THE ALLIES' TERMS OF PEACE

Note Sent in Reply to Wilson's Proposed Peace Discussion Discloses for First Time the Only Terms on Which Peace Will Be Made, Namely, Restoration, Indemnification and Evacuation of Invaded Territories; Liberation from German Domination of Italians, Slavs and Rumanians; Expulsion of Turkey from Europe and Suppression of Prussian Militarism—Germany Sends Note to Neutrals Upon Allies' Refusal to Discuss Peace.

Special to The Toronto World.
WASHINGTON, Jan. 11.—Declaring "It is impossible at the present moment to attain a peace which will assure them reparation, restitution and such guarantees to which they are entitled," the reply of the entente powers to President Wilson's recent peace note was received today by the American Government. The allied governments object to the implication in the president's note that the aims and purposes of the two groups of belligerents are the same, saying it "is in direct opposition to the evidence." The note says: "The objects of the allies in the war will not be made known in detail until the hour of negotiations," but then summarizes these objects as follows:

- Restoration and indemnification of Belgium, Serbia and Montenegro.
- Evacuation of the invaded territories of France, Russia and Rumania, with just reparation.
- Reorganization of Europe, founded upon a respect for nationalities, and guarantees against aggression."
- Restoration of provinces wrested in the past from the allies by force or against the will of their populations.
- Liberation of Italians, Slavs, Rumanians, from foreign domination.
- The expulsion from Europe of the Ottoman Empire and the enfranchisement of populations subject to the Turk.
- "It never has been the design of the allies to encompass the extermination of the German people," says the note.

The note is not taken to mean that no prospect of peace conference remains, since it is taken for granted that Germany is not willing to discuss terms on the basis laid down by the allies.

The full text of the note follows: "The allied governments have received the note which was delivered to them in the name of the Government of the U. S. on the 19th of December, 1916. They have studied it with the care imposed upon them both by the exact realization which they have of the gravity of the hour and by the sincere friendship which attaches them to the American people.

Pay Tribute to Sentiment.
In a general way they desire to declare their respect for the lofty sentiments inspiring the American note and their wholehearted agreement with the proposal to create a league of nations, which shall assure peace and justice through the world. They recognize all advantages for the cause of humanity and civilization which the institution of international agreements, destined to avoid violent conflict between nations, would prevent; agreements which must imply the sanctions necessary to insure their execution and thus to prevent an apparent security from only facilitating new aggressions. But a discussion of future arrangements for assuring a durable peace presupposes a satisfactory settlement of the present conflict; the allies have as profound a desire as the Government of the U. S. to terminate as soon as possible a war for which the central empires are responsible and which inflicts such cruel sufferings upon humanity.

But in their judgment it is impossible to obtain at this moment such a peace as will not only secure to them the reparation, the restitution and the guarantees justly due them, by reason of the act of aggression, the guilt of which is fixed upon the central powers, while the very principle from which it sprang was undermining the safety of Europe; and at the same time such a peace as will enable future European nations to be established upon a sure foundation. The allied nations are conscious that they are not fighting for selfish interests, but above all to safeguard the independence of peoples, of right and of humanity.

The allies are fully aware of the losses and suffering which the war causes to neutrals as well as to belligerents and they deplore them; but they do not hold themselves responsible for them, having in no way either willed or provoked this war, and they strive to reduce these damages in the measure compatible with the inexorable exigencies of their defense against the violence and the will of the enemy.

It is with satisfaction therefore that they take note of the declaration that the American communication is in no wise associated in its origin with that of the central powers transmitted on

Dec. 13, by the Government of the U. S. They did not doubt, moreover, the resolution of that government to avoid even the appearance of a supporter, even moral, of the authors responsible for the war.

Protect Against Assimilation.
"The allied governments feel it their duty to challenge in the most friendly, but also in the clearest way, the analogy drawn between the two groups of belligerents. This analogy, based on public declarations of the central powers, is in direct conflict with the evidence, both as regards responsibility for the past and guarantees for the future. President Wilson, in alluding to this analogy, did not, of course, intend to adopt it as his own.

If there is an historical fact established at the present date, it is the willful aggression of Germany and Austria-Hungary to insure their hegemony over Europe, and their economic domination over the world.

By her declaration of war, by the instant violation of Belgium and Luxembourg, and by her methods of warfare, Germany has proved that she systematically scorns every principle of humanity and all respect due to small states. More and more, as the struggle has progressed, has the attitude of the central powers and their allies been a constant challenge to humanity and civilization.

Is it necessary to recall the horrors which accompanied the invasion of Belgium and Serbia; the atrocious regime imposed upon the invaded countries; the massacre of hundreds of thousands of innocent Armenians, the barbarities perpetrated against the population of Syria, the raids of zeppelins on open towns, the destruction by submarines of passenger steamers and of merchantmen even under neutral flags, the cruel treatment inflicted upon prisoners of war, the juridical murders of Miss Cavell, of Capt. Fryatt, the deportation and reduction to slavery of civil populations, etc. The execution of such a series of crimes perpetrated without any regard for universal reprobation fully explains to President Wilson the protest of the allies.

Declaration Already Made.
They consider that the note which they sent to the U. S., in reply to the German note, will be a response to the questions put by the American Government and, according to the exact words of the latter, constitute "a public declaration as to the conditions upon which the war could be terminated."

President Wilson desires more; he desires that the belligerent powers openly affirm the objects which they seek by continuing the war; the allies experience no difficulty in replying to this request. Their objects in the war are well known; they have been formulated on many occasions by the chiefs of their diverse governments. Their objects in the war will not be made known in detail with all the equitable compensations and indemnities for damages suffered until the hour of negotiations. But the civilized world knows that they imply in all necessity and in the first instance the restoration of Belgium, of Serbia and of Montenegro and the indemnities which are due them; the evacuation of the invaded territories of France, of Russia and of Rumania, with just reparation; the reorganization of Europe, guaranteed by a stable settlement, based alike upon the principle of nationalities, on the right which all peoples, whether small or great, have to the enjoyment of full security and free economic development and also upon territorial agreement and international arrangements so framed as to guarantee land and sea frontiers against unjust attacks; the restitution of provinces or territories wrested in the past from the allies by force or against the will of their populations; the liberation of Italians, of Slavs, of Rumanians and of Teheco-Slovagues from foreign domination; the enfranchisement of populations subject to the bloody tyranny of the Turks; the expulsion from Europe of the Ottoman Empire, which has proved itself so radically alien to western civilization. The intentions of his majesty the Emperor of Russia regarding Poland have been clearly indicated in the proclamation which he has just addressed to his armies. It goes without saying that if the allies wish to liberate Europe from the brutal covetousness of Prussian militarism, it never has been their design, as has been alleged, to encompass the extermination of the German peoples and their political disappearance. That

which they desire above all is to insure a peace upon the principles of liberty and justice, upon the inviolable fidelity to international obligation with which the government of the U. S. has never ceased to be inspired.

United in the pursuit of this supreme object the allies are determined, individually and collectively, to act with all their power and to consent to all sacrifices to bring to a victorious close a conflict upon which they are convinced not only their own safety and prosperity depends, but also the future of civilization itself.

The Note From Belgium.
The translation of the Belgian note, which was handed to Ambassador Sharp with the entente reply, follows:

The government of the king, which has associated itself with the answer handed by the president of the French council to the American ambassador, on behalf of all is particularly desirous of paying tribute to the sentiment of humanity which prompted the president of the United States to send his note to the belligerent powers, and it highly esteems the friendship expressed for Belgium thru his kindly intermediation. It desires as much as Mr. Woodrow Wilson to see the present war ended early as possible.

But the president seems to believe that the statements of the two opposing camps pursue the same objects of war. The example of Belgium unfortunately demonstrates that this is in no wise the fact. Belgium has never, like the central powers, aimed at conquest. The barbarous fashion in which the German Government has treated, and is still treating, the Belgian nation does not permit the supposition that Germany will preoccupy herself with guaranteeing in the future the rights of the weak nations which she has not ceased to trample underfoot since the war, let loose by her, began to desolate Europe. On the other hand, the government of the king has noted with pleasure and with confidence the assurances that the United States is impatient to co-operate in the measures which will be taken after the conclusion of peace to protect and guarantee the small nations against violence and oppression.

