Germans Realize They Cannot Win

A Pretty Definite Statement Of Situation

Allies Can Get Through

This Realized in Berlin—Plan to Smash Roumania and Then Run Amuck in Submarine Campaign in Hope to Force Good Peace Terms

London, Oct. 26.—(New York Times cable)—The correspondent of the Daily Chronicle at Stockholm sends the following under yesterday's date:—The facts with regard to the official German attitude on the present position of the war, together with an outline of the course to be pursued have been told to me by a distinguished neutral who is a resident in Berlin and who for a few days has been visiting in Sweden. My informant speaks with the knowledge that he is not a casual foreigner in Berlin, but one whose business brings him in touch with public life and public men, and who has special facilities for knowing the minds of political leaders. I present his narrative as nearly as I can in his own words:— "I left Berlin about a week ago. It may be taken as quite definite that the authorities realize the war is lost. Two months stand out quite clear to Germany's powers. The first is that while Germany still retains the power to manufacture munitions at a large and formidable rate, the output of the allies is now in advance of the German output and the significance of this is realized. The second point is even more important. It is recognized that the reserves of man power are not sufficient to allow Germany to continue the war to a victorious issue. "The offensive on the Somme is a blunder. They believe they can improve the hold, hold them back for a long time, but they realize they cannot hold them indefinitely. It is privately acknowledged that sooner or later the allies must break through. "More than this, the Germans have calculated the limit of time they have effectively withstood attacks on the western front at twelve months. They know, however, the allies may get through before. "With these facts in mind, they have framed their future course of action. They are seeking for a peace which will not brand them as defeated, and to get it they will make considerable sacrifices. The whole of their new plans will be co-ordinated toward that. "Whatever may be their fears of the future, they have still at their command vast fighting forces of various kinds. "They are going to use them to bring about this peace which they want so badly. "First of all, they have made up their mind to smash Roumania completely. Then they are going to throw their attention to the winds with reference to submarines. They are going to use German vessels to annoy and hurt Great Britain as much as possible; they will be quite careless of the feelings of neutrals. The visit of Ambassador Gerard to America is undoubtedly connected with this coming submarine campaign. "The general idea is not to conquer, but by annoyance, losses and perils, to increase the desire for peace among some sections of the population already. The more haste the more ready will she propose into Germany must have peace by a year from this. The latter is not stated in so many words, but that is what the position comes to."

DEFENCE OPENED IN MERRILL CASE

Dorchester, N. B., Oct. 26.—At the morning's session of the trial of Capt. John E. Merrill, charged with the murder of John F. Rogers, of Moncton, Chief Riddout testified that he thought Merrill was drunk on the day of the shooting. Merrill told him he did not remember the tragedy. H. B. Jefferson, who was present when the statement was made, testified. E. R. MacDonald, in opening of the defence, said it would be shown that the accused was mentally deranged. George E. Buckle, a Halifax passenger on the train from Halifax to Amherst on October 17, told of statements made by the accused, some of which he considered intelligent. Merrill was restless, he had two drinks on the train. I. C. P. Morris of St. John, produced papers showing that J. E. Merrill enlisted in St. C. G. A., Partridge Island, September 17, 1914, giving New York address. Howard Ryan of Halifax, a petty officer on the Niobe, said Merrill, after returning from the front had melancholy spells. Mrs. Ryan, sister of Merrill's wife, said Merrill while at Halifax pointed revolver at her temple twice. He was not drunk. Mrs. Pauline Nelson, another sister, said the accused furnished a revolver on three occasions. She saw no evidence of liquor.

BATTALION EXPECTED IN SUSSEX THIS AFTERNOON

Sussex, N. B., Oct. 26.—The 118th Battalion from Vernon, B. C., is expected to arrive here this afternoon between five and six o'clock, and will occupy the tents vacated last night by the 182nd Battalion. The strength of the battalion is about 1,000, officers and men.

SUSPECTED OF THEFT OF \$280 FROM A FELLOW LODGER

In the police court this morning, two prisoners were charged with drunkenness. They were fined \$8 or two months in jail. Sydney Parker, for being one of a disorderly crowd, was fined a like sum. John Sarchen was arrested last night by Detectives Barrett and Briggs on suspicion of theft of \$280 from a fellow lodger in the house of Louis Feder in Bond Street. It is said that a man named Fauger had been sleeping in the house, and when he awoke in the morning the money was gone and also the Sarchen. The case was set over until an interpreter can be secured.

UNNECESSARY

The West St. John fire department were called out last night to extinguish a bonfire in Rodney street. It is thought that some boys sent in the alarm and then ran away.

SOME GAINS IN EAST

French Victorious in Macedonia—Roumanians Check Superior Enemy Force—They Capture Position on Transylvanian Front

Paris, Oct. 26.—German artillery shells captured by the French in the region of Vaux and Douaumont last night, but the enemy undertook no infantry attacks.

Petrograd, Oct. 26.—Russian troops in the wooded Carpathians are successfully withstanding Teutonic assaults. An attack on the height northwest of Capul Mountain was repulsed.

In the East

London, Oct. 26.—Attacks on the Constantinople-Soluniki Railroad by British naval aeroplanes have inflicted considerable damage, the admiralty announced today. One machine failed to return.

