drop to forty-five cents, and perhaps to forty cents.

PRINCIPAL BARS SCHOOL GIRLS WITH SHORT STOCKINGS Kingston, Ont., May 10—Bare knees for girls of twelve and thirteen years of age is a matter of very imminent dress, according to the principal at one of the public schools here. Girls who appear in the school with this new style of stockings were instructed that they must come properly covered. Some of the mothers had objected, with some indignation, the principal's interpretation of immorality and the matter may be brought, before the local board of education.

NO GENERAL TARIFF REVISION; HEAVY INCREASE IN SALES TAX

Sir Henry Drayton Estimates Current Expenditure At \$435,360,971

Business Profits' Tax and All Remaining Luxury Rates Wiped Out—Substantial Increase in Rates on Spirits, Which Will Affect Quebec and British Columbia the Most—Tax on Playing Cards Will Be Much Greater—Other Pro- visions of New Budget.

Ottawa, May 9.—Faced by the prospect of falling revenues from existing taxation and the fact of a deficit last year of \$101,000,000 as the result of expenditures on railways owned or to be owned by the government, Sir Henry Drayton's answer to the vexed problem of how to find enough money for the present year is to defer a general tariff revision, drop the business profits' tax, which last year gave him \$40,000,000; abolish the few remaining luxury taxes and extend the sales taxes now in effect. In his budget speech tonight Sir Henry informed the crowded house and galleries that exclusive of amounts for betterments and expenditures which could be considered investments, the country must spend in the year 1921-22 a total of \$435,360,971 on current capital railway and interest expenditures.

Hopes for \$375,000,000.

Last year the revenue amounted to about \$482,000,000, but on the same taxes he could only hope for about \$375,000,000 in the coming year. After dropping some of these taxes, although some millions of dollars of taxes will come in for business profits taxes due for 1925, all that can be said is that the government runs all its hopes of making up the difference on the extended sales tax and a more intensive collection of the income taxes.

To the ordinary every day citizens of Canada the most important thing is the increasing of the sales tax by about 80 per cent because he pays that in the long run.

All that is done in the way of tariff revision is to change several duties to agree with the special tariff arrangements with France and the British West Indies. What is left of the luxury tax is abolished. No general turn-over-tax is proposed. Taxes on spirits and alcoholic drinks of all kinds are very heavy. Quebec and British Columbia will pay most of the revenue in that respect. All the provinces will pay a tax of eight to fifteen cents a package on cards. The business profits tax is not renewed. The income tax remains the same. Besides the protection against the general tariff revision, the exchange throughout the world there is another protective clause against the "dumping" of goods into Canada.

Duties at present are assessed on the "fair market value of the goods." The new provision says that the value in no case "shall be lower than the wholesale price of the article at such time and place" of importation. The best way to explain the exchange protection is to give a rather rough example. Suppose the price of the article imported is \$80 from the United States. The exchange discount is ten per cent on the dollar. The duty is also ten per cent. Adding the exchange the price would be \$83 and the duty ten per cent of that, which will be \$8.30 instead of \$8. In a case like Germany, where the exchange is the other way on Canadian goods, it is proposed that no reduction in excess of 50 per cent of the standard or proclaimed value will be allowed, no matter what the exchange rate is.

Another provision is that all goods imported shall be labelled with the name of the country of their origin.

Some Sweeping Changes.

(Canadian Press Despatch.)
Ottawa, May 9.—Faced with the necessity of raising another \$100,000,000 of revenue, Sir Henry Drayton, minister of finance, tonight laid his taxation proposals before the House of Commons. His budget has some sweeping additions in taxation, although not so general perhaps as many had expected. The business profits tax goes by the board. All remaining luxury taxes are to be abolished. On domestic transactions the increase is fifty per cent of the original rate; on imports the increase is likewise 50 per cent of the original rate with one per cent in addition. While, however, the rate is increased, there is no change in the principle of the sales tax. Sir Henry does not extend its incidence to general turnover. As at present, the operation of the sales tax will be confined to sales of manufacturers,

of a united Canada and the best, unselfish constant work of each and all of us. It is our duty to again renew faith in the one in the other and in our country, live for Canada and in the faith of our forefathers, the future holds no shadows for Canada.

When debate on the budget begins, Hon. W. S. Fielding will open for the opposition.

Situation in Detail.

(Canadian Press Despatch.)
Ottawa, May 9.—Before a crowded house, Sir Henry Drayton, minister of finance, this afternoon delivered his second budget speech. He spoke of the difficulties experienced during the last year by business, practically the world over, yet emphasized that in spite of declining prices, the twelve months showed a great total for Canadian trade. During the year ended March 31, last, imports and domestic exports totaled \$2,429,000,000, as compared with \$2,304,000,000 in the previous year. This, commented Sir Henry, "is a remarkable showing."

He referred to the unfavorable balance in trade with the United States, against revised figures for the year showed that Canadian exports to that market amounted to \$242,000,000 domestic and \$15,000,000 of foreign produce, while imports to Canada amounted to \$856,000,000. Canada ought to sell a great deal more in the United States. The position was likely, however, to be made still more unfavorable. The Young bill, which had already been favorably considered by both houses of the American congress, would practically prohibit the importation of Canadian agricultural products which amounted in volume during the last year to some \$185,800,000.

Business with the United Kingdom continued satisfactorily although it was unaccompanied by the usual volume of trade as great as in the past. British trade in Canada had a remarkable recovery and expenditures.

Revenues and Expenditures.

Sir Henry then reviewed in detail Canada's revenues and expenditures during the year. He showed that the total revenue reached \$482,000,000, against \$480,000,000 in the year previous. The estimated expenditure for the year amounted to \$582,000,000, as against a total outlay provided by the estimates of \$618,000,000. Of this special expenditures including capital of \$200,000,000 accounted for a further \$67,000,000. Railways call for an expenditure of \$160,000,000, as compared with \$148,000,000 in the year previous. Sir Henry showed that had it not been for this expenditure of \$118,000,000 on railways, the year's revenue would have exceeded all ordinary charges together with the regular expenses on capital and war by more than \$100,000,000.

So far as the coming year was concerned, Sir Henry remarked that indicated by the estimates, a falling off in customs revenue. He estimated that based on \$185,800,000, as compared with \$168,000,000 last year; excise would yield \$88,000,000, as compared with \$80,000,000, as compared with \$86,000,000, with other taxes estimated at \$272,800,000, as compared with \$482,000,000 in the last fiscal year.

Policy of Government.

"The policy of the government," as declared in the budget, is to pay current expenses, including capital charges, out of current income. He analyzed the main estimates tabled which call for a total expenditure of \$582,000,000, and deducting railway capital obligations declared as an additional \$97,500,000.

"It is obvious," Sir Henry added, as he outlined his taxation proposals, "that additional revenue ought to be provided."

"Turning to the estimates for the current year," Sir Henry said,

"All indications point to a falling customs revenue and a loss of disarrangement of business, consequent on the imminent tariff legislation of the United States. It is difficult to accurately estimate the revenue for the coming year."

"The following estimates based on existing legislation may be given:

Customs	\$133,000,000
Excise	88,000,000
Post office	25,000,000
Interest on investments	19,000,000
War tax revenue	4,000,000
Inland revenue	72,000,000
Business profits and income tax	70,000,000
Miscellaneous war tax revenues	2,000,000
All other revenues	11,000,000
Total	\$372,800,000

"The main estimates tabled call for a total expenditure of \$582,000,000 and the supplementary for bonuses to the service an additional \$97,500,000.

"The following summary gives the details of these votes properly appropriated to their various objects:

Estimated consolidated fund expenditure	\$348,021,594
Estimated capital expenditure	27,455,127
Estimated demobilization expenditure	7,777,859
Total	\$383,254,580

Investments, non-subsidized, \$1,600,000; Canadian Northern Railway, \$50,000,000; Grand Trunk Railway, \$9,687,538; Grand Trunk Pacific Ry., \$26,000,000.

Total, \$165,687,538; Soldiers' Settlement Board, \$32,000,000; Housing loans, \$18,100,000; Sinking fund, \$2,181,993.

Total, \$47,491,993.

"From the above will be seen that \$372,800,101 in the first instance ought to be raised out of current revenue.

The Railway Deficits.

"It is true that this amount includes capital expenditure for roads, public works, etc., capital expenditure, which does add to the equipment and facilities of the country. Under the policy adopted this, however, ought to be met out of current revenue. It should be noted that this capital vote also includes \$1,908,180 required for railroad equipment. It also includes \$7,000,000 for deficits in the Canadian Government Railways proper, which must be regarded as a current expense.

"Provision is made for non-active investments to the extent of \$165,687,538 on account of railways, investments

STOPPED HER HEADACHES

Years Of Suffering Ended By "Fruit-a-lives"

112 Hazen street, St. John, N. B.

"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine 'Fruit-a-lives,' made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried 'Fruit-a-lives.'"

"After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since."

MISS ANNIE WARD.

50c. a box, 4 for \$2.00, total sale, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

which at least for the time being will yield no return. To the full extent that provision is required for the payment of current liabilities, deficits and interest that payment ought to be met out of current revenue. The vote, however, in part covers maturing capital obligations. Railway capital obligations ought not to be paid out of current revenue at the present time, but should be refunded.

"Of the vote the current liabilities of the Canadian Northern call for payment of \$25,100,000 made up of stock additions, operating deficits and interest charges."

"The Grand Trunk vote is required largely for old accounts and maturing capital obligations, as well as obligations owing the country. The old accounts will be taken into consideration in the arbitration proceedings as deduction from the compensation that may be payable. The company, however, ran last year at an actual deficit for some \$3,000,000, apart from all Grand Trunk Pacific obligations. Part of this deficit is accounted for by back pay amounting to some \$3,000,000. It would not be safe to regard the account, however, as not requiring a substantial sum possibly \$3,000,000 for current deficits for the year.

