HON. MACKENZIE KING ASKS FOR DOMINION ELECTION

New Leader of Liberals Arranges Government

The Hon. W. L. Mackenzie King Offers Strong Criticism in an Amendment

Demands Election—Sir George Foster Optimistic of Prime Minister's Return

OTTAWA, March 2.—Demanding that the Union Government should once introduce a Franchise Act that a general election should be brought on immediately, Hon. W. L. Mackenzie King, the Liberal Leader, in the House of Commons yesterday afternoon made a spirited attack on the Administration. He crystallized his criticism in an amendment which he moved, seconded by Mr. D. D. McKenzie, to the Address in reply to the Speech from the Throne.

Foster's Satire. Speaking after recess, the Acting Prime Minister, Sir George Foster, replied to the wholesale denunciation of the Government by the Liberal Leader. He spoke for an hour and half. Sir George held out no hope that the request of the Liberals would be met. Instead, he characterized the action of Mr. King as a "fine strategical camouflage," which course was taken because the Liberals felt reasonably sure that the amendment would be defeated. "Has my honorable friend any lurking shadows of disaster to himself in this suggestion should be acted upon?" asked the Acting Premier. Sir George declared that a campaign was in full swing to discredit the Government, and to create the impression that the Administration had done nothing since taking office.

DEAN OF QUEEN'S ON CLARK'S CAREER

Brief Reference to the Achievements of Recipient, Who is Well Known in City

The following sketch of the career and achievements of Dr. Murray Clark of Toronto, but who is known to a large number of St. Catharines citizens, having married Miss Chaplin of this city, appeared in National Progress. It is a synopsis as given by Dr. W. L. Goodwin, Dean of the Faculty of Science, Queen's University, Kingston, who had the honor of presenting Mr. Clark for the degree of LL.D., in that noted institution. Among other things Dr. Goodwin said: "It is with rather unusual pleasure that I carry out the will of the Principal and the Senate of Queen's in presenting for an honorary degree, Mr. J. Murray Clark, M.A., LL.D., B.C., etc. It is usual on such occasions to give an account of the career and achievements of the recipient of the degree. Mr. Clark has been exceptionally industrious and versatile in that any account of his distinctions and work must be just a few examples, carefully taken. He took mineralogy and geology while a student of Toronto University. After examining his records there, I have reached the conclusion that he 'took everything' in sight in the way of academic distinctions, such as 'unnumbered trifles,' for example, as the McMurich Medal in natural science, the gold medal in mathematics and physics, and the prize in logic (George Paton Young), the Blake Scholarship in Constitutional Law, Economics and Jurisprudence, and the University

IRISH BARRACKS IS WRECKED BY BOMB

BELFAST, Ireland, March 2.—Noticing an unusual gleam in a turf fire in the Ballinagar Barracks in Galway, the troops hastily left the building. Hardly had they done so when an explosion occurred and the walls of the building were blown out. Two artists have been made of persons suspected of connection with the crime. The belief is that a quantity of explosives either was placed in the turf that was being burned in the building or in the grate itself.

ASQUITH LIKES FINE TRIUMPH

Former Premier is Greeted With Cheers As He Took Seat in the House.

LONDON, March 2.—Former Premier H. H. Asquith, who was recently returned to Parliament by the Paisley constituency, took his seat in the House of Commons yesterday after a triumphal motor trip through cheering crowds about his house in Cavendish Square and in front of the Westminster station. Mr. Asquith has generally avoided the limelight during his career, but he consented to the leading figure in a great demonstration by London Liberals yesterday. The London Liberal Federation organized a guard of honor for the former Premier and did its utmost to turn the incident into a significant political event. Such ceremonies in honor of persons prominent in politics were common many years ago, but it is many years since any have occurred, except in a spontaneous manner. Mr. Asquith's appearance in the House was greeted with cheers from the Independent Liberals, the Nationalists and a few laborites and Coalitionists. After he was seated, Premier Lloyd George arose and was frantically cheered by the Coalitionists. The Premier hurried across the chamber and shook hands with Mr. Asquith.

CRISIS AGAIN HELD OVER

Meeting of Various Interests Held to Discuss Wage Dispute Resulted in Decision for Further Conference.

An important meeting held to see what could be done to prevent a strike among the employees of the N. S. and T. Ry. was held yesterday afternoon on the City Hall. It resulted in a decision for a committee of the men to confer with the officials of the Company in Toronto to see if any solution can be found. Quite a large number of representatives was present including the Mayor and several members of the St. Catharines Council, representatives of the Board of Trade, of the municipal Councils of Port Dalhousie, Merriton Thorold, Niagara Falls, etc. Mayor Stephens of the Falls was chairman. The employees and Railway Company were represented by their officials. Fair Price Officer Crompton was also present. Each side set forth its arguments and upwards of three hours were taken up in discussion. The outcome was a decision that no drastic step would be taken by the men till they had held a further conference with the company.

Russia to Issue Platinum Notes

Soviet Adopts This Way of Paying For Their Foreign Purchases.

LONDON, March 2.—The Russian Bolshevik commissary of finances M. Krestinsky, has published a statement preliminary to the expected foreign trade, according to an Exchange Telegraph despatch from Berlin. The Soviet Government will issue a new type of credit note in denominations of 50, 100, 500, and 5,000 rubles, backed by reserves of platinum of the value of 37,500,000 gold rubles. The issue will be limited to 65,000,000 rubles and the Government will be ready on call to convert them into platinum coins.

Platinum notes will be used in payment of foreign purchases, made direct by the Government. To Russian citizens they will be paid out by the State only in exchange for commodities of practical value. Such citizens as deliver goods will then be allowed to trade directly with foreigners, using the notes as currency.

DEBENTURES SIGNED

TAKEN TO TORONTO

Between \$600,000 and \$700,000 of fifty year debentures have been duly signed by City Treasurer Watt and ex-Mayor J. M. Elson and were taken to Toronto today. They represent the city's security for its portion of the proposed Hydro Radial Railway between Port Credit and St. Catharines. The debentures are deposited with the Ontario Hydro Electric Commission.

Remains Are Interred Here

Interment Took Place Here of the Late George Williams.

All that was mortal of the late George Williams who passed away in Hamilton on Friday last and was brought to St. Catharines on Monday morning, was tenderly laid to rest in Victoria Lawn cemetery on Monday afternoon. The funeral took place from Grobb Bros. chapel. The service was conducted by the Rev. Dr. George H. Smith, pastor of Knox Presbyterian church, where the late Mr. Williams had been a regular attendant during his stay in St. Catharines prior to moving to Hamilton. The flowers placed upon the casket were many and beautiful.

