THURSDAY EVE'G, OCT. 1, 1874

Town and County News

SONS OF TEMPERANCE.—The officers of the
Guelph Division S. of T. who were
elected last Thursday, will be installed
at the meeting this evening.

Y. M. C. A.—Members are requested to
put in an appearance at the rooms
this evening. Business—election of offi-
cers for the year.

FINNAN HADDIES.—J. E. McElderry
has received at his store, Wyndham-st.,
a choice lot of Finnan Haddies—the first
of the season. The specimen sent us is
an excellent one.

CORRECTION.—Carl Richter was not en-
gaged for the Concert on Tuesday evening,
as we stated, but happening to be in
town, he consented to appear in the part
which he so admirably performed.

TELEGRAPHIC.—The posts bearing the
wires of the Dominion Telegraph Co., on
the north and south corners of Wynd-
ham and McDonnell streets, are being
taken down and their place supplied by
ones heavier and of such a height as to
carry their wires above those of the
Montreal line.

CHANGES OF PROPRIETORSHIP.—Mr.
Hiram Anderson, of Galt, has purchased
from Mr. Dandy his saloon business on
the Market Square, while the latter
takes the position as proprietor of the
Queen's hotel, which he has purchased
from Mr. Hines.

SOCIAL.—The members of the Choral
Society are reminded by an advertise-
ment in another column, that their
weekly meetings will re-commence on
Tuesday next. We hope they will all
respond to the call and work earnestly to
make the season a successful one.

IMPORTANT TO PENSIONERS.—Informa-
tion from England shows that the Impe-
rial warrant concerning which reference
was made some time since, in the belief
that Canadian militiamen, who had served
in Imperial wars prior to 1812, would
be entitled to pensions—was not intended
to apply to any other persons except to
those who had served in the regular force
of the Crown.

**CLIFFORD DIVISION SONS OF TEMPER-
ANCE.**—At the meeting of this Division
on the 28th ult., the following officers
were elected for the ensuing quarter:—
W. P. John Hester; W. A. W. H. Shaw;
J. S. Fred. Cook; A. R. S. Sil-
vester Sparrow; F. S. David Dickson;
Treas., R. H. Hector; Chap., Rev. R. Wick-
er; C. Robert Shaw; A. C. W. Mc-
Kenrick; J. S. Arch. Blain; O. S. Jas.
Kerr. The other officers are:—P. W. P.,
Rev. Mr. Blain; D. G., Andrew Kerr.

THE HANDSHELLS.—Ains! for the un-
complaining oyster, remarks a sym-
patetic contemporary. His time has come.
Vacation is over. Already he feels the
relentless rake of the mercenary oyster-
man scratching at his humble roof—the
direful summons to an early doom. An
expectant world is ready to welcome him
with open mouths to hospitable graves.
The months have come which have the
fatal 's' in their names. Walker's is the
place to get 'em.

DESTRUCTION OF CANADA THISTLES.—
A citizen of the village of Port Royal, Co.
of Norfolk, named W. S. Hough, claims
to have compounded a preparation which
is sure death to the farmer's pest—
Canada Thistle. It is called "Hough's
Formula." We are not informed how it
is applied to the thistles, but it is said to
be very simple and perfectly harmless to
animals which may chance to eat it. It
has been tried in the counties of Norfolk,
North and Elgin, and its merits have
been lauded by all who have used it.

BREAK DOWN.—Shortly after eleven
o'clock this (Thursday) morning, Mr.
Peter McLaren, of Nassagawya, was
driving into town along the Dundas road,
seated on a load of barley, and accom-
panied by a young woman. When en-
tering down the hill near the Dundas
Bridge one of the whiffletrees became de-
tached, and striking against the horse's
legs, frightened the animal so that he
started off, taking his mate with him.
The tongue of the wagon struck on the
ground, causing it to upset, and threw
on the occupants, as well as the grain.
The horse stopped at a short distance
from the wagon, and sustained no serious
injury, one of them having its leg cut by
the whiffletree striking against it. Mr.
McLaren and the young woman were
somewhat bruised, but not seriously.
Most of the grain was saved, but the
wagon was completely demolished.