"Included in the Grand Trunk Pacific vote are entirely from expenditures which add to the value of the property, in the amount of \$1,800,000. The undertaking is such, however, that the whole vote of \$26,000,000 ought to be taken into consideration as a current current railway expenditure to be paid out of current revenue at the present time, but should be refunded."

"In addition the other investments of \$41,400,000 are active and should be regarded as a current current railway expenditure from a gross debt.

"It is obvious, however, that additional revenues ought to be provided."

"Discussing trade relations with the United States, the minister said:

"The underlying difficulty of the whole matter would appear to result from the condition of foreign exchange and the difficulty of financing overseas sales. Under former conditions, exports and imports added to the exportable surplus of the United States, as very profitable business for that country, while today, according to statements made in support of the emergency legislation, the stocks of American produce are large and additions thereto by Canadian imports merely add to the difficulties of the American producer who cannot today profitably dispose of his own surplus. In other words, what in the past was profitable business for the United States is now regarded as unprofitable."

Customs Tariff Changes.

Ottawa, May 9.—The budget resolutions moved by the minister of finance in the house of commons tonight provide for changes, mostly in the nature of increases, in nearly thirty items in the customs tariff.

The duties on cocoa and chocolate in powder form the rates are as follows: The preferential rate is changed from 2 1/2 to 3 1/2 per cent; the other rate from 2 1/2 to 3 1/2 per cent.

On preparations of cocoa or chocolate in liquid form the rates are as follows: The preferential rate is raised from 4 to 4 1/2 cents; the other rate from 4 to 4 1/2 cents.

On cocoa beans, not roasted, crushed or ground, the intermediate and general rates are raised from 75 cents to \$1.50 per 100 pounds; the preferential tariff still leaves the item free.

Onions in a natural state are placed in a new item.

Under the British preference there is no duty; but under the other two tariffs the duty is thirty per cent.

Oranges and Lemons.

Oranges and lemons remain on the free list; but strawberries or grape fruit are taken off the free list and made dutiable at 50 cents per 100 pounds under the preferential and \$1.00 per hundred pounds under the other tariffs.

Limes will remain free under the British preference but under other tariffs, the duty is raised from 10 to 15 per cent.

Fruits preserved in brandy or in other spirits not more than 40 per cent proof spirits, which were dutiable at 60 per cent, have now imposed upon them an additional specific duty of \$2.50 per gallon.

Fruits preserved in spirits of more than 40 per cent proof, which were dutiable at \$3 per gallon and thirty per cent ad valorem, will in future pay \$10 per gallon in addition to the ad valorem rate of thirty per cent.

On accounts not otherwise provided the duty is raised from twenty-five to fifty cents per hundred under the preference and from 75 cents to \$1 under the other tariffs.

When imported from the place of growth direct to a Canadian port, cocoa will remain on the free list under the British preference but where imported from another country the duty is increased from fifty to seventy-five cents.

On medicinal wines not more than 40 per cent proof the rate is raised from 60 to 80 per cent.

On wines from 25 to 40 per cent proof, the rate is raised from 50 to 55 cents per gallon with 30 per cent ad valorem; and there is also, as formerly, an addi-

tional tax of three cents for each degree over 80 degrees.

Wines of all kinds, except sparkling wines, when imported from a British colony, have a special rate of 55 cents as against 25 cents formerly.

On champagnes and all other sparkling wines the duties are raised as follows: From a pint to a quart, from \$3.80 to \$9.30; between a half pint and a pint from \$1.65 to \$4.50; half or less, from 82 cents to \$2.82 per dozen bottles; and in bottles over one quart, from \$1.50 to \$4.50 per gallon. In all cases there is an ad valorem rate of three per cent, which is the same as formerly.

Apart from the increased rates on spirits, the tariff changes are those made necessary before the West Indies agreement.

On dedicated, the preferential rate is raised from three and one-half cents to five cents a pound; and the rate under the other tariffs from four and one-half to six cents a pound.

Sugar Duties Revision.

In consequence of the trade agreement with the British West Indies the duties on sugar have been subjected to general revision.

The result is understood to be that whereas the refiner had a margin of something over sixty-nine cents, under the amended rates, he will have a margin of slightly over 70 cents.

On fruit juices fortified by spirits the duties are increased. Up to 20 per cent proof spirit, the rates are raised from 75 cents to \$2.50 per gallon; while above that strength the specific duty is raised from 80 to \$10, the ad valorem duty remaining at 80 per cent.

Lime juice, raw, remains free under the preference but the specific rate is raised from 85 to \$5 and the ad valorem rate under the other tariffs is raised to 15 cents.

Alcohol generally is made dutiable at \$10 instead of \$3 per gallon.

Run, under a special item, had a preferential rate of 85, but the general and intermediate rates at \$10.

Rates on Medicines.

On essences and extracts, mixed with spirits, the specific rate is changed from \$2 to \$10, while the ad valorem duty remains 30 per cent.

There is inserted a new item designated as anodynes, elixirs, tinctures or medicines, on which the rates are 80 and 50 per cent.

On alcoholic perfumes in small bottles the rate is raised from 60 to 90 per cent; in large bottles the specific rate is raised from \$3 to \$5 and the ad valorem rate remains at 40 per cent.

Massachusetts this sweetly fragrant lemon oil into the face, neck, arms and hands each day and see how freckles and blemishes bleach out and how clear, soft and rosy-white the skin becomes.

A YOUNG CHILD IS SCALDED TO DEATH

Grand Mann, May 3.—A very sad accident occurred on Wood Island on Tuesday, when Louis King, the one-year-old child of Mr. and Mrs. Lawson, upset a tub of boiling water upon himself, receiving such a severe scalding that he died from the effects in a few hours.

The sympathy of the entire community with the grief-stricken parents was clearly manifest at the largely attended funeral services on Thursday afternoon, when practically all of the people living on Wood Island were present. These services were conducted by the Rev. R. Osmond Morse, of Grand Harbor. The choir of the United Baptist church of Seal Cove was in attendance and sang suitable music.

Waterloo Street B. Y. P. U.

The B. Y. P. U. of the Waterloo street Baptist church held a literary evening last night in the vestry of the church with the president of the society, Miss Maudie Hamilton, in the chair. A special feature of the evening's entertainment was the illustrated lecture on the St. John river which was given by William McIntosh of the Natural History Society. The lecture was enjoyed by one of the largest audiences that the society has had this season.

When oak is buried wet sand it will last for miles under bridges on Roman's 2,000 years ago to be as sound as when placed in position.

MAN THROW STAIRS

"Discussing trade relations with the United States, the minister said:

"The underlying difficulty of the whole matter would appear to result from the condition of foreign exchange and the difficulty of financing overseas sales. Under former conditions, exports and imports added to the exportable surplus of the United States, as very profitable business for that country, while today, according to statements made in support of the emergency legislation, the stocks of American produce are large and additions thereto by Canadian imports merely add to the difficulties of the American producer who cannot today profitably dispose of his own surplus. In other words, what in the past was profitable business for the United States is now regarded as unprofitable."

Customs Tariff Changes.

Ottawa, May 9.—The budget resolutions moved by the minister of finance in the house of commons tonight provide for changes, mostly in the nature of increases, in nearly thirty items in the customs tariff.

The duties on cocoa and chocolate in powder form the rates are as follows: The preferential rate is changed from 2 1/2 to 3 1/2 per cent; the other rate from 2 1/2 to 3 1/2 per cent.

On preparations of cocoa or chocolate in liquid form the rates are as follows: The preferential rate is raised from 4 to 4 1/2 cents; the other rate from 4 to 4 1/2 cents.

On cocoa beans, not roasted, crushed or ground, the intermediate and general rates are raised from 75 cents to \$1.50 per 100 pounds; the preferential tariff still leaves the item free.

Onions in a natural state are placed in a new item.

Under the British preference there is no duty; but under the other two tariffs the duty is thirty per cent.

Oranges and Lemons.

Oranges and lemons remain on the free list; but strawberries or grape fruit are taken off the free list and made dutiable at 50 cents per 100 pounds under the preferential and \$1.00 per hundred pounds under the other tariffs.

Limes will remain free under the British preference but under other tariffs, the duty is raised from 10 to 15 per cent.

Fruits preserved in brandy or in other spirits not more than 40 per cent proof spirits, which were dutiable at 60 per cent, have now imposed upon them an additional specific duty of \$2.50 per gallon.

Fruits preserved in spirits of more than 40 per cent proof, which were dutiable at \$3 per gallon and thirty per cent ad valorem, will in future pay \$10 per gallon in addition to the ad valorem rate of thirty per cent.

On accounts not otherwise provided the duty is raised from twenty-five to fifty cents per hundred under the preference and from 75 cents to \$1 under the other tariffs.

When imported from the place of growth direct to a Canadian port, cocoa will remain on the free list under the British preference but where imported from another country the duty is increased from fifty to seventy-five cents.

On medicinal wines not more than 40 per cent proof the rate is raised from 60 to 80 per cent.

On wines from 25 to 40 per cent proof, the rate is raised from 50 to 55 cents per gallon with 30 per cent ad valorem; and there is also, as formerly, an addi-

Hsuan Tung, Boy Emperor of China

umor of Plot to Restore Captive Prince to Throne—He Has Been Twice Ruler and Twice Retired to Forbidden City.

On Tsin, April 14—(A. P., by Mail) umors of another attempt to restore Manchu monarchy by placing the five-year-old Hsuan Tung on the throne are circulating in the inner circles of this centre of Oriental states. Hints come from unknown sources such a move is to be made within next two months.

of a plot that may yet focus the world's attention. Anything is possible in Chinese politics for upon Peking centres not only the jarring ambitions of Chinese militarists and politicians, but a large proportion of all the diplomacy of the Orient.

The story of Hsuan Tung is like a tale of the Arabian Nights. Though he is still a boy of 15 years he has twice been proclaimed emperor and twice has abdicated. When he was less than two years old he was made emperor by edict of the dying empress dowager in 1908.

