

The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XL. No. 50.

WOLFVILLE, NOVA SCOTIA, FRIDAY, September 30, 1921.

\$2.00, payable in advance

Electric Light Users

UNTIL FURTHER NOTICE

Please Use Electric Light Sparingly

and refrain from using any electrical apparatus other than light between 6 p.m. and 11 p.m.

The excessive drought has reduced the supply of water power greatly, and either the Hydro plant or the Wolfville steam plant is severely taxed between the hours of 6 p.m. and 11 p.m. But, if users of electricity will be careful to use as little as their necessities will permit, it will be possible to maintain good lighting.

Do not resort to high power lamps to improve your light. They will only decrease the quality of the lights throughout the town, and they might overload the electric plant to such an extent as to cause a breakdown. But, if your necessity demands a strong light, use one 50 watt lamp rather than two 40 watt lamps.

REMEMBER, a light turned off will improve the quality of the one you must keep burning; while to use an electric flat iron, toaster, or any electrical apparatus other than light during the evening hours may cause a breakdown that will mean no light.

It is the intention to maintain a twenty-four hour service as far as possible, and consumers may use any electrical apparatus they desire during daylight or mid-night hours.

CHAS. M. CHISHOLM,
Electrical Superintendent,
Wolfville Electrical Commission.

SEMINARY NOTES

The Senior Class in Psychology were deeply interested in a lecture on the Central and Peripheral Nervous System which President Cutten delivered to them, Tuesday, Sept. 20th.

On Saturday evening at the first meeting of the Perian Society, Dr. MacDonald delivered his lecture on Lloyd George. The topic was timely, the treatment popular, the appreciation great. Vocal and Violin Solos were presented by Frances DeWolfe and Mary Lusby.

The Acadia Orchestra under the direction of Miss Langley has begun work, the first meeting being held on Tuesday evening last.

The registration now exceeds two hundred and fifteen of which number only hundred and fifteen are in residence.

PORT WILLIAMS HAPPENINGS

Miss Coleman (Primary Teacher) spent the week end at her home in Aylesford.

H. R. Holding resumed his duties at the Royal Bank on Monday after a months vacation spent at St. Andrews, N. B. He travelled by auto crossing at Digby and returning via Parrsboro, the trip covering 700 miles which the Chevrolet did without any accident or delay of any kind.

A. R. Smith, relieving Manager of the Royal Bank for the past month, left on Monday for Fredericton, to relieve the Accountant there.

Mrs. Florence Eaton, who has been visiting her niece, Mrs. Geo. Gates, has returned to her home in Brockton, Mass.

Lieut.-Colonel J. Willis Margeson, of Ottawa, a native of Berwick, was offered the nomination as government candidate for West Ottawa in the coming election. Col. Margeson declined to accept the nomination.

WOLFVILLE EVAPORATOR

Nurse for Wolfville

Meeting Last Night Decides to Engage Victorian Order Nurse

A public meeting of the citizens was held last evening in the Temperance Hall for the purpose of considering the formation of a Local Council of the Victorian Order of Nurses. The attendance was not large, there being only about thirty present, half of whom were ladies.

Mayor Fitch presided and called upon Dr. Elliott to report for the committee appointed at a public meeting over a year ago. Dr. Elliott stated that the delay was caused from the fact that a Victorian Order nurse had not been available until now. In his opinion the total cost of the nurse for a year would be less than \$1500. Part of this would be paid by fees collected and the balance by subscriptions on the part of the Town Council, societies of the town and citizens. After citing the advantages to be derived from having such a nurse he moved that a local council of the Victorian Order of Nurses be formed in Wolfville. The motion was seconded by Mrs. W. M. Black and passed unanimously.

Prof. A. B. Balcom moved that the chairman name a committee to bring in nominations for the officers of the Council, and the following committee was appointed: Mrs. W. M. Black, H. W. Phinney, Alex. Sutherland, Mrs. M. R. Elliott, Mrs. A. B. Balcom. This committee brought in the following nominations which were accepted by a unanimous vote:

President—Mrs. J. A. Ingraham
Vice-Pres.—Mrs. Geo. Ande, son
Executive—H. E. Calkin
Mrs. A. B. Balcom
Dr. Leslie Eaton
Mrs. W. M. Black
Mrs. H. W. Phinney
Mrs. G. K. Prescott

It was decided to leave the appointment of a Secretary-Treasurer to the Executive.

SOME WAREHOUSE

(From the Bridgetown Monitor.)

Among the many buildings being built this season, by the enterprising firm of J. H. Hicks & Sons, of Bridgetown, the warehouse just finished at Grand Pre stands out as one of the largest jobs being done by them this summer.

The former warehouse, 100 feet long by 40 feet wide, had to be moved the

width of it south and a new one of 100 feet by 30 feet built on the east end, giving a united length of 200 feet. The roof of the old warehouse, which was of wooden shingles, was replaced by the Eastlake Steel shingles, and presents a fine appearance. The large building is now about finished, the work being done under the formanship of the veteran builder, Mr. Albert Marshall, of Port Lorne, who has built some of the best warehouses in Kings county.

The ladies of the Methodist congregation were entertained by Mrs. C. H. Wright at her charming home on Main street on Tuesday evening. The Rev. Douglas Hemmeon also was present and outlined the organization of a Methodist Woman's Club, with the result that the Club was formed. Mrs. C. M. Vaughan was elected president and Mrs. Hemmeon vice-president, with Miss West as secretary-treasurer. Various activities in connection with the church are planned, especially of a social and benevolent nature.

