Reparations Feature as Germans go to Polls on Sunday

LABOR REPARATIONS WIDENED

Marshal Suspects Fire Bug at Work in St. John

GERMANY WILL VOTE TOMORROW
Acceptance of the Dawes-Young Report is the Real Issue.
BITTER CAMPAIGN
Communists and Reactionaries are Expected to Make Gains.
BY CARL D. GROAT (United Press Staff Cor.)
Berlin, May 3.—German political parties wound up a bitter campaign today as the nation prepared to go to the polls on Sunday in elections for the new Reichstag.
As the campaign closed, it was apparent that the real issue was acceptance or non-acceptance of the Dawes-Young report as a basis for settlement of the reparations problem.
Reactionaries, terming the experts' report a "second Versailles," condemned the proposed programme as "subjecting Germany to new slavery," while the Government party and the Socialists advocated complete acceptance of the report as "the sole method of achieving peace." The Government accused the reactionaries of "wanting a new war" and Chancellor Marx coined this popular sentence: "We can't fight with canes and umbrellas, hence it is silly even to think of non-fulfillment of the experts' recommendations."
Ludendorff Threatened.
Conservative political observers said the election had translated itself into a battle between reaction and republicanism.
Earlier predictions that both the reactionaries and the Communists would show considerable gains in the election still hold good, but during the period since the Dawes-Young report was published it is apparent that the extremist tides have been stemmed somewhat.
Berlin authorities are already awaiting with anxiety the convening of the new Reichstag, probably about the middle of the month, as it is feared that the extreme Communists will utilize the occasion for riotous demonstrations, particularly against General Ludendorff, who is certain to be elected a deputy on the Volks party, "extreme nationalist ticket."
Predictions that Ludendorff will be assassinated if he appears in parliament are already being circulated.
Gains on both extreme wings, for the Communists and for the Volks and Nationalists, are expected.
For the purposes of the election the nation is divided into thirty-five election districts, which in turn are grouped into sixteen election units. Each election district has its sub-districts, like "wards" in America.
The voters have a wide choice, with between one and two dozen parties listed on the "unified ballot"—an innovation this year in comparison to the separate "party tickets" previously issued at the polling places.
All Over 20 Votes.
Germany has equal suffrage, and everybody over 20 years of age has a vote insofar as he or she does not belong to the army, is not a convict, is not insane, and has not been deprived of the honors of citizenship by a criminal process.
The woman's vote is expected to be heavy, but without unusual influence, as past experience here shows the women vote about as their men folk do—only perhaps slightly more reactionary.
Every 60,000 votes means one Reichstag deputy. A system has been devised for pooling partial electors in a district and again for pooling them in an election unit.
Forecasts indicated that the "right" parties would register a gain of thirty to forty more delegates, leaving the Folkist, Nationalist, Volksparty and Bavarian Folkparty block with about (Continued on page 2, seventh column.)

Coached Him in Law As He Shaved Them
Boston May 3.—Jimmy Guaragna, barber at a fashionable hotel here, who has just been admitted to the bar, admits that he owes his success largely to the assistance given him by Judges and others whom he shaved. He is twenty-eight years old, and has been plating his trade at the hotel for nine years.
Judge McCool, of the Probate Court, was one of the first in whom Jimmie confided his desire to become a lawyer. The judge coached Jimmie on some of the more difficult phases of his studies, while Jimmie took an interest in Jimmie's ambition. Still another was Charles M. Schwab, Major General Clarence McCall were among Jimmie's customers who encouraged him.

POSTAL EMPLOYEES ARE RESENTFUL
Ottawa Letter Carriers Discipline Their Two Representatives—No Word Yet.
Toronto, May 3.—Considerable dissatisfaction is expressed among postal employees that no official information is yet forthcoming from Ottawa regarding the reported offer of a salary increase. The letter carriers had a meeting at the Labor Temple last night when it was decided to do nothing until the federation executive had interviewed the Dominion Cabinet today. Feeling ran so high that a vote of want of confidence in E. V. Browning and J. Arthur, representatives of the men on the federation, carried by a practically unanimous vote. Having done this, it was decided to defer further action until after official information was received showing what increases had been granted. A suggestion that a strike of the men be taken to decide whether or not the carriers will call a strike on their own account was not favorably received. The general impression at the Labor Temple is that there will be no strike.

FIJI CHIEFTAINS ON WAY TO WEMBLEY
Distinguished Black Men Will Sail From Montreal Next Week.
Vancouver, May 3.—Hereditary chieftains of two of the oldest Fiji tribes, Ratu Ratu Ratu Ratu, O. B. E., and Ratu P. Yeli, reached Vancouver this afternoon, on board the R. M. S. Makura from Suva. These two burly South Sea Islanders, the former chief of the Fiji labor corps, and the latter chief of the province of Cakandova, the latter a member of the Fiji labor corps, are on their way to the British Empire Exhibition, in recognition of the golden jubilee of Fiji, and will sail from Montreal on May 9, on the Canadian Pacific steamer Montcalm.

OFFICIAL DROWNED IN VAT OF VODKA
Falls in During Desperate Battle Over Possession of Distillery.
London, May 3.—(United Press)—Fifty workmen seized the Lithuanian state distillery as part of a May Day celebration, with tragic results, according to the Rigga correspondent of the Daily Mail. Superintendent Radlin fell into a vat of vodka and was drowned, and 12 policemen and 20 workers were injured as the Lithuanians fought desperately to recapture the distillery.
The workmen, after making a huge dent in the vodka reserve, fought all the vigor desirable from intoxication, and hurled empty bottles at the police for some time before being driven out.

Bank Depositors May Invade Ottawa
Toronto, May 3.—At a meeting of a committee representing Toronto depositors in the Home Bank, held yesterday, it was decided to arrange for the sending of a large deputation to Ottawa in effort to secure relief from the Government.
The Home Bank liquidators reported yesterday only about ten per cent of the double liability money due had as yet been paid in.

Agra, India, May 3.—Lieut. Pelletier Doloy, French aviator, flying from Paris to Tokyo, arrived here today at 1:30 p. m., having made the 1,300 kilometers from Karachi, British India, in less than seven hours, despite fog and torrid heat. He expects to continue to Calcutta tomorrow.
Binghamton, N. Y., May 3.—A body believed to be that of Eleanor Aylesworth, 16-year-old high school girl for whom a nationwide search has been made since her mysterious disappearance from her home here February 26, has been found in the Susquehanna River nine miles west of this city.

RECENT CITY OUTBREAKS ARE PROBED
Man was Seen Crouching in Ogilvie Building Lobby Just Before Alarm.
NOT IDENTIFIED
Business Man, Entering Office, Saw Him in Corner of Entrance.
That a firebug is at work in St. John is the suspicion entertained by Hugh H. McLellan, fire marshal. As a result of investigations he held in connection with the fires in the Central Police Station building and the Ogilvie building he said today that he is convinced that both fires were set by some irresponsible person. He said that in both instances there were evidences of incendiarism and he is sparing no effort to bring the perpetrator to justice.
On the night the fire broke out in the Ogilvie building one of the firemen who has offices in the upper section hurried there to send word to friends regarding the outcome of the civic elections. When he entered the hall he noticed a man wearing an overcoat and a peaked hat sitting on a trunk in one corner near the entrance to the cellar. He said that he was surprised to find the man sitting there, and he hurriedly sent a message to the fire department. He was then followed by the man and he decided to investigate and when he opened the door of his office he was surprised to find the man sitting there. He hurriedly sent a message to the fire department and was then followed by the man and he decided to investigate and when he opened the door of his office he was surprised to find the man sitting there.

MAGISTRATE JAS. R. LAWLOR IS DEAD
Prominent Citizen of Newcastle Succumbs After Nearly Four Months' Illness.
(Special to The Times.)
Newcastle, N. B., May 3.—Newcastle today mourns the loss of one of her most active and prominent citizens in the death of Police Magistrate James Roger Lawlor, which occurred at his home here at 6 o'clock this morning, after illness since January 5, following an attack of pneumonia and pleurisy.
Born at Newcastle about 67 years ago, he was a member of the Newcastle Club for the last two years, had been a school trustee for many years. He took an active part in all sports, was president of the Newcastle Baseball Club, and was a member of the Newcastle Curling Club, and represented Newcastle on many outside committees. In his younger days he was one of the best rifle shots on the Miramichi. For many years he was an officer in the Newcastle Field artillery. He succeeded his father as registrar of deeds for Northumberland about twenty years ago, and in 1915 was appointed police magistrate.
Mr. Lawlor was a staunch member of St. Mary's Catholic church. He is survived by his wife, formerly Miss Mary, one son, John, a lawyer in Boston, and six daughters—Mary, registered nurse, New York, who nursed her father through his illness; Margaret, Ottawa; Corinne, Department of Marine and Fisheries, Newcastle; Dorothy, student nurse in Roosevelt Hospital, New York; Helen and Agnes, at home; also two sisters, Mrs. Thomas Hayden of Douglastown and Rev. Sister St. Alban, assistant mother general of the Congregation of the Holy Cross, St. John's, and two brothers, Patrick and Costigan of Eagle River, Wisconsin. The late P. A. Lawlor, K. C., of Chatham, was a brother.

General Electric Plans New Radio
Schenectady, N. Y., May 3.—The General Electric Company plans to erect in this vicinity during the coming summer a \$100,000 radio experimental station. The present station, WGY, in operation for two years, will continue entertainments and educational programmes. It was said, while the new station, not yet licensed, will be given over entirely to experimental work.

Babe of 2 Makes Ocean Trip Alone
Quebec, May 3.—Among the third-class passengers who disembarked here from the C. P. S. Montreal yesterday was Leslie Harding, aged two years, who is going to join his uncle at Montreal. A much longer journey is faced by Master James S. Evans, aged four. He will join his father at Peace River, Alberta. They traveled alone and were looked after by the ship's conductors.

Woman Charges Hair Fell Out After Treatment Given Her in Beauty Shop
New York, May 3.—The reverse of a hair-raising story was related by Mrs. Laura Brown, of Mount Vernon, to Justice Callaghan in the Supreme Court, in Queens. She said that on April 7, 1933, she went in to the hair-dressing shop of the Ogilvie Sisters, Fifth avenue, to get her hair bobbed and while there was induced to have a full course of beauty medication, which resulted in most of her hair falling out and in turning the rest a lurid pink. Because of the humiliation it caused her to meet her fiance and her friends, and because the mishap forced her to defer her wedding for months while her hair grew in, Mrs. Brown seeks \$25,000 damages.
Miss Jessie Ogilvie, of the firm, denied that Mrs. Brown's hair was ruined in her shop.

