CRITICISM FROM 'THE TIMES'

Tiltsonburg's Sensation—Mayor
Does In for Jail-Breaking,
Prisoner Goes to Hotel, Police-
man Goes to Sleep and Two or
Three Others Will Go for
Trial.

Tiltsonburg, Aug. 6.—(Special).—Here
is a list of prominent townsmen who
either have been arrested, or are about
to be.

MAYOR THOMAS BERO—Wrongfully
breaking and entering Tiltsonburg
jail.

FRANK McRO—Seduction.
SMITH of Port Burwell—Com-
pounding a felony.

MERO, SR., father of Frank Mero
—Attempted bribery.
W. F. BROWN, barrister—Allowing
jail to be broken open.

CONSTABLE ELLIS PINK—Accepting
a bribe.
And it is even stated that further ar-
rests are to be made, all growing out
of a charge of seduction placed against
Frank Mero. Some short time ago
came a young man of 20, had been
sent to custody in Tiltsonburg jail.

On Wednesday, Chief of Police Pen-
gelly of this town was called into the
country on a case, and left young Mero
in charge of the jail. The jail was
and, as is claimed, without any per-
son to care for it.

One day certain passing by the prison
of the young man heard him groaning
and crying. They were in the room
of the window, and when he
gained this attention, he told them
he had been suffering within most
agonizing from cramps and other illness.
He further asked them the names of
humanity to get him something to eat
and a doctor to care for him.

This father, who is the proprietor of
the Queen's Hotel, was communicated
with, and when he learned of the pitiful
condition of his son, he was
boiled. He went to the mayor and
demanded that there should be some
servance of the young man's condition,
and that he should receive some at-
tention.

Mayor Was Kind Hearted.
Mayor Bero, when he had satisfied
himself that there was no cause for
immediately went to the jail, and
with others, who stood about, deter-
mined to care for the prisoner within.
A hammer was secured, and the mayor
ordered that the door be broken open.
This was done, and the prisoner was
found huddled up in a corner,
and because of his suffering, it was
apparent, the mayor ordered a doctor.

Afterwards the physician came
and attended the sick man on the
place in another cell, which was
securely locked, and on leaving the
jail, the mayor placed a guard over the
door of the place.

Chief Peggally returned to Tiltson-
burg a short time later, and going to
the jail, learned of what had trans-
pired. It was decided that the
man should be held before a magis-
trate as soon as possible.

Later in the evening, before Magis-
trate Hare, the prisoner was brought,
and the record of the case which
he was accused was commenced. A
strong plea, from the standpoint of
the physical condition of the prisoner,
was made, that he should not be sent
back to the jail, but that he should
be placed under guard.

Corp Went to Sleep.
Here stories differ. Some state that
it was done under the cognizance of
the magistrate and the police. Others
say that it was done without any
form being observed. But that
matters matters little. The prisoner
was taken to the Queen's Hotel, where
he was placed under the custody of
Constable Pink.

During the night that followed, the
news spread among the townsmen
of the escape of the prisoner. At
all events, the prisoner was taken
to the Queen's Hotel, where he
was placed under the custody of
Constable Pink.

When the news spread among the
townsmen of the escape of the
prisoner, it was a matter of course
that the police should be notified.
The police were notified, and the

Historic Happenings at Oyster Bay—
Buffet Luncheon Served So That
No Ticklish Question in Diplomacy
Should Be Raised.

THE PRESIDENT'S TOAST.
"Gentlemen I propose a toast
to which there will be no
answer, and to which I ask
you to drink in silence stand-
ing."

"I drink to the welfare and
prosperity of the sovereigns
and peoples of the two great
nations, and to the peace and
friendship between them."

Newport, R.I., Aug. 6.—Owing to
thick weather the peace squadron will
be unable to reach Portsmouth to-mor-
row, and the delay will necessitate a
postponement of the opening proceed-
ings for one day.

