Forster, Chief of the Immigration branch of the Interior Department, has just returned from Father Parsons' colony of repeaters, French-Canadian, located near Ferner, in the Nipissing District. Sixty-five heads of families have settled there in Michigan. The colony is an excellent class of people, industrious and energetic, and their settlement promises to become a thriving one.

Police of Canadian Waters. The seizure of the Detroit tug and recovery of the stolen goods, which were being carried in Canadian waters near Amherstburg, has called attention to the fact that this is not the first time complaints have been made of action of this kind on the part of the Americans. Some weeks ago the County Council of Welland reported the attention of the Department of Marine and Fisheries to the fact that Buffalo people were dumping fish in the Canadian waters of the Niagara River, and the Government was asked to send a cruiser for the purpose of arresting the parties. The matter was considered by the Governor-in-Council and the conclusion reached that it was one for the municipal authorities to deal with as a public nuisance.

Dr. Denison, M.P., Dipped in the Brink. Last week Mr. Laurier and some of his friends had an adventure which might have been serious, but was fortunately turned out to be now it is the innings of the Minister's life, and late Saturday afternoon Col. Denison, M.P., Col. Trywhitt, M.P., and Josiah Wood, M.P. for Westmoreland, went out on the raging canal for a little exercise. They had worked hard during the week and were entitled to some recreation. The two Colonels usually put in a few hours every week rowing on the Rideau, and the "three men in a boat" but there was no dock, passing Ottawa East, Col. Trywhitt was seized with the idea that he would like to go ashore and stretch his legs. Col. Denison sat in the stern seats, while Mr. Wood gracefully rowed the boat. After Col. Trywhitt had taken the "rick" out of his knees by some vigorous exercise on the bank, he stayed to join his comrades. The boat was a heavy one, and it is pretty well imagined that it will be continued there on that day.

MANITOBA WHEAT PAST FROST
OUTLOOK UNFAVORABLE OF A MAGNIFICENT YIELD.

Mr. William Van Horne speaks of his Western Trip. The General Feeling is That Business is Reviving—Small Italian Boat—Steamer Chartered for the Montreal Cape Town Line.

Montreal, June 9.—Sir William Van Horne arrived in the city yesterday from Marquette and Minneapolis, where the President of the Canadian Pacific had been attending the annual meeting of the St. Paul, Minneapolis and Seattle Railway and the Duluth, South Shore & Atlantic Railways.

When called upon by The World correspondent, Sir William was in high spirits and full of hope as to the near approach of good times for the Canadian Pacific and its western connections. In fact, he said that Manitoba wheat had just gone beyond the 2 mark and the railway magnate's predictions had been fulfilled.

"I was in Chicago, also," said Sir William, and a buoyant hope has been placed in the chest of the man who is in men's minds concerning affairs in the Northwest.

Front in Manitoba Harmless Now. The President, being asked if he had heard anything about that Manitoba frost that the wheat dealers were talking about on Change in the morning, replied in the negative. Anyway, he added, "a frost in Manitoba can do no harm now."

He could not verify the statement that the crops in the Canadian Northwest were three weeks in advance of last year, but there was no doubt that signs were indicative of a magnificent yield.

"I want to see," continued Sir William, "a big crop of wheat in Canada as well as in Minnesota and Northern Dakota."

British Columbia's Bright Prospects. "Were there any changes in the direction of your western connections?" asked the correspondent.

"No, there were none. Things are moving along quietly, and all hope for an immediate revival of business."

EMMETT IN A VILLAIN'S ROLE
WITH HIS 8-YEAR-OLD BABY A REAL HEROINE.

Tragedy in San Francisco—J. K. Emmett, the Actor, Shoots His Wife—His Child Prevents His Mother Receiving Second Bullet and Saves Her Crazy Father From Suicide.

San Francisco, June 9.—J. K. Emmett, the actor, made an attempt last night to murder his wife, who is known on the stage as Emily Lytton. The shooting occurred a short distance from their temporary residence in this city, shortly before 8 o'clock.

The couple had been indulging in strong drink, and after his wife returned home, a quarrel ensued. When the shooting occurred there were few people upon the street, and the best account of eyewitnesses was given by Frank Berges, 12 years old.

