## HARTLAND FIRE MONDAY MIDNIGHT

The "Watson" Building, Owned by  
C. H. Taylor, is a Mass of  
Ruins

The most disastrous fire which has occurred in Hartland for more than two years broke out in the old Watson building, Main St., owned by C. H. Taylor. The fire was a most stubborn one and engaged the sturdy efforts of the Fire Corps for several hours. The building was of wood, two-and-a-half stories and basement, and was occupied on the ground floor by T. B. Thistle, jeweller, M. W. Sherwood, butcher, and O. W. McQuarrie, farm implement. The upper stories were occupied by C. A. Nelson and Mrs. Clara Billings, a widow. The fire was discovered about 12:15 and broke out around the fire in the Nelson apartments. Only that evening Mr. Nelson, who has been ill all winter, went to the Fisher Memorial Hospital for treatment, leaving his young wife and four tiny children at home. Mrs. Nelson was awakened by the smell of smoke and hastily got herself and her children out and across the street to the Exchange Hotel. The alarm was immediately sounded and the firemen lost no time in getting busy. Chief Montgomery and his company fully sustained their reputation for good work, and though the flames burst through at various places, the building's interior shall still stand. Practically the whole contents of the building was destroyed or very badly damaged. A four powerful stream, if water were played on the interior for two or three hours.

The fire might have equalled that of 1907 when this building was partially destroyed and marked the northern limit of that disastrous conflagration. The Hardware store of J. W. Montgomery is only about two feet from the burned building and a piece of wood, a wooden building extends to Maple St. On the south is the Dominion building. Had the fire got beyond control it would have undoubtedly crossed the street which at this point is very narrow.

While the firemen succeeded this time in putting out the fire, they, however, only postponed the event, for some day these wooden buildings will be cleaned out.

The Nelson family, owing to the father's illness, are in reduced circumstances and lost practically everything which they owned, besides which Mr. Nelson has to undergo expensive surgical treatment. Hartland Town's wide reputation for generosity to those in distress came to the fore on the following day and by a subscription, paper circulated by Edward Carl, a sufficient amount was raised to sustain the family during their immediate needs.

Mrs. Billings was visiting her son in Houlton and was unaware of what had befallen her household gods in her absence. Her loss is very heavy since it involved the destruction wholly or in part of her life-time gatherings together of those cherished things which give home its name.

Messrs Thistle, Sherwood and McQuarrie had much of their stock totally ruined and much of it badly damaged. Mr. Thistle was burned out only a little more than a year ago.

### Tuesday Last Day for Bush Burning

Tuesday was the last day for burning brush within half a mile of a forest without a special permit. From tomorrow until October 15 the department of lands and mines, which is being strongly administered under the direction of Hon. E. A. Smith, is to see that this provision of the fire laws will be vigorously enforced in an effort to keep down the heavy losses which have occurred in this province during the past few years. The penalty for infractions of the fire law is \$200.

Slash fire neglected last year resulted in nearly \$10,000 loss and fishermen, hunters, campers and picnic parties were responsible for a damage of \$60,000 in

the province during 1918. Fires started by this class of leisure folks, burned over 17,000 acres of forest lands. As Hon. Dr. Smith said in this city recently, the greatest damage is done on May 24 and June 3, the holidays which many people spend in the woods, fishing or picnicking.

The public has been well instructed through the press, theatre, sermons, circulars and posters of the danger of being careless in the woods.

### Lt. Boyer Returned With Bride

Flight-Lt. George A. Boyer, with his bride, arrived home on Monday. Lt. Boyer joined the

aerial service nearly two years ago. He went first to Toronto, spent the winter of 1917-18 in Texas, returned to Toronto in May, and was on home on furlough in August. By this time he had gained sufficient knowledge of air craft to qualify for instructor and was then given his commission. In Sept. he went overseas with the 42nd Squad of the C.A.F., and remained in England as instructor at various camps up to the coming of the armistice. He wears on his breast the decorations of the Aerial Flying Cross, the General Service Medal and the Allied Medal. Lt. Boyer is warmly greeted by his many friends. He has some thought of continuing in commercial flying if such becomes an actuality. While in Texas Lt. Boyer had several "crashes" and in one suffered a fractured thigh, and also had several falls in England.

