About sixteen witnesses were subpoenaed in the case which had been taken in hand for Hill by O. S. Miller, F. L. Milner, K. Several Business Changes Taking Place—Two Esteemed Ladies Passing Away—Anniversary of Odd-fellowship Celebrated.—Other Notes.

Annapolis Royal.—The news on Tuesday morning that Mrs. Fritz B. Balcom had passed away during the night came as a shock to the community. It was only on Saturday that Mr. and Mrs. Balcom, with their children Warren and Olive, had moved in their new bungalow, and the sudden passing of the mother has been a crushing blow. An infant son, born prematurely, passed away shortly after Mrs. Balcom's death.

The deceased was formerly Miss Eva Warren, a native of Dorchester, Mass., whose parents, Stephen and Lena (Copeland) Warren, were former residents of Bear River. Beside her husband and children, Mrs. Balcom is survived by her parents, three sisters and a brother. Her uncle, Mr. Joseph Warren of Bear River, was in attendance at the funeral, which took place on Wednesday at Clementsport. The late Mrs. Balcom, who was of a particularly bright and friendly nature, will be keenly missed, and the bereaved relatives have the sincere sympathy of many friends.

Another sad death occurred on Wednesday evening at the Westwood Hospital, Wolfville, when Mrs. Donald Chase of Port Williams, (formerly Miss Marguerite Bancroft) passed away after a short illness. The late Mrs. Chase was the oldest child of Margaret (Litch) Bancroft and the late Joseph Bancroft, M. L. A., and was born at Round Hill about twenty-four years ago. She is survived by her husband and infant daughter, her mother, two sisters—the Misses Miriam and Kathleen—and a brother Willard. Her grandfather, Mr. George Litch died here just a month ago. Mrs. Bancroft moved from Annapolis Royal to Lawrenceton last spring, and has many friends here, who will sympathize with her, in this time of sorrow.

The 106th anniversary of the founding of the order of I. O. O. F. was celebrated here on Sunday afternoon at 3 o'clock by Western Star Lodge, No. 16; Guiding Star Lodge, No. 21, of Granville Ferry, and Unity Rebekah Lodge. A SUGGESTION FOR RESUMING WORK AT THE COLLIERIES.

We are told that some of the ministers, perhaps all of them, are of the opinion that Premier Armstrong, on behalf of his government, might say to Besco: "Open the collieries on the 1924 wage scale and we will put accounts at the several mines to find the actual cost of mining the coal. At the end of a stated period you have lost on account of paying the 1924 wages we will make up the loss." Those who make this suggestion set forth that the government could afford to adopt the plan, as if there will be no work there will be no royalty; but with work the government could pay the difference, if any, out of the royalty that otherwise they would not get. Those making the suggestion state that they would not expect a deficit under the plan.

We confess that we have not produced the plan in search of weak places, if any, but we are convinced that it is not without merit. At all events, it seems necessary for the government to find out the cost of mining coal; this plan of placing accountants on the job while work is going on would probably be as effectual as any in finding the cost and would cost no more.—(Eastern Chronicle).

RAILWAY CO-OPERATION FAVOR-ED.

In Patrie: "The declarations of the president of the Canadian Pacific Railway and Sir Henry Thornton on the subject of the enormous expenditure which the Canadian National Railway has made in order to increase its passenger and freight traffic are conceived in terms which demonstrate the great respect these two great railway lines have one for the other. And their good relationship will inspire in those who wish to see such costly rivalry brought to an end a hope that their wish may be realized. Everybody seems to acknowledge that the expenses of these two railway organizations can be considerably reduced. The present exaggerated multiplication of trains constitutes a very dear luxury. There has been cited, for example, the Montreal-Ottawa service, on which the two railway companies run no fewer than eighteen fast trains per day, leaving the two cities at the same hours and competing in speed and comfort in order to attract the most passengers. The same state of things exists between Montreal and Quebec, where twenty passenger trains run each day when about half that service would appear to be sufficient to accommodate the system of the two companies. Under such a system how can anybody hope ever to see a decrease in the cost of transportation? Manifestly such competition can do no other than increase the deficits of the Canadian National Railways on the one hand and compromise the financial position of the Canadian Pacific. Surely this is not desirable. The burden of the Canadian National Railways is already too heavy to carry. Our railway policy costs the country \$100,000,000 too much per annum. An efficient co-operation between the two railways would appreciably ame-

PIRACY IN CHINESE WATERS

Singapore Free Press: We do not find it as easy as some people do to lay down exactly who is to blame for the condition of affairs which has arisen owing to the extension of piracy in Chinese waters, but it is quite obvious that a scandal of the first magnitude is brewing when first class ships, of large tonnage, manned by European officers and carrying on a big trade have to go to sea from a British port with precautions such as arms and barbed wire entanglements on board.