Amalgamation of Poor Farms

County Council Decides to Erect Central Institution for Care of Poor

There was an important special meeting of the King's County Council at Kentville last Friday evening, at which Warden C. A. Campbell presided with thirteen councillors present, as well as county solicitor J. L. Lisle. Two very important matters were decided, the first being the completion of the amalgamation of the poor farms of the townships of Cornwallis, Horton and Aylesford, into one institution for the care of the poor of the entire county. There were four overseers appointed as follows: Oxley Steeves and Fred Patterson from Cornwallis, Councillor Anderson from Horton, who by virtue of his acceptance of that office resigns as councillor, and Archibald Foster, from Aylesford. These overseers by virtue of a resolution passed, were instructed to proceed with the selection of a central site, suitable for the purpose. They are also to have plans prepared for the erection of a suitable building or buildings and are to submit them at the January meeting of the council. When these new buildings are ready, the authorities will doubtless carry out the humane plan of segregating the sexes.

On invitation Dr. Hattie, of Halifax, Provincial Health Officer addressed the Council on the question of the care of the insane and feeble minded. He explained the new act recently passed by the Legislature which provides for a centralization of these charges of the Province, whereby they could and would receive better treatment and at much less expense to the Province. He said that under existing conditions, it cost the Province last year nearly half a million of dollars to care for the insane at Mount Hope and various poor farms and other places and institutions throughout the Province.

Under the new Act, it is intended to erect two institutions on the main land and one in Cape Breton. Those on the Mainland will be placed so as to take care of the feeble minded and insane for a series of counties and eventually Mount Hope will be abandoned and placed somewhere else than at Dartmouth. The present site being too valuable to be economically available for the purpose.

Dr. Hattie also made a splendid appeal for the health nurses, presenting reports showing how valuable their services

already proved and urging their employment. He cited figures to show that the death rate in Nova Scotia was higher than any other Province in Canada with the exception of Quebec, and finally startled his audience when he made the statement that last year out of every thousand babies born in Nova Scotia, one hundred and eleven perished, while in New Zealand, only twenty one out of each thousand perished.

A resolution was moved to assume the payment of the salary and expenses of Miss Haydon, Kings County's health nurse, from November 1st, when the Red Cross surrenders the work, until the January meeting of the council, and it passed without a dissenting murmur. Councillor Caleb R. Bill, was elected Deputy Warden.

Enormous Loss by Ill Health in N.S.

\$25,000,000 is Medical Officials Computation

Halifax, Sept. 22.—Twenty-five million dollars a year is the economic loss in Nova Scotia caused by ill health, according to the computations of Dr. W. H. Hattie, provincial health officer, given to the conference of county representatives of the Red Cross Society of the province, which was held on Wednesday. Reports showed that Red Cross work is progressing favorably in every part of the province and the public health program adopted by the provincial branch is being pushed forward.

Rev. Father McDonald, Richmond, and Dr. McKen, Victoria, referred to the health conditions on the Indian reserves of Cape Breton as being deplorable. These reserves are under federal jurisdiction.

With five counties to hear from, 11,000 senior members of the Nova Scotia branch of the Red Cross have been reported following this year's membership campaign.

We notice from the Middleton "Outlook" that steps are being taken in that town to procure a new and larger athletic field. When it is completed they expect to have one of the fastest baseball diamonds in the province.

The death occurred at Chatham, N. B. on Sept. 15th, of Mr. J. Fred Benson, founder and until recently the sole owner of the Chatham "Commercial".

HON. F. B. McCURDY

Minister of Public Works in the Meighen Cabinet.

A DISTINGUISHED VISITOR

Rev. Arthur J. Lockhart, of Springfield, Mass., has been visiting old scenes in Kings County during the past week.

Rev. Mr. Lockhart is a native of Lockhartville, and was a former student of Acadia University. In addition to his pastoral work of many years he has done a great deal of literary work and is a poet of considerable note. Under the nom de plume "Pastor Felix" he has contributed for many years to many of the leading publications of the New England States. In his boyhood days, while a student at Acadia, Rev. Mr. Lockhart was engaged for a time in the printing office of the old Wolfville ACADIAN, then published by the late Major Theakston. Naturally he found a visit to the office of THE ACADIAN one of the interesting features of the time spent here this week.

Obituary

Thomas T. Craig

The death of Thomas T. Craig, one of the oldest and most highly esteemed citizens of this country, occurred at his home at Cambridge at 3 o'clock yesterday afternoon. Mr. Craig was 86 years of age. He was remarkably active both mentally and physically for a man of his age. His death was probably due to

illness. The deceased was a man of great intelligence and during his long lifetime was ever active in public affairs. He was a successful farmer at Brooklyn Street up till a few years ago when he moved to Cambridge. Mr. and Mrs. Craig celebrated the 59th anniversary of their wedding on Sept. 12th.

Besides his aged widow the deceased is survived by a large family of sons and daughters, including Albert Craig, of Medford, Mass.; Kempton B. Craig, of Millville, this county; Mrs. C. A. Patriquin, of Wolfville; Mrs. Rockwell, of Brooklyn Street; Mrs. N. J. Marchant, of Wollaston, Mass.; Mrs. Morris, of Belfast, Me.; Mrs. Dill of Rainham, Mass.; Mrs. Stolar, of Sharon, Mass.

The funeral will be held tomorrow afternoon at four o'clock.