With his father, Prince Ching, as regent, the infant was nominal ruler over 400,000,000 people for a little more than three years. Then came the republic with a president, Yuan Shih-kai, and the boy still an emperor, retired to captivity within the walls of the Forbidden City. There he remained for five years until in 1917, when he was yet only eleven years old, he was forcibly restored to his throne by a coup d'état of General Chang Hsun who, it has been charged, was the agent of a German plot to prevent the Chinese republic from taking a hostile attitude toward Germany in the war. Another purpose of the conspiracy is said to have been to stop the sending of Chinese coolies to Europe to relieve the French workers so that they could be put on the fighting line.

This time the boy emperor's reign was brief. It lasted less than a week and again he went back to the palace of his forebears a prisoner, and there he has remained surrounded by 3,000 or 4,000 of the Manchu adherents, princes, eunuchs and whispering old women who long and probably plot for the time when the little "Son of Heaven" shall again ascend the dragon throne.

To support him and his household of Manchus, titled and otherwise, the Chinese republic pays an annual allowance of from \$3,000,000 to \$4,000,000 in silver, and thus within the heart of the capital city of the Chinese republic exists a strange group which may at any moment become the prey of ambitious military leaders or the fulcrum of which they may raise themselves to power. He is not permitted to pass beyond the walls of the Forbidden City, though his heart longs for travel to the western countries of whose strange sites and customs he has learned from his tutors, three Chinese and one English, the latter R. F. Johnston, a scholar and author.

Hsuan Tung is described by those who come in contact with him as a bright youth of affable manners, studious and interested in the outside world and its political movements. With the aid of his tutors he kept in touch with the progress of the peace conference at Paris and the changes on the world's map which ensued. Naturally, the Chinese classes are his chief study, but he also has learned English and derives delight from his skill in penmanship. He is deferential to his tutors and strictly observes the rules of imperial conduct they have taught him.

Hsuan Tung is carried in his yellow sedan chair by twenty attendants to the palace of Heavenly Purity where his English tutor gives him lessons. He loves exercise but he has little chance to gratify his wish within the limits of the palace grounds. If he goes to ride he must stride a pony led at a slow pace about the courtyard. Though he loves to see the distant parts of the world he is not even allowed to go rowing on the lake about the summer palace. Yet his disposition remains unspoiled.

Hsuan Tung has reached the age when the question of his marriage is looming up. When Yuan Shih-kai became first president of the Chinese republic it was reported that the boy emperor had become betrothed to the president's daughter to promote a plan to restore a monarchical government with Yuan as emperor. Not long ago it was reported that he was engaged to marry the daughter

German Security Police Organization Effective—A. P. Man's Experience an Example.

Halle, Germany, April 22—(Associated Press by mail)—The Security Police organization of Middle Germany, which has been the scene of widespread Bolshevik agitation and frequent clashes between Communists and government forces, has developed a system of espionage which enables it to record the daily activities of virtually every citizen and to trace minutely the movements of strangers.

The latter, without exception, are treated as suspicious characters until the authorities are convinced their business is legitimate and their intentions honorable. Even with the most genuine official documents, the police are not easily satisfied that a stranger, and particularly a foreigner, is not pondering deep plots and dark deeds against the government.

In the latest rioting here and in other central German cities, where nearly 4,000 Communists were arrested, innocent circumstances often assumed a sinister aspect in the minds of the police. The Associated Press correspondent, who had been many times examined by minor officials and frequently searched, was twice formally arrested and subjected to cross-examination by the superintendent of the district police force.

"We know all about you, said this man when the correspondent was taken before him, and from a card he read the record of the American's movements for the three days he had been in the district. He knew the contents of telegrams which had been sent in English, had record of conversations held with German officials, Communists, hotel waiters, porters, policemen in the streets and chauffeurs.

He was, however, in doubt about the correspondent's opinions regarding Communism and wanted to know about a certain interview with leaders of Communists who were fighting near Eisleben.

"You made a speech to them and appeared to have been favorably received," he said. "What was your purpose and what did you say?"

Assured there had been no speech-making, the superintendent summoned the classifier who had been employed by the correspondent in an effort to reach the Communists. The official finally was convinced the visit was only for the purpose of securing information and that no influence, except an American passport as identification, was employed over the rebels.

He then dismissed the correspondent, who, however, next day was again arrested as he entered the local police headquarters. There followed another examination which ended only when the American threatened to report the treat-

COMPLAINTS FROM BOTH SIDES

It appears that the residents of the Loch Lomond road and the motorists who frequent it are prepared to swap complaints. Over the week-end there was an unusually large number of cars out on the road, and it was reported in good shape to the head of the lakes, with the possible exception of a few hundreds of yards.

The residents of the district have complained to the department of public works that there was considerable speeding on the roads in that locality on Sunday and have asked for the establishment of a patrol, such as is operating on the Rothsay road with reported good effect.

The automobile owners have come back and complain that many cows are allowed to wander on the roadway, making a serious menace to safety. The cow question is controlled by a municipal by-law which prohibits the allowing of cattle to run at large and some convictions were registered last year before Magistrate Adams.

ATTENDS SCHOOL AT 90.

Milwaukee, Wis., May 10—Mrs. Amy Davis Winship, of Racine, Wis., celebrated her 90th birthday by applying to enter the summer school of the University of Wisconsin. LOCAL NEWS

AGAINST SPINNEY BILL.
At last night's meeting of the G. W. V. A. a resolution against a bill now before the Canadian commons, and introduced by Hon. Mr. Spinney of Yarmouth, was adopted. It has to do with patronage in the civil service.

CENSUS NOTICE.
E. H. St. Dennis of Ottawa, assistant dominion statistician, will be in the city on next Friday and will give the necessary instructions to the seven New Brunswick commissioners at the office, 1 Mill street, corner of Union street.

LOST HIS HAND.
Timothy Cahill, who had his left hand taken off some weeks ago while fastening a nut on an electric fan, Kimball & Son's establishment, is progressing well and is now at his home, 87 St. David's street.

FROM NEW TO OLD GLASGOW.
Col. Thomas Cantley, accompanied by Mrs. Howard Cantley and his daughter, Miss Marion Cantley, left New Glasgow on Thursday last for Quebec to sail to the Old Country. They will be absent for a couple of months and will be in Scotland to witness the wedding of Charles Cantley and Miss Wilson of Glasgow, to take place in June.

ENGAGEMENT.
Frederick Mall, Mr. and Mrs. James R. Tapley of Randall Corner, Simsbury county, announce the engagement of their daughter, Ada May, to Robert Miller, of St. John.

FOR BRIDE-TO-BE.
Members of the Ladies' Auxiliary of Dominion No. 1, A. O. H., called on Miss Winnie O'Neill at her home, Cliff street, last evening, and tendered her a kitchen shower in anticipation of a happy event of the near future. The evening was very happily spent with music and dancing.

BASEBALL.
The Maple Leaves of West St. John wish to challenge the Junior Pirates to a game of baseball on the Queen Square diamond, West End, on Saturday, May 14, at 2.30 p.m. Please answer through the Times. They also challenge the Fairville Nationals for a game on the same diamond at 10 a.m. same date. F. McLeod is captain.

COUNTY COUNCIL.
The regular May meeting of the municipal council is being held this afternoon. One of the principal subjects for consideration of the councillors is hospital improvements. The installation of fire hydrants in Ladysmith street, brought up also, and possibly the question of hydro-electric distribution in the parish.

CHIEF HERE TODAY.
J. B. Hawthorne, chief inspector under the prohibition act, arrived in the city this morning. He said that so far as he was concerned there was no change in the warehouse situation. He said that he understood that W. E. McIntyre, Ltd. of Montreal, had rented a building in Water street for the purposes of a bonded warehouse. The three cases of liquor consigned to J. J. Bradley still remained on the railway siding.

FREDERICTON GIRL WEBS.
The wedding took place at the First Presbyterian church, Seattle, Washington, on April 28, of Miss Madeline Mitchell Scott, daughter of Mr. and Mrs. James M. Scott of Fredericton, and Frank S. Warner, a prominent business man of Seattle. The bride has been in Seattle for the past two years, where she was on the staff of the Modern Business College. She is a graduate of Halifax Ladies' College and of the Fredericton Business College.

ST. JOHN BOY IN MUSIC.
The many friends of J. W. Robertson, a former St. John boy, will be pleased to know that he is getting along successfully at pianoforte and singing. Mr. Robertson is at Prof. H. H. Harris' Conservatory of Music, Toronto, and was heard in several selections on Friday evening by the very much pleased audience at the Allen Theatre. Mr. Robertson has a very clear, fine voice and is improving rapidly under the instructions of Prof. Harris and R. H. MacGreggor of Scotland, vocal and music instructors.

MUCH BUSINESS BEFORE COUNCIL

(Continued from page 1.)
danger from the sewerage and the fact that at low water rats and flies might carry infection back into the houses. He said the odors were offensive but not always dangerous. He recommended extending the sewers to the harbor, or the clearing of the present sewers and the prohibition of dumping anything but ashes and such matter.

Commissioner Bullock moved that the reports be referred to the commissioner of water and sewerage for report on what he intended to do in the matters.

Mr. Jones said he had reported time and again on the mill pond matter.

Mr. Bullock said the city had not previously had a report from the health board and he thought some action should be taken. The motion carried.

Mr. Jones asked for permission for removal of a lighting standard from Prince William street to Charlotte street. He closed his letter, "Yours for quick service."

The matter was referred to Commissioner Frink.

Regarding the request of the G. W. V. A. for permission to hold a circus on the Shamrock grounds for one week in May or August, Commissioner Frink recommended that the request be granted on the understanding that the place was not to be used generally for show and recreation purposes. He said that football teams had asked for permission to play there, but it was thought it was not advisable to grant this on account of the danger of blasting. If, however, the players wanted to go there at their own risk, he did not think that anyone would stop them.

The mayor read a letter from the minister of public works regarding the falls bridge, as published elsewhere in this issue.

