CHINESE TO BOYCOTT JAPS

Circulars Stirring Up Trouble Issued By Popular Association CAUSE SENSATION

Make Charges Against Japan, and Call for Boycott as Only Means of Refusal—Japanese Demand Suppression of Circulars

Tokio, Oct. 11.—Copies of circulars issued in North China by a body of Chinese calling themselves the Popular Association of the Three Eastern Provinces have been received in Japan, after having been spread broadcast among Chinese of the lower classes. The circulars contain inflammatory statements against the Japanese. They bear upon what is called the weakness of poor China and the insulting aggression of Japan.

Moncton, N. B., Oct. 11.—(Special)—The find of two adds more to the foot mystery. George Ridout, Moncton chief, visited the place where the foot was found, and after searching for a few moments

MASTER OF 8 LANGUAGES

Imber was a master of eight languages. Besides being the author of the national hymn of his race, "Hatikvah," he wrote a Hebrew translation of Omar Khayyam, which he dedicated to Judge Mayer Sulzberger, of Philadelphia, who was his patron. Sulzberger allowed him \$5 a week to keep him from starving, for Imber was far from a business man. Most of this money went for wine.

POSTPONMENT UNLIKELY

It would take a remarkably heavy rain for the national commission to postpone the game as the officials and two teams are eager to finish the crucial series as soon as possible.

IN THE CHURCHES YESTERDAY

Centenary Methodist church, yesterday, commenced an interesting celebration in connection with its anniversary. Services were held yesterday morning and evening. Rev. Dr. Sparling, of St. James' Methodist church, Montreal, was the preacher at each. In the afternoon the annual rally school services were held in the Sunday school. Attendance at both the church services and at Sunday school was unusually large. Excellent musical programmes were rendered. In addition to the regular numbers by the choir solos were sung by Mrs. A. Perce Crockett, D. B. Pidgeon and Guy Taylor. At the Sunday school rally service the music was furnished by the Sunday school orchestra under the direction of Morton L. Harrison. A clarinet solo by W. G. Stratton and a vocal solo by Mrs. L. M. Curran were the special musical numbers.

Represented Northern Pacific R.R. as N. P. Railway Stock and Got Big Loans—Fourth "Broker" Sought—Cashier Took Certificates to Railway Office to Learn it is Worth \$2. a Share

New York, Oct. 11.—Between the Northern Pacific Railway and the Northern Pacific Railroad there is a great big difference, also between the stocks of those institutions. The Northern Pacific Railway is a living, growing, profitable line and its stock is worth about \$15 a share. The Northern Pacific Railroad is a "dead one" and has been for twenty years. Two dollars a share would be a high figure for its securities.

Another Woman CURED By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female nervousness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound, and after three months' use of it, Mrs. A. Williams, R. F. I. No. 10, Box 30, Gardiner, Me., writes: 'No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ill, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial. Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.'

HIS NECK BROKEN Amos Margison Found Dead in Hayfield in Upper Knoxford

A long distance telephone message received last evening from Centerville stated that Amos Margison, of Upper Knoxford, Carleton county, who had been working on his farm, was found dead on Saturday in the hay field, his neck being broken. Mr. Margison had left the house about 12 o'clock Saturday noon, to bring in a load of hay. His daughter-in-law, who lives with him, became anxious when he did not return home in a reasonable time. About 4:30 in the afternoon she went out in the field and found him lying on the ground all huddled up. Turning him over she found that he was dead.

THE MERCER FORTUNE

James A. Mercer, of 2 Beechwood Place, Cork, Ireland, writes to The Telegraph in connection with the Mercer fortune, asking for information regarding relatives in Woodstock. Mr. Mercer, in his letter, says: 'I was born in Woodstock in July, 1855. My parents resided there for some years and then returned to Ireland with two sons. I am the oldest.' He gives the names of a McAfee family in Woodstock as his cousins and desires that they, if located, should write him particulars establishing his claim to it. He says that one of his cousins, a Miss Maggie McAfee was married in 1892 to a J. B. Worsington, but the writer of the letter is at present unable to locate any of them.

