

The Girl Who Can't Forget

CALL her "The Girl Who Can't Forget," but that doesn't mean that she never forgets anything. On the contrary, there are many things which she forgets with the greatest facility, as for instance, when her mother wants her to do some little errand in town; but there is one thing she most emphatically cannot forget for one instant, and that is herself.

No matter what she is doing or where she is, no matter how powerful are the other attractions which one might reasonably expect to distract her attention, she keeps right on thinking of herself and how she is appearing and impressing in her mind's eye she is continually upon a stage, and the rest of the world is continually in the auditorium.

For instance, a wonderful new baby, the first born of one of her girl friends, is being displayed to her and half a dozen others. Apparently she is the most devoted and delighted of them all. She kneels at the baby's feet and goes into raptures over his adorable hands; she coos to him most musically, and holds out her arms to him, and pleads to be allowed to hold him just an instant. One would think that she had quite forgotten herself in her delight over the baby as a matter of fact she isn't thinking of the baby at all—except as an actor thinks of his part.

On the contrary, she is thinking of HERSELF and how sweet her pose of baby lover must seem, and she is wondering if the men in the party do not notice how deftly she handles the baby and how prettily she enthuses over him. She goes to an entertainment, and when it is over she rushes up to congratulate the committee or the performers. Apparently she is in her proper place. In reality, the congratulations are a very minor matter with her. She is thinking primarily of how pretty she delivers them and how sweet everyone must think her because she always remembers to do these thoughtful little things.

When she sits among the audience at a play or entertainment, she appears to be absorbed in what is going on upon the stage, and her enthusiastic and enthusiastic comments upon it to her companions. Surely this time she has forgotten herself! Don't you believe it. All the time she is wondering if that good-looking man behind her is admiring her and hears her witty comments. You see, she is "The Girl Who Can't Forget."

"You will be happier in life," says some wise person, "if you are willing to give up your soul for a part in the great drama of the universe than you are willing to give up your soul for a part in the great drama of the stage of the time. That's just human nature. But to attempt to pre-empt that desirable point every moment of one's existence, and to fancy one is doing it, is a very foolish thing. Don't do it if you want to be happy or if you want to be loved. Don't be a GIRL (or man) WHO CAN'T FORGET."

Flirting and Gossip Serious Matters in German Garrison Towns—An Italian Separation Case

Flirting and malicious gossip are dealt with in a very effective and sensible fashion in the German army. The following instance will go to prove what I have always stated in these letters—that Emperor William has done more than any other sovereign in Europe to reduce duelling to a minimum.

Count Holck, lieutenant of the 3rd Lancers of the Guard, and champion gentleman-rider of the German military, is mentioned with his regiment in Potsdam, has spent much of his time, being a gay bachelor, under the roof of his most intimate friend and comrade, Lieut. von Hoberg, of the same corps.

Hoberg is married to an extremely pretty woman, daughter of Baron von Rheinhausen, now governor of the Rhine province and formerly minister of marine, Potsdam, like other garrison towns, is a hot-bed of unkindly gossip; and in course of time, the talk about the alleged infatuation of Holck for his friend's wife became so general that the regimental authorities were obliged, in the interest of both officers concerned, to take notice of it.

A court of honor being summoned, to debate whether or no there was any necessity of compelling von Hoberg to challenge Count Holck and thus relieve himself of the imputation placed upon him by the gossips, after careful investigation came to the unanimous conclusion that there was not the slightest foundation for the evil rumor and that Holck was innocent of any disloyalty towards his most intimate friend and comrade. The report of the court of honor was submitted to the emperor, who, while approving its verdict, nevertheless considered that, in view of the amount of talk that had occurred, it would be well to transfer Count Holck for a time to Metz, where he has been assigned to duty with the 11th Regiment of dragoons, while Lieutenant von Hoberg has been given a temporary post at the military school of telegraphy and electricity in Berlin.

It will be seen that not only German army officers, but also their wives are subjected to the scrutiny of a court of honor, composed of the officers of the regiment, which is considered as a large and united family—not that the officers' wives are ever directly answerable to the court, which would not dream of summoning a woman to appear before it, but if one of the ladies of the regiment misconducts herself, the husband is very apt to suffer at her hands, and to have to bring home to him that, owing to his wife's behavior, her association with the regiment has become intolerable. He then has the alternative of resigning his commission or of ridding the regiment of his wife. Flirtation, under the circumstances, is attended by a good deal of risk.

Not a Bourbon Divorce It is hardly fair to describe the sensation suit for separation which has just been decided in Rome in favor of Count Rocca Gaglielma, as a Bourbon divorce for, in the first place, there is no such thing as a divorce in Italy, and, secondly, the count is only a Bourbon by the left hand, so to speak. The count's mother is an American girl, Miss Mary Hamel, whose marriage to the late Prince Louis of Bourbon, Count d'Aquila, took place in New York some forty-three years ago. Prince Louis was the son of the first Count d'Aquila, uncle of the last King of Naples and Princess Januaria of Brazil, sister of the last emperor of that country.

The Weak, Lame, Aching Back Comes From The Kidneys.

Those who have never been troubled with kidney trouble do not know the suffering and misery which afflicted sufferers undergo.

On the first sign of backache Doan's Kidney Pills should be taken immediately so as to get rid of the cause of the trouble before it becomes chronic.

They go right to the seat of the trouble, heal the delicate membranes of the kidneys and make their action regular and natural.

Mrs. Joseph Throop, Upper Point de Bute, N.S. writes: "I cannot speak too well of Doan's Kidney Pills. For two years I was so tired life was a burden, and I got up more tired than when I went to bed, and my back was so lame I could hardly straighten up. I took different kinds of medicine, but none of them did me any good until a friend advised me to try Doan's Kidney Pills. I did so, and to-day I don't know what it is to be tired, and my lame back is all gone. I can recommend them to all persons suffering with lame back and that terrible feeling."

Price 50 cents per box, or 3 boxes for \$1.25, all delivered or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

children by Miss Hamel, Count Louis Rocca Gaglielma, and a sister, married to an Englishman named William Freeman. The late King Louis had a brother, Philip of Bourbon, and other relatives of old Princess Januaria, consisted the will, on the death of the king, of the crown of Italy, and the crown of Sicily, and the latter were obliged to sustain no less than 100,000,000 francs in Italy, and 100,000,000 francs before they could secure possession of their imperial grandmother's large bequest.

The W. M. S. convention in this town was fine and warm. More delegates have arrived, making about 80.

The sessions throughout the day have been of a most interesting character. The reports of the different organizers showed that almost without exception there had been an increase in membership and in funds.

SAMPLE SHOE SALE

Here's a most extraordinary offering of Travelling Salesmen's "Trunk Sample" Shoes—necessarily the pride and pick of the factories. We've placed these sample shoes on tables by themselves and while they last there will be some lively picking and selling.

SHOES AT PRICES LESS THAN THE COST TO MANUFACTURE

There are shoes for men, women, boys, girls; and little people—far too many styles to attempt any description.

People who have been here on previous occasions when we had sample shoes to offer, will come with a rush as soon as they read this announcement.

Daily Hints For the Cook

RICE BATTER CAKES. Beat very light one egg, one teaspoon salt, one teaspoon of sugar, half cup of cooked rice, one cup milk, one cup flour, one teaspoon of baking powder and fry on griddle greased with lard.

LEMON PUDDING. Cream one cup of sugar and three table-spoons of butter, add yolks of four eggs, then two cups bread crumbs and one quart milk with juice and rind of one lemon, one teaspoon of salt, mix till smooth, put in greased baking dish and bake; beat whites of eggs with one cup powdered sugar and juice of one lemon; spread on top of pudding and brown.

MUTTON AND TOMATO PIE. Spread the bottom of a greased fireproof dish with bread crumbs and fill the dish with alternate layers of thinly sliced cold mutton and slices of peeled tomatoes. Season each layer with mix of pepper and dots of butter. Make the top layer of tomatoes sprinkle with bread crumbs and dot with little pieces of butter. Bake in a moderate oven for three quarters of an hour and serve very hot.

PILLETTS OF GROUSE. Separate the large from the small fillet, season them with salt and pepper and dip them in a mixture of one tablespoon chopped parsley, one tablespoon lemon juice and half cup of melted butter; let the butter cool on them, then dip in beaten egg, then in bread crumbs and fry in deep hot fat; six minutes is enough for the large, four minutes for the small fillets; drain on brown paper while arranging a mound of vegetables in the center of a hot dish; rest the fillets against the mound and serve with Bechamel sauce poured around.

