Here's the Coat That's a Winner

IT'S named the "Jutland" perhaps that's why it's finding so much favor.

It's a form-fitting, 2-button, double-breasted style, all hand tailored; and to say it fits like a glove is perhaps the best way to describe the beautiful lines in this classy garment. Of

course we don't sell this model to every man who wants a coat because it isn't in reason that every man will like the same style; but we have dozens of other models to please every good taste. From \$18.00 to \$60.00 we have a range of overcoats that we are proud of, and as for values and fabrics we know that they cannot be beaten by any house in the trade. Looking ahead, figuring ahead and buying ahead, is what keeps our prestige solid in the clothing realms of this big and ambitious city.

Men's Furnishings

We have a dandy Furnishing Department in a handy corner of our store that's big in values and full of the best things for a man's comfort in the way of Shirts, Hosiery, Neckwear, Collars, Gloves, Mufflers, Underwear, Caps and all the requisites that make for a complete outfit.

DUAL CONTROL OF JAIL FARM IS CRITICIZED

Mayor Expresses Dissatisfaction With System, But Does Not Blame Officials.

At the meeting of the board of control yesterday morning, Mayor Church handed out some severe criticism concerning the administration of the jail farm and also expressed dissatisfaction with the dual control of the city and the government. There were present Property Commissioner Chisholm, Superintendent Morrison, Lady Superintendent Miss Carson, and other officials. The mayor charged that the farm was not conducted on a self-sustaining basis and also that the reformation work carried on formerly by Mr. Hanna for the provincial government was being abandoned. He stated that not one-fourth of the institution was under cultivation and that the farm had cost \$700,000, "I am not charging the officials," he said, "but I blame the system."

that the superintendent was doing well and that a great deal of the lack of administration had been caused by reason of the state of health of the late superintendent. "The superintendent had men whom he thought were loyal to him," he said. "But they were anything but loyal to him."

"Is the government abandoning all the social work?" asked the mayor. "Mr. McPherson, the provincial secretary, put a consumptive patient there the other day," said the mayor. "If that is the case we must issue an order right away to stop it," said Controller O'Neill.

Proprietor Commissioner Chisholm told them that the farm would never be self-sustaining. "It is a prison," he said, "and it will be necessary to keep on a large number of guards." He added that there was no farm with the same overhead expenditures that was paying better than this one. Regarding the women's farm, Mr. Chisholm stated that the inmates received three meals a day and two lunches, and in reply to certain criticism that had been made regarding the quality of the food he stated that the food was too good. In October 10,842 meals were served at an average cost of 6.1 cents a meal.

"THE KHAKI CLUB" IS REOPENED FOR SOLDIERS

Rooms at Corner of Dovercourt Road and Queen Street Provide Convenient Meeting Place.

The Khaki Club, Dovercourt road and Queen street, which contributed so much to the comfort of the soldiers in training last winter, has again opened, and is in charge of two veterans, who are always at the disposal of those wanting help and information. The club is open from 2 a.m. to 6 p.m. on Sundays and all men in khaki. The club is splendidly equipped with a gymnasium suitable for all kinds of indoor sports, a 20,000-gallon swimming tank and seven shower baths, an excellent club and reading room, with a piano, books and magazines of all kinds and facilities for writing. Light refreshments may be had at moderate prices and the bath towels are supplied at the laundry cost.

The club is wholly dependent upon voluntary contributions, both money and equipment, and at present is in need of a three-quarter-size billiard table, a set of balls, a rest, cue, etc., a set of boxing gloves, parallel bars, single sticks, books for the library and music of all kinds. The club, which was made a place of meeting for soldiers, particularly those from out of town, last season, entertained men from England, United States, Australia, South America, New Zealand and Mexico. Records show that as many as 540 availed themselves of the privileges of the

swimming pool and shower baths last year, and the gymnasium, which was originally meant for sports, was used by a number of battalions from the Exhibition grounds for physical exercises of seating 700 people, has on a number of occasions been used for farewell concerts to men proceeding overseas.

JOHN SHAW Former Mayor of Toronto, and ex-M.L.A., who died yesterday.

LATE JOHN SHAW WAS PROMINENT IN TORONTO

Former Mayor of City and Member of Legislative Assembly for North Toronto.

The city lost yesterday morning by the death of John Shaw, former mayor of Toronto, and an ex-M.L.A., who died at his residence, 40 East Roxborough street, one of the prominent figures in its civil and political life. Born in Toronto in 1837, Mr. Shaw was admitted to the bar in 1879, and occupied a seat on the council from 1884 to 1897, and was mayor of the city in 1897. He represented North Toronto in the legislative assembly from 1908 to 1911, making room for the provincial attorney-general, J. J. Foy, in that year. Finally appointed clerk of the county court of York County, Mr. Shaw identified himself with county affairs until illness impelled him to relinquish office. He was a strong Conservative and was a prominent member of the Albany Club, the Royal Orange Association, St. Andrew's Masonic Lodge, the Sons of England and the York Pioneer Historical Society.

Members of the council will attend the funeral, which is to be held on Thursday afternoon next, services to be conducted by Ven. Archbishop Cody at St. Paul's Cathedral. The remains interred at Mount Pleasant Cemetery.

MEETINGS WELL ATTENDED

Ward Four Committee Rooms for Women Are Visited by Those Eager for Information.

