SPLendor MARKS LONDON EVENTS OF CORONATION WEEK

This is The Day of Grand State Dinner Never Before Equalled in England

Nearly Thousand at Reception by Their Majesties—Regal Ball Given by Duchess of Sutherland—Boom of Guns All Day at Spithead—Kier Hardie Strikes Discordant Note

(Canadian Press)

London, June 20.—Following a report yesterday that many of the great temporary stands erected along the line of the coronation procession were unsafe, further attention has been caused by criticism of the barricades across the side streets along the route.

After the royal dinner at the palace many of the guests drove to Stafford House, which overlooks the Mall, where the Duchess of Sutherland gave a ball.

The coronation week has opened with a tremendous rush of which neither day nor night sees any cessation.

Thousands of well-dressed and well-dressed people are being hurriedly painted and hung with red cloth and garlands are strung across the streets, while finishing touches are being put on other decorations.

REDUCE THE PHONE RATES 50 PER CENT

So Says Mr. Powell in Concluding Argument Before Commission

OTHER SIDE IS HEARD

Mr. Baxter Argues for the Telephone Company and Mr. Barnhill Will Follow This Afternoon—Some Passages Between Commission and Counsel

For three hours yesterday afternoon H. A. Powell, K. C., counsel for the board of trade committee in the hearing on telephone rates before the Public Utilities Commission, carried on his argument claiming that the company was extorting from its patrons in St. John the sum of \$2,012 in addition to a legitimate profit on the value of the plant.

Mr. Powell did not conclude and will occupy about half an hour when the hearing resumes at 10 o'clock this morning after which Messrs. Barnhill, Ted and Baxter will speak on behalf of the company.

The hearing yesterday was a most interesting one and did not pass without several sharp passages between the opposing counsel, Mr. Barnhill objected to the evidence of Mr. Hall, one of the experts called by the company, and after the hearing had adjourned, H. P. Robinson, formerly general manager of the telephone company, threatened Mr. Powell with legal action unless the statement was retracted.

To this threat Mr. Powell replied: "Oh, nonsense." Turning to Mr. Ted, he laughingly said: "If Mr. Robinson thinks he has cause for action, will you please let us complete the rate here as a standard."

Resuming his argument this morning Mr. Powell compared the rates of St. John, Moncton and Fredericton. The business phone here was \$45, against \$30 in the other towns, which showed there was no ground for the rate here as a standard.

THE WRECKED SAFE IN SUSSEX OFFICES AFTER VISIT MADE BY BURGLARS

This picture shows the wreck in the office of the Sussex Cheese & Dairy Co. in Sussex, after the safe had been blown open by burglars on Friday night last.

RICHES MADE OVER NIGHT IN SUGAR DEALS

Sortid Stories of Alleged Frauds Against Government Also Told

PROBING THE TRUSTS

Congress Committees Hear of \$10,000,000 Stock Sent to H. O. Havemeyer—Weighing Frauds Extended Back as Far as the Year 1885

(Canadian Press)

Washington, June 20.—With two separate committees of the house delving into the history and operations of the American Sugar Refining Co., and other sugar corporations, there were brought out yesterday surprising tales of riches made overnight and sortid stories of alleged frauds against the government.

The special "Sugar Trust" investigation committee continued its inquiry into the formation and workings of the big sugar corporations, having before it as a witness James H. Post, president of the National Sugar Refining Company of New Jersey.

Mr. Post told how H. O. Havemeyer had been rewarded for forming the National Sugar Refining Company of New Jersey by stock in the refinery worth \$10,000,000, which stock since had earned in dividends of \$2,600,000 more.

Mr. Post indicated that he represented only a promoter's people. Pressed for some explanation of what it did represent, he finally answered:

"Well, here were three refineries put together. I asked how Havemeyer got possession of the stock the witness innocently replied: 'I sent it to him a few days after I received it.'"

FUSILIERS HOME; VISIT TO BOSTON WAS A TRIUMPH

Report Great Reception and Enjoyed Ever Minute of the Time Away—Col. McAvity, Mayor Frink and Ald. McGoldrick Talk to Times About It

Slightly fatigued, but brimming over with enthusiasm and happiness, the officers and men of the 62nd Fusiliers returned to St. John after a most enjoyable and successful visit to Boston.

The Fusiliers, who made such a splendid showing in Boston in the celebration of Bunker Hill Day, returned to the city this morning on a special train which arrived about 7 o'clock.

From the bugle boy to the sergeant and from the sergeant major to the commanding officer, every member of the regiment felt delighted with the trip, and their only regret is that they were unable to stay longer, so hospitable and friendly were the Americans and Canadians in Boston and Charlestown.

