

THE NEWCASTLE UNION ADVOCATE

VOL. 42.—NO. 31.

NEWCASTLE, NEW BRUNSWICK, TUESDAY, FEBRUARY 8, 1910.

PR. THREE CENTS.

SPECIAL MEETING TOWN COUNCIL

Large Delegation Representing Different Churches
Wdrit on Town Fathers and Ask For Better
Enforcement of the Scott Act.

OTHER BUSINESS ATTENDED TO.

Town Council met in special session last night, the full board—Mayor Miller and Aldermen Belyea, Doyle, McMurrin, Morrison, Ritchie, Thos. A. Russell, Chas. Sargeant and S. A. Russell present.

A large delegation representing the Anglican, Baptist, Methodist and Presbyterian churches, the W. C. T. U. and Sons of Temperance, and private citizens waited upon the Council re the enforcement of the Canada Temperance Act.

Rev. S. J. McArthur presented, on behalf of some two hundred signers, a petition, praying for (1) A more effective enforcement of the C. T. A., and (2) that the Council consider the advisability of placing the administration of the C. T. A. in the hands of a commission.

Among the members of the delegation were—
Messrs. S. McLeod, C. C. Hayward, Barton Summers, Edward O'Donnell, W. J. Deane, H. S. Leary, E. A. McCully, Addington Vye, Jerome Roy, Arthur Russell, T. V. Tezer, Frank Perry, A. C. Allan, Isaac Leighton, Frank Perry, Peter Aharon, A. T. Swiftner, A. H. MacKay, H. T. Cousins, John McMurrin, T. A. Clarke and other ladies, Messrs. T. A. Clarke, H. H. Stuart, Andrew Miller, Edward O'Donnell, J. Robert, I. Leighton, S. MacLeod, Frank Perry, W. C. Day, James Troy and Rev. S. J. McArthur, V. J. Deane, W. Nicholson and Dr. Cousins.

Rev. S. J. McArthur said the body were not satisfied with administration of the C. T. A. in Newcastle. If majority of citizens were opposed to its enforcement, a temporary law should be sought to suit them.

He asked creation of a commission of independent citizens to relieve Council of responsibility. It had been the duty of him by several papers in the past there had been allusion to action against William Chisholm. He agreed with Rev. Father Fox that no partiality should be shown. He believed that too much paper was being used. Newcastle would be better governed if paper sold property were to be put in jail.

Rev. D. D. Burton stated responsibility for enforcement of the Act. He did not like to see T. A. His second proposition the same person. O. J. had a having Act view of it in financial standpoint. Having had some could be removed business would improve. Newcastle was very much dragged in the mire of delinquency.

Had a young man drink in front of his house. Was not gone on idea of commission. Council should shoulder the responsibility. Temperance people were very much in earnest. They wanted to take steps to protect society and put an end to the immoral and degrading liquor business of this town.

Rev. W. J. Deane demanded a far better enforcement of the C. T. A. than had been given in the past. The sale of liquor should be reduced to an absolute minimum.

Rev. W. J. Deane was not in favor of license, Scott Act was better. But, it was very largely

Why does *Crack Britain* buy its cornal of us?

Crack Britain... the English and Scotch have for centuries eaten oatmeal in quantities and with a regularity that has made them the most robust physically, and active mentally of all people, the American has been eating oatmeal and trying all the time to improve the methods of manufacture so that he might get that desirable foreign trade.

How well he has succeeded would be seen at a glance at the expert reports on Quaker Oats. This brand is recognized as without a rival in cleanliness and delicious flavor.

true that liquor was being sold freely in this town. He favored a commission.

Mrs. McLeod, representing the W. C. T. U. pleaded with the Council to banish temptation to drink from the boys growing up.

H. H. Stuart, worthy patriarch of Newcastle Sons of Temperance, opposed the relegation of the enforcement of the C. T. A. to a commission. Who was to appoint the commission? And would not some pressure be brought against the appointees of the commissioners as is now appointed to the Council itself. It was the duty of every elected body—city, county, provincial and national—to carry out the law itself. The illegal sale of liquor should be stopped.

Mrs. Cousins demanded that Council enforce the law. They had power, and should do so.

Mrs. Clarke, a school trustee, spoke along the same line as Mrs. MacLeod.

