WARREN W. PRICE HAS PASSED AWAY

Oldest Station Master on I. C. R. Died This Morning AT PETITCODIAC His Death Hastened by a Blow on the Head With a Lamp Thrown by Rowdies—Late J. E. Price Was a Son.

MONCTON, N. B., Oct. 10 (Special).—A familiar figure on the intercolonial railway passed away this morning in the death of Warren W. Price, the oldest station master on the I. C. R., which occurred at Petitcodiac.

Mr. Price had been ill for some months and was known to be in a serious condition, but had rallied several times, and his death came rather unexpectedly about three o'clock this morning.

The deceased was one of the oldest employees in the I. C. R. service, having been on the road ever since it was opened, and had hundreds of friends who will learn of his death with sincere regret.

New men in Canada have been engaged in active railway work longer than the deceased. He has been station master at Petitcodiac for something like forty-five years, and was consequently well known not only to employees of the road, but to the travelling public. He started in the railway service when the line between St. John and Petitcodiac was known as the European and North American Railway.

The deceased was born in the town of James S. Price, of Petitcodiac, and was born January 27, 1830. He entered the employ of the Intercolonial and North American railway July 1st, 1860.

In 1862 he was appointed postmaster by the Steamship government, and held that position combined with that of I. C. R. station master up to two years ago.

Mr. Price's death was hastened by a blow on the head as the result of a lamp being thrown at him a short time ago by some rascals about midnight. Station

was served by Mrs. Price and a large family. Two of his sons, C. W. Price, train dispatcher of this city, and S. P. Price, locomotive engineer, Campbellton, are well known employees of the I. C. R.

Other sons are Dr. O. B. Price, dentist, of Moncton, and Horton Price, of Sydney. The daughters are Mrs. Fred Seeley, of Moncton; Mrs. J. Daley, of Sussex; Mrs. Lawrence, of Petitcodiac; Mrs. H. H. Bay, of Campbellton, and Mrs. Hanson, of Baddeck. The late J. E. Price was a son of the deceased. He is also survived by two brothers, one, Moses Price, of Petitcodiac, the other Nelson, residing in Boston.

THE NEW FERRY Not Known Yet When the Ludlow Will be Put On the Route.

It is not yet known when the new ferry steamer, Ludlow, will be put on the route. At present men are engaged in making the necessary alterations ordered by the ferry board, such as changing the door in the boiler, building an ash bunker, installing larger pumps, etc. Nothing has been decided on as yet regarding the crew. It was proposed at a recent meeting that, as an extra order would be needed on the new boat, an arrangement might be made for the mate to do the work of one of the deckhands and allow one of them to act as officer.

Ald. Frink, the chairman, said this morning that nothing definite had been decided yet, but if it was at all possible some scheme would be arranged to that additional expense for a crew would be saved.

CROWD IN OMAHA

OMAHA, Neb., Oct. 10.—Pat Crowe, alleged kidnapper of Eddie O'Leary, arrived last evening from Butte, Mont., in custody of Captain of Detectives Dunn and Detective Heifeld, of Omaha. An immense crowd greeted Crowe with cheers at the Union station. The prisoner was rushed to the jail in a patrol wagon.

TREATED LIKE CHINAMAN BY CUSTOMS OFFICIALS

Professor Zincke, a German Scientist, Who Came to Visit Friends in U. S., Was Forced to Pay a \$2 Head Tax.

CHICAGO, Ill., Oct. 10.—Theodore Zincke, professor of chemistry in the University of Marburg, Germany, who passed through Chicago yesterday on his way to New York, declared that, although he had travelled all over Europe, Asia and Africa, he never before received such discourteous treatment as was given him when he entered the United States. He asserted that on his way to Seattle last week he was "treated like a Chinaman," and forced to pay a fee of \$2 before he was allowed to cross the boundary line.

Prof. Zincke was a classmate of Ira Hansen, one of the authorities on immigration in the United States. His visa to

THE CURE FOR CONSUMPTION

Wealthy American Will Give \$50,000 to Prof. Behring if He Will Deliver the Goods.