Window Washer Rises to Fortune
New York, May 3.—(By Canadian Press)—Another window washer joined the ranks of the comfortably wealthy when Jake Wiederhorn, East Orange, announced his purchase of two apartment houses in East Orange, and several dwellings. A few years ago Jake came to the U. S. from Austria.
Fortuna has blessed Wiederhorn even more than it did Panko Mattie Sokolowski, a Newark window washer who gained publicity recently through his purchase of a \$100,000 apartment house. Jake got both money and a valuable clientele. He washed the windows of some of the best homes in the Oranges, including that of Thomas A. Edison at Llewellyn Park.
Jake's family includes the misanthropic little Wiederhorn and himself. After setting the motor boat, the customarily salvaged papers and cases of liquor that had been thrown overboard. Among the papers were a large number of sections of playing cards carefully cut in a queer jagged shape. On these sections agents discovered such notations as "100 cases," "200 cases," etc.
The system was devised by the Rum Row skipper after he had lost valuable shipments of liquor to pirates. He now gets paid for all of his liquor in advance and gives part of a playing card, cut in a jagged shape and with the purchase of liquor noted on it in ink as the buyer's receipt. This transaction takes place in the Bahamas.
The skipper keeps the other part of the playing card, which also bears the notation of the amount of liquor sold. Some time after his arrival in Rum Row, according to the prearranged plan, the liquor purchaser sends a runner out in a speed boat to bring the liquor ashore. The runner has been supplied, either by mail or messenger, with the playing-card receipt for the liquor he calls for.
The wary skipper, standing armed on the deck of his boat, demands that this receipt be handed up over the side to him, and no liquor is lowered into the waiting runner's craft unless the jagged edges of the bits of card will fit together perfectly.

A FAMOUS SOLDIER HAS PASSED AWAY
Veteran of Red River, South Africa and Egypt, Sir Hugh McCalmont.
London, May 3.—(Canadian Press cable)—Major-General Sir Hugh McCalmont, a veteran of the Red River expedition in 1870, died here yesterday. He was a fine horseman and once rode a horse for a wager from New Bridge to Island Bridge barracks, Dublin, a distance of 2 1/2 miles, in an hour and 16 minutes, or four minutes with the time limit set in the wager.
Major-Gen. Sir Hugh McCalmont, who was knighted in 1900, was 76 years of age and was a native of Ireland. He was Conservative member of the House of Commons for North Antrim, 1895-99. He entered the army in 1865 and had a distinguished military career. In addition to service in the Red River expedition, he served under Sir Garnet Wolseley as A. D. C. in South Africa, 1879, and twice served in Egypt, taking part in the victorious engagement at Tel-el-kebir, the Nile expedition and the capture of Cairo.

Argentine in Throes and Violence Marks Start of Struggle
Buenos Aires, May 3.—(By Bryant Powers, United Press Staff Correspondent)—Argentine's general strike, effective throughout the country last midnight, was ushered in by violence as a bomb exploded in a coach of the southern passenger train leaving Buenos Aires, causing serious injury to a guard and lesser injuries to a number of passengers.
The guard suffered a broken leg. The strike was called by Socialists and labor unions as a protest against the new pensions law, which would allow all workers to retire on pensions from a government fund after 25 years of service.

Playing Cards Used as Receipts For Liquor In Rum Runners' Row

New York, May 3.—(By Canadian Press)—Torn playing cards, the sections fitting together like a jig-saw puzzle served the double purpose of a receipt and an identification card in liquor transactions carried on by the skipper of a rum-running vessel, customs agents discovered after the seizure of the motor boat K-10723. This method was devised to protect the cargo of rum from highjackers and rum pirates, according to information furnished by one of the crew of the seized motor boat.

GENERAL STRIKE Commons Still Discusses Budget

Ottawa, May 3.—(By Canadian Press)—The Senate will not sit on Monday. Debate on the budget will be resumed in the Commons by Hon. A. B. Hudson (Liberal, South Winnipeg).

War to Knife Say Vexed Liberals

Will Continue Budget Support, Then Seek to Oust MacDonald.
FLAT REJECTION
Asquith's Demand Defiantly Refused—Conservatives See Power Coming.
(Canadian Press.)
London, May 3.—Members of the Liberal party today made no effort to conceal their mortification and anger over the rejection in the House of Commons yesterday of the proportional representation electoral bill, which they declared was due to the vindictive action of about 80 Laborites.
These members of the government party were declared by the Liberals to have opposed the bill in resentment against what they regarded as the attempt of Mr. Asquith, the Liberal leader, to dictate to their party through his recent "ultimatum" to Premier MacDonald.
The Laborites themselves made no secret of this resentment and were quoted by Liberal lobbyists as saying they did not vote on the bill's merits, but for the purpose of hitting back at the Liberals.
The Liberal newspapers today are bitter in their comment, implying that when the budget, which the Liberals will support, is disposed of, it will be war to the knife between the two parties.
Elections Must Come Soon.
The Daily News says: "The result of a complete or even a partial breakdown of the Liberal-Labor understanding can only be a Conservative victory in the general election which is not likely to be long deferred."
London, May 3.—(United Press)—What is interpreted as a grave blow to the Labor party, and a step which brings a general election nearer in Great Britain, has come as a result of Labor's defiant refusal of a flat demand by the Liberal party to support their legislation.
The House of Commons on Friday rejected the proportional representation bill by a vote of 288 to 144, despite the fact that H. H. Asquith, Liberal leader, had written Premier MacDonald asking the Laborites to support the bill.
Arthur Henderson, Labor's Home Secretary, announced that the Government would leave the bill to a free vote, namely that it would not be instructed Laborites how to vote on the measure. The defeat followed.
Go Different Ways.
It is generally considered that the Liberals and Laborites have parted company as a result of the vote, and after the passage of the budget, the Liberals will obstruct Laborite legislation. General belief is that when they consider that the proper moment has come, they will join the Conservatives in defeating the Labor party and forcing a general election.
During the discussion on Friday a Liberal member interrupted Mr. Henderson with the cry: "All right, go on with it." Henderson defiantly answered: "When a Government fails to take a certain course this threat is hung over it. We are governing under circumstances more difficult than those faced by any government in history."
Then, in a more conciliatory manner, he explained the reasons why it was impossible for the Government to give the bill official support.
In reality the bill providing for proportional representation in elections was made a test case in order to feel out Labor sentiment toward the Liberal party. Nearly 100 Laborites, including some members of the Government, voted against it.
The Liberal party will hold a meeting next week to decide on its course of action. The budget is so popular that they would not venture to try to defeat Labor until the budget is passed. (Continued on page 2, fifth column.)

Tattooed Girl To Mark Her as His
Ford Edward, N. Y., May 3.—(By Canadian Press).—Deserted by Floyd Pettit, after he had tattooed her to show that "she was his for life," Hazel Miner Harris, eighteen years old, was arrested by the police who sought Pettit for the burglary of a local store.
Mrs. Harris told the police that one day, when he had professed his deep love for her, Pettit lashed her to a tree, tattooed his initials upon her cheek and tattooed arrows, on her forehead and nose. She said there was no need to tie her, for she would have submitted to the tattooing to prove she "intended to be his for life."
She was arrested in Pettit's tent on the bank of the large canal.

AUSTRIA MAKES GOOD RECOVERY
The recovery reported in Austria, both as to the banking and general economic situation, has been more rapid than had been generally expected. Under the scheme drawn up by the League of Nations, according to the London Morning Post, but it is pointed out, the results did not come along the lines anticipated, but were due rather to the high level of expenditures. According to the opinion, this is due to the high level of internal expenditure and consequent activity in trade with resulting stimulation of imports of dutiable articles, thus expanding receipts.

Approach to Mastery Over Insanity, Old Age and Other Ills.
Washington, May 3.—Science is approaching mastery over insanity, old age and other ills through study of the endocrine glands, which secrete the means for their control, Dr. William J. A. Bailey of New York, declared in a paper read before the Division of Chemistry of Medical Products of the American Chemical Society.

Another Claim Is Made For Science
Describing development of basic knowledge about endocrine radiation with the gamma ray as being of transcending importance to the human race, Dr. Bailey, who is director of the American endocrine laboratories, declared, "We have cornered aberrant disease, old age, and, in fact, life and death themselves in the endocrine."

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN
Was 58, Now Only 30, Creates Sensation

"Black Oxen," at Imperial, a Startling Fiction of a Rejuvenated Woman—Monday's Attraction.

During the Great War an Austrian noblewoman, the Countess Zlatyany, who was worn to the point of death almost through constant hospital services, submitted to the Dr. Steinhilber's treatment in restoring youth and vigor. Happily she was rejuvenated to her thirtieth year, though in actual life she was fifty-eight. Returning to her native New York she creates a tremendous sensation amongst former friends of both sexes. Jealousies, accusations, misdeeds and rivalries at love story, the last mentioned with grand-daughters of her former associates. A newspaper specialist (Conway Peck) became interested in this dual personality. Indeed he falls in love with her, but this thirty year old body with a fifty-eight year old head holds his advances at arm's length—an interesting plot. This new love-story is a masterpiece of the theory of love-making. The lover is persistent but a new lover appears, an Austrian prince who begs his old-time sweetheart to return to the fatherland and become a marvelous double life to reconstruct the social and political fabric of that shattered land. So the Countess Zlatyany (Conway Peck) stands exclaiming "This new love-story is a masterpiece of the theory of love-making. The lover is persistent but a new lover appears, an Austrian prince who begs his old-time sweetheart to return to the fatherland and become a marvelous double life to reconstruct the social and political fabric of that shattered land. NO OPERATION FOR HER

She Took Lydia E. Pinkham's Vegetable Compound and Escaped the Operation Doctor Advised

Louisville, Ky.—"I wish to thank you for what your medicine has done for me. I was in bed for eight or nine days every month and had a great deal of pain. The doctor said my only relief was an operation. I read of Lydia E. Pinkham's medicine and tried the Vegetable Compound and the pain was gone. I feel fine all the time now, also am picking up in weight. I will tell any one that your medicines are wonderful, and you may publish my letter if you wish."—Mrs. Ed. BORNHANS, 1150 Ash St., Louisville, Ky.

Backache, nervousness, painful times, irregularity, tired and run-down feelings, are symptoms of female troubles, Lydia E. Pinkham's Vegetable Compound should be taken whenever there is reason to fear such troubles. It contains nothing that can injure, and tends to tone up and strengthen the organs concerned, so that they may work in a healthy, normal manner. Let it help you as it has thousands of others. Lydia E. Pinkham's Vegetable Compound is now selling almost all over the world.

WANTS N. B. POTATOES.

Newfoundland is looking to New Brunswick to supply potato seed for at least a portion of this season's potato crop, says the Frederickton Gleaner. Formerly Prince Edward Island supplied the greater bulk of Newfoundland's imported seed stock, but conditions this year have apparently forced the potato growers of the island to go farther afield. Recently a communication was received by the Soils and Crops Division of the Provincial Department of Agriculture seeking to arrange for the purchase of at least one carload of New Brunswick's best seed stock for immediate shipment. Arrangements are being made to meet the request.

WASHING LACES.

Wash laces, veils, and delicate lace fabrics in water, using gum arabic to stiffen them, if they seem to have lost their original freshness.

WASHING SOLUTION.

Heat a pound of soap in four gallons of water over a low fire, then add a pound of soda. This will make an excellent solution for soaking clothes and for washing when the water is very hard.

Keep your beds out of corners or alcoves if possible so they may be kept free from dust. Dust invites vermin.

Have Shapely Feet Unmarred by BUNIONS

FASHION and comfort demand that feet fit snugly into the dainty pumps of today. There must be no hump to mar shapely feet—no racking torture to upset comfort. Bunions are unnecessary and dangerous. You can remove them quickly, harmlessly, pleasantly with the new, marvelous solvent, Pedodyne. Pedodyne stops pain almost instantly, banishes the distorting hump, and relieves the swollen burning sensation.

SENT ON TRIAL.
Write today and I will gladly arrange to send you a box of Pedodyne Solvent for you to try. Simply write and say "I want to try Pedodyne." There is no obligation.

