Donald Mann Denies Report From Ottawa

CROSS CANADA NEXT SUMMER

N. R. Builder Says Transcontinental Line Will Be Completed Ocean to Ocean in 1914—Million and Half Pounds Issue in London

(Canadian Press) Toronto, Ont., Oct. 31—Canada's second completed transcontinental railway, will be in operation early next year, Sir Donald Mann last evening in an interview in which he emphasized a report that the Canadian northern railway was seeking from the union government a further guarantee of bonds to the amount of \$25,000,000. The Canadian Northern line on ocean to ocean will be carrying traffic, according to the big railway chief, by the early summer.

"Absolutely untrue, and without a particle of foundation in fact," was Sir Donald's characterization of the guarantee story. "Such a thing was never even thought of, and no request of any kind, oral or written, was made of the government or any member of it." He added that he could not conceive how such a story was promulgated or for what purpose.

Speaking of the early completion of the Canadian Northern transcontinental, Sir Donald said that he estimated that by December 15, excavation of the Montreal tunnel would be completed. The widening of the tunnel is already one-third completed, and by next August he expects the tunnel to be open. Some time about the end of the present year, he estimates, the line between Sudbury and Port Arthur will be completed and ready for operation. He said that all the grading on the transcontinental from Quebec to Vancouver had been completed, except for a few miles between Kamloops and North Bay, and fifty miles between Kamloops and Yellow Head Pass, in the Rockies, and he expected the line to be partially completed.

"By early spring, or summer at the latest, the first train will run over the completed line," declared the railway chief. "That is how close we are to the finish. Under such circumstances there is no reason why we should call upon the government for any further assistance, nor has such step been even contemplated."

(Special To The Times) London, Oct. 31—Underwriting arrangements were completed yesterday in connection with the issue of £1,000,000 Canadian Northern Railway bonds.

Conservative circles. Today the ministers are busy repudiating responsibility for opening the seat by appointing J. J. Donnelly to the Senate. It is admitted today that a grave tactical blunder was made in opening the riding. As a result the prestige of the government has experienced a severe blow.

So have the chances of some Conservative members for lucrative posts, judgeships, senators and other such positions. The government has known for some time that A. C. Boyce, M. P. for Algoma, William Bennett, M. P. for Simons, A. E. Frapp, M. P. for Ottawa, W. S. Middleboro, M. P. for North Grey, Clarence Jamieson, M. P. for Digby, E. Newman Lewis, M. P. for West Huron, and J. E. Armstrong of East Lambton would not refuse to go on the bench. John Stanfield, M. P. for Colchester, George Bradbury of Selkirk and J. E. Armstrong of East Lambton would not refuse to go into the Senate. In fact the government has

been strongly urged to place all these gentlemen in salaried situations where they would have both dignity and emolument. Now their chances have been spoiled. Only the hand of time will open another riding for a by-election.

Not only is the government sorry it opened South Bruce but it regrets having had to fight by-election contests in MacDonald and Chateaugay. In each of the latter places they got their man in and are now trembling with apprehension over pending disclosures of corrupt practices.

The by-election experience of the Borden government has not been such as to lead it to look for more. "No more by-elections after South Bruce, no more pending" is the decision of the government.

Not Coming Says Hanna

Never Intended to Send Royal Steamers Here

C. N. R. Third Vice-President "Emphatically Denies Report That They Will Use Port of St. John"—Halifax Their Port and "Will Continue to Be So"

(Canadian Press) Toronto, Oct. 31—"Halifax has been our port, the port which our steamers have made their destination since we started in the steamship business, and will continue to be so." D. B. Hanna, third vice-president of the C. N. R., made this statement emphatically this morning, denying the report that the steamers would enter St. John, N. B.

Mr. Hanna declared the company had never even considered the change, and that the report was unfounded.

Montreal, Oct. 31—That the Royal Line of steamers of the Canadian Northern Railway Company will sail as usual from Halifax is the opinion today of Montreal officials of the company. "Our sailing list and all the advertising matter is out, and therefore I assure the liners will sail from Halifax," said an official.

The rumor circulating among shipping men is that the Royal Liners will make St. John, N. B., their port of call this year, but the rumor has been denied every time it is revived.

Manager D. B. Hanna, of the steamship department, is in Toronto and no other official would be definitely quoted on the matter.

South Bruce Has Hit Borden Government Hard—No More Bye Elections After March

(Special To The Times) Ottawa, Ont., Oct. 31—The government's defeat in South Bruce has produced a feeling of uneasiness in official Conservative circles. Today the ministers are busy repudiating responsibility for opening the seat by appointing J. J. Donnelly to the Senate. It is admitted today that a grave tactical blunder was made in opening the riding. As a result the prestige of the government has experienced a severe blow.

So have the chances of some Conservative members for lucrative posts, judgeships, senators and other such positions. The government has known for some time that A. C. Boyce, M. P. for Algoma, William Bennett, M. P. for Simons, A. E. Frapp, M. P. for Ottawa, W. S. Middleboro, M. P. for North Grey, Clarence Jamieson, M. P. for Digby, E. Newman Lewis, M. P. for West Huron, and J. E. Armstrong of East Lambton would not refuse to go on the bench. John Stanfield, M. P. for Colchester, George Bradbury of Selkirk and J. E. Armstrong of East Lambton would not refuse to go into the Senate. In fact the government has

been strongly urged to place all these gentlemen in salaried situations where they would have both dignity and emolument. Now their chances have been spoiled. Only the hand of time will open another riding for a by-election.

Not only is the government sorry it opened South Bruce but it regrets having had to fight by-election contests in MacDonald and Chateaugay. In each of the latter places they got their man in and are now trembling with apprehension over pending disclosures of corrupt practices.

The by-election experience of the Borden government has not been such as to lead it to look for more. "No more by-elections after South Bruce, no more pending" is the decision of the government.

WANT PLACE FOR THE SICK WHO ARE DETAINED HERE

Dr. Bryce, Chief Medical Officer, in City Today

NEED SEPARATE WHARF

One Where Steamers Could Land All Passengers and Baggage as Soon as They Arrive is Needed For Best Results

In spite of the possible loss of the Empress, the government officials are planning for the winter business through this port during the coming winter. Dr. P. H. Bryce, chief medical officer of the Interior Department, arrived in the city today to arrange for the extension of the immigration facilities at Sand Point.

Last winter the officials of the immigration department found the detention quarters for 400 small, and it has become necessary to provide additional room. While the present quarters will be sufficient for the immigrants detained for civil reasons, such as the lack of funds, and who may be released at any moment, there is not room enough to accommodate the patients detained on account of sickness also.

An effort will be made to find some other place which will be suitable for use as a temporary hospital. As the patients who are detained for sickness are kept for several days at least, it is not necessary to have them so handy to the wharves. Doctor Bryce said this morning that they had not yet decided upon any place, and did not know whether or not they would purchase a property or merely rent some place temporarily.

Several years ago the department purchased the former Martello Hotel building for use in detentions, but, owing to the complaints of the residents of the neighborhood, after a few days it was abandoned. This building is still standing, but it is said to be likely that the department will attempt to use it again.

Doctor Bryce is meaning that the handling of immigrants and other passengers as well would not be separated on with the best possible results. The steamers could land at the wharves and their baggage as soon as they entered port, and their motion to another berth to discharge and load their cargo. This passenger wharf should be equipped with ample provision for all departments, including the immigration business, including the immigration facilities, but with the possible exception of the detention hospital which could be placed along the wharf.

On the present trip, Doctor Bryce is inspecting the stations at the various Atlantic and Pacific coast, and at the inland stations along the border. Having completed his inspection of the Atlantic ports, he will leave soon for British Columbia, where he will inspect the stations at Prince Rupert, Victoria and Vancouver.

HON. J. D. HAZEN TO TAKE THE MATTER UP WITH PRESIDENT WILSON

Will go to Washington to Confer on Improvement of Boundary Waters For Navigation

(Special To The Times) Ottawa, Ont., Oct. 31—Joint International Commission by the Canadian and United States governments to improve for navigation purposes all boundary waters is a question now being seriously considered both in Ottawa and at Washington.

President Wilson was recently empowered to open negotiations with the Dominion government with this end in view, and it is understood that he has already communicated with the Canadian state department suggesting a committee of representatives of the two governments to consider what steps might be agreed upon towards mutual action to improve boundary waters either for navigation or for power purposes.

The proposed deepening of the St. Lawrence River Channel to thirty or even thirty-five feet, and the development of St. Lawrence water powers, will be one of the main phases of the general problem to be considered. Hon. J. D. Hazen, minister of marine, expects to go to Washington soon and will then take up the question with President Wilson as a preliminary to further conferences of a more formal character both in Washington and Ottawa.

SECOND CHILD DEAD

Mr. and Mrs. Martin Legere Doubly Bereaved in Month

LEADERS IN THE NEWFOUNDLAND ELECTION

Sir Robert Bond, leader of the opposition who hoped to be premier after the elections in the Island Colony, which were contested yesterday.

Sir Edward Morris, who appealed to the people for the election of his administration in Newfoundland on the policy of greatly extending the colonial railway.

Government Beaten In First District Heard From

Speaker of Newfoundland House of Assembly Goes Down Before Head of Fishermen's Protective Union

(Canadian Press) St. John's, Nfld., Oct. 31—Speaker Warren of the house of assembly was defeated in the quadrennial general election by Business Manager Grimes of the Fishermen's Protective Union, allied with the opposition party, headed by Sir Robert Bond. The vote was—Grimes 871; Warren 697.

Mr. Grimes will represent the Port de Grave district, the only one in which the count of the ballots has been completed. He is a Socialist.

In the election of 1909 the premier, Sir Edward Morris, was returned to power by carrying twenty-six of the thirty-six seats in the house. He gained another seat in a by-election two years later, caused by the death of a member of the party of former Premier Bond.

The Fishermen's Protective Association, a labor organization formed since the last general election, has reached large proportions. It was at first planned to have the union attempt, as a third party, to capture the balance of power in the house. Later the union formed a coalition with the Bond party, which accepted several of the laborers as its candidates.

RECORD REVENUE WAS ENJOYED

Fiscal Year of Province Ends Today—Successful Huntsmen Out of Woods

(Special To The Times) Fredericton, Oct. 31—The fiscal year of the province ends today. It is understood that the revenue was the largest in the history of the province, but it is not likely that the surplus over expenditures will be very large.

A by-law passed last spring calling for removal of all projecting signs will go into force tomorrow.

Howard Douglas of Stanley recently shipped ten cartons of potatoes to the American market.

The total number of deaths reported by the Board of Health for the year ending yesterday shows 116 deaths, the lowest since 1906. There were nine accidental deaths.

CLEARINGS HERE AGAIN SHOW GAIN OVER SAME PERIOD OF LAST YEAR

Similar Increase in Other Parts of Canada Points to Depression Being Over—No More Reason For Apprehension, Say Bank Men

For the first time in many months the bank clearings for St. John showed a substantial increase for the week ended yesterday over the corresponding week last year. A similar increase is shown in the clearings in Upper Canada and the western provinces and this is taken to indicate a very healthy condition of affairs.

At this time last year the period of depression had not become a serious matter and the fact that the clearings were not equal those of that period is not surprising. The depression is over and that conditions will be better from now on. Bank men say that there is no longer any reason for apprehension; the depression has come through the period of this did not necessarily indicate a big depression will not any serious ill effects, confidence has been restored and business conditions are getting better every day.

While the big crops in the west are accountable for an increase in the bank clearings in that part of the country the increase in St. John must be dependent upon the general improvement in business.

