SPRACKLIN IS SURELY EFFECTIVE

The referendum meeting held in the Lyceum on Monday evening of this week was perhaps altogether the most interesting, enthusiastic and effective meeting of its kind ever held in Watford. The committee in neid in watford. The committee in charge made no mistake in bringing Rev. J. O. L. Spracklin to speak on behalf of Prohibition. When Rev. A. C. Tiffin was called upon to introduce Mr. Spracklin he said he had peculiar pleasure and satisfaction in introduct to such the said satisfaction in introducing to such a splendid audience Rev. Mr. Spracklin as a christian gentleman, a methodist minister, and a member of the London conference, a member of the London conference, who was altogether patriotic and loyal in his support of British law, righteouness and decency. As such, Mr. Spracklin had, after urgent and repeated requests on behalf of the provinclai authorities, consented to do his best to clean the deplorable condition of affairs in the border cities and Essex county against which he had complained and to make an honest effort to enforce the O. T. A. Mr. Tiffin pointed out the fact that there was no question as to the efficiency of Mr. Spracklin as an officer who had demonstrated great moral courage and commendable zeal on behalf of law and righteousness.

eousness. Rev. Mr. Spracklin followed with a most interesting and informing address lasting a full hour and a half, during which the vast audience crowding the Lyceum to its untmost crowding the Lyceum to its untmost capacity, sat spellbound and showed their appreciation and concurrence by frequent applause. To see Mr. Spracklin and hear the unanswerable arguments and conclusive reasons presented by him is to be convinced of the integrity of the man as well as the righteousness of the cause he advocates so forcefully. Mr. Spracklin is in no sense an unreasoning fanatic. His material was carefully selected with due regard to the intelligence of his hearers, and he it selected with due regard to the intelligence of his hearers, and be it said as a mark of that intelligence they gave the closest and most respectful hearing to a man whose very soul is on fire with a holy zeal for the supremacy of the laws of the land and the sobriety and moral integrity of his fellow citizens. Undoubtedly the misgivings, questionings and protestations of some few were entirely disarmed by his kindly smile and genial presence, his strong sane, keen statements of facts and his abounding enthusiasm which his abounding enthusiasm which springs out of first hand knowledge of the need of the prohibition of imof the need of the prohibition of importing into the province of liquor which makes rum-running, boot-legging and illicit sale a very profitable but very vile and degrading business. "In the death of John Sanford Williams Canadian art loses a patron and a critic," said someone who has been for years a close friend of the late art collector, "but it loses a mar who was not content to sit on an Advisory Committee, but one who acted as judge with his own money.

"Mr. Williams was one of the first to bring the work of the great painters of the Dutch school to Canada, and many of the big collections in New York, as well as in Montreal, which today contain the best examples of the work of Isreals, Weisenbruch, Tedmuellen, Maris and others, were built up on his advice.

St. Thomas Smith, for instance, who is, perhaps, our greatest marine artist, was found and encouraged by Mr. Williams, and he saw to it that his friends gave a little encouragement to rising Canadian art, too, for he would, first of all, arrange an exhibition, and then go round personally and drum up his associates to come and drum up his associates to come and look, and often to purchase.

"He was a man whose vision was broad for the present, and who saw far into the future and realized how much of that future would depend on the stimulus given art. He was not a man who ever desired to be wealthy, and he felt that a generous proportion of each year's income should be spent on the arts.

THE LYCEUM, FRIDAY (Te-night)

The board of railway commission ers, in their judgment on the application of the Bell Telephone Company for increased rates, refused the measured rates system to the company on the ground that the present situation is an emergency. The company is granted increased long-distance and service connection charges, together with a 10-per cent. addition on exchange revenue. A statement given out by the railway board reads: "The judgment in the telephone case which is issued to-day finds that the evidence adduced does not justify the adoption of the measured rate which was proposed for the cities."