BURGLARY IN BERLIN.—Some time
during Tuesday night the store of Mr.
John W. Krueger, King-st., Berlin, was
broken into. The burglars unlocked the
front door, burst open a desk, and broke
the lock of the cash box which was inside.
Fortunately Mr. Krueger had banked all
his money, and the thieves got nothing
but a few papers. They then helped
themselves to some cheap jewellery in
the show-case and some bottles of Cognac,
and departed.

FLOODED.—Chas. Brown, the negro
who was sentenced at the last sittings of
the County Judge's Criminal Court to im-
prisonment for two months, and to re-

and Russia.**

Address.**
Frank Moulton's Libel Suit.
Heavy Loss by a Failure.

Cincinnati, Oct. 1.—Mrs. Julia Per-
kins, wife of Charles L. Perkins, of this
city, this morning cut the throat of her
only daughter, aged three years, killing
her instantly. She then cut her own
throat, but the wound was not sufficient-
ly deep to cause death. She alleges do-
mestic infelicity as the cause. She ap-
peared to be sound in mind.

New York, Oct. 1.—Rev. Dr. Sey-
mour, who was elected Bishop of Illi-
nois at last Episcopal Convention, has
accepted the position.

London, Oct. 1.—A special despatch
from Copenhagen to the Morning Post
says that a report is current there that
Russia and England are jointly trying to
find a basis for the settlement of the
Schleswig question, which will be ac-
ceptable to both Prussia and Denmark.

New York, Oct. 1.—Governor Kel-
logg issues an address to the people in
the United States in to-day's Times. He
vindicates Republican rule of the State,
claims that his financial policy has ten-
ded to the benefit of the State, and that
there has been a large reduction of debt
and taxation. He says there is no pro-
per safeguard he is not willing to throw
around the coming election, if his op-
ponents are, and a peaceable election
will show they have a majority of the
qualified voters of the State. We shall
uncomplacently abide the result; if
otherwise, the Republicans will expect
peaceable acquiescence of their opponents.
Kellogg claims that his resignation at
the present time would effect no good.

New York, Sept. 30.—Frank Moulton,
accompanied by ex-Judge Moulton, his
counsel, appeared before District At-
torney Winslow this morning in refer-
ence to his bail in the suit of Edw. Dean
Proctor against him for libel. The District
Attorney reduced the amount of bail
from \$20,000 to \$3,000, which amount
was to be given by Moulton during the
day.

It is reported that the New York
agency of the Bank of Montreal, loses
\$250,000 by the failure of James Bishop
& Company.

POLICE COURT.
(Before the Police Magistrate.)
Oct. 1.
Geo. Buckingham and Wm. Kees were
charged by Alfred Kennedy with unlaw-
fully and maliciously injuring three tom-
stones, by spitting tobacco juice on them.
The case was dismissed, the defendants
having settled by paying full damages and
costs.

Mary Rowe was charged by the Health
Inspector with allowing filthy water to
be thrown on the street from her win-
dows. Case was dismissed for want of
sufficient evidence.

Saved 'em Right.
A few days ago a loving couple, living
not a thousand miles from Walkerton,
entered into the blissful state of mari-
riage. They enjoyed themselves during
the day on the good things of the land,
and in the evening repaired to their new
home, a snug little villa in the suburbs.
A preconcerted plan had been arranged
by the youths of their acquaintances, to
give the newly-married couple a cow-bell
serenade, of which the bridegroom had
been previously made aware. Deter-
mined to be "even" with his fun-loving
companions, our married friend possessed
himself of a huge jug, and going to a
vendor of spirits, had it filled with stuff
that "cleans, and yet inebriates." Call-
ing at a drug store on his return, he pro-
cured some jalap, and after mixing it
with the spirits started for home. When
he arrived at the entrance to the grounds
he perceived that the crowd had already
gathered, and disguising himself as best
he could by turning up his coat collar,
drawing his hat over his eyes, &c., he
made a bee line for the company, swing-
ing the jug in the air, and feigning to
be heavily drunk.