As Mayor Frink said this morning, "there was not a jarring note" during the journey. Side by side through the public streets Canadian and American soldiers marched along while thousands lined the sidewalks and cheered and chanted a few more times.

With the mascot of the regiment at their head, the big bulldog owned by Capt. H. H. Smith, the Fusiliers marched along in the procession in Charlestown for the first time that a British regiment flying the British colors had taken part in the anniversary celebrations of that event.

NATIONAL COUNCIL

Women Take up Matter of Death Sentence on Angelina Napolitana—The Suffrage Question?

Fort William, Ont., June 20.—(Canadian Press)—The case of Angelina Napolitana, sentenced to be hanged at Salet St. Marie next August for the murder of her husband, aroused an interesting debate at the afternoon session of the National Council of Women.

A resolution was presented to the effect that the National Council petition for clemency. The argument being the peculiar circumstances that the woman was about to give birth to a child, and under such circumstances it was reasonable to suppose that she was not normal when she committed the action.

The question of woman suffrage was taken up and the point was raised that women should be allowed to legislate especially in matters of the responsibility for the very fact of motherhood passed upon them.

WESTMOUNT MAKES A LAW TO SETTLE THE SERVANT PROBLEM

Fine or Jail for Leaving Places Without Fifteen Days Notice To Employer

Montreal, June 20.—(Canadian Press)—To cope with recent wholesale desertions of house servants, Westmount city council last evening heard the first reading of a by-law which is aimed at ending the household troubles of Montreal's most exclusive suburb.

The by-law is probably unique in its provisions all time, including servants and laborers under indentures, written or verbal contract for one month or more and provides that if they are guilty of bad behavior, idleness or of absenting themselves without leave or if they refuse to perform their duties they shall be adjudged guilty of misdemeanor under the by-law.

If they do not give 15 days' notice of intention to quit they shall be considered to have deserted and pay \$40 with costs for two months' imprisonment. Employers must give similar notice.

BORDEN IN THE WEST

Winnipeg, June 19.—R. L. Borden in his opening speech of his western campaign here tonight denounced reciprocity as tending towards annexation and laid down his policy as follows: "I believe in a policy which will preserve the fiscal autonomy of Canada, and which will permit the production in this country of all useful articles that can be advantageously manufactured or produced by means of our natural resources, having due regard not only to the interests of the consumer, but also to the welfare of our wage-earning population. The labor necessary to convert our natural resources into commodities, should as far as possible, be performed in Canada and not in foreign countries. "The Liberal Conservative party, if returned to power, will establish a permanent tariff commission of able, independent and representative men for the purpose of investigating and reporting upon all matters connected with the tariff. In my conception the tariff should be based upon business principles of a definite investigation and ascertainment of facts. ADOPTED MODIFIED REPORT ON DECREE

Sessions of Methodist Conference Yesterday Afternoon and Evening—Stand for Prohibition Taken

The Methodist conference yesterday afternoon reviewed the final station sheet and after a warm discussion adopted the modified report of the Ne Teners committee as follows: "Resolved, that we express our full sympathy with the agitation now aroused against this decree by the Protestant world, that we do protest most strongly against the annulment of any marriage when performed by any officer authorized by the state; that we deny the right of any church, our own or any other, to cast doubt upon the validity of any marriage when solemnized according to the laws of our land, and would express our conviction that if necessary the most radical measures should be adopted in order to make forever valid all marriages performed by the minister of any church when celebrated under the form of any provincial statute."

It was presented by Rev. H. E. Thomas of Charlottetown who explained the reasons for the action by the conference. Rev. J. L. Batty of Moncton presented a minority resolution as already published and supported it with a spirited address.

Dr. Allison supported the resolution of moderation with an interesting address describing the legal and constitutional points of view. The minority report was defeated 29 to 20 while the majority report was adopted 29 to 11.

McArthur, J. B. Woodburn and R. H. Oother. Support of action towards securing a prohibitory law was pledged. Rev. W. R. Robinson and Rev. J. L. Batty addressed the gathering. AMUSEMENTS FOR OURSELVES AND OTHERS

NICKEL

How well the clever Dole Sisters are appreciated in their dainty singing specialties, may be judged by the applause which invariably follows every number. These charming little songsters are attired all in white with caps and parasols to match and present a pretty stage picture. They have a particularly attractive programme of new hits for today and all should hear them. Leigh after laugh greeted the picture How Spriggins Took Lodgers, the engaging Major Spriggins himself and the overworked Anna Maria providing the greater portion of the fun. The feature is an exciting story dealing with the recent uprising in Mexico and follows the career of a bankrupt husband who sacrificed his life that his home might be saved.

