FRENCH CRUSH THE GERMANS ON THE SOMME AS THE BRITISH BREAK THRU SIX-MILE FRONT Italians Start New Offensive, Bulgars Lose Ground to Allies

SEVERE BLOWS GIVEN BULGARS BY THE ALLIES

Serbian Drive the Enemy
Back More Than Nine
Miles.

BIG GAINS BY BRITISH
French Advance on Right of
Vardar—Bulgars Relinquish Kastoria.

Special Cable to The Toronto World.
LONDON, Sept. 15.—Smashing blows against the Germano-Bulgarian forces on the Macedonian front have been struck by the entente allies, the most notable advance having been made by the Serbians, holding the left of the allies' battle line. The Serbs are officially stated to have driven the Bulgars back nearly nine and one-half miles after hard fighting in the region southwest of Lake Ostrovo. Serbs captured several villages at the point of the bayonet and took 15 cannon and a great number of prisoners.

Anglo-French successes near the centre of the line include the capture by the British of Makukovo and two points north and the occupation by the French of a line of enemy trenches to the right of the Vardar. An Athens despatch, dated yesterday, and received tonight, says: "The Bulgarians have given up the town of Kastoria, southwest of Florina. However, they have occupied the heights of Coryba, fortifying them against possible re-advance of the entente forces in that sector."

Anglo-French Gains.
The official statement says: "From the Struma to Lake Dolin the cannonade continues everywhere on both sides. It is rather spirited in the mountainous region of Sellen. On the left bank of the Vardar, British troops delivered a violent attack against the Bulgarians, who were supported by contingents of German infantry. This terminated to the advantage of the British."

"Makukovo was captured by assault as well as two points north of this locality where the British established themselves."

(Continued on Page 10, Column 2).

CANADIANS IN ACTION CARRY FOE POSITION

Infantry Goes Steadily Forward and Wins Fierce Fight.

MAKE MANY CAPTIVES
Dominion Troops Gain Advance of Fifteen Hundred Yards.

Canadian Associated Press Cable.
LONDON, Friday, Sept. 15.—Information was received that there was nothing for the Canadians to do in a recent action, but walk forward to a position which faced them, strongly fortified above and underground. But even when the artillery ceased and the infantry went forward, it was certain that there were many of the enemy still living and waiting with machine guns to give their Canadian assailants a fierce reception. But our infantry went forward steadily. Perhaps I may be allowed to state that among them were included certain battalions which suffered pretty severely in the counters. They were all right in their movements, this time, the advancing steadily, and maintaining their driving force even when the casualties began to loom large. Germans were found hiding with machine guns in pretty well indestructible emplacements, but gradually they were killed or taken prisoner. Indeed, there were prisoners by the score, many of them surrendering in batches while in the trenches. Home quarters filled with German dead were captured. Roughly, the Canadians gained an advance of 1500 yards, and maintained all their credit of a large quantity of enemy stores and machine guns were also captured.

Wounded Arrive.
The following wounded officers have arrived in London: Lieut. Bartlett, multiple shot wounds, wounded in previous engagement; Lieut. G. A. Kennedy, shot in the scalp; E. S. Smythe, shot in the thigh and progressing satisfactorily. The aforementioned officers are at Hyde Park Hospital.

At Wandsworth Hospital is Lieut. B. L. Cook, slightly wounded in the abdomen, and at Endelburgh Palace are Capt. E. F. C. MacKenzie, shot in the left shoulder and Lieut. Scletzer, shot in the right arm.

The following are at King's College Hospital: Capt. R. Chisholm, shell shock; Lieut. H. E. Heiglinbotham, shell shock; Capt. S. E. Wallis, shell shock; Lieut. C. P. Miller, shot in the right arm.

(Continued on Page 2, Column 2).

The New Party's Day Has Arrived

The people of Canada are fast sailing out ahead of, more likely away from, the two old political parties in Canada. The Liberal and Conservative parties, on Thursday, the three recent elections in Ontario would indicate that. But there are still more significant signs. These elections show that the Conservative party has almost lost the gift of leadership, let alone the art of holding office. But the same thing is true of the Liberals. Sir Wilfrid Laurier may think he is going to a great resurrection, and Mr. Rowell may be hastening back from his perambulations in Europe to meet the people of Ontario ready to acclaim him as the instrument to save them from Hearstism and Laurierism. But never were public men more self-deceived if they took such views. They, too, have let the people get away from them, and the people only want a chance to treat them as they treated the Bowerites in British Columbia and the Hearst candidates in Ontario. The people are sick and tired of the two old parties with their offerings of husks, their platforms of broken or plank decayed. They simply want to get at the self-styled leaders who will not move with the times, or who do not grasp how fast the people are moving, quickened in their thoughts and actions by their world-wide war and the new problems that it has forced upon their attention.

The people must live on the ideals of the new day, not on the barren platitudes of the old parties and the old times. And the elections that were held in Canada in 1911, in Ontario a little over two years ago, are of the old times, never to return. In the words of St. John in Revelations, there is "a new heaven and a new earth." Certainly this war has made for Canada a new earth, and we trust a better one. But the two old parties have not let the gifts nor the formulas to make it or to govern the Canada of and after the war. The Conservatives under Sir Robert Borden are as moribund as was Borden and his shattered hosts in British Columbia. So, too, Sir Wilfrid Laurier and his rump of a long-lost cause. They called, and call, themselves Liberals, and they were the most unprogressive men in the land. They had no views on national banking, national currency, on the credit of the nation being used to help business, and to get the money for farmers. They failed to see that when they committed the nation to hundreds of millions on railways they allowed all this money to go to private companies, and thanked God that they were not to be parties to the state owning and running the railways for the public benefit. So, also, the Conservatives. They had the credit of recovering the roads that the Liberals built and making them for the state and the people, to give service, rather than to make profits for individuals. The move they made was to declare that public ownership does an evil that might be forced on them, rather than to be welcomed; and they went off and employed an American railway expert in the service of the Vanderbilt line, and an English financial expert who thinks that the nation has more at stake than the nation in these days when in office who can't themselves shape up a national policy in great times as now, have no right to be in office. They do not even think of public service legislation that has made the progressive administration the greatest in the history of the United States, and has redeemed the Democratic party.

The leaders of our people must be men who look at things from the standpoint of the state and of public service, not from the standpoint of capital and profits, that the natural resources of the country are for the people and the state and not for the aggrandisement of the exploiter and the promoter. They must be ready to read the public mind and to diagnose the throbbing pulsations of a nation in its trials and its bitter experience of the past. Neither Borden nor Laurier has these gifts, as their records prove. They were afraid of the men who read the pulse of the nation, and who had at least the credit of suggesting progressive measures.

Public service was a taint, and it showed itself in men like Adam Beck in Ontario, W. F. Macleod in Ottawa or Sir Hilbert Tupper in British Columbia, not to mention the many others, these men were to be quarantined and avoided, if about, as a plague.

All that is at an end. The people only want the chance of saying in federal politics what they said recently in Ontario, what they said in British Columbia—"Stand aside, go back, let other men show what they can do and will try to do."

The new day is here, and the new day party has sprung out from the minds of an aroused public, and will begin to shape itself into an organization for the honest attempt to absolutely reform our governments and methods on new lines. What those new lines may be we have hinted at some of them; they have reached many of them in these columns.

BRITISH SMASH FOE'S FRONT CAPTURE REST OF HIGH LAND

NEW ITALIAN ARTILLERY NOW PROVES ITS EFFECTIVENESS

One Hundred Big Guns Used in Isonzo Offensive Have Deadly and Accurate Aim.

ROME, Sept. 15.—A feature of the new offensive started on the Isonzo front, with Trieste its objective, is the effectiveness of the new Italian artillery. One hundred 305-millimetre guns are being employed, the aim of which is deadly, due to an invention for long distance ranging, by which observation is possible despite rain. The new offensive, which has been going on for four days, from Gorizia to the Adriatic, is still in its first stages, with the Austrians retreating and blocking the way to Trieste along the line of Hermada-Selo-Novelo.

In various cities in Italy tonight there were scenes of rejoicing, the crowds marching thru the streets singing. The tone of the Italian press is hopeful.

FRENCH AVIATORS RAID FOE RAILWAY STATIONS

Drop Many Incendiary Shells on Alsace and Lorraine Depots—Pilots Bring Down Six German Planes in Air Combats.