While the bank clearings are taken as a general guide to the financial condition of the city and the country at large it is not because they are always an accurate barometer of business but simply because there is no better guide available. For instance, the bank clearings in Halifax usually run ahead of those in St. John, but a bank man explained that this did not necessarily indicate a big depression will not any serious ill effects. (Continued on page 4th column)

SUFFERING FOR POORER CLASSES

Effect of Strike of Miners And Dockers

RIOTS IN NEW ZEALAND

Bluejackets From British Warships Ashore to Preserve Order—Large Proportion of Organized Labor Has Knocked Off Work

(Canadian Press)

Wellington, New Zealand, Oct. 31—A shortage of food and fuel with its accompanying privations for the poorer classes, is commencing to be felt throughout New Zealand, as a result of the general strike of coal miners and dockers.

Work has ceased in most trades in every port of New Zealand and in Wellington and Auckland, the two principal cities, the occurrence of riots has brought about the landing of blue jackets from the British warships on the station to assist in preserving order, to protect the men engaged in loading fruit on the vessels in the docks, and to see that passengers are allowed to embark or land from steamers, without molestation.

The struggle which has led to this serious position in the Dominion of New Zealand, is a trial of strength between the employers and the federation of labor, which is not registered under the provisions of the compulsory arbitration and conciliation act passed in 1902, by the terms of which any person inciting workmen to strike or any employer ordering a lockout before going to arbitration, are liable to a fine.

The upheaval began with a strike of shipwrights several weeks ago when the men demanded better conditions and the recognition of their union. The dockers and miners soon afterwards laid down their tools in sympathy and other tradesmen followed their example until a large proportion of the organized labor of the Dominion had ceased work.

SPEEDING AT 114 MILES AN HOUR

MOTORIST IS KILLED

Lambert Held Several Records and Was Trying to Make Another

London, Oct. 31—Percy Lambert, holder of many world's automobile speed records, was killed on the lands motor car race track today, while he was making an attack on the hour record. He was travelling at the rate of 114 miles an hour when one of the tires burst, and caused the machine to turn turtle at the top of the embankment, and then fall to the bottom.

Only on Monday, Lambert captured the fifty miles world's record, in twenty-seven minutes, 23.4 seconds. On February 1908 on the same track, he had established a record of 108.5 miles for an hour and at the same time, 100 miles record of fifty-seven minutes 49.4 seconds.

FUSILADE AS ARMORY IN EDMONTON BURNS

Fifty Thousand Rounds of Ammunition, 800 Uniforms and Band Instruments Lost

Edmonton, Alb., Oct. 31—Fire starting after midnight destroyed the Thistle rink and the old curling rink adjoining it, used as an armory for the 101st Regiment Edmonton Fusiliers. With the armories were burned 800 uniforms, 50,000 rounds of ammunition, and the instruments of the regimental band. For half an hour the cartridges kept up a continuous fusillade. The loss is \$30,000. The Thistle rink was used for the sessions of the legislature in 1908.

START SOON BUILDING THE CUP CHALLENGER

London, Oct. 31—Work on the designing the America cup challenger Shamrock IV is well advanced, and probably the actual construction will be begun in a week or two at the Gosport yard of Camper and Nicholson.

How's Business, Mr. Grocer?

Could you possibly do any more with your present equipment? Of course you could. The question is, do you want more business if it may be had without expense to you? You will answer "yes" to that, too.

On your shelves are many articles that are advertised all over the country by the makers. In this city these articles are advertised in The Telegraph and Times. There is a demand for these goods, and if you want to increase your business be sure your customers see these products prominently displayed in your windows and on your counters. Push the advertised articles. Help the manufacturer who helps you. More profits will follow.

WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, R. P. Stupart, director of meteorological service.

Synopsis—The disturbance which was over Nova Scotia yesterday has passed to the Atlantic and the western area of high pressure. Now centered in the Missouri Valley dominates the weather over nearly the entire continent. The weather is fine throughout the Dominion and severe frosts have been almost general.

Fair and Cold Maritime—Fresh northwest winds, fair and cold today and Saturday, with slight frosts.

PLUSH AND VELVET WILL PREDOMINATE THIS SEASON

BY MME. OEBLE DILLON

Plush and velvet will be worn more this season than for many years and if it is trimmed with fur the height of the mode will be reached.
 The gray plush illustrated is made very full about the waist and caught up at the side with a steel beaded buckle and steel bead trimming from the suspender, which holds the skirt up over the embroidered waist.

YARMOUTH WEDDING

On Wednesday afternoon Holy Trinity church, in Yarmouth, was the scene of a wedding, which deeply interested a large circle, when Miss Mildred Cutler Farish, daughter of Dr. G. W. T. Farish, and Seymour Creighton Baker, youngest son of the late Hon. L. E. Baker, plighted their troth to each other. Rev. Dr. Bambrick performed the ceremony. The musical portion of the service, under the direction of Professor Vinal, organist, was effectively rendered by the church choir. The church was beautifully decorated with palms, blossoming plants and many cut flowers.

The bride, who entered the church with her father, looked very lovely in an exquisite wedding gown, composed of ivory charmeuse satin, veiled in shadow lace with tulle veil and orange blossoms and carried a bouquet of lilies of the valley, white roses and white heather.
 Miss Maude Farish, sister of the bride, was maid of honor, wore white charmeuse with tunic of white tulle, edged with white fur, hat of white satin and tulle lined with roses. Miss Dorothy Howard, of Boston, was bridesmaid, and wore gowns of white charmeuse with bodies of shadow lace and tunics of rose nylon, hats of white satin and tulle, and carried baskets of roses. Two dear little children of Mr. and Mrs. G. Prescott Baker, Miss Florence and Master George, niece and nephew of the groom, also attended the bride, dressed in white silk and velvet, each carrying a pretty basket of flowers, the bride with her pretty maids, forming a charming procession as they passed up the aisle.

George C. Farish, a cousin of the bride, was groomsmen.
 The ushers were J. Bond Gray, G. P. Waller, (American vice consul) and Robert Clements, (Bank of Montreal).
 The groom's present to the bride was a diamond ring; to bridesmaids, silver cigarette box; to little attendants, pearl pins; to ushers pearl scarf pins.
 After the marriage service the bridal party and guests were entertained at a reception and luncheon at the residence of the bride's parents, which was very prettily decorated.

GRANDMA NEVER LET HER HAIR GET GRAY

Kept Her Locks Dark, Thick, Glossy, With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.—Agent.

SEE IF THE CHILD'S TONGUE IS COATED

If Cross, Feverish, Constipated, Give "California Syrup of Figs"

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once!
 When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.
 You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.
 Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters, ask here. Do be sure you get the genuine, and see that it is made by "California Fig Syrup Company" Refuse any other kind with contempt.

At six o'clock Mr. and Mrs. Baker left by steamer Prince Arthur for Boston and New York and on Saturday they will sail for a three months' trip to the Mediterranean and England.

The bride's traveling dress was of navy blue serge, trimmed with velvet, with hat of velvet trimmed with tulle and feathers.

Mrs. Farish, mother of the bride, wore a handsome draped gown of heliotrope charmeuse, with heliotrope velvet coat edged with sable, purple hat with tulle and feathers trimming, and carried purple chrysanthemums.

Mrs. Charles V. Mackintosh, of Liverpool, N. S., aunt of the bride, wore a gown of mulberry charmeuse with tunic of cream lace with hat to match.
 Among the many beautiful and valuable presents was an antique mahogany dinner table, the gift of the bride's parents, and once the property of the bride's great-grandfather, also a large mahogany chest, containing five dozen solid silver forks and spoons, engraved with crest, the gift of Dr. Henry G. Farish, grandfather, and of Dr. and Mrs. George Farish.

Out of town guests present included: Dr. H. G. Farish, Liverpool, grandfather of bride; Mrs. James A. Wright, Montreal; J. Victor Wright, Montreal; Dr. and Mrs. R. Percy Wright, Montreal; Dr. and Mrs. James C. Farish, Vancouver; Master H. G. Farish, Vancouver; Judge and Mrs. Forbes, Liverpool; Mr. and Mrs. C. V. Mackintosh, Liverpool; Miss Dorothy Howard, Boston; Miss Mildred Lambie, Ottawa.

Baby's Own Soap

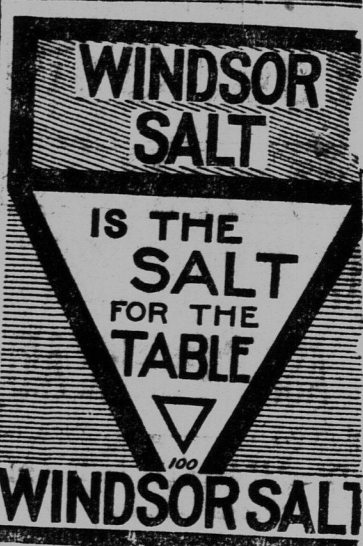

Leaves the skin—no matter how tender—soft—white—aromatized. Perfect for nursery and toilet.
 Albert Soaps Limited, Montreal.

A French axiom reads: "Few men abandon a woman who is a good cook."

Daily Hints For the Cook

Gingerbread
 One-half cup lard, one cup molasses, half teaspoon ginger, quarter teaspoon clove, one cup of sweet milk with one heaping teaspoon soda, one and a half cups sifted flour and a little salt.
Soft Gingerbread
 Take one cup of molasses and stir into it flour enough to make a stiff dough. Add two tablespoons of soda in one cup. Dissolve one teaspoon of butter or lard. Boiling water and turn upon the above. Add a dash of ginger and mix very thoroughly. It is always moist as long as it lasts.
Grandma's Patty Cakes
 Two cups sugar, one cup butter or lard (sometimes mix with beef drippings), one tablespoonful soda in one cup sour milk. Mix well, then add half tablespoon lemon extract, flour enough

to make light dough. Bake in greased pans. If cookies are preferred use no flour, to roll out well.

The Best Quality at a Reasonable Price

Can You Depend on Your Watch?

Do you carry a watch that you know tells you always the correct time? Or do you make a mental calculation each time you look at your watch?

A good watch costs about what you pay for a good suit of clothes. A finely finished high-grade watch will give you the correct time for years, while you purchase a new suit at least once, perhaps twice a year.

You cannot afford not to have the correct time.

HOW NURSES OF SCHOOLS HELP THE CHILDREN

Ottawa System Proving so Helpful That More Nurses May Be Employed

(Ottawa Free Press.)

"Many children have unclean heads," said Dr. J. H. Putnam, inspector, when asked about the public school nurse inspection, which, he added, is proving satisfactory.

Consideration will probably be given to increasing the number of nurses, Dr. Putnam added. The present scheme is to prevent the spread of disease and stamp it out in the first stages, through a thorough inspection of the children at intervals.

Explains the Work Dr. Putnam went on to explain how the health of children is now a matter of supreme consideration, and in this respect public bodies dealing with schools must not lack ingenuity and forethought in providing the machinery of attention to the physical condition of their young charges.

Ottawa has come to the forefront in this health movement with a view of eliminating to a great extent the possibility of an outbreak and spread of contagious diseases or the prevention of unpleasant features in school life.

In August last the management committee of the Ottawa school board fixed regulations to govern a system of school inspection by nurses and through only recent introduction, the scheme promises to be most satisfactory and to have justified its inauguration.

Dr. J. H. Putnam, who is supervising the scheme, as yet has only two nurses who are engaged in the work of detecting physical defects—Misses Scott and Turnbull. Doubtless the staff of nurses will be augmented, as there are twenty schools to visit and half a day to be spent at each every week.

The main object of the scheme is the preventive steps taken are even more valuable.