The Motor-Wise and Money-Wise are turning to the Knight

Men who have driven different makes of cars and who have learned what to look for, are turning to the Willys-Knight. They have tired of annually trading in their old cars for new ones—and have made up their minds finally to own a car they can keep and enjoy for years.

Years only season the Willys-Knight. The longer you drive it the more you are proud of it. The wonderful Willys-Knight sleeve-valve engine is quiet as a whisper—and it actually improves with use!

Willys-Knight owners report 50,000 miles and more without ever a mechanic touching the engine. You may never want to drive all over the map, as many Willys-Knight owners do—but it is a mighty big satisfaction to own a car with an engine that has never been known to wear out. Certainly a wonderful investment!

There are seven beautiful Willys-Knight models, ranging from the roadster with its long, graceful, sweeping lines to the sedans, distinctive and luxurious, each priced within reach of the man of moderate means.

MORE PORT BUSINESS

A good illustration of practical work in interesting British and Canadian manufacturers and shippers in sending their freight through St. John instead of through American ports is given in the Times' news columns today.

In December last Messrs. Manchester Robertson Allison, Ltd. addressed a circular letter to about a thousand manufacturers and shippers, in Canada and Great Britain.

There is no excuse for those Canadians who are showing signs of despair, real or affected, over the exodus of Canadians to the United States, and there is equally no excuse for those who ignore our loss of native population or refuse to regard it as a serious issue.

Press Comment

GOOD OUT OF EVIL

(Kingston Whig.) Warfare is rapidly being made impossible for mankind for the very reason that it is being made so deadly.

GLARING MOTOR HEADLIGHTS

(Hamilton Spectator.) The menace of glaring headlights has again been grimly stressed. An automobile driver, blinded by the beams from an oncoming car, drove his load of human freight into a fence on the side of the Kingston Highway, near Pickering.

PROVISION FOR PLAY

(Smith's Falls Record-News.) A visitor to Smith's Falls this week made the remark: "You have a splendid looking town with good wide streets, but you don't seem to have made any provision for your children to play."

A HOT RETORT

(Victoria Colonist.) Stinging rebukes have come from both press and bench because Mr. E. J. McMurray, the Solicitor-General of Canada, has remitted the portion of a sentence on a bank robber which involved the application of the lash.

RED CROSS OFFICE MOVING

The office of the Provincial Red Cross is now moving from 160 Prince William street to Jarvis William and Church streets.

THOSE PREFERENCES

(Toronto Globe.) Canadian interest in the British Budget is concerned chiefly with the abolition of the McKenna duties, and with the preference that has been assumed for the importation of the Canadian export trade in motor cars.

lain, proposed a preference of one-third on commodities made dutiable in the McKenna Budget when imported from British countries. The admission of Canadian-made motor cars at a duty of 22 2/3 per cent, compared with 33 1/3 per cent, against United States products, gave an immediate stimulus to the motor industry in this country.

There will be disappointment but no surprise or complaint in Canada over the Chancellor's refusal to ratify the preference proposals of the Baldwin Government submitted last year to the Imperial Economic Conference.

MORE MONEY THAN WOULD BUILD AND PAY FOR THE ADMIRAL BEATTY HOTEL

Is What the New Brunswick Power Company Has Distributed in St. John Since Its Organization.

Perhaps the matter has not appealed to our fellow citizens and brother and sister tax-payers in this light before.

But is a fact.

Our annual pay-roll in St. John, as we have shown in previous talks, is more than \$300,000. And this goes on year after year.

We have paid the City, in taxes, more than \$300,000.

For street paving and snow removal, our total payments to the city have amounted to nearly \$200,000.

So when we state that, since the Company was organized, we have distributed in St. John more than enough money to build and pay for the new Admiral Beatty Hotel, we are well within the mark.

And this amount does not include the large sums we spend, every year, in St. John for supplies; nor what we pay in taxes to the Province of New Brunswick and the Dominion of Canada.

That is why we say, in the final analysis, our interests are mutual. Your business enables us to do this; without your business we could not fill the large place in the industrial and commercial life of the city that we do fill.

Real dollars that travel around St. John; genuine home builders. Why not keep them on the rounds?

Your contract for electricity is all we ask; we can do the rest. And we can serve you as cheaply as anyone else—regular, assured, certain service.

Again we ask: isn't ours a real worth-while proposition?

REINDEER SAVE
ESKIMO BOYS

Form Wall of Antlers as
Bear Seeks to Get
at Lads.

Anchorage, Alaska, April 4.—(By mail)—Evidence of reciprocal protection between men and animals came to light at Cantwell, where big reindeer herds are ranging under the supervision of the United States Biological Survey and Eskimo herders. Several Eskimo boys had been standing guard over a herd to ward off wolves and other predatory animals. The boys were sitting idly while the herd grazed when a monster brown bear, followed closely by her yearling cub, rushed out of the woods. The boys saw no refuge and to outrun the bear was impossible. Sensing the only means of escape, they headed straight for the herd, with the mother bear in close pursuit. The reindeer, which ordinarily would have taken the running approach of the eskimos as a signal to move forward, scented the danger. Instead of fleeing, they turned, as if by some primitive command, and the big buck rushed forward to meet the boys and bears. At the same instant the does called their fawns to their sides and huddled together. The Eskimos shouldered their way into the middle of the herd, watching the elemental manoeuvres of bear and reindeer. The monarchs of the herd stood with antlers pointed forward and the bear swerved, milling up and down as if looking for an opening. The bucks turned with the motions of the bear, their sharp antlers forming a barrier of bayonets. Finally, realising it was impossible to snatch a fawn or an Eskimo, the great bear and her cub retreated. The herd relaxed, and the Eskimo boys emerged to resume their vigil.

WEDDINGS

DeYoung-Thompson.
The marriage of Mrs. Maud Thompson, daughter of Mr. and Mrs. Charles King, of Portland, Me., and James DeYoung, of Georgetown, P. E. I., was solemnized last evening at St. Mary's rectory, Waterloo street, by Rev. R. Taylor McKim. The bride and groom were attended by Miss Beatrice Dunphy and Amos Northrup. They will take a honeymoon trip on Mr. DeYoung's ship which is going to Farrisboro, N. S., and will afterwards reside in Sewell street. Many friends extend good wishes.

DEATHS

Marion Lawrence.
Marion Lawrence, field secretary of the World's Sunday School Association, died yesterday morning at Portland, Ore., at the age of 74. News of his death reached St. John in a telegram addressed to L. W. Simms and has brought great regret to many friends of the eminent leader in Sunday school endeavor. Mr. Lawrence was in St. John for the golden jubilee of the Maritime Religious Education Council, in 1921. He had visited this city on previous occasions. Many leaders of religious educational endeavor in this city and province have attended meetings at which Mr. Lawrence was one of the chief speakers. He was possessed of a vigor, versatility and genius that brought him to the forefront in his chosen work. He was a born orator and a man of such warm sympathy and kindly personality that his eloquence was made doubly forceful. He had visited almost every corner of the civilized world and there are few men to whom it is given to make so many and such firm friends. Sunday school leaders held him in admiration and sincere regard and the Sunday school children who heard or met him never forgot the kind friend and counsellor. Mr. Lawrence had been planning to attend the Sunday School Convention in England this year. His death was quite unexpected by his friend in the Maritime Provinces.

Mrs. John W. Hornbrook.
The death of Mrs. Annie Eliza Hornbrook, wife of John W. Hornbrook, occurred at her home in Benford street, this morning after an illness of about two months' duration. She leaves to mourn one son, Norman A., and one daughter, Mrs. G. Harvey Tapley. She was a member of the Church of England. Mrs. Hornbrook was a daughter of the late Samuel and Mary Arnold, of Sussex, where she was born 78 years ago. One brother, Horatio Arnold, St. Stephen, also survives.

Hon. George Carter.
The death of Hon. George H. Carter, of Chelsea, occurred on Thursday, April 24. He had been at times a

SEWING CIRCLE MEETS.

The sewing circle of the Dominion Lodge, No. 18, L. O. B. A., met Thursday evening at the home of Mrs. T. H. Geldart, 18 Harding street. A social hour was spent after the sewing and various kinds of entertainment enjoyed. Delicious refreshments were served by the hostess assisted by Mrs. T. Bird. Those present at the meeting were Mrs. J. Brown, president; Mrs. J. Evans, Mrs. F. Lodge, Mrs. J. L. Land, Mrs. T. Vallis, Mrs. A. McKinnon, Mrs. E. Whelpley, Mrs. Thomas Bird, Mrs. Thomas Rogers, Mrs. L. Stacey, Mrs. A. Pickles, Mrs. Clifford Atkinson and Mrs. L. E. Patkinson.

SOON PUTS OUT FIRE.
A chemical engine responded to a still alarm yesterday afternoon for a slight fire in the premises of Dr. Louis J. Fleming, 44 Union street. The blaze was quickly extinguished. The damage is reported to have been slight.

RAILROAD RATES LOOM UP AGAIN

Question, Thought Suppressed, Will Not Stay Down in U. S. Congress.

Washington, May 3.—(By Canadian Press).—Although Conservative leaders of the Republican and Democratic parties thought they had the railroad question suppressed for this session of the United States Congress, the subject has come to the front in such vigorous fashion that it looks as if it will be impossible to let it go unnoticed.

Farmers and other advocates of rate reduction are raising such a demand for action calculated to lower rates that the Senate interstate commerce committee is not only conducting hearings but is practically certain to report out important recommendations for overhauling the existing railroad law, known as the Esch-Cummins transportation act.

Predictions now are that the Senate interstate commerce commission in fixing rates. It contains a provision, which the farmers denounced as a guarantee, which requires the commission to fix rates such as will yield the

Beauty

A Gleamy Mass of Hair

35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance. While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of delightful, refreshing "Danderine" at any drug or toilet counter and just see how healthy and youthful your hair becomes.

roads as a whole or by groups a reasonable net return. It is charged by the agricultural bloc and farm representatives generally that this has also to increase the difficulty of getting the interstate commerce commission to allow reductions. Restoration of the powers of the state railroad commission, powers which were curtailed by the Esch-Cummins transportation act, will probably be recommended by the committee. The committee has recommended a resolution to recognize agriculture as a basic industry entitled to reductions of freight rates such as will enable agriculture products to move freely. The railroad interests are fighting tooth and nail to prevent any disturbance of the transportation act.

THE LAND OF RED DAISIES.

The wizard's daughter looked with surprise. "I'd like to go to the Land of Red Daisies!" said Nancy. "All right," answered Mister Muggs, the fairyman. "There's the red pig now. Jump into the car, kiddies, and we'll follow him. The way to the Land of Red Daisies is a secret, but this pig is a great friend of mine and he goes to find out what the red wizard is doing. The red wizard is the ruler of the Land of Red Daisies, and between you and me, he is generally up to mischief."

