POPULAR MISS WAS GIVEN A SURPRISE

Friends of Miss Mona Robinson Celebrate Her Birthday

Miss Mona Robinson, daughter of Mr. and Mrs. Chas. Robinson, 19 Horsefield Street, St. John, N.B., was given a wonderful surprise Thursday night when she returned home early in the evening after partaking of dinner at a friend's home, and found about thirty-five young lady and gentlemen friends assembled, for the purpose of making merry, the occasion being her birthday. The friends took charge, and showered this popular young lady with an abundance of birthday gifts. The evening was taken up with card playing and dancing and about midnight a luncheon was served.

During the evening Arthur Heenan and George Lanyon delighted those present with solos. Among the out-of-town guests were Miss Mona Lindon, Newcastle, and Mrs. Bruce McDermott of Boston. The party of joyful young persons left for their homes during the early hours all wishing Miss Robinson many happy birthdays in the future.

LEASED OPERA HOUSE

The Newcastle Opera House has been leased by Mrs. Wm. Richards where she will conduct her moving picture business, opening on Wednesday, evening. Some extra good pictures have been contracted for and the public may be assured of the very best possible attractions.

CHATHAM DEFEATED AT FREDERICTON

Chatham, champions of the Northern Section of the New Brunswick and Prince Edward Island Hockey League, were beaten 2 to 1 in a thrilling overtime finish by the Fredericton team of the Western Section of the league Friday evening before a large crowd of fans at the Artie rink, Fredericton.

The teams were evenly matched but both tired at times with the ice a bit sticky.

Fredericton took an early lead but had the better of play in the first period when the ice was fast. Chatham evened the score in the second period on an individual rush by Pete McLean, the big defence player of the Campbellton club who was brought along to reinforce the visitors' team and to allow Captain Milton to play at centre, Duncan, their regular star was ill.

EASTER SUNDAY

Easter Sunday was fair and cold with a strong north-east wind blowing. The extreme cold weather made it impossible for new finery to be worn. The day was observed in the usual manner with special services and music in all the churches.

FIRE ALARM

A fire alarm was sent in Sunday afternoon for a small blaze on the roof of St. Andrew's church, which ignited from a spark. It was quickly extinguished.

Only One Month For Income Tax

Just a month's grace remains for those affected to comply with the law regarding declaration of income and payment of income tax. Not later than April 30, returns made on the officials forms must be handed to the office of the Collector of Income Tax at St. John, along with a cheque for at least 25 per cent of the amount involved.

The necessary forms can be procured at the local post office. Unmarried men earning over \$1,000 per annum, and married men earning over \$2,000 are subject to the provision of the income tax and must make the returns as above mentioned, subject to severe penalties. Failure to make the necessary returns, or to remit the required sum, entails severe fines.

COUNTY COURT

The April Session of the Northumberland County Court opens today with Hon. Judge H. F. McLatchey of Campbellton presiding. There is but one criminal case, the King vs. Alfred Grossman charged with receiving stolen goods. This case was laid over from the January term and Grossman has been out on bail. There is a lengthy civil docket.

BAND AT RINK

There was skating with Band at the rink on Good Friday evening and a large number enjoyed the skating. This will probably be the last skating with Band in the rink this season.

HE PUT PARIS CAFE ON MAP FOR TOURISTS

Paris, March 27—From railway station cook to twentyfold a millionaire in forty-five years is the life story of Leopold Mourier dean of French chefs, who died in Paris this week. Mourier's career had a special interest to Americans, as his fortune was established by catering to the appetites of tourists in restaurants that are the prized associations of every traveler who has passed this way. After five years apprenticeship in Grenoble, Mourier arrived here in 1877 and became the chef at Paillard's on the Boulevards and with the Cafe Anglais the leading restaurant in Paris. Later he became its manager. Then came the inspiration to financial success when with his friend's assistance he obtained the proprietorship of the cafe de Paris in the Avenue de l'Opera. A once popular resort but which had run down. Subsequently he built the new Pre-Catalan in the Bois de Boulogne on the site of the old dairy farm. This resort shared with Armenouville the fame of being the afternoon gathering place of the fashionables of two continents. He also purchased Fourquet's in the Champs Elysees, a favorite place to take an aperitif.

Mourier's declining years were spent in philanthropy and only last summer he received the rosette of

Lumberman To Meet Here In Convention

The New Brunswick Lumbermen's Association Convention opens Wednesday evening in the Brunswick Hotel and continues Thursday and Friday.

It is understood that one of the matters to be discussed by the delegates will be with respect to the N.B. Workmen's Compensation Act. The lumbermen have asked, it is said, that employers as the sole contributors to the Compensation Act Fund, have representation on the Board.

SNOW PACKED LIKE ICE

The intense cold wind which prevailed last week blew so hard in this vicinity that the snow was packed as tight and hard as ice. In some sections the fields could be gone over by a horse and sled without showing the least track of any kind. The older residents say that they have never seen a similar instance, and speaking to a gentleman from Sweden, he said he had never seen the like of it in that country in all the years he had lived there.

INCREASE IN POPULATION

Figures just published show that the population of Australia in Dec., 1912, was 5,634,000, an increase of 124,000 in the last year.

The Legion of Honor for his combined services to humanity as the originator of savory dishes and as the benefactor of orphans.

BLIZZARD AT CAMPBELLTON

Landry Building Unroofed by 70 Mile Gale—Trains Late—Zero Weather.

Campbellton, March 28—During the worst blizzard which Campbellton has experienced this winter and in fact for many winters, half of the roof of the Landry building, opposite the C.N.R. station was blown off tonight about seven o'clock. When this happened some person got excited and rang the fire alarm and this in turn caused great excitement throughout the town as many people rushed to the scene, fearing that a fire would cause great damage during the extremely high wind which was blowing since an early hour this morning at a velocity of nearly 70 miles an hour.

As a result of the storm all trains are hours late. When the roof blew off the Landry building no one was injured, but a passerby had a very narrow escape when the wood and bricks fell, barely missing him. Some of the pieces from the roof landed in a yard about half a block away. In addition to the wind the weather is all the more uncomfortable as the temperature is below zero and very few people have ventured from their fireplaces unless absolutely necessary.

EASTER HOLIDAYS

The Public Schools closed on Friday for the Easter holidays. They reopen to-morrow.

Cariboo and Caribou

1. Casting on Quesnel Lake; 2. A fair morning's catch; 3. Cleaning the gun for the hunt.

WHAT is one of the finest big game and fishing sections of North America and one of the last great stands for big game, lies within easy reach of the Canadian Pacific Railway in the Cariboo district of British Columbia. Here, as nowhere else on the continent, are found in abundance the bear, grizzly, brown and black; the moose and caribou, and the wary mountain goat and sheep. The cougar is often seen and heard and the smaller fur bearing animals make a trappers paradise of this vast virgin territory. As will be seen from the picture above, the fishing is superlatively good; it is the fishing country of the west.

"Who is the man with soul so dead and bent on irksome chores, who hath not sometime to him said, 'I'll seek the Great Outdoors?'" Each year an increasing number of hunters and fishermen are absorbed by the district, but so vast and extensive is it, that there are yet parts of it that have never been visited by the hunter, and streams that have never had a line thrown over them. To reach the Cariboo district one usually leaves the railway at Ashcroft from

which place, arrangements having previously been made, one starts out by automobile over the famous Cariboo road to Quesnel Lake, Harpers Camp, Horsefly Lake or one other of the numerous camping sites. The road, which winds among the foothills for hundreds of miles, climbs to an elevation of 5,000 feet and drops gradually to below the 2,000 foot level by the lakes, was made famous by the horde of gold seekers who passed over it in the days of '49. The old road houses built in those days are still there, and while many of them are used as headquarters for the large ranches in the district they afford simple but comfortable accommodation on the trip.