Is Commonplace A very commonplace discovery in the schools here and everywhere is children with heads not very clean, or suffering from some skin disease. In these cases, detected first by the nurse, the principal of the school sends the child home to remain there until cleanliness has been observed.

The child is not sent aimlessly home, but he or she is given a pamphlet, which advises medical attention, and in the event of that not being procured, instructions are printed as to correct treatment of dirty heads.

A close observation is made of children's throats, teeth, hair, eyelids, hands, ears, and glands. The nurse is invested with power to bandage wounds and apply antiseptic dressings to cuts, burns, and bruises, prescribing medicines being without her jurisdiction.

The medical officer of health is called upon in cases of the discovery of mumps, measles, whooping cough, scarlet fever, diphtheria, chickenpox, smallpox, and other contagious diseases.

A Helpful Attitude. This is not a work of assumption of cold authority over the children by the committee, but more of a sympathetic kindly intervention between parent and teacher.

The nurses confer with the teachers and parents concerned in "discovered" cases and parents are encouraged to associate with the nurses at the schools in respect to their children's health. Talks on school and personal hygiene between nurses, teachers and scholars are also a feature of the scheme.

Since September there have been but a few contagious cases.

The Evening Times and Star

ST. JOHN, N. B., OCTOBER 31, 1913. The St. John Evening Times is printed at 27 and 29 Water Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

Telephone—Private branch exchange connecting all departments, Main 2417. Subscription prices—Delivered by carrier \$3.00 per year, by mail \$2.00 per year in advance. The Times has the largest afternoon circulation in the Maritime Provinces.

THE RETURNING TIDE The Borden government and its naval policy received well merited condemnation from the electors in the Ontario constituency of South Bruce yesterday. This constituency had elected a Conservative candidate in 1911 and also in 1908.

Naturally Sir Wilfrid Laurier is gratified with the result in South Bruce. At a time when Conservative papers were telling their readers that the Liberal party must get a new leader, and that the day of Sir Wilfrid Laurier was past, this Ontario constituency has emphatically declared its confidence in him, and its evident regret that it had been misled by the shameful policy pursued by the Conservative leaders in 1911.

The chief issue in the campaign which has just closed so disastrously for Mr. Borden was the naval issue. The Liberals stood for Canadian autonomy and a Canadian navy. The Conservatives stood for a policy of tribute and an immediate gift of \$85,000,000 to place three empty ships in English waters, to be manned and maintained at the expense of the already heavily-burdened British taxpayer.

Not satisfied with the result in South Bruce, the people of Ontario are satisfied that there is no emergency, and that if Canada has money to spend for naval purposes she should spend it in providing shipyards and adopt a policy under which the vessels of her navy would be built in Canada and manned and maintained by Canada.

SOCIAL WELFARE SUBJECTS The Times commends to the thoughtful consideration of its readers the report in this issue of addresses made by Rev. R. A. Armstrong, Judge Ritchie, Adjutant Cummings, Rev. M. F. McCutcheon, Archdeacon Raymond, Rev. Mr. Porter, Mr. W. S. Fisher and others, and also the resolutions adopted at last night's meeting of the Associated Charities.

NOT SATISFACTORY It is very evident that even if the Royal Line steamers come to St. John, of which there is as yet no definite assurance, the citizens will not be content with what a Halifax paper has aptly described as "a sop thrown to St. John."

BIRTHDAYS OF NOTABILITIES

FRIDAY, OCTOBER 31 Charles Hazlett Cahoon, one of Montreal's prominent lawyers and company promoters, was born in Yarmouth County, Nova Scotia, on Oct. 31, 1861. He practised for some years in Halifax and was for a time leader of the Conservative opposition in the legislature.

Major A. C. Joly de Lotbiniere, son of the late Sir Henri Joly de Lotbiniere and an officer in the imperial army, was born in Quebec on Oct. 31, 1862. He is stationed in India where he has rendered much important service, particularly in the construction of hydro-electric systems.

LIGHTER VEIN "Well, did he pay you?" asked the wife of a dentist who had been to collect a bill for a full set of false teeth that he had made for a man almost a year before. "Pay me?" growled the dentist. "Not only did he refuse to pay me, but he actually had the effrontery to gnash at me with my teeth."

Well Posted "You seem to be very intimate with the Digbys. I didn't know you had met them." "I haven't met them. I patronize their dressmaker."

Refusing Appearance Editor—"Did you say you evaded this joke yourself?" Artist—"I did sit."

GRANULATION OF THE EYELIDS Is Cured by Dr. Chase's Ointment—Scores of Uses for the Great Soothing, Healing Ointment. Most people know Dr. Chase's Ointment as a cure for eczema and itching piles. Nor is this to be wondered at when you think of the remarkable record made in this class of cures.

Some Days Ago In the city of Montreal, a number of firms were fined for selling watches that were not up to their advertisements. These were so called 17 and 21 jewel movements. The jewels were little bits of glass cemented in place. The Dealers Were Fined.

DEPUTY CHIEF WAS RECALLED

Gave Evidence at Police Inquiry - Policemen Tell of Arrests Made

The police investigation was continued last night. Four witnesses took the stand, Robert Woods, an ex-policeman; Policeman J. A. Anderson, an ex-policeman; Harry Linton and Deputy Chief Jenkins, who was recalled. The much talked of Fox arrest was taken up, and Deputy Jenkins, who assisted Campbell in making the arrest, gave evidence in the matter.

Robert Woods, ex-policeman, dismissed in 1892, for going into a store in Union street with another policeman to get warm, told of having seen the chief drunk in Charlotte street and later in the evening in Germain street. The policeman James Pitt was recalled, and questioned concerning an arrest he made last week on the west side of a man whom he charged with drunkenness. Later the man was released by the chief, who decided he was not drunk. The man managed to pick himself up, but when he was arrested he was in such a condition that he was in danger of falling and injuring himself. The witness said he asked the man where he had procured the liquor and he said from a man in the street.

Policeman J. A. Anderson said he joined the force in the fall of 1912. He produced recommendations from a Digby firm, a Baptist minister and Dr. Anglin at the provincial hospital. He told the chief that he did not pay taxes in the city, but was paying in Fairville. The commissioner asked the witness for particulars about an arrest he made about two weeks ago in a barber shop in the north side of King square. The witness replied that a man accosted him in the street and asked him to take into custody his brother, who, he thought, was crazy. The witness said the man had given permission to have him locked up when there was a policeman around. The witness telephoned to central station and asked the advice of Deputy Chief Jenkins. He said the deputy told him that so long as the brother would come to the station, he would be all right to make the arrest. The brother wanted the matter kept quiet, said the witness, so in order not to collect a crowd, Anderson left for the called the patrol wagon and backed it up in front of Driscoll's barber store, ready to put the man right into it. When preparation was made the witness went into the barber store and told the proprietor that the man was wanted. Driscoll ordered the witnesses out to clear away the crowd that had gathered outside the door. Later Policeman McNamee came around and with his assistance he arrested the man and took him to the station. He was examined and went to the asylum.

Q.—The brother didn't want anyone to learn of the arrest? A.—No. Q.—No persons knew about it did they? A.—I don't know. Anderson denied having met women by appointment after midnight, but admitted walking to the witness's boat with a woman who was "jonesome."

Harry Linton, policeman since 1908, said he did not know of any North End places where the witness left for policemen. Neither did he know of any officers in the North End having women calling upon them repeatedly in office. Deputy Chief Jenkins was again recalled. Q.—Did you accompany Campbell to a house near Foley's pottery to make the arrest of a man named Fox? A.—Yes. Q.—How did you get in the house? A.—Through a rear window. Continuing, the witness said that when he tapped on the door, to serve a warrant for stealing, Anderson left for the street. The witness sent Campbell around to the back, but instructed him not to enter. On looking through a window a few minutes later, though, he saw Campbell crawling in through a rear window. Campbell walked toward a room in which Fox and a woman were. He went in, and a few minutes later the witness said he heard noises of fighting, and broke in the front door and entered. He rushed for the room, opened the door, and found Fox sitting in the corner and Campbell standing over him pounding him with his fists. The man remained helpless. The witness said he rushed and grabbed Campbell by the shoulder and threw him to one side. Campbell was bleeding profusely, he said, from a cut in the head, which had been inflicted by a stove cover which Fox threw at him. Campbell wanted to get at Fox, but the witness wouldn't let him.

Q.—What became of the case? A.—Nothing. It did not come up. From hearsay I have heard that he went to the asylum, but I do not say if it was a year or a week later. The commissioner gave instructions to have the record of Fox's police career in court. Jenkins said that he had been telephoned for at the chief's house, but was never able to attend the chief on account of his condition there. He said that he had seen the chief drunk four or five times in his office, and also on one occasion in the country. Q.—Then you were never at the chief's house to look after him? A.—Never, and the one who says I was is a liar of the first water. Q.—There is no need of expressing your opinions here. A.—But I have. Q.—When was the last time you have seen the chief drunk in his office? A.—Seven or eight years ago. Q.—Have you ever seen him drunk in the street? A.—I may have. The hearing was adjourned at this stage until tonight at 7.30.

RE-OPEN MATTER OF BRITISH REPRESENTATION AT THE PANAMA FAIR

London, Oct. 31.—The London papers call the government's attention to the organization of a committee to take up the question of British participation in the Panama-Pacific Exposition, and strongly urge re-consideration of its previous decision. The Times argues that much new information has come to light, tending to justify Great Britain in being officially represented, while the reduction in the American tariff in itself constitutes a new fact of sufficient weight to change the decisions of British policy. Other papers employ similar arguments.

THE BOY AND THE CHURCH

Rev. Dr. Cutten in Strong Address at Charlottetown Convention

Charlottetown, P. E. I., Oct. 31.—The features of yesterday's session of the N. B. and P. E. I. Sunday School Convention were strong addresses by Rev. Dr. McElfresh, and Rev. Dr. Cutten, president of Acadia University, at a luncheon to business men. The former dealt with "Boyhood and Morals." He spoke of the great problem of community life, and the need of looking after boyhood in the adolescent stage.

Dr. Cutten said the problem was what to do with the boy after he is secured by the churches. Have we a man's job for a man to do in the church? "It is frequently said that the church is manned by women, this is because the church caters today principally to women. The service as it is an effeminate one. What work is there for a man to do? I cannot say, he says and

I am ashamed to cook. We need to work out a masculine note in the Christian religion. Artists have painted Christ more as a woman than as a man and there never was a more manly character in history than Christ. We see Him driving the money changers out of the temple. We see Him meeting intellectual leaders and arguing them to a standstill."

He liked a man who had red blood in his veins and granite in his soul, a man one could follow to battle, not to a sewing circle. There never was a time in the history of the world when men were needed more in the church than they are today. Men are needed to take charge of organized classes in the Sunday School; never were Christian men more needed in politics. We are now where the United States was twenty-five years ago. They have reformed. Representative government is one of the biggest farces in Canada today. Politicians do not represent electors, but a certain amount of money which they pay for voters. He would not blame the politicians; they wish to make money out of politics, but the voter won't let them. He believed the business of the church was to be an inspirational centre sending out men in every direction. The call for

manly men today is a loud one and an insistent one. The convention closed last night. Among the speakers were Rev. W. A. Ross and Rev. E. S. Weeks, delegates to the World's Sunday School Convention in Zurich, Switzerland.

AN EXCEPTIONALLY CLEVER ACT AT LYRIC THEATRE

Patrons of the Lyric last evening received something of a surprise in the act of Jack and Foris, two comedy acrobats and tumblers whose work was of such a high calibre that they would easily be at home on the best vaudeville stages of this or any other country. Clad in ordinary street garb they performed some feats of strength and agility that were new to even the most blasé theatre goers. Round after round of applause greeted the clever performers after every one of their remarkable feats, and judging by these unusual expressions of approval, the Lyric will do even more than ordinary week end business. An excellent picture programme of three interesting features made up an excellent bill, well deserving the excellent mid week patronage which it received.