Special Cable to The Toronto World.
PARIS, Sept. 15.—French raids of unprecedented number and extent are now being carried out by their greatly increased aerial services. According to a French official communication on aviation tonight, bombing squadrons bombarded the railway stations in eastern France and in Alsace and Lorraine, doing damage with incendiary shells. In aerial combat six German aeroplanes were brought down by French machines. The French official communication on aviation follows: "Our aviators on the Somme front distinguished themselves especially in numerous combats above the enemy's lines. Lieut. Guiméyer felled his first German aeroplane on the 12th, Lieut. Heurtaux his sixth and Lieut. DeRotheff his sixth aircraft, while in a recent fight it is confirmed that Lieut. DeUllin won his sixth victory. Two other German machines were attacked at close range and compelled to descend seriously damaged."

and they will be worked out by the people of this country under whatever leadership comes to hand. The ideas will be greater than the leaders; we have heretofore thought too much of party, of the availability of corporation support, of the fortunes of men and parties rather than the people. Hereafter we must think of the state. The life of the nation, of civilization, is in danger.

Are we then advocating the annihilation of the two old parties? Not quite. But we do say that the time has arrived for a new party to arise and organize for the new day. We believe that if time for organization is at hand the new day party will sweep the country. In any event their opportunity has come. The bell has sounded. The World will try to help on such a party and be a worker in the movement. Anyone who has read the News of Toronto, it is not that he is of the bulk of the party. Conservative papers all over are ready to revolt against the indecision at Ottawa and the dictation and lawyer rule in the Queen's Park at Toronto. The country is seething on the edge of the new departure. The World is for the new departure and for the party of the new day.

RUSSIAN AND GERMAN WARSHIPS IN BATTLE

Encounter Reported in Gulf of Bothnia, North of Aland Islands.

NEW YORK, Sept. 16.—A special despatch to The World from London says: "A Morning Post despatch from Stockholm says a fight has taken place between the Russian and German warships in the Gulf of Bothnia, north of the Aland Islands."

On account of darkness and fog it is impossible from the Swedish coast to see the fighting clearly, but salvos of heavy guns were heard, and detailed reports are expected.

RAIDS BEYOND KAVALA BY BRITISH AIRCRAFT

LONDON, Sept. 15.—(6 p.m.)—British naval aircraft raided railways and troop concentrations within the Bulgarian lines of communication beyond Kavala on Aug. 25 and Aug. 31, according to a report issued by the admiralty tonight. Considerable damage, the report states, was done to the railways, rolling stock, petrol and other depots, and troop concentrations at Berk, Drama, Skopje, Kavala, Poma and Angitia.

DINEEN'S SATURDAY HAT SELLING.

All the new styles of men's Fall Hats have arrived, including new shipments of Stetson, Dunlap and Borsalino hard and soft hats, and when we say that the Dineen stock is now in all its completeness it follows that there has been assembled under the Dineen roof every good wearable variety of a hat from all the sources where good hats are procurable. The Fall styles in hard and soft hats are unusually varied in shapes and shades this season. All marked the popular prices—but every Dineen hat at the popular price is an indefinitely better hat for the money. Store open until 10 o'clock Saturday night. Dineen's, 140 Yonge Street, Toronto.

Allies' Storming Columns Drive Onward to Beyond Fiers, Taking Also Martinpuich and Courcellette, High Wood and Part of Bouleaux Woods—Start to Circle Combles.

Special Cable to The Toronto World.
LONDON, Sept. 15.—Sir Douglas Haig's smashing drive today carried everything before it on a front of more than six miles clear thru the third German line of defence to the open country beyond in the direction of Bapaume today, and the British infantry is still thrusting forward after capturing the greater part of Bouleaux Wood, all of High Wood and the Towns of Fiers, Martinpuich and Courcellette. More important still the British carried all the high ground between Combles and the Pozieres-Bapaume road, making their future travelling down hill instead of uphill as before.

The fighting was severe. The Germans fought stubbornly to retain their ground, but the British advance was irresistible, and the Germans were either killed, wounded, or taken prisoner. More than 2000 prisoners were made by the British. Of these 66 are officers, including six battalion commanders.

Advances at Dawn.
The British advance, which was timed to begin as soon as the French ceased pushing forward south of Combles, and towards Peronne, started at dawn on the front between the region of Thiepval and the point of union with the French north of the Somme. They drove forward with great impetuosity across the summit of the ridges they had previously held north of Pozieres, and swept up the remainder of the slopes between Pozieres and Leuze Wood, passed over the brow, keeping their lines straight as they advanced, and drove downhill upon Fiers, Martinpuich and Courcellette. These they carried and passed beyond. Before daylight the British guns threw a curtain of fire ahead of their lines to permit them to construct heavy field entrenchments. Only a passive resistance was offered by the Germans, they not having time to launch counter-attacks by the aid of fresh troops, which they are expected to bring up tonight from behind Bapaume, where they were stationed beyond the reach of the British long range guns.

Draws Net Close to Combles.
This forward thrust brings the British forces a considerable distance beyond Combles on the north, and it has brought their net closer round this remaining centre and citadel of the German defensive system that was begun nearly two years ago. With the French established to the south and the British established to the north Combles is practically cut off from outside assistance, and the allies can now capture it whenever they like.

The third system of German defence which was broken thru by the British today, was of more recent construction than the two previous lines that the British had forced. It is said that till last spring the Germans counted on their first and second defensive systems to repel any assaults, and that it was only after their experiences at Verdun that the Germans began to improve their rudimentary third line. The enemy has also been constructing trenches further in the rear, it is said, but these are imperfect, and they have not the natural conformations of the ground to aid them.

Observers describe the British assault as the most formidable attempted since July 1. The forward drive was preceded by the capture of German trenches on a front of 1000 yards, including the strong "Wunderwerk" position, south-east of Thiepval last night.

Gained Big Results.
By noon the British forces had advanced from 2000 to 3000 yards, and by nightfall they had advanced over three miles in some places. A new type of heavy armored motor car was employed by the British for the first time today, and it proved of considerable utility.

Signal service was rendered by the British aerial service, which co-operated with the advance of the infantry by flying at a low altitude, firing on the enemy on the ground. British aeroplanes also took part in spirited aerial fighting. Flying squadrons also dropped bombs on the three headquarters of the enemy, and on the railway station at Bapaume. There much rolling stock was damaged and a train was destroyed.

Airmen Praised.
Sir Douglas Haig also praises the aerial arm for the many accurate reports that were furnished in the course of the battle.

The British machines also brought down a German kite balloon last evening and another one today and they destroyed 13 hostile aeroplanes, and drove nine others down damaged. Only four British machines were missing at the close of the day.

The British official communication of tonight says: "Today's fighting, which has been severe, resulted in our capture of virtually all the high ground between Combles and the Pozieres-Bapaume road. "Most of the Bouleaux Wood, Fiers, High Wood, Martinpuich and Courcellette have fallen into our hands. The enemy fought stubbornly to retain his ground. "Over 2000 prisoners have been passed back, including 65 officers, six of them being battalion commanders. "Our air service today maintained a constant successful co-operation with our artillery and infantry. Frequent accurate reports have been furnished of the course of battle. Hostile aeroplanes and infantry have been effectively gauged by our aeroplanes flying attacks were carried out against hostile aerodromes and railway stations, in the course of which troop trains were hit and transport and railway sidings were attacked with machine gun fire. "Another German kite balloon was brought down. The total number of hostile aeroplanes destroyed today was 18. Nine others were driven down in a damaged condition. Four of our machines are missing." The text of the British afternoon statement follows: "Last night enemy trenches southeast of Thiepval on a front of about 1,000 yards, including the strongly defended locality known as the 'Wunderwerk', were captured by our troops. "This morning we attacked the enemy on a front extending from Bouleaux Wood to north of the Albert-Bapaume road, a distance of about six miles. "Considerable successes already have been obtained. Our troops have advanced some 2,000 to 3,000 yards at various places and the attack is progressing satisfactorily. "A large number of prisoners has been taken. "In this attack we employed for the first time a new type of heavy armored car which proved to be of considerable utility. "Much aerial fighting has taken place. Four hostile machines were brought down in flames and at least four others were driven down damaged. One hostile kite balloon was brought down last night. "Our aeroplanes co-operated with the advance of our infantry, from a low altitude, firing on the enemy on the ground."

WAR SUMMARY THE DAY'S EVENTS REVIEWED

MORE evidence of the crumbling of the German military power in the west was furnished by the celerity of the British advance yesterday on the resumption of infantry action south of the Ancre. That advance achieved striking results. It carried the British lines forward at least two or three miles towards Bapaume, from which they are now distant under four miles. It included the capture of Fiers, Martinpuich and Courcellette, High Wood and part of Bouleaux Wood, and virtually all the remaining high ground between Combles and the Pozieres-Bapaume road. The occupation of Courcellette firmly establishes the British left flank on the Ancre River and the occupation of Fiers throws a salient into the German front. More important still, this success marks the capture of the third German system of defence on a front of more than six miles at a single blow. Proof that the rapidity of the British progress was not owing to the fact that the Germans had begun to retreat was furnished by the assertion of the British official communication that the enemy fought stubbornly to retain his ground and that the fighting was severe.