When he arrived where the serenaders
were, he stopped, looked vacantly around,
and saluted the boys with "How's-his-
business?" One of them accosted him
"What have you got in the jug?" "Oh,
just a little bit of his-bis-ky—have a
drink!" They eagerly accepted the in-
vitation, and went for the contents until
the time it had gone once round, it
was pretty well played out.

Our liberal friend then hastily beat a
retreat, and got to the house by a differ-
ent route, while the serenaders feeling
"inappreciated" by their bibations, dis-
persed, without carrying out their plans.
Somewhat or other—they don't know
how—they have been troubled ever since
with palloping consumption, and are a
continual source of annoyance to their
anxious mothers.—Com.

THE IRISH TEAM'S CHALLENGE.—Presi-
dent Wingate of the American Club re-
plies to the challenge of the Irish Club,
to a match at Dublin next June, that a
majority of the members of the club are
in favour of accepting the challenge, and
if their pecuniary means will allow, will
doubtless do so. It will be some time,
he thinks, before the club can take final
action—they have been troubled ever since
the announcement that if the American team,
lately victorious at Creedmoor, cannot see
their way clear to the acceptance of the
challenge of the Irish rifle team to shoot
in Ireland next year, that company will
find the required number of marksmen,
and pay their expenses if necessary.

vances a list of the establishments which close
in that paper with the remark—

Chignon is dead. Paris has given it
up for the sake of economy. It was
very costly. Every year there was taken

\$800,000, and to be made into chignon.

While wealth renders accessible many
little things calculated to give bodily
ease and comfort, all the gold contained
in the universe cannot purchase peace of
mind and rest of soul.

The man who is only honest when
honesty is the best policy is not in reality
an honest man. Honesty is not swer-
ing policy but stable principle. An hon-
est man is honest from his inmost soul,
nor deigns to stoop to aught that is
mean, though great results hang on the
petty fraud.

Exertion and enjoyment are the two
appointed conditions of mortal existence.
Either, without the other, is dead and

of being contemptible besides.

something which will brighten for

THE MANITOBA POLICE—A despatch has been received from Fort Garry stating that a guide had arrived there, having left the Mounted Police force on the 31st August at Cypress Hills. The intelligence brought by this guide is said to be very cheering. Col. French's letters received at Fort Garry represent the horses as greatly improved, the men as being well and in excellent spirits, and that they expected to be at Bow River on the 24th September. It will be remembered that Cypress Hills is the scene of the massacre of the Assiniboine Indians by the American traders. The junction of the Bow and Belly Rivers, spoken of as Bow River, is the point furthest west to which the force was instructed to proceed, and where a portion of the force will winter.

EAST TORONTO ELECTION TRIAL—The Controverted Election Court, to try the East Toronto case, opened on Tuesday, before Chief Justice Richards, Rusk Harris acting as Registrar James Beatty, Q.C., and Mr. Tilt for petitioner, and Mr. Bethune for respondent, John O'Donohue. On application of petitioner's counsel, the trial was adjourned till the 26th of November, in order that J. J. Vance, Assistant Clerk of the Ontario Legislature, and Clerk of the Privy Council Committee, alleged to be a material witness now absent in Europe, might be present to testify.

REFORM DEMONSTRATION—On Monday afternoon a grand political demonstration of the Liberals of Eastern Ontario was held in Prescott. Upwards of two thousand people were present, among them the leading men of the district. The proceedings were most enthusiastic. Hon Messrs. Mackenzie and McKellar delivered excellent and stirring speeches.

The Western Fair.
The weather on Wednesday was not favorable to the show in London, the sky being threateningly overcast the whole time, except when the sun showed itself for the space of a minute or two through a break in the clouds. About 18,000 visitors are said to have entered the grounds.

