FISCHER IN JOVIAL MOOD IN NEW YORK

Man Who Sent Warnings of Explosion Picks Up Cigarettes From Grand Central Floor "for His Friends" — Swarm of Reporters and Movie Men Meet Him.

New York, Sept. 20.—Edwin P. Fischer, arrested in Hamilton, Ont., who has testified to having sent warnings of the Wall street disaster, to friends, arrived here today. After talking with a swarm of reporters and photographers while posing for news "movies" Fischer stowed his way with the detectives to a Lexington avenue lunch room where he breakfasted on beef stew and coffee, finishing the meal when he had washed his face with a glass of water. He shuffled into his pocket three cigars he picked up from the Grand Central floor, chuckling as he did so, and explaining that he did not smoke but his "friends" did.

When requested to talk he said: "I'm in the hands of my friends here," referring to the detectives. "That's all I know. I don't know what sort of a statement you fellows expect me to make. I don't know much to say."

Hamilton, Sept. 20.—Edwin P. Fischer left for New York yesterday afternoon in the company of Detective Irving O'Hara. Fischer left Canada as a sane man. He asked to be permitted to return to New York without the stigma of insanity, declaring that he was eager to tell his story to the New York grand jury. He was confident that his explanation that he got his knowledge of the plot "from the air" in a telephonic dispatch, would be believed.

New York, Sept. 20.—By Canadian Press—Miss Ethel Fischer, sister of Edwin P. Fischer, and Robert A. Pope, brother-in-law, deny that Fischer ever held in an interview a camp in Nova Scotia as an alien enemy.

—Gale in Los Angeles Times.

NOT MANY ADDED TO LISTS FOR N. S. LIQUOR FIGHT

Referendum on Importation to Be Held on Oct. 25. Big Campaign from October 1.

Halifax, N. S., Sept. 20.—That the importation and bringing of intoxicating liquors into the province may be forbidden, is the gist of the referendum on which Nova Scotia will vote "yes" or "no" on October 25. A negative vote on the referendum will not affect the act at present in force which permits importation for private use.

FREDERICTON SPORT  
Fredericton, N. B., Sept. 20.—Blanche H. 2.11 1/2 will probably be the favorite in the 212 class on the opening card of the Fredericton Park Association's fall races tomorrow.

METHODIST MINISTERS.  
A meeting of the Methodist ministers of the city was held this morning with Rev. J. B. Gough in the chair. Rev. Samuel Howard, pastor of Zion Methodist church, was appointed chaplain to visit the General Public Hospital in the interests of the Methodist denomination.

As Hiram Sees It

"Hiram," said the Times reporter "there some pretty big men in this city and province fifty or sixty years ago. 'Yes, sir,' said Hiram, 'they were so.' 'They were able,' said the reporter, 'to look into the future and see the trade of the west building up the port of St. John.' 'That's the time I heard 'em talk about it when I was only a little fellow,' said Hiram. 'An' that,' said the reporter, 'was before there was a Canadian west.' 'The C. P. R. had not been thought of. There was not even a railway to Montreal and Toronto. And yet those men talked of a great future for St. John as a winter port.' 'I mind,' said Hiram, 'when they sent grain into the harbor through a canal at the ferry age of the bay to St. John.' 'That scheme failed,' said the reporter, 'but we have three railroads instead of the canal, and winter from land the buffalo roamed over fifty years ago.' 'An' then old-timers had faith,' said Hiram. 'They knewed St. John was all right—yes, it was big men.' 'Consider now,' said the reporter, 'the little men of today—the men who have no faith in St. John. Their only faith is in the promises of a government which is here today and map be gone tomorrow.' 'I mind,' said Hiram, 'when they was talkin' about buildin' the first elevator. One paper said geography was agin St. John an' it was foolish to think about it at the eventin' here.' 'An' that,' said the reporter, 'there are those who say it is foolish to think about gettin' any business for the port. We'll see the harbor for a song.' 'Well, sir,' said Hiram, 'if you too had not got some of them old fellers of the faith in St. John, they would be a little backbone—yes, sir.'"

Walter E. West, said to have come from the west, was arrested and a stick of dynamite was found in his possession together with three lengths of fuse with detonating caps attached.

WALTER E. WEST, SAID TO HAVE COME FROM THE WEST, WAS ARRESTED AND A STICK OF DYNAMITE WAS FOUND IN HIS POSSESSION TOGETHER WITH THREE LENGTHS OF FUSE WITH DETONATING CAPS ATTACHED.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

WEEK-END BILL AT OPERA HOUSE WILL BE CONCLUDED TONIGHT

Don't Miss Frank De Tiel and Richie Covey in Their Great Original Skit—Big Dancing Features, Music, etc.—Feature Japanese Acrobatic Act Will Be Here Tomorrow.

The week-end bill at the Opera House will be terminated this evening. The various acts have been well received, and large audiences were in attendance at all of the performances on Friday and Saturday. Frank De Tiel and Richie Covey have been making a big hit with their original and amusing skit; while Nat Burns has won hearty applause with his amusing chatter and clever eccentric dancing. The Hilton Sisters, in bits of vaudeville; Eddie and Earl, in a sensational dancing offering, and Will

Next Week's Outstanding Theatrical Engagement

The Maid of the Mountains

The outstanding event in the theatrical history of Canada is the "Maid of the Mountains," which has been brought here direct from its five year run in London, by arrangement with the estate of George Edwards, for whom the piece was produced by Ascar Asche. This is the first time that Canadian theatre-goers have ever had an opportunity of seeing a big English musical show exactly as it has been seen by the Londoners, and the interest which has been manifested, especially by the returned soldiers who saw the play in England,

NEW NORTH END THEATRE HAS A SPLENDID BILL

Monday and Tuesday—Anita Stewart and Serial Feature at "The Palace."

The second week at the clean, cosy "Palace" opens with a programme of real merit. Lovely Anita Stewart in the First National Production, "Mary Regan," opens the programme, followed by the second episode of the splendid serial feature, "The Great Radium Mystery." Space does not permit a detailed description of this programme; suffice to say it measures up to the high standard set for this delightful little North End theatre.

ARE YOU LEGALLY MARRIED?

This query is startling, and so is the picture of some name. It is also both interesting and exceedingly clever, playing to huge audiences in the big American cities. It has caused much comment, and all favorable. It treats of a big subject, and in a big way. The Unique will have capacity audiences all week, and those who can attend the matinees should do so.

A GREAT BILL AT THE LYRIC

The Lyric will start the week with one mighty roaring force entitled "Nerily Married" intermingled with bright chorus numbers and brilliant specialties.

ELECTION RETURNS IMPERIAL TONIGHT. During the presentation of the superb Paramount super-feature, "Why Change Your Wife?" at Imperial Theatre, this evening, complete returns of the St. John-Albert federal election will be announced. The pictorial engagement now

LOCAL NEWS

A wire received by Hon. R. W. Wigmore, minister of customs, from the minister of marine states that arrangements have been made for the gift of a ship to Canada from the mother land to visit St. John next month.

K. Takahishi of Kobe, Japan, a civil engineer from the Japanese government was in the city yesterday en route to Europe via Halifax and New York. He is making an inspection of harbor facilities at Halifax, New York and European ports, and yesterday he visited Sand Point. The Japanese government is erecting immense harbor works at Kobe, an important port on the Hogo Bay.

Yesterday afternoon Rev. F. H. Bone, pastor; Mrs. R. D. Christie, superintendent, teachers and scholars of the General Baptist church, held an impressive ceremony at Fernhill and the Methodist cemetery when the graves of two Chinese scholars were decorated with flowers. The grave of Mrs. John Golding, who for many years was a beloved teacher of the Chinese, was decorated as a tribute to her memory.

R. F. Morrissey, an engineer from the St. John office of the marine and fisheries department, is at Yarmouth Cape, endeavoring to ascertain why the sound from the fog signal at that place will not carry farther than it does. He also makes an inspection of Gannett Rock to determine if a lighthouse could be placed at that point. The Lurcher lightship has been towed to port for annual repairs and buoy placed to guard the shoals.

H. H. Reid, 88 Douglas avenue, retired scalp wound, a sprained ankle, and badly bruised as a result of being struck by a motor car driven by Edward McNulty. The accident happened on Saturday opposite Durick's drug store in Main street, and Mr. Reid was taken there and Dr. W. F. Stevenson was called to give medical aid. Mr. Reid will not be able to leave his home for several days.

On Saturday night and Sunday morning a storm, which caused about \$25,000 damage to weirs in the vicinity of Courtney Bay and along the Bay Shore, raged about eight hours. The rain fell in torrents and the wind blew a gale. The Connors, Silliphant, Fox and Wilson weirs in Courtney Bay were broken down to the water's edge, while off Fort Dufferin the McEade weirs were also badly damaged. The McLean weirs at McEade's Beach, the Lamoureux weirs at Sheldon Point and the Collins and Wilson weirs at Saint's Rest, were badly damaged. Individual losses were placed at from \$1,500 to \$2,000.

A pleasure party consisting of Allan Currie, Rowland Johnston, Mr. Currie's sister and two other young ladies, narrowly escaped drowning near Belyea's Point yesterday afternoon when the boat in which they were sailing was caught in a squall and began to fill with water. Another squall caught the small craft and it immediately sank, but fortunately the rope on the tender broke and the party were able to cling to the tender until a motor boat which was nearby picked them up and took them to the yacht Privater, owned by Mr. Johnston.

Don't Strain Your Eyes!

Squinting, frowning and headaches are characteristic of eyestrain. When this condition exists good health is impossible without the use of suitable glasses.

Arrange for an examination today and know the exact condition of your eyes.

If you need glasses you should wear them. If you don't need glasses we will tell you so.

AWFUL CRIME IN NOVA SCOTIA

Lunenburg County Man Kills Father, Two Other Men and a Woman, Then Suicides.

Five persons are dead as a result of a quarrel over the erection of a dam at Hemford, Lunenburg county, Nova Scotia. The victims of the tragedy are Mr. and Mrs. Aschibald Ritchie, Abner Snyder, William Veinott and his son, Havelock Veinott. The latter, after a violent quarrel with his father regarding the dam shot him in the stomach, and then went in search of the others whom he despatched as soon as he found them. He then returned to his home and finding his father still alive shot him through the heart and then committed suicide. The villagers of Hemford for some time had considered Havelock Veinott as mentally unbalanced. He had on several occasions, in connection with the dispute over the mill dam site, threatened the lives of the three men who are dead today, but his threats were never taken seriously. The Veinotts, Ritchie and Snyder families lived within a short distance of one another and all three owned land bordering on the West River. Some time ago Snyder and Ritchie wished to build the dam and asked the older Veinott to agree thereto. He refused but a month ago reconsidered and signed the agreement. The Veinotts had been opposed to the plan from the first, became enraged and quarrelled repeatedly with him. Veinott was unmarried and lived with his parents and at their home last night, the argument was revived between father and son. This morning, after the family had risen it was resumed with great heat. The father flatly refused to break the contract, whereupon his son secured three rifles and in a frenzy of passion shot his father in the stomach. He then left the house, threatening to kill the other two men.

Fearing for the lives of his neighbors, the elder Veinott, though seriously wounded, made his way to the nearest telephone and gave the alarm. Meanwhile the murderer went to the Ritchie home, forced his way into a bedroom and shot Ritchie and his wife, both in the head. Leaving the two dying he ran to the Snyder home. Snyder answered his summons and Veinott shot him as soon as he opened the door. Snyder stumbled into his bedroom, followed by the murderer, who shot Snyder again, his fourth victim, dying almost immediately in the arms of his wife, who had pleaded with Veinott for mercy for her husband. Making his way to his home, he found his wounded father returned from his trip and resting to bed. He sent a bullet through his father's heart. He said a few words to his mother and then went to the barn, putting a bullet through his head.

A few minutes later a party of men, in answer to the elder Veinott's warning, arrived at the Veinott home, just too late to prevent the suicide. Of the three families, the survivors are Mrs. Veinott, the murderer's mother; two small children; Abner Snyder's widow and his twelve children.

RECENT DEATHS

On Sept. 5 William Love passed to rest at the home of his daughter, Mrs. Harmon Gamble, of Fairview. Mr. Love was seventy-seven years old and was a resident of West Quaco for the greater part of his life. He was born in Ireland and was a ship carpenter by trade. He married Miss Margaret Kirkpatrick and their family consisted of five children, two of whom survive. About three years ago he made his home with his daughter, as he was in poor health. His death was sudden, although not unexpected. He leaves one daughter, Mrs. Harmon Gamble, and one son, James Henry Love, both of Fairview. Funeral services at the house and grave were conducted by Rev. Mr. Fairweather. Interment was made in Shanklin cemetery.

The death occurred in the city on Sept. 19, 1920, at 93 Somerset street of

The overseas mills will close here at 4 p. m. tomorrow for the steamship Wilhelm via Quebec.

M. R. Welling, station agent at Penobscot, was injured recently by a fall he sustained while assisting to load blueberries. He was not seriously hurt, but was obliged to lay off.

George Phair of Newcastle, an inmate of the Boys' Industrial Home at East St. John, has escaped from that institution. The police of other places have been notified to watch for him. He is thought to have gone towards Moncton.

Robert Crawford of this city, provincial constable; S. P. Chapman of Amherst and Leonard S. Hutchison of Dorchester were the applicants for the position of chief of police of Moncton to succeed George R. Rideout. Mr. Hutchison, who was appointed chief by the council, will take charge tomorrow. His salary will be \$2,000 a year.

Ex-President W. H. Taft writing from Pointe au Pic on September 18, sent the following communication to C. W. Romans, secretary of the Canadian Club: "My Dear Sir—I have your kind invitation to address the Canadian Club of St. John, New Brunswick, and thank the club for it. I have no present expectation of being in St. John and am so engaged in the arbitration proceedings between the Canadian government and the Grand Trunk Railway system as to make it unlikely that I could come to you during the next year. I regret this. Sincerely yours, William H. Taft."

