CUT OFF HUBBY'S EAR Because He Talked Too Much—Woman Used a Razor. NEW YORK, Aug. 24.—Because her husband talked too much, as she put it, Mrs. Martin Coon sliced off his right ear to-day with a razor. "Yes, I cut his ear and I'm glad of it," said the woman when arrested. "He talked too much and that annoyed me."

\$2,000,000 FOR ISLAND Wanted for a Farm for Raising of Kids. MONTREAL, Aug. 24.—(Special)—Some New York and Philadelphia capitalists are after Nuns Island, and it is said have offered the nuns, who own the property, two million dollars. It is proposed to turn it into a farm for kids, whose skins are to be used for gloves.

G. T. R. EARNINGS. MONTREAL, Aug. 24.—(Special)—Grand Trunk Railway traffic earnings from Aug. 15 to 21, 1910, were \$327,795; 1909, \$375,903; increase, \$15,792.

THE NEWSBOY AND HIS TAG. How much do you owe to your early surroundings and the influences which were about you when you were just an unformed little shaver without policy or direction? Where would you be to-day had you been raised in the streets, with your own way to make and your own character to form?

Figure that out, and then come to contemplate the fact that the newsboys of the city will go out on Saturday to tag you for decent surroundings and influences to make them decent citizens. You are not an honest citizen by accident, but thru careful training and watchful care. Give the boys a little of the great big chance that came easily to you, and see what they will make of themselves. All this is just one way of giving the boy a fighting chance for happiness, and the community a decent gamble for his usefulness.

PHILANTHROPIST GIVES UP Millionaire Strauss to Cut Out Pasteurized Milk Stations. MONTANA FIRES QUENCHED BY STORMS

Snow and Rain to Relief of Hundreds—114 Rangers in Idaho Are Officially Reported as Lost Towns Out of Danger.

WALLACE, Idaho, Aug. 24.—First fires have slain more than 200 persons. Nearly all fire fighters, in Idaho, according to figures compiled to-night from latest reports. Superintendent Weigel of the Cour d'Alene National Forest, after receiving many reports of disaster from various parts of his 600 employees, posted a bulletin to-night in his office at Wallace, announcing the death of 111 of the men. He also expressed grave concern for the safety of Ranger Joseph E. Palm and 74 men, who were surrounded by fire Saturday night in the forest on the Big Fork of the Cour d'Alene River, near where another party lost 18 men.

Two Hundred Lives Lost. The number of deaths in Washington was to-day reduced to three, all in the Pen d'Oriole Valley, near Newport. One of these victims, Mrs. Ernest Delhardt, wife of a rancher, is the only woman known to have been burned to death in any of the fires.

Improvement in Montana. The number of deaths in Montana was to-day reduced to three, all in the Pen d'Oriole Valley, near Newport. One of these victims, Mrs. Ernest Delhardt, wife of a rancher, is the only woman known to have been burned to death in any of the fires.

ONTARIO'S UNFAIR TREATMENT

The people of Ontario are getting their eyes opened to the conspiracy against Ontario in federal politics. The two big railway corporations and the Montreal interests are organized to keep Ontario divided in politics and without influence at Ottawa.

Neither Grand Trunk nor Canadian Pacific will build a straight and standard line between Ottawa and Toronto. They put it off year after year, and no subsidies have been voted. The running time—seldom made—between the two cities of the Canadian Pacific is eight and a half hours for the 255 miles. The line is round-about and the service involves change and delay at Smith's Falls. Thirty miles or more could be saved by a direct line.

Ontario supplies the political ideas, splits on them, and is without influence; all Canada to-day is governed by a Montreal combination. Ottawa is kept away from Toronto, and colorless and out-of-touch Ontario men are in the cabinet. And the Ontario Liberal members and press stand for this thing without protest. They get what they want for themselves, and the province can look out for itself!

Ontario supplies the political ideas, splits on them, and is without influence; all Canada to-day is governed by a Montreal combination. Ottawa is kept away from Toronto, and colorless and out-of-touch Ontario men are in the cabinet. And the Ontario Liberal members and press stand for this thing without protest. They get what they want for themselves, and the province can look out for itself!