RHEUMATISM AND LUMBAGO

If you have any doubt as to the value of Dr. Chase's Kidney-Liver Pills as a means of regulating the kidneys and thereby curing rheumatism and lumbago, you will find here the proof of what was accomplished in one case.

Mr. John Bellard, carpenter, Hanmer, Ont., writes: "I was entirely cured of kidney disease and rheumatism by the use of Dr. Chase's Kidney-Liver Pills. For about twelve years I was troubled with the kidneys and suffered a great deal from rheumatism and lumbago. I consulted three different doctors, and as they failed to cure me, I began the use of Dr. Chase's Kidney-Liver Pills, because a friend of mine had been cured by their use. Altogether, I have used ten boxes, and was entirely cured over a year ago. I can recommend Dr. Chase's Kidney-Liver Pills as the best cure for kidney disease, rheumatism, and lumbago."

ARISES FROM GRAVE AND WALKS TO HOME

Earth Falling on Coffin Revives Man in Trance Who is Being Buried Alive

Vienna, June 7.—A wealthy Polish landowner named Masny had a narrow escape from being buried alive at Zuravica, in Galicia. He had fallen down in a fit, and as there is no doctor in the neighborhood a veterinary surgeon was called in and pronounced him dead, and gave a certificate of death from apoplexy. A large number of his relatives were present at the funeral and, in accordance with the local custom, after the coffin had been lowered into the grave and the final blessing given by the priest, they began themselves to shovel in the first spadeful of earth.

This apparently roared the supposed dead man from his trance, for faint cries for help were heard from the coffin. Most of the bystanders ran away in a panic, but the more scrupulous helped the priest to open the coffin. Masny was quite conscious, and after he had been given a restorative and been helped out of the coffin, was able to walk home with a borrowed overcoat over his grave clothes.

LOCOMOTOR ATAXIA

When your nervous system becomes so thoroughly exhausted that you cannot control the movements of your legs, you have what is known as locomotor ataxia, a form of paralysis.

Mrs. T. F. Tweedie, Brighton, Ont., writes: "For years I was troubled with the stomach and have always been of a nervous temperament. The death of my husband was a great shock to me, and a few months later I was prostrated by nervous trouble. Locomotor ataxia developed later, and I was in a bad condition."

I took treatment from different doctors, but did not gain until I began the use of Dr. Chase's Nerve Food. When I had used five boxes I was so fully restored that I was like a different person. I am sure that the Nerve Food is a good medicine and have told many people about the remarkable way in which it has restored my health."

THE NEW THEATRE

The foreman who will be in charge of the construction of the new Keith theatre for the contractors, The Henry L. Brown Co., of Philadelphia, was due in the city today but did not arrive and is expected tomorrow. A. E. Willis, who is in the city to conclude the arrangements for the sub-contract and to see the work started, said this morning that just as soon as the foreman arrived men will be got together and the work of excavation commenced. This will be followed by actual building operations.

The company has until March, 1913, to complete the work but it is the history of the company that they have never taken advantage of the full time limit on any contract. Their familiarity with the class of building work by the fact that they have already built many theatres, among them the Liberty and Columbus avenue theatres, Philadelphia, the Cambria, Johnston, Pa. and the State Street Theatre in Trenton, N. J. Among the more important works which they have on hand at present is an immense memorial arch for the United States government at Valley Forge, a big telephone building at Cumberland, Md., and a large number of smaller business and residential properties. One their recent contracts was a handsome city hall in Cumberland.

BARGAINS EXTRAORDINARY IN SEASONABLE MILLINERY

The great ten days bargain sale of summer millinery at Marr's opened with a bang yesterday morning, the spacious store and showroom having been crowded with eager shoppers right up to closing time last evening. The sales staff was kept busy all day long, and buyers, without exception, were delighted with their purchases. The stylish models, artistic trimmings, low prices, all combined to prove that Marr's clearance sales mean remarkably low prices, all combined to prove that Marr's clearance sales mean really unusually good values. This sale, as already announced, will continue until Saturday, June 15th. Early buyers will, needless to say, secure the best bargains.

THE BAY SERVICE

FORESTATION WORK OF BIG RAILROAD

(Bangor Commercial)

In view of the campaign being quietly conducted in Maine to bring about a reforestation of waste lands of the state upon which an interesting paper by J. M. Beason, professor of forestry at the U. of M., was published in the Timely Help for Farmers for April, it is interesting to note that more than 4,000,000 trees have been planted by the Pennsylvania Railroad in the last ten years. This fact is brought out in a report just issued and which shows on what extensive lines the railroad has undertaken the conservation of the natural resources of the territory traversed by its lines. Last year alone, 515,703 trees were transferred from the company's nursery at Morrisville, Pa., to permanent places on railroad property.

In 1911, 483,148 forest trees were shipped, while 46,538 more trees or shrubs were used by the various divisions. The present stock at the nursery is 2,072,160 forest trees and 224,967 ornamental plants.

The conservative logging operations of the railroad were continued in 1911, two new plots being undertaken. The total area involved is about 1,500 acres, from which it is expected to cut 750,000 feet of timber. Up to the end of last year the area conservatively lumbered was 1,820 acres. The railroad states that in its 14 tracts under conservative management, the fundamental object has been to improve forest conditions. The rejuvenation of this otherwise worthless land, the company says, will add not only to the forest wealth of the state, but will improve climatic conditions.

An important feature of the railroad's logging work last year was the close utilization and development of markets for by-products. It was not possible to find a

market for small wood, so this was converted into charcoal; the total amount produced to date being 215,900 bushels. In addition to growing ornamental shrubbery and trees for ties and lumber, the railroad established two tie and timber treating plants, one at Mt. Union and other at Greenwich Point, Philadelphia. These plants were in operation in 1911 and treated 880,000 ties, 13,000,000 feet of lumber and miscellaneous products equivalent to about 2,500,000 board feet. Reducing this to a tie base gives the company an equivalent of about 1,250,000 ties treated in 1911. The amount of creosote used was 4,492,000 gallons.

It is believed by the management that the company's conservative logging and reforestation will serve as object lessons to farmers and provide an incentive to intelligent forest development.

THE GATES OF PARADISE

(T. A. Daly, in the Catholic Standard and Times)

The gates of Paradise are double

And they are blue;

Blue as the skies when no clouds trouble

Their perfect hue;

Blue as the calm face of the ocean

When winds are still.

And sunlight only is in motion

To work its will.

When skies are dull and sea is lonely

And moons or stars

The quick winds of the warm sun only

May stir its depths.

The gates of Paradise are double

And they are blue;

They open to love, but cold, gray trouble

Will cling them to

Lord, give me strength that I who love

May live aright

And spread no trifling clouds above them

To dim their light.

By other paths may other mortals

Win Paradise.

But keep for me the clearest portals

In her pure eyes.

A MYSTERY SOLVED

A bad rhyme in Browning's poem, "The

Worst of It," which may have troubled

many readers, is cleared up by a writer in

the London Telegraph in an article ap-

peared in the recent Browning controversy.

The sixth stanza appears—

"And I to have tempted you; I, who tried

Your soul, no doubt, till it sank, Un-

win-

I loved and was loved, loved and as-

pired."

The writer traced Browning about it, and

the poet took down the volume and tricked

into laughter. "Way, of course," he cried.

"It ought to be 'loved'—'loved' when it is

'loved' enough." So one would think, yet

it has gone through edition after edition

—better get out a patch now and make

the correction while it is fresh in mind.

been made in a cavern at St. Kanzion,

in the Karat Mountains, not far from

Albania. The cavern, which is known as

the "Cave of Flies," from the number

of insects which, apparently breeding

year, is a subterranean chamber with

a perpendicular depth of 150 feet. The

only entrance to it is by a hole in the

roof. It was recently explored by some

climbers with the help of a long rope

ladder. A Roman helmet, dating from the

beginning of the Christian era, which the

owner had apparently dropped down the

hole, was first found.