Abel Skaling

Abel Skaling, well known and respected in Malanson, died very suddenly Monday night. He was in Wolfville during the afternoon looking hale and hearty. On returning home he went to bed early, intending to go to work in an apple warehouse near Windsor the following morning. Soon after ten o'clock his wife was aroused when he seemed as if in a nightmare. He attempted to sit up but fell forward and expired. Doctors Elliott and Bars were at once consulted. Death was attributed to heart failure. The funeral took place Wednesday afternoon.

Ray D. Suttie

Yarmouth, N. S., Sept. 26—The death of Ray D. son of Mr. and Mrs. A. B. Suttie, Yarmouth North, took place at their home this afternoon after a lingering illness. The deceased was in the twenty-fifth year of his age and besides his parents is survived by his twin brother, Guy K. and another brother Arthur B. junior, in Lynn Mass. and two sisters Mrs. Hugh S. Crosby, Yarmouth North, and Mrs. Louise Raymond, also of that place.

[Editor's Note.—Mr. and Mrs. Suttie at one time were residents of Wolfville and will have the sincere sympathy of friends here.]

FACULTY RECEPTION

The Faculty of Acadia Seminary will be at home to their friends in Wolfville and vicinity at the Acadia Seminary Residence, Friday evening, Oct. 7, 1921, from 8 to 10.

Organization Meeting

Of National Liberals and Conservatives of Ward 8

A meeting of those in Ward 8 who are interested in the National Liberal and Conservative Party was held at the Temperance Hall, Wolfville, on Tuesday evening, for the purpose of organizing for the coming election campaign. On account of the stores being open at that evening the attendance was not large but a good meeting was held. It was to be regretted that there were not more ladies present.

Mr. George Bishop, of Greenwich, was elected chairman of the meeting, and Mr. H. P. Davidson the secretary. The chairman first called upon Mr. H. P. Newcombe, county organizer for the party, who gave a most interesting address on the issues of the election. Following his address the officers for the Ward were elected as follows:

President—H. W. Phinney.
Vice-Pres.—Geo. Bishop.
Secy.—Treas.—A. M. Wheaton.
Executive—Robt. Harvey, Hazen Bishop, Fred Westcott, J. D. Sherwood, G. K. Prescott.

The Ward's representatives on the county executive are H. W. Phinney, H. E. Calkin and Everett Palmeter.

HYMENEAL

DICKSON-PARKER

The marriage of Annie Laurie, second daughter of Captain and Mrs. L. E. Parker, Newport, Hants county, and William Dickson, Glace Bay, C. B., took place at 2:30 o'clock Tuesday afternoon in the Presbyterian Church at St. Croix, Rev. L. B. Campbell officiating. The interior of the church was beautifully decorated, richly colored autumn leaves and berries forming an arch, in front of the pulpit, which was banked with potted plants, autumn flowers and leaves. The bride looked very pretty in her tailored suit of mode with trimmings of blue, hat of the same shades, and she carried an arm bouquet of roses and maiden hair fern. She was attended by her sister, Miss Nita Parker, who wore a tailored suit of blue serge with blue feather hat, and her bouquet was of pink verbenas and ferns. The ushers were Mrs. Gordon Churchill and Miss Nita Parker, and the organist Mrs. Harry Spence, each of whom received a handsome pearl pin from the groom. Mr. Clyde W. Parker, brother of the bride, supported the groom.

Guests from Kentville, Hantsport, Windsor, Sydney and Amherst were

present at the residence of Capt. and Mrs. Parker. Mr. and Mrs. Dickson will reside in Halifax.

BAPTIST LADIES' BIBLE CLASS

Mrs. C. R. Nowlan was hostess to the organized ladies bible class of the Baptist church on Thursday evening of last week, when a large number of the members were present and enjoyed a pleasant social evening. The election of officers resulted as follows:

President—Mrs. Nowlan.
Vice-President—Mrs. Sleep.
Secretary-Treasurer—Mrs. J. Calkin.
The class is fortunate in having Mrs. Smallman to continue as teacher. The report as to the Benevolent work done last year was considered satisfactory and it was resolved to make the effort to do even better during the ensuing season.

Water Notice

Citizens are asked to do all in their power to CONSERVE our WATER SUPPLY. The continued lack of sufficient heavy rains keeps the flow into the reservoir far below the amount used daily. The artesian well is putting in about 35,000 gallons daily but this does not bring the supply up to our daily consumption. Therefore the WATER IN RESERVOIR IS GRADUALLY LOWERING.

Railway Commission

Sits at Kentville—Protection for Port Williams Crossing Asked

The Board of Railway Commissioners for Canada met at Kentville on Tuesday. Hon. F. B. Carvell presided, with Dr. S. J. McLean, assistant commissioner.

The first case was consideration of the matter of protection to be provided at the crossing of the Dominion Atlantic Railway at Port Williams station.

Mrs. George Starr, of the Women's Institute, Port Williams, read her statement on the danger of the crossing and the large traffic at this point. Warden Campbell said he regretted that this was forced upon the commission. In sixteen miles from Hants County line to Kentville there was only one crossing for use of towns and villages, farming districts and a large population. Of necessity all people from Horton going from Cornwallis have to pass over this road. Mr. Wood, arguing for the D.A.R. gave a record of traffic over the crossing in one day.

A discussion took place between George E. Graham, general manager of the Dominion Atlantic Railway, and Dr. McLean as to bells at the crossing. The Commissioners stated they would visit and personally inspect the crossing.