Commissioner Frink was authorized to purchase from the Granite Street Paving and Construction Co. 880 feet of granite curbing at \$2 a foot for Princess street, between German and Charlotte streets. B. Mooney & Sons had quoted \$2.80. It was proposed to pay for the curbing out of an unexpended bond issue amounting to \$1,718.

To Commissioner Bullock Dr. Frink said that concrete curb would cost about fifty cents a foot less but would not endure so long.

Commissioner Jones presented a report from the road engineer on the necessity for some eighty-one new catch basins. He estimated the cost at \$8,000, to be paid for by bond issue. It was decided to bring the matter before the committee of the whole.

On Commissioner Thornton's recommendation the tender of James E. Taylor for painting the city market for \$289 was accepted.

On motion of Commissioner Bullock it was decided not to accept the tender for ferry piling on the ground that the department could purchase better in the local market. The tender was from Sayabec, Que.

Mr. Florence M. Frink asked the city to acknowledge encroachment of a sidewalk on her property in North Market street. She said that E. Raymond had agreed to purchase the property if the necessary acknowledgments were made. On motion of Commissioner Bullock it was decided to grant the approval of the city solicitor and city engineer.

The mayor submitted a draft of a proposed lease of the property recently purchased by the city from Armstrong & Bruce to the North End Improvement League. The terms provided for a lease of seven years from May 1, 1921, at an annual rental of \$1, with the option of renewal at the same terms so long as it was used for recreation purposes. Should the city require the land for industrial or residential or other such purposes, the lease may be terminated at six months' notice, the city agreeing to provide another place and reimburse the league for improvements, the amount to be reached by arbitration. On the mayor's recommendation it was approved subject to the approval of the city recorder.

Water Main Renewals.
The council then went into committee. Commissioner Jones asked authority to carry out several water main renewals with unexpended balances from previous bond issues, the work to be done by the water department. The suggested renewals were:
Harrison street, 800 feet of six-inch main, laid fifty-three years ago, to be replaced by ten-inch main, estimated cost \$8,200.
Queen street, between Carmarthen and Wentworth streets, 500 feet of four-inch main, laid twenty-three years ago, to be replaced by six-inch main, estimated cost of \$4,500.
Prince William street, 750 feet of ten-inch main, laid eighty years ago, to be replaced by sixteen-inch main, estimated cost \$11,000.
Regarding Prince William street, Mr. Jones said he did not intend to do the work until after the exhibition. Commissioner Frink said it was proposed by the public works department to fix up the section sections of that street this year, as the sides would be good for some time yet. Mr. Thornton asked how long the unexpended bond balances had been accumulating. On his motion it was decided to ask the chamberlain to submit a report of outstanding bond balances, and the matter of main renewals was deferred to committee meeting.

POLICE COURT

A varied docket greeted Magistrate Ritchie this morning at the police court. Two men charged with being drunk pleaded guilty and were sent below. One man had a badly damaged face as the result of a fall. Harry Stone, charged with using abusive language to a woman, pleaded guilty and was ordered below. His wife, who was in court, said that she did not wish to live with him, and the magistrate promised to take care of him for a few months.

Francis Holt, charged with wilfully destroying furniture in the home of Corwin and Wesley Nairn, pleaded not guilty and was remanded.

A case against Albert Doherty, charged with failing to admit police inspectors to a room on his premises, was taken up. He pleaded not guilty and was defended by J. Barry. Inspector Thompson was placed on the stand by W. M. Ryan, for the prosecution. The witness told of going to Doherty's store in Union street last Saturday evening with Inspector Crawford. He said he went to a door leading to the back room and found it fastened, that Inspector Crawford asked the defendant why the door was locked and the latter said he would get the key; that after a delay of about four or five minutes the door was opened from the inside. On first entering the shop Thompson said that a buzzer had been rung. He described the rear room and said there were four or five men in it. He found some glasses in a pail and also one on the store that smelled strongly of liquor. He had heard glasses rattling before gaining entrance to the rear room. He also said he had heard persons walking in the rear room. The witness told of going to the shop on the previous Saturday, and that the buzzer was pressed that evening also. The door was locked and after being opened there were four or eight men in the room. On cross examination he said that he had not knocked on the door or asked those inside to open it.

Inspector Crawford corroborated the witness. He said he had asked those in the rear room to open the door. Inspector Journey testified to being in the shop on the previous Saturday, and told of the door being locked and hearing the buzzer ringing.

Following argument by counsel the case was adjourned until tomorrow morning.

ANNUAL MEETING OF NAVY LEAGUE

The annual meeting of the New Brunswick Navy League was held this afternoon in the board of trade rooms. R. E. Armstrong, the president, was in the chair. This meeting is preliminary to the meeting of the dominion executive which will be held in Halifax in June. Reports were received from various officers and delegates were named to attend the meeting of the dominion executive.

In this connection it is interesting to note that the meeting in Halifax will be held in the new \$200,000 building recently acquired by the Navy League. In the absence of C. B. Allan, the secretary, his report was read by the president and dealt with the work of the league here. Thanks were expressed to various members of the executive and assistance rendered during the very trying winter. A financial statement was presented in which the biggest item was in connection with the Seaman's Institute, which had had many demands made upon it.

ORANGE GRAND EXECUTIVE.
A meeting of the grand executive of the Grand Orange Lodge of New Brunswick was held yesterday in the Orange hall. Consideration was given to the business of the order and plans were made for the future. All members of the executive were present, well as some county masters. S. B. Bustin, grand master, presided.

Those About To Start A Home Will Find Real Value Here

If for any reason you feel that you ought to make your money reach to its utmost buying power, come to this store and look at the furniture and the prices.

Young married people should consider that real enduring economy lies in the quality of the goods they buy, more than in merely paying out a few less dollars for inferior goods.

One of the reasons for the unusual growth of this business lies in the fact that the public has learned that for Everett furniture they pay no more than a fair price, and they get goods that will last through generations; while to pay less, they get less in looks, style, finish and in durability—very much less, as time will soon tell.

BEATS ANYTHING
HE'S EVER SEEN

Jobin Says His Three Sons
Are Picture of Health Since
Taking Tanlac.

"Well, sir, if I hadn't seen with my own eyes what Tanlac did for my three sons I wouldn't have believed it possible," said Charles Jobin, 717 Fullum St., Montreal, head foreman for Daoust-Lalonde Tanning Co. The names of the sons to whom Mr. Jobin refers are Romeo, Albert and Charles, Jr., all of whom hold responsible positions in Montreal. Mr. Jobin said further: "It just so happened all my boys had stomach trouble and had been suffering from it for several years. They were always on the lookout for something to help them but nothing ever reached their troubles until they started on Tanlac. Charles, the eldest, was the first to take it and it helped him so quickly the other boys followed his lead. "It beats anything I ever saw the way they gained in weight. Charles and Albert are at least ten pounds heavier and Romeo tells me he weighed yesterday and was amazed to see he had gained fifteen pounds. Well, sir, they are all the very picture of health, now, and it certainly does my heart good to see them at the table cleaning up everything in sight. I wouldn't give Tanlac for all the other medicines in a drug store put together. It certainly does the work."

YOUNG PEOPLE'S
NIGHT AT ST. JUDE'S

As a part of the celebration of the sixteenth anniversary of the church, the A. Y. P. of St. Jude's, last night, entertained the young people of the congregation with a delightful programme. The Sunday school was attractively decorated with flags and streamers. Rev. J. H. A. Holmes, the pastor, who is the patron of the association, presided. Following an instrumental selection by the five-piece orchestra composed of members of the Waring family, Miss Elsie Nichols gave a vocal solo. Lawrence Harding gave a mandolin selection and Mr. Holmes was congratulated by the association on its work and the parish on attaining its diamond jubilee. Rev. G. P. Fremont, a former member of the church who is now in charge of the parish of Prince William, was present and also was cordially greeted. Refreshments were served by the young people and a successful evening was brought to a close with the dancing of Sir Roger de Coverley and the singing of the National Anthem.

The Pythian Sister Loyalist Lodge No. 18 met last night in the Temple building, Main street, with almost a full attendance of members. The meeting was a busy and interesting one.

NUXATED IRON
Helps make rich, red blood
and revitalizes weak nerves

WEAK NERVES
AND THIN BLOOD

RUIN HEALTH OF THOUSANDS WITHOUT THEIR EVER SUSPECTING THE REAL CAUSE OF THEIR TROUBLE—IRON STARVATION

An enormous number of people who ought to be strong, vigorous and in the prime of life are constantly complaining of weak nerves, headaches, dizziness, back, disturbed digestion, shortness of breath, palpitation of the heart, a general "run-down" condition, anemic, had memory, etc., all as a result of iron starvation. There are 80,000,000,000,000 red blood corpuscles in your blood and each one must have iron. Without iron from your blood also loses its power to change food into living cells and tissue, and nothing you eat does you the proper amount of food—you do not get the full strength out of it and as a consequence you become greatly weakened both in body and mind.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Over 4,000,000 people annually are being Nuxated Iron. It will not irritate the teeth nor disturb the stomach, because it is organic iron like the iron in your blood and like the iron in spinach, figs, and apples and not metallic iron which people usually take. Your money will be refunded by the manufacturer if you do not obtain satisfactory results. Beware of substitutes. Look for the word "Nuxated" on every package and the letters N. I. on every tablet. Sold by all druggists.

Abbey's
EFFERVESCENT SALT
for Headache
and Backache

They both come from the same causes

Indigestion, Dyspepsia, Biliousness, Constipation, which lead to Impure Blood, Irritated Kidney and Unstrung Nerves. Abbey's will correct these troubles.

Your Druggist will supply you with ABBEY'S.

