## Asquith To Move Home Rule Bill Rejection

### Gives Notice of Action on Second Reading—London Times Says Carson Defeated—Suggestions as to Possibilities.

(Canadian Press.)  
London, March 12.—Hon. Mr. Asquith is given notice that he will move rejection of the home rule bill on second reading. The notice reads: "The House declines to proceed with measure which is acceptable to no section of the Irish nation, which denies national unity by setting up two legislatures and executives with co-ordinate powers, and which would indefinitely postpone the establishment of a parliament for Ireland."

### Three Effects of Decision Made by British Labor

The Ulster Unionist Council in declining in favor of six Ulster counties for an Ulster parliament, reluctantly excluded the counties of Carrick, Monaghan and Louth, but political considerations ordered this course advisable, a good working majority being assured in a "press comment."

The Times thinks that, judged by what had been involved in the meaning of the decision with profound disapproval, Sir Edward Carson has offered a humiliating defeat and his failure raises the question of whether he has not made a fundamental error in strategy. This paper regards the Ulster council's decision as a serious setback, and sees behind it the selfishness of the great business interests rather than the spirit of a living and progressive policy.

The Daily Mail's Irish correspondent thinks there will now probably be a demand for an offer of dominion home rule with county option to the Ulster counties and Sir Horace Plunkett in a letter to the press defending his suggestion constituent assembly method of the government offered dominion status to Ireland and the majority wanted the Ulster counties to be included in the dominion. The Manchester Guardian, independent would be in every way better than a six county. Its Catholic population would long time it would inevitably come to terms with its southern neighbor and give some substance to the shadow of a United Ireland. It says the real interests of Ulster are inextricably bound up with the interests of Ireland as a whole, but the bill as it stands contents neither side and if it is to have the least chance of effecting its object it will need to be profoundly modified.

The Westminster Gazette (Asquithian) says Ulster rejection is not the center of the Irish problem, but the center of the British problem. It had been proposed to employ it "is not a British, but a Prussian character."

Mr. Shaw declared that recent events pointed to the general belief of an early possibility of a labor government and that a general strike would lead to serious consequences which would shake the country to its foundations.

Mr. Shaw said a vote in favor of a strike would be a vote in favor of a union movement for twenty years and advised against the use of "brute force."

## DEFEAT OF DIRECT ACTION PROPOSAL VERY IMPORTANT

Prevents General Strike, Shows Labor's Faith in Election Outcome and Marks Lessening of Influence of Extremist Elements.

London, March 12.—The defeat of the direct action proposal by the trade union congress yesterday will be regarded as having three important effects: First, it precludes the possibility of the general strike which has been standing as a threat since the Glasgow congress last September pledged itself "to compel the government to nationalize the mines," second, it shows the British labor movement is ready to entrust its hopes for achieving its aspirations to the outcome of a general election, and third, it marks the breaking point in the influence of the extremist elements among the labor leaders, who last September seemed trending toward ascendancy in the movement of the congress.

Secretary Hodges of the miners' union was the only speaker yesterday who championed the strike policy. Against this were J. H. Thomas, railway men's leader, Thomas Shaw, secretary of the International Textile Workers, and John R. Clynes, president of the National Union of General Workers and former food controller, acknowledged to be three of labor's most eloquent speakers and able strategists.

Mr. Clynes said that if we announced a general strike the premier would give us a general election in which we would lose our class rent in twain, while the other classes would be united to fight what would be called this aggressive strike. Captain Webb said that it had been proposed to employ it "is not a British, but a Prussian character."

## CREW OF MAID OF LA HAVE SAVED

### Captain Hays and Five Men Reach New York

### Picked Up by the Adriatic—Vessel Set Afire—Ships Watch Out for Nova Scotia Trawler.

New York, March 12.—Captain Hays and five men of the crew of the British three-masted schooner *Maid of La*, which was set on fire by a German submarine on the Atlantic coast, were rescued by the *Adriatic* and reached New York yesterday.

Mr. Hays said that the *Adriatic* sighted distress signals of the schooner, took her on board and set her free. The schooner was bound from St. John's, Nfld., for Bahia, with a cargo of fish. From February 14 to March 7 she experienced a succession of gales, during which the bowsprit, headgear and sails were carried away.

### Decision in Steel Case Not to Change Policy

### Statement by Attorney-General of United States—What Has Been Done to Check Profiteering Reported on.

Washington, March 12.—The department of justice will proceed against corporations alleged to be trusts, regardless of the recent decision by the supreme court in the *Steel Corporation* case. In announcing the policy of his department yesterday, Attorney-General Palmer said:

"This steel case does not indicate what the high court will do in other sentences imposed in 107 cases. In 724 additional cases indictments have been returned and the accused are awaiting trial. In addition to the drive on profiteers, large quantities of foodstuffs have been forced on the market for the benefit of the people. Among the items are more than six and a quarter million dozen of eggs, and three-quarters of a million pounds of butter."

Efforts of the government to check profiteering have resulted in 1,046 prosecutions under the Lever control act, said Attorney-General Palmer yesterday.

## As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, a Halifax newspaper man, "you are informed that the requirements for social prominence in that city are listed as the ability to dance—the latest dances only; the ability to talk fluently on the latest make of car; and to play the 'latest thing' on a piano. How is it with you?"

"Well," said Hiram, "a \$600 fur coat helps some. A photograph, with the latest records, is not to be sneezed at—if it costs about \$400—"

"Of course, as the Halifax feller says, 'a car. You know we don't judge people like we do critics. We judge a critter from the hide in, but people from the skin out—yes.'"

"The nimbler dollar is a great thing—isn't it?" said the reporter. "It's well named the almighty dollar. The feller that's got his pockets full don't need no keys. The doors just fly open when they see him comin'. If you're rich in pocket you kin be poor in heart 'n' git by 'em."

"That's an old story, but we don't git no chance to forget it. But don't it beat all how everybody's spendin' money these days? The world's gone crazy on it. An' some people that ain't got the money, or want to spend it fer somethin' 'cis, jist walks into a store 'n' helps themselves."

"He said the reporter, 'is advanced Bolshevism.' We will all be doing that when the new civilization comes to effect."

"Yes," said Hiram, "an' after the 'grab and two the 'wont be nothin' left to the world's gone crazy on it. An' some people that ain't got the money, or want to spend it fer somethin' 'cis, jist walks into a store 'n' helps themselves."

## BEER AS FOOD

### Ontario Professor Speaks Also of Candy for Children—The Smoker's Digestion.

London, Ont., March 12.—"Good fresh beer has considerable food value, being rich in vitamins," said Dr. J. W. Crane in an address to a Western University audience last night on the psychology of the menu, but he added, "the two per cent. beer sold here has no food value."

He had at one time advised his students not to be lulled by the soft, sweetened digestion, but tests had shown the saliva of a smoker digested starch better than that of a non-smoker. But he declared that experiments show that the average output of work cannot be increased by beer, coffee, alcohol or other drugs.

Candy he declared the best food for children who needed far more sugar and fat than adults. Oatmeal, Dr. Crane asserted, was the cheapest and most nutritious breakfast food. He said that fire eaters and prolonged boiling destroyed vitamins.

## NEW YORK PROBE OF ALLEGED PROTECTION OF VICE BY POLICE

New York, March 12.—Every policeman of the fourth inspection district who has been charged with the protection of vice, embracing the latest addition to the tenderloin, will be questioned in connection with charges that certain members of the force are extracting graft from undesirable resorts. Merchants, bartenders and women will also be witnesses for the grand jury.

Lieutenant-General Sir Arthur Currie is to address the Canadian Club in New York on March 25.