The meetings held in the women's unionist committee rooms of ward four yesterday were both well attended. Mrs. N. W. Rowell told of the women all over Ontario were organizing and working for the Union government. St. Catharines and London were particularly well organized. Mrs. Bundy, Mrs. Bristol and Mrs. W. J. Hanna each said a few words impressing upon the women that this was organization week, and there was no moment to waste, as there was much to do. Edmund Bristol, Dr. Shear and H. C. Hocking were the speakers at the evening meeting. Dr. Shear said that a vote for Union government was a vote for the Union Jack. Mr. Bristol complimented the women on achieving such splendid results. Mr. Hocking explained the nature of the issue and appealed to the women to throw the weight of their influence on the side of those who were upholding the gospel of freedom.

NEW ROUTE TO WESTERN CANADA PROVING POPULAR

Runs Through Famous Clay Belt of New Ontario and the Cobalt Mining District.

On your next trip to Western Canada, why not travel over a new route, see the wonderful land opened up in Northern Ontario by the Transcontinental Railway and gain a glimpse of Timiskaming and the Cobalt silver mining region? You may use the famous trains on your journey without any added expense for railway fare as compared with any other route. The International Limited will carry you to Toronto, where "The National" starts on its westbound flight. "The National" uses the rails of the Grand Trunk to North Bay, the Timiskaming and Northern Ontario (Provincial Government line) to Cochrane, and the Canadian Government Railways to Winnipeg, where it links up with the Grand Trunk Pacific for all important points in Western Canada.

A pleasant daylight run to Toronto, an evening in the Queen City, and "The National" is ready to carry you westward. The departure of "The National" from Toronto is at 9:00 p.m. on Tuesdays, Thursdays and Saturdays. North Bay is reached next morning and there open up for your admiration all the lakeland beauties of the territory served by the T. & N. O. line. These are followed by a wonderfully interesting trip through the sparsely populated territory of New Ontario, giving the traveler an opportunity of inspecting this fertile region, including the famed clay belt where tens of thousands of settlers will make their homes in the future. The area of New Ontario is 800,000 square miles, fully four times the size of Old Ontario, and in addition to great expanses of good farming land, it has wonderful resources in timber, minerals, water power, fish and game. The three railways have combined to make the passenger service over this new route the equal of that offered anywhere on the continent. The smooth, straight and level roadbed three-quarters of a century old road building. The dining car service is unexcelled, and the greatest travel comfort assured. Full particulars from any Grand Trunk Ticket Agent, or C. E. Horning, District Passenger Agent, Toronto.

ALDERMAN HOLDS MEETING

Alderman J. G. Ramsden last evening addressed an enthusiastic gathering of his campaign committee workers at the Ramsden central committee rooms, 124 Yonge street.

The Wife Must Provide for the Widow

To do so, it is necessary that out of her husband's income a certain percentage is deposited yearly in Life Insurance premiums. This is the only sure method of providing for to-morrow.

The margin between income and expenditure is not very large in the average home, owing to the high cost of living. This margin should be carefully invested so as to provide for future contingencies. Man and his estate becomes a fact at death. The amount of this estate largely depends on the wife because seven-eighths of all estates are comprised of Life Insurance.

Consult us as to how best to provide.

Artistic Gifts Which Yet Serve a Useful Purpose

Rugs to Rejoice the Heart of the Householder

For Example, These Fine English Wiltons in Persian, Chinese and French Floral Designs, to Suit Drawing-rooms, Living-rooms, Dining-rooms and Bedrooms.

THE OLD WILLOW Plate pattern, so beautifully, Orientally blue, will be found among these Wilton rugs—orange trees, mandarin's pagoda, and the lovers in fight across the rustic bridge. Does it not appeal to you as an interesting gift for someone who's wanting a blue and white covering for breakfast room or bedroom floor?

In the same group of Wiltons, too, are delightful reproductions of the exquisite vine-like Kirmanshah, in ivory, blue and rose, and of the Sereband, with its symmetrical "river-loop" design in mellow medleys of brown, tan, ivory and green. Prices are:

- Size 6' 9" x 9' \$50.00
- Size 6' 9" x 10' 6" \$55.00
- Size 9' x 10' 6" \$75.00
- Size 9' x 12' \$85.00

Also of Wilton weave—of extra-heavy, good-wearing quality, are rugs to be had at smaller prices, in conventional and adapted Oriental effects, in color combinations to suit practically every room in the house. Thus:

- Size 6' 9" x 9' \$32.50
- Size 9' x 9' \$43.50
- Size 9' x 10' 6" \$50.00

And in seamless English Axminster squares are to be had some charming cameo effects in grey and rose; victor wreath effects in two-tone brown; design with black ground patterned in terra cotta, brown and blue, and reproductions of Oriental effects. Prices are:

- Size 6' x 9' \$26.50
- Size 9' x 9' \$39.50
- Size 9' x 10' 6" \$47.50
- Size 9' x 12' \$54.00

In the Book Competition

THE following letter was awarded first prize in Class III.—boys or girls of 8 to 10 years. It was written by Howard Robinson of 1133 Ossington avenue, Toronto. He is 8 years old.