By mixing the waste milk from creameries with coarsely-ground phosphate of lime a dairy-man in Ireland has produced an excellent fertilizer.

LORD ROSEBERY MAY WRITE BIOGRAPHY

London, Oct. 30 - It is understood that King George is so much dissatisfied with the biographies of his father, King Edward, which have already appeared, that he has consented to the preparation of an authorized biography under the general supervision of Viscount Knollys, the late king's secretary. It is said that Lord Rosebery will be invited to write the biography.

THE VICE OF SELF PITY

Self-pity, morally, mentally, and physically tends to depress and weaken the victim, to render him ineffective and impractical. The person who is chronically sorry for himself becomes a nuisance.

He thinks the world owes him something, and his own ambition in life is to collect the debt.

The self-pitying man wants the good things of the world without paying the price for them. He complains of the world's unkindness and lack of consideration - and by his own brutal indifference to the rights of others alienates the very people who are willing to be his friends. He wastes his money, and complains because Smith has a bank account and he hasn't. He goes the pace that kills and then feels terribly ill-used when he discovers that his health is destroyed. He neglects his business, and calls on all the gods to witness the injustice that sends him into bankruptcy.

When you find a man who attributes all the misfortunes of his life to ill-luck, you may be pretty sure that his ill-luck consisted in his inability to wrest the laws of cause and effect to suit his own pleasure and convenience. The man who has been defeated after a brave fight is usually too much of a man to drown his sorrow in self-pity. - November Woman's World.

CARDS OF THANKS. Mrs. William Brittain and family wish to thank their many friends and especially St. Luke's choir for kindness and sympathy in their recent bereavement.

PRESENTATION TO MISS TRAVERS

Women's Canadian Club Honors Retiring Treasurer - Interesting and Gratifying Reports at Annual Meeting

With an unusually large attendance the annual meeting of the Women's Canadian Club was held last evening in Keith's Assembly rooms.

Reports of a most satisfactory nature were received from the following ladies: Recording secretary, Miss Clara McGivern; corresponding secretary, Miss Melrose; historian, Mrs. Gronlund; treasurer, Miss May Travers.

At the close of Miss Travers' report business was temporarily suspended when on behalf of the members of the club, Lady Tilley presented the retiring treasurer with a handsome watch bracelet.

The acting president explained that Miss Travers had performed most faithfully the onerous duties of secretary of the organization for the last six years, but was now obliged to retire from office.

Refreshments, Mrs. H. A. Powell; immigration and La Tour, Mrs. J. A. Smith; hall committee, Miss Travers; education, Mrs. Kuhring. Reference was made to the welcome sign for immigrants, the permission received to erect a La Tour memorial on Fort Howe, and the free school lectures and the flags presented to some schools.

A motion for the adoption of the reports was made by Mrs. Hutchinson in which she praised the faithful work of those on the various committees.

A recommendation to secure permanent headquarters for the club was made, but it was decided to continue meeting until the present arrangements until better accommodations could be made.

A letter was received from the local Council of the Y. W. C. A. asking the club to send delegates to a meeting called for a full discussion of the woman's suffrage question. A delegation was appointed to attend the meeting, but this does not commit the club to any decision, as it does not discuss or vote upon controversial questions of this nature.

The meeting officers resulted as follows: - Hon. president, Lady Tilley; president, Mrs. E. A. Smith; 1st vice-president, Mrs. H. A. Powell; 2nd vice-president, Mrs. J. H. Frink; 3rd vice-president, Mrs. C. B. Allan; recording secretary, Mrs. Manning Doherty; treasurer, Mrs. Melrose; literary secretary, Mrs. Lawrence.

Advisory board: Mesdames G. F. Smith, Mr. McAvity, James F. E. Chisholm, Robert Thomson, Miss Travers, Miss Leavitt, Mrs. Estabrook, and Mrs. John Bullock.

While the ballots were being counted a full report of the annual meeting of the Federation of Canadian Clubs, at Hamilton, Ont., was given by Mrs. J. R. AnWar.

At the conclusion of the meeting a resolution of thanks was tendered the press, Walter Golding, manager of the hall, and others who had helped in the various endeavors of the club. Thanks was also extended to Mrs. Chisholm for music furnished by her on several occasions during the year.

ST. LUKE'S MISSION

"Nearness to Christ" was the subject dealt with by Mr. Newton at the 8 o'clock service yesterday, when there was the usual large attendance.

At the 9 o'clock service Mr. Newton based his remarks on Isaiah 55-6, 7, "Seek ye the Lord while He may be found, call ye upon Him while He is near."

At the close of his sermon, the preacher pleaded for his decision, for Christ on the part of all.

PERSONALS

Mrs. A. B. Pugsley will leave by tonight's train for her home in Salem, Mass. She is accompanied by her mother, Mrs. J. Gross of Penobscot, who will spend the winter with her son, B. O. Gross.

Miss Marion McFarland left on Wednesday evening for San Francisco via Boston.

Miss M. T. Lawlor of St. Patrick street is confined to her home on account of illness.

Mrs. T. J. Potts returned on the Boston train last night from Margyville where he conducted the sale of household effects of the late Alex. Gibson.

Mrs. T. J. Hollahan of Townsend Harbor, Mass., who has been visiting her parents, Mr. and Mrs. G. McSorley of St. John, West, for the last couple of months, returned home on the S. S. Calvin Austin this morning, very much improved in health. She was accompanied by her mother.

AT THE Y. M. C. A. The senior boys of the Y. M. C. A. entertained the young members of the Ladies' Aid Society to a masquerade ballroom social held in the Y. M. C. A. building last evening.

CLEARINGS HERE AGAIN

SHOW GAIN OVER SAME PERIOD OF LAST YEAR

(Continued from page 1) ger volume of business in the sister city because he had known the Halifax bank to swap credits simply for the purpose of inflating their clearings.

The clearing merely represents the exchange of notes and currency among the banks and this is affected by many circumstances. The amalgamation of the Bank of Nova Scotia and the Bank of New Brunswick would make the necessity for exchanging checks, etc., much less and this would cause a reduction in the clearings, while a new bank entering the field or even the transfer of some large accounts from one bank to another would increase the figures although the business of the community remained at the same level.

On the whole, however, the bank clearing gives some idea of the condition of business and the fact that the local figures show such a substantial increase is received with satisfaction.

SPECIAL - WHAT SOME WOMEN THINK ABOUT

OUR GENUINE SALE

Why, I can get a silk waist of the latest materials for \$1.05, and what is more any color. How can they sell so cheap? Why, the founcing for corset covers, just think, Sarah, for 20c a yard.

Oh, what do you think of the collars for 15 cents each? Gorgeous! These are some of the remarks our customers are making as they purchase. Tomorrow will be a great saving day at Neckwear and Fancy Goods, 71 Germain, cor. King first floor.

EXONERATED C. P. R. TO A GREAT EXTENT IN AUSTRIA

Vienna, Oct. 31 - The budget subcommittee has concluded its inquiry into the matter of emigration and its relation to the various steamship lines. It adopted resolutions disapproving the monopolization of business by shipping lines belonging to a pool, but expressing the opinion that the recent increase in emigration was due to economic conditions.

These resolutions are regarded generally as exonerating to a great extent the C. P. R. The release of Samuel Altman, the C. P. R. manager in Vienna is expected soon as a result of Great Britain's diplomatic representations.

THIS IS A WARNING TAKE HEED

If the parties who are endeavoring to make think unpleasant for patrons of local picture houses by creating unpleasant odors through the aid of chemical preparations are wise they will desist from their miserable tactics. They tried it last night in a local theatre, and caused a disagreeable odor to arise.

They are known to the management, and they had better take heed and refrain at a careful distance unless they wish to be prosecuted to the full extent of the law.

Resign as Protest Against Injustice

Members of Borden Club Are Up In Arms Over Treatment of This Port by Borden Government

As a protest against the injustice done St. John by using the I. C. R. as a lever to switch the C. P. R. and Allan mail ships to Halifax, a strong group of the most active members of the R. L. Borden Club yesterday sent their resignations to J. Starr Tait, the club's president.

For some time—ever since the news that the mail steamers had been diverted—there has been a strong feeling in the Borden Club that resolute action was necessary in order to impress upon the government the fact that many of the younger Conservatives put city before party and would not hesitate to fight rather than see St. John discriminated against.

The men who sent in their resignations yesterday are ten in number, and most of them are members of the executive committee of the club, while some formerly were on the executive.

This is the letter which they sent to President Tait:

"To the R. L. Borden Club, St. John:

J. Starr Tait, President:

"Whereas a great injustice has been done to the port of St. John by the agreement entered into between the government Railway, the Intercolonial, and the Canadian Pacific Railway, which agreement PLAINLY DISCRIMINATES against St. John in that, by it, the Canadian Pacific Railway is enabled to take away its mail boats and the mail boats of the Allan Line after they had been advertised to sail from St. John direct, and, as the Hon. R. L. Borden has stated, that it required the approval of the Minister of Railways before becoming effective, we, the undersigned members of the R. L. Borden Club, feeling that the ratification should be refused, wish to resign from any active participation in the affairs of the club until this matter has been settled by the cancellation of the Gutelius and Bosworth agreement.

"We do this as a protest to show that, while we are Conservatives, we cannot support the government if it persists in carrying out this discriminating agreement."

This letter, when sent to President Tait, bore the signatures of the following:

- J. G. WILLETT.
- L. V. LINGLEY.
- W. J. BROWN.
- MURRAY M. JARVIS.
- GEO. T. COOPER.
- J. D. PATTERSON.
- T. E. SIMPSON.
- D. DUNLOP.
- H. MCCONNELL.
- GEO. A. GAMBLIN.

This movement clearly indicates how deeply the citizens as a body have been moved by the injustice done St. John. The revolt in the Borden Club is led by its most active spirits, who are Conservatives but who are citizens of St. John first and foremost. The motive of the movement is well exhibited in interviews with several of those who resigned and who were asked for a statement by The Telegraph last evening.

L. V. Lingley.

L. V. Lingley, manager of the Smith Brokerage Co., when interviewed, said: "Yes, I have asked the president of the R. L. Borden Club to erase my name from the executive and membership roll for the present. As one who expects to make his livelihood in this city in future years, I deplore the action of the government railway and the C. P. R., of course sanctioned at Ottawa, which strikes such a blow at our prestige as the winterport of Canada. To make matters worse, the minister of railways appears to give our protest but little consideration and I think we can say good-bye to the Empress boats, for this season, at least."

"We have had too much of partisan politics in St. John and I, for one, intend to pursue an independent course in the future and support the party which I believe will do the most for our port. I find no fault with the government policy along general lines and should they give St. John what I believe to be fair treatment in the future and hasten to develop our terminals at the proper speed, I shall be pleased to vote my approval. However, for the present I do not wish to continue my affiliation with the R. L. Borden Club."

J. G. Willett.

J. G. Willett, when asked if the report that the Canadian Northern steamers were coming to St. John had made any difference in regard to his resignation from the R. L. Borden Club, said: "The bringing of the Royal line steamers here does not change my views one iota on the Gutelius-Bosworth agreement, which is discriminatory to this port. While we are pleased to get these boats, still we must remember that if they come at all it will be by the grace of the C. P. R. I wonder if the Canadian Pacific will give the Canadian Northern Railway as good terms for the transfer of passengers and freight as the C. P. R. is getting from the Intercolonial."