Here is one kind of substantial relief so far as Atlantic imports are concerned: Try and get freight steamers to rush the goods from Montreal up to Toronto. But the best cure of all would be for Toronto to find out if it is not possible and feasible to deepen the St. Lawrence canal, so as to bring 25-foot ocean steamers up to Toronto, independent of the railways. Montreal and its influence would head off such a proposition if it could. The railways have blocked and minimized the canal for fifty years. Let the Board of Trade get the best expert in the world to make a report on this plan.

The Canadian Pacific does not know what to do with its surplus. To carry out what is necessary in Ontario and Toronto would cost ten millions. It is spending much more than that in Montreal. Let us make it start spending some of its money in Ontario. Let the Board of Trade and Sir Wilfrid's Ontario ministers come up for a talk—the whole five. The ministers from Quebec are always on a job like this.

CITY GIVES SCAFFOLDS SCANTY INSPECTION

Striking Evidence at Shuttleworth Inquest—Contractors Are Blamed. Duncan and Worth, contracting plasterers, were last night held responsible by a coroner's jury for the death of Goughly Shuttleworth, who fell from a scaffold at 19 Grandview-avenue, on August 16, and was killed.

FELL INTO LAKE FROM SEAWALL Boy Only Escaped Drowning Thru C. A. Webber's Gallantry. Falling into the lake from the sample section of sea wall in front of the exhibition grounds, William Cunningham, a sixteen year old boy, whose home is at 137 Sunnyside-avenue, would have been drowned but for the quick action of C. A. Webber, of 908 Manning-avenue.

ABOUT ONE MILLION. It is understood that the estate of the late Dr. Andrew Smith will probate about \$750,000. It will be divided into four parts among his three children and the children of his deceased daughter.

KILLED BY WASP STING. WATERTOWN, N. Y., Aug. 24.—Mrs. Frank Dimmock, aged 66, of Natural Bridge, while picking berries in a field near her home, was stung on the arm by a yellow wasp, walked a few feet and dropped dead.

CANADIAN NAVY SWINDLER Unknown Man Got Considerable Money From U. S. Marines. PORTSMOUTH, N. H., Aug. 24.—Portsmouth and Boston navy yard men are alleged to have lent considerable sums of money this week for car fare to the nearest naval station, "and return," to a man who claimed to be a Canadian naval officer.

SCAFFOLD NOT INSPECTED. Watt said that no inspector had examined the scaffold, although Mr. Price who saw the scaffold after the accident, condemned the smaller scaffold on top of Shuttleworth's. Witnesses were Joseph Watt, H. J. Worth, Robert Duncan, Dr. Geo. Graham, Assistant Architect G. F. W. Price and Inspector Whitlam.

EXHIBITION VISITORS ARRIVING. All indications point to a record-breaking attendance at the coming exhibition. Already visitors are arriving in increased numbers and all the old down town firms are adding to their force of clerks to accord them a welcome and show them thru their stores. One of the spots invariably listed by out of town visitors for inspection is the fur department at Dineen's. Mr. Dineen says that even the warm winter does not seem to detract from the interest shown in the beautiful stock of furs now displayed in that department. As a matter of fact, many are already taking advantage of this extra assortment of improved styles to pick out the one desired and place their order for later delivery. The Dineen Company look forward to this season of the year as a time for renewing old acquaintances and making new friends.

C. P. R. DOING BEST IT CAN, SAYS McNICOLL

Invites Board of Trade to Send Along Specific Complaints if They Wish Investigations—They Are Willing to Help Toronto.

David McNicoll, first vice-president of the Canadian Pacific Railway, arrived in the city yesterday from Montreal, and registered at the King Edward. The object of his visit was not disclosed, nor is it known how long he is going to stay or where he is going when he leaves. He spent a busy afternoon in company with Superintendent James Osborne, in looking over the various freight yards and warehouses in the city.

When interviewed in the evening, Mr. McNicoll was cordially itself, and, aside from the question of his business in the city, showed no reticence in discussing the different topics in connection with the C. P. R., which have been agitating Toronto for the past fortnight.

Replying to a question as to the steps being taken by the company to relieve the congestion of freight, Mr. McNicoll said: "We are doing, and have been doing, the best we possibly can, but this sudden rush of freight, which has come to us on account of the G. T. R. strike, of course, made the difficulty greater. It is certainly a great blessing that we didn't adopt the same policy as the Grand Trunk towards the report of the board of conciliators, thereby precipitating a strike which would have tied up both railroads."