NEW YORK, Oct. 10.—The Herald today says: Prof. Behring's announcement to the International tuberculosis congress in Paris of a cure for consumption has aroused widespread interest in America. One of New York's wealthiest and best known citizens, whose name is withheld for the present, has authorized the Herald to announce that he will contribute \$50,000 to a fund to present to Prof. Behring if he will at once announce to the world his treatment and not withhold it for a year.

The only qualification to this offer is that the treatment must first be pronounced successful by a competent committee of physicians of which the donor's doctor, one of the widest of practitioners in America, is to be a member.

PARLIAMENTARY INVESTIGATION

Affairs of Canadian Life Insurance Companies to Be Thoroughly Looked Into.

OTTAWA, Oct. 9.—A parliamentary investigation into the methods of Canadian life insurance companies and American life insurance companies operating in Canada is one of the certainties for the coming session. The shocking revelations before the New York state legislative committee have done a great injury to the life insurance business on much to many agents in this and other cities report an almost absolute stagnation in the business. It is known that several of the Canadian companies are heavily over-extended, and to the extent holders of policies carrying profits are the sufferers.

CANADA PROTESTS

Claim That Australia's New Customs Order Spells Unfair Discrimination.

OTTAWA, Ont., Oct. 10 (Special).—Canada has sent a protest to the Imperial government against Australia's customs order which adds inland freight in Canada for duty purposes and which practically means a discrimination against Canadian goods and Canada. The Australia's S. line's protest was through Lord Strathcona.

DESERT THEIR WIVES

In a New York police court, recently, more than sixty women appeared in plain of having been desertedly deserted by their husbands and left them and their children, without means of support. In Detroit, seventy-four deserted wives, with two hundred and fifty-two children, have been discovered, to the amazement of the authorities, when the situation has been reported. In Montreal wife-desertion is not uncommon, as the police reports show, and there are many cases which do not find publicity. Several suggestions have been made as to the best means of dealing with husbands who desert their wives and leave their children to starve. It is admitted that improving them does little to mitigate the evil, though in some cases, with hard labor is the only way of dealing with heartless and hardened brutality. Another way of dealing with the evil is to bring the deserters back and place them under bonds to support their wives and families. It would be well if some plan could be devised to place wife and children deserters in confinement at work, their earnings being devoted to the support of their families.

VESSELS SAILING FROM NEW YORK WHOSE ONE BISHOP OF GRAIN CARGO

New York Grain and Flour Exporters Face a Serious Situation—Grain Held Up at Buffalo by Car Shortage and Steamers Sail Without It—Relief Promised but Must Come Soon.

NEW YORK, Oct. 10.—The Journal of Commerce says: "Grain and flour exporters of New York just are undergoing one of the most severe experiences in their trade's history. They have bought largely in the west, contracted for delivery on the coast and have engaged berth room on outgoing steamships, yet, on account of the car shortage or blockade at Buffalo, vessels are sailing without cargo and large losses are being suffered.

Traffic officials of the railroads constituting the trunk line association at a meeting yesterday with the grain committee of the Produce Exchange made definite promises to at once relieve the grain freight blockade. The shipping companies are being urged to accept the export business at Buffalo, which it was officially stated last evening that

the grain men made out such a strong case for relief that the committee had difficulty in getting the main line railroads to call the attention of their respective boards to the situation. The committee is now in session at Buffalo, and it is expected that relief will come soon.

The situation has been particularly injurious to the export of flour, which is being held up at Buffalo. The flour men are being urged to accept the export business at Buffalo, which it was officially stated last evening that

ARE UNITED BAPTISTS NOW

Delegates From Baptist and Free Baptist Bodies Complete Organization of United Body—Rev. Dr. McLeod Is the Moderator.

In the Waterloo street Free Baptist church, this morning, the work of organizing for the union of the Baptist and Free Baptist denominations was taken up. The church was packed to the doors, Baptists and Free Baptists being present from nearly all the churches in the city, and many from provincial points.

Rev. Dr. McLeod, of Fredericton, was in the chair, and Rev. W. E. McIntyre was secretary pro-tem.

