

THE DOMINION IN BRIEF.

Mrs. Parent, of Chatham, has just added the 29th child to her family. Natural gas has been struck on a farm near Windsor at a depth of 95 feet.

A blacksmith was robbed of \$700 in one of the French banks of Montreal. Engineer Mackay was run down and killed by a M.C.R. train at St. Thomas.

T. J. Watts, who hails from London, has committed suicide while insane in Barris jail. James Forbes, a South London lad, while wrestling with a companion, broke one of his legs.

Sonator Scott's daughter was married to Post Office Inspector Fletcher, of Victoria, B. C. Lord Stanley was delighted with his inspection of the new submarine tunnel under the St. Clair.

Hamilton is happy. She has obtained from Lord and Lady Aberdeen a promise to visit the Central Fair. A meeting has been held in Winnipeg to organize relief for the famine-stricken districts of Ireland.

The dog show at the Kingston Fair was a financial failure and resulted in a loss of \$300 to the Association. A 16 year old girl hung herself at Headingly Man, because she objected to her father's second marriage.

Winnipeg is going to put some pressure on Sir Hector Langvin to get the Red River navigation improved. Mr. Andrew Allen, head of the Allan line of the country, is dangerously ill at his residence in Montreal.

The Rev. G. Bayne, of Pembroke Presbyterian Church has been chosen moderator of a banquet and banquet. Three Indians walking along the railroad track at Niagara Falls were struck by a train. One was killed.

Hon. Algonon and Hon. W. Stanley, sons of the Governor-General, has left England by the steamship Vancouver. The Hobbs Hardware Company, of London, has issued a capias for \$75,000 against F. C. Wheeler, alleged to be due by him.

The body of the man Cousineau who was drowned last week in the Calumet rapids has been recovered and buried at Pembroke. A Frenchman named Inquir is under arrest for robbing a companion of \$300. He had spent \$50 in clothing and the remainder was found upon him.

William Eyer, express messenger at Oil City, Ont., lost both legs by falling under the cars, which he attempted to board while they were in motion. Lieut. Stairs received a public address and a valuable piece of plate from the citizens of Halifax, in recognition of his heroic services with the Stanley expedition.

Hollingsworth, stabbed by Langford in the Kingston Penitentiary, is lying in the hospital, but rapidly recovering. Langford will be indicted for murderous assault. Robert Armstrong, a farmer of Hanlan, near Brampton, was found lying insensible in a ditch and his wagon bottom open. The horse is supposed to have bolted.

Two young men named Greenless and McDougall left Oxenden for Warton in a sail boat and have not reported. As the steamer was equally it is feared they are drowned. The Dominion Government has offered to compromise with the representatives of the late Capt. Allen in the matter of his claim for damages on account of the seizure of the Bridgewater.

A petition has been received at the Customs Department from Montreal and Toronto merchants asking to be relieved of the five cents additional duty imposed on ladies' hats last session. Brakeman George Middy, of the Grand Trunk railway, had a hand completely severed at the wrist while coupling cars on a train near Feterbury station, on the main line of the railway.

The number of Canadian wrecks in Canadian waters during 1889 was 15. 5 were total wrecks. 15 lives were lost. The number of wrecks of all vessels in Canadian waters was 251, 57 being total. The loss of life was 80. Sir John Thompson, Minister of Justice, has signed a warrant for the surrender of John C. Brodie, wanted at Pittsburg, Pa., for forgery. He was committed for extradition at Windsor, Ont., by Commissioner Bartlett on the 30th of August last.

A grand jury was given by the citizens of Montreal to Fris George of Wales in the Windsor hotel. It was a very brilliant affair. Prince George led the dance in the opening set with Lady Hickson. Admiral Watson dancing with Senator Lacoste's wife. Mr. Justice Rose has delivered judgment on the findings of the jury in the famous St. George accident cases. The learned judge holds in substance that the jury have disagreed, and unless this finding is reversed on appeal, there will be a second trial before a new jury.

The executive of the Equal Rights Association has arranged for a public meeting at Ottawa on the 23rd inst., when Chief Timothy, of Okla., will be in attendance to explain his grievance against the Indian department. J. J. Maclearen, of Toronto, and Norman Maclearen will also be present. At Sherbrooke, Que., the other day a deaf and dumb man was charged with larceny. He testified by pencil and paper that he would conduct his own defence, and that was immaterial to him whether the examination was conducted in English or French. The trial proceeded, and the prisoner was acquitted.

From a Quebec source it is learned that Cardinal Taschereau refused to attend the Governor-General's banquet unless he were placed next Prince George. It is said Lord Stanley was about to yield when Admiral Watson and General Ross protested, and declined to attend if the Cardinal were placed before them. The Minister of Justice has informed the department of lumber merchants and pork packers who waited upon the Government that the ruling of the Customs Department levying \$8 per barrel duty upon heavy clear pork was incorrect, and that the pork in barrels containing sixteen pieces or under, cut from sides of hogs, would only be liable to pay \$3 per barrel duty.

The third annual meeting of the Dominion Medical Association was held at the Education Department buildings, Toronto. In his opening address to the delegates who come from all the provinces of the Confederation President James Ross, Toronto, urged the necessity for vigorous action in the direction of securing a uniform system of degrees and licenses over all the Dominion, so that a practitioner in one province may practise in another. Mrs. Stewart, the Toronto faith curist, against whom the coroner's jury found a verdict of manslaughter, went to the police headquarters and gave herself up to Inspector of Detectives Starkey. She had previously been ordered before Judge McDougall and obtained an order for bail, the penalty being fixed at herself in \$1500 and two sureties of \$700 each. The bail bonds were made out requiring the defendant to appear in the Police Court on Wednesday morning at ten o'clock to stand her trial for manslaughter.

HOUSEHOLD HINTS.

Blackening Stoves.

Every good housekeeper dislikes to see a grimy stove, yet often dreads equally the grimy hand acquired in the process of blackening. A pair of thick gloves is, of course, a necessary part of the outfit of any woman who does kitchen work, and yet she desires, as she should, to keep her hands dainty. As a rule, far too much blackening is used on stoves. A cake of blacking such as is sold for eight cents ought to last a year for blackening one stove. If more blackening is used, it will not be rubbed into the surface of the stove as it should be, but remain as a fine dust to be afterward blown about the kitchen and cause a generally grimy appearance, so often seen in uncleaned-for kitchens. A fresh coat of black should not be applied oftener than once a month, when the fuses should also be cleaned out and the interior of the stove thoroughly brushed out. Before putting on new blacking, the old blacking should be washed off. The new coat must now be applied and the stove thoroughly polished.