Regarding the congestion of traffic, we are doing the best we can to get rid of it. I can assure you we have not been wasting time. Mention was made of the references brought out in the board of trade meeting on Tuesday. "Many unwarranted statements," said Mr. McNicoll, "have been made about the C. P. R. Some of them are right, but a great majority are not. I can only repeat that we have done the best we can in the circumstances. I wish the people of Toronto could be asked to help. It might be true that we have received import freight which we have been unable to get rid of."

Concerning New Lines. He did not consider himself at liberty to disclose his mission in the city. He did not expect to return immediately to Montreal, but his plans were still undecided. He might go east.

CLOCKS AT FAIR GROUNDS. Some effort should be made by the officials at the exhibition grounds to provide proper facilities for telling the time, as thousands of people attending the fair do not carry a watch, because they are afraid of losing it in the big crowd. It is necessary to know the time to keep in touch with program of events for another much felt want is a large bulletin board or other indicator showing the program each day. If central place, west front of the administration building, it would be a great public convenience.

ABOUT ONE MILLION. It is understood that the estate of the late Dr. Andrew Smith will probate about \$750,000. It will be divided into four parts among his three children and the children of his deceased daughter.

William Ross, who displayed signal heroism as a rescuer when the ferry Mayflower was wrecked on the night of the 21st, will receive the tribute of fellow-members of Rosedale Lodge, I. O. O. F., at Cumberland Hall, Yonge and Cumberland streets, to-night.

A. O. H. OFFICERS C. J. Foy of Perth is President in Hamilton Next Year. KINGSTON, Aug. 24.—(Special.)—Addressing the provincial board of the Ancient Order of Hibernians, which concluded its sessions to-day, H. J. Walsh, Toronto, made a strong plea for teaching Irish history in the schools. He protested against the caricature of the Irish race on picture postcards. Hamilton was chosen as the next place of meeting.

THAT DUSTY ROAD. Editor World: Having occasion to go along the Lake Shore-road from Sunnyside on Saturday last, I was surprised at the terrible amount of dust blowing about. Living in the north-east part of the city, where our roads are properly oiled, and we are free from that filthy dust, laden with germs, I was surprised to find a portion of the city—especially where traffic is heavy—that was worse than any country village street.

WESTON. Local Bowlers and City Team Have Fine Afternoon's Sport. WESTON, Aug. 24.—(Special.)—A team from the Morning Newspaper Lawn Bowling Club of the city visited the town this afternoon and measured swords with the crack locals. In the early stages of the game the visitors were handed without gloves at the seventh end and the score standing 12 to 4 for the locals. After that the visitors braced up and covered themselves with glory and perspiration, the remaining twelve ends. For the locals the fine work of Skip Wm. Shells was a revelation, while for the visitors, Skip Lou A. Findlay made some sensational shots, snatching victory from apparent defeat.

YORK CO. FARMERS MAKE GREAT SHOW IN FALL WORK Season is Especially Favorable Many Deaths in W. Toronto—Suburban Doings.

Splendid progress is being made by the farmers thruout York County in the prosecution of their fall work and it is doubtful if in years the conditions have been so favorable for plowing as they are just at the present time. The heavy rains have left the ground mellow, and even the heavy clay land responds to the work of the disk harrow or gang plow.

WEST TORONTO. WEST TORONTO, Aug. 24.—(Special.)—The death took place to-day of Henry Staron at the Toronto General Hospital from typhoid fever after an illness extending over a month. Deceased is survived by his father, mother and three sisters. He was identified with the work of the Salvation Army, and the funeral takes place to Prospect Cemetery on Friday afternoon at 2 o'clock.

WEST TORONTO. Mrs. Elizabeth Ann Mould died yesterday at the residence of her daughter, Mrs. Raven, aged 74 years. She was a family of five daughters and one son. The funeral will be held at the residence of Mrs. Mould, 100 West Toronto, on Friday afternoon at 2 o'clock.

NORTH TORONTO. NORTH TORONTO, Aug. 24.—(Special.)—Rev. T. W. Pickett will take the morning and evening services at the Davisville Methodist Church on Sunday next in the absence of the pastor, Rev. G. W. Robinson, who with his family is holidaying at Wilcox Lake.

Work was commenced on Tuesday on the new Methodist parsonage on Joseph-avenue, Davisville. The quarterly board are working harmoniously together to have the parsonage erected with the least possible delay, as they feel that such is necessary to keep up the progress of the church in this section. With prospects of an increase in the congregation, so as to necessitate a larger church.