J. E. Wetherwell, M. A., editor of text books for the Ontario Education Department, illustrates the difficulty of avoiding mistakes, even when the greatest care is taken. The present Public school arithmetic has two authors, and each author was supplied with three assistants to check every question and answer. Yet, in spite of all these precautions, the department is receiving notices indicating several mistakes in the book. When authors and editors who have time at their disposal make mistakes, it is not surprising that blunders and inaccuracies are sometimes found in the newspapers, on which the work is done in such a hurry that there is but little time for revisión.

A Georgia white man who murdered eleven negroes has been found guilty, but the jury recommended mercy. Had he killed only half a dozen he might have been acquitted.

Sometimes we wish we were perfect, though we believe that perfection might be awfully monotoneous at that. We are just speaking from the newspaper point of view. If the grocer, the baker or the lawyer or the dator makes a mistake it is grocer, the baker or the lawyer or the doctor makes a mistake it is known only to those concerned, but the newspaper man who makes a mistake is a grossly incompetent person, if, indeed, he is not an intentional criminal of the deepest dye. The average eight page paper is the result of the assembling together of somewhere in the neighborhood of 500,000 separate pieces of metal. Doubtless they should all be correctly placed and no possibility of error should be admitted.—Ridgetown Dominion.

#### DRAG THE EARTH ROADS

Stratford Beacon:—Members of Parliament may be quite willing to illustrate the Department of Labor's statistics to justify a out in the statistics to justify a out in the approximately, of well used roads in a proximately, of well used roads in a proximately, of well used roads in a proximately, of well used roads in a proximately. approximately, of well used roads in the Province, more than a third are merely earth surfaced, and graded merely earth surfaced, and graded. At present as the frost is coming out of the ground, the time is opportune for grading these roads again. If no better means is at hand, the practice of dragging them, to level down the bumps, and fill up the hollows. will give good results. Ontario should have road-dragging in full swing every county, as only by this method can the earth roads be kept tolerably free from pitch-holes as they ably free from pitch-holes as they dry out. The Saskatchewan Highway Department has to deal with a relatively more extensive mileage of earth roads than Ontario, and it has found a road dragging competition very serviceable. This competition starts on June 1, and ends September 30, and cash prizes are awarded. The various stretches of road enter-dark inspected once a month and at the end of the period, a general survey is made to ascertain the best road in the lot. Last year 154 entries were made, with a total mileage of 521. The influence of this competition is felt over the whole Province, because it proves how effectively because it proves how effectively dragging can keep earth roads in tolerably good condition. Many of the Saskatchewan roads are of clay and are difficult to keep level. Every county in Untario has long mileages of earth roads that could be vastly improved by dragging and the Or improved by dragging, and the Ontario Highways Department should consider whether it could not stimulate the practice by proper organization.

## Don't Pay Twice

If you pay bills in cash, there is always the chance of receipts being lost or destroyed, and of your being asked to pay the same bill twice. How much better to deposit all your pay in a Savings Account in The Merchants Bank and pay the bills

by cheque. There can be no dispute then, because the endorsed cheques are indisputable evidence that you have paid.

The farm house of John S. Mc-Alpine, South Ekfrid, was destroyed Colonel Watterson aptly describes the American attitude in regard to the League of Nations in five words: "Shinny on our own side."

The death of Elizabeth Crone, relict of the late Thomas Crawford, Sr., occurred at the home of her son, A. M. Crawford, Thedford, on Saturday, March 26th, aged 76 years, 10 months and 1 day.

The village of Courtright have instructed an engineer to prepare plans for a waterworks system for the village.

Alpine, South Ekfrid, was destroyed by fire early Thursday morning of last week. Mr. and Mrs. McAlpine were awakened about four o'clock in the morning by the noise of bricks falling from the chimney, and on going downstairs found the kitchen and dining-room adjoining in flames. They telephoned to the neighbors for assistance, but succeeded in saving the piano and a few pieces of parlor furniture only. The fire is believed to have started from the kitchen stove. There was an insurance of \$1,300 on the house and contents, which will only slightly compensate for the loss.