Case two was an application of the Dominion Atlantic Railway Company for reconsideration of order re the spur for the Wolfville Fruit Co., Ltd., Wolfville. This was an appeal from the railway in reference to site. This was spoken to by Mr. Carvell, George E. Graham, Engineer McQuarrie, D.A.R., Mr. Wood, H. A. Peck, manager Wolfville Fruit Co. and W. H. Chase. No decision was given.

Case No. three was a complaint of the Windsor Gypsum Co. against the rate charged by the Dominion Atlantic Railway on crude gypsum from Brooklyn to Windsor. H. L. Dennison, K.C., appeared for the Gypsum Co.

Case No. four was a complaint of Herbert Oylor, Kentville, against the Railway Company's charge of \$2.00 switching to complainant's warehouse. It was decided that as another warehouse alongside was paying charges under ordinary agreement the claim could not be allowed as that would be discrimination.

Falmouth application not on the list of cases was presented by W. J. Sangster, in reference to building of warehouse as preventing loading cars at the siding. Mrs. William Sangster wanted the warehouse built for use of her fruit, fifteen hundred barrels annually. Walter Aylor, for the people of Falmouth as the station had been a large hay shipping station for 40 years. George E. Graham and Mr. Wood said space would still be left for loading four cars, and the railway must encourage warehouses to take care of business. The ruling of the commission was that the railway had a right to allow Mrs. Sangster's appeal, but also had the right to provide facilities to the public.

Case No. five was a complaint of the United Fruit Companies of Nova Scotia re form of siding agreement, rentals, and maintenance between warehouse men and the Dominion Atlantic Railway. This is an important case as it involves payment asked from the railway on over one hundred warehouses in the province.

AN ENJOYABLE DANCE

A most enjoyable time was had by all who attended the dance given by the Wolfville Amateur Athletic Association at the Royal Hotel last Friday evening. There were about a hundred present, including friends from Windsor, Kentville and other points. Mr. and Mrs. Sanford left nothing undone to ensure the comfort of their guests. It was the first event of the kind held at the hotel since the extensive improvements to the interior have been completed, and all who used the floor and accommodation pronounced every thing most satisfactory. The orchestra under the leadership of Mr. Geo. Anderson, Jr. furnished splendid music. A great part of the success of the evening was due to the geniality of the chaperones, Mrs. H. W. Phinney, Mrs. C. E. A. deWitt and Mrs. J. Elliot Smith.

INTER-COLLEGIATE FOOTBALL

Prospects Bright for Successful Season

There will no doubt be a meeting of the Intercollegiate Football Association in the near future, when the schedule will be arranged. It is expected that Acadia will go to Sackville for the first game, Mt. Allison will go to Fredericton to play U. N. B. and the latter team will play Acadia at Wolfville. While the Acadia team will be later in beginning than the other teams, still there is some very promising material available and the team will no doubt make their accustomed splendid showing.

U. N. B. Football Squad Start Early

Fredericton Gleaner, Sept. 21—The University of New Brunswick football squad started training for this season's games yesterday afternoon at College Field under the direction of Capt. H. H. Trimble, who evidently believes in getting to work as soon as possible, and Coach Jack Asten, a former British professional rugby player, who has been engaged by the Athletic Association.

Between thirty and forty players were on the field this afternoon and had a light workout in kicking and passing. A lot of promising material has made its appearance among the Freshman class and U. N. B.'s chances this year appear to be better than has been expected. Practices will be held daily in an endeavor to find out just what material is available and where to use it to the best advantage. The scrim has been the hardest hit part of the team by the loss of last year's graduates, but it is evident that there is material to fill up the holes; in fact it looks as though some of the old regulars will have to settle down in order to hold their positions on the team.

The new coach, who has been connected with U. N. B.'s squad for the past two years in the capacity of trainer, has been engaged mainly through the efforts of last year's graduating class, who have discarded the inefficient system of class funds and are now contributing towards the coach's salary.

Mt. A. Also Starts Training

Sackville Post, Sept. 22.—Mt. Allison University football squad had its first workout yesterday afternoon on the college campus, under the direction of Capt. Ray Ashford and Coach "Bill" Godfrey. The latter, who is well known throughout the Maritime Provinces as an allround athlete, captained the Mt. A. team during his college days. He should make a good coach. Myers, Clark, Ashford, Elliot and Prince, of the old squad, are here again, with a few new men.

Times have never been so hard that they didn't soften.

HIGHER LETTER RATES

An advance of one cent per ounce is announced in the letter postage rate between Canada and other parts of the Empire. The former rate was two cents per ounce, with an added one cent as war tax. The new rate will be three cents an ounce with one cent war tax additional. The postage rate to foreign countries has been increased from five cents for the first ounce and three cents for each succeeding ounce, to 10 cents for the first ounce and five cents for each additional ounce or fraction thereof. The postage rates within Canada and the United States and Mexico remains at three cents for the first ounce and two cents for each additional ounce.

PEACE AT LAST

After four and a half years of bitter warfare the United States and Germany are once more on "note writing" terms. Every one who has longed for a cessation of world wide agony rejoices that the terrible conflict is ended. Make an effort to get on speaking terms with your conscience—try contributing to the Memorial Fund. You will feel so good you'll want to tell your neighbors in our weekly report.

On the July estimate, the State of Washington will market about 45 per cent of all the apples harvested for commercial purposes in the United States. The July estimate placed the whole output in that country this year at 17,000,000 barrels. Of this total, the State of Washington was expected to yield close to 8,000,000 barrels.

Dr. L. J. Lovett, of Bear River has been selected as the Liberal candidate to contest the constituency of Annapolis-Digby in the coming election.

Business will put away encouraging profits when it puts away discouraging prophets.