### A Soldiers' Monument

At a recent meeting of the Soldiers' Memorial Committee, it was decided to recommend to the County Council at the June meeting that a monument be erected for the whole county on the lawn of the court house in Woodstock. Yarden, Flemming and Couns. Stevens, Gallacher and Phillips were appointed a committee to get prices for the proposed monument, which is estimated to cost approximately \$5,900 and submit a report at the June session of the County Council.

Mayor Keith is a member of the above committee, and his voice was raised against a monument built by the county for an attraction to the town of Woodstock. He suggested that if Woodstock desired to erect a monument to her heroic dead she could go ahead and do so, as for the town he represented the people of town and parish would be glad to erect as imposing a monument in Hartland. It has been stated that a local man has offered a lot worth \$1000 in a central location in Hartland for purposes of a monument. Many people, including The Observer, believe it would be better to build a practical memorial, and an annex—if it is needed—to the Fisher Memorial Hospital would be representative of all people in the county and serve a useful purpose.

### In Memoriam

In loving remembrance of Lance Corporal Robert H. L. Grant, who died at Vimy Ridge, France, April 10, 1917.

We loved him well but God knows best. Oh, keep our courage as the same of sacrifice in Honour's name. That burns above his dreamless rest. In Flanders Field.

## FATAL ACCIDENT AT TILLEY

Mr. McAllister, a respected resident of Tilley, met with an accident on Saturday night which proved fatal. While working around a mill in that place, a belt flew, striking him in the back of the head, and rendering him unconscious. He was taken to one of the hospitals at Port Fairfield on Sunday, but nothing could be done and he expired. The remains were brought to the home of his daughter, Mrs. B. R. Green, of this town, in the afternoon, thence to his late home in Tilley. The funeral took place on Tuesday. Rev. J. K. Belyea of Andover officiated. He leaves besides his widow, several daughters to mourn their sad loss. Some of the daughters are, Mrs. B. R. Green, Mrs. Carl Green, Plaster Rock, Mrs. Earl Brewer, Edmundston, Miss Lillian McAllister and others. The family have the sympathy of many friends in their sorrow. His age was 63 years.

### Tag Day at Bristol

Tag days in small villages are not very common so that is one reason why all the more interest should be taken in Bristol on Sat. April 25, when the members of the Girls' Home Efficiency Club are going to ask for help. Everyone be ready with your change when you see the girls with their card board boxes and red tags. Perhaps a few words of explanation would be of assistance. Through the interest and effort of Mr. Gulliver, the principal, the school trustees equipped the school with an oil stove and cooking utensils. In this they should be congratulated for their public spiritedness, for although it is a broad minded and progressive thing to do, unfortunately in any trustees do not see things in that light.

The older girls of the school, who are organized into the Club, take turns in preparing one hot dish a day for all the children bringing their lunch, but the school is very large number, sometimes thirty or forty stay at the noon hour, so that the matter of supplies is a large item and the small fee of 25c cannot cover the cost.

Therefore the girls are calling on citizens and all interested people for assistance. Their work is highly commendable and way will be taken as an example by other schools. Remember the date: Sat. April 25.

### Success of \$-Day

The result at Hartland Dollar Day would have been more fully recorded in this paper had there not been last week such a rush of other matter. In every respect the venture proved a success. The chief cost and the only method used for preparing such an event as this is the advertising. This cost the merchants together about \$30. The result was that large numbers of people were brought to town induced by the special offerings of the day. The merchants were able to dispose of over-accumulation of stock by giving the goods really about at cost, so that both the customers and the merchants profited, the buyer getting goods at cost, the merchants disposing of their over stock. Wherever the Dollar Day scheme has been tried and properly advertised it has proven successful in every way.

### Death of Florenceville Man

On Saturday morning death claimed Chalmers T. Hartley after an illness of several months of cancer. For many years Mr. Hartley was sectional foreman for the C. P. R. and was prominent in the trainmen's brotherhood. Mr. Hartley, who was sixty years of age, is survived by his wife, who was formerly Miss Ethel Gallipe, and three children—Viola, book-keeper for the N. B. Telephone Co.; George and Thelma, at home.

The funeral services were held in the East Florenceville Baptist church on Sunday afternoon at 2:30 by Rev. Mr. Bishop.

S. W. Smith of East Florenceville is able to offer special prices on Clover and Timothy seed left over from last year.

# AUTOMOBILE TIRES

Satisfaction in Automobiling depends more on the quality of Tires used than on any other one factor.