Motor cars lined the street and hundreds of ladies called upon Mrs. J. B. M. Baxter yesterday afternoon at her residence, 64 Dufferin Row, West St. John, taking advantage of the glorious day to do the bride honor at her post-nuptial reception. Mrs. Baxter was lovely in a gown of oyster white crepe remaining, with pearl embroidery and pearl ornaments. She wore a most becoming Spanish comb set with rhinestones. Mrs. Arthur Coster, mother of Mrs. Baxter, who received with her, was handsomely gowned in black chiffon velvet, with rare old lace. The drawing room was massed with snapdragons, shading from white to pale yellow and bronze, with the same flowers in apple blossom shades, deepening to rose pink. The living room was in yellow and mauve, carried out with tulips, set in green wicker baskets, with mauve sweet peas, pansies and a background of ferns, making a veritable garden in the room, finished in shades of grey and yellow. The dining room was in white and yellow, snapdragons being arranged in silver

baskets and yellow candles in silver candlesticks. Mrs. Charles Coster, aunt of the bride, in grey velvet and hat to match and Mrs. E. R. Taylor, in blue beaded gown with chic hat to match, presided over the tea cups. Miss Jennie Clark in grey georgette and black lace hat, and Miss Mabel Thompson, in

Those serving were Miss Elizabeth Beattay, in black and silver gown and smart hat; Miss Lois Coulston, in grey Canton crepe, beaded in blue and silver, and fashionable French hat; Miss Aileen Coulston, in mauve and silver Canton crepe, with grey hat and Miss Florence Coster, sister of the bride, in sapphire velvet gown with pretty black hat. More than 400 guests called during the afternoon.

Miss Kathleen Alexandra Blizard, daughter of Mr. and Mrs. George S. Blizard, 88 Simonds street, was among those who graduated from St. Luke's Hospital, New York, on Thursday, April 28. Miss Blizard was a St. John High School girl and graduated in 1918, winning the Ellis gold medal. She will remain in New York to complete her time of training of two years and six months. "We have cheaper teas, madam, but I think you'll find 'KING COLE' is worth its price." So said a wise grocer recently to a questioning customer. He was there not merely to serve her, but to serve her well. He might please her purse with the cheaper article but her final judgment of his service would be on the quality of the tea supplied. He wanted a satisfied customer. This was one of the many merchants using "KING COLE TEA" in their own homes, and so he could say with sincerity: "It is worth the price."

Merchants' Boost of St. John Port Meets Ready Response For Business Growth

How much has already been done to encourage the shipping of import and export traffic through the Port of St. John is shown clearly and strongly by some facts presented on this page today.

And—mark this well—that which has been done should open the eyes of our people to how much more can be done by an organized campaign among shippers and manufacturers in Canada, in Britain, and elsewhere in the Empire, showing them the patriotic and business advantages of sending their goods through this port, and not through American ports, telling them of our facilities, our great dry dock, our favorable railway and steamship connections, and the value of this harbor as the natural winter door-way of Canada.

The wonderfully favorable replies received from British and Canadian shippers to whom circular letters were sent by Manchester Robertson Allison, Ltd., after the opening of the Dry Dock, together with copies of The Telegraph-Journal's Shipping Edition, proves that much good has been done in so advertising the port and getting additional business for it.

The very character of the replies, the friendly interest shown, the willingness, in some cases the eagerness, to use this port, must surely suggest more and greater efforts along the same line—by individual merchants, by advertising, by the Common Council and the Board of Trade.

In short, the letters and facts presented

herewith confront the community with an opportunity to give this port a much larger place on the map than ever.

To put the Port of St. John in the mind of every man who ships, or can influence the shipping of goods into or out of Canada—that is an enterprise that will pay big dividends.

In December last Manchester Robertson Allison, Ltd., sent to about a thousand of the large manufacturers and shippers of Canada and Great Britain a four-page circular letter, containing outstanding facts about the port, and accompanied by copies of The Telegraph-Journal's Shipping Edition.

Replies to that letter, showing the harvest reaped are printed on this page.

THESE ARE FROM BRITAIN

Following are extracts from letters received by M. R. A. Ltd., St. John, in acknowledgement of Circulars sent December, 1923, to British Shippers to Canada:

FROM LIVERPOOL.

From The Meadows & Co., Ltd.
"We have received your circular letter of December, regarding the use of St. John, N.B., and have noted the various remarks in same.
"We use your port very extensively now for shipments to Canada and our experience of your port is that the service is quite first-class."

FROM LONDON.

"We are very much obliged to you for your circular letter enclosing a copy of The Telegraph-Journal and Sun of your city for Monday, Oct. 29th.
"It has been a pleasure to read of the constant development of the port of your city, and we in our small way will certainly ship all the goods we can through St. John."
"We have to thank you very much for the copy of the Telegraph-Journal of October 29th, which duly came to hand and which we have perused with much interest."
"We would certainly like to offer our congratulations to St. John on its fine appearance, docks and general enterprise, and must not forget the paper you have sent us which is a finely got-up production."
"Thanking you again and wishing you all success to your city and yourselves."

FROM BRADFORD.

"We are exceedingly obliged to you for the interesting publications that you sent us, and your accompanying letter dated December last. We ourselves use the Port of St. John at every opportunity."
"With hearty good wishes for the prosperity of St. John and Messrs. M. R. A. Ltd., in particular."

TROWBRIDGE, WILTS. (WEST OF ENGLAND).

"We are in receipt of your printed communication from Canada, and beg to thank you for having sent us a number of illustrated papers dealing with matters in connection with the Port of St. John.
"Certainly we shall have much pleasure in routing our goods through port in question, although, of course, in special cases some of our American clients stipulate for certain routes of their own to be used."

FROM CARLISLE, ENGLAND.

"Many thanks for copies of The Telegraph-Journal forwarded by you.
"We are extremely interested in the development of the Port of St. John, N.B., and may say that we have already found your CANADIAN CITY ONE OF THE BEST PORTS OF ENTRY INTO THE DOMINION OF CANADA.
"A considerable amount of OUR EXPORTS TO CANADA AT PRESENT SHIPPED VIA ST. JOHN AND WE HOPE TO BE ABLE TO INCREASE THESE SHIPMENTS AS THE TRADE DEVELOPS IN THE NEAR FUTURE."

FROM LEEK, STAFFORDSHIRE.

"We are in receipt of your circular letter dated December, 1923, re shipment of goods via St. John and we will utilize this route wherever possible, as we are interested in anything which will benefit both Canadians and Britishers."

FROM NOTTINGHAM.

"We wish to thank you very much for sending us a copy of The Telegraph-Journal of October 29, giving the first complete account we have seen of the wonderful dock developments in St. John.
"As one who has used the Port of St. John on numerous occasions the writer is extremely interested to read of the city's development and to note also that the new Admiral Beatty is expected to be completed in the late autumn of this year.
"There is no doubt the Hotel accommodation at St. John has been very inadequate for the city's importance as an Ocean Terminal and the writer looks forward to booking at the new Hotel this next visit, as this is due for the end of November next.
"You have certainly got the right people interested in this scheme, and the new venture is sure to be a success.
"Asking you to accept the writer's personal congratulations and best regards."

FROM LUTON.

"We thank you for your circular and newspapers referring to the Port of St. John, and we quite agree with your efforts in this direction, and in these days it would seem that the Dominions and the Old Country should pull together in the same boat, with the same goal in view."

FROM MANCHESTER.

"We wish to thank you for sending us a copy of The Telegraph-Journal with its interesting account of the development of the Port of St. John, and ALSO TO SHOW IT TO ANY OF OUR FRIENDS WHO MAY BE INTERESTED IN THE SHIPMENT OF GOODS TO CANADA."

FROM MANCHESTER.

"We are very much obliged to you for the copy of The Shipping Edition of The Telegraph-Journal which you have been good enough to send us, and which we have read with very great interest.
"We certainly realize the advantages that the Port of St. John, N.B., offers for all the year round shipments from this country, and you must rest assured that we shall take full advantage of it whenever the opportunity occurs."

FROM MANCHESTER.

"We are very much obliged to you for the circular letter dated December, 1923, calling our attention to the routing of goods through St. John rather than through American ports, and we are obliged to the copy of The Telegraph-Journal, both received from your London office.
"In reply we beg to assure you we will do all we can to pass goods through your port as opportunity offers."

FROM HUDDERSFIELD.

"You have kindly sent us copies of The Telegraph-Journal from St. John. This kindness is very greatly appreciated and the papers have been looked upon with interest by many people on this side."

FROM LEICESTER.

"We were very pleased to receive the newspapers which you so kindly sent us and also leaflet with regard to St. John, N.B.
"You have kindly sent us that for our part we ship all our Canadian goods to either Montreal or St. John, but in the winter months, of course, it is always St. John, and there is no fear of our routing Canadian goods through U. S. A."

FROM LEICESTER.

"Many thanks indeed for your communication with reference to the Port of St. John also for copies of The Telegraph-Journal dealing with the same subject, which writer finds, in view of his Canadian trip, intensely interesting. It does not affect us, however, to any extent as up to the present time none of our goods to Canada have been sent through any of the American ports, owing to the fact that the time saved in transit is nullified by the elaborate and long customs formalities. Now in view of the splendid facilities in existence, even if these formalities were eliminated, we should never for a moment dream of patronizing American institutions to the detriment of Canadian enterprise.
"Our traffic for the Dominion, unless specially routed by consignee, is shipped via Liverpool to either St. John, N.B., or Halifax, N.S. or Quebec-Montreal and the former is invariably used in the winter months, owing to the presence of ice in the St. Lawrence River.
"We deeply appreciate your kind consideration in sending the papers for our perusal, and there is credit due to everyone connected with the scheme in attaining such a splendid position in so short a time, a record we should think for a new country, and with the heartfelt wishes for the prosperity of the port and Canadian commerce generally, believe us to remain."

FROM LEICESTER.

"May we take this opportunity of thanking you for sending us copies of The Telegraph-Journal which make very interesting reading. We are carefully perusing same and have taken note of your request to route all shipments through the Port of St. John. Messrs. T. Meadows & Co. are our shipping agents and we are wishing this matter before them."

FROM LONDON.

"We are very much obliged for your circular letter and for the Canadian newspapers you enclose.
"Your suggestion that routing of goods through the Port of St. John, rather than through American ports, will be placed before the attention of our Export Manager.
"We certainly wish St. John every prosperity and sincerely trust that the enterprise and its citizens may be crowned with success."

LETTER FROM MANCHESTER ROBERTSON ALLISON, LIMITED.

Saint John, N. B., Canada
New Brunswick Publishing Co., Ltd.,
St. John, N. B.
May 1, 1924
Gentlemen:—

As you told us sometime ago that you would be interested in reading some of the acknowledgements which we might receive from the recipients of the circular letter which we sent out to about a thousand of the large manufacturers and shippers in Great Britain and Canada of the goods in which we deal and a corresponding number of copies of the shipping edition of The Telegraph-Journal published at the time of the opening of our Dry Dock, we are complying with your request by sending you some extracts from only a few of the many which have been received by us.

We have segregated those sent us from Great Britain and Canada, and, on perusal, we think you will agree with us that the interest shown, by them all, in the advancement of the Port of St. John in its increasing facilities for handling the Winter Port trade of Canada, as well as its just and well-earned share of the all-the-year-around shipping business, is quite remarkable and refreshingly illuminating.

It seems remarkable because we really did not expect that such an earnest interest would be shown as is evidenced by the tone of these letters.

It is illuminating from the fact that it shows so plainly the unanimity of good feeling there is in the Mother Country, and in Upper Canada as well, for us in St. John, and that they realize the need there is for all within the Empire to stand by each other in mercantile as well as other exploits.

It is refreshingly so, because we in St. John, just at this time, may not feel just as optimistic regarding the future as perhaps we may have cause to be. But, to our minds, the very and most important fact learned from this modest effort in publicity for the Port of St. John is that in these replies there has not been one that evinced any other than a sincere desire to do as they were asked to do, viz: "ship thro' St. John rather than American Ports," and we did not know of this willingness to do so until we had asked them!