The Country is Ruined.
Previous to the German ultimatum Belgium only aspired to live upon good terms with all her neighbors; she practised with scrupulous loyalty towards each one of them the duties imposed by her neutrality. In the same manner she has been rewarded by Germany for the confidence she placed in her, thru which, from one day to the other, without any plausible reason, her neutrality was violated; and the chancellor of the empire, when announcing to the reichstag this violation of right and of treaties, was obliged to recognize the iniquity of such an act and predetermined that it would be repaired. But the Germans, after the occupation of Belgian territory, have displayed no better observance of the rules of international law or the stipulations of the Hague convention. They have by taxation, as heavy as it is arbitrary, drained the resources of the country; they have intentionally ruined its industries, destroyed whole cities, put to death and imprisoned a considerable number of inhabitants. Even now, while they are loudly proclaiming their desire to put an end to the horrors of war, they increase the rigors of the occupation by deporting into servitude Belgian workers by the thousands.

If there is a country which has the right to say that it has taken up arms to defend its existence, it is assuredly Belgium. Compelled to fight or to submit to shame, she passionately desires that an end be brought to the unprecedented sufferings of her population. But she could only accept a peace which would assure her, as well as equitable reparation, security and guarantees for the future.

Grateful for Relief.
The American people, since the beginning of the war, have manifested for the oppressed Belgian nation its most ardent sympathy. It is an American committee, the commission for relief in Belgium, which, in close union with the government of the king and the national committee, displays an untiring devotion and marvelous activity in revictualing Belgium. The government of the king is happy to avail itself of this opportunity to express its profound gratitude to the commission for relief as well as to the generous Americans eager to relieve the misery of the

Belgian population. Finally, nowhere more than in the United States have the abductions and deportations of Belgian civilians provoked such a spontaneous movement of protestation and indignant reproof.

These facts, entirely to the honor of the American nation, allow the government of the king to entertain the legitimate hope that at the time of the definitive settlement of this long war the voice of the entente powers will find in the United States a unanimous echo to claim in favor of the Belgian nation, innocent victim of German ambition and covetousness, the rank and the place which its irreproachable past, the valor of its soldiers, its fidelity to honor and its remarkable faculties assigned to it among the civilized nations.

GERMANY'S NOTE TO NEUTRALS

Blames Belgium for Its Fate, Says England Violated Rules of War, and Places Upon Allies Responsibility for Continuance of Bloodshed.

BERLIN, Jan. 11, via Sayville.—Germany today handed neutral governments a note concerning the reply of the entente to the German peace proposals, the Overseas News Agency announces. It is first stated, says the news agency announcement, that the German Government has received the reply of the entente to the note of Dec. 12, containing a proposition to enter at once into peace negotiations. The note then continues:

"Our adversaries declined this proposition, giving as the reason that it is a proposition without sincerity and without importance. The form in which they clothe their communication excludes an answer to them, but the imperial government considers it important to point out to the governments of neutral powers its opinion regarding the situation.

"The central powers have no reason to enter into any discussion regarding the origin of the world war. History will judge upon whom the immense guilt of the war shall fall. History's verdict will as little pass over the encircling policy of England, the revengeful policy of France and the endeavor of Russia to gain Constantinople as over the instigation of the Serbian assassination in Sarajevo and the complete mobilization of Russia, which meant war against Germany. Germany and her allies, who had to take up arms for defense of their liberty and their existence, consider this their aim of war, as obtained.

"On the other hand, the hostile powers always went further away from the realization of their plans which, according to the declarations of their responsible statesmen, were, among others, directed towards the conquest of Alsace-Lorraine and several Russian provinces, the humiliation and diminution of the Austro-Hungarian monarchy, the partition of Turkey and the mutilation of Bulgaria.

"In the face of such war aims, the demand for restitution, reparation and guarantee, in the mouth of our adversaries, produces a surprising effect.

"Our adversaries call the proposal of the four allied (Teutonic) forces a war manoeuvre.

Make Another Protest.
"Germany and her allies must protest in the most energetic fashion against such a characterization of their motives, which were frankly explained. They were persuaded that a peace which was just and acceptable to all the belligerents was possible, that it could be brought about by an immediate spoken exchange of views and that therefore the responsibility for further bloodshed could not be taken.

"Their readiness was affirmed without reservation to make known their peace conditions when negotiations were entered into which refuted every doubt as to their sincerity.

"Our adversaries, who had it in their hands to examine the proposition as to its contents neither attempted an examination or made counter proposals. Instead, they declared that peace was impossible so long as the re-establishment of violated rights and liberties, the recognition of

the people of the nationalities and the free existence of small states were not guaranteed.

Sincerity is Questioned.

"The sincerity, which our adversaries deny to the proposals of the four allied powers, will not be conceded by the world to these demands if the world holds before its eyes the fate of the Irish people, the destruction of the liberty and independence of the Boer republic, the subjugation of northern Africa by England, France and Italy; the suppression of Russian alien nations, and also the violation of Greece, which is without precedent in history.

"Against the pretended violations of the laws of nations by the four allies (Teutonic) those powers are not entitled to complain, which from the beginning of the war trampled on justice and tore to pieces the treaties upon which it is built. England already during the first weeks of the war repudiated the London declaration, the contents of which had been recognized by its own delegates as a valid law of nations, and in the further course of the war violated in the most severe fashion also the Paris declaration; so that by her arbitrary measures for warfare a condition of lawlessness has been created.

"The war of starvation against Germany and the pressure exercised in England's interest against neutrals are not less scandalously conflicting with the rules of the laws of nations than with the commands of humanity.

"Likewise, contrary to the laws of nations and incompatible with the usages of civilization, are the use of colored troops in Europe and the extension of the war into Africa, which was done by a breach of existing treaties and which undermines the prestige of the white race on that continent. The barbarous treatment of prisoners, especially in Africa and Russia, and the deportation of the civilian population from eastern Prussia, Alsace-Lorraine, Galicia and Bukovina, are further proofs of how our adversaries respect justice and civilization.

Puts Blame on Belgium.

"At the end of their note of Dec. 30 our adversaries point out the special situation of Belgium. The imperial government is unable to acknowledge that the Belgian Government has always observed the duties which were enjoined upon her by her neutrality. Already before the war Belgium, under England's influence, sought support in military fashion from England and France, and thus herself violated the spirit of the treaty which she had to guarantee her independence and neutrality.

"Twice the imperial government declared to the Belgian Government that it did not come as an enemy to Belgium, and asked it to spare to the country the terrors of war. Germany offered to guarantee the integrity and independence of the kingdom to the full extent, and compensate for all damages which might be caused by the passage of the German troops. It is known that the British Government in 1887 was resolved not to oppose the use of the right of way thru Belgium under those conditions.

"The Belgian Government declined the repeated offer of the imperial government. Upon her and those powers which instigated her to this attitude falls the responsibility for the fate which befell Belgium.

"The accusations about the German warfare in Belgium and the measures taken there in the interest of military safety have been repeatedly refuted by the imperial government as untrue. Germany again offers energetic protest against these calumnies.

Evading Responsibility.

"Germany and her allies have made an honest attempt to terminate the war and open the road for an understanding among the belligerents. The imperial government asserts the fact that it merely depended upon the decision of our adversaries whether the road towards peace should be entered upon or not. The hostile governments declined to accept this road. Upon them falls the full responsibility for the continuation of the bloodshed.

"Our allied powers, however, shall continue the struggle in quiet confidence and with firm trust in their right, until peace is gained which guarantees to their nations honor, existence and liberty of development, and which to all the nations of the European continent gives the blessings of co-operation in mutual respect and understanding to co-operate in the solution of the great equal rights together for the solution of the great problems of civilization."

BRITISH CONFRONT HALF ENEMY ARMY

Field Marshal Haig's Men Hold as Many Foes as French.

HAVE WORSE GROUND

Trench Raids Become Increasingly Easier, Declares Gen. Maurice.

London, Jan. 11.—In discussing with the Associated Press today the new line which the British have taken over in France, Major General F. H. Maurice, chief director of military operations at the war office, replied to the frequently uttered criticism based on the fact that Great Britain, with her great new army, holds only a comparatively small portion of the western front.

He stated that the 90 miles held by the British has as many Germans along its front as the 230 miles extending from the Swiss border to Rheims.