MR. H. H. ASQUITH, who was elected on the Liberal ticket by the electorate of the constituency of Paisley, Scotland, to a seat in the House of Commons.

Position of N. S. & T. Ry Regarding Wages Dispute

STRIKE OF WELSH STEEL WORKERS

CARDIFF, Wales, March 2.—Nearly all the steel workers in South Wales yesterday joined in the general strike. The men are demanding a 40 per cent. increase in wages. Between 18,000 and 20,000 of the workers are idle. If the strike should continue the sixty five tin plate works which employ fifty thousand hands, will be brought to a stand still within a week, as they are dependent on the steel works for materials.

MEMBERSHIP CH. COMMERCE

List of Those Who Had Signed Up Yesterday in the Drive of the Campaign Teams.

Below is a list of the memberships reported yesterday at the luncheon held in the Y. M. C. A. of memberships taken out in the new Chamber of Commerce:

- J. W. Austin, P. T. Atkinson, Captain E. N. Adie, R. H. Biggs, James Brighty, G. W. Beatty, Fred A. Beattie, Edward Butler, H. W. Byrne, Capt. A. E. Bradley, Major G. R. Bradley, J. E. Borcham, A. F. Burwell, Dr. W. Buchanan, W. B. Burgoyne, Clarence M. Burgoyne, Geo. J. Bowman, H. B. Burgoyne, J. J. Cavers, Wm. P. Court, C. V. Calderwood, S. R. Cruikshank, A. J. Desand, Dr. R. C. Davis, A. M. Eccleston, A. F. Eccleston, A. F. Fifield, H. C. Griffith, H. V. Gould, John W. Glass, Wesley Gowan, Lewis C. Gilmore, W. D. Hannah, F. L. Heffer, Ivan H. Hare, C. E. Hansel, Wm. Inglis, J. F. Jackson, A. L. Jackson, G. B. Kells, Chas. C. Liney, John Laughlin, Michael Levie, R. R. Lane, Lt.-Col. C. E. Morgan, S. C. Marshall, Geo. E. Montgomery, E. H. Moyer, Frank Murphy, Capt. A. H. Malcolmson, F. E. McCleery, Harry McKelvie, Lt.-Col. F. C. McCordick, A. D. McMillan, A. H. Ness, C. H. Nash, Nash Realty Co., New Murray Hotel, Peninsula Press, H. E. Rose, A. E. Rigby, Andrew Riddell and Son, G. F. Rogers, W. W. Park, R. D. Powell, P. H. Sparkes, J. H. Sandham, Geo. H. Sherwood, St. Catharines Horticultural Society, Wm. T. Tait, O. Taube, Chas. E. Wilson, Jas. N. Continued on Page 3.)

LIST CLIMBS OF MEMBERSHIP

Over Two Hundred Have Now Joined New Chamber of Commerce.—Standing of Teams.

The campaign for membership in the Chamber of Commerce is progressing in a most gratifying way. To date the teams report new applications of 110 making a grand total of 219 up to Tuesday. The workers and their leaders held a luncheon yesterday after their canvass and much confidence was expressed as to the success of the movement.

- The results are: Major Waterhouse 10, Capt. Meikle 6, Capt. Wyman 9, Capt. Tait 10, Capt. Eagle 15, Total 50. Major McCloy 11, Capt. Graves 14, Capt. House 7, Capt. Lancaster 11, Capt. Brown 21, Total 64. Major McCordick 2, Capt. Bradley 6, Capt. Jackson 12, Capt. McMillan 5, Capt. Sandham 15, Total 40. Major Robinson 6, Capt. Yates 16, Capt. Burgoyne 28, Capt. Gadsby 6, Capt. Heath 9, Total 65.

Statement Handed to The Journal By Assistant to President of National System.

Says Public Should Be Made Aware Facts That Company is Open to Conciliation

After the meeting yesterday between representatives of the N. S. and T. Ry. Co., its employees and municipalities served by the system and Boards of Trade, to discuss the wage dispute and avert a strike if possible, Mr. A. J. Hills, the assistant to the President of the National System gave out the following statement to the press.

We were very glad to meet representatives of the public in the person of the officers of the Municipalities which the National System serves through the N. S. C. and T., as we believe our interests are entirely mutual. The day has gone when a railway—either privately or publicly owned—can afford to ignore the public—as a matter of fact that day never existed except in the imagination of some short sighted individuals.

When it comes to an issue which may result in a strike with the resultant inconvenience to the public it is more than ever the duty of those in charge of a public utility to make sure that the representatives of the public know the true position; that is why we readily accepted the invitation to come to this meeting.

Without going into details the facts are that the matters in dispute were referred to a Board of Conciliation and after hearings conducted in this City the Board reached unanimous decision with which the men are dissatisfied. The men under such circumstances have the technical right to exercise what they term their economic force—which means—a strike.

MINISTERIAL ASS'N. WOULD BAN PAPERS

Protest Against Admission of Hearst Publication Into the Dominion of Canada

The Ministerial Association held its regular monthly meeting at the Y.M.C.A. yesterday, Rev. R. D. Hamilton presiding. An address on "The Pulpit and Economic Problems" was given by Mr. J.E. Waterhouse. Among other matters of business put through the following resolutions were passed:

Thank the Press. On the motion of Rev. G.E. Honey seconded by Rev. H. L. A. Almon: That this Ministerial Association records its appreciation of the kindly and generous help given to the Inter-Church Movement by the newspapers of the city, The Standard and The Evening Journal, and hereby expresses its thanks for the same to the publishers.

Object to Hearst. On motion of Dr. G. H. Smith, seconded by Dr. D. E. Martin: Resolved That: This Association, having learned through an editorial in the Toronto Globe, of Feb. 6th last and through other papers since, that the newspapers published by William Randolph Hearst, banned during the war, are to be allowed to freely enter Canada, strongly protests against the admission into this country of publications so professedly anti-British as these are, and that

Northern Ontario in Grip of A Blizzard; Minister Spent Night in a Railway Depot

COBALT, Ont., March 2.—March came in real bearish in the north and a terrific all night wind followed by a sudden drop in temperature has so badly blocked the railways that it will depend entirely on shovellers as to when they will get going again. Drifts on the T. and N.O. main line to the north are four feet deep and the National from Winnipeg is stalled at Porquis Junction. Hon. Walter Rollo spent the night here in the local depot waiting for the train that did not come. His departure is indefinitely postponed.

GARDENS PART OF EDUCATION

"The school garden as a feature of agricultural education is tending to become, as time goes on, and its function is more fully understood, a permanent part of the school accommodation in Ontario," says J. B. Dandeno, Ph.D., in the Agricultural Gazette for January. He presents facts regarding the school gardens, showing hindrances and difficulties encountered, and indicates the trend of the movement in a table of figures showing the growth of the movement.