Dear Frank—I visited the Book Department in Eaton's store last Saturday. There were so many books that if they were all piled together I think that they would make a pile bigger than our house. There were a lot of children's books that little Leonard would like. I brought him a book home about the fire reels. There were painting books, year work books and Kewpie Kutouts. There was one funny book called "Guess," with a lot of riddles in it, and then there were the "Sleeptime" Tales about Tommy Fox, Brownie Beaver, Fatty Coon, Frisky Squirrel and Peter Mink, and there were "Tuck-me-in" Tales about Dusty Wren, Old Man Crow and Jasper Jay. These are the books I like to read.

Then the Annual books I think I would like to have, such as Blackie's Children's Annual, Cassel's Children's Annual and Canadian Boys' Annual. There were some dandy Annuals for the bigger fellows, like Chums, Boys' Own, Young Canada and Strain's Annual. Then there were some dandy Boy Scout books, like "Boy Scouts for City Improvement," "Boy Scouts in the Saddle," "Boy Scouts in Pioneer Camps" and "Boy Scouts for Home Protection." Then there were Alger Books, such as "The Young Miner" and "Strive and Succeed." There was one great book called "Mother's Story Hour," and some splendid books of Bible stories, and there were lots of books for girls, women and men, as well as for boys.

I wish some of the books I saw were in the library where I go. There were some dandy books on how to make things, and some little wee leather-covered books to put in soldiers' stockings; besides, song books, soldiers' drill books, hymn books and Bibles, also magazines, and there were some Stampcraft books, with stories like Jack and the Beanstalk and Robinson Crusoe, with places to put stamps to illustrate the stories, and there were lots of other dandy books. If I read a different one every day I would be through McMurich Public School before I got nearly through all the books I saw in Eaton's store. Hoping that you will be able to read some of the fine stories I told you about, I remain, your sincere friend, (Signed) Howard T. Robinson. (Aged 8 years.)

Pottery Bowls For Fruit

High and Low Comports in Lovely Tones of Old Blue and Green—Used as Centrepieces.

IMAGINE YELLOW ORANGES, pink checked apples and russet-red pomegranates piled high in one of these pottery bowls, and you can well understand what a decorative object it becomes. According to many an artistic mind, it is quite one of the most attractive things you can choose by way of ornamentation for your dark oak sideboard or by way of centrepiece for your dining-room table "in between times."

Haeger pottery composes the comports—a rich-toned pottery of semi-glazed finish. They may be had in high or low styles as shown, in dark green, light green, and a

delightful old blue. The high ones are \$3.00 and the low ones \$2.50 each.

In the same shades are also procurable nut bowls with three legs—see the drawing above—price, \$1.25.

Tables and Trays for the Cheerful Cup of Tea

A New Collapsible Table and a Tea Wagon That Are Great Favorites Wherever They Go, and Either of Them Sure to Prove a Huge Success as a Christmas Present.

WHERE is the woman who is not devoted to her afternoon cup of tea, and who does not rejoice in a pretty equipment for the same refreshing bite and sup? Tables, trays and cake stands are among the most popular objects in Furniture-land at the Christmas season.

Hence for the help of you who are thinking of bestowing some such interesting gift, our artist has made a sketch of four pieces that should appeal to you immensely. Thus:

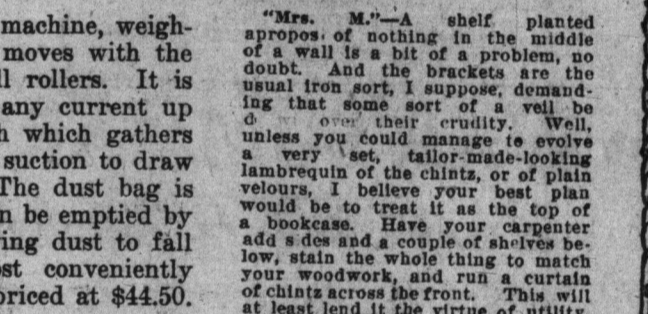

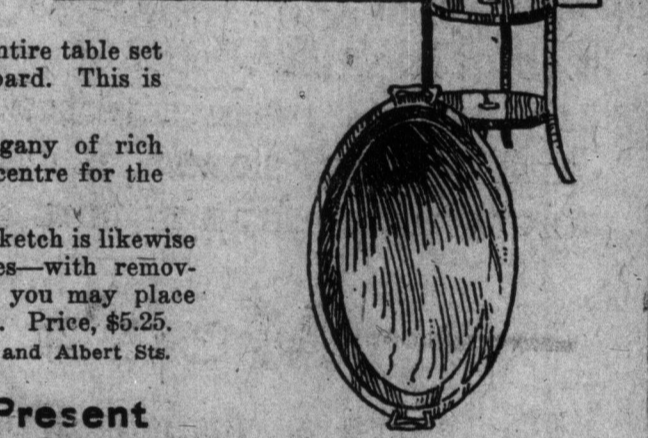

The tea wagon at the top of the panel may be had in either walnut or mahogany. As you see, it has the underbrace and other motifs of the William and Mary period, making for exceptional nicety of design. The top—27 inches long—is equipped with a detachable tray, with glass bottom, and the base with artillery wheels, with rubber tires. The price is \$21.00.

The tray-like table immediately below is of mahogany. The top is 18 by 28 inches, bordered with inlay of satinwood. When it is not in use the legs can be folded under, and the entire table set aside against the wall or into a cupboard. This is \$16.50.

The curate illustrated is of mahogany of rich tone, the three shelves concave in the centre for the holding of plates. This is \$6.50.