Oyster Bay, N.Y., Aug. 6.—History
was made in Oyster Bay yesterday,
Russians and Japanese clasped hands
and greeted one another with all out-
ward evidence of cordiality, and for the
first time since the nations began to
have relations one with another, an
executive of a great power received
the envoys of the other in a friendly
country on a mission of peace.

President Roosevelt, on behalf of the
United States, extended formal greet-
ings to the representatives of Russia
and Japan, introduced the plenipotenti-
aries to one another and entertained
them at an elaborate luncheon, at which
Russians and Japanese fraternized with
one another as comrades.

During the luncheon President Roose-
velt proposed a notable toast, in which
he expressed the warmest hopes and
prayer, in the interest, not only of the
two great powers, but of all civilized
mankind, that a just and lasting peace
might be speedily concluded between
them.

The occasion was attended by sim-
plicity and frankness. Due honor was
paid the distinguished guests of the
president, and the courtesy and friend-
liness with which the envoys were
received with all the dignity to which
their exalted rank entitled them.

Eph McGee, the new Canadian amate-
ur champion sculler, was born in
Toronto in 1879, so is now 25 years
of age. He is a fine specimen of young
manhood, splendidly built, 5 ft. 3 in.
tall, and tips the scale at 150 lbs. In
addition to his prowess with the oars
he has earned renown as an amateur
boxer, having won the Canadian mid-
dle and heavy-weight championships.
McGee commenced his athletic career
as a member of the Toronto Rowing
Club in 1899, when he stroked the junior
eight to victory in the Dominion Day
regatta at Toronto. Later he rowed in
the Argonauts' eight, and was "beat"
by the same eight in the regatta at
Oyster Bay.

By his side was the de-
spatch boat Dolphin, two miles out
from the shore. The crew were
waiting to convey the vessels bearing
the envoys to Portsmouth, N.H.

Before the regatta was hadly
broken up, as were several of the cars
at the rear of the train.

The train was in charge of Con-
ductor Yone. The auxiliary from Belle-
fontaine arrived in about two hours and
had the track cleared in a few hours.

In order that no embarrassing
questions of precedence should arise, it
was determined that the luncheon should
be a buffet function.

As the Japanese mission, headed by
Baron Komura, was to be accompanied
by the Russian envoys, all attire in
black frock coats and shiny silk hats,
the band around the neck and they
played a rousing march.

Their reception was brief and was
as devoid of incident as the previous
occasion would permit. Baron Komura,
and Minister Takahira shook hands cor-
dially with the president of the regatta,
Baron Komura then presented to the
president the twelve members of his
mission, personally acquainted. The
president then introduced the envoys to
the army and naval officers present.

Afterwards, with Baron Komura,
and Minister Takahira, he retired to
an inner cabin for a brief consultation
with the secretary of the regatta.

McGee's boxing record is a creditable
one, and stamps him as an athlete of
extraordinary ability. Under the
colors of the Toronto Rowing Club in
1897 he wrestled the amateur mid-
dle-weight championship from Jack
Smith and Fred Russell. In 1898 he gained
the amateur heavyweight championship
by defeating Gil Gibson and Joe
Wright. Last year he again won the
heavyweight championship from Foley
of New York, the American cham-
pion.

Burns also made an effort to meet Sam
Burke, the Canadian Californian, who
is the heavyweight amateur champion
of the United States.

LE SOLIEL HANDS OUT A ROAST
to Ottawa Government for Refusal
to Donate Toward Reception
to Louis de Battenburg.
The It Finances Astronomic
Expedition.

Montreal, Aug. 6.—(Special).—Le
Soleil of Quebec is indignant over the
alleged refusal of the Dominion govern-
ment to come to the aid of the
ancient capital in the reception of
Prince Louis de Battenburg.

"Everything," the Quebec paper
says, "looks black and span, except the
property of the federal authorities, and
if the latter do not clean up a little
we would suggest that the postoffice
and fortifications be placarded 'The
property of the federal government.'"

