NO. 225

DISSOLUTION SALE

Seasonable Goods at
Sacrifice Prices

Immense Price Reductions

We intend our **Dissolution Sale** to be the **greatest** of any Sale in the history of this store and have priced our goods accordingly. Coming, as it does just at a time when supplies for the Fall season are wanted, it is very opportune and will afford an opportunity to secure **seasonable goods at Sacrifice prices.**

Dress Goods at 23c

A full table of Dress Goods, suitable for children's school dresses, in both plain and fancy materials: tweeds, serges, flannels, etc. Many of them are regularly 35 and 50 cents. Sale price 23c. per yard.

32 in. Flannelette at 8c

The regular 10c. line, in white, blue, pink, and a good assortment of stripes.

Dress Goods at 39c

Another table of wonderful values, reduced from 50 and 75 cents, per yard. Some of them were more. A choice collection of seasonable materials at a popular price, 39c.

Hosiery at 19c

All of these Ladies' and Misses' Hoses were selected from lines that were regularly 25 and 35 cents, per pair. Some of them are embroidered as well as plain, black and tan. All sizes, at 19c.

Half Bleached Table Linen 32c

Worth 45c. per yd., 57 in. wide, and a wonderful quality for such a low price.

Hemstitched Pillow Cases at 19c each

Only 3 doz. of these, in 42 inch. Made from fine white cotton, neatly hemstitched.

Apron Gingham 5c

In a variety of good plaids and checks. A good cloth and good colorings.

Men's Overalls

Two lines we are going to clear. All sizes represented in the lot. Regular 75c. line for 63c. Regular \$1 and \$1.25 line for 84c.

Wool Blankets

60 x 80, in splendid quality borders, either blue or pink, a great bargain, at \$2.89.

Cushion Tops at 12 1/2c

Worth 25c. a large assortment of choice designs at a very low price. They will go with a rush.

Laces at 3c and 5c

A very choice lot of good patterns in tulle lace and insertions in various widths. Be sure and see these.

Whitewear

Reduced sale prices have been marked on every individual garment throughout the entire stock. This will give you a chance to buy your Whitewear at a big saving.

Corsets at 43c

They come in white only, each pair with hose supporters. New goods, fresh from the factory, regularly they are worth 65c. per pair. Our Sale price, 43c.

Furs

Although we are only just receiving our Fall Shipment of Furs, in Jackets, Stoles, Bufts and Muffs, we have marked every piece at sale price. You had better anticipate your wants and save money.

Dress Goods

Not one piece in our entire stock has escaped. Every one is reduced in price. All our new fall goods are included in this sale. Buy your new Fall Suit here and save money.

Umbrellas and Parasols

Have all been marked at Sale Price. The reductions make the values we are offering the best obtainable.

Table Linen and Napkins

A special lot of Cloths and Napkins in all the popular sizes, at much below regular prices. Space is too limited to give all the particulars. You must see them.

Embroideries at 8c

A big selection of good designs and widths in White Embroideries, many of them worth 15 cents, per yard. Special at 8 cents.

Ribbons at 12 1/2c

All the right shades in 4 in. width ribbon, worth easily 18 cents, per yard. While they last at 12 1/2 cents.

Chintz for Quilts at 8c

A very special Cotton Chintz, in good designs, specially suitable for quilts, worth 12 1/2 cents, per yd. Special at 8 cents.

These items only give you a slight idea of the numerous bargains that await you here during our Dissolution Sale. It will last for one month. Visit the Sale early.

HOTEL CHANGES.

Blenheim, Sept. 18.—A change of hotel properties here and in Ridgeway has been arranged this week. Mr. John M. Sheldon has sold out the Arlington Hotel at Ridgeway to Mr. J. P. Miles, proprietor of the Vester House here, and Mr. Charles Sheldon, Jr., will become manager of the Vester House.
Mr. J. M. Sheldon, who is one of the best known hotel proprietors in Western Ontario, will retire from business for some time and will reside in Ridgeway.
The change of property comes into effect on October 2 and 3.
Even a family tree may occasionally need a little pruning.

MR. PARDO'S FINE STOCK

T. L. Pardo, ex-M. P. P., of Cedar Springs, exhibited eleven head of cattle at the Fair yesterday, which were a credit to both Mr. Pardo and to the County of Kent. One bull shown tipped the scales at 2,300 pounds, a cow at 1,900 pounds, and there were a number of calves which commanded the admiration of all stock-raisers who viewed them. Mr. Pardo has good reason to feel proud of his exhibit at the Peninsular Fair.

LAID A COMPLAINT

Horace Black and John Bedford, of Park avenue, have laid a complaint at Police Court relative to a woman's chickens, which have been in the habit of straying onto Messrs. Black and Bedford's market gardens on Park avenue, and tearing up the vegetables, etc., therein.
They say that they have repeatedly warned the woman to keep her chickens at home, but she pays no attention to the complaint.

WATSON - HAZLETT

The marriage of Miss Edith, the eldest daughter of Mrs. E. W. Hazlett, William street, to Mr. Reginald Watson, of Bellegrave, took place yesterday afternoon at two o'clock at Victoria avenue Methodist church parsonage.
The ceremony was performed by Rev. Mr. Graham. The bride was supported by Miss Marie Bedford, and Mr. Alfred Hazlett acted as best man. The happy couple left on the afternoon train on a trip to London.

THE BANANA SCRAP

The Crown authorities have taken action with regard to the Zakoor-Tavato banana scrap, and yesterday afternoon a warrant for Richard Zakoor's arrest was issued on the charge of overturning and damaging Tavato's property. Zakoor was arraigned before Judge Houston yesterday afternoon, and elected to be tried by jury at the fall assizes. He was released on \$200 bail put up by A. J. James Massey and George Zakoor.
The case of Zakoor vs. Tavato will come up in Police Court to-morrow morning.

KING STREET IS DIRTY

Portions of King street pavement present an appearance to-day that would hardly be a credit to a respectable barn-yard. The ratapatters on Chatham's main artery, and in other portions of the city, too, are complaining quite loudly about the matter. They want to know how it is that the city street cleaner cannot attend to his civic contract, and remove the unsightly refuse from the thoroughfare.
This is a matter which from a standpoint of public health alone, the Board of Works should have attended to at once.

GOT SIX MONTHS

Moses Stonefish, the Indian who was charged with horse stealing, came up before Judge Dowlin at the Court House this morning. He was found guilty on his own plea, as well as the testimony of William Randall, from whom he stole the horse, and was sentenced to six months in Central Prison. Crown Attorney Smith prosecuted and Ward Stanworth defended.
Stonefish stole the horse from Randall's stables last Saturday afternoon, and he was captured by Randall himself, who handed him over to the Bothwell Chief of Police. He was committed for trial by Justice of the Peace Dillon, and sent up to Chatham for trial. He was remanded till this morning, when he pleaded guilty to the offence.

"SIDE-TRACKED."

"Side-Track" played to a bumper house at the Brisco Theatre last evening. Manager Brisco was forced to turn quite a number away, and there was standing room only a short time after the doors opened. The show is as funny as ever, and kept the audience in convulsions of merriment all evening. The piece evidently made a great hit, judging from the frequent and enthusiastic applause with which it was favored.

The caste is entirely changed since its last visit to Canada, six years ago, but all the members of the company are well up to the standard, and the roles are all well taken. Mr. Winters, as Horatio Irving Booth, the tramp, takes the part even better than it was previously portrayed by his predecessor. He is supported by an excellent company. The jokes, though many of them are unchanged, still hold popular favor. The piece is full of comical situations which cannot help but appeal to those who like a good laugh. It also has its vein of romance, which draws and holds the interest of the audience.
"Side-Track" will be repeated at the Brisco to-night, when it should be favored with another big house.