NEW DIRECTORS
FOR PROTESTANT
ORPHANS' HOME

At the annual meeting of the St. John Protestant Orphans' Home, now in its sixty-eighth year, held yesterday afternoon in the board of trade rooms, the following ladies and gentlemen were elected as directors: D. C. Clark, David Hipwell, William E. Campbell, W. S. Fisher, Frank A. Kincaid, Dr. W. S. Morrison, Walter H. Golding, Joseph Likely, Theodore Estabrooks, Henry C. Rankine and Charles H. Peters; Messrs. James W. E. Raymond, J. E. Scott, F. R. Taylor, Harold Stetson, David McLellan, F. W. Murray, W. C. K. Allan, Mabel Sidney-Smith, Mary Gunn, Hazel Clark, B. MacLaren and Bayard. The board is composed of twenty-five members.

The president, D. C. Clark, announced that the meeting of the directors for the election of officers and the selection of committees will be held in a short time. The usual reports of officers and committee heads were read and filed, eliciting considerable constructive discussion. The treasurer, H. C. Rankine, regretted to announce a deficit of slightly more than \$8,000, due to excessive costs of living and pressure of work at both the institutions, chiefly the West St. John Home, which called for trained and professional nursing help for the twenty or more babies in the nursery there. In the last few years the cost of operating the orphanages had increased enormously.

The secretary pro tem, Miss Mabel Sidney-Smith, at the outset of her report referred in feeling terms to the great loss the orphanage had sustained in the death of the faithful secretary, Mrs. J. S. MacLaren. She reported numerous activities of the directors as a body and in individual capacities, all striving for the same end. The committee on the new permanent building scheme—the union provincial institution—was yet unprepared to make a definite proposal but was seriously working on the matter.

The president, in a written address, told of the strenuous labors of the year in both the British street and West St. John homes. While there had been considerable sickness among the children, as in all institutions this last season, each home now has a fine record. Two much commendation could not be given the matrons, Misses Frost and Daves, nor to the members of the staff, Bentley, Kenney, Chipman, Crockett and Nae, the services of these gentlemen being appreciated. This year in the combined homes 106 children.

OTTAWA REFUSES
TO CHANGE HEIGHT
OF FALLS BRIDGE

His worship Mayor Schofield yesterday received a letter from Hon. F. B. McCurdy, federal minister of public works, saying that the bridge being constructed by the Canadian Pacific Railway over the reversing falls would be raised to an additional height. The letter said that those who objected to the present plans did not make out a case sufficiently strong enough to warrant an expenditure of \$160,000, and therefore the order in council of November 1, 1920, would stand.

A special despatch to The Telegraph from Ottawa last night brought the same announcement to the effect that Hon. Mr. McCurdy had decided not to change the order in council approving of the plans of the new bridge, as follows:

"On November 1, 1920, an order in council was passed approving of plans of a new railway bridge to be erected by the Canadian Pacific Railway Company over the St. John falls, and work was commenced thereunder by the railway company. Projects were subsequently made by the City of St. John and shipping and lumber interests that the new bridge should be of the same height as the Highway bridge, which would mean increasing the height of the new railway bridge by seven feet. Two deputations were heard by the minister, at which the chief engineer and the departmental officials were present. The representations made were carefully investigated by the engineering branch. To raise the new bridge an additional height of seven feet would entail, it is estimated, an additional cost of \$165,000, which would have to be paid by those now ordering the change. The arguments made by the protesting parties would not appear to be sufficient to justify such a large expenditure. It would seem, as a result of the hearings referred to and the report of the chief engineer, that the parties protesting against the new railway bridge as approved have failed to make out a sufficient case and the order in council of November 1, 1920, should therefore, in my opinion, stand."

Mayor Schofield said yesterday that this closed the matter so far as the public.

Cuticura Soap Shampoos
Best for Children

If you wish them to have thick, healthy hair through the shampoo regularly with Cuticura Soap and hot water. Before shampooing touch spots of dandruff and itching, if any, with Cuticura Ointment. A clean, healthy scalp usually means good hair.

Box 25, Cuticura 25 and 50c. Tubes 25c. Sold throughout the Dominion. Canadian Depot: Lyons, Limited, 243 St. Paul St., Montreal.

Send Cuticura Soap shares without money.

The works department is concerned, but he could not say whether any other steps would be taken.

SHOWS GREAT GROWTH

In connection with the anniversary observances of St. Jude's church it is interesting to note from statistical records how great has been the growth of the church during the last ten years. The offerings of ten years ago amounted to \$14,000, those of last year to \$84,000. The total amount subscribed or raised by the congregation last year, including forward movement, was about \$100,000. The W. A. A. ten years ago raised \$84 and last year it raised \$300. The Easter offering ten years ago was \$175 and this year it was \$250. The Sunday school ten years ago had 140 enrolled and now there are 214 on the Sunday school list.

Constipation

It is never necessary to take strong cathartics or harsh castor oil to relieve constipation. Try a combination of simple laxative with opium, sold by drug stores under the name of Dr. Caldwell's Laxative Syrup Pepsin. It is a mild, yet effective remedy that relieves the most chronic constipation in a few days. A six-cent bottle lasts an average family many months and is guaranteed to do as claimed or your money will be refunded. Eight million bottles of Dr. Caldwell's Laxative Syrup Pepsin were sold in drug stores last year.

If you would like to test Dr. Caldwell's Laxative Syrup Pepsin free of charge before buying it, the regular supply of free samples is limited. Write at once to Dr. W. B. Caldwell, 20 Front St., Bridgeport, Ont., and a free trial bottle will be sent you promptly, postpaid.

Keep Clean

Internal cleanliness means health. Without forcing irritating, Nujol softens the food, relaxes the tiny muscles in the intestines, can then easily remove irregularly. Absolutely harmless—try it.

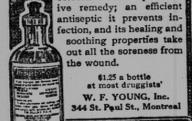

Nujol
For Constipation

for bruises

Absorbine, Jr. should be applied promptly, for the chief danger from cuts and bruises is the danger from infection.

Absorbine, Jr. is both a corrective and a preventive remedy; an efficient antiseptic it prevents infection, and its healing and soothing properties take out all the soreness from the wound.

\$1.25 a bottle at most druggists

EXPROPRIATING
FOR SCHOOL SITE

Matters regarding the proposed new schools in the north-west ends were discussed at the meeting of the school board last night. Rev. O. P. Brown, on behalf of the congregation of the Brussels street church, spoke of annoyance from the children of the Centennial playground, and the teachers association forwarded a resolution expressing the opinion that Junior Red Cross work should not be added to the curriculum.

G. H. Green was in the chair and other trustees present were Mrs. E. R. Taylor, Mrs. R. O'Brien, E. W. R. Ingraham, T. Nagle, George E. Day, H. C. Smith, A. McIntyre, J. D. P. Lewin, Dr. H. S. Bridges, superintendent of schools, and A. Gordon Leavitt, secretary.

Mr. Brown was admitted first. He said while he sympathized with the playground movement, he thought Centennial grounds were not suitable and that the children had been an annoyance and had caused considerable damage. He suggested that greater supervision be given them if the grounds were used this year. His congregation was engaged in making extended and expensive repairs to the church property adjoining, and he said the matter would be taken up with the playgrounds association.

Mr. Brown was admitted first. He said while he sympathized with the playground movement, he thought Centennial grounds were not suitable and that the children had been an annoyance and had caused considerable damage. He suggested that greater supervision be given them if the grounds were used this year. His congregation was engaged in making extended and expensive repairs to the church property adjoining, and he said the matter would be taken up with the playgrounds association.

Mr. Day, for the North End school site, asked that a record be made of the amendment to the schools act passed this year which gave full powers to school boards in cities and towns. He spoke of tentative offers regarding the drawing of plans for the schools. It was agreed that the question of new buildings be referred to a building committee composed of an architect to prepare plans for two buildings. Mr. South, the West St. committee, said Hon. J. D. M. Baxter had in hand expropriation proceedings for securing a site at the school site, ready to be started in a few days. Mr. Lewin said he would like to see the board of works for a construction for another six months.

On Mr. Day's motion the board recommended to the building committee that the plans for the North End school provide for a ten room building with an attached hall. The recommendation of Dr. Bridges thought would just meet requirements and that later it might be necessary to erect a smaller building across the bridge to care for the smaller children.

Dr. Bridges said that some rooms in the trustees building would be required in addition to the High School next term. Because of over-crowding pupils had fainted in the High School classes.

Dr. Bridges said the Brunswick chapter of the I. O. O. E. had asked permission to give prizes for British history to pupils in grade eight of the Albert and La Tour schools. This matter was referred to the West Side visitors and the superintendent.

Regret was expressed at the illness of the chairman, Dr. A. F. Emery.

LIQUOR STILL
COSTS HIM \$400

Frederick Murphy, of Millstream, who appeared before Justice Follans in Sussex yesterday charged on three counts in connection with having an illicit still was found guilty. The many \$1400 and costs. A distress warrant was issued against him for the collection of the money. On both the charges of having a still and supplying liquor he was fined \$100 and costs for each charge. W. J. Ryan appeared for the prosecution and witnesses called were Inspectors Crawford and Journey and two members of the Millstream. The third charge was preferred by the inland revenue department, represented by Mr. Dawson and this case W. D. Turner appeared for the prosecution. The department's charge was for having a still and Mr. Murphy was found guilty. He was fined \$200 and costs on this charge.

WOMEN'S INSTITUTE
IS REVIVED AGAIN

The St. John Women's Institute was called into active work once more and officers for the coming year were elected at a meeting held yesterday afternoon at 40 Union street which was said to have been well attended and very enthusiastic. Mrs. J. W. Lawlor, the president, was in the chair and explained that for some time the institute had not been very active as it had no place of meeting and the work of its home economics course had been carried out by the vocational classes. It was not thought wise to overlap the efforts. The opening of a

FIRST-AID FOR THE SKIN

YOU CANNOT AFFORD TO BE WITHOUT ZAM-BUK.

