The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

COURSE OF INSTRUCTION.

63. The period of four years instruction at the Royal Military College will be divided into four Terms.

64. A Term will extend from about the 10th September to 30th June.

65. There will be four classes. Cadets on joining the Royal Military College will be placed in the fourth class, and if qualified will pass successively into the first class.

66. The subjects of instruction, obligatory and voluntary, for each class, throughout the entire course, are shown in Table 1, page 22.

67. The weekly attendance of each class and the total number of hours available for each subject during the full course of instruction, obligatory and voluntary, is given in Table II, page 23.

68. The marks assigned for every subject in the full course, obligatory and voluntary, and for the obligatory sections, respectively, of such subjects, are shown in Tables III and IV, pages 24 to 26.

In these Tables the subjects of instruction embraced in the military course are marked (M,) those of the civil course (C,) those common to military and civil courses (M) and (C).

69. Examinations will be held towards the end of each Term to ascertain the qualifications of Cadets for class promotion and for final graduation.

70. A Cadet will be liable to be examined at the annual examination of any Term upon any part of each subject of the course of instruction of his *present* or *previous* classes, whether obligatory or voluntary.

(a.) The sections of the *back* course of previous classes in which he will be examined will be notified about three months before the examination.

71. Intermediate examinations may also be held during the Term, the marks obtained at which will be amalgamated with those awarded at the annual examinations.

72. When any subject of instruction is divided into obligatory and voluntary sections the intermediate examination will be on the obligatory sections only.

73. For voluntary subjects a Cadet in any class may elect to be examined in any section of the same subject allotted to a lower class *instead* of in the voluntary work of that subject belonging to his own class, provided that he has not previously qualified in that section.

(a) A Cadet must notify his intention to be examined in a paper belonging to a class lower than his own at least *three months before the date of examination*.

74. When two or more subjects are alternative as obligatory or voluntary for examination, a Cadet intending to take up both subjects must notify to the Instructor at the *commencement* of the Term *which subject* he desires to select as *obligatory*.

75. A Cadet desiring to study any voluntary subject must notify his wish to do so to the Commandant within *fifteen days of the commencement of a Term*. If his request is approved he will be required to continue the study of the subject to within thirty days of the end of the Term. A Cadet will not be permitted to commence the study of a voluntary subject unless the Commandant is satisfied that there is a reasonable probability of his passing the qualifying examination at the end of the Term in all the obligatory subjects.

76. No voluntary section of a subject of instruction shall be commenced by, or gain any marks for, a Cadet until the Professor is satisfied that he is sufficiently forward in the obligatory section, and he has obtained the approval of the Commandant to commence voluntary work.

77. If a Cadet is absent the whole or any portion of a *yearly examination* in consequence of sickness, rustication, or any other cause, he will immediately on his return for the ensuing Term, be required to pass in the whole of the obligatory subjects of the examination which he missed. The *maximum* marks which he will be allowed to count in any of these subjects will be two-thirds the maximum marks assigned to these subjects. He will not be allowed to be specially examined in any voluntary section of an obligatory subject which he has missed. He will be allowed to count marks for prior intermediate examinations, both obligatory and voluntary, and also for all Notes, Drawings, etc., which he has executed during the Term.

78. If the subject missed is one, *the whole* of which is voluntary, the maximum allowed will be the *qualifying minimum* for "Pass" of that subject.

79. If the absence of a Cadet from examination occurs in his *final year* any examination he may have missed will be held at such time as may be determined by the Commandant, and will be subject to the rules specified in paragraphs 77 and 78.

80. If a Cadet is absent from sickness, rustication or any other cause, at any *intermediate examination*, marks will be allotted to him at the end of the Term in each obligatory or *wholly* voluntary subject which he has missed in such proportion as he may obtain at the other examinations during the Term. Marks will *not* be allowed for any examination in voluntary sections of obligatory subjects which may be missed.

81. If a Cadet affords to, or obtains from, another Cadet any assistance during any examination, or if he makes use of any improper means of obtaining information relative to any examination, he will, if it is his final examination for graduation, be debarred from receiving *any* Diploma; if at any annual examination other than his final, or at any intermediate examination, *he will be Rusticated*.

82. A maximum number of marks will be allotted to each subject of instruction for each Term.

83. No voluntary section of an obligatory subject shall gain a Cadet any marks in that section unless he obtains one-third marks.