THE COMING OF THE COMMUNIST

Sydney Bulletin: Much question has been raised as to where communists come from, and the easiest reply is that they happen, like grasshoppers or epidemics. In the most eminently peaceful city that it is possible to imagine it has only to become known that the law has left off working, and Communists, professional and amateur, appear from somewhere to take charge and propound their great project for the restoration of savagery.

THE AGITATOR'S CREED

Auckland (New Zealand) Weekly News: Shout loud and long enough runs the agitator's creed, and somebody will believe you. He is right as monopoly in the commerce of thought and the agitator's lies get easy currency.

ADVANCE AUSTRALIA!

London Times: It is Australia, where talk about national status is less heard than either in Canada or in South Africa, that has lately travelled farthest in the direction of effective nationhood. The creation of something like an expert Foreign Department in Melbourne; the temporary loan for this purpose of the services of an able member (Australian born) of the British Foreign Office; and the dispatch to London of an Australian official specially charged with the provision of political and diplomatic intelligence—these are developments small in themselves but of great significance. They are at any rate in the line of advance which the best opinion in the Dominions, no less than practical experience in London, has shown to be the only tolerable road to a common policy.

LEGISLATION AND LABOR

New York Commercial: Much time is wasted by a large number of people in this and other countries in efforts to get by means of special statutes things which have not as yet come to any process other than that of toll. Politicians say a great deal about the necessity of this or that measure and lay great stress upon the importance to the individual of some particular law, but if any man will sit down and try to think of some particular statute that has served to lighten the burden of his toil or increase his income he will discover that he cannot recall any such measure. After a Government has made provision to protect its citizens in their lives, persons and possessions, it cannot, except in a very general way, do much more for them.

SINGAPORE AND THE UNITED STATES

Detroit Free Press: The Baldwin Government's decision to build a strong naval base at Singapore goes to show that London is anxious, in common with Australia and New Zealand to secure its Pacific positions. The decision was made at the insistence of the Pacific commonwealths. When London acquiesced, a fresh link of Empire was forged. More than that, Singapore marks the beginning of what should prove closer co-operation in the Pacific between Britain and the Dominions on the one

PROTECTION POLICY CRUSHING BURDEN OF NOVA SCOTIA

Hon. F. B. McCurdy Pleads for Right to Contrive Fiscal Arrangements Recognizes Difficulty

Industrial Structure of Central Canada Based on Protection of Fifty Years Standing

Toronto.—"We believe that the policy of protection as applied to Nova Scotia today constitutes a burden which is crushing us," said Hon. F. B. McCurdy, a former M.P. for Colchester, Nova Scotia, in placing the position of Nova Scotia before the Canadian Club at luncheon Monday. "We ask for some relief from this burden, but we do not presume to ask our friends of the Central Provinces to abandon or modify any policy which, as applied to them, they believe to be best suited to their interests.

"For more than fifty years a protective tariff has been maintained by both political parties in Canada, and upon it the financial, commercial and industrial structure of Central Canada has been erected. That foundation cannot be removed without breaking down the business and banking systems of the central provinces. Nova Scotians fully appreciate that position of affairs. They cannot look to either of the parties and expect its leader to adopt as a national plan an economic policy to suit the peculiar needs of Nova Scotia.

"I anticipate that provincial governments of the future will not be influenced or controlled as formerly by federal standards, but will restrict their interests and concern more to the problems of the province. We do not suggest the central provinces should change their policy to suit our needs, but rather that we may be permitted to work out some form of trade regulation better suited to our geographical requirements.

"There are today in the New England States of the American Union probably more Nova Scotians by birth and descent than are living within the confines of the province itself, and they are the boldest and brightest and most adventurous of our young people. There is growing up in our province a spirit of resentment against the conditions which create all this. When you are considering these matters," he said, "you should bear in mind that, whereas, on the one hand, the practice is newly popular, and those who have come in there are reaping the financial rewards that go hand in hand with an expanding population, and can confidently look forward to a promising future, in Nova Scotia, on the other hand, we have only the memory of a prosperity which has largely vanished, and little to encourage us on the future under present economic conditions.