## BONUS DEMAND BY CIVIL SERVICE BUT FIGURE WITHHELD

### Known, However, That It Is In Excess of Last Year's

### Convention in Ottawa Also Formulates Other Requests to Government, Including General, Permanent and Satisfactory System of Supplementation.

(Canadian Press.)  
Ottawa, March 12.—Not until these reforms are instituted will classification become satisfactory and acceptable to the service," was the concluding phrase in one of the most important reports submitted to the annual convention of the civil service federation and legislative council of superannuation held yesterday by the committee on legislation which was T. E. McInnes, Ottawa.

The reforms asked for and endorsed by the convention are:

1. An adequate bonus.
2. That a permanent appeal board be instituted, with finality of decision and power to deal with personal and individual appeals, individuals having the right to appear.
3. That personnel committees be instituted, such committees to be service committees, departmental committees, or some other satisfactory nature.
4. That a general, permanent and satisfactory system of superannuation be instituted.

Regarding the bonus, it has been announced that it is in excess of a great deal of last year's government bonus, but until the matter is placed before the cabinet it is the desire that the amount be withheld from publication.

Grievances figured largely at the afternoon convention. They were chiefly from the outside service, and particularly from manual workers.

The marine workers of the Nova Scotia Association complained that their statutory holiday of three weeks and asked the federation's influence in obtaining this.

Efficient voting by proxy, but special exception was made in the case of the P. W. D. employees on government holidays.

The ways and means committee reported that it recommended that the insurance act that women taking out policies do so on the same footing as men.

## PROCEEDINGS OF BRITISH COMMONS

(Canadian Press.)  
London, March 12.—In the House of Commons last night Sir Haakon Grete, in admitting the Russian co-operative delegation to the House of Commons, said that he had been forbidden to enter the country.

The House passed the air force estimates.

The silver coinage bill was read a third time and the veterinary surgeons' bill, which seeks to raise funds for the Royal Veterinary College passed its second reading.

On motion of Lord Bryce, which was ultimately withdrawn, the House of Lords debated the Turkish atrocities and dramatic action necessary at Constantinople. He hoped the treaty would be ready by the end of the month.

## IN THE SENATE

Ottawa, March 12.—The resignation of officers of the geological and mines branch was discussed yesterday in the senate. Senator Tassier said that he hoped the government could do something to stop the movement of experts from the mines branch, who were paid higher salaries elsewhere.

Senator Donville thought that if the country let its experts go it might lose a good deal more than the sum required to keep them.

His tribute was paid by Sir James Lougheed and other senators to the memory of Senator Talbot and Senator Bauder, who died during the last recess.

## GRANTED DIVORCE THIRTEEN TIMES

Cedar Rapids, Ia., March 12.—Mrs. A. L. Yocum was granted her thirteenth divorce at Boone, Ia., yesterday. The winning of the case against Yocum was the second victory of the kind in this state for Mrs. Yocum. She took her divorce as a matter of fact.

## ROYAL GEORGE AT HALIFAX

Halifax, N. S., March 12.—The steamer *Royal George*, from New York for Pictou, arrived here last night. She will take on 210 passengers, forty-four members of the crew of the Bahemian and ten cars of mail. On board is a party of the American Red Cross, consisting of nine doctors and thirteen nurses, bound to Warsaw.

## COOLIES BREAK FROM CAMP AT VICTORIA, B. C.

### Two Thousand Chinese Get Away But Many Forced Back at Point of Bayonet.

(Canadian Press.)  
Victoria, B. C., March 12.—At the point of the bayonet several hundred Chinese coolies who had made a determined attempt to escape from the William Head cantonment yesterday were rounded up by the military guards and herded back within the camp fences. More than 8,000 coolies are at the encampment and when the riot occurred it is estimated that about 2,000 succeeded in breaking away from the strongly barricaded enclosures.

The guards were insufficient to stem the onrush and the leading forces of the mutiny succeeded in getting out into the surrounding country and scattering before reinforcements could be rushed to the scene and the crowd of rioters forced back at the point of the bayonet into the camp.

The cause of the riot is not known. It was said, however, that the riot had been quelled and that order prevailed at the camp.

## CHARGED THAT RICH YOUNG AMERICAN EVADED DRAFT

### Banker Says Bergdoll Drew \$50,000 in Court Martial Evidence.

New York, March 12.—Grover Cleveland Bergdoll, a wealthy young Philadelphian, being court-martialed on Governor's Island, charged with desertion from the army in evading the draft law, withdrew \$50,000 from his account at the Tenth National Bank, Philadelphia, between the day the United States declared a state of war with Germany and the time he "died," according to John F. Bauder, president of the institution. Bauder testified yesterday for the prosecution.

## TURKS ATTACK VILLAGES OF THE ARMENIANS

London, March 12.—Zetium, Hamit and various other Armenian villages in Cilicia have been besieged by Turkish bands for the last ten days, according to despatches from diplomatic sources. Zetium is in the valley of Aleppo, twenty miles northwest of Marashi, where the recent Armenian massacres are reported to have occurred.

London, March 12.—An assembly of twenty-nine Mesopotamian nobles now sitting in Damascus probably will proclaim Mesopotamia a state and form a joint government with Syria, under the regency of Zeld, a brother of Prince Faisal, of the Hedjaz, according to the Daily Mail's Cairo correspondent.

Washington, March 12.—Recommendations that the United States accept a mandate over Armenia are believed to be contained in a report of an American mission which recently toured that country.

### Boy of Fifteen Needs \$7,500 a Year to Worry Along Upon

New York, March 12.—Fifteen-year-old Robert Kelly, grandson of E. Kelly, banker, will need \$7,500 a year for his support, his mother told the court yesterday. Of this total, \$24.90 a month is for gasoline.

Halifax, N. S., March 12.—In the House of Assembly yesterday afternoon a bill to fix a minimum wage for women was introduced, also a bill to legalize the appointment of women as notary publics.

St. James Election. Montreal, March 12.—Fernand Rinfret, editor of *Le Canada*, and official candidate for the by-election in St. James division of Montreal on April 7, inside his bow to his electors last night in a largely attended meeting of the Letellier Club. He said he did not know who would appear against him as a candidate for the division, but he was certain that a Unionist would not.

Hon. J. Bureau and Ernest Lepointe, leaders of the Liberal party in this province, are expected to be in Montreal next Monday to address a meeting on behalf of Mr. Rinfret.

COULDN'T HOLD A PEN TO WRITE

Was Disabled by Rheumatism Gains Twenty Pounds and Gets Rid of Trouble.

"For two years I was not able to do a stroke of work and could only lay around and suffer. I had lost the use from rheumatism of my right arm and hand entirely and could not so much as hold a pen to write my own name. And yet today I can do as good a day's work as any man thirty years younger than myself. I haven't felt finer or better or stronger since I was a boy than I do today, and I give the entire credit for this remarkable change in my condition to five bottles of Tanlac."

Surely a more remarkable tribute was never paid to any medicine than this simple straightforward statement of the facts made by John Plaxton, a well-known farmer of Frederic, Manitoba, to the Tanlac representative recently. In describing what the medicine did for him, Mr. Plaxton said:

"For five years I didn't have a well moment. My trouble started with acute indigestion. My food would sour and I would get so full of gas as to be hardly able to breathe. I rarely ate meat and nothing could induce me to eat cheese because I knew it would nearly kill me. Then I had severe cutting pains across my back just over my kidneys that felt as if a knife was being stuck into me. But it was the rheumatism which was the worst of all. The pain was awful. My fingers and elbow joints were so stiff and sore that I could not raise my hands to my head, and my knees would ache and get so stiff that I could scarcely walk or bend over. Occasionally I would have a pain shoot through my entire body that felt like an electric shock. I was told that nothing could be done for me and that I should gradually get worse until I was helpless. I spent over a thousand dollars on medicines and liniments but they failed to do me any good at all and I had just about given up in despair."