ILL-TIMED MESSAGE

**Dr. White of Detroit
Receives Sad News at
A Ball Game**

**His Father of This City
Was Thought To
Be Dying**

Detroit, Sept. 18.—"I have been requested to announce that O. W. White is wanted at his home immediately. News has just reached here that his father is dying."
Hushing the cheers on the lips of thousands of loyal Tiger rooters at Bennett park yesterday afternoon, Umpire Tommy Connolly mixed a dash of tragedy with an hour of festivity and plunged one man's heart from joy to deepest grief.
Apparently none of the throng in the big grandstand noticed a young man who arose from his seat shortly after the startling announcement, his face blanched and features firm set to hide his emotions. None saw him leave the grounds. A murmur of sympathy ran through the big audience. It was all over in a second, though, and when the first White Sox batter came to the plate, the one man's grief was forgotten, and the shouts and cheers that for the moment had been silenced, were resumed with greater vigor.
Dr. Oliver W. White, dentist, of 407 Fine Arts building, living at the Julian apartments, 50 Lothrop avenue, was the unfortunate recipient of the message. An ardent devotee of the national game, he had come to yesterday's double-header to see the struggle between Detroit and Chicago. It was just at the beginning of the second game that Umpire Connolly made the announcement from the field.
Dr. White's father, A. H. White, lives in Chatham, Ont. He has been ill for some time, but his condition was not considered at all serious. Yesterday the news came to Mrs. White that his condition was very low and she immediately communicated with Bennett park management.
Unfortunately, Dr. White was unable to get to a depot in time to catch an afternoon train for the Canadian town. He communicated with his home by long distance telephone, only to learn that his father was sinking slowly and would not survive. In an agony of suspense he was forced to wait until late last night before he could get a train from Detroit.
Inquiry at Mr. White's residence in this city this morning revealed the encouraging information that the patient seems to be much stronger to-day than he was during the night. He is still, however, in a very low condition.

WAS FOUND DEAD

Timothy Hogan, Raleigh St., was found dead in his bed yesterday morning at 9 o'clock. Deceased was an old gentleman, and for the past few years has been living with his sister in this city. He retired for the night feeling well, apparently, but when called the next morning he failed to make any response. His sister, upon entering his room, was shocked to find him dead. He had expired during the night, as his body was cold when found.
For several years deceased has been living retired in this city. He was formerly a merchant in New York City, and had been very successful during his career. He was born in St. John, Newfoundland. He leaves no relatives in this city except his sister.
The funeral arrangements have not yet been made.

B. OF W. NOTES

The laying of the Inches Avenue sewer under the C. P. R. tracks was completed this morning to the entire satisfaction of the citizens and the railway officials.

Blight & Fielder's workmen are rushing the granolithic sidewalk near the Fair Grounds, on Queen street.

The bituminous coating on Adelaide street has been all laid, and the pavement on this street is completed so far as the Bitulithic company is concerned.

The laying of the bituminous coating on Thames Street pavement was commenced this morning, and it is expected that the concrete work on the south approach to Fifth Street Bridge will be completed to-day. Blight and Fielder's workmen will probably commence work on the northern approach to-morrow.

NOT THE ONLY ONE.

She takes a very small shoe, doesn't she?
Oh, yes, indeed!
What size?
Two sizes smaller than her foot.

JAQUES - SIDE

A very pretty event took place last evening at the home of Mr. and Mrs. Wm. Side, Joseph street, it being the marriage of their daughter, Mande Augusta, to Mr. Merton F. Jaques, of Detroit.
Promptly at six o'clock, to the strains of Mendelssohn's wedding march, played by Miss Myrtle Side, the bride entered the drawing room, which was tastefully decorated for the occasion, leaning on the arm of her father.

The bride was attended by her sister, Miss Edith Side, while the groom was supported by Mr. Bert Ellison, of Detroit. The bride was attired in cream silk Lansdowne and carried a bouquet of cream roses. The bridesmaid wore embroidered Persian lawn and carried pink roses.

After the ceremony, which was performed by Rev. J. W. Hodgins, the guests, numbering about forty, sat down to a sumptuous wedding repast. The groom's gift to the bride was an amethyst locket, and to the bridesmaid a pearl brooch, and to the groomsmen a pearl stick pin. There were guests present from Wallaceburg, Detroit, Woodstock and Winnipeg, and the many beautiful presents received testified to the high esteem in which the couple are held.

The happy couple left on the 9.24 for Detroit, where they will take a trip to Buffalo, Niagara, and other eastern points, and on their return will reside in Detroit, where they will be at home to their friends after November 1 at 428 Theodore street.

TWO WEDDINGS.

Blenheim, Sept. 18.—Two weddings of well known and popular young Blenheim people took place to-day. At the residence of Mr. John Henderson, at 11.30 in the forenoon, his eldest daughter, Mande B., was married to Mr. James Gibb Fleming, of the well known firm of J. W. Fleming & Son, Rev. Geo. Gilmore officiating. About 60 guests were present and the house was elaborately arranged for the occasion. Mr. and Mrs. Fleming left in the afternoon on a honeymoon trip to eastern points, and on their return will reside here.

At the residence of Mr. George Thompson, at high noon, his youngest daughter, Carrie, was quietly married to Mr. Geo. Carnes, for the past three years head clerk in the E. Y. Thompson store. Only the immediate relatives were in attendance. Mr. and Mrs. Carnes will spend a few days with relatives near St. Thomas, and next week will leave for the Canadian Northwest, where Mr. Carnes has accepted a good position with the Corderville-Georgeson Company of Calgary.

GREAT SALE OF IMPORTED CHINA

Chatham Branch in their new Building Opposite Market Square

DISTRICT

DRESDEN

Dresden, Sept. 17.—Mrs. H. Moore was at home to her friends on Saturday afternoon from 4 to 6. The tea-table was prettily decorated with pink asters and green vine. Mrs. Lawson Cronk poured the tea and Miss Eva Alkin assisted in the tea room. Mrs. Moore received in a pretty white gown, Mrs. Cronk wore an embroidered muslin and Miss Alkin a cream pongee silk trimmed with silk lace.

The infant daughter of Mr. and Mrs. James Rogers was baptized at the morning service in the Methodist Church on Sunday.

Miss Irving left for her home in Wingham on Thursday morning, after spending several months with her sister, Mrs. E. H. Dever.

Mrs. John McVean spent a few days last week in London.

Inspector Colles visited the Dresden schools on Friday.

Miss Jessie MacDonald, of Chatham, spent Sunday with Mrs. (Dr.) Galbraith.

Mrs. Ethel Whitehead and son Will have returned from a two weeks' holiday in London.

Miss Flo Grover, of Portage la Prairie, arrived on Friday for a year's visit with her grandparents, Mr. and Mrs. C. P. Watson.

Miss Abbie Davies will give a number of readings at the Lindsay Road entertainment on Monday evening next.

The concert given by the baseball team on Thursday evening, in the Town Hall, was a success. The Symphony Club were fairly well received.

Lawson Cronk, of the Str. City of Chatham, spent Tuesday in Dresden, at his home.

A SUGGESTION OF RARE VALUE.

A diseased condition of the surfaces of the air passages causes bad breath, but more commonly emanates from indigestion or an impure condition of the blood. Thousands of cases prove that Dr. Hamilton's Pills, through their specific action on the secretory and eliminative organs, not only cure bad breath, but as thoroughly purify the system that anything suggestive of blood or digestive troubles is impossible. Through Dr. Hamilton's Pills the skin grows rosy and clear, activity of the body and mind increases, and bounding health is established. Sold everywhere.

LITERARY

SEPTEMBER ROD AND GUN.

Extent of ground covered and variety in subjects dealt with are the dominant features of the September issue of Rod and Gun and Motor Sports in Canada, published by W. J. Taylor, at Woodstock, Ont.