James Troy supported demand for better enforcement. The petition indicated rising tide of indignation against liquor traffic. Council should carry out law to the letter, else they might meet some fate as has befallen the present councillors of Montreal. No councillor should accept office unless prepared to do his duty.

On motion of Mr. Belyea and Ritchie the petition was received, and the Council unanimously voted in favor of Special A., demanding more effective enforcement. The Council will discuss this matter in detail.

Rev. Father Fox proposed that Council be held up to public enquiry. He hoped there would be no more of a building on a Temple street in April.

Mrs. McLeod's secretary of the Board of Trade, E. A. McCully, vice president H. S. Leary, secretary C. J. Deane, and Messrs. J. D. Crowther, Charles V. Deane and several other citizens, in part support.

On motion of Mr. Belyea and Doyle's proposition was applied to the Board of Trade, regarding the demolition of buildings, and the placing of a sign on the buildings to enable large vessels to come to Newcastle from the Bay.

Request of Union of Canadian Municipalities for Annual administration fee of \$15 was not complied with.

Following Light and Water bills passed:

Miller's foundry	57.46
T. McAviry and Sons	25.13
	\$82.59

The Board of Works report for 1909 was received and adopted.

It showed that on account of limited appropriation only absolutely necessary work was done on streets. Repairs were promptly attended to and refuse was thoroughly cleaned up.

New sidewalks were built from Hennessy's corner along Mitchell street and through Davidson's lane to Pleasant St., from Lingley's corner to S. Miller's store, from Morrissy's corner to Miller's corner, from Mayor Miller's residence to Isaac Leighton's, from Miller Bros. store to Moody's corner. Sidewalks were built on both sides of Street's Hill.

Sewers were properly cleaned and flushed.
Charles Sargeant, Chairman.
On recommendation of Finance.

New Hotel Opened At Campbellton.

The Arlington Hotel has Been Opened to the Public—The Hotel is a Great Credit to the Town.

MR. JOHN McINTYRE, PROPRIETOR.

The Arlington Hotel has thrown its doors open to the public.

The hotel is a credit to the enterprising proprietor, Mr. John McIntyre, and to the town of Campbellton. The main building is of brick, 75 x 100 ft., four stories, with a central basement the full size of the building.

The first floor contains the office, writing room, dining room, bar, parlor and waiting room, bar and cafe. The kitchen is all modern and with the most up-to-date equipment. The hotel is now open for business.

The hotel is a great credit to the town. The proprietor, Mr. John McIntyre, is a well-known and successful business man.

FIREMEN'S LUNCHEON A GRAND SUCCESS

Very Successful Dance was Held in Town Hall Last Night—Fine Music by McEachern's Orchestra.

HALL BEAUTIFULLY DECORATED

The Newcastle firemen held their annual luncheon last night in the Town Hall. Like everything else the firemen take in hand it proved to be a success in every sense of the word.

The hall was beautifully decorated for the occasion, requiring a great amount of work on the part of the boys. Dancing commenced at 9 o'clock and kept up all night.

muscle to the satisfaction of all present. The committee in charge of last night's affair deserve great praise for the creditable manner it was conducted.

A MAGICAL LIFE SAVER is Dr. Agnew's Cure for the Heart. After years of pain and agony with distressing Heart Disease, it gives relief in 30 minutes. Thos. Petty, of Aylmer, Que., writes: "I had suffered for five years with a severe form of Heart Disease. The slightest exertion produced fatigue. Dr. Agnew's Cure for the Heart gave me instant relief, four bottles entirely cured me." Sold by A. E. SHAW'S Pharmacy.—15

ANOTHER SCANDAL EXPLODED

The further investigation of the public accounts committee of the House of Commons, regarding the purchase of the so-called "saxony" wharf at Richborough, N. B., in their excellent illustration of the truth, shows that a false and good record is being given.

When the charge was first brought forward a few weeks ago, the news that was that the wharf in question had been sold by a private owner a short time before its transfer to the Government for \$200 and the price paid by the Government was \$100.

It was then found that the wharf in question was sold for \$200 and the price paid by the Government was \$100. This was a scandal.

The further investigation of the public accounts committee of the House of Commons, regarding the purchase of the so-called "saxony" wharf at Richborough, N. B., in their excellent illustration of the truth, shows that a false and good record is being given.

NORTHUMBERLAND COUNTY L. O. L.