**ROOSTER KILLS CAT.**  
Sussex, N. J., Sept. 20.—A cat belonging to Ford Ewald, a farmer near here, decided to treat himself to a bit of chicken the other day. Unfortunately for himself, he picked out a guinea rooster, a most pugnacious bird. Ewald declared that the fight lasted for about nine minutes, with the cat losing one of its lives every minute. At the beginning of the tenth minute the pussy granted hoarsely and rolled over dead, while the rooster pruned himself and strode proudly away, surrounded by admiring chickens.

**IRON FIELDS IN PHILIPPINES**  
Washington, Sept. 20.—The finest unworked iron fields in the world have been discovered in the Philippines, according to a report from the government experts just received here. The quantities of ore adjacent to good harbors, they state, will be sufficient to assure the future of iron and steel production in the United States for generations.

**MAN STOWAWAYS.**  
New York, Sept. 20.—Practically every steamer which arrives from Europe brings new members for the "Stowaways' Club at Ellis Island. There are now some ninety stowaways at the detention quarters there awaiting deportation.

**BAN SALE OF STILLS EXCEPT FOR DISTILLING WATER.**  
Washington, Sept. 20.—The sale of stills is being restricted. An order has been issued requiring that all purchasers of stills file affidavits that they will be used only for the distilling of water. Unless such affidavits are filed it will be held that the stills have been sold for illicit purposes. The order was issued as a result of reports of great traffic in stills.

### STRATFORD ENJOYS PAVEMENT DANCE

Community Entertainment to Raise Funds for Memorial.

Stratford, Ont., Sept. 20.—Community dance and promenade held on the new pavement of the main streets, will net some thousands of dollars for the Soldiers' Memorial Fund. Ontario Street from the Court House to Waterloo Street was roped off and citizens and out of town visitors by the thousands danced and promenaded to the music of two brass bands while a refreshment booth in front of the Post Office did a rushing business. The dance was under the patronage of the Retail Merchants' Association and the John MacDonald Chapter of the I. O. D. E., and the marked opening of the new pavement. The entire proceeds go to the Soldiers' Memorial Fund. The girls of the I. O. D. E. Chapter sold the admission badges and the crowds entered arches erected at the various street intersections. The stores were decorated, flags and bunting strung across the streets and every light possible turned on, making a brilliant scene.

### DESPERATE BATTLE WITH MASKED MEN

Bandits Attack House to Steal 200 Cases of Liquor.

Windsor, Sept. 20.—Six masked men, who attempted to steal 200 cases of liquor from the residence of Frank Belleperche, Sandwich East Township, nine miles east of Windsor, were driven off after a rifle and revolver battle lasting more than an hour. Francis Gignac, Petite Cote, is being held at Ford in connection with the shooting. Armed with shotgun and rifle, Belleperche and his son held off the raiders until the arrival of Provincial Officers Smith and Hannah and members of the Ford police department. The party, abandoning two automobiles, which were perforated with bullet holes and splattered with blood, escaped by running through a corn field. Telephone wires in the vicinity were cut and it was some time before the police could be summoned.

### DETROIT TEACHERS WILL BUILD HOTEL

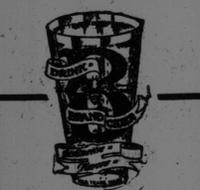

Plan of Association to Avoid High Prices of Profiteering Landlords.

Detroit, Sept. 20.—Driven by high rents and restaurant prices, the Detroit Teachers' Association with soon erect or purchase a co-operative hotel.

The sentiment of the last year, during which teachers were compelled to pay as high as \$12 a week for small rooms and proportionate prices for meals, has crystallized in an effort to avoid landlord profiteers permanently, and a special committee of the association has been called to plan a search for suitable sites.

Preference of the teachers as to sites will be given a hearing, and if the association does not decide on a centrally located hotel or club house it will acquire a number of residences throughout the city and convert them into teachers' homes.

Co-operative dining-rooms, designed to fit the needs of the teachers, will be one of the special aims of the committee working on the project.

### ENGLISH OAK ENDURES

Age Seems to Have Little Effect on Its Life

(Detroit News)  
The durability of English oak is the greatest of any known forest timber, discoveries having been made that it is preserved almost as well under water through centuries as it is when shielded by roofs in ancient castles.

Professor Burnett, of London, possessed a piece of English oak from King John's palace at Eitham, perfectly sound and strong, which can be traced back for more than five hundred years. The oak was found in the ruins of a castle more than eight hundred years old. One of the oak coronation chairs in Westminster Abbey has been there for more than five centuries.

### NEW 16-INCH SHELL PIERCES 14-IN. ARMOR

Washington, Sept. 20.—On the heels of news that the Navy Department had successfully directed all movements of an 11,000 ton battleship by radio, it is learned that the department perfected a 16-inch shell which pierced 14-inch plate armor at an angle of ten degrees, the feat was made possible by the invention of an explosive of tremendous energy and by special constrictions of the head of the shell.

### SIMPLE AS A. B. C. TRY IT TONIGHT FOR YOUR NERVOUSNESS

Worn out, tired in the morning, you lack the energy and ambition to work as of old. This means nerve decay—nerves that are starved for the want of good, rich blood.

It's blood nourishment that vitalizes the nerves. Your blood is thin, weak, watery. It's filled with poisons that hang on because your kidneys don't filter properly.

See here, fix up your kidneys, put new life in your liver, and you'll feel like new in a short time.

To do this, you must use Dr. Hamilton's Pills, they make life look bright and pleasant because they restore harmony and vigor to the organs that need repair.

Dr. Hamilton's Pills warm the blood and fill it with nutriment that's bound to build you up, that's sure to lift your weakness, that invariably does make joyous, robust Good Health.

Think of it, youthful strength, lots of nerve force, plenty of red blood surging through your veins—let this reason enough for your using Dr. Hamilton's Pills? Sold in 25c. boxes by all dealers.

### A DANGER SIGNAL—TENDER AND BLEEDING GUMS

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills.

Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them.

Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhea away by using Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-drinking has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

### GLYCERINE MIXTURE SURPRISES ST. JOHN

The quick action of simple glycerine, buckhorn bark, etc., as mixed in Adler-1-ka, is surprising. One spoonful relieves any case of gas on stomach or sour stomach. Adler-1-ka acts on both upper and lower bowel and removes all four accumulated matter which poisoned stomach. Often cures constipation. Prevents appendicitis. One lady reports she has no more pain in back of head or gas on stomach since using Adler-1-ka. J. Benson Mahony, druggist, 2-4 Dock street.

### Tragedy Follows Family

Paris, France, Sept. 20.—A trio of tragedies took place on a farm at Bar-sur-Seine. The farmer saw two of his oxen fighting and shouted to his son to separate them. He threw a sharp-pointed goad at the animals, but it struck the son and the boy fell dead. The father ran to the house and called his wife. She left her baby on the step. A large dog partly devoured it. When the father learned of the second calamity he committed suicide by drowning.

The Evening Times and Star

ST. JOHN, N. B., SEPTEMBER 20, 1920.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

WILL NOT TURN THE CLOCK BACK

The Standard is convinced that the people are not satisfied with the record of the Foster government. Let us assume for the sake of argument that the government has not been able to satisfy the people. What then? The people of course would have to consider to whose hands they would entrust the administration of public affairs.

THE POWER POLICY

If the Foster government had done nothing else, its hydro-electric policy would command it to the people. Enough stress has not been placed upon this policy. There is water-power enough in this province to give it light and to turn the wheels of its industries.

HALIFAX MEANS BUSINESS

The people of Halifax are not going about imploring somebody to put their harbor in commission. They are determined that the government shall do what is its duty to do, and that is to provide needed terminal facilities.

bring it before the Chambers of Commerce of the Empire. And there is not a word about harbor commission or burdening the traffic with the interest on the cost of work already done.

THE NEGLECTED PROVINCES

Mr. J. P. Collins, one of the members of the Imperial Press Conference, was particularly impressed with the maritime provinces, and intimates that if the English people knew about them there would be many more immigrants who would not heed the advice to go farther west.

The maritime provinces of Canada have suffered rather badly from neglect on the part of our home population in Great Britain. The counter-consideration is that this has taught them independence and self-reliance, and there is no better diet for raising a sturdy and prosperous people, if nature will only continue to do her share.

THE WESTERN LANDS

Premier Martin of Saskatchewan has no objection to the maritime provinces getting better financial terms but objects to having it labelled as compensation for their share of the western lands.

"None the less, the western attitude is not fair. We are told the western man has little patience with the claims of the east to his share in the western lands because if he and others like him had not gone in and settled there the lands would still be of no value and Canada would not be what she is today.

(Copyright by George Matthew Adams.)

THE BIG SIGN

They've put a monstrous wooden sign, where it obstructs my view; I cannot see the sunlight shine upon the waters blue. The sign appeals to passing rubes, and asks them for their trade; it says, "Eat Bulger's Tires and Tubes—the Kind that Mother Made."

CANADA—EAST AND WEST

Domestic Happenings of Other Days

THE OKA MONASTERY

The Province of Quebec is distinctly different from all others in Canada. There is an old world flavor that is missing elsewhere. It possesses the oldest structures in the Dominion and some of the mystery of the Old World is associated with Quebec.

LIGHTER VEIN

Identification Mark "So you had trouble locating me, said the stranger to the old darkey, as he alighted at the country station.

Danger More Distant

Teacher—Why, Johnnie! How can you come to school when your little brother has acute fever?

Foxy Father!

"Ma insists on a change in Government." "That so? What particular thing is she opposed to?"

Fly

"Why don't you smile once in a while? You can't catch more flies with molasses than you can with vinegar."

Masculine Decision

She—We have got the vote at last. You were in favor of it all along, weren't you?

Only a Dream

"I'm going to get a nice little wife. I'll have a cozy little home, well cooked meals, my slippers ready for me when I get home at night, my pipe always handy to me and peace and contentment for the rest of my days."

My—my left eye is made of glass

"Never mind, lovebird," he whispered gently; "so are the diamonds in your engagement ring!"

PRINCESS MARY'S VISIT

WOULD BEAN MUCH (Toronto Telegram)

Princess Mary's proposed visit to Canada next year will give renewed zest to the Girl Guide Movement, say those in whose touch with it. For the visit of the Chief Guide would mean untold help to their campaign for a large increase in membership.

NEW LAKE IN OUR LAND

In a bath in the industrial building at the Toronto exhibition were stumpy blocks of one of the newest wonders in the scientific world. They are four inches deep and a foot square and come from a lake of Epsom Salts at Basque, B. C., a few miles from Ashcroft, on the Thompson river.

The Railway Rates

It may be taken for granted that the decision of the Railway Commission will be based upon the needs of the Canadian Pacific as they appear to the board. The fantastic view put forward some months ago by the Montreal Gazette and other eastern newspapers that railway rates should be raised to a point which would provide enough revenue to wipe out without delay the deficit on the Canadian National railways was not urged at the National railway conference.

Hippo Teeth

The chief ivory market of the world is in Antwerp, where buyers from every continent assemble four times a year to attend an auction of this material. Most of it consists of the tusks of African elephants, but considerable quantities of hippopotamus' teeth also figure in the sales.

Hypnotic Treatment

"There are many hundreds of ex-soldiers suffering today from paralysis and other maladies which are purely mental, and which can be cured by hypnotic treatment."

**EXPECTS ENGLAND TO GO DRY SOON**

(Special to The Montreal Gazette.)  
 New York, Sept. 19.—The people of England are not permitted to know the truth about the effect of prohibition in the United States, said Dr. C. Saleeby, British scientist and eugenicist, in an interview yesterday at the Hotel Commodore.

"Our people are told that prohibition has ruined the hotel business in the United States," said Dr. Saleeby. "They are told that everybody has taken to cocaine, that one result of prohibition has been the rapid spread of the use of drugs by your people. We are told that the Italians and others who do the hard work in your mines and factories are leaving the country in great masses and nobody is left to do the heavy work. The facts seem to be quite contrary."

"Some first class soundrels are breeding bad blood between the two countries and include America prohibition in their attacks. One has seen this campaign grow to full flower since the armistice. Lord Astor told me that the brewers in England were spending \$15,000,000 annually on advertising."

"The truth about prohibition in the United States is not admitted in the press, with some honorable exceptions." Dr. Saleeby, who is here as a delegate to the International Congress against alcohol, which opens in Washington on September 29, predicted the rapid progress of prohibition in England as soon as the truth of its working in the United States reached the British people. In a decade, he said, England would go dry.

But the industrial and economic factor is one that is driving England to prohibition, continued Dr. Saleeby. "The day is coming," he said, "when, as predicted by Sir Henry Crookes, America will cease to export food to England. Great Britain imports five-sixths of her wheat supply."

"On the day that America ceases to export food, England will go dry. On that day the destruction of grain and sugar for liquor will stop."

"You are making a colossal experiment. The issue is one of world importance. Englishmen visiting here carry back stories of the working of prohibition that will have their effect on the people. Lord Leverhulme, shrewd business man, came here a wet and returned a dry."

 Special Prices on Self-Feeders for a Short Time Only.

He said we could pay our debt in five years if we shut off our drink bill. "When I leave here, I am going straight to Scotland, where they will vote on local option for the first time in November. The American verdict will have a great influence. Large areas will go dry, no doubt."

"Prohibition will play into the hands of preventive medicine. It is the greatest health measure in history. Your tuberculosis rate since July 1, 1919, is lower than previously, according to your insurance companies. That confirms the opinion of Sir Arthur Newsholme, who said that abstention from alcohol would have to be enlisted in the fight against tuberculosis. Look at what Georges did in the canal zone in his fight against yellow fever!"

During his visits in the last fortnight to Buffalo, Albany, Syracuse, Rochester and the other cities in this state, Dr. Saleeby said he was much impressed by the absence of mal-nourished or neglected children, judging by European standards. He was more interested in the eugenic side of prohibition than in the police side, and he watched every child he saw from

this angle. The absence of phenomena in child life connected with alcoholism was important to him, he said, and what struck him as most wonderful was the quality of children. No one showed signs of having come from an alcoholic home. He saw no children corresponding to the alcoholic guineapigs of Dr. C. R. Stockland, of Cornell, although in Europe he saw many such children.