W. J. Brown.

W. J. Brown, an active Conservative long well known as a strong and efficient party lieutenant, and formerly Conservative organizer for Kings-Albert, was equally outspoken. He said he regarded the Gutelius-Bosworth agreement as a most serious matter for the Maritime Provinces and bound to be far-reaching in its effect, and he felt that every effort should be made by courageous citizens of both parties to have it abrogated, even if Conservatives had to rise above partisan feeling in order to convince the government of the gravity of the situation. "This is a time for action," he said. "St. John ought to fight, and keep on fighting tooth and nail, to prevent the threatened injustice. That is the way we feel, and we are not afraid to come out in the open and declare ourselves. There are a lot more like us. For the good of the city—and the party as well—this wrong must be set right."

Arthur O. Ellis.

Late last night The Telegraph was informed that Arthur O. Ellis, another member of the Borden Club executive was in hearty sympathy with the action of the men mentioned above, and would resign from the club today. It was through an oversight that his name was not signed to the letter sent to the president.

WOMEN'S MISSIONARY MEETING

The monthly missionary prayer meeting of Zion Methodist church was held last night in the Sunday school room. There was an excellent programme. The president, Miss Lawson, had charge of the meeting, which she conducted with her usual skill. After singing by all present, several brief prayers were offered by members. The 119th Psalm was then read in concert and with expression and unity quite pleasing to hear in a public meeting. A solo was very pleasingly sung by Master Fred Simpson, entitled "A Star Has Risen." A musical dialogue by six young girls was greatly enjoyed in its rendition, as well the subject, which was illustrative of the needs of all the foreign fields.

An address of more than usual merit was given by Miss Fisher of Exmouth street church and was listened to with great attention and appreciated by all who had the privilege of hearing such an excellent address.

Miss Clara Cairns, of Boston, sang a very pretty solo with happy effect to the delight of the audience, and will be heard with pleasure when she sings again in Zion church on Sunday next, when Rev. Mr. Lawson will preach his sermon to young women. Mr. Lawson closed the meeting with a short address and the benediction. As usual, the offering was good for the missionary society. These meetings are always a feature of interest in Zion Church, and bring out the talents of the workers in the church to a surprising degree.

DRUNKENNESS CAN BE CURED

Alcura Will Do It
Alcura, the widely known treatment for Alcoholism can now be obtained at our store. It is guaranteed to cure or benefit, or money refunded. Remedy that has been tried by thousands and found to do just as it claims.
Drunkennes is a disease. Those who are afflicted with the craving for liquor have to be helped to throw it off. Alcura No. 1 can be given secretly in Coffee or Food. Alcura No. 2 is the voluntary treatment.
Help your loved ones to restore themselves to lives of sobriety and usefulness and to regain the respect of the community in which you live.
Only \$1.00 per box. Ask for Free Booklet.
E. Clinton Brown, druggist, St. John, N. B.

MURET GETS SEVEN YEARS

New York, Oct. 31.—Ernest A. Muret, bogus dentist and companion of Rev. Hans Schmidt, slayer of Anna Amminger, was sentenced to seven years and six months in the federal prison at Atlanta for having in his possession a complete outfit to be used in counterfeiting \$20 bills.
In sentencing Muret the court denied his request to be permitted to return to Germany and remain there.

My word! It was worth it!

The manufacturers put so much goodness into Edwards' Soup that you need to boil it for half-an-hour in order to bring all its goodness out—the full flavour of the fresh Irish garden-grown vegetables, the appetizing savour, the strength and substance. And when you taste the flavour of Edwards' Soup, you will agree that it is worth cooking properly.

EDWARDS' SOUPS

But you MUST boil them for half-an-hour—Worth it! Grand for flavouring hashes, stews and made dishes. Of all wholesale and retail Grocers, etc.

WM. H. DUNN
896 St. Paul Street, Montreal.
Representative for Quebec and the Maritime Provinces.

RHEUMATIC PAINS PROMPTLY DISAPPEAR

Relief Comes After Taking Few Doses of Croxone

It is needless to suffer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can avoid it. Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood the poisonous waste matter and uric acid; and the only way to overcome it is to remove the cause. Croxone does this because it neutralizes and dissolves the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism, and clean out and strengthen the stopped up, inactive kidneys, so they can filter the poison from the blood, and drive it out and out of the system.

Croxone is a truly remarkable medicine for rheumatism, kidney troubles and bladder disorders. You will find it differs from other remedies. There is nothing else just like it. It matters not how old you are, or how long you have suffered, it is practically impossible to take it without results. Relief follows the first few doses, and you will be surprised how quickly all misery and suffering will end.

An original package of Croxone costs but a trifle and all druggists are authorized to sell it on a positive money-back guarantee. "Two doses a day for a few days is often all that is ever needed to overcome the worst backache or urinary disorders."

LIBERAL VICTORY

South Bruce Captured From Tories

TRUAX ELECTED

Majority Was 124 — Shows Ontario's Feeling Regarding The Naval Issue—Conservative Majority of 103 Overcome

Walkerton, Ont., Oct. 30.—Reuben E. Truax, the Liberal candidate, was elected in the South Bruce by-election today by a majority of 124, defeating Wellington L. Cargill.

The seat was rendered vacant by the elevation of Hon. James Donnelly to the senate and the campaign was fought almost altogether on the naval question. Mr. Donnelly's majority at the last general election was 103.

No figures of the total vote were obtainable tonight, as only the majorities at the different polling subdivisions were brought into Walkerton. It is understood, however, that the vote was even heavier than in the general election.

Both candidates were residents of the riding. Mr. Truax has lived in the district fifty-seven years and his personal popularity made him a strong candidate.

Besides supporting the Liberal position on the navy, in practically every particular, Mr. Truax declared his adherence to the doctrine of reciprocity with the United States in natural products.

Walkerton, Mr. Truax's home town, gave him a majority of ninety. At the last general election his majority there was 56.

J. J. Donnelly, now Senator Donnelly, carried the constituency in the last election by a majority of 108, defeating R. E. Truax, the present Liberal candidate.

In the election of 1908 Mr. Donnelly defeated the former Liberal member, P. H. McKean, by 183, nearly twice as great a majority as he mustered in the reciprocity campaign.

The constituency of South Bruce was created in 1908 and prior to that time, North Bruce, the former division, on three occasions since confederation, returned Liberals, once in 1874 by acclamation, and in 1872 and 1876 by majorities of 48 and 158 respectively. In old constituency Conservatives were elected six times, and on four of the occasions the majorities were narrow. The figures are: 1867, 10; 1882, 88; 1887, 113; 1891, 30; 1896, 81 and 1900, 3.

PASSENGER AND LUMBER STEAMER IN COLLISION

San Francisco, Oct. 31.—The steamer Beaver, from Portland and Astoria, with 560 passengers on board, was in collision with the lumber steamer Necanicum yesterday off Fort Bragg, on the northern California coast. The Beaver is proceeding westward with her port bow stove in, above the water line.

No mention of the condition of the lumber vessel is made.

METHODISTS DISCUSS MISSIONARY MATTERS

The missionary committee of the New Brunswick and Prince Edward Island Conference of the Methodist church was in session in Carleton church yesterday. Those present were Rev. George Steel, superintendent of missions; Rev. George F. Dawson, president of conference, chairman; Rev. Neil MacLachlan, Rev. H. E. Thomas, secretary; Col. F. S. Moore, C. A. Sampson.

The salaries fixed by the mission board upon which basis grants to the circuits are made are as follows: For ordained married, \$925; single ordained, \$750; unordained, \$500. These amounts are exclusive of furnished parsonages.

The grants made to the conference for distribution is \$12,700, which the committee apportioned as follows: St. John district—Silver Falls, \$860; Springfield, \$425; St. Martins, \$800; Jerusalem, \$840.
Fredericton district—Welford, \$125; Kingston, \$425; Stanley, \$225; Bolton, \$305; Keswick, \$195; Sheffield, \$425; Gagetown, \$485; Oromocto, \$475.
Woodstock district—Richmond, \$275; Andover, \$225; Tobique, \$255.
Chatham district—Richibucto, \$460; Buctouche, \$390; Harcourt, \$605; Gaspe and Cape Oro, \$450.
Sackville district—Tantramar, \$100; Shediac, \$340; Dorchester, \$325; Albert, \$325; Alma, \$140; Hillsboro, \$345; Petticoat and Elgin, \$250.
St. Stephen district—St. Andrews, \$445; Oak Bay, \$380; Deer Island and Grand Falls, \$300.
Charlottetown district—Montague, \$325; Souris, \$445; Mt. Stewart, \$410; Bideford, \$275.

Among the important matters considered was the question of co-operating with the mission board in its endeavor to raise \$1,000,000 and it was decided to appeal to the conference to increase its giving by about 20 per cent and make the objective for the conference this year \$17,000. The status of the missions this year in all particulars is such as to give very general satisfaction.

HOW A BROOKLYN GIRL GOT STRONG AND WELL AGAIN

Grace D. Lamb of Brooklyn, N. Y., says: "I was all run-down and on the verge of nervous prostration. I could not sleep for pain in my back. In all I was a wreck. A friend told me what Vinol had done for her little girl so I tried it. I noticed an improvement after the first bottle. I could sleep well, my appetite improved, and after taking three bottles I am strong and well again."

Vinol is the most efficient strength creator for such women. It is the medicinal elements of the cod's livers contained in Vinol aided by the blood-making and strengthening properties of tonic iron which makes it so far superior to all other tonics to build up health and strength for weak, tired, ailing women. It contains no oil and has a delicious taste.

I give back your money if Vinol does not do all that I claim. Chas. R. Wasson, Druggist, St. John.

"El Mochó" After Presidency

Port of Spain, Trinidad, Oct. 31.—General Jose Manuel Hernandez, an exiled Venezuelan known as "El Mochó," arrived here yesterday from the "British West Indies." He declared that if free elections were held in Venezuela he would become president of the republic.

GUARANTEED UNSHRINKABLE
CEETEE
PURE WOOL

The Charm of Cleanliness
Cleanliness exercises a charm all its own.
"CEETEE" Underclothing produces a feeling of entire cleanliness—a feeling of freshness that keeps the body fresh and sweet by absorbing all the perspiration. It is warm, cozy, comfortable and fits perfectly.

All "CEETEE" Underclothing is made from the softest, finest Australian Merino Wool only. This wool is put through a thorough treatment of combing and scouring that removes every particle of foreign matter and leaves every strand as soft and clean as humanly possible.
"CEETEE" Underclothing is so soft that it will not irritate even an infant's skin. All pieces are knitted together (not sewn) making each garment practically one piece. It has no rough spots. Every garment is finished automatically leaving the knitting to fit the human form, thus rendering it comfortable, easy to wear, and perfect fitting.
There are 320 reasons why "CEETEE" Underclothing is a class by itself, and is worn by the Best People. Sold by the Best Dealers.

The judge will be at the rink from noon today to be consulted by exhibitors. He has expressed his willingness to answer any questions asked of him relative to the points of the dogs, etc.

POKING FUN AT MR. BRADY
(Moncton Transcript)

The following official circular has just been issued here and has as yet been received by only a small number of the local I. C. R. men affected. The others will be much amused to read the following table of the things they will in future have to do.

There is a great need for improvement in these particulars, and it is desired a decided improvement be made at once.

In future, uniformed men, whose coats are intended to button, are to keep their buttons at all times, except that train and sleeping car conductors are exempted when selling or collecting tickets.

Clothes are to be pressed and well brushed; black shoes, white collars, and black ties are to be worn, and the shoes are to be kept polished. Caps are to be worn properly—not on the back or side of the head.