Those gardens are confined to the rural districts, and do much to encourage the scholars to engage in agricultural pursuits, as The Hamilton Times observes. But the high cost of everything in the line of agricultural production is such that the school boards in the cities might do something to educate the scholars along this line. It might be possible to find plots of ground in the neighborhood where the boys could cultivate vegetables of some kind for the dinner table. With potatoes selling for over \$4 a bag, many a boy might be able to pull down the high cost of living for his parents.

FROM OTHER PENS

FEW PROFITEER CONVICTIONS

The British system of having anti-profiteering tribunals throughout the country to apply drastic treatment to chargers of exorbitant profits has failed of its main object. In the first six months of the operation of the act, 1,00 committees were appointed. The number of cases heard has been 1,935, the number of convictions obtained 24, and the cost has been \$125,000. The results might seem very disappointing, considering the thoroughness with which some of the committees combed over the list of dealers for culprits, and the supporters of the anti profiteering act evidently thought so, when the question of an extension was up in the commons. But the effectiveness of a campaign, especially of this kind, cannot be judged alone by the number of convictions. For one dealer who is fined, a dozen may decide to keep inside the law after an example of prosecution.—Toronto Mail and Empire.

DOLLARS VS. LIVES

There are always people to whom dollars mean more than human beings. This is the very reason why men and women of ability are leaving the teaching profession. Men and women capable of becoming competent teachers can usually make more money helping others to make money than by serving the state by helping to make enlightened citizens.—Woodstock Sentinel-Review.

SIX MILLION JEWS NEAR STARVATION

Cold and Disease Add to Sufferings of Destitute Peasants of Poland.

Eastern Europe is the only part of the world to-day that really understands the meaning of conservation, in the grim sense of the word, according to reports brought back to the American Jewish Relief Committee by relief workers recently returned from these stricken lands.

Not a particle is wasted of any of the relief supplies sent from America by the Joint Distribution Committee of American Funds for Jewish War Sufferers or by other organizations. Garbage cans and dump heaps are naturally unknown quantities in a region where 6,000,000 Jews—men, women, and children—are at the point of starvation. Typical of the extreme thoroughness with which these people utilize everything to-day was the use recently made of a shipmen of flour, sent to eastern Europe by American Jewish relief agencies. The flour itself was used to feed destitute Jews at the soup kitchens. White bread is a luxury in these lands to-day, the taste of it forgotten by the poor, and none of the flour sent from America is made into bread as yet. It goes farther stirred into the soup issued at the Jewish relief stations.

In order to make sure that not one atom of the flour was going to waste, the seams were ripped from the sacks, which were then shaken over the soup receptacles. The next thing put to use was the cloth of the sacks themselves. There is practically no cotton or linen in eastern Europe to-day, and every scrap of cloth is put to use.

In this particular case, the sacks were needed both as shrouds for the dead, and as cloths in the operating rooms of the hospital. A part of them was devoted to each purpose. Both shrouds and bandages in eastern Europe to-day have to be made by sewing hundreds of tiny bits of used cloth together, so these flour sacks proved a godsend.

MOTHERS WATCH CHILDREN STARVE

Lack of Clothing Adds to Suffering Among Jewish Residents of Poland.

The patient resignation with which a mother in Poland accepts what the fates have in store for her children who frequently die of starvation before her eyes, is one of the things that leaves a lasting impression on relief workers there.

Jacob Bashein, who has just returned from abroad, where he had charge of a relief unit for the Joint Distribution Committee, which disbursed funds raised by the American Jewish Relief Committee and other bodies, said that food is distributed to the children in Lodz on a ration basis, and that where the small folks were unable to appear in person because of lack of clothing or illness from the "starvation sickness," the allotment was given to the mother. On one occasion a little woman with great hunger-appealing eyes, asked for four rations. The following day she appeared again and asked for only two.

JEWS STARVING IN JERUSALEM

Terrible Destitution Caused by Lack of Employment and Shortage of Food.

The street cleaners of Jerusalem form a picturesque but pathetic testimony to the terrible destitution of the Jews of that ancient city, according to the latest reports received by the Canadian Jewish War Relief Committee from relief workers abroad.

The problem of employment is so great in Jerusalem that it is almost impossible to find work in the natural way. For this reason, the Joint Distribution Committee of Funds for Jewish Sufferers from the War hired fifty of the most poverty-stricken Jews who applied to them for aid, to clean the streets in the Jewish quarter. The youngest of these street cleaners is fourteen years old. Seven of the street cleaners are between seventy and eighty years old, and eighteen more are between sixty and seventy years old. None of them have adequate clothing or food.

A three million dollar Canadian branch plant is to be erected at Sarnia by the Wills Lee, auto corporation.

Growth Shows Desire To Extend Army Work

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since Aug. 1 and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative and the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red Shield Drive.

A Forceful Man.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names on the Membership Roll than there were in this territory five years ago.

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Even in view of this, there are now only forty one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial total for the combined territories was \$48,726. In 1919, for Canada East

WOMAN'S BEST LAXATIVE
Proved Every Day That Dr. Hamilton's Pills Are Just Right for Woman's Ills.

Little wonder woman suffers so much from constipation. She always hesitates, continually puts off taking medicine.

Of course a woman's system is delicate, is easily injured by drastic purgatives. Bitter experience with harsh medicines makes her cautious, and to her great injury, chronic sluggishness of the system is permitted.

Few pills are suited to the actual needs of woman—they are too strong.

But there is a good woman's laxative, and it combines mildness with thoroughness of activity—it is known to the people of many nations as Dr. Hamilton's Pills, which never gripe, never cause nausea and are safe to use no matter what the conditions of strength, or circumstances of health may be. A naturalness and regularity of the system, so important to every woman, is quickly acquired by the regular use of Dr. Hamilton's Pills. As a health bringer, as a tonic, laxative, as an all round ladies medicine, there is positively nothing so efficacious as Dr. Hamilton's Pills of Mardrake and Butternut; 25c per box at all dealers.

alone, it was \$75,591. Harvest Festival returns have been doubled.

Shows Solid Growth. In all the various departments the same rate of growth has been recorded. This shows that as often as humanly possible every opportunity has been seized for the advancement of every branch of the organization.

Inasmuch as every act of service means the welfare of somebody, the position which the Salvation Army occupies today indicates tremendously increased service to the community.

This service has been rendered under the leadership of Commissioner W. J. Richards. His five years in Canada have been five big years for the Salvation Army in Canada, and give great promise for the future.

The McGill University water polo team beat the University of Toronto team by 6 to 1.