Notwithstanding the obvious difficulties, prohibition in the United States has been a success on the whole, in Dr. Saleeby's opinion. He thought it inconceivable that the Lancashire cotton spinners, who drink beer and whiskey, could compete with cotton spinners of the dry southern states, and said that England would lose her trade to the United States if she did not "clean up" her homes and factories and public houses. Great Britain will go dry because of the economic situation, he asserted.

**USE The Want Ad Way**

**MOSQUITO SURVEY BY PLANE.**  
Aviator Investigates Conditions in Canada.

(Louisville Courier-Journal)  
At first glance, one wouldn't say that airplanes have much relation to mosquitoes. But they can be made to and have been made to up in the Fraser Valley of British Columbia, where there are great

areas of low-lying land undeveloped and ill-drained. Mosquitoes have become a great pest in this region, seriously reducing milk production. The Dominion government accordingly stationed an expert entomologist there last spring to make a survey on which effective control measures could be based.

Here was where the airplane entered. Eric Hearle, the government entomologist had spent days in slow compilation of his mosquito map, a device to show the location of breeding places. He had toiled through marches and from mountain tops with glasses, had taken observations.

Aerial observation proved to be the ideal method. "In ten minutes aloft," declared the government entomologist, "I made more progress with my map than I had in weeks on the ground." Mr. Hearle took a big map up with him in the airplane, piloted by Lieutenant Trim a war veteran, and as mosquito breeding places were located, indicated their position on the map.

British Columbia by the way intends to use hydroplanes to perform another important function. Her forests are the most extensive and valuable in Canada and they cover an undeveloped empire of thousands of square miles. It is proposed to use a hydroplane patrol system during the period of fire danger. Hydroplanes are preferred to land machines in order that inland ponds and lakes may be used as landing places.

"Make Spools in Maine."  
Eight hundred million spools with a market value of nearly \$1,000,000, are turned out every year by the spool factories in Maine. White birch is the material used almost exclusively in this industry. The machines for making spools are complicated and require skilled men in their operation. The spools drop from the lathes at the rate of one each second, and must be perfectly uniform and true. The finished spools are marketed largely in New York, Connecticut and Rhode Island.

For Fry Days

**Aladdin makes Dainty Fineries**  
Colorful as the Flowers

Never before has color held such sway; almost every detail of Millady's apparel can now be radiant with glorious tints taken from Nature's Palette. To be "in fashion" one simply must be "in color." Last season's white garments and the pale, tinted lingerie that frequent washing has faded, may be made brilliantly beautiful by Aladdin Dye Soap.

With Aladdin, you just wash the garment in the regular way—and the wonderful color transformation takes place. From sheer silken things to cotton and "mixed" goods—all acquire a rich and lustrous color.

A pleasing feature when using Aladdin, is that it will not stain either the hands or the bowl. Anything that can be washed can be colored—Aladdin successfully colors household articles, such as curtains, drapes and pillow tops.

Those lacy underthings—that adorable camisole, the gossamer blouse—as well as the Children's frocks and summer suits—all may be washed to any color your fancy dictates.

Buy Aladdin at any drug store, grocery shop, or departmental store.

**RELEASED FROM PRISON, FINDS HE IS MILLIONAIRE.**

Discovery of Oil on His Texas Hill-Farm Makes Convict Rich.

"Uncle" Bill Edwards, who was sentenced to the penitentiary from Castland, Tex., about ten years ago for the murder of a neighbor G. A. Rogers, entered upon his 36 years' imprisonment a poor farmer. He was released a few days ago upon pardon of Governor W. P. Hobby, and finds himself a millionaire, due to the discovery of oil upon his 320-acre hill land farm.

On July 19, "Uncle" Bill Edwards was 70 years old. He received a full pardon on that anniversary as a birthday present. He had served a few months short of ten years in prison. It is stated that there were extenuating circumstances connected with his killing of Rogers. At any rate he was offered a pardon by Governor O. B. Colquitt several years ago, and again by Governor James E. Ferguson, upon petition of his relatives. In both these instances, Edwards refused the pardon on the ground that he had not yet suffered enough for the crime he had committed. It was only a few days ago that he arrived at the conclusion that he had stoned for the dead. He wrote to Governor Hobby: "I feel in my mind, conscience and

heart that I have paid the penalty of my crime."

During his time Edwards was in prison, his farm and other business affairs were looked after by relatives. When oil was discovered in the Eastland region, the 320-acre tract of land was leased for a big price. Then oil wells were brought in, and the fortune of the aged man began piling up at an enormous rate. It was all held for him, pending his release from prison.—Kansas City Star.

**PAYING FOR PROPAGANDA.**  
(Ottawa Citizen.)

The Farmers' Sun objects, very properly, to the use of public funds for government propaganda. The use of the department of labor for propaganda purposes may possibly become the precedent for an educational campaign, similarly at the state's expense, when the tables are turned politically in Canada. In the present instance, Mr. Arthur Meighen is using the brief authority he has assumed to employ the minister of labor, Senator Gideon Robertson, the acting deputy minister and other salaried members of the departmental staff, also the government printing bureau, the post office and the consolidated revenue fund to campaign against political parties, including the Socialist Party of Canada, the ex-Soldiers' and Sailors' Labor Party, and political opponents who have succeeded

In turning votes against Unionist candidates in the by-elections.

The government's scheme of propaganda is to build up an imaginary Bolshevik menace in Canada, for the purpose of scaring the people into voting Conservative. By this misuse of public funds, it is evidently hoped that the present dictatorship of the caucus may be returned to office for another five years to draw ministerial salaries of \$14,000 and extras per year. The political pamphlet issued by the department of labor, crudely compiled by an anonymous author called "the writer"—who would have some difficulty in earning a living by such writing outside of government patronage—is intended to prepare ground for Mr. Meighen's election campaign. It is an alarmist pamphlet. The people of Canada, and the rest of the world—including prospective settlers and investors—are warned of the "gravity" of the situation: "the socialist revolutionary movement in this country" is officially heralded abroad by this pamphlet. When it gets mixed in with immigration literature, and the glowing pamphlets on the Golden West and the Land of Promise, it is calculated to turn the thoughts of the timid to more peaceful lands like Argentina and Australia, or to stay at home in the United Kingdom, away from the scenes of Red conspiracies as they exist in the minds of cabinet ministers in Canada.

**PLANS FOR FORMATION OF JEWISH SALVATION ARMY.**

New York, Sept. 20.—Plans for the formation of a Jewish Salvation Army, patterned after the Christian Salvation

Army, are announced by the American Jewish Society Elders. The view expressed was that many disturbing irreligious agencies are making atheists of the rising Jewish generation.

**FORMATION OF IMPERIAL  
CABINET IS FORECASTED**

(Canadian Press Despatch.)  
Toronto, Sept. 19.—The formation of an imperial cabinet was forecasted in the address of the Right Honourable Lord Desborough, K.C.V.O., president of the chamber of commerce of the British empire, at the ninth congress of that body which opened in Convocation Hall Saturday. Lord Desborough said that the information had now been received that out of the "war cabinet an imperial cabinet is to be formed, and Mr. Lloyd George has stated that a conference will shortly be held to decide more precisely what form this cabinet shall take."

**DRY CHIEF IN NEW  
YORK IS REMOVED**

New York, Sept. 20.—James Shevlin was supplanted this week as supervising prohibition enforcement agent for this district by Frank L. Boyd, of Washington, who has been chief of the Internal Revenue Department agents since April 1. Shortly after Mr. Shevlin announced he had been transferred to the head of the south-western department, with headquarters in El Paso, Texas, his successor arrived to take over command of the most important district from a prohibition enforcement standpoint. Shevlin leaves for Washington tonight.

Mr. Boyd, who has been in the internal revenue service for twenty-five years, first learned of his appointment to New York last Friday. He arrived here today. He said he had made no plans yet.

"Do you bring instructions to clean up New York and make it bone dry?" he was asked.

"I cannot announce anything about my plans at present," replied Mr. Boyd. "Until I have had time to look the situation over it is not fair to ask me."

No official reason for the transfer was announced today, nor had his successor been named when Mr. Shevlin made his statement. The transfer came unexpectedly and threw the prohibition enforcement unit into a state of excitement and speculation as to the sequel.

"Does this mean a shake-up in the city?" Mr. Shevlin was asked.

"That is up to my successor," he replied.

**PLAYGROUNDS AS LIFE SAVERS**

(New York Times.)  
Expressing the opinion that one way to reduce the unusually large number of deaths among children playing in the streets was in the provision of more and safer playgrounds, George Gorjon Battle, yesterday issued a statement telling of the Summer work of the Parks and Playgrounds Association. Mr. Battle pointed out that because of the lack of support the organization was forced to cut its Summer schedule two weeks.

Pointing out that thirty-nine children under 13 years old were killed in the streets here in July and 186 since Jan. 1, Mr. Battle says that a city which permits such an appalling condition to exist and go unremedied is negligent in its primary duty. Some one has been responsible for this aggravated number of child fatalities; conditions responsible for the sapping of child vitality in the city have been permitted to go on undisturbed.

"This startling number of child fatalities is caused by the inadequate number of playgrounds and a denial of the right to play. Consequently the large majority of the child population is compelled to brave the dangers of the street in their desire to play. In the face of this fearful condition the only organization solely devoted to the interests of the children of this city was compelled to close its active season two weeks ahead of its scheduled time, after affording the advantages of organized free play to more than 5,000 children.

"The active out-of-town season of the association opened on July 6, and was scheduled to close when the public schools opened on Sept. 13. Operating more than twenty-three playgrounds, backyards, street centres and roofs, conducting a summer basketball league to which more than 3,000 boys in the city were enrolled, and affording weekly free excursions to the nearby parks on the meagre budget of \$10,000, the association struggled through a most trying season and finally closed two weeks ahead of time with a deficit of \$5,000.

"For the first time in the history of the association such a great undertaking was planned on such a small budget; for the first time in its history the association was compelled to close ahead of time because of lack of funds. Last year, during the months of July and August more than \$8,000 was collected by the association; this year during the same months only \$3,000 has been thus far collected. At the beginning of the season the association contemplated the opening of at least fifteen new play centres. But because of the belated response to appeals for support only six new play centres were opened this year."

**"CLEMENCEAU" HAT  
CORRECT THING.**

Paris, Sept. 20.—The "Clemenceau hat," destined to replace the silk and opera hats for evening wear by men, is the latest rage of Paris. The hat, which is modeled after that regularly worn by the "Tiger," is a large black felt creation with narrow brim and a triangular curve. It can be crushed into the pocket of an overcoat. Since the war, silk hats have been less and less in evidence in Paris, many well-known men preferring the derby or a simple "straw."

**METAL WORKERS  
AND EMPLOYERS  
NEAR AGREEMENT**

(Associated Press Despatch.)  
London, Sept. 19.—A despatch to the Exchange Telegraph from Rome says the negotiations between the employers and the metal workers in Milan concluded Sunday evening and that an agreement was reached on every point except concerning the question of the dismissal of workmen who have been guilty of crimes inside the factories during the time the workmen have occupied them.

The workers, according to the despatch, will evacuate the factories. The metal workers have accepted a wage advance of four lire daily, this amount to be reduced by 20 per cent in the cases of workmen from eighteen to twenty years of age and by 40 per cent in the cases of women and children. The employers have also agreed to grant a week's vacation annually to workmen. The men ask that this advance date from July 1, and that they be paid arrears since that time, but the employers hold the increase should be effective from resumption of work.

**Clever With a Knife.**

Gustave Jensen, mechanical instructor at the Massachusetts Reformatory, Concord Junction, is the champion jackknife wielder in this section, as his unusually skillful work at wood carving shows. His most recent and probably most difficult accomplishment in this line was the carving from a solid block of wood of a set of four pairs of pliers linked together with wooden links. All the work was done with an ordinary jack-knife.

Mr. Jensen recently finished a violin of a very beautiful design inlaid with pearls. He is a native of Norway, and came to Concord when a young man. After finishing his studies in a Boston mechanical school he accepted his present position as instructor at the reformatory.

**A Conspiracy;  
and—  
A Confession**

When a tax was promulgated on the better quality of clothes worn by Men of Thrift, the free-from-tax line was placed at \$45.00.

Merchant tailors went to Ottawa and wirepulled an advantage to \$60; they had the Finance Minister persuaded to exclude Semi-ready Tailored Clothes from that new mark. Wirepulling is conspiring to secure something. This conspiracy was successful—"Semi-ready" was specifically mentioned as being excluded.

But it is a confession that \$45 Semi-ready suits are equal in value to \$60 retail tailor suits; otherwise, how could the Government be persuaded? They would not consent to an unjust line of demarcation—sure not!

There are two ways of buying Semi-ready Clothes:

**Ready to try-on Custom-made to and finish to fit Special Order**

Semi-ready clothes are made to our special order on various physique type patterns; so that any figure can be correctly fitted.

A large range of pattern cloths are imported and tailored to our selection of size, style and physique.

These suits can be fitted and furnished in an hour.

The price label is in the pocket of each garment: \$35 to \$75.

**BANDIT KILLED  
FURRIER WHILE  
CROWD WATCHED**

One Man Rushed to Aid of Dying Dealer and Wife—Robbery Prevented.

New York, Sept. 20.—Harry van Reed, 86 years old, a corporal in the United States army on Wednesday turned hold-up man and in an attempt to obtain \$3,000 in money and \$27,000 worth of Liberty Bonds, shot and killed Max Rabinowitz, 60 years old, furrier and bond dealer, in his office at 238 West Thirty-fourth street, opposite the entrance to the Pennsylvania terminal, and sent three bullets into the body of Mrs. Anna Rabinowitz 53 years old, wife of the furrier, which, it is believed will prove fatal.