SOME GOOD RESOLUTIONS

The Maritime Board of Trade recently in session in Charlottetown passed the following resolution:

That the present freight rates in Canada, following the line of a general reduction in wages, should be reduced at once in order to enable industrial and commercial life to return to a sound business basis.

Another resolution adopted was to the effect that the board take up with the express companies and if necessary with the Railway Commission the matter of fresh fish transportation and make a strong effort to have the former quick service restored.

A resolution was passed that the Intercolonial Railway and the Prince Edward Island Railroad be divorced from the Canadian National System at Toronto and operated as a separate railway unit, under the Department of Railways and Canals.

Rural Route No. 1, Mascouche, Quebec. The Minard's Liniment People.

Sirs—I feel that I should be doing a wrong if I neglected to write you. I have had four tumors growing on my head for years. I had them cut off by a surgeon about fifteen years ago but they grew again till about three months ago—I had one as large and shaped like a lady's thimble, on the very place where my hair should be parted, and it was getting so embarrassing in public that it was a constant worry to me. About three months ago I got a bottle of your liniment for another purpose and saw on the label good for tumors. Well I tried it and kept at it for exactly two months, with the result that it has entirely removed all trace of the tumor, and were it not that they had been cut fifteen years ago, no mark would be seen. I have not been asked for this testimonial and you can use it as you see fit.

(Signed) FRED C. ROBINSON.
P.S.—I am a farmer and intend using Minard's Liniment on a mare for a strained tendon, and am hoping for some results.

Your Boy's Future

The Boy's future shall not be left to chance.

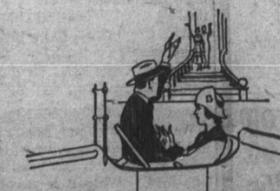

The Boy can be interested in his own future.

The Boy's ideas are "steeled" by the knowledge of his Father's early investment for him.

His "preparation" expenses are provided for by the "Vocational Endowment."

Success and Marriage close the first chapters of the Boy's Future, and the early plans made for him are brought to completion.

What are his chances for a good start in life? Of course you have plans for him. It is easy, however, to think of what you intend to do for your boy, but what if your plans should fail? Do not overlook the fact that ordinary plans are dependent upon you being here to carry them out.

You can make sure of your boy's future—you can put your entire plan for him into immediate effect. The Canada Life offers a simple and convenient way by means of a small yearly deposit, through the

"Vocational Endowment"

which is arranged to mature when you think it will be most needed by your boy. In this way \$1,500, \$2,000, \$5,000, or more, is sure to be ready for his first serious step in life, whether you are here or not. This plan, of course, applies equally well to your Daughter's future.

Our New Plan

1st—The Vocational Endowment Fund is guaranteed in cash at the time selected by you.

2nd—In the event of your death, no further deposits are required and the fund will be paid at the time selected.

3rd—All deposits will be returned with 3½ per cent. compound interest if the child should die, providing such a sum does not exceed the amount of the endowment, or, if desired, the benefits of the policy may be transferred to another child.

There are many other valuable features which will be explained in full on request.

Do Your Part Without Delay

The uncertainties of life call for immediate action. A yearly deposit which is very small in proportion to the Fund guaranteed enables you to make sure, absolutely, whether you live or die, that your Boy's future is assured.

Ask for Particulars.

MOTING CONDITIONS THROUGH CANADA'S MARITIME PROVINCES

Through the "Land of Evangeline" and the Beautiful Valleys of New Brunswick and Nova Scotia

(From The Bureau of Tours, The Automobile Club of America)
Roads are rapidly improved throughout New Brunswick, Nova Scotia and Cape Breton Island and motorists can now reach St. Andrews, St. John, Moncton, Truro, Halifax, Yarmouth and Sydney from the middle of May until November using roads that have at least 60 percent of the surface improved.

The road car of The Automobile Club of America in charge of O. M. Wells, Chief Roadman, recently checked these highways and his findings are embodied in this article.

The English custom of driving to the LEFT is followed in the Maritime Provinces, and knowledge of this has kept many motorists from the States away in the past. However, the difficulty should not be exaggerated; the writer with a driver having only American experience, made a survey of the roads throughout the Maritime Provinces and experienced no trouble whatever; everyone drives to the left, which makes it easy for a stranger to conform to the custom.

Some of the most beautiful valleys in the world are located in New Brunswick and Nova Scotia, and there is a diversity of scenery somewhat like the more picturesque sections of New England. Not so many years ago, these roads were so poor that it was difficult to reach even the more prominent cities. Now all the main points through the Provinces are conveniently accessible by automobile.

On reaching Calais, Me., which is on the United States side of the St. Croix River, a bridge is crossed to St. Stephen, New Brunswick, the first Canadian City. Motorists must stop at the American Customs Office before crossing, and go into the Customs Office and present the car registration certificate to the Customs Officer. He in turn will fill out a permit to correspond with the certificate, which the motorist must carry throughout the Dominion and return to the Customs Officer at any port when returning to the United States. The above formalities apply to the entire Dominion of Canada at all points of entry. Motorists will find the American and Canadian Customs officers most courteous and willing to assist in every way in preventing delay or inconvenience to the tourist; tourists are made to feel welcome on crossing the border and the same hospitality is shown in all the Provinces of the Dominion.