With this fact in mind I have made it a principle of my business to sell only those tires whose past history has been eminently satisfactory and warrants the confidence of the buying public.

## For 1919

I claim to have the largest and best assorted stock of Standard Tires ever carried in the Maritime Provinces and offer them as below:

### ROYAL CORDS

32x4	\$60.95
38x4	62.50
34x4	64.05
35x4½	76.00

This history of the ROYAL CORD has been remarkable and it is freely predicted by those who know that in two years time, most owners of heavy cars will insist on having their cars equipped with Royal Cords.

### The Sunday School vs the Cigarette

The menace of the cigarette habit is being impressed very strongly upon us these days with the enormous increase in the manufacture and consumption of them in Canada, and the great need of more decided action being taken by our S. S. Workers to combat this evil. When we realize that at least the price of a barrel and a half of flour for each family in Canada is being spent for cigarettes, and that this is going up in smoke, poisoning the delicate lung tissue of those who inhale it and is shattering nerves, creating irritable temper, destroying morality, weakening the memory, degrading manhood, wasting money and deceiving the minds of hundreds of thousands through Satanic agency. Then it is time that we get busy and make an effort to educate and train the boys and girls in our Sunday school so they will see the foolishness and evil of this habit and will pledge themselves against it.

Only a feeble effort has been made of late years in genuine efficient pledging in our schools. We need a plan whereby we can ascertain how each pledge is fulfilled. We have been too careless about this, the most important part of the work. Have a testing time every few months and find out if there are any delinquents. Have a system and prove results. Let us get out of the rut and get down to business in this vital need of the present day.

Clark A. McBride.

### Get Rid of Bronchitis

Mr. W. H. Walker, Calmar, Alta., writes: "I am pleased to say that Dr. Chase's Syrup of Linseed and Turpentine has done much good to myself, wife and children. My eldest girl, 7 years, had bronchitis and the doctor who attended her did not seem to do much good. We got Chase's Syrup of Linseed and Turpentine for her and she soon got well. We always keep this medicine in the house now ready for use and find that it soon cures coughs and colds."

### LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

## ANNOUNCEMENT

### TO McLaughlin Owners and Prospects

It has always been our aim to sell Service and Satisfaction with every McLaughlin car, and we think McLaughlin owners realize and appreciate our efforts in the past. Yet, on account of the difficulty in securing first class mechanics the past few years due to war conditions, it has been impossible to perfect our service to the extent we wished.

Since the signing of the Armistice, many good mechanics have been released from Military Service, and we are pleased to announce that we have secured the services of a first class mechanic, with special training in the McLaughlin line, to protect McLaughlin owners. In fact, for the benefit of McLaughlin owners in Carleton, Victoria and Madawaska counties, we are installing the service policy now in vogue throughout Canada in all the large cities where McLaughlin branches are located. This service policy coupled with the quality of the material and workmanship used in construction, is largely responsible for the enviable reputation and prestige enjoyed by McLaughlin product, and rightly entitles it to be recognized as Canada's Standard Car.

This policy is going to increase our overhead expense, but we believe its adoption is good business, and will work out to the mutual satisfaction and advantage of customers, dealers and manufacturers.

We will stock ordinary parts here, and at their Maritime Branch in St. John, the McLaughlin Motor Car Company protects their customers and dealers with a complete stock of parts for all past and present models.

Our Motto: FIRST CLASS GOODS AT REASONABLE PRICES.  
SAME PRICE AND SERVICE TO EVERY CUSTOMER.

## For Baby's Tender Skin

A child's skin is tender as well as beautiful and eczema may be caused by chafing of clothing, the use of poor soap, exposure to cold or sudden change of temperature. Probably no treatment for eczema has ever proven so successful as Dr. Ohsae's Ointment, and this applies particularly to baby eczema. This ointment is delightful, soothing, stops the itching and consequently prevents scratching. Gradually the sores are healed up and the skin is left soft and velvety.

## Death of Dr. Arthur D. Howden

Dr. Arthur Duncan Howden, formerly of Presque Isle, died very suddenly from heart failure at his home, Deane Lake Saskatchewan, April 2.

Dr. Howden was a graduate of the Ontario Veterinary College and practiced his profession for

## Fertilizer Prices

became an active subject for discussion at the end of the war. An immediate reduction was expected by many.