SHY, MODEST AND QUIET IS FUTURE KING

Prince of Wales Will Attain His Legal Majority This Month

HIS OWN ESTABLISHMENT

Will Be His Own Master and Control Income of More Than Half Million Dollars a Year—Speculation as to His Bride

(Times Special Correspondence)
London, May 25—Curious is the contrast that might be drawn between the approaching legal coming of age of the Prince of Wales and the similar event in the life of his grandfather the late King Edward. The future ruler of the greatest of empires is a shy, rather quiet, modest but lovable youth who has captured the hearts of all his subjects-to-be; the late king, when he reached the age of eighteen, was already a man of the world, going the pace in accordance with the Victorian idea of the proper progress of every scion of a rich and powerful family.

It remains to be seen, of course, whether or not the present prince will blossom out into a more gay youth with the loosening of the maternal apron strings to which he has been securely tied in the past. On the 22nd of next month he will reach the mature age of eighteen—his legal majority—and thenceforth he will be his own master. Undoubtedly he still will be in daily and hourly receipt of motherly and fatherly advice, and will be duly warned of the pitfalls that exist for an heir to the British throne. But legally he will be free to disregard all advice and lead his own life.

Society, as well as the people-in-the-street, await with keen interest some evidence of the real youth who, up to the present time, has been carefully shielded from temptations. To begin with, the prince will have his own "establishment." For the present it is intended that a suite of rooms shall be set aside for him at Buckingham Palace and that he shall continue to occupy the House that was some time ago set apart for him at Windsor. In King Edward's case, Marlborough House was assigned to his use, but at the present time Queen Alexandra is quartered there and the king and queen do not feel that they are justified in dispossessing her. Eventually, however, probably when he marries, the Prince of Wales will move into Marlborough House where he can have the seclusion and privacy dear to the heart of every man.

In addition to a separate suite at Buckingham Palace and at Windsor the prince will have his own staff of servants, a governor of his household and a staff of equerries. He might, if he wished, appoint tradesmen for every one of his wants, from cigarettes to motor cars, but for the present it is intended that the dealers who shall be permitted to sport the three feather crest of the prince shall be strictly limited and shall slowly grow with his increasing wants.

Although the prince will immediately become master of an enormous annual income, he will spend but a small part of it, the rest accumulating until he has need for it. The exact amount of money that flows into his purse varies from year to year, but it is always well over \$200,000. From his Duchy of Cornwall property alone there is a yearly yield of \$400,000, which is considerably augmented by government grants. The latter will be increased during the next few years especially when he takes into himself a wife.

As to a Bride

Naturally there is considerable speculation as to the identity of the future wife of the prince. A man who is an intimate friend of both the king and queen recently told the writer that he did not think either of the parents of the prince had formed any opinion as to the suitable mate for their son. Of course it is largely a matter of state, and the prince's hand will be bestowed, and as it may seem, where it will accomplish the most good. There is in existence a pretty story of a youthful love affair involving the prince and the Grand Duchess Olga, daughter of the Czar of Russia, but there is no more foundation for this than a few gossipy guesses cast by the prince upon his comely little cousin when they met for the second time in their lives about two years ago.

Princess Victoria, daughter of the Kaiser, who might be a match for bringing about the rapprochement of England and Germany, for which the politicians of the former country have been so long sighing, is unfortunately too old to be considered.

IMPORTANT MATTERS DECIDED UPON BY THE COMMON COUNCIL

Re-Organization of Departments—Street Work—Money for Band Concerts

The proposed reorganization of the city engineer's department with the appointment of George N. Hatfield as road engineer, with authority over street work and of David Doig as superintendent of water distribution system, was adopted by the common council yesterday afternoon. The mayor's opposition to Mr. Doig's appointment was the only thing to disturb the unanimity with which the charges were approved.

Mayor Frink reported for the finance department and the council adopted his recommendations including the payment of the usual accounts, printing 300 copies of the law, granting \$700 for band concerts and \$300 for entertaining the British visitors next week.

The council approved the recommendations of Commissioner Agar that the north side of Main street from Acadia street to Paradise row and thence to Foundry lane be paved with granite blocks; that King street be paved with granite blocks between, and for eighteen inches on each side of the car tracks, the balance macadamized and concrete gutters laid; that the office of road engineer be created and assistant engineer G. N. Hatfield be appointed to fill it, and that P. J. Doody be given permission to place an illuminated sign over his store in Prince William street. His recommendation that Charlotte street be paved with asphalt between the south side of King square and the south side of Union street, taking in the present sidewalk between the north and south sides of King Square, was laid over until the next meeting.

The commissioner of water and sewerage was authorized to install a dozen new hydrants.

The report of the commissioner of water and sewerage was adopted. It included a new outline of the engineer's duties, limiting their duties by the amount of work given to the new appointees, the appointment of David Doig as superintendent of water and sewerage, with outline of his duties and that catch basins be placed in Princess and Germain streets.

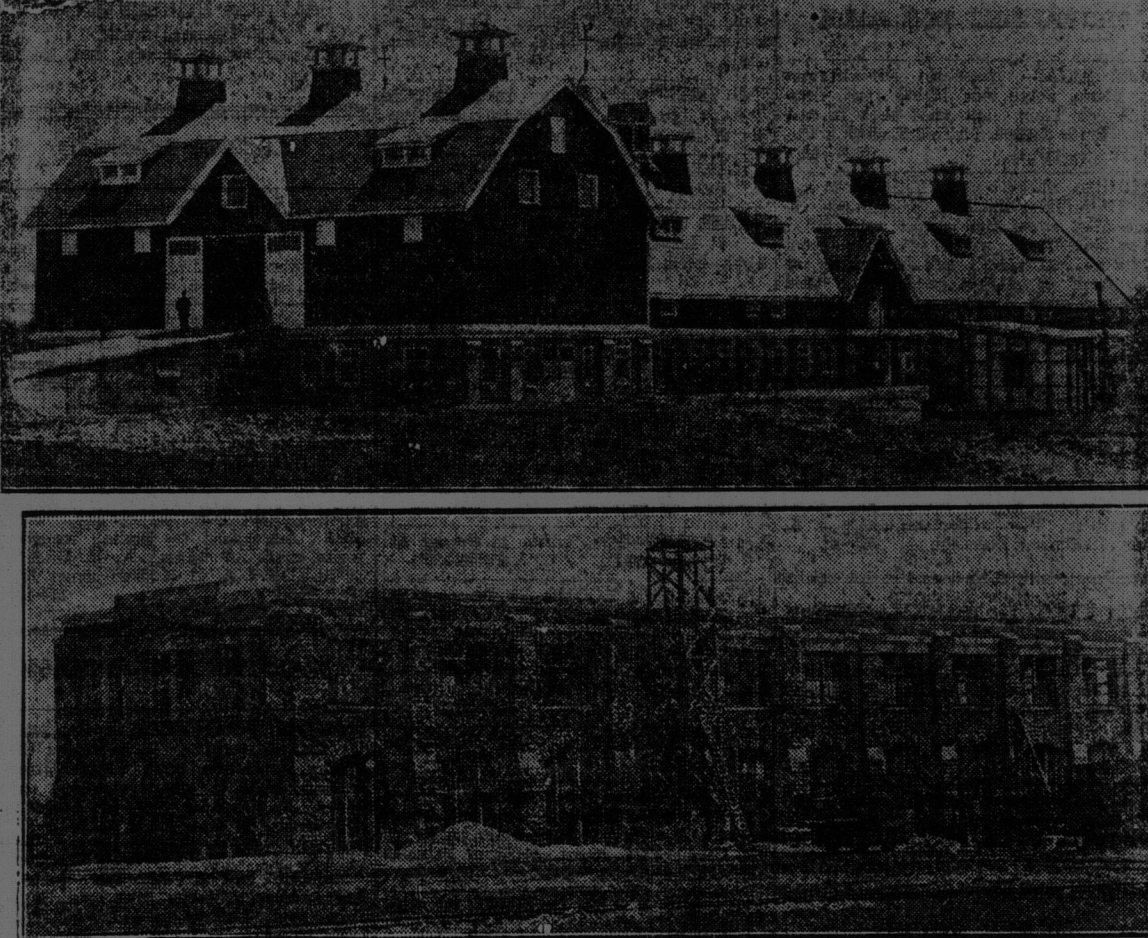

Commissioner Schofield's recommendations that Mrs. Elizabeth Marsh be granted a renewal lease of a lot in Guys ward and that all advertising signs be removed from the trial of a cashier named Emil Bruck, who was arrested at the instance of his employees, Messrs. Schwarz & Co., for having misappropriated about \$200.