The meeting was opened by the singing of a hymn, which was followed by a short address by Dr. McLeod, who stated that the gathering was one of much importance, the conference, which has been in session for the past three days, decided in favor of the union, and this morning's meeting was held for the organization of the union.

The first business taken up was the enrollment of members of the four bodies—

the southern, eastern and western districts of Baptists and the members of the Free Baptist conference.

The committee in charge of the enrollment was: Rev. D. Long, J. H. Macdonald, Judge F. W. Emmerson, and Colonel D. McLeod Vincent. This work occupied the greater part of the morning.

The election resulted as follows: Rev. Dr. McLeod, moderator; Rev. W. E. McIntyre, secretary; and E. W. Slipp, treasurer.

An each officer's name was read out, hearty applause followed.

After prayer and the singing of a hymn, the meeting adjourned until two o'clock

this afternoon, when unfinished business will be taken up.

A meeting will also be held in Main street Baptist church this evening.

Among the Baptist ministers present were: Rev. A. B. Colton, Dr. Gates and Rev. Christopher Burnett.

Rev. Thos. Marshall of Carmarthen street Methodist church was also present. There were sixty Baptists present, and all the Free Baptist clergymen who have been attending the conference.

Twenty-four delegates from the other provinces were invited to seats at this morning's meeting.

The resolution passed this morning, in regard to the union, was that the uniting four bodies, annual, eastern, western and southern districts of Baptists, and the Free Baptists conference, be called the Association of United Baptists of New Brunswick.

SENSATION IN FREDERICTON

Body of Female Infant Found on Dump Pile Behind City Hall.

FREDERICTON, N. B., Oct. 10 (Special).—A body of a female infant, who, apparently, died shortly after birth, was found on the shore dump pile back of city hall, this morning. Overer McEwan was summoned and empenned a lady, who viewed the remains and advised that the child was the daughter of a man who had been thrown in town. The child was found in a small, up to now only 125 feet, had been thrown in town. The child dates here are Com. A. G. Bailey, Const. Joseph Fower, Wm. Balmain and James Drysdale. It is expected that Const. Bailey will head the poll. There are contests in all but four parishes, which elected the following councillors by acclamation: Aberdeen, David Lammont, Esq.; St. John, Wm. Balmain and James Drysdale. The young lady has a fair chance for recovery.

THE ANGELS ARE ALL MEN

(Boston Transcript). Did you know the Bible doesn't say anything about angels bearing the name of the women? A sculptor who was commissioned to model thirty or forty angels for the Belmont Memorial Chapel in New York, has just discovered that the angels and for his ignorance will have to change the faces of those angels whom he pictured as "ladies" to conform to the scriptures.

These visitors made the discovery that the angels were not ladies, and the chapel's building committee did the work by instructing the sculptor to make them more manly, to look fit to bear the names Gabriel, Michael and Azrael. If it is only in secular writings, it seems, that women are alluded to as angels; writers of fiction and painters only have assumed that a woman could be an angel. It is all a very saddening bit of enlightenment, and may lead more than one woman to ask, "what's the use?"

ELECTIONS IN CARLETON COUNTY

County Councillors Are Being Chosen Today—Little Interest Shown and Vote Is Small.

WOODSTOCK, N.B., Oct. 10.—(Special).—Elections for county councillors for Carleton county are being held today. The weather is fine, but as no important matters are before the people, the vote being cast is small. Up to noon only 125 votes had been thrown in town. The candidates here are Com. A. G. Bailey, Const. Joseph Fower, Wm. Balmain and James Drysdale. It is expected that Const. Bailey will head the poll. There are contests in all but four parishes, which elected the following councillors by acclamation: Aberdeen, David Lammont, Esq.; St. John, Wm. Balmain and James Drysdale. The young lady has a fair chance for recovery.

THERE WAS A LIMIT

An Irishman one day went into the shop of a barber to get shaved. After being properly seated and the barber about applied, the barber was called to an adjoining room, where he was detained for some time. The barber had in the shop as a pet a monkey, which was continually imitating its master. As soon as the latter left the room the monkey grabbed the brush and proceeded to finish laboring the Irishman's face. After doing this he took a razor from its case and stropped it and then turned to the Irishman to shave him.