Prisoners to the number of 2300 were taken by the British, including the unusually large proportion of 65 officers, or one officer to about 35 men, indicating that the German units went into the fight under strength, with officers then being present in bigger ratio than is commonly the case. Fresh laurels were won by the British aerial arm. That service supplied men to fly low over the storming columns to point out the lay of the land, and to shower the trenches of the enemy with bombs. Other British machines raided the three German headquarters, dropping bombs, and threw a large quantity of explosives on the Bapaume station, wrecking cars and destroying a train, thereby blocking the railway line. Twenty-two German machines were overthrown in combat, thirteen being destroyed and nine

"Multiplex" means "many ply" and many ply means "service." Ask for MULTIPLEX BRAND HOSIERY—made in store for men, women, and children.
—Main Floor, Yonge Street.

EATON'S DAILY STORE NEWS

At both Yonge Street and Queen Street doors are order boxes where orders or instructions may be placed. These boxes are emptied daily at 8.30 a.m., 10 a.m., 1 p.m. and 4 p.m.

You Are Cordially Invited to View THE GRAND TABLEAUX OF FASHION

Which Will Be Presented on Monday and the Following Days
On a Series of Platforms Erected for the Purpose on the Third Floor
Here will be set forth in chic and interesting manner the absorbing story of

The Autumn Mode

In Indoor and Outdoor Attire For Women, Misses and Children

As launched at the recent "Openings" of the big couturiers in Paris and developed by the skilled tailors and dressmakers of New York.

An Immense Collection of Original French Models and American Reproductions

Including Suits, Gowns and Cloaks from Premet, Bernard, Bullox, Paquin, Jenny, Jean Lanvin, Worth, Brandt, Lina Moulton, and Doeuillet

will be displayed by numerous groups of life-like wax mannequins; a special feature of the attraction being the presence of certain living models from New York, who will pose in the various tableaux in absolutely motionless fashion, providing you with the entertaining problem of deciding which mannequins are wax and which are human.

Thus will be exploited all those subtle innovations which constitute the authentic vogue of the new season, emphasizing in the proverbial hundred and one different ways the advent of

The New Silhouette, Straight and Slim

As Exemplified in the Prominence of the Russian Blouse, the Redingote, the Loose-fitting, "One-piece" Effect, and the Long Waistline a la Moyen Age.

The monk's collar, the swirling skirts of the new wraps, the quaint little pelerines and round muffs, the Louis XV, haques on many of the evening gowns, the cunning little sack-like frock for school girls—all these will be revealed in the exhibit, which in the diversity of its wide extent will include:

Suits for Afternoon Wear
Suits for Shopping and General Use
Sports Suits

Tailored Blouses for Sports
Soft, Simple Blouses for Everyday Wear
Frisly Blouses for Afternoons and Evenings

Tailored Skirts for Street Wear
Fancier Skirts for Indoors
Sports Skirts

Motor Coats
Evening Wraps
Street Coats

Suits, Coats and Dresses in Misses' Sizes
Suits, Coats and Dresses for College Girls
Dresses for Wear Under Motor or Street Coat
Dresses for Afternoons at Home
Formal Evening Gowns
Dresses for Teas and Luncheons
Dinner Dresses and Dance Dresses

Fur Coats for General Wear
Fur Coats for Motoring
Stoles, Scarves and Pelerines, with Muff to Match
Children's and School Girls' Furs

For School Girls—Dresses, Coats, Skirts and Middies

Party Frocks and House Frocks for Little Girls

Tailored and Dress Hats for Women,
Misses and Children

Four "Specials" For Monday

Paris Suits on sale at 10.30 a.m.—original models by Bullox, Doeuillet, Lina Moulton, Brandt, etc., many of them fur-trimmed. Monday, special at \$39.50.

Paris Coats on sale at 11 a.m.—sumptuous Autumn models from the great French couturiers—afternoon and evening wraps and motor coats in velvet, plush and cloth, many with collars and cuffs of fur. Monday, special at \$37.50.

New York Skirts—individual models in silk, velvet and fashionable cloths, no two alike. Monday, special, \$11.75.

Blouses—latest Autumn models in Georgette crepe, ninon, taffeta and crepe de Chine. Monday, half usual prices, 98c to \$5.00.
—Third Floor.

TICKETS of admission to the enclosure for Monday, Tuesday, and Wednesday may be had at the Tableaux of Fashion Bureau, Third Floor, Centre.

THE T. EATON CO LIMITED

KILLED IN ACTION ON RIVER TIGRIS

Bergt. Nichols Met Death After Being Awarded the D. C. M.

CASUALTY LIST LONG

Twenty-Seven Men From Local Battalions Are Reported.

Two officers and 27 men are on the casualty list issued at Ottawa yesterday.

Lieut. C. Parker, who enlisted at Ottawa with the C. M. R., is reported to have been killed.

After receiving the distinguished conduct medal for bravery on the battlefield, Sgt. Henry Nichols was killed in action on the River Tigris.

Two Years in Trenches. When the first contingent went overseas, Pte. Edward L. Whitten went over in one of the infantry battalions.

Mrs. G. E. Phillips, 8 Salisbury avenue, has received word that her husband, Pte. Phillips of the Railway Supply Depot, is dead.

Rejected from two of the first contingent units, Pte. Norman Lawson whose parents formerly lived at 25 Brock avenue, went to England at his own expense.

Lance-Corporal Longmore who is officially reported missing, is suffering from wounds in the head in a German prison camp.

Lieut. Percy Beatty, 49 Lower avenue, was awarded the military cross on Thursday by His Majesty the King for bravery under fire.

Wounded Second Time. Archibald McDougall of the 2nd Highlanders, who was removed to hospital at Boulogne suffering from wounds in the face, is again mentioned in the casualty list.

Suffering from a gunshot wound in the thigh, Pte. R. J. Mundy of 232 Parliament street, has been removed to a hospital in France.

He enlisted in October 1915, and was in France seven weeks later.

ROBERT PRINGLE, K.C., ELEVATED TO BENCH

He Succeeds Late Justice Garrow in Ontario Supreme Court.

OTTAWA, Sept. 15.—Robert A. Pringle, K.C., of Ottawa, and former M.P. for Cornwall, is to be appointed to the Supreme Court of Ontario.

Mr. Pringle succeeds to the vacancy due to the death of Mr. Justice Garrow, of the appellate division.

INQUEST ADJOURNED.

An inquest was opened at the morgue last night by a jury under Coroner Dr. Graham, into the death of Joseph Thomas, who died at St. Michael's Hospital as the result of injuries sustained when he was thrown from a buggy at Logan avenue and Queen street on Thursday night.

One of the most beautiful of the early lighthouses and the first tower in a sea-swept position was Cordouan on the coast of France.

"Paradise" by Titoretto, is the largest painting in the world. It is 84 feet wide and 23 1-2 feet high; it is now in the Doge's Palace, Venice.

MAYOR WANTS DECISION ON CAR CROWDING CASE

Also Decides That True Bill Against Abattoirs is Not Sufficient.

Since Crown Attorney Thurston informed the mayor that until the decision of the jury council upon street crowding is handed down no further indictments will be allowed.

Mayor Church has communicated with the attorney-general, urging that they press for immediate decision.

In his reply to Mr. Thurston, he declares it to be a miscarriage of justice that this thing should be allowed to hang over for three years.

And the mayor is also notified by Mr. Thurston that there is not sufficient evidence upon which to have the grand jury return a true bill against the West Toronto abattoirs.

The crown attorney points out that the city has a duty to show that the evil is a menace to the safety, health, property or comfort of the public.

NEW ERA BEGINS ON SEPT. SIXTEEN

Mr. Rowell's Statement in Reference to Ontario Temperance Act.

ONLY FOR WAR PERIOD

People of Province Will Then Have Chance to Voice Opinion.

The following statement was made by N. W. Rowell, K.C., M.L.A., leader of the opposition in the Ontario legislature, on September 15th, before the Ontario Temperance Act.

"September 16th marks a new era in the industrial and social life of the province," said Mr. N. W. Rowell, K.C., leader of the Liberal opposition in Ontario, with reference to the coming into operation of the new Ontario Temperance Act.

"I have been very fortunate in my fellow-citizens have given years of unselfish service to secure the coming of this day; others have cheerfully given up for the public good that which they held dear."

Lieut. Percy Beatty, 49 Lower avenue, was awarded the military cross on Thursday by His Majesty the King for bravery under fire.