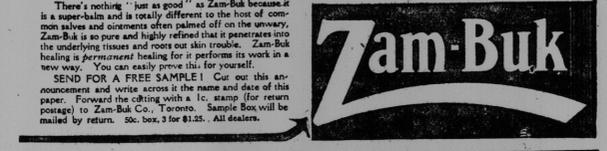

No matter how careful a mother may be in preparing the meals or in house cleaning, she cannot avoid Cuts, Burns and Scalds. Children, likewise, seem to have a special weakness for knocking and bruising their limbs and faces, and for catching any prevalent skin or scalp disease from their playmates.

Whether for Eczema, Abscesses Ulcers, Piles, Bad Legs, Boils, Poisoned Wounds or children's Ringworm, Zam-Buk is the ideal "Home Doctor," being safe, sure and swift in its soothing, healing and antiseptic action.

A unique substance prepared from valuable herbal oils and extracts, Zam-Buk contains no lard or other animal fat nor any poisonous mineral drug. In a natural way Zam-Buk takes the fire and smearing pain out of a wound or sore, and it kills and expels disease and poison germs. Having thoroughly cleansed a sore and got rid of all corruption and germs, Zam-Buk then heals it by growing healthy new skin.

There's nothing "just as good" as Zam-Buk because it is a super-balm and is totally different to the host of common salves and ointments often palmed off on the unwary. Zam-Buk is so pure and highly refined that it penetrates into the underlying tissues and roots out skin trouble. Zam-Buk healing is permanent healing for it performs its work in a new way. You can easily prove this for yourself.

SEND FOR A FREE SAMPLE! Cut out this announcement and write across it the name and date of this paper. Forward the clipping with a 1c stamp (for return postage) to Zam-Buk Co., Toronto. Sample Box will be mailed by return. 50c. box, 3 for \$1.25. All dealers.

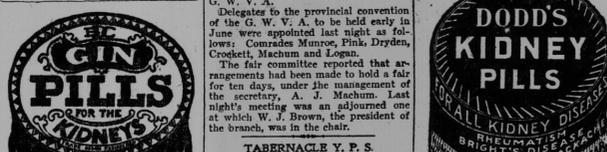

handcraft shop in St. John which would be a clearing house for the out-pout of the institutes in the province was announced and it was thought that the starting of the enterprise was timely. The nature of the handicrafts was spoken of and Mrs. Lawlor said her appearance in St. John would be welcomed. A good programme for the coming work of the institute was mapped out.

The election of officers resulted as follows: President, Mrs. J. W. V. Lawlor; 1st vice-president, Mrs. T. N. Vincent; 2nd vice-president, Mrs. A. Adams; treasurer, Mrs. R. J. Hooper; secretary, Mrs. John E. Owens; directors, Mrs. Harold Lawrence, Mrs. W. K. Haley, Mrs. J. T. Wade, Mrs. J. D. Seely, Mrs. John Stack; auditor, Mrs. Wade. The delegates appointed to attend the convention in Woodstock in G. W. V. A.

Delegates to the provincial convention of the G. W. V. A. to be held early in June were appointed last night as follows: Comrades Munroe, Pink, Dryden, Crockett, Machum and Logan.

The fair committee reported that arrangements had been made to hold a fair for ten days, under the management of the secretary, A. J. Machum. Last night's meeting was an adjourned one at which W. J. Brown, the president of the branch, was in the chair.

WORK ON THE
BREAKWATER

A resolution calling upon the federal government to proceed immediately with the work on the breakwater here in order to provide employment for returned soldiers now out of work was passed unanimously at last night's meeting of the G. W. V. A.

Delegates to the provincial convention of the G. W. V. A. to be held early in June were appointed last night as follows: Comrades Munroe, Pink, Dryden, Crockett, Machum and Logan.

Charm of
Motherhood

THERE are many homes once childless that now are blessed with healthy, happy children, because Lydia E. Pinkham's Vegetable Compound restored the mother to a healthy, normal physical condition.

The following letters give the experience of two young women and prove the value of Lydia E. Pinkham's Vegetable Compound in such cases.

Berwick, Ont.—"I had organic trouble, and after taking Lydia E. Pinkham's Vegetable Compound and Blood Medicine all my troubles passed away. I was made strong and well and have been ever since. Now we have a fine baby boy six months old, and I know that I would not have this baby and would still be suffering if it had not been for your remedies. My husband and myself say that your remedies are worth their weight in gold, and I recommend them to my friends. One of my aunts is taking them now."—Mrs. NAPOLEON LAVIGNE, Berwick, Ontario, Canada.

Toronto, Ontario—"I suffered for a long time from a female weakness, inflammation, and a terrible backache caused by that condition. One day one of your booklets was left at my door, and I read how other women with troubles like mine had been made well, so I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Sanative Balm, and it helped me wonderfully, and I now have the finest little baby boy that any mother could want. I want to recommend Lydia E. Pinkham's Vegetable Compound to any woman who has female troubles."—Mrs. JOSEPH LA BELLA, 773 Shaw Street, Toronto, Ontario, Canada.

OUTLINES JEWISH SERVICE TO WORLD

Premier Suggests That Jewry May Become Common Interpreter for All Peoples—Welcomes Dr. Weizmann.

Ottawa, May 7.—"It is indeed a proud moment of Jewry, when the premier of the greatest daughter of the British Empire extends a welcome to the youngest child, not really a child, but a ward, not really a ward but a political organization within the limits of the British Empire." Thus spoke Dr. Chaim Weizmann, leader of the Zionist Organization

of the World, at the luncheon given in his honor here this afternoon. The luncheon was attended by His Excellency the Duke of Devonshire, Premier Meighen and more than one hundred prominent Jews of the city, as well as a number of visitors from Montreal. A. J. Freizman, president of the Canadian Zionist Federation, presided. Prime Minister Speaks. "It is a great pleasure to be called upon to welcome to this capital city of Canada a gentleman so distinguished in three continents as Dr. Weizmann," declared the premier. "I shall refer to his great reputation as a scientist only to the extent of saying that to few were the Allies so indebted as to him for making science the handmaid of war. But he is no less famous in tasks of peace, and is as the head of the World Zionist Organization that we welcome him today. "I can pretend to no special, nor, indeed, to any intimate acquaintance with the purpose which brings Dr. Weizmann to this country, but in welcoming him, as I do heartily, I may perhaps venture

to suggest some reflections on the great question of high statesmanship in the treatment of which he seeks your sympathy and support. "Not being in a position to contribute to your discussion on the plan of practical manoeuvres, I would suggest to you that Zionism is happy in that, in attacking now its last great enterprise, the consummation of the hopes, as attained by a grand ideal. The attraction of a home, of a home-land, must call forth devotion, and the long separation from the possession of Zion must strengthen rather than weaken the appeal to its children. But the appeal is wider, of higher, import that a mere impulse of return. Palestine to the Jews has always been their spiritual centre. It is to become the foundry and treasure house of Jewish idealism. And what a profound effect on the world's history has the Jewish genius had! If to Greece we owe our conception of beauty, to Rome our conception of law we owe to Palestine the religion which is the cornerstone of western civilization. Sinai is a Jewish mountain, but so, too, are Olivet and Calvary.

A meal that is rich in muscle-making, brain-building material, ready-cooked and easily digested, supplying all the strength needed for work or play:

Shredded Wheat

with milk, sliced bananas, berries or other fruits. If you don't like milk pour hot salted water over the biscuits, drain off quickly and eat with butter. A nourishing, satisfying meal for not over ten cents. The richest man in the world could not buy anything more wholesome or nutritious.

MADE IN CANADA

Supreme Justification. "But the supreme justification of Zionism, as it seems to me, is not even this precious legacy to the world. This is but an earnest of the contribution which Jewry may make to the world's progress and happiness, and it is to the future that we must look. After nineteen centuries of diffusion, confusion and varying degrees of suppression, what may we not expect from the emancipated genius of a gifted race? Bound as he has been, the Jew has brought rich offerings to humanity's service, and when the establishment of his national self-consciousness, by the creation of a national home, shall have assured for him, not only in Palestine but in every land, his individual freedom and self-respect, the world will be enriched by the product of his energy and spirit. It is a grand, a noble ambition.

"It is, it seems to me, of happy augury that this great attempt to reconstitute and fortify on native soil the Jewish national consciousness should be undertaken under the aegis of Britain. It is a development which we Canadians can peculiarly understand, and from our advance to nationhood I think you may draw hope and courage. The conditions are not identical, but the spirit is not so widely different. For a century, under the protecting wing of the Motherland, the scattered colonies on the northern half of this continent grew in strength; by union half a century ago they fortified that strength; and today they have reached a continent where they are prepared to assume, not independently, but as a mature unit of a splendid whole, a place among the nations of the world. There is still another comparison which I believe you will not think fanciful. In Palestine the Jew is, it may never be, the only racial stock. We, too, are not all of the same descent. But by an essay of patient understanding, and a trial of sympathetic appreciation, we are achieving that justice which has made our homeland one of the great. By this development our Jewish fellow-citizens have contributed not a little.

Common Interpreter. "I see also another mission for the Jew in Palestine. With all his extraordinary capacity for understanding and adapting himself to western civilization, the Jew is of eastern stock. The world more and more grows one, and beyond Palestine lie those lands of myriad millions, of ancient civilizations, of mysterious cultures. How shall the West understand them? In India has just begun a vast experiment in the government based upon western ideas. May Jewry, which gave to Britain one of her most illustrious Prime Ministers, may she, established now between East and West, racially akin to one and intellectually understanding the other, may she not be the common interpreter?"

LIVELY BANNER AT THE OVERSEAS CLUB
Professor Stewart, Principal Mackinnon and Lieut.-Governor Grant the Speakers.