While he was awaiting trial the three young children all died of measles within twenty-four hours, and at the opening of the case the prosecutor, Herr Schwarz, informed the judge that, out of consideration for this, the firm had decided to withdraw the charge, and asked for the acquittal of the prisoner.

Mr. Bruck, who has not been informed of what had happened at home while he was in prison, was so overcome that he swooned in the dock. As soon as he regained consciousness the court ordered his immediate release.

About 15 per cent. of all the unemployed men and women in the United States are said to be in and around New York city.

HIS THREE CHILDREN DIE AS HE FACES TRIAL ON CHARGE OF EMBEZZLEMENT

Budapest, June 7—A painful and dramatic scene occurred in the criminal court here at the trial of a cashier named Emil Bruck, who was arrested at the instance of his employees, Messrs. Schwarz & Co., for having misappropriated about \$200.

While he was awaiting trial the three young children all died of measles within twenty-four hours, and at the opening of the case the prosecutor, Herr Schwarz, informed the judge that, out of consideration for this, the firm had decided to withdraw the charge, and asked for the acquittal of the prisoner.

Mr. Bruck, who has not been informed of what had happened at home while he was in prison, was so overcome that he swooned in the dock. As soon as he regained consciousness the court ordered his immediate release.

About 15 per cent. of all the unemployed men and women in the United States are said to be in and around New York city.

"SALT RHEUM" HAD IT ON HANDS FOR TWO YEARS.

ITCHED SO DID NOT KNOW WHAT TO DO.

Tried Three Doctors and Went to Hospital.

All skin diseases are more or less occasioned by a bad state of the blood, and no one can expect to be free from some form or other of skin trouble unless the blood is kept in good shape. All skin diseases can be very easily cured by the wonderful blood-cleansing properties of Burdock Blood Bitters.

This is due to the unrivaled purifying action of Burdock Blood Bitters on the blood, coupled with the thorough manner in which it cleanses and expels the impurities from the body.

Mrs. Richard Costine, White Head, Que., writes: "I have been bothered with salt rheum, on my hands, for two years, and it itched so I did not know what to do. I tried three doctors, and even went to Montreal to a hospital, without getting any relief. I was advised to try Burdock Blood Bitters, so I got three bottles, and before I had the second used I found a big change, and now to-day I am cured."

Burdock Blood Bitters has been on the market for about 35 years and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

ARMED RAILWAY GUARD SUDDENLY LOSES MIND; REIGN OF TERROR FOLLOWS

London, June 7—A tragic affair is reported from Hull. Isaac Jackson, a railway guard, suddenly went out of his mind and, taking a loaded double-barrelled gun, pointed it at a young man named Bennett, who was talking to him. Bennett closed with Jackson and the gun went off, Bennett being wounded in the leg. Bennett ran for the police, and the demented man meanwhile locked himself in his house, and for a time defied all efforts to arrest him.

Eventually Police-constables Piery and Izard got to him, but Jackson opened fire upon them. Piery was wounded in the region of the heart and right arm, and Izard also in the right arm. Piery was found to be seriously injured and was taken to an infirmary. Izard was also treated at the institution, but was allowed to be taken home. Meanwhile, Jackson's house had been surrounded by several policemen under Inspector Deaconson, and after a time, with Police-constable Lambert using an oven shelf as shield, and assisted by David Reed, an ex-footballer, the police rushed the house. On entering the kitchen a shocking sight confronted them. Jackson was found lying on the floor with his face practically blown to pieces. At the inquest the coroner remarked that Jackson was no doubt mad with drink, and the jury returned a verdict of suicide while of unsound mind.

This dress is of smooth faced cloth lightly draped on both skirt and bodice. The blouse is of lace and muslin.

PROVINCIAL PERSONALS
Window Journal—Mrs. A. DeMont left on Saturday for Stellarton, N. S., and will go to Hillsboro, N. B., this week and also to other places in New Brunswick before returning.

WOLFVILLE ACADIAN—The graduating class of Miss Clara Ledwith MacDonald, of Alma, N. B., pianist, and Miss Edith Marguerite Woodman, of Grand Pre, soprano, held in College Hall, was the best heard here for some time. The programme which was a difficult one, was admirably rendered and the applause was hearty and prolonged. Miss MacDonald exhibited much temperament and feeling, playing her numbers with an artistic finish, which greatly delighted the large audience.

SACKVILLE TRIBUNE—Miss Alice Cole, of Halloway, is the guest of her sister, Miss Calkin. Miss Alice Roberts, of St. John, is the guest of Mrs. Stewart, York street. Mrs. S. W. Hinton left yesterday for England, where he will spend the summer. Mrs. W. E. Lord and little son, of Hedd, Alberta, are visiting relatives and friends in Sackville. Mrs. Thos. Marshall will leave tomorrow for River side, where she will visit her daughter, Mrs. A. W. Spooner. Mrs. W. C. Spooner and Mrs. Robinson, of Vancouver, are the guests of their parents, Mr. and Mrs. Henry R. Fawcett. Miss Nellie Turner gave a variety show last night in honor of Miss Constance Milner, who is soon to be one of the principals in an interesting event. On Monday St. Paul's church, of which Miss Milner is a member, presented to her a silver chalice dish.

Mrs. Alfred Shaddock, St. John, arrived in Richibucto on Monday and will spend some time with her parents, Mr. and Mrs. George Long.

IT WILL BE PREMIER COPP.
Sackville Tribune: It is a matter of civic pride that we have in Sackville a man who is able to give to the public a manifesto like that which appeared in the Sackville Tribune, which was addressed to the Premier of the Province. These men, who are known to be in an attitude of determined rebuke toward the present government, are not only men of high character, but also men of high ability. The demonstration is a striking contrast to the stily attended government meeting held on Monday. Mr. Copp's criticism of the Fleming administration was masterly and his platform, broad and comprehensive. The Fleming press is seeking to belittle the manifesto but that was to be expected. The voters of New Brunswick will show their appreciation of Mr. Copp on Thursday, June 20th. It will be Premier Copp after that.

THE FLEMING ROADS.
Richibucto Review:—The roads through the country are reported to be in a deplorable condition by those who are compelled to travel over them.

KEYS IN LINE.
Richibucto Review:—Kent is going to be in line with other counties and will have a key in the line of the legislature.

A SECRET BALLOT.
There is one thing that every voter should remember, viz., that the present government is a secret ballot. No man need know how you vote unless you tell him. When you go into the polling place, you take this envelope with you. You place inside the envelope whatever ballot you choose. You then give the envelope containing your ballot to the returning officer, who is in your presence. This is the secret ballot. It is not a matter of the returning officer or the returning officer's secretary having the right to see how you vote.

IN NORTHERNBURLAND
Chatham Gazette:—The Liberals of the Upper Gooch, Kings county, on Monday morning, June 3, Rev. F. J. Lockart performed the ceremony of the laying of the cornerstone of the new church building. The ceremony was presided over by James Melson. The church will be ready for occupancy in the fall.

MR. BIRD'S PLANS.
Theodore H. Bird arrived in the city yesterday from Fredericton where he recently produced an amateur play for the Fredericton Tennis Club. He will remain in St. John several days and will then go to Halifax to visit friends. While here he will enjoy a yacht cruise on the St. John River. In August he will return to Fredericton having been engaged by the Fredericton Board of Trade to stage a large and elaborate carnival in Fredericton during the old home week celebration. It is not his intention to put on a series of western shows in the city, but he may possibly return next season to do so.

POLITICAL NOTES

A SAD STATE OF AFFAIRS.
Fredericton Mail:—There is no word yet of Hon. H. F. McLeod making a trip to Queens county on Saturday, June 7, in honor of his friend Mr. Shipp.

NOT BUOYANT ENOUGH.
After his disastrous experience in Queens county, Premier Fleming should take no chances in future on bad roads, he should engage an air ship.

DON'T TELL MR. BORDEN.
Fredericton Mail:—Thomas Wetmore, who managed with the assistance of O. S. Crockett, M. P., to get the position of provincial officer at North Lake away from a cripple, was among the delegates to the Tory convention here on Saturday. Mr. Wetmore was a Tory leader before his appointment and he is still one.