Paris, Oct. 26.—French cavalry on the Macedonian front, supported by infantry, occupied two villages southwest of Lake Doiran yesterday. The Serbians threw back German and Bulgarian forces in the region of the Cerna River. The villages occupied by the French are Golubra and Laistia. The French also took the bridges at Zvezda. Laistia is on the boundary between Greece and Albania. Golubra and Zvezda are in Albania.

Petrograd, Oct. 26.—On the Transylvanian front, Roumanian troops arrested the passing of superior Austro-German forces.

Bucharest, Oct. 26.—The Roumanians have captured Mount Kerechava, on the Transylvanian front, south of Bica. In the Otuz Valley fighting continues between the Roumanians.

Petrograd, Oct. 26.—Russian capture of the town of Bilar, in Persia, northwest of Hamadan, is announced today by the war office.

ELEVEN, MAYBE MORE, DIE IN HOSPITAL FIRE IN FARNHAM

Institution of The Grey Nuns Is Destroyed

Death List May Be Increased As Buildings Were Still Afire This Morning and Not All People Accounted For

Farnham, Que., Oct. 26.—Six adults and five children at least lost their lives in a fire which destroyed St. Elizabeth's Hospital last night. This morning the ruins were still blazing and it was impossible to approach near them to make a search for missing patients, variously estimated at from fifteen to twenty-five. The hospital is managed by the Grey Nuns and comprised two buildings, one devoted to accommodating sick and another a school for children. About 800 people were in the two buildings when the fire broke out.

Serious Fire in Aylmer

London, Ont., Oct. 26.—Fanned by a forty mile gale, fire, which broke out early today, swept away \$50,000 worth of buildings in Talbot street west, in the heart of the business district at Aylmer.

The blaze started in Howse's big implement warehouse, and spread to both a dry goods store and a blacksmith shop. Central Gas Co. Loeman Parker's paint shop, and partially burning the plant of the East Elgin Refractory. Help was asked from St. Thomas and the motor apparatus responded. A fire bug is suspected, as there have been four serious fires lately. The loss is fairly well covered by insurance.

SOLDIER TO GET VACANT POST IN FERRY DEPT.

Assurance Given Delegation By The Common Council

MAY BE OTHER VACANCIES

Probably the first member of the draft of the 118th Battalion that crossed over from England to reinforce another battalion in France, recorded to have his name appear on the casualty list, is Pte. James Harold Pitt, son of Mr. and Mrs. James H. Pitt, 51 Duke street, West St. John. A despatch received this morning from Ottawa said that Pte. Pitt was officially reported admitted to No. 2 general hospital, Havre, France, October 4, gunshot wound in hand and face, accidental.

Pte. Pitt left St. John in last February and went across from England in the old and prior to enlistment was in the employ of the 118th Battalion to France. He is only nineteen years of age. The fact that his casualty was accidental would indicate that the draft had not yet been in action.

Veteran Wounded Again

Mrs. Emily Whitehouse, of 14 1/2 Harding street, received a telegram from Ottawa this morning notifying her that her husband, Acting-Serg. Major John H. Whitehouse, had been admitted to No. 4 hospital on Sept. 23, suffering from shell concussion.

Sergt-Major Whitehouse left St. John with a well-known New Brunswick battalion. He was an electrician and was employed in the Atlantic Sugar Refinery prior to donning khaki.

He is a native of England, and was a member of the Imperial force for seven years before coming to Canada. He is also a veteran of the South African war, and was wounded while in action with the Boers.

Pte. Geo. B. Cushing.

right hand by shrapnel and had been admitted to a field ambulance was the word received by his mother this morning. Private Cushing went overseas with a local battalion and has been through the thick of all the heavy fighting on the western front. Some time ago he was struck in the eye by a piece of shrapnel and after recovery was offered promotion, but his answer was "I came as a private and want to see it through with them." He is twenty-three years old and prior to enlistment was in the employ of the C. P. R. on the road.

GROWS SERIOUS

Situation Between Germany and Norway Over Submarine Activities

London, Oct. 26.—(New York Times cable)—The situation between Germany and Norway as the result of the numerous sinkings recently following the declaration of policy as to submarine warfare by the German government, has become very serious.

The Times this morning says: "It is reported that the Norwegian mail steamer, which left Bergen yesterday for Newcastle, was stopped by a German submarine. This is the first time the Germans have taken such action in the case of these steamers and in the existing circumstances the incident is regarded as one of some gravity."

SHACKLETON OFF TO ANTARCTICA TO AID OF HIS COMPANIONS

Panama, Oct. 26.—Sir Ernest Shackleton, who has arrived here from Lima, will leave on Sunday for New Orleans on his way to San Francisco. From that city he will start for Australia to send a relief party to rescue the ten members of the Shackleton party who were left behind in the Antarctic continent.

FUND INCREASES

The fund at the mayor's office for the British Red Cross Society shows some growth in the contributions now are as follows: Previously acknowledged \$282.74; Trinity Church (including \$10 from Lady Robert Chapter, I. O. E. E.), \$179.10; International Harvester Company (part of \$8,500 distributed throughout Canada) \$100, total \$561.84.