The edges of the stove, if they are of polished iron, should not be blacked, but cleaned like a steel knife with aspic or brick dust. The nickel knobs and other nickle parts of the stove must be rubbed bright with chrome skin or old stricken flannel, an ordinary paste and whitening brush is one of the best things with which to apply blacking to a stove. A stiff brush such as is used for this purpose is the best brush for polishing. During the month, polish the stove with the polishing-brush each morning, just after cleaning the fire. Keep an old cloth always on hand in cooking, to rub off any grease spot as soon as it occurs. If the spots are obstinate, a few drops of kerosene oil put on the stove cloth, will remove them. The ground edges and nickle work of the stove should be rubbed off at least once a week, besides the monthly cleaning when the stove is blacked.

Taking Care of the Fruit.—With all the other work of the summer comes that of taking care of the fruit, if one is so fortunate as to have more than enough for present use. If she whose wife lives in the city and must buy her fruit, it will not pay her to buy for canning. She might better buy it canned for use. With pickles, preserves, jellies and marmalades it is different. These can rarely be procured that compare favorably with those made at home. With pickles there is always a lurking suspicion of sulphuric acid, and with jellies and marmalades there is always a feeling of uncertainty as to the ingredients.

Peach Marmalade.—The peaches should be ripe and soft, but small ones will be as good as larger ones. Peel the fruit and cut it into small pieces. Weigh it before putting it over the fire with a pint of water. Boil it steadily until the peaches are soft and as much of the water evaporated as can be without danger of scorching. Remove it from the fire and sift it through a colander, then add three quarters of a pound of sugar to each pound of the peaches. Put it over the fire again and let it boil, stirring it all the time to prevent scorching. When you think it is nearly thick enough take out a little and cool it to decide when the marmalade is done, fill pint cans and seal them. This is excellent when used by itself or in puddings.

LESSON IN POLITENESS. Have a Professor Rebuked a High-Strung Boston Dames.

The late Prof. Murren related once on his hearing a rebuke which he gave to a high-strung Beacon Hill dame, which is worth repeating for the moral it carries, says the Boston Courier. The young lady was one of his pupils and made herself particularly obnoxious by her haughty and even insolent bearing, displaying her contempt for all about her so markedly by that it became at last unbearable.

"I knew her mother in France," said the professor, whose broken English there is no need of producing here, "and she was a most exquisitely modest and unassuming woman. But the daughter was so insolent that she had to have a lesson; so I said to her: 'Will you be so good as to remain after the lesson? I have something to tell you.'"

"She stayed, and in her haughtiest manner she said: 'You wish to speak to me?'"

"Yes. You are Miss So-and-So?"

"Yes. And you live at No.—Beacon street?"

"Yes. And your father is Mr. So-and-So?"

"Yes. And your mother is the lovely and sweet Mrs So-and-So I have met in France?"

"Well?"

"Oh, I said, 'you are sure there is no mistake?'"

"No mistake! What do you mean?"

"I am exceedingly surprised that you come of such a family, and so well-born."

"Sir!"

"I am much surprised. I have been sure you came of a new rich family some parvenu."

"Sir!"

"You think, mademoiselle, I said, softening my manner, 'that haughtiness is aristocratic? Now, you will pardon an old man if I remind you that the contrary is true. I have known your mother so long that I dare to be frank with you. You have been very insolent in the class.'"

"Insolent, monsieur?"

"Yes, mademoiselle. You have mistaken this for a mark of aristocracy. You would much better copy your mother, your gentle, lady mother, your gentle, lady mother, your gentle, lady mother. And I made her my best bow and left her to think about it. And she was a good girl afterwards; a very good girl."

The last report of the work of the "Slum Evangelists" in London shows that the number of workers has increased from 2 to 80. They give their whole time to house-to-house visitations, to nursing the sick, feeding the hungry and doing gospel work. Though they were coolly received at first, they have succeeded in winning a welcome from those among whom they labor.

He Was an Exception.

The youthful King of Spain has not been out of the cradle long, but he appears to have a full appreciation of his position in life. One day recently he was served for lunch with the breast of a chicken cut into small pieces. He at once began to help himself without either spoon or fork. "Sire," said his attendant gravely, "kings never eat with their fingers." "This King does," responded his Majesty, continuing his meal.

Spiced Grapes.—Take ten pounds of any good, ripe grapes, eight pounds of sugar, four table-spoonfuls of cloves and cinnamon, and one quart of vinegar. Boil the grapes as for marmalade, rub them through the colander, and then add the sugar, vinegar and spices, and boil all together slowly until thick enough. Spiced gooseberries, cherries and currants made in the same way are delicious.

One day lately A. R. Smith, Brussels, had his left hand injured in the cogs of the crane used at the station yard for loading building stone on the cars. Mr Smith was looking after the shipping of some stone from his quarry at the time.

PURITY. STRENGTH.

THE CELEBRATED

S. HILBERT & CO., Proprietors, Toronto.

WHY EVERY FARMER should get one of Armstrong's Improved GRAIN & SEED CLEANERS?

BECAUSE: 1st.—It allows no foul seeds to be blown into the chaff, which is of great importance to every farmer who wishes to keep his farm clean.

2nd.—It saves and cleans all Timothy seed from any kind of grain while cleaning the grain.

3rd.—For market cleaning it removes Cocks, Chickens, and other foul and shrunken and broken grain, and gives the farmer pure, clean, seed grain.

4th.—It cleans Oats, Barley, &c., thoroughly without waste of grain.

5th.—Cleaning Peas: It will separate the seed, quartered, halves, Oats and whole Peas from each other, carrying each to a different compartment.

6th.—It will clean Oats, Barley, &c., thoroughly without waste of grain.

7th.—Cleaning Peas: It will separate the seed, quartered, halves, Oats and whole Peas from each other, carrying each to a different compartment.

8th.—It is a perfect Clover seed Machine, removing all dust, broken and dead seeds and other seeds, larger or smaller than the Clover seed.

9th.—It is a fine Grass seed Machine, blows no seeds away.

10th.—It is a good Flax seed Machine, blows no seeds away.

11th.—It is a first class chaffer.

12th.—It can be fitted into the oldest fashioned Fanning Mill that is laid aside as useless and make it do the work of a new Mill.

13th.—It can be attached to a new Mill without injuring it, and can be removed at any time as easily as a three combined. It does not interfere with the use of the regular sieves of the Mill.