If prices had advanced immediately at the beginning of the war a like reduction might be expected at its close, but there was no actual advance in fertilizer prices until the spring of 1918, notwithstanding at that time the war had been on for over three years. This of course did not apply to Potash fertilizer, the supply of Potash being cut off at once.

Late in the fall of 1917 on account of the high prices of fertilizer materials, the scarcity of shipping and the shortage of all fertilizer there was a general feeling that there would not be an adequate supply. This was called to the attention of the Government officials and the manager of the COLONIAL FERTILIZER COMPANY was asked to appear before the Committee on Increased Production of the Nova Scotia Legislature, and gave all possible assistance to relieve the fertilizer shortage.

In the summer of 1918 with the experience of that spring the Agricultural Department of New Brunswick called together the fertilizer manufacturers and recommended that they put in a heavy stock of fertilizer materials. The Secretary of Agriculture for Nova Scotia also urged the COLONIAL FERTILIZER COMPANY to put in an extra supply of raw materials irrespective of their cost. He realized as did the manufacturers the importance of fertilizer to the food supply, and to get large crops fertilizer must be used.

At the close of the war all fertilizer manufacturers in Canada being urged by the Government officials had a very large stock of fertilizer bought at the extreme outside prices quoted in the summer and fall of 1918.

The expected lower prices have not been realized but on the contrary there was a heavy demand for export and prices on some materials have actually advanced.

A sensational report appeared late in March as to heavy reduction in price of fertilizers in Aroostook county. This is traced back to one brokerage firm in New York which is attempting to dispose of undesirable fertilizer materials directly to the farmers. This material is such that no fertilizer manufacturer will buy it although it has been on the market for sometime and the holders of it are willing to sacrifice it at a cut price. An Aroostook County farmer writes: "Have been investigating the chemicals that the New York firm is offering and have found out that it is taking chances to use it. You may refer to me or any our Aroostook county boys in reference to this stuff as we have made a close study of these goods and feel quite safe in denouncing its use for Aroostook County spuds." The amount of this material is but a drop in the bucket of the requirements of fertilizer and it is offered cheap because it is a cheap material.

The farmers must decide now, whether or not they are going to plant this season and with a falling off of 50 per cent. in the acreage of potatoes and garden truck in the Southern States and the immense demand for food in Europe, it appears the farmers of Nova Scotia are in a position to put in a big acreage and get the advantage of the market conditions which must prevail in the fall.

HARTLAND, N. B., APRIL 17, 1919

## A TARIFF ELECTION?

Hon. Robert Rogers interprets the call of the Liberals for a convention in Ottawa in August as a challenge to the Conservatives to re-establish straight party lines. The former Minister of Public Works, in Ottawa a few days ago, on his way to Montreal to attend a reorganization meeting of the old Conservatives, declared: "If we are to save Canada from disaster there is immediate necessity for the complete organization of the Conservative party, as it is the only safe and sound form through which we can co-operate and co-ordinate, under a national spirit, for the common good of all, for the common good of Canada, all branches of human industry." With plans for the Liberal convention already announced, and with Conservatives in various parts of the country holding reorganization meetings, it must be plain to all that the time is fast approaching when the Unionist government must disband and Canada again come under the rule of a party government. A significant indication of the trend in this direction was the attack on Hon. Mr. Carvell by Unionist supporters, because of his action in giving an important public contract to a Liberal. The activity in the Liberal and Conservative camps is almost certain to force a general election before another session of Parliament, and the issue in that election, it has already been made plain, will be the tariff, with the West united for reductions of duties and the stand-pat Conservatives, under the direction of Hon. Robert Rogers, demanding a continuance of high protection. The war has made it impossible for any one party to arrogate to itself the old flag and to repeat the old slander of treason and disloyalty against those who advocate lightening the trade restrictions. Even without this feature the contest, when it comes, promises to be one of the most bitter in Canadian political history.—St. John Globe.