From the camps one can just paddle along the still, black, green bordered streams and lakes over which the snow capped ranges tower, or one can sit at ease by the camp fire and watch the sun sink behind the hills set ablaze with its glory, listening the while to the soft rustle of the wind in the tree tops and the gentle plashing of the water on the crags. If one is of a more aggressive

careful and well tried guide, strike through the wilderness in search of its natural denizens, or, armed with rod, fly and other bait, angle to the hearts content. One may spend weeks, making short trips by boat, canoe, or saddle horse, fishing in the lakes and streams near by, and getting back to camp each night, or travel with the necessities for bivouac and commune with the wilds for days or weeks at a time.

The Cariboo hunting and fishing grounds are located in the Great Interior Plateau, lying between the Rockies and the Cascades, east of the Fraser River. Ashcroft, the jumping off place, is on the main line of the Canadian Pacific 202 miles east of Vancouver. Equipment for trips can be purchased there or at one of the various hunting centres in the district close by. Guide and outfitting companies cater to every necessity and the "Cariboo" and other lodges adequately care for the wants of the business or professional man who does not care for an extended hunting or fishing trip but desires to get away from everything for a while.

CARL BELIEVED END WAS COMING

Declares Tanlac Restored Him Fully When in Despair From Stomach Trouble

"I just think Tanlac is the last word in medicine," recently said James Carl, well-known carpenter and bulker, of 123 John St., Hamilton, Ont. "In 1916 my health began to run down and in spite of all I could do my condition got worse. Every bone in my body seemed to ache and my stomach caused me no end of trouble. During all the winter of 1920 I was so miserable I never expected to live to see the snow off the ground. I would almost smother from the gas on my stomach and many a night I never closed my eyes in sleep."

"Before I got Tanlac I was simply a physical wreck and would walk the floor not knowing what to do. The first few doses of Tanlac showed me it was what I needed and four bottles built me up fifteen pounds and put me in the best of health. Mind you that was a year ago, but I have felt fine ever since. No one can go wrong by taking the Tanlac treatment."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.

PREFERRED TO TAKE A RISK

A business man says the talk about risky investments remained him of an interview between a merchant, who has since retired from business and a banker. The merchant had been unfortunate in some of his investments and the banker said to him, "why don't you put your money in a savings bank instead of risking it in stocks the way you do?" Said the merchant, "I would rather take a risk on it at 7 per cent than put it in your bank at 3 per cent." There are many people who feel the same.

ABBIES WIN CHAMPIONSHIP

Charlottetown, March 27—The Abegweits, Champions of the New Brunswick and Prince Edward Island Amateur Hockey League, won tonight the Maritime championship by defeating the Windsor team, the champions of the Nova Scotia League, in a hard, fast, close and clean game by the score of four to three. The Morton and Thompson Trophy thereby remain in Charlottetown for a second year.

Tonight's was a worthy battle between champions. Windsor scored their three goals in the first ten minutes, scored them before the Abbies found the net, the first period ending 3-1.

In the second period the Abbies shot another goal and in the third, two more.

The game was one of the fastest ever seen in Charlottetown, and only three penalties were handed out by the two referees, Jack Twaddle and Neil Wilkie.

The Abbies played a brilliant combination going down the ice time and time again three abreast. The individual work of the Nova Scotians was magnificent. The star performance of the wing men, Ernie Mosher, and his burly associate, F. Poole, was among the features of the game which kept the 1300 fans roaring in their excitement. S. MacDonald the whirlwind right defence, did noble work in breaking up the Abbies dangerous combinations. J. MacDonald and McCann giving very strong support.

SASH EVER PRESENT IN SPRING MODELS

The sash is the tie that binds Spring Suits together. Whatever be the lines there is bound to be a sash there are several types of suits for the coming season but the type which will be universally accepted is the two piece suit with the short jacket which fastens at one side with a bowknot or looped sash end. Coat blouses or printed silks and jersey cloth will be worn with them and there never has been such a vast display of printed blouses as now.

Youthfulness is the keynote of Spring styles. Straight slender lines are to be the thing for the coming season. Jackets are confined rather snugly about the hips over slender skirts. One of the most successful models is the suit of tan vicuna cloth.

FIVE YEARS' AGONY ENDED

When He Took "Fruit-a-lives" For Rheumatism

The Medicine Made From Fruit

There can be no doubt that "Fruit-a-lives" is the long sought remedy for Rheumatism and Lumbago. From all over Canada come letters testifying to this fact. Mr. John E. Guilderson of Parrsboro, N.S. writes: "I suffered badly with Rheumatism for five years. I tried different medicines—was treated by doctors in Amherst—and here at home—but the Rheumatism came back. In 1916, I saw an advertisement for "Fruit-a-lives" and took a box and got relief, so I took them for about six months and the Rheumatism was all gone and I have never felt it since." 50c. a box, 6 for \$2.50, trial size 25c. A. G. dealer or Fruit-a-lives Limited, Ottawa, Ont.

B. C. MAY HAVE BLUE SKY LAWS

Victoria, March 27—As a result of the L. R. Steel collapse and the loss of thousands of dollars by British Columbia investors, the provincial authorities here are again considering the advisability of adopting sky blue legislation which is something that the province has always lacked.

Here and There

Vancouver as a grain port has gone over the top and is assured of achieving the 15,000,000 bushel objective set for the 1922-1923 crop year, according to statistics issued at the Vancouver Merchants Exchange.

A Canadian Pacific Railway train, over half a mile long, left Oshawa for New York recently. The train was composed of 52 flat cars, each carrying from four to six automobiles, and was the first solid train to leave Oshawa for New York.

Making the heaviest loading since the big crop year of 1915, grain loaded on the western line of the Canadian Pacific Railway from September 1st, 1922, to March 7th, 1923, inclusive, totalled 118,565 cars. This is 16,000 more cars than were loaded during the corresponding season of last year.

While in mid Pacific, the wireless operator of the Canadian Pacific Steamship "Empress of Russia" was in touch with the Leaflet wireless station in England, and received a number of news items. "The ether waves were evidently carried across the North Pole, as we were on the other side of the world," said Captain A. J. Hesken, commander of the liner.

An Owen Sound deputation which recently interviewed Canadian Pacific Railway officials in Toronto, urged the building of a line from Owen Sound, through Meaford and on to Collingwood and then on to a point on the Sudbury line near Coldwater. The officials are reported to have been interested by the suggestions made by the delegation.

Captain A. J. Hesken, R.N.R., of the Canadian Pacific Steamer "Empress of Russia," has been awarded the Medaille d'Honneur de Sauvelage de premiere classe by the French Government, for the part taken by him as commander of the liner "Monteagle" in saving the crew of the French steamer "Hsin Tien," off the China coast.

There is a gold rush on to Rouyn township, in northern Quebec, to Labrador and now to the Soe district. In fact, the whole northern district has immense areas of rock bearing more or less gold, and the question is whether the quantity is large enough to make a real mine. Gold mining will be one of Canada's greatest industries twenty-five years from now.—"Mail & Empire."