The North Toronto Citizens' Band will give a concert in the grounds of the Glinton Park School to-night, which was well attended and highly appreciated.

Gourlay Pianos THE PHENOMENAL SUCCESS OF THE Gourlay Pianos GOURLAY, WINTER & LEEMING 188 YONGE ST. TORONTO.

The Big Show Last year 752,500 people paid to see the Canadian National Exhibition. The million mark should be approached this year.

While next Monday is "opening day," the inaugural ceremonies will take place on Tuesday, Lieut.-General Sir Robert Baden-Powell, who presides at the button, will arrive Monday night.

Nearly \$2,000,000 is invested in the building. New structures this year are the poultry building, woman's rest room, fire hall, police station, lavatories and band stand. The last named, a substantial brick structure, was slow in getting started, and will have to be rushed this week.

Every body will be struck by the vastly changed appearance of the grounds you enter. The group of inadequate old wooden buildings has gone and there is instead a pleasant, newly sodded square.

While the art gallery is not any larger than last year, it contains about six-hundred pictures. The policy of the art committee this year is to devote the space formerly taken up by large canvases to smaller paintings.

Of course, there's a money side to the fair. Last year, the gross receipts were \$249,600 and profits nearly \$38,000. If this year's surplus doesn't reach \$50,000, the management will be disappointed.

Everything points to a record-breaking attendance. When the \$40,000 worth of six-for-a-dollar tickets was placed on the market, the tickets were snapped up voraciously, and Treasurer Brentnall says that he has had to refuse \$5000 in cheques and cash from other would-be purchasers.

Never again, say the directors, will the usual of the novel "snowballing" take place alone, that of a flag waving in the breeze, will cost \$500.

The musical ride of the Royal Canadian Mounted Police, which has been a feature of the performance since the grand stand, the restriction placed by the military authorities on exhibitors at the Dragoons do not apply to the Canadian National Exhibition.

Major Babcock and Lieut. Williams of the 8th Regiment of Buffalos, who are to camp on the grounds during the first week, were here yesterday. They looked over the camping ground and were well satisfied.

Forty different industries will be seen in operation in the process building. It is estimated that all told, there will be about 10,000 animals on the grounds, leaving out the human species.

Entries of horses and cattle are unusually heavy and include many from Quebec, the General Stock Breeders' Association of that province having made application for special classes for Quebec bred horses and cattle, the classes for carriage horses, hunters and jumpers will be especially strong.

The models of British warships, cruisers, submarines, gunboats, torpedo boats, etc., have arrived and are being installed in the transportation building. They are expected to make a particular hit with the boys.

With the signing of the agreement by the Grand Trunk Railway Company, the street signs in the city will be replaced by those of the Grand Trunk Railway Company and their employees will be at the signposts for two years.

At Scarborough Beach. Scarborough Beach's patrons next week will see the throngs of Exhibition visitors who will naturally be eager to see Toronto's now famous pleasure park which is re-warded with a spectacle ready to please the eye and the ear.

STREET RY. SIGNS AGREEMENT All's Serene Now for Two Years at Least.

The "Follies of New York and Paris" continue to attract large crowds to the Gayety, who marvel at the elaborate production. Charles Howard, the chief fun-maker, is nightly adding new comedy bits. Next week Fred Irving will present his masterpiece, the "Majestics."

The original Billy Watson, in his new burlesque creations, "Levi and Japan," and "Bashful Venus," has been secured by the management of the Star Theatre for the first week of the exhibition. There is an ideal comedy plot, admirably suited for the introduction of this big company of comedians and singers.

Politics Worry Wall Street and Prices Drop Sharply

Wall Street Interests Nervous Over Political Situation

Sharp Reaction in New York for Which Various Reasons Are Assigned—Domestic Issues Sold Up Well.

World Office, Wednesday Evening, Aug. 24.

Domestic securities on the Toronto Stock Exchange held remarkably well to-day considering the bad break in New York. Early London cables were lower on Americans and the weakness which developed on the Wall-street exchange had most of the day served to depress speculative sentiment here to a moderate extent; but the generally active specialties were inclined to ease, losses were generally of minor extent.

Steel Company Begins to Retrench.