The premium on New York funds weakened to 15 3-8 at Toronto and 15 1-4 at Montreal.

refused to put into effect, for the public would have felt that the Company were in the wrong. The event of a strike would have hurt the men. Similarly if a minority award had been signed, Chairman and the Company's line we would have felt that the public would have been wrong. Therefore, how much more should the right to feel that the should frown on a strike which findings of the Board are unanimous—that is why I say men have a right to strike—as it would appear that such action was contemplated as practical in such cases.
Reasons of Men.
The reasons given by the men objecting to the award are set out in a letter filed with the Minister of Labor:
1.—That the duration of the present or awarded schedule months too long.
2.—That the minimum rate of trainmen in passenger service has been reduced by 3 cents.

refused to put into effect, no doubt the public would have felt that the Company were in the wrong and in the event of a strike would have supported the men. Similarly if a majority award had been signed by the Chairman and the Company's nominee we would have felt that the public would have been with us. Therefore, how much more have we the right to feel that the public should frown on a strike when the findings of the Board are unanimous—that is why I say men have a technical right to strike—as it would appear that such action was contemplated as practical in such cases.

Reasons of Men.
The reasons given by the men for objecting to the award are according to a letter filed with the Minister of Labor:

- 1.—That the duration of the Agreement or awarded schedule is six months too long.
- 2.—That the minimum rate for the trainmen in passenger service has been reduced by 3 cents.
- 3 and 4.—That the Board failed to establish definite rates for shopmen and for brakemen and polemen.
- 5.—Reference to an error in writing up Section 32, covering the method of payment for holidays, etc.
- 6.—Reference to a typographical error.

When the findings of the Board were received it was at once observed that some error had been made in writing up the report, and steps were at once taken to point these out to the Department of Labor. It would seem apparent that the last three items, 4, 5 and 6, will be corrected and any misunderstanding cleared up. The position, therefore, is that at present we are dealing with an incomplete report. With the exception of No. 5 these items are not of great importance.

The Practice.
Under item 1 the position of the men is that the award should have only been made effective for seven months from its date. The usual practice is for these agreements to continue for a year, and then to be subject to revision on 30 to 60 days notice. The last agreement was for a year. Because the rates established have been retroactive to August 31 the men take the position that the schedule awarded should only run for seven months, or to that date of this year. The Company cannot be blamed

for the five months delay. It was ready in September last, to place the matter before a Board. The Board in ruling that the schedule should continue for a year from the first day of the month in which the hearings took place, has made a decision which is best on general practice and understandings pertaining to such matters.

2.—Much is made by the men of the reduction in the minimum rate which applies only for the first six months of service—practically a probationary period—the old agreement read—first year 3c per hour. Under the Award it is 36c for the first six months and 39c for the second six months, has been explained that we would not make any deduction in wages from any employee who had drawn 39c per hour, but who, under the Award be entitled to only 36c per hour from August 31st last. This, however, is not a point. The compensation of employees is made up of rates and working conditions, and under the new conditions time and a half is paid for over time, as against a bonus of 10c per hour under the previous schedule. Also many other conditions have been made more favorable to the employees.

3.—Before the Board the Company made an offer to discuss shopmen's rates, and the officials stated their willingness to grant some increase to generally bring the men up to meet rates on other Electric Lines, if any could be shown to pay higher rates. The men's representatives at that

Dean of Queen's On Clark's Career

(Continued from page one)

International law and arbitration, the British Privy Council, Commercial Law in Canada, the Supreme Court of the United States, and the drawing together of the English speaking peoples. It is doubtful if any other Canadian has done more to promote this last cause. His paper on the Reign of Law was reprinted by the Bar Association of the United States for distribution, as an antidote to anarchism.

Mr. Clark has also found time to write important articles on scientific subjects. The late Lord Kelvin, after reading his paper on Luminiferous Ether, stated publicly that Mr. Clark's choice of law as a profession was a distinct loss of Science.

His services to his own University (Toronto) have been many and valuable and he was foremost in the reorganization which took place a number of years ago.

Brew your coffee, not boil it

WHY is it the coffee some people make is always bitter? This is why. The shell of the coffee bean contains valuable aromatic oils, also bitter substances. When you boil your coffee you not only boil out the oils, but the bitter substances as well.

When you brew coffee by simply pouring furiously boiling water on it—then standing it in a hot place for ten minutes, you get perfect coffee because only the oils are extracted. You get most satisfaction when you use

Rideau Hall Coffee CHAFFLESS

Human salvage

AFTER a storm or a wreck along came Salvage Corps. They do magnificent work.

BUT what of human wrecks? Again the Salvage Corps—but another kind. When men get utterly down and out it's no use trying to reclaim them by merely putting them into jobs. They must be built up—step by step, until they can meet fellow man self-respectfully.

THIS is an intensely interesting and very gratifying aspect of the Social Work of the Salvation Army.

THE buildings where these men are first employed are called Industrial Homes.

SOVIET PROPOSAL TO GREAT POWERS

New Peace Offer Has Been Submitted By Lenin.

WASHINGTON, Mar. 1.—In a new peace proposal to the Great Powers, according to official despatches received here yesterday, Soviet Russia pledges the establishment of democratic principles in that country and the calling of a constituent assembly.

Will Withdraw Decree.
It promises to withdraw the decree annulling Russia's foreign debt, restoring 60 per cent. of the liability, and also to pay arrears of interest giving to an Anglo American syndicate as a guarantee of the fulfilment of its obligations valuable platinum and silver mining concessions.

Ask United States Credit.
In return, the Powers are asked to give up intervention in Russia. The United States is asked to allow a credit to Russia conditioned upon considerable concessions.

Announcing Red Rose Orange Pekoe Tea

During our twenty-five years in business, Canada has made wonderful progress in education, refinement and wealth.

The scale of living and the tastes of the people are more luxurious than a quarter of a century ago.

Realizing this we have decided that—in addition to our well-known standard brands of Red Rose Tea, the sales of which are increasing faster than ever before—the time is opportune to introduce a tea of extra quality. It is an Orange Pekoe Tea of very fine quality under the popular Red Rose brand, and called Red Rose Orange Pekoe Tea—a special tea of extra quality for people who are willing to pay a little extra price.

To ensure the quality and success of this new tea we have concentrated on it all the resources, the experience and the advantages possessed by our big organization.

The Orange Pekoe Teas we use are selected, with a knowledge born of long experience in buying teas abroad.

Red Rose Orange Pekoes are grown on the best plantations;
—from tested seed;
—on carefully cultivated soil;
—at a high elevation (mountain grown teas are very superior to low-land teas.)

They are gathered at the time of the year when the flavor is most fully developed in the leaves.