## MR. CARVELL AGAIN

After Mr. Carvell had disposed of his Conservative critics Mr. Cope of Westmoreland inquired about the appointment of T. J. Carter as a solicitor under the Department of Public Works, Mr. Cope being a Liberal and Mr. Carvell being somewhat widely known as a Conservative. Mr. Carvell did not appoint Carter. That was done by the Civil Service Commission, and, as the minister said, he merely accepted the appointment of the commission, over which he has no power. The net effect of all this is that Hon. Mr. Carvell has been attempting to get the work of his department done without regard to patronage or politics, a policy which appears not particularly pleasing to either side. As the end of the session approaches

party feeling begins to make itself more manifest, and the difficulties of a Unionist member of the cabinet in satisfying both sides are increasingly clear. Conservatives are unable to forget Mr. Carvell has always been a Liberal, and is a Liberal today. They suspect him on that account, forgetting that they were very glad to have him become a member of the government and that he was not asked to surrender his Liberal principles when he joined the cabinet. What he did do was to forget his politics so far as patronage was concerned, and attempt to get the work of his department done to best advantage for the country. That policy, it seems, is not good enough for some of the Conservative members of the House. Mr. Carvell is a man of independent mind, and it may be supposed that the criticism he encountered on Tuesday has been mainly due to his disposition to resent Conservative dictation in connection with his department, a stand which certainly will do him no injury in the eyes of the country at large.

## FINE BILL OF FARE.

A provincial opposition convention is announced for May 7. It will be a most interesting and entertaining conference. There will be addresses by Rev. J. B. Dagget, W. B. Tennant, George B. Jones, Hon. J. A. Murray, Hon. B. Frank Smith and Hon. J. B. Baxter. The inside story of the Valley Railway and patriotic potato affairs will be told in thrilling accents. F. L. Potts will be heard on the question of leadership. Mr. Pinder, King of the Nackawick, will tell what he knows about railroads. Hon. B. Frank Smith will speak on wireless development at Florenceville. The national anthem will be frequently sung and the flag saluted every ten minutes. A memorial service may also be a feature of the day, as a tribute to hopes that are dead and dreams that are no more. The people of the province will await this memorable conference of ex-statesmen, near-statesmen and would be statesmen with eager interest. Much hangs on the result. The fate of empires is a small matter in contrast to the weighty problems to be discussed and settled—including the fate of the horrid Foster government. The English language will be used—and also abused. The St. John Standard will issue bulletins, and if there are any contractors in the neighborhood their contributions to the cause of liberty will not exceed \$100,000. Films depicting the expression on the feature of the patriots as they wrestle with the evil one (Peter Veniot) will be taken and preserved as an inspiration to coming generations of political uplifters. Taken altogether, this convention will have the "Boost New Brunswick" affair of a month later beaten to a frazzle.—St. John Times.

## Death at Grand Falls

Mrs. Frank McCluskey who was operated on Saturday and came through the operation very well, took a turn for worse on Saturday night, after which there was no hope for her recovery. A flood has been cast over the entire community by her passing. She leaves a husband and two small children, the eldest about two years and the youngest seven weeks, also her own mother, Mrs. Akery, four brothers and two sisters, besides her adopted parents, Mr. and Mrs. John Hayes of St. Leonards. Mrs. Steelbrook of Waltham is here to attend the funeral. Mrs. McCluskey was 32 years of age. The funeral takes place Thursday afternoon at two o'clock at the R. C. church. The bereaved ones have the sympathy of all in their great sorrow.

## Cards of Thanks

We wish to thank relatives, friends and neighbours who helped during the illness of our husband and father and who at the time of his death showed us so much sympathy.

## Downed the Last Zeppelin.

Now that the many and varied "hush" incidents of the war are coming to light, it will be interesting to tell how a Montreal aviator accounted for the last Zeppelin to be brought down. The aviator was Lieut. Stuart D. Culley, D. S. O., who enlisted in the Royal Naval Service nearly two years ago.

Early Sunday morning, Aug. 11, 1918, word was brought in by motor boats that a Zeppelin had been sighted. When he was some 10,000 feet up, Culley sighted the Zeppelin, a considerable distance away. He decided to attack it. He kept straight on until the Zeppelin was almost directly over him, when he pulled up the nose of the plane and emptied his

machine gun into the bottom of the airship. It being some 500 feet above the plane. The plane itself was 19,000 feet in the air.

In about half a minute or so, spurts of flame appeared in several parts of the Zeppelin.

The ship had been watching the performance and immediately the admiral saw the flames he sent this signal to all the ships round about: "Turn to hymn 223, last verse," which is as follows:

"A Happy Band of Singers,  
Look upward to the skies,  
Where such a light affliction,  
Shall win us so great a prize."  
Later Lieut. Culley was called on by the admiral to stand on the deck of a destroyer while the fleet went by with the crews lining the gun-wales cheering him.