NEW YORK, Aug. 24.—It is reported that the Pennsylvania Steel Company, which along with the Carnegie Steel Company is owned by the Pennsylvania Railroad interests, and which imports its ore from Cuba, has stopped importation from that country on account of poor business.

WILL PASS DIVIDEND

Big Rubber Company Must Reduce Output—Market is Unsteady.

Announcement by the Malacca Rubber Plantations, one of the most conservative of far-eastern rubber companies, of its intention to pass its 10 per cent. interim dividend gave the London rubber market a severe jolt last week.

The company announced that it would have to rest a considerable proportion of its trees, thus reducing its output. Malacca shares in the boom sold at 115, but last week declined to 77.

English rubber speculators have sustained enormous shrinkages in market prices for their stocks, but there is no sign of any panic, but there is a feeling that the market was in a situation where it was almost impossible to make head or tail of it. Crude rubber is selling at a big slump in price, but not so much on this side as in London, and on the continent. The immediate tendency is rather uncertain until the situation in the English capital is straightened out, values may be whipsawed in either direction.

STEEL MARKETS

Better Feeling Prevails—More Cheerful Tone to Reports.

NEW YORK, Aug. 24.—The Iron Age to-morrow will say: While actual business shows little improvement a notably better feeling pervades the market on finished products, a more cheerful tone to reports in the reports received from every section. Enquiries are becoming more numerous, indicating that the improvement to be expected in the fall months is at hand. Prices of steel are firm, but not advanced, except perhaps light sheet, even the new business is not active. So far as volume of new business is concerned, the Iron Age trade stands first. The leading interests have just taken contracts for 35 miles of 18-inch, 25 miles of 20-inch and about 25 miles of 24-inch pipe.

ON WALL STREET

Ericksen Perkins & Co. wired J. G. Beatty the following: Stocks were weak all day, closing with substantial losses. Although the market became dull midway of the afternoon, it showed no rallying power, and a further suggestion of further tariff revision by President Taft had as much as anything to do with the decline, and except perhaps light sheet, even the new business is not active. So far as volume of new business is concerned, the Iron Age trade stands first. The leading interests have just taken contracts for 35 miles of 18-inch, 25 miles of 20-inch and about 25 miles of 24-inch pipe.

Manipulative moves seem to indicate that Amalgamated, Reading, Steel and Union Pacific are in the best shape for moderate rallies, on which professional speculators will meet some stock for long account. Southern Pacific, Great Northern, Northern Pacific, St. Paul, Atchafalpa and Smelling may sympathize, but they seem to be marking time in a close trading area at the moment. The floor crowd seem to be premature on Steel, Reading, St. Paul, Amalgamated and Northern Pacific as short sales on rallies.—Financial Bulletin.

Unless something unforeseen develops no change from the dull and professional character of the stock market is anticipated during the next few days. On any further recovery, however, a good many stocks will be found pressing for sale. Commission house business is at a standstill, and in view of the many uncertainties ahead, it is extremely doubtful if public participation of consequence can be induced.—Town Topics.

Arrangements for Holiday.

NEW YORK, Aug. 24.—The New York Stock Exchange will be closed on Saturday preceding Labor Day.

Gold from Mexico.

NEW YORK, Aug. 24.—Lazard Freres to-day received \$25,000 gold from Mexico. Total amount received on this movement \$1,000,000.

THE DOMINION BANK

NOTICE is hereby given that a Dividend of Three per cent. upon the Capital Stock of this Institution has been declared for the quarter ending 30th September, 1910, being at the rate of Twelve per cent. per annum, and that the same will be payable at the Banking House in this city on and after

Saturday, the First Day of October Next.

The Transfer Books will be closed from the 20th to the 30th of September, both days inclusive.

By Order of the Board,
C. A. BOGERT,
General Manager.

Toronto, 19th August, 1910.

MARKET TREND DUE TO SPECULATIVE SENTIMENT.

World Office
Wednesday Evening, Aug. 24.

Considering the extreme weakness on Wall-street, securities on the Canadian exchanges held remarkably firm to-day. There were some small reactions at the Toronto exchange, but these were confined to small fractions, and none of the securities were offered in big volume. The turn in the trend of the market here is a purely speculative one, unwarranted except on the grounds of market sentiment. The smallness of offerings at the present time is the best evidence of substantial market conditions, and carries no further weight than the idea that trading speculators are scalping the market. Securities in which there is a small speculative account continue strong, due entirely to investment purchases based on present dividend returns.