The tray at the bottom of the sketch is likewise mahogany—size, 16 by 25 inches—with removable glass bottom, under which you may place chints or silk of any color desired. Price, \$5.25.

This Exquisite Cut Glass Was Exhibited at the Fair

And Now the Collection is on Sale in the Glass Rooms Here—Vases, Bowls, Fern Pots, Baskets, Etc., in Rare and Beautiful Designs.

IF YOU WANT to find something unusually lovely in the way of cut glass, you will go into raptures of admiration at the sight of this collection now on view in the Glass Rooms. It was shown at the Exhibition in the early autumn, and represents some of the finest examples of cut crystal ever displayed in Canada.

Birds, butterflies, cornflowers—these are some of the unusual motifs that are exquisitely portrayed in the various pieces. These include the Martha Washington basket our artist has sketched (price, \$25.00), the fruit comport beside it (price, \$25.00), tall, slim vases with arms—an unusual

feature in fine crystal—a jardiniere with silver-plated lines, bowls, flat dishes for ice cream and cake, down to the tiny trough for loaf sugar. Prices run from \$4.00 to \$35.00.

—Basement.

Towels and Table Cloths From the Great Irish Mills

OLD Bleach Irish Satin Damask Table Cloths with Napkins to match—linen of a quality that will stand much wear and washing—are obtainable in several handsome designs. Some have conventional centres with rose wreath borders, some have striped centres with effective Arabesque borders, and others are in shamrock designs. Having been bought before the tremendous advance in the price of linens, they offer exceptionally good value. Table cloth, 2 x 2 1/2 yards, napkins 22 inches. Price, the set, \$13.00.

Hand-made Madeira Bureau Scarfs always make charming presents. Of fine linen, with beautifully worked rose petal scalloped edges and little openwork sprays along the border, they measure 18" x 54". These also are remarkably good value at \$3.25.

Such pretty little guest towels, with hemstitched ends, narrow damask borders, and an initial embroidered in one corner, are made of fine linen huckaback, each pair boxed. Size 16 x 25. Price, per pair, \$1.25.

Hemstitched Linen Huckaback Towels, with handsome damask designs at the ends—ivy, shamrock or rose—are the sort of fine linen that every woman likes. Size 25 x 44. Price, per pair, \$1.65.

You Were Inquiring?

"Mrs. M.—A shelf planted apropos of nothing in the middle of a wall is a bit of a puzzle, no doubt. And the brackets are the usual iron sort, I suppose, demanding that some sort of a wall be added to support them. Well, unless you could manage to evolve a very set, tailor-made-looking lambrequin of the chintz, or of plain velours, I believe your best plan would be to treat it as the top of a bookcase. Have your carpenter add a shelf and a couple of shelves below, stain the whole thing to match your woodwork, and run a curtain of chintz across the front. This will at least lend it the virtue of utility, and will obviate the use of the fussy little drape, which I suppose is the chief horror of the matter to you. Of course, when you find it possible to pull the whole arrangement down and cover its traces with a long, narrow mirror, or Chinese embroidery panel, or a handsome bit of tapestry—that will be the real solution of the question."

"Devonshire.—An imposing signature to a simple set of queries, oh, dear lady of 'twined'! Well, firstly, an electric oven—rejoicing in the name of "Universal Ovenette"—is large enough to bake pies, cake or a large roast, and the price thereof is \$7.00. Secondly, the disks of the Duplex Fireless Stove must be fastened in a gas or coal range. And thirdly, the baking and cooking done in a fireless will compare favorably with that done in the most efficient stove of the ordinary sort. In fact, the booklet claims that "food cooked in the Duplex is more appetizing in appearance and more delicious in flavor than if you had spent hours in preparing it in a hot kitchen over a hot stove." So there you are.

Dorothy Berle—These are two little plays that are very popular for production by juvenile talent: "The Village School of Long Ago," in one act, for seven boys and ten girls, taking an hour's time to put on. The price is 25 cents. The other is "The Convalescence of Kobbler," in two acts, for one boy and nine girls. This is 15 cents. Suppose you are familiar with the three patriotic tableaux for children—The Making of Canada's Flag, The War on the Western Front, and The Key to the Jack Canuck's Treasure House? They are 25 cents each—and excellent.

"In Need."—Your plaintive title led me to expect you had come seeking overcoats or a warm coat. But though the book on Folk Dances was a bit out of atmosphere, it is by no means an oddity. In fact, there is a whole list of works on the subject from which you may choose: Ward Crampton, the well-known authority, has two books on Folk Dances, at \$1.00 each. Folk Dances and Singing Games, by Elizabeth Birchman, is a handsome price. So, too, is Dances of the People, by the same writer. Rhythmic Action and Dances, by Irene E. P. Moses, is \$1.50. The three-step you mention is an infringement on a British copyright, and cannot be imported into Canada. Miss Three-step, a bright and tuneful composition, at 10 cents, might do instead, possibly.

Have You Seen Them?

Those splendidly equipped plumbing cars that bring a whole plumbing store to your very doors? And do the work in half the customary time—always ready.