"Shave that," said Pat. "We can tuck the razor in me neck and put the soap on me face, but, begorra, yer father's got to shave me!"

CONDITION IS CRITICAL

Rev. Canon Roberts Reported Much Worse This Afternoon—His Sons Sent For.

FREDERICTON, N.B., Oct. 10.—(Special).—Rev. Canon Roberts' condition is reported to be much worse this afternoon. His sons, Prof. C. G. D. Roberts and William Roberts of New York, have been sent for.

SIMONDS AND LOCH LOMOND

Annual Fair and Cattle Show Being Held There Today.

The annual fair and cattle show of the Simonds and Loch Lomond Agricultural Society opened today in the Agricultural Hall at Loch Lomond. Despite the dark weather there was a very good attendance of the farmers from the surrounding country, and a large number went out from the city. The show this year compares very favorably with those of other years and the judging in some cases was a matter of very close competition. The usual supply of marmoset vegetables, prize stock and home-made products were shown in large variety. The judges who drove out this morning were as follows:—Homes—R. T. Worden, Dr. G. O. Baxter, Dr. T. Fred Johnston. Cattle—Thos. Dean, William Mullin and R. D. McLean. Produce—J. Case, W. A. Porter and R. P. Patchell. Domestic work—A. Megarity, James Collins and J. Vaughan, Jr.

The new ferry steamer Ludlow will be put on the route before Christmas. It may be necessary to postpone Christmas day this year, but the aldermen are determined to have the new boat in commission before their goose is cooked.

MONTREAL, Oct. 10.—(Special).—Dan Galley has requested Ald. McGoldrick of St. John to come up and stump the town for him when he runs for mayor. Dan says he will be glad to reciprocate.

A photograph will be taken of the famous "Dreadnaught" Broke culvert, which is to drain the Dry Lake when Supt. Murdoch decides to dry it up. The culvert will soon be under many feet of earth, and the city council wants the photograph to hang in City Hall. There must be something to show for the thousands of dollars the culvert cost.

RUNAWAY CAR TAKES A LIFE

Cyrus O. Rockwood Killed in Toronto This Morning by Trolley That Jumped Curve.

TORONTO, Oct. 10.—(Special).—Cyrus O. Rockwood, a Telegram stereotyper, was killed by a runaway street car at the corner of Queen and McCall streets this morning. Rockwood was getting on his wheel at the curb at the south side of Queen street opposite McCall, reading a newspaper, when a Bloor and McCall car coming south jumped the curve. Rockwood had no chance to save himself. The heavy trolley ran across Queen street, knocked him from his wheel and pinned him against the curb. He was killed almost instantly and his body slumped upright under the front of the car that over fifteen minutes passed before he could be extricated.

BRUTE STRENGTH, LITTLE SCIENCE

How Sir Charles Kirkpatrick's English "Pilgrims" Size Up American Football.

NEW YORK, Oct. 10.—Sir Charles Kirkpatrick and his team of amateur American football players arrived here last night. The Britishers, who are traveling under the name of Pilgrims, arrived at Montreal on Sept. 2. Since that time several college football games and even, losing two and drawing one, their mission is to demonstrate to the American public the advantages of association football with very little science.

The members of the team have witnessed several college football games and emphatically declare that the game is not for the faint hearted, but a test of brute strength with very little science.

They will begin practice for the match with All-New York on Saturday, Oct. 21. Invitations will be sent to several of the presidents and members of the faculties of six eastern colleges to witness the game.

LATE LOCALS

The annual meeting of the Associated Charities will take place in the Church of England Institute on October 12th.

Owing to the absence of Judge Landry, there was no session of the circuit court this morning.

The city is practically free of infectious disease and at present only three cases are known to the Board of Health. Two of the cases are diphtheria and the other scarlet fever.

Very Rev. Dean Partridge and Bishop Kingston arrived in the city this morning from Fredericton, to attend the quarterly meeting of the boards and committees of the Diocesan Synod, which is being held this afternoon.