ESCAPED; RE-CAPTURED

While working around the farm of the Boys' Industrial School at Croseville, Saturday afternoon, Harry Greene, aged 15, who was serving a term of four years imprisonment in that institution, managed to escape and make his way to the city. His liberty was of short duration. The police were notified of the boy's sudden departure and while Officer Lawson was patrolling his beat in Fairville at 10 o'clock last night he captured the youth in a passenger car at Fairville station. The boy was hiding and hoped to be able to leave town by a freight train. Greene was scantily clad, having no boots on his feet and wearing no cap. He admitted his identity to Officer Lawson after the latter had asked him a question. The authorities went to Fairville at once to take possession of the boy.

SAME OLD TALE He—And what did your father say when you told him that I said I couldn't live without you? She—He said he used to tell me the same sort.

CLOSING OF THE CONVENTION OF THE KING'S DAUGHTERS

The annual maritime convention of the King's Daughters was brought to a close yesterday afternoon when a special devotion and consecration service was held in St. David's church. The meeting was addressed by Rev. A. A. Graham, who welcomed the delegates to the church. He spoke of the good work being done by this order and also that of other similar organizations. The Christian work carried on by these organizations, he said, was most helpful to the church in its work. Speaking of the church work now being carried on, Mr. Graham said that fifty years ago the church paid too much attention to the preparation of the soul for death. Today it pays more attention to the preparation of the individual for the duties of life.

A Home in the Hot Country, the House of Adobe and the Roof of Grasses and Straw

When President Taft meets the President of Mexico this month he will not only shake hands with a wonderful man but with one who has ruled almost continuously since 1876. Porfirio Diaz is a capable man, and his presidency of Mexico has been conducted in such a way that the country has steadily progressed. Few kings and no presidents have held a more consecutive record than Diaz, and, though he has his enemies as well as his friends, he stands head and shoulders above other Mexican politicians. He has been in favor of educating the masses, has encouraged foreigners to make investments, had built railroads, established manufactures and brought his country to a place where it is receiving recognition from the rest of the world.

PRESIDENT TAFT'S QUEER PARTY

By K. L. Smith

A Mexican Beast of Burden—A Carraador

There are first and second class cars, as on railroads, though the latter go one extreme further and furnish third-class coaches. The fare is very little—about three cents a mile in the first-class. On his feet he wears leather sandals, provided he is fortunate enough to have a foot covering, and in his hand he wields a long quirt with which he lashes the mules.

VENTILATING FANS MAY PROVE DANGEROUS

The French government assumes nowadays a most paternal interest in the welfare and general health of its working people. So the government has long ago ordered two officials to study the action of ventilating fans in high factories and other establishments where many workmen were crowded together and breathed air that was supplied largely by big machine fans working through giant ventilating apparatus.

A SILVER COIN DISCOVERED BY A GERMAN

A silver coin discovered by a German archeologist a few years ago, is said to be the most ancient coin in the world. The coin bears a perfect Araman inscription of Pananu Bar Rerub, King of Schamol, who reigned about 800 B. C. Up to the time this coin was found the Lydians had always been regarded as the inventors of money, but this new find showed that the Semitic Aramians, who lived two centuries before the Lydians, are the oldest known coiners of money.

SUPERIOR PAINLESS DENTISTRY!

"There is a world wide cry against the dentists that they torture their patients. Those of strong physique submit and endure the agony. With a second class this is simply impossible, and thousands of teeth are neglected and lost even though the patients may be able to pay for our most skillful services. Then there is a third class who, after months of mental torture in anticipation, finally come into our hands, and, with nerves strung to a painful point, pass through the ordeal, but at what a cost! We do not sufficiently consider the consequences of shock in the dental chair, yet undoubtedly many suffer for months and even years from injuries to the nervous system received whilst in our hands."

The greatest duty of our profession today is to discover and adopt a mode of painless performing our operations.

NOTE—The above is an abstract from a paper read by an eminent dentist of New York City before a society of dentists in Philadelphia.

The famous Hale Method of painless dentistry, for which we are sole agents for Canada is the best Method on earth.

LATE LOCALS

C.P.R. S.S. Lake Champlain was reported passing Torry Island at 8 a. m. today.

The W. C. T. U. will meet at 3 o'clock tomorrow afternoon in their rooms, German street.

Donaldson line steamship Hestia, Captain Newman, left Glasgow yesterday for St. John direct with a general cargo.

The Artillery Band will meet on Tuesday evening at 7 o'clock sharp, in uniform. All members are required to be present.

All members of the Carleton Cornet Band are requested to meet at the band room at 7 o'clock, sharp, this evening in uniform.