"Besides the numbers facing us," Gen. Maurice continued, "it must be remembered that both climate and ground conditions along our front are much worse than in any other section in the west. Just now we feel this acutely, as the winter is always near the surface in Flanders, and besides the churned up ground on the Somme front we must contend with adverse weather."

Face Strong Numbers.
"With the numbers facing us, which equal all the Germans on the line between the Swiss border and Rheims, we are bearing our own weight. As noted in the morning papers, we continue to make successful trench raids, and these operations are becoming increasingly easier. For example, in the Beaumont-Hamel raid, reported this morning, 100 of our men took the 140 prisoners mentioned in the official communication."

"On the Rumanian front, in the marshes of the Sereth and Pruth Rivers, weather conditions are interfering with operations. The Germans probably are finding the obstacles to their advance a little more serious than they expected."

SUBMARINE SINKS BRITISH WARSHIP

Cornwallis Sunk in Mediterranean, But Only Thirteen Lives Are Lost.

VICTIMS OF EXPLOSION

Seaplane Carrier Sunk by Gunfire in Kastelorizo Harbor, Asia Minor.

London, Jan. 11.—The sinking of the British warship Cornwallis by a submarine in the Mediterranean on Tuesday was announced today by the admiralty. The seaplane carrier Ben-My-Chree also has been sunk. The statement follows: "H.M.S. Cornwallis, Capt. Alexander E. Davidson, D.S.O., was sunk by an enemy submarine on the 9th in the Mediterranean. The captain and all the officers were saved, but there are thirteen men missing, and it is feared they were killed by the explosion."

"H.M.S. seaplane carrier Ben-My-Chree, Commander C. R. Samson, D.S.O., was sunk by gunfire in Kastelorizo Harbor, Asia Minor, today. The only casualties were one officer and four men."

Laid Down in 1901.
The warship referred to in the British announcement apparently is the British battleship Cornwallis, of 14,000 tons. The last previous reports from her showed that she was in service in the Mediterranean. Capt. A. P. Davidson last year was in command of the battleship Duncan.

There is also a Cornwallis in the Z-class of the British navy, consisting of warships retired from active service, but the fact that Captain David-

TURNING POINT IN WAR IN ROME CONFERENCE
More Than One Vital Decision is Reached by Allies.

London, Jan. 11.—The Times in an editorial today regarding the recent war council held in Rome, says: "The conference just concluded in Rome may well prove one of the turning points in the war. More than one vital decision was reached with complete harmony. The road to victory, tho it may be long, is now running straight to the appointed end."

DEMOCRATS INCLINING TOWARD HIGHER TARIFF

Redfield's Significant Words Are Cheered by Philadelphia Business Men.

LABOR BUREAUS HELP PROVIDE FARM LABOR

Will Be Linked Up With District Offices of Provincial Department of Agriculture.

Special to The Toronto World. Philadelphia, Jan. 10.—The assertion that he would raise the tariff if it were needed, made by William C. Redfield, secretary of the department of commerce, brought a prolonged burst of applause this afternoon from fully a thousand business men in the ball room of the Bellevue Stratford Hotel here this afternoon. The gathering was held in honor of Secretary Redfield, who had been invited to address the local chamber of commerce.

The government labor bureaus have been linked up with the offices of district representatives of the Ontario Department of Agriculture, and in this way farm help may be supplied to sections of the country in need of it.

There are some forty district representatives in the province, about one to each county, and in this way the whole province can be connected with the government bureaus in the various towns and cities.

The plan will also enable people to get back on the land. At the present time if a former farm hand finds himself out of employment in a city, by applying at the labor bureau he can secure a laboring position in the city, whereas by the plan proposed it will be possible to give him employment on a farm in a district where labor is scarce.

Salt added to the rising water prevents clothes from freezing. Salt placed under making this is an even prevents their burning.

SETTLERS DEMAND RAILWAY AT ONCE

Want Service North of Saskatchewan in Prince Albert District.

PEOPLE LACK MARKET

Long Haul for Whole District Impossible Thru Bad Roads.

Prince Albert, Sask., Jan. 8.—The unfortunate conditions of thousands of settlers north of the Saskatchewan River in the Prince Albert district were forcibly brought to public attention at the annual meeting of the People's school district on Saturday afternoon, when a largely signed petition was forwarded to the Dominion Government asking for immediate construction of a railway line, which has been projected for five years without anything being done.

At the meeting it was pointed out that whole townships are in practical poverty for lack of a market, the long haul to Prince Albert being rendered impossible except during the winter, on account of the frightful condition of the roads. One speaker said that the roads were the worst in North America, and no assistance could be obtained from either the provincial or Dominion government.

It is claimed that the areas north-east of Prince Albert contain the richest farm lands in the world. It is settled largely by Ruthenians, some townships not having a single quarter section left unoccupied.

RENNET EXTRACT IS UNNECESSARY

Dairymen Discuss Use of Substitutes in Cheese Manufacture.

CLOSE CONVENTION

R. W. Stratton, Guelph, is New President of the Association.

Special to The Toronto World.

Woodstock, Jan. 11.—The morning session of the Dairymen's Convention today was again an interesting one. Some of the more important of the problems which have arisen as a result of the war were discussed by experts, and the farmers present showed an intense interest in their suggestions for meeting and overcoming them.

The question discussed at greatest length was that of the use of substitutes for rennet extract in the manufacture of cheese. George H. Barr, of the dairy division of the Dominion Agriculture Department, stated that extensive experiments had shown that cheese made with pepsin is as good if not better than that made with rennet, of which it is assumed that reliable brands could be purchased.

The scarcity of rennet since the war started was also mentioned by the secretary of the association, Frank Herna, who pointed out that some substitutes have to be taken into place. T. J. McKinney, instructor of cheese making at the O. A. C., mentioned experiments with rennet substitutes and stated that some successful results had been obtained. Mr. Herna, who presented the report on instruction work for the past year, quoted figures showing that during the year the average price obtained for cheese was 13 cents, the highest in the history of the dairy industry.

Future Assured. Geo. A. Futman, provincial director of dairy instruction, stated that the future of dairying was assured and the industry should be put on a permanent basis in the matter of equipment and expert assistance. He had requested a shortage of labor and the farmers must want the work of every man to count for more in the future in order to offset this condition. He spoke also of the need of greater co-operation between the dairymen, and urged dairy farmers to conserve their livestock to the greatest possible extent.

The afternoon session was opened by reading of report of election of officers for the coming year. They are as follows: President, R. W. Stratton, Guelph; first vice-president, Jas. Donaldson, Atwood; second vice president, Frank Boyes, Dorchester; third vice-president, G. F. Mahon, Woodstock; secretary-treasurer, Frank Zierna, London; directors, London and St. Thomas group, Frank Boyes, Dorchester; eastern central and southern creamery group, R. W. Stratton, Guelph; Stratford, John Scott, Geo. Mahon, Woodstock; and Simcoe, J. W. Page, Canby; Stratford, Thos. Baunatyne, Stratford; central and northern creamery, Geo. Midd, Wilmshurst; Lister, Jas. Donaldson, Atwood; Ingersoll and Woodstock, Geo. Boothie, Ingersoll; Simcoe and Brantford, Robert Myrick, Springwater; Nottawasaga, London, and J. C. Hegler, Ingersoll; representatives to western fair, John Brodie, Mapleton, Frank Herna, London; representatives to Canadian National Exhibition, Robert Johnson, Woodstock, and Frank Herna, London.

J. A. Riddick, Ottawa spoke on "The war and some of its effects on the dairying industry." Mr. Riddick is an old Oxford boy, and he said he was prouder than ever on his return to the old district, which had developed into finest mixed farming district of the continent. He said the district had produced the largest number of pounds of milk per cow delivered at the factory than any other district. It also stood higher for production per acre than any other of the counties. Mr. Riddick stated that the production of home-made butter in the four western provinces, namely, Manitoba, Saskatchewan, Alberta and British Columbia, had increased from an aggregate of 13,205,835 pounds in 1900 to 21,949,072 pounds in 1910. He read three letters from Switzerland, Denmark and Italy showing that the war had not very materially affected dairying in these countries, while the figures for Germany showed a decrease of 707,851 cattle between 1907 and April, 1916, but an increase between April, 1916 and Sept. 1, 1916, of 415,781 head.