Still another case of children travelling alone. Elmer and five years old and Roland Callwell, seven years old, both living on St. Denis street, Montreal, were missed by their parents who did not hear of them after their disappearance until notified by Canadian Pacific Railway officials that the children were in Quebec city, to which place they had begged a ride.

The initial shipment of cattle since the Eschargo removal was recently inspected by the Hon. W. P. Metherell, Minister of Agriculture, in the C. P. R. stock yards, Montreal. They were stall-fed Ontario cattle from along the Canadian Pacific west of Toronto, with the exception of one car load of Western cattle, the latter being in the best condition despite the fact that they had had a 28 hours run from North Bay. The minister expressed the opinion that the cattle being shipped were of the first quality.

It has remained for the Canadian Pacific experimental farm at Strathmore to demonstrate beyond the possible shadow of doubt that the inexpensive trench silo system of providing winter fodder for cattle is, under favorable conditions, quite equal to the costly structures which have in the past been utilized and that the silage is in every sense excellent. This was proved to the satisfaction of a large party of agricultural and business men, who recently visited Strathmore as the guests of the Canadian Pacific Department of Natural Resources in

New Treatment Of Pneumonia Meets Notable Success

New York, March 22—Remarkable success in treating pneumonia by a new process was reported today by physicians connected with the staff of St. Mary's Hospital in Hoboken.

It was asserted that several patients who seemed to have little chance to recover had improved greatly under this treatment, which is called the diathermic treatment. It was introduced in Hoboken, it was said, by Dr. H. V. Broeser, an X-Ray specialist of St. Mary's Hospital, after it had been tried in 20 cases in the United States Marine Hospital on Staten Island. Dr. Harry E. Stewart, of Yale, well known as a coach and athletic leader, and an instructor in the department of physiotherapy at Yale, developed the treatment and used it on Staten Island.

The method consists of the application of plates to the chest and the back, and the passing of an electrical current through the lungs. This increases the temperature within the lungs and its beneficial effect in pneumonia is said to be in breaking up congestion.

"The use of heat in the treatment of pneumonia," said Dr. Natrass, "is very old. Mustard plasters and similar means of producing heat have saved the lives of many pneumonia patients, but that kind of thing is inefficient in getting heat inside the lungs."

"The diathermic treatment used by Dr. Stewart introduces heat deep in to the lungs without burning the surface."

**SIR H. THORNTON
MAKES A DATE**

To Meet Maritime Province Men

Sir Henry Thornton, president of the C.N.R., has informed F. E. Dennison, president of the Moncton Board of Trade, that it will be satisfactory for him to receive the delegation from the Maritime Provinces on April 19th, when transportation matters will be discussed.

It had been announced that Sir Henry would receive the delegation during the week beginning April 9th, but the change was made in response to a suggestion from the Moncton Board of Trade that the conference be held during the following week. Premier Veniot, it is expected, will be able to accompany the delegation to Montreal on April 19th.

**HOW AND WHEN
TO DESTROY WEEDS**

The best time to destroy weeds is within two or three days after the first pair of leaves has formed on the seedling plant, says the Dominion Seed Commissioner in his bulletin on "Weeds and Weed Seeds". In friable soils the "weeder" is a useful implement for that purpose. The "tilling" harrow is also satisfactory for comparatively loose soils and is preferred as a weed destroyer on firm or clayey land. Weeds are irregular in time of germination; consequently it is necessary to apply the weeder or harrow frequently throughout the growing season. Potatoes or fields of corn and cereal grains when sown with a drill, may advantageously be cultivated with such implement once or twice before the crop distinctly shows above the ground, and again, with corn and ordinary grain crops, when the plants are three to six inches high. Even relatively heavy harrows ordinarily in use will do little damage to the potatoes, corn or grain plants if the land is not wet, while the loosening of the surface soil benefits the crop in addition to the destruction of the weeds.

For perennial weeds, or seedlings that have become well rooted, a cultivator having diamond-shaped or other relatively broad shares is needed for hoed crops. The disc is a favoured implement for destroying weeds in a summer fallow or in preparing seed bed. When, however,

**PUTS HEALTH
AND VIM INTO
WOMEN**

So Says Mrs. MacPherson of
Lydia E. Pinkham's Vegetable Compound

Brantford, Ontario.—"I was always tired and the least exertion would put me out for a day or two. I had a pressing pain on the top of my head, pain in the nape of my neck, and when I stooped over I could not get up without help, because of pain in my back. I did not sleep well and was nervous at the least noise. I keep house, but I was such a wreck that I could not sweep the floor nor wash the dishes without lying down afterwards. A friend living near me told me what Lydia E. Pinkham's Vegetable Compound had done for her so I began to take it. With the first bottle I felt brighter and got so I could wash dishes and sweep without having to lie down. Later I became regular again in my monthly terms. I have taken ten bottles all told and am now all better. I can truly say that your wonderful medicine cannot be beaten for putting health and vim into a woman."—Mrs. JAMES H. MACPHERSON, 309 Greenwich St., Brantford, Ont.

If you are suffering from a displacement, irregularities, backache, or any other form of female weakness write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for Lydia E. Pinkham's Private Text-Book upon "Afflictions Peculiar to Women." C

it is desired to unearth and remove the rootstocks of perennial weeds, such as couch grass, a narrow-toothed cultivator that will loosen the soil and bring the underground vegetation to the surface, is preferred to an implement that will cut the rootstocks, the small cuttings of which may be exceedingly persistent in growth.

**Mrs. Bessie Parker
Allowed To Go**

On Her Own Recognizance Of \$5,000; to Appear if Wanted

St. John, March 27.—The March session of the Circuit Court opened this morning with Chief Justice McKeown presiding. There was a very lengthy civil docket, but not much for the grand jury in the way of criminal matters. Mrs. Bessie Parker whose trial on a charge of murder in connection with an alleged illegal operation took place at the last sitting, was allowed to go on her own recognizance of \$5,000 to appear if wanted.

**How to Purify
the Blood**

"Fifteen to thirty drops of Extract of Root, commonly called Mother Seigel's Curative Syrup, may be taken in water with meals and at bedtime, for indigestion, constipation and bad blood. Persistence in this treatment will give permanent relief in nearly every case." Get the genuine at druggists, 50c. and \$1.00 bottle.

Good Old Summer Time

When summer fair, with sweltering air and heat makes us perspire, the winter cold we would behold, and zero climate desire. "Give me," you say, 'old winter, gay with frost to make me tingle; its snow and ice would sure be nice; I long with them to mingle.'" But when at last the summer's past, and old Jack Frost gets busy your late fuel bill near turns you ill; its worse than gas for Lizzie. You say, Oh, dear, how chill and drear! This cold my blood's congealing; the mercury at 93 would be a lovely feeling." And thus it goes; I don't suppose that we are ever suited. The thing we've not we prize a lot—it can't be substituted. Behold, forsooth, the nimble youth with health and vigor glowing; he longs for age and wisdom sage and beard that's white and flowing. But time fits by, and soon he'll sigh for youth so heavy-hearted; to boyhood's days he'll turn his gaze and long for what's departed. Oh, that we could with present good, just make our selves contented; how we should bless with happiness each hour as it's presented.

During a trip across Canada last summer, members of the Montreal Board of Trade gained many new and striking impressions of their own country. They expressed varying views on these; discussed, criticized, or commended them. These exchanges began to crystallize into a dominant but unspoken thought in every heart. Finally it was given voice in the words: "There is no East, and no West: THERE IS JUST CANADA."