(Halifax Chronicle)
At the monthly luncheon of the Overseas Club at the Green Lantern yesterday, Rev. Clarence Mackinnon, in reply to a dream quoted by the chairman Prof. Stewart to the effect that he was addressing a celestial gathering, said he had not seen any news articles, if he had that description, and quoted a story in illustration of a lady just coming out from an operation, who said to her nurse, "I thought I was in Heaven, until I saw you," and said he could not criticize the Club, for he had an ailment which might end like a case in the United States, where a bloodhound was sent after a man, and snarled against the sky that evening they saw the man leading the hound by a string. He quoted the motto of the Overseas Club as follows: "Believing the British Empire to stand for Justice, Freedom, Order and Good Government, we pledge ourselves as Citizens of the Greatest Empire in the World to maintain the heritage handed down to us by our Fathers." He told of an Indian in the West who never let anything pass him without lauding it, and never missed. One day he was riding along the trail when a train came along at about 30 miles an hour, so he rode ahead, and when the train caught up to him he lassoed the smoke stack and the train stopped. The engineer, looking out of the cab window, said, "I admire your pluck, but I discount your judgment." He said that the Club had lofty ideals and was tackling a world problem, and that the natural evolution of Imperial Ideas behind these Clubs must come to the surface in the form of organized movements. He quoted a description of a Scotchman's patriotism from Scott's

Training School for Nurses

531,633 MORE POUNDS

of "SALADA" TEA were sold in the first three months of this year than in the corresponding period of last year. This is equivalent to an INCREASE of 20 tons a week and a modest estimate of this means that over one hundred million MORE cups of delicious "SALADA" were enjoyed in the homes of the people during these three months than in the same three months of 1920.

This INCREASE confirms the popularity of "SALADA", which was evidenced by the INCREASE of 1,496,236 pounds in the INCREASE of 1,536,789 pounds in 1919 over 1918.

We publish these figures because we believe everyone is interested in the reward of merit. For 30 years we have been blending and selling an honestly fine quality tea to the public. In all that time "SALADA" has remained matchless in flavour—unapproached by any other tea in cup quality—and as a result has continually increased in sales.

Please remember the above figures represent our INCREASES alone—"SALADA" sales are not only larger than those of any other tea in America, but amount to over ONE-TENTH OF THE TOTAL IMPORTS OF ALL KINDS OF TEA INTO AMERICA—viz.: Canada and the United States.

"SALADA"
Yours for "Cup Quality"—At All Grocers

"Rob Roy" to the effect that a Scotchman loves his country, loves his clan, loves his family, and finally and greatest of all, loves himself. He said that the Scotsman had invented the farthing so that he could be a philanthropist, but of course these were only humorous exaggerations.

A man couldn't live in Canada without loving Canada nor read the story of Canada without feeling it a proud possession of a Canadian. There is something in that loves the place where we were born and where our people came from, the great bond of sympathy existing between the different countries of the British Empire makes it hard for other countries to understand us. The great spirit, ideals and traditions of the Empire are what weld it together.

Lieut.-Governor Grant said a boy who was asked the names of the three great-

HORLICK'S Malted Milk for Invalids

SCHOOL NURSES GOOD WORK IN HALIFAX (Halifax Echo)
News of interest in school circles is that another school nurse and a school doctor will be appointed. Miss Richardson and Miss Mullins, the two now on the staff, have done wonders in the city schools and have proved that work of this sort among the pupils is of tremendous value; hence the increase in staff. Miss Richardson's nutrition classes at Quinpoil Road school have been particularly effective and the assembly hall there is equipped with cots upon which undernourished children may rest at certain hours. Both Miss Mullins and Miss Richardson are welcome visitors in the schools and the health lessons are very popular with the pupils. It is an interesting sight to see the children go through their tooth brush drill. Every child, even the smallest tots, come on drill day armed with a tooth brush, and lined up in orderly rows, they go through the various motions peculiar to the proper method of brushing the teeth, under the direction of the school nurse. Dirty hands are washed in the school room now as a preventive disease, and any one of the children knows all the reasons why. The health work among the pupils, together with the Health Clinics at the Massachusetts Health Centre, where adenoids and tonsils are removed free of charge at certain times, will mean a great thing for the health of the community. The work being done at the dispensary also deserves special men-

PHOTO WAS TOO GOOD TO PLEASE THE GROUP

London, May 10—The members of the Butchers' Association of a town near Manchester decided to be photographed in front of the rather finely sculptured portals of the local abattoirs. The result is a distinct credit to the photographer, but nevertheless there is a demand that the negative should be destroyed. The likenesses are perfect, the sculptured details are clearly defined, but also, alas, is the carved scroll above this particular door, which bears the inscription "Pigs."

HOW HALIFAX CARES FOR ITS CHILDREN

In Addition to Health Centres There Are Other Activities.

(Halifax Chronicle.)
The executive officers of the Massachusetts-Halifax Health Commission announce a number of new appointments to the staff. Dr. J. A. M. Hammond has been appointed one of the attending car, nose and throat specialists in the health centre and will attend clinics each Friday afternoon and operate each Tuesday morning.

Dr. J. H. Morse has been appointed by the commission as special assistant in the provincial laboratory under the direction of Dr. Nicholls. Dr. Morse will undertake special laboratory investigations for the health centre and will be available to undertake laboratory investigations for physicians and health authorities of Halifax and Dartmouth.

Miss Frances Fraser, Miss M. J. Small, Misses MacDonnell and Miss Dorothy Meritt, graduates of the class in public health nursing recently receiving their diplomas, have been appointed to the health centre nursing staff. Miss Fraser will work from the health centre, the other three from Admiralty House health centre.

A special dental service is being organized by the executive officer of the commission for the summer months. It will be under the advice and joint management of the consultant in dentistry, Dr. Frank Woodbury, and Dr. Arabella MacKenzie, the dental clinic in Admiralty House health centre. Appointment of Dr. J. S. Bagwell, as consulting dentist and Dr. J. H. Lawley, first assistant, has been made. On May 9 these two dentists will begin work in the Infirmary of Dalhousie University. Two more men will begin work June 1.

The school board of Halifax has arranged to have the school nurses during the latter half of May and June make investigations in the homes of children needing dental work and make arrangements for their treatment in the Dental Infirmary. These nurses will give a month of summer holiday to this work.

The newly appointed school nurse will begin work at once in order to help speed up this campaign of dental hygiene. Children having need of operation for the removal of adenoids and tonsils will be given the right of way in the beginning only under ten years of age will be treated. Later in the summer perhaps the age limit may be raised to twelve years.

The same opportunities will be afforded the school children of Dartmouth and in the dental hygiene and the nose and throat clinics. These special clinics will be of great interest to members of the Canadian Medical Association who meet here in June, and will serve to demonstrate to the professionally of Canada that Halifax is thoroughly awake to health needs.

CARMANIA DUN HALIFAX TOMORROW.
Halifax, N. S., May 10—The Cunard liner Carmania is due tomorrow morning from Liverpool on route for New York with twenty-four saloon, forty-two cabin and 288 third class passengers to land here. A special train will be met by the C. N. E. to Montreal.

THE BUSINESS COLUMN

EDITED BY MANSFIELD F. HOUSE

"When Are Good Cigars Coming Down in Price?"

That's the heading on a piece of advertising matter now being distributed throughout Philadelphia in answer to the query which is fired at the man behind the cigar counter a hundred times a day or more.

And, having asked the question, the cigar manufacturers answer it in the following manner:

"When you can ride on the street cars for five cents;

"When you can ride on railway trains for two cents a mile;

"When you can see a movie for ten cents;

"When you can rent a good flat for \$20 a month;

"When you can buy a loaf of bread for five cents;

"When you can buy a good pair of shoes for \$5;

"When you can buy a good suit of clothes for \$25;

"When the government reduces the tax on cigars;

"When the cigarmakers work for regular wages;

"That's when the price of good cigars will come down."

Baseball Bribery Feared.
Sacramento, Cal., May 10.—A bill of indictment charging bribery of players or umpires on the acceptance of a bribe was signed by Governor Stephens yesterday.

Get Detroit Pitcher.
Antanooka, Tenn., May 10.—President Lincoln of the local Southern Association club announced today the purchase of Benny Cunningham from the Detroit Americans.

Philly Kauf's Case.
New York, May 10.—Benny Kauf, Toronto club pitcher, was today brought to trial by a jury on charges of stealing an automobile in December, 1919. The prosecution told the jury it would prove that Kauf stole and disposed of the car and would request a verdict of guilty grand larceny in first degree.

In Honor of Maraville.
Boston, Mass., May 10.—"Rabbit" Maraville returned to the Braves, wearing the uniform of the home town Braves in the home of the Boston Braves. As friend foe, however, the shortstop holds a place in the esteem of local fans.

Two-men League.
In the Two-men League games on Monday's alleys last night Team No. 12 (Nevin and Greeney) took four points on Team No. 9, Henderson and Shepherd. No. 13 team, Parkinson and Rogers, and No. 10 team, Lewis and Walsh, each got two points and playing again with No. 7 team, Gormley and Jordan, No. 18 once more got two points. In its first game Team No. 18 made a record string for the league, 2-5.

Backs Year's Record.
Charles Galbraith broke the year's record for Backs' alleys last night when he scored 154 for one string. His five string total was 282. The score by strings was as follows: 104, 108, 114, 154, 1 total, 582.

Two-men on Victoria.
Team No. 2, Appleby and Hilley, won two points from Team No. 9, Somerville and Gill, the total score being 641-525, and Team No. 6, Longuey and Gards, took three from Team No. 10, Lewis and Walsh, the total score being 431 to 519, in the Two-men League of the Victoria alleys last night. Team No. 1 will play Team No. 7 in this game tonight.

Junior Swimmers.
The prize-winners in the St. John M. C. A. swimming championship were as follows:
Junior "A"—1st, Fred McIntyre, 10 points; 2nd, VanWart Polley, 11 points; 3rd, Eric Golding, 6 points.
Junior "B"—1st, Douglas McKinney, 19 points; 2nd, Nicholas Bone and Alton

Noble, 8 points; 3rd, Stanley Ellis, 5 points.
Junior Business—1st, Roderick Johnston, 20 points; 2nd, Arthur Belyea, 9 points; 3rd, Ralph Singer, 6 points.
High School—1st, George Burton, 15 points; 2nd, Frank Kee, 14 points; 3rd, Robert Hays, 10 points.