BARONET VISITS LOCAL POLICE COURT

Sir Thomas Gratian Bismond, who visited St. John thirty years ago, was a visitor to the local police court today and occupied a seat on the bench beside Hon. R. J. Ritchie during a session of the court. Magistrate Ritchie is an old friend of Sir Thomas and the latter visited him when here before. He was introduced to the officers of the court, barristers and the attendants.

BRIDGE MEETS SAME FATE AS PREDECESSOR

Sault Ste. Marie, Ont., Oct. 26.—(Toronto Globe)—During yesterday's big coal unloading bridge at New Ontario dock, valued at \$50,000, was blown over and reduced to a heap of scrap iron. This bridge was built about four years ago, after a similar fate had befallen the first bridge erected there.

FROM DRIVER NASH

Driver Thomas Nash, writing to his wife from France, refers to the death of Private James McElhinny, who was recently reported as killed in action and also to the fact that John McElhinny was in England at that time. Driver Nash said that he was expecting a few days in England himself in the near future. He asked that he be kindly remembered to all his friends in St. John.

Winter Will Not See Let-up to Driving Operations—British Excellently Equipped for All Demands of Cold Season

British Headquarters on the Somme, Oct. 26.—Whatever may be the developments of the next few weeks, one thing impressed me in the four days' visit which I have made to the British front is the complete readiness of the colossal British war machine in France to meet the rigors of a third winter there. The Germans argue that attacks in the west, thus giving the Germans opportunity to "dig in" for the winter, but this is the furthest thing from the mind of anyone in the British army who has no idea of settling down now. The slogan of this army is: "Hammer the Germans and hammer them incessantly."

Bad weather may hinder certain operations, but the shell heaps in France indicate no decrease in the standing. There is an ominous steadiness about it at other parts of the line than the Somme sector even now. In the zone adjacent to the fighting line, especially in the Seming sector, it looks as if the British army had no idea of settling down now; they have got Germany going and the British soldier is absolutely convinced that the magnificent organization back of the British army will see the workings of the main arteries behind this fighting force can realize fully how Tommy Atkins is equipped, best fed, best cared for soldier in this, the biggest of all wars.

There is a freedom of movement around Verdun, permitting them to prepare for a further advance when the opportunity ripe, at the same time dealing a strengthening blow when the Germans thought the French striking force was entirely assembled in the Somme region. The victory also leaves Fort Vaux, now in German hands, perilously open to attack.

Such a brilliant success in so short a time was not expected even by the most optimistic when the order of the offensive was given at 11.30 o'clock this morning. For two days the artillery preparation by the French batteries had been of the most extreme severity.

BAN JOHNSON IN ULTIMATUM

Shuts Off Players From Increasing Their Income After Season is Over

Chicago, Oct. 26.—Major league baseball players will not only be barred from engaging in exhibition baseball games, but are forbidden to increase their income after the regular season is over, by indoor baseball, basketball or football. This is the answer of President E. B. Johnson, of the American League, to the protests of David L. Pulka, President of the Ball Players' Fraternity, against the players' contract covering the points mentioned was exhibited by President Johnson, and he said that it had been approved by Mr. Pulka. It forbids participation in any exhibition games, indoor baseball, basketball or football, unless the written consent of the club has first been given.

NEW C. P. R. AGREEMENT PROBABLY ON NOV. 1

Winnipeg, Oct. 26.—November 1 is the date when the new schedule will be put into effect on the C. P. R. If the wishes of the men prevail. Representatives of the men will wait on Grant Hall, vice-president and general manager this morning to obtain his signature to the agreement.

Resigned by Villa

Mexico City, Mex., Oct. 26.—The war office announced today that government troops had been dispatched from Santa Isabel to reinforce the garrison at Santa Isabel and to surround a Villa's force which is attacking it. Santa Isabel is an advanced outpost and the garrison there has been attacked by a superior force of Villa's men but is holding its own, pending the arrival of reinforcements.

Is it Fair? BELGIUM entered this war because she would not sell her honor to an overwhelmingly powerful neighbor. Britain and Canada took up arms in defense of treaty obligations and simple justice. The Belgian motive is as noble and unselfish as our own. Belgian troops are holding the line side by side with our own gallant boys, bearing equal dangers—bearing equal hardships—straining the common enemy. But there the equality ends. We non-combatant Canadians are living in a land of plenty—well-fed, lacking no necessity, and indulging in many luxuries. The difficulty between the town of Sackville and the Eastern Electric and Development Company over the matter of lighting the streets of that town from midnight to dawn occupied the attention of the public utilities commission which met here yesterday. The board had previously passed on the matter in a general manner but, yesterday, an order was made settling the difficulty. The board delivered judgment and an order was made fixing a rate of \$8.18 per lamp for a service similar to that now performed including lamp renewal from midnight until dawn also that the schedule of rates, filed by the Eastern Electric and Development Company, be awarded accordingly. There were present at the meeting G. O. Gibson, City chairman; F. Michaud, A. B. Connell and Fred P. Robinson, secretary. Aside from the matter of the Sackville street lighting but routine business was transacted. Samuel and William Gordon, twin brothers of Fryeburg, Me., passed their 82nd birthday last week. The twins are very active for men of their age and have a brother four years older than themselves who is a practicing physician in Fryeburg.

