His honor expressed surprise at the turn affairs had taken. The men had been arrested Monday night and there had been lots of time to consider matters. I presume from the action at Kin Chou that the Russians intend to make another stand at Port Dalny. Their justification for defending Kin Chou must have been the belief that their numbers were able to cope with ours, so I expect that practically all the available Russian troops have been moved out from Port Arthur in the attempt to beat off the investment.

Clippers, 6; Portlands, 0.

There was a very small attendance at the base ball game last night between the Clippers and Portlands. The game was a good one throughout, both teams putting up snappy ball. Geo. Malcolm was in the box for the Clippers and was very effective. During the six innings he allowed but two hits to be made off him, a single and a double, both made by Bren. Malcolm had lots of speed, good control and a great assortment of shoots. Trecarten pitched for the Portlands and allowed but six hits.