"There's no doubt about it, you have us all beaten," said an old-time plumber the other day, in referring to Shannon's modern system of the fully-equipped car that comes direct to your door, as fast as a motor power can get it there. And what a saving in time and plumbing bills it means! No tedious delays—no long waits. Every modern and up-to-date tool and accessory is in these cars, and once the car is there short work is made of the whole job. Every minute of time is put in on the job. The customer is not paying for any man's carelessness. All the tools are there to complete the biggest or smallest job. And these cars go to any place in Toronto. They're ready the moment you call.

THOUSANDS JOIN IN LOAN PARADE

Hamilton Celebrates by the Greatest Demonstration in Her History.

Hamilton, Nov. 27.—Hamilton put the local Victory Loan drive "over the top" tonight in one of the biggest, wildest, wildest and most enthusiastic carnivals ever held in the city. Fifteen thousand people participated in the parade, which was held on the waterfront, commencing at 7 o'clock. The parade was a "by the skin of their teeth" one, as it was held in a blizzard, and the parade was not a dull moment. The parade was a "by the skin of their teeth" one, as it was held in a blizzard, and the parade was not a dull moment.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

BRITISH troops attacked Fontaine Notre Dame, near Cambrai, yesterday and forced their way forward against a heavy machine gun fire. They also attacked Bourlon village and secured a party of their men. These, after being surrounded, had held out until rescued. They took 600 prisoners and consolidated their gains. The counter-attack against Bourlon Wood failed to make any impression. The British still hold the northern fringe. Rain fell torrentially, holding up operations yesterday. The campaign has become exceedingly hot again in Belgium. The Cambrai operations, it is believed, have a close relation to the Belgian operations, and if prosecuted only a little further they will compel the Germans to retire from a great section of front, not only in France, but in the Belgian coast region. Owing to the severe winter of the Cambrai plain and plateau, the allies expect vigorous war in this region until spring. This success of the British, it is said, prefaces many similar successes. The allied western command desires to shove the German lines in positions for a general drive against them on the coming of spring.

Norway is on the brink of declaring war against Germany. Germany is on the brink of violating Denmark to seize a naval base. This peril has summoned the rulers of Scandinavia to a council at Stockholm. If Norway fights Germany, she will afford Great Britain and the United States a naval base to dominate the Baltic. German frightfulness has strongly roused Norwegian opinion against Germany. The matter for doubt is whether Denmark will defend her neutrality. She has a bad frontier for defence, but she could hold out in Copenhagen. If she flooded a section of the country, the Danish government contains socialists of strong German sympathies. An outbreak of hostilities against Norway might embolden Sweden. The new government of Sweden has a strong pro-British minister in the socialist leader, Branting. Sweden may support Norway, owing to the allied power of Bolshevism.

The Bolsheviks are attempting to quarrel with the British Government over the detention of two Russians in British camps and they have served a demand on the British ambassador for their release. They claim that British subjects are working for the Bourgeoisie in Russia. As Britain has refused to recognize the Bolsheviks, the demand will probably receive no answer. These extremists are plainly striving to create a

Laurier Regrets Kitchener Affair

Sir Wilfrid Declares His Constant Opposition to Applying Gag.

REPLIES TO CHARGES

Old-Time Liberal Leader Cites Efforts to Secure Recruits.

Ottawa, Nov. 27.—For a little over an hour tonight Sir Wilfrid Laurier addressed a crowd which filled the Russell Theatre. Outside there was a long queue of people who vainly sought admittance. E. J. Daly, vice-president of the Ottawa Reform Association, in his introductory remarks as chairman, asserted that 5000 had been turned away.

Sir Wilfrid dealt equably with charges made against him in regard to recruiting and with recent disturbances at public meetings. Referring more especially to the incident at Kitchener when Sir Robert Borden was unable to speak, Sir Wilfrid expressed regret that it had occurred. "I do not approve," he said, "of the interference with free speech. The gag is the gag which is applied by a turbulent crowd in a public meeting or whether it is approved or disapproved by the obedient majority of a cold-blooded government."

Recruiting Attitude.—The opposition leader dealt at some length with the assertions of the prime minister that Sir Wilfrid had not assisted in recruiting. After reading a list of meetings which he had addressed on behalf of recruiting, Sir Wilfrid said: "With such a record as this I am not ashamed to be called a recruiter on the part of the prime minister of Canada."

Sir Wilfrid warmly repudiated any suggestion that he was dominated by Bourassa. "I want to say," he emphatically declared, "that there is no man who can dominate Laurier. I know all the harm he has done and all the good he has done the present government, but he shall never dominate Laurier."

In regard to censure Sir Wilfrid held to his position as set forth in previous speeches. He said he had addressed a list of meetings which he had addressed on behalf of recruiting, Sir Wilfrid said: "With such a record as this I am not ashamed to be called a recruiter on the part of the prime minister of Canada."

He then referred to a question put to him by Mr. Frapp a couple of weeks ago, whether Sir Wilfrid approved of the tactics of the crowd at St. Anselme, in Dorchester County, Quebec, when they prevented the Hon. Mr. Seagram from speaking. "I am proud and happy that the question was put to me by Mr. Frapp," Sir Wilfrid went on, "all the more so because the question has been aggravated by what took place three days ago when a prime minister was refused a hearing in the City of Kitchener. He knows my sentiments upon that question. He knows that I am in favor of free speech, and I know that I disapprove of any interference with free speech, and I disapprove of any interference with free speech."

Turning to the efforts of the present government to control protesting in food and other staple commodities, Sir Wilfrid said that the present administration was "merely meddling with the market."