A discrepancy still exists in the several reports of the number of entries. The London *Advertiser* put them at over 9,000, but it is worthy of remark that in none of the papers of the city is the list of entries published. The *Globe's* correspondent sends the list as made up on Wednesday, and the total is 5,671. This is not at all accurate with the statements in the London papers, and puts the latter in a rather bad position. At the Western Fair of 1873 the entries numbered 7,418, and if the *Globe's* statement is correct, there has been a remarkable falling off since that time.

We give a summary of the contributions from this section:—
John Watson, Ayr, has the largest collection of implements on the ground, in all forty-one machines, the collection being similar to that shown at the Central Fair and which carried off so many prizes.

Thomson & Williams, Mitchell, exhibit the "Johnston" single reaper, self-raking. They also show a "Cayuga Chief, Jr.," mower, a complete iron machine, the "E-stery" improved broadcast seeder and cultivator combined, designed for all kinds of grain and grass seed, the "Farmer's Favorite" seed drill with improved coupler and rubber spring, and the "Richardson" two-horse power sawing machine, besides three sizes of straw cutters, two wooden ploughs, and one fanning mill.

Forsyth & Co., Dundas, exhibit two combined machines, named the "Dundas Dominion Harvester." The firm has also on the ground one "Empire" grain drill, and horse power and straw cutter, all exceedingly well got up.

Glasgow, McPherson & Co., of Clinton, exhibit the "Glasgow" double cylinder threshing and horse power, neatly finished.

McPherson, Glasgow & Co., of Fingal, show two threshing machines, the "Combination" and the "Vibrator," also one sawing machine, Carter's ditching machine, champion straw cutter and four-horse power attached.

L. D. Sawyer & Co., of Hamilton, show a clover cleaner and grain separator, two combination grain drills, one reaper, one horse rake, a straw cutter, corn sheller, and cordwood sawing machine.

The entries in poultry are confined principally to local exhibitors, and the extra rate of 25c per pair exacted by the Western Fair Association for each coop entered, to pay for feed and attendance, has excluded many who would otherwise exhibit in this section.

The Osborn Sewing Machine Co. of Guelph make a display of their excellent machines. This we learn from the *Globe*, as the London papers refrain from even a bare mention of this Company's name.

Grain, fruit and vegetables are shown in good quantity. The horticultural department is said to be superior in many respects to that of the late Provincial Show.

Cent, Gourlay & Co., Galt, have several wood working machines.

Bell & Co. have entered several of their instruments in the muslin department. The fine art display is not good. The displays are few in number, and with one or two exceptions, poor in execution.

In the live stock department there is evidence of the drought and short pasturage this summer, in the fact that the animals, although numerous enough, do not include the best specimens of breeding in the country, and are not in the best condition. J. & W. Wats, of Nichol have some good animals, and got first prize for a red yearling, Princess Macula a second. They show a large number of good grade short horns that win many honors. The only exhibitors in the Herford class are F. W. Stone and George Hood, of Guelph. In aged bulls, Geo. Hood gets first and second prizes, first and second for bull calves, second for aged cow, second for three year old cow. F. W. Stone gets first for two year old bull Crown Prince, and also diploma as best of any age, first and second for yearling bulls, first and second for two year old heifers, first and second for yearling heifers, and first and second for heifer calves.

only last week. He gets first prize. In Southdowns the leading exhibitor and prize winner is F. W. Stone, who shows 14 head that only arrived out from England on Sunday last. They were all bred by Sir Robert Throckmorton, Somersetshire, England. They include the first prize pens of shearing ewes at Bath and West of England Show this year; second prize shearing ewes at the Royal of Bedford; first and second shearing rams at Bath and West of England Show. They were entered to be shown at Toronto, but did not arrive out in time.

Shooting Match between Galt and Hespeler.

The return match between the Galt and Hespeler Rifle Clubs took place on Saturday last. The Hespeler shots are comparatively inexperienced, and anticipated defeat, but the darkness which came on at the close of the match, as well as the strong cross wind which was blowing, made the score more unequal than it otherwise would have been. The following are the figures:—

THE ALDINE FOR OCTOBER.—Four full page pictures embellish the October Aldine, a number which glows with all the beauty and richness of the season, surpassing each of its predecessors. A tinted page by J. D. Woodward, represents a woodland river scene in the fall of the year. The picture is an exquisite gem.