"Then one day I read in the papers the statement of an old schoolmate of mine, telling of the good Tanlac had done him. I made up my mind to try it, and now I think it is the greatest medicine in the world. I've taken five bottles of it altogether and I want to say that I haven't had a twinge of rheumatism since. All the stiffness and soreness has gone out of my knees and I can walk along at a good gait for any distance as good as anybody. I can use both arms and hands and the pains in my back have also disappeared. I now enjoy a good meal; my food agrees with me and I have gained twenty pounds in weight. It is fully a year since I took my last dose of Tanlac, but I have been in perfect condition all that time and able to work with the best. It's no wonder I am enthusiastic about Tanlac and never hesitate to recommend and praise it to everybody."

Tanlac is sold in St. John by Ross Drug Co. and by the leading druggist in every town.

DRINK REVIVED OLD LADY; KNOCKED OUT RESCUER.

New York, March 11.—William Flin's story of how he obtained liquor that "knocked him out" gained a suspended sentence for him when arraigned on a charge of intoxication. "I saw an old lady fall on the ice," he said. "I carried her to her home. Her daughter brought out a bottle and poured some of the liquid into her mother's mouth. She revived quickly. The daughter offered me a drink. I'm not a drinking man, but I couldn't refuse. The next I remember I was on the sidewalk about the same as the old lady was when I found her."

FINDS IN FAVOR OF CHRISTIAN SCIENCE COMPANY TRUSTEES

Directors of Mother Church Had No Right to Order Removals, Says Master's Report.

(Boston Despatch.) Findings in favor of the trustees of the Christian Science Publishing Company and John V. Dittmore, in their suits against the directors of the Mother Church of the First Church of Christ, Scientist, are contained in the report of Frederic Dodge, as master, which was filed here today in the office of the clerk of the supreme judicial court. The master holds that the directors had no legal right to remove Lamont Rowlands of Picayune, Miss., from the board of trustees, or Dittmore from the board of directors.

"The trust deed of 1908," the master says, referring to the deed creating the publishing society trustees, "seems to me to contemplate a church whose voting members were to elect the new members and make its by-laws, and a publishing society in close alliance with, but not under the rule of, the church or its officers."

Mr. Dodge, who formerly was judge of the United States circuit court here, was appointed as master by Judge Loring of the supreme court to determine the facts at issue, and also to interpret two deeds of trust, made in 1892 and 1898 respectively, by Mary Baker Eddy, founder of the Christian Science Church. In the first trust deed, Mrs. Eddy named four trustees, since designated as directors, and in the second she provided for trustees who should have charge of all publications intended to promote the growth of the Christian Science movement.

Dispute Over Control. The trustees of the publishing society claimed that under their deed they were independent of control by the directors. The directors contended that under the by-laws and manual of the mother church they were the supreme authority over all its activities.

Judge Dodge upholds the ground taken by counsel for the trustees and for Dittmore that the by-laws of the church did not confer powers upon the direct trustees possessed by "deacons" or "wardens" of churches incorporated under the statutes of Massachusetts. These by-laws, in the opinion of Judge Dodge, are simply a contract created by the signed applications for membership in the church.

He denies the contention of counsel for the directors appointed under the deed of trust of 1892 that these directors and those created by the church by-laws are one and the same body, having equal powers and authority to dismiss one of their own members as well as a trustee of the publishing society.

The original draft of the master's findings was prepared two months ago and since then counsel for the directors have sought to reopen the case so far as it affected Dittmore and also to have the findings amended. These requests were refused.

The directors already have indicated that they proposed to continue the fight before the full bench of the state supreme court.

CALCUTTA IN A FORTNIGHT.

(Public Opinion.) Lindsay Bashford, writing in the Edinburgh Review, foretells a London to Calcutta journey by rail in a fortnight.

"The Baghdad railway," he says, "begins at Konia, in the heart of Asia Minor, where, by means of the Anatolian railway, it connects with Constantinople. From Constantinople to Aleppo the distance is some 850 miles. From Aleppo, the line proceeds to Jerusalem, on the Euphrates, and thence by Nisibin

to the important centre of Mosul on the Tigris; thence southwards to Bagdad and Basra. The distance from Aleppo to Bagdad is about 650 miles.

"Carry the imagination further, and we may reasonably picture, under the new political arrangements between Great Britain and Persia, the extension of the Baghdad railway to Teheran, and thence to Quetta and India. That done—and the conception has its grandeur—travel 'overland' between London and Calcutta should be a matter of less than a fortnight."

NOVA SCOTIAN ATTORNEY-GENERAL FOR HAWAII

Hon. Harry Irwin, Formerly of Shelburne, But Now of Honolulu, is Visiting Halifax.

(Halifax Echo.) The Hon. Harry Irwin, of Honolulu, attorney-general for Hawaii territory, is visiting Halifax, the guest of his brother, Hon. Robert Irwin, M. P. F., speaker of the local house.

Mr. Irwin was very emphatic in his praises of Hawaii. "I went to Hawaii nineteen years ago, after I came back from South Africa," he said, "and shortly afterwards became an American citizen. I wouldn't live anywhere except Hawaii. It is the most delightful

place. The temperature lies between sixty-two and eighty-two and the northeast wind keeps it cool even on the hottest days. I should like to tell the people of eastern Canada that they should visit Hawaii to enjoy themselves with the greatest benefit.

"The territory is very prosperous at present," he continued. "The high price of sugar has brought about this result to a marked degree. This year's crop is worth approximately \$140,000,000. The pineapple pack last year was 18,000,000 with an export value of \$42,000,000."

Mr. Irwin has been in Washington for the last two months with a commission on Hawaiian legislation that was reported to congress. His work there ended, he came north to visit his former home in Shelburne, his first visit within seven years. He is accompanied by his wife. His stay in Halifax is limited to several days and he seemed most interested in Dalhousie College, from which he graduated in 1898, shortly before joining the Canadian expeditionary force which went to the Boer war.

RIVETLESS SHIP LAUNCHED

A Greek Discovery

The ancient Greeks were the first to discover the charms of straight lines in costume. There is a subtle something about the straight-line, half revealing, half concealing the beautiful lines of the figure that merits the success it has won.

The straight-line continues as one of the features for spring. Our faith in it is great and we recommend it for women who wear it well.

## Production is the Cry

In our grandfathers' day, home industry was in vogue. The process of manufacture was slow and tedious, for the wants of the people were infinitely smaller.

To-day the wants of mankind are multiplied many times. The whole world is clamoring for goods—and more goods. During the Great War, reserve stocks were depleted and the world has not yet caught up.

High speed production is needed to meet the situation. And Canada, the home of almost unlimited water power, is by nature fitted to produce at a prodigious rate.

With the World under supplied with many of the essentials of life, the industries of Canada, which in recent years have grown so superbly, must expand with still greater rapidity to meet the universal need.

We recommend that you place your savings in well selected bonds and preferred stocks of corporations that are ready to grasp this golden opportunity.