The wife's flight. "No you won't," answered his wife, as she closed the door, and hastily inserting the key, snapped the lock. Pushing Baby Emmett aside Mrs. Emmett ran along the sidewalk, Emmett rushed to the front window, which he threw open, and started to spring to the ground, a distance of about 10 feet, but as he fell in the window sill, and he fell in the garden, striking his face against the stone coping. His nose bled freely. In the actor's hand was a revolver. Springing to the aid of his wife, he cleared her low fence at a bound and started in pursuit of his wife. Fall and started in pursuit of his wife. Fall and started in pursuit of his wife. Fall and started in pursuit of his wife.

Twice Baby Pushed the Pistol Away. Emmett's cries for help, joined in the race. Near the corner Emmett caught up with his wife and frantically seized her arm. Emmett fell to the sidewalk. He advanced toward his victim as though to shoot her again, but as he leveled the pistol the child seized the hand that held the weapon. The actor paused and looked at the little one in astonishment, for he had not seen her before.

He pushed her from him, stepped back and placed the muzzle of his weapon against her temple. Baby Emmett again sprang upon the would-be murderer, seeming to climb upon his limbs. In an instant the little hand was gripping the barrel of the pistol, which she pushed away from his temple. She clung to his arm so that he could not use the weapon again. Emmett stood for a moment as if bewildered, and then with his left hand he grasped the throat of the child. Then the 8-year-old heroine fell to the sidewalk in a faint.

The entire scene gathered on one picked up the child. No one would touch the man who walked up the street and acted as a doctor, and an officer arrived. Mrs. Emmett was assisted to a doorstep nearby, where she sat moaning. Her father took her to the Receiving Hospital.

By this means a number of practitioners without qualifications for their calling have, it is claimed, been practicing in the country, and have been a menace to the general public as well as to the legitimate practitioners.

WINDSOR'S FOURTH AND LAST DAY

Boyle Bovis over Seagram Twice—Lasotta Addie B. and Savonar are the Other Winners.

Windsor, Ont., June 8.—The races at the fourth and last day of the Windsor Jockey Club meeting were well up to the good racing standard. The weather was better than the fine weather of the three previous days. The track was in prime condition. The attendance fell off somewhat. Those present were nearly all in the betting ring. Nearly all the horses will go from here to the Detroit meeting. A few will go back to Montreal. The club will not declare large dividends from the meeting. Seagram's good Rosmar had to run after the Woodstock colt in the first race. Runaway was an easy winner. Boyle's entry won from Seagram again in the second race. Lord Nelson ran a good race, but it was Nelson from the first quarter. Four scratches in the mile left a field of four. Achiver led, the others followed in a string, but Lasotta, at the three-quarter post, showed her back legs her finishing qualities, and finished like a meteor in front of Addie B. without whip or spur, equalled the Canadian 3-mile record in the fourth; Eljan was left at the post. The steeplechase was a consolation race for non-winners at Windsor. Don Pedro started out as if to win, but could not stand the pace. Eppelworth, who had the race, over, looked like a money winner, but Savonar kept game and did not have to exert herself to hold first place to the wire. First race, selling race, for all ages, 5-8 mile. Charles Boyle, Woodstock, Runaway, Imp. Herald—Lucey, M. C. 4, 111, Lynch, 3 to 1. Second race, 1 mile, handicap, for all ages, purse \$250. Shields, Saratoga, Lasotta, Emperor—Loughbor, B. C. 6, 109, Sueder, 5 to 4. Fourth race, 1 mile, for all ages, purse \$150. Charles Boyle's, Woodstock, Achiver, blk. s. 8, 113, Kinella, 3 to 1. Fifth race, 1 mile, for all ages, purse \$150. W. H. Dubois, Warlike, B. S. 120, Tendrum, 3 to 1. Sixth race, 1 mile, for all ages, purse \$150. Lord Motley also ran. THE TRIUMPH OF LOVE

IS HAPPY, FRUITFUL MARRIAGE.

Every Man Who Would Know the Grand Truths; the Plain Facts; the New Discoveries of Medical Science as Applied to Married Life; Who Would Also for Past Errors and Avert Future Piffals, should secure the Wonderful Little Book called "COMPLETE MANHOOD and How to Attain It."

Here is laid in information from a high medical work which would work wonders with this generation of men.