Wounded Second Time. Archibald McDougall of the 2nd Highlanders, who was removed to hospital at Boulogne suffering from wounds in the face, is again mentioned in the casualty list.

Suffering from a gunshot wound in the thigh, Pte. R. J. Mundy of 232 Parliament street, has been removed to a hospital in France.

He enlisted in October 1915, and was in France seven weeks later.

ROBERT PRINGLE, K.C., ELEVATED TO BENCH

He Succeeds Late Justice Garrow in Ontario Supreme Court.

OTTAWA, Sept. 15.—Robert A. Pringle, K.C., of Ottawa, and former M.P. for Cornwall, is to be appointed to the Supreme Court of Ontario.

Mr. Pringle succeeds to the vacancy due to the death of Mr. Justice Garrow, of the appellate division.

INQUEST ADJOURNED.

An inquest was opened at the morgue last night by a jury under Coroner Dr. Graham, into the death of Joseph Thomas, who died at St. Michael's Hospital as the result of injuries sustained when he was thrown from a buggy at Logan avenue and Queen street on Thursday night.

One of the most beautiful of the early lighthouses and the first tower in a sea-swept position was Cordouan on the coast of France.

"Paradise" by Titoretto, is the largest painting in the world. It is 84 feet wide and 23 1-2 feet high; it is now in the Doge's Palace, Venice.

NO FAVORITISM IN GRANTING LICENSES

Commissioners Deny Rumor That Politics Had Influenced Their Decision.

SUPPLEMENTARY LIST

Six More Toronto Hotels Receive Standard Licenses.

The license commissioners joined in a chorus of protest against a rumor yesterday when it was mentioned that there was a rumor current in the city that there had been political favoritism in the granting of standard hotel licenses.

It had been reported that the board had been influenced in their decision by the way in which some hotelkeepers had voted in the recent by-election in Southwest Toronto.

The board denied that in many of the cases they had any knowledge of the politics of the applicants.

There was no color to the rumor as taken from the fact that H. H. Dewar, K.C., M.L.A., waited on the board with regard to the Duke of Connaught Hotel, which had not been granted a license.

The chairman had come simply as a solicitor. The board had explained to him that their report, following their itinerary had been very favorable to the hotel in question, as had been the report of the inspector.

Their objection to granting the license had been entirely on the ground of the unsoundness of the hotel. However, they reconsidered their decision.

A Supplementary List. The board gave out the following supplementary list of standard licenses granted to hotels in Toronto:

Duke of Connaught, C. A. Reed, Chalmers, Mrs. E. Maloney, Canada, O. J. McAvoy, Kelly, Alexandra, Alexandra Hotel Company.

Amrock, James Seymour, E. C. Salmon. The board said that the name of the Canada Hotel had been omitted from the first list by a mistake.

In most cases, the chairman said, where standard hotel licenses were refused it must not be taken as a reflection on the hotelkeeper but on the house. In some cases, however, it might be taken as a reflection on the hotelkeeper himself.

Very County Licenses. The board has issued 32 standard licenses in York county. The names follow:

Robert Woods, West Hill, R. A. Andrews, Franklin Hotel, Markham; James Kennedy, Woburn House, Scarborough; Lang, Richmond Hotel, Richmond Hill; W. J. Mansion House, Scarborough; Township; W. E. Draper, Todmorden; D. B. Birrell, York Mills; Thos. Wainos, Stouffville; F. D. Miller, Stouffville; A. J. Wadhams, Unionville; S. S. Pindley, Thornhill; J. W. Leach, Leachville; L. Gould, Woodbridge; Downey, Lambton Mills; Thomas Paton, Downs; J. F. Newton, Fairbank; D. J. McDonnell, Leithville; Thos. Laws, Queensville; W. H. Smith, Belleville; F. J. Martin, Lake View Hotel, New Toronto; J. H. Humber, Humber Station; T. Hicks, Humber Hotel; H. Sutton, Schomberg; T. A. Sherward, Queen's Hotel, Sutton; G. W. Culverwell, Mansion House, Sutton; J. M. McDonald, Jackson's Point House, Sutton; Newmarket Hotel, Newmarket; D. A. Stiles, Royal, Aurora; Jas. Wright, Wellington House, Aurora; J. E. Bosworth, Queen's Hotel, Aurora; Weston, W. J. Bourke, Kleinburg; George Grahall.

BRITISH LOSS HEAVY? Turka Make Claim Regarding Mesopotamia Fight.

LONDON, Sept. 15.—Renewal of heavy fighting in Mesopotamia with the British on the offensive is reported in a despatch issued at Constantinople on Sept. 14.

The statement issued at the embassy attempted to depict the enemy effort as frustrated and he was forced to retreat. It also stated that the British heavy attacks were carried out with the greatest success.

ANTWERPEN'S CREW SAFE

LONDON, Sept. 15.—The crew of the Dutch steamer Antwerpen, which has been reported sunk on September 13, has been landed at Plymouth, according to a despatch to Leyds.

The Antwerpen was a vessel of 11,300 tons and belonged to the Standard Oil Company. She was built at Newport News and was on her maiden voyage to London from Bayonne, New Jersey.

Fire is extinguished much more quickly by salt water than by fresh water.

COL. A. GASKIN HAS REACHED SWITZERLAND

Will Act as Chief Secretary for the Salvation Army at Berne and in Italy.

Colonel Albert Gaskin, the late chief secretary of the Salvation Army in Canada, east, has safely arrived at Berne, Switzerland.

He has been appointed as chief secretary for the Salvation Army in Switzerland and Italy.

A very interesting ceremony in connection with the Salvation Army work in China is reported from Peking, being the opening of the first Salvation Army Home in China.

It is interesting to know that the only daughter of Commissioner Richards, the latter is at present in charge of the Salvation Army in Canada east, went to China with her husband last year as one of the chief pioneer officers.

Mr. N. W. Rowell, K.C., was recently speaking to a representative of "The Social Gazette" of the Salvation Army, and stated: "Yes it is only right to say that the public sentiment which has made possible this great legislative advance has been largely created by the religious community and by those who have carried on an educational campaign."

Among the foremost in this respect has been the Salvation Army. In fact the work of the Army's work rests upon the necessity of clearing out of the path the obstacles which impede the way.

Preventive, as well as restorative, however, it views the bar, the saloon, and the club as menaces to national well being.

WHAKI CLUB FOR RETURNED HEROES

Building Secured Will Have Reading Rooms, Baths and Every Comfort.

WOMEN ORGANIZE

Many Prominent Persons Will Give Club Their Patronage.

In line with the Maple Leaf Club in the matter of providing entertainment and many comforts for returned soldiers is the Whakhi Club just organized in Toronto, with Miss Clara McColl as president.

The club was originally organized and is being developed by twenty women formerly associated with the Citizens' Recruiting League, but now called the Whakhi Club.

The organization is in charge of the body to these members, rather to arrange in such a way as to take part. Officers of all societies to take part. Officers of all societies to take part.

Membership in the club will be determined by a plan with one of which every soldier member will be provided. A returned soldier will be in charge of the club headquarters, and it is permanent.

A statement sent out by the president gives reasons for the establishment of the club. Kindness from citizens is considered one of the best means for giving encouragement to recruiting. It is considered that the club will be a medium thru which this kindness may be given.

The organization is to be called the Returned Soldiers' Whakhi Club, and is authorized by the military hospital commission. A new building has been secured and it is proposed to have reading-rooms, shower and swimming baths, billiard tables and a bowling alley, besides a canteen and concert hall.

Every woman's organization in Toronto is invited to take part and to send a delegate to the executive meeting, to be held in the Central Y. M. C. A. Hall, 40 College street, Monday morning, September 18, at 11 o'clock.

It is stated that the following have promised their patronage: Lady White, Mrs. W. H. Hearst, Mrs. R. A. Pyne, Mrs. Edmund Bristol, Lady Pellatt, Lady Maskelyne, Lady Willson, Lady Mann, Lady Moss, Mrs. James George, Mrs. W. D. McPherson, Mrs. A. J. Arthur, Mrs. R. A. Falconer, Sir Edmund Walker, Sir Wm. Mackenzie, Mayor Church, Col. Noel Marston, Col. Fred Nicholls, Mr. John Ross Robertson, Mr. W. D. McPherson, Col. Aemilius Jarvis, Dr. Charles Sheard, Mr. D. A. Dunlap and Mr. Cawthra Mulock.

WORKS COMMITTEE CUT IMPROVEMENTS

Forty Thousand Dollars' Worth of Estimates Struck Out.

GARBAGE COLLECTION

Costly and Unfeasible to Remove From Rear of Houses.

About \$40,000 worth of improvements which were undertaken on the initiative plan, were struck out by the works committee yesterday, and a recommendation sent to council that no more improvements be undertaken except by request of the ratepayers concerned.