Continuing, Le Soleil says: "The
prince is coming here as the envoy
of His Majesty, and his visit is not
only for Quebec, but for the whole
Dominion, yet here alone will be an ob-
ject of reception. We will do our best,
of course, but a subsidy from Ottawa
would place us in a position to make
the reception a magnificent one."

"The Ottawa government is paying
the cost of an expedition of astron-
omers who are going to Labrador to
see the moon before the sun, and
this will no doubt fill the hearts of
the people with joy, we do not
see that the country at large will
derive very much benefit from the
visit of the Prince of Battenburg.
It is a hundred times more interest-
ing to see the moon than to see the
Prince of Battenburg, and we are
not all astronomers, and the
ancient capital in the reception of
much more than the eclipse of the
sun."

"We do not seek to blame the govern-
ment because of its generosity to-
wards astronomy, but we also think
that it could extend it to our dis-
tinctly in the sciences. It appears
that there is no money voted for such
an object, but we do not think that
the obstacle is insurmountable. We
have sufficient confidence in Hon. Mr.
Fleider's ability to feel that if he so
desires it, he can find among the
members of the House of Commons
or two in his aid of the royal en-
voys."

GAS EXPLOSION WRECKS STORES
22 PEOPLE HURT AT CALEDONIA
FOUR OF THEM VERY SERIOUSLY

Two Buildings Destroyed as Result,
It is Thought,
of Acetylene Gas Leaking From
Pipes and Being Ignited From a
Cellar Jet.

Caledonia, Aug. 6.—About 9 o'clock
Saturday evening the village was start-
led by a heavy explosion on Main
street, which it is said, was heard
for miles around. The explosion
destroyed two buildings, and injured
22 people, four of whom were very
seriously.

The explosion was in the bakery of
A. E. Jones, and the entire front of
the building, also that of George E.
Culpe's jewelry store, immediately ad-
joining, was blown into the street.
The local agency of the Bell Telephone
Company was located with the former
shop, and it was known that a large
number of people had been within at
the time of the explosion, and it was
feared much loss of life had resulted.
Contrary to the usual occurrence no
fire followed.

The work of rescuing those within
the wrecked buildings had to be done
in darkness or by lanterns. Twenty-
two people were rescued, and several
of them were seriously injured. The
most severely injured are:
George Murray, Caledonia.
Gerard Delacherois, Hamilton
Hospital.

Thomas Draper, clerk in bakery.
The remainder escaped with sprains,
bruises from falling debris, and cuts
from flying glass.

Delacherois was taken to Hamilton
Hospital.

The remains of Wellington J. Wal-
lace, the young bank clerk who died
suddenly on Friday at Berwindale,
Muskegon, were brought to Toronto,
and the funeral service will be held
this afternoon at the home of his parents,
157 Ontario-street. The casket, which
will likely remain in the vault at Mount
Pleasant until the return of the young
man's father and sister, who are tour-
ing Europe, and are at present in Rome.

Deceased was a son of Richard Wal-
lace and a nephew of Lieut.-Col. Wal-
lace of the 26th Regiment. He was
employed in the Penny Savings Bank
connected with the Fred Victor Mis-
sion on Queen-street. He went to Mus-
kegon to recruit his health about a
month ago, and on Friday his mother
received word that he was dangerously
ill. Accompanied by Mr. Wm. Wallace
Mrs. Wallace took the 11:30 train, and
when it reached Severn she got another
message stating that her boy was dead.
He had been seized with illness while
at a picnic with some friends. His
father was cabled the sad news and a
reply has been received.

FATALITY AT LEVEL CROSSING
HORSE DASHES INTO TRAIN

Became Frightened and Unman-
ageable—Young Woman Instantly
Killed—2 Companions Escape.

Breslau, Aug. 6.—(Special).—A ter-
rible accident due to the level railway
crossing, happened at Breslau about 4
o'clock this afternoon, resulting in one
death and the miraculous escape of two
others.

Albert Berner, with Miss Ida Prong
and Miss Annie Gole, was out driving,
and was approaching the G. T. R.
tracks at Breslau when the horse was
frightened by a freight train. It be-
came unmanageable and dashed into
the side of the train, which was going
over the crossing at the time.