Fishing, shooting, exploration, natural history, mountaineering, club house building, how to carry firearms, are only some of the matters in which all sportsmen are interested which find place in the pages of this number. Fishing incidents in Newfoundland, New Brunswick, Quebec, Ontario and British Columbia are recorded, each one having an interest all its own, and to those who have fished in the different Provinces each will bring back pleasant recollections of days gone by, and hopeful anticipations of others to come.

In the Heart of the Rockies is quite as delightful in its way as Nova Scotia woodcock is in another; and How to Carry Firearms is as useful and as informing as the full and interesting summary of the new Game Laws of Alberta.

The Alpine Club records are of value not merely to those directly interested but also to a far larger number who believe in the active outdoor life that is doing so much to retain our national vigor and will prevent the crowded cities from dragging us into national degeneracy. The dog hunters are still at it and no doubt mean to die game when death may come to them—if it ever does.

The Departments are all healthy and the specially written account of the Dominion Trap Shooting Tournament is one that every trap shooter should read.

Altogether the number well sustains the excellent reputation its predecessors have made.

THE CANADIAN MAGAZINE.

The Canadian Magazine for September is unusually attractive. First place is given to an article by J. S. Willson, editor of The Toronto News, entitled The Genius of the Canadian Club. Then follow several strong features, including a sketch of the Queen of Holland, with portrait; an illustrated historical article, entitled Lower Fort Gary; an account of the progress that has been made towards nation of the Presbyterian, Methodist and Congregational denominations; British Columbia, as Eldorado; Fruit Growing in Nova Scotia; an account of an interesting experiment in preparing for national defence; besides a good supply of short stories.

THERE ALREADY.

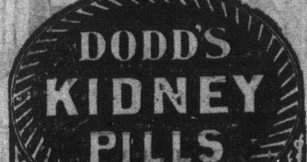

Ah, darling, sighed the romantic youth, I would very gladly lay the world at your feet.

But of course you can't, replied the practical maid, for it's there already.

PERFECTLY ABSURD.

So you are soon going to be married, dear?

Married! How ridiculous! Of course not; why, I'm only engaged.

MR. SAM. I. SLADE, Basso, of Detroit, will resume his classes in voice culture in this city, on Monday, September 9.

Studio, corner of King and Fifth Streets, over C. P. R. Telegraph offices.

MRS. JOHN COOPER HAS RESUMED HER CLASSES IN VOICE CULTURE AT THE RESIDENCE OF Mrs. Robert Cooper, KING STREET WEST.

ONTARIO LADIES' COLLEGE (Trillium Castle) Being a Whistly on the shore of Lake Ontario, amidst beautiful grounds, furnished an ideal, healthful home in which to give an education. Physical Buildings of modern type, specialized staff of teachers and unequalled equipment. Musical Department in affiliation with Toronto Conservatory of Music and under direction of well known teachers. Large pipe organ in College Concert Hall. Its close proximity to Toronto enables students to take advantage of the important concerts, etc., held there, while at the same time they are removed from Toronto's many interruptions and distractions. The physical, mental, moral, social and religious growth, placed under influence that develop the highest type of refined Christian womanhood.

Will Re-open September 9th. Write for calendar to REV. DR. J. J. HARE, Principal.

MARKETS

There was a very fair Wednesday market on the square yesterday, but butter does not seem inclined to tumble in price very rapidly, and is still quoted in the neighborhood of 25c., some asking even more. Tomatoes are coming in somewhat more abundantly, 75c. per bushel being asked. Eggs are running along at about 17c. per dozen, the fluctuation being between 16 and 18 cents.

Following is the full price list:

DAIRY PRODUCTS.
Butter, per pound, 25c. to 28c.
Cheese, per cake, 35c. to 40c.
Chickens, each, 20 to 35c.
Chickens, live, 30c. each.
Eggs, per doz., 16c.

FRUIT AND VEGETABLES.
Apples, per peck, 15c.
Beets, two bunches for 50c.
Beans, three quarts for 10c.
Black currants, per box, 16c.
Blackberries, per box, 20c.
Carrots, two bunches for 50c.
Celery, per bunch, 10c.
Cauliflower, per head, 5c. to 10c.
Cabbage, per head, 5c.
Corn, per dozen, 7c.
Cucumbers, four for 50c.
Crab apples, per peck, 80c.
Elderberries, per quart, 5c.
Green onions, 2 bunches for 50c.
Green peas, per quart, 15c.
Lettuce, three heads for 50c.
Muskmelons, 5c. to 20c.
Potatoes, per peck, 25c.
Peas, per peck, 50c.
Plums, per basket, 75c. to \$1.00.
Peaches, per basket, 75c. to \$1.00.
Radishes, two bunches for 50c.

Minard's Liniment cures Dan's ruff

The Northway Co., Limited THE BUSY CASH STORE The Northway Co., Limited

OUR OPENING DAY HAS PASSED

Now we are fairly launched in our Fall campaign. Our opening gave us a good start. It demonstrated the superiority of our quantities, qualities and styles. It again verified our claim of being the LOW PRICED STORE.

There is no store that pays more attention to style than we do. The vainest woman, who does homage to that exacting deity—"Fashion" can find no fault with our expressions of the latest style decrees and ideas.

OUR QUALITIES ARE THE BEST or they wouldn't be here. QUANTITIES—well, you know how extensive our stocks usually are. They are more extensive than ever this year.

Buying this season's goods especially advantageously, in spite of the prevailing high market prices we will add another feather to our hat as the profitable trading place.

SPECIAL LINEN VALUES FOR OPENING WEEK

Cream Table Damask, 54 in. wide, good firm weave, in wide range patterns, at a yard, 25c.

Cream Damask, 57 to 62 in. wide in floral and disc patterns, splendid wearing quality, special a yard, 35c.

THURSDAY, SEPTEMBER 19, 1907.

THE JAPANESE TROUBLE.

Sir Wilfrid Laurier has been playing fast and loose with British Columbia on the Japanese question and is facing the consequences. He has neither allowed nor positively vetoed Provincial legislation for the exclusion of Asiatic immigrants. Matters have been permitted to drift. In British Columbia Sir Wilfrid's friends have presented the Laurier Government as favorable to the exclusion policy. Liberal Members of Parliament in British Columbia were loudest at home in their clamor against Oriental immigration, but when Parliament was in session they had nothing to say.

Meanwhile Japanese continued to arrive. They have been coming faster than ever, not only from Japan but from the Hawaiian Islands. The riot in Vancouver is the natural result of the uncertain attitude of the Government at Ottawa. The people knew what to expect from the Provincial Ministry. The British Columbia Government and Legislature have gone as far as they have jurisdiction in excluding Asiatics. If the British Columbia people had been distinctly and firmly told what they might expect from the Laurier Government they would have adapted themselves to the conditions. But years of evasion and shilly-shally have made the people desperate or easily the instruments of desperate characters from the United States. The Vancouver riot with the wholesale wrecking of Japanese houses was the result of determination to bring matters to a head.

Now Sir Wilfrid is doing what he might as well have done years ago. He is trying to bargain with the Japanese Government to restrict the exodus of Japanese people. Japan stands by her right to send her subjects to Canada, and properly demands that they shall be protected while they are here, just as Britain would insist that British subjects should not be abused nor injured in their persons or property by mobs in Tokio. The Japanese are our allies and the only power which can properly prevent Japanese immigration to this country is Japan herself. This must be the basis of a future arrangement.

An agreement on this principle might have been made before the country had been disgraced by the Vancouver outbreak.