#### LUCAS-McCORMICK

The Congregational Church, Watford, was the scene of an event of much interest on Thursday last, April 7th, when two of the most popular young people of Warwick and Brooke Townships, Jessie Pearl, second daughter of the late R. J. and Mrs. Elizabeth L. McCormick, and Sanford Lorne, son of Mr. and Mrs. E. J. Lucas, were united in the holy bonds of matrimony. The bride was charmingly attired in a travelling suit of navy tricotine with hat to match, and an ermine tie, and was also wearing a corsage boquet of orchids, sweetheart roses and sweet peas. #### HARRISON-EDWARDS

One of those charming events which stir a whole community and attracts the attention of every one, transpired on the 2nd line south. Thursday, April 7th, at one o'clock p.m. It was the marriage of Mr. Charles Leslie Harrison of Smith Township, Peterboro County, to Miss Grace Fleming Edwards eldest daughter of Mr. and Mrs. E. A. Edwards at whose home the corrections. daughter of Mr. and Mrs. E. A. Edwards at whose home the ceremony took place. The occasion also marked the 73rd anniversary of the birthday of the grandmother of the bride, Mrs. McKenzie, who was present to enjoy and grace this historic event. Another striking feature was the signing of the register as witnesses by the same two which performed like service on the occasion of the marriage of the bride's father and mother. These were Mr. Walter W. Edwards of Watford, brother of the bride's father, and Mrs. W. E. Parker, of Warwick, sister of the bride's mother.

er, of Warwick, sister of the bride's mother.

The happy couple were unattended. The bride was conveyed by her father through an aisle formed by streamers of ribbon arranged by Frank Edwards and Ivan Parker who scattered flowers in her path as they approached the waiting bridegroom tarrying beneath a beautiful arch banked with flowers. All the while the wedding march, was being played by Miss Florence E. Edwards, sister of the bride. Here the words of mystic union were spoken by Rev. A. C. Tiffin as the contracting parties plighted their faith, and pledged their fidelity either to other. While the register was being signed, Donald the little brother of the bride, sang sweetly "O Perfect Love."

The bride looked very pretty in a dress of cream georgette with trimmings of gold. She wore the bridal well and carried a boquet of cream al-3t

roses. The groom's gift to the bride was a lovely chain and pearl pendant, to the pianist an opal ring, and to her brother Donald, a lovely tie pin. The numerous ous and valuable gifts to the bride betoken the high esteem in which she is held and the best wishes of her many friends. The guests were confined to the uncles and aunts of the bride and some few close friends and rel tives. The wedding dinner was abundant and most appetizing and was served in splendid style amid surroundings that everywhere betokened the marriage festivity.

The happy couple left that evening on a brief honeymoon trip to Sarnia. They will be at home after the middle of the month at the home of the groom near Lakeview, Peterboro County. The good wishes of all their friends accompany them on the

#### FIGHT THE CORN BORER

Observations recently made in Elligin County, Ontario, particularly in the district of St. Thomas, by officers of the Entomological Branch of the Dominion Department of Agriculture and others, indicate that the European Corn Borer found in Canada for the first time in August, 1920, has come through the winter in a very healthy condition. The Department urges, therefore, the assistance is

The borer or caterpillar is the destructive stage in the life of the insect and it is in this stage at the present time within corn stubble, pieces of stalk, old ears, or other parts of the corn plant which were large enough to shelter it during the winter. Farmers, therefore, should realize the importance of destroying at once preferably by burning, all unused portions of corn stalks, cobs, waste, etc. Crop refuse around silos waste, etc. Crop refuse around silos and also that left during the winter in infested corn fields should be carefully gathered up and destroyed by burning. #### THANKFUL MOTHERS

Once a mother has used Baby's Own Tablets for her little ones she would use nothing else. The Tablets give such results that the mother has nothing but words of praise and thankfulness for them. Among the thousands of mothers throughout Canada who praise the Tablets is Mrs. David A. Anderson, New Glasgow, N. S., who writes:—"I have used Baby's Own Tablets for my children and from my experience I would not be without them. I would urge every other mother to keep a box of the Tablets in the house." The Tablets are a mild but thorough laxative which regulates the bowels and sweeten the stomach; drive out constipation and indigestion; break up colds and simple fevers and make teething easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's Vegetable Compound a Trial First

Chicago, III.—"I was in bedwith a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Venetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well I have never had well. I have never had occa weil. I have never had occasion to take it again as I lave been so well. I have a six room tlat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the cospet truth and I will. may publish my letter. It is the gospel truth and I will write to any one who wants apersonal letter."—Mrs.E. H. HAYDOCK, 6824 St. Law-rence Aye., Chicago, Ill.