Grading problems were next discussed. John A. Scott said the quality of butter made in Ontario was not equal to that of the sister provinces. A change was needed in the grading office. The entire quantity was taken in short time. It is being delivered in quarter ton lots at the rate of \$7.00 per ton.

BUSINESS GOOD IN GALT. J. H. Hancock Heads Board of Trade for 1917.

Galt, Ont., Jan. 11.—At the annual meeting of the board of trade tonight reports presented showed the past year to have been the best for industrial expansion Galt has experienced in many years. The election of officers for 1917 resulted as follows: Honorary president, F. E. Scott; president, J. H. Hancock; vice-president, W. W. Wilkinson; treasurer, W. Phillip; secretary, H. J. Foster; council, G. Dobbie, J. S. Galt, G. Hancock, J. G. Turnbull, F. S. Jarvis, N. L. Moorhead, T. H. Watson and Mayor A. M. Edwards.

SERIOUSLY BURNED. Brantford, Ont., Jan. 11.—C. W. Trumper, superintendent of Dominion Steel and Labor Company, was seriously burned when fumes from oil tanks in the plant ignited from a lantern he was carrying to inspect a pipe from which steam was escaping. The resultant explosion was serious, but the steam pipes burst and automatically extinguished the fire.

DECLINES SUPPORT. Brantford, Jan. 11.—The Brantford Trades and Labor council has declined to support the Regina Trades Council in calling upon the Borden government to resign following the registration of national service, the delegates expressing the opinion that the action was untimely and that the war must be fought to an end.

GALT CAMPAIGN ENDS. On Jan. 12.—The Y.M.C.A. 14th campaign closed tonight, and while the objective of \$27,000 was not reached, collectors were well pleased when it is considered that people were agitating the annual call for the patriotic fund. The total collected in two days for the Y.M.C.A. is said tonight to be \$1100 off the objective.

SPLENDID REPORT OF CANADA LIFE

Prosperous Year's Business Set-Forth in Annual Report.

NEW BUSINESS GROWS

Amount of Insurance Sold in Twelve Months Shows Increase.

The 70th annual meeting of the Canada Life Assurance Co. was held yesterday. The report submitted by the directors shows the company's total business in force is \$169,964,808, an increase for the year of \$9,036,211. The total income during 1916 was \$8,337,423. Total payments to policyholders and their representatives were \$4,219,330, and war claims were well within the amount provided for. The company's total assets increased over \$2,000,000 to \$59,238,133. Policy reserves increased by \$2,001,794 to \$50,096,237. After providing for an addition to the government fund reserve, increase of \$1,000,000.00, and allotting \$489,970.80 to the net surplus to share during 1916, the net surplus amounts to \$6,048,877.72. The surplus earned in 1916 was \$1,210,559.76, which is eminently satisfactory.

The new policies paid for during 1916 amounted to \$1,037,142, exceeding the amount of the previous year's new business by \$4,822,370. The report closed with a fitting appreciation of the many members of the staff who have gone to the front and rendered a general who have made the supreme sacrifice.

EXCELLENT EXHIBITS AT WEST ELGIN FAIR

Dominion Government Wool Attracts Attention—Banquet at West Lorne.

St. Thomas, Jan. 11.—The Annual West Elgin Winter Fair, held at West Lorne, is being largely attended by farmers from all parts of the district. The exhibits of poultry and corn are excellent, and the judges concluded their work this afternoon. The Women's Institute also has a fine exhibit of bread and home cooking. One of the most important features of the winter fair is the Dominion Government exhibit of wool, and an instructive address was given on the care of sheep and sale of wool by P. M. Jennings of the live stock branch of agriculture, Ottawa, who explained that the government is willing to assist the farmers in preparing their clips for the market as the demand for wool was never more imperative than at the present time. The officers of the fair gave a banquet at the Argyle House, West Lorne, this evening, which was attended by the prominent farmers of the community.

Big Water and Sewage Scheme Submitted for Border Towns

Windsor, Jan. 11.—Plans for a comprehensive scheme linking up Windsor, Walkerville, Ford City, Ojibway and Sandwich West Townships, for water and sewage purposes, costing \$3,000,000, were outlined in a report given by Engineer Knowles at an organization meeting of the Essex Border Utilities Commission here. A central disposal plant for the six municipalities will cost \$1,000,000, a complete sewerage system, \$831,000 and a system of pumping water from Pelee Island \$1,000,000. The engineers' board of the six municipalities, under Engineer Knowles, have been working on the scheme for six months, and the respective border towns have sanctioned the expenditure on the scheme.

WELCOME NEW PASTOR. Hamilton, Jan. 12.—Members of the various churches throughout the city last night attended a reception to Rev. W. A. and Mrs. McIlroy, the former being the new pastor of St. Giles' Presbyterian Church. Rev. McIlroy was formerly pastor of Stewarttown Presbyterian Church, Ottawa. Rev. J. R. Water, president, and addresses were made by Rev. W. E. Gilroy, Rev. W. Tenecky, Rev. Neil Leckie, Rev. W. B. Tighe, Rev. Fitzpatrick, L. L. Smith, and the board of managers, and J. B. Turner on behalf of the session.

COAL FOR ST. CATHARINES. St. Catharines, Jan. 11.—The first municipally-ordered curfew of coal arrived this afternoon, precipitating a rush of citizens on the city clerk's office. The entire quantity was taken in short time. It is being delivered in quarter ton lots at the rate of \$7.00 per ton.

The Toronto World

FOUNDED 1850. A Morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited. H. J. Maclean, Managing Director.

FRIDAY MORNING, JAN. 12.

Let Him Who Never Gave Before, Give Now.

We are on the eve of the greatest charity campaign that has ever been conducted in Canada. There have been a series of efforts in Toronto to raise money for war charities, the enthusiasm and energy of which would have seemed could never be exceeded.

It is out of the multitude of people who have given nothing on previous occasions that it might be expected a substantial increase over all previous collections may be derived.

Diplomatic Vagueness.

United States ambassadors are having a dubious time of it just now. Mr. Gerard at Berlin, apparently without definite instructions or a clear idea of what President Wilson has in his mind, has been lecturing the Germans about changing their government.

The effort now being organized depends wholly on the generosity of the public. We have no doubt that those who have done nobly before will do nobly again. But we should like to see those who do not know the joy of giving, make an experiment this month towards understanding this joy in actual fact.

With Proper Support

It is surely obvious from the results in other regions than Rumania that the Germans have mustered all their forces there in order to achieve the successes of which they boast.

It is a frequent criticism by those who do not study the art of war, that the entente allies should undertake some spectacular drive such as the Germans have made in Rumania.

policy of attrition. The new advance in Palestine is also an indication by inference of the inability of the foe to prevent the encroachment upon his lines, which is gradually homing him in.

These things are all well-known to the German higher command. Between Brno and Brusar, they are trying to keep up a bold appearance, but the peace proposals indicate the growing anxiety of their situation.

Mr. Lloyd George is as cheerful as ever, not underestimating the powers of the enemy, not laying too much stress on our own prowess, conscious still of the truth of the warning given long ago, that if we do not put forth our utmost effort we cannot win.

In Canada our government seems strongly reluctant to put forth our utmost effort. And yet the prime minister of the empire assures us, with our utmost effort we cannot win.

NO MONEY—GOES TO JAIL

Not having the sum of \$200 and costs, imposed on him for having liquor in his house at No. 7 Toronto Andrew Keith went to jail for three months yesterday before Magistrate Brunton.

CONCLUDE CASE TODAY

Judge Denton will resume hearing this morning in the case of Peter Weitz, who is suing Sol Gogel for \$250 in the general sessions. Weitz alleges he advanced \$200 to Gogel to obtain a business partnership, but desired to withdraw when he heard certain reports about Gogel.

LITTLE TINO AGAIN PROMISES UNCLE JOHN TO BE REAL GOOD

THE SOLDIER'S PRAYER

O God of Battles, now that time has come Which in the pregnant months in camp has been The goal of everything, my hope, my fear, The peril of the thing as yet unseen.

That fear and wounds and death may pass me by, Is not the boon, O Lord, for which I pray, For having put the rim within my lips I do not ask to put the cup away.