THIRTY-SIX OUT OF NINETEEN.
Fredericton Mail:—There were nineteen delegates at the Sunday convention and according to the local Tory organ seventeen voted for Perley, fifteen for Crockett and four for P. G. Taylor. The latter flatly refused to comply with a request to move that the nomination be rescinded and left the convention without even pledging himself to support the party candidates.

CONSERVATIVES FIGHT.
Of the opposition meeting at Ft. de la Reine, the Sackville Tribune says that Mr. Copp's speech was pronounced by friend and opponent as one of the most masterly and eloquent speeches ever delivered by the electors in the Eastern end of Westmorland. The Tribune adds: "Nothing was perhaps more noticeable than the large sprinkling of strong Conservatives, who attended this meeting and whose attention was impressive. These men, who are known to be in an attitude of determined rebuke toward the present government, are not only men of high character, but also men of high ability. The demonstration is a striking contrast to the stily attended government meeting held on Monday. TRANSFERRED TO HALIFAX.
A. J. Crag of the staff of the Royal Bank of Canada here, has been transferred to the Halifax branch and will leave tonight to take up his new duties. Mr. Crag came here from Halifax some months ago and during his stay here made many friends.

LABORERS' PAYROLL.
The city laborers received their fortnightly pay today. The amounts charged to the different departments are as follows:
Water and Sewerage 312.72
Public Works 1,064.45
Total 1,377.17

WEST END JUNIORS.
In an exciting game in Queen Square, Carleton, last evening the Blue Rock Stars defeated the Red Sox 9 to 6. Concluding Larry performed as the winners and Morrissey and Lee for the losers.

There will be a fight in every constituency on June 20. The Liberals are in earnest, and will deal with the men who deceived them in 1908.

Publishers of the United Kingdom is now 8,839 new books and 2,384 new editions during 1911.

JUNE WEDDINGS

Moore-Stephens.
An interesting event took place on Saturday last at 122 Waterloo street, when Mrs. Margaret Stephens, of St. John was united in marriage to William H. Moore of Providence, R.I. The bride was given in blue silk with applique and crystal trimmings. The ceremony was performed, in the presence of a few relatives and friends by Rev. J. A. Robertson, a brother of the bride. Mr. and Mrs. Moore were the recipients of many very handsome and useful gifts. They will leave on Monday next week for their home in Providence, where Mr. Moore is employed as electrical superintendent on the P. & N. division of the New York, New Haven & Hartford system.

Crosse-McIntosh.
The Presbyterian church of Glasville, N. B., was the scene of a very pretty wedding at eleven o'clock on Wednesday morning, June 5, when Miss Ann, only daughter of Mr. and Mrs. John McIntosh, was united in marriage to Harold Payson Crosse, traveling representative of G. E. Barbour & Co., Ltd., St. John. The bride entered the church with her father, and was escorted to the altar by her brother, played by Miss Dewar of Waterville, and took her place under a bridal veil, surrounded by a shower of white and pink flowers. She was beautifully gowned in white satin with over-drops of spangled tulle and carried a bouquet of bride's roses.

The bride's maid, Miss Edna Hamilton, was gowned in blue and carried a bouquet of pink trimmings and carried a bouquet of sweet peas. The groom was supported by Arthur Crosse, brother of the bride. The ushers were: W. N. Robinson, manager of the Sussex Mfg. Co., Sussex, and Robert H. Robinson, of Glasville. The ceremony was performed by Rev. H. H. Manuel of Florenceville.

A reception was held at the home of the bride's parents, where Mr. and Mrs. Crosse received the congratulations of their friends. About 100 guests sat down to a very dainty luncheon, after which the bride and groom left on the C. P. R. express for Halifax, where they will be met by the bride's mother and other relatives.

Campbell-Parke.
An interesting event took place on Wednesday evening at eight o'clock, at the residence of Albert J. Crosse, superintendent of the New Brunswick Telephone Company, when Mrs. Margaret Parke, of St. John, was united in marriage to George Campbell, a well-known and much respected resident of Dipper Harbor, N. B. The ceremony was performed by Rev. H. H. Manuel of Florenceville. The bride was escorted to the altar by her brother, and was given away by her father. The ceremony was performed by Rev. H. H. Manuel of Florenceville.

Arrangements are being made for a military parade to include all the local branches of the militia on July 11, the public holiday in connection with the New Brunswick week. There will also be a parade on Sunday, of militia and all the local societies and fraternal organizations.

WEST END LEAGUE.
In the East End League game last night the Glenwoods defeated the Nationals by a score of 7 to 0. The game went five innings. Murphy drove in the winning run and Danahue for the losers. The game was watched by a large crowd of spectators.

THE NEW WHARVES.
Messrs. Connelly and Charlson are making excellent progress with their work on the cribs for the new wharves at West St. John. Mr. Connelly said this morning that everything is going along satisfactorily. They have the first crib well under way and have made a start on the second.

DUFFERIN ORGANIZED.
A largely attended meeting of the opposition workers in Dufferin ward was held last evening and much interest was displayed by those in attendance. Patrick Brown was elected chairman and J. J. Donovan, secretary. The workers are confident of a large majority for the Liberal ticket on June 25.

FISH HATCHERIES.
Alex. Finlayson, of the department of marine and fisheries, who has been in the province in connection with the starting of the new fish hatcheries at Hampton, arrived in the city today and will leave this evening for the west. The new hatcheries have been given a good start with 300,000 or 400,000 eggs already on hand. Mr. Finlayson's next work is the establishment of hatcheries in Lake Winnipeg, for whitefish and pickerel.

GOES TO NEW ZEALAND.
John C. Cull, representative of The Beadmore Leather Company, will leave this evening for Montreal where he will sail via Capetown, South Africa, for his home in New Zealand. He will remain in the Antipodes for a couple of years but is expected to return to the maritime provinces at the expiration of that time on an interesting mission. Mr. Cull has many friends in St. John who are sorry to see him go but who will wish him every success in his native country.

VISITING PRIESTS.
Two members of the Redemptorist Order, Rev. James Hogan, C. S. R., and Rev. Edward Connelly, C. S. R., arrived in the city yesterday on the Eastern B. S. Company's steamer from Roxbury, Mass. They are at present at St. Peter's rectory, North End, but will spend a few days in the upper part of the province, where they will conduct a mission. Rev. Father Connelly is meeting several of the old members of the parish in North End, with much pleasure, for he was stationed at St. Peter's some years ago. He has also visited here at intervals, since then.

ELIXIR OF LIFE
DEATH DRINK
Old Herbalist Found Dying on Floor of His Room—Poisoned By Phosphoric Acid

DRIVEN TO HIGHWAY
ROBBERY BY RIVAL
IN LOVE OF MAIDEN
Salome, Sicilian Brigand, Awaiting Trial Writes a Play and a Book of Verse

London, June 7.—Believed to have been poisoned by a liquid which he regarded as the "elixir of life," the dream of medieval philosophers, an old German herbalist of seventy-three, named Gustav Neumann, was found dying on the floor of his bedroom in Portway, West Ham.

The old man had often remarked with cheerful confidence to his neighbors, "I may look older, but I am really growing younger, for I have discovered the elixir of life." His assurance was in no way reduced by the fact that he suffered from valvular disease of the heart.

It appears that the mysterious liquid on which his hopes of renewed youth were based was diluted phosphoric acid. Many pints of this have been found in the house. The old herbalist is believed to have met his death by taking a large dose of his remedy from a bottle of the acid which had not been used.

His daughter Ella, who lived with him and her mother, heard a heavy fall in her father's room about midnight. She found Mr. Neumann lying half undressed and at the point of death on the floor. His wife, Charlotte Neumann, was lying near by. It was at first feared that she, too, was poisoned, but she was found to be suffering only from shock. All his life the old herbalist had made a hobby of studying drugs and medicines. He had a small green grocer's shop and used to sell old-fashioned simples and herb powders, whose virtues he extolled above all modern medicines.

Rome, June 7.—Romance hangs round Giuseppe Salomeo, brigand, poet, and playwright, whose trial has just begun at Aquila.

Very many years ago Salomeo was an honest shoemaker who loved a beautiful girl and incidentally wrote verses. Unfortunately he found a rival in her affections in the persons of the village mayor, who charged him with a murder which has been committed in the district. Four witnesses swore to Salomeo's guilt, and he fled from home and took to brigandage. Then he killed the mayor, the four men who had given evidence against him, and throwing himself wholeheartedly into the new profession, he terrorized all Sicily by his raids.