"When Canada's economic policies and Canadian markets are being discussed, Nova Scotia is often told that geography is against her. I agree, and it is for that consideration that I urge the necessity of allowing her to contrive economic policies and fiscal arrangements adapted to her geographical position.

"And so today, as brother members of the body public, we ask from no more than that kindly thoughts may prevail, and an earnest desire to share one another's burdens, and we venture to hope that out of their spirit of fair play, and recognizing the fuller share of worldly prosperity which the years have brought them through the operation of favoring tariff arrangements, they will concede that something is due to us in order to equalize our opportunities.

"We concede willingly to them the right to frame policies best suited to their interests. We ask only for the same freedom.

"And in the confident hope that this can be worked out for our mutual advantage and profit, we look trustfully forward to the working of such a system of government, as will make this great Dominion a nation of happy, contented, united and prosperous people.

DOCTOR ADVISED AN OPERATION.

Read Alberta Woman's Experience with Lydia E. Pinkham's Vegetable Compound

Provost, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now I have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter.—Mrs. A. A. ADAMS, Box 64, Provost, Alberta.

PAINS IN LEFT SIDE

Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard,' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sensitive Wash. I recommend the medicines to my friends and I am willing for you to use my letter as a testimonial.—Mrs. M. W. ROSE, 380 Notre Dame St., Lachine, Quebec.

HUGE BEAR WHICH DEEV'ESTED FLOCKS CAUGHT AND SHOT

After a two weeks rampage, during which time it killed and devoured more than twenty sheep among the flocks of Inglisville, Annapolis County, a 750 pound black bear was trapped and killed Tuesday morning by Robert Rouser and Robert Best, two residents of the community. This news was brought to Halifax Wednesday evening by G. A. Little, of this city, who motored through the valley yesterday.

The animal had only three legs. It is believed that it must have been trapped several years ago and had managed to escape by chewing one of its legs off. Mr. Little said it was a fine looking beast, but one regarded as very destructive by the residents of the district.—(Herald).

IRON RUST.

Few stains are so obstinate as iron rust is. They may, however, be removed from delicate fabrics by covering the spot thickly with cream tartar, then twisting the cloth to keep the tartar on the spot itself. Put that part in a pan of cold water, bring gradually to boiling point and afterwards rinse in the usual way.

OBITUARY.

Mrs. Fritz Balcom.

Annapolis Royal.—The very sudden death of Mrs. Fritz Balcom of Upper Clements, occurred at an early hour Tuesday morning.

The late Mrs. Balcom, who was thirty-four years of age, was a native of Dorchester, Mass., a daughter of Stephen and Lena (Copeland) Warren formerly of Bear River. About five years ago, she married Fritz Burkett Balcom, an overseas veteran, who, with a son, Warren and daughter Olive, survives her. She is also survived by her parents, three sisters and a brother.

Only four days before, Mr. and Mrs. Balcom had moved in their recently completed bungalow, where the deceased was taken ill Monday night, and passed away in a few hours, leaving another little son, who has since died.

SUES FORD FOR ONE MILLION.
Damages of \$1,000,000 were asked in a suit filed in United States district court in Detroit, Mich., last week against Henry Ford and the Dearborn Publishing Company, which he owns, by Aaron Sapiro, an attorney who has been connected prominently with co-operative marketing organizations of farmers throughout the country.

Sapiro's suit charges that certain articles printed in the Dearborn Independent, a weekly newspaper published by Ford, have injured him as an attorney and deprived him of "divers fees, gains, rewards and compensation," which he otherwise might have obtained.

The petition quotes articles which it is averred appeared in the Dearborn Independent, accusing Sapiro of being one of "a conspiracy of Jewish bankers who seek to control the food markets of the world." It further quotes the publication as saying that the plaintiff is seeking to get control of the wheat, cotton, hop, potato, hay, tobacco, raisin and bean markets.

Sapiro's petition claims that he has been active for fifteen years in building up marketing associations for agricultural products; that he has not served in any way except as his services were requested, and that he has no knowledge of "the existence of any conspiracy such as alleged by the defendants," or of any conspiracy to oppose the interests of American farmers and producers except the "campaign of said defendants to mislead and deceive the farmers."

CHESLEY'S

WEST CLARENCE.