14th.—Its sieves are nearly all perforated zinc.

15th.—It has a capacity of sixty bushels of grain per hour.

16th.—It is as cheap as the ordinary Fanning Mill sieves.

17th.—Every Machine is GUARANTEED.

Send your order at once if you want it this season. If you have not seen a Machine ask to have one sent for inspection, and that you take it on condition that if you are not satisfied we will return it to us.

In ordering by mail send inside width of shoes of Fanning Mill.

EVERY FRIDAY MORNING. AT ITS STREAM PRINTING OFFICE: NORTH-STREET, GODERICH. It is a wide-awake local newspaper, devoted to county news and the dissemination of useful knowledge.

ADVERTISING RATES. Legal and other casual advertisements, 10c per line for first insertion, and 5 cents per line for each subsequent insertion.

HURON SIGNAL

FRIDAY, SEPTEMBER 19, 1900.

AN EXPLANATION.

An unlooked for spill of type from two of our "forms" during the week caused considerable "pie" in the office, and of course worked against the turning out of the paper this week in its usual shape.

TO THE SHOW DIRECTORS.

We would like to give a pointer to the President and Directors of the North Western Fair. A good deal of the success which attended the exhibition this year and on previous occasions has been owing to the advertising which has been given it ungrudgingly and unstintingly by the local press.

ASHFIELD.

From our own correspondent. The farmers have sown a large acreage of fall wheat. It presents a most beautiful appearance.

DUNLOP.

This week nearly all our residents were on the move seeing the wonders of the big North Western Fair in Goderich.

Lizzie Richardson, of the 9th con.

Morris, whilst running in bare feet at school the other day, stepped on a stick which penetrated her foot about two inches.

COUNTY CURRENCY.

Items of Interest from over the County.

A Weekly Digest of the County News served up to Busy Readers of "The Signal." Fish and Poultry, Clipped and Condensed from Every Section.

John Stewart, jr., of the 16th con., Grey, who wrote successfully at the late second class teacher's non-professional examination intends teaching a year or two longer before attending the Normal School.

C. J. Reading, Wingham, while out shooting came across a pair of large horned owls on the farm of Mr. J. H. Turner, both of which he killed or one with a double-barrel gun, they being only a short distance apart.

Samuel Wilson has purchased the interest of James Turnbull, of the firm of Turnbull & Ballantyne, of the firm will in future be under the name of Ballantyne & Wilson.

We understand that Mr. J. H. Lowery, teacher in Hallett, has been re-engaged for another year.

At a meeting of the official and trustee board of the Methodist church, Brantford, Rev. Mr. Sear's salary for this conference year was fixed at \$600.00.

THE crowd at the Northwestern Fair this year was large, and it is to be hoped the institution will now be able to stand upon its own legs without extraneous support.

Mr. James McMichael had a nice young pear tree in his garden which was loaded with delicious fruit and on Tuesday night some thieving boys or other dishonest persons visited it and carried off the fruit and split off two large branches, seriously injuring, if not entirely ruining the tree.

AT THE HARBOR.

A number of interesting items picked up at the Lake Front.

Saturday, Sept. 13th.—Str. Campana, Sarnia, passengers and freight; str. City of Windsor, Windsor, passengers and freight; str. Ontario, Johnson's Harbor, 180,000 feet of lumber for H. Secord.

Monday, Sept. 15th.—Str. Lora, Buffalo, passengers and freight; scow Pinafore, Port Frank, 450 barrels of salt for Jos. Williams.

Wednesday, Sept. 17th.—Str. City of Windsor, Bruce Mines, passengers and freight; str. Lora, Saginaw, passengers and freight.

Sunday, Sept. 14th.—Str. Campana, Duluth; str. City of Windsor, Bruce Mines.

Monday, Sept. 15th.—Str. Lora, Saginaw.

Wednesday, Sept. 17th.—Schr. Ontario, Collingwood, 1,500 barrels of salt; str. City of Windsor, Windsor; str. Lora, Detroit; scow Pinafore, Port Frank, light.

Capt. Babb's pony died this week. The steamers Campana and City of Windsor were detained in the harbor on Saturday by the storm.

The Government surveyors who had been working at the harbor during the past two weeks have returned to Ottawa.

The London Advertiser says: A paragraph is going the rounds of the papers to the effect that Miss Nora Clench is engaged to a German count, who is now visiting at her home in St. Mary's.

James Strachan, an old Goderich boy, son of Mr. James Strachan, sr., of Colborne, who bought the vessel Zack Chandler, which he sent to the White Fish Point, Lake Superior, has succeeded in releasing her, after several unsuccessful attempts, being driven away each time by unfavorable weather.

The Saginaw Journal says:—Every line in the newspaper costs something. If it is to be the benefit of an individual, it should be paid for. If a grocer is asked to donate groceries to one abundant able to pay for them, he would refuse. The proprietor of a newspaper must pay for the free advertising if the beneficiary does not, and yet it is one of the hardest things to be learned by many that a newspaper has space in its columns to rent, and must rent to live. To give away or rent it for anything less than living rates would be certainly as fatal as for a landlord to furnish house rent free.

One Minute Cure for Toothache. Toothache, the most common and one of the most painful affections, is instantly cured by the application of Polson's Nerviline. Polson's Nerviline is a combination of powerful anodynes, and strikes at once to the nerve, soothing them and affording in its absence relief from pain. Mothers, try it for your children's toothache. Nerviline is sold in 10 and 25 cent bottles by all druggists.

During his recent visit to the Old Country Mr. D. D. Wilson, Seaforth, purchased a number of thro-bred short horn cattle which will be out this fall and which he will place on his farm.

Fall stock nearly complete in every department. Some lines of goods we sell at exactly the same prices other stores do, no higher and no lower.

Will show our goods with pleasure and not unduly urge you to buy. We have just opened a very fine line of readymade overcoats, which we will sell at prices that will astonish the people who buy.

Of course, if the men who purchase feel inclined to give us a few dollars more than we ask for the coats, we will send it to the manufacturers, who could not have been more than half paid for their work.

J. A. REID & BRO. Jordan's Block, Goderich. Sept. 19th, 1900.

The People's Column.

LEE BURN.

From our own correspondent.

The games at Lecknow last week had spectators from our burg.

Quite a number of our residents took the big North-Western in Goderich this week.

Mrs. Henry Campbell, of Haron township, Bruce county, died her parents, Mr and Mrs D. Stirling, this week.