The manufacture and final preparation are carefully and skilfully done.

When brewed, Red Rose Orange Pekoe Tea has all the characteristics of fine quality tea.

It has a bright, sparkling amber color in the cup.

The aroma is delicate and delightful.

After the liquid is poured off, the leaves in the pot are a greenish copper color.

The flavor is of rare charm and distinction. The more cultivated your taste the more you will appreciate it.

The strength is rich, satisfying and invigorating.

Red Rose Orange Pekoe Tea is sold only in our sealed waxed board cartons which fully protect its fine quality.

Ask for it by the full name: Red Rose Orange Pekoe Tea. The words "Orange Pekoe" are in orange on our new waxed board cartons.

Our well-known Red Rose package, the sale of which is increasing faster than ever before. Red Rose consists chiefly of sam teas, the richest and strongest in the world and therefore very economical. (Red Rose Orange Pekoe package is a little different in design.)

T. H. ESTABROOKS COMPANY, LIMITED
St. John, Montreal, Toronto, Winnipeg, Calgary, Edmonton,
St. John's, Nfld., and Portland, Maine.

To Grocers:—Our travellers are on the road taking orders for the NEW tea. If our traveller hasn't reached you, better phone or mail an order immediately to our nearest office. There is sure to be a considerable demand at once for this fine quality tea.

The Right Time to Invest is Now. The Right Place to Invest Your Money is in

Great State Petroleum Co.,

Copy of the Statutory Prospectus

NOW PAYING 2% DIVIDEND MONTHLY

Of Texas, Incorporated

Of Great State Petroleum Company of Texas (Inc.) filed with the Provincial Secretary of Ontario, Canada, and dated 30th September, 1919.

The Company is incorporated under the laws of the State of Delaware, with an authorized capital of \$15,000,000, the par value of shares being \$10.00, all common stock. Its head office is at Room 205, 320 Fifth Avenue, New York City.

The original incorporators, each of whom subscribed for five shares for the purpose of incorporation, are: Isadore M. Katz, attorney, and Richard L. Cunningham, stenographer, both of No. 32 Liberty street; Walter H. Marshall, clerk, 111 Broadway; Martin A. Purnell, salesman, 43 W. 33rd street, all of New York City; Percival K. Frowert, President of Percival K. Frowert Company, Inc., New York City; Albert C. Rick, oil operator, Dallas, Texas; Martin A. Purnell, salesman, 43 W. 33rd street New York City. Further directors up to fifteen, the number fixed in the by-laws are to be appointed.

By contract dated Sept. 26, 1919, between them and the Company, Albert E. Shahan and Harry A. Hurt, dealers in oil properties, Dallas, Texas, acting for themselves, and Albert C. Rick and W. P. Sims, oil land dealer, Hillsboro, Texas, sold to the Company ten groups of oil and gas leases in Texas, consisting of 11,277.33 acres, for \$845,360.00 par value of stock (64,336 shares); by another contract dated September 26, 1919, between the same parties and the Company, they have sold to it twenty-four other oil and gas leases, covering in all 69,350 acres, all in Texas, except 200 acres in Oklahoma, and a 3-18ths interest in the production of other producing oil wells, at prices fixed for each property and totalling \$3,803,362.00. This property is to be paid for by the Company in stock of the Company at par value, the Company, having the right to investigate titles and to refuse to complete purchase of any property, the price of which is not approved by appraisers, one of which is to be selected by the Company and one by the vendors, and they to select a third in the event of disagreement, and the Company having the right to take any one of the individual properties at the stipulated price in shares of the Company at par. The vendors agreeing to furnish an abstract of title to the respective pieces of property within ample time for the Company to have same examined in order that the Company may proceed with the appraisal heretofore referred to; all appraisements made are to be made to the Company in writing, without unnecessary delay.

Another contract dated September 26, 1919, has been made between the same parties, giving Hurt and Shahan an option on all of the stock of the company, except 300,000 shares, which is reserved by the company for the purpose of acquiring more oil leases or personal property, and except 64,336 shares and 380,336 shares above referred to, which has been set aside for exchange for properties on the terms therein set out, a copy of which is filed with this prospectus and which may be inspected at the office of the Provincial Secretary of Ontario, where also the other contracts may be inspected. Copies of all of the above contracts may also be inspected during any business day at the office of the Company. The law of Delaware, not calling for any minimum allotment, the contracts are now binding. Shares are not sold subject to call, but fully paid and non assessable, and certificates will only be issued upon payment being made in full, but there is power to sell on 30 per cent. being paid in cash, and the balance in thirty, sixty and ninety days, with interest at 6 per cent. per annum from date of contract, and subject to forfeiture for failure to pay any balance.

The by-laws provide that any shareholder is qualified to be a Director, and, do not allow Directors to receive salary for being Directors, but the officials, President, Vice-President, General Manager, Secretary and Treasurer, will be entitled to salaries as such.

The preliminary expenses are estimated at under \$5,000.00, the expenses of promoting the properties being borne by the vendors, and the Company paying no part of any expense of Hurt and Shahan in selling the stock optioned to them.

Dated 30th September, 1919.

ALBERT C. RICK,
PERCIVAL K. FROWERT,
MARTIN A. PURNELL,
WALTER H. MARSHALL,
Being all of the Directors of Great State Petroleum Company of Texas (Inc.)

This young Company is a consolidation of the independent oil companies of Texas and Oklahoma. The people affected by this consolidation have all received shares at par in payment of their holdings, and therefore only receive returns as dividends are paid.

We believe that investments in the THE GREAT STATE PETROLEUM COMPANY OF TEXAS, Inc., will be a source of pleasure to the investors, for the reason that the Company is to-day beyond a mere speculation, as it is a decided success. The shares of all well managed oil companies are considered the most profitable class of investment in the world to-day. Successful oil companies require three things, viz: Capable and successful business men to manage and direct its affairs. Experienced and successful oil men to manage and develop its properties. Properties in Proven Oil District. The Company already has the first three, and we are rapidly adding a fourth requirement, which is very essential to successful oil companies, and this is further capital.

The property owned by this Company is so advantageously located that it is our opinion that the Company will result into one of the leading oil companies of to-day. Considering the fact that the management is unexcelled, we know of no reason why the Company's success should not be extraordinarily rapid. The Company earns at the rate of \$800,000.00 per month, or a total of more than 50 per cent. on the entire capitalization, of which less than one-third is outstanding.

Around April of this year stock of this Company will be selling on the New York market for a great deal above par and we would not be surprised if it were selling for at least \$50.00 per share, as the dividends and earnings the company has and will have by then will justify such a value.