Further, not one raised any objections by alleging differences in charges at the Port of St. John as against more favorable conditions thro' Portland, for instance; but several mentioned conditions as much more favorable to the Port of St. John and against American Ports. Therefore it looks as tho' there do not exist sufficiently good reasons for side-tracking St. John and patronizing American Ports at the expense of the Canadian ports and people whose money has been and is building up those American port facilities, and we believe that the sooner the Canadian railroads and those in whose hands the government of the country rests realize these truths, and the fact that our staunch British merchants and our loyal Canadian brothers in the Upper Provinces—according to these letters we send you—are of the opinion that they would rather ship by St. John than thro' American ports, the better it will be for the whole of Canada—not to mention St. John alone.

Therefore, does this not logically follow, that one thing we in St. John must do is to continue to ask shippers in Great Britain and Canada to use the Port of St. John rather than any American ports?

And who better than those in St. John who are the customers of those to be asked can put the question, "Will you route your goods thro' the Port of St. John?"

Suppose every St. John merchant when buying merchandise made this a condition every time he placed an order with any one who exports goods from Canada or imports into Canada?

You will also notice among these extracts from letters that allusion is made to the Admiral Beatty Hotel and the need there is for more accommodation in St. John as an Ocean Terminal. We sincerely hope the citizens realize that this is so and that they will support the project by subscribing liberally for the stock thus setting an example to their fellow-citizens and showing the outside world their faith in the future of their own town and helping to add one more step in the progress St. John is making as a world port and an attraction to tourists.

Yours very truly,
MANCHESTER ROBERTSON ALLISON LIMITED.
Walter C. Allison
President.

THESE ARE FROM CANADA

FROM HAMILTON.

"We want to acknowledge receiving a copy of the Oct. 29th issue of St. John Telegraph-Journal and which contains a lot of interesting information regarding St. John, with particular reference to the ocean port facilities, and its new dry dock."

FROM TORONTO.

"This information is very interesting and we are sure that you are aware that we have been using the port of St. John in as far as possible, with all our European shipments. In this connection we shipped two carloads via St. John in December, one carload is going this month and we have orders for other carloads to follow in February and March.
"The writer also believes that you are aware that he personally became very active on his return from the Maritime Provinces last Spring regarding the use of the port of St. John by Canadian Manufacturers and he has been advised by the Hamilton Chamber of Commerce that their activities in reference to their attention by him, was largely responsible for a lot of the activity that there has been regarding this matter since that time."

FROM TORONTO.

"We beg to acknowledge your letter of December which has just come to hand and also copy of The Telegraph-Journal which we appreciate very much. We have looked through the issue with great interest, and are sure that all it contains does not do more than justice to the City and Port of St. John.
"We compliment you on the co-operative interest, and are pleased to advise that OUR GOODS ARE BEING ROUTED VIA ST. JOHN AND THAT WE ARE GETTING GOOD RAIL DELIVERIES FROM THAT POINT TO TORONTO."

FROM TORONTO.

"Thanking you for the literature which is of genuine interest and wishing you prosperity throughout the year."

FROM TORONTO.

"We wish to acknowledge and thank you for the copy of The Telegraph-Journal commemorating the installation of the great dry dock which you have at St. John, which we have read with interest.
"We also wish to acknowledge your circular letter showing your window display which must have created great interest in describing the facilities of St. John as a port."

FROM TORONTO.

"We ship a number of machines to England and other countries in the Empire and shall be pleased to have these routed through St. John whenever possible. If we can use our influence on other manufacturers, friends of ours to do the same, we shall do so."

FROM TORONTO.

"We are in receipt of your copy of paper giving the information regarding the opening of the new dry dock, and we thank you for sending same.
"We had already, a few days after the ceremony, received a copy of the paper and were very much interested and feel this ought to be a benefit not only to St. John but to the whole of Canada."

FROM TORONTO.

"Your copy of the St. John Telegraph-Journal received, which we have read with great interest and satisfaction.
"We are sure that the installation of the largest Dry Dock in the World being now at St. John is very gratifying.
"It may interest you to know that Canadian ports have been exceptionally interesting to us since our re-establishment here. After surmounting a considerable amount of

difficulties, we are now pleased that the bulk of our shipments are now arriving at Canadian ports.

"We take this opportunity of extending to you our best thanks and appreciation for the information sent, and with best wishes for your continued success."

FROM TORONTO.

"I want to thank you for your kind courtesy in sending me a copy of the St. John Telegraph announcing the opening and describing the new Dry Dock at St. John. I want to compliment the City of St. John on the completion of this fine work. It is a credit to the enterprise of her citizens, and it should redound to the credit not only of St. John but also to the whole of Canada."

MONTREAL.

"We are in receipt of a copy of the 'Shipping Edition of the St. John Telegraph-Journal, and wish to thank you for your kind remembrance in sending us the same.
"The writer has read many of the articles contained therein with a great deal of interest, and has a great many more to read, all of which bespeak the industries and enterprise of a Province that we are very keenly interested in."

"It may interest you to know that some years ago we have given instructions to our shippers on the other side that all our goods be shipped during the winter months through Canadian ports."

HAMILTON.

"We are in receipt of your circular letter relative to St. John as an ocean port, and also special edition of the St. John paper which we have found of interest. We are routing all our import shipments through St. John throughout the winter months, and at no time of the year through any American ports. We have not, nor have we any doubt of the continued growth of your City as the great year round port of Canada."

FROM TORONTO.

"We are in receipt of your circular in reference to routing goods via Port of St. John, and quite agree with sentiments therein expressed, and hope this may have the desired effect. We cannot see why loyal Canadians should patronize any but Canadian ports, especially the Port of St. John—thereby encouraging the efforts of your citizens in their endeavor to build up your shipping interests."

"We feel that were it not for the enterprise of your citizens for the last thirty years, but had they depended on the Government to start the enterprise, the port today would not be in the splendid position for shipping it is today.
"It is now nearly thirty-two years since the writer first visited St. John, and he well remembers the discouragement and disappointment when the huge slide took place and the docks on West St. John almost disappeared out of sight within a few hours.
"We feel the benefits received from shipments passing through St. John will also benefit the whole Dominion. As far as we are concerned our instructions to shippers are to use Canadian ports only. On a few occasions they neglected to carry out our instructions and routed the goods via American ports, and we found in each case that the service was INFERIOR AND NOT AS SATISFACTORY AS BY CANADIAN PORTS."

"We think the Telegraph-Journal has shown great enterprise and deserve credit for putting forth such a fine issue as copy you sent us, and we hope the day may not be far distant when St. John may again attain the proud position in the matter of shipping she occupied years ago."

Priest Protests Making Church Union Political Matter

IS PURELY RELIGIOUS MEASURE

Father Minehan of Toronto Sends Letter to Rev. T. Albert Moore.

CHURCH AND STATE Says Synod Not Supposed to Make Tariffs or Cabincts Creeds.

(Canadian Press.)

Toronto, May 3.—Rev. T. Albert Moore, D. D., secretary of the general conference of the Methodist church, has received a letter from Rev. Father L. Minehan, parish priest of St. Vincent de Paul church, making emphatic protest against any attempt to make church union a political question.

Church and State.

"Church and state have each a well-defined and independent sphere of activity," he says. "Tariffs and creeds are widely different. Synods are not supposed to make the former, nor cabinets the latter. At the same time both alike receive their authority from God and are required by Him to respect His laws and aid one another by friendly co-operation."

Happily, the letter goes on, our civil authorities have recognized this to their own great advantage, but a departure from this wise and just policy is being advocated. "It is proposed to make church union a political pawn, to wreck it by depicting it as the incorporation which is freely given to any body of private citizens, to carry out the industrial scheme."

IS BREEDING RACE HORSES ON ISLAND

S. A. Rockford Has a Fine Filly—Well Known Here.

S. A. Rockford, well-known locally for his several campaigns here with the pacer Corwin Hal, is doing his bit in a breeding way at Tignish, Prince Edward Island, at his High Ball Stock Farm. His Jay McGregor mare, Miss Isabelle McGregor, 2:08 1/4, recently foaled a fine filly by the Bingara stallion, Melting Pot, brother to Braden 2:05 1/4. Another recent arrival there is a foal by Elastic Aubrey, son of Captain Aubrey, 2:07 1/4, and out of a mare by Catalon, brother to Miss Sissie, 2:12 1/4. It is not intended to race Elastic Pointer this year.

Mr. Rockford also conducts a fox ranch, one of the biggest industries on the island, but he is not too busy to be interested just now in the construction of a half-mile track. He says he intends to develop his colts and when they are on edge, he plans to ship them to Walter R. Cox, famous New England reinsman.

PRESENT AWARDS TO BOY ATHLETES

High Y Club Members are Entertained at Closing Banquet.

The High Y. Club held its closing banquet for this season in the Y. M. C. A. last night when about 70 members and their lady friends were served at an excellent supper.

The serving committee included William Sargeant, Kenneth Plimpton, Harrison Friars, Charles Barker and Bliss Brown. Ronald Brown, president, was the chairman and the address of the evening was given by A. M. Gregg, who spoke of how boys might best employ their time and high ideals of service.

Mr. and Mrs. E. J. Alexander were the chaperones and Mr. Alexander made the presentation of Hexathalon awards which were won as follows: Gold pin, Murray Sargeant; silver pin, Wesley Stewart; and Douglas Archibald and bronze pins, Melville Rice, Hugh Kennedy, Kenneth Plimpton and Ronald Brown.

Y. P. S. ENTERTAIN. The church hall of the First Presbyterian church was well filled last evening and the audience thoroughly enjoyed the entertainment provided us-

Three Hours a Day Outdoors Necessary For Young Child

(By Ethel Perrin, physical education expert, American Child Health Association.)

Physical education has long been associated only with the stuffy gymnasium and military commands. Mothers of growing children are only just beginning to realize that the great outdoors is the best gymnasium their little ones can have.

Exercise in the out-of-doors connects the child up with all life situations. Pre-school-age children and school children up to about the sixth grade should have at least three hours' outdoor play a day.

It is the responsibility of mothers to teach their children how to use all facilities given by the community. More and more playgrounds, tennis courts, golf courses and ball fields are being furnished free.

In preparation for encouraging play activities in their children, mothers must understand the physical condition of their boys and girls. The yearly physical examination is a necessity. A child just up from an illness is not able to undertake such strenuous play as one normally healthy.

Girls, before they begin to develop

ETHEL PERRIN.

physically, should play the same games in the same way as boys. When their physical development begins, they should be separated and while they may still undertake the same activities

as boys, they must be a little less strenuous. But it is good for the very young child to be a tom-boy. She should run and jump as actively as her brother.

Children should be taught to dance almost as soon as they are able to walk. Dancing should be to them a form of self-expression. They should be given music and allowed to express themselves what it means to them. Take off their shoes and stockings and let them dance.

The freer the feet are, the better. Even the most common-sense shoes do not allow entire freedom of the muscles. Normally healthy toes should be able to grip a pencil and lift it from the floor. Little children should wear moccasins as much as possible.

There are, of course, rules of daily living which must be correlated with physical education. Children should weigh the correct amount for their age and height. They should get plenty of sleep. They should eat nourishing foods. They should sleep long hours with windows open. If these rules are followed and the child is allowed to play hard out of doors a part of every day, there is no reason why health should not be his heritage.