FOOTBALL

That Matter of Amateurs.
Winnipeg, May 10.—The ruling of Secretary Crowe of the A. A. U. of C. in regard to amateur footballers playing against the visiting Scottish professionals is held to be premature and unjustifiable by local officials of the Dominion Football Association. The football officials declare that at an informal meeting held during the annual convention of the athletic union here last fall, President Dan MacNeil and Secretary Roy of the football association, received a verbal decision from Judge Jackson of Lethbridge, vice-president of the A. A. U. of C., in the presence of a committee of the A. A. U. convened on football matters, to the effect that, as the Scottish visit was purely of a missionary character, no action would be taken against players chosen to perform against the professionals. Secretary Crowe's ruling is considered by football officials here as tantamount to a declaration of forfeiture of the amateur status of players so chosen.

Secretary Roy will make further overtures to the amateur officials. Whatever the ruling, he says, the tour will go on. Yesterday it was reported that Heffley would not be able to offer the visitors a game if the local players had to sacrifice their amateur standing.

THE RING.
Best Was Stopped.
Toronto, May 10.—In the feature event of professional boxing bouts held here last night by the Originals, the referee stopped the bout between Harry Freeman of Toronto and Young Nick Michaels of Syracuse, N. Y., after Michaels had received a severe cut over the left eye when the heads of the two boxers came violently together.

Knock-out in the Second.
St. Paul, Minn., May 10.—Billy Mike of St. Paul knocked out Tommy McCarthy of Lewiston, Montana, in the second round of a scheduled ten-round bout last night.

WRESTLING.
Match For Zbyszko.
Columbus, O., May 10.—Stanislaus Zbyszko, world champion wrestler, has been matched with George Kotzanos, local Greek heavyweight, for a wrestling bout on next Wednesday night, it was announced today.

Prizes Presented at League Banquet.
The Wellington League bowling season was brought to a close last evening with a largely attended banquet at Bond's restaurant. W. J. Brown, president of the league, occupied the chair.

The report of the secretary-treasurer, F. M. Shannon, showed that the league had enjoyed its most successful season since its inception. The menu cards were novel and appropriate, they were in the shape of a bowling pin which opened to reveal the names of the members.

The first part of the evening was spent enjoying the excellent menu provided for the occasion. Following this, Sandy MacGregor ably assisted by John Thomson presented several Scotch selections and dances which were highly appreciated. The president spoke of a splendid showing that the league team had made in the tournament at Fredericton.

Mayor Schofield presented to the prize-winner on each team a medal for high average on that team and spoke of the needs of the city along other sporting lines. The championship cup was presented to the team from J. & A. McMillan's, by the president, and it was accepted by Alexander McMillan on behalf of the team. High average prize went to G. Morgan and was presented to him by J. Dryden, and second high average went to F. Quinn and was presented to him by Hon. R. J. Ritchie. Sandy MacGregor presented to M. Clarke the prize for high single string and John Styles presented to H. Appleby the prize for second high string. High three string was won by R. Somerville and was presented to him by W. J. Simpson and the second high three string prize went to H. Hunter and was presented by Alexander McMillan.

The King responded by the national anthem; "The Winning Team" proposed by Hon. R. J. Ritchie and responded to by the captain of the team, F. Quinn; "The G. W. V. A." proposed by Alexander MacMahon; "The Tournament Team," proposed by W. J. Brown and responded to by J. F. Quinn, the captain.

A solo was sung during the evening by D. Allen and a reading of money was also presented to Sandy MacGregor by those present for his fund for disabled soldiers at present in the hospitals of the country.

The standing of the Wellington League at the close of second series was as follows:
G. W. V. A. 42 14 750
Troadero Club 41 15 732
J. & A. McMillan 34 18 638
Nashwaak P. & P. Co. 32 24 571
C. N. R. 31 25 554
Customs House 19 38 265
Corona Co. Ltd. 11 45 198
Schiefel Paper Co. 10 45 179

The winners of the first series was J. & A. McMillan's and they defeated the G. W. V. A. in the roll-off by two frames to one.

The prize-winners during the season were as follows: High season average, G. Morgan, McMillan's, 92.1-72; second high season average, F. Quinn, McMillan's, 91.16-72; high single string, M. Clarke, G. W. V. A., 122; second high single string, H. Appleby, G. W. V. A., 120; high three-strings, R. Somerville, Troadero Club, 82.1; second high three strings, H. Hunter, Troadero Club, 81.0.

\$406,000,000 SPENT IN PAST FISCAL YEAR
Ottawa, Ont., May 10.—The financial statement will show that the total expenditures of the dominion in the fiscal year ended March 31st last, amounted to some \$406,000,000, of which \$128,115,579 was for interest on the public debt and \$48,816,000 on capital account for war, railways and canal and public works. The revenue totalled more than \$330,000,000, of which \$102,900,000 was derived from customs duties so far introduced in the commonsense provide for an expenditure of \$613,000,000, of which interest in the public debt sinking fund provision accounts for \$143,000,000 and \$268,000,000 for the requirements of the Canadian National and Grand Trunk Railways.

THE COMMERCIAL LEAGUE WIND-UP

Members Will Enjoy Banquet at Bond's Tonight

Prizes Will be Presented to Winning Teams and Individuals—League Was Won by G. E. Barbour & Company's Quintette—Statistics of Season.

Members of the Commercial Bowling League will hold a banquet in Bond's this evening at which silver cups will be presented to the winning teams and individual prizes to the members having the highest single string, highest average and highest three strings. A bounteous repast will be served and a musical programme rendered by Black's orchestra and local talent. All are anticipating a good time.

The Commercial League bowled their games on Black's alleys. The first series was won by the Maritime Nail Works quintette, and the second by the team representing G. E. Barbour & Company. In the roll-off the latter team won out and thus clinched the championship.

The following statistics include the twelve teams which completed the names of the players, the number of strings they bowled, their total pinfall and averages:

BRITISH POLICY IN MESOPOTAMIA

Permanent Control to be Placed in Hands of Royal Air Force, Says Sketch.

London, May 10.—Important results have attended the visit of Sir Winston Churchill, secretary of state for the colonies, to the middle east, says the Daily Sketch. That newspaper today printed what purported to be an outline of the British policy to be pursued in Mesopotamia in future. This policy has not yet been officially revealed, but the newspaper asserts it has excellent authority for its statements.

"Formation of a series of Arab states," the newspaper said, "is a part of the government's plan. This would secure a new overland aerial route to India under British protection. Mesopotamia is more than twenty battalions, and this force will be later cut down to twelve battalions. In future permanent control of Mesopotamia will be placed in the hands of the Royal Air Force.

Mr. Churchill is reported to have decided to spend £2,000,000 in rebuilding Mesopotamian railroads, and Prince Feisal's brother, Abdullah, will be appointed provisional ruler of the Arab province of Trans-Jordan.

HIGHER PENALTIES.
Ottawa, Ont., May 10.—Amendments to the Criminal Code introduced by Hon. C. J. Doherty, in the commonsense, propose terms of imprisonment as the punishment for motor car thieves and for persons convicted of driving a motor vehicle in an intoxicated condition. The section dealing with motor thieves provides that anyone found guilty of stealing any automobile or motor car shall be sentenced to not less than one year's imprisonment. Furthermore, sentence in any such case is not to be suspended without the concurrence of the attorney-general or his agent. The section referring to intoxicated persons who attempt to drive motors provides that anyone who while intoxicated drives any motor vehicle or automobile shall be guilty of an offence and liable upon summary conviction for the first offence to a term of imprisonment not exceeding thirty days and not less than seven, for a second offence to imprisonment for not more than three months and not less than one month.

RAIDS BY WOLVES.
Paris, May 9.—There is much excitement in country districts around Marcellus, owing to the presence of wolves, which are making ravages among the flocks. Hunting clubs of the district are preparing to organize a systematic search for the marauders. Wolves have not appeared in this part of France for many years.

LOCAL BOYS THIRD IN THE DOMINION
A telegram has been received from the Y. M. C. A. National Council headquarters by the physical director of the local association, announcing that the St. John boys came third in the Dominion in the Junior Hexathlon. The local boys came sixth in the last year, and have made a very creditable showing this season considering the keen interest and revival in athletics all over the country. London (Ont.) has won the first place for three years running, next year that city will have to look to its laurels, as the local boys are hard on the trail, and a determined effort will be made next season to jump into the lead.

The St. John boys have tackled an additional two thousand points to their last year's score, and should do even better next year.

SIR DONALD MACMASTER REPORTED MUCH BETTER.
London, May 10.—Canadian Associated Press (Fraser) Sir Donald MacMaster, M. P., who returned from Italy the other day, is reported to have made a decided improvement in his health since he reached here.

IMPERIAL

The Wedding of Princess Pat Duplicated in Magnificence in This Super-Photoplay

"THE FURNACE"
A Marriage Problem of Almost Unfathomable Depth by England's Mysterious "Masked" Novelist, "Pan."

AGNES AYRES as the bewitching but flippant English society bride.
HANDSOME JEROME PATRICK, the wealthy Canadian groom—disillusioned.
MAYME KELSO, as the "common person" in the match-making.

ENGLISH SOCIETY at its most fascinating height.
A WITLESS BRIDE who said the wrong thing at the wrong time.
A SENSITIVE GROOM who felt there was no love in the union.
CIRCUMSTANCES that fanned the flames of suspicion and hate.
TREMENDOUS SCENES between all principal actors in the drama.
THRILLING REALISM during gale and rain in the castle forest.

THE IMPERIAL HAS PRESENTED MANY SOCIETY PLAYS but "The Furnace" can honestly be given a place among the exclusively best. It is sumptuously mounted, possesses rich literary quality, is a filmed best-seller of the moment and enacted by a cast chosen for type and outstanding ability. It would be a loss to picture enthusiasts to have this feature close its engagement without being seen. It has been a success everywhere.