It is not merely a bit of fine phrasing. The sentiment has an appeal to every one who has caught a vision of what Canada is to be. Before the splendor of that vision selfish local interests wither and die and provincialism fades into nothingness. What is of benefit to the farmer of the West or the fisherman on the Atlantic coast, should be a matter of concern to every citizen of the Dominion. "There is no East, and no West: THERE IS JUST CANADA."

In the roll of centuries since the world began, the history of Canada occupies but a modest measure. Within the memory of people still in the vigor of life, new areas of this country have been opened to settlement, as large as some countries in Europe; vast resources of timber and mineral lands have been revealed, and great water powers have been harnessed to do the will of man. The once unexplored and the long unknown have been linked, until this Empire within an Empire begins to know itself as a land of possibilities beyond the dreams of all the pioneers who laid its foundation in faith and hope. "There is no East, and no West: THERE IS JUST CANADA."

Most potent of all the factors in awakening Canadians to the truth about their own country has been the railway. Its slender ropes of steel are everywhere harbingers of still greater days to come. Crossing the wide-sung prairies, spanning rivers, passing by means of tunnels, through the mountains that barred the progress of man in days gone by, or wading through the meadows and orchards of the earlier settled portions of the country, they are a visible embodiment of the sentiment, "There is no East, and no West: THERE IS JUST CANADA."

The railway has made it possible for increasing thousands of Canadians to widen their education by travel in their own country. And their own Canadian National Railways has played an amazing part in this education of its owners. Since its humble beginnings in Confederation days, it has expanded into the greatest railway system on this continent. Its contribution to the development of Canada in the past was incalculable; its part in the progress of the future cannot be measured by the mind of man. More than anything else in the Dominion to-day it emphasizes the truth of the words "There is no East, and no West: THERE IS JUST CANADA."

CORRECTION

We regret that through an error in making corrections, the first line was omitted in the editorial captioned, "The Town Council" in last week's issue of the Advocate.

MARCH WEATHER

Fredericton, March 29—With 12 below temperature and a continuous gale blowing throughout the night Fredericton has shivered through the last twenty-four hours as if it was still midwinter instead of within a few days of April 1st.

land States and it has been accompanied by a number of serious fire losses.

NOTED FRENCH ACTRESS IS CALLED AWAY

Paris, March 26—Sarah Bernhardt died peacefully in the arms of her son Maurice at one minute before eight o'clock tonight. In life she had an amazing power of emotion, of marvelous realism and pathos in her acting of death scenes.

Mme. Bernhardt died in a large room on the second floor of her home with windows wide open in the Boulevard Pereire, the noise of the trucks and railroad keeping up a low roar to which she was long accustomed. It was the sudden closing of these windows, opened on one of the finest days of spring, that gave the signal to those waiting and watching without, that Bernhardt was dead.

The widow of Edmund Rostand, whose fame is linked with that of Bernhardt, and the poet's son, Maurice Rostand, were at the bedside. Bernhardt's grandson, M. Grossé, brought the first flowers into the death chamber—mauve and white lilies. Flowers came from many friends quickly and soon the room was heaped with them, those from the family and dearest friends being placed on the bed.

Lumbermen's Association To Make Representations To Provincial Government

Lumbermen's Association As a result of the meeting held in Moncton on Wednesday, the executive of the New Brunswick Lumbermen's Association representations will be made to the Provincial Legislature urging that the Lumbermen's Association be recognized by the Workmen's Compensation Board.

The meeting was the first executive meeting of the Lumbermen's Association held in Moncton and the largest since the association was formed in 1919, and in addition to lumbermen from all over the province there were present several representatives of the mining men.

Thankful Mothers

Once a mother has used Baby's Own Tablets for her little one she would use nothing else. The Tablets give such results that the mother has nothing but words of praise and thankfulness for them. Among the thousands of mothers throughout Canada who praise the Tablets is Mrs. David A. Anderson, New Glasgow, N. S., who writes:—"I have used Baby's Own Tablets for my children and from my experience I would not be without them. I would urge every other mother to keep a box of the Tablets in the house."

BONAR LAW IS IRISH, NOT SCOTCH

A very general impression is that the Law family, from which the present Premier was sprung, was Scottish. The following obituary notice of the late James Law, father of Bonar Law, extracted from Assembly Minutes of 1883, Appendix 282 shows that to Ireland belongs the honor of giving to the Empire its present Premier, although Bonar Law was born in New Brunswick, Canada, where his father was for some years a Presbyterian minister:—"Rev. Jas. Law, for many years minister of household and family and her closest intimates, only Dr. Marot and the other persons visited the sick room.

decision to that effect was arrived at. The proposition that manufacturers generally including the lumbermen were of the opinion that the beneficiaries under the act, the employees themselves, should make a fair contribution to the fund was strongly adhered to by the meeting. The lumbering industry is now being assessed four per cent and other industries, it was stated, were assessed much less, many of them paying less than one per cent.

Other matters included in the general discussion were freight rates and the cost of materials but no action was taken with respect to these matters. Officers for the ensuing year were elected as follows: President, Angus MacLean, Bathurst; Vice-President, Howard E. Beady, St. John; Secretary-Treasurer, Robert W. McLellan, Fredericton.

The new executive is composed of the following—Donald Fraser, Plaster Rock; J. Fraser Gregory, St. John; Wm. Richards, Campbellton; Angus MacLean, Bathurst; W. B. Snowball, Chatham; J. W. Brankley, Chatham; J. H. Irving, Buctouche; T. H. McEvoy, Dalhousie; Geo. Kink, M.P.P., Chipman, and Howard E. Beady, St. John.

Those present at the meeting were: Messrs. Donald Fraser, Plaster Rock; Senator F. B. Black, Sackville; Miller, Campbellton; Priest, Dalhousie; Burchill, Nelson; O'Brien, Nelson; Fenderson, Jacques River; Schryer, Bathurst; Gregory, St. John; Snowball, Chatham; Sinclair, Newcastle; Blackhall, St. John; Richards, Campbellton; McEvoy, Dalhousie; Patterson, Newcastle; Holly, St. John; Irving, Buctouche; Beady, St. John; MacLean, Bathurst; Ritchie, Newcastle; McLellan, Fredericton. In addition the following mining men were in attendance—Messrs. Coll, Wood, Streeter and Taylor, of Minto.

Richibucto, N. B., died lately at the place of his birth, Portrush, County of Antrim, Ireland. Mr. Law was educated for the ministry in Glasgow and soon after received license. In company with Rev. Wm. Millen, still laboring in N. B., he emigrated to this country in 1845. The following year he was ordained as a pastor of Richibucto, where he labored with much success for nearly 32 years. His preaching was of a high order, associated with great natural eloquence. It was about 1870 that his naturally robust health began to give way. It was not, however, until 1877 that he retired from the active duties of the ministry. Since that time he has resided in Portrush, where he passed away in peace. He was twice married and has left a large family."

FURTHER SOURCES OF REVENUE FOR PROVINCE

Fredericton, Mar. 27—New Brunswick is to add circuses, carnival companies, and travelling shows to its list of sources that produce revenue through taxation, Attorney General Byrne introduced a bill in the Legislature this afternoon by which taxes running up to \$500 for circuses of more than thirty cars shall be payable to the provincial treasury and until provincial tax is paid, municipalities shall not be permitted to tax the shows. A schedule of charges has been prepared extending down to one-car shows. It was not stated whether shows coming into the province to operate at agricultural exhibitions shall be exempt or not. A provincial government's grant of \$50,000 to the memorial building and at the University of New Brunswick should remain separate and a decision to that effect was arrived at.