MISS MAY ROBERTS

Who delighted large audiences at the Lyric Theatre yesterday, in her quick character change songs, four new pictures. The city market will be closed on Coronation Day.

R. K. Y. C. PLANS FOR CORONATION DAY

Programme for Thursday at Millidgeville is Announced—Promise of a Great Day

For the R. K. Y. C. "Members' Day" at Millidgeville, on Coronation Day, June 22, the clubhouse will be opened at 10 a. m., when members will be at liberty to entertain their guests in any way they wish. For the benefit of non-royal owners, motor boats will be provided to make trips to Indian Island, etc. At 2 p. m. a band will commence to play on the pier, and at that hour yachts are requested to return to the vicinity of the clubhouse. At 2:30, 3:30 and 4 p. m. motor boat races will be started, and at 3 o'clock a race for sailing dories will start. This is the first of the series in this new class which is exciting a great deal of interest in yachting circles, and as the boats will be in view from the clubhouse at all times, it will no doubt, be an attractive feature.

A fine programme of water sports is being arranged to take place at 7 p. m. at sunset, 8:15, the squadron will make colors and illuminate, and afterwards there will be dancing, music being furnished by the City Cornet Band. During the evening there will be a display of fireworks and bonfires.

There will be plenty of teams to take everybody out and back at all hours, and the power boat Geneva will ply between Indiantown and the clubhouse after evening. The yacht crews will kindly hand in and hourly during the afternoon and evening. For the benefit of those who remain at Millidgeville until the last trip at night, arrangements will be made to have a special street car at Indiantown on arrival of the boat.

Remember that the more we have to spend, the better will be the display. Members of yacht crews will kindly hand in their subscriptions in lump sums through their captains.

The finance committee for the occasion is composed of Dr. A. H. Merrill, W. C. Rottwell, F. E. Williams, C. B. Allan, S. A. Williams, J. H. Kimball, Dr. J. H. Barton, A. E. Everett, chairman, and H. W. Stubbs, treasurer.

A Story on Peasley

Boston American—Jimmy Casey, once an idol of Chicago fans and now a man who would stand up before him for four rounds, had made at least fifty men hear the singing of the birds. So these Bostonians supplied a jeweller with half a pair of diamonds, about ten pounds of gold, etc. and the result was the championship belt, emblem of an American and Irish halcyon, studded with diamonds and glittering with gold and enamel. But pride goeth before destruction.

On the night of September 7, 1892, the mighty John L. quarrelled with a young fellow named Corbett in New Orleans, something dropped. What followed will be brought out in the play. Some say John L. needed the money. Others solemnly affirm that within a short time after this last quarrel the only place he could wear the belt was about his neck.

Consequently Pat has appealed to the circuit court for an injunction restraining all persons from infringing upon the right of the "only real, true and accepted belt."

Now, it is partly up to John L. to identify his "champion" belt, of course, any jeweller can quickly determine which is the "810,000 beauty" and which is the "painted mass." But nevertheless it is for John L. to make the matter clear.

Now many are suffering from rupture and yet fail to properly treat themselves—they, in fact, believe that rupture is a disease without gravity. Unfortunately, they are mistaken. 100 often, terrible accidents occur, sometimes causing death.

Rupture is, in fact, one of the most dangerous infirmities known. If a rupture is not maintained, or is wrongly maintained—which is just as bad—it will most certainly increase, slowly or suddenly, until it reaches fearful proportions.

Then it will mean for the patient an impossibility to work and even to move. It will make all his body weak, and he will become an old person or an invalid.

But there is a more terrible danger; the strangulation; it is, in fact, one of the most dangerous infirmities known.

BROKE INTO HOUSE, CHANGED HIS OLD CLOTHES FOR NEW

Burglary in Maccan, N. S., Last Night—New Record Made Over the Humphrey Golf Links

(Special to Times.)

Moncton, June 20.—I. C. R. Pollockman Dunlop received word from Amherst during the night to watch the trains from the east for a man wanted at Maccan for housebreaking. Sometime last night someone broke into a Maccan residence and took a suit of clothes, a pair of tan shoes a gold watch belonging to a woman and a pair of gold-rimmed glasses. He made a change of clothing in the house leaving his old garments.

The 19th Field Battery C. F. A. in charge of Major S. B. Anderson left this morning for Sussex. Major Anderson will have about 100 men.

W. G. Ritchie, resident engineer, of the Moncton Tramways, Electricity & Gas Co., a crack golf player, yesterday established a record of 22 for the Humphrey Golf Club course. He also holds the record of 36 for Moncton links. He will probably play in the maritime championships at Truro in September.