CALL ON U-53 STIRS WASHINGTON SOCIETY

Washington, Oct. 25.—The social neutrality of which Washington has boasted ever since the beginning of the war, and which has made it possible for such conspicuous neutrals as the Secretary of State and Mrs. Lansing, and other members of the cabinet and their wives, the Spanish ambassador and Mme. Kiano, the Chinese minister and Mme. Keo, and many other diplomats to go about in the fashionable companies of each season without embarrassment, is tottering, and all because of one youthful person, who earlier in the season promised to be the belle of the debutante class.

Shooting Battle At Squatter's Hut

Sheriff of Queens County, N. Y., and Squatter Killed and Three Policemen Wounded; Siege of An Hour

New York, Oct. 25.—Sheriff Paul Stier of Queens county, was shot and instantly killed and three policemen were wounded when the sheriff attempted to execute a warrant issued for Frank Taff, who for eighteen years has lived as a squatter on the old John D. Locke farm at Whiteston Landing, Long Island. The squatter, known by many persons in the community to have always been eccentric, was finally killed on top of his shanty, where for an hour and twenty minutes he had kept at bay a posse including nearly forty policemen and deputies.

Here is a list of the dead and injured: Sheriff Paul, sheriff of Queens county, shot in the left lung and instantly killed; Taff, Frank, shot in the head and instantly killed; Fitzgerald, James, police sergeant, Flushing, shot in left leg; Durkin, John, patrolman, shot in the neck, left hip and back; Kerrigan, John, patrolman, shot in the left leg and back.

Taff was armed with a repeating shotgun and two 22-calibre rifles. His ammunition consisted of 150 shells for use in the shotgun and more than 250 rounds for the small calibre rifles. Thus supplied, he held his stronghold on the roof of his hut against the two score policemen who had only their revolvers, which they found ineffective against the surer aim of the insane squatter.

After killing the sheriff and wounding one of the policemen who first entered the house with the sheriff, Taff took a defensive stand. The police tried to induce him to surrender. He refused, and they at last were forced to shoot. He returned shot for shot, until the police

THE TONIC THAT BRINGS HEALTH

"Fruit-a-lives" Builds Up The Whole System

Those who take "Fruit-a-lives" for the first time, are often astonished at the way it builds them up and makes them feel better all over. They may be taking "Fruit-a-lives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Kidney or Bladder Trouble, Rheumatism or Pain in the back. And they find when "Fruit-a-lives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous fruits, made into a delicious juice.

Had the difficulty of fighting the squatter with revolvers. Sergeant James Fitzgerald, who several years ago ended his enlistment in the United States cavalry in the rank of sergeant, and recently won a sharpshooter's medal at the military training camp for members of the police force, at Fort Wadsworth, Staten Island, got a Springfield service rifle from the top of the house destroyed. He was shot dead on the roof of his shanty.

MORNING NEWS OVER THE WIRES

The C. P. R. strike, declared off yesterday afternoon, was settled following a conference of representatives of the trainmen and the road. The settlement means a complete victory for the men. They will now receive an increase in wages of two cents per man an hour. The local men were ready to go out when word came.

Hon. Frank Cochrane, accompanied by F. G. Galt, arrived in Montreal last night after a trip of inspection over the C. G. R., which includes St. John. As a result of the inspection the C. G. R. will handle one-fourth more of the war business.

R. A. Fringle, K. C., formerly a member for Stormont and now one of the best known lawyers in Ottawa, has declined the vacancy in the high court bench of Ontario.

Legislation which the government proposes to take to deal with the rapid increase in the cost of living was outlined yesterday. Each municipality will have full power in its own constituency to hold investigations into any advance in foodstuffs. It is thought that the fear of publicity will prevent any illegal advance in prices. Any information along these lines the government will readily investigate.

The New Elevator

Efforts are being made to arrange for the completion of the new half million dollar grain elevator for the C. G. R. at Reed's Point by spring time. The first step will be the construction of a spur track to the work. The contractors, Engineers & Contractors, Ltd., are bringing a large amount of equipment from Montreal, where they have just completed a big bridge across the river. The work will be in charge of E. H. Reid of Annapolis, a member of the firm. The plans call for an excavation fifteen feet deep, 108 feet long and 66 1/2 broad. The building is to be 200 feet high, the first eighty-five feet of concrete and the rest of structural steel. The contracts for the superstructure have not been awarded yet.

A WONDERFUL INVENTION

The Messrs. Amland Bros. have now on exhibition in their warehouses, Waterloo street, a library table by day and which, with three turns of the wrist, can be made into a bed by night. It will completely disguise a bedroom, permitting the entertainment of friends without embarrassment and will provide your son with the advantage of a den. These table beds are selling in large quantities throughout Canada and the United States and will no doubt sell quickly in the lower provinces. This firm invites everyone to their establishment to see this wonderful invention. See advt.

To prevent a drawing string from coming out of garments sew to each end of the tape a small brass ring. The ring should be button-holed over with thread the color of the tape.