N. S. SCHOOLBOYS' LEAGUE

Halifax, N. S., May 3.—Fourteen teams, including Glouce Bay and Sydney Mines, have entered the Nova Scotia High School Baseball League, which opens the middle of May. It is expected that the winners of this league will play off with the New Brunswick winners for the maritime title.

ST. JOHN JUDGE NAMED

Among the men named as possible appointees to the Supreme Court of

Canada is Hon. H. A. McKeown, chief justice of the Supreme Court of New Brunswick. In the past the appointments have related between the three provinces and this practice, if followed in this case, would give the appointment to a New Brunswick man.

FATHER OF FAMOUS TRIPLETS IS DEAD

Death Recalls Stories of Remarkable Tiny Nova Scotia Children.

Thomas Foster of Port Lorne, N. S., is dead, aged 86 years. Himself one of a family of twenty-one children, he became the father of eleven, including the tiniest triplets ever known. These, says a Bridgetown correspondent of the Halifax Chronicle, were Victoria, Cassie and Dudley. Dudley lived to be the oldest, living until twenty years of age, and when full grown was less than twenty-seven inches in height, being able to run under a table without the least danger of striking his head. All of these children were bright and active, and with the three of them the parents toured the United States, visiting the chief cities, where the people saw them with wonder and astonishment.

J. I. Foster of Bridgetown has in his possession a pair of shoes which were worn by Dudley, the largest of the three, and these are so small that an ordinary baby, under one year old, could scarcely wear them. Other interesting souvenirs in the same home are two small chairs, the backs of which are about twelve inches high. They are beautifully upholstered, and on them the little girls, who were not over fifteen inches in height, were accustomed to sit. These chairs were made in Bridgetown, at the furniture factory of the late Bath Reed.

To show the tininess of the little girl, one was so small that a teacup could easily fit over her head, like a hat. One died at the early age of seven years and the other at eleven years. Dudley, who lived to be twenty years of age, traveled through Europe and met many royalty. While in London he was visited by the late Queen Victoria, who was much interested in him and took the tiny little fellow on her knee.

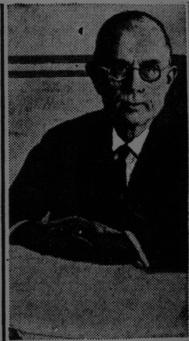

FORMER N. B. LADY LEFT BIG ESTATE

Mrs. Hastings was Formerly of Kingsclear—Relatives in Fredericton.

Mrs. Alfred Everett, who resides with her son-in-law, John E. Page, Fredericton, has received word of the death of her only sister, Mrs. Hastings, in Los Angeles. Mrs. Hastings, who was formerly Miss Hammond of Kingsclear, went to Los Angeles many years ago and engaged in the millinery business. She was very successful and invested her surplus earnings in real estate. Her husband, who died three years ago, was also possessed of considerable property, including a well-equipped cattle ranch.

It is said that Mrs. Hastings left an estate estimated to be worth a quarter of a million dollars. As she died without issue the bulk of it will be inherited by her niece, Miss Frances Everett, daughter of Mrs. Alfred Everett, who has made her home with Mrs. Hastings for some years. Miss Everett is a sister of ex-Ald. F. H. Everett of Fredericton and a graduate of the U. N. B. Before going to California she was a member of the teaching staff of a Baptist university in the Southern States. She has two sisters in Fredericton, Mrs. John S. Scott and Mrs. J. E. Page.

SENSATION

One of the latest sensations of the Senate committee investigation was the testimony of J. E. Dwyer, here shown on the stand, who was former warden of the Atlantic federal prison. He testified that Heber Volz, brother-in-law of the late President Harding, had supervised a number of prisoners, had halted narcotic investigations.

WILL CONTINUE SURVEY IN N. S.

Officials to Carry On Resources Investigation Again This Year.

An intensive resources survey of the Province of Nova Scotia which was started in several counties last year by the Nova Scotia Government, employing federal experts in geology and topography, will be continued this year according to announcement made in the House of Assembly Tuesday night by Premier Armstrong, and he told of the men whom the Federal Government had allotted the provincial authorities for the ensuing season. Oil shares, salt deposits, coal areas between Pictou and Cumberland Counties, Middleton District clay, will all be investigated by the most expert men whom the Federal Government could obtain, and there will be other officials on general work. Some work is also contemplated on the Digby County area, and the Premier assumed that the survey work started with Pictou County last year will be continued. It was also hoped that some assistance would be given in research work on oil shales which will be undertaken by the Technical College.

Dr. Cansell, Deputy Minister of Mines in the Department of Interior of the Federal Government, visited Halifax some time ago and was in conference with Premier Armstrong, the Premier arranging that the Federal authorities should send down W. J. Wright, one of the highest qualified men in Canada, to investigate the oil shales of the province. Mr. Wright has had wide experience, especially in India. F. A. Kerr will investigate salt areas; W. A. Bell will examine the coal areas between Pictou and Cumberland Counties; Mr. Weeks will be assigned to the Middleton district to investigate the clay deposits. Mr. Faribault will make a general inquiry, and Mr. McLean will accompany the party as geologist.

MYSTERY STILL IN YOUNG LAD'S DEATH

Matter to Attorney General—Doctor Unable to Determine Poison.

The evidence of Dr. H. L. Abramson, provincial pathologist, given last night at the inquest into the death of Raymond Nichol Laird, was to effect that death had been caused by some corrosive poison, but that he was unable to determine what it was. The jury brought in a finding in accordance with this evidence and recommended that further investigation be made. Coroner H. A. Porter said he would submit the matter to the Attorney-General, Hon. J. P. Byrne.

Dr. Abramson. There was only one witness examined last night, Dr. H. L. Abramson, provincial pathologist, who performed the autopsy on the body. Dr. Abramson testified that he made a microscopic examination of the tissues of the body. The stomach presented a damaged condition. There was no evidence of inflammation but something had been done by corrosive poison. He examined the kidneys and liver which showed some congestion. From a chemical examination he could not find any demonstration of mercury, arsenic, carbolic acid, muriatic acid, or potash. He was unable to determine the poison which caused the damage to the stomach tissue and consequent death.

The witness said that it was a difficult matter to find the poison when there were so many, when a person has no clue as to what poison might have been used. He found that it was a poison of a corrosive nature which destroyed the stomach, and also that there was no inflammation set up at all. He would reject the idea of carbolic acid as it would have stained or burned the mouth or throat. He could find no burns.

In answer to a question from one of the jurymen, Dr. Abramson said that the poison was taken within 24 hours before death. The destruction was terrific, and he could not quite understand why the boy did not show some symptoms. With such a number of ulcers as was found in the stomach it would be expected that the boy should have complained of pain. In addressing the jury the coroner said he understood that he was not the first to be notified of the boy's death, as the agent of the insurance company in which the lad was insured was told first. The parents had given practically the same testimony and there had not been any poison found around the home. He felt the case should be further investigated.

INSTRUCTRESS IS HONORED BY GIRLS

Miss Mary A. Vincent, instructress at St. Vincent's school, was the recipient of a handsome silk umbrella and a silk lace handkerchief, following the close of the repeat performance of girls' classes in St. Vincent's gym last evening. Miss Vincent, who is leaving for her home at Jamaica Plain, Mass., today, was not given opportunity to express her thanks but was rated shoulder high by the girls and borne the length of the gym with the classes singing "For She's a Jolly Good Fellow." Miss Vincent has made many friends during her stay here. A large audience witnessed last night's performance.

COOLIDGE LENDS AID TO ZAYAS

Arms and Ammunition from United States Going to Cuba.

PRESIDENT ACTS

Issues of Two Newspapers Confiscated—Editor May be Deported.

(Canadian Press.)

Havana, Cuba, May 3.—The action of President Coolidge in forwarding shipment of arms and ammunition to Cuba is described by President Zayas as a great aid in breaking up the rebellious movement in Santa Clara province, and he predicts an end of the movement within three or four days. He refers to President Coolidge's action as an "evidence of friendship for the Cuban Government which is deeply appreciated."

Stern Measures.

(United Press.) Havana, May 3.—The Government took stern measures today to prevent agitation in connection with the military outbreak in the Province of Santa Clara and in Cienfuegos.

All editions of the newspapers Heroldo de Cuba and El Heraldop were confiscated by the police, on the ground they contained exaggerated reports of the movement against the Government of President Zayas. It was reported that the editor of the Heroldo de Cuba would be deported as a "pernicious foreigner."

The Government claimed that the situation was "well in hand," and meagre reports reaching the capital indicated that the loyal troops were restoring order in the affected areas. Troops are still mobilizing in the vicinity of Cienfuegos.

Speaks Right Out And to The Point

Madame Laplate Says Dodd's Kidney Pills Helped Her Kidney Disease.

Warren Lady Points the Way to Health to the Weak, Wary, Nervous, Run-Down Women of Canada.

"Warren, Ont., May 2.—(Special.)—'I want you to publish my certificate about Dodd's Kidney Pills, because they have done me much good. 'I was suffering from rheumatism, headache and dizziness, and my appetite was poor. I took the bottles of Dodd's Kidney Pills and now I am very well. I often do the men's work. That is the statement of Mrs. M. Laplate, a highly esteemed lady living here.

It is clear and to the point. Ninety per cent. of the ills from which women suffer come from weak or diseased kidneys. They are the organs that strain all the impurities out of the blood. If they fail to do their work, the impurities remain in the blood and are deposited all over the body.

Ask your neighbors if Dodd's Kidney Pills do not heal and strengthen sick kidneys.

SEAMEN'S INSTITUTE ELECTS OFFICERS

A suggestion that the city council be asked to allow the Seamen's Institute to sell ferry tickets to the sailors at less than five cents was made yesterday at the annual meeting of the society yesterday afternoon. A framed picture of the late manager, Walter Brindle, was presented and hung on the walls.

Officers Elected

The election of officers resulted as follows: President, H. C. Schofield; vice-president, Capt. A. J. Mulehvy; secretary, J. N. Rogers; treasurer, H. J. Evans; managing committee, Hon. George A. Henderson, R. T. Hayes, M. L. A., L. P. D. Tilley, R. Morton Smith, J. S. Flagler, Commander J. T. Walsh, R. N. R., D. W. Ledingham, R. E. Armstrong, C. B. Allan, Mrs. Mary Seymour and Mrs. Edgar Archibald, re-elected, and Lieut. H. A. Morrison, R. C. N. V. R., elected in place of the late Thomas Graham.

RULE CARP'S KAYO BLOW A FAIR ONE

Vienna, May 3.—The Vienna Boxing Federation having studied recent picture films of the fight between Georges Carpentier and Arthur Townley, the British light heavyweight, on Thursday, has rendered a decision that Carpentier had fairly knocked out the Englishman.

The referee of the bout counted out Townley in the second round after Carpentier had delivered what he said was a solar plexus blow. Fight experts at the ringside agreed with the referee that the blow was a fair one. A protest was made to the referee, however, it being charged that Carpentier's final blow was foul. The purse money was held up pending the decision by the boxing federation.