Northumberland County Lodge Orange L. O. L. No. 1321, held its session at Blackville on Tuesday, Feb. 2d, with Sir John H. Dule in the chair.

The following committees were appointed:

- Finance—Wm. J. Johnson
- Johnston J. W. S.
- Chester J. W.
- Park J. W.
- Spencer J. W.
- Wright J. W.
- Spencer J. W.
- Spencer J. W.

The members of the lodge were present in large numbers and the evening was spent in the usual manner.

The lodge is now in arrears in the payment of its dues to the Grand Lodge of North Carolina to the amount of \$100.00.

The election of officers resulted as follows:

- Co. M.—Wm. J. Johnson
- Co. D. H.—Adam Dickson
- Co. C. H.—Henry Wyse
- Co. Sec.—Wm. J. Johnson
- Co. Treas.—R. N. Grimley
- Co. F. S.—S. R. Weston
- Co. D. of C.—D. C. Smallwood
- Co. Lecturer—J. W. Johnston
- Co. Deputy Lecturers—Cuthbert Lomax and James Loggie

The officers were installed by Past County Master Jas. W. Johnston, after which appropriate addresses were given by the several members.

IMPROVING OPERA HOUSE

Extensive repairs have lately been made to the Opera House by Allan Ross, the manager. A new band room has been fitted up in the upper story, new radiators have been put up on the stage, and various other important changes have been made.

BAND REORGANIZED

The New Brunswick Band has been reorganized and is now practicing regularly. Many of the old members, together with several new additions, are now included. In the absence of the leader, Howard Cassidy, the responsibility of the leadership is borne by Lawrence Mather.

THE LUCIA NOLA OPERA CO.

The opening of the celebrated opera, "The Fairy," Wednesday night, by the Lucia Nola Co., was decried and well patronized. Miss Nola's company is a strong one and the opera was sung and acted in first class manner. The music was of a very high order. Miss Nola as Zerlina, the inn-keeper's daughter, was heartily applauded. Her voice has a high compass and is well trained. Frank D. Nelson, as the laundit chief, Henry Taylor as the officer who was hunting and finally captured Fra Diavolo; Arthur Vernon and Esther Barton as Lord and Lady Alceah; Jack Henderson and Charles Wallace as Diavolo's confederates; Arthur Darvo, as Matteo, the innkeeper; Mimma Starn as Roberto, the servant, and Louise Hendry, as Francessco, when Zerlina's father had picked as her in-law, all played their parts well, as did the large number of others employed as soldiers and choristers. The company played at Chatham Thursday night. They will receive a warm welcome should they ever return here.

CARTER'S LITTLE LIVER PILLS
CURE
Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Bloating, Flatulency, Indigestion, Dizziness after eating, Pain in the side, etc. While their most remarkable effect has been shown in curing
SICK HEAD
Headache, yet Carter's Little Liver Pills are equally valuable in constipation, curing and preventing this annoying complaint, while they also correct all the other troubles of the stomach, liver and regulate the bowels. Even if they only cure
ACHE
Ache they would be almost priceless to those who suffer from this distressing complaint, but fortunately their great effect is felt in the head and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head
ACHE
Is the bane of so many lives that here is where we make our great boast. Our pills cure it and others do not.
Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not grip or purge, but by their gentle action, please all who use them.

FUNERAL OF MRS. McLEAN

A Calgary paper says:—Death coming with shocking suddenness claimed Mrs. Annie Osburn MacLean, widow of the late Thomas Alexander MacLean, and one of the most highly esteemed women of the Pass yesterday. Mrs. MacLean had been ailing not more than a week and had written a couple of days before her death that her trouble was considered trifling, beginning with a gathering cough but pneumonia developed and carried her off so quickly that few even of her most intimate friends so much as knew she was ill. Mrs. MacLean was a resident of the Pass, where she came about four years ago, as the bride of the late Thomas Alexander MacLean, father of Mrs. C. P. Hill. Mr. MacLean also died very suddenly less than a year ago of heart failure. Mrs. MacLean was thirty-eight years of age and a native of Newcastle, N. B. The only member of her immediate family surviving her is Dr. Robert Nicholson, of Newcastle. In addition, she leave five stepdaughters, two daughters and three sons. Mrs. MacLean during her residence in the Pass, had endeared herself by her lovable womanly qualities, to a host of friends who will sincerely mourn her untimely death. The funeral took place today at Hillcrest, the remains being buried there. The Masons of the district, of which order Mr. MacLean was a prominent member, attended in a body. An unfortunate circumstance in connection with the demise of Mrs. MacLean was the fact that her stepdaughter, Mrs. Hill, and Mr. Hill left for Montreal only a few days ago and were unable to be present during her illness or to return for the funeral.