Van Reed, who was attached to the army recruiting headquarters in the Printing Crafts Building, at the south-west corner of Thirty-fourth street and Eighth avenue, less than two hundred feet of the scene of the hold-up, was captured in the furrier's little establishment by Patrick J. Moomy, after Rabinowitz had struggled with him despite the fact that the bandit had sent three bullets into his body, which caused his death in the New York Hospital less than thirty minutes later.

After Detective Sergeants Hyams, McAuliffe and Morison questioned the soldier, who was in civilian clothes, at the West Thirty-seventh street station, he voluntarily signed a confession, in which he admitted the shooting and attempted hold-up and declared that it was inspired by a desire to obtain \$500 with which to pay debts which were "worrying him."

He said he entered the army in 1907, served in the world war as a mechanic in the 319th aero service squadron in France, and after being honorably discharged in December 1918, re-enlisted last June. He also declared that the idea of holding up Rabinowitz did not occur to him until he was passing the furrier's shop on his way to the recruiting headquarters from his home at 52 St. Nicholas avenue, but that the detective declared the investigation led them to the belief that the soldier planned the robbery several days ago, after he learned that Mrs. Rabinowitz was in the habit of carrying large sums of money, and that her husband kept upward of \$35,000 worth of Liberty Bonds in the little safe in his office.

**ELECTRIFIED CABLE  
TO GUIDE SHIPS**

Frenchman's Invention Is Looked Upon as Feasible.

Paris, Sept. 20.—A new method for guiding ships of any tonnage across the Atlantic and thereby reducing the possibility of losses in storms has been investigated by French scientists and found practicable. In fact, the French Minister of Marine, after watching experiments conducted in the harbor at Brest last week, declared that it would be only a few years before the plan would be adopted for all the great commercial routes. He praised M. W. A. Loth, a "pensionnaire" of the Thiers Foundation for Scientists, for this latest discovery for the security of ocean travel.

Mr. Loth's plan necessitates the laying of a strongly electrified cable along the ocean bed, the position to be charted and known to the master of every vessel crossing the Atlantic. A finely adjusted instrument, to be located in the hold of the ship, picks up the vibrations emanating from this cable, even should the vessel go several miles out of its course in stormy weather, and by rapidly consulting his chart, the navigator will be able to find himself in a few hours directly above the guiding cable.

The inventor evolved the idea in his private laboratory several years ago, but it was until the war ended that experiments could be conducted in Brest harbor on a large scale, the French Government placing two frigates at the disposal of the inventor.

**FRUIT AND FLOWERS BY AIR.**

Twice a week an airplane leaves Nice, France, with more than 100 baskets of roses, carnations and other flowers for Copenhagen. Although the journey is lengthened by a detour to the west to avoid high hills, in 10 hours the plane has crossed France, Belgium, Holland and Germany to the capital of Denmark. When spring has come in Riviera, the snow still lies in the streets of Copenhagen and the florists find ready markets for their French blossoms.

The success of this venture suggests many others which promise profit for the promoter and pleasure for the public. Not only might the early fruits of the world be transported to Scandinavia, but something of the kind might be tried in the United States. The Florida fruits would find a market in New York, eager to get them on the day after they were picked. Then, too, in the late summer

### LOCAL NEWS

#### NOT THIS MAN

The Times is asked to state that John McCormick, mentioned in police court circles, is not John B. McCormick of 9 Douglas street, who was formerly employed in the Park Hotel.

#### THE AMBULANCE

The military type ambulance which the commissioner of public safety was authorized to purchase from the St. John County Hospital is now in commission in the city, while the regular vehicle is in the repair shop being overhauled and painted.

#### NO MEETING TOMORROW

On account of the visit of the C. N. R. officials to the city tomorrow, the regular meeting of the common council has been postponed until Wednesday afternoon at 8 o'clock.

#### NOVELTY SHOWER

Miss Louise Ingersoll was the guest of some of her girl friends on Friday evening at the home of Miss Nellie Cox, 55 Brim street, when a novelty shower was given. Many beautiful presents were received and an enjoyable evening was spent.

#### BURIED TODAY

The funeral of Daniel C. Wetmore of South Bay, was held this afternoon from the undertaking parlors of W. E. Brennan, Prince street, West End. Services were conducted by Rev. W. R. Robinson, and interment was in Cedar Hill.

#### DUFFLEY-QUINN

At St. Patrick's church, Rollingdam, Charlotte county on Wednesday, September 15, Rev. D. S. O'Keefe united in marriage George Louis Duffley, of Golden Grove, St. John county, to Miss Ella Cecilia Quinn of Rollingdam. The bride was assisted by Miss Katherine Duffley and Bert Quinn, brother of the bride, attended the groom.

#### PRESENTATION

Frank Walsh of 14 High street observed his 65th birthday on Saturday and it was not permitted to pass without due recognition. At a very happy family gathering in the evening Mr. Walsh was the pleasant and surprised recipient of a purse of gold.

#### RACES TODAY

The Maritime rowing championship events are being held this afternoon on Courtenay Bay. Chief interest is being centered in the single scull race between Hilton Belyea of West St. John and Jerry Shea, of Cambridge, Mass. Despite a strong wind the water was said to be quite smooth and some good racing was anticipated.

#### MISSION CLOSED

The men's mission in Holy Trinity church was brought to a close last evening. The church was crowded to capacity and marked interest was manifested in an eloquent sermon preached by Rev. Father Eckert. Benediction of the Most Blessed Sacrament was given by the pastor, Right Rev. J. J. Walsh, V. G. D. P.

#### ROTARY CLUB

The Rotary Club held a luncheon at noon today in Bond's restaurant and a representative number of members attended to hear an address given by Professor Fletcher Peacock, director of technical education in New Brunswick. The speaker dealt with the subject of technical education in an efficient manner and dwelt with many important phases of the work, explaining the need of this branch of education in the province. A vote of thanks was extended by Mr. Peacock to his instructive lecture. Alexander Wilson presided at the luncheon.

#### HOME FROM EAST

Miss Elizabeth McIntosh of Kingsclear has returned from her field of labors in the East and is at present on furlough. For the last five years she has been a missionary and educational secretary at Honan China, being one of the missionaries supported by the Women's Auxiliary of the Anglican church. After resting for some time she will do deputation work for the Women's Auxiliaries among the different branches. She is expected to visit the city some time this week.

#### SURPRISE PARTY

A very enjoyable surprise party was held at the home of Mrs. C. A. Stewart, Manawagonish Road, on last Friday evening when officers and members of Dominion Lodge No. 18, L. O. B. A. gathered for a social evening in honor of her birthday and to say farewell to Mrs. Sweet, a charter member of the lodge, who is to leave the city soon. On behalf of the assembly, Mrs. E. H. Stacey presented to Mrs. Sweet a handsomely bound leather pocket book suitably engraved. Mrs. Sweet, though taken by surprise, replied in a few well chosen remarks. The evening was spent in games, and music on banjo and mandolin was furnished by Clarence Cain. After dainty refreshments were served, the gathering dispersed, all singing God Save the King and "Go be With You Till we Meet Again."

#### A SMALL VOTE

Indications This Morning Showed Little Interest Being Taken in By-Election.

Weather conditions were ideal for a big poll in the by-election contest this morning, but during the morning the vote polled was very small in most of the booths. In some of the wards there appeared to be more women in evidence than men.

Voting throughout the north end was very light this morning. Up to 12 o'clock noon only fifteen votes were cast in some of the booths, while others averaged from twenty to thirty. It was very quiet and the only indication that an election was on was evident from signs about the booths and a few men standing around with voting lists in their hands.

In Prince and Queens wards up until noon very few persons had exercised their right of franchise, the morning voting was mostly by men. The women's vote is looked for in the afternoon. In Queens ward the ladies provided sandwiches and coffee for the returning officers and clerks at noon.

In Wellington, Prince and Kings ward voting was slow up to noon and there seemed to be more interest taken by women voters than by men.

The interest in Lunenburg seemed to be more keen than in the city.

### C. N. DIRECTORS IN CITY TODAY

Due This Afternoon on Inspection—Matter of Terminals and Yard Room.

Mayor Schofield received a telegram from Dr. A. P. Barnhill this morning advising him that D. B. Hanna, president of the C. N. R., accompanied by the board of directors, was on the way to St. John and were due to arrive in the city this afternoon. The party, which numbers ten men, will be entertained by Mayor Schofield and the city commissioners at luncheon in the Union Club tomorrow at noon and in the afternoon will be taken for a tour of the harbor in a tug. The matter of terminals and yard room will be taken up.

The visitors are coming via McGovney Junction and the Valley railway. The train is due at 8:05 p. m.

Fredericton Visit.

Fredericton, N. B., Sept. 20—An official C. N. R. train bearing President D. B. Hanna and five other directors and several officials arrived here this morning from Quebec via McGovney. While here they conferred with representatives of the city council upon matters relating to the construction of the new bridge across the St. John river here and the siting of the streets which will be made necessary by the construction. Opinion of the railway and the city representatives differed on several points, but President Hanna said that the matter would be taken into consideration and he anticipated no difficulty in reaching an agreement.

After the conference the visitors drove about the city for a time. In the party were D. B. Hanna, president; S. J. Humberford, vice-president; Robert Thompson, A. P. Barnhill, Colonel Cantley, R. T. Heilly and G. A. Dell, directors; F. P. Steady, general manager of C. N. R. eastern lines; C. B. Brown, chief engineer C. N. R. eastern lines. Here the C. N. R. representatives conferred with Mayor Schofield, Ald. S. C. Camp, F. S. Wilkinson, City Engineer McDowell, J. S. Neill and C. F. Chestnut.

#### THEFT OF CLOTH IN KING STREET

Goods Valued at About \$500 Taken from Gilmour's—One Arrest Is Made.

Ten arrests composed the week-end harvest on charges of imbibing too freely of the forbidden "spirits." Steve Prekovich was suspected of acting with an unknown person or persons in breaking and entering A. Gilmour's store, 68 King street, and stealing cloth valued at about \$500. No evidence was taken and the accused was remanded until witnesses can be summoned. Credit is given Policeman Howard for the manner in which he apprehended the accused, and succeeded in recovering the goods. While on his beat in the vicinity of Pond street the policeman heard talking and on investigation saw two men going in the direction of a Chapel street. He took a short cut and headed them off, hiding until they came in view and as they were about to go through a fence he caught Prekovich. It is said he had goods in his possession. The break is alleged to have been committed about last night, the accused getting in through a back way, it is alleged. The identity of the other party is unknown, but the police are working on the case.

Nine men charged with drunkenness were fined \$8 each or two months in jail. One of the number pleaded not guilty, but Detective Saunders in his evidence told of the condition of the man and a fine in this case was also imposed.

#### St. John Interest in Moncton Wedding

(Special to The Times)

Moncton, N. B., Sept. 20—St. Bernard's church was the scene of a pretty wedding this morning when Rev. E. Savage, rector, united in matrimony with nuptial mass, Miss Katherine Agnes Delany of this city, daughter of Mr. and Mrs. John Delany of 32 Waterloo street, and John Alfred Ryan of Lewisville. As the bride entered the church, the wedding march from Lohengrin was played. She was given in marriage by her father. The bridesmaid was Miss Maude Delany, sister of the bride, while the groom was supported by his brother, Fred. Gifts consisted of gold, silver, cut glass. Following a wedding breakfast Mr. and Mrs. Ryan left on the morning train for P. E. I. Returning in a few days they will visit Quebec and Montreal and then will take up their residence in this city. The bride who was a valued member of the Transcript staff, was recently remembered by her co-workers when she was the recipient of a chest of silver. The groom is deservedly popular, and was recently remembered by friends. Among the out of town guests were Mrs. Q. M. daughter, Miss Maymie of St. John, John Delany, brother of the bride, St. John, Miss Anna Ryan of River Glade, Miss Connors of P. E. I., and Charles Giles of St. John.

#### THE N. S. TRAGEDY

New Germany, N. S., Sept. 20—Mrs. William Veniot, mother of Havelock Veniot who ran amuck at Simpson's Corner, near here, yesterday following a dispute over a mill dam, and killed his father, three neighbors, fed the pigs, pastured the cows, and then killed himself is reported by Dr. Cole, coroner, to have been insane. The last words of the murderer previous to doing away with himself were addressed to his mother. They were: "Now you may live in peace."

The body of the younger Veniot is being buried today, on the hill top back of the house from which he set out on his cry of death and overlooking the West River over the damming of which the feud arose.

The funeral of his victims, Wm. Veniot, Albert Riteev, his wife Adella Riteev and Archibald Snyder will be held tomorrow.

Shirley Up Water Again.

Sault Ste. Marie, Ont., Sept. 20—As a result of the acceptance of a \$10 monthly increase offered seamen, the boats which have been tied up at the Sault for the past few days were all moving again today.

GRATUITY IS ONE DEMAND

Plank of Political Policy of Grand Army of United Veterans is Announced.

Toronto, Sept. 20.—The official plank in the political platform of the Grand Army of United Veterans, as decided on at the convention here last week has just been made public. Demands are made for gratuities ranging from \$1,000 to \$2,000 according to place of service; disability pensions at the rate of \$1 a month for each per cent of disability and the payment of pensions to dependents to be upon a similar basis; the graduation of pensions without reference to the military rank of the pensioner; the continued payment of pensions for varying periods after the pensioner's death.

DEMAND REMOVAL ON IRISH ISSUE

Boston Central Labor Union Dissatisfied With District Attorney Backus.

Boston, Sept. 20.—A resolution denouncing the removal of Assistant United States District Attorney John H. Backus, this city, from office because of alleged statements on the Irish situation made by him at a Democratic convention in Springfield yesterday, was unanimously adopted by the Boston Central Labor Union yesterday.

MONTREAL HAS TWO SUICIDES

Young Mother First Sends Child Out to Play, Then Cuts Throat with Bread Knife.

Montreal, Sept. 20.—Mrs. Thomas Rankin, thirty-two, of 230 Villeneuve street, Maisonnette, committed suicide on Saturday by cutting her throat with a bread knife. She first sent her three-year-old daughter out to play. Her husband said she had attempted suicide a year ago.