Smoking and chewing of tobacco or gum is prohibited when on duty. Those who habitually shave any portion of the face must shave every day they are on duty.

Conductors must know what passengers are on their trains and advise their brakemen, so that such passengers may be properly notified when they reach their destination, and are assisted from the train.

Politeness and civility are expected under any and all circumstances.

Superintendents and assistant superintendents will see that these instructions are strictly observed.

F. P. BRADY,
General Superintendent.

C. A. HAYES,
General Manager.

The men trouble with the above is its crudeness and incompleteness. Many things which would have made it the most artistic effort of its kind were unfortunately left out.

For instance, there should have been a regulation making it imperative for

each man to carry a handkerchief and to blow his nose regularly at least once every half hour.

The officials also omitted to notify the men to wash their faces at least every day, which is a most important matter and the omission of which The Transcript is unable to account for anything grounds.

AN OPERATION FOR APPENDICITIS

Was Ordered By His Doctor, But Complete Cure Was Effected By Dr. Chase's Kidney-Liver Pills.

Almost anyone who has suffered from appendicitis will assure you that this trouble developed only after months or years of derangements of the liver and bowels.

Appendicitis can almost invariably be prevented, and very frequently cured, by the use of Dr. Chase's Kidney-Liver Pills. In the case described in this letter the doctors had ordered an operation, but a thorough cure was brought about by this great medicine.

Mrs. J. A. Ballantyne, Sturgeon Falls, Ont., writes: "My husband was treated for appendicitis, and the doctors ordered an operation. But he would not consent to an operation and began the use of Dr. Chase's Kidney-Liver Pills. Since doing so he has had no need of an operation, or even of a doctor, as the trouble has completely left him. I cannot find words to speak our gratitude for his cure."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

For regulating the bowels, invigorating the kidneys and stirring up the lazy liver

Dr. Morse's Indian Root Pills

have proved for over half a century, in every quarter of the world, absolutely safe and most effective.

25c. a box everywhere. 27

Na-Dru-Co Laxatives

are different in that they do not gripe, purge nor cause nausea, nor does continued use lessen their effectiveness. You can always depend on them.

25c. a box at your Druggist's. 175 National Drug and Chemical Co. of Canada, Limited.

Constipation

Impossible to be well. The foe to good health. Correct at once. **Aper's Pills.** One a bedtime. Sold for 60 years.

Ask Your Doctor. J. C. Ayer & Co., Lowell, Mass.

MALE NURSES TESTIFY IN WORCESTER HOSPITAL MATTER

Worcester, Mass., Oct. 31—Male nurses gave testimony before the State Board of Insanity yesterday afternoon in the investigation of charges about Worcester State Hospital. Speaking about male attendants and habits, James McMichael said he would say that drinking was a common complaint with them.

How Marcisse Groux was beaten by an attendant, it is alleged, and how the suspected person left the hospital the next day was told by Norman A. Gates, a nurse. He said the case was reported to Dr. Scribner. Dr. Scribner said he notified the police and they did not think there was sufficient evidence to warrant an arrest, although he was convinced of the guilt of the attendant.

Many of the female attendants said they object, or have objected, to the quality of food, and without exception declared they were under-paid. Some of them said the food is much better

REFORMS ARE NEEDED

Speakers at Associated Charities Meeting Reveal Startling Conditions Here--What They Want

Three subjects of great importance to the community were dealt with at the annual meeting of the Associated Charities which was held last evening in the board of trade rooms. The urgent need for these several reforms was ably urged by the speakers who presented them, and resolutions were adopted calling for steps to alleviate the conditions described.

The demands made were for a prison farm or farms, for a detention home for delinquent girls, and for evening classes in the public schools for boys and girls who are compelled to go to work before completing even a common school education.

Reports were presented showing a busy and successful year and all the officers were re-elected for another year. The meeting was called to order by the chairman, W. S. Fisher, who expressed his regret regarding the smallness of the attendance. The minutes of the last annual meeting were then read by the secretary, Miss Grace O. Robertson.

The financial report was submitted by the treasurer, William Young. A summary follows: Receipts: Balance on hand \$99.30, City grant 300.00, Contributions 515.73, Interest 4.78, Total \$819.81. Expenditures: Balance on hand \$810.67, Paid in since books closed 38.00, Total \$848.67.

The secretary submitted her annual report reviewing the work of the year. During the year they received 1,988 applications. Of these 530 were for employment, 171 were seeking relief, 16 asking for transportation, 11 requests for children for adoption, 7 women asked to have their children adopted, 43 men asked for a night's lodging, 39 requests for clothing, and the balance were from persons seeking work and employers seeking help.

Rev. R. A. Armstrong was then called upon to speak on the need for the establishment of a prison farm. He said, in part: "The humanizing of the prison class is a great problem, perhaps not to be solved in our time. One of the

remedies suggested is the prison farm, no longer an innovation but a tried success in other places. "In Europe, as well as in our own country, prisoners are being given more freedom and more scope and the experiment has been found successful. "In our own county, a bill was prepared and sent to Fredericton with the endorsement of the council, but was thrown out by those in authority. "In considering this subject there are three factors, the state whose laws are violated, the prisoners who have violated the law and finally those dependent upon the prisoner, and the prison farm seems to be the best solution for all three.

"From an economic standpoint it is best because it enables a man to continue his earning power instead of making him a burden on the community. "The mere fact that it takes the drunkard off the streets is an advantage of the state and he is taken to a place where he is given a chance to rebuild his health amid uplifting surroundings. There are men who want to give up the liquor habit but have not the power to do so and the prison farm gives such a man the opportunity he needs.

"Finally, the prison farm gives a better opportunity for a prisoner to work for the support of himself and his family. "Resolution. "From its benefits to the state, the prisoners and those dependent upon him, I cannot see how anyone can oppose the establishment of a prison farm and I have much pleasure in moving the following resolution: "Whereas, in many of the American states, and especially in the Canadian province of Ontario, the establishment of prison farms to take the place of the common jails for drunkards and other delinquents has proved to be a real reform, of benefit alike to the delinquent and the community.

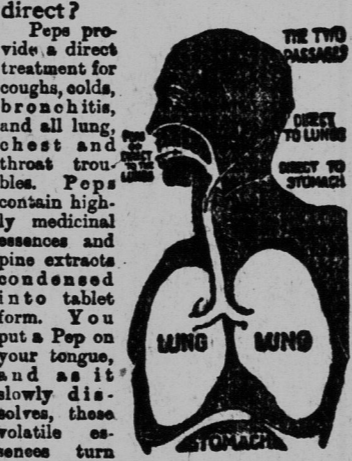

"Therefore resolved, That this annual meeting of the Associated Charities of St. John respectfully urge the provincial legislature to make provision for the establishment of such a farm or farms in the province of New Brunswick. "And further resolved, That the municipal council of the city and county of St. John be heartily commended for its attitude on this question, and urged to continue its efforts to secure such an institution to improve the conditions at present existing in this city and county."

Police Magistrate. Police Magistrate Ritchie, in seconding the resolution, said: "It has always seemed to me that an ounce of prevention is worth a pound of cure. Statistics show that ninety per cent of all arrests are caused by liquor. We license men to sell liquor and then arrest the men to whom they sell it. When they come before me they must be fined or sent to jail until they get the liquor out of their systems. So far as I know I have never taken a dollar from a man who had a family dependent upon him. What we want is to save the men from themselves.

"We want to prevent the sale of liquor as much as possible and I would like to see the government pass a law forbidding treating in the bars. "Since last January there has been a great amount of pocket peddling around

Listen!

Have you heard about Peps? Peps is a new scientific preparation put up into tabloid or pastille form, which provides an entirely new and effective treatment for coughs, colds and lung and throat troubles. There is no connection between the lungs and the stomach. Suppose something were wrong with your stomach--would you think of taking some medicine which went not to your stomach, but to your lungs? Certainly not!

Why then, when your lungs and chest are affected, should you dose your stomach--an absolutely separate organ--with medicine? Is it not far better to treat the ailing organ direct? Peps provides a direct treatment for coughs, colds, bronchitis, and all lung, chest and throat troubles. Peps contains highly medicinal essences and pine extracts condensed into tablet form. You put a Peps on your tongue, and as it slowly dissolves, these volatile essences turn into vapor. You breathe the remedy to your sore ailing lungs direct--not swallow it to your stomach, which is not ailing. (See diagram.) The healing fumes, thus breathed down, soothe the delicate, inflamed membrane of your breathing-tubes and pass right on to the tiny passages of the lungs--a course no liquid or solid medicine could possibly take. Peps fumes are healing and anti-septic. They heal sore tissues and kill disease germs. Peps brings pine-forest fumes to your home, instead of you going to the pine forest!

For that cold, that night cough, that touch of bronchitis, don't dose your stomach! The trouble lies in your lungs. Peps goes to the lungs direct and will cure you. All druggists and stores 50c. box. Write for free sample to Peps Co., Toronto, or 22 Prince St., Winnipeg. Send only 1c. stamp for postage and enclosed this advertisement. WHAT YOU NEED

no doubt but that the prison farm is the better, but I would like to see the law amended so we could cut off the supply of prisoners for either." Rev. Dr. MacVicar. Rev. Dr. J. A. MacVicar spoke of the success of the farm at Guolph and said that the cost should set an example in these great moral movements.

The chairman referred to a prison farm for boys near Montreal which had been of great value. Children on the Streets. Adjutant Cummings in opening the discussion on the presence of children on the streets at night said: "I have been interested in the prison farm project but if it is good for men and boys why not for women and girls also? "While I would not say that St. John is any worse than other cities there are conditions here which should be remedied.

"If you are not familiar with these conditions a tour of the city after night would reveal many things that would make you blush. "There is a great need for a detention home for the girl who is put in contact with worse women she herself will become worse." The speaker then gave details of the carrying out of a number of unfortunate girls of this city who had become mothers, many of them under 16 years of age, without wedlock. He urged the necessity of a detention home to care for such cases.

He then gave instances of deplorable homes, under which it is impossible for girls to grow up with any chance of developing into good women. Charges Laxity. "In addition to the laxity of the home," he said, "there is also laxity on the part of the police. The police warn men off the street corners but overlook the little girls in the squares who are carrying on with men." "In addition to these things which aid the downfall of girls there is the great fact that when a girl once falls she is kept down.

"In spite of this," he said, "how many men can you remember who have been brought before the court charged with breaking up a home or ruining a woman? Why should the women suffer while the men go free? "Why should we have to provide detention homes for the victims of the hands who wander about this city? "We find little girls wandering about our streets late at night taking the first steps which will lead to their downfall."

In closing Mr. Cummings moved the following resolution: "Whereas, There is disgraceful and humiliating evidence of the demoralization of young girls, who are mere children in the city of St. John, and "Whereas, There is far too much laxity in permitting children to go about at night unaccompanied by a parent or guardian, and subjected to evil influences, the fruits of which are but too apparent on every hand, and "Whereas, The common jail is no place for such delinquents, either boys or girls; therefore

"Resolved, That there is great and urgent need of a shelter to which such delinquents might be sent while under detention; and further "Resolved, That an appeal be made to the proper authorities for a more rigid enforcement of the laws relating to the presence of children unattended at nights in the streets and alleys of the city."

Rev. M. F. McCutcheon. Rev. M. F. McCutcheon on seconding the resolution said that those who attempted to alleviate the case of unfortunate found the stream of such persons ever increasing and his has forced attention to the care of the children in order to cut off the supply of delinquents. "We talk of juvenile crime and we find that most of it is committed at an hour when boys and girls should be at home and in bed.