From St. Stephen there is an excellent gravel road to St. Andrews-by-the-Sea, a charming resort with excellent hotel accommodations and fine facilities for golf. From St. Andrews to St. George the road is improved and, for much of the distance, with the exception of one or two sections that are rough but passable, is better than it has been in previous years. From St. George to St. John, considerable road construction is in process and this route should be in excellent condition for the touring season of 1922. One of the most scenic trips by motor in New Brunswick is from St. John to Moncton via the Kennebecasis Valley. There is a hard surfaced road from St. John, through Rothesay to Hampton and the balance of the mileage is gravel. From Sussex there are two parallel roads which provide fair gravel surface to Peditcodiac. Local motorists seem to have a preference for the southerly route which goes from Sussex through Penobscot and Linden Bridge.

The remainder of the route through Minard's Linnest Lumberman's Friend.

to Moncton is somewhat rough and rutted. From Moncton through Dorchester to Amherst there are alternating stretches of good and poor road, all of which can be traversed with very little difficulty. From Amherst to Truro there is a choice of two roads. One going directly south through Maccan, Athol and Southampton to Parrsboro, then due east through Five Islands and Great Village to Truro. The other route runs from Amherst through Oxford, Collingwood and the Wentworth Valley to Great Village then on to Truro. Although the road is narrow, with some quite rough stretches, motorists who like wonderful scenery should, by all means, go through the Wentworth Valley via Oxford and Londonderry to Truro.

Motorists going to Sydney and Cape Breton Island will find a large proportion of improved road.

There is a delightful motoring area, throughout the summer months, all the way from Truro to Sydney via New Glasgow to Port Mulgrave, where the ferry is taken to Port Hawkesbury. The balance of the trip to Sydney and the trunk lines through Cape Breton Island have been so much improved that motoring is feasible throughout the Island and very few sections of unimproved roads will be found. From Truro south to Halifax there are a few stretches that are quite rough, also a number of sections that are under construction. From Halifax to Dartmouth the best way is to follow the New Boulevard to Bedford, which is all hard surfaced and makes a very pretty drive. There are a number of stretches under construction around Mount Uniacke; all of these are passable to Windsor.

The route from Windsor to Yarmouth forms one of the most interesting automobile drives in all the Maritime Provinces. Most of the road, though somewhat narrow, is in good condition and it passes through picturesque villages and fertile farmlands all in a fine state of cultivation. Then on through the Annapolis Valley and the heart of the Evangeline country, made famous by Longfellow's immortal poem, to Digby, a charming village situated on a bluff overlooking Annapolis Basin. Boat connections are made at Digby for St. John, N. B. by steamer which runs the year around, leaving St. John at 7 A. M. and arriving at Digby at 10 A. M. returning leaves Digby at 2:15 P. M. and arrives at St. John between five and six P. M. Touring cars are carried; at the rate of \$15.00 for a small car, \$18.00 for a medium car, and \$21.00 for a large car. Cars with stationary tops exceeding 6 1/2 feet in height are

not carried. From Digby to Yarmouth the route runs along a ridge overlooking St. Marys Bay and passes through a number of quaint fishing villages, including Weymouth, which is situated on the Sissiboo River. Here are living some descendants

of the original French Acadians with the characteristics of their ancestors plainly in evidence.

The ocean route from Yarmouth to Halifax via Shelburne, Liverpool, and Bridgewater is very scenic with wonder-

IMPERIAL Polarine MOTOR OILS

Quality maintains economy. No matter how much you pay "per gallon" for other lubricating oils you get more lubrication "per dollar" when you buy Imperial Polarine Motor Oils.

Maintains Economy

IMPERIAL Polarine Motor Oils save many thousands of dollars every year for Canadian motorists because of reduced operating expenses.

Imperial Polarine Motor Oils cut down repair and maintenance costs, reduce fuel bills and insure you for all time against excessive depreciation and repair expenses. Imperial Polarine quality maintains economy all along the line.

Judged by quality—gauged by actual miles of perfect lubrication each gallon will give, and by real motoring satisfaction, Imperial Polarine is the least expensive motor lubricant that you can obtain. The more carefully you check up costs, the more thoroughly convinced you will be of the advantages of using Imperial Polarine Motor Oils exclusively.

Standardize on the correct grade of Imperial Polarine Motor Oils. Consult our Chart of Recommendations at your dealer's or write to 56 Church Street, Toronto, for our interesting booklet, "Automotive Lubrication."

A GOOD MOVE

The Kings County Municipal Council came to an important decision at a special meeting held last week when it finally decided to amalgamate the three poor districts of this county. Some of us who have been watching the proceedings of the Council pretty closely were of the opinion that the necessary procedure for bringing about this change had been taken some months ago—but that is another story. The idea of thus uniting the poor districts is not a new one by any means. Many years ago the plan was entertained in many parts of the County and THE ACADIAN at different times in its history has advocated public action along this line. It was considered—and justifiably—that Kings County ought to be making a much better provision for the maintenance of the unfortunate portion of its people than it has ever done. It is hoped that now that action has been taken every possible attempt will be made to correct the evils of former days. Kings county's new home which is to be provided for the support of those among us who have suffered misfortune's unkind treatment should be such an institution as will provide in the fullest measure for those who shall occupy it in future days. It should also be an object of pride to our people and tell to those who behold it a very different tale than the disgraceful edifices that have done consistent duty as "poor houses" since the early memory of most of us.

Those who have charge of the work of constructing this commendable work should be carefully advised and devoted to the important undertaking they have in charge. Kings county can afford to be generous in its outlay for this institution—it cannot afford to longer defer making adequate and comfortable provision for the unfortunate section of its population.