A WONDERFUL LINEN Display
We want everyone to see the effective display of Canadian and Irish Linens now shown in our store windows. It is instructive, interesting and educating; and shows the different stages of manufacture from the growing of the flax, until the finish product is completed. Then we want all householders to see the wonderful values at our Linen Department. Prices about 25 per cent below regular values. For nearly 50 years we have held the reputation of selling "Good Linens". Today our displays are more extensive than ever.

New Blood Needed In The Springtime

Try Dr. Williams' Pink Pills as a Blood-Improving, Health-Restoring Tonic.

Every man, woman and child needs new, rich, red blood at this time of the year. That is a scientific fact. All doctors know it. The blood grows thin and poor in the winter; there is not enough of it and spring shows the effect. Take notice and see how many people are pale and sallow at this time of the year. They complain of being easily tired, their appetite is poor, and they are often depressed and low spirited. That is mother nature urging them to improve their blood supply; but often their digestion is weakened so that they cannot turn food into blood without help. Here is where modern medical science comes to the rescue. Dr. Williams' Pink Pills have a direct action on the blood and enable you to get full use of the blood-making elements in your meals. You soon feel their effect—your appetite improves, your nerves are steadier, color returns to the cheeks and lips, you have more vim and energy and can work with less fatigue. The above statements are borne out by the experience of Mr. J. P. Greschuk, Janow, Man., who says:—"Very recently I found myself in a badly run down condition. My stomach was quite out of order; I could eat but little and what I did eat did not appear to nourish me. I did not seem to have enough blood; my hands and legs were blue and I had no strength to work. I tried several medicines but did not get good results. Then one day reading our newspaper I read about Dr. Williams' Pink Pills and decided to try them. I used a half dozen boxes, and now feel well and strong, have a good appetite, and can do my work with ease. Naturally I have great faith in this medicine as a blood-making tonic."

Whether you are seriously ill, or merely feel easily tired and out-of-sorts, you should try Dr. Williams' Pink Pills this spring. They are sold by medicine dealers everywhere, or will be sent by mail at 50 cents a box, by writing The Dr. Williams' Medicine Co., Brockville, Ont.

MARVEN'S WHITE LILY BISCUITS

PERSONALS

Misses Marguerite and Mary Lawlor returned last week from Ottawa.

Miss Dorothy Nicholson spent Easter in Halifax, N. S.

Miss Bertha Ferguson of Moncton spent Easter at her home here.

Mrs. Wm. McGrath is spending a few days with relatives in Chatham.

Mr. William Creaghan of Moncton spent the week-end at his home here.

Miss Gertie Ryan of St. John spent the Easter Season with relatives in town.

Many College students and other former residents of Newcastle were home for the Easter holidays.

Miss Elizabeth Nicholson of Mt. Allison, spent Easter with her parents, Mr. and Mrs. O. Nicholson.

Mr. G. E. McGrath left last week for Campbellton where he has accepted a position on the Graphic staff.

Mr. E. P. McEvoy of the Royal Bank of Canada staff, Halifax, N.S., spent Easter at his home here.

Mrs. D. R. Doyle entered the Hotel Dieu, Chatham on Sunday for a few week's rest and treatment.

F. D. Swim ex-M.L.A. for Northumberland and Q.W.K. Swim, both of Doaktown, were in St. John on Friday.

The friends of Walter Murphy will be pleased to hear that he is recovering from his recent serious illness.

Mr. J. E. Ledoux of St. John, Maritime representative for Casavant Bros. St. Hyacinthe, Que., was in town on Wednesday and Thursday.

Mr. John J. Morris, Manager of the Provincial Bank, Summerside, P.E. Island, and Mrs. Morris spent Easter with the former's parents, Mr. and Mrs. Hugh Morris.

Mr. Graham S. Jardine, Manager of the Royal Bank of Canada, Charlottetown, P.E.I., passed through Newcastle on Tuesday's Limited enroute from Montreal to Halifax, N.S. Graham's many friends will be pleased to hear that he is in good health.

Why Do They Do It?

The man who beats his horse, "to make him go" is, at the same time, doing something to himself of which he is entirely unaware. The man who so mistreats his horse has lowered himself beneath the animal he has so misused.

The boy who kicks a dog "to hear him howl" is making a big mistake. At an early age he is allowing himself to be worse than any of the dumb, helpless creatures that he takes such pleasure in harming. This is the sort of boy—if not properly instructed in earlier years who grows to be the man who beats his horse, says, worse he is the boy who grows to be the man who beats his wife and children.

WEDDINGS

In St. Andrew's Rectory Thursday, March 29th by Rev. W. J. Bate, Francis Kelly of the Parish of Chatham, to Miss Beatrice Alice Dutcher, daughter of Mr. and Mrs. James Dutcher of this town.

At the Methodist Parsonage, Newcastle, on March 27th, by Rev. J. B. Champion, Mrs. Muriel Scott of Whiteville to Daniel Noble of Campbellton, N. B.

GREMLEY-HINSMAN
The marriage of Francis Johnston Gremley, son of Mr. and Mrs. R. H. Gremley, of Newcastle, N. B., to Miss Alice Gertrude Hinsman of Clements-Port, N. S., was solemnized at Providence, Rhode Island, by Rev. H. B. Carpenter on January 3rd 1923.

Mary Pickford Has Charming Story Next

"Little Lord Fauntleroy" Retains all the Beautiful Things in the Story

The millions of readers of Frances Hodgson Burnett's world-loved novel, "Little Lord Fauntleroy", will be delighted to know that Mary Pickford in reproducing the story for the screen has preserved all its quaintness and charm, and has been especially faithful to the costumes and manners of the period depicted so vividly by the author.

As a vehicle for the lovely Mary, this story is ideal, running as it does the entire gamut of emotional drama, pathos and riotous comedy. It gives her the greatest opportunity she ever has had for the display of that brilliant genius which has so endeared her to the hearts of Mr. World and his wife. In this play, scheduled to open next Wednesday and Thursday at the Opera House she has a chance to let her public see her as a mature woman and also as a boy of seven. In the world of dramatic art what could be more difficult? Not only in the same play but in the same scenes, will this greatest of all screen artists be seen in these two difficult roles.

Through the medium of double exposure, that most baffling of photographic methods, Miss Pickford is able to appear as two different characters in the same scene, thus producing the most perfect illusion possible.

The Victorian dresses with their puff-sleeves, bustles and long trains; the thatched houses and the magnificent castle shown in this film tend to make it an achievement in picture-land.

And who can ever forget the rheumatic old apple-woman, the portly grocer, and the lovable bootblack who were such great cronies of Cedric Errol? The human interest and heart appeal in this picture is said to top anything ever yet translated into celluloid.

Miss Pickford will be seen in a greater variety and a more novel set of costumes in "Little Lord Fauntleroy" than in any play in which she has ever before appeared. The display of women's fashion typical of the Eighties will undoubtedly prove very interesting to style devotees, especially when contrasted with the scanty attire of to-day.

But most appealing of all will be Mary Pickford the little boy and Mary Pickford the grown-up woman. The presentation of this feature will be more elaborate than anything yet shown at the Empress.

PLUCKY ACT OF PRINCE GHEERED BY HUNDREDS

London, March 27—The Prince of Wales was thrown at a waterjump in the Army point-to-point races at Arbor field but was unhurt. Prince was riding Prince Henry's horse and had taken the water jump in splendid style on the first round, but the second time the horse balked at the bank and plunged straight into the water, which is several feet deep.