Last week Rev. J. H. Freestone held meetings in the schoolhouse with a large attendance each evening. The work on the new house is progressing rapidly. Miss Mildred Wheelock is slowly improving in health. Miss Dorothy Saunders is sick at time of writing with the chicken-pox. This disease seems to be going through the community. The West Clarence Crokinole Club was brought to a close Monday evening April 27th, when it was very pleasantly entertained at the home of Mr. and Mrs. Arthur Bent. The first part of the evening was spent playing Crokinole, the winners being Maude Hiltz, Mrs. Henry Wheelock, Albert Bent and Ernest Marshall. The president for the winter season was Mrs. Bennett and secretary, Miss Mildred Wheelock, both taking a great interest in making each evening more pleasant than the preceding one. The club consisted of thirty-

five members, who were most always present beside invited friends. Sixteen evenings were spent during the winter, playing Crokinole and five prizes were awarded. Mrs. Arthur Bent with a total of 251 games received first ladies' prize—a lace center piece, and Mary Marshall with a total of 167 games received second ladies' prize. John MacDougall with a total of 222 games received gent's first prize—a fountain pen and Gordon Higgins with a total of 206 games received second gent's prize. To the great surprise of the members, Monson Marshall with a total of 36 games received the booby prize which he found very useful. After the games of the evening were over the prizes were awarded followed by a dainty lunch served by the hostess and assistants. The pleasant evening was brought to a close by music and dancing after which, at a late hour, the some forty guests departed for their homes hoping they should soon spend another such an evening.

WEST PARADISE.

Mr. and Mrs. C. B. Chesbire and son, Stanley, who have spent the winter in England, are visiting for a few days at the home of Mr. and Mrs. W. C. Jackson before returning to their home in Digby. The young people of the community made Harris Sarsfield a surprise party on the evening of his birthday, April 27th. The evening was spent playing games. Dainty refreshments were served by Mrs. Sarsfield after which the guests departed wishing Harris many good wishes. Tuesday evening was agreeably spent by the young people at the home of Mrs. H. Sheridan, playing Crokinole and other games. We are pleased to mention that two of our prominent young men, Harris Sarsfield and Raymond Abbott, have joined the Boys' Guernsey Huffer Club and have purchased two pure blood huffers. The community will watch with interest the success of these young stockmen.

(The Queen of The Basin.)

Unless some of the immigrants to Canada are held in Nova Scotia, instead of being all taken West, a serious population shortage will occur, for the exodus goes merrily on here. On Tuesday, Mr. and Mrs. Osias Potter and family left for Boston. This leaves another large farm vacant. Mr. Leslie Potter left the same day, as did Mrs. M. T. Coombes and Herbert Coombes, and Mrs. Will Rice. We are sorry to see so many leaving but there is not a living on a farm. Most of the Soldier Settlement farms here are vacant, and buildings closed up, and incidentally, the county gets no taxes on them, and these must be carried by the decreased population left. The Lincoln Pulp Co. roser has moved to Plympton. Mr. Harry Low and Annie Brown went with it. After Schomer "Eskimo," Capt. W. Burhill, left on Thursday for Boston with a full load of piling. Chew consisted of Colie Burhill, Wm. Ring and Jas. Ring, with Arthur Parker as cook. While pruning tall trees on the Morse place a week ago, Mr. Robert Caffery had a fall of some twelve or fourteen feet and was badly shaken up. We are glad to learn he is about again. Mr. Ernest Bartheaux moved the latter part of last week into the Allwood house which he recently purchased. The funeral of the late Henry Marshall took place in Bear River Friday. Mr. Marshall was an uncle of Capt. Elias Rawling. Seven attended from Clementsport, the Convention of Sportsmen held in Annapolis Royal, Friday, for the consideration of establishing a sanctuary or sanctuaries for wild life in this Province. The following were present: Messrs. L. V. Shaw, J. P. Wainman, H. L. Yvonne, W. G. Smith, Roy Merritt, Owen Balcom and Rev. A. W. L. Smith.

PORT LORNE.