But when the Japanese question shall be settled half the difficulty will remain. Hindu laborers are coming into Western Canada by thousands. No less than nine hundred came this week in one trip. They are our fellow subjects, many of them are Sikhs, who have served in wars of the Empire. They are entitled to consideration and sympathy, but they are not as a class adapted to this country, and its civilization. Their presence opens up new and difficult social problems which should be avoided. The sooner public action is taken to prevent or restrict this immigration the easier will be the settlement of the trouble.

Mr. Borden's platform demands a more careful selection of the sources of immigration, the more rigid inspection of immigrants, and in short a policy which will exclude undesirable settlers. If this rule is applied generally it will not be offensive to any race or nation. Mr. Borden's policy is the one which must be adopted if we are to escape this continually reverting trouble and avoid the scenes of violence which have disgraced some of the cities of the United States, and have been introduced into this country.

The statement made by Joseph A. Armstrong, M. P. for East Lambton, that the present Dominion Government had raised the rate of taxation per head in a few years from \$5.43 to \$11, should give the electors something to think about. That one fact should convince everybody of the need of a change in the administration.—St. Thomas Times.

There is a dearth of male teachers in training at the Provincial Normal Schools, which have opened another term. At Toronto there are 180 female and 50 male teachers, at London 150 females and 12 males, and at Ottawa 115 females and 7 males.

The Conservative party believes in the nationalization of telegraphs and telephones. If it comes into power, it stands pledged to bring that about. There is no reason for a government monopoly in transmitting messages by letter, unless it is extended to include the transmission of messages by wire, by telegraph and telephone.—Mr. R. L. Borden at Cobourg.

CATARRH IS CURABLE

Successful Experiments in Abating and Curing This Disease.

Catarrh is an entirely unnecessary disease and should not be tolerated for a single day now that Hyomei is so generally known and has made so many cures in Chatham and other towns.

Until comparatively recent times catarrh was thought to be a blood disease and stomach dosing the only treatment. Modern science finally disproved this idea of the cause of catarrh, and found that it was a germ disease and, after many experiments, the remedy was decided to be Hyomei.

Hyomei medicates the air you breathe; it kills the catarrhal germs; it heals the smarting and raw membranes of the passages in the nose and throat; it cures all catarrhal troubles.

As there is life and health in the air in the mountain-tops where the pine forests give off their fragrant and healing balsams, so there is life and health in breathing Hyomei. There is no need of suffering from catarrh if the simple and natural treatment of Hyomei is used.

So sure is this prescription to cure even the worst cases of catarrh, that C. H. Gunn & Co. sell it under an absolute guarantee to refund the money if it does not do all that is claimed for it.

THE LATEST CANADIAN NEWS-PAPER DIRECTORY.

The fifth edition of the Canadian Newspaper Directory, published by A. McKim, Limited, has just been received. It is certainly a credit to the publishers and to Canadian journalism, both in appearance and contents.

It is the only Canadian directory we have that has gone beyond the first edition, and the only directory published that really does justice to the Canadian field. Over thirteen hundred publications are listed and fully described, as are also the towns where they are published.

This edition shows a gratifying increase in the number of

Desperate Coughs

Dangerous coughs. Extremely perilous coughs. Coughs that rasp and tear the throat and lungs. Coughs that shake the whole body. You need a regular medicine, a doctor's medicine, for such a cough. Ask your doctor about Ayer's Cherry Pectoral for these severe cases. We have no secret. We publish the formulae of our preparations. J. C. Ayer & Co., Lowell, Mass.

TERMS OF PEACE FOR MOROCCO.

Conditions Under Which French Government Will Treat With Tribesmen.

Paris, Sept. 18.—The French Government is greatly encouraged by the improvement in the Moroccan situation, and strong hope is entertained that the rebellious tribesmen, with whom the delegates who conferred with Gen. Drude on Sunday are now consulting, will agree to the peace terms, which include:

1st. The punishment of the authors of the Casablanca massacres and the ring leaders of the movement.

2nd. An agreement that no tribesmen shall enter with arms within a radius of 15 kilometers of the city.

3rd. The acceptance in principle of the payments of a war contribution, the amount of which will be fixed hereafter by negotiations between the Moroccan Government and France and Spain.

4th. The surrender of hostages to insure the fulfillment of these conditions.

Were Bent on Plunder.

Paris, Sept. 18.—The correspondent of The Matin at Massana telegraphs as follows:

"The European residents of Massana had a narrow escape from massacre last Friday. The French cruiser Conde went out for target practice without notifying the authorities of her purpose. As soon as the booming of her guns was heard the tribesmen outside the town, believing that troops were about to be landed and Massana occupied, galloped in to get their share of the pillage, the same as at Casablanca.

"The guards saved the situation. With great presence of mind they shut the town's gates before many of the tribesmen got in. Only a few of the Jewish shops were pillaged."

Moors Wiped Out.

Casablanca, Sept. 18.—A party of eighteen Moors yesterday fired upon a scouting detachment of French irregular Algerian cavalry, who killed fourteen of the enemy and burned their bodies.

WILSON'S FLY PADS

One pad kills a bushel of flies.

10c. per pad, or 3 pads for 25c. will last a whole season.

HOW DO YOU JUDGE A PIANO?

Musically inclined people naturally judge a piano by its tone—and that's why "Nordheimer" Pianos are found in the homes of so many musicians of note.

If you have an ear for tone, quality the remarkable beauty, sweetness, purity and volume, so the "Nordheimer" will appeal to you.

We could explain at length the various mechanical contrivances which are incorporated in the "Nordheimer" piano to produce its unrivaled tone, but they would be understood by a mechanic only.

We much prefer you to judge this piano from what your own ear tells you about its tone—then you are sure to be satisfied.

Pleased to have you call at your earliest convenience and examine the "Nordheimer." The One Price System assures you a fair and square deal.

Our Mr. R. V. Carter will visit Chatham frequently in our interest and will be pleased to furnish you with any information you may desire. Correspondence addressed to him in care of the Garne House will receive careful attention.

HOT WEATHER RECIPES.

Ice Creams That Can Be Made From Reliable Formulas.

A Good Everyday Ice Cream.—Bring a quart of sweet milk to the boiling point, using a double boiler to avoid scorching. Stir in one tablespoonful of cornstarch dissolved in a little cold milk and cook fifteen minutes. Beat two eggs until lemon colored and thick, add to them one-half cup of sugar and stir into the thickened milk. Cook a moment, no longer, take from the fire, flavor with a teaspoonful of vanilla or lemon, cool and freeze.

If you wish to make brick ice cream use two tablespoonfuls of dissolved gelatin to a quart of milk.

Maple Sauce For Ice Cream.—Cook without stirring until it "threads" a pint of maple syrup and a half cup of cream. When a little of the syrup cooled in cold water can be rolled into a soft ball between the fingers take from the fire and stand in a pan of hot water until ready to serve with the cream.

Chocolate Sauce.—For the chocolate sauce put four squares of unsweetened chocolate into a saucepan and stand in a larger dish of hot water. Stir until the mixture is smooth, then cook, without stirring, until it reaches the "ball" stage. Add to either the maple or chocolate sauce a half cupful of English walnuts or butternuts chopped fine when you wish a superlative dessert. Keep the sauce hot without further cooking until ready to serve with the cream.

Catskill Vanilla Cream.—Beat the yolks of two eggs until lemon colored and thick. Add one cup of powdered sugar and a pint of milk that has been brought just to the boiling point and cook two minutes in a double boiler, no longer. Stir in the whites of the two eggs, beaten stiff, a teaspoonful of vanilla and a quarter of a teaspoonful of almond. When cool add a pint or half pint of cream, freeze and pack. Emma Padlock Telford.

CRYSTAL BASKETS.

Unique Table Ornaments For Holding Flowers and Fruit.