The kind of Broadview Farm has one of the finest crops of corn of the season in this section, it being of great height some of the stalks being over 4 to 5 feet in circumference. The height of one of these was 17 feet. A neighbor, in weight 150 lbs., on a wager with one or two neighbors at a plowing bee at Broadview Farm, climbed up one of the cornstalks and with a telescope viewed the town clock of the circular town and set his watch on time. Dabbling ones can be shown the same cornstalk any time within a fortnight, before it is cut, and if desired may try the same feat.

The recent lawn social given by the ladies of Poplar Row in aid of the funds of the Presbyterian church, Carleton place, was held here at Paradise, the residence of Mr Geo. Morris. It was a decided success, in spite of the threatening look of the weather Friday morning, as it brightened up into genuine Queen's weather for the afternoon. On the spacious grounds a gay crowd of young people, all as of old, took each a turn at the tennis-tennis and croquet, and the targets attracted quite a number, who, with the skill of Robin Hood, Little John and Elmer, as noted in Ivanhoe, endeavored to gain the championship in hurling the goose-quill darts at them. A. Stirling, John MacNeil and A. C. Macdonald won some of the seniors' laurels at the targets, and Joe Morris, Theo. Sallows, R. Young and Harry Green in the juniors. Also a number of the fair sex took a hand at this game, not forgetting croquet. After they had thus enjoyed themselves fully the jovial squire summoned his numerous visitors to a tea, which was a bounteous spread of the most toothsome dainties, tempting to all who partook of it. A large staff of waiters in charge of Mrs Campbell and Miss Mary Sallows looked after the wants of all who sat round the well-laden table, which was tastefully adorned with choice flowers. After the inner man had been refreshed games and sports were resumed till near dusk, when a short program was given. The pastor, Rev A. MacMillan, acted as chairman, and in his opening remarks alluded to the change of weather for the afternoon, which had thrown sunshine on the gathering and increased the proceeds, which, with a gift of five dollars from Chas. Girvin, sr., added up to \$25.75. This returns pioneer, with his two well-known comrades-in-arms, W. Young and John Morris, were present and listened with the audience to the well-chosen and ably rendered recitation of a poem, depicting the leaving of the old log house for the new one, and bringing back to the pioneers, as a quartette with Peter Green, sr., many of the old days of the early settlers. Miss Annie Linklater in a Scottish song cap-

tured her hearers and won rounds of hearty applause. Miss Glen's solo was sweetly rendered, as well as a duet by W. Young and Miss L. Buchanan. For the latter two the accompaniment was played by Miss MacDonald, of Dunlop. The Rev Mr MacMillan, with his wife as accompanist, sang "The Village Blacksmith" in a pleasing manner. To the vote of thanks to the hosts for their kindness and courtesy to all their guests a reply was given by Mr Morris, on behalf of himself and his wife and daughter. Mr Morris said it was to him a pleasure to see them having such a good time on his grounds, but the ladies of the 10th con. also were to be thanked for helping his household in providing the good things, and the promoters of the social deserved as warm praise as he and others already mentioned. Also a vote of thanks was tendered to Mr Girvin for his donation, Mr W. Young, sr., thanking him on behalf of the congregation at Carleton. This, we believe, is the second social held in aid of the improvement fund of the church at Carleton. Both have turned out well.

AUBURN.

Milton Wray, who had his arm broken some time ago, is recovering rapidly.

There is a good opening here now for a shoemaker to commence business.

Mr Geo. Temp and wife and Mrs T. Wetliufer are away visiting friends at Tavistock and Hamburg.

Several of our citizens attended the Northwestern Fair at Goderich, and all speak highly of the show.

Rev A. MacMillan is expected to occupy the pulpit of the Methodist church here on Sabbath evening next.

It is rumored that some of the back-logs of this neighborhood are going to desert the ranks and join the benedictines.

The weekly Bible class in the Presbyterian church here will be again taken up on the first Tuesday evening of October.

Several of our citizens and a number of the farmers in the vicinity are off to Toronto this week to attend the Industrial Exhibition.

There is considerable competition amongst the apple buyers in this section; as high as \$2.50 per barrel has been offered in several instances.

Thos. Anderson, of this place, has the contract for building a new bridge on Lawlor's Creek, on the Blyth gravel road.

The Lutheran congregation of this town are making preparations for the meeting of conference of the western section of the church, which will be held on Wednesday and Thursday of next week in the church here, when a full representation of clergy and lay are expected to be present. This is the first conference meeting that has ever been held in this place.

Mr. Nicholas Kehoe, son of Mr James Kehoe, of Tuckersmith, left on Wednesday, Sept 10th, for Toledo, Ohio, where, we understand, he intends to follow his business of blacksmithing.

A NEW ENGLAND TRAGEDY

PORTSMOUTH, N.H., THE SCENE OF A QUINTUPLE TRAGEDY.

Fred Heine Shoots His Three Daughters and the Alleged Betrayer of His Wife The Murderer Then Commits Suicide—Harvey's Crime Revealed.

PORTSMOUTH, N.H., Sept. 17.—A terrible tragedy occurred here to-night and there is great excitement. A mob of several hundred people surrounded the house where the bodies of three dead persons partially attest the extent of the crime.

Fred H. J. Heine, aged 45 years, a cooper in the employ of the Eldridge Brewing Company, has a family of three daughters the eldest, Carrie, aged 15 years, his wife who it is said was unfaithful, having left him several months ago. Since the left it is reported the girl Carrie has become wayward. Heine's trouble preyed upon his mind until he resolved to end the matter and remove from temptation the three young members of his household. Two of them and the murderer himself he dead in his home, while at the hospital the third daughter lies dying with a bullet in her neck, and at his home Charis W. Taylor, a well known wholesale merchant who was connected with that of Mrs. Heine, lies with two bullet holes in his back.

Before the discovery of Heine's dead body officers and citizens were scouring the city in search of him and had fallen into the hands of the mob he would have been lynched.

The story of the murder is: Charles W. Taylor while entering his residence about 7 1/2 to 8 o'clock on Sept. 17, Heine, who fired two shots, both of which took effect in the small of his back. He is still alive, but will hardly live. Shortly before 6 o'clock people in the vicinity of Heine's house heard five pistol shots fired in rapid succession and Maud, the 13-year-old daughter of Heine, ran out of the house and down the street. She proceeded but a short distance when she fell, saying: "Father shot me."

The girl was taken to the hospital where she now lies in a critical condition. Three shots were fired at her, all taking effect.