Mr. George Corbit has gone to New Britain, Conn., to work. Mr. Harry Sabean has gone to Keene, N. H., to seek employment. Mr. Austin Lewis and Tommy Green have gone to St. John to ship. Miss Ola Foster of Hampton, spent the week-end at the parsonage. Miss May Pash of Hampton, is visiting Mr. and Mrs. Wm. Johnson. Mrs. Aseneth Brinton has returned home after spending the winter in Bridgetown. Miss Lena Taylor, who has spent the winter with Mr. and Mrs. Norman Healy, has returned to her home at Stoney Beach. We are glad to see Mr. Norman Healy out again after his recent illness. We are also glad to see Mrs. Charles Beardsley and Mrs. Charlotte Anderson able to be out again. Mrs. Beardsley spent her birthday, April 25th, at the home of her daughter, Mrs. Harold Anderson and Mr. Anderson. Mr. and Mrs. A. C. Clark, of Upper Granville, were also visitors at the same home. Mrs. Anderson spent her birthday, April 29th, with Mr. and Mrs. Harold Anderson. Mrs. Norman Healy and Mrs. P. J. Smith still remain on the sick list. Dr. Archibald is in attendance. \$7.75 was realized at a pie sale at the home of Mr. and Mrs. James Beardsley's April 19th, for church purposes. Mr. and Mrs. W. E. Reed, Mr. and Mrs. Arthur Charlton and Mr. Covert, of Bridgetown, were guests at the Bayview House on Sunday, April 26th. Mrs. A. C. Clark, Mrs. George Corbit, Mrs. Charles Beardsley, were guests of Mrs. Lavinia Templeman on Monday afternoon, April 27th. Mrs. Lizzie Messenger and daughter, Miss Gladys, of Paradise, were recent visitors of her parents, Mr. and Mrs. Wm. Clark.

UNITED CHURCH NOTES.

The Halifax Presbytery by a resolution directed that a letter be sent to the United Church, Bridgetown, conveying congratulations of the Presbytery on account of the congregation being one of the five congregations paying in over twenty-five per cent more than its Budget allocation. It looks as if the Methodist section of the congregation will have the same happy position. It will if all do their part. The financial year closes with the end of May but all books need to be made up earlier this year as Conference will be three weeks earlier. The last Board Meeting will be held Monday, May 18th, at 7.30 p.m.

The Brotherhood is going strong. They have under construction a Way-side Chapel and in a few days it will make its appearance in front of the Church that "He who runs may read."

ANNUAL BUSINESS MEETING GORDON-PROVIDENCE UNITED CHURCH WOMEN'S MISSIONARY SOCIETY.

At the Annual Business Meeting of the W. M. S. of Gordon-Providence United Church on Tuesday, April 28th the following report was submitted to the Society by Mrs. B. Eisonor, Corresponding Secretary.

Twelve very interesting meetings were held during the year, with an average attendance of thirty members, and visitors were always present at each meeting.
Suggestive programs were used—a committee being appointed to look after the program. Study book was used, and very interesting and instructive programs were given by the committee in charge.

We had one program on the Blue Book which was very artistically arranged by the committee.

On two occasions our Auxiliary took charge of the morning church service in the absence of our Pastor—the programs being thoroughly enjoyed by the congregation.

Six Outlooks, four Study Books, six Blue Books were taken for the year. The President sent two barrels of fruit to Whitney Pier and the Society, with the help of the congregation, sent bag of clothing to the same Mission. Two barrels of clothing were sent to Labrador.

Different methods were used to raise funds for the year. The one enjoyed most was a Spelling Match. A Birthday tea was held which was a success financially also a Pantry sale which helped to swell the funds.

Former Annapolis County Man Appreciates the Advertising of Nova Scotia.—Mr. Foster in Remitting Writes as Follows:

Boulder, Colorado,
April 23rd, 1925.

Dear Mr. Beattie:
While sitting in my home one evening recently we heard Chicago, by Radio, broadcasting the scenic attractions and beauty spots of Nova Scotia: Halifax, Wolfville, Grand Pre, and Annapolis were especially mentioned and I was very much pleased to hear this as I am deeply interested in my native land.

I think this is a fine way to advertise our Province and certainly Nova Scotia is worthy of all of this kind of praise. I have travelled nearly all over the United States and there are few places that excel Nova Scotia in beauty and there you have some wonderful scenic attractions that are not found in any other place in the world. I refer to the rise and fall of the tides on the Bay of Fundy coast where I was born.

I hope that more advertising of this kind will be done until Nova Scotia will be universally known as an ideal summer resort.

Yours very truly,
J. P. FOSTER.

Mr. Foster, who is a native of Port Lorne, occupies a prominent position with the J. C. Penny Company which operates 571 stores all over the United States.—(Ed. Monitor.)

SOME FREAK FOUNDATIONS.

One Thomas Nash left 50 pounds sterling a year to the bell-ringers of the Abbey Church in his native city, Bath, England, on condition that each year, on the anniversary of his wedding, they ring the whole peal of bells with clappers muffled, and that on the anniversary of his death, they ring them with clappers unmuffled. (Whether his wife was alive to appreciate the kindly intent of this bequest, we do not know.)