The Prince was thrown into the boughs of a willow tree on the opposite bank, but scrambled back to rescue the horse which was plunging about in the water up to its neck and rapidly sinking in the mud. The Prince, unaided, pluckily seized the horse's head and brought the animal out amid the cheers of hundreds of spectators.

HEAVING PETITION ON BEHALF OF CANADIAN STEEL SHAREHOLDERS

Toronto, March 31—Justice Middleton in bankruptcy court is today hearing a petition on behalf of the Canadian shareholders of the L. R. Steel Company, for permission to bring action against the L. R. Steel Realty and Development Company. This application was adjourned from Thursday.

This move on behalf of shareholders of the Steel Company is to obtain a status in connection with the winding up of the affairs of the Steel Realty concern.

C. N. R. DEFICIT SIXTY MILLIONS

Ottawa, March 27 Canadian National Railways closed the year with an operating surplus of four million dollars, but with a deficit when fixed and other charges are taken into account, of sixty millions. Such was the announcement of Hon. G. P. Graham, acting Minister of Railways, in making the annual statement on the roads to the House of Commons this afternoon and evening. Although the Grand Trunk has since been formally amalgamated with the Canadian National, Mr. Graham gave statements for the two systems separately, statements which showed that an operating deficit on the Canadian National was turned into an operating surplus by the Grand Trunk.

The Grand Trunk had an operating surplus of \$13,929,867; the Canadian National system—i. e., the Canadian Northern, the I. C. R., and the G. T. P.—an operating deficit of \$9,736,318. Taking one from the other, the National roads as a whole had an operating surplus for 1922 of \$4,193,549. Compared with the year previous, both systems showed considerable improvement.

Operating deficit on the Canadian National was reduced by about 6 1-2 millions; operating surplus on the Grand Trunk was trebled.

Canadian lines were the only part of the Grand Trunk system to show an operating surplus in 1921; last year, the New England lines were the only part of the Grand Trunk system to show an

operating deficit. The Western lines and the Central Vermont both converted operating deficits into operating surplus.

Deductions for taxes and other items brought the operating surplus of \$4,193,549 for the amalgamated roads down to \$2,202,782. Deducting this from fixed charges amounting to \$62,454,627, the total deficit for 1922 is shown to be \$60,251,845. This is an improvement of \$12,410,433 over the deficit for the year previous.

A GOOD ANSWER

A farmer who was carrying an express package from a city mail order house, was accosted by a local merchant. "Why didn't you buy that goods from me?" he asked. "I could have saved you the express and besides you would have been patronizing a home store, which helps pay the taxes and build up this locality." With characteristic frankness, the farmer replied: "Why don't you patronize your home paper and advertise? I read it, and didn't know you had the goods I have here, nor do I ever see your name in the paper inviting me to come to your store."

CUTS FOUR DAYS FROM THE PASSAGE

According to a recent rearrangement of ports of call in the Orient the Canadian Pacific is about to take full advantage of the superior speed of its trans-Pacific steamships in bringing Hong Kong four days nearer to—Canada, the United States and Europe.

This is being accomplished by omitting the former call at Manila which occupied four additional days in the passage between Shanghai and Hong Kong. The Empress steamships will now take only two days by direct sailing from Shanghai to Hong Kong, where formerly six days were required between the two Chinese ports, when the Manila call was included.

The new sailing schedule permits of arrival of the Empress steamships at Hong Kong on the 16th day after departure from Vancouver, whereas up till now 20 days have been required. This makes possible a through service from London, England via Canadian Pacific Atlantic Empresses to Quebec, and rail to Vancouver under 28 days. Residents of London and Hong Kong are thus enabled to save one week's time on the round trip, which is a valuable consideration to a resident in the Orient, either travelling on furlough or for business reasons.

The Canadian Pacific Empresses still are the undisputed fastest ships of the Pacific, holding by a safe margin the record between Vancouver and Yokohama of 8 days, 18 hours, 31 minutes.

POISONED BY FACIAL PAINT

Campbellton Lady Dies Ten Days After Attending Fancy Dress Carnival

Campbellton, March 26—Paint which she applied to her face in "making up" for a fancy dress carnival here ten days ago is believed to have been a contributory cause of the death today of Mrs. Thomas Matheson, prominent in social and church circles. Shortly after the carnival at which she won first prize, Mrs. Matheson's face became affected but her condition was not considered serious until last Friday, when a physician who was called in for the first time found that she was suffering from blood poisoning. The next day pneumonia developed and her condition became steadily worse.

Mrs. Matheson took a prominent part in charitable and religious work, and her death was a severe shock to the townspeople. She is survived by her husband and two children, one aged 14 and the other two years old.

LARGE LINERS
NEARLY COLLIDE

Steamers Regina and Megan-
tic Came Close to Each
Other Off N. S. Coast.

The White Star liner Megantic
outward bound from Halifax to
Liverpool, and the White Star
Dominion Liner, Regina, inward
bound from Liverpool, were near-
ly in collision off the Nova Scotia
coast Saturday afternoon during
a dense fog, and it was only aver-
ted by quick action on the part of
the navigating officers sending
their ships full speed astern and
swinging the helms hard over, so
passengers stated on their arrival
in Halifax. The two liners came
within twenty-five yards of each
other. The officers of the Regina
refused to discuss the matter on
their arrival in port.

Photographed
Baby's Brain

Philadelphia, March 27 A meth-
od of photographing the brain
of a living person without affect-
ing the health of the patient has
been discovered at the Univer-
sity Hospital.

Working in the clinic of Dr.
Chas. Frazier, Drs. Temple Fay
and Francis C. Grant succeeded
in making several flashes of the
inside of the brain of a ten-months
baby. These photographs are
the first ever obtained of the hu-
man brain and may prove inval-
uable in the treatment of water on
the brain and cerebral tumors.

It was an attempt to find a
means of relief for such cases in
children, that led to the discovery
which has attracted the attention
of the medical world to the Uni-
versity of Pennsylvania.

BIG TERMINALS
AT PORTLAND

The fact that the Canadian Gov-
ernment is in possession of the
Grand Trunk railroad does not
appear to have discouraged the
port of Portland or the Maine
Central Railroad officials, for in
addition to the big state dock re-
cently completed in that city, rail-
road terminals, including a new
passenger station, are to be con-
structed. This work is to be un-
dertaken by the Maine Central at
an estimated cost of \$3,000,000
exclusive of freight terminals to
be constructed on the site of the
old Rigby race track. It is plan-
ned to build a union passenger
station a short distance west of
the site of the present station, at
a point adjacent to what are now
the tracks of the Mountain Divi-
sion of the Maine Central, and
call for the abolition of grade
crossings in the thickly settled
portions of the city and the
abandonment of the present
Woodfords and Deering Junction
stations. To accommodate per-
sons living near the latter station
it is considered probable that a
new station will be put in on the
newly constructed line between
Thompson's Point and Yarmouth.

It is planned to build tracks
from the Mountain Division line
at Thompson's Point running to
the eastward to connect with the
present main line tracks at the
point of abandonment near Yar-
mouth Junction.

The Maine Central officials an-
nounce that an equipment trust
has been arranged, subject to the
approval of the interstate com-
merce commission, to pay for new
equipment, ordered several months
ago, costing \$1,584,000.