OF WINTER HATS IN MILLINERY DEPARTMENT

A SELECT SHOWING OF Trimmed Hats FOR WINTER WEARING

The very newest ideas in Shapes and Trimmings, featuring white and the three other popular colors, cherry, King's blue and oyster.

The rage for skating and other outdoor amusements, where appropriate costumes specially designed are worn, has made these smart styles popular. Mostly close fitting, in lively colors, these pretty hats are very suitable for winter wear. Those in white are especially becoming, and almost any of the brighter colored shapes would live up an otherwise sombre costume.

132nd Leaves Camp Sussex

First Step on Long Journey: 171st Quebec Battalion Takes Their Place; News of the Soldiers

It is understood in military circles that the 171st French Canadian battalion of Quebec will arrive in Sussex today. The 132nd Battalion which has been quartered in Sussex left last night for Halifax where they will continue their training.

province of New Brunswick. Any men secured in the province during the week will join the party from Halifax, proceeding to Ottawa.

Information was received in the city yesterday of the personnel of the next dental draft from military district No. 6. The St. John men included are: Captain Frank E. Smith, Capt. J. C. Doore, Sergeants W. H. Ross and G. Lowine and Privates B. M. Grace, J. H. Bryson and C. Snider.

Four N. B. Men Killed. Four New Brunswick men appear in the midnight casualty list. Killed in action—R. Cressman, Moncton; G. Peterson, Millerton; J. B. Cronin, St. John (previously reported); died of wounds—M. Betts, Doaktown.

Six Recruits. Six recruits were secured in the city yesterday afternoon for overseas service: James Knowles, St. John, 180th Battalion; John C. Briggs, St. John, 289th Construction; George E. Bissett, St. John, Composite Battery; J. E. McIntyre, St. John, 286th Killies; Arthur Ferris, St. John, 286th Killies and Thomas Davidson, St. John, 286th Killies.

PTE. SILAS J. LONG, of Bloomfield Station, Kings county (N. B.), who was killed in action recently.

arrived the Killies pipe band lined up in front of the station and on the arrival of Brigadier-General H. H. McLean and his guests, the party, preceded by the band, marched to the officers' quarters.

A reception was given to Captain Gordon Johnston, late of the 26th Battalion last night by members of Union Lodge, Knights of Pythias, in their rooms last night. Several brief addresses of welcome were delivered.

Mr. and Mrs. John McCann, of 56 Mill street, received a letter yesterday.

GIRLS! WOMEN! TAKE CASCARETS IF CONSTIPATED

They Live Your Liver and Bowels And Clear Your Complexion

Don't Stay Headachy, Bilious With Breath Bad and Stomach Sour

Get a 10-cent box now. Tonight sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing ever experienced. Cascarets will live your liver and clean your thirty feet of bowels without griping.

from Pte. Charles Cullen, written from the war hospital in North Ealing, Leicester, England, on October 12 stating that he had been wounded and believed that he would be unable to go back to the front again on his recovery.

News was received yesterday by James Lewis that his grandson, Sergt. W. Lewis Gifford, of the 26th battalion, who was reported seriously ill, a few days ago had been struck off the "serious" list and is now reported "ill" Sergt. Gifford was one of the 26th men who went through the recent heavy fighting on the Somme front, participating in the capture of Courcellette.

Severe Headaches and Pains in the Back

Resulted From Deranged Kidneys and Constipation of the Bowels.

It is in vain to try to regulate and restore the healthful action of the kidneys until the liver and bowels are set right. And just here is where so many kidney medicines fail. Kidney derangements usually invariably begin with constipation and torpidity of the liver. The whole work of filtering the blood is hampered on kidneys, and in time they fail to stand the strain. The poison in the system gives rise to severe headaches, pains in the back and tired, depressed feelings.

Wonderful Play
A remarkable exhibition of golf, under extreme handicap, was recently shown at the Sandridge Park course, Eng., during a foursome in which prominent English professionals were the contestants. Previous to the match in which Edward Ray and James Braid were opposed by Harry Vardon and J. H. Taylor, in play for the benefit of the Lord Kitchener National Memorial Fund, Ernest Jones, balancing himself on one leg, reportedly drove the ball for distances well over 200 yards.

Stars of 180th Appear Here in Benefit Concert

Yesterday afternoon at a meeting of the officers of the 180th Battalion, C. E. F., in the office of Walter H. Golding, manager of the Imperial Theatre, arrangements were made whereby an entertainment will be held by the battalion in that theatre next Monday evening. Such a galaxy of stars seldom, if ever, appeared before to the public of St. John, as will make their initial bow to a local audience on this occasion. Arrangements are to be made whereby the famous Tom Longboat and the equally famous Ted Woods, both members of the battalion, will meet in a race. That event for those who love track sports.