Miss Prong was thrown out and in-
stantly killed. Miss Gole fortunately
escaped with only a deep cut on the
head and with her shoulder very badly
bruised, while Berner luckily escaped
without a scratch.

The horse was killed and the buggy
was smashed to atoms.
Miss Prong, who was 18 years of age,
was the daughter of Henry Prong, who
lives about two miles south of this
place.

HIS NAME WILL BE CHARLES
Infant Son of Princess of Wales So
to Be Christened.

London, Aug. 6.—The christening of
the infant son of the Prince and Prin-
cess of Wales will be especially interest-
ing from the fact that one of the names
given him is Charles.

This, of course, is after his god-
father, King of Portugal, but it is
essentially a Stuart name, and it is
well known that King Edward has in-
herited Queen Victoria's title in the
Stuart blood, which runs in the royal
family.

The young prince is the first of the
royal blood to bear that name since
"Bonnie" Prince Charlie, son of James
II.

Thinks Indecently Criticism Should
Have Been Made in Parliament.

Montreal, Aug. 6.—(Special).—"Well,
what is the news in Montreal?" asked
Sir Wilfrid Laurier of The World to-
day.

"Being told that everyone was talk-
ing about W. F. Maclean's speech at
Wexford, the prime minister looked
thoughtful, and he said, 'Why did he
not make that speech in parliament? I
consider that the proper place for
such an utterance.'"

ROBY'S GREATEST MISTAKE WAS HIS FORMATION

Japanese Then Had Victory Assured—Statement of Reasons of Success of Soya's Gunners.

Tokyo, Aug. 6.—Commander Akiyama who participated in the battle of the Sea of Japan, has prepared for publication an extended statement relating to the great conflict, and its weight is on the side of gunnery, the battalions and tactics, as against the destroyers.

He prefaces his statement by declaring that good gunnery depends on the accuracy of the formation. He asserts that the Russian officers were not trained in the early part of the battle the Russians scored one hit to three Japanese. It may be said that the Japanese had three-fourths of the Russian ships, and there was, therefore, nothing very remarkable about the disparity of losses.

The commander says that Admiral Rojovskiy took his chances at the moment of going into action, and that the Japanese were not prepared to meet the Russian formation. He says that the Japanese formation was a long and narrow line, and that the Russian formation was a square.

HAVE ALL BUT PRISONER

Continued From Page 1.

Magistrate A. F. Ball and Magistrate Hare. The hearing will take place on Wednesday morning at 10:30 o'clock.

Mayor Fero was seen to-night by The World and asked for his version of the case. He said:

"When the case was reported to me, that young Fero had been in his cell from morning until night without attendance and without food, I thought that it was high time that something should be done.

"I went to the town jail and found that when Chief Pengelly had departed from morning until night without attendance and without food, I thought that it was high time that something should be done.

"I ordered that the prisoner should be brought, and that the place should be broken into. After we got into the man's cell I had him taken out, and he had taken the keys of the place with him and that there was every reason to believe that Fero was not being properly cared for. That he was sick there was little doubt.

CAUGHT SMUGGLING FOREIGNERS QUARTET ARRESTED AT THE FALLS

Chippewa Man, His Two Sons and a Friend Landed 22 Undesirable Immigrants Into Hands of Hidden Policemen at Midnight Saturday.

Niagara Falls, N.Y., Aug. 6.—(Special.) Joseph Snyder, who lives just above the Canadian side of the falls, and who for the last 10 years has been a source of considerable annoyance to the United States immigration officials, was placed under arrest at midnight last night, together with his two sons, Richard and Albert, and a man named Andrew Marvin, all four being caught in the act of smuggling a party of 19 Roumanians and three Hungarians into this country.