On the occasion of the recent attempt to write a book of memoirs proudly entitled, "The Last of the Brigands," a play about himself, and also a volume of poetry which is not without merit.

Salomeo pleads that he is a lover of peace and that it is only under adverse circumstances that caused him to devote to the right path.

SAYS COLUMBUS WAS BORN IN SPAIN

Madrid, June 7.—According to a provincial newspaper, "El Correo Gallego," which quotes the eminent Galician historian, Senor Garcia de la Riga, who has devoted many years of his life to studying the data relating to the birthplace of the discoverer of America, it now appears that Christopher Columbus certainly did not see the light in Genoa, as has always been affirmed.

The senior says that he possesses documents proving that Columbus was born at Porto Sante, a small village near here. The historian is a person of considerable authority, and was formerly chief of the colonial office. In spite of his studies, however, the documents he possesses, and his general authority, the news will be severely criticized, and is sure to give rise to much discussion.

The metal scabbards of swords are used instead of the customary wooden pickets in the fence in front of the residence of Frank Parravorth, Stars at Middletown, Conn. Mr. Starr's grandfather was at one time engaged in the business of manufacturing arms for the United States Government and the scabbards in the fence were some that were left when the business was discontinued. The scabbards have been painted brown so that the chief observer would not notice that there is anything out of the ordinary about the fence.

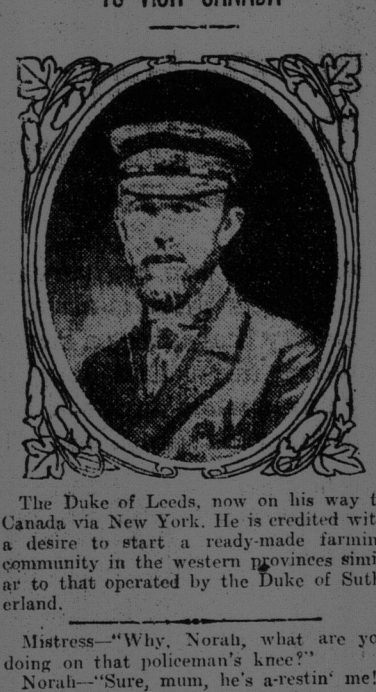

The announcement of the honor students in the graduating class of the Catholic, Pa., High school, numbering 53, shows that the valedictory or highest honor was carried off by a boy who rode his bicycle eight miles to school every day, and whose roads were too bad to ride, walked two miles to the nearest railroad station to take a train to reach the school.

The twenty-five pupils of the Bear Stearn School, near Newcastle, Del., attended an outing last week with their parents and among them they consumed fifteen gallons of ice cream, besides a large quantity of cake, lemonade and fruit.

Sheldon Cooke, who was tried out by the Marlboroughs, arrived in the city at noon on the Boston train. He carried a baseball bat. It is understood that he is going to Nova Scotia to play.

TRUMPION OF LIBERALS ON JUNE 20 Sydney Paper Says the Talk of Flemming Walk-Over Is Foolish

MR. COPP'S POLICY Commendation for Business Like Proposals of Opposition Leader in His Manifesto to the Electors—Tide of Liberalism Sweeping All Canada

(Sydney Record) But the Liberals are fighting with more than destructive criticism. The leader, Mr. Cope, in laying down a constructive policy, announces among other things a progressive programme in regard to the rural districts. He declares that if the province can afford to guarantee the bonds for railways on mortgage security, the public credit can much better be used to advance money to the farmers of the province at easy rates and accept their farms as security.

The election promises to be something better than the self-assured Conservatism professed it would be. It is not going to be by any means the walk-over for Mr. Flemming that they were inclined to boast. As a matter of fact, with the tide of Liberalism flowing so manifestly through the dominion, there is a splendid fighting chance for the party's triumph in New Brunswick.

"Charley," said young Mrs. Torkins "our cook wants more wages." "Well I should think she would. I don't see how she can expect to keep her health unless she can afford to eat in a restaurant."—Washington Star.

MISSION WORK IS BEFORE ASSEMBLY OF PRESBYTERIANS Set Back for Unification Proposal—The Question of Church Union

Edmonton, June 6.—The plan of the Home Mission committee of the Presbyterian church to unify the mission work of the church, received an unexpected check when the matter was introduced this afternoon.

The first recommendation of the committee should not be recognized. As was stated by Rev. Dr. A. S. Grant, in his assembly made, however, a vigorous protest and no decision on the subject was reached.

The proposal that all the work in the western section including the supervision of the hospitals, Sunday schools, Indian work, etc., should be under the supervision of the Home Mission committee, also received unexpected opposition. An overture has been sent from the synod of Alberta suggesting that the work should be unified but that it should be decentralized and that Saskatchewan, Alberta and British Columbia should be given complete supervision of the work in those provinces just as complete supervision of the work in the Maritime provinces.

The representatives of the Maritime provinces who were present in the assembly made, however, a vigorous protest and no decision on the subject was reached.

Mr. Anderson dealt with the agricultural policy of the present government and he showed that it was utterly impracticable from the farmer's standpoint. He reviewed the pledges, which the Conservatives had made prior to their election in 1908 and showed that practically every one had been broken.

DEBT PILED UP BY FLEMING GOVERNMENT Liabilities Have Been Increased \$4,403,912 Under His Regime

HERE ARE DETAILS Hon. C. W. Robinson's Statement Showing Reckless Mismanagement of Finances, Plunging New Brunswick Deeply Into Debt Despite Great Revenue

Hon. C. W. Robinson, in a speech delivered on March 29 in the legislature, gave a careful analysis of the revenue and expenditure under the Fleming government and its predecessors, in which he showed that there had been an increase of \$4,403,912 in liabilities under the Fleming government. The statement given by Hon. Mr. Robinson on that occasion is reproduced here in part.

Not only had the old government been blamed for the great increase in bonded indebtedness, but the honorable gentleman opposite now sought to lay the blame for the over-expenditure of \$36,000 against them. It would be only fair to make a statement of the debt as it stood at the present time and would take as a guide the statement given in 1908 by the present premier (Mr. Fleming) in his budget speech, when he had placed the total liabilities of the province at \$10,235,000, as follows:

Table with columns for Ordinary and Contingent Liabilities, and rows for various government departments like Public Works, Crown Land, Receiver-General, and Contingent Liabilities.

Enormous Liabilities. It was only right that these figures should be given to show how the province stood, and as comparison with the state of the finances of today when the

Table showing total liabilities were shown as \$14,657,104 as follows, with rows for International Railway, Cold Storage, N. B. & Seaboard Railway, and Town of Campbellton.

Liberal ward rooms were open last evening and in every case enthusiastic workers turned out to take a part in the campaign for Cope and good government. The candidates spent a busy day yesterday in getting about the city and last evening expressed their views as to the government, and unless all signs fail they will be returned with comfortable majorities.

How the Tories "Economized." He would like to submit to this house a table in convenient form showing the amount of ordinary expenditure and net debt of the province for a number of years past, illustrating how the ordinary expenditure and net debt had increased under the present government as compared with the old administration.

Table showing Ordinary and Contingent Liabilities for the years 1897, 1898, 1899, 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912.

This statement of the financial question by Hon. Mr. Robinson is the most complete given during recent years, and it is beyond dispute the manner in which the Fleming government has plunged the province recklessly into debt, and that without improving the public services.

Mr. Anderson dealt with the agricultural policy of the present government and he showed that it was utterly impracticable from the farmer's standpoint. He reviewed the pledges, which the Conservatives had made prior to their election in 1908 and showed that practically every one had been broken.

Liberal ward rooms were open last evening and in every case enthusiastic workers turned out to take a part in the campaign for Cope and good government. The candidates spent a busy day yesterday in getting about the city and last evening expressed their views as to the government, and unless all signs fail they will be returned with comfortable majorities.

What do the loyal Conservatives of Moncton city and Westmorland county think of the Westmorland county Tory leaders' action in appointing to the office of collector of customs at Shediac, Mr. Ferdinand Robitoux of the Montreal Academi? In September last, this collector of customs who now takes the oath of allegiance to the crown, published an article in which he declared that the young men who joined the Canadian navy would be made cat-broth.