Fredericton High School Football Team Here Friday

Will Meet Local Lads in Inter-scholastic League Fixture; Locals Practising Hard For Game

The second game in the Inter-scholastic Football League will take place tomorrow afternoon on the Shamrock grounds between Fredericton High School fifteen and the local High School team. Fredericton has not yet played a league game this season and the actual strength of the team will not be known until after they get into action. The St. John boys are in much better trim than they were last week when they played a game with Rothesay College and their supporters are confident that they will vanquish the visiting players. Yesterday afternoon the locals had a hard workout and showed improvement in their play. Mitchell, the stocky centre, showed up to advantage. He is brim full of pep and will lead a hole in any ordinary defense. He is the heaviest player on the local line-up and, with his strength and aggressiveness, should be a valuable asset. The other forwards showed more pep and put some showed marked improvement. The quartets are beginning to get down to business and should give a good account of themselves. The half backs had their first real work-out of the season and proved that they have ability, endurance and speed. With more confidence, a little more pep and aggressiveness and they should develop into one of the fastest quartets brought together in the Inter-scholastic league in years. The scrim was given a hard workout and the halves and quarters put through some signal play. After two hours' hard work practice was called off until today when they will be put through another grilling. Owing to inclement weather opportunities for practice have been few and far between. The line-up of the team against Fredericton will be as follows, subject to change: Seely, full back; Jordan, Taylor and White, quarters; Donnelly, Fleming, Russell and Anglin, half backs; Cross, Hatfield, Mitchell, Robertson, Humphreys, Wilson, Whitley. As a couple of the regulars have not been out to practice since the last game in Rothesay substitutes are being coached to replace them in case they fail to come through. Thompson, the first string utility man, will be put into the game at the first sign of weakness on the part of any of the players. The other utility men are Fritz and Day.

Champion Darcy Is a Real Fighter

Is Fast, Shifty and Can Take a Lot of Punishment

"Les Darcy is a real fighter, one of the most brilliant that has flashed across the pugilistic horizon for many years," says Cushman A. Rice—and "Cap" knows a real scrapper when he sees one. The retired army officer has seen in action every one of the pugilistic satellites of America, Europe and Australia during the last five years, and to the Australian champion he accords the distinction of being a real winner. "Darcy knows the fight game," declared Capt. Rice. "He is fast, shifty, can take a tremendous lot of punishment, and he surely can hit. Yet Darcy never seems to aim for a one-punch knockout. He cuts his man to ribbons first and then shoots over the crusher. The most remarkable thing about Darcy is his hands. I noticed them first when I saw him fight in Sydney, Aus-

BASEBALL

Braves to Play Yankees

Boston, Oct. 24.—The Boston National League team will play the New York Yankees in a series of three games, under auspices of local boards of trade. The teams will train as usual at their spring camps, the Braves at Miami, Fla., and the Yankees at Macon, Ga. By the last of March, it is expected they will take the road together, playing six or eight games, under auspices of local boards of trade. New Manager for Pirates? New York, Oct. 24.—Barney Dreyfuss, owner of the Pirates, is said to be looking for a new manager to succeed J. J. Callahan. In sending in his resume to National League headquarters, Dreyfuss has omitted Callahan's name. As all the managers must be reserved from year to year, it is assumed by baseball men that Callahan will not lead the Pirates in 1917. Dreyfuss already has denied the report that Fred Clarke will be called back to the major league. Wagner is not a candidate for the position, according to his friends. William J. Clarke, who handled the Louisville champions in the American Association this year, may be regarded favorably by the Pirates' owner. It is said that Callahan had some trouble with the Pittsburgh players last summer. He suspended Pitcher Maxmuth for a breach of discipline. Perhaps the players have been using their hammers. Will Be Asked to Explain New York, Oct. 24.—The board of directors of the National League will take up the action of John J. McGraw when he left the New York bench during the last series with Brooklyn, when the league holds its annual meeting in New York on the second Tuesday in December. This much was admitted today by Gov. John K. Tener, president of the league, and Harry Hempstead, president of the Giants. That McGraw and several other members of the National League will be called upon to explain the occurrences in that game is evident, and a more searching investigation of McGraw's charges is considered probable. Matty Gets a Marvel Manager Mathewson of Cincinnati has picked up a pitching marvel who is only seventeen years old. This lad simply had to break into a major league at this tender age because, it is said, he could not get any catcher in the amateur or semi-pro ranks who could hold his delivery. His name is Febris, and he hails from Ripley, Ohio. In his first amateur game Febris struck out nineteen batters. Since no one could hold Febris' delivery when he got those nineteen strikeouts, the catcher merely knocked down the pitched balls and got nineteen assists, a world's record, by throwing out the runner at first base.

LOCAL NEWS

RETREAT AT ST. PETERS
A retreat is being conducted at St. Peter's rectory for lay-writers of the congregation stationed at Redemptorist churches in upper Canada.

OFF TO THE FRONT
Mrs. W. J. Brown received a cable this morning from her husband, Lieut. W. J. Brown, in which he said he was leaving for France today.

UNCLE SAM'S PERIL
J. S. Knowles has received from an unknown correspondent in Boston a postal card on which is posted the following clipping from the head lines of a Boston paper:—
"United States as unsafe now in regard to self-protection as fat calf would be tied in tiger-infested jungle."

THE CORRECT NUMBER
In the list of men of the 118th Battalion drafted to France, published in The Times last evening, appeared the name of Private W. J. Finley of St. John, son of R. J. Finley, press room foreman of The Times. The soldier's number, however, was incorrectly given. The right number is 74249.