The book will describe a method by which to attain full vigor and manly power. A method by which to end all unnatural drains on the system, and self-control. To cure nervousness, lack of self-control, despondency, etc.

To exchange a faded and worn nature for one of brightness, buoyancy and power. To cure former effects of excess of work, worry, etc.

To give strength, development and tone to every portion and organ of the body. Age no barrier. Failure impossible. 2000 references.

The book is purely medical and scientific, useless to curiosity seekers, invaluable to men who need it.

A despairing man who had applied to us, soon after wrote: "I wish I had seen this book long ago. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday."

Send for it now. It has been born. Why didn't you tell me when I first wrote that I would find it this way?

And another wrote: "If you dumped a cartload of gold at my feet, I would not touch it, unless you put it into the ERIC MEDICAL COMPANY, Buffalo, N.Y., and let me see the little book called 'COMPLETE MANHOOD.' Refer to this paper, and this promise, promises to send the book, in sealed envelope, without any mark, and entirely free, until it is sold throughout."

Yankee Assistance Astray.

London, June 8.—The Sun, in commenting on yesterday's race for the Manchester Cup, says: "The Americans were very cocksure that Banquet would win and plucked down their dollars with reckless confidence. The result showed that the cleverness of the visitors is only visible when they are running a third rate horse in tenth-rate company. The first time they met a representative English field both horse and jockey signally failed to realize expectations."

MORNING THE WRONG MAN.

An Interrupted Funeral Service at Cleveland, Ohio.

Cleveland, June 8.—A hymn was being sung over the supposed remains of Henry C. Glasman, yesterday when the undertakers walked in and informed the mourners that they were weeping over the wrong corpse. Glasman disappeared two weeks ago. A body was found in the river, which was identified as his, with the exception of one article of underwear. His wife paid for the coffin, notified the Undertakers, of which Glasman was a member, to conduct the services, and took steps to secure his insurance money. The body was found to be that of John W. Linton of Stratford, Ont. The funeral broke off abruptly, and the body will be sent to Canada. Glasman has not been heard of since.

Claims She Was Under Age.

In the Queen's Bench Divisional Court at Osgoode Hall, before Justice Falconbridge, the case of the Confederation Life v. Mrs. Louisa Kinneer, being heard. D'Alton McCarthy, Q.C., is acting for the plaintiffs, and S. H. Blake, Q.C., for Mrs. Kinneer. The defendant is the wife of Arthur G. Kinneer, who left the city some time ago. The two jointly borrowed \$4500 from the Confederation Life in 1890, giving mortgage security on Charles-street property. The mortgage has fallen due, and the company is suing to have it foreclosed, the defendant opposing the action on the ground that at the time the mortgage was given she was under 21 years of age and therefore an infant in the eyes of the law. The plaintiff says that she concealed the fact that she was under 21, and they should not suffer. The result of the case will be of interest.

Cannot Both Have and Spend.

The City Council struck off \$5000 from Commissioner Jones' estimate for street-cleaning. Now the Ratepayers' Association, who consider the estimate too high, are complaining of the insufficient cleaning and sprinkling of Yonge-street. A deputaition expressed their views to Mr. Jones on Saturday, who assured the delegation that he was giving the best service he could with the limited amount at his disposal for street-cleaning. Each day he is spending \$14.33 in cleaning and watering Yonge-street between King and Bloor-streets.

Overloaded the Bank at Her Dock.

Cleveland, O., June 8.—The large new passenger steamer Macnus sank in the Cuyahoga river off the Custom House docks last evening. The Macnus was partly loaded with pig iron, and had tipped for coal. When the hogs were hooked she listed to starboard and gradually sank settling in 30 feet of water, leaving only the tops of her masts above water. The Macnus was about to make her first trip, her destination being Hamilton, Ont. No passengers were on board and the crew was easily rescued. The cause of the accident is said to have been overloading.

Collided With a Big.

The handsome new motor car, No. 492 of the Street-Railway Company, which made its first appearance on Yonge-street on the Belt Line route, ran into the rear of a street car, driven and owned by Mr. Pain, 12 Gerrard-street west, in Bloor-street east, at about 6 o'clock last night. The car was almost entirely demolished, the driver and the horse escaping injury. A few scratches the car was not damaged.
