Municipal Parliament.

The newly elected Municipal Councillors for the County of Kings, assembled for their first January session at the Court House in Kentville, on Tuesday, January 10th, 1899.

The Councillors elect were all present at or shortly after the opening of the session, except Mr. Joseph A. Kinman, of Ward 4, who is seriously ill.

The result of the election held in November was announced by the clerk who proceeded to call the roll of the elected councillors, and administered the oath of allegiance and oath of office to those present.

The election of Warden was the first business in order. Mr. W. E. Borden, Councillor for Ward 3, was chosen upon the first ballot, receiving also ballots out of eleven deposited.

Mr. Borden was sworn into office, and addressed the Council, thanking them for the honor conferred upon him and outlining the work before them.

Councillor Curry was chosen as

Deputy Warden and sworn into office. S. C. Parker and A. S. MacDonald were again chosen Auditors.

The Warden submitted list of standing committees.

Coun. Curry moved that the bye-law in reference to the selection of such committees be suspended, and that a special committee be chosen to nominate standing committees.

The Warden ruled the motion of Councillor Curry out of order.

Committees as nominated by the Warden are as follows:—Public accounts and Finance—Cook, Gaul, Campbell; Public Property—Bishop, Campbell, Caldwell; Licenses—Curry, Baloom, Anthony; Roads and Bridges—Baloom, Thomas, Bishop; Assessments—Baloom, Anderson, Anthony; Lunatics—Thomas, Reid, Taylor; Law Amendments—Taylor, Bishop, Anthony; Poor—Taylor, Bishop, Anderson; Jails—Kinman, Reid, Taylor; Tenders and Public Printing—Cook, Gaul, Curry.

Committees to visit Poor Farms: Cornwallis—Campbell, Thomas, Cook; Horton—Reid, Bishop, Caldwell;

Aylesford—Baloom, Gaul, Taylor.

Minutes of last day's proceedings, April term, and of special session held Sept. 19th, 1898, were read and approved.

A letter was read from Mr. C. I. Wolfe declining to act as Scott Act Inspector for another year.

The accounts of the Scott Act Inspector being called for, it was found that the expenses of prosecution for violation of the Canada Temperance Act during the past year amounted to \$211.02. The Inspector's salary \$150.00 makes a total of \$361.02 direct expense to the county treasury of the checking of the illegal sale of liquor. No fines had been collected, and a very considerable charge appears in the jailor's accounts for board of Mike McFadden committed to jail in default of payment.

The Warden explained that it would be necessary to appoint an Inspector. If this Council failed to make the appointment the Governor in Council would name a person for the office.

Coun. Reid asked if the county would be safe if the office were left vacant for one day. It was decided to run the risk.

Coun. Thomas moved, seconded by Coun. Campbell, that Wm. A. Kinman, J. Manning Lamont and Willard Hilsley be appointed overseers of Poor for the township of Cornwallis.

Coun. Cook, seconded by Coun. Anthony, moved in amendment that Messrs G. W. Kinman, G. Henry Bill and Lee Kinman be appointed.

Coun. Campbell spoke at some length in support of the motion, showing that a balance to the credit of the township of Cornwallis some years ago had disappeared, and that the cost of supporting paupers had increased from 83 cents to \$1.05 per week.

Warden Rotcoe stated that the assessment had decreased from \$2,800 to \$2,000, which accounted for the wiping off of the balance, that the increase in cost of maintenance was caused, the overseers claimed by extravagance and bad management at the Poor Farm, for which they were not directly responsible, the man in charge being an appointee of the former board, and that the cost of outside relief had decreased.

Coun. Campbell stated that he had information that the auditors had made a report some years ago upon the accounts of the Cornwallis Poor Farm which report was so damaging that it had not been printed.

The Warden called Mr. Campbell to order, explaining that such charges should not be made without the sanction of the auditor being given.

Mr. Campbell named Mr. Young as his authority for the statement.

The further consideration of the matter was deferred to the afternoon sitting.

Mr. A. Stanley Masters was re-appointed clerk to oversee Cornwallis an amendment that Mr. G. Whittfield Coffin be appointed, being lost.

Mr. H. Neary was appointed to the same office in Horton, and Mr. G. O. Jacques in Aylesford.

Edward J. L. Bishop, of Annapolis, was appointed a member of the Board of Revision and Appeal in place of Stephen Taylor, elected Councillor for Ward 12.

It was moved that H. B. Witter be a member of the Board of Revision and Appeal for the coming year.

Coun. Curry thought the appointment of a Board could be dispensed with for this year, and after some discussion the consideration of the matter was deferred to Wednesday morning session.