*The securities we endorse have been tested by the most rigid standards and are fully safeguarded. You may consult us freely upon your investment problems without obligation to yourself. Securities sold upon the partial payment plan. ### LITTLE CHANCE OF CHEAPER CLOTHING

Labor on Well-Finished Articles Declared Largely Responsible—Woolens Scarce

A Toronto paper prints the following: Messrs. R. G. Dunn and Company say that some recent developments in Canada would seem to indicate that the cost of wearing apparel might soon be due for a reduction. They add, however, that buyers returning recently from across the pond, saw no cheap cloth and received very little encouragement from weavers that such would be procurable for at least another year. Goods could be bought suitable for certain trade, and the tailoring workmanship put into clothing produced from such would of necessity be of more or less inferior quality at any rate entirely unsuited for the Canadian market. Makers are certain, it is true, but labor on well finished articles is responsible for a great deal of the increased value, and there does not appear to be any immediate possibility of relief.

Warehouses show huge turnovers due in a great measure to the high prices, and satisfaction over trade conditions for the past week is expressed in nearly every line. Very gradually an improvement in the supply of certain staple lines is becoming evident, and American houses show great solicitation regarding a falling off in business usually forthcoming from Canadian firms. One concern advises that they would grant six months term in view of the exchange situation, intimating that they expected normal rates to prevail by that time.

Wholesale woolen merchants report the recent receipt of some fair lots from British manufacturers, but not at all sufficient to remedy the shortage. Clothing manufacturers continue busy.

The demand for ladies' garments is good and dealers look for another big season. Milliners are commencing to report greater activity, which will increase as Easter approaches, and would have been greater at present if hard weather had not interfered.

### Thin, Nervous People Need Bitro-Phosphate

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, thin people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright and pale, sunken cheeks regain the pink glow of health.

CAUTION.—Bitro-Phosphate, the use of which is inexpensive, also considerably promotes the assimilation of food, so much so, that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing

Arrived Yesterday:  
Str. Cornish Point, Seaman, 2735, from London.

Sailed Yesterday:  
C P O S Pretorian, Hall, 4842, for Glasgow.

#### MARINE NOTES.

The C. P. O. S. Pretorian sailed last evening at 7 o'clock for Glasgow with a large cargo and passengers.

The Furness-Witby Line steamer Cornish Point arrived in port last evening and is anchored in the stream. She arrived from London and is scheduled to sail for that port March 18.

The Furness-Witby Line steamer Norfolk Range had a narrow escape from going ashore while anchored outside of Portland harbor early in the week. She lay outside the harbor for more than thirty-six hours during which time she encountered a terrific gale and blinding snow storm and was exposed to grave peril. Her propeller dropped off while outside Portland and she was forced to anchor.

The Canadian Gunner arrived at Barbados on the 3rd.

The Canadian Navigator arrived at London on the 4th from St. John.

The Canadian Ranger arrived at Liverpool on the 6th from Liverpool.

A telegram was received from Marine Agent Lord of Vineyard Haven last evening saying that he had no word of the schooner Thomas W. H. White since she sailed from there on Dec. 29. She has 300 tons of anthracite coal for R. P. & W. F. Starr.

### BEAUTY SPECIALIST TELLS SECRET

A Beauty Specialist Gives Home-Made Recipe to Darken Gray Hair.

Mrs. M. D. Gillespie, a well-known beauty specialist of Kansas City, recently gave out the following statement regarding gray hair:

"Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Oriz Compound and 1/2 ounce of glycerine.

"These ingredients can be purchased at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and does not rub off."

### PUBLIC NOTICE

PUBLIC NOTICE is hereby given that a Bill will be presented to the Legislature for enactment at the next session, the object of which is:

### Stomach Disorder ONLY SIX MONTHS TO LIVE

Read What B. B. B. Did For Him

Mr. Hans Kehli, Magnolia, Alta., writes: "Some years ago I became very sick from stomach disorder, which the doctor told me had started from drinking bad water. I tried local doctors, but finding I got worse from day to day I went to a doctor in Edmonton. He told me that I must have an operation, and that if I didn't I couldn't live any longer than six months. I told him I had better die after six months than be cut to pieces. I did not have the operation, but returned home. No one was there to meet me at the station, because they did not know I was coming. I felt so bad I couldn't walk farther than 10 yards without resting. It took me 6 hours to walk 2 miles; the distance from the station to my home. I cannot praise it too highly."

### BOARD OF TRADE

The board of trade at a meeting yesterday decided to enter a protest against a level crossing at the new C. P. R. bridge over the reversing falls. They also favored the view of the Quebec board of trade that the deep-water terminals of the C. N. R. should be equipped before the inland waterways were deepened to allow ocean-going craft to enter.

### BOWLING CHALLENGE

The bowlers of the James Pender Company plant challenge the Maritime Company bowlers to a match on any of the city alleys on next Friday night and request an answer through the Times.

### DIGBY

The Digby G.W.V.A. has passed resolutions against the Hearst publication and, on the matter exchange, opposing purchase of goods in the United States when they can be had in Canada or Great Britain.

### NEARLY ALL GONE

No new cases of influenza have been reported during the week, but many recoveries have taken place. There are now only five cases of the disease reported in the city.

### GUARDIAN APPOINTED

Before Chief Justice Hazen yesterday in the matter of Laurence R. Tisdale, infant, an order was made for the appointment of Henry F. Puddington as guardian, and authority granted for the sale of the infant's real estate. Messrs. Weyman and Hazen are solicitors.

### SERVICE RESTORED

Service over the Valley railway was resumed yesterday. It has been out since Saturday owing to ice and snow having been so heavy on the rails. A train came in last night and went out, and it is expected that the regular schedule can be continued unless heavy storms again throw it out of order.

### WATER OFF

Commissioner Jones said this morning that he expected that repairs would be effected and the normal water supply to Mount Pleasant resumed some time tomorrow afternoon. The packing in the thirty-six inch main which serves that section blew out near the Main bridge last night and excavation was started this morning.

### GOVERNOR-GENERAL TOMORROW

His Excellency the Duke of Devonshire, governor-general, is expected to reach the city tomorrow morning about 10:40 o'clock in a special train. He will sail tomorrow aboard the steamship Empress of France for England to be present at the wedding of his daughter.

### COURT MARTIAL

Members of a court-martial convened in Toronto recently for the trial of Captain H. E. Preston, arrived here yesterday to take the evidence of some of the officers and men on the steamship Minnedosa. The court, Colonel H. Bickford, president, sat in the Bank of Montreal building in King street this morning, but adjourned later to the steamer, to take important evidence.

### PROPERTY TRANSFER

W. E. A. Lawton announced yesterday that he had taken over the two large houses at 18 and 17 Dudlock street, consisting of four apartments with separate furnaces and finished in modern style throughout and in future they will be known as the Lawton Apartments. Mr. Lawton intends occupying one of the apartments himself. Mr. Lawton left this week for Montreal and Toronto in connection with St. John property interests.

### RIVER STEAMERS

The Majesty, owned by the Crystal Steam Steamship Company, has been placed on the blocks for repairs to her hull. As soon as navigation opens on the St. John river she will be placed either on the main river route to Fredericton for a trip or two, or go right on her regular run up the Washademoak. The D. J. Purdy, owned by the same company, is also undergoing repairs and is being put in condition for the opening of navigation.

### WEBB-DELUERY

Yesterday afternoon at the residence of the officiating clergyman, Rev. Dr. David Hutchinson, Miss Mildred DeLuery of North Bay, York county, was united in marriage to Clarence Albert Webb of Sussex, Kings county. The bride and groom were unattended. After the ceremony they proceeded to Sussex where they will make their home.

### CAUGHT BIG COD

While fishing in the Kennebecasis river yesterday, two brothers, Walter and Edward Bagnell, caught a cod fish three feet nine inches long, and weighing thirty-one pounds. It is said to be one of the finest specimens ever caught in the river. The young men were fishing through the ice for hake when they landed the large cod.