The dam on the Madawaska river being built by Fraser Co. Ltd., is being rushed forward very fast. This dam has been under construction nearly two years and when completed it is said will be the finest in eastern Canada. This company is building it to supply electricity for their large pulp mills just completed here.

Last year fishermen, hunters, campers, picnic parties who neglected their camp fires or threw away burning matches or tobacco caused a damage of \$60,000, and burnt over 17,000 acres of forest land. Greatest damage was caused on the 24th of May and 3rd of June, when many people spent the day in the woods picnicking or fishing. The Department asks for the co-operation of the public in preventing these fires this year.

Kintore items have gone into the waste basket for the reason that the editor did not know who wrote them. For the millionth time we must impress upon those who send in matter for publication that such must be signed by the writer's own name. It will not be published of course—neither will the items, if the writer's name is withheld. The Observer must always know who is responsible for the articles that are offered him for publication. Signed items from any district in Carleton or Victoria are always welcomed. Sometimes, however, so many come in that some have to be left out.

## A WONDERFUL DISCOVERY!

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poisoning! Not one speck of microbe has been found that Zam-Buk does not kill!

Then again, As soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, As soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh tissue from below is Zam-Buk's secret of healing. The tissue thus formed is work-d up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mrs. Hector McDonald, of Oyster Ponds, N.S., wrote to the Zam-Buk Company and told them what Zam-Buk had done for her. She said that for over a year her hands were covered with eczema. Doctor's treatment did her no good and the numerous salves and blood purifiers she tried also proved useless. Then Zam-Buk was recommended. Treatment with this wonderful balm soon brought a decided improvement and perseverance resulted in a complete cure. To-day, after several months, there has been no return of the disease.

All druggists sell Zam-Buk at 50c. box, or send this advertisement and 1c. stamp (for return postage) to Zam-Buk Co., Toronto, for free trial.

## Sample Box Brings Great Results

### Chronic Sufferers Find Relief

Chronic sufferers from Backache, Gravel, Stone in the Bladder or any other form of Kidney trouble are generally willing to try any remedy once. The excruciating pain caused by inflammation of the Bladder or some other form of Kidney trouble, is so great, that persons afflicted are often driven to spending large sums of money in an endeavor to find relief at any cost.

This is proven by the testimony of hundreds of people who have written us letters stating "that having failed to find relief after years of trying, they turned to GIN PILLS as a last resort—and a sample box of these pills soon convinced them that GIN PILLS was the remedy they needed."

That is all we ask you to do. Try a box of GIN PILLS at our expense, and if they fail to bring you the relief they have brought to hundreds of others with similar Kidney derangements, it costs you nothing.

Mrs. Dabene writes: "I received your sample box of GIN PILLS, and they have done me a lot of good. I can congratulate myself on having them, and I will never be without them in my home."

This testimony from a woman who was skeptical about buying GIN PILLS should convince you that a sample box is well worth writing for. Do it today.

## SPRING IMPURITIES CLOG THE BLOOD

### A Tonic Medicine is a Necessity at This Season

Dr. Williams' Pink Pills for Pale People are in all-year-round tonic, blood-builder and nerve restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season of the year when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give new strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, neuralgia, cystitis and many other troubles are most persistent because of poor weak blood, and it is at this time, when all nature takes on new life, that the blood most seriously needs attention. Dr. Williams' Pink Pills actually renew and enrich the blood, and this new blood reaches every organ and every nerve in the body, bringing new health and new strength to weak, easily tired men and women and children. Here is a bit of proof: Miss Anna Patterson, R.F.D. No. 1, Thorold, Ont., says:—"My trouble was one of general weakness, which thinned my blood and gave me at times unbearable headaches, loss of appetite and also loss in weight. I tried several medicines but without success. Then I heard of Dr. Williams' Pink Pills and decided to give them a fair trial. The result is that I feel like a new person. My appetite improved, I gained in weight, my blood is thoroughly purified, and my face cleared of some unsightly pimples which had troubled me. If one good turn deserves another, then I have much pleasure in recommending Dr. Williams' Pink Pills."

If you need a medicine this spring try Dr. Williams' Pink Pills—they will not disappoint you. These pills sold by all medicine dealers, or you can get them by mail at 50c a box of six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### Lower Brighton

Mr. and Mrs. R. E. Robinson and daughter, Marion spent a few days in Houlton last week, where Marion underwent a surgical operation for throat trouble. They returned home Friday.