HARCOURT ITEMS

Harcourt, Feb. 8th.—C. S. Hickman of Dechester, is in the village this week on a business trip.
W. N. Ingram of Moncton, visited his home people this week.
The school children enjoyed a half holiday on Tuesday, and the mill pond was crowded both afternoon and evening with a merry throng of skaters.
Miss Maggie Clark, bookkeeper at Barker's White Store, Moncton, is home on a vacation.
A parlor social at the Rectory last evening given by Rev. F. H. Thomas and Mrs. Thomas, assisted by the ladies of the congregation, was enjoyed by a large number of guests.
Mr. and Mrs. McLeary returned today from a visit to friends in Rexton and Richibucto.
Miss Blanche Wathen left this morning for Newcastle, Queens Co., to teach music.
A large black bear shot yesterday by Mr. John Shirley drew a number of sight seers to his premises today. Mr. Shirley also captured two cubs.

RESOLUTION OF CONDOLENCE

Douglastown, Jan. 24, 1910.
To Harold Stohart:
Dear Brother,—
We desire to tender you our heartfelt sympathy in the great sorrow that has come to you by the death of your beloved father.
In this time of bereavement we commend you to that best of all friends, your Heavenly Father, with the sincere prayer that in His wise providence he may so guide you that you also will merit the high esteem enjoyed by the dear one taken from you, and that the heavy loss you have sustained may be overruled for your eternal good.
On behalf of Caledonia Division,
F. C. Simpson,
R. H. Jessamin,
Maud Wood.

HER DEATH WAS HOUSHOLD TEST

Intelligence, Oct. 1st, 1908.
"I remember to this day with what physicians call 'a touch of the fever' I could neither see nor hear. I remember of a night that I had to be carried to bed."

Mrs. J. H. Esrick

My ears ached, headless, and my front teeth were sore. I felt I was going to be sick, and it was a very bad case of these very bad spells that a family friend brought a box of "Fruit-Active" to the house. After much hesitation, I was induced to take them. I had nearly two boxes that I opened and experienced a relief. I kept up the treatment, however, and after the five boxes I was cured, and when I got out on the street my friends were so glad to see me that they hugged me literally true, because I was "back at the old job."

It May Be Pneumonia "A hard chill, pain through the chest, difficult breathing. Then fever, with great prostration." If this should be your experience, send for your doctor. You may have pneumonia! If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done. Then do as he says. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass. Keep the bowels in good condition. One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following.

FIFTY SIX DEAD IN MEXICAN MINE DISASTER

Gas Explosion the Cause; Many Are Injured; Victims Mostly Natives

LAREDO, Tex., Feb. 2.—One of the greatest disasters in the history of Mexican coal mining took place early today in the Palau mine at Las Esperanzas, Mex.

The explosion occurred in the No. 3 shaft of the coal mine of the Esperanzas Mining Company, and it is attributed to the ignition of gas from a cigarette of a miner who was smoking contrary to the rules.

The vote for capital expenditure, amounting to \$1,175,000 was put through with little discussion.

The L. C. D. items passed in supply this afternoon included: Diversion at Chatham and branch to wharf, \$150,000.

Moncton, cut off line, \$110,000. Moncton, locomotive and car shops, with equipment and freight yard, \$342,825.

New machinery for locomotive and car shops, \$38,706. Pintch gas apparatus, \$6,000.

River du Loup engine house, etc. \$63,720. Side ladders for box cars, \$1,000.

PUSH PROBE INTO STORAGE SYSTEM

Meat Kept For Ten Months in a Cold Storage Plant Until it was as Hard as Leather, in Order to Keep up the High Prices Regardless of Natural Conditions--Investigators Determined to Get at Bottom of Business--The Prices on New York Market Today--Beef going up again, But Consumption is Limited.