LETTER FROM COL. MACLAREN
J. S. Knowles has received a letter of sympathy from Col. Murray MacLaren, expressing sympathy with Mr. and Mrs. Knowles for the loss of their gallant son, and acknowledging receipt of a copy of Mr. Knowles' patriotic song, "The March to Berlin." "I hope," he writes, "that by this time next year we may all be able to sing it on our way there rejoicing."

ACCIDENT
Guilford McMullin, of Bridge street, met with a painful accident a few days ago at Bedford. He was standing on the wharf waiting for the river steamer Champlain to dock, when one of the deck hands, thinking that he was going to receive the line, threw a hawser ashore. A large iron hook, attached to the rope, struck Mr. McMullin on the foot, breaking two of his toes. As a result of the accident, he will be confined to his home for a few days.

A PLEASANT EVENING
Members of the Thistle Baseball team, champions of St. Peter's league, held a reception last evening at the home of Mr. and Mrs. McNulty, 81 Newman street, in honor of their son James, who was a member of the team and who recently joined the ranks of the benighted. The young bride and groom were made the recipients of a beautiful parlor lamp. After pleasing musical numbers had been rendered by some of the guests, supper was served, and dancing was enjoyed. Readings were given by members of the team.

ON THE RIVER
The steamer Viking arrived at Indian-town last evening at 7:30 o'clock with a cargo of hay. She was met by the city with a cargo of hay. She was able to get off without the aid of a tug. The steamer D. J. Parry was reported to have been late getting away from Fredericton today, owing to an exceptionally large cargo.

LANCASTER SIDEWALKS
The residents of Fairville are beginning to wonder if they are to enjoy the concrete street crossings which had been promised to them as part of the sidewalk contract. The announcement that about \$2,000 more than the appropriation has been expended has aroused widespread interest and the interest centers, not only in the financial aspect of the situation, but also on the effect on future work. It had been understood that several crossings were to be laid and none of these have been put in place yet. Inquiries regarding this phase of the matter have not elicited much information so far.

BANQUET AND DANCE
The members of the Field Ambulance Depot are planning farewell demonstrations in honor of their comrades. The non-commissioned officers for overseas will be the guests of their fellow non-coms at a banquet which will be held on next Tuesday evening and which is expected to be a memorable affair. The other members of the depot will give a dance tomorrow, Friday evening, in the "Prestige Boys' Hall," West St. John, in honor of the rest of the draft. As many of their friends have expressed a desire to be present, they are issuing a general invitation to all the friends of the departing soldiers to join with them in the farewell festivities.

ARTHURS-SHILLINGTON
A happy event took place at the residence of Mr. and Mrs. Thomas Shillington at Silver Falls on the afternoon of Wednesday, October 25, when their second daughter, Miss Amy S., was united in marriage to William Arthur, the ceremony being performed by Rev. George N. Somers, B. A., pastor of the Methodist church. The bride, who was given in marriage by her father, was charmingly gowned in brown silk and carried a shower bouquet of bridal roses. After the ceremony a dainty supper was served and Mr. and Mrs. Arthur then left for a short wedding trip. On their return they will reside at Silver Falls. Many beautiful and useful presents testified to their popularity in the community. Owing to the death of the bridegroom's mother recently, the ceremony was a quiet one, only the immediate relatives being present.

LETTER FROM PTE. HARRY WARD OF THE 140TH

In a letter to Mrs. J. S. Knowles of this city, Harry T. Ward of the 140th Battalion, formerly employed with Shanks & Company here, tells of the trip across the ocean, which he evidently enjoyed. He says:—"We were on the Corsica and were treated just like passengers. I wasn't sick at all. There were five other troop ships and we kept together all the way over. I did not know it could be so nice on the ocean."
According to a diary of the trip which he encloses, the voyage was an uneventful one, the chief feature a holiday with a programme of sports. When they sighted the north coast of Ireland they were joined by a flotilla of war craft which formed their escort to the port at which they landed. Private Ward speaks of the reports that the 140th would reach the front in drafts and, writing on October 13, said they expected to cross the channel on the following week.

BOYS' WORK CONFERENCE BEGUN HERE

Addresses at First Session This Afternoon—The Standard Efficiency Tests

Owing to the disagreeable weather conditions of this morning and the fact that the train regulations did not correspond with the opening hour of the programme, the Boys' Work Conference did not commence its activities until this afternoon at 2 o'clock in Centenary church.

The Canadian Standard Efficiency Test has been well introduced to St. John, but now that the leaders of the boys' work conference are here, the real and practical end of the efficiency test will be brought to bear.

This afternoon the initial session was held in Centenary school room. Among the visiting leaders were Rev. Taylor Statten of Toronto, senior national secretary of the Boys' Work Conference; Rev. C. A. Myers, Toronto, associate secretary of the Sunday School Young Peoples' Society in Canada; Rev. Frank Langford, educational secretary for the Sunday Schools and Y. P. S. of the Methodist church in Canada; Rev. I. W. W. Williamson of Wolfville, N.S., general secretary of the Baptist Sunday schools and Y. P. S. board convention of the maritime provinces, and Rev. W. A. Ross, general secretary of New Brunswick Sunday School Association. The Boy and the Church.