In the police court this morning three boys of sixteen were charged with acting together in breaking and entering the river steamer Majesty and stealing tools and a pair of rubber boots, valued in all at \$20. They pleaded guilty and consented to the jurisdiction of the court. The magistrate said he would consider the matter and remanded them.

Ernest L. Ross, was charged with stealing a hack-saw, valued at \$2.50, the property of the Royal Hotel. He pleaded guilty and was sentenced to six months in jail.

A case against the three young men charged with stealing cloth from the store of Hoffman Bros., Main street, was resumed and the cross-examination of Robert Crawford by J. A. Barry, counsel for one of the boys, mentioned. He said that Mr. Hoffman said he wanted no prosecution if he got his goods back, so with that information given to the boys they assisted the detective in getting the goods back. E. J. Henneberry cross-examined the witness.

The case was postponed and the accused remanded. E. S. Ritchie, J. A. Barry and E. J. Henneberry were the counsel for the defence and W. M. Ryan for the prosecution.

A case against Albert Ritchie, charged with stealing cloth and resumed and the case for the prosecution closed. Foreman Gibbs told of assisting in the arrest and corroborated the evidence of the detectives. At the request of E. S. Ritchie, counsel for the accused, the case was postponed until Monday morning at eleven o'clock.

William Bradshaw, charged with being a stowaway on the S. S. Minnedosa, was ordered to be taken back to England when the boat sailed.

Thomas Herbert, charged with being drunk on the ferry and assaulting James Molesey, was remanded to jail.

One man charged with drunkenness was not in a condition to appear in court.

## THE LANCASTER ATHLETIC PARK

Delegation Met Commissioner Bullock This Morning—Street Car Extension Matter Up This Afternoon.

A delegation consisting of Councillors O'Brien, Golding and Campbell, H. M. Stout and James Stanton, president of the pulp mill workers' union, conferred with T. H. Bullock, commissioner of public lands, this morning with regard to the establishment of the proposed athletic grounds in Lancaster. Another meeting is to be held this afternoon at which General Manager T. H. McCulloch of the street railway will be in attendance to take up the matter of street car extension to that district.

The delegation this morning presented a plan of the city townsite in Lancaster, with the proposed grounds laid out. The section suggested is an area at the top of what is known as Moore's Hill, just south of and about 600 feet from the Manawagonish road, immediately adjacent to the Barnhill estate. The plan provides for a quarter-mile race track, baseball diamond, football field, ten-lap skating rink, tennis courts, band stands, bleachers and grand stand. There is sufficient room allowed inside the track to provide for a 220 yards straightaway.

The matter is due to come up again before the city council on next Thursday and it is expected that the result of this afternoon's meeting will have a great deal to do with the action which will be ultimately taken.

Providing that the city's permission is obtained to use the area for the purpose, it is planned to start work on the new field so soon as the snow is off the ground. It is estimated that about \$100,000 will be required to put the place into shape. The scheme will cut about sixty lots from the St. John townsite plans.

## BOY STRUCK BY LOCOMOTIVE

Using Railway Yard for Short Cut, Harry Schechter Is Injured.

Taking a short cut through the Union depot and the railway yard to his home at 232 City road about 12:30 o'clock today, Harry Schechter, a Hibernia boy, aged about fifteen years, was struck by the incoming Maritime express and painfully injured, though it is not expected that his injuries will be particularly serious. He was attended by Dr. G. A. B. Addy and taken to the General Public Hospital in an ambulance. It will not be known how badly hurt he may be until after an X-ray examination is made, but it is thought to be only a fractured arm.

Young Schechter was walking towards the train when it struck him. Engineer Gross, who was driving, saw him coming along towards the yard office near Lombard street and sounded the whistle in warning. The engine brought the train to a stop at once. The boy was picked up still conscious but badly bruised and shaken, one arm seeming quite painfully hurt near the elbow. He is a son of Max Schechter of 232 City road.

## SUNDAY SCHOOL AND COMMUNITY WORK

Enthusiastic Meeting of St. John Deaneury Association in Stone Church.

An enthusiastic meeting of the St. John Deaneury Association was held last evening in the Stone church school room at 8 o'clock. In the absence of the president, Stanley Olive, the chair was taken by first vice-president, Miss Elnel Jarvis.

The meeting was opened with Rev. P. H. Hymn, after which Rev. Walter P. Dunham read the prayers. A resolution of sympathy was unanimously passed by the members to be sent to Mr. Olive with the hope that he may soon recover from his illness. After the minutes and roll call the lesson for the following Sunday was capably given by Rev. Canon Kuhring. The subject was the raising of the widow's son and the truth as taught in the Scriptures concerning the resurrection was emphasized. All who listened were most impressed by Canon Kuhring's scholarly interpretation.

The chairman then introduced the speaker of the evening, Rev. R. A. Robinson of Stanley, who spoke of the Sunday school as a community centre. He dwelt first on the need of the church to keep abreast with the new idea of service that had been the outcome of the war, that social religion was the Christian religion and that the church represented the Lord Jesus Christ. The Sunday school buildings could be used as social centres and they could also inspire the Sunday school scholars with the idea of service to others. A clear vision of the needs was the first important thing to grasp, after that the willingness to work out the problems.

At the close of this able address, Rev. Canon Armstrong moved a hearty vote of thanks to the visitor and this was passed by a standing vote.

The attention of the Deaneury Association was called to the union of the foot roll and babies' branch. It would be left to the various parishes to work out the best way to bring this about. After the closing hymn the meeting adjourned.

## COMMERCIAL CLUB

The executive of the Commercial Club met last night and took up the matter of the appointment of a permanent secretary. It was announced this morning that although progress had been made in the matter, the club was not in a position to make any announcement regarding the matter. The meeting also took up the question of the entertainment of the visiting members of parliament here on Saturday on which they have a committee jointly with the city council, board of trade and Rotary Club.

## Spring Cleaning Holds No Fear For Those With Vacuum Cleaners

When Grandma was a girl spring carried with it the unpleasant fact that the whole house must be gone over from cellar to attic, all of which meant hard work. Possibly this accounts for the fact that there are so few poets listed among the grandmas. "Beautiful spring" was essentially the product of those who had no dust chasing to do.

How different today. A touch of an electric button will not only take up the dust from the rug or carpet but get right at the very root of the trouble—the cracks in the floor under the covering.

You will want to be well equipped this year of course and we are ready to help. Here you will find a choice line of Electric Cleaners at a full price range.

Also, naturally, a full line of O'Carroll Mops and Oil, Carpet Sweepers, etc., etc. In fact, everything a modern furniture house such as this is supposed to carry.

### SHEIK AND PARTY COME SEEKING TURKISH HEIRRESS

Beautiful Sari Disappeared  
From Stamboul Just After  
Armistice—Father Died of  
Grief.