Referring to the Canadian Northern Railway, Sir Wilfrid reviewed at some length the history of the railway and Mann's borrowings from the government. He said that Mackenzie and Mann had obtained a loan of \$45,000,000 from the government on the understanding that if they were unable to pay it the road would become the property of the Canadian people.

Turning to the letter from the Hamilton Canadian Club, Sir Wilfrid said: "The gentlemen who signed the communication were unknown to me. It is a long-standing practice of mine to receive letters of endorsement on many subjects—it is a long-standing habit of mine never to endorse anything until I know the parties who make the application. I did not know the gentlemen. I presume they had in view a perfectly satisfactory arrangement. But he wanted to know more before I gave an affirmative answer. Sir Wilfrid insisted that the French-Canadian, if they had not been influenced by the Nationalist propaganda, would have been eager to endorse the voluntary system.

He declared that Sir Robert's declaration with regard to the falling of the government was "a piece of pure invention."

Hartley Dewar's Speech.—Sir Robert Borden was so short of ammunition that he had attacked Sir Wilfrid Laurier and accused him of doing nothing towards recruiting. "Conscription is being used as a wedge with which to hit the Province of Quebec," he said, "and the purpose behind it. They use it for partisan means."

Mr. Dewar paid some attention to Major-General McMurtry's minister of militia, who said, "I have had taken the government, he said, 103 days to pass a bill to aid the soldiers and only 28 days to put thru the Canadian Northern Railway legislation."

Mr. Dewar expressed the view that Canada would not be disgraced should we have to call upon the United States for man power. "If we should have to borrow from the man power of the United States," he said, "would it be the more disgraceful that having to borrow of their money and their food supplies?"

CURRIE CONFIDENT IN FINAL VICTORY

Canadian General at Paris Praises French Troops and People.

London, Nov. 27.—General Sir Arthur Currie, speaking at the opening of the Canadian war photographs exhibition at Paris, said: "No words can express the admiration of the Canadian soldiers for the French soldier and the French citizen. Neither can words adequately convey the obligation of the world to the unflinching heroism, devotion to country and duty and the fine fighting qualities of that soldier and the unconquerable self-sacrifice of that citizen."

"To us in far-off Canada, the outbreak of the war came with startling suddenness, yet the significance was quickly realized and a sign of relief, almost of gladness, went up when Britain joined with us in the struggle. It has been our privilege to drive the enemy from some portion of your soil, thank God, to have killed a great many in so doing. Men and women of France, be patient. We are winning. I care not what has happened in Russia. I am fully cognizant of the events on the Italian border where already a change for the better is apparent. The United States, victory clear cut, decisive, conclusive, will be ours."

WANT SUGAR KEPT FOR FOOD PURPOSES

Candy Manufacturers Opposed to Turning Sugar Into Alcohol.

TO SEE MR. HANNA

Fear Misuse of Raw Sugar May Result in Reducing Canada's Quota.

Toronto manufacturing associations and wholesale dealers in candies are anxiously perusing a report of the Canadian sugar industry, particularly as to the agitation now going on to get some of the commissioners to propose the making of candy from cane sugar as a war measure, and as a means of conserving the sugar supply of the country.

The agitation to stop candy-making has been taken up by the Ontario Women's Institute, and other women's organizations, who are bringing pressure to bear upon the food controller to accomplish their ends.

"You have enjoyed the freedom and protection of this country for eleven years. You have wanted to become naturalized. I think you should be forced to fight for it any way," said Mr. Heazelwood.

"What are you applying for exemption from?" asked Judge Morson of Sam Rottenberg. "I am married," was the unexpected answer.

FOREIGNERS GIVE TRIBUNALS LABOR

All Nationalities Apply for Exemption on All Manner of Claims and Quer Excuses.

One of the most difficult matters that the tribunals of the city have to deal with is the question of exemption from military service.

Yesterday at tribunal 360 there came up for exemption nine foreigners. Not all of these were exempted under the War-time Elections Act, a great many being still citizens of their native land. Two Rumanians, two Austrians, two Greeks, a Turk, a Russian and an Italian made up the list. Several of them had no papers whatever; had lost their passports and could not bring any evidence to back up their statements. One could not speak a word of English and had to be heard thru an interpreter. One man claimed to have been married five years ago in Italy, his wife being still there, but he had no marriage certificate, or any proof of his statement. One of the most glaring cases was that of Jacob Rubinfeld, 54 Deane street. He had lived here with his father, mother, five sisters and three brothers for eleven years, and claimed exemption as a Russian subject.

"You have enjoyed the freedom and protection of this country for eleven years. You have wanted to become naturalized. I think you should be forced to fight for it any way," said Mr. Heazelwood.

"I don't mean a shock like that," the tribunal agreed to have him re-examined, and he rose to go. Before he could get out of the room he sank to the ground in a faint and caused quite a commotion in the court.

"What are you applying for exemption from?" asked Judge Morson of Sam Rottenberg. "I am married," was the unexpected answer.

Radical Change for Technical Instructors

Department Will Inaugurate Course of Lectures to Better Qualify Them for Their Work.

The industrial advisory committee of the board of education met last night for the first time in the Technical High School, instead of in the administration building.