Engineer Harbour is expected in the city tomorrow, and will meet the water and sewerage board on Thursday, when Loch Lomond extension matters will be discussed. The communication from Mr. Arthur and MacVay, in reply to Engineer Harbour's recent report, will be made.

Tenders for the building of the new wharf and piling at Rodney slip, west St. John, close today, and a meeting of the committee of the council is called for tomorrow morning at 11 o'clock to consider them. It is understood there are two more men to be appointed. D. C. Clark, Mr. Mayer has two tenders, one for the completion of the work by Feb. 1st and one for Aug. 1st. Mr. Clark's tender is for completion by Aug. 1st.

FUNERALS The body of Harold Barber will be taken to Peterboro (Ont.) on the six o'clock train tonight.

THE BYE ELECTIONS A cabinet meeting will be held this afternoon, when the question of holding the bye-elections will be discussed. The eastern one can be pulled off any time, but new jets will be required for the North-west.

JAPANESE WILL WARMLY WELCOME BRITISH TARS

British Squadron, Under Vice-Admiral Sir Gerard Noel, Left Kobe This Morning For Yokohama—Expected That They Will Arrive Tomorrow.

TOKIO, Oct. 10, 6 p. m.—The British squadron, commanded by Vice-Admiral Sir Gerard Noel, left Kobe early this morning for Yokohama. The vessels steamed out in single line formation, headed by six torpedo boat destroyers. There was a display of day fireworks as the squadron passed Wada Point. A number of Japanese warships also left Kobe for Yokohama at about the same time. The long line of warships made a grand sight. Vice-Admiral Noel will return to Kobe after visiting officers at Tokyo and later will visit Osaka with a portion of his squadron. The newspapers tomorrow will editorially extend a welcome to the British warships. The chairman of the municipal council of Tokyo and several other officials go to Yokohama to meet Admiral Noel.

New York Has Mystery in Drowning of Mrs. Duerr

BRIDE OF 18 YEARS

She Was Rowing in Harlem River With Charles Hahn When She Fell Out of Boat and Drowned—Parents Suspect Foul Play.

NEW YORK, Oct. 10.—Police today dragged the Harlem River for the body of Mrs. Kathleen Duerr, who was drowned last night under circumstances so suspicious as to cause the arrest of her husband and his friend, Charles Hahn.

Raymond Messner and his wife, parents of the drowned woman, declared to Coroner O'Connell that they believed that she has been a victim of foul play. The police hope the body of the young woman will give them some clue as to whether the suspicions of the parents are warranted.

Mrs. Duerr was only 18 years of age and had been married less than a year to Otto Duerr, a clerk in a jewelry store. Hahn was a boarder with the Duerrs and a fellow clerk with her husband. With the consent of the husband Hahn and Mrs. Duerr spent yesterday at Fort George, an outing place near the Harlem River, and at sunset were rowing on the river. Hahn said later that a swell from a passing tug frightened Mrs. Duerr and that she fell from her seat and fell overboard. In trying to save her, he said, he lost an ear and with the other was unable to reach her before she was drowned. Hahn was turned over to the police by persons in a launch, who found him adrift in the river.

Duerr told the police he thought his wife's death was an accident, and that Hahn was not to blame, but Mr. and Mrs. Messner stated that Duerr had quarreled with his wife and said that her husband had threatened to kill her. Duerr was then arrested pending investigation.

THEY SLEPT IN BOX CARS

Strike Breakers, Boycotted by Hotels and Boarding Houses, Could Get Neither Food or Lodging.

CHICAGO, Oct. 10.—A weary, hungry lot of non-union switchmen slept last night in box cars on a siding of the Grand Trunk freight yards at Elston. They did not take the lodgings from choice but because the residents of Elston out of sympathy for the strikers, had driven every non-union man from shelter in the suburbs. Every hotel, lodging quarters, boarding house and private residence in Elston refused to take them.

Even the saloons refused admittance to the disconsolate strikers. Yarns were spun and the 48 non-union men went empty handed to bed. The railroad officials said that arrangements would be made to house the men in barracks.