New York, March 11—Ben Mahomet, a sheik of Arabia and brother of the Amir of Hedjase, has come to New York in search for Sari, a young Turkish heiress, who disappeared about the time of the armistice. The girl, he says,

over her disappearance, leaving her about \$100,000.  
Somewhere in America, Ben Mahomet said tonight at the Hotel Majestic, where he arrived today, he expects to find the girl. She was last seen talking to an American soldier or sailor, soon after an American warship had docked at Constantinople. Money will be no object in the quest, Ben Mahomet declared.  
Surrounded by his retinue of servants and six of his fellow countrymen who have accompanied him on his mission, the sheik received a Gazette reporter tonight at the Hotel Majestic and told him the story of the girl's disappearance and the world-wide search for her that followed. He spoke at first in fluent French, but later broke into English, which, he said, he learned while he was a student in Cambridge, England, but which, he added, apologetically, he had forgotten these many years.  
Sari is 17 years old. She was known throughout Turkey for her beauty and her charity, aside from the fact that her father was, as Ben Mahomet explained, "like Rockefeller in America." Hadahismo's name the sheik spoke of almost reverently, describing him as "the biggest man in Turkey." She lived with

her father in a big palace in Stamboul. Since her mother died, the sheik said, the girl had become accustomed to go about the city unveiled. She visited all the quarters of the city in her charitable work and there was no one who believed that she would not be safe anywhere, so great was the people's love for her. They knew, too, that she was betrothed to the Amir of Hedjase, who, though a young man of 25, has a name to conjure with in Stamboul.  
Lost After Armistice.  
It was soon after the armistice—Ben Mahomet could not fix the date according to our calendar—when Sari disappeared. She had been about Stamboul that day, where many persons later said they saw her, but suddenly she dropped out of sight. When she did not return home, her father became frantic and put every means at his disposal to work on the search. The city was combed, but no trace was found of her.  
There were conflicting stories about the place where Sari was last seen. Stamboul at the time was filled with soldiers and sailors of many strange lands. An American warship, the sheik said, had arrived there, and Sari's nurse had spoken about seeing her talking to an American. He did not know whether it was a soldier or a sailor.  
When it was felt certain that Sari had left Stamboul, either voluntarily or with an abductor, the Amir asked his brother to go in search of her. He took with him six friends, all prominent in Stamboul, and sailed for France. They went all over France and into Italy, and when they found no trace of the girl they went to Gibraltar and Tangiers, from there sailing for America. Landing at Halifax they hurried on to New York, where a suite had been reserved for them at the Majestic.  
Ben Mahomet said that he would not take up officially the matter of the girl's disappearance, for the present at least. He had been in connection with the Burns and O'Farrell detective agencies, and a private search will be started. He said that he would offer a large reward.  
Should the detectives fail in their search, Ben Mahomet said, he will go to the government at Washington and ask them to help him. It was said that he might try to trace the American soldier or sailor with whom the girl talked, through the war and navy departments, and a private search will be started.  
"We will offer a big reward," he said. "Sari has a big fortune, and unless she is found it will all go to the state. We shall probably stay in New York until the search is started."  
"If you really loved him, Ellen, it wouldn't matter whether he were king or chauffeur! I know because I too, love some one—and am willing to give up everything for him!"—See "Male and Female" at Imperial 12th.

According to reports that have come out occurred through a drunken brawl that took place there when a quantity of moonshine whiskey was consumed, with the result that one man was found the next morning to be badly chopped up with an axe.

As the camp is some distance from the railway, communication with that point is very difficult at present.

# Since I Discovered the Great Sweetener

"In the making of cakes, muffins and delicate tea biscuits, I find that the use of CROWN BRAND Syrup not only supplies the requisite sweetening, but it brings out the flavor of the blended ingredients, and, more than anything else, brings a lasting freshness of flavor. Since I discovered 'The Great Sweetener' my cakes are more palatable and digestible. They don't dry out so rapidly, don't crack nor get stale. And then, CROWN BRAND Syrup is so reasonably priced."

"'The Great Sweetener,' as I have learned to call CROWN BRAND Syrup, is a great help in the preparation of pie fillings, icings, etc. Mince meat, for instance, gains in mellowness, body and flavor, besides gaining in keeping qualities. Puddings are more palatable, lighter and more digestible—because Corn Syrup is already partially digested by its wonderful process of manufacture. Then, when you are icing a cake, think of the smoothness and the softness your icing receives by using CROWN BRAND, without the cloying sweetness and hardness from using sugar alone."

"The food value of candy is very high, but so is the price of sugar! CROWN BRAND Syrup is invaluable in making candy, and it is so reasonably priced! CROWN BRAND candies are softer; they can be better pulled, and because of this are more healthful. A candy that melts in the mouth is much more delightful than a hard, brittle piece of cloying sweetness. Think of soft, pliable, mouth-watering caramels, butter scotch or toffee, and you will need no further urging for using 'The Great Sweetener.'"

## FINANCIAL

### POST ON THE N. B. POWER REPORT

(Financial Post.)  
The annual statement of the New Brunswick Power Company, St. John, N. B., indicates improvement in the financial condition of the company at the close of the year's operations. Gross earnings have increased from \$74,621 in 1918 to \$94,924 last year. Net earnings totalled \$115,180, as compared with \$69,159 for the previous year. Of the net earnings, \$112,000 was paid out in the form of dividends, an increase of \$49,229. There was a balance of \$3,180 for 1919, as compared with \$6,451 for the previous year.

The company has suffered to a considerable extent from the extreme severity of the present winter. As a result, the company has been compelled to pass the dividends on its preferred stock for the first period of its history.

The following table shows distribution of the earnings for the last two years:

	1919.	1918.
Earnings	\$94,924	\$74,621
Expenses	731,339	612,003
Interest	94,404	98,089
Net earnings	\$115,180	\$69,159
Dividends	112,000	62,700
Balance	\$3,180	\$6,451
	\$115,180	\$69,159

Current assets have decreased from \$228,610 to \$225,579 for the year, the decline in bills receivable from \$118,000 to \$82,288, bringing about the large decrease. Assets total \$5,473,276, as against \$5,482,310 for the year 1918. The capital stock outstanding remains the same at \$1,350,000 preferred and \$2,000,000 common. Current liabilities total \$281,871, an increase of \$4238 for the year. Despite the increased expense of operation, there was an increase in the surplus at the end of the year of \$8,861, the balance now standing at \$22,896.

## PROVINCIAL BONDS

(Fredericton Mail.)  
The St. John Standard is devoting some space to a recent bond issue made by the provincial government, and is making a strenuous effort to create the impression that the bonds were not disposed of at a satisfactory price. It seems to have discovered cause for alarm in the fact that the comptroller-general, in his capacity of an independent officer of the government, now has to do with placing provincial bonds upon the market. In this connection it says:

"The comptroller-general is—or is supposed to be—an independent officer, and the public interests, to see that the latter do not suffer at the hands of the former. How can he possibly do this if he is acting as the government's agent? It might be explained that under the old audit act the duties of the auditor-general were largely confined to matters of expenditure. He was expected to merely scrutinize the accounts, see to it that the expenditure was authorized and that the prices charged were fair and reasonable. He still has this duty to perform and in addition, under the amended act, he is expected to see to it that the province gets a square deal in transactions affecting the revenue. For instance, if a sale is made of provincial lands, or of crown lands, he is expected to familiarize himself with all the details of the transaction and see that the public interests are amply safeguarded. Regardless of what the St. John Standard says, the average individual will be inclined to believe that such an arrangement is decidedly in the public interests."

"Business," says the Standard, "was not transacted in this sort of way in the late government's time." In those days," it continues, "the auditor-general minded his own business and did not interfere in the working of the treasury or any other department other than to see that its operations were in conformity with the provisions of the audit act."