Since issuing the prospectus, the Company has increased the production from its oil lands to 10,000 barrels per day, and an added acreage which now makes the entire acreage leased or controlled by this company 95,000 acres. Additional assets added consist of a 5,000 barrel refinery, 200 tank cars and a 45 mile pipe line running from the Burkburnett Field in Wichita County, Texas, to the refinery at Lawton, Okla., together with all pumping stations, loading racks, switching tracks, etc. The line alone is earning the Company \$2,500.00 per day.

Dividends at the rate of 2 per cent. monthly have been declared and paid. Next dividend March 1st.

We would suggest that you make the fullest investigation of this Company and the Board of Directors, and it will be our pleasure to give you any further particulars you may desire. We confidently assure you from the success that has attended this Company in the past, purchasers of this stock, in my opinion, will receive very large returns within the next twelve months.

PRICE UPON APPLICATION

GREAT STATE PETROLEUM CO. Of Texas, Inc.

The Managing Director of this Company, Mr. A. C. PARKER, is also interested in these big successful concerns:

President Park Oil and Refining Co.; Director Sunshine State Refining Co.; Director American National Bank, Wichita Falls; Director Wichita State Bank, Wichita Falls, and there are twelve other big financial and business men behind Great State Petroleum Co., of Texas, Inc.

Influenza Has Later Dangers

Particular Care Needed When Patient is Convalescent, Says Expert.

The influenza convalescent who has apparently recovered from the disease and is yet in a strangely weak and depressed condition should be the object of particular care, according to Dr. Louis I. Harris, director of the Bureau of Preventable Diseases

of the New York Health Department. In the opinion of Dr. Harris the after care of the influenza patient is most important. The co-operation of the patient, coupled with the willingness to see that the weakness and depression are a part of the illness, though coming after the disease itself has spent its force, is a big factor in affecting a complete return to full health. On the other hand, the determination to ignore this debilitated condition and to fight against it, will, Dr. Harris says, frequently bring

serious consequences upon the patient.

After Effects Bad.—"The subject of the after effects of influenza," said Dr. Harris, "is one of particular interest to the scientist at the present time.

"First, and perhaps the most momentous condition to be considered is the striking depression, mental, nervous, and physical, complained of by most patients. Those attacked by the disease with moderate severity are almost always afflicted with this depression, which should be recognized and dealt with. Those who have had mild cases of the epidemic are little affected by depression and their quick return to health and strength gives rise to the belief that influenza is trivial. On the contrary, influenza in its after effects is anything but trivial, and calls for the application of rules of common sense and sanitation

which are the fruit of years of experience.

"Tonic treatment, well chosen diet and great care in not becoming overtired or allowing the body to be chilled are necessary. Eggs may be eaten, but not more than two a day, for the average adult. Of course, it must be remembered that in many cases this disease tends to direct its force against the kidneys, and therefore we instruct patients to avoid eating a great amount of meat, eggs, or beef extracts. Eggs, soft boiled, poached, or beaten, raw, are advisable in limited number. The raw eggs should always be well agitated before taking.

When Good Food is Bad.—"With milk and eggs as a foundation the patient should eat good nourishing food, including meat, fish and vegetables, simply prepared. Frying for instance, is out of the question.

Good food prepared in an unassimilable manner becomes bad food; especially this is to be noted in cases of convalescence from influenza for the disease often manifests itself in vomiting, and in intestinal and gastric disturbances, and it is important not to weaken the poorly prepared food, or even the best of food in ill advised quantities. The quantitative distribution of foodstuffs should be so adjusted as not to overtax the stomach but the patient should eat generously and frequently.

As a tonic to build up the blood and stimulate the shattered nerves, Dr. Williams' Pink Pills are unsurpassed. These pills actually make new, rich, red blood, which reaches every organ and every nerve in the body, improves the appetite, strengthens digestion and drives away the feeling of weariness and depression always following an attack of la grippe or influenza. Those who give Dr. Williams' Pink Pills a fair trial will be amply repaid by the new health and strength this tonic medicine always gives.

Laid to Rest.

The funeral of the late Henry St George Rogers took place on Friday morning at 11 o'clock from the family residence, Oak street, Merriton and was largely attended by sympathizing friends. Following the Church of England service which was conducted by Rev. H. L. A. Almon, rector of St. James Church, the remains were placed on a special funeral car and conveyed to Trinity Church, Chippawa, where a service was conducted by Rev. Mr. Almon assisted by Rev. Canon Scutamore, rector of that church. After the service the late Mr. Rogers who had lived such a quiet and useful career during his

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, adds the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

FIRMS MANUFACTURING BUILDERS' supplies and contractors' equipment desiring sales representation in Toronto and surrounding districts. Advertiser has sales organization and wide connection with architects, engineers and building trade. J. F. P. Tate and Co., 415 Manning Chambers, Toronto. f 28, m 24

WINTER WEATHER
HARD ON LITTLE ONES
Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from **The Dr. Williams' Medicine Co., Brockville, Ontario.**

Wool's Cotton Root Composts.
A safe, reliable regulating medicine. Sold in three doses of strength—No. 1, 2, 3. No. 1, 8¢; No. 2, 5¢ per box. Sold by all druggists, or by mail on receipt of price. Free pamphlet. Address: **THE WOOL MEDICINE CO., Toronto, Ont.**

Canadian General Electric had a sharp advance on the Toronto and Montreal exchanges.

SOILS AND COMPOSTS

Best Suited for Pot Plants, Hot Beds, Seed Sowing, Etc.

Well-rotted, Tough, Fibrous Sod the Best Basis—How to Prepare It—Substitute Potting Soil — Bone Meal a Valuable Fertilizer.
(Contributed by Ontario Department of Agriculture, Toronto.)

SECURING suitable soil or compost for all features of horticulture or horticulture is a very important matter if the best results are to be obtained.

The best basis for all ordinary potting soils is well-rotted, tough, fibrous sod, taken from loamy or light clay loam soils. Sod from an old pasture field, or from the roadside, from where the grass has been kept fed or cut down constantly, will give the closest growing soil, with lots of fibrous roots attached. These fibrous roots are one of the very necessary essentials in potting soils to keep the soil open and friable. The sod should not be cut from heavy clay soils, or where noxious weeds, especially "couch," "spear" or "witch" grass is growing. The sod should be cut from near pine or cedar trees as the turpentine in the leaves or pinnae of these trees is very detrimental to plant life. It is also best not to cut the sod from very swampy soil. Well-rotted barnyard manure such as from an old hot bed, or cow manure, are both good fertilizers to use for a soil compost. Horse manure alone is not a good fertilizer for a compost. About one-third horse manure and the balance cow manure will be suitable. Late in autumn or early spring is the best time to prepare the soil compost, autumn preferred.