BOLD BAD BANDITS

REDDING, Conn., Oct. 10.—A bandit held up the Redding-Deerfield stage, which carried money to pay off the employees of the Bully Hill mine, yesterday. D. N. Haskell, the express messenger, was shot, but he may recover.

When the driver whipped up the horses two more men appeared and there was a running fight for 200 yards, the stage escaping.

ARE GRATEFUL TO WITTE

ST. PETERSBURG, Oct. 10.—Further imperial thanks are given by Count Witte in a receipt issued today and high tribute is paid to the services he rendered in the conclusion of peace with Japan.

The Montreal Star of yesterday says that cheese quotations are about 11 3/8 for Quebec, 12 for Townships and 58 to 78 for Ontario, and that quotations on butter are still 22 1/4 to 22 for fancy Townships creamery, 22 1/2 to 34 for commonest, and 22 to 12 for good to fine.

SCHOOLS IN GERMANY Strict Medical Inspection—How Poor Children Are Cared for—Example to the World.

Last April two delegates were sent from England to investigate the conditions of life and labor in other countries. Their special mission was to inquire into the physical and industrial life of brassworkers. While in Berlin the delegates visited a school in the parish of Riger Strasse. The Schoolmaster (London) prints the following interesting extract from their report:

ing milk of an approved quality. If children desire to work at any employment in the afternoon they must get permission from the police. In this school from fifteen to twenty boys are so occupied, mostly on errands; and from ten to fifteen little girls as minders of children. No child vendor of newspapers are seen in the streets. No young girls are permitted by the authorities to stand in the gutters selling flowers. Schoolboy smoking is not allowed. The boy would have his cigarette knocked out of his mouth if seen by a workman in the street, and the workman would be thanked by the parents for so doing.

COMMENT ON BANK MERGER

What a Montreal Man Says of the Bank of New Brunswick. (H. M. P. Edwards in Boston Transcript.) It is doubtful if the arrangement with the Bank of New Brunswick for the merger at the beginning of next year has actually concluded, but apparently it is well under way. There is a possibility that stockholders of the Bank of New Brunswick will oppose the deal, as a matter of fact, the publication of the news has evoked dissatisfaction and hostility from a section of the press in that part of the country. The measure is opposed chiefly for two reasons—because owners of the New Brunswick bank's stock think they should get a better price than the Montreal bank offers; and, because the people down there are becoming alarmed at the rapid rate at which their local banks are being gobbled up by the big institutions of Ontario and Quebec. In the first objection American readers will not have much interest. But the second is substantially the same as that commonly used in the United States against the introduction of the branch bank system. Some of the people of Halifax east of St. John, N. B., are saying: "Our local industries and our local borrowers will not receive the same consideration from the branch of a bank controlled in Montreal or Toronto as they now receive from our own institutions, owned and controlled by our own home folks. Already three of our local banks have been taken over by these big outside firms. A fourth is now in danger of the same fate. Let us protest, at once, and oppose this measure vigorously, or we shall have some left that we can call our own." The reason given for the last two absorptions was that being small concerns they did not feel that they were strong enough to hold their ground in the future against the competition of the big banks, whose branches met them at nearly every point; and the men in charge deemed it wise to sell out while general conditions were sound and prosperous. This line of argument seems hardly to apply to the case of the Bank of New Brunswick. It is an excellent little bank with an enviable record as to management, profits and dividends. A twelve per cent dividend has been paid without interruption for quite a number of years. The bank is solidly entrenched at St. John, the head office, where nearly all its business is done; directors are the chief business men of the city and it does not appear that it is in competition of the big fellows. It has no them, and met them successfully, in St. John for many years. In each and every case it is relatively as strong as any in the Dominion. If the merger comes off it will not be because the Bank of New Brunswick was driven into it. The Bank of Montreal will have to pay a stiff price before it gets the solid little blue-rose concern. The deal, if consummated, will be interesting because it will mark the disappearance of the strongest and best of the American type of bank in Canada. The Bank of New Brunswick has, to be sure, some five or a half-dozen branches, but for all that it is practically a local St. John bank—the branch expansion having taken place in the last two or three years only. Of the remaining local banks none has much importance. The general idea is that all are doomed to be swallowed up by big banks in a comparatively short space of time. When this happens financial affairs in the localities where they work will undoubtedly be placed on a solid basis. It will likely be found, too, that the borrowing inhabitants of those localities will receive every bit as favorable a hearing from the branches of the outside bank as they now receive from their local institution. And the branches can and will hold at the disposal of the locality a much larger supply of capital than the existing office banks can scrape together. A hearing accident occurred at Shediac Cape Saturday afternoon and but for timely assistance the affair might have been more serious. Joe Bruce, of the Bank of Nova Scotia at Montreal, who is spending his vacation at his father's summer home at Shediac Cape, was out alone for a sail in Shediac harbor and on his return the boat capsized. Fortunately for Bruce, Hal Weldon was on the spot and heard his call for assistance and to the rescue, arriving in the nick of time through the city yesterday on his way to Boston, New York and Baltimore.