It is true that under the old government the auditor-general had little to do with the treasury department, and it was in a large measure because of this limitation that the late government was able to get over various crooked transactions. To cite a concrete case, it is only necessary to mention the patriotic potato deal. Unknown to the auditor-general, a note for \$35,000, given by a private party, who owed nothing to the province, was discounted in the bank, and the proceeds entered as cash on the books of the province. It was largely because of his connection with this shady transaction that a deputy minister was compelled by the present government to resign his position. If the Standard wants a return to

## RETAIL MERCHANTS SUGGEST CLOSING HOUR PROGRAMME

The Clerk's Association at a meeting yesterday received a copy of resolutions adopted by the Retail Merchants' Association in response to the clerks' request for earlier closing hours. The merchants, while sympathetic with the desires of the clerks felt that the demands were too drastic and suggested that all shops defined in the early closing act of 1917, except grocers, close Monday, Tuesday, Wednesday, Thursday and Friday at 6 p.m. until 5 a.m. during the months from October to May, inclusive, and on Saturdays at 10 p.m. during the same period, except on days before legal holidays and four days before Christmas Day, when the shops may be open until 10 p.m.

In June, July, August and September it is proposed to close at 6 p.m. and on Saturdays at 1 p.m., except before holidays when 10 p.m. is the hour.

All grocers are to close at 6 p.m., except as provided for shops, and except on days before legal holidays and four days before Christmas. It is understood certain stores are opposed to this programme, which will be heard in a few days by the city council.

## CITIZENS TAKE UP PAVING BILL

Notice has been given that a bill will be presented to the legislature by a number of citizens providing that the cost of permanent paving shall be paid for in part by owners of abutting property owners and part by general assessment. This action follows the deadlock which now exists in the common council over the mayor's proposed improvement bill. The notice is signed by the following: W. S. Allison, F. A. McAvity, E. L. Perry, D. W. Ledington, W. F. Burditt, G. L. Harbourn, M. E. Agar, G. L. Warwick, E. A. Everett, W. F. Hatheway, W. H. Lugden, L. Seidensticker, H. L. Spangier, J. A. Tilton, A. H. Wetmore, T. F. ## HORROCKSES

—The Test of Time—  
1874  
LONG CLOTHS & SHEETINGS

Now, as in Great-Grandmother's day, it is important to see that the name "HORROCKSES" is on the selvage of every piece of Longcloth, India Cloth, Nainsook, Cambric, Madapolam, Sheet and Flannel that you buy.

For more than a century, the name "Horrockses" has been the hallmark of excellence and quality, the world over. When your dealer offers you "Horrockses," you can be sure of quality, wear and value. Look for the name on the selvage. For information as to the nearest dealer, send for "Horrockses" fabric, address: JOHN E. RITCHIE, Canadian Agent, 591 St. Catherine St. W., Montreal.

Manufactured by HORROCKSES, CREWSON & CO., LIMITED Cotton Cloth Manufacturers, MANCHESTER, England.

R. J. Ritchie, readings, H. Wilmot Adams, toast "Our Guests," proposed by Mr. Lordly and responded to by Messrs. McLellan and James; reading, A. G. Rainier; toast "Press," proposed by E. P. Howard and responded to by Harry Ervin and A. G. Clinch; toast "The Ladies," proposed by Dr. Langstroth and responded to by Perry Norman, of the Young-Adams Company; toast "City Corps," proposed by H. R. McLellan and responded to by K. J. MacRae.

The gathering broke up at an early hour this morning by all joining hands and singing "Auld Lang Syne."

## REPLIES TO THE SPEECH FROM THRONE

Fred Magee and P. P. Melanson Heard in Splendid Addresses.

Fredericton, N. B., March 11—Two very interesting addresses were given at the house opening today by the mover and seconder of the reply to the address from the throne, Fred Magee, M. P. P. for Westmorland, and P. P. Melanson, M. P. P. for Kent.

In moving the reply to the speech from the throne, Fred Magee of Westmorland, reviewed in comprehensive, although brief fashion, the work of the various departments of the government during the last year and also gave thoughtful consideration to some of the more pressing problems which the province must face, setting forth his views on these subjects in a vigorous manner. In speak-

ing of a matter, outside the scope of provincial politics, Mr. Magee strongly opposed the suggestion that a Canadian should be appointed as the next governor general, saying that this would mean the severance of one tangible link between the Dominion and the Motherland. With regard to provincial finances he said plainly that the province needed an income of at least \$8,000,000 annually to meet the increased cost of administration due to the increase in prices of labor and materials. As one means of meeting this need he urged a substantial increase in the stumpage rates in proportion to the increased value of lumber. In order to meet the need for more and cheaper electrical power he warmly advocated the investigation of the possibilities which existed in the tidal waters at the head of the Bay of Fundy.

P. P. Melanson of Kent, one of the younger members of the house, made an excellent impression in seconding the reply. His reference to the visit of the Prince of Wales was a graceful tribute from a member of the Acadian portion of the population. In his review of the year which has passed and his suggestions for the future he showed a clear conception of the situation in provincial affairs and of his ability to contribute towards the solution of the problems which require attention.

Hon. Mr. Byrne introduced a bill to amend the consolidated statutes 1909 respecting the registry of deeds and other instruments. He explained that the bill was a consolidation of the acts and amendments passed since the year 1903. The house adjourned at 4:50 p.m.

So easily does human nature slip back into its accustomed groove that the wealthy house once home, await their perfumed baths as if they'd never bathed in jungle streams—cut their expensive manes as calmly as if they'd never begged for soap—give orders to their butler as coolly, as if in a forgotten yesterday they had not called him "King"—See "Male and Female" at Imperial 15th.

Arthur Labelle of Ste. Anne, Madawaska, N. B., was cut in two by a saw at Green River, N. S., yesterday while working in a mill there.

Who Invented Pianos? Who invented the piano? was a question asked at the luncheon table after discussion had arisen of its fortunes today. The Germans claim the honor, but there is no doubt that the piano came originally from Italy. There are in existence still two of the first pianos made by a lute-maker—Christofori, in Florence—early in the eighteenth century. The first public notice of a piano is found in a Covent Garden play bill, and the first use as a solo instrument was in the "Hatched House" in June, 1768. England has had its full share in the invention of what our grandfathers called a pianoforte. The original Broadwood piano is said to have been the first to adapt pedals to the piano in 1783.

### THREE BURNED BY MOLTEN METAL.

Explosion in Plant of Windsor Manu- facturing Concern.  
Windsor, March 11—Three men were seriously burned when a two-ton ladle of molten metal exploded at the plant of the Canadian Crucible Steel Company. They were: Frederick Woodrow, 35 El- liott street, and Robert McPherson, 417 Dugal avenue, and Frederick Hoops, of Ford. Forty other employees suffered minor burns. Officials of the company are at a loss to determine the cause of the blast. A blast which followed was extinguished by the fire department be- fore the factory was damaged to any great extent.

SPORT NEWS OF A DAY; HOME AND ABROAD

THE RING.

Wilde and Mason Tonight. Toledo, Ohio, March 12.—Jimmy Wilde, flyweight champion of Great Britain, and Frankie Mason of Fort Wayne, Ind., claimant of the American title, will meet in a twelve-round no-decision bout tonight.

Hundred Yards Champion. Brookline, Mass., March 12.—Ted Cann of the Detroit A. C. won the national senior indoor 100 yard swimming championship from a field of eight starters last night. His time was 55 3-5 seconds.

Another "Strangler" Victory. Gloversville, N. Y., March 12.—Ed "Strangler" Lewis, heavyweight wrestler, threw Ivan Madras, "the Russian giant," twice here last night, the first time in forty-eight minutes with a headlock, and the second fall in sixteen minutes with an arm scissor and further arm hold.