New York, Feb. 4.—The probe was pushed farther into the storage system in the Metropolitan territory today. The reported discovery of meat ten months old in one of the plants across the Hudson has stimulated the industry of the New Jersey inquirers, and in today's session of the Hudson county grand jury, which is investigating the Jersey City warehouse, promised interesting developments. Prosecutor Garvin made it evident today that he would neglect no avenue of inquiry that promised a route to the secrets of the cold storage business. He indicated that he was looking for evidence to show conspiracy in an effort to manipulate the food products

market by use of the cold storage system in such a way as to regulate supplies and maintain prices regardless of natural conditions. Lackawanna and Erie railroad officials were asked today to produce before the grand jury, way-bills of hiding showing the amount of staff received and shipped over their lines last year. These will be compared with the books of the cold storage companies which officers of those concerns have been subpoenaed to produce. In all metropolitan territory, eggs seem to be the only staple food product to show a downward tendency. Meat today showed if the consumption of meat is still away below the normal.

A LINE OF FAST STEAMERS FROM CANADA TO JAMAICA

Would Greatly Increase the Trade of the Two Colonies No Chance of Reciprocity Unless Canada Can Guarantee Immunity From U. S. Retaliation.

Kingston, Jamaica, Feb. 2.—The Royal Commissioners appointed to inquire into closer trade relations with Canada completed their work here yesterday. Practically all the witnesses who gave evidence were unanimous in the opinion that a fast subsidized weekly line of steamers between Canada and Jamaica would be of great benefit, and would naturally increase business. Several business men of the island spoke in favor of preferential trade with the mother country. None, however, agreed on a reciprocity treaty with Canada because of the fear that, should preference be given Canada the United States would retaliate by placing an important duty on bananas. Several sugar planters testified to the effect that the preference at present given by Canada on sugar is of practically no benefit to Jamaica. Others claimed that the benefit to the Jamaica grower amounted to about \$2 per ton. It was also thought that a good market could be opened up in Canada for citrus fruits.

The Gleamer, editorially, says that it has been settled that Jamaica will not enter into any reciprocity treaty with Canada unless Canada is able to guarantee that its market will not lose its position in the United States markets and it suggests that Canadian statesmen make an effort to ascertain what the attitude of the United States Government would be in the event of a treaty which differentiated in any way against American American exports to the colony.

SALISBURY HAD \$11,000 FIRE.

Salisbury, N. B., Feb. 4.—The general store and warehouse of H. C. Barnes & Son was totally destroyed by fire after the early closing hour, about 8 o'clock this evening. The fire is supposed to have originated about the chimney in the attic of the main store. The firm carried about \$11,000 stock, consisting of general goods and the stock of the Salisbury Postal Card & Novelty Co., conducted by E. H. Barnes. Considerable stock and the firm's books were saved. Owing to the storm much of the stock saved is badly damaged. There was some insurance on the building and \$5,000 or \$6,000 on the stock. The firm's loss will be heavy. By hard fighting on the part of the volunteer bucket brigade the residence of Mrs. Moore, near by, was saved.

The Man The Printer Loves

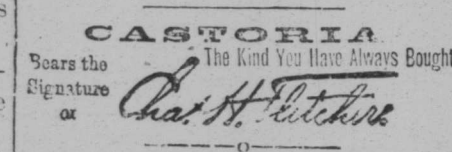

There is a man the printer loves, And he is wondrous wise, Whenever he writes to the printer man He dotheth all his is. And when he dotheth all of them With care, fitness and ease, He punctuates each paragraph, And crosses all his is. Upon the silver-line he writes, And never calls his is leaves, And comes the man of Fink and smile, And mark "insert" receives. And when a question he doth ask— Though wisely he hath been— He doth a goodly stamp insert, For postage back again. He gives the price from which he writes, For that the printer reads; And plainly writes in full address, So that the printer needs. He writes, revises, reads, corrects, Rewrites it all again, And keeps one copy safe and sends One to the printer man. And thus, by taking little pains, And taking care and rest; Asures himself his manuscript Will not be burned or lost. So let all these who long to write, Take notice by this man: With jet black ink and paper white, Do just the best they can. And then the printer man will know And bless them as his friends; For all their life's journey as they go, Until that journey ends— Scrapbook.

WHY SUFFER?

Breathe Hyomei and Kill the Loathsome Catarrh Germs.

Just as long as you have catarrh of the nose will feel, your breath will be foul, you will hawk and spit and you will do other disgusting things because you can't help yourself. The germs of catarrh have got you in their power; they are continually and persistently digging into and irritating the mucous membrane of your nose and throat. They are now making you miserable in time they will sap your entire system of its energy, its strength, its vigor and vitality. But there is one remedy that will kill the germs and cure catarrh, and that is Hyomei, the Australian dry air treatment.