But grant the heart that thou hast given me May in the hour of peril never fail, And that my will to serve and do my part May ever o'er my will to live prevail.

Thou knowest, Lord, my soul doth not fear death, Altho my body craves to live its span; Help me to grapple with my body's fear, And grant, O Lord, that I may play the Man.

The Somme, Oct. 1, 1916. Ernest G. Black.

CAN OFFER NO EXCUSE FOR ENDING WAR NOW

Nor Can People at Home Offer Excuse for Failing to Support Patriotic Fund.

Would you have the allies accept the German-made peace now offered? Would you have our men climb out of the trenches and leave their rifles in the hands of the enemy? Naturally you would not. But the boys who have borne the burdens on the firing line have borne far more excruciatingly than you have for quitting your contributions to the Patriotic Fund.

WILLS PROBATED

CANADA'S PIONEERS WERE LED BY GOD

Peter McArthur Tells Empire Club of Our Unwritten History.

DEMOCRACY CONFERS

Most Important Imperial Conference is That Attended by Soldiers.

Before a large audience at the Empire Club in the St. Charles Hotel yesterday, Peter McArthur vividly recalled, with the assistance of stories told in his inimitable style, the heroism of the pioneers who won Canada for the British Empire, after a long struggle with the wilderness, acre by acre.

After being introduced as the author of "The Red Cow" and "Pastures Green" and as a writer of prominence in England and Canada, Mr. McArthur told that the poetry quoted by President Perry in his introduction marked the first time he had been so introduced, but that was merely an additional embarrassment—one of several that had followed a delayed arrival.

Referring to his travels, he said they had been extensive, and he had been dead broke in all the great centres of Anglo-Saxon civilization. Consequently he had been able to study British civilization from the bottom up, which was quite the reverse of the usual manner, from the top down.

The present, he held, contained little time for joking, and there was nothing he could say that would increase the loyalty and patriotism, so he had thought of some aspects of the imperial question that will come later on. The great influence that was shaping public opinion of the day was not the press, the pulpit or the public platform. A large leadership force had sprung up in the letters from the boys at the front that were sent home frequently appeared in the little weekly papers.

Our History Not Yet Written. In studying the lives of the men of Canada, he was convinced that the history of Canada had not been written and might never be written. The foundations of Canada were laid by wise, poor men, whose names had been forgotten.

Canada was the work of the plain people and was the result of a movement as worthy of an epic as any theme that had been immortalized in verse. To the wilderness came the U. E. Loyalists, followed by the poor from England, Scotland, Ireland and Wales. In Europe there was no clearing of the land as in Canada. The people who added the country to the empire after fighting against the wilderness itself, were as truly as the men of the Old World, and were just as truly a God-led people as the Children of Israel.

After telling a story in illustration, the speaker said that men who left Canada could go out to any fight, proud of the history of the long struggle against the wilderness which had been their inheritance. Prof. Wrong, in moving a vote of thanks, which was seconded by Dr. McLaren, spoke highly of the unique historical value of Mr. McArthur's writings. Among those present were Bishop Sweeney, Bishop Reeves, Rev. D. D. Hall, Dr. L. E. Embree, J. D. Mills and W. C. Wilkinson.

AWARDED DAMAGES.

Mr. and Mrs. S. Lyon Get \$550 for Death of Their Son.

Mr. and Mrs. Samuel I. Lyon were awarded damages for \$550 in their suit for \$2000 against George Bean and his daughter Clara, for the death of their son, Leopold, who was run down by a motor car driven by Clara Bean, Sept. 22, by a jury under Justice Clute, in the assize court yesterday. It was claimed that the woman was driving recklessly when the accident occurred on High Park avenue. The defendants claimed the boy was careless.

PLAYS, PICTURES AND MUSIC

"VERY GOOD, EDDIE."

At the Alexandra Theatre next week the management announces the production of the new York company intitled "The Bartholomew-Bolton-Kern musical comedy sensation, "Very Good, Eddie," which comes direct from over a season's run in New York and with the same cast.

"DADDY LONG LEGS" AT THE GRAND.

"Daddy Long Legs," the big dramatic success of the two past seasons will be presented for the second time at the Grand Opera House beginning Monday evening next by Henry Miller's special company.

LOEW'S.

The headliner at Loew's next week will be the well-known legitimate star, Maud Leonie and Company, in her sketch "Inside Stuff" which is presented as a comedy drama built on new and novel lines and will prove a surprise for jaded theatregoers.

GAYETY.

An attraction that will make a mark for extravaganza comes to the Gayety Theatre next week. The show is billed as "Midnight Maidens," but it is a question if it will be the first days ever known such superlative measure of gayety and frivolity as comes with these merry-makers of 1916.

STAR.

Next week at the Star Theatre, beginning with a matinee Monday, the attraction will be "The Thoroughbreds," tempered with entrancing music.

AT THE GRAND.

The photodrama, "The Ninety and Nine," is headlining the bill for the latter half of this week at the Grand Theatre, is proving a great draw. This story of a despairing woman's redemption thru the love of a good woman is inspiring and affecting.

MARGUERITE CLARK IN "SNOW WHITE" AT THE REGENT.

Unquestionably one of the most charming photoplays ever presented is the picturization of "Snow White," in which dainty Marguerite Clark repeats over the screen the tremendous success she attained in the stage production of this delightful and lovable story, in which she appeared for two seasons at the Little Theatre under Winthrop Ames' management before making her photoplay debut.

MARGUERITE CLARK'S portrayal of "Snow White" will surely be conceded to be the most exquisite characterization she has yet contributed to the screen. The screen version of this tender, romantic story, like the original dramatic adaptation, is designed to appeal to young people of all ages, and there is not a man, woman or child anywhere who will not be the better mentally and spirit ally for this delightful picture. There will be a special matinee performance tomorrow at 11 o'clock for the children.

CHEERNIAVSKYS TONIGHT.

The concert to be given by the famous Russian artists, Leo, Jan and Michael Cherniavsky, in Massey Hall tonight, has aroused keen enthusiasm among the musical people of Toronto and there is every indication that they will be greeted with a packed house. Seats are selling quickly at Massey Hall box office. The Cherniavskys leave about the middle of March for Australia and New Zealand.

VENO'S THE WORLD'S BEST FOR COUGHS AND COLDS.

Veno's Lightning Cough Cure is the most popular remedy in the world for coughs and colds. People who once try it use it again; they tell their friends about Veno's, and these friends tell other friends. Why? Because there is real, concrete power in Veno's Lightning Cough Cure; because it is quick and sure in action; because it contains no dope and is suitable for young or old, from infancy to extreme age; because it cures as nothing ever cured before. Prices 25c and 50c, from druggists and stores throughout Canada.

APPEAL FOR CASH BY LLOYD GEORGE

Reginald McKenna, former chancellor of the exchequer, wound up the appeal made in his behalf by the loan and urged the favorable effect a huge subscription would have on neutrals.

Mr. McKenna said: "In paying our expenditures abroad, the chancellor of the exchequer needs the support of a heavy purse. It gives him the strength and credit which he is master of our gigantic revenue, and if our internal finances are running smoothly."

PLAYERS' FRATERNITY STRIKE AGAINST ORGANIZED BALL

President Fultz Issues Statement Declaring That the Magnates Must Agree to Requests.

New York, Jan. 11.—The Baseball Players' Fraternity, thru its president, David L. Fultz, today threw down the gauntlet to organized baseball and demanded that the magnates agree to the requests of the fraternity that would be no need of training camps this spring.

Fultz's statement is as follows: "For over two years we have, through petition, argument and appeals to public sentiment, been endeavoring to secure the National Association of Baseball League seats of fairness, and we have only been met with ordinary considerations which are not recognized to be the just position of the players. Things which the Commission has also granted us on behalf of the major leagues, and which have gone on being granted to the minors. In this we have failed miserably.

The board does not comprehend these methods and has, in addition, violated its agreement with us. It is now a case of organized ball vs. the players. We are now in a case of organized ball vs. the players. We are now in a case of organized ball vs. the players.

SPORTING NOTES

The stewards of the Grand Circuit will meet at Atlanta on Monday, January 22, to arrange dates for the campaign of 1917 on the big race track.

For the five-year-old English broodmares, the most intelligent animal of the genus equus that has ever been bred, it is not necessary to urge her when another horse comes to her.