Knowing that the men who were being smuggled back into Canada from the upper and lower Niagara arch bridges were being some other method of getting into the country, Chief Inspector J. J. Francis and his men have been watching the shores of the upper Niagara for several nights past. On Saturday night Inspector Francis and two of his men stationed themselves at Lynch's dock. At midnight a launch towing a rowboat landed at the dock, and as the occupants climbed out the three officers rushed upon them and placed all under arrest.

Joseph Snyder was recognized by the officers. He and his son Richard and Andrew Marvin were taken to a police headquarters and locked up while the 19 Roumanians were taken to the detention house, and the immigration partition. Officers stationed at Snyder's dock captured Albert Snyder, another son of Joseph Snyder, as he landed with a party of three Hungarians who had been smuggled into the country by Inspector Francis.

The three sons and Andrew Marvin were held for a few days, and then were released. The Roumanians and Hungarians are being held for orders as to their disposition.

HURT, IDENTIFIED AS MIXED

Had Fallen From Street Car at Stay-at-Homes and Excursionists Can Find Opportunities in Legion for Day of Pleasure.

Hamilton, Aug. 6.—(Special.)—About 1:30 this afternoon a man fell off a street car going south on James-street, at the corner of James and Cannon-streets, and struck on his head. He was rendered unconscious by the fall. A lady who was passing as she went to her home, saw the man and called to the ambulance which was called, and he was removed to 309 North Hughson-street. He was thought to be George Smith of the address.

After Mrs. Smith and her daughter had prepared him for bed, the lady who identified him as George Smith was again called, and the injured man was removed to the City Hospital. He was still unconscious when he was found that he was suffering from a concussion of the brain. He was identified, and late this evening had not regained consciousness.

ENTERTAINED AT BOSTON.

Ottawa Rifles Cheered in Parade to Church Yesterday.

Boston, Mass., Aug. 6.—The Duke of Cornwall's Own Rifles, 4th Regiment of Canadian militia, which is visiting the New England, attended services at Trinity Episcopal Church this afternoon.

The visitors were escorted by the British Association of Naval and Military Veterans, Boston Post-Veterans and detachments from other organizations. Large crowds along the route. The march was enthusiastically received by the Canadians.

To-night the militia men were entertained at the Knights of Honor Hall, and the officers and guests were dined at Hotel Beaconsfield.

DEADLY INSECURE SCAFFOLDING.

William A. Harvey, Farmer of Laskay Latest Victim.

An insecure scaffolding caused the death of William A. Harvey, son of the late John H. Harvey at Laskay on Friday afternoon. He is a farmer and was working about the barn on the place when he noticed that a pulley, used for hoisting grain, was not working properly. The pulley was suspended from the upper part of the barn. To reach it he placed a few boards across the rafters in the form of a scaffold. One of the boards gave way and with a crash Mr. Harvey was thrown to the board below. He fell upon his head. A member of the family discovered him a short time later. He was carried to his home and upon medical examination it was found that he had fractured his skull. He died a short time later. Coroner Orr decided that as the death was purely accidental no inquest was necessary.

VICTIM OF PNEUMONIA.

Wm. Rose, Head of Cartage Company, Dies at His Home.

William Rose of the Rose Cartage Co. died yesterday morning of pneumonia. Deceased was well known amongst the wholesale trade, for whom he had worked for years. He was about 30 years of age and leaves a widow and four children. His brothers, John, traveling passenger agent, C.P.R.; George, of Chicago; Fred, with the General Electric Co., and Sam and Herb and a sister.

KILLED BY LIGHTNING.

Friendship, N.Y., Aug. 6.—During a severe storm yesterday George Clark, a farmer, driving a load of hay, was struck and killed by lightning. Both his horses were paralyzed. William Clark, standing beside Clark, was unharmed.

License Too Much Used.

Ottawa, Aug. 6.—The police have been making a vigorous crusade against American and other peddlers who are selling their goods in the city and country without the necessary license.

Saturday a man was arrested and he produced a license which had all the earmarks of having done service for others.

He turned out to be an employee of a man named Ladore Sam. A new license was taken into custody.