How to Prepare.—The sod should be cut about four inches thick, and about eight to ten inches square. It should be stacked out of doors in a row of the way part of the garden or grounds. A space six or eight feet long by five or six feet wide would be a good supply for a small greenhouse, or for a few hot beds for a year or two. Start by placing one layer of sod packed close together with the grass side downward over the space selected. Then add a second and third layer on top of the first layer. About four or five inches in depth of either of the fertilizers mentioned should now be spread evenly over the third layer of sod. Another three or four inches of sod should then be placed on top of the fertilizer as before. Then another layer of the fertilizer as before, and so on until the pile is four or five feet in height. About two inches in depth of soil should be placed on top of the pile to finish off with. Place some wire netting or brushwood (not pine or cedar) all over the top of the pile to keep the sod from blowing away. Good soakings with water after it is finished, or during dry weather in summer, to hasten decomposition. In six to eight months it should be ready for use.

Preparing for Use.—When ready for use, trim or slice down, with a sharp spade, the quantity required for use. If the soil is to be used to secure the proper proportions of soil and fertilizer. For potting purposes this should be put through a coarse sieve having a 3/4-inch mesh. All the decayed part and the fertilizer, should be worked through the sieve. The partly decayed fibrous or organic matter that will not pass through the sieve should be chopped or pulped and put into the soil, if at all decomposed.

Tempering or Mixing Soils.—If the soil is of a heavy clay loamy nature and one part sand should be mixed at the time of using, with eight or nine parts of the sod compost for repeating purposes, for plants such as geraniums, roses, chrysanthemums and similar plants one part of leaf soil, (rotted leaves) or black soil from the bush (decayed leaves), may be added to the compost and sand before mentioned. Black leaf soil from the bush alone does not make a good potting soil for but very few plants, it should be mixed with other soil as stated.

Substitute Potting Soil.—A good substitute potting soil or compost may be made by mixing about seven or eight parts of good, light, loamy garden soil or loamy sub-soil taken from underneath sod, with one part sand and one part leaf soil as before mentioned, mixed well together. One part of dry cow manure, which can be secured from the fields where the cows have pastured, or one part of pulverized sheep manure should be added as a fertilizer to this substitute potting soil. The pulverized sheep manure can be purchased at almost all large seed stores at the rate of about \$2 per 100 pounds. Or about one pound of fine bone meal or bone flour to each bushel of soil may be used as a substitute fertilizer to those named. Sheep and cow manure are two of the best fertilizers to use in connection with all horticultural work, whether incorporated in potting composts as stated, or used out of doors as liquid solutions for flower borders or the vegetable garden during summer, if the ground is not rich enough in fertilizers. Seepage from the barnyard diluted one-half with water makes a good liquid fertilizer for outdoor use where the soil is poor.—Wm. Hent, D. A. College, Guelph.

A New Blood-Food Has Been Discovered That Works Wonders

For years doctors have been searching for a combination that would enable them to inject into thin blood the elements it lacked. This can now be done, and any weak-blooded person can quickly be made stronger and well.

Already a small army of ailing people have proved the merit of taking after each meal with a sip or two of water two chocolate-coated Ferrozone tablets. This is easily done, and even one week's use of this wonderful blood-food will prove how nourishing and strengthening and flesh building the treatment is.

Just think of it—Ferrozone replenishes the entire nervous system, removes the blood, makes it rich and red—gives the sort of aid that's needed in throwing off weakness and languor.

Tens of thousands enjoy the advantages of renewed health through Ferrozone; if you'll only use it, you will surely grow strong, too; its beneficial action is noticed even in a week. You see it goes right to work, removes the causes of the trouble and then quickly makes a cure.

For those who sleep poorly and have nervous apprehensions, Ferrozone such cases.

Where there is paleness, poor appetite and languor, Ferrozone makes the patient feel like new in a few days.

In tired, nervous exhaustion, spring fever and debility, the power of Ferrozone is known from coast to coast and universally used with grand results.

Let Ferrozone build you up, let it win you back to robust health—it will do so quickly if you give it the chance. Sold by all dealers. 50 cents per box or six boxes for \$2.50. Remember the name Ferrozone.

It was unofficially announced on Saturday that the Newcastle United soccer team will accept the invitation of the D.F.A. to tour Canada this coming summer.

EMPLOYMENT SERVICE OF CANADA

EMPLOYERS
THE EMPLOYMENT SERVICE OF CANADA

The PROFESSIONAL and BUSINESS SECTION has been established to assist professional, business and technical men and women.

Many officers, soldiers, sailors and war workers, who sacrificed their positions during the war, now desire to secure employment in the occupations for which they have been specially trained.

Employers should not wait until increasing business forces them to employ anybody they can obtain, but should look ahead and avail themselves of this unusual opportunity to enlist the services of highly trained workers, ordinarily secured only with difficulty. On application there can be referred to you, for example:—

- ENGINEERS
- ARCHITECTS
- BUSINESS EXECUTIVES
- ACCOUNTANTS
- SECRETARIES
- TEACHERS
- LAW CLERKS
- COMMERCIAL ARTISTS
- SALES MANAGERS
- TRAVELLING SALESMEN
- CHEMISTS
- YOUNG COLLEGE GRADUATES

These workers are returning to civil occupations with increased initiative, a broader view of life, and a greater capacity for work.

EMPLOYERS
Please state your requirements to the nearest office of the **EMPLOYMENT SERVICE OF CANADA** PROFESSIONAL AND BUSINESS SECTION
In each office the **INFORMATION AND SERVICE BRANCH** DEPARTMENT OF SOLDIERS' CIVIL RE-ESTABLISHMENT has a representative to render special service in the re-establishment of the returned soldier.

PHOSPHONOL FOR MEN

Restores Vitality and Energy. Increases "grey matter." A tonic will build you up. \$1 a box, or six for \$5. On receipt of price.

DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION

A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

RHEUMATIC AILMENTS

SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS.

Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

Quick and Lasting Results Assured the Ailing Man

BLOOD YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD. Any "building process" of the body and mind, of the muscle and tissue formations, of any of the various vital organs, can be accomplished only by working direct through the blood stream.

Two-Party Line Telephone Service

NECESSARY curtailment of new construction during the war, followed by the unprecedented development since the armistice, have resulted in a universal shortage of telephone material.

In order to utilize our supply of equipment to the best advantage, to reduce delay in installations to a minimum and to avoid refusing service to anyone, we ask those intending to order telephones to consider the advantages of Two-Party Line Service.

With the central energy system in use here the operator can ring either of the telephones on a two-party line without disturbing the other. The cost to the user is substantially lower than for individual line service.

The rate for two-party line service is, for Business telephones \$30.80 and for Residence \$22.00 per annum.