John Gansel, manager of the Kansas City club of the American Association, is the Chicago National, in regard to obtaining three players.

Walker R. Cox says that Mabel Trank, 1000, is the most intelligent animal of the genus equus that has ever been bred.

John A. Bruce, secretary of the National Commission in New York, passed long enough from his routine business to attend to the matter of the Chicago National.

Walter Cox Proved The Leading Driver Of Fast Trotters

New York, Dec. 11.—Of the eighty-six trotters that entered the 210 last year, eight were driven to their records by Walter R. Cox, seven by Charles A. Valentine, six by Thomas W. Murphy, and five by Alonzo McDonald.

Valentine was the surprise of the season. Unlike Murphy, Cox and McDonald, he has never had any syndicate wealthy amateur to buy the best young horses in sight for him to campaign, but he has had to take what he could get from owners of moderate means.

Two of them, Earl Don (2.04 1/2) and Donna Clay (2.06 1/2), were sent to him by W. E. Mooney, a member of Congress from Ohio, who had a number of horses in sight for him to campaign, but he has had to take what he could get from owners of moderate means.

Walter Cox Proved The Leading Driver Of Fast Trotters

New York, Dec. 11.—Of the eighty-six trotters that entered the 210 last year, eight were driven to their records by Walter R. Cox, seven by Charles A. Valentine, six by Thomas W. Murphy, and five by Alonzo McDonald.

Valentine was the surprise of the season. Unlike Murphy, Cox and McDonald, he has never had any syndicate wealthy amateur to buy the best young horses in sight for him to campaign, but he has had to

Below, are a few other important accomplishments during the year.

THE CANADA LIFE IN 1916:

1. Increased the efficiency of its agency forces through careful education by mail and enrolled five hundred men in its new Sales Course of Instruction.
2. Enlarged and strengthened its organization, particularly in Canada, where more than 70% of the increase in policies issued was obtained.
3. Extended the sale of Monthly Income and Business Insurance, many applications for very large amounts having been received during the year.
4. Carried out the year's operations with an important decrease in the ratio of expenditure.
5. Placed large funds in the best classes of securities, including the Dominion War Loan.
6. Placed more additional insurance with existing policyholders than ever before.

POLICE MAY REGULATE THE CIVIC CAR TRAFFIC

Suggestion That Passengers at Terminals Be Required to Form Queues.

City Engineer Powell was offered a suggestion yesterday that the police be asked to regulate, during rush hours, the loading and unloading of passengers at the Broadview-Danforth and St. Clair-Avenue road junctions of the civic and Toronto Street Railway car lines. Mr. Powell had promised serious consideration. The plan would call for intending passengers to line-up in the same manner as at places of amusement, under the supervision of a constable. This plan, it is thought, would save about one minute during the rush hours.

Space would be left between the waiting passengers and the car line to permit of vehicular traffic. The exit doors will be clear for the quick evacuation on incoming cars by the regulation of those in waiting. This system was in use in Britain before the outbreak of the war.

Says Soldiers' Relatives Need No Outside Legal Assistance

Controller Cameron warmly protested yesterday against the growing system of relatives and dependents incurring unnecessary legal expense in obtaining city insurance and adjusting other money matters. The women of Toronto should know that no outside pressure or service was required to collect insurance on a citizen of Toronto who gave his life for his country. All they needed to do was to register their claim with the city solicitor's department. There was no need for payment of any sum to outside solicitors.

O'Neill Made Vice-Chairman Cameron Withdraws His Claim

After a heated speech, in which Controller Cameron scored the mayor for having repudiated a meeting called by himself to select vice-chairman for the board of control, the position was given Controller O'Neill. Controller Cameron declared that he had been legally appointed vice-chairman, and in future would conduct the city's business in the interests of harmony on the board. He withdrew his claim and nominated Controller O'Neill.

BEER IN AN OIL CAN.

Mark Isman sold five bottles of beer to a man named Brooks, who in turn delivered the wet stuff to William Goldsmith in a coal oil can. Goldsmith and Isman were fined the usual \$200 and costs and Brooks was discharged for turning King's evidence when they appeared in the police court yesterday.

CITY HALL NOTES

As there were important matters coming before the board of health this year Ald. Hiltz has decided not to resign.

Applications requested by munition plants to pace unroaded shells on the boulevards in different sections of the city have been granted.

The addition to the civic barns on St. Clair Avenue, which will provide for double accommodation, will be finished in about two months.

Commissioner Harris has recommended an asphalt pavement to be laid on Devonshire place, from Hoskins Avenue to Bloor, at a cost of \$14,235. He has reported against a proposal to extend Edgewood Avenue to Wrenson Road.

Deputy Fire Marshal Lewis will investigate the circumstances of the fire at the office of Messrs. Webster & Brynner, 115 East King Street, in which a stock of pearls is said to have been destroyed. The firm now claims \$8000 insurance.

"The health of Toronto is normal," declared Dr. Hastings yesterday, when asked about the effects of the cold wave. For those who were in good health it was great weather, but for

Mayor Church moved at the meeting of the board of control yesterday that the city treasurer be instructed not to place any bill in charge in future to collect from soldiers who are overseas or who are in arrears for taxes. It was decided to get a report from the finance commissioner for today's meeting of the board of control.

Permits have been issued for the erection of a frame stable at Stanley Barracks. Grant and Stevens will erect a two-storey building on Erindale Avenue at a cost of \$3800, and the Campbell Flour Mills will build a bridge between their mill and warehouse on Monarch road at a cost of \$850.

When asked if the city would waive its legal rights and pay Mrs. Lancaster \$1000 insurance on the life of her husband, who lived outside the city limits on Vaughan road, Controller Cameron declared that he did not think they could do anything. They "had to draw the line somewhere, however sympathetic they might feel. It was a hard case but could not be helped.

Commissioner Chisholm, reporting on the complaints that some retail dealers were charging exorbitant prices for coal, advised the board of control that this fuel is being disposed of by the dealers at 15 cents for a ten-pound bag, an equivalent of \$80 a ton, but while the price may appear extreme, it was difficult to prove intent to defraud. The mayor declared that a municipal yard was the only solution.

The board of control yesterday recommended to the city council that a grant of \$750 be made to the Royal Canadian Dragoons, \$500 to Lt.-Col. C. S. McKee of No. 2 detachment Corps of Guides, and \$500 to the Lieutenant-colonel of the Royal School of Artillery, Kingston. The mayor stated that the city in future should not be asked to make grants to infantry units. He had been assured by Hon. A. E. Kemp that the government would allow each unit \$5000 for recruiting purposes.

In the statement issued yesterday by the works commissioner, he advised against the proposal of ex-Ald. Sam McBride, that legislation be sought so that in financing local improvements, the cost of flankages and street intersections may be assessed against the property holders on the balance of the street instead of against the city as a whole. The area proposed by the proposal was assessed in his opinion, the corporation at large should be justly charged with the cost of intersection construction.

NEW BRITISH SHIP SUNK.

London, Jan. 11, 4.20 p.m.—The new British ship "H. M. S. G. 10" of 2400 tons net, has been sunk, according to an announcement made today by Lloyd's shipping agency.

IMPERIAL VETERAN DECORATED FOR VALOR

Major Harvey, Who Went From Toronto With the Eighty-Fourth, Awarded D.S.O.

For bravery and capability shown during a heavy bombardment, Major Valentine Vivian Harvey, a Toronto officer, has been awarded the D. S. O. He left Exhibition Camp last June as second in command of the 84th Toronto Battalion, and is now attached to the 84th British Columbians. The war office's official announcement states Major Harvey "showed great coolness and power of organization during the preparation, also in reorganizing and directing the consolidation under very heavy fire. He set a splendid example and materially assisted success in the operation."

Major Harvey is a 109th Regiment officer and was one of the first to join it when it merged into a militia regiment from the home guards. He is a soldier with imperial army training, before coming to Canada having served several years with the 78th Royal Argyll Highlanders, Second Battalion Black Watch, and also in India with the Black Watch. In Toronto, he was in the automobile industry, prior to enlisting.

NEED OF MONEY IS IMPERATIVE

Canadian Red Cross Annually Requires Million and a Half.

SPLENDID WORK DONE

Its Healing Influence Extends to All Countries at War.