The Ontario Department of Education is shortly to bring about a very radical change. Formerly the instructors in such subjects as carpentry, painting, mechanics, etc., were not qualified school teachers. The department is now to change this, and these men out on this account, and so it has arranged for a course of 16 subjects that will fit them to properly teach the subjects that they know so well themselves. Mr. Rutherford, of the Technical School staff has been chosen by the department as lecturer, and the committee last night decided to allow Mr. Rutherford out from his lectures for two nights a week in order that he may deliver addresses at Toronto, Hamilton and London, but he will have to supply a substitute at his own expense.

REPORT CAPTAIN INCORRECTLY

In reporting the remarks of Capt. O. H. Heazelwood in Trinity Methodist Church on Sunday evening, a mistake was unintentionally made.

Capt. Heazelwood had been satisfied that among the young men born in Canada of Anglo-Saxon parents, there were few slackers, the majority of them having good reasons for not having enlisted. The World regrets that it reported Capt. Heazelwood as saying precisely the opposite, and takes this opportunity of correcting the mistake.

Logical Dyspepsia Treatment

Importance of Eliminating Acidity and Food Fermentation.

During the past two or three years reports have frequently appeared in the press concerning the remarkable cures of biliousness as an antidote; and its ability to promote normal, healthy digestion by preventing food fermentation and neutralizing dangerous stomach acid has often been mentioned. Until recently druggists could supply bismuth magnesia in powder form only, from one to two teaspoonsful of which, taken in a little water after meals, almost instantly relieved the most distressing cases of acidity, but suffers from stomach trouble will be glad to learn that, after a long series of experiments, a leading firm of manufacturing druggists has now succeeded in producing a five-grain tablet which combines all the valuable antacid properties of the ordinary bismuth magnesia in a very convenient form. The new tablet of bismuth magnesia contains many valuable ingredients already present in their flag and banners for the purpose of participating in the Victory Loan parade.

Amazing Power of Bon-Opto To Make Weak Eyes Strong

Doctor Says It Strengthens Eyesight 50 per cent. in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Victims of eye strain and other eye weaknesses and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything with ease. Now they feel fine all the time. It was like a miracle to me."

A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can read even the print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes, which induced fierce headaches. I have worn glasses for several years, both for distance and work, and without them I could not read my own name on an envelope or the type-printing on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what my eyes have looked like a dim green blur to me. I cannot express my joy at what my eyes have looked like a dim green blur to me. I cannot express my joy at what my eyes have looked like a dim green blur to me."

It is believed that thousands who wear glasses can now discard them by using this time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. By troubles of many descriptions may be wonderfully benefited by the use of this prescription at home. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet into a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start, and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopeless cases of blindness have saved their sight if they had cared for their eyes in time.

Note: Another prominent physician, when the above article was submitted, said: "I feel that this prescription is truly a wonderful eye remedy, its constituent ingredients are well known, and when used in almost every family." Bon-Opto, referred to in almost every family, is an ethical preparation, the formula being kept in the hands of the manufacturer, who guarantees it to strengthen eyesight to 50 per cent. in one week's time in many instances, or refund the money. It can be obtained from any good druggist and is sold in this city by Dr. Lewis.

VICTORY DAY PARADE THRU CITY STREETS

Mayor Church has proclaimed a half-holiday, starting at 12 noon today. All factories and institutions will close down. A monster parade will be held thru the city, in which over ten thousand people, comprising military, civil, fraternal, industrial and other organizations will take part. There will be floats that all streets on which the parade passes will have to be cleared of traffic.

RUSSIA TO BECOME ALLY OF GERMANY

making available to Germany the vast stores of food, oil and cotton of Russia, and even the Teutons found it impossible to convert the disorganized country into an active military ally. The nation of more German, Austrian and French prisoners held in Russia will be freed for service with the Teutonic armies.

EDITH COPELAND FREE

The appellate division having quashed the conviction registered against her by Judge Coatsworth on Sept. 24, Edith Copeland, maid in the home of Harry Ellis, the College street undertaker, is now at large. She had been charged with criminally neglecting which were alleged to have led to the death of Florence Cook, who died from the results of an illegal operation.

GREAT PARADE IN CITY STREETS TODAY

(Continued from Page One.) The parade will be under the supervision of Col. H. J. Graesset as chief marshal, and the marshal in charge of the civilian parade will be Major Widdows. "Big Time at Night." Later in the evening there will be a "tattoo," and later the mass meeting in the armories, for which the chief speaker will be President Samuel Gompers of the American Federation of Labor.

NEW CAMPAIGN

Beginning Thursday morning, the present war bond organization will be approximately 350 team workers, will be merged into an organization of between three and four thousand of the best business men, women of the city, who will conduct a "three-day" whirlwind campaign. The executive committee of this "Victory Campaign" has been already engaged for the past three weeks in perfecting the system of campaign.

"IT'S REMARKABLE," SAYS TORONTO MAN

John Wilson and Daughter Obtain Wonderful Results With Tanlac.