The opposition campaign in St. John county is also going with a swing and the workers have opened an office in room 43 of the Pugsley building, Canterbury street. All county friends favorable to the candidature of Messrs. Bentley and Anderson are requested to call. Persons wishing to have their names added to the voters' list should procure the necessary blanks at this office. Phone Main 2594.

An enthusiastic meeting of the Liberal ward workers was held at George street, in the hands of the strong Liberal candidate, George H. King and I. W. Carpenter.

Mr. Anderson dealt with the agricultural policy of the present government and he showed that it was utterly impracticable from the farmer's standpoint. He reviewed the pledges, which the Conservatives had made prior to their election in 1908 and showed that practically every one had been broken.

You'll Sleep More Soundly If You Keep Healthy With Dr. Morse's Indian Root Pills

The man or woman with a good appetite, sound digestion, and bowels and kidneys working right, is never troubled much with sleeplessness. It is when the bowels become constipated and the liver and kidneys sluggish that the trouble begins. Lazy liver and constipated bowels quickly bring on biliousness, indigestion and sick headaches, making a sound, refreshing night's sleep impossible. Or the inactive kidneys allow the blood to become loaded with uric acid, which causes rheumatism, with all its sleep-destroying tortures.

Dr. Morse's Indian Root Pills, taken regularly, induce sweet and dreamless sleep by keeping all these organs active and regular. The headaches disappear, the digestion becomes good again, the blood is purified and perfect health returns.

Dr. Morse's Indian Root Pills have been a favorite household remedy in Canada for over half a century, and they are daily used throughout the world. Being purely vegetable they create no young people, the blood is purified and perfect health returns.

ENTHUSIASTIC RAILWAY IS HELD IN ST. MARTIN'S

The Candidates, Hon. Mr. Pugsley and James Lowell Are Heard ROUSING RECEPTION Meeting Points Made by Speakers and Enthusiasm Is Such as to Warrant Prediction of Election of Both Liberals on County Ticket

St. Martin's, June 6.—One of the most enthusiastic political meetings ever held in St. John county took place here to-night under Liberal auspices in the Masonic Hall. Considering the very disagreeable state of the weather, the attendance was exceptionally large and those present gave the speakers a rousing reception, and the speeches of the candidates and others were punctuated with rounds of applause.

At times the cheering was so prolonged that the speakers were compelled to walk out in the middle of their speeches. This was true when Hon. Dr. Pugsley scored the local administration for its action in regard to the St. John Valley Railroad and the Central Railroad.

He condemned the government for increasing the bonded indebtedness over \$1,000,000 during its term of office. His remarks were greeted with loud applause and every mark of approval.

The tone of the whole meeting clearly indicates a smashing victory for the Liberal forces in the county.

The feeling in this part of the county is that Mr. Bentley has proved himself to be a worthy representative and that he has always worked for the best interests of the province and his constituents. The feeling is also very strong that in Mr. Anderson, who is a practical farmer and well versed in the affairs of the province, Mr. Bentley has a worthy colleague and this combination is sure to carry the Liberal standard to victory in the coming election.

Mr. Anderson dealt with the agricultural policy of the present government and he showed that it was utterly impracticable from the farmer's standpoint. He reviewed the pledges, which the Conservatives had made prior to their election in 1908 and showed that practically every one had been broken.

SPORT NEWS OF A DAY, HOME AND ABROAD

Final arrangements have been made in connection with the annual interscholastic meet, and it has been decided to hold the sports at Rothesay on Saturday. Teams have been entered from the St. John High School, Moncton High School and Rothesay Intermediate. All three schools are confident of success and seemed convinced there is the winning team. The Rothesay team is made up as follows: 100 yards—Andrews and Davis. 220 yards—Andrews and Coster. 440 yards—Coster and Harrison. One mile—Harrison and Lockhart. Hammer throw—Lockhart and Hibbard. Shot put—Willett and Hibbard. High jump—Starr. Broad jump—Davis and Willett. Pole vault—Gilbert and Starr. Hurdles—Andrews and Coster. The train will leave St. John at 11:05 o'clock and return at 6:40.

CLIPPERS WON. In Queen Square, Carleton, last night, the Clippers won in a five inning game from the North End Alouans, by a score of 2 to 1. The game was closely fought and both sides played well. Thompson and Lennihan were the battery for the winners and Brown and Dever for the losers.

West Side League. In the West Side Church League game last night the Fairville Baptist team defeated the Charlotte street Baptist Church team, of 8 to 1.

Woodstock Wins. The Marathons were defeated in Woodstock yesterday by a score of 5 to 3. Duffy pitched for the Greeks and Belliveau for the Woodstock team. These two teams will play here this afternoon and also tomorrow.

Fredricton Shut Out. The Houlton Reds, with Martini pitching, defeated the Fredricton team in the capital yesterday by a score of 8 to 0. Lamb and Brennan pitched for the Fredricton nine. Manager Osgood of the latter team left for Boston after the game to look for more pitchers.

The Big League. American League. Chicago 1, Washington 0. Cleveland 5, New York 3. Philadelphia 7, St. Louis 2. Boston 5, Detroit 2.

International League. Montreal 7, Toronto 8.

National League. All games in the National League were postponed on account of rain.

Passing of Outlaw League. Cincinnati, June 6—The bank account of John J. Ryan, owner of the Cincinnati franchise in the United States League, was garnished after fourteen players of the Cincinnati club had filed separate suits in a Justice Court for a month's salary. The sums named in the suits aggregated \$1,200.

The Ring. McFarland Beats Canadian. Muskogee, Mich., June 7—Packey McFarland practically knocked out Frank Brennan, who claims the welter weight championship of Canada, in the fourth round of a scheduled ten round bout, last night. McFarland took matters easy in the first three rounds, but went after Brennan fiercely in the fourth, knocking him down twice, the second time for the count of nine. Before McFarland could get in the finishing blow, the police stopped the fight.

Aquatic. Change in Crew. Toronto, June 7—George Wright, son of Captain Joe Wright of the Argos, cannot go to Henley and Sweden with the Argos, owing to physical disability. Boyd, one of the sparres, will replace him. The Argos are now endeavoring to get Stuart Jackson, who struck the eight in 1910, and who rowed Number 2 last season, to go along as spare man.

Westville Players. F. D. Condon, of Westville, has returned from the New England States with five ball players—George Berry, Syd Patterson, Joe Desmond, John Todd, Wm. Kelly. Berry comes strongly recommended as a good, heavy and fast-throwing batsman, having been on the receiving end of the Knight and Berry battery for some years. Patterson and Knight will show up on the twirling corps. Knight has already played in Picton county, while Patterson has played in several professional teams in New England. Knight pitched for Dominion against Reserve Saturday, when his team won 11 to 1, and only two scattered hits made off him. This was the game which inspired the reserves; 13 hits were credited against him, but his team had 12 errors, and the Sydney Record says that at least eight of these hits could have been converted into outs by snappy fielding. Knight had almost faultless support, Dominion having but one error. Desmond, Todd and Kelly of Westville are slated as fast fielders.

Some Stellation Players. Saturday's Boston Traveller publishes portraits of a quartette of "Hub boys" who enter professional baseball, and are:—A quartette of Boston youngsters will leave this city next week bound for Canada, where they will play in the Peasants' League. The boys have been signed up by the Stellation team of that league. The players who will make the trip are well known in semi-professional circles. They are:—Herbert Sprague, catcher, formerly of the Prospect Union; Herbert Armstrong, third baseman, another former Cambridge star; Joe Sanders, outfielder, and Jack Cogan, pitcher. These youngsters have made an enviable record around the Hub. They are stellar performers with the willow, and they expect to make good in their Canadian berth.

Presentation to Lajoie. Cleveland, June 6—Cleveland celebrated Napoleon Lajoie's 10th anniversary as a resident ball player on Tuesday by presenting him with \$124 and taking the fourth game of the series from the Boston Red Sox 5 to 1.

Nearly 6,000 persons were drawn to the park to see Lajoie remembered on his anniversary. The celebration proper came just prior to the game, both teams lining up alongside of a floral horse-shoe more than nine feet high. The shoe was filled with silver dollars—1000 in all—held in place by tin strips. In addition, the Naps themselves gave to Lajoie a purse of \$125 in gold.

Lajoie was photographed standing under the dome of the big shoe, and then the Sox ran through it backward. Then Umpire Evans and Egan ran through, and everybody cleared again, the band played "Hail to the Chief," and Egan yelled: "Batter up!"