"We have to cut our clothes according to the cloth—there is no limit to the amount of good we can do, except the amount of money that we can raise," says Mr. Kenneth J. Dunstan, a leading worker for the Canadian Red Cross Society and president of the Toronto branch.

When he enumerated the amount of good that is being done it became a remarkable total, considering the infrequency of the Canadian society's appeals to the public. Since the commencement of the war the Canadian society has sent supplies amounting to 100,000 cases, of an estimated value of \$6,000,000. More than that, donations worthy of Canadian generosity have been made to various hospitals and Red Cross societies in England and the countries of our allies. Somewhat about \$1,000,000 a year is required to keep Canada's good work going.

Canada is Able to Help. The gifts of the Canadian Red Cross include donations to the Red Cross of France, Montenegro, Serbia, Belgium and Russia. Said Mr. Dunstan: "Canada is prosperous, is not devastated or ruined. In other countries the sufferings are frightful, the needs of our supplies our help is beyond imagination. Out of Canada's plenty surely we can give a little to help."

One of the splendid gifts is the erection, at a cost of \$150,000, of a hospital at Vancouver, B. C., by the Government. Yet it is hardly a gift. It is but an expression of Canada's gratitude of which the French have done for Canadian wounded, and of admiration of the courage of the people who sustain the Canadian Red Cross has also given \$50,000 to the French society.

Other donations have been given to schools for the instruction of disabled soldiers, the St. John's Ambulance Brigade, the Scottish Women's Hospital in France and for a British ambulance unit for Italy.

Four Hospitals in England. Canada, thru her Red Cross, has established and equipped four big hospitals in England—the Princess Patricia, at Ramsgate; the Princess Patricia, at Granville; the King's Canadian Red Cross Hospital—George King, 270 beds. Moreover, she gives supplies to 113 hospitals in Britain; likewise to 700 hospitals in France.

At the recent holiday time Lady Drummond's parcel department of the Canadian Red Cross in England sent out 22,000 special packages, one to every wounded and sick Canadian scattered thru hundreds of hospitals in England. These supplies were sent from Canada, and handled by Canadian girls in London. Canadian boys are receiving parcels constantly from the Red Cross; the prisoners in Germany depend on the weekly packages to lessen their starvation. These packages for prisoners alone cost a quarter of a million yearly.

These are the outstanding facts about the work the Canadian Red Cross is doing. To the imagination must be left the millions of little acts some of which save the lives of soldiers that go on, day in and day out, and at a cost of but a few cents each.

DIAMOND RING IS LOST BUT IS FOUND AGAIN

Fell into Package Going Overseas and Was Found by Lieut. Webster.

Mrs. Robert H. Mitchell of 37 Sunmer Avenue, who last November lost a valuable diamond ring, an heirloom, while packing 200 boxes, with other women, for shipment to their soldier boys at the front, has just had it returned to her from France. The ring was discovered by Lieut. Howard Webster of 32d Battery, R. C. H. A., son of A. P. Webster, of the Toronto stock exchange, who gave Lieut. Webster found the ring when he opened his parcel while at his post in advance of the gun stations. An officer going to England was entrusted with it, and the latter mailed it to Mrs. Mitchell.

Riverdale Branch of Women's Patriotic League Holds Meeting

The annual meeting of the Riverdale branch of the Women's Patriotic League showed that \$5582.92 had been received during the past 14 months with disbursements, which included a contribution of \$1000 to the Princess Patricia Hospital, and a balance of \$1191.27 now on hand. Total number of articles made during the year was 100. The officers were returned to office and are as follows: President, Mrs. Ewart Wilson; vice-presidents, Mrs. J. A. Thin and Mrs. J. A. Pearson; treasurer, Miss Jean Harris; corresponding secretary, Mrs. W. Barker; recording secretary, Mrs. J. H. Arbutnot; convener supply committee, Mrs. J. McGlashan.

Unitarian Women Do Good Work for Many Sufferers

The Alliance of Unitarian Women report that among their patriotic activities \$125 has been given the Canadian Red Cross Society, \$50 to the British Red Cross, \$25 to the Duchess of Connaught Prisoners of War Fund and \$75 to the Veterans' Club. In addition, quantities of Red Cross articles and soldiers' comforts have been sent to the front. Many barrels of necessities were sent to the sufferers from the New Ontario fire, and 50 bars of fruit were sent to the military convalescent hospital.

CHEQUE FOR \$1,000.

Mrs. Jeffrey H. Burdard of Montreal has sent a cheque for \$1,000 "in memory" of Col. Jeff. H. Burdard, late commissioner of the Yukon Red Cross, to the headquarters of the society, the same to be used in the interests of the Duchess of Connaught Canadian Red Cross Endowment Fund.

MRS. STEPHEN HEWARD DIES AT EIGHTY-EIGHT

Had Been for a Great Many Years a Leader in Toronto Society.

Mrs. Catherine Crookshank Heward, widow of the late Stephen Heward, died early yesterday morning at her residence, 485 Huron Street, in her 88th year. She was the widow of the late Stephen Heward, and a daughter of the late Hon. George Crookshank, who came to Toronto about 1798, and resided at the north corner of Front and Peter streets from about 1818. The old homestead was removed some years ago. For some time past Mrs. Heward had been ailing, but was never seriously ill until a week ago.

Born in Wilton, Conn., U.S.A., the late Mrs. Heward came to Toronto when but a few months old, and was ever a meeting place for the city's leading citizens of fifty years ago.

The late Mrs. Heward was a member of the Imperial Order of the Daughters of the Empire. Four sons and one daughter survive. Lt.-Col. Stephen Heward, commanding No. 3 Siege Battery at the front; Capt. George Crookshank Heward, Toronto; Aubrey Douglas Heward, of Oakville; and Miss Mabel Augusta Heward, at home. Three grandchildren and one great-grandchild also survive.

At the weekly knitting party of the Helicon Club, Miss M. Ross gave an interesting account of her experiences in military camps and cantons. The recital was interspersed with many humorous anecdotes.

INTERESTING FACTS

Concerning the work of the Toronto and York County Patriotic Fund Association, showing how it has almost doubled in the past year.

THE Fund started with 900 families. At December 31st, 1915, they numbered 5,780.

The total number of families on the Fund at the end of 1916 was over 10,000.

The dependents a year ago numbered 15,000. They now number over 28,000, of whom 17,712 are young children.

The amount paid out for relief to families in the month of December, 1915, was \$87,158.98. In December last year it was \$148,070.64.

The salaries paid for the administration of this relief to December 31st, 1916, amounted to \$34,292.60. The number of employes of the Fund averages 30 to 36 a month, and the highest salary is \$100 a month. Several workers are included in the staff whose services are very valuable and are given without the least remuneration.

Other expenses of the Fund, since its inception, are:—Rent, \$2,595.36; printing and stationery, \$3,360.08; postage and telegrams, \$3,240.08; war tax stamps, \$5,555.89; office fixtures and supplies, \$3,992.19.

Against expenses the Fund has received \$16,000 from banks in interest.

The net expenses of the Fund are 1.6 per cent.

OF every \$10.00 given to the Fund the wives, mothers and children of soldiers receive \$9.84.

Compassionate allowances total \$24,558.94, and transportation—an allow-

ance to families who, during the first year and a half of the war, were assisted to England, now discontinued—totalled \$14,022.38.

The families receiving relief from the fund are composed as follows:

1	wife with	10	children
7	wives	8	"
39	"	7	"
159	"	6	"
366	"	5	"
781	"	4	"
1344	"	3	"
2300	"	2	"
2833	"	1	child

There are also on the Fund 469 mothers of soldiers, 1670 childless wives, 21 fathers, 12 guardians of soldiers' children, 18 sisters, two grandmothers and one mother-in-law.

The average relief to a family is \$15.75 a month.

THE Patriotic Fund acts as a lawyer, agent and guide for the woman bereft of her husband, and the wounded and returned soldier, in the securing of pensions, and in setting in operation of the other machinery necessary in their dealings with the civil and military authorities. The Fund receives thousands of visits, and writes thousands of letters monthly, on matters that do not relate to its fundamental purpose, the dispensing of monetary relief. This work is done gladly without charge.

The Fund, in its relations as an intermediary between the man who gives and the man who goes, acts on these principles and requisites:—

To the giver (1) honesty, (2) economy in administration, (3) a guarantee that those who require relief will receive that utmost patriotic fairness to which they are entitled.