The new motive power and
rolling stock to be delivered in
April and May will include eight
locomotives, seven steel baggage
and mail cars, 350 steel under-
frame box cars, 100 rack cars and
50 steel coal cars.

Following the sympathetic ad-
dress by Sir Lomer the resolution
was withdrawn. The chief brunt
of battle for repeal was borne by
two Liberal members, Messrs.
Casgrain, Charlevoix-Montmor-
ency, and Archambault, Chambly
Vercheres both of whom declared
that the working of the act in
Quebec had led to a wider state of
industrial and financial dislocation
gross abuses by officials, instabil-
ity of credit and general dissatis-
faction.

Summing up succinctly the prog-
ress of bankruptcy legislation in
Canada and dissociating himself
from the plea that Quebec prov-
ince demanded absolute repeal of
the federal law Minister of Justice
declared that much of the prevail-
ing dissatisfaction hanged upon
the non-applicability of the act
to non traders and also to irregu-
larities practiced by certain trust-
ees. The principles of the act
however were just and equitable
and Canada could not afford to
dispense with it when all other
civilized nations deemed essential
such legislation. He was prepar-
ed, he said to support the resolu-
tion provided the mover would so
alter it as to call for amendment
only of the statutes.

Frenchmen May
Wear Loose Ties

Paris, March 27. A warning
that men are likely to return to
loosely tied cravats and even neck
ruffs was conveyed to the French
Academy last week by no less a
person than Dr. Charles Rachet,
who in a dissertation on cardinal
reflexes, declared that the major-
ity of cases of faulty heart action
ending in apoplexy, aneuritis, etc,
was due to garments too tightly
bound around the throat and
which prevent proper respiration
and reaction on the blood pres-
sure.

The only solution he could offer
was a return to soft and loose col-
lars and flowing ties, asserting
that modern fashions were more
death traps which claimed hun-
dreds of lives yearly.

Complete Abolition
Of Divorce Is Urged

New York, March 27. Com-
plete abolition of divorce is urged
by Supreme Court Justice Mors-
chauer, who presided over the
Stillman case, in an article in the
April number of Columbia, official
organ of the Knights of Columbia
made public Monday.

Declaring that he believed the
abolition of divorce should be
brought about by Congressional
legislation, he added:

"But that is a long way ahead
because there are, unfortunately,
so many middle-aged and elderly
men; and some young ones, who,
for one reason or another, want
new wives.

"But one great practical step
which should be taken immedi-
ately in the passage of legislation
making decrees obtained in Paris
or elsewhere in Europe invalid. It
is all wrong to let a rich man or
woman run off to Paris to get
divorces."

BANKRUPTCY
ACT WILL BE
AMENDED

Amendments of the Bankrupt-
cy Act of Canada which has been
on the statute books for slightly
more than two years, are not im-
probable in view of the attitude
assumed in the House of Com-
mons by Sir Lomer Guoin, Minis-
ter of Justice. Replying to the
strong support given by Quebec
members to the Casgrain resolu-
tion—calling for amendment or
other abrogation of the act—Sir
Lomer said that while he would
not hear of repeal he was convinc-
ed of the necessity of definite
amendment.

Summing up succinctly the prog-
ress of bankruptcy legislation in
Canada and dissociating himself
from the plea that Quebec prov-
ince demanded absolute repeal of
the federal law Minister of Justice
declared that much of the prevail-
ing dissatisfaction hanged upon
the non-applicability of the act
to non traders and also to irregu-
larities practiced by certain trust-
ees. The principles of the act
however were just and equitable
and Canada could not afford to
dispense with it when all other
civilized nations deemed essential
such legislation. He was prepar-
ed, he said to support the resolu-
tion provided the mover would so
alter it as to call for amendment
only of the statutes.

Following the sympathetic ad-
dress by Sir Lomer the resolution
was withdrawn. The chief brunt
of battle for repeal was borne by
two Liberal members, Messrs.
Casgrain, Charlevoix-Montmor-
ency, and Archambault, Chambly
Vercheres both of whom declared
that the working of the act in
Quebec had led to a wider state of
industrial and financial dislocation
gross abuses by officials, instabil-
ity of credit and general dissatis-
faction.

ASPIRIN

UNLESS you see the name "Bayer" on tablets, you
are not getting Aspirin at all

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds	Headache	Rheumatism
Toothache	Neuralgia	Neuritis
Eurache	Lumbago	Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists.
Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Mono-
aceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer
manufacture, to assist the public against imitations, the Tablets of Bayer Com-
pany will be stamped with their general trade mark, the "Bayer Cross."

CANADIAN NATIONAL EXPRESS COMPANY

Both Speed and
Guaranteed Safety

YOU can forget the package as soon as our wagon calls
for it, or an agent accepts or receipts for it. Both the
trusty messenger on the trains and the driver on the
wagon who signs for the package are bonded for the faithful
performance of their duty. Every man who touches the
package is bonded. Sealed packages of particular value are
kept in a safe at all times, whether in office or on trains.

A bonded express messenger, who has won his position by
long and faithful service, travels in every express car. He
is the responsible custodian of every
package in it. He personally signs
for each one, and none is allowed out
of his sight while in transit. As soon
as the car is loaded he locks the door.
His may be one of many cars in a
solid express train.

When the car arrives at its destina-
tion, the bonded messenger and driver
who take your package sign a receipt
for it. Until delivered to the party
to whom it is addressed—who must
sign a receipt to prove delivery—the
messenger and driver are responsible
for its safety.

And back of them stand the Canadian National Express
Company and the Canadian National Railway Company.
The responsibility for the safety of your package is always
fixed and known. The law holds us responsible for delivering
packages to the right party. The Company's receipt is an
insurance policy.

Its rates are so reasonable that the average cost of express-
ing a package is less than fifty cents.

Local and General News

SOLD BY WEIGHT

Patrons of grocery stores will probably have observed displayed in the stores a sign reading, "Vegetables Sold Only by Weight and Grade—The Root Vegetables Act, 1922." Those who have made purchases of vegetables since this card has been displayed will have learned that these products are no longer sold by measure and without reference to grade, as has been the custom in the past.

ST. ANDREW'S CHURCH

The Annual Vestry meeting was held in the Sunday School Easter Monday evening, with the Rector in the chair. Reports were read from the Woman's Auxilliary by Mr. J. E. T. Lindon, Treasurer of the church.

The following officers for the year were elected:—

Sec'y. Treas.—J. E. T. Lindon
Church Wardens—W. H. Teed, H. H. Ritchie.

Vestry Men—J. G. Kethro, E. E. Benson, J. W. Davidson, F. Uncles, T. M. Maltby, H. S. Miller, H. W. Brightman, A. J. Ritchie, Horace Kethro, David Kitchie, W. H. Davidson, James Sargeant.

Delegates to Synod—W. H. Teed, H. H. Ritchie.

Substitutes—F. Uncles, W. H. Davidson.

Finance Com.—W. H. Davidson, James Sargeant.

TOWN ELECTION

The Annual election for Mayor and four Aldermen for the Town of Newcastle will be held on Tuesday, April 17th. Nominations close at 6 o'clock p.m., Friday, April 14th.

WENT OUT LIKE A LION

March came in like a lamb and everyone was expecting it to go out like a lion. Their expectations were fully met with, in fact it has raged like a lion all through the month.

BAD ROADS

People generally anticipate that when the winter breaks, there will be a season of some days when the roads will be utterly impassible for teams. It is a good plan to prepare for such before it arrives and thus save much trouble and inconvenience.