CENTENARY BRINGS OUT NEW THACKERY WRITINGS

London, June 20.—(Canadian Press)—"The Cornhill Magazine," of which Thackeray was the first editor is publishing what is practically a Thackeray centenary number.

Various articles will make known new facts about the family and immediate ancestors of the novelist but the great feature will be the publication of two hitherto unknown manuscripts, the beginning of a story and a delightful fragment of what Thackeray himself entitled "Cockney Travels."

Both are contributed by his daughter, Lady Ritchie. They have been hidden in a mahogany dispatch box.

JOHN McMANUS OF FAIRVILLE DEAD BY TRACK

Thought He Sat Down to Rest on Way Home Last Night and Was Struck by Boston Train

John McManus, a respected farmer residing just outside of Fairville, was found lying dead beside the C. P. R. track in the vicinity of his home about 5 o'clock this morning by a C. P. R. crew of workmen. He was lying a few feet away from the track with his head on the side of his head. Coroner M. L. Macfarland was notified and after examining the body ordered removal to his late home.

Mr. McManus was a hard-working farmer. After supper last night he left home with a team of horses to haul some wood for a man named Shannon, who resides in Kingsville. It appears that he went to Kingsville all right, and after finishing the job, sent the horses home with another man. Where he went to after this is not known. As far as can be learned, however, he was on his way home and sat down on the railway track to rest for a few minutes, and while there was struck by an incoming train, presumably the Boston train, which arrives in Fairville about 11:15 at night.

When he did not return last night his wife started to search for him, but he could not be found. He had very seldom stayed away from home at night, and Mrs. McManus began to fear for his safety. She did not hear of his death, however, until his body was carried home this morning.

Besides his wife, six small children survive. Coroner Macfarland had not decided this morning whether or not an inquest would be necessary.

GOVERNOR CARLETON NAME OF NEW FERRY

Ald. Potts Suggested "Alderman" as the Name, But No One Seconded His Motion

The name of the ferry steamer recently purchased by the city will be the "Governor Carleton." Although it was the intention to name the "Carleton," it was found necessary to abandon this idea, because of the fact that a boat of this name was already registered in Ottawa, and according to the steamship act, this is not permissible. The matter was brought before a meeting of the city committee this morning and on motion of Ald. McLeod, the decision announced was arrived at.

A motion was made by Ald. Potts, but there was no seconder, by which if carried the new boat would sail under the name of "Alderman." In explanation of his idea the maker of the motion said it would be commemorative of the late year of the resignation of the seventeen members of the common council. To this one of the other aldermen present humorously replied that the acts of the council had been so illustrious that they would not be forgotten.

It was decided to authorize Supt. Waring and Inspector Dalton to go to Ottawa if it were necessary in connection with steamboat inspecting. A letter to R. S. Adams, of Ottawa, was read bearing on the matter.

Those present at the meeting besides the chairman were Ald. Potts, Elliott, McLeod, and J. B. Jones, with Supt. Waring and Mr. Wardrope, common clerk.

No more ashes to lug, no clumsy ash pan to spill dust and dirt on the kitchen floor.

The GLENWOOD ASH CHUTE solves the problem. It is situated just beneath the grate and connected by a sheet iron pipe straight down through the kitchen floor to the Ash Barrel in the cellar.

No dust can escape, just slide the damper once each day and drop the ashes directly in to the ash barrel.

This is only one of the splendid improvements of the plain CABINET GLENWOOD, the range without ornamental or fancy nickle. "THE MISSION STYLE" GLENWOOD, every essential refined and improved upon.

At least one-half of all GLENWOODS are sold through the enthusiastic recommendation of a satisfied user.

OURS IS THE GREATEST CLOTHING BUSINESS IN EASTERN CANADA! DO YOU KNOW WHY?

That we've succeeded in building up the greatest clothing business, not only in Saint John but in the entire country, is an established fact—a fact which is not even questioned.

You are probably aware of this fact yourself, but you should also know the reasons why we have reached the top. They are important reasons and are worth a little consideration on the part of any man who buys clothing. They show the advantage of buying it at Oak Hall.

1. Because the experience of thousands, covering a period of twenty-two years, has proved our clothing to be the best wearing of any to be had.
2. Because our clothing is made and sold directly to you with the middleman's profit eliminated from our prices. This means a saving to you of one-quarter to one-third from what other stores charge for the same grades.
3. Because our styles are absolutely correct and meet the approval of good dressers—especially young men.
4. Because our assortments afford a scope of choice that is without parallel. We not only have the right styles and fabrics, but we have more of them than you'll find anywhere else.

Worth investigating, before spending your money elsewhere, don't you think?