About 1850, a foundation was created in England to perpetuate the sacred writings of one Joanna Southcott, who founded a religious sect based on the belief that she was to give birth to the Messiah. She attracted a considerable following, which, however, faded away when she died childless.

One Bryan Mullanphy, of St. Louis, who presumably had undergone the dangers and sufferings of the overland trip to California left a substantial part of his fortune, in 1851, to aid his compatriots in journeying across the "Great American Desert."

Stephen Girard's magnificent be-

quest in Philadelphia provided that no minister of any religious sect whatever should ever be admitted to the premises of the college which he founded.

There was, many years ago, a "perpetual" endowment for the ransom of prisoners of North African pirates.

Endowments have been made, in the past, for teaching children to knit, card and spin and for supplying spinning wheels to needy persons. Needless to say, there are few calls for such assistance today.

NEW HEALTH FOR SUFFERING MOTHERS

Aching Backs And Tired Limbs Need Not Be Endured.

Too many women endure suffering that casts a shadow over half her existence. An aching back, tired limbs, attacks of dizziness, splitting headaches need not be a part of woman's life. Such trials indicate plainly that the blood is thin and watery and that the sufferer needs the help of a real tonic such as Dr. Williams' Pink Pills. Suffering women who have used this medicine speak of it in the highest terms. Among those who have been thus helped is Mrs. Ada L. Harman, Virden, Man., who writes:—"Following the birth of a still-born child a few years ago, I had a very serious illness. I was so weak for months that I could not walk across the room without a feeling of faintness. I had scarcely strength enough to stand up, and when dressing would have to sit down two or three times. My face and lips were colorless, I had no appetite, and life did not seem worth living. A friend urged me to try Dr. Williams' Pink Pills and I got six boxes. Before they were all gone I felt improved. My appetite was returning, color was coming into my face, and I was visibly stronger. I continued taking the pills and fully regained my former good health. I consider Dr. Williams' Pink Pills a blessing to weak women, and hope my experience will induce some other sufferer to try them."

You can get these pills from any medicine dealer, or by mail at 50 cents a box direct from The Dr. Williams' Medicine Co., Brockville, Ont.

Mr. Dolliver is survived by a widow, formerly Miss Grace Dukeshire, of Maitland Bridge, and six children.

The Maitland Lumber Co. have a crew of men doing repair work at their mill here. W. R. Rowter is in charge. On account of a scarcity of water in the river, it is believed hardly probable that this company will be able to get their large drive of logs to the mill for the summer's cut.

STRIKE PAY ABOUT SIXTY CENTS EACH.
Poverty Increasing And Situation Grows Appalling Says Relief Worker.

Sydney Mines—Special committee representing the U. M. W. locals have completed arrangements to pay out the international strike money received on Wednesday, which amounts to \$1,200. When divided among the members, this will give them about sixty cents each, according to the number of employees on the Scotia pay rolls when operations ceased on March 6th. It is understood the Florence local will also distribute the district fund to supplement the international allowance, in view of the fact that conditions have reached an alarming stage. There are approximately 500 people on the relief list and not a sufficient quantity of supplies on hand to meet the requirements over the week-end.

"We cannot carry on much longer," The Herald was informed by one of the relief workers, "unless supplies are rushed to this district as soon as possible."

The situation, he said, was appalling. Poverty was increasing and the need for assistance urgent, in order to save many people from starvation.

Last Saturday 250 families were served. Since then, additional applications have been filed that will bring the number close to 300.

SEGREGATION OF INMATES OF HOME IS URGED.

Delegation Suggests Separate Home For Feeble-minded of Kings, Hants And Annapolis Counties.

Kentville—At the afternoon session of the County Council the amendment to the resolution that the solicitor be instructed to make further investigation into the liability of bondsmen for the late Clerk and Treasurer, and report at a later meeting, was passed.

A letter was read from A. J. Campbell, of the Bureau of Publicity, calling for a grant from the county. No action was taken.

Delegations from the Children's Aid Societies and the Women's Institutes of the county were introduced. Prof. Young of Acadia University, called attention to the necessity of segregation of the feeble-minded from other inmates of the County Home. Necessarily, he said, under the present condition it was only those who were unfeeling, old and unable to work, or those deficient mentally who were now inmates of the Home; and for these there should be a separate institution. He suggested that this Council should confer with the Councils of West Hants and Annapolis counties, as to the advisability of uniting to care for this portion of the county charges. H. B. Stairs, agent for Children's Aid Society, and Miss Annie Stuart, for the Women's Institutes, expressed the hope that action of some kind would be taken soon.