The opening session was featured by an address by Rev. Frank Langford of Toronto, on "The Boy and the Church." Mr. Langford pointed out the great need of educating the boy of Canada today. The young men of today were going to the front, leaving behind boys upon whose shoulders the responsibility of the future of Canada was falling and the future of the Protestant church in Canada. He termed it "the greatest crisis in the history of Canada." The leaders in church work, he said, were daily giving their lives in war, the leaders of tomorrow must be the present rising generation of boys. "It is our business to train these boys," he said.

Following his address Rev. C. A. Myers outlined the programme of the leadership and the boys' work conference. Mr. Myers outlined the real meaning of the Canadian standard efficiency test and what it meant to the boys. It was divided into four standard heads, and each head was built upon "Jesus increasing wisdom in stature and wisdom with God." The first head was "Intellectual standard, built upon 'Jesus increased in wisdom' and the following subjects: School or college, sex education, public speaking, home study, educational lectures, religious tracts, membership in church, consists of health and education, camp craft, team craft, games, jumping, running and shooting." The second head is "Religious Standard" taken from "and in faith with God." It has church and Sunday school, mid-week Bible study, morning watch, history of religion, poetry, music and nature.

The third head is "Physical Standard" built upon the lines and stature, and consists of health and education, camp craft, team craft, games, jumping, running and shooting. The fourth head is "Moral Standard" taken from "and in fear with God." It has church and Sunday school, mid-week Bible study, morning watch, history of religion, poetry, music and nature. The head is service standard taken from words "and with men," containing membership in boys' organizations, ability to entertain, personal service, good citizenship, clean speech, sports and choosing work.

There are 1,000 credit marks for each standard, the points being divided among the sub-heads of the respective standards. There are eight grades, from the time the boy is chartered until he finishes, running from the age of thirteen to twenty years.

This evening there will be a luncheon in Bond's to which all teachers, ministers, Y. M. C. A. workers, superintendents and all men interested in boys, are invited. The speakers will be Rev. R. E. Hayward, Rev. C. A. Myers and Rev. E. Langford.

Today's sessions and two sessions tomorrow will be for the visiting leaders, who will talk to the prospective leaders in this city. Tomorrow evening upon the arrival of the boys from the various points in the province, the practical work will be commenced.

At 8 o'clock this afternoon, Rev. L. A. Buxley of Halifax, newly appointed secretary of the maritime province boys' work, and Rev. T. H. Hutchinson of Toronto met the boys of the local High School and talked to them along the lines of the Canadian standard efficiency tests.

HATFIELD-CAMPBELL
A very pretty wedding took place last evening at 8:30 o'clock, at the home of the bride's parents, Mr. and Mrs. Geo. W. Campbell, 188 Water street, West St. John, when their eldest daughter, Florence Peirle, was united in matrimony to Harold Austin Hatfield, formerly of Port Greville, N. S., now of West St. John. Rev. W. H. Sampson, rector of St. George's church of West St. John, officiated in the presence of friends and relatives of both the principals. The bride was becomingly attired in a dress of white crepe de chine, trimmed with pearl beads and white satin roses, and wore a bridal veil of white flowered net. She carried a shower bouquet of white roses and wisteria and maiden-hair ferns. Mr. and Mrs. Hatfield left this morning for a short honeymoon trip, and upon their return will reside in West St. John.

DIED IN BOSTON
Many will learn with regret of the death of A. C. McMartery of Boston, which occurred on October 25. Mr. McMartery was a former resident of this city, having been engaged in the fur goods business here. About thirty years ago he removed to Boston, where he was employed by R. L. White Company as a floorwalker. He was seventy years old, and is survived by three sisters, Mrs. M. J. Gunter of this city, Mrs. William Johnson, of Lynn, and Mrs. R. McAllister of New York. The body will be brought to the city on Friday afternoon on the Boston train, and interment will be made in Fernhill.

BOYS' SUITS AND OVERCOATS

That "Other Fellows" Can't Laugh At

Every normal boy and youth has a pretty clear idea as to the kind of clothes he likes.

Every commonsense mother has her idea, too.

Usually the boy likes something at once smart and manly, and, above all, something "the fellows can't laugh at."

His mother wants the same, but she always wants to feel certain that back of the fine looks there is reliability in every thread of the fabric and in every stitch of the tailoring.

We can say for certain that our new Suits and Overcoats have all the good points that smart, manly boys and their clothes to have, and all the reliability that mother good taste and good, practical judgement insist upon.

Sailor Suits, 6 to 9 years	\$ 5.00 to \$ 6.50
Sailor Norfolk Suits, 4 to 9 years	4.50 to 7.00
Yoke Norfolk Suits, 5 to 17 years	5.00 to 16.00

Have You Ever Stopped To Think

How much better value would you get for your money if you purchased durable furniture, instead of spending it in a lot of other ways? For instance, the very best mattress that money can buy only represents an outlay of forty cents a week for one year, and it will give you a lifetime of comfort.

One-third of your life is spent in bed, or should be, and the perfect rest and relaxation which you will get on a first-class spring and mattress will improve your health and lengthen your life. It is worth considering.