MONCTON NEEDS A LARGER JAIL
At Present There is Not Accommodation for All the County's Guests--Bore Park Temporarily Abandoned.

MONCTON, Oct. 9.—From present indications the county authorities will soon have to take steps to enlarge the county jail. Not for many years has there been so many prisoners in the county institution as at the present time. For the past three months Jailer Bore has found difficulty at times in finding accommodation for all those being detained at the expense of the county. Sheriff McQueen says there are more prisoners in the jail now than there has been during the term of office, some half a dozen years. The number now in detainer is about nineteen or twenty, and the jail is anxiously awaiting the first court session to clear out a few and make room for those behind.

There seems to be a hitch in the "Bore Park" scheme. It was thought that the question of a park where visitors could sit down and have a favorable view of the "Bore" was as good as settled, but such it appears is not the case. The city council agreed to pay a certain sum towards the purchase of the site and the private subscriptions towards the project made up the balance of the amount required. It appears, however, there was some apprehension as to the land and privileges to be acquired.

It was supposed that the offer of land for the park included the river front, which, of course, was quite necessary if the park was to fulfill the objects for which it was intended. The purchase of the land, however, wanted an additional thousand dollars for the water front, and as there was no provision for the extra amount the project has had to be abandoned for the present.

The Brotherhood of Railway Workers organized a lodge here last week. The officers elected are as follows: Allan Jarvis, president; Zool LeBlanc, vice-president; Nelson McDougall, recording secretary; Frank Connolly, financial secretary; A. W. DeLaney, treasurer; and committee, Nelson McDougall (chairman), Zool LeBlanc and John Mulholland.

WILL EXPLOIT MEXICAN WOODS
Chimlapa Land Company to Build Large Mill in Montreal.

(Montreal Witness.)
At a meeting of the directors of the Chimlapa Land Company, held at the Windsor Hotel, there were present Geo. W. Fowler, M. P., Susex, N. B.; president of the company, James Robinson, Montreal; Wm. A. Marsh and John Ritchie, Quebec; F. H. Hale, Exeter, B. C.; James T. White, New York; Judge McCrimmon, Whiteby; A. W. Wright, and J. A. McIntosh, of Toronto.

It was decided to build in Montreal a large modern saw and mill, equipped with the latest improved machinery for the manufacture of lumber from the company's property in Mexico.

The company is to be operated by the well-known local firm of Shearer, Brown & Wylie, Ltd., who have acquired a large interest in the company, and have undertaken to introduce the company's valuable woods to the Canadian trade.

The company are now negotiating for the machinery for a large mill, to be built on their property in Mexico, for the purpose of squaring the timber that comes to this port, also to manufacture the lumber to be shipped to the United States and European ports. The new Canadian line of steamers operated by the Elders, Smith & Co., which has been subsidized by the Canadian and Mexican governments, between Montreal and Mexico, will give the company the advantage of low freight rates and greatly facilitate their operations.