The lower part of Heine's house was the scene of the murderer's most horrible work and it shows evidence of a terrible struggle. The kitchen was covered with blood and everything was in great disorder. Just outside the back door of the house lay two bodies. Carrie, the eldest girl, lay with her face covered with blood, the bullet having entered the left side of the face, passing upward towards the brain. Death resulted instantly. Across her prostrate form lay Bertha, the youngest daughter. When found she expired in 15 minutes, the bullet that caused her death having entered her head, just behind the left ear. In the front chamber was found the dead body of Heine on the floor. A bullet had passed through his head from the revolver which lay by his side.

MOTHER AND SON GORED.

They Fought bravely to Save One Another.

FRANKLINVILLE, N.Y., Sept. 17.—The 15-year-old son of Henry Gardner, who lives at Crosby Hill, 4 1/2 miles southwest of here, on Saturday evening led an ugly bull from his father's stable to water and caught in 15 minutes, the bull that caused her death having entered her head, just behind the left ear. In the front chamber was found the dead body of Heine on the floor. A bullet had passed through his head from the revolver which lay by his side.

The mother again tried to assist. She grabbed the bull by the horns and attracted his attention so that he left his first victim and again plunged at her, and throwing her down jumped over her. The lad again pitched in, sore as he was, and was caught by the bull's horns and tossed up.

Just then a hay cart, which he set upon and butted. This gave the boy and mother a chance to escape, and they did so. The mother received a bad gash in her right arm and was terribly bruised. The boy had a bad gash in the upper and inner thigh about four inches long and very deep, besides being otherwise injured. The clothes of both victims were torn nearly from their bodies. As yet no signs of any internal injuries are apparent and the patients are doing well.

REUNITED IN OLD AGE.

A Divorced Pair After Being Remarried as Widowed Parents.

NEWTON, Ark., Sept. 17.—Jackson Thom as married 40 years ago a beautiful young woman about 12 years his junior. After a few years they concluded that they were not intended for each other and were divorced. Both found new and presumably more suitable companions. Death robbed each in a short time of the happiness thus found. Each tried a third matrimonial venture about the same time several years later and the new relations continued until recently, when again by a singular coincidence, the visitation of death left each alone in the world. The bereavement of the one was within a few weeks of that of the other.

Uncle Jack, as he is called, is now 81 years old. The lady who was his first wife is 60. Old targets for Cupid, surely. But the little archer knew that under the dead ashes of a double bereavement in the old man's heart there was still something inflammable, so he aimed an arrow—a fiery arrow, so to speak—at the ancient breastwork, and the old flames of 40 years ago burst forth again. It was carried by Uncle Jack to the woman from whom he separated 40 years ago. The flames caught and spread.

Now the fire in the household altar is burning again, after a brief intermission.

Two Fashionable Weddings.

STRATFORD, Sept. 17.—Mr. W. K. Pearce of the Dominion Bank, Toronto, and Miss Emma J. Howe, daughter of Dr. Howe, were married at St. John's Church to-day, Rev. L. Desbriay officiating.

HAMILTON, Sept. 17.—At the Church of the Assumption this afternoon was celebrated the marriage of Miss Jessie Parker, daughter of Manager John E. Parker of the Mariposa Britannia Works, and Robert Simpson Morris of the Bank of Montreal.

The Shattered Athlete.

PHILADELPHIA, Pa., Sept. 17.—Manager Sherry of the Athletics started for Louisville to-night with the remnants of the Athletics and will make an attempt to play out the schedule beginning with Louisville, where the club plays Friday.

TORONTO TOPICS

Resignation of Medical Health Officer—A Successor Advertised For.

TORONTO, Sept. 18.—At a special meeting of the local Board of Health yesterday a communication was received from Dr. Caniff, Medical Health Officer, resigning the position on the ground of being unable, through brain disease, to fulfil the duties of the office satisfactorily. The resignation was accepted and it was determined to advertise for a successor. The salary will be \$800.

William Hart, aged 41, of Tecumseh, came to the city Monday to visit the exhibition, and has been imbibing ever since. Yesterday morning while in a state bordering on delirium tremens he left his boarding house, half-dressed, proceeded to the waterworks wharf at the foot of Peter-street and threw himself into the Bay. Several witnesses of the attempted suicide went to Hart's assistance but he declined their aid and was just losing strength when dragged ashore. He was conveyed to No. 3 police station, where he became raving mad, and fearing that he would again attempt self-destruction Inspector Johnston had him removed to the jail.

O'BRIEN IN COURT.

The Prince George Despatches Show to Have Been Sent by Him.

MONTREAL, Sept. 17.—R. N. O'Brien, the newspaper correspondent charged with sending the false despatch to America, papers stating that Prince George of Wales had engaged in a street brawl and was arrested in consequence, did not appear in court this morning when his case was called. The accused's counsel stated that O'Brien was ill, but a few minutes Judge Desjardins received a telephone message from him stating that he was on his way down. After waiting until his patience was exhausted the court issued a bench warrant for O'Brien's arrest, but it could be created as the accused appeared and the case was set for this afternoon.

Mr. McGibbon testified that he believed he was the "Nabob" referred to, that the report was calculated to do him injury, and that he was said to have occurred in a place frequented by loose and disorderly persons. Mr. Hall of the Great Northwestern Telegraph Company appeared and produced despatches sent by O'Brien to the Boston Journal, Cincinnati Enquirer and Philadelphia Press, but he had no despatch to the New York Morning Journal, the paper complained of in the information. The case was then adjourned until to-morrow.

GETTING RID OF THE SURPLUS.

U. S. Treasury Disbursements for 33 Days

WASHINGTON, Sept. 17.—In reply to the treasury circular of Sept. 13, inviting proposals for the sale of \$16,000,000 four per cent, the Treasury to-day received offers aggregating about \$25,000,000, of which \$16,985,000 were purchased at prices ranging from 125 to 126 1/2. A number of other offers were made at prices below the highest price paid but they were rejected because they were received after noon. Including the purchase of bonds to-day the disbursements by the treasury in 33 days have exceeded the receipts by \$65,000,000.

Trying to Find if He's Cholera.

CARROLLTON, O., Sept. 17.—No more deaths from the epidemic have been reported from the eastern part of this county. The total number of deaths last week was one, which seven were reported as typhoid fever, but as the victims were all buried the day of their death by orders of attending physicians it seems that something more dreaded than the fever caused them.

Dr. J. R. Williams, a graduate of Bellevue Hospital Medical College, who attended the last victim, John Tool, says Tool had all the symptoms of cholera—spasms, cramps in arms and legs, large lumps on his legs, etc. His body began to stiffen before death.