84. No subject, the *whole* of which is voluntary, shall gain marks at any examination unless the Cadet obtains the qualifying minimum of such subject, which minimum shall in no subject be *less than* one-third of the maximum marks.

85. When a Cadet elects to be examined in a voluntary subject in a paper belonging to a class lower than his own, the maximum number of marks available will be that of the class to which the paper properly belongs.

86. The proportion of marks assigned to the *whole of the intermediate examinations* in any class will not exceed one-half of the total allotted for the Term to that class, *exclusive* of marks assigned for Drawings, Notes, Recitations, &c., &c.

87. Marks will be assigned at the end of Term for Notes, Recitations and Drawings executed by any class during the current Term. Those for Notes and Recitations will not exceed one-sixth of the total allotted to that class. Each Drawing will have a specified maximum attached to it.

88. From the maximum number of marks assigned for Conduct, deductions will be made only as recorded in the Defaulters' Book. The conduct and character of a Cadet will be recorded on his Diploma of Graduation by the term "Pass," or "Special Mention." The character recorded on the Certificate of Discharge will be those terms only which are authorized to be used by Queen's Regulations.

89. For marks for Discipline, N. C. O's. will be classified in each rank at the end of every Term, in one of four grades of general efficiency: viz. : A. B. C. D.

The proportion of marks for each grade will be:

A. or Very Good.....100 p. c.	} Of the maximum marks allotted to each rank.
B. " Good..... 75 "	
C. " Moderate 50 "	
D. " Bad 25 "	

Of the marks corresponding to those grades, the number of marks counted will be in proportion to the period in any Term, during which the N. C. officer has been performing the duty of each rank, subject to further deductions only as recorded in the Defaulters' Book against the N. C. O. Discipline marks. No marks will be counted for *acting* rank, or for *permanent* rank held for a less period than 28 days. A Cadet appointed or promoted as N. C. O. to a rank higher than any for which marks are assigned for the class he may be in at the time, can count only the marks of the highest rank for which marks are assigned in that class.

90. For marks for Drills and Exercises, and for Non-Commissioned Officer's Drill Instructors, Cadets will be classified in each branch at the end of every Term in one of four grades of expertness A. B. C. D. The proportion of marks for each grade will be:

A. or Very Good.....100 p. c.	} Of the maximum marks allotted to each description of Drill.
B. " Good..... 75 "	
C. " Moderate..... 50 "	
D. " Bad 25 "	

91. The marks for Civil Engineering and Architecture will be recorded separately. If only *one* of these subjects is taken up, the *full* marks allotted to sections *common to both* subjects, such as "Nature, production, &c., of materials for construction," and "Estimating," will be available for *whichever* subject is studied. If *both* Civil Engineering and Architecture are taken up, then one-half the allotted marks of these sections *common to both* will be available for Civil Engineering and Architecture, *respectively*.

92. In Geometrical Drawing and Descriptive Geometry *combined*, in Fortification and Military Engineering, and in Surveying, Military

Topography, and Reconnaissance, *combined*, a Cadet in order to qualify or count marks, must complete a specified number of plates in each, and *also* obtain the required proportion of marks for these plates. Further, he must obtain the necessary proportion of marks in the examination.

93. To qualify for *any* Diploma of Graduation, or to entitle to record "Pass" for *Physics* on a Diploma, it is compulsory that a Cadet shall *also* obtain the qualifying minimum in the course of *Elementary Inorganic Chemistry* studied in the second class: this limited knowledge of Chemistry being necessary for prosecuting the study of *Physics*.

94. The requisite marks in *Elementary Inorganic Chemistry* necessary to record "Pass" for *Physics*, may be obtained by a Cadet either in the second or first class, and will be counted under the head of *Chemistry* in his *general total*; but they will not entitle him to a record of "Pass" in *Chemistry* unless he *also* obtains the qualifying minimum for the *full course* of *Inorganic Chemistry*.

95. In the 1st and 2nd Classes painting from copies will be *combined* for qualification with drawing from copies, object, or nature.

96. If a subject of obligatory instruction is *completed* in *any* class, then in order to qualify either for class promotion, or for *any* Diploma of Graduation, a Cadet must obtain not only the qualifying minimum of the subject in *that class*, but, should he have failed in it in any previous classes, then also in *addition*, sufficient marks to make up any *deficiency* in the qualifying minimum of the *full course* of the completed subject, incurred by failure in any former class or classes; *i.e.*, he must qualify in each obligatory subject in the *completing class* as well as in the *full course* of the subject.