---And It's So Easy to Own a New Edison Phonograph There are thousands of music lovers who, like yourself, desire to hear the world's best music in their homes, but who do not care to pay the price of the New Edison at one time. For them—and for you—the Edison Budget Plan has been arranged. It's very simple—just step in and select the model you desire—make a small initial payment and the instrument will be delivered at your home. Then you play as you pay—for the monthly remittances are so small you will hardly notice them. And what concerts you can have, right in your own living room! For the New Edison Records are so faithfully that the artists themselves are with you in all save actual physical presence—it is, in fact, the only phonograph that dares the test of direct comparison with the living voice. Come in and select your New Edison. W. H. THORNE & CO., LTD. DISTRIBUTORS Store Hours: 8 to 6. Open Saturday Nights till 10.

HERRING RETURN TO FORMER HAUNT

Inlet Restored and Fish are in Dark Harbor Again.

The herring have come back to Dark Harbor Pond, Grand Manan, according to the latest report, says the Lubece Herald, and while there is some difference of opinion as to how many are in that mile long landlocked body of water, all agree that the body of fish is the largest as well as the first to amount to anything in the past seven-teen years.

Some years ago the main entrance to the pond, which was never very deep, began to choke up, and those having the authority to do so, changed the opening to some distance north of the original inlet.

months restoring the old inlet, allowing the newer one to become partly filled by the action of the waves. Now, it is reported that the natural opening is being sought by the herring, which gave the artificial inlet the go-by for years, with the result that several hundred hogheads have already been taken by sardine fishermen, who are trying to get enough seines to use in the deep waters of the pond, with the hope of getting all or part of the remaining fish.

RAMA'S REVENGE!

Here is Mrs. E. B. McLean, wife of a millionaire Washington and Cincinnati publisher, wearing the famous Hope diamond. The jewel, so legend says, was stolen from the jade figure of Rama, god of the Brahmans, in a temple in Burma, several centuries ago. Since then misfortune has come to practically all into whose possession it has gone. Even the downfall of King Louis XIV and Queen Marie Antoinette of France is attributed to "Rama's curse." And since the McLane have owned it their son, Vinson Walsh McLean, has met death, and McLean, himself, has received publicity he wished to avoid in Washington scandals. Rama, the superstitious-minded Iniat, has been avenged again!

BREAKS INTO JAIL.

Congate, Okla., May 3.—Tommy Wilson wanted above all things to get into the jail here to see his friends. Now he is in the state penitentiary for five years and probably wants above all things to get out. Pulling other means of admittance to the jail recently, he pried several bars of a cell window and invited his friends to escape. They declined and told the jailer.

If you are Thinking of Roofing This Booklet will Save You Money!

EVERYONE who is planning to build or to re-roof this year needs this fourteen page booklet entitled "A Roof the Owner is proud of."

Crammed with interesting facts about roofing it will prove of invaluable aid in the selection of the correct roof material. Eileen Longard and Elva Melanson helped the hostess to serve. Beatrice received many nice birthday presents from her little friends. Those present were Bertha Melanson, Elva Melanson, Audrey Marjorie and Olive McCaughan, Mary Colohan, Helen Snodgrass, Stella Ferguson, Kathleen McLeod, Margaret Walton, Eileen Longard and Stella Peterson.

The Best Gray-Dort Ever Built

THE Gray-Dort you can buy today at the Gray-Dort showroom is the best Gray-Dort ever built.

It has better parts than ever before were put in a car at its price. It has finer engineering design. The workmanship is of a class demanded only in cars costing much more. It is the most carefully inspected car on the market today. It has the finest rear axle ever put into a motor car.

These are but a few of the things which show how the new Gray-Dort management has revolutionized the building of motor cars. No man can stay in our organization if he considers anything but perfect work good enough for the Gray-Dort. He must work on every car as if it were his car.

Then why the amazingly low Gray-Dort prices? Simply because we must get recognition for the Gray-Dort as the best car in its class. Till that time Gray-Dort prices will remain low.

SOUTH END LEAGUE TEAMS TUNING UP FOR THE OPENING GAMES ON MAY 24

Grandstand Now Being Constructed—Schedule Calls for 48 Games.

With four fast teams straining at the leash for the start of the South End League and the construction of the grandstand being rushed along with other noticeable improvements for the opening on May 24, South End people are looking forward to the best year in the history of the game since a few public spirited men decided to transform a dump heap into a playing ground several years ago.

Already, six feet has been added to the fence running along the eastern boundary while the foundations are being sunk now for the grandstand which will be built in the shape of a V on the bank back of last year's home plate and along the first base line.

The building near the first base has been moved over to the northern boundary and will serve to give extra accommodation for the players. The lumber for the grandstand, it will be remembered, was donated by the Parsons Ed Co. Ltd., Moncton, while the New B. Power Co. Ltd., through the manager M. A. Pooler, has not only offered to place a cup in competition but also has donated a considerable quantity of ties for the foundation of the stand.

The morning games are to be held at 10:30 o'clock. "Bob" Atchison, one of the best known umpires in the city, has been signed to act at the first division for the coming season. The schedule is as follows: May 24—Garrison vs. St. John Baptist. May 26—Trojans vs. Royals. May 28—Royals vs. Garrison. May 29—St. John Baptist vs. Trojans. May 30—Trojans vs. Garrison. HARRIS RETAINS TITLE

Washington, May 3—Bryan Harris, Connie Mack's elongated twirler, almost lost his title of the tallest man in the American League in recent competition. On the Washington club is Sam McGrew, known to his teammates as "Dangerous Dan." Like Harris, he is a right-handed pitcher. The first time he was trotted out to the box to face the Athletics, an argument was started as to whether he was taller than Harris. The result enables Harris to retain his title as champion tall man of the American League. He is just a half-inch higher than McGrew, who measured six feet five and one-half inches.

It will be in the nature of a Olympic honor when Harris opposes McGrew on the mound.

ster by name of Smith whom they expect to go good in fast company.

The Royals will centre their team again this year around Earl Nelson, Diggs, Harney, Tynes, Middleton, Austin and others. Nelson was the leading hitter in the league last year and his fine all-round work was largely responsible for his team winning the championship.

The Trojans will again have their wrecking crew on duty in the persons of "Doc" Kerr, Cox, MacGowan, "Red" Malcom, Walter Bartlett and others. Kerr's great hitting was one of the outstanding features of the City League last year, he led the league with a fine average. The Trojans will be strengthened through the addition of Wylie, the best second baseman in the City League last year. He played on the St. George's. Greig, who played hockey here this winter with the St. John team, will be used at shortstop this year. Greig tried to get into the game late last year with the Trojans but was barred by the residence clause. Colby Potter, who twirled for the Atlantic Sugar Refinery team last year, will be the pitching burden for the Trojans along with Kerr.

The Garrison under Manager Markham will try out several new men. Sparks, Brooking, Notes, Mountain and others will form the nucleus of this unit.

The opening day ceremonies are in charge of a committee now. It is probable Mayor-elect Frank L. Potts will pitch the first ball and short addresses will be made by other prominent citizens. Consideration also is being given to a base-running contest previous to the start of the afternoon game.

The Teams All four teams are keen to see the barrier lifted for the opening of the race. The opening game will be between the Garrison and St. John the Baptist. In the afternoon, Trojans and the Royals will clash.

The St. John Baptist will be stronger this year than last owing to experience and the addition of several players. They are hoping that Paul Fraser, U. N. B.'s sensational young football star, will figure on the line-up this year in the shortstop role. Fraser is a great ground coverer and played with the "Commercials" two years ago, being rated as one of the best in the league.

His brother, Walter Fraser, will again be backstop duty with Moran at first, Martin at second and P. Moore at third. Cecil Moore, Lowe, Johnston and others will patrol the outer grounds.

"Red" Dalton, who fairly burned up the South End league last year with his hitting, pitching and base-running will be back on the mound for the Saints ready to tie into more thrilling pitching duels with Nelson, Diggs & Co. Dalton has put on weight this year and should experience another great year. He is home from college now, working out daily for the opening of the season. The Saints have a young

Grandstand Now Being Constructed—Schedule Calls for 48 Games.

With four fast teams straining at the leash for the start of the South End League and the construction of the grandstand being rushed along with other noticeable improvements for the opening on May 24, South End people are looking forward to the best year in the history of the game since a few public spirited men decided to transform a dump heap into a playing ground several years ago.

Already, six feet has been added to the fence running along the eastern boundary while the foundations are being sunk now for the grandstand which will be built in the shape of a V on the bank back of last year's home plate and along the first base line.

The building near the first base has been moved over to the northern boundary and will serve to give extra accommodation for the players. The lumber for the grandstand, it will be remembered, was donated by the Parsons Ed Co. Ltd., Moncton, while the New B. Power Co. Ltd., through the manager M. A. Pooler, has not only offered to place a cup in competition but also has donated a considerable quantity of ties for the foundation of the stand.

The morning games are to be held at 10:30 o'clock. "Bob" Atchison, one of the best known umpires in the city, has been signed to act at the first division for the coming season. Grandstand Now Being Constructed—Schedule Calls for 48 Games.

With four fast teams straining at the leash for the start of the South End League and the construction of the grandstand being rushed along with other noticeable improvements for the opening on May 24, South End people are looking forward to the best year in the history of the game since a few public spirited men decided to transform a dump heap into a playing ground several years ago.

Already, six feet has been added to the fence running along the eastern boundary while the foundations are being sunk now for the grandstand which will be built in the shape of a V on the bank back of last year's home plate and along the first base line.

'Tis Not Coin But Fame These Chileans Seek (??)

VINCENTINI (LEFT) ROMERO-ROJAS (RIGHT)

The early spring invasion of foreign pugilists has started. Heading the list are two Chileans, Quinton Romero-Rojas, heavyweight champion of his beloved country, and Luis Vincentini, lightweight champion of the dear old homeland.

Mr. Romero-Rojas has asked promoters to match him only with top-notchers. "I seek fame, not money," he declares, without cracking a smile.

Mr. Vincentini feels the same way about it, he asserts. On the occasion of his last visit here Mr. Vincentini was rather roughly dealt with by Johnny Shugrue, the one-eyed brawler.

MOVIE DAREDEVIL SUPERSTITIOUS; HE NEVER BUCKS FATE OR HOODOOS

Chas. Hutchinson Believes in Psychological Effect of Luck Charms.

(By JACK JUNGMEYER)

Hollywood, May 3—Motion picture stunt men, whose profession it is to make others gasp, have very definitely and almost invariably the primitive slant of mind, which belittles physical courage and prowess.

They are superstitious to pronounced degree. They fear, as a rule, only one thing—that blind, merciless, impassable Chance which is a factor in all their ventures; and almost invariably they seek to propitiate it quite like the way the stone man respected his demon gods.

Charles Hutchinson, peer of stunt men and widely known as "Dare Devil Hutch," elucidated the bias of his clan while we stood atop a narrow scaffolding from which he was calculating a proposed piece of daring, an 18-foot jump across an 80-foot chasm between movie set turrets.

Mere contemplation of the leap made me giddy so that I sat down clutching the scaffold. "Hutch" stood nonchalantly with one foot over the edge explaining the problem. A pocketed hand clasped a good luck piece.

"Superstitious, yes," he shrugged admission, "although I don't like the word. It seems to imply a lack of common intelligence in this scientific age. And yet there are few things a man can do in total reliance upon himself and his machines. There is always the incalculable element, and this Manace, addressing it somewhat in the attitude of the heathen before his clay idol, seeking to avert it with a talisman.

"With my reasoning brain I know the virtue of luck charms is wholly psychological. Believing in them, they give you confidence. And the performance of hazardous stunts is largely a matter of calm faith in its reaction upon nerves and muscles.