Crystal hand baskets, both large and small, which must surely commend themselves to the hostess who has an eye for beautiful table furnishings, were seen recently at one of the avenue shops. The large baskets are

INDIVIDUAL DISHES FOR REFRIGERATORS IN SHAPES OF BASKETS.

twelve or fifteen inches in height and are used for flowers. They are ideal receptacles for roses, as was demonstrated by a hostess at a recent fashionable dinner, who provided them, filled with these flowers, as favors for her guests. The smaller baskets are decidedly new and lined with green leaves make charming receptacles for berries. For a dinner where one of the large hand baskets filled with flowers is used as a centerpiece the smaller ones can be used effectively for a dessert course of ice cream, surrounded by fresh berries with a few of their leaves.

Even smaller still are the little baskets intended as individual dishes for salted nuts. They are not more than three or four inches in diameter and are exceedingly graceful in shape. Some of the baskets are of clear crystal, with a hair line of gold or green twisted about the handle. Others are green with rich floral designs in gold.

The Picnic de Luxe.

What a picnic picnic has become! Time was when a luncheon in the woods meant tedious lugging of cumbersome baskets and labored portage of stone jars or still more annoying, glass jars containing the beverage, whatever it might be.

If one took lemons along in the fond hope of enjoying lemonade tea to one it was such a bother to get cool water that the drink wasn't worth the trouble. As for butter, cream and kindred essentials to real luncheon, they either had to be left behind or eaten in conditions far from palatable.

The shortest tramp under a blazing sun meant that everything mettled melted, and one was lucky if the meat in the sandwiches didn't spoil. Now there are several makes of picnic hampers, all of which are good. In any of these solid and fluid refreshments may be transported many miles and kept as appetizing as they would be at home. There is a compartment for ice, and so scientifically is the refrigeration arranged that a small lump will keep everything delightfully cool.

The best of it is that the hamper is as light as is compatible with strength, and the weight of the eatables and drinkables is about all that has to be considered. Any of those hampers can be stowed away in an automobile or surrey, and all save the larger sizes can be carried comfortably on the arm.

Lane.
"The railroad wants to dig a cut right through our suburb."
"And do they offer no excuse?"
"Oh, they say divided outskirts will be more useful."

TRAIN WRECK VERDICT

Jury Find Trainmen Guilty of Criminal Negligence.

Warrants For Arrest Issued — Must Face Charge of Manslaughter — Wreck Entirely Due to Excessive Speed — C. P. R. Blamed for Putting Incompetent Men in Charge — Coroner's Summing Up.

Toronto, Sept. 18.—Warrants were issued last night, following the verdict of Coroner Johnson's jury, for the arrest of George Hodge, engineer, and Matthew Grimes, conductor, who had charge of the ill-fated train, in the derailment of which seven lives were lost and scores of passengers were injured.

The warrants charge the men with criminal negligence, in having allowed the train to be run at an excessive speed on the dangerous grade curve. The charge is equivalent to one of manslaughter.

The warrants will be executed today, and the men sent to Orangeville for trial.

Engineer Recalled.

Several witnesses were heard last night, tending to prove that the track on the curve was safe enough under ordinary observance of the rules, that the trainmen had been under notice to observe safety rules, and that excessive speed had caused the wreck. The examination of two machines, who had removed the brake shoes from the disabled engine and tender, was in an attempt by the defence to try to show that the loss of one may have been a contributing cause to the wreck.

Engineer Hodge was recalled and said he had shut off steam 200 yards before the slowboard. He had handled the brakes one-quarter of a mile before the wreck. He had handled his freight on the same curve in the same way.

He noticed the brake shoes at Orangeville. They were alright. After the accident the right brakeman was missing.

The engineer said he knew nothing of an official bulletin posted in the shops regarding the running of trains over the curve. He admitted, however, that he should have known of the order. He knew of the rule covering slowboards.

The Evidence.

A. P. Walker, assistant division engineer, was the first witness. He considered the track safe. W. Brown, Robert Preston and Robert McDowell told of removing the brakemen, as to the number of which they were uncertain.

Arthur Smith, C. P. R. superintendent, had seen Conductor Grimes at the wreck, and the latter had said he could not tell how fast the train had been running.

An official bulletin, instructing C. P. R. engineers not to exceed 25 miles on the grade, was posted in the book at Toronto Junction. Trains should be under control after passing a slowboard.

James Royce, assistant engineer of the railway board, thought the train was running at a mile an hour at the curve.

"The whole thing comes down to a mistake in judgment of the engineer," asked Mr. Robinette.

"Yes, it looks that way," answered the witness.

Mr. Salt and J. W. Kelly swore the train had been in good repair.

A. L. Hertzberg, engineer of maintenance of way, thought the grade safe at 30 miles an hour.

Coroner Johnson addressed the jury at length pointing out that the whole question had been narrowed down to one speed.

The statements of the Engineer and Conductor in regard to that point stood entirely alone and uncorroborated, while on the other hand independent witnesses had given ample testimony as to the excessive rate at which the ill-fated train was travelling when it rounded the curve, a speed altogether unwarranted and unnecessary.

The jury returned the following verdict:

The wreck was caused by the excessive and dangerous rate of speed at which the train was being run by the engineer, George Hodge, and the conductor, Matthew Grimes.

And we find that the wreck was caused by their criminal negligence. And it is our opinion that the C. P. R. is to blame for putting incompetent and inexperienced men in charge of the passenger train running on such a difficult piece of road.

New Zealand Tariff.

Christchurch, New Zealand, Sept. 18.—The new tariff bill has passed the House of Representatives. Premier Ward states a preference has been granted Great Britain on 165 new items, amounting to a reduction of 10 to 20 per cent. on duties paid by foreigners.

Prohibit Hindu Immigration.

Vancouver, B. C., Sept. 18.—Mayor Bethune announced yesterday that he further parades by the anti-Asiatic League will be allowed in the near future. He notified the mayor that they would appeal to the Governor-General to prohibit any further immigration to Vancouver.

Four Motorists Killed.

Colorado Springs, Col., Sept. 18.—An automobile containing a party of seven Elks, returning to Manitou, ran into a telephone pole here early yesterday. Three men were killed outright and a fourth died later.

Removed Theft of Bonds.

Madrid, Sept. 18.—All transactions in 5 per cent. bonds were suspended on the Bourse yesterday. It is rumored that a theft of \$2,000,000 in unnumbered bonds has been discovered.

PATERSON'S

COUGH DROPS
Make sound throats of sore throats after coughs, colds, croup, etc.—cough easily that really cures. Use in all irritations of the mucous membrane of the throat. Dose: One drop three or four times a day. Put the drops in the mouth and swallow. THEY WILL CURE

TABLECLOTHS.

The "Doubblers" and the "Bubble" of Olden Times.

In the twelfth century the tablecloths were very large and were always laid on the table double. For a long time they were called "doubblers" for that reason. The cloth was first placed so as to touch the floor on the side of the table at which the guests sat. Then all the cloth that remained was folded so that it just covered the table.

Charles V. had sixty-seven tablecloths which were from fifteen to twenty yards long and two yards wide. He had one cloth which was thirty-two yards long, and that had the arms of France embroidered on it in silk. All of these were fringed.

The sixteenth century "doubblers," or double cloths, were replaced by two tablecloths, one of which was small and was laid just as we lay ours today.

The other, which was put on over it, was large and of beautifully figured linen. It was skillfully folded in such a way that, as a book of that time says, "it resembled a winding river, gently ruffled by a little breeze, for among very many little folds were here and there great bubbles."

It must have required much art and care to make dishes, plates, saltcellars, sauce dishes and glasses stand steadily in the midst of this undulating sea and among those "bubbles" and puffy folds.

However, the fashion had only a short existence, as is apt to be the case with impractical fashions, and toward the latter part of the century a single cloth, laid flat and touching the floor on all sides of the table, came into general use.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultant, at bronchitis, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Marsh-mallows root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Barlow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Pinney, of Howard, M. D., of Ben. Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hise, M. D., of Hahnemann Medical College, Chicago; and others, who are equally eminent in their several schools of practice.