To the soldiers' dependents (1) courtesy, (2) kindness, (3) fairness in dollars and cents distribution.

It is estimated that over two million dollars will be expended on relief in the City of Toronto and the County of York during 1917.

At this meeting the shareholders will be asked to increase the capital from \$1,000,000 to \$1,500,000.

and authorize the sale of 200,000 shares of the new treasury stock at one dollar a share.

This new issue of stock will be offered to present shareholders in the ratio of one share of new stock to five of the old.

An offer to underwrite the whole of the 50,000 shares of increased capital at one dollar a share has been made to the company.

but this has not been considered, as it is not thought that the company will need more than \$200,000 to place the mine on a producing basis.

The underwriters have further agreed to take 200,000 shares of the new treasury stock at one dollar a share.

It is not likely, however, that the present shareholders will be satisfied to have outsiders share in the distribution which the company intends making, and any unsubscribed amounts will be sold to small and only due to shareholders not having their holdings properly registered in their own names.

NIPISSING PRODUCTION IN DECEMBER

During the month of December the Nipissing Mines Company reported an estimated value of \$2,888,800 and shipped a total of 1,000 tons of ore.

No new important developments were encountered during the month, but current work of all kinds generally continued to be favorable.

ONLY A TRADING MARKET.

Heron & Co. had the following at the close: Montreal, Jan. 11.—The New York market dominated the local list.

The steel stocks were the most active and in the early trading they were quite weak, but there was some improvement later and closing prices were the best of the day.

The best that can be expected for some time is a trading market, and we expect to see prices move within a narrow range.

BANK OF ENGLAND.

London, Jan. 11.—The weekly statement of the Bank of England shows the following changes: Total reserve increased £1,039,000.

The volume of business was high and the prospect is for a further curtailment in operations. The sterling market was dull and the gold market was quiet.

LOCAL BANK CLEARINGS.

Clearings of Toronto banks for the week ending today, compared with the corresponding week last year, are as follows:

1916. Total. \$63,347,095. 1917. Total. \$60,815,883. Per cent. 96.02.

THE GOLD MOVEMENT.

New York, Jan. 11.—Gold amounting to \$4,400,000 has been received at the sub-treasury here from Canada to the account of J. P. Morgan & Co.

MINE STOCKS QUIET PRICES HOLD STEADY

Kenabek Back in the Limelight, Advancing Two Points—McIntyre Firm.

Yesterday was an off day in the mining stock market at the Standard Exchange. Trading was comparatively light and fluctuations in the stocks were narrow, giving the market a professional favor.

There was no news except the declaration of the regular quarterly dividend by Kerr Lake, which influenced the market one way or the other.

Despite the fact, however, that no great amount of interest was displayed in the preceding stocks, they were generally firm and practically unchanged from quotations of the previous day.

The dull market in New York was not calculated to exert any special influence in the local mines, proving no incentive to either buyers or sellers. The attention of brokers was pretty evenly divided between the gold and the silver stocks, with the former group having the best of it.

Little to Feature. There were no outstanding features in trading. McIntyre, the quietest stock for some days, remained firm at 198 to 199, Jupiter was strong at 31 1/2 to 32 1/2, and McIntyre Extension held at 62 1/2.

Its top price at 61 to 61 1/2. These figures constitute a high record in the history of the stock, the former high being 57, established last year.

Boston Creek was again in good demand, selling through at 114 to 115, closing at the latter figure bid, new-buy held right at the top at 146. Hovinger Consolidated was slightly easier in the bid price at 42 1/2.

Domestic Extension was steady at 20 to 20 1/2, displaying more strength yesterday, advancing from 18 to 18 1/2. Dome Lake, on the other hand, was liquidated and advanced to 12 1/2.

Imperial in Request. An active enquiry for Porcupine Imperial sprung up and several thousand shares changed hands with an advance in the price from 4 1/2 to 5. Porcupine Crown held steady at 77 to 78, and Visona, after opening at 60, went back to 60.

West Dome closed strong at 31 1/2. The Silver Stocks. In the Cobalt issues Kenabek was a leader of strength and activity, advancing on heavy buying from 32 to 34.

This issue had a remarkable turn shortly after its introduction to the local list, followed by as rapid a reaction. It seems now to be on the rise again, but the advance is more orderly than that of the other stocks.

McIntyre was held at 18 3/4 to 19, on light trading, while more attention was paid to Gifford, the stock selling up to 5 and closing at 4 1/2 bid. Timiskaming retained its gain of the following day, selling at 62 to 62 1/2. Peter Lake went back to 10 1/2, but closed firmer at 11 1/2.

TO ISSUE TREASURY STOCK OF LAKE SHORE CO.

Promising Kirkland-Lake Property Coming to the Front. An issue of 20,000 shares of the treasury stock of the Lake Shore Mining Co. is being made by J. T. Eastwood & Co., local mining brokers, at the price of fifty cents per share.

The authorized capital of the company is \$2,000,000, of which \$1,375,000 has been paid up. The stock has been listed on the Standard Stock Exchange for a short time.

The property consists of four claims with an area of 160 acres and is located in the gold belt at Kirkland Lake, adjoining the Teck-Hughes claim. It has been sunk to the 300-foot level, at which depth approximately 800 feet of lateral work has been done during the past year.

Some valuable showing in the gold has been made. The assays averaging \$13 per ton. It is estimated that \$300,000 in ore has been put in sight above the 300-foot level. The work of the last year. The company has spent over \$80,000 in development work. Up-to-date buildings and plant have been erected and arrangements completed for the construction of a mill.

KERR LAKE QUARTERLY DIVIDEND DECLARED

December Production Shows Decrease From Preceding Months. Kerr Lake directors have declared the regular quarterly dividend of 25 cents per share payable on March 15 to shareholders of record March 1st.

During 1916 the company produced and shipped 1,000,000 lbs. of silver, valued at \$6,720,000. The payment will involve \$150,000.

On December 31 the company produced 1,000,000 ounces of silver, compared with 215,840 ounces in November, 210,073 ounces in September, and 200,000 ounces for the year is 2,523,808 ounces. Record for the year is 2,523,808 ounces. Record for the year is 2,523,808 ounces.

Winnipeg Grain Market. Winnipeg, Jan. 11.—Wheat closed 3 1/2 up for May and July. Oats were 1/2 higher in May and 1/4 higher in July. Barley was up 1/2. Flax gained 1/2.

The market was close and strong near the high points of the day. The opening period saw wheat weaken considerably. The cash market was good and for some time the market looked bid for the holders. Sentiment swung strongly to the bull side, recovering the loss of yesterday. It was a nervous market all morning with the central starting point, firm and extending. When the advance started, it would scarcely be bought. The trade was mostly in the hands of the speculators. The strong interests picked up a fair amount late in the day.

The cash market was good for the higher grades. Lower grades were unsteady. Oats were moderately steady. Barley and flax were dull.

Gold and Silver Stocks

THE MARKETS FOR THE PRECIOUS METAL SHARES HAVE DEMONSTRATED CONCLUSIVELY THAT THEY ARE UN-AFFECTED BY PEACE RUMORS.

IF PEACE HAS ANY EFFECT ON THE GOLD AND SILVER SITUATION IT WILL ONLY BE TO INCREASE THE DEMAND FOR THESE METALS.

BUY THE SHARES OF THE PORCUPINE AND COBALT COMPANIES; THEIR PROSPECTS ARE ASSURED!

Double Security

A glance at the main features of our Guaranteed Trust Investment plan shows how complete is the protection of moneys placed in our care under its provisions.

First. The plan possesses ample protection, because behind it stands the National Trust Company, Limited, with its paid-up capital and reserve of \$3,000,000. The funds entrusted to the Company's care for investment on Guaranteed Trust Account, are trust funds, and are kept separate from its other accounts. The Company gives its unconditional guarantee to repay principal with interest as agreed.

Second. Guaranteed Trust Investments are safe, because moneys in the care of the Company on this plan are placed in first mortgages on improved realty in Canada. The precautions taken in inspection and selection of security form in themselves a guarantee of safety. They are most complete and are set forth in our booklet, "Guaranteed Trust Investments." We are glad to mail this booklet to anyone interested.