Ald. McBride urged the procedure, saying that under present conditions the city council ought to go slow in improvements where a two-thirds majority deem them necessary.

Street Commissioner Wilson in a report to the committee defended his recommendation that the city council should not to cart it away from the back door of the residents, and for this reason he said, it would involve a lot of extra work and prove unfeasible.

The committee referred back a recommendation to pay for the removal of Cherry street upon the representation of the British American Oil Co., that the improvement be made.

According to the president, S. R. Parsons, it meant \$25,000 to the company in the next ten years. Ald. MacGregor pointed out that the road was needed by the harbor commission, and Commissioner Harris declared that the National Iron Works had complained about road conditions there. But it was sent back, not to be brought forward again this year.

The "Czar Kolokol"—the great bell of Moscow—is said to be the largest in the world. It weighs nearly 200 tons—about twenty times as much as Big Ben.

WRIGLEY'S

Gum-ption!

Do you need a little increased vim in your work? Something to give you a fresh start? Something refreshing and lasting? A gentle, soothing, tasty "shock absorber" to come between your teeth when you set your jaws for a big task? Here it is—the best that men, money and machines can make—for your comfort!

Chew it after every meal. Sealed tight—Kept right Two flavors. Write Wrigley's, Ltd., Wrigley Bldg., Toronto for the Spearmint's Mother Goose Book.

WORKS COMMITTEE CUT IMPROVEMENTS

Forty Thousand Dollars' Worth of Estimates Struck Out.

GARBAGE COLLECTION

Costly and Unfeasible to Remove From Rear of Houses.

ENTENTE POWERS SEND FIRM NOTE TO SWEDEN

Plain Charge Made That Impartial Neutrality is Not Observed.

PARIS, Sept. 15.—The French Government has instructed the minister at Stockholm to join with the other entente ministers in presenting a friendly but firm note to Sweden in regard to its policy of neutrality.

The note takes issue with the position of Sweden in distinguishing between submarines for war and those for commercial purposes, which the French Government affirms, has "an effect contrary to neutrality since the Swedish naval forces would hesitate to attack a German submarine in the Baltic waters under the pretext that it might be a commercial submarine, whereas there would be no similar hesitation in dealing with a submarine of the allies because they have no commercial submarines."

The note deals with a number of questions relative to navigation, and concludes: "The attitude adopted by the Swedish Government is at variance in obvious respects with an attitude which is compatible with the duties of a loyal and impartial neutral."

KEEP BATTALIONS INTACT.

System of Billeting Did Not Prove Successful.

OTTAWA, Sept. 15.—Troops are not to be billeted in small detachments throughout the country this winter. A year ago an experiment was made by the minister of war in enlisting in one district they might be billeted for the winter in that district, separate places. The experiment was not a success.

The militia council has decided that battalions will not be broken up this winter, but will be quartered as much as possible in their own homes.

QUEEN'S FINE EXAMPLE.

Queen Mary is setting another splendid example of economy and sacrifice by her decision not to appoint a new governess-general of Canada until the war is over.

The Duchess of Devonshire has been made governor-general in 1883, and returned to England five years later. The duchess has five daughters, the eldest of whom is twenty and the youngest seven. The seven-year-old Lady Anne Cavendish is a great favorite with the Queen.

OPEN CAMPAIGN ON DRUG TRAFFIC

Five Alleged Users of "Snow" Up for Trial Yesterday.

DRUGGISTS CALLED

One is Charged With Having Sold Drugs to "Phil, the Jew."

The effort of the morality department to stamp out the drug traffic was evident in the police court yesterday when no less than five alleged users of cocaine appeared for trial.

Montague Phillips, alias "Phil the Jew," was the first to go into the dock on a charge of peddling drugs, but his counsel demanded to have particulars of all charges laid before the client before the trial was allowed to proceed.

Invited a week ago to give evidence against her husband, Martin Herbert, arrested on a charge of having cocaine in his possession, Mrs. Herbert failed to appear in court yesterday, and the case against him was dismissed.

Soldier Faces Charge. Private John Jamieson appeared on a nominal charge of vagrancy, but pleaded not guilty to being a user of drugs. He had been turned over to the civil authorities by the 242nd Battalion, which claimed he was guilty of misconduct causing disease (cocaineism).

A "prescription" for cocaine to a "Dr. Brown," found on him when arrested, Jamieson said was intended for another man. The magistrate was of the opinion that there was not sufficient evidence to make a conviction, and remanded Jamieson for a week.

Fred Kelly, who is at present in the hospital, said to be suffering from the effects of drugs, was unable to appear and was remanded.

Michael Riordan Discharged.

Charged with having morphine in his possession for unlawful purposes, Michael Riordan admitted that a quantity of the drug had been found in his possession. Morality Officer Kerr, but claimed that he had been sent out to get it by another police officer and act as an informer. He was also charged with being an absentee from the 242nd Battalion, having stolen a bicycle. Insufficient evidence being forthcoming he was discharged on all three counts.

Alleged to have sold drugs to Montague Phillips, "Phil the Jew," Joseph H. Fountney, druggist, was remanded till Sept. 20, as the crown was not ready to go on with the case.

Alleged to have failed to keep a record of the sales of morphine, cocaine and heroin, A. Green, druggist, was remanded till Tuesday next for judgment.

GRAND TRUNK RAILWAY TIME TABLE CHANGES

The Grand Trunk Railway will make the following time table changes, effective on dates shown:

No. 55, leaving Toronto 10:15 a.m. daily except Sunday, will be cancelled after Saturday, Sept. 16.

No. 58, leaving Huntville 10:25 a.m. daily except Sunday for Toronto, will be cancelled Monday, Sept. 18.

No. 41, leaving Toronto 7:45 a.m., will run through to North Bay, arriving there 5:55 p.m., effective Monday, Sept. 18, and also connect at Muskoka Wharf with steamer for Muskoka Lake points.

No. 43, leaving Toronto 1:30 p.m., effective Monday, Sept. 18, will run to Huntville only, arriving 6:40 p.m. No. 44, effective Monday, Sept. 18, will run from Huntville, leaving that point 2:10 p.m., arriving Toronto 8:00 a.m.

No. 40, arriving Toronto 2:55 p.m., will, effective Monday, Sept. 18, run via Muskoka Wharf and make connections with steamers from points on Muskoka Lakes.

Steamship special for Sarnia Wharf will leave Toronto last trip westbound 1:15 a.m. Saturday, Sept. 16; last trip eastbound Sunday, Sept. 17.

No. 37 for London via Stratford, effective Monday, Sept. 18, will leave Toronto 6:35 p.m. instead of 8:40 p.m. Malton will be regular stop for this train.

SARNIA FIRE LOSS \$300,000.

Canning Factory and Lumber Plant Destroyed.

SARNIA, Sept. 15.—Firemen are still at work on the ruins of the Ontario Canning Factory and the Lumber Co., which were almost completely destroyed by fire this morning. The loss is now placed at \$300,000. The canning plant is said to have suffered the greatest damage.

While the cause of the fire has not been ascertained, it is believed to have been of incendiary origin.

Your Fall Suit Should be a Hobberlin With the Most Liberal Guarantee in the World

THE MARK OF QUALITY

"Winged Wheel" Watch Cases are worn and recommended by nearly 3,000,000 Canadians.

Why? Because this trade mark is never placed upon any case that the makers do not fully warrant as to quality and workmanship.

THE AMERICAN WATCH CASE CO. OF TORONTO, LTD.

The largest maker of Watch Cases in the British Empire.

POLICE ARE ASKED TO HELP FIND YOUNG BOY

Arthur Higginson, Aged Seven, Disappeared From His Home on September Seven.

Arthur Higginson, aged nine, of 4 King Edward avenue, disappeared from his home on Sept. 7 and has not since been seen. According to the boy's parents, Arthur left his home on the date mentioned with the intention of going to the Exhibition. When last seen he was wearing a blue Norfolk coat, blue sweater, and black knee pants. The boy is 3 feet 6 inches in height and has brown hair and blue eyes. The police have been asked to try and locate him.

NOT THIS YEAR Filling in of Catfish Pond Forced to Stand Over.

Owing to the company's obligations to the harbor board on contracts, it seems unlikely that the Canadian Stewart Co. can fill in Catfish Pond this year. According to Parks Commissioner Chambers, this is the only thing that stands in the way now.

Alderman MacGregor says that the mayor and the board of control have been made the goat by some one when they believed that work would commence in September. He says if those in charge are unable to see this work in time they quit and let somebody else afford relief to the ratepayers.

ALD. BALL APPEALS AGAIN Still Thinks Assessment of His Yonge Street Property is High.