"The Golden Medical Discovery" is the greatest medicinal discovery of our age, and is a professional endorsement—worth more than any number of ordinary testimonials. It is a purely vegetable formula, is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely nonobnoxious and besides a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

SCALP TORN FROM HEAD.

Girl's Hair Caught in Revolving Wheel at Canning Works.

Chatham, Sept. 18.—Ada Shaw, 15 years of age, met with a terrible accident while at work at the Kent Canning Works yesterday.

While passing close to a belt her hair was caught in a rapidly revolving wheel, which tore her scalp completely from her head.

She was at once taken to the office of a surgeon, where the scalp was thoroughly cleansed and placed on the head again, though it is thought unlikely it will grow again.

JAP VILLAGE FLOODED.

Fire Starts in Mine and Water Reservoir Breaks.

Tokio, Sept. 18.—Thirty persons were drowned and 100 houses burned early yesterday morning at the Koshikab Mine, near Kotaro.

A fire started in the mining works, and while attempts were being made to save the mine the water reservoir was broken, flooding a portion of the village.

Many women and children were among the victims.

WOULD CHANGE TREATY

Resolution of Dominion Trades Congress at Winnipeg.

Labor Men Petition the Government on Immigration Question — Ask That Imperial Government Be Urged to Abrogate Treaty With Japan — Canada's Interest Should Be Studied—Loss of B. C. Threatened.

Winnipeg, Sept. 18.—The Labor Congress of Canada passed a formal resolution yesterday morning, asking that the Dominion Government memorialize the British Government, asking that the existing treaty between Great Britain and Japan be abrogated in order that Oriental immigration into Canada may be treated in the best interests of the country.

This was the purpose of the resolution passed after considerable debate, in which it was stated that it was advisable to deal with various phases of Oriental immigration into Canada separately, because of the fact that many of the Oriental immigrants were British subjects from India and Hong Kong, and the existing international relations between Great Britain and Japan.

The clause which is objected to is the following:

"The subjects of each of the two contracting parties—Great Britain and Japan—shall have full liberty to enter, travel or reside in any part of the Dominion or possessions of the other contracting party, and shall enjoy full and perfect protection for their persons and property."

The resolution, which is very lengthy, and will be forwarded at once to Sir Wilfrid Laurier, went fully into the whole subject and pointed out the Japanese are threatening entirely to supplant white labor in the mines and lumber industry. It also pointed out that the best interests of Canada and the Empire will be served by respecting the autonomous rights of its component parts.

The resolution also reads that Canada has already sacrificed much for Imperial interests, as witness the recent generous contribution on Canada's behalf, made by Lord Alverstone on the Alaskan boundary award. There was also a vague hint of losing British Columbia entirely if something is not done.

RACING AT WOODBINE.

English Horse Ypsilanti Makes Poor Show in Sandringham Plate.

Woodbine Race Track, Sept. 18.—The racing here yesterday was of a high order, there being several exciting finishes.

Charley Eastman won the feature event, Epsom Handicap, \$1,000.

Mr. Seagram's latest purchase, Ypsilanti, who won the \$50,000 Jubilee stakes in England, ran very poorly although only two turned out to oppose him. He was never a contender.

Results:

First race, \$400 added, maidens, 3-year-olds and up, 3 mile—1, Photo-grapher; 2, Royal Artillery; 3, Griffen. Time, 1:14.25.

Second race, purse, \$400 added, maiden 2-year-olds, selling, 5-8 mile—1, Dredger; 2, Eyedent; 3, Our Boy. Time, 1:02.25.

Third race, purse, \$400 added, 3-year-olds and up, selling, 1-8 mile—1, Restoration; 2, Chippewa; 3, Dele Strome. Time, 1:52.5.

Fourth race, Epsom Handicap, value \$1,000 added, for all ages, 3-mile—1, Charley Eastman; 2, Charlie Gilbert; 3, Earl Rogers. Time, 1:34.45.

Fifth race, Sandringham Plate, purse, \$500 added, 3-year-olds and up, 1-16 mile—1, Solon Shingle; 2, Conney K.; 3, Ypsilanti. Time, 1:40.15.

Sixth race, Ringwood Handicap, hunters, 11-2 miles, \$400 added, 3-year-olds and up—1, Kumshaw; 2, Plum Tart; 3, Heather Belle. Time, 2:51.15.

Seventh race, \$400 added, maiden 2-year-olds, selling, 5-8 mile—1, Black Hawk; 2, Suderman; 3, Bantry Bay. Time, 1:02.45.

RIVETING SHOOK BRIDGE.

Victims of Quebec Disaster Tell Graphic Stories in Hospital.

Quebec, Sept. 18.—Four witnesses were heard yesterday in the hospital, by the Royal Commission on the bridge collapse. J. Delph Lajeunesse was on the shore side of the chord No. 9 when the bridge fell. It seemed to him at first that the traveler was falling, and after feeling the shock he had time to see that the traveler was still on the bridge before it fell, and he fell with it.

Lajeunesse had seen the curve on the chord and had noticed that four of the plates on it were cracked. He is suffering from a fractured leg.

Alex. Beauriv, a Caughnawaga Indian, went down with chord No. 9, being incased in it. He has a broken leg and nose. He had noticed that the compressed air machine used in rivetting, which was almost completed, was so powerful that it shook the whole structure and he had called Mr. Meredith's attention to the fact as well as to the bent rib.

Oscar Labarge was working on top of the traveler, 400 feet above the water, when the collapse occurred. He gave a graphic description of his experience in the water and his escape therefrom on floating planks.

Charles Davis was working on the last section erected. The bridge seemed to give way from the back and then went down all together. He had seen the crack in the shoe plate on the pier mentioned by Quimet and other witnesses at the coroner's inquest.

FATHER'S AWFUL DEED.

Man Kills Four-Year-Old Daughter With Large Stick.

Edmundston, N. B., Sept. 18.—As Baker Lake, farmer, who suddenly went insane yesterday, struck his four-year-old daughter with a piece of wood, killing her instantly. His wife and two men, who were present, were unable to overpower the man. Later on he was lodged in jail, and while there attacked and nearly murdered another prisoner.

PANDORA RANGE

Large Broiler Door

Open the broiler or roasting door of the Pandora and you'll find an opening much more generous than on ordinary ranges. It's both wide and deep, so that you can easily place a big steak right over and almost touching the red hot coals, where it will broil quickly. And it's only by rapid broiling that a steak will retain its natural flavor and rich, juicy tenderness. Pandora is the range that cooks things right.

This broiler door can also be used for feeding the fire without disturbing the pots, etc., on the top.

If your local dealer doesn't sell the Pandora, write direct to us for free booklet

Stove and Furnace Repairs

Take a few minutes and look over your stoves and furnaces to see that they are all in good condition. If they need any repairs phone us and we shall be glad to call and see you about them.

Certainly we can get them repaired much more quickly now than later on, when every person wants their work at about the same time.

Now, don't you think a few minutes would be time well spent. You will be ready when the cold weather strikes us.

Stoves,
Stove Repairs,
And everything connected with a Stove or Furnace.

Mrs. John Fitzgerald, of Hamilton, who has been spending the past two weeks with friends in Detroit and Kingsville, arrived in the city on Monday and will be the guest of Mrs. M. Tomlinson, Wade street, for the week.

Millinery apprentices, two wanted at once. Apply, The Northway Company Limited.

The municipal taxes, imposed in Ontario in 1906 totaled \$18,013,945, being \$8.41 per head, or a rate of 16.3 mills on the dollar. Of the above amount \$8,391,799 were levied in the townships, \$4,146,982 in the towns and villages, and \$7,475,164 in the cities.