At the new store, 120 Charlotte street, is a fine selection of hand-made dress, semi-dress, and fashionably tailored hats. A very wide variety of shapes and styles and the finest of materials at prices that are not equalled elsewhere.

DOMINION COAL CLERKS AFTER HIGHER PAY

Sydney, N. S., Sept. 20.—It is reported that the Dominion Coal Company clerks are to a certain extent dissatisfied with their treatment by the Royal Commission on the grounds that the report of the commission made mention of the increase the clerks should get. They have formed a committee to open negotiations with the company for an increase in the near future.

GETTING READY FOR TRANS-CANADA FLIGHT

Montreal, Sept. 20.—Preparations are being made at Dorval, near here, for the cross-Canada flight which is being planned under the Canadian Air Board.

KILLS HUSBAND AND SELF

Dronfield, Eng., Sept. 20.—He tried to kill me at eleven a.m., so I killed him at twelve tonight. I have been my own detective. It is not in me saying anything. People would not believe me. So ran a letter left by Mrs. James Pendleton after she had killed her husband by cutting his throat with a razor. She then killed herself with the same weapon.

NEW TERROR FOR WOMEN

London, Sept. 20.—A new terror to women has arisen in the West End. He is the skirt slasher. One woman wearing an expensive gown had her skirt slashed in three places. Other women reported similar occurrences.

CHURCH REUNION PROBLEM

London, Eng., Sept. 20.—The question of church reunion, advocated by the 292 bishops, will be taken up by the Church Congress at Southend, October 19 to 22.

HERRING SEASON POOR

Edinburgh, Scotland, Sept. 20.—The Scottish herring fishing season has been the worst for thirty-five years. The catch this year is only a little more than half of last year.

DAUGHTER VERY ILL

D. H. Ryan, assistant superintendent of the C. P. R. New Brunswick district, arrived in the city today from Schreiber, Ontario, where he was supplying as a superintendent in this district. He was called home owing to the serious illness of his daughter.

GOING TO SPAIN

Hon. P. E. Blondin, postmaster-general of Canada, who will be the Canadian delegate at the International Postal Convention in Madrid.

VICTORY OVER TURKS

Greek and British Troops Capture Ada-Bazar—Reported Changes in Command.

Constantinople, Sept. 20.—Ada-Bazar, twenty three miles from Ismid, has been captured by Greco-British troops after sharp skirmishes.

PERSONALS

Mrs. Thomas Guy will be at home on Wednesday and Thursday afternoon of this week at her residence, 24 Pitt street.

Miss Ethel M. Henna, who has been spending her vacation in St. John with her mother at 16 Elliott row, returned to Boston on Saturday night's train.

Mrs. G. A. Kuhring will leave Wednesday for Winnipeg where she will attend the annual meeting of the Women's Auxiliary of the Church of England.

Mr. and Mrs. John K. Driscoll of Montreal from Montreal where he accompanied his daughter, Catherine, to Vill Marie.

Mr. Gordon Foster, son of Mrs. M. G. Foster, left on Saturday evening for Sackville to resume his studies at Mount Allison University.

Mrs. Margaret A. Carney and daughter, Alice, left on Saturday evening for St. John's, N. B., where Mrs. J. Arthur Dussault, Montreal.

ECREMENT CLEAR IN CONNOLLY CASE

Acquitted of Attempt to Defraud Contractor by Fake Betting Scheme.

Montreal, Sept. 20.—Arthur Ecrement, ex-member of the Canadian House of Commons, was acquitted this morning of a charge of attempting to defraud Michael Connolly, a contractor, out of \$25,000 by a fake betting scheme operated in Buffalo.

STUDENTS AT U. N. B. IN TOTAL OF 150

Fredrickton, N. B., Sept. 20.—Lectures were resumed at the University of New Brunswick at the beginning of the academic year this morning. Dr. C. Commons, chancellor, reports a total registration of 150 students, of whom forty-five are new students.

The Provincial University begins the year with the unusual occurrence of a vacancy in the faculty. Professor J. A. Spaulding resigned from the chair of French and German in the spring. Recently P. Colombo of Paris was appointed in his place. Dr. James, however, received word from him to the effect that he was ill and could not come.

A. C. McCulloch has resigned as poultry superintendent for New Brunswick, his resignation to go into effect once. He has accepted an appointment as district poultry promoter for Manitoba.

MONTREAL STOCK MARKET

Montreal, Sept. 20.—The local stock exchange was very active during the first hour this morning and many week-end gains were registered.

Sugar also made a sensational gain, opening this morning at 12 1/2, closing at 14 7/8. Brazilian and Laurentide both made half point gains to 39 and 115 respectively, while Albiti remained unchanged at 85 1/2. Other issues were quiet.

EX-KAISER'S NEW WILL

London, Sept. 20.—William of Hohenzollern, former German Emperor, has written a new will, which is declared to be the last testament, says a Doorn despatch to the Daily Mail.

Montreal Game. Montreal, Sept. 20.—Saturday's local baseball results.—St. Arsen 2, Metro-pole 1.

Mrs. Ayres—Since we must economize, I suppose the first thing to give up is our car.

CANADA'S CRACK SHOT

The schooner J. K. Mitchell, Captain Roberts, arrived in port this morning from Perth Amboy, N. J., with 600 tons of anthracite coal for R. P. & W. F. Starr, Nagle & Wigmore are the local agents.

FAREWELL TO THE COBB.

(Boston Globe, Saturday). The steamer Governor Cobb, recently sold by the Eastern Steamship Line, Inc. to the Peninsular & Oriental Line of New York, for its service between Florida and Cuba, will sail late today for Key West, for delivery to her new owners. The steamer took on fuel oil and provisions this morning, and a crew was signed for the run south. Capt. A. W. Call is in command of the steamer.

WOMAN'S FATAL CIGARETTE

London, Eng., Sept. 20.—While lying on a couch smoking a medicated cigarette to relieve her asthma Susannah Binzham, fifty-two, fell asleep. Her cigarette dropped on to her dress, set her clothing afire and she died of her burns.

FRENCH PRESIDENT WHO HAS RESIGNED

The resignation of Paul Deschanel as president of France was announced the other day.

DON'T LIKE THE VACCINATION REGULATION

Steamship Companies See Canadian Ocean Business Adversely Affected.

Montreal, Sept. 20.—There is considerable speculation among officials of the big steamship companies as to how saloon and cabin passenger traffic will be affected by an amendment to the Canadian immigration act to go into effect on the first of next month, making compulsory the vaccination of all first and second class passengers entering this country.

The new regulation is expected to be anything but popular among travelers, and may therefore result in considerable harm to Canadian Atlantic traffic especially in view of the strong competition with New York and Boston. It is anticipated that shipping interests will unite in an effort to have the amendment killed, or at any rate postponed.

IN WALL STREET

New York, Sept. 20.—(10.30 a. m.)—Stocks were irregular but mainly higher at the beginning of today's trading, coal issues again assuming leadership with equipment and oils. Delaware and Hudson rose 1-2, Chesapeake and Ohio 1-4, St. Paul preferred 1 and Reading Canadian Pacific, Northern Pacific, Chicago and Great Western and New Haven 1-2 to 3-4. American Locomotive and Baldwin Locomotive strengthened with Mexican Petroleum and Middle States Oil. Industrial Alcohol was prominent among the specialists at an advance of 2 points, but steels, copiers and leathers were moderately reactionary.

NOON REPORT

Rails and oils governed the active trading of the morning, steels, equipments and shippings showing comparative neglect. Rock Island, Missouri Pacific, Texas and Pacific, Pittsburg and Western, Pittsburg, Coal, Lake Erie and Western Preferred, Washab preferred, Kansas City Southern, Per. Marquette Petroleum. The stronger specialties included the prominent minor transportation at gains of 1 to 1 1/2 points. Norfolk and Western rose 3 points and Reading with common issue. Extensions to early gains were registered by Mexican and Pan American Petroleum. The stronger specialties included American Writing Paper preferred, American Can, American Woolen and United Retail Stores. Exchange of London rose 1/2 point and call money continued at 7 per cent.

Price movements became more uneven at midday, when steels and leathers were under increased pressure. Oil, rail shippings and sugars continued strong, however, with Mexican Petroleum, Houston Oil, Union Pacific, Southern Pacific, Atlantic Gulf and West Sugar, the outstanding features.

NOMINATED FOR HON. MR. ROWELL'S CONSTITUENCY

W. T. R. Preston, who has been chosen by a Liberal convention to contest Dorchester in the next federal election, Mr. Preston was the author of a very much discussed "Life of Lord Strathcona" some years ago.

ANOTHER FIRE IN THE WHITE SOX BLEACHERS

Chicago, Sept. 20.—A third fire in two days at the Chicago White Sox baseball park last night did damage estimated at \$1,000 to the left field bleachers. A fire of a plot was scooped at by club officials and firemen. Both the other fires were small and quickly extinguished.

OFFICIAL ARMY OF CATS

London, Eng., Sept. 20.—The Port of London Authority is now spending more than \$2,250 a year on cat meat to keep together the large army of felines now required to deal with the even greater army of rats and mice. The Authority now has the largest cat-owning body in London.

HOUSE BUILT IN SEVEN DAYS

Nottingham, Eng., Sept. 20.—A concrete house was built here in a week at a cost of \$2,250. Other cities are negotiating with the patentees with a view of adopting the scheme as a means of rapid building. No skilled labor is required in the erection of the houses.

KILLED BY BOWL OF TEA

London, Eng., Sept. 20.—George Carr, one year old, died from the effects of a scalding he received when he upset a bowl of tea and was burned about the face, neck and chest.

SOCIETY MAKING OWN GOWNS

London, Eng., Sept. 20.—Women of the upper classes are learning to make their own clothes. Some of them have never handled a needle before. Schools are being established where the elite may learn to make elaborate creations.

MILK CHEAP, GOES TO HOGS

Moorestown, N. J., Sept. 20.—Dairymen of this section are selling large quantities of milk to stock raisers who are feeding it to the hogs. The best grade of milk is bringing four and a half cents a quart and the skim milk is selling for two cents. The falling off of the demand for milk in the city is the reason assigned for this surplus.

VERDUN HERO HAS LIFE LONG DREAM FULFILLED

Marshal Henri P. Petain has just married Madame Hardon in Paris, realizing a dream of long years. He knew the bride when she was a young girl, long before her first marriage, and in later years he cherished a tender memory of her, hoping some day to make her his bride.

CONSTANCE LEAVES

Even some of the old salt-encrusted mariners sat up and scratched their grizzled locks this morning when H. M. S. Constance cast off from the Custom House wharf to make her way to Halifax. For instead of manoeuvring about in the stream to turn her bow towards the ocean, the fleet little member of the mosquito fleet of the North Atlantic simply put full steam astern and, gracefully as she had entered the harbor, went stern first as far as Partridge Island. There she swung about in the wide channel and in a few minutes a small grey speck and a dingy sneer on the horizon were all that was left of the visitor.

The Constance will proceed to Halifax where she will pick up a new crew and return to her home waters. The new company is now on the way to Quebec in the steamer Melita. Mrs. Dubeau, president of the Crescent Lake Fishing Club, J. L. McAvity and Alexander McMillan were the guests of the officers on board the ship.

Cap'n Kennedy expressed the appreciation of the crew for the excellent entertainment given them while in port.

EIGHT THOUSAND AT COTE DES NEIGES

Annual Ceremony of Commemoration of the Dead on Sunday.

Montreal, Sept. 20.—Eight thousand pilgrims visited the Cote des Neiges cemetery yesterday afternoon for the annual commemoration of the dead.

Bishop Gauthier and Mrs. Dubeau officiated. Two sermons were preached on the Catholic doctrine of immortality, and the departed could be released from their purgatorial pains by the suffrages of the living.

Coming from all points in Montreal, the huge gathering of pilgrims made an impressive sight, standing under the shade of the cemetery Calvary, and grouped in an immense semi-circle that widened beyond the roadway up under the large trees. After an appeal to heaven that the souls of the departed ones be received by the holy angels and taken into paradise, His Lordship blessed all the graves in the cemetery after which the choir intoned the Libera.

FOUR RINGERS IN A GAME OF QUOITS

Halifax, N. S., Sept. 20.—A remarkable quots record was made at the Studley Club on Saturday when four ringers were made in one game of twenty-one points, four men on a side. The best previous record made in the sixty-two years existence of the club was three ringers in one day.

GIVES LIFE FOR MOTHER

London, Eng., Sept. 20.—Ellis Snow, sixteen, gave up his life to save his mother. His mother fell into the water and the boy supported her until aid came. The boy started to swim to the bank after his mother was rescued, but was overcome in midstream and drowned.

GOES MAD AT WIFE'S ARREST

London, Eng., Sept. 20.—Mrs. Katherine Meale was sentenced to three months imprisonment for stealing a wallet containing \$40 from a man at a tube station. Her husband, an ex-officer of the army, lost his reason when he heard of his wife's arrest.

VETERAN HEAD OF ONTARIO HYDRO-ELECTRIC RAILWAY ASSOCIATION RESIGNS

London, Sept. 20.—The resignation of Lord Murray of Elibank as head of the Ontario Hydro-Electric Railway Association was announced today. The resignation was accepted by the association. Lord Murray had been in the post since 1912. He was a member of the board of directors of the association and had been in the post since 1912. He was a member of the board of directors of the association and had been in the post since 1912.

LOCH LOMOND LUMBER MATTER BEFORE COUNCIL

(Continued from page 1.)

the balance of the year as suggested. Dr. Frink expressed the opinion that the commissioner of public safety should be a member of the board of health and suggested legislation to that end. He said that not only in this matter but also in that of pure food it was advisable in his opinion that he should be on the board.

Regarding the incinerator the mayor said he was working on the matter and here was \$500 which might be applied to the incinerator project.

Com. Frink said the incinerator was a necessity. In the case of the City of Westmount enough power was derived from the incinerator practically to light the city. The mayor said he would bring in a report later.