DOMINION EXPRESS COMPANY

It is reported that the Dominion Express Co. will be forced to abandon their services on C.G.R. lines on and after April 1st. It is further stated that they will, however, serve the Maritime Provinces by using C.P.R. and D.A.R. lines.

OFF GUARD

Some residents had some considerable trouble on Thursday morning with their steam heating apparatus and hot water taps, caused by the frost and heavy wind which blew on Wednesday night. Thinking that spring and warmer weather had come, which is usually looked forward to at this time of year, evidently put many people off their guard, with the result that trouble ensued.

HOUSE ADJOURNED

The House of Commons adjourned at 6 p. m. Wednesday, till April 9th. Before adjournment the Minister of Finance submitted estimates amounting to five and one half million dollars for civil servant bonuses for the year ending March 31st, 1934, and supplementaries of \$18,202,105.66 for the year ending March 31st, 1933.

ADEQUATELY COMPENSATED

We just get what we give and deserve. People treat us with the same medicine which we administer to them. The weakling cannot be regarded as a hero. The bully is a coward. The one without initiative cannot be intrusted with any significant enterprise. The spendthrift is not a financier, nor is the miser.

WILL VISIT NEW BRUNSWICK

President Venet confirms the report that Lord Blyth of Viny, Governor General of Canada, will visit New

Brunswick and make a tour of the Maritime Provinces during the coming summer. The premier says that he has received an intimation to that effect from Ottawa, but that so far the date has not been even tentatively mentioned.

DR. CARTER COMING

Dr. Carter, Chief Supt. of Education, will be in Chatham on Wednesday, April 4th, and a meeting of School Board and all parties interested in the Middle Island School muddle will be held in the Town Hall at 7.30 on the evening of that day. It is to be hoped that some arrangement may be arrived at so that the 'dead lock' which is threatened may be averted.

Finds Relief From Catarrh

New Vaporizing Salve Does London Man Lot of Good

Vicks is good for common colds, sore throat, bronchitis, catarrh, croup, tonsillitis, grip and all inflammations of the nose, throat or lungs. The ingredients, Camphor, Menthol, Eucalyptus, Turpentine, Thyme and Juniper Tar make Vicks equally effective for inflammation of the skin such as cuts, burns, sores, bruises and skin itching.

Mr. S. B. Putnam of 175 Sydenham St. London, Ont., says: "I have used Vicks Vapo-Rub and am still using it and find it excellent when the nose gets clogged from either cold or catarrh. I would not like to be without it in the house, as I am troubled a great deal in that way and have never found anything that gave me relief as quickly as Vicks Vapo-Rub."

Thus Vicks is a valuable family remedy kept on hand in millions of homes and used constantly for all the daily hurts and ills of all the family.

At all drug stores 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P. Q.

The Vicks is new in Canada, it enjoys a remarkable sale. Over 17 million jars used yearly.

BLESSING OF NEW LINER

Cardinal Mercier, primate of Belgium, will bless the new 27,200 ton liner "BELGENLAND" of the Red Star Line at Antwerp before she leaves on her maiden trip to New York on April 4. It was announced by the White Star Dominion Line. The event will mean the revival of a custom that has been abandoned since the days when ships of the line were blessed before proceeding forth to battle, and has caused considerable interest.

P. V. G. Mitchell, manager of the Red Star Line at Antwerp, and formerly assistant general manager of the White Star Dominion Line, will entertain Cardinal Mercier at luncheon on board the "Belgenland" after the ceremony. King Albert of Belgium has also accepted an invitation to inspect the ship before she sails on her maiden voyage.

The "Belgenland" will be the largest ship on the Antwerp-New York run. She is 670 feet long with a beam of 79 feet and carries 500 first, 600 second and 1500 third class passengers. She is probably the most up-to-date three class liner afloat. Her many novel features include a la carte service in the dining saloon without extra charge, private dog kennels for passenger's pets, a glass-enclosed promenade deck with a low rail which gives an unobstructed view from deck chairs, beds instead of old-fashioned bunks and a gymnasium exclusively for second-class passengers. There is also a verandah deck for third-class passengers with deck chairs.

Keep Your Shoes Neat

2 IN 1

GREATEST INFUX OF IMMIGRANT'S SINCE PRE-WAR DAYS

Halifax, N. S., March 27—Within thirty-two hours on Sunday and Monday four trans-Atlantic liners aggregating a tonnage of 55,033 tons, landed 331 cabin and 1,472 third-class passengers at Halifax. It was the greatest influx of immigrants through this port since pre-war days, and they were handled with despatch. Six special Canadian National railway trains with a total of fifty-three cars, all up-to-date steel equipment, left within the thirty-two hours. The majority were British prospective farmers. The liners arriving were Cunarders, Regina, Saxonia, Ausonia and the Anchor Donaldson liner Saturnia.

TABUSINTAC CLUB, LIMITED

Arthur F. Gotthold, Thomas Ferdinand Wilcox and Phillip Bernard Phillips all of New York City have been incorporated as Tabusintac Club Limited to carry on the activities of a recreation and fishing club with head office at Wishart's Point and capital stock of ten thousand dollars.

Predicts Cold And Stormy April

Fredericton, March 31.—Henry Braithwaite, the oldest trapper and hunter's guide in Canada, who has spent his lifetime in the great outdoors and is supposed to be able to forecast weather conditions with a greater degree of accuracy than the official forecasters often do, expressed the opinion to-day that cold and stormy weather is likely to continue throughout April. He said that never in his memory could he remember a winter of such severity as the present.

THE HOUR OF FATE

What is the hour of fate in a young man's life? I should say 7 p.m. That hour is the spring board from which most men leap to success or fall off to failure.

I am also convinced that 7 p.m. is the fork in the roads, one of which leads to character and the other to the lack of it.

There are twenty-three other hours in the day, but there is no hour so potent as his 7 p.m.

Why? This is the answer: A man's waking hours are divided into

NEVER FORGET

that a grown person run-down in body or strength, or a child that does not progress healthfully, finds

Scott's Emulsion

of pure vitamine-bearing cod-liver oil a real help in restoring normal health and strength. Take Scott's Emulsion—it helps sustain vitality!

industry and leisure. To a majority marks the end of work and the beginning of leisure. It is the hour when a man makes a choice of the kind of leisure he is to have. It turns to the kind of leisure that means improvement to his mind, his body, his soul, he wins. If he turns to the pleasure-feeding frivolities, he loses.

It is a cold-blooded proposition, but it is true. Genius is ninety-nine per cent hard work, and the best of leisure is a shift from one kind of work to another work. Ninety-nine out of every hundred men who win in this world if they use the time when they are not at work in activities which look like work to the loafer.

DONALD AND McMURDO IN NEW QUARTERS

Messrs. Donald and McMurdo, well known Moncton custom tailors, have moved into new quarters in the Subway Block, Main street, and now occupy the store recently vacated by Mr. J. H. Brown, jeweller.

This firm which has been established for some 8 or 9 years, have been forced to seek more commodious quarters in order to take care of their ever increasing business and the new premises which they now occupy have been fitted up in the most modern style.

CARD OF THANKS

The R. V. Club wish to thank Rev. Mr. Girdwood, Misses L. M. Jardine, Berneta Travis, Edith Thompson, Lydia Tozer, Mesdames P. A. Forsythe, Benjamin Sherard and Elmer and Sydney Parks, the Sunny Corner Boys and all who helped to make their supper a success. The proceeds amounted to over \$130.00.