Annual western excursions now in full swing; tickets going like hot cakes. Detroit, Chicago, St. Paul, Grand Rapids and other points. Hurry up! If you have not time to come in, phone and tickets will be delivered at once. W. E. Rispen, agent G. T. R. and Wabash Railway, 115 King street.

Mr. and Mrs. Wm. Proctor, of Detroit, visited relatives and friends in the city yesterday, and returned home last evening. Mr. Proctor will be remembered as a dog and chicken fancier some eighteen or twenty years ago in the Maple City. He has been eighteen years motorman on a Baker car, D. U. R., and is getting on splendidly there. Mr. Proctor took a run up to see the Peninsula Fair. He notes many changes for the better in the Maple City, and met many old friends yesterday, who were glad to see him.

MILLINERY OPENINGS

AT THE AUSTIN STORE.

The Austin store has, as usual, an excellent and satisfactory display of the latest in millinery, and their opening is being attended by large crowds.

To choose any one hat as the fashionable thing this season is impossible, as there are any number of styles, all differing in shape, size and materials. Shapes are somewhat larger, although there are smaller hats also. In regard to colors, milliners state that black will lead. Brown and blue are also very strong, as well as green in the darker shades. Ribbons will be much used, especially in plain colors, also fancy pinks and gold ornaments.

One particularly pretty hat shown was made of black velvet, with two large ostrich feathers dropping over the back. A chon of velvet with jet dart, completes this charming model.

A beautiful, large drooping hat with a golden brown velvet brim, rolled slightly at the side. The rear of the crown is covered with coque feathers, and three shades of brown are arranged in a flat bow at the front.

WILLIAM FOREMAN & CO.

Metropolitan newspapers state that the Tartan fever has struck Fifth avenue, New York, and also Toronto.

So great is the showing of Tartans in both cities that a person in entering them would think they were entering Edinburgh or Glasgow.

To enter the Foreman store is to enter a little Edinburgh, for plaids, in silks, dress fabrics and steamer rugs are to be seen on all sides.

As you enter the door you will find a case full of the most beautiful plaid silks ever shown in this city.

On the left ledge as you pass to the millinery department is a display of dress goods in Clan Tartans, and on the right ledge are the steamer rugs.

The store is making an exceptionally fine showing of dress fabrics and high class broadcloths. The show room of the millinery department is decorated in pinks and white, and large ferns and palms add much to the appearance of the room.

The hats are very beautiful this season. In point of size and volume of trimming, a great many of the winter models, rival the most extravagant productions of the past season.

As for the new shapes, they are more varied than those of last season, ranging from the very small to the extremely large hat. Purple is one of the leading colors, but brown and green are very good. Ostrich plumes, Marabout, Paradise ostriches and flowers in profusion are seen in abundance this season.

A very pretty model in golden brown felt with four ostrich plumes, a third model in purple velvet with morning glories and two ostriches of ribbon made into pretty rosettes, makes a pretty hat. A hat of rose colored cut beaver, ostrich plume and handsome novelty ribbon with large ball stick pins, is very dainty and pretty.

THE GORDON STORE.

Magnetic millinery magnetizes maids and matrons--ever and always noted for their handsome, chic, nobby and advanced styles of headwear, the Gordon store fall opening and display this season again marks them as leaders in all lines which they carry.

Although cramped for space on their first floor, their exhibit is a remarkably fine one, comprising some of the most unique hats ever shown in Chatham.

A white French felt flop is indeed an ideal hat. It is trimmed with velvet facing, rolled off the face and mounted with two large white plumes, and a crown of rich white ribbon.

Another model is a pretty picture hat of shell pink felt, and a facing of Valenciennes lace, caught up at the side with La France roses and a wing. It is finished with velvet binding.

An Empire hat shown is really a stunning creation. It is in black pressed felt, facing, facing. Three ostrich plumes are caught on the front and sweep over the crown. It is finished with handsome jet stick pins.

Hats are to be distinctly different this season. The shapes are varied and cover such a wide range that individual choice is possible to a great degree. The large "cloche" or bell shaped hats are favorites, velvet and felt are both popular, and for high class millinery the more extreme shapes come in dress hats, developed in made shapes, smoothly covered with velvet or silk. Some of the high class order are Louis XVI. shapes, known as picture hats. This indicates a considerable heightening of the crown. Size is the characteristic of the fashionable shapes, and the drooping brim is a prevailing factor.

Fancy feathers seem to have taken the millinery world by storm. Long sweeping plumes of paradise, gulls, coque, ostrich, wing birds and quills, with a number of fancy effects in the feather line, are so numerous that they are fairly bewildering. Wings are of unusual width and length, some of them being long and broad enough to encircle the crown and brim of the largest hats.

The cold violet tone is the favorite color for the moment, although such shades as Empire green, navy blue, and Atlantic blue, are considered quite new. Flowers are a distinct novelty, especially the natural flowers, such as morning glories, orchids and white roses. In all the new shadings they will be an important feature. Materials, ribbons will be an important factor, especially in

buckies and liberty ribbon.

The children's hats shown by the Gordon store are creditable and almost innumerable in styles, at the economical prices which characterize this store.

The leading shades this season are navy blue, Paddy greens, and leather, although a wealth of choice and varied colors are to be seen. In the dress goods department the fall selections have been made with critical care and discreet judgment, and present a variety which has never been equaled in this city.

Gordon's fur department is better stocked than ever. No city can boast of a richer or more attractive display, which are to be disposed of at the usual close prices for which the Gordon store is noted.

THOMAS STONE & SON.

Although this firm is in the midst of an extensive and very busy dissolution of partnership sale, their annual fall millinery display is quite equal to any in the city, and is fully up to the excellent standard maintained every year, by this old reliable firm. The showrooms are prettily and attractively decorated, and a large display of new hats is shown off to good advantage.

In this department the prevailing trimmings seem to be flowers and foliage, feathers and plumes--larger and more fluffy than ever--ribbons in every variety and shade, and used in pleasing, ruffles and rosettes. The brown and green shades, Chinese blue and Bordeaux red are in high favor. Beautiful tints in amethyst and grey green effects are also very popular. Purple hats are also widely shown and generally admired.

It would be impossible to give an adequate description of all the hats shown in this store, and it is equally as hard to pick out any number which are worthy of special attention.

One very beautiful hat, however, was a medium sized hat of Copenhagen blue, with a tall, sloping crown, bell-shaped brim, with a backward turn at the front. The trimmings in this hat are roses and foliage with wings of this same shade at the right side.

Another hat which attracted much attention from the large crowds of visitors, was a large, graceful black hat, trimmed with ostrich plumes, satin ribbon and a jet buckle. Another was a large hat of pink silk braid, bound with mink, a Valenciennes lace crown and pink ostrich plumes, rounded off lace.

These hats, and many others which are equally worthy of description, are much admired by the many visitors. The opening this year has been fully as successful as any held by this firm, many sales have been made since the hour when the show rooms were thrown open for public inspection, and in every case the customers have gone away delighted with their purchases, and rewarded for their wisdom in calling at this excellent establishment.

THE NORTHWAY CO.

broad widths. Ribbon will be used in the form of drapery, surrounding the crowns, in the case of high class headwear. Pins are used in unending variety; mosses, enamel, painted, frosted of metal and china.

One very beautiful model that drew attention was called the fluffy ruffles hat. It had a drooping brim of leather brown velvet; crown covered with ruffles of net edged with lace, finished in front with chon of velvet, and a buckle of gold and rhinestones.

One of the small hats shown was of velvet and mink, very narrow brim; crown and band around top; three large roses in mahogany shade on the right, with foliage; bandeau covered with brown malines.