Pays Tribute to Greene. Boston Globe: Bridson Greene moves so smoothly in his mat work that much of his remarkable ability is overlooked by the fans. Using very little surplus power and depending on his variety of holds to win, he has taken a place among the best of the welterweights of the world by his match against Louis Nelson, the title holder. Greene secured the only fall in their long match at North Adams and should have had the decision, but the referee erroneously called the contest a draw after 5h. 45m. of wrestling, with one fall to the credit of Greene. The latter is ready at any time to have the question settled decisively, and says he will not be satisfied until it is. On the face of it, Greene has the better of the argument right now.

Note—Greene was ill for some time with the "flu," but has recovered and is getting in condition for more bouts.

Championship Games. Montreal, March 11.—The National Hockey League this afternoon practically decided that the Stanley Cup games between the champions of the Pacific Coast Hockey League and Ottawa Senators should be played at Ottawa.

Play for Allan Cup. Sudbury, champions of the Northwestern Hockey League, defeated Colingwood, O. H. A. intermediate champions, in Toronto last evening by a score of 11 to 2. They will play the winners of the Granite-Tiger round for the Allan Cup.

Results in Local Leagues. Y. M. C. I. League—Sparrows, 4 points; Eagles, 0. City League—Tigers, 3 points; Lions, 1 point. Nashvauk match—Office Staff, 1,199; General Force, 1,189.

Bathurst Defeats Fredericton. The Bathurst hockey team defeated Fredericton in Chatham last evening by a score of 4 to 2.

AQUATIC. Water Sports Tonight. A programme of water sports, consisting of races, diving, distance plunges and backward swimming, will be held in the Y. M. C. I. tank this evening. The meet will serve as a preliminary to decide prospective contestants for the amateur championships, which will be held in the Y. M. C. A. in April.

BADMINTON. Stone Church Team Wins. The Stone Church Badminton team defeated St. Paul's last evening in the school room of the latter team, by a score of 15 to 2.

THE WHEEL. Six-Day Bicycle Race. Eight teams were tied at 11 o'clock last night in the six-day bicycle race, which is being held at Madison Square Garden. The Brocco-Deruyter team, which was leading by a lap, was elimin-

HONEST OPINION

The Rev. "My personal opinion of Zam-Buk is that I know of nothing like it! Moving amongst sick people of my charge, I have proved it an absolute fact that for old wounds, cuts, eczema, and skin diseases, Zam-Buk is really marvelous."—Rev. A. D. MacLEOD, Harcourt, N.B.

The Magistrate "Eczema was my trouble, and I suffered for years. I tried practically everything, in vain! Zam-Buk cured me, and from the day the last sore was healed there has been no trace of return of the disease."—J. E. ARSENAULT, J.P., Wellington, P.E.I.

The Nurse "Speaking professionally, I would apply Zam-Buk to all cases of eczema, ulcers, abscesses and allied diseases. I have proved Zam-Buk able to cure the worst cases."—NURSE KEITH, Olds, Alta.

THE MOTHER "Give me Zam-Buk! It is the finest all-round healer known. It cured me of a poisoned hand, my 3 children of bad scalp sores, and my husband of a badly crushed finger. No home should be without it."—MRS. VILLIERS, Stradcona St., Montreal.

Sunday Amateur Sport. Boston, March 11.—Legalizing of amateur sports on Sunday was recommended to the legislature today by a joint committee. The bill, which was favored by a vote of 11 to 4, would provide for local option on the subject, the sports to be held only between two and six in the afternoon. Horse and automobile racing, punting and boxing would be prohibited. No admission fees would be charged and contestants would receive no pay.

DR. PIDGEON HEARD IN SPLENDID ADDRESS. Before the members of the Canadian Club in Bond's restaurant yesterday, Rev. Dr. G. C. Pidgeon, of Toronto, gave an inspiring and instructive address on "Citizen-ship." He made a particularly pleasing impression and as a mark of appreciation the rules of the club meet-

ings were violated in that a vote of thanks was moved from the floor in stead of having the chairman tender it alone. Sir Douglas Hazen presided. Commissioner T. H. Baillock moved the vote of thanks and Hon. R. J. E. Riddell seconded it. Dr. Pidgeon predicted the New Brunswick's day was coming and that she was destined to come into the greatness to which she was well entitled.

The Biggest Value in Popular Priced Tailor-to-Measure Suits and Overcoats in the British Empire. The Amazing Economy Of Our Tailored-To-Measure Clothes Will Take You Back To The Good Old Times

THE trend of the new fashions for Spring and Summer is radically different. Our salemen are posted as to these changes and will be glad to advise you in the selection and treatment of the newer models and design your new garments in conformity with them.

A still greater change will take place in clothes prices. Mill owners, manufacturers and others vitally interested are unanimous in the opinion that woollens prices will be no lower than now. On the contrary it is pointed out that today's quotations in comparison with those of the near future will appear moderate. Be prepared—anticipate your clothes needs and order now all the Made-to-Measure Suits and Overcoats you will need well into the future independent of how well your present needs are provided for. English & Scotch Woollen Co. Tailored-to-Measure garments ordered at this time will prove a most judicious and profitable investment.

Advertisement for Suits and Overcoats. Text: 'Suits and Overcoats Tailored-To-Your-Measure \$20 English and Scotch Woollen Co. of Montreal More Quality Less Money'. Includes a small illustration of a suit.

GIVE full credence to all you may have heard about the prices you will be asked to pay for clothes in the near future, the maximums will be greater than at anytime within the memory of the present generation. Certain of our patrons are utilizing our advise to the extent of ordering all the clothes they will require for the next two or three years. Two or Three suits and as many overcoats ordered by a single patron is not an uncommon occurrence by any means—and it may be ten years before any material recession in clothing prices will take place. The sooner you leave your order the better we can serve you, delay is inadvisable for numerous reasons. Give us the pleasure of taking your measure today.

How Lydia E. Pinkham's Vegetable Compound Relieves the Ailments of Change of Life.

"During Change of Life I had hot flashes, dizzy spells and every month I was laid up with misery. I had a constant dull pain, and would always feel tired. I suffered in this way for five or six years and was treated by a physician and took different remedies without benefit. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took it, and I believe I would never have been well if it had not been for the Vegetable Compound and Lydia E. Pinkham's Sanative Wash. I am recommending your medicine to all women all mending your medicine to the Change of Life, and relieve the ailments that come at that period." - Mrs. ALEXIE C. NANGLE, Galatia, Ill.

Women who suffer from nervousness, "heat flashes," backache, headaches, and "the blues," should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and if complications exist write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience in such cases is at your service.

Stroheim's Wonder Play

BLIND HUSBANDS

Directed by Stroheim himself

THIS is the wonderful picture which authorities consider one of the three best photodramas that the art of the screen has ever produced. Simple in plot—the story of a neglected wife—"BLIND HUSBANDS" is the most absolutely gripping photoplay you have ever seen—with a tremendous surprise at the end that will make you gasp. With its scenes laid in the Alps, "BLIND HUSBANDS" rises to heights of drama as overpowering as its towering peaks. If you miss this picture you will miss one crowded hour of photoplay entertainment—a picture that you'll never forget.

Large Crowd Hears One of Finest Musical Affairs This Winter.

The concert given by the City Cornet Band aided by other local talent in St. Vincent's Auditorium last evening attracted a very large gathering who were amply repaid for their visit as every number on the programme was of high merit. The concert was largely of a sacred nature. The band, under direction of Bandmaster Waddington, gave several beautiful numbers in masterly manner. Others participating in the

programme were Frederick Joyce, Miss Katherine Gallivan, C. A. Munro, Miss Rhona Lloyd, D. J. Gallagher, the Messrs. Moore quartette, David Allen, and the Cathedral Juvenile Choir. The proceeds were in aid of the St. Vincent's school building fund.