SCHOOL MATTERS

Commissioner Bullock said that he understood that the school board was negotiating for the purchase of a school site in Carleton and he had recently heard that there was a difference of opinion on the matter and that public opinion was that the city council should take a hand in the matter.

Mr. Thornton said that in conversation with a member of the school board he had been assured that no action would be taken until the matter was referred to the council and the commissioner had an opportunity of visiting the proposed site.

Commissioner Frink moved that a communication be sent to the board of school trustees asking that the matter of purchase of school sites be referred to the council before the purchase is made.

The mayor reported that he had taken up with the N. B. Power Company the matter referred to him in which the members of the International Brotherhood of Teamsters, Chauffeurs and Stablemen complained of the street car service in the city. He read a letter from L. R. Ross, the president, who stated that the present rates must remain in effect until Jan. 1, 1921. Additional pay and increased taxes had made necessary either an increase in rates or a curtailment of the service, and the latter had been done. He said that the cost of paving would also take up a great deal of the company's earnings and he did not expect that the August revenue would more than meet expenses.

No action was taken. An application from Gandy & Allison to install a gasoline tank in their warehouse, Britain and St. James streets, was referred to the commissioner of public safety for report.

BANK CASE IN NORTH SYDNEY

North Sydney, N. S., Sept. 20.—J. R. Horwood, charged with the stealing of \$1,000 from the Royal Bank here through alleged over-payment of a cheque in an amount to the supreme court for trial by Stipendiary Ledbetter today. He was admitted to bail in the sum of \$2,000.

Miss F. W. MacLean, teller at the Royal Bank, and plaintiff in the case, testified that she cashed a check for \$1,000 for Horwood, giving him \$800 in bank notes and twenty dollar bills and a package which she thought at the time contained \$1,000. Horwood, she said, commenced to count the money before she checked, but in a few moments left the office. Half an hour later the plaintiff discovered her cash \$1,000 short, having paid, she declared, \$2,000 package to Horwood instead of \$1,000.

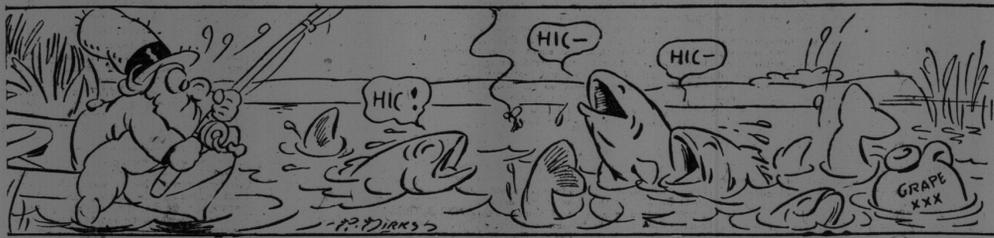

Mr. Horwood is a fish buyer of some prominence in North Sydney.

The Late Lord Murray

The death of Lord Murray of Elibank recalls a somewhat lurid chapter in the political history of England. He was charged when the Liberal whip, having lost by "rash and hazardous speculation" a sum of money—\$150,000 to \$200,000—belonging to the party funds of which he had charge. It came up as a scandal known as the "Marconi affair." The Spectator, London, said of it: "The Master of Elibank was the patronage secretary to the treasury, with a salary of £2,000 a year. This official is commonly known as the chief whip, and his duties are the whipping and organization of the government party, and he also acts as broker between those who desire honors and rewards and those who give them. In this capacity the subscribers given by wealthy political supporters are placed in his hands as trustee. Out of these trust or party funds the Master of Elibank bought in the spring of 1912 three thousand American Marconi £1 shares at £3 about, and the shares, which are in the form of bearer warrants, were delivered to him. In August, Mr. Murray retired from the post of patronage secretary and became the partner of Lord Cowdray, better known as Sir Weetman Pearson, a millionaire contractor and owner of oil properties in the American continent. On leaving office the Master of Elibank 'handed over things' to quote the evidence of his brother, Captain Murray, to his successor, Percy Eilding, but among the things handed over of which apparently there was a list, the 3,000 American bearer certificates were not included, nor was there any mention of them. The outgoing whip simply kept these shares, which had been bought with £9,000 out of the funds of the Liberal party, and which he admits were the property of the Liberal party."

The scandal was never satisfactorily cleared up. Lord Murray's statement in the House of Commons adopted a partisan report in Murray's favor. Eight ministers voted down six Unionists, the issue was confused by clever statements and then became scattered, the game of "passing the buck."

FRENCH COLONIES RIVAL ENGLAND'S

Marked Progress in Development of Resources

New York, Sept. 20.—Unusual progress in the development of commerce and natural resources in the French colonial possessions and dependencies has brought them wealth ranking next to that of the British colonial empire, according to a survey made public here by the French commission. The French colonies, with an estimated population of 30,500,000, have an area of 4,000,000 square miles.

Total exports from the colonies in 1917, with the exception of Algeria and Tunis, were valued at approximately 1,108,000,000 francs. Since 1914 exports in the various possessions increased from 25 to 100 per cent. The increases are attributed to the thrift of natives following the ending of the war.

Total Algerian exports in 1919 were more than 1,344,000,000 francs, an increase of about 558 millions over 1918. The port of Algiers alone handled exports approximating 475,158,000 francs, an increase of 200,822,000 francs, according to estimates. Chief imports were sugar and coffee. Amounts of imports and exports were greatest in the order mentioned.

National roads in Algeria have a length of 3,210 miles, while 2,203 miles of railway were open for traffic in January, 1919.

Tunis, essentially an agricultural country, had bumper grain crops in 1919, as follows: Wheat, 6,500,533 bushels; barley, 5,428,223 bushels; oats, 3,444,722 bushels. The cork industry is important, cork trees covering more than 600,000 acres. The annual mineral production averages in value more than 30,000,000 francs.

The spring estimate of 1920 harvest on the French zone of Morocco valued the crop at 1,000,000,000 francs, and it was expected there would be a large surplus for export, the survey states. Exports to France in 1918 were valued at 82,062,880 francs, the imports at 155,228,928 francs.

The French possession in India consists of five separate colonies with an aggregate area of 1,960 square miles. Rice, sugar, cotton, coconuts, coffee and ground nuts are grown. The principal export from Pondicherry, the chief possession, is oil seeds.

French Indo-China has a population of about 17,000,000. The territory tributary to Saigon is almost entirely agricultural, being one of the great rice regions of the world. The minerals are coal, lignite, wolfram, tin and zinc.

In the other possessions including Madagascar, French Equatorial Africa, 1914, the survey says. French West Africa, which has the largest of the colonies, commerce has almost doubled since 1914, the survey says. French West Africa, comprised of Senegal, Haut-Senegal-Niger, French Guinea, the Ivory Coast, Dahomey, the military territory of the Niger and Mauretania, covers approximately 1,840,000 square miles. The general budget amounts to about 25,000,000,000 francs annually. The agricultural resources are most important. The production of cotton is growing, while jute, agave and sisal are cultivated extensively. Rubber is the most important product in the forest resources. Cattle raising has increased. The mineral wealth is great. The commerce of this possession increased 600 per cent. since the French administration was created in 1895.

The French colonies in America, consisting of Guiana, Martinique, Guadeloupe and St. Pierre and Miquelon, are principally noted for their lumber products, sugar, rum, coconuts and coffee. Agriculture takes an important role in the smaller provinces, especially in New Caledonia, said to be one of the richest countries in the world.

HANNA EXPLODES "DEADHEAD" STORY

Says Its Author Was Himself Refused a Pass Over C. N. R.

(Toronto Globe.) D. B. Hanna, President of the Canadian National Railways, denied to The Globe yesterday that a tremendous number of passes were being handed out by the government railways. He said that he had investigated charges made by Dr. G. J. Steele of Toronto and had found that they were very far-fetched. Dr. Steele, he declared, had himself been an applicant for a general pass on the government lines, and his request was refused.

ENGINE PLANT IN NOVA SCOTIA IS DESTROYED

Chesler, N. S., Sept. 19.—The plant of the Hawtholdt Gas Engine Company here, one of the most prosperous industries of its kind along the South Shore, was completely demolished in a fire which broke out shortly after noon yesterday. The Sanford Tannery and two barns were also destroyed. The loss to the gas engine company alone will probably aggregate \$30,000 or \$40,000.

STRIKERS CAUSE SUICIDE

New York, Sept. 18.—A long succession of strikes drove Albert Minis, 1711 University avenue, to suicide. After he had shot himself in the bedroom of his home, his wife told investigators that he had lost \$20,000 of contracts within the last two months because of strikes. He was an electrical contractor.

YESTERDAY IN THE CHURCHES

Men from H. M. S. Calcutta Parade to Stone Church — Harvest Service — Appeal for Girls' Home.

The streets were lined with people to watch the parade of the 200 men and officers of the H. M. S. Constance when they marched to the morning service at Stone church, preceded by the band of the 62nd regiment. Few seats were unoccupied in the body of the church or in the gallery and the service was one of inspiration. Lieut.-Colonel A. McMillan and Mayor Schofield accompanied Captain E. C. Kennedy of the Constance and were seated with him in the church. The men from the Constance occupied pews on both sides of the main aisle which were specially reserved for them. Canon G. A. Kubring, in his sermon, addressed them, declaring that the need of the times was men. Not power or equipment had won the battle of Zebruge, but men. No force and no power, not wealth or strategy could prevail against men determined to do the

will of God, for the will of God was invincible. It was necessary to seek diligently on land and sea that the men be found. In saying good-bye to them, whom he believed he was addressing for the last time, he urged them to look to themselves that they be such men as the times required.

Before the service D. Arnold Fox played several organ selections with much skill and sympathy and while the offertory, which was given for the aid of the Seaman's Institute, was being taken, DeWitt Cairns and Mrs. Bell sang an anthem with much feeling and expression.

Each of the men from the cruiser was given a copy of the Book of Proverbs on leaving the church by a representative of the Bible Society.

Rev. Waldo C. Mochum, B. A., superintendent of religious education for the Baptist denomination in the maritime provinces, addressed large congregations in three of the city churches yesterday. In the morning he spoke from the pulpit of the Main street church; in the afternoon he addressed the Sunday school, young men's class and the Young Men's Brotherhood of the Ludlow street church and in the evening he was the preacher at the Central church. In each of his addresses he dwelt upon some phase of young people's or Sunday school work. The annual harvest Thanksgiving ser-

vice held at St. Bartholomew's church, Coldbrook, last night was a joyful and an impressive one. There were 143 persons present and the record offering of \$227 was taken, speaking well for the generosity of the members of the small community. The service throughout was an appropriate one and was specially choral. The church was prettily decorated for the occasion. At the close of the service George Buckley, one of the vestrymen of the church, made a presentation on behalf of the congregation to W. E. Fuller, who has been acting as assistant to Rev. R. Taylor McKim in that parish during the summer months. The presentation took the form of a purse containing the sum of \$85. Mr. Fuller in response thanked the congregation heartily for the kind gift.

Exchanged Pulpits. Rev. George F. Dawson, of the Exmouth street Methodist church, exchanged pulpits with Rev. H. B. Clarke, of the Portland church, for the morning service yesterday.

In buildings which have normal accommodation for forty-nine girls, the reformatory home and school for Protestant girls of the maritime provinces at Truro now shelters fifty-seven girls. One new building under construction will, when completed in November, give accommodation for a total number of sev-

enty-three or at the utmost eighty-two girls, but the requirements of the three provinces call for further enlargement of the home and the board of governors is appealing for assistance in the erection of buildings that will give accommodation for 120 girls. Rev. V. M. Purdy, B.D., who is the financial agent of the institution, is touring the provinces in the interests of the home and yesterday he made striking appeals on its behalf in sermons delivered in the morning at the First Presbyterian church and in the evening at the Exmouth street Methodist church.

Presentation at Coldbrook. The annual thank-offering service was held at St. Bartholomew's church, Coldbrook, last night. The offering amounted to \$277. At the close of the service a presentation of a purse of money was made to W. E. Fuller, summer assistant to Rev. R. T. McKim. Mr. Fuller replied fittingly, thanking the congregation for their thoughtfulness. He will return to Wycliffe College, Toronto, to resume his studies.

Rain fell in the city on Saturday and it was reported from the dominion observatory that a total of 74 inches was recorded. Yesterday the highest temperature recorded was fifty degrees and the lowest forty-one.

GOVERNMENT CONVENTIONS

A convention of the Liberal party in Carleton county has been called for next Thursday in Woodstock, commencing at 3.30 p. m. The United Farmers of this county nominated a ticket several months ago, but it is said that another convention will be called and the ticket changed.

A convention of the provincial government party has been called in Charlotte county to meet in St. Stephen on Wednesday, Sept. 22. A government convention in Queens county has been called for Friday at Gagetown, instead of Thursday as previously announced.