Another extremely large hat was covered with deep purple velvet and accented pleated ruffles. The edge was fringed and set in shell fashion around one side of the crown. Big purple roses and foliage were used on the other side.

A large black and white hat called the Rosenthal-Sloan, is short in front with long drooping back, faced with white; two lovely white plumes fall over the right side. It is finished with a beautiful bow of ribbon at the left side.

A very important hat was an enormous bell shape in Copenhagen blue velvet. An enormous rosette of

many loops of wide soft ribbon in the same shade is set at the left of the back, completely covering the crown and a quarter of the brim. Around the front are posed roses and grapes.

Wanted, bright young man to learn the dry goods business. One with some experience preferred. Apply Box 10, Planet

A NEW INDUSTRY

London, Sept. 19.—According to Ald. Matthews, there is a large American firm which manufactures telephones and telephone supplies seeking a site in this country. Mr. Richard Faunt, a commissioner of the company, was in the city for a few days recently, and intimated to Ald. Matthews that his concern would like to secure a site here for the purpose of opening up a branch business, and that they are a large firm and do an immense trade they should be a most desirable addition to the manufacturing end of the city.

The matter will be brought to the attention of the proper authorities at an early date, and all possible effort will be made to have the firm choose London for their Canadian site.

ENJOYABLE SOCIAL.

Wallaceburg, Sept. 18.—The social which was given by the ladies of the Catholic Church on the Separate school grounds on Monday evening, was a decided success. Supper was served by the ladies from 5.30 until 8 p. m. Although the weather was very threatening the rain held off until it was nearly over, when those who remained repaired to the Rev. Father Brady's residence, where a delightful program was rendered.

Those who took part were: Miss Mattie Gavin, of New York; Miss Carrie Franklin, of Grand Rapids; Rev. Dr. O'Reilly, Detroit; Mr. Fallahee, Chatham; D. A. Gordon, Miss M. Dunlop, Miss Ernestine St. Amour, Miss M. Coughlin, and Rev. Fr. Brady, of Wallaceburg.

After all expenses are paid, the ladies will have about \$150 to add to their treasury. Much credit is due to the different committees that had charge of the social.

FOOTBALL

A CHALLENGE.

The English residents of Chatham have organized a football club, they will be pleased to have a match with any Chatham team, or would like to join a league. A good team is on hand as some of the players have played in the English League. An answer from any team will soon be sent to business. The team would like to hear from any gentleman who would like to be president of the club. (Signed) Jack Robinson, on behalf of the Union Jack Football Club.

DISTRICT

BLENHEIM

Benheim, Sept. 19.—Arthur Bedford, of Chatham, was a Benheim visitor on Tuesday.

Mrs. J. S. Grootenank left on Tuesday morning to visit her daughter, Miss Janette, at Muskoka. Benheim Fall Fair will be held this year on the 9th and 10th of October.

H. L. Merritt, of Stratford, renewed old acquaintanceship with A. E. Bisset, of Rodney, made a business visit to Benheim this week. Mort. Dunnell, who has been quite ill lately, is feeling better at present.

Mrs. Theo. Pickering and children spent a couple of days visiting her mother at Chatham this week. Carl VonGuten, who has been away for the past month, has returned to his home in Benheim.

Harry Flater, of Benheim, who has decided to study metallurgy, left for Toronto for that purpose last Monday.

Mrs. J. H. Ferguson entertained in the home of her friend, Mrs. Jean Bisset, on Monday evening. The Misses H. H. Mattie and Elta English, of Chatham, were town visitors this week, the guests of Mrs. W. H. Logsdon.

W. R. Fellows, jun., after spending the summer at Erieau, returned to his home in Benheim this week with his family.

Mrs. Margaret McKenney of Leamington, was a Benheim visitor last week, the guests of the Misses Wright, Benheim West.

Miss Pearl Brown, a former resident of Benheim, has been renewing old friendships in town and in the country.

Mrs. H. Faust attended the Fair at London last week for a few days. Miss Lou Clark spent a few days visiting the Misses Alma and Grace Gibb last week.

Miss Carrie Thompson and Mr. Geo. Cairns, both of Benheim, were married at noon yesterday, Sept. 18th, at the residence of Mr. Geo. Thompson, father of the bride. The wedding was strictly private, none but the family being present.

Mr. Geo. Walker, who has been mail carrier between Benheim and Morpeth for some time, has resigned the position, and will again take up farming, on his farm on the Gravel Road.

The marriage took place yesterday, at noon, between Miss Maud Henderson and Mr. J. Gibb Fleming, both of Benheim, at the residence of Mr. and Mrs. J. Henderson, parents of the bride, Mr. and Mrs. Fleming left in the afternoon for Montreal.

The new manager appointed by the directors for the Kent Farmers Produce Company, Limited, is Mr. Neil G. Sinclair, Old Street. Mr. Sinclair is a good business man, and a universal favorite with everyone.

Mr. Chas. Sheldon, of Ridgetown, has bought out the Vester House, and will take possession about the 1st of October. Mr. Miles, the present proprietor, having bought out the proprietor from Mr. J. M. Sheldon, at Ridgetown, will remove to that town about the same time.

DRESS-MAKERS NOTICE

Our Miss Glasser is meeting with phenomenal success. Some of her gowns lately worn in London, have been beautifully described in the London papers. The management of this store takes great pleasure in recommending Miss Glasser as a thoroughly expert and fashionable modiste. Special tailoresses for tailor-made gowns and suits, and a capable staff of dress-makers for evening and afternoon gowns.

The entire second floor is given up to **Dress-Making**. We have a number of orders in now, but can do more.

As a special inducement during the **next ten days** we will allow a special discount of **20 per cent.** off the making for 10 days only.

Best Broadcloths Ever Seen in Chatham

Only one who has seen our present display of Fashionable Dress Goods can realize the impossibility of describing it in print, of course you know, in a general way that this year's Broadcloths surpass anything ever seen before. But do you realize that they are already here, that they are on view, that many ladies in Chatham have already bought theirs. See our choice collection of Broadcloths and Venetians.

Long Coat Styles

Long coat styles are the special feature of this season's offerings in Women's Suits and Coats; now is the best time to see the new models—that is if you want your Suit or Coat to be different.

Suits \$22.50 to \$65.00. Coats \$5.00 to \$35.00.

PEACE—McVEAN.

From Our Own Correspondent.

Dresden, Sept. 18.—On Wednesday, Sept. 18th, a very pretty home wedding was solemnized at the home of Mr. and Mrs. James McVean, when their niece, Eva C. McVean, was united in marriage to Mr. Wm. A. Peace, son of Mr. John Peace, of Toronto. Both are very well known in social circles here, the bride being one of Dresden's most charming young ladies, and the bridegroom has made many warm friends during his one year of residence here. Exactly at noon the bride entered the drawing room on the arm of her uncle. The ceremony was performed by the Rev. Norman Lindsay, B. A.

The bride wore her travelling gown of brown broadcloth with lace waist, and hat, shoes and gloves of brown. Both were unattended, and the ceremony was performed in the presence of only the very immediate relatives.

A delightful dinner was served, and the happy couple left for Chatham to take the train for Muskoka, where they will spend ten days.

On their return they will reside on Hughes St., where Mr. Peace has purchased the house formerly occupied by the Rev. B. Kinder.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

JUST WHY "PROTECTION BRAND"

ASPHALT READY ROOFING

IS SUPERIOR TO OTHER KINDS

1. There are no nails exposed to mar the appearance of roof.
2. It does not need to be renewed with paint from time to time. Its first cost is also its last.
3. It is a warm roof in winter and cool in summer and is therefore well adapted for stock buildings.
4. It is absolutely water, fire and wind proof.
5. It is guaranteed for ten years.
6. It contains no tar to melt and run in the summer, and freeze and crack in the winter.

Price per square **\$4.00** sand or gravel coated