Mrs. Ada Brown returned home from Fredericton Saturday, after spending several weeks with her daughter Luella who has been very ill at the Victoria hospital. Miss Brown's condition has improved so, she has been able to leave the hospital.

Mr. and Mrs. Wm. McGee visited relatives in Houlton recently.

Burleigh Nixon has returned home after spending a couple of weeks with his brother in St. Stephen.

Stanley Richardson, son of Mr. and Mrs. B. Richardson (jr) was operated on for throat and nose trouble, by Dr. Rankin at the Fisher Memorial Hospital one day last week.

Miss Aurilla Nixon has accepted a position as clerk in H. N. Dickinson's store at Perth.

## Perth Locals

Pte. Roy Anderson (son of Peter Anderson, Jr.) and bride, arrived home the first of the week. Pte. Anderson was wounded four times, and was reported dead, at one time. It is needless to say, that he and his English bride are being warmly received by all.

Mrs. Herbert Dionne of Gladwyn was in town on Saturday.

Mrs. J. M. Mallory of Simonds, is the guest of her sister-in-law, Mrs. J. E. Mallory.

G. S. Larlee of Bath, was a recent visitor at the home of his uncle, E. W. Larlee.

Mr. and Mrs. A. E. DeLoraine and children of South Tilley, were in the village on Tuesday.

Herman Giberson of Bath was a week-end visitor in town.

Mrs. Edward Armstrong recently returned from a pleasant visit to relatives in Carleton.

Ernest VanWart, another one of our Soldier boys, returned home on Tuesday, to the delight of his friends.

Miss Beatrice Bishop, teacher at Middle Perth, spent the week-end with friends here.

Lieut. Lewis McDonald and Miss S. R. Grahame, were guests of Mr. and Mrs. S. R. McLaughlin, Upper Anderson, one day during the week.

Miss Marion Kemp, who has been spending several months with her sister Mrs. Street, Inman, returned to her home in Oranmore on Friday.

Ronald G. Anderson went to Fredericton on Friday for a few days.

H. Davidson, (barrister) has moved to this village and opened up his office in the building formerly owned and occupied by the Victoria Co. News.

Mrs. J. E. Mallory, was pleasantly entertained at the home of Rev. A. Hatfield and Mrs. Hatfield, on Tuesday.

Miss Edith Larlee of Tobique Narrows was in town the first of the week on her way home from Nixon where she had been visiting friends.

Lieut. Lewis McDonald and Miss E. Stewart were guests of Mrs. B. G. Palmer at dinner on Saturday evening.

The "Gaiety" Theatre is soon to be reopened, we understand, and one of a series of plays will be presented to the public by the dramatic company in the course of a few weeks.

With our soldier boys almost daily returning home things are beginning to look much the same as they did before the war.

## WELL SATISFIED WITH BABY'S OWN TABLETS

Mrs. Edmond Gagne, Tikuspe, Que., writes:—"I am well satisfied with Baby's Own Tablets. They are absolutely necessary in homes where there are little children. They cured my baby of constipation and I would not be without them." Thousands of mothers always keep a box of Baby's Own Tablets on hand as a safeguard against constipation, colic, colds, simple fevers, or any other of the minor ills of little ones. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

youngest son of Franklin Craig, regret to hear that he has had a relapse within the last week. We all sincerely trust he may grow stronger, as the days grow warmer and brighter.

The advanced department of our school is closed for a few days on account of the illness of the principal, Miss Pearson. We all hope she may soon recover.

"Dowdy" or "Doughty?"

The danger of using a word that sounds very much like another word that has a less flattering meaning was amusingly illustrated in Toronto recently, when an eminent judge who loves to make speeches was widely misquoted. Then it turned out that he had said something entirely different from what people thought. Towards the close of his speech at the Ontario Bar Association, Mr. Justice Riddell spoke appreciatively of the King and Queen, but in doing so applied an epithet to Queen Mary which was widely commented on. The phrase, as understood by practically everyone present, was as follows:—"Dear King George, your plain wife, who minds her business, looks after her children and her household, and sees that the smaller children succeed to the old clothes of the older as they grow up, a man and a woman like other men and women, who know their duties and devote themselves to their duties, and work hard in the position in life to which it has pleased God to call them."