ANKLE JEWELS AND GEMS FOR ARMS LATEST FAD

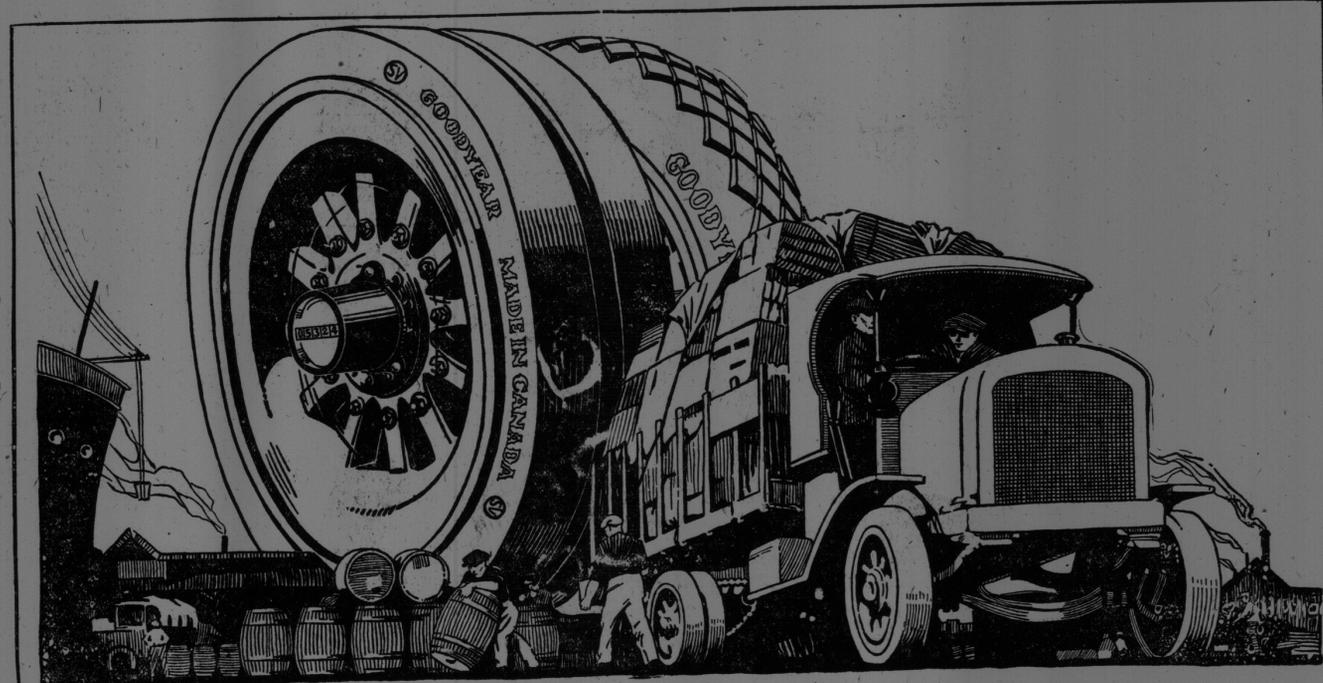

Paris, Sept. 20.—To adorn the bare arms of fashionable women and to lend a note of splendor to their hats some remarkable pieces of jewelry have just been designed by Paris jewelers. "Jewels will be worn more this winter than for several years past," said one dealer. "And they will not be confined to the woman's breast and waist. Her hair, her arms and even her ankles will sparkle with gems."

PREDICTS BAD TIMES.

Cardiff, Wales, Sept. 20.—Dr. J. H. Clapham, of King's College, Cambridge, at a meeting here predicted that an industrial and commercial slump was coming. It would begin in the field of finance, spreading to industry, and would give us a bad spell of unemployment comparable with the unemployment of the post-war period of a century ago, but more dangerous owing to the high standard of living to which the people had become accustomed. He predicted that the slump would begin in America.

On Saturday evening a car owned by Frank Downey caught fire in the Great Eastern garage, but it was locked out and rushed to the nearest fire station where the fire was quickly extinguished. No damage was done and the fire in the garage was also quickly stamped out.

Mileage Meters Sell These Tires

Goodyear Truck Tire Sales in Canada outdistance those of any other make.

The best truck tire salesman Goodyear has, is the mileage meter.

In practically every case where a truck owner has kept exact mileage records, Goodyear Truck Tires have been found to give lowest cost-per-mile.

This was doubly proved in the famous Goodyear Solid Truck Tire test when we offered to replace free any Goodyear Solid Truck Tire which did not give greater mileage than a competing tire on the opposite wheel of the same truck—no matter what the price of the competing tire.

Three factors combine to give you such outstanding value in Goodyear Solid Truck Tires

- 1—High quality materials and scientific design.
2—Goodyear Service, rendered by Goodyear Truck Tire Service Stations, which keeps tires in shape and trucks in action.
3—A fair, made-in-Canada price, made possible only by building Goodyear Solid Truck Tires in Canada and paying duty on raw materials only.

Truck tires represent an investment of several hundred dollars a year to you. Take time to talk to a Goodyear Truck Tire man. No obligation. Phone, wire or write the nearest branch or service station.

The Goodyear Tire & Rubber Co. of Canada, Limited Branches—Halifax, St. John, Quebec, Montreal, Ottawa, Toronto, Hamilton, London, Winnipeg, Regina, Saskatoon, Calgary, Edmonton, Vancouver.

BAR GIRLS WHO TRY TO VAMP EXAMINERS

Civil Service Director Says "No Theda Baras in Decol-lete and Peekaboo" Accepted for Tests.

(Philadelphia North American.) Bewitching blondes or fascinating brunettes who seek to vamp their way into city jobs by making goo-goo eyes at civil service examiners and wearing decollete gowns are hereby notified that Theda Baras are not wanted for Phila-delphia city service.

Clinton Rogers Woodruff, chairman of the Civil Service Commission, said so when his attention was called to the large number of girls appearing to ex-aminations dressed in clothes that al-most dazzle their examiners.

"No, it won't go," said the head of Civil Service Commission as he listened to the recital of one of his examiners, who said he almost got flustered at the crop of vamping applicants. "I won't do. I shall order an investigation to see that girls come to these examina-tions with proper clothes and with no

attempt at trying to use their charms." It was whispered about the offices of the Civil Service Commission that in the last few days exams for stenographers and clerks have drawn large batches of girls who were proving rather difficult for the civil service examiners. The ter-rible secret revealed that some of the girls wore peekaboo waisties and flesh-colored stockings and used gobs of powder and paint. Instead of paying atten-tion to these girls—bussies, one of the ex-aminers called 'em—had the nerve to try to use their charms on the examiners. They actually made the examiners blush. "No," retorted Mr. Woodruff, "when girls come to an examination, they should not wear ballroom clothes, nor think they are playing in the movies. They should be clothed neatly, becomingly, but above all, simply. But I have my doubts that they can vamp my examiners. I think my examiners are vamp-proof."

The moot question of doll babies versus city jobs brings up the greater question of girls in municipal employment. There are about 400 in the various city bureaus. Most of the directors of departments say that they are experiencing little trouble with girl employees who overdress and who use the office time to powder up.

"Have you ever made rules to guide the conduct and the clothes of girls in your office?" Health Director Furbus was asked.

"I should say not; I'm married," was the reply. "The only rules we have here are that the employees must come in promptly at 9 o'clock in the morning and do their work efficiently."

Chief Clerk Harper, in the office of Mayor Moore, suggested that girl em-ployees should wear during office hours a neat uniform similar to the one used by the Emergency Aid aids, or the motor messengers in the office.

"Such a uniform combines simplicity and good taste, and would prevent many girls from coming to work with their last night's evening gowns," he said. Director Cortelyou of the safety depart-ment, who was with Mr. Woodruff when the latter made his ultimatum, was asked whether there are many vamping "stenos" or clerks in his office.

"No, thanks," he replied. "My police-men are in the office and they do the office work for the most part. Cops don't vamp."

### NEW YORK TAKES 11-INNING GAME

Brooklyn Nationals Now About Sure of Pennant

Largest Crowd Ever at American League Match in St. Louis — 27,000 Cleveland Fans See Boston Beaten — Two Days' Games.

Commerce Shows Gain — Reports on Possessions in Africa, India and from Colonies on This Side of Atlantic.

**National League**  
 New York, Sept. 20.—New York out-fought Cincinnati yesterday in an 11-inning game, the first of a four-game series which may decide which team remains in the almost hopeless chase after the Brooklyn leaders.

The Giants won when Doyle walked and scored from first on Duncan's fumble of Snyder's hit to left field. All of the Red runs were due to homers by Roush, Neale and Coumbe. Cincinnati, 6; New York, 7.

Brooklyn, Sept. 20.—Brooklyn won yesterday's game with Pittsburgh, 4 to 3 in a thrilling ninth-inning finish. With the score tied, Nease opened the Dodgers' half of the last inning with a double. He stole third on the first pitch and crossed the plate with the winning tally when Schmidt threw wild. Johnston of Brooklyn and Southworth of Pittsburgh made home runs. Pittsburgh, 3; Brooklyn, 4.

**Saturday's Games:**  
 National League.  
 At Philadelphia—Chicago, 9; Philadelphia, 7.  
 At Boston—St. Louis, 7; Boston, 6.  
 Second game—St. Louis, 3; Boston, 5.  
 At New York—Pittsburg, 7; New York, 8.  
 At Brooklyn—Cincinnati, 11; Brooklyn, 5.

**National League Standing**

Team	Won	Lost	P. C.
Brooklyn	87	59	.596
New York	80	62	.568

Chicago	71	72	.496
St. Louis	67	76	.468
Boston	37	79	.319
Philadelphia	24	86	.286

**American League**  
 St. Louis, Sept. 20.—A crowd, said by club officials to be the largest in the history of the American League here, saw St. Louis win from New York yesterday 6 to 1. Davis hurled brilliantly, allowing but two hits, singles by Pratt and Beckinspugh. The first came in the seventh inning with one out and drove in Pipp, who had walked and moved to second on Ruth's grounder, with New York's run. New York, 1; St. Louis, 6.

Chicago, Sept. 20.—Chicago kept pace with Cleveland by defeating Philadelphia 5 to 4 yesterday in the first game of the series. Chicago apparently had lost the game in the early innings, but launched a drive in the sixth inning which drove Rommel off the mound. Philadelphia, 4; Chicago, 5.

Detroit, Sept. 20.—Detroit took two games from Washington yesterday, 9 to 7 and 8 to 2. The first game was a loosely played affair. Washington, 7; Detroit, 9. Second game—Washington, 2; Detroit, 3.

Cleveland, Sept. 20.—Cleveland defeated Boston in the first game of the series here yesterday, 2 to 0, in a pitchers' battle between Penneck and Beaby. Some 27,000 fans sat through the chilly weather to witness the game. Boston, 0; Cleveland, 2.

**Saturday's Games:**  
 At Cleveland, Washington 5, Cleveland 7.  
 At Chicago, New York 9, Chicago 15.  
 At Detroit, Boston 7, Detroit 4.

**LEMON JUICE FOR FRECKLES**

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes, it is harmless and never irritates.

### FEES OF MONTREAL LAWYERS RAISED

(Montreal Gazette.)  
 In a statement issued for the benefit of business men and the public generally the Council of the Bar announces that the fees for the collection of accounts have been increased, and is retroactive to June 21st last. The following statement has been issued by the Council of the Bar:

"We must notify the public that the General Council of the Bar of the Province of Quebec, at its meeting held on the 21st of June last, took an important decision which affects commerce in general.

"For a number of years the Bar has been requesting a raise of fees to enable it to meet the ever increasing cost of living. It was claimed especially that in the collection of commercial claims the lawyers were not sufficiently remunerated for their services. The General Council of the Bar, in compliance with this request which was made at the general meeting of the Bar in Montreal on May 1st last, has decided that in the future the following fees will be authorized:

**Abbey's EFFERVESCENT SALT For Constipation**

ed for the collection of commercial claims:  
 "Fifteen per cent. on the first \$300; 8 per cent. on the excess of \$300 to \$1,000; 4 per cent. on the excess of \$1,000; minimum fee, 5; on items of \$10 or less, 50 per cent.

"In proceeding cases, the minimum fee of \$7.50 above the commission, the total not to exceed half the amount of the claim.

"These fees are payable by the client for the amount collected after the lawyer has been given charge of the collection of the debt. These rates are effective since June 21st last, and the lawyers are entitled to charge these fees to their clients, even without any agreement,

### NEW YORK HAS A 'BLEAK HOUSE' CASE FOR MILLION

New York, Sept. 20.—After lying dormant for nineteen years a claim for almost \$1,000,000 against the city has been revived by Mrs. Anne L. Classen, daughter of the late William A. Bricknell, who fifty years ago was an engineer employed in the fire department and invented an improved method of heating the "steamers" used by the department. He patented this device in 1895, and when the city adopted it, lengthy litigation followed over his claim for compensation. The case, in its length and complications rivalled the famous case of "Jarndyce vs Jarndyce" in Dickens' "Bleak House." Now it is to be begun all over again as the city is contesting Mrs. Classen's suit.

### FORMER BRITISH OFFICERS LOOKING FOR EMPLOYMENT

No Fewer Than 5,862 on Recent London List of Position Seekers.

London, Sept. 20.—The amount of unemployment in England in the face of a statement issued by London District of the Appointments Department, showing that 5,862 one-time British army officers or men of similar attainments, are registered there for work. Employers are asked to consult the list when filling vacancies. Many of the applicants who were formerly in the military service have applied for clerical or secretarial work. A partial list of occupations follows:

Agricultural workers, 242; trades, including cotton, woollen, hosiery, lace, silk, linen, 304; engineering, including civil, electrical, mechanical and marine, 662;

### HOARD SCOTCH HOOCH

Edinburgh, Scotland, Sept. 20.—Facing the prohibition movement foreshadowing a real "drought" in Scotland after the local option vote this fall, the well-known "scotch" is being stored in huge quantities for the approaching arid season. About ninety-six per cent. of the women and the Socialists are expected to vote "dry."

AQUATIC

Postponed Until Today.

The maritime aquatic championships, which were postponed from Saturday until this afternoon at 4 o'clock, will have an additional competitor in the person of John J. Shea, brother of Jerry Shea, champion of New England. John Shea signified his intention of wishing to compete in the junior singles and the other competitors, Robert Belyea and Charles Campbell, asked that he be permitted to enter. The other events will be as previously published. The officials' boats will leave the D. A. R. wharf at 3:30 p. m. and the races will commence at 4 o'clock.

The single shell which was brought here by Jerry Shea has been purchased by Fred Logan and will remain in the city. It is a well made shell and very light, weighing but twenty-six pounds.

Rowing Prizes Presented.

The presentation of prizes to the winners of the season's rowing matches up to the present was made last evening by Mayor Schofield at the Imperial Theatre. F. W. Coombs, president of the Athletic Association of the Commercial Club, which donated the prizes, in introducing the mayor, said that the motto of the Commercial Club was "to make St. John a better place in which to live" and that the athletic association of that organization was doing its part in building up strong healthy bodies and promoting a love of clean, healthy sport. The mayor, before making the presentations, commended the work of the athletic association during the summer and paid special tribute to the efforts of Frank White of the athletic committee, the winners of the various events are as follows: July series: Four-oared race, won by Belyea crew; single shells, won by Hilton Belyea; second, Robert Belyea; boys' single, won by Grenville McCavour. August series: Four-oared race, won by Renforth crew; single, won by Hilton Belyea; boys' single, won by Grenville McCavour.

