Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

D. B. Weldon Library
University of Western Ontario
(Regional History Room)

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

D. B. Weldon Library
University of Western Ontario
(Regional History Room)

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

The Ontario
 SAVINGS AND INVESTMENT SOCIETY
 SAVINGS BANK.

THIS Institution was incorporated for the purpose of assisting those persons furnishing good Mortgage Security on Real Estate, in the acquisition of Freehold Property, for the Erection of Buildings, and in the Removal of Incumbrances on Property already held by them.

The following advantages are offered to borrowers :—

- 1.—The SOLICITOR'S FEES for drawing Mortgage and searching Title (when the Title is satisfactory), on all Farm Loans of \$500 and upwards, and for five years and upwards, are now paid by this Company.
- 2.—The payments can be made to fall due at any time of the year the borrower chooses; the first instalment need not be made to fall due for eighteen months.
- 3.—By the Instalment System you repay both Principal and Interest in the shape of a Rental, and in your own time; you avoid all risk of losing your property, or having to borrow again to pay off the Loan.
- 4.—You secure the strictest privacy as to your affairs in your own neighborhood, and are not subject to the mercy or caprice of any individual. The Society cannot own Real Estate, and will at any time, when the security is satisfactory, renew the Loan.

- 5.—Loans are made on the Instalment System; the Society will make Loans which are only payable half-yearly or yearly, as agreed upon.
- 6.—You can pay back any sum you wish, and the rate of interest of the regular instalments, and the rate per cent. per annum will be as low as you can clear month.
- 7.—Money can be obtained at any time, with little or no delay beyond the time you are occupied in the investigation and preparation of the Mortgage.
- 8.—The location of the Society's Office is permanent, borrowers have a **certainty to pay or remit Money**;—for final settlement and release of the property given, and easily obtained, the rate of interest is at all times easily proven.
- 9.—The published Loan Tables of the Society are in the inspection of all, rendering it impossible from possibility of extortion, delay, or expense. These Loans are made at a fixed rate.
- 10.—Borrowers sometimes desire to be able to otherwise dispose of their property, or to have the means of repaying a loan occur, or having to pay in any way, and much inconvenience is often caused by not being able to obtain a discharge of Mortgages at any time.
- 11.—The following is the rule in the discharge of Mortgages:—
 “Loans can be paid off on the first day of any time, and a Discharge of the Mortgage will be given, the rule of the Society being, when the security is satisfactory, the advantage of, to charge three months interest on the balance at the same rate at which the Loan was made, and the Solicitor's Fees, if they have been paid.”
- 12.—In cases where loans have already been made from private capitalists, or companies, in consequence, this Institution underwrites those Mortgages, and obtains legal title.

ment, married women have the right to
deposit and draw out money in their own
name.

MORTGAGES AND DEBENTURES PURCHASED.

*Money Lent for any period from two to twenty years, and
payments can be made to fall due at any
period of the year.*

MONEY SAVED IS MONEY EARNED.

SYSTEM OF REPAYMENT OF LOANS.

The Sinking Fund System offers the easiest, cheapest and surest mode of paying off a Mortgage debt, and affords peculiar advantages to Farmers, Tradesmen, Trustees of Churches, and others, where cash incomes are received periodically.

Six per cent. per annum allowed on all sums paid in advance (before coming due).

The comparative cost of a Loan obtained from this Society, and one obtained at eight per cent. upon the ordinary terms of interest, payable half-yearly, and the principal at the end of term, is apparent from the following

EXAMPLE.

Upon a Loan of \$1,000 for ten years, there will be required for interest 20 half yearly payments of \$40 each.....	\$ 800 00
Principal Money.....	1000 00
Total payments on a Loan at 8 per cent.....	\$1800 00
Upon a Loan of \$1,000, for the same term, from this Society, there will be required, to redeem both Principal and Interest, 20 half-yearly payments of \$76.90 each.....	\$1538 00
Difference in borrowing from this Institution.	\$ 262 00