Coun. Taylor was named chairman

of the Board of Health for Aylesford. Joseph Moriarty was appointed Surveyor of Highways in Dist. 26, Ward 12, in place of R. Stark, and Wm. P. Sullivan, in Dist. 31, Ward 14, in place of F. Bosed.

A number of road petitions were received and referred to committee on Roads and Bridges.

On motion Thomas Lawson was granted the privilege of erecting telephone poles along the highway from Waterville to Buckley's Corner and west to the residence of Chas. R. Calkin, under the supervision of Councillors for Wards 5 and 13.

The R. W. Kinman Co., Ltd., was granted leave to erect telephone poles along the highway where necessary between Canning and Woodside, under supervision of Councillors for Ward 1.

Daniel MacAnally and J. Hanley Chesley, of Ward 12, asked that they might be permitted to do their statute labor on private roads leading from the highway to their houses.

Warden referred Councillor Taylor to the bye-law under which such applications are to be decided by the Councillor for the Ward, whose certificate is to be handed to the surveyors.

Report of J. Donnellan, Commissioner to lay out road running east from John Donnellan's to Ogilvie wharf, read and referred back to Commissioner, in order that the law may be complied with in regard to the apportionment of damages.

Report of J. S. Woodworth, Commissioner of road passing Davidson's mill, in Berwick, being continuation of Front street, read and referred back to Commissioner, in order that the law may be fully complied with.

Report of Arch. Foster, Commissioner on road near MacMaster's mill, in Ward 10, damages \$20, read and, on motion, proceedings confirmed and road established.

Report of Board of Revision and Appeal read, showing that the assessment of Ward 1 had been increased 4 per cent.; of Ward 2, 6 per cent.; of Ward 4, 2 per cent.; of Ward 9, 6 per cent.; Wards 5, 6, 7, 10, 11, 12 and 14 were confirmed as assessed by the local assessors. The roll for Ward 13 was referred back to assessors, who made a new roll which was confirmed by the Revising Board.

Council adjourned.

AFTERNOON SESSION.

Council met at 2 o'clock.

The motion to appoint Messrs W. A. Kinman, Lamont and Hilsley Overseers of Poor for Cornwallis, was, after discussion, put and lost, Cornwallis only voting.

The amendment was then put and carried, and Messrs G. W. Kinman, G. H. Bill and Lee Kinman were declared chosen.

The Overseers of Poor for Aylesford and Horton were re-appointed.

A letter was read from Mr. D. M. Dickie, Registrar of Deeds, in regard to the building in which records are kept. Mr. Dickie stated that the building was not fire proof, was too damp and too small.

The Warden spoke in reference to the impotence of the subject referred to by Mr. Dickie, and spoke further in reference to the records of the Probate Court and of those in custody of the Prothonotary and clerk of the County Court, which were absolutely without protection.

On motion of Councillor Bishop, it was resolved that a committee be named to take such steps as may seem advisable for the safe keeping of the public records of the county, to report at the April term. Councillors Bishop, Campbell and Taylor were named as

The Warden drew the attention of Council to the desirability of a change in the law under which Justices of the Peace give orders on the County Treasurer for payment of constable services in criminal cases, and also in the system which has grown up of Constables who attend Supreme Court receiving payment on certificate of officials of the Court.

A motion of Coun. Reid that a committee be appointed to secure the appeal of the law referred to, (Appendix A., Sec. 60, Chap. 161, Rev. Stat., fifth series) was then put and lost.

New Minas Snow Path.

At New Minas last Saturday afternoon about 300 people gathered to see trials of speed by some of the best horses in the county, and notwithstanding that the footing was soft the public was not disappointed. R. T. M., 2:24 1/2, driven by W. Rockwell, and Longfellow, 2:34, driven by Dick Starr, had a few lively brushes, and to the onlookers seemed to be even. Mayfashion, 2:36, driven by J. L. Neary, and Little Fred, 2:47, driven by Bennet, held the eye of the spectator for several turns, but it was quite evident that Mayfashion was the speedier of the two. Among the other notables present was a fine looking bay horse driven by R. H. Dodge, M. P. F.; Sealiste, driven by J. J. Porter; Fred and Easy, driven by Ted Bowles; Guess Not, driven by Dr. Bowles; Dan, driven by Capt. Baird.

The Nova Scotia School of Horticulture.

The School of Horticulture is now beginning its second term of this season. Quite a number of students attend the Botany from Acadia, and a few are present at the Horticultural classes. It is a great pity that the Horticultural classes are not more appreciated; the teaching is practical (so far as possible at this season of the year) but without theory there can be no practice, yet theory alone is almost worthless, but what a student learns at this institution he or she will be able to apply afterwards. With all the appliances, including greenhouse, microscopes, library and free tuition, the school ought to have many more students on its books.