GOLF.

Frederick Wins.

Frederick, Sept. 19—Frederick golf club defeated the Riverside Golf and Country Club of St. John on the Frederick links Saturday, 19 to 11. Nine sides were played although the original arrangements had been for fourteen players. Several St. John men found it impossible to come to Frederick for the game.

The weather was cold and raw and the course in a sodden condition from heavy rains. In spite of these disadvantages, some scores were made.

The individual matches resulted as follows:

Table with 2 columns: Player Name and Score. Includes names like H. N. Stetson, P. W. Thompson, A. C. Skilton, etc.

Badly Beaten.

New York, Sept. 20—The worst defeat ever suffered in the United States by Ted Ray and Harry Vardon, famous British golfers, as a team, was administered on Saturday by Chick Evans and Baby Jones, the latter pair winning 10 up and 9 to play. The match was played over the course of the Morris County Golf Club of New Jersey.

TURF

Rain Stops Races.

Another large crowd attended the races in St. Stephen Saturday. The 2:20 was finished, Bingen worthy taking three heats, but the 2:14 mixed, and the 2:21 mixed only went two heats and had to be called on account of rain. Touz, owned by S. E. Rice of this city, took the two heats in the 2:15 class and was awarded the race, which Evelyn B. A. Milltown entry, took both heats in the 2:21 class and also received first money. Bingen worthy, L. R. Acker.

nie Hal, owned by P. A. Belliveau of Moncton and which went lame here in her race on Wednesday, in which she won two heats, had to be killed today. She was found lying down in her stall this morning owing to her broken leg.

Grand Circuit.

Columbus, Ohio, Sept. 20—Horsemen from all parts of the country were gathered here yesterday in preparation for the two weeks' card on Grand Circuit racing which opens at Columbus Park today. There are thirty-nine events on the programme with a total of 848 entries. More than 100 entries were refused last week because they came in too late. Purses aggregating \$75,000 are up.

Races Called Off.

A programme of races scheduled to be run at Woodstock on Saturday had to be called off owing to heavy down pour of rain. Arrangements are being made to hold an "overcoat" meet in October.

FOOTBALL.

Navy Men Win Again.

A return game of soccer was played Saturday between H. M. S. Constance and a picked team representing the East End Football Club. The East End players were out to avenge the defeat they received on Wednesday night but the navy lads were up to the scratch for the game and lined up on time with their best team. The latter won by one to nothing.

ATHLETIC.

Five Mile Feature.

Halifax, Sept. 19—James Martin won the five mile race, feature event of the Wanderers A. A. C. annual sports, here Saturday, in a grueling contest with Alf Rogers. The two veteran distance men were separated by a stride until they broke into the final straightaway, when Martin showed a burst of speed that put him over the finish line by several yards. The time was 23 minutes 37 seconds. The high wind prevented fast time in any of the events.

BASEBALL.

St. Peter's Defeat St. George.

St. Peter's baseball team continued an unbroken string of victories by defeating St. George nine Saturday afternoon by a score of 6 to 2. The game was played on St. Peter's diamond and was witnessed by a fairly large gathering of fans. While the visitors had seven errors they made a number of brilliant plays, which won rounds of applause. The box score and summary follows:

The St. Peter's baseball team had little difficulty in winning from the St. George nine on Saturday, the final score being 6 to 2. Hansen was on the mound for the Saints and the visitors had difficulty in connecting with his shoots. He allowed six hits and fanned ten. Dewar started for St. George and was hit rather freely. He was relieved in the seventh inning by Dow. Features were the hitting of Milan and O'Regan and a sensational stop by Campbell.

As a result of playing this game the St. Peter's players who participated have been suspended by the A. U. U.

Following is the box score:

Table with 2 columns: Team Name and Score. Includes St. George, St. Peter's, Dever, etc.

Score by innings:

St. George.....002000000—8  
St. Peter's.....0401201—5

Summary—Two-base hits, Campbell, Spear, O'Regan, Dever, Milan (2), Hansen, Stulen bases, Gordon, O'Regan, McGovern, Milan. Struck out, by Hansen 10, by Dewar 4, by Dow 2. Bases on balls, off Dewar 1, off Dow 1. Hits, off Dewar 10 in six innings, off Dow two in two innings. Hit by pitched ball, Gordon. Left on bases, St. George 6, St. Peter's 8. Earned runs, St. George 6, St. Peter's 3. Time of game, 1 hr. 30 m. Umpires, Howard and Downing. Score, Carney.

Pirates Were Winners.

The Pirates defeated the Unknowns on Saturday afternoon by a score of 9 to 3, on the Crown street diamond. Batteries for the winners were Lawson and Johnston, Chandler and McGourty for the losers.

Young Glenwoods Won.

The Young Glenwoods defeated the Young Champions on the South End diamond on Saturday, 5-1. The batteries were: For the winners, Shaw, McKoberts and B. Scott; losers, Dolphin, Archibald and C. Scott.

St. Stephen, 4; Calais, 2.

St. Stephen, Sept. 18.—(Special)—The ball game between St. Stephen and Calais today had to be called in the fifth inning on account of rain. The score stood 4 to 2 in favor of St. Stephen. The batteries for St. Stephen were Irving and Vanstone and for Calais O'Neill and Hooper.

Quebec Championship.

Tonight and Tuesday EXTRAORDINARY PRODUCTION

"MAN AND HIS WOMAN"

Written by Shannon Fife Produced by Pathe Directed by J. Stuart Blackton

THIS original story by Shannon Fife stirs the depths of the soul. It does more than merely entertain, though that it unquestionably does. It also inspires and uplifts. It is tremendous, noble, gripping in theme. It depicts the cravings of the flesh and soul. It is the story of the weakness of a strong man when he is down; of the power of a woman's degradation; of the strength of another woman's purity. It shows how there is weakness in the best of us and good in the worst of us.

THE "IFS" IN BIG LEAGUE CONTESTS

New York, Sept. 20.—The Brooklyn Nationals and Cleveland Americans appear to be the strongest teams in the major league pennant races which today entered the final two weeks spurt. The Chicago Americans are close behind the Indians, however, and may out them from first place in the series starting on Thursday.

The Brooklyn Nationals have a lead of five games over New York and can clinch the pennant by winning six of their eight remaining contests. New York, twelve to play, and Cincinnati, with fifteen, could then win all their games without coming up to the Dodgers. If the Cleveland Americans win five more of their thirteen games, Chicago would have to win seven out of ten and New York eight out of nine to equal them.

While Brooklyn was winning on Sunday, New York kept pace by defeating Cincinnati in a hard eleven inning game. The Dodgers displayed good pitching strength last week, excepting in the two games lost to Chicago and Cincinnati. Brooklyn withstood the attack of the Reds, taking the series two games to one after capturing four out of five from Chicago. New York went into second place by outplaying Pittsburgh.

The White Sox then came back and pounded out three victories over New York pitchers and won their fourth straight game over the Yankees. Philadelphia, the Yankees slid back by dropping their fourth straight contest yesterday when they batted and fielded poorly against St. Louis.

CHLOROFORM INMATES THEN RANSACK HOUSE. Sandwich, Ont., Sept. 20.—Entering four homes here early one morning this week, thieves stole more than \$400 in cash. All the houses entered are in the neighborhood of Peter and Mill streets. At the home of Charles Duchene, 627 Peter street, thieves ransacked the house after chloroforming the inmates. Detroit men are suspected.

MAYOR'S WIFE'S THRIFT. New York, Sept. 18.—Mrs. John F. Hyland, wife of New York's mayor, has solved the servant problem, by having no servant and doing all the cooking, dish-washing, sweeping and dusting alone. "The judge and I wait on ourselves and each other, and like it," she told a reporter. "It's a regular picnic."

IMPERIAL

Is Your Wife Your Governess or Your Sweetheart? TOM MEIGHAN, GLORIA SWANSON, BEBE DANIELS AND OTHERS In the Superb DeMille Production

"WHY CHANGE YOUR WIFE?"

Companion Picture to "Don't Change Your Husband" PEOPLE IN THE BEST HOMES DISCUSS SUCH SUBJECTS FREELY, press and pulpit continually refer to the marriage relations of people. Now comes a pictorial disquisition upon the matter that will out-sermonize preachers and put into most emphatic animation frequent causes of separation — not deliberately schemed divorces but those accumulations of misunderstandings, which the law terms "incompatibility." The story is highly refined, the treatment of the subject in good taste and delicate. Brainsy people produced this object lesson and talented type-players enacted it. The disillusionments and fallacies of divorce proceedings are pointed out and real old-fashioned ideas prevail.

### NEW TRADE ROUTE TO INDIA FROM CANADIAN PORTS

(Canadian Press Despatch.)  
Montreal, Sept. 18.—A new trade route to India from Montreal, in summer time, and from a maritime province port, in winter time, to be operated jointly between the Canadian government Merchant Marine Limited, and the British India Steam Navigation Company of England, was announced Saturday by R. B. Teakles, general manager of the former company. It will be a corollary of the service announced last week in connection with India and the Far East in conjunction with the Alfred Holt Company. With these two agreements the Canadian government merchant marine will now enjoy throughout the Far East the benefit of two powerful shipping organizations.

A service to India is to be started also from Vancouver by the C. G. M. M. alone but this is not to be included in the arrangement with the British India company at present.

**CARMANIA AT HALIFAX.**

### LONDON-GYPSIES ON ANNUAL TRIP

Caravans Leaving Metropolis on Their Way to Hopping Districts.

London, Sept. 20.—A quaint sight now to be seen passing through the streets of South London is the gypsy caravans on their way to the hopping districts. Many are familiar with these traveling vendors of baskets and brushes of their own making during the winter months and dark skinned hawkers of flowers and fruit, but few have further knowledge of them or how and where they live.

There is a gypsy colony in Southwest London, which consists of a single street, known as Wardley Street, Earsfield, S. W., down which the police seldom penetrate. A few caravans in an enclosure at the end of the street are all that remain to the superficial observer—of their original mode of life, for most of them have found that a small house to dwell in and a donkey cart to drive are better suited to present day conditions. But this does not mean that the gypsy character has changed.

As clanish as ever, they hold aloof from their Cockney neighbors. A gypsy queen still holds sway and can command their instant obedience.

In a case of illness she is consulted, and she decides whether the patient shall go to bed. Whatever the period she seems sufficient, he must never arise for the first time until the following Friday

**BAN ON TAG DAYS.**  
Toronto, Sept. 20.—The Board of Police Commissioners has decided to refuse all further applications for tag days for the balance of this year. The board held that in war time unusual measures had to be taken to raise money, but now that the war is over these unusual demands must cease.

**GRAND LODGE OF GOOD TEMPLARS**

The fiftieth annual session of the Grand Lodge of New Brunswick, International Order of Good Templars was called to order at the Temperance Hall, Lorneville, at 1.30 p. m. on Monday, Sept. 18. The attendance was good considering the weather. Very helpful sessions were held and notwithstanding adverse weather conditions the delegates had a good time. G. C. T. E. N. Stockford presided.

The following officers were elected for the ensuing year: G. C. T., E. N. Stockford; G. C., D. C. Fisher; G. Sec., Rev. W. J. Bevis; G. V. T., Mrs. Kirkpatrick; G. S. J. W. Mrs. Roy Trites; G. M., Roy Trites; G. C. Mrs. A. Splane; D. G. M., Mrs. Brown; D. G. G., Miss E. Wilson; D. G. S., Mrs. T. Cunningham; G. M., Mrs. Lammon.

At the close of the afternoon session the officers were installed by E. N. Stockford, D. I. C. T.

**REFUSE TO ACCEPT.**  
Sault Ste. Marie, Ont., Sept. 19.—Despite an announcement here that union officials at Midland had settled the differences with the steamship companies arising from a demand for a twenty to twenty-five per cent increase in wages, the one hundred or more strikers from five vessels tied up here are adamant in their refusal to go back to their boats and they say they will "hold out to the end for the whole scale. A ten dollar increase will not be satisfactory," said one of the strike leaders. Picketing of boats is in force and several strike-breakers were dismissed from the harbor Saturday.

**When Dad Brings Home a Friend**  
or someone drops in unexpectedly for supper, the desert problem is quickly answered if the hostess has a few Quick Puddings in the house. She has a delicious dessert that can be easily prepared in a few moments—one that everyone enjoys.

If you want to give your family a real surprise—serve a Quick Chocolate Pudding with nuts or coconut sprinkled over it. From dad to the baby they'll agree they never tasted anything so delicious before.

Tapioca, custard and chocolate, 15c. a package, at all grocers.

**Every Surface Improves Under the O-Cedar Treatment**

From hall to attic—everywhere there is a cleaning and polishing demand which O-Cedar Polish alone can fulfill.

For O-Cedar cleans as it polishes—cleans thoroughly and polishes brilliantly.

A polish that has the endorsement of thousands of satisfied users; who, with its help, keep their motor cars and homes clean and shining.

The O-Cedar way of polishing is as easy as it is effective. Just a simple matter of wetting a cloth, putting a few drops of O-Cedar on it, and lightly rubbing over the surface. All grime is removed by the soft lather thus formed; you then polish briskly with a dry cloth.

You are rewarded by a brilliant lustre, with all the beauty of the surface revealed. This bright reflecting finish will not readily collect dust—any dust may be easily removed with an O-Cedar duster, or a cloth treated with O-Cedar Polish.

O-Cedar Polish 25c. and 50c. a bottle; \$1.25, \$2.00 and \$3.00 a can.  
O-Cedar Polish Mop, without handle, \$1.50. The handle, 64 inches long, is 25c. extra.

Both Polish and Mop at your Hardware or Grocery Shop.