"Just go along the streets and see what delinquency meets the eye. "We know that the people on the other side of United States boundary line are stirred to the depth by recent revelations regarding the way of immorality which is sapping the foundations of society. To one who is familiar with conditions among children of school age in St. John the amount of immorality revealed is almost unbelievable.

"If such things can exist in the schools how much worse will it be in the dark streets and alleys. For sixty years we have had a law limiting the hours during which children are allowed on the streets, but its enforcement has been overlooked and the time has come when we must face the need for it and seek its enforcement."

Rev. Dr. Raymond. Ven. Archbishop Raymond said that had never known conditions in St. John to be more depressing. He referred to the kind of homes many of the children come from, saying that it is no wonder they want to get away. He believed that housing reform would help to solve the problem. He did not think the church could do its whole duty by acting as the good Samaritan, but might accomplish more by ridding the road of the robbers.

Rev. Mr. Porter. Rev. F. S. Porter said that truth of the statements of the previous speakers had been forced home to him in a most painful way. "The facts regarding the boys and girls of the city gathered by a young man who was an adept in work among children were appalling. The speaker believed that juvenile delinquency is almost always preceded by parental delinquency. Protestant Home Needed. Magistrate Ritchie drew attention to the fact that while a detention home is being suggested for girls awaiting trial, there is absolutely no provision for Protestant girls who are brought into court and sentenced. He would be glad to render any assistance he could in securing such a home for Protestant girls, as the Catholics have the Home of the Good Shepherd.

Continuing, he said that the previous speakers had only touched on the fringes of the matter, the cases which become public are only a very small proportion of the most awful cases which the public never hears about, adding: "I am tempted to ask, is this St. John or is it Sodom or Gomorrah?" Speaking of the home life in some of the poorer districts of the city, Rev. H. I. Pierce said that he had been in places where he did not see how people could lead the right kind of life. School Buildings. The chairman then presented the following resolution: "Whereas, the people of St. John have made a large investment in the public school buildings of the city, which valuable plant is in use less than one-half of the time; and "Whereas, it is a well known fact that approximately 90 per cent of the boys and girls attending our public schools find it necessary to leave school and become wage earners at an early age and are therefore unable to receive the

benefit of the full course provided; and "Whereas, the use of the school buildings in other cities for evening classes for the benefit of those who wish to continue their education without interfering with their employment has proved of immense benefit; therefore

Resolved, that the city council and board of school trustees of the city of St. John be requested to make provision for such further classes of this kind as it may be possible to inaugurate and gradually expand, using for this purpose the public school buildings."

This, Mr. Fisher said, is the ounce of prevention needed in dealing with the problems already discussed. He spoke of the progress along this line in Nova Scotia, Ontario and Quebec. In Toronto alone they expect to spend four or five million dollars within the next few years for just such purposes, although on a wider scale. He also referred to the success which had attended the introduction of manual training in the public schools.

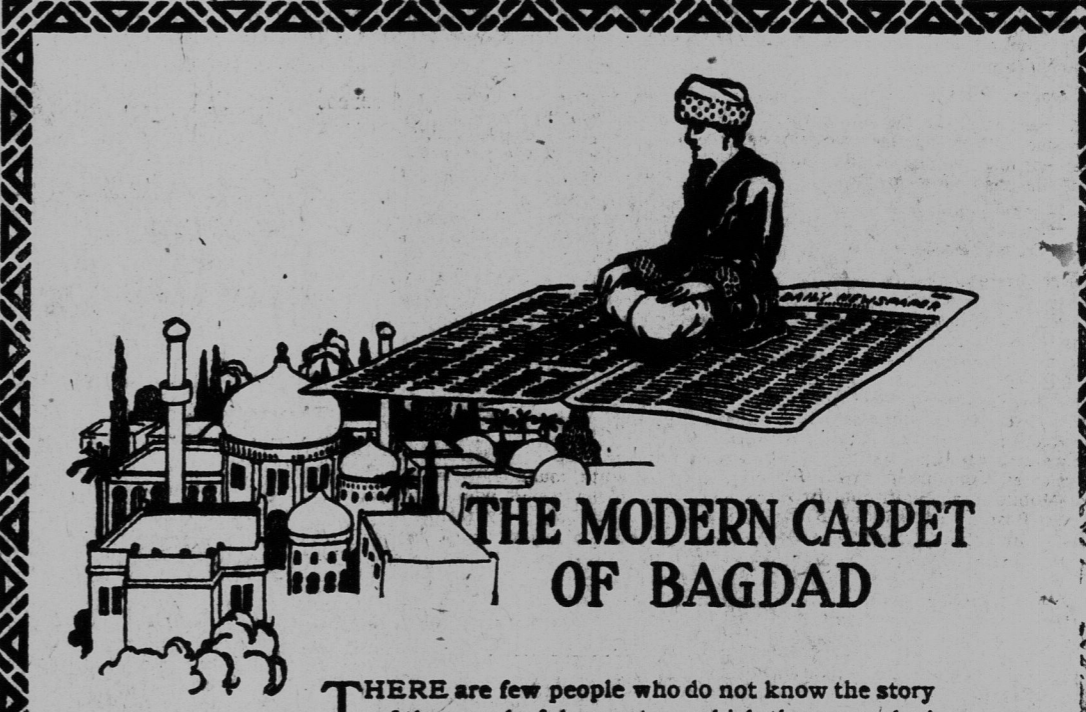

In seconding the resolution, Mr. Belding read an extract from a Halifax paper outlining the practical course of instruction provided by evening classes and asked why Halifax should be so far ahead of St. John in this respect. He pointed out that \$600,000 is invested in the school buildings of St.

No other Teas have a chance for public favor, when once tried along side of the famous

John and for this investment the city gets only a few hours' use. In American cities the schools are being used not only for educational classes but also as social centres for the whole community. The resolution only asks for a very small beginning in this direction. Officers. The election of officers followed with the result that the following were again chosen: President, W. Shivers; Vice-presidents, Rev. G. P. Scott, Hunter White, Mrs. Franklin St. and Mrs. George F. Smith; Treasurer, William Young; secretary, Miss G. O. Robertson; members of honor, management whose term expired year, Hon. R. J. Ritchie, A. M. B. Rev. R. A. Armstrong, Mrs. J. Thomson, Mrs. J. V. Ellis and Thomas Walker. The meeting adjourned.

THE MODERN CARPET OF BAGDAD

THERE are few people who do not know the story of the wonderful carpet on which the owner had but to sit, wish to be at some place and, lo! immediately he found himself there. Some agents of this nature would be appreciated by many a manufacturer in jumping the demand for his product into a thousand places, a thousand miles away from his factory. Apparently to such a man there is no means of "getting there" and placing his name and his goods right into that territory, except by slow, laborious bit-by-bit acquaintance--and mouth-to-mouth testimonials.

But he has overlooked the modern Carpet of Bagdad. It is Newspaper Advertising.

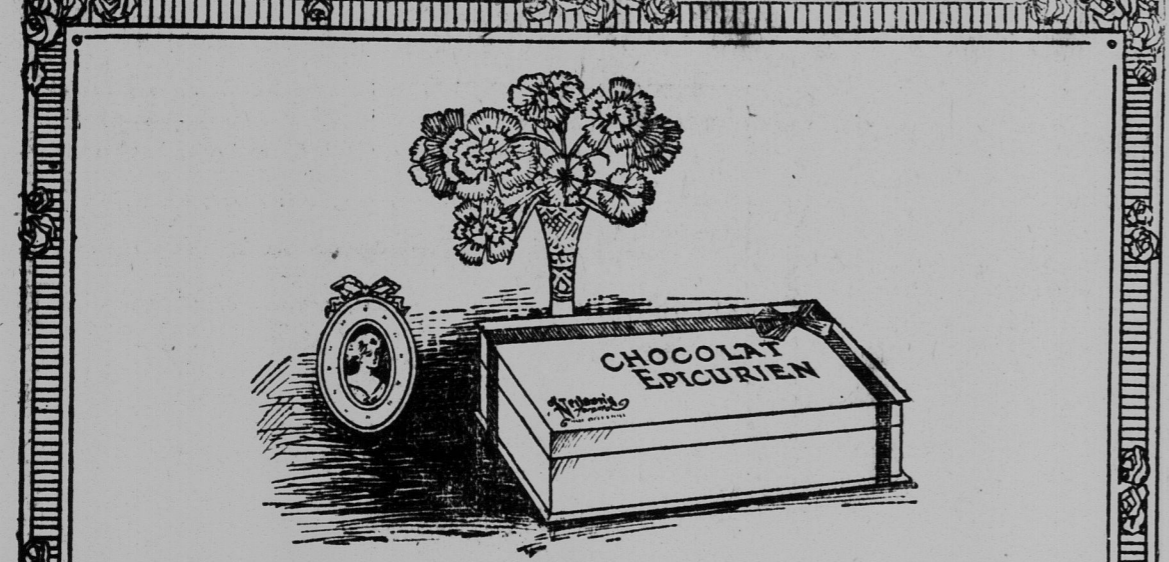

Fanciful you say? Did you ever hear of Edwards' Soups? Well, the genial old cook who forms the trade mark just jumped right from Ireland to a thousand places in Canada in a week--on the Carpet of Newspaper Advertising.

Ever hear of Tillson's Oats? The "braw Sctt" who stands for this product stepped over night, as it were, from a small town in Ontario to practically every town and village in Canada.

Wrigley's Gum--Sunshine Furnaces--Comfort Soap--all have taken advantage of this Modern Carpet of Bagdad--Newspaper Advertising.

TO THE MANUFACTURERS OF CANADA: If you have a name and a product that you wish placed in demand throughout Canada, take advantage at once of the modern carpet of Bagdad--Newspaper Advertising.

A list of capable advertising agents will be sent you on request, without cost or obligation, by the Secretary of Canadian Press Association, Room 30, Laidlaw Building, Toronto.

Wherever Daintiness and Good Taste prevail

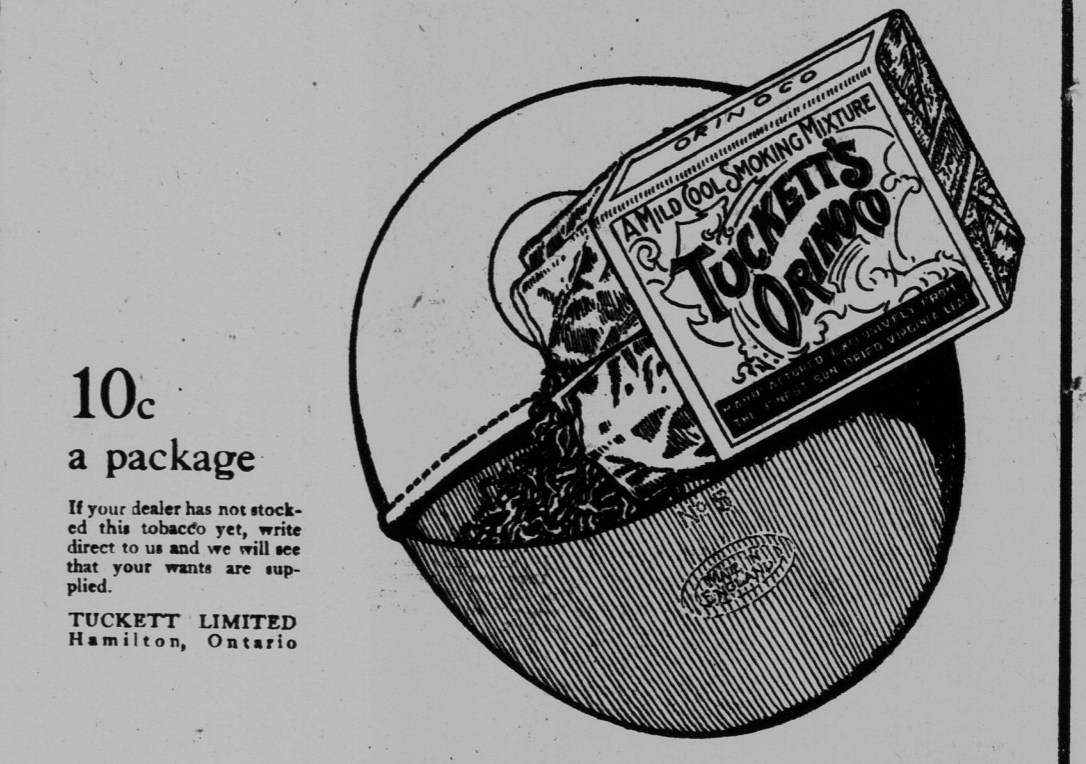

the choice in Chocolates is Neilson's. There's a prevailing air of refinement and superiority associated with a package of Neilson's that raises it high above the level of ordinary Chocolates. And the charm is not only manifest in the appearance of the dainty white and gold packages--but there is an exclusiveness in the exquisite creations found in each package of Neilson's Chocolates.