A Vermont woman adds her testimony to the long line of those fortunate women who have been restored to health by Lydia E. Compound, after it had been decided an operation was necessary:

Burlington. Vt.—"I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. I was so bad I could hardly walk across the floor and could not do a thing. My sister-in-law induced me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully. I keep house and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H. R. SHARON, Apple Tree Point Farm, Burlington, Vt.

In hospitals are many women who are there for surgical operations, and there is nothing a woman dreads more than the thought of an operation, and the long weary months of recovery and restoration to strength if it is successful. It is very true that female troubles may through neglect reach a stage where an operation is the only resource, but most of the commoner ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydis E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. In fact, many letters have been received from women who have been restored to health by Lydis E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Russell Campbell, aged 33, of Campbell Bros., garage proprietors, of Melbourne, is dead, and three automobile bandits, Sidney Murrell, aged 21; his brother, Wm. George Murrell, aged 22, of Manor Park, London, and Henry J. Williams, of Toronto, are in the clutches of the police at London, charged with Campbell's murder, as the result of an attempt of the Home Bank at 11 o'clock Monday morning. The bandits took about \$1000 which was recovered when they were arrested. The staff of the bank is made up of R. E. McCandless, Miss Agnes Camp-R. E. McCandless, Miss Agnes Campbell, teller, and Miss Irma Wright, ledger-keeper. Miss Wright was just leaving the bank to have the Union Bank across the way mark a check when the robbers brushed by her, going into the premises. She rushed into a store next door and gave the alarm resulting in the capture of three of the hold-up men. In rushing to the relief of the bank staff Campbell was shot dead by one of the

NERVOUS PEOPLE NEED A TONIC Williams' Pink Pills Enrich the Blood, Thus Increasing Your

Nervous people who have not yet developed a disease that can be re-cognized and treated by the medical profession, often have great trouble in finding relief. Irritation, headache, sleeplessness, nervous indigestion.
All these discomforts make life miserable, but are endured rather than

erable, but are endured rather than are endured rather than a doctor's bill.

Such sufferers should know the danger of such a condition, which, if allowed to persist, may result in a nervous breakdown. In this conditions that the conditions are the such as the conditions of the such as the suc nervous breakdown. In this condi-tion what is needed is rich, red blood. As a fonic for the blood and nerves, Dr. Williams' Pink Pills have been used with much success. They nerves, Dr. Williams' Pink Pills have been used with much success. They have a direct action on the blood, and through it carry to the nerves the elements needed to restore their normal function, at the same time im-proving the general health. The benefits that follow the use of Dr. williams? Pink Pills is shown by the case of Mrs. Norman Seifried, West Montrose, Ont., who says: "It would be hard for me to overstate the benefit I have derived from the use of Dr. Williams' Pink Pills. Before I began taking the pills I was very nervous, weak and run down. I could hardly do my housework, and as there is a great deal of work to do about a home on a farm, I felt very much discouraged. One day while reading a newspaper I saw an adver-tisement if Dr. Williams' Pink Pills and decided to give them a trial. ] could notice beneficial effects after taking a box of the pills, and by the time I had taken a few boxes, I could again do my work with ease, was no longer weak or nervous, slept well at night, and awoke in the morning feeling well and strong. I am happy to say that the pills so greatly benefit

ted me."
Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail on receipt of 50 cents. box or \$2.50 for six boxes by writ ing The Dr. Williams' Medicine Co. Brockville, Ont.