Civic Holiday at Hanlan's.

All the arrangements for the celebration of civic holiday at Hanlan's Point are now completed. Everything points to the most successful holiday in the history of this popular place. All who can should avail themselves of the earlier boats and avoid the afternoon crowds.

Alert Davidson and John J. Moylan of Hamilton are at the troughs.

LOCOMOTIVE FIREMEN ARE COMING

Three Days' Meeting Opens To-Morrow and Attendance Will Be Large

Locomotive firemen from all over America, are arriving in the city to-day to attend the Canadian Union meeting, which opens to-morrow. Unless the nature of the meeting is a success, the firemen will be between 700 and 800 red badge members in attendance, with a total of 500 or more from the United States.

Yesterday afternoon a joint meeting of representatives of the local unions, Wm. Richardson, was held to consider plans for receiving the visitors. There were present E. A. Ball of Stratford, fourth vice-grand master of the union, and Canadian representatives, J. G. International Brotherhood, and J. Gibson of Marquette, Mich., one of the delegates from the New York Tribune. Mr. Ball reported that there would be a good attendance from the marquette provinces, having just returned from a tour thru them.

This is the program as arranged: Tuesday, 8:30 a.m.—Secret meeting in Occident Hall, corner Queen and Bathurst-streets. Public reception in Occident Hall, corner Queen and Bathurst-streets, 1:30 p.m.—Delegates and their wives to luncheon at the Occident Hall, corner Queen and Bathurst-streets. 3:30 p.m.—Delegates and their wives to luncheon at the Occident Hall, corner Queen and Bathurst-streets. 8:30 p.m.—Delegates and their wives to luncheon at the Occident Hall, corner Queen and Bathurst-streets.

MUCH BEER IN CUSTODY.

Two Pizzas Raided Where the "Amber" Was on Tap.

Cecil Shanahan moved into 212 Bloor-street about a week ago. Early Sunday morning Constables Tipton and Moffat were on duty. They found 10 men and four women there, and 100 bottles of beer and a jug of whisky. The beer was put under the name of the "Amber" and the beer removed to No. 3 police station. George McGrath, 2 Adelaide-st., gave a wrong name, was locked up.

About the same hour P. S. Focus visited the store for two weeks and found 12 bottles of beer. Daily he was sent down for three miles for selling liquor.

A Stranded Nobleman.

The immigration officials are holding up a real baron at Ellis Island. His name is Sigmond Moravski, and he is from Berlin. He arrived on the Potsdam a few days ago with only his wife and two children. He has a title and a fortune, but he is stranded because he has no money. You Can Keep The Liver Active

And Ensure the Regular and Healthful Action of the Bowels by Using Dr. Chase's Kidney-Liver Pills.

The bile is Nature's cathartic. So long as the liver filters the bile from the blood and passes it into the bowels, the bowels will be regular and active.

Constipation can never be permanently cured until the liver is set right. Because they act directly on the liver as well as on the bowels, Dr. Chase's Kidney-Liver Pills are wonderfully successful as a cure for constipation and liver troubles.

They rid the liver of accumulated poisons, thoroughly cleanse the system and invigorate the organs of digestion and excretion.

Constipation, biliousness, kidney disease, liver complaint, backache and stomach troubles are among the ailments which are promptly cured by this treatment.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanston, Bates & Co., Toronto.

W. E. MANN,
Captain of the M. C. C.

Englishmen looking for the germ of their national game with bat and ball trace back to the thirteenth century.

The name of cricket was first applied about the year 1550. Under Edward IV the sport was put under the ban, as being detrimental to the practice of archery, which was the mainstay of the national defence. In 1748 the court of King's Bench held that it was a "very idle game" and that it was only in the 18th century that it became popular.

With both ankles fractured, David Lester, 42 years old, of No. 294 Hurontario-st., was taken to the hospital yesterday, when he was admitted to Bellevue Hospital. SAILING RACES ON SATURDAY

Booth 2, Tangle 3, Oaklawn Also
Ran—Traverses Stakes for Dandelion.