97. Marks above qualifying minimum which may be obtained for an obligatory subject in any one class will *not* count towards making up in any higher class any deficiency in the qualifying minimum of the same subject required for that higher class, but all marks obtained for an obligatory subject in any class *will* count towards making up the *final total* for the *full course* of that completed subject.

98. The qualifying minimum for class promotion of the *full course* of any *completed* subject is that which is specified for the same subject as being requisite for a Diploma of Graduation.

QUALIFICATION FOR PRIZES.

99. The conditions requisite to entitle to prizes are as follows:

(a.) A Cadet who fails to qualify in any obligatory subject at any Term, or at his final, examination, cannot receive *any prize* either for class or any other subject at the examination in which he fails.

(b.) A Cadet, although he may be highest in a class or first in any subject of instruction, will not be eligible to receive any prize unless the Commandant reports that the work, etc., etc., of the Cadet is of sufficiently high quality to merit such recognition.

For Class Prize.

To count *during any Term* the greatest number of marks in all subjects of Instruction, Obligatory and Voluntary (Conduct, N. C. O. Discipline, Drills and Military Exercises *excepted*) assigned to any class.

For Subject Prize.

To count at *end of full term of service* the greatest number of marks in any subject from date of joining to date of leaving Royal Military College.

QUALIFICATION FOR CLASS PROMOTION.

100. The conditions requisite to entitle to class promotion are as follows :—

For promotion from 4th to 3rd Class.

To count the qualifying minimum of four-tenths of the aggregate of the total number of marks allowed for Term work and examinations of the 4th Class to the obligatory sections of the whole of those subjects of instruction *combined* which are specified as obligatory for that class.

The obligatory subjects are:—

- Mathematics.
- Geometrical Drawing and Descriptive Geometry.
- Fortification and Military Engineering.
- French.
- Freehand Drawing.
- English.

For promotion from 3rd to 2nd Class.

To count the qualifying minimum of the total number of marks allotted for Term work and examinations of the 3rd Class to the obligatory sections in those subjects of instruction which are specified as obligatory for that class, with the following limitation:—A Cadet will not be disqualified for promotion, provided he does not fail in more than *two* obligatory subjects, or in any *one* subject the instruction in which is *completed* in the 3rd Class.

The obligatory subjects and the qualifying minimum are:—

OBLIGATORY SUBJECTS.	QUALIFYING MINIMUM.
Mathematics and Mechanics.	Four-tenths.
Geometrical Drawing and Descriptive Geometry, <i>combined</i>	Four-tenths.
Fortification and Military Engineering.	One-half.

For promotion from 2nd to 1st Class.

To count the qualifying minimum of the total number of marks allotted for Term work and examinations of the 2nd Class to the obligatory sections of those subjects of instruction which are specified as obligatory for that class, with the following limitation:—

A Cadet will not be disqualified for promotion provided he does not fail in more than *one* obligatory subject, or in any *one* subject the instruction in which is completed in the 2nd Class.

The obligatory subjects and the qualifying minimum are:—

OBLIGATORY SUBJECTS.	QUALIFYING MINIMUM.
Mathematics and Mechanics	Four tenths.

(b) In Chemistry, the marks assigned to "*Organic Chemistry*" may be assigned to "*Chemistry of Metals*" instead, in counting marks for aggregate for "Honours."

QUALIFICATIONS TO RECORD ON DIPLOMA OF GRADUATION, "PASS" OR "SPECIAL MENTION" IN ANY SUBJECT.

- (a.) The proportion of maximum marks required to be counted to record "Special Mention" varies according to the nature of the subject of instruction, and in the obligatory and voluntary sections respectively of that subject, and will be determined from time to time. The proportions will be notified before the final examination.
- (b.) "Special Mention" for N. C. O. Discipline will be determined on the proportion obtained of the aggregate of the maximum marks allotted to each rank the Cadet has served in, corrected for his time of service in each rank.
- (c.) No N. C. O. is eligible to record "Special Mention" for discipline who has not been a N. C. O. for at least $\frac{1}{4}$ ths of one entire term, or who may have been reduced.
- (d.) To be eligible to record for N. C. O. Discipline "Special Mention," a Cadet must be of rank not under that of Sergeant.
- (e.) Any marks obtained for N. C. Officers Drill Instructors, or for Voluntary Gymnastics or Voluntary Swordsmanship, will count towards "Special Mention" for "Drills and Exercises," but will *not* be required for, or count towards, qualification for "Pass" for that Subject.
- (f.) For "Special Mention" in Chemistry, *both Inorganic and Organic Chemistry, or in lieu of latter, Chemistry of metals,* must be taken up.