The Neilson quality is unrivalled. The richest and purest of Chocolate, and the luscious fruits and rare nuts of five continents are embodied in the most delicious Chocolates you ever tasted--manufactured in the most up to date and most sanitary chocolate factory in the world.

NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH, OPEN AT ONCE

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges. Dull Headache Goes.

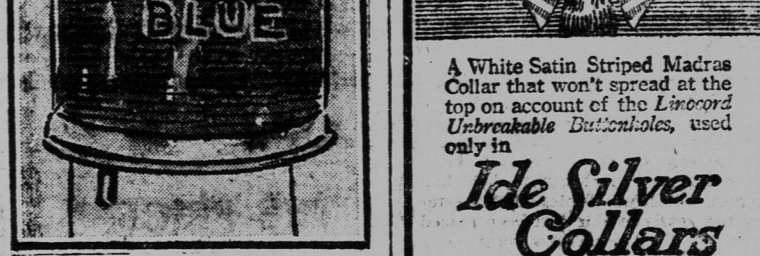

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

A SAFETY DEVICE

To insure safety for motorists traveling along the streets in Toronto, the Hydro Electric Commission there has instituted a novel plan for decreasing the number of motor accidents. On the regular street lights, at the intersection of another street, the glass is half blue and half white which will show more plainly the intersection.

LOCAL NEWS

THE BATTLE LINE
S. S. Treble, Captain Starratt, arrived at Cardiff today from Copenhagen.

GIVEN MORRIS CHAIR
On the occasion of his marriage, referred to yesterday, George P. Wilcox received from his employer, J. T. Wilcox, a handsome Morris chair as a wedding gift.

ADJOURNED UNTIL MONDAY
Commissioner McLellan announced today that the investigation into the affairs of the police department, which yesterday was adjourned until this evening, had been further adjourned until Monday next.

HIS LORDSHIP HOME
His Lordship Bishop LeBlanc returned home on Wednesday evening from Ottawa where he was in attendance at the consecration of His Lordship Bishop Brunet. The ceremonies of the consecration were attended by a large gathering of church dignitaries. His Lordship was accompanied by Very Rev. W. F. Chapman, V. G., who remained in Montreal, undergoing treatment for eyes, which have been troubling him of late.

DEATH OF DAVID MOORE
The death of David Moore of Black River took place yesterday afternoon in the Private Hospital, and many friends will regret to learn of it. Mr. Moore was a member of the firm of D. & S. Moore, lumbermen, who have been running a mill in Newcastle. He contracted typhoid fever there and came to the city seven weeks ago. Pneumonia developed and ended fatally. Mr. Moore is survived by his wife, four small children, his mother and four sisters, Mrs. Wm. George Gardiner's Creek, Mrs. J. McGorman of St. John and Mrs. C. Finley of this city, and four brothers, Stephen of Black River, Edwin of this city, and James and Austin of Black River. The funeral arrangements will be made later.

THANKSGIVING REUNION
A large number of the members of Waterloo street United Baptist church and congregation gathered last night at the annual thanksgiving reunion. A thank offering of nearly \$80 was received. The pastor, Rev. F. H. Wentworth, presided. The officers of the church spoke on the following subjects: Deacon J. Patterson: How to Improve the Social Life of the Church; Deacon T. Robinson: How the Sunday School Can Help the Church; Deacon E. Duval: How to Improve the Prayer Meeting; Deacon M. Galley: How to Improve the Young People's Society; the clerk, Jacob Smith: How to Improve the Finances of the Church. The vestry was tastefully decorated by the ladies of the church who also provided an excellent refreshments during the evening.

KEEP OUT OF TEMPTATION

Police Court Warning About Acts of Vandalism

Tonight is Halloween but let youthful mischief makers beware. Magistrate Ritchie has issued a warning against acts of vandalism, and the invitation to two years in Dorchester is hardly alluring. Yet that is what he holds out. In strong language this morning in the police court, His Honor spoke against acts of vandalism, in dealing with the case of Carl Otto, a German, arrested by Market Police Constable Daves on a charge of wilfully breaking a window in the laboratory of the city market. He imposed a fine of \$29 or two months in jail on Otto, allowing him to go with it standing against him. In consideration of his replacing the glass which will be at a cost of about \$2, Policeman Daves said that the defendant had broken the glass in the doorway and had been caught by another market official. The defendant said that he had tried to get into the place, but the door had been closed tightly, and when he shoved hard against it, the glass had fallen out. He said he was not responsible for the damage done to the property in future, and a sentence of two years in Dorchester might be imposed. "The tears of mother, sister or brother will be of no avail," said he.

TURN AWAY LITTLE ONES FROM THE KINDERGARTENS BECAUSE OF ROOM SHORTAGE

At the monthly meeting of the Free Kindergarten Association held this week, the four schools under its care reported full registration. Each school is supposed to register forty, but in some cases forty-seven have entered already this fall. In one school, with a registration of forty-two, the teacher has had to turn away fourteen children this month, because of lack of room. In the other schools the teachers have also refused many. Sections of the city without kindergartens are asking for them, and offering the use of Sunday school rooms, but the committee feel they cannot add another straw to their already heavy burden. The more comfortable class of people are also asking for kindergartens for their children, but as the association stands only for helping the poor, they cannot take the more comfortable children and crowd out the others.

WANTS CONVEYANCE OF FARM SET ASIDE

Hearing was commenced this morning before Chief Justice Barker in the Chancery Division in the case of Cheesman vs. Corey et al. The plaintiff brought by the plaintiff to set aside a conveyance of a farm property at Musquash from the plaintiff to the defendant on the ground that the purchase price was never paid. The defendant paid the money by an order on the Lancaster Sewerage Board for \$912 and this, it was said, was handed to the solicitor who drew the deed. The money it is alleged was never paid over but kept by the solicitor. Mrs. Cheesman and Dr. L. M. Curran were examined this morning. M. G. Teed, K. C., and Dr. S. Alward, K. C., are appearing for the plaintiff and A. A. Wilson, K. C., and George H. V. Belyea for the defendants.

ENFORCE LAW AND KEEP THEM OFF THE STREETS

Something Needed to Save Youth in St. John—Ring Church Bells at Night Limit—Appalling Conditions

In the course of his remarks at the annual meeting of the Associated Charities last evening, Rev. F. S. Porter told of seeing recently a group of small boys of school age sitting together at the rear of the Queen's rink. He was able to approach them before they had time to playing truant, they were smoking cigarettes and playing cards. When he questioned them, they gave him no reply but hurried away to the street. Mr. Porter also said that he had received from John MacKinnon, well-known as a community worker, and thoroughly acquainted with the conditions in St. John, certain data concerning youthful depravity in this city which were simply appalling, and he felt that every possible effort should be made to save the young people from the evil influences which are corrupting their lives. Magistrate Ritchie referred to the fact that there is a law on the statute books under which children can be prevented from going about the streets unattended in the evening, and the young girls and youths who are merely loiterers could also be sent to their homes. He suggested that the chief of police be requested by the association to instruct the officers to enforce this law, and he contended that it would be a good thing to have the church bells rung at the hour after which children must not loiter on the streets, thus warning them and their parents of what would happen if the law was not obeyed. Rev. Mr. McCutcheon also referred to this law and the desirability of having it enforced. Apparently, he said, it is not merely not enforced at present, but entirely overlooked.

BRINGS OUTCAST HOPE

Former Attendant in Tracadie Lazaretto, Falsely Called Lepers, Now Offered a Haven

The Chicago Record-Herald of Oct. 27 published the following:—Through the gloom that has surrounded the life of Miss Colliers, the so-called leper girl, has struck a new ray of hope. It promises to dispel the horror that has oppressed her since was born the persecution which ostracized her from her kin, made her a comparatively social outcast and harrowed her with public misconception and fear. The hope was conveyed in a letter to the Record-Herald from a Minneapolis physician. The letter was dated Oct. 26 and informed Miss Colliers, assuring her of a refuge in Minnesota. The letter was delivered yesterday to Miss Colliers at her home at 1141 South Desplaines street, by a reporter for the Record-Herald. Tears welled into her eyes as she read the offer, part of which says: "I am particularly well pleased with the high standard of the exhibits. The display was most attractive and there were many fine dogs shown. He thought the show as a whole could easily compare with others in large cities in the United States and Canada, because although the entry list might not be so large, there were no poor dogs, but the general standard was well above the average." Dr. DeMund spoke especially of some classes of dogs in which he said it would be difficult to find superiors to some of those displayed at the local show. He said also that the arrangements with which various details were attended to, and the promptness with which exhibitors assisted in the judging, were most commendable, and counted for much in the success of the show. Speaking generally and comparatively, the doctor said the show could easily compare with others which he has judged for men in the success of the show. He said that the quality of dogs was easily up to the standard.

JUDGE WELL PLEASED

Says Dogs Shown Here Are Well Up to Standard

Speaking of the dog show being held in the Queen's rink under the auspices of the N. B. Kennel Club, Dr. J. E. DeMund, who has acted as judge so efficiently, said this morning that he was particularly well pleased with the high standard of the exhibits. The display was most attractive and there were many fine dogs shown. He thought the show as a whole could easily compare with others in large cities in the United States and Canada, because although the entry list might not be so large, there were no poor dogs, but the general standard was well above the average. Dr. DeMund spoke especially of some classes of dogs in which he said it would be difficult to find superiors to some of those displayed at the local show. He said also that the arrangements with which various details were attended to, and the promptness with which exhibitors assisted in the judging, were most commendable, and counted for much in the success of the show. Speaking generally and comparatively, the doctor said the show could easily compare with others which he has judged for men in the success of the show. He said that the quality of dogs was easily up to the standard.

OCTOBER STRAWBERRIES AND DANDELION GREENS

There came to the Times office by mail this morning a luscious ripe strawberry which was picked on October 29, in the garden of James A. Blair, Hampton Station. Several other berries nearly ripe were left on the vine. On October 29 also, Mrs. Blair picked a mess of dandelion greens for the table. The banana belt is now stretching itself out in an endeavor to embrace Hampton as well as this city of Halloween roses and violets.

STORE OPEN TONIGHT TILL 8 O'CLOCK

THIS KIND OF WEATHER MAKES YOU THINK OF

Warmer Underwear

Well, you don't have to travel very far in order to get just the proper thing. We're showing an excellent range of Men's Winter Underwear, in a great many different prices.
