For months the officers of the Sons of England and others have been working to make the picnic a success and the outing yesterday proved that they are masters of the art of merrymaking.

Money was spent freely and many valuable prizes were awarded the winners of the sports. About \$50 was Fiven in cash alon and much more in other prizes. The Programme,

A very complete programme amusements was arranged and carried out at the foot of the hill, and all nationalities received the same treatment by the judges. President Cooper, Mr. P. E. Widdi-

combe and R. R. Emery, all of this city, received many compliments as they were chiefly responsible for the success of the affair. Beside the regular numbers on a

sports programme, there were six novelties, a pillow fight, a baby show. a duck hunt, a dancing competition, and prizes for parents with largest families, and for the most typical character Englishman.

Messrs. R. A. Jones, J. I. A. Hunt and W. C. Coo were the baby show judges, and they showed their ability in that line to a marked extent, Mr. Job Cook, who resides on Wellington street south, received the prize for the best John Bull. He had a silk hat and Union Jack vest and carried off the honors easily.

After the sports had been run off the officers adjourned to the bandstand on the heights, and were addressed by Grand Supreme Vice-President Smith, of Chatham, on the progress of the Sons of England. The address was very interesting.

At its conclusion and the distribution of the prizes, the officers and their guests dined at the Hotel Invererie. A large group photo was then taken. During the evening a baby was found sleeping on the grass of Fraser Heights, Its parents were located

The first three heats of the three-mile team race were interesting. The United Kingdom was pitted against Italy, Holland and Germany in the first.

Irish Athletes Kick.

The Irish athletes have expressed dissatisfaction becasue the Olympic committee has refused to permit them to enter a separate team on the ground that Ireland is not a nation, thereby compelling them to compete as a part of the British team. Finland has her own delegation, which attracts much attention. The Finns were anxious to parade with the Finnish flag. but as their request to be allowed to carry it was vetoed by the Russian officials, the Finnish contingent was the only one that appeared yesterday in the procession without a flag, as they would

LOCAL MARKET.

London, Wednesday, July 15. Hay is still coming in at a fair rate, but hardly in large enough quantities to firm, 44s; clear belies, 14 to 16 lbs, firm meet the demand; the price for new hay 47s 6d; shoulders, square, 11 to 13 lbs is steady, from \$9 to \$9 50; one load of old steady, 36s. So far only a couple of loads of oats 47s 6d; American refined, in pails, firm have come in; the price is steady, at 47s 3d.

WEEKLY REVIEW.

\$1 50 per cwt.

The markets held here during the past week were somewhat similar to those of the previous week, as most of the business Turpentine Spirits—Du transacted was in small fruits and the maller products of the farm. Trade was orisk, and prices continue to hold up well. Grain-There would have been a decided scarcity if several carloads of oats had not been received by the dealers, the farmers bringing in only a few loads during the week; sales are made at \$148 to \$1 53 per cwt; wheat is steady at 80c

Hay and Straw-New hay has supplanted the old on the market, but there is a demand for the latter; sales are brisk at \$8 to \$9 per ton for new and \$10 to \$10 50 for old. Straw should sell well, as there have been only a few loads offered

Buiter and Eggs-Butter is in good demand at present, and prices are firmer at He to 22c for crocks and rolls in wholesale lots. Eggs sell at 17c per dozen by the crate, and 171/2e for basket lots. Potatoes-Old potatoes are off the market; new stock sells at \$1 60 to \$1 75

Poultry-Spring chickens sell at 50c per Ib alive and 60c to 75c dressed; ducks are dull at 75c to \$1 15 per pair; old hens are in good demand at 8c per lb alive and 10c dressed; turkeys slow, at 11c per lb alive and 13c dressed.

Dressed Hogs-Trade is good for the light supply; prices are strong, at \$8.50 per cwt, and occasionally \$8.75. Live Hogs-Prices paid on Monday were \$60 per cwt for selects and \$4 for fat lows; small pigs are higher, at \$4 50 to \$7

per pair, according to age and size. Fruits-Raspberries are in good demand at 10c to 12c per box wholesale; black currants are scarce, at 121/2c to 15c per quart; red currants at 6c to 7c per quart: gooseberries, 6c to 7c per quart; cherries, to 10c per quart; apples, 5c per quart.