The Every Day Club will meet at sharp 7 o'clock this evening. At 7.30 the general committee, including the ladies, will meet and all will adjourn later to the hall in Waterloo street, where the preparations for the autumn fair will now be rushed.

As both the Algonquins and Young Men's Society of St. Josephs teams have been asked for games here with the football team of the University of St. Francis Xavier it is likely that the two will combine for an All-St. John fifteen to clash with the Antigonish College.

The battle line steamer Sellaia has been laid up in England, Capt. Purdy and all will sail home to Plymouth. We are informed that the only steamer of this line now in commission is the Lester, Capt. Hilton—a sharp, in uniform.

The inquest into the death of Benjamin Wilson will be held this evening in the court house, by Coroner Beryman. A jury was empaneled some time ago when permission was given for the inquest of the body. It is said that two of the witnesses summoned to act this evening will be able to give evidence of having heard the shot fired.

BELIEVED SITES OFFERED DURANT WILL NOT SUIT HIM

The mayor has written to F. C. Durant regarding the matter of a site for the proposed sugar refinery but as yet has received no answer. While two sites other than the one proposed by Mr. Durant have been suggested—one along Courtenay Bay, south of Union street and east of Pitt, and the other at the mill pond on the west side, it is thought by many that neither of these would be acceptable.

Along Courtenay Bay, while there are a large number of lots available, there is not a sufficient number together, it is thought, to afford accommodation for such a plant as Mr. Durant talks of.

As for the mill pond site, it is argued that if this were used, the Donaldson line berth could be utilized in the summer months, but in winter there would be no wharf that could be given over exclusively to the plant and one of the stipulations made by Mr. Durant was that there should be a deep water wharf at the refinery.

It is probable that Mr. Durant will come here soon to look at the suggested sites.

SIGNALLERS TO BE NISPCTED TONIGHT

The annual inspection of local signalers is to be held tonight and tomorrow night in the Lower Cove drill shed. This evening the regimental signalers of the will endeavor to uphold its laurels to be inspected and tomorrow night the members of the 3rd regt. C. A. and of No. 8 signalling section will be examined. Captain McMillan, D. A. A. G., for signalling in Eastern Canada will conduct the inspections, assisted by Sergt. Instr. Webb. Rivalry among the different corps is keen, more especially between the members of the Artillery and No. 8. The latter body captured first place in Canada last year at its annual inspection and will endeavor to uphold its laurels tomorrow night.

Next Monday the school of instruction in signalling will be opened in Odell's Hall. And it is expected that it will be attended both by many local signalers and those from outside points. Captain McMillan will conduct the school, and the instructors will be Sergeant Instructors Webb and A. Levitt.

Judge and Mrs. Ermatinger, of St. Thomas, (Ont.) will arrive in the city today or tomorrow and will spend a few days with their daughter, Mrs. Moorhead, wife of the American consul at their home, 24 Coburg street. Judge Ermatinger presides over the county court of Elgin county. He comes here as one of the delegates to the meetings of the Anglican synod committees. Judge and Mrs. Ermatinger will probably visit Fredericton and Halifax while they are down this way.

DELEGATES TO THE ANGLIAN MEETINGS ARRIVE TODAY

First of Important Sessions This Afternoon—The Visitors and Where They Will Stay

Commencing this afternoon a series of important meetings of several of the boards and committees of the general synod of the Anglican church in Canada will be held in this city. Members of the committees will be here from all parts of Canada, many arriving on the Montreal train at noon today.

Advantage will be taken of the presence of the high dignitaries of the church to hold a number of public meetings. On Wednesday evening missionary meetings will be held in St. Luke's schoolroom, Stone church schoolroom and St. George's church, west end.

The committee meetings will be held in the schoolroom of Trinity church. The meeting this afternoon will be to arrange the programme. The committees of greatest importance are those dealing with missions and Sunday school work, and the special committee to make arrangements for the bi-centenary celebration of the first services of the Church of England in Canada, which were held at Annapolis Royal. Men's Custom Tailoring

Oct. 11, '09

We are getting busier every day in the tailoring department—the work that we have done in the past is bearing fruit. Our tailors have no ordinary standard of excellence. The rule is, better work this year than last. Lack of attention to detail and slipshod work never had any drawing power. Our tailors take all the time necessary for good work.

We're never so busy that we cannot listen carefully to any ideas a customer may have. It is never a trouble to have all the fittings necessary—some people require more than others.

All the fall cloths are here and now is the best time for you to order while the selection is complete.