SUSSEX
Sussex, Oct. 9.—Peter McManus, a young man of twenty-five years of age, met with a very painful and most unfortunate accident about 9 o'clock this morning. He was driving with his neighbor, Harry De Forest, near Waterford, when a shot gun which was in the wagon between the two men discharged, striking McManus in the right arm between the elbow and the shoulder. The muscle and flesh were almost blown off and the bone terribly shattered.

Mr. De Forest's hat was blown off. McManus was driven to his home at Waterford and Dr. Pearson and Murray, of Sussex, were called having done a splendid business, more than any two previous years.

Geo. Sullivan left this morning for a short visit to Chipman.

Mr. and Mrs. J. M. McIntyre went to Moncton this morning having done a splendid business, more than any two previous years.

Piles 14 Years
Terrible Case Cured Painlessly With Only One Treatment of Pyramid Pile Cure.

Free Package in Plain Wrapper Mailed to Everyone Who Writes.

"I have been a terrible sufferer of piles for fourteen (14) years and during all this time you can imagine how many kinds of medicine I tried. I found no relief whatever. I felt there must be something that could cure me without having to undergo an operation which might kill me.

"Now, after trying but one treatment of your 'Pyramid Pile Cure,' I am free of all sufferings of this dreadful disease to this medicine—the Pyramid Pile Cure. It will cure when all other fail. Sincerely yours, George Bransie, Schellburg, Pa."

Anyone suffering from the terrible torture, burning and itching of piles, will get instant relief from the treatment we send out free, at our own expense, in plain sealed packages, to everyone sending name and address.

Surgical operation for piles is a cruel, unnecessary and rarely a permanent success. Here you can get a treatment that is quick, easy to apply and inexpensive, and free from the publicity and humiliation you suffer by doctor's examination.

Pyramid Pile cure is made in the form of 'loose to use' suppositories. The coming of a cure is felt the moment you begin to use it, and your suffering ends.

After your name and address once to Pyramid Drug Co., 218 Pyramid Building, Marshall, Mich., and get, by return mail, the treatment we will send you free, in plain, sealed wrapper.

After seeing for yourself what it can do, you can get a regular, full-size package of Pyramid Pile Cure from any druggist at 50 cents each, or on receipt of price, we will mail you same ourselves if he should not have it.

CHATHAM
CHATHAM, N. B., Oct. 9.—Rev. Mr. Ross, of St. John, superintendent of Home Missions for the Presbyterian church, was in town Friday.

R. H. Crooks, manager of the Bank of Montreal, has returned from a hunting trip down river with a fine moose he shot.

The first business meeting of the season of the Miramichi Natural History Association will be held Tuesday evening.

The following delegates have been appointed to attend the annual Sunday school convention which convenes at Moncton on the 17th inst: Miss Laura Morrison and Miss Ella Gray, from St. John's church; S. McLean and Miss L. McCreedy, from St. Luke's; and Mrs. William Anderson and Mrs. James Anderson from St. David's church, Burnt Church.

Archibald Forrest met with a serious accident in the pulp mill on Friday. He was on a scaffolding repairing the inside of a digester, when he fainted, and fell twenty-five feet, striking his head. It is feared the accident will prove fatal.

Rev. W. W. Rainey, of Newcastle, spent Thursday in town.

CIRCUIT COURT
Mr. Justice McLeod yesterday afternoon delivered judgment in the case of the Cumberland Railway and Coal Company vs. the St. John Pilotage Commissioners, finding for the Coal Company to the amount of \$8,192.50. His Honor found that if the company is liable to pay pilotage fees there is owing the commissioners from May 4, 1904, until the date of the commencement of the Coal Company's action against them, \$75,452.28, thus making the total amount claimed by them, and the postage was stayed.

Judge McLeod also gave judgment in the case of Black vs. Brown yesterday afternoon. The point at issue was to ascertain where the boundary line which divides the properties of the respective parties interested was situated. The plaintiff alleged that the defendant encroached upon his property, and that a certain line, traced by one Mosher in 1870, was the correct boundary line. In this the judge concurred, and accordingly a verdict was entered for the plaintiff for \$75 and costs.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Outcure. Halls Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Halls Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