"Desdemona," after Cabanel, is a noble figure, wonderfully engraved by Jannard. Mr. Arthur Parton contributes a grand full-page picture, called "The Rapids of the Au Sabie," and representing in a vivid manner the bold scenery of the Adirondacks. A charming subject, sure to attract wide admiration, is "Spring," by Pierre A. Cot, from the original in the possession of A. T. Stewart, Esq., of New York. The effect of sunshine is soft and beautiful, and the whole picture is a poem. The other illustrations in this number are much more numerous than usual, and consist of a scene on the Grand Central Station, "Wild Flowers," by L. E. Beatty, a series of thirteen pictures, illustrative of the life of Martin Luther and the Castle Wartburg, in Germany; "The Ugly Beauty," by A. T. Elmer; and three views of St. Paul's Cathedral. The table of literary contents for this number is admirable, consisting of an ode on "Seneca Lake," by Alfred B. Street; many fresh and interesting "Reflections of William Kaulbach" from the German, besides a vast amount of other interesting literary matter. The Aldine Company, publishers, No. 58, Maiden Lane, New York City.

WONDERFUL ATTRACTION!

TREMENDOUS RUSH

JOHN HOGG

Has now got his New Store, New Goods, and New Prices into full order, and his old Friends and Customers are pouring in to welcome him back again to serve them.

I wish it to be distinctly understood that I have no connection with any Golden Lion, in Guelph or elsewhere, as my New Store only contains New Goods fresh from the Looms. I have no old Shop-keepers' to palm off. My prices for the Best and most stylish, fresh and New Goods are 20 per cent under the old prices charged for Stuffs in the other Stores.

"DOWN WITH HIGH PRICES."

Twenty-one years ago I commenced a War of Extermination against long prices and long profits—and I succeeded; but, alas, on my retirement from the Mercantile business four years ago, again the thirst for long prices and long profits began to show Signs of Life, and has continued up to this present time.

But, lo! what a Commotion there is now in the Camp of long prices and long profits, and well may there be that Commotion, because the WONDERFUL JOHN HOGG is up and at it again.

CLEAR THE TRACK!—Look at the immense throng about his Store. The Public appreciate an ENTERPRISING man and support him.

Call at once at the New Store, Upper Wyndham Street, Guelph. Ask for John Hogg himself, as many who would like to be John Hogg do not hesitate to deceive strangers enquiring for that Wonderful Man.

All branches of the business carried on.

Tailoring done to order. The finest assortment of all kinds of Coatings, Vestings, and Trouserings in the Dominion.

Ready made clothing in Men's, Youths, and Boys' sizes, 25 per cent under anything in Guelph.

My general Stock of Goods is stirring up the Slow Coaches and making them open their eyes, saying "Hogg is losing Money."

REFORM, not only in the high prices changed, but in the quality of Goods offered to the Public.

The Public may at all times feel safe while I am in the business. I shall keep a watchful eye not only on the character of the Goods offered but on the prices charged.

Yours Truly,
JOHN HOGG.

 Local and Other Items.

Big Threshing.—Mr. John Smith, of W. Wawanosh, one day last week threshed on the property of Mr. S. McCurdy, 1st concession of Morris, 105 bushels of wheat inside of one hour. The machine was from the works of Haggart & Bro's., Brampton.

Good Specimens.—Manitoba soil must be favorable to the growth of potatoes, if we may judge from the sample shown the editor of the *Free Press*. H. J. Arkland of St. James has left at that office two potatoes weighing one pound and ten ounces each, and three which, together, weighed four pounds and twelve ounces.

RAILWAY MEETING IN WINGHAM.—A large and enthusiastic meeting took place in Wingham recently, and after hearing the report of the delegation, it was decided to communicate with the T. G. & B. Directors at once, take steps towards submitting a bonus to the people of Wingham, and inaugurate the railway campaign immediately.