Dr. Williams to-night telegraphed a description of all the symptoms and facts to the State Board of Health at Columbus. The reply will settle all doubts in regard to the nature of the disease.

Tool, the latest victim, was working on his farm Friday. He hastened to the house and informed his wife that he was very sick. He was almost instantly taken with intense spasms and fits of vomiting, which lasted until a few minutes before his death.

To Make the Deaf Speak.

WASHINGTON, Sept. 17.—The American Association to Promote the Teaching of Speech to the Deaf was incorporated to-day by the Secretary of State, A. Graham Bell is president.

The association's principal office in this city, and is formed to aid schools for the deaf in their efforts to teach speech and speech reading by providing schools for the training of articulation teachers and by the employment of agents who shall, by the collection and publication of statistics and papers relating to the subject and by conference with teachers and others, disseminate information concerning methods of teaching speech and speech reading, to the end that no deaf child in America shall be allowed to grow up "deaf and dumb" or "mute" without earnest and persistent efforts having been made to teach him to speak and read the lips.

Marie Williams Succeeded to Drink.

CHICAGO, Sept. 17.—Marie Williams, who a few years ago was one of the leading burlesque actresses in England and America, and who when she first came to this country created a great sensation, was to-day before a Police justice on a charge of chronic alcoholism. Miss Williams had a ticket for New York and promised to sail in the City of Berlin Saturday. She had British engagements which detention here would compel her to forfeit, and she made all kinds of promises for the future. She was sent to the Martha Washington Home.

Pat World's Fair Site.

CHICAGO, Sept. 17.—The World's Fair commission met to-day, and President Palmer announced his selection of the Executive Committee. This committee will name a director-general and will be the most important in connection with the exposition. Salaries are fixed as follows: President \$12,000 a year, secretary \$10,000, director-general \$10,000. It is believed George S. Davis of Illinois will be made director-general.

Shaw's Field For \$11,000.

CLEVELAND, Sept. 17.—The mare Shamus, owned by J. R. Maddox of Lexington, Ky., was sold here to-day to H. T. Henry of Morrisville, Pa., for \$11,000.

Teak Bought on Behalf.

BALTIMORE, Sept. 17.—John Wilkinson, a builder aged 64, while dependent yesterday took a fatal dose of Ruff on Rats.

which has been fixed for

The 13th of September.

The Sale of old Stock still Continues to make room for New Goods.

MRS. R. B. SMITH.

2264-47

DUNGANNON.

From our own correspondent. Great preparations are being made for a most successful show here on Oct. 14 and 15.

Quite a number of our citizens took in the sports and sights on Caledonian day at the Sney village.

Messrs S. Sproule and Jas. Whyard left here on Monday morning for the Industrial Exhibition at Toronto.

The municipal council of the municipality of West Wawanosh will meet in the town hall on Saturday, the 27th September, at 10 o'clock a.m. All concerned take note.

Mr. J. M. Roberts is making improvements on his premises in pulling down his old storehouse, which was built upwards of twenty years ago, and replacing it with a new one of larger dimensions.

Quite a number of our citizens are attending the North-Western Exhibition at Goderich. We presume they will enjoy the sights at the Exhibition, also the beauty of the circular town varied its varied attractions.

Mr. G. S. Woods, principal of Dunganon public school, with a view of prosecuting further studies for a first-class certificate, has given in his resignation to the board of trustees, and it has been accepted. Sequel a vacancy.

Two of our young ladies, the Misses Whyard, daughters of Mr. Jas. Whyard, of this village, left here for the metropolis of Ontario to visit friends and take in the wonders and sights at the Industrial Exhibition. We wish them a pleasant journey and safe return.

Miss Tena Hawkins, assistant teacher of Dunganon school section, has been re-engaged for the year 1921 with an increase of salary, which evinces the fact that she is giving good satisfaction as a teacher.

Mr. Wm. Varcoe, our popular citizen and implement agent, arrived home on Friday last, after having a trip to Scotland, across the Irish ocean. The voyage seems to have agreed with him, as he is very much improved in health and appearance. However, he prefers Ontario for a place of abode.

Mr. Washington Echlin, of this village, has disposed of his driving mare and outfit to Rev. A. Potter, pastor of the Methodist church here, for a handsome figure. We presume the rev. gentleman could not have made a more suitable purchase, as she is young, gentle, docile and tractable. We wish him success in his investment.

There were two interments in Dunganon cemetery on Wednesday, the 10th inst. The remains of Mr. Cole, an old settler in the township of Ashfield, known as Negro Cole, aged 65 years, were laid in their last resting place in Dunganon cemetery on Wednesday afternoon. Also the remains of a son of Mr. A. Woods, of West Wawanosh, near St. Helens, aged about 18 months, were interred in the same cemetery during the afternoon. Old and young were thereby reminded of the uncertainty of life, as also the certainty of death.

The cemetery company is improving the appearance of the cemetery by cutting down superfluous trees, shrubs and rubbish. When finished this will add very much to its cleanliness and due respect towards its appearance. This is as it should be.

Messrs Geo. Horne and R. Lowry have completed their contract of making the trotting course in the driving park here to the satisfaction of the company. It will now be in order for our equerians to exercise their steeds, as the course is pronounced to be in first-class condition and well made by the contractors.

On Friday, the 12th, Mr. J. E. Tom, P. S. I, for West Huron, officially visited Dunganon public school. After having thoroughly examined the pupils in both departments, he expressed himself well pleased with the order, excellent work in manner in which they acquitted themselves in the various subjects of the school curriculum, and also with the improved appearance of the school rooms and premises. We cannot speak in too strong terms of parents neglecting to put in an appearance at the examinations. All the trustees were present on the occasion, but no parents outside of the board of trustees. Parents in general are too apt to forget that a stimulus and encouragement to both teachers and children would be given were they to visit the school occasionally.

All parties getting their sale bills printed at this office will get a free notice inserted in this list up to the time of sale.

Sale of the household furniture of Mrs. De Peudry, at her premises, East-st., above the organ factory, on Saturday, Sept. 20th, at 1 o'clock p.m. John Knox, auctioneer.

Philip McKibbin, wife and son, Wingham, left on Wednesday, 3rd inst., for Pueblo, Colorado. The journey is made in the expectation of benefiting Mr. McKibbin's health.

McLeod's System Renovator is a specific for insomnia and all the ills arising from sleeplessness. Cosmetics are not required when it is taken, because as a blood purifier it has no equal, as the remarkable change and improvement in the complexion of those who have taken it for any length of time testifies.