THE ELECTION

Recent statements regarding the probability of a general Federal Election this fall have received considerable interest the country over. Announcement of the dissolution of the present parliament and the date of the election are expected to be made at any time. It seems that it was Premier Meighen's intention to defer an election until after the census returns had been completed and distribution of new seats completed in order that every section of the country might be given its just representation. The clamour,

however, by the different opposing groups throughout the country has been so insistent and the need of a settled policy of government so real that he has finally decided to go to the country. No one will question the need in Canada of a thorough understanding and declaration of what is to be the policy of government for the next few years. At probably no time in the history of the country have there existed so many elements claiming the right to rule as now. The coming election will reveal this fully.

The approaching contest should be no time for party or creed bickerings, but an opportunity properly taken advantage of by patriotic citizens for such action as will in their opinion promote national welfare and the prosperity of this Canada of ours. Male and female voters alike should seek the fullest light upon the various conditions that make for Canada's best interest and be prepared when the time of recording their votes is at hand to act wisely and honestly and with proper regard to the responsibility resting upon them.

THE GET TOGETHER SPIRIT

The other day a western town held a holiday all of its own. With funeral rites, the townsfolk buried the hammer in a mimic coffin and they celebrated "Get Together Day". It ended community discord and established harmonious teamwork.

Now, our own thriving community hardly needs a special holiday of the kind, but there is no reason in the world why we cannot celebrate "Get Together Day" every day of the year by the simple process of getting together all the time for community interests. There is nothing like the good, old community spirit of uplift, progress and helpfulness. Cohesion, the mighty power that keeps all the atoms together, may be applied here and everywhere else. Every town in Nova Scotia needs more of it. It cannot be overdone. It means everything.

By all means let us foster the get together spirit right here and be that much better off.

All who can do so should hear these two speakers.

The contract for the Hot Water Heating, Ventilating and Plumbing systems of the new Public School building has been awarded to Mr. E. J. Delaney of this town. Mr. Delaney has also been awarded the contracts for the plumbing and heating of the new Bank of Montreal building and is now installing an up-to-date Hot Water system in the Royal Hotel.

Edmonton, Alberta, refused to "take its punishment lying down". The city council requests that the province give the city 50 per cent. of motor license fees collected from city residents and that the city be allowed to charge another fee of \$10 for each motor car and \$5 for a horse, for upkeep of the roads. Then it is also suggested that the government give the city half of the amusement tax.

The Baptist Sunday School, favored with ideal weather, enjoyed a delightful picnic Wednesday afternoon. They mustered almost the full membership. They were provided with autos in which they toured the surrounding country, Kentville, Canning and the "Look Off" being points touched en route. They returned to the church banquet hall, where a magnificent spread awaited them. The members of the Men's League Bible Study Class were included and seemed rejuvenated by their happy association with the joyful juveniles.

"The wonderful success of the Australian apple shipment, after the first few years of troubles and failures, is attributable," says an English fruit journal, "to the perfecting of pre-cooling arrangements, so that fruit for shipment would go into the hold of the vessel at practically the same temperature at which it was desired to be carried, when it was possible for the marine refrigerator-engineer to keep his holds at an equal temperature without much difficulty."

N. S. APPLES FOR ENGLISH SHOW

OTTAWA, Sept. 24—Canadian apples are to get some conspicuous advertising at the National Fruit Show which will be held at the Crystal Palace, London, England, from October 28 to November 5. The fruit branch of the Dominion Department of Agriculture has been requested to act as Canadian agent for the show, and entries received to date from Nova Scotia, New Brunswick, Quebec, Ontario and British Columbia indicate that Canadian apple growers will be well represented in all sections open to them. The horticultural division of the Ministry of Agriculture of the United Kingdom, have decided to make the fruit show an annual affair, to be held in some one or other of the large cities. Special sections are arranged for overseas exhibits, which will be judged separately. Please don't throw paper bags, wrappers, envelopes, cigarette cartons, etc., on the streets. They give an untidy appearance to the town.

ELECTION

It is impossible for Nova Scotians to realize the sad lot of those who, ground down by an autocratic form of government, are denied the pleasurable excitement conveyed to our minds by that one simple word "Election". Those who fell preserved for you the privilege of electing your own rulers—those who returned now offer you the privilege of electing yourself to the Honor Roll of those who contributed to the G. W. V. A. Memorial Fund.

Five Roses Cook Book

Complete Information on Pastry

The famous FIVE ROSES Cook Book strips pastry making of its mystery—indispensable to the housewife eager to excel. Tells all about pastry, tarts, puffs, patties, whole pages of pie recipes, etc. Brings you the FIVE ROSES experience of over a quarter century plus the best selected recipes of thousands of successful FIVE ROSES users. Full of notes, pointers, useful wrinkles. So essential to good housekeeping that already over 500,000 women have written for this 144-page manual. Sent for 40c. in stamps.

WRAP your favourite filling in a FIVE ROSES crust. Serve a pie that solidly satisfies without taxing the digestion.

In the lively, close-grained flakiness that melts away on the tongue tip, the presence of FIVE ROSES flour is readily perceived.

Over 32 years' experience attests its value in pie crust, puff paste and the so-called difficult things.

You who have so successfully used FIVE ROSES flour in bread, cakes, puddings and other culinary triumphs, try it now in pies and pastry.

FIVE ROSES BRINGS ECONOMY

With the same amount of shortening and water, simply because of its uncommon strength, you use at least one-fifth less flour.