A MONSTER OWL.—A son of Mr. Cushman Smith, who lives near West Montrose, recently shot an enormous owl. Its height is 24 inches, and from tip to tip of its wings, 55. Its ears are nearly 3 inches long, while its talons are more than 4 inches in length. Mr. Smith has a couple of dozen of turkeys which it intended to eat for lunch.

NEW CHURCH.—The Episcopal Methodist Church, recently built on the farm of Mr. Thomas Cotton, 19th con. East Cambridge, has been opened for public worship. This congregation has also commenced holding service once a fortnight on Sabbath afternoon, in Mr. Simpson's old school house on the 7th con.

LUTHER VOTERS' LIST.—At the recent sitting of the court for the revision of this list about sixty cases were heard. 2 Grits and 6 Conservatives were struck off the roll, and 2 Grits and 1 Conservative added. Another session of the court will be held on the 30th, October, when a number of cases will come up. The adjournment was necessary in order to rectify the informal certificate attached to the lists by the clerk.

MEMNONITE GENEROSITY.—A notable instance of the liberality towards their own people which is characteristic of our new immigrants—the Memnonites—is related by the *Nor-Wester*. That paper states that the Memnonites of Ontario have placed at the disposal of their brethren in Manitoba, \$20,000 for the purpose of purchasing seed, grain and provisions. An agent, it understands, is now engaged in purchasing and shipping that Province 5,000 sacks of flour and grain.

SUSPECTED SUICIDE.—Some time in April last a farmer named McRoberts, living on the St. Mary's road, near London, mysteriously left his home, and no tidings were received of his whereabouts until the other day, when a skeleton was found in the woods, about one hundred yards from his house. The skull and part of the upper frame were hanging to the branch of a tree; the lower portion had dropped away and lay loosely upon the ground. The remains were identified as those of the missing man, McRoberts, who, it is supposed, must have hung himself on the spot in a fit of despondency.

DEATH FROM DIPHTHERIA.—The *Free Press* states that a most malignant form of diphtheria has broken out in London Township. It has caused the death of several persons in the neighbourhood, so that one of the schools has been closed, to prevent further ravages. The disease commences with a slight soreness of the throat, accompanied by fever and sudden prostration. The larynx becomes much swollen and inflamed. Stertorous breathing occurs, the patient only being able to breathe through the nostrils. Blood issues from the mouth and nostrils, and death appears to result from mere exhaustion.

DISSATISFIED ICELANDERS.—Those who read the full accounts of the Icelandic Millennial will have noticed that in all of them there was evidence of a feeling on the part of many Icelanders that the country so long peopled by their race was not a very desirable place at the first, and was now pretty much exhausted, and some other home had better be found as speedily as possible. Dall's work on Alaska had found its way there, and that country had attracted the attention of some of the Icelanders. A committee of forty leading men prepared a memorial to President Grant, which was presented to him, and a vessel was put at their disposal to take them on a trip to Alaska.

QUITE RIGHT.—The first of Hon. George Brown's libel suits came off at the Peck assizes last week. Mr. Cliffe, of the *Kuwardine Review*, was sued for \$10,000 damages for repeating the story promulgated by the *National*, of Toronto, a Grit paper, reflecting upon the private life of Mr. Brown, and accusing him of adulterous conduct. The jury returned a verdict for Mr. Brown and \$100 damages. Although we are opposed to Hon. Mr. Brown, politically, we cannot refrain from deprecating the conduct of those who have been guilty of sandering his private character. We believe in attacking a man's public acts, but his private affairs should be held sacred. These baseless slanders are sure to recoil on the heads of those who give them currency.—*Stratford Herald* (opposition).