Joseph Durak, of Woodstock Street, Tavistock, Ont., says: "Catarrh had given me all kinds of suffering for a long time. There was a swelling of the glands under the eyes and adjacent to my nose and the discharges would drip into my throat. I used several remedies, but never got the relief that I did from Booth's Hyomei. I have been so pleased with Hyomei results that I highly recommend its use to catarrh sufferers." T. J. Durick, the druggist, will guarantee Hyomei to cure catarrh or money back. Don't delay this pleasant antiseptic treatment. Breathe in Hyomei and kill the germs. T. J. Durick will sell you a complete Hyomei outfit, including inhaler, for only \$1.00. It is also guaranteed to cure bronchitis, asthma, croup, colds, hay fever and croup.

COMMITTED FOR CRIMINAL LIBEL

Woodstock, N. B., Feb. 4.—J. P. Malaney, editor and manager of the Woodstock Press, was today committed for trial at the next session of the county court to be held on the second Tuesday in March, on the charge of uttering a libel against Frank B. Carvell, member of parliament for Carleton county in the Press of Jan. 17, 1910. Bail was fixed at \$1,000, the accused entering into his own recognizance for \$500 and Geo. E. Balmain and J. C. Hartley offering \$250 each. The preliminary hearing was held before Police Magistrate Dibblee. The statement on which the suit is based charged that Mr. Carvell had been financially interested in the Willard Kitchen Company, which has a contract for constructing a portion of the Transcontinental railway. Mr. Carvell, and Messrs. Kitchen and Whitehead, officers of the company, gave emphatic denial to the statement.

I. R. C. CALENDARS ARE WIDELY DISTRIBUTED

Mailing Lists Show They go to all Parts of the World.

The Montreal Gazette says: The distribution of calendars by the Intercolonial Railway is a business of greater magnitude than most people imagine. The advertising department of the railway has about completed the sending out of an issue of twenty thousand for 1910 and still hundreds of eager applicants, like Oliver Twist, asking for more. The calendars are for advertising purposes and it is naturally the desire of the management to have them well distributed in outside points rather than locally. This course has been followed for some years until the calendars, like the guide books, are sent to almost every known quarter of the globe. Because of their artistic merit they are appreciated everywhere, and the mailing lists have annually increased until they are now quite formidable. They are handled by the advertising department in a systematic manner as is possible under the circumstances. The Intercolonial agencies in New York, Boston, Chicago, and Toronto are first supplied, and a quantity is sent to London for distribution throughout Great Britain. The passenger and freight agents at principal points on the line are supplied with a sufficient number to satisfy the patrons on the railway with whom they are brought in contact, while the individual applications are largely attended to in Montreal. Requests for the calendars are received from many foreigners and many British subjects who are residing in foreign countries. This year the mailing lists show the calendars have been sent to every province in Canada, to practically every State in the neighboring republic, to many of the South American republics, to the West Indies, to China, Japan, Egypt, India, South Africa, Australia, New Zealand, Burma, and to most of the countries of Europe. This goes to show that the calendars are of considerable value from an advertising point of view, their universal distribution being a strong factor in making known the name and fame of the Intercolonial all over the world.

PRECAUTIONS TAKEN BY INTERCOLONIAL RAILWAY TO PROTECT THE PUBLIC

Montreal Star:—The management of the Intercolonial Railway has made arrangements that all the sleeping, dining and passenger cars on the Intercolonial trains running in and out of Montreal will be supplied with fresh spring water from the celebrated Sugar Loaf Mountain Springs, near Campbellton, N. B., formerly all the cars on the I. C. R. leaving Montreal were furnished with the ordinary city water, but the officials of the railway consider that in the interests of the travelling public it is preferable to have the cars supplied with purest spring water.

Most cases of baldness are due solely to neglect. The hair often becomes dry and dandruff forms because the hair glands do not supply enough natural oil. Nothing overcomes this deficiency so effectively as that delicately perfumed, refreshing hair pomade, Bearine. Avoid baldness; apply Bearine to your hair occasionally. All druggists, 50 cts. a jar.