Saratoga, Aug. 5.—John Sanford's Mohawk II won the Saratoga special today, defeating Oaklawn, for which Arthur Belmont today paid Wm. Sholes \$30,000. Senator McCarron's Ghosha almost beat the barrier, so quick was he to break. Mohawk II was almost as quick, and his long methodical stride quickly carried him to the fore. He was never headed, but Voorhees closed strongly in the home stretch, and the two ran neck and neck to the line, Mohawk II winning by a head.

Tangle, who was slow to begin, finally strong, and was only a length back of Voorhees. Shaw made a clever ride on Dandelion in the Travers, in which the Ghosha carried, favorably, called to be placed. Woodway made the wrong in the first quarter, with von Trump in second place, and Dandelion third. Von Trump passed Woodway, and at the three-quarter pole Henry Lark, who had been in third position, had moved up and was leading by a head. Woodway was a half length better than von Trump, and at the line was a length ahead of Dandelion. Ghosha had just reached the last turn, when he was dashed down, and passed the rest without effort. The rest was mostly well walked in a winner by nine lengths.

THRU INNOCENT VIOLATION OF LAW OF BRITISH COLUMBIA JUDGE DUFF FINDS THAT LAND, TIMBER AND FISHING LEASES ISSUED SINCE 1899 ARE NOT WORTH PAPER THEY'RE WRITTEN ON.

(From the Sunday World.)
Victoria, B. C., Aug. 6.—(Special.)—Incidental to an innocent injunction motion in the civil suit of the Capital City Packing Company vs. the Anglo-British Columbia Packing Company argued before Justice Duff today, the astounding fact became evident that not only are all the salmon trap licenses and leases held on Vancouver Island scarce worth the paper they are written upon, but all land, timber, fish and other leases issued by the land department here since 1899 are equally worthless. Tradition says that this power was received from the Indians who roamed thru the forests on both sides of the Detroit River years before the white man made his appearance.

Henry Melchior, who conducts a fish store in Windsor, and who was 60 years old, said yesterday that, when he was a small boy, he witnessed the charms tried on his father, and that, without any medicine or medical aid, his father recovered. The charms had been worked. He said: "My father was bitten in the field at a clock in the morning. He was a sergeant was at once despatched to Belle River for Jacques Lafont, who was famous as a snake doctor. He came to our home as fast as his horse would carry him, and when he arrived he found the limb severely swollen and a string, which had been tied around the leg to prevent the poison from reaching the body, was buried in the flesh.

Lafont, after making an examination of the wound, said it was a snake bite, and he produced a piece of string tied around the leg. As he tied the first knot he muttered a single word, and before he had finished the second placed seven knots in the string, and it was placed as many words. The words were in the Indian language, and he immediately after finishing his incantation, we noticed that the swelling began to subside.

"In a few hours the leg was down to its natural size and the deer hide fell about the limb as if it were no more, as it became too loose to remain on the leg.

"I never saw it attempted on any other person," concluded Mr. Melchior, "but I have often heard of Lafont curing different people who were bitten in the old days. Snakes were plentiful in Essex County fifty years ago, and it was not uncommon for a number of people to be bitten by rattlers every year."

CURES SNAKE BITE BY CHARM.

"Medicine Men" Known in Essex for Last 100 Years.

Windsor, Aug. 6.—The report from the Township of Sandwich West, that an attempt had been made to counteract the effect of the poison in a boy's leg, produced by the bite of a rattlesnake, by a charm, caused some equities to be made. Tradition says that this power was received from the Indians who roamed thru the forests on both sides of the Detroit River years before the white man made his appearance.

Henry Melchior, who conducts a fish store in Windsor, and who was 60 years old, said yesterday that, when he was a small boy, he witnessed the charms tried on his father, and that, without any medicine or medical aid, his father recovered. LACK OF CIGARETTES KILLS CHIMPANZEE.