Ald. H. H. Ball again appealed to the court of revision yesterday against the assessment of \$90 per foot on his property at 1817 Yonge street. Judgment was reserved. Last year the alderman took his case before Judge Winchester, who reduced the assessor's figures to \$90 a foot, but the alderman still thinks this is high.

CHURCH CAN HOLD PARADE.

Chief Says Religious Images Are to Be Barred.

Chief Grissett's edict that no religious demonstrations be allowed was upheld at a special meeting of the police commissioners yesterday. According to the chief, the Church of Our Lady of Mount Carmel may hold its parade, but the religious images which it wants to use are barred.

TELEPHONE DECISION REVERSED

On Wednesday last the court of revision ruled that dividends received by shareholders of the Bell Telephone Co. were not assessable on that income. Yesterday afternoon, however, it reversed its decision. It decided that the tax on gross receipts was in lieu of assessment of plant on the streets.

PURCHASED PICTURES FROM GALLERY EXHIBIT

C. N. E. Will Make Addition to New Art Museum at The Grange.

Seven pictures were purchased this year from the fine arts gallery exhibit by the Canadian National Exhibition, to be added to the C.N.E. art collection to be opened to the public in the new Arts Museum at the Grange. The latest additions to the collection are as follows:

Canadian Pictures. London Bridge—by Bell-Smith. \$ 309 Sheep on Hillside—by H. Palmer. 350

French Pictures. St. Cecilia in the Catacombs—by I. C. Cave. \$1,000 The Gondola—by Lucien Simon. 1,200 Summer Morning—by Raoul du Gardier. 1,000 The Sword—by A. P. Agache. 1,200 The Little Ardennais—by J. H. Firman. 600

Total \$5,000

CARE OF FEEBLE-MINDED DISCUSSED AT MEETING

At the last regular meeting of the Toronto branch of the Provincial Association for the Care of the Feeble-Minded, held at Toronto General Hospital on Tuesday, Sept. 12, the following were present:

Dr. C. K. Clarke, Mrs. A. M. Huet, J. K. MacDonald, Dr. Gordon Baies, Prin. Chas. G. Fraser, Inspector Elliott, Rev. Lieut.-Col. Williams, Father Minehan, W. E. Roney, K.C., Dr. Margaret Patterson, Miss M. J. Clarke, A. H. Burnett, Dr. C. M. Hincks, and Rabbi Jacobs.

The work of this organization is progressing very satisfactorily. A number of sub-committees have been added to the large general committee and it is expected that a vigorous campaign for the solution of the question of the feeble-minded will be carried on during the coming winter.

WILLS PROBATED

An estate valued at \$49,340 was left by Harriet Boeckh, widow of the late Charles Boeckh, when she died on August 24th last. The estate is made up of her home at 45 Admiral road, valued at \$10,000, mortgages, \$28,562.28, cash, \$6,551.80, stocks, jewelry, household goods and so forth.

The National Trust Company are named as the executors of the estate, which will be divided between her two sons, Charles Barron and Raymond Rockefeller, when they both attain the age of 25.

James W. Wilson died on July 19 last, in Toronto, leaving an estate valued at \$6,575. The income from which goes to his widow, Margaret Ann Wilson, 150 Roncesvalles avenue, as long as she remains a widow. Upon her death or remarriage, the estate is to be divided between his sons, Simon and John.

By his will, Reginald G. Chisholm, left his entire estate of \$2921 to his mother, Mary Eva Chisholm, of 17 Bloomfield avenue. The estate is made up of real estate, life insurance and mortgages.

THANKSGIVING DAY.

The Ontario Gazette for this week carries the announcement that Monday, Oct. 9, has been set aside as a day of solemn thanksgiving for "bountiful harvests and other blessings."

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 65, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Auction sales of horses. The British Remount Commission. Valley Farm Thoroughbreds. Western Pigeons Race.

Great Britain Needs Every Man to Save the Empire

A well-known French military authority, in a review in "The Figaro" of the work done by Great Britain for the cause of the Allies, after giving due praise to England for her share, calls attention of the British people to the fact that time is pressing, and that every man is needed to effect a victory.

Many a man in Canada has declared publicly, and is still telling himself, that he will enlist and do his part when the time comes.

It is not coming. The time is here and now, and it is, or should be, a time for action—not words.

There are various Battalions and Batteries about to go overseas. Many of them still need men to complete their units. Surely you will come and fight for King and Country before it is too late?

Men wishing to obtain information about the Artillery Branch of the service will receive a cordial welcome at the Toronto Office, R.C.H.A., Kingston.

Jessup Burn and Detour also ran. **SIXTH RACE**—Purse \$350, for three-year-olds and up, 6 1/2 furlongs:

OPENING AT WOODBINE SATURDAY, TWENTY-THIRD

Autumn Meeting of O. J. C. Begins Next Saturday. Quite a few horses have been at the Woodbine racing up for the autumn meeting of the Ontario Jockey Club, which begins a week from today, and which brings to a close the year's racing on the Canadian circuit, and they will be good and fresh after the long summer campaign. Most of them are from Windsor, Hamilton and Fort Erie, while some are from New York. Shipments are arriving daily from Montreal, but the big exodus from that point will take place next Wednesday and Thursday upon the conclusion of the Dorval meeting. The prospects are for large fields and keen racing, and the stabling accommodation will be taxed to the limit to take care of all the horses that desire to come to Toronto to race at the banner meeting of the circuit.

TAPLIN ON WINNERS AT HAVRE DE GRACE

HAVRE DE GRACE, Md., Sept. 15.—Today's race results are as follows: **FIRST RACE**—For fillies and maidens, 2-year-olds, 1 1/2 furlongs: 1. Trozier, \$3.80, \$2.50, \$1.50. 2. Helen, \$105 (DeForest), \$3.40. **THIRD RACE**—All ages, handicap, 6 furlongs: 1. Lena Misha, \$104 (Taplin), \$3.80, \$2.50, \$1.50. 2. Hanson, \$115 (Davies), \$2.50, \$2.30. 3. Fair Helen, \$95 (Warner), \$2.30. 4. Queen Rose, \$115 (Fracton) and Miss Puzzle also ran. **FOURTH RACE**—For 3-year-olds and up, selling, 1 1/8 miles: 1. Blue Thistle, \$119 (Shuttiger), \$3.10, \$2.30, \$1.50. 2. Vermont, \$110 (Trozier), \$2.40, \$2.30. 3. Ninety Simplex, \$115 (Haynes), \$2.30. 4. Time 1:50. Eddie Henry and Jesse, Jr., also ran. **FIFTH RACE**—Two-year-olds, selling, 5 1/2 furlongs: 1. Silver Sarsala, \$104 (McTaggart), \$4.40, \$2.30, \$1.50. 2. Toisile, \$104 (Loudor), \$2.70, \$2.30. 3. Running Shot, \$105 (Suxton), \$2.30. 4. Time 1:11. Doc Meala, Flare and Burbank also ran. **SIXTH RACE**—Three-year-olds and up, one mile and 70 yards: 1. Disturber, \$109 (Taplin), \$3.80, \$2.70, \$1.50. 2. Rosevelt, \$104 (J. McTaggart), \$3.80, \$2.70, \$1.50. 3. Menlo Park, \$105 (Anderson), \$3.10. 4. Scorpion and Handful also ran. **SEVENTH RACE**—Three-year-olds and up, 6 furlongs: 1. Buckshot, \$105 (Hanover), \$2.30, \$1.50, \$1.00. 2. Naushon, \$115 (McTaggart), \$3.50, \$2.30, \$1.50. 3. Stellanra, \$105 (Haynes), \$2.50. 4. Time 1:16. Tinkle Bell, Sweetie, Humiliation and Wenonah also ran.

Lieut. E. D. McCormack

Lieut. E. D. McCormack, officer in charge of Toronto recruiting depot, and offices of C Battery, Royal Canadian Horse Artillery, Kingston, has gone east on a trip to Halifax, Montreal and Quebec in connection with recruiting work for the R.C.H.A. Lieut. McCormack reports that recruiting is improving, and is optimistic for better results in connection with enlistments for his depot units from now on. About 4,000,000 tons of herrings are caught in Japan every year. This enormous quantity is not used only for human consumption; about four-fifths of it is used as a fertilizer for the rice fields.

Place _____ Province _____

**STEEL STOCKS STRONG
STEAMSHIPS EASIER**

Dominion Steel Well Absorbed at New High—Foundries Conspicuous in Unlisted Stocks.