A GREAT DOCTOR SPEAKS OF A GREAT REMEDY

Dr. Williams' Pink Pills Strongly Endorsed by one of the World's Greatest Doctors—Appreciated the World.

Dr. Williams' Pink Pills for Pale People is the only medicine in the world that has had the public endorsement of a doctor of world-wide reputation. Such an endorsement stamps this medicine as being worthy of the confidence of every person who is sick or whose health is in danger. It is not only a confidence, it is a personal knowledge, that Dr. Williams' Pink Pills will do what is claimed for them. Dr. Giuseppe Enrie, one of the greatest physicians of modern times, for years the trusted medical adviser of the Pope, writes the following strong letter in favor of Dr. Williams' Pink Pills: "I have tried Dr. Williams' Pink Pills in four cases of the digestive and nervous system. In all cases of atrophy, indigestion, and all other troubles of the blood, and all other troubles of the blood, as St. Vitus' dance, paralysis and locomotor ataxia, they have proved most to the preparation, not only in the treatment of other medical forms of the category of anemia or chlorosis, but also in cases of general debility and weakness. The results have been such that I have no hesitation in recommending them to all who are afflicted with any of the above troubles." The results have been such that I have no hesitation in recommending them to all who are afflicted with any of the above troubles.

Rural Phones Solve These Every-Day Problems

Problem I. Bad Roads: The old way was to curse nature and idly wait for a return. The new way is to telephone for what you want, and smile because you get the information in a thousandth part of the time.

Problem II. Weather Forecasts: The old way was to work on belated information, and to excuse the losses with "That's what the farmer has to put up with." The new way is to telephone every morning to the weather man and overcome much of the needless haste and bustle of the old way.

Problem III. Prices Current: The old way was to ask a neighbor or trust to the newspaper. The new way is to get information in the nick of time over the phone, thus knowing when to sell and when to hold.

Problem IV. Emergencies: The old way of procedure when some one took sick, was to harness the "doctor" and make all haste for the doctor. Effort in this direction often prepared as its only result the information: "doctor is out." The new way is to call up the doctor on the phone, and know instantly what can be done pending the medical man's arrival.

Problem V. Help: The old way was to allow men to exclaim "boys, cranks—make him a cracker" and walking to Smith's door to find that his horse was already dead. The new way is to make the phone your errand boy—buy, borrow, beg by means of the "short partner."

We have prepared a booklet describing fully a rural phone system. Had a better idea of how to use this interesting bit of information, send it costs you nothing. Ask for Booklet 3116.

Your Fingers, Madam, are First to Touch Five Roses

Last week at a five o'clock tea a young hostess exclaimed: "I do love to make cakes; it makes my hands so clean!" And she ate her cakes alone. Did you ever consider, Madam, why the best surgeons wear rubber gloves when performing a critical operation? They say it's impossible to so wash the hands that they will be absolutely free from danger of germ infection. How many hands, think you, have handled the flour you are NOW using.

On the sun-faded Keworth mill, St. Marys, Ontario, we make a flour which never comes in contact with hand or finger. "FIVE ROSES" is its name. It is made in an automatic water-poor plant, under the eye—but not under the hand—of experts with 21 years of "know-how" behind them. From field to sack and barrel every bit of machinery that FIVE ROSES touches is bright and polished like these piano keys of yours.

Then the fleckless purity in preparation, Madam. Special devices exclusive to FIVE ROSES are employed so that no hand need touch your flour. It is hand-proof—germ-free—pregnant with health and wholesomeness. Different from any other flour made, you see.

For nearly one mill FIVE ROSES travels through hygienic automatic processes.

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received every day.

John D. McNaughton, New Liskeard, Ont., a young man not belonging here, and suffering from it is bed-ridden, cannot get up, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your Free Hospital for Cerebrals? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admittance?

NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE BRUNSWICK FREE HOSPITAL BECAUSE OF HIS OR HER INABILITY TO PAY.

Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion. For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a cent for their maintenance—absolutely free. The other twenty-nine paid from \$2.00 to \$4.00 a week. No one pays more than \$4.00.

Suitable cases are admitted promptly on completion of application papers.

G.A. GRATEFUL PATIENT

Norah P. Canham I enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.

The Mackay Free Hospital for Consumption is dependent on the good-will and gifts of the Canadian public. Money is urgently needed, at the present time, to make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help?
Where greater urgency?

True, Canada's greatest charity.