Association a trophy to be raced for in connection with the Vanderbilt Cup and Grand Prix races in September, August A. Jones, chairman of the Vanderbilt Cup and Grand Prix race committee, christened the offer "The Pabst Blue Ribbon Trophy." It will be contested for annually.

Col. Pabst offers the Blue Ribbon trophy for the medium car event of the September race meet, to be run on the same day as the Vanderbilt cup race. It is to be contested for by non-stock cars in the piston displacement division just below the Greengrass, and the winner each year will be given a replica of the trophy by the donor.

It has not been decided whether the Blue Ribbon trophy shall be for American built cars or be thrown open to the manufacturers of the world. This important feature of Col. Pabst's offer is left to Bart J. Ruddle, manager of the Vanderbilt Cup and Grand Prix races, and Chairman August A. Jones of the race committee.

The Blue Ribbon trophy will be turned over to the Motor Cups Holding company, of which W. K. Vanderbilt, Jr., is president, and the deed and conditions under which the Blue Ribbon trophy will be contested for will be drawn up shortly and the decision made as to whose jurisdiction the cup shall rest in. Should it be a national affair, it will be controlled by the American Automobile association, but if the trophy is thrown open to international drivers, the Automobile Club of America will control.

It is possible the completion of the transfer of the trophy from Col. Pabst to the Motor Cups Holding company will be made at Indianapolis on Decoration day during the 50-mile speedster races on the speedway, when the executive heads of the American Automobile Association and the Automobile Club of America, as well as the chairman of the contest boards of both organizations will be in conference.

It is expected the announcement of the additional value that the Blue Ribbon trophy will bring to the driver will be made at Indianapolis on Decoration day during the 50-mile speedster races on the speedway, when the executive heads of the American Automobile Association and the Automobile Club of America, as well as the chairman of the contest boards of both organizations will be in conference.

The best known designers of trophies and silverware in the United States have been commissioned by Col. Pabst to present designs and the winner of the commission to produce the Blue Ribbon trophy will carry with it an award of not less than \$2,500, making a costlier and more important trophy to the winner than any prize now contested for.

Nothing so soon creates a house of mice as a cat. Even the smell of a cat will cause the little creatures to depart. If a cat cannot be kept have a trap, but when baiting or touching it in any way wear gloves, for if the mice smell a hand they will scent danger. A simple trap can be made by balancing a basin on the edge of an inverted tumbler, in which the bait is placed; the mouse, in trying to get at it, brings down the basin, and is a prisoner.

FLANAGAN INSISTS ON A REST

Toronto, June 7—Tom Flanagan, who has taken charge of George Goulding, confirms the news of the famous Canadian walker's breakdown. "I have insisted that Goulding place himself completely in my hands for absolute rest," said Flanagan. "He cannot compete in Montreal, in England or anywhere else, before the Stockholm games, and it will take every effort we can make to have him right for them. There is no use in ruining the greatest walker in the world, and that is what it would mean if Goulding is not allowed absolute rest."

"For the last three years, he has been a big card, he has given the public the last ounce that was in him, and he is worked out now. If he is completely fit by the time the Olympic games come he will enter, if not, then he must stay out."

FIRM WRECKED BY EMPLOYEE'S THEIVING

Prector & Co., Grain House, of Liverpool is Driven to The Wall

Liverpool, June 7—A sensation has been caused here by the announcement of the failure of Prector & Co., one of the oldest, largest and best known grain firms in Liverpool. The announcement of the failure has caused the deepest regret. The managing directors, John C. Prector and Chas. Hayward, have issued a circular, in which they say that "in consequence of serious defalcations by one of the company's employees the company is unable to meet its liabilities. The books are being overhauled by accountants, who will prepare a statement for the creditors, and a meeting of the shareholders will be convened for winding up the company."

The name of the defaulter has not been revealed. It has been rumored for several days that an employee of the firm had been speculating on the corn and stock exchange but no body imagined that it had gone so far as to wreck the firm.

TEMPERANCE MEN GIVE STRAIGHT DENIAL TO STANDARD STORY

Rev. Mr. Boyer and Another Official Speak of Last Night's Endorsement of Mr. Kierstead

In reporting the meeting of the St. John County Temperance Federation this morning the Standard again sacrificed truth to its desire for political effect. In its report the paper says that some of the temperance people at the meeting indignantly at the endorsement of Mr. Kierstead as candidate, left the hall.

Rev. H. R. Boyer, president of the federation said to The Times this morning in reference to the matter: "Mr. Kierstead was endorsed by the Temperance Federation. There was no feeling of dissatisfaction expressed by any present, but he received the hearty endorsement of the assembly. He was not endorsed because he was a Liberal or against the Conservatives, but because he stands for prohibition, irrespective of party."

Another officer of the federation who was present said the same as Mr. Boyer, and gave a flat denial to the Standard's report and added that not only was Mr. Kierstead endorsed by all, but that several members volunteered to take his nomination papers out and guaranteed to have them largely signed. He was also given personal endorsement by men of both political parties, men who have been party men all their lives.

THIS AFTERNOON'S GAME

Winter and the Tarbells in Marathons' Line-up Against Woodstock

This afternoon, beginning at half past three o'clock the Marathons will clash with the Woodstock team, and a good game is expected. The locals have been greatly strengthened, Joe Tarbell and his brother, and George Winter having arrived in the city at noon today. It is also expected that Joe will pitch this afternoon's game, and as he has been playing ball right along this season he can be expected to give a good account of himself. Winter will probably play at short-stop while Tarbell, Jr., will be given a try-out in the field.

The Woodstock team naturally feel elated over their win yesterday, and are going on the field, confident that they can repeat the dose. Delano will be on the mound for them, with Hylet doing the backstopping. Larry Conolly or McGovern will do the catching for the locals.

It will be of great interest to the fans to learn that the Woodstock team have signed Frank Harrington who pitched here two years ago with the St. Peter's team. He is at present playing in Lynn but is coming down to play with Woodstock, and will be the tent-pole in their game in Fredericton on Monday. Harrington has many friends here who will welcome him into the fold of the N. B. and Maine League.

For this afternoon's game the teams will be:

Marathons	Catcher	Woodstock
Conolly or McGovern	Pitcher	Hylet
Tarbell	First Base	Delano
Ganzel	Second Base	Duff
Ramsay	Third Base	Corcoran
Dolan	Short Stop	Wessinger
Winter	Left Field	Conroy
Nelson	Centre Field	Hurley
Riley	Right Field	Black
Tarbell	Umpire	Belliveau

The two umpires, Duff and Murray will officiate at the game. For tomorrow's game Belliveau will do the twirling for the visitors and Winter for the Marathons.

MR. MCKEAN WINS

Judgment in Action Against A. E. Crandall — Other News of Courts

In the case of George McKean vs. A. E. Crandall, which was heard at the May sitting of the county court, Judge Jonah this morning gave judgment for the plaintiff for the full amount of the claim with costs. This was an action to recover \$186, the principal on a promissory note, and the defence argued that there was no consideration.

It was contended for the plaintiff that the title deed, which was to be the consideration, was by agreement, not to be given until the note was paid. Weldon and McLean appeared for the plaintiff, and Ralph St. John Freese for the defendant. In the summary judgment matter of Mrs. M. Grace Mullaly, landlady, vs. J. Major Howell, tenant, Judge Jonah this morning granted H. W. Robertson, for the plaintiff, an order for possession. Judgment was given about two weeks ago, and a stay of proceedings was granted of the defendant pending an appeal, but the bond on appeal was never filed and the time limit has now expired.

Circuit Court.

The adjourned sitting of the circuit court was this morning further adjourned a day to be named by Mr. Justice Landry. When the court meets then judgment will be given in the case Richmond Rochester vs. Miles E. Agar.

Fredericton Case.

Mr. Justice McLeod this morning gave judgment in the case of Mabel E. March vs. the Mail Publishing Company, awarding the plaintiff \$170 and costs. His honor reserved the point taken by the defendant's attorneys as to costs in connection with the plaintiff's admission by the plaintiff to the defendant, G. Earle Logan and appeared this morning for Crockett & Guthrie for the plaintiff, and H. H. Pickett for McLean & Hughes for the defendant. This case was tried before Judge McLeod in Fredericton some time ago.