We will be glad to furnish full information to anyone interested.

Pupils Honor Her Memory

Attnd in Body Funeral of the Late Miss Annie Dunn.

A large number of sympathizing friends gathered at the home of Mr. and Mrs. George Dabald, Merriton, on Monday morning to attend the funeral of the late Miss Annie S. A. Dunn, Mrs Dabald's sister who passed peacefully away at the General and Marine hospital on Saturday morning last. Deceased had been for a number of years teacher at the public school where she was very popular among both the pupils who were under her jurisdiction and also the parents.

To show their last respects to their late teacher the pupils of the school attended the funeral in a body and accompanied the cortege as far as Regent street. Rev. R. S. E. Large, pastor of the Methodist Church, conducted the service at the house, assisted by Rev. W. H. Smith, pastor of the Presbyterian church, who had been connected with Miss Dunn on the School Board for the past few years. Both clergymen spoke of the untiring efforts of the deceased lady while in Thorold, not only a faithful school teacher but a general favorite with every person with whom she became acquainted. After the impressive service was over the remains were conveyed to the Grand Trunk station at Merriton where they were sent to the family home in Thamesville where the funeral service at that place will be conducted this afternoon and the burial will take place in the family cemetery. Those who acted as bearers were: William Edmunds, H. Bonus, L. C. Lorrman, T. McBride, William Hunt and John H. Thompson.

The floral pieces were many and beautiful.

ARMENIAN FUNERAL

The funeral of Arakael Parsigin took place from Grobb Brothers chapel on Monday afternoon and was largely attended by friends who were employed at the Armenian department's of the different places of manufacture in St. Catharines. The remains were taken to St. Barnabas Church where the service was conducted by the Armenian priest after which the late Mr. Parsigin was laid to rest in Victoria Lawn Cemetery. Six Armenian friends conveyed the casket which was entirely covered with beautiful flowers.

FUNERAL THIS MORNING.

The funeral of Simon J. Sheehan took place this morning from the family residence 5 Yate street to St. Catharines R. C. Church. Rev. Mr. Mogan chanted requiem mass. The bearers were M. J. Murphy, John Fahy, John O'Brien, Thomas Phelan, James Stack, Martin J. Cahill. Interment at Victoria Lawn Cemetery.

To Darken Hair And Look Young

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

CITY AND DISTRICT

We buy everything you want to sell. McGuire & Co.

Ald. James Dakers has purchased the grocery business at the corner of King and Queen streets from Mr. Ed. Gander, and has placed his son, James Dakers, in charge of it.

Illness of one kind and another has taken heavy toll of citizens in this city and district during the last few days. There were ten deaths and funerals recorded in The Journal columns yesterday.

Miss E. M. B. Warren will address the Women's Canadian Club at the Welland on Thursday evening, March 4th at 8.30 p.m. Subject "The Homes and Haunts of John Ruskin." With lantern slides. m 2 3 4

MR. BIGGAR OF OTTAWA HERE Mr. C. A. Biggar, president of the Civil Engineer's Association of Ontario, has been in the city from Ottawa looking after the remains and interment of his late brother Peter Biggar. He was assisted in many ways by ex-Ald. G. M. Elson, who wired Mr. Biggar. Deceased was well connected but none of his relatives lived here, a sister living in Milton, a brother in California and Mr. C. A. Biggar in Ottawa. Rev. David Snider of Toronto is also a connection.

The old political parties have been very kind to the new U.F.O. Government, which has been afforded consideration never extended to a new administration before. Obstacles have been cleared from its path; it has received every encouragement. From now on it will be judged by what it does, and not by what its mouthpieces say. On its work, not its words, will the new Ontario Government now have to stand or fall. Let it remember this and make use of the sunny days.—Guelph Herald.

The well-known dry goods firm of Wilkinson, Johnson & Company, of Niagara Falls, N. Y., announce the establishment of Canadian connections in Canadian investments in order that Canadian money may be taken at par. An advertisement on another page of this issue, calls attention to the fact.

TEAMSTERS

W. D. ORDER NO. 4477 SEALED TENDERS will be received, addressed to the Chairman of the Board of Works, City Buildings, St. Catharines, Ontario, up to five o'clock in the afternoon of Tuesday, March 4th, 1920, for the supply of one to five teams with teamsters and suitable waggons for the collection of garbage in the City of St. Catharines for the year beginning April 3rd, 1920.

Forms of contract and additional information may be had from the office of the City Engineer.

The City reserves the right to accept the lowest or any other tender or to reject all tenders.

W. P. NEAR, City Engineer.

Canada With N Over

ided By Western Stat Canadians Put Argument for Deeping River Route; Think Will Win C

BUFFALO, March 3.—Canada Western States linked forces today in vigorous advocacy of a

tion and power projects involving the Great Lakes-to-the-sea route, under consideration by the International Waterways Commission. Their representatives are dis

optimistic tonight. They have Gotham Goliath of opposition own ground, and they believe

own ground, and they believe they have held the line. There is cause for certain of

confidence. The allies present a strong case. They more than their own— and the Commission north and west. During

at three months it plans an extensive itinerary. It goes westward as Denver, and then to Toronto, Montreal, Winnipeg, and, on the Atlantic demand of the Canadian Growers of the West, on into Saskatchewan and Alberta.

Over this entire route, with possible exception of Montreal, the Trade, Chambers of Commerce, Grain Growers' Association and bodies will endeavor to prove absolute necessity of the canal Lawrence project.

New Commission Invites Dominion Canada's Representatives May Central Europe With L. of N Organization.

OTTAWA, Ont., March 3.—The organization of a commission by the League of Nations, which Canada may have representation, for the purpose of visiting

Poland, Southern Russia, and find out exactly the condition central Europe, is to be called the received by the Minister of

from Deputy Minister Acland who is at present in London. He suggested that Canada should representative immediately.

In reply to a cable from Secretary Robertson, asking if Mr. Acland Mr. Tom Moore, president of Trade and Labor Congress, waiting in London for the next

ing of the governing body of the International Labor Conference, Mr. Acland says that it would almost impossible for them to arrangements. Conditions of

are extremely difficult, and difficulties of language would make comparatively useless to travel the various countries without an interpreter. It would, however, possible to obtain the latter.

The Deputy Minister, however, on to say that Director Acland's of the governing body of the International Labor Conference informed him of the suggestion, which may consist of members. Canada, it is stated, submit the names of their representatives without delay, so that commission is established at the of the March meeting and Canada recorded a place upon it, there to time lost in getting to This commission would, probably representative of a large number countries and would have excellent facilities for investigating conditions in Central Europe. Mr. Acland states that one