The Warden explained that a committee had been appointed at the January term to look into this matter and report.

H. B. Stairs, as agent of the Children's Aid Society, gave a statement of some of the difficulties attending his work, and asked the Council to authorize some necessary expenditures. The Finance Committee was authorized to do this.

STRAWBERRY YIELD EXPECTED TO BE GOOD

Amherst—Edgar F. Fillmore speaking Thursday morning in reference to the prospects for the strawberry crop this year, stated that at the first of the season it looked as if the late frosts might seriously interfere with production but the present outlook is more favorable, and he estimated that the yield within a radius of six miles of Amherst will be approximately 225,000 quarts. There will probably be twenty carloads for export, he said, and the balance will be consumed locally.

Mr. Fillmore is the largest grower and shipper in this vicinity. He has thirty acres for picking this year, and is preparing to plant fifteen acres more. The new standard box, he says comes into use this year and conforms to the American market box. All growers are compelled to use the new design. A grower may apply for a permit to the Fruit Commission at Ottawa, for permission to use the old style box.

INCOME TAX IN DIGBY RAISES IRE OF CITIZENS.

Town Council Adopts New Tax Scheme In Spite of Strong Protests, at Bumper Meeting.

Digby—The Town Council, in regular session Tuesday evening, decided to adopt the proposed assessment on income, as brought down by the assessors a few days ago. When the roll was at first handed to the Town Council, early in January, it was referred to the new Council, which, after examination, handed it back to the assessors for a final assessment on income.

At Tuesday night's meeting of the Council a number of those assessed, including Frank Jones, K. C. Dr. E. DuVermet, Frank Nichols, H. B. Short appeared before the Council strongly protesting against such an assessment being made at this late date, and claiming that the Council was inflicting an injustice upon the ratopayers of the town. The legal men who were present stated that the income assessment was done in an illegal manner but despite their advice the Council accepted the roll as handed in with a few minor changes.

The meeting was attended by one of the largest gatherings in the history of the town, and a number of people were obliged to stand in the hallway for upwards of three hours. The session at times became rather stormy. A number of those who addressed the meeting did not appeal against their income, but against the legality of the proceedings, and stated that before they would pay in to the town treasury the sum stated, they would fight the case in the County Court.

The meeting was presided over by Mayor Frank Anderson, and all Councilors were present.

DEAN INGE WRITES OF CHURCH REVIVALS.
Danger of Making Christian Faith Vulgar And Ridiculous.

Dean Inge the distinguished English prelate now visiting in America contributed to a recent issue of the Church of England newspaper, London, an instructive article aspects of conversion, Jarrold of Psychology. In his paper the Dean said "the vast literature on conversion which has poured from American printing presses lays far too much stress on consciousness of spiritual health" and declared:

"The whole atmosphere of modern psychology is alien to the devout humility and self-respecting reticence of true Christian piety." He says "it is quite right to study the psychology of revivals, the relation of religious storm and stress to the physical conditions of adolescence, and the alternating joys and miseries of the mystical state." But he points out the danger of making Christian faith vulgar and ridiculous.

For example, Dr. Cutten, the author of a valuable book on psychology of Christianity, describes how a certain revivalist, "began his address with his coat, vest, and collar off. In a few moments his shirt and undershirt were gaping open to the waist. In the course of a special sermon on 'Booze,' he was in the habit of breaking to pieces a common kitchen chair."

Well, perhaps we Anglicans are too fastidious; but it is not easy to imagine the Apostles, still less their Master, adopting these aids to eloquence. Inspiration is not quite the same thing as perspiration."

BRITISH MERCHANTS HOLDING THEIR OWN.
Not Afraid of Competition, Says Walter Lindley Jones, of London.

Vancouver—"British merchants are holding their own throughout the world," stated Walter Lindley Jones, founder and editor for 28 years of the Mercantile Guardian, of London, England, who left Vancouver Monday morning for the east over the Canadian Pacific in the course of a round-the-world survey of trade and commerce conditions. He is accompanied by his brother, F. Hilary Jones, who is financial manager of the same paper, having reached Vancouver earlier in the week on the S. S. Empress of Russia.

PLAN FOR A GARDEN.