Horse Notes from Upper Dyke.

Righty will be in good shape for next Saturday, where we expect to see a number of the best horses that are in the county. Which we think is chief in the very fine stallion, Sir William, owned by Mr. Maxner, who can stamp the county for fine points and breeding.

We hope to see the owners of Warren, Guy and R. T. M. start these horses together and prove to the public which is the best horse on a race path, as many people have their doubts which is the faster horse.

We cordially invite Mr. Wood, who owns the fast two-year-old, and Mr. Starr, who owns the pacer, to see that we can give them some warm company with Moss Bark and other.

Amongst the programme of the day will be a match race between Clarence Kinsman's mare, Maggie, and W. B. Cox's mare, Moonlight.

Mr. A. J. Newcomb's Bashaw mare is panning quite fast this winter.

Mr. J. B. Blanchard has got his grey mare, Nancy, down to a fine clip this winter.

We see Mr. Harry Sheldfield driving over Righty once in awhile with his chestnut horse, which is showing good speed this winter.

Come along, boys! If the track is all right and the weather good we will try to show you a good time.

Centreville.

A number of Mr. and Mrs. Harry Newcomb's friends met at their home on Mrs. Newcomb's birthday, Tuesday evening, and gave them quite a surprise party. Tea was served at about eleven o'clock and was of a most sumptuous kind. Fine instrumental music was rendered, and games of various kinds. Mr. and Mrs. Newcomb are certainly very pleasant and agreeable host and hostess and it is one's own fault if he does not have a good time there.

THE ACADIAN.

Local and Provincial.

The Yarmouth Steamship Co.'s steamer Yarmouth has been leased to the Plant Company for service between Havana and Tampa for the winter months.

The drain-pipes put in last summer by the street committee at the corner of Main street and Gaspareau avenue did good service on Wednesday. The work is a good one.

A party of ladies and gentlemen from Canning drove over on Saturday evening last and put up at the Royal Hotel, where supper was had and an enjoyable evening spent.

The next quarterly meeting of the King's County B. Y. P. U. will be held on Monday evening next at the Baptist church, Berwick, when an interesting programme is to be presented.

The "Lily of the Valley" Division of Port Williams, paid a fraternal visit to "Evangeline" Division, Grand Pre, on Monday evening, when a most enjoyable time it reported to have been had.

The date of the opening of the provincial exhibition for 1899 has been fixed at Sept. 23rd. The price list will be \$100 greater than last year. A few changes are made, notably a \$100 prize for grade cattle.

The cor.-mill has again resumed work under the management of Mr George Ellis. Meal has been in great demand during the past few weeks and the mill will have to exert itself to fill orders.

One of the greatest rain-falls of the season occurred on Tuesday evening. The rain fell in torrents all night. At Gaspareau there was quite a flood, the river leaving its banks, and doing considerable damage.

The ACADIAN begs to acknowledge the receipt of the "Sixth annual report of the Kestville Board of Trade for the year 1898." It is printed in neat pamphlet form and contains an interesting summary of the work done during the year.

The election cards of Messrs J. L. Franklin, William Chipman and Dr. DeWitt app at in this issue. Nominations will be made next Tuesday, and as the three retiring councillors are not seeking re-election it looks as though there might be no contest.

We understand that a company of fruit-growers composed of Dr. DeWitt, J. L. Gertrude, C. M. Vaughn, and others, is about to erect a frost-proof warehouse on the lot formerly occupied by the old railway barn, next summer. This with the warehouse to be built by Nathan & Lowe should give ample accommodation.

The town authorities had the hydrants opened and tested this week. At a time when other towns are being siped out of existence by fire, it behooves us to take every precaution to preserve the efficiency of the service. The suggestion that extra hose be placed at convenient locations near the extremities of the town is a good one and should engage the attention of the proper authorities.

The very icy condition of our streets and sidewalks during the past week has rendered the walking quite difficult and dangerous. Some of our charitably-disposed citizens who have been sprinkling the sidewalks in their immediate vicinity with ash, to the comfort of pedestrians, have been checked in the while we have no wish to be disrespectful and are not in favor of making a dumping place of our streets we must recognize that we think such a course simply ridiculous. Surely, great are the "boycotts" that!

ARRANGEMENTS have been completed for the presentation of the drama, "The Last Leaf," in Temperance Hall next Monday evening by the Cornwallis Division dramatic company. The drama is a most popular one, and the manner in which it is rendered is spoken of most highly by those who have had the pleasure of seeing it given in other places. In addition to the drama, a male quartette from Canada will render several selections, and Mr B. W. Ford has kindly consented to give two violin solos. The entertainment will doubtless be one of the best given in Wolfville for a long time.