"Confidence gets you safely through ticklish situations where doubt would confuse and likely destroy you. Unthinking, the wholly superstitious, credit that to amulets or the strict observance of their taboos.

"I have had a number of serious and near fatal accidents. I have checked them up with my fatalistic rites, finding that they happened when I had lost a luck piece or disregarded some of my pet superstitions.

"I never go in the water, for instance, without having money in my pocket. 'I don't walk under a ladder. Never whistle in my dressing room. I knock wood after boasting. And so on. You see I propitiate the Thing, the Unseen, the Incalculable-guard against it with a frame of mind, if you please; the conscious and the subconscious minds agreeing on a formula.

"This and the dread of going into water at night are the only fears to which 'Dare Devil Hutch' will admit. Black water, he said, has some obscure memory association which brings terror; not the fear of drowning.

"During the nine years of his movie career, Hutchinson inflated many of the most hazardous picture feats: climbing to airplanes from motorcycles, autos and trains; dropping from planes to water or on moving objects; space jumping and rolling under moving trains. He was never a professional acrobat, having studied medicine and later turned to the stage.

"I prepare for a stunt just as an engineer attacks any physical problem," he explained. "I know precisely what I can do with my body, how far I can jump, how much of a strain any muscle can bear. I calculate every physical factor. I am not reckless. Only the foolhardy takes a sheer uncalculated chance. I never attempt what I regard as nearly impossible."

Up To Her Nervous Woman (to persistent beggar)—"If I give you a piece of pudding, you'll never return, will you?" Beggar—"Well, lady, you know your pudding better than I do."—Chicago Tribune.

What's What In N. Y. Theatres

(By MAURICE HENLE)

New York, May 3—Roaming around Broadway for a week, I saw five plays, three of them new and of the new ones I enjoyed most "Cheaper Than

Marry," which was the worst from a dramatic viewpoint. The other new ones were "Man and the Masses" and "Expressing Willie," both staged excellently, but lacking as popular entertainment. Samuel Shipman, who wrote "Friends, Enemies," "East Is West," "Lawful Larceny" and other hits, is responsible for "Cheaper Than

Marry," which probably will have a long run; his conversation is positively nailed. The Guild, with Jacob Ben-Ami and Blanche Yurka in leading roles, brought "Man and the Masses," a story of the social revolution which will find little sympathy with American audiences. The Equity Association brought "Expressing Willie," a finely tuned comedy with Chrysler Herne, which makes you chuckle continuously, but never laugh outright.

I saw "Seventh Heaven" with Helen Menken for a second time, and enjoyed it again despite its war theme. It has been playing two years to capacity audiences, and is worth the time of all out-of-towners. I saw "Charlie's Revue," spring edition, with a new comedian, Nelson Keys, a funny little fellow. Beatrice Lillie still is star of show, however, with Gertrude Lawrence running her a close second for first time in many months did not

WHO WILL TAKE PLACE OF BERNHARDT, DUSE AND OF ELLEN TERRY?

Wires, which tick off news of the world, report the passing of two great artists on the same day. Eleanor Duse, tragedienne, and Marie Corelli, novelist, are dead. Through the veins of each flowed the blood of a race which produced many of our fine artists. Duse was Italian and Corelli of mixed Italian and Scotch parentage. With Bernhardt and Duse gone, there remains only one more of a marvelous trio—Ellen Terry of England. She, too, is getting old. Who will take the places of these three?

One thing is almost certain: Of the trio of most accomplished artists of the next generation, at least one will be of America. Arising in this country is a generation of splendid performers, young women who have inherited their ability just as Duse did, from two and three generations. They will be heard from.

MAURICE HENLE.

MORE MYSTERY SHOWS. Everything points to a strong revival of mystery shows next season. A year or two back mystery plays were the rage and many were produced. Most of them did a good business. But this past season only one mystery show, worthy of the name, was produced—"In the Next Room," and that is not open any longer.

This absence of a popular type of show was noticeable on the part of the public, and producers are taking steps to fill the want. Managers are seeking material, and several scripts have been purchased for early production. More will follow and unless all signs fall, the people of New York and other cities throughout the country, again will have the pleasure of trying to discover the criminal before the expose in the final five minutes of the show.

ROCHESTER. N. Y., May 3—Jack Malone of St. Paul won a ten-round decision over Mike Dempsey of Rochester here last night, outpointing the local fighter in all stages of the bout. The St. Paul battler's long left had Dempsey bewildered throughout the fight.

The first baseball team is supposed to have been organized in 1845 in New York.

THE QUEEREST "NEWSBOY" in the world may be found nightly in the Times Square district. She's a woman nearing 60 years of age, dressed neatly, and with a sad smile on a thin, whitened face. She may be found mostly about intermission time of the theatres, and she approaches men and women smoking in the lobbies of the theatres. They say she is rich, and one story goes that she is all alone in the world and sells papers just to keep her mind occupied. People always turn to stare at her, but strange to say, they seldom buy a paper.

—the millionaire can't buy better paint anywhere.

—and the man who owns the humble cottage can't save money any surer way than with MAPLE LEAF. MAPLE LEAF PAINT is the sum total motor-driven adding machine of paint progress when it comes to comparison with the old pot and paddle days I had to go through.

For the "old man" with his shirt sleeves up and nothing to do on a Saturday afternoon—but a little job of painting—there's nothing to it but MAPLE LEAF and follow the directions on the can. Perhaps he won't need my services, but here's my advice to him—go to it strong with MAPLE LEAF and the eternal smile will become a permanent fixture on his face—for every time he'll look at the job he'll say MAPLE LEAF for mine every time.

The man with the MAPLE LEAF around his store is the man to buy paint from, look him up in your town.

NEW TURNKEY IS
AWAR VETERAN

Percy Gibbons, Formerly of
26th, Succeeds William
J. Cunningham.

Percy Gibbons, son of Mr. and Mrs. John Gibbons, formerly of St. John, but now residing in Toronto, has been appointed turnkey of the St. John County Gaol, succeeding the late William J. Cunningham, who succumbed to a paralytic stroke a few months ago. Mr. Gibbons took over his new duties on May 1.

Mr. Gibbons is a native of the city and is a returned soldier, having enlisted in St. John with the 115th Battalion, leaving here in 1916 and served with the 26th N. B. Battalion in France. He was severely wounded at the Hill 70 battle in August, 1917, and invalided to England. He remained in hospital in the old country until after the armistice and was returned to Canada in December, 1918, receiving his discharge the following February. He then took a course with the D. S. C. II. and in 1920 opened a second hand furniture business in Prince Edward street which he was conducting when the appointment as turnkey was given him.

EXPECT SENATE
APPOINTMENT SOON

Hon. Mr. Robinson Likely
to be Given Place Over
Week-end.

Dr. W. P. Broderick returned home today from Ottawa. While there he attended several sessions of the House of Commons. The church union debate, Dr. Broderick said, holds the centre of the stage at present. The budget debate will be resumed next week when it is expected that Premier King and Rt. Hon. Arthur Meighen will speak. Mr. Meighen is absent from the house at present owing to the death of his father.

Respecting the appointment to the vacant New Brunswick senatorship, Dr. Broderick said that while no definite announcement had been made yet, it was considered probable in Ottawa circles that the appointment would go to Hon. C. W. Robinson, Minister of Lands and Mines in the Veniot government. Dr. Broderick said that it was known quite hard in Ottawa yesterday.

Montreal, May 3—An Ottawa special to the Star says: "A senatorial appointment is expected over the week-end. It is understood that Hon. C. W. Robinson of the New Brunswick Government will be appointed in place of the late Senator Thorne."

MISS ROSSLEY HOME
FROM NEW YORK

Will Return in Fall to Re-

Comedy.

Miss Bonnie Rossley, daughter of Mr. and Mrs. Jack Rossley, returned home from New York today after an absence since last fall during which she played in New York and at various centres in the United States in the musical comedy "The Gingham Girl." The show toured out to the coast and back. Miss Rossley says, and was a pronounced success. It ran for two years in Boston. Miss Rossley had a speaking part in the play and her work was so well thought of that she has accepted an offer to return to New York in the fall to continue her work. Mrs. Rossley at present is in Cape Breton with the famous Kelly Kid dies show. This troupe is expected back early next week. They have met with fine success during the tour.

GALLANT MUST
GO BACK TO
DORCHESTER

A warrant was received from the Department of Justice in Ottawa this morning for Fred Gallant, who has been at police headquarters for some time. It will be recalled that he was arrested some time ago on a charge of fighting, and an additional charge was laid against him for breaching his parole. He had been serving a term in Dorchester Penitentiary and had been given his freedom on condition that he report to the authorities at specified times. As he failed to do this he was sent back to complete his original sentence. It is understood that he has 19 months to serve. An escort is expected from Dorchester to take him back to the penitentiary.

PURDY READY
FOR RIVER IN
A FEW WEEKS

The steamer Majestic left Indian-town this morning on her first trip of the season to Cole's Island. She took a good sized general cargo and 20 passengers. Jarvis Purdy, manager of the Crystal Steam Steamship Company, said this afternoon that he hoped to have the new power steamer D. J. Purdy ready for service in a few weeks. He explained that some parts for the engine were ordered in Indiana and should arrive here in a few days. A new propeller has also been ordered and is expected some time next week. In the meanwhile some finishing touches are being put on the cabins by painters.

Mr. Rodgers reports receiving word to this effect from John K. Shields and James C. Roberts, officers of the home company in Philadelphia. According to Mr. Rodgers, about fifty people will be employed in the new industry, which will handle the manufacture of storage batteries for automobile starting, lighting and ignition, radio, and farm lighting, as well as dry cells. The Diamond Battery Company of the U. S. was recently reorganized and granted a federal charter. It is controlled by both Canadian and U. S. capital, and the plans for the plant here are to care for domestic and export trade. Mr. Rodgers is a St. John man who has many friends throughout the lower provinces who will wish him success.

HOUSING BOARD
REPORT BETTER

The Loss on Operations Not
So Large as was
Expected.

The report of the Eastern Trust Co. on the operation of the houses built by the St. John County Board will prove pleasing reading to the members of the Municipal Council and for the tax payers as a whole as it indicates that the loss on this undertaking will not be so large as was expected and the assessment to meet the deficit should not be as large in 1925 as it was this year. This report was received today by the chairman of the finance committee, R. W. Wigmore, commissioner of the water and sewerage, and shows that up to April 30, 1924, there was a credit balance of \$6,224.75. Of this amount a check for \$6,000 was enclosed with the report, the balance of \$224.75 being retained to meet unforeseen expenditures.

As Hiram Sees It

"What a lovely spring morning," said the Times reporter to Mr. Hiram Hornbeam. "As I came along toward the office I saw gold and purple crocuses unfolding to the sun, and I think I discovered some buds on a young tree. Glory be—the winter is over and past." "About seventeen year ago," said Hiram, "a foot of snow fell out to The Settlement on the eleventh of May." "You old joy-killer," cried the reporter. "How dare you come in here with a wet blanket like that? Get out and leave me to my spring musings." "Well," said Hiram, "we ought to be prepared for what might come." "All right," said the reporter—"sit down in that corner and think about your funeral. That's coming." "I guess you got me there," said Hiram. "Come to think about it, a feller might just as well be cheerful and get the good out of whatever the day fetches. Yes, sir—I guess you're right. I did hear a bird singin' this mornin'. Where's them crocuses?"