Plant Sweet Peas always just as early in the spring as it is possible. In order to do this it helps to have the ground prepared in fall so that in spring it is only necessary to tuck the seeds down in a little hole and fill in over them with a little dry soil...

Annuals seldom require soaking of the seeds, unless we except Nasturtiums which germinate slowly.

Local Happenings

Now that trout fishing, of a kind, has got away to a good start our readers' attention is called to the following clauses of the Fisheries Act: "No one shall fish for, catch or kill in any of the waters of the province, in one day by angling, or shall carry away a greater number of speckled trout than in the aggregate shall weigh more than ten pounds, and no greater number than thirty speckled trout or brook trout, though said number weigh less than ten pounds. The use of a torch or other artificial light in fishing for or catching trout is prohibited." That number clause is respectfully called to the attention of local anglers who have been making us feel jealous by telling of how many trout they caught.

A very nice illustrated booklet of Kings and Annapolis Counties has been produced by the Provincial Dept. of Industries and Immigration, and copies may be obtained from W. B. MacCoy, secy of that dept., Halifax. An issue of the Halifax Herald last week contains a full length cut of Roy Mitchell with the mitts on and the following note: "That number clause is respectfully called to the attention of local anglers who have been making us feel jealous by telling of how many trout they caught."

Nineteen-year-old Halifax and Kentville heavyweight boxer, whose high jump feats have astonished local fans, Mitchell has repeatedly jumped four feet six inches over ropes from a standing position. Experts state that Mitchell would be a world champion if trained properly. He looks like one of the best heavyweights produced in the East.

We might state for the benefit of the Herald that Mitchell named above is a son of Elias Mitchell of Upper Granville, and spent practically all his life on his father's farm two miles from Bridgetown. According to good ring dope Mitchell is a comer in the "fighting game."—(Ed. Monitor).

Premier Armstrong announced in the local house that the D. A. R. had asked for a subsidy of \$5,000 for a steamship service between Wolfville and Parrsboro; that the Government had agreed if the present boat, Prince Albert performed a satisfactory service this year to continue the present subsidy of \$2,000, and when the D. A. R. had provided a new boat, in order to accept the Federal Government subsidy of \$5,000 and abide by the Federal Government contract, the Provincial Government would double the present subsidy.

It is estimated that the hotels and boarding houses in Kentville paid to our farmers garden producers and others for milk, butter and provisions the sum of \$11,000 for what was required to provide for the tourists alone. No other business will yield us such quick, sure and large returns as a thousand dollars spent to attract summer tourists.—(Kentville Advertiser).

What about Bridgetown getting a share in this? As matters stand at present the Town has not even a sign at Carleton Corner telling tourists where Bridgetown is. Hundreds pass by in utter oblivion of our existence. This is a matter upon which the Board of Trade Council might very well become active.—(Ed. Monitor).

As a direct result of the activities of the West Pictou Rod and Gun Club, 25,000 trout fry were brought to Pic-

ton and deposited in the streams of West Pictou on Monday afternoon. Another shipment of trout fry is expected within a week which will be used to further re-stock our natural trout streams. The little fish should thrive well, as there is little danger of them being eaten by rock bass or larger trout as was the case in some districts where re-stocking was tried.—(Pictou Advocate).

The stocking of lakes in this vicinity has greatly improved the fishing in them.—(Ed. Monitor).

A dog is a man's friend and often has been saved by the actions of dogs. This was illustrated the other day in the home of Joseph Williams, (Barney's River) member of the County Council. While in bed and sometime through the night his mill took fire. His dog discovering the blaze, rushed through the room and pulled the bed clothes of Mr. Williams, awakening him. As there were several men asleep in the house at that time Mr. Williams gave the alarm and was able to put the fire out, but not before considerable damage had been done.—(Antigonish Gazette).

In our last issue a sale of furniture was advertised. The owner disposed of it all the same day the paper came out. Does it pay to advertise in the Monitor? Ask Mr. Herbert Hicks. Keep Tuesday, May 12th, for shopping day at BUCKLER & BUCKLES. A bear caused some excitement in the St. Andrew's district a few days ago. The animal was first seen at J. C. Chisholm's, St. Andrew's. From there it went to Dunmore, crossing the Dunmore bridge, and going up the river valley. After killing a sheep on the farm of William Chisholm it came down the river, following much the same course as on the outward trip, and was last seen on the property of Angus McKinnon. Though pursued by some of the young folks of the district the animal is still at large.—(Antigonish Gazette).