EXPERIENCE AND LOGIC

The chief of police of St. Louis, William O'Brien is quoted as saying that the effect of prohibition on crime is still "in its infancy." "Give it a little time and it will cut down major cases," is his advice. Chief of Police John J. Garrity, of Chicago adds similar testimony, saying, "We've had as many murders and other crimes as formerly. The professional criminal however, usually is not a drinking man." He also states that prohibition has "hardly had time to make a real comparison possible." In the minds of these officers and others experienced in dealing with criminals, the professional criminal, who is responsible for a large amount of our serious crime, is the product of anti-social tendencies, of which alcoholism is one of the most important. Prohibition cannot be expected to reform the professional criminal already in existence. But it may be safely relied upon to decrease the number of professional criminals in the making and so in time also decrease the more serious crimes.

INDIA'S GREAT NEED.

A great need in India is that of prohibition. There are fourteen liquor shops in Allahabad paying a revenue of from \$1,000 to \$6,000 gold and it is estimated that 65 per cent of the Hindus and 50 per cent of the Mohammedans drink. So there is no question of the need of a temperance movement. The people want the mission-ary to help them, for their own religions oppose this thing. The slogan in Allahabad is: "India Dry in 1925."

BONE DRY AFRICAN KING.

King Khama, ruler of Bechuanaland South Africa, was informed that a Government commission had recommended the sale of light wines and beers to the natives. He immediately declared that if the plan was carried out he would forbid his subjects from working in the gold mines. The industrial situation already rendered almost intolerable by the loss of thousands of native workers through the ravages of influenza, would thus become alarming, for those who know King Khama realize that he would not hesitate to carry out his threat. The temperance party, led by the king, is strong in South Africa, where the king is known as a strong temperance monarch. Also they know him in England, where he has often appeared on temperance platforms.

DEFEAT DUE TO ALCOHOL

President Heinische, of Austria, addressing an assembly of German prohibitionists last month, said: "We would have won the war if the people of both Germany and Austria-Hungary could have been persuaded to practice total alcoholic abstinence. As you know, I have been many years a teetotaler; I drink no alcoholic beverages, nor do I smoke. Every day of drinking is a lost battle. Today the alcohol question is of the utmost importance."

THE FAIR SEX.

When Eve brought wo to all mankind, Old Adam called her wo-man; But when she woo'd with love so kind— He then pronounced it wo-man But now with folly and with pride Their husband's pockets trimming The ladies are so full of whims, That people call them whimmen!

MOTURING CONDITIONS THROUGH CANADA'S MARITIME PROVINCES

(Continued from page 3) ful marine views. This, however, is not as good as the bay-side route as there are long stretches of poor road. There are three very good cross connections from the Bay of Fundy side to the ocean side of Nova Scotia; from Digby or Annapolis Royal through Maitland and Harmony Mills to Liverpool; from Middleton through Hastings Junction and Rivendale to Bridgewater; and from Kentville and New Ross to Chester.

Nova Scotia offers splendid sport to fishermen, the streams and lakes abounding in square tail brook trout, weighing as high as four and five pounds. These can be caught in almost any of the streams throughout Nova Scotia and Cape Breton Island. The Acadian country is also known as the Hunter's Paradise. Moose and deer, also bear, can be killed in season within a few hours run of any of the towns and villages. There is also good ruffed grouse shooting and almost every species of water fowl. As an alternative, a crossing can be made from Boston to Yarmouth, Nova Scotia, by the steamships of the Eastern Steamship Company, providing a delightful over-night sail through the Bay of Fundy. From Yarmouth, motorists follow the west shore road through the Annapolis Valley, passing the towns of Digby, Kentville and Wolfville and so on to Windsor and Halifax. The journey from Yarmouth to Halifax takes the motorist through a succession of orchards and in the Spring when they are in blossom the scene is one of great beauty. Another feature of this trip from Yarmouth to Halifax is the tide; at Windsor, there is one of the highest tides in the world, with a rise of 65 feet. Halifax is a fine city, with beautiful parks and gardens and a wonderful landlocked harbor, it is also one of the strongest natural fortresses in the world. Good hotel accommodations are available.

DEATH OF DR. KIRKPATRICK

Everind A. Kirkpatrick, M. D., one of the leading physicians of Halifax and one of the best known eye, ear, nose and throat specialists of Nova Scotia, died at his home in Halifax, on Friday evening last. By his death the medical profession loses one of its outstanding members. Dr. Kirkpatrick, who was born in Kings county sixty years ago, is survived by his wife, formerly a Miss Wickwire, of Kentville, sister of Hon. H. H. Wickwire, Minister of Highways, and two sons, H. Webster, of the Bank of Montreal staff, Halifax, and Frederick W., of the Canadian Bank of Commerce staff, Halifax.

Blue Bird Tea

"Brings Happiness"

Reading the Cups

In reading tea leaves in a cup a crown is interpreted as honor, news of misfortune, many carved twisted lines vexation and loss—ill omens offset by the appearance of squares which are supposed to be harbingers of peace and happiness, just like

GEORGE H. HAMILTON presents
"KAZAN"

A girl who was brave; a man who was a beast; a dog that was more than human!

Scene from "Kazan" James Oliver Curwood's Greatest Story

What happened in the snow-bound cabin when Joan stood alone with McCready, the brute, and Thorpe, who had sworn to avenge his sister's death at the cost of this little girl? But Kazan, the wolf-dog, stood to her aid!

JANE NOVAK and KAZAN, the WORLD'S WONDER-DOG

in a drama that flashes in vivid scenes the loves and hates of the North, with its men, its women and its wild denizens—the wolves, the mountain lions, and the huskies.