One man who was in an excellent place to hear, and was very attentive to what was being said, declared that Mr. Justice Riddell did not say "dowdy," but that he used the word "doughty." It proved that this man was right. The word used in the speech was "doughty."

The word "dowdy" is an unfortunate one in that it has meanings which are complimentary, and other meanings which are not. Reverse, therefore, to what several dictionaries say:

Murray: "Shabbily dull in color or appearance; without brightness, smartness or brightness."

Webster's English Dialect Dictionary: "slovenly, untidy in dress; dark, dull in color, faded; of quiet, homely habits, old-fashioned; stunted in growth."

Webster's Dictionary: "awkward, ill-dressed."—Applied to women.

Webster's New International Dictionary: "Dressed in a manner which is not becoming; untidy; shabby; wearing dingy or cheap finery; awkward and slovenly in dress; slatternly."

to what was being said, declared that Mr. Justice Riddell did not say "dowdy," but that he used the word "doughty." It proved that this man was right. The word used in the speech was "doughty."

HUSBAND SAVES WIFE From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound."

Mrs. Jan Komarow, 620 Knapp St., N.E., Pittsburgh, Pa.

Women who suffer from any form of weakness associated with irregular menstruation, indigestion, constipation, backache, headaches, nervousness or "the blues," should accept Mrs. Robinson's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been competing with ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

"I don't think I can go, Jessie, for I just feel wretched"

"O H, I'm so sorry, for I did so want you to be there."

"I hate to disappoint you, dear, but you know how miserable I have been lately."

"Yes, but I thought you were better."

"So I am some days, and then I just seem to be as bad as ever again. I get so weak that I do not feel able to stir."

"What is the trouble?"

"The doctor says I am anemic. He says the blood is thin and watery, and I do not get the good of the food I eat. Goodness knows I do not eat much, either, for I have no appetite."

"Why not try Dr. Chase's Nerve Food?"

"Would that help me, do you think?"

"I do not see why it should not. You remember how pale and weak I used to be. Well, it was nothing else than Dr. Chase's Nerve Food that cured me. And I am not looking as though I needed any medicine now, am I?"

"If I could only be strong and healthy

like you are, Jessie, I would give anything."

"You never will be unless you try, and I do not think you would be disappointed with Dr. Chase's Nerve Food. It is not only my case, but there are so many other girls we know who have been benefited by it."

"Will you get me a box at the drug store, Jessie, and I will start right in to-day? If this will only give me an appetite and make the blood rich and red, so that I can get some strength and color, I will be a happy girl."

Dr. Chase's Nerve Food is so gentle in action, and yet so potent as a restorative, that it is a great favorite with women of all ages. It seems to be admirably suited to the needs of their delicate nervous systems, and on this account it has come to be universally used as a means of restoring vigor and energy to a rundown nervous system. 50 cents a box, 6 for \$2.75, all dealers, or Edmanston, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt-Book author.

### Extraordinary Success which "Fruit-a-tives" Has Achieved

One reason why "Fruit-a-tives" is so extraordinarily successful in giving relief to those suffering with Constipation, Torpid Liver, Indigestion, Chronic Headaches, Neuralgia, Kidney and Bladder Troubles, Rheumatism, Pains in the Back, Eczema and other Skin Affections, is because it is the only medicine in the world made from fruit juices.

It is composed of the medicinal principles found in apples, oranges, figs and prunes, together with the nerve tonics and antiseptics of proven repute.

## This Car Warrants Its Price GRAY DORT

There are many reasons for the price of a motor car. The car may be built down to a selling price. The price may be forced up to a profit mark. There may be weight, size, speed, that you do not need.

But the Gray-Dort price is the lowest price at which a big, efficient organization can build a fine light car. The Gray-Dort is built right first. It is built with real big car quality and comfort and appearance. It is built to give you all the service you need, free from trouble. Then by factory efficiency the price is kept low.

So when you buy a Gray-Dort you are putting every dollar into real motor car value. Ride in a Gray-Dort - then you will see how greatly cheaper cars fall short of it - and how light cars higher-priced give you no more or not as much.

The touring car is \$1245; the Gray-Dort Special - the car with added refinements and extra equipment, is \$1355 extra; there are also a coupe, and a sedan. All prices f.o.b. Chatham and are subject to change without notice.