The Toronto Stock Market maintained its activity yesterday and higher prices were made in some issues while profit-taking in others caused dullness. Steamships common was again the most active stock, but the trend of the price through the day was down and two points were lost from Thursday's top. The preferred shares came in for better consideration and a firm price of 90 was held up to the close. Dominion Steel Corporation was under steady absorption all day. The price made a further rise to 88, and closed at the top. There has been little speculation with this stock and any withdrawal of offerings would likely develop a sharp rise. Steel of Canada hovered within a fraction from opening till the close, which was at the best price. A steady market was encountered by the other listed issues dealt in.

The unlisted section was marked by a further conspicuous Dominion Foundries which opened up 5 points at \$1.25 and later rose to \$1.35.

**CROWN RESERVE HAS
A SPLENDID OUTLOOK**

Rich Vein Encountered is Expected to Prove Remarkably Fine Asset.

Speaking of Crown Reserve, H. B. Willis says in his weekly letter: "What I consider the company's greatest asset of all is what is transparent work between the 300 and 400-foot level on the mine at Cobalt. Development work between the 300 and 400-foot level are on the top of a separate and distinct ore lens, much greater value at level, with the opening-up of another above the 250-foot level, and finally reaching a new mine at Crown Reserve.

With its drillers working in remarkable regular shipments from which an equity of 50 cents per share in Porcupine Crown, a treasury surplus of approximately \$300,000, and options held on three properties, all of which show signs of developing into producing gold and silver mines, it would, indeed, be a hard matter to find a security selling as low as Crown Reserve is at present which offers such excellent chances for very large profits."

**DOM. STEEL PRESIDENT'S
RETICENCE CONVINCING**

The new president of the Dominion Steel Corporation, Mr. Mark Workman, is evidently more concerned in attending to the operations of the company than in giving frequent interviews, which might be used for the case in many other cases has been to the request of 'The World' for general information as to the present activities, Mr. Workman made no objection to saying that the company is doing very well and that its business is very good, and that it has a considerable tonnage on order for shipment during the first half of the year 1917.

It is heard outside that the company is unusually affluent and is quietly buying up some of its financial obligations long before maturity, but the president's reticence and reticence will carry conviction to investors more than columns of rumors.

**New Dominion
War Loan**

We are receiving subscriptions, and will look after all the details in connection therewith without charge.

(Cor. King and Yonge Streets)

**DAVIDSON SAMPLES
ASSAY VERY HIGH**

Assays Indicate Ore to Be More Valuable at Depth.

An assay just completed by the Canadian laboratories of Toronto on ore from the vein on the 200 foot level of the Davidson yielded \$39.50 in gold to the ton, which clearly evidences the richness of the ore body in this section of the Porcupine Camp. The ore was not a picked specimen, but consisted of average samples which had been secured at various points along the width of the ore.

It is significant that the assay points increase in value as depth is attained. On the surface the ore ran \$15 to the ton over a width of 12 feet, while at 100 feet the assay value was \$21.00 over a width of 5-1-2 feet, and the government blue book for 1915 pointed out, it was only about two months ago that the vein was picked up at the 200 foot level, and its full extent has not yet been determined.

Development on the 300 foot level is now progressing, and at the present rate of development the ore body should be reached early in the month. Other companies in the northeastern district are following the operations with a good deal of interest, as they are counted on to go far toward proving up the district. The geological maps show that the formation is the same as the Hollinger belt, and the remarkably high values that are being shown on the Davidson must be taken to indicate that the ore is of identical nature as that found in the Hollinger area.

The management of the Davidson is greatly enthused over the success which has attended the development of the 200 foot level, particularly since operations by the old company failed to locate the vein at that depth. It is planned to thoroughly prove up the ore body on the 200 and 300 foot levels, and then to go ahead with plans for milling equipment which will ensure a substantial production basis.

**McKANE PROPERTY IS
MAKING GOOD SHOWING**

Big Vein Located Proves to Be Larger Than First Thought.

Special to The Toronto World. KIRKLAND LAKE, Sept. 15.—The Beaver Consolidated has started sinking to the 400-foot level on the McKane property in Kirkland Lake. The big vein is even larger than at first thought. It shows thirty-one feet of ore that runs over twelve dollars per ton. There are, in fact, two veins between which are seven feet of porphyry that runs 87 per cent. This McKane vein is the largest date. Most of the veins in the district are a few inches or quarters with the country rock carrying sufficiently to allow stopping to a fair width. Dick Pearce.

**MANAGER'S REPORT ON
LORRAIN SATISFACTORY**

The first monthly meeting of the Lorrain Consolidated Mining Company was held in Toronto yesterday, D. M. Steindler, president, and H. J. Sachs, vice-president, being up from New York to attend the meeting. The first monthly report of the engineer in charge, Julius Cohen, was presented and considered eminently satisfactory. Up till Sept. 10, since the mine was reopened, the shaft had been deepened 40 feet almost vertical. The vein had left the shaft, and dipping to the south about 5 degrees from the vertical. It is the intention of the manager to sink to the contact if met or 40 feet more, before cross-cutting to the vein. A change in formation at the present level indicated that the contact may be shortly reached. At the meeting the directorate was further strengthened by the addition of Clarke L. Ingham of Buffalo, president of the Federal Telephone Company.

**MANUFACTURERS' LIFE
SUBSCRIBE TO LOAN**

One of the largest subscriptions yet recorded from any financial institution in Canada to the new Canadian War Loan is that of the Manufacturers' Life Insurance Company, who are subscribing for \$1,500,000.

FINANCE MINISTER SUBSCRIBES.

OTTAWA, Sept. 15.—Sir Thomas White, minister of finance, has himself subscribed \$25,000 as an evidence of his personal interest in the war loan. Sir Hugh Graham, proprietor of The Montreal Star, has made the personal subscription of \$100,000 to the loan.

SPANISH DRAMATIST DEAD.

MADRID, via Paris, Sept. 15, 4:50 a.m.—Jose Echegaray, one of the foremost Spanish dramatists and former minister of finance, is dead. Echegaray was born in Madrid March, 1835. He served as minister of finance from 1897 to 1874, but is principally known for his plays, some of which have been translated into all the European languages.

WAR LOAN
DOMINION OF CANADA

Issue of \$100,000,000 5% Bonds Maturing 1st October, 1931.

PAYABLE AT PAR AT
OTTAWA, HALIFAX, ST. JOHN, CHARLOTTETOWN, MONTREAL, TORONTO, WINNIPEG, REGINA, CALGARY, VICTORIA.

INTEREST PAYABLE HALF-YEARLY, 1st APRIL, 1st OCTOBER.
PRINCIPAL AND INTEREST PAYABLE IN GOLD.

ISSUE PRICE 97½

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st APRIL, 1917.
THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above named Bonds for subscription at 97½, payable as follows:—

- 10 per cent on application;
- 30 " " 16th October, 1916;
- 30 " " 15th November, 1916;
- 27½ " " 15th December, 1916.

The total allotment of bonds of this issue will be limited to one hundred million dollars exclusive of the amount (if any) paid for by the surrender of bonds at the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of October, 1916, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the October instalment.

Scrip certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as

to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$500.00.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, or Victoria.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch in Canada of any chartered bank.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

Subscription Lists will close on or before 23rd September, 1916.

DEPARTMENT OF FINANCE, OTTAWA, September 12th, 1916.

Duty and Dividends!

Canada's call for money demands generous compliance but involves no sacrifice. On the contrary, duty becomes easy because amply rewarded. Only a steady stream of subscriptions to Canada's Second War Loan will insure its complete success. Invest your bit and feel the thrill of having done your part. You obtain

**All Canada as Your Security and
a Certain Dividend of 5.30% per Annum**

None should show a moment's hesitation. Men—Munitions—MONEY—all are needed. The bonds you hold will be a record of the way you helped your King and Country.

HIGH-GRADE ISSUES SCORE ADVANCES

Forward Movement Continues on New York Stock Exchange.

TRADE ON BIG SCALE

Turnover for Day Amounts to Million and Quarter Shares.

NEW YORK, Sept. 15.—The redemption feature of today's market, quite different from the wild and spectacular fluctuations of the preceding day, was the forward movement in high grade investment paying issues, which on the list a degree of much needed strength. Trading was once more on a grand scale, the total turnover of 1,700,000 shares making the ninth consecutive full session in which dealings have run into seven figures. There were no signs at the outset of the irregularity and liquidation which caused such an abrupt crumbling of quoted values in yesterday's final hour, but from time to time the more speculative shares manifested some susceptibility to pressure. In point of fact, today's final prices of leading rails and industrials were higher than yesterday's. Almost two score issues of various descriptions touched levels well over any of the year, and some, notably Union Pacific, which made an extreme gain of 3 1/2 points to 14 1/2, closed at their maximum prices since the war. Other potential leaders which rose 1 to almost 3 points included Southern Pacific, Great Northern and Northern Pacific, Atchafalpa and New York Central.