Mr. Alex. Ross, Kincairdine, writes: "My wife has been sickly for a long time—sleepless and had no appetite—pale and sallow all the time. She consulted your Renovator for eight weeks, and I am glad to tell you that she is now well, as smart and as lively as a young girl. The Liniment (E. A. McLennan's) you sent to Hugh Graham cured his lame back. Mr. John Mitchell took Mrs. McLeod's Specific Cure sent in my care with the Renovator. He is now working, cough and lungs all right."

Mrs. McLeod's Specific Cure for lung, throat, cough, chills, fevers, gravel, dropsy, &c., can be had from druggists selling the Renovator. If not in stock, order it.

PROHIBITION IN POLITICS

THE METHODISTS TO PUSH TEMPERANCE LEGISLATION.

General Conference Members Put in a Busy Morning in the Various Committees Rooms—The Old Question Discussed—Talk About Deacons.

MONTREAL, Sept. 17.—The committees of the Methodist conference met this morning. The Education Committee were busy with the question of division of the funds among the several district conferences for the purpose of aiding poor students for the church. At present three-fourths of the amount collected goes for division among the different colleges and the other fourth is retained by those whose means are not sufficient to carry through a regular university course. Some of the conferences have had for years past no students desiring to follow a ministerial career, and their fourth of the fund has been accumulating and lying idle, while other conferences had more students than they had funds for. Hence the question of putting the whole of the funds retained by the district conferences into a general fund and spending the money among those conferences most in need of it was raised.

The Civil and Religious Committee had the Oka question up for discussion. It is reported that the most vigorous action will be taken by the Methodist Church and its members to compel the Government to protect the rights of the Indians of Oka, who are at variance with the Seminary.

The Hierarchy Committee, it is said, have compromised on the three years' station of ministers, and intend to report recommending that appointments be made for four years.

The Committee on the State of the Work had before them the question of "deacons." The debate is at one time threatened to become stormy. There seemed to be an opinion that such an order favored of Romanism and high Anglicanism.

The committee on temperance took action, which, when carried out, will startle the political parties and force the question of prohibition into the practical politics of the Dominion. On motion of Rev. J. Kines, seconded by Rev. D. L. Breshour, it was unanimously resolved that a powerful deputation wait on the Government and on the Opposition.

The conference met again this afternoon at 2 1/2, Rev. Dr. Carman presiding. The Board of Governors and Senate for the Wesleyan Theological College, Montreal, for the ensuing quadrennium were appointed.

The committee on motions occurred in the recommendations in the report of the Wesleyan Ladies' College, Hamilton, in re the Board of Governors and recommended that the report be published in the journal.

Upon motion it was resolved to recommend: (1) That each conference treasurer shall report in his annual statement the number notes held by him and their net value. (2) That in case of the maker of a note being transferred to another conference it shall be forwarded to the treasurers of such conference. (3) That it be recommended that probationers of the British Columbia and Manitoba Conferences be sent to Wesleyan College, Winnipeg; those of the Maritime Conferences to Mount Allison University. In the case of probationers in Ontario and Quebec, action was deferred as to the form of recommendation concerning their appointment to college. (4) That the annual conference treasurers forward their annual audit statements not later than July 1. One-fourth shall be held for a loan fund to students, and to defray expenses of examinations and payment of fees of \$20 to each student, which fees shall be a grant and not a loan.

A deputation from the W.C.T.U. waited on the conference and presented an interesting memorial.

In the evening a resolution that the use of tobacco was morally and physically injurious to young people was taken up. It was referred to a special committee.

The committee on titles reported that the system was an advisable one to adopt, but the report was sent back to the committee to see that the payment of fees of \$20 to each student, which fees shall be a grant and not a loan.

On Friday, the 12th, Mr. J. E. Tom, P. S. I, for West Huron, officially visited Dunganon public school. After having thoroughly examined the pupils in both departments, he expressed himself well pleased with the order, excellent work in manner in which they acquitted themselves in the various subjects of the school curriculum, and also with the improved appearance of the school rooms and premises. We cannot speak in too strong terms of parents neglecting to put in an appearance at the examinations. All the trustees were present on the occasion, but no parents outside of the board of trustees. Parents in general are too apt to forget that a stimulus and encouragement to both teachers and children would be given were they to visit the school occasionally.

RELIGION WAS ONLY A CLOAK.

Charles Lytton Confesses That He Attended Church Mainly to Steal.

PITTSBURGH, Pa., Sept. 17.—Charles Lytton, 19 years old and a member in good standing in the Shady-avenue Baptist Church, an officer in the Young People's Society of Christian Endeavor of the same church and a member of the Young Men's Christian Association, according to his own confession is a professional robber. For some time the police have been at work on a series of robberies—evidently the work of the same person—that have been reported from the East End.

First Mrs. Lytton, the mother of the young man, was chloroformed and robbed of a small amount of money and some jewelry. A number of houses were skilfully entered soon afterward, the robber leaving no clue. Last week the dressing rooms of the East End Gymnastic Club were entered while the members of the club were at practice, and several gold watches and other valuables were carried off.

Descriptions of the watches were given to the police, and it was discovered that young Lytton had passed one of them. He was arrested yesterday, and to-day confessed that he had committed all the robberies. He says that in addition to his other offences he picked the pockets of his fellow-members in the Young Men's Christian Association Building and made the Shady-avenue Baptist Church the receptacle of these stolen goods.

Lytton commenced his career as a thief, he says, by chloroforming his widowed mother. She asked for money to go to a friend, and he branched out and stole whenever he had an opportunity. He is good looking and noted for his neatness. He confessed to having betrayed several East End girls who belong to the circle of young people in which he was a general favorite.

WOODS AND WON IN TEN MINUTES. The Shortest Courtship, Followed by a Marriage, on Record in South Jersey.

MAY'S LANDING, N.J., Sept. 17.—Two days ago Amos Lewis of Somers Point, who is a widower about 58 years of age, possessing considerable wealth, and Miss Annie Risley of Atlantic City, a handsome blonde, were strangers. Miss Risley is 25 years of age and is considered by all who know her to be a beautiful woman. She is a head select-woman in a fashionable millinery establishment in Atlantic City. She arrived at Somers Point at 11 o'clock yesterday morning to attend a dinner party given by Mrs. George Anderson.