FALLING LEAVES.—"Leaves have their time to fall," but they are only a nuisance if left in the yards and on the side-walks; but when gathered dry, and stored in the barn or shed, they add greatly to the value of the manure pile in the spring. A litter of leaves in the horse stalls is more desirable than one of straw, for it can be renewed without the necessity of cleaning out the stall more than twice or three a week. Besides, the leaves absorb the ammonia more rapidly than straw, and can be thoroughly worked over and trodden into; and they also make the manure of much more value for flower gardens, as they are particularly rich in phosphoric acid, which is, next to ammonia, the most highly treasured constituent of plant food. Apply a bed of leaves plentifully around the roots of your vines, shrubs, roses, and all flowering trees, then throw a shovel of manure over them, and next spring will show how beneficial

Remember the Store—THE GOLDEN LION—where the once wonderful John Hogg was, and where the now wonderful J. D. WILLIAMSON is. Although unprincipled men have been trying to impose on the people that the Lion has been moved up street, the Lion is still in the old spot, next door to Mr. John Horsman's, Lower Wyndham street. Where the Lion is, there the Bargains are.

Special Notices.

CALISAYA, THE BEST VARIETY of Cacao or Peruvian Bark, first came into general use on account of a remarkable cure performed by it on the Countess del Chichon, at Lima, who, after her recovery, distributed a large quantity of it to the poor, in whose hands it acquired a great reputation, that charitable prelate, Cardinal de Lugo, having purchased it at a great expense for the benefit of the religious poor at Rome. It is combined with aromatic and a delicious cordial in Dr. Wheeler's Compound Elixir of Calisaya and Callisaya, a remedy of extraordinary efficacy in restoring constitutional vigor, and repairing the worn-out frame, whether used up by mental worry, over-work, excesses and bad habits, or debilitated by prostrating diseases.

Before Taking After Taking

Specific Medicine

Cures all Nervous Diseases, such as Tremors, Debility, Prostration, etc., which, in many cases, are produced by over indulgence in the use of tobacco and alcoholic spirits; but the Specific Medicine is especially recommended as an unfailing cure for Seminal Weakness, Spermatorrhoea, Impotency, and all diseases that follow as a consequence of Self Abuse, as Loss of Memory, Universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, and many other Diseases that lead to insanity or consumption, and a Premature Grave, all of which, as a rule, are first caused by deviating from the path of nature and over indulgence.

The Specific Medicine is the result of a life study and many years of experience in treating these special diseases. Full particulars in our pamphlet, which we desire to send free by mail to every one.

The Specific Medicine is sold by all Druggists at \$1 per package, or six packages for \$5, or will be sent by mail on receipt of the money, by addressing

Glines' Patent

SLATE ROOFING PAINT!

AGENTS WANTED IN EVERY TOWN.

A Roof may be covered with a very cheap shingle, and by application of this slat may be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slat, for ONE THIRD THE COST OF RE-SHINGLING. The expense of slating new shingles is only about the cost of simply laying them.

The Paint is Fire-Proof

against Sparks or Flying Embers, as may be easily tested by anyone, and appears from the fact that Insurance Companies make nearly the Same *Tariff* as for *Slated Roofs*. For Tin and Iron it is no equal, as it expands by heat, contracts by cold, and NEVER CRACKS NOR SCALES. For Fences it is particularly adapted, as it will not corrode in the most exposed places. Roofs covered with Tar Sheathing Felt can be made water-tight at a small expense. The Slate Paint is

EXTREMELY CHEAP!

Two gallons will cover over 100 square feet of shingle roof, or over 400 of tin or iron. No Tar is Used in this Composition, therefore, it does not effect the water from the roof, if turned off from the cistern before the first few rains. On Decayed Shingles it fills up the holes and pores, hardens them, and gives a new, substantial roof that will last for years. Curled or Warped Shingles it brings to their place and keeps them there. It fills up all holes in tin or felt roofs, and STOPS THE LEAKS. The color of the slat when first applied is dark purple, changing in about a month to a light uniform slate colour, and is, to all intents and purposes, SLATE. The Paint has a very Heavy Body, but is easily put on, and, although a slow dryer, rain will not affect it in the least one hour after applying.

ROOFS EXAMINED. ESTIMATES GIVEN. And when required will be Thoroughly Repaired.

Orders Respectfully Solicited.