Mining Notes

LITTLE NIP PROGRESSING. Even with the limited amount of work done there is some good evidence that the Detroit Syndicate's lease of the Little Nipissing Nugget. The old shaft and workings have been devoured below the 100-foot level now, and a hurried inspection of the old shaft, in each case, shows considerable low-grade ore. Some very rich samples of high-grade ore have been found on this level near the back of one of the stopes.

ON WEST DOME. R. E. Kemerer, in his market letter, says of West Dome Consolidated: "Most satisfactory progress has been made on the West Dome Consolidated property, and the drifts are being put together with the crosscut level now, and a hurried inspection of the old shaft, in each case, shows considerable low-grade ore. Some very rich samples of high-grade ore have been found on this level near the back of one of the stopes. There is a heavy flow of water in the workings from the Seneca Superior shaft and from one of the Peterson Lake shafts as well as the Little Nipissing workings but once the water is pumped out to the 155-foot level a cement dam or bulkhead can be put on the latter level, shutting off all of this surplus water, so that comparatively little pumping will be afterwards required."

PRICE OF SILVER LONDON, Sept. 15.—Silver, 32 1/2. NEW YORK, Sept. 15.—Silver, 32 1/2.

MINING MARKET WAS QUIETER, BUT STEADY

Nipissing Eased Off on Profit-Taking—Crown Reserve Advanced.

The mining market, the lacking some of the bullish sentiment of the preceding day, was fairly active yesterday and on the whole comparatively steady. Some of the issues which experienced rapid gain recently underwent a natural reaction, while not a few stocks were distinctly firmer with moderate advances. The volume of business was somewhat smaller than on the day previous but was well distributed over both the Cobalt and Porcupine lists.

Nipissing, which featured on Wednesday and Thursday with a sensational rise, developed a reactionary tendency, selling back to \$2.25. Such a movement was only natural as fortunate holders of the stock were desirous of taking profit on the reaction. New York continued a good buyer. Crown Reserve was active and in good demand, making a further advance to 68, closing a little easier at 58 1/2 bid. There was a rumor about that Crown Reserve had made a strike of 47 1/2, while Lorrain held steady at 27. Beaver was steady at 42 and Chambers-Perland firm at 20 1/2. There was a rumor on the street that Nipissing was negotiating to take the property over but it is learned from one in pretty close touch that this is unlikely as several of the directors are away in France fighting.

La Rose made a rise of a couple of points to 62, and Kerr Lake was in demand advancing to \$480. McKinley was quiet after its recent activity holding around 64 to 65. Peterson Lake was under pressure, liquidation causing the stock to ease off to 21 1/2, closing at 21 bid. Timiskaming the quiet, held firm at 62 to 64. In the Porcupine Davidson opened with a gain at 46. The Dome Extension sold up to 36 1/2. The reports coming out of Dome Extension are optimistic and the taking over of the Dome by the Dome seems to be no longer in doubt and only a question of time. Dome Lake continued strong reaching Lack Steel, 85 1/2, 86 1/2, 87 1/2, 88 1/2, 89 1/2, 90 1/2, 91 1/2, 92 1/2, 93 1/2, 94 1/2, 95 1/2, 96 1/2, 97 1/2, 98 1/2, 99 1/2, 100 1/2.

NOVA SCOTIA STEEL TO BE LISTED IN N. Y. Nova Scotia Steel's \$7,500,000 common is likely to have a market in New York within the next few weeks, according to the Boston News Bureau. The article says that the company is having in 1916 a year of remarkable prosperity, founded, of course, practically entirely upon war orders. It is figured that by March 31 next the company will have realized profits for the common since Jan. 1, 1915, of fully \$120 per share. Something like \$75 or \$80 of this should stand to the credit of 1916 operations. Nova Scotia Steel continues to court the Canadian market. This corporation is making 8000 cars for export, half to France and half to Russia.

H. McMASTER COMPANY 909 Excelsior Building TORONTO, ONT. MAIN 2172. Calumet & Montana reacted to 76 yesterday, but in the morning it was taken off this break to take on a line of 74. Let us have your name and address for a prospectus of this company. It is full of possibilities. Don't forget the Best Investment in the world was merely a speculation that made good. Calumet & Montana fulfilled these requirements. Write, phone or wire us at our expense.

LOOKS FOR BIG MOVE IN THE SILVER STOCKS Profits of Cobalt Mines Should Result in Larger Dividends. H. B. Willis, in his weekly letter, says: "The fantastic volume of trading in the silver stocks has continued to grow all expectations, and such, in my opinion, is absolutely warranted upon the colossal company earnings, but I am positive, the next big move is coming in the silver. With our steadily increasing current levels, and considering higher prices practically sure in the near future, there is nothing to it, in my opinion, but a sharp adjustment in the market of these securities is now overdue. When a company can produce silver at 16 cents per ounce, and dispose of large amount as is possible to obtain at 68 cents per ounce, it necessarily follows the profits will not only be enormous, but permit of unusually large dividends to be distributed. This is the case with a number of the Cobalt and Porcupine companies today, yet in spite of the fact, market quotations are lower at present than when silver was selling at 50 cents per ounce. The Canadian O.I. rub-tonnage of high-grade ore in sight. Already a number of the shareholders and most influential financiers of Canada and the United States have apparently realized the fact of the vital importance, and are actively contemplating large blocks of stock in the various producers of the much-wanted precious white metal."

Edward E. Lawson & Co. Members Toronto Stock Exchange. 100 KING ST. W. TORONTO. 100-102 R. B. WADSWORTH. Manager. Toronto, Aug. 29th 1916.

The Toronto General Trusts Corporation

A New Fabric in New Coats for Men

Cloth that is knitted, not woven, is made up into two of the smartest coats for Fall wear that we have had for some time. Perhaps you have one of those comfortable golf jackets of Jersey cloth, and know how light and warm it is! You'll find the cloth in these coats is made on the same principle, except that it is thicker and has a more woolly appearance. The one style is a well-cut Chesterfield with patch pockets, the color an extremely dark green-blue heather mixture, the price, \$25.00. The other style is a very full Balmacaan, with slash pockets and motor collar. This coat is navy blue, and is \$22.00. Both coats lined in sleeves and shoulders with best quality silk.

These Women's Winter Coats Today at \$9.95

This morning we place on sale 65 Coats, some samples and others from regular stock. The lot includes coats of chipchillas and mixtures; plain and fancy weaves; greys, navy, browns and black; all good, new winter styles. Every one worth more than this special price. Sizes 34 to 40. Saturday **9.95**

Hand Bags \$1.19

Real Leather Bags, all makes, all shapes and sizes; seal morocco and crepe seal, in pebble and fine grains; leather and silk lined; metal and covered frames, with and without patent fastener. Regularly \$1.50, \$1.75, \$2.25 to \$3.50 each. Saturday at one price, each **1.19**

Hand-Made Trimmed Hats \$6.50

They are fresh from our workrooms, where our clever milliners have used our own imported Lyons silk velvet in making 85 very smart and snappy hats, in the very colors that are being asked for so much, such as purple, navy, nigger brown, myrtle green or taupe, including plenty of black. French fancy feathers and ornaments are used with narrow ribbons. They are special for today at **6.50**

50 Hair Switches at \$3.50

Hair Switches, waved and straight, 26 inches long, 2 1/2 ounces, all shades of brown. Regular \$5.00. Saturday **3.50**

Women's Fashionable Dresses

Including serges, taffetas and silk poplins; novelty and plain skirts, with wide flare. Waists are made in several new designs, and finished with silk or organdy collar and cuffs; colors reseda, brown, Russian green, rose, black and navy. Sizes 32 to 42. They are dresses that will delight you with their style and quality. Each **8.50**

Extra Special, Blouses \$1.48

A limited quantity of a bright chiffon finish white Jap. silk waist. A good heavy quality which washes and wears better than any other silk. Style is open front with large handkerchief jabot and deep, square sailor collar, all beautifully hemstitched and fastened with solid ocean pearl buttons. Long sleeves and dainty hemstitched cuffs. Size 34 **1.48**

An Exceptional Offer in Ostrich Boas and Neckpieces \$5.00 VALUE FOR \$3.50.

They are made from the best ostrich fibre, very full at back and graduating toward the ends; lengths 36 to 42 inches. Black and colors. Saturday, very special, at **3.50**

Rings Selling at Half Price

A collection of Women's Rings for little finger wear, set with semi-precious stones, including sardonyx, turquoise matrix, lapis lazuli and Egyptian scarabs. Regular \$3.50 to \$10.00. Saturday, half price, **\$1.75 to \$5.00.**