At the dinner Mr. Lewis and Miss Risley were introduced and soon were engaged in conversation. They were mutually pleased with each other and the conversation was kept up for several minutes. At last Mr. Lewis remarked that he was greatly in need of a good housekeeper, to which Miss Risley jokingly answered that she would be pleased to accept of the position. "How would I answer?"

Mr. Lewis replied that he would be well pleased, but more so if she would become his wife. The lady was startled by this abrupt proposal, but was evidently not displeased. She admitted the question, and he was granted. Within two minutes she returned and accepted him. This brief courtship all took place within the space of 10 minutes.

Mr. Lewis so ardently pressed his suit that she agreed to have the ceremony performed at once. Accordingly the dinner party was turned into a wedding. Miss Risley is highly connected. The groom is very wealthy.

MEN AND COMPANY BLENDED. Verdict of the Coroner's Jury on the Lockport Railway Fatal Collision.

LOCKPORT, N.Y., Sept. 17.—The Coroner's jury which has had under consideration the railway disaster in this city on the morning of Sept. 8, when two limited trains collided at the central depot causing the death of Baggage-man W. A. Fidler, this morning rendered a verdict charging Switchman Arthur Repax and James Collins with culpable negligence. They also censured the Central Railroad for employing incompetent and ignorant men, thereby placing in danger the lives of their passengers, and this morning warrants were issued for the arrest of Repax and Collins. The probable charge against them will be manslaughter in the second degree.

A NEW CANADIAN BISHOP. British Columbia Made a Diocese—Right Rev. Paul Durian at Its Head.

NEW YORK, Sept. 17.—The Rome correspondent of The Catholic News cables that the vicar apostolic of British Columbia has been made a diocese with the Right Rev. Paul Durian, O.M.I., as its first bishop. The seat of the O.M.I. is New Westminster, from which city the diocese takes its name. In June last Right Rev. J. D. D'Hermon, head of the vicar apostolic, died. Bishop Durian, who succeeded him and who is the new diocese's first bishop, was his coadjutor.

FOUR MILLION HOMELESS. Misery Caused by Floods in China—Cholera Prevalent in Shanghai.

SAN FRANCISCO, Sept. 17.—The steamship City of Rio de Janeiro arrived to-day from Hong Kong and Yokohama. The Yellow River floods and other floods continue to attract attention in China. In the province of Chihli 4,000,000 people are homeless and the misery in Shan-Tung is almost as great. Cholera is prevalent in Shanghai, and also in the northern districts. Several European ships have succumbed to it. Japan advises state that 7000 houses were destroyed and thirty-six persons drowned by floods in the Fukushima prefecture Aug. 7 at San Jomachi. Aug. 21, destroyed 176 houses and four telegraph posts and caused the death of 7 persons.

New England Republican Conventions. NEW HAVEN, Conn., Sept. 17.—The Republican State Convention to-day nominated Mervin for Governor. The platform affirms the principles of the national platform.

BOSTON, Mass., Sept. 17.—The Republican State Convention nominated J. G. A. Brackett for Governor.

CONCORD, N.H., Sept. 17.—Hiram A. Tuttle of Pittsfield was nominated for Governor by the Republican State Convention to-day. The platform reaffirms allegiance to the principles of the Republican Party and endorses President Harrison and Speaker Reed.

Six New York Captains Arrested. NEW YORK, Sept. 17.—Colonel John T. Camp of the Twenty-second Regiment ordered the arrest of six of the captains of the regiment yesterday afternoon, charging that they entered into a conspiracy to have him court-martialed for the alleged non-observance of regulations in his own State or County, write to

TRIAL TRIP. The Signal from now until New Years for 25c. GET THE BEST.

FORTY-THIRD YEAR. WHOLE NUMBER 2275

FRATRICIDAL WAR.

The Recent Revolution in the Argentine Republic.

The Cause of the Revolution—The Call to Arms—Terrible Slaves in the Streets—Frenzied Foes for Food—Peace and Harmony Now Resting.

Special correspondence of THE SIGNAL. BUENOS AIRES, 1st Aug., 1890.

W. R. Spencer's little jingle of word may apply to quoted to in part excuse my long silence: "Too late I stayed—forgive the crime— Unless I leave in a hurry, How noisiless falls the foot of time, That only treads on flowers."

I say the quotation is in part only suitable, for in the last couplet the reader would naturally conclude that the writer path is a "bed of roses." Alas, such not the case, and as I now write from the great city of Buenos Aires, South America, with its half million of excited, rebellious, poverty-begrimed, crazed, wretched, and fair city writhing under the presidential proclamation declaring it in a state of siege, it may be seen there is nothing "rosy" down here. It is my intention to give you a series of letters on South America, particularly on the Argentine Republic, but presuming that you would not be so fortunate as to have received this, I will in this letter confine myself to troubles we have had during the four days, and with

THE CAUSES THAT LED TO REBELLION. Political events were the great cause of the rising, but coupled with were the precarious condition of the Argentine Republic, and the unsatisfactory financial state of the national market. On the 4th of the month the Argentine dollar was only 32c., and since the new president took upon himself the magistracy of these five millions of people the dollar has increased in value two and a half cents to 34c., which is a fraction of its normal value. The financial history of any country which considered that during this period country has enjoyed excellent agricultural prosperity and perfect munimty from war or other calamities is a rare thing in the world. The cause of this depreciation of the currency is due to the clandestine issue of paper currency by the various banking institutions of the country. There is of this comparatively new paper floating about some \$50,000,000 with no security for its redemption where the president is at fault and liable in giving his consent to issue, and thereby, in a manner, openly, and with some truth, to the effect that those in high authority have heavily subsidized with these clandestine issues, the paper converted into the proceeds to the amount of \$5,000,000 sterling deposited in the Bank of London. Be this as it may,

THE ALARMING CALL TO ARMS was made. Early last Saturday night of the line under the command of General Campos, who had a previous been imprisoned for against the Government, took place of a small park in the centre of the city. By eight o'clock nearly 5,000 troops joined in the movement about nine o'clock the troops remained loyal to the Government. I was on my way to the office in the city when the trumpets and the horses seized others that might be shot in the soldiers and made our way out of delay as possible out of the city. We had not gone two squares when an opening in this company that time throughout the morning and the three following days it had a thousand persons and two or three thousand. The great majority of the city control of the Union C. Union) occupied the flat roof houses armed with Remington made

TERrible HAVOC among the police and soldiers armed with the Government but hunters and flying gamblers of the day, and the blood seemed drunk with fur or five men-of-war belonging public stationed in the river off the city—the river is her miles wide—drew in closer a bombardment, and it was a