Indianapolis, Ind., Aug. 6.—Death has come to the chimpanzee whose half Governor Hilly refused to suspend the anti-clear law that might be imposed by the state, and in this state, and Dr. Whit, an eminent veterinarian, who made an autopsy to-day, gave it as his opinion that Mr. Dooley, as he was called, died from the effects of a sudden suspension of his long continued habit of smoking.

An attempt was made to substitute tobacco, but the chimpanzee would not smoke them. They were wrapped in paper with a view to deceive him, but still he could not get the taste of the smoke. "It is apparent," said the doctor, "that death resulted from a want of the stimulative effects caused by smoking."

MOTOR BOAT AT 40 MILES AN HOUR

Herreshoff Model on New Lines At

Bridgeport, Aug. 6.—With one of her forty cylinders out of commission the Herreshoff motor boat made the remarkably fast time of forty miles an hour on a trial run. The promoter, Mr. Bridgeport, Jr., the designer of the new boat, was accompanied on the trip by his wife. Mr. Herreshoff is employed by the American and British manufacturing companies, and has the honor of being the president of the company.

The craft carries a nine-horse power gasoline motor. The hull is but three-sixteenths of an inch thick, and the motor is mounted on a platform of mahogany. It is a mere shell and it has a motor which weighs about 175 pounds. The boat is 35 feet long, 4 feet 7 inches wide and 18 inches deep. Thorough Romantic Story is This From Rome—Man to Blame to Stand Trial.

Rome, Aug. 6.—A strange story of impersonation with a tragic sequel has just been unfolded in the law courts of Rome. Count Adriano Benicelli, an eccentric nobleman, charges his valet Antonio Paolo, with having indirectly caused the death of the Countess Benicelli. Taking advantage of the extraordinary resemblance between himself and the latter to impersonate him at various public functions in Rome and elsewhere, while he himself devoted his time to his hobby of collecting and repairing antique clocks, Paolo provided with money and good clothes, mixed in the best of society and everywhere was received as the Count. Meeting the Countess Benicelli at a ball, the valet paid her attention, and she fell in love with him. The Countess, who was neglected for some years, and living with her and not seeing her, was reconciled to him, and was walking towards the latter to embrace him at various public functions in Rome and elsewhere, while he himself devoted his time to his hobby of collecting and repairing antique clocks, Paolo provided with money and good clothes, mixed in the best of society and everywhere was received as the Count. London, Aug. 6.—After the storm of Thursday the 5th, the Solent yesterday presented a magnificent picture. The roads for a considerable time have been full enough of yachts of all descriptions, and yesterday more arrived at Cowes, and the roads were in such a crowded state as has not been seen in recent years, if ever.

When the King ceased to occupy Osborne as a residence, it was said Cowes had seen its best days, and that henceforth its glories would begin to wane, but there is no sign of any such catastrophe happening. It is the general opinion that never has Cowes week been more brilliant of promise than it is at the present moment.

Not only has the yachting fraternity gathered in exceptional numbers, but the presence of the French fleet all week, and the room of festivities which has been inaugurated in honor of its visit, has lent additional zest to the gathering, and every moment of the week will be full of surprises.

With favorable weather conditions there will be a long series of functions ashore. After the most elaborate parade, while a 60-horsepower automobile held the rope that prevented it from passing off into space. The experiment ended when one of the ropes that held the airship in a horizontal position parted.

The question of floating the aeroplane has been discussed in my mind, and I have concluded that it is better to leave it as it is. I do not doubt, it will carry me with me, and I will carry me with me, and I will carry me with me.

The market has met no new conditions, but attempts to draw off effect on part of prospective matters have been met by the government report on cotton conditions...

The assembly of the foreign plenipotentiaries will provide an excellent ground-work for the market...

The case in the money market is still drawing attention to a slight rise in the argument for higher prices...

Speculation in local shares continues narrow. Manipulation in the interest of high prices is being done...

The weekly bank statement was again unfavorable, with its registration decrease in reserves...

Outside the market conditions, if anything, incline to improvement. Crop news optimistic...