104. SYSTEM TO BE ADOPTED FOR DETERMINING AND RECORDING PROPORTIONS OF MARKS AS DECIMALS.

All proportions of qualifying minimum of marks shall be *recorded* as decimals up to two places, the second figure being taken the nearest possible:—

Example.

.784 recorded as .78 only.
.785 recorded as .79

In subjects having obligatory and voluntary sections the aggregate decimals, to be recorded for those subjects complete, will be calculated by dividing the total marks recorded by the *sum* of the maximum marks available for *obligatory and voluntary sections together.*

Example.

Subjects,	Obligatory Sections.		Voluntary Sections.		Aggregate Decimal of Subject.
	Maximum Marks—1,000.		Maximum Marks—500.		
	Marks Obtained.	Decimal.	Marks Obtained.	Decimal.	
Mathematics.....	500	.5	Nil.	Nil.	.58
Civil Engineering..	750	.75	250	.5	.67

SYSTEM TO BE ADOPTED IN DETERMINING QUALIFICATION FROM RECORDED DECIMALS.

For "Diploma of Graduation," for "Pass" and for "Special Mention," in any Subject.

If any Decimal falls short of qualifying minimum by *not more than one* in the *second* place, it will be accepted as qualification.

Example.

.785 recorded as .79 accepted as .8 for qualification

For "Diploma of Graduation," and for "Pass" in any Subject.

If any Decimal recorded falls short from qualifying minimum by not more than one in the *first* place, it may be compensated for by marks recorded in the voluntary sections of the same subject, not less in number than those deficient in the obligatory sections.

For "Special Mention" in any Subject.

Any deficiency of recorded *Decimal* from qualifying minimum in *obligatory* sections of any subject may be compensated for by an excess in *Decimal* of not less than *three times* that deficiency in the *voluntary* sections of that subject. Any deficiency of recorded *Decimal* from qualifying minimum in the *voluntary* sections of any subject may be compensated for by an excess in *Decimal* of not less than *twice* that deficiency in the *obligatory* sections of that subject.

REGULATIONS FOR ADMISSION.

105. Only persons who are British subjects and who have resided, or whose parents have resided in Canada for five years immediately preceding the date of examination, shall be eligible as candidates for admission as Cadets, and all such persons shall be eligible. Short periods of absence in Europe for purposes of education to be considered as residence.

106. Admission to the College as Cadets will be granted to the successful candidates at an open competitive examination.

107. The examinations will be conducted by Examiners appointed by the Governor in Council.

108. Notices will be given from time to time of the day and place of the examinations, and of the vacancies to be competed for at each examination.

109. Boards will be appointed by the Governor in Council in each Military District to supervise the examination of candidates.

110. No person will be accepted as a Cadet who is not considered eligible as to stature and physical power. The limits of age will, for the present, be from 15 to 18; the candidates being required to be within those limits on the 1st day of January preceding the examination.

(a.) The selections will be made by the Governor in Council from the lists of names forwarded by the Examiners, *par.* 107, having reference to the order of merit in which the candidates pass their examination.

111. Each candidate for admission must send to the Adjutant General of Militia, Ottawa, not less than one month before the examination is held, an application accompanied by the following papers *in duplicate*,

(a.) A certified abstract from the register of his birth (giving date and place), or in default, a declaration by one of his parents or guardians before a Magistrate, giving his exact age, with date and place of birth.

(b.) A certificate of good moral character, signed by a Clergyman of the place of worship which he usually attends, or by the head of the school or college at which he has received his education for at least the two preceding years.

112. When a candidate who has once been examined applies to be examined again, he will only be required to forward a certificate of his moral character for the interval between the two examinations.

113. The number of trials allowed will not exceed three.

114. All candidates will be examined by a medical officer (medical fee payable by the person examined); and no candidate will be allowed to