"It was no pleasure for me to live suffering like I was before," began taking Tanlac," said John Wilson of 57 Oiler avenue recently. Mr. Wilson has been engineer at the plant of the Northshore Plant Company for several years. He has been a resident of Toronto for forty-five years and has many friends throughout the city. "My whole system seemed to be upset," continued Mr. Wilson, "and I had suffered from stomach trouble and indigestion for several years. My appetite was no good, and what little I did eat disagreed with me. I had a tight, uncomfortable feeling in my chest, and sometimes the gas on my chest, and I was constantly belching up my food sour and undigested, and always had a bad taste in my mouth. My head ached continually, and I always seemed to be in a drowsy condition. I would get up in the mornings feeling like I had had no rest, and that dull, stupid, lifeless feeling followed me all the time. My energy and ambition was gone. In fact, I simply felt miserable all the time, and my work was a burden to me. After reading about Tanlac for some time I decided to put it on trial in my case, and it certainly has been a winner for me. I have taken only two bottles so far, and my stomach trouble is so much better already that I hardly notice it any more. My appetite is huge and I can eat most anything I want without having a sign of indigestion. My bilious feeling, headaches and shortness of breath are all gone, and I am feeling like a different man. When I take Tanlac I am reminded of the fact that I had tried so many other medicines with no results. I certainly think it is remarkable what Tanlac has done for me. "Then I have another reason for knowing Tanlac is all that is claimed for it. My daughter had suffered for quite a while with stomach trouble, very much like my case, only I believe worse, and two bottles of Tanlac have relieved her entirely. I have great faith in Tanlac than any other medicine, because it has proved its value with us, and I do not hesitate to recommend it to anyone."

BERLIN FEARFUL OF NORWEGIANS

King Christian, President Andersen and the Danish ministers, the subject matter of the conference being covered by a display of gala performances on opera ballet, ceremonial banquet and the conversation of interchanges speeches. As a result of the conference a decision was reached to make every possible effort to moderate the existing Norwegian sentiment, and continue the three Scandinavian communities in the path of joint neutrality.

A MESSAGE

It is difficult to judge how far Germany was actuated in its step by genuine fear of Norwegian action, how far by a desire to force Norway into toning down its strongly anti-German sentiment and waive the "big stick" over the three countries during the pending negotiations with the United States in the inter-war period. On the one hand a Dane in high position, with whom the correspondent discussed the subject, considered as utterly out of the question that Norway of her own accord would abandon neutrality, and said it was not of importance to the sporadic tactics of American or British intention to seize a base in Norway, the better to combat the submarine. Prominent Norwegians declare the war sentiment in their country is negligible. The same view has been expressed in statements in the Norwegian parliament, probably inspired by the German warping.

OPEN INQUIRY INTO INCENDIARY FIRE

Fire-Marshal Heaton Trying to Gain Information on Occurrence.

The investigation into the cause, origin and circumstances of the fire which did considerable damage in the Aberdeen Chambers on Oct. 24, last, was opened yesterday before Fire Marshal E. R. Heaton in the city hall. Several witnesses were called; the details from the second to the third floors had been burned away, that there was no fire on the first floor and that the fire was in the centre of the building. He stated that he noticed nothing peculiar about the fire at the time except that it seemed to have gained unusual headway and that it traveled to the top of the building too rapidly. In William H. Knowlton's office he had seen a pile of shavings and wood, but this had not taken fire. A square block of wood, saturated with kerosene, with a candle partly burnt, was also found near the shavings, while some five-gallon cans smoldering of kerosene were lying near. The fire had not touched Knowlton's office, as the candle on the block had gone out. "Have you any doubt in your mind as to the incendiary origin of the fire?" asked Lieut.-Col. R. H. Greer, who was acting for the crown. "Not now," returned the deputy chief. "Before I left the building I was satisfied that the fire was incendiary origin." Deputy Fire Chief Fox, Bay street fire hall, said that he found Knowlton's office blocked and that the fire had gained more headway than he had expected.

FRENCH-CANADIAN'S APPEAL NOT ALLOWED

The appeal of Romeo Brault, a French-Canadian, from the conviction and sentence of one year for impeding the operating of the Military Service Act, was not allowed by Chief Justice Sir William Mulock yesterday. Brault, who was a draughtsman in the Dominion public works department here, according to evidence taken at the police court, had been telling different people that only the laboring classes had enlisted, that no one who had five cents worth of brains would enlist, that he would not enlist himself, and that he would shoot the first man who came near him who had five cents worth of brains. The prisoner's own evidence was that if called upon he would obey the law, and he said that what he had told the witnesses was merely what he had heard at anti-conscription meetings in Montreal. J. C. Robb, K.C., moved to quash the conviction, and was opposed by Deputy Attorney General, J. G. Mulock, who said: "A man who is carrying out a card; Resterz vous, for he thought he had heard at home that it is no difficulty in determining what he is about."

WILLARD LOVES THE COIN—WON'T QUIT

Big Heavyweight Champion is Playing a Waiting Game for Bait

Within the past few days reports have been current that Jess Willard, champion of all the ring behemoths, is on the verge of formally renouncing his championship and retiring permanently to the more quiet pursuit of entertaining the public thru the medium of his wild west show. According to the stories in circulation, Willard has reached the conclusion that he cannot successfully condition himself for a hard contest, and rather than risk the chance of being toppled from his throne, he has decided to step aside and let the other white huskies wrangle for the crown among themselves. Little credence, however, is placed in these rumors. It is a known fact that Willard has an insatiable lust for golden coin and as long as he sees opportunity of fattening his bank roll thru one or two big matches it is almost a certainty that he will engage in them. Matchmakers who have been dickered with Willard lately are of the opinion that the champion is merely playing a waiting game. He is thought to be trying to force up the bidding for his services and when the figures reach the amount Willard believes he is entitled to then he will come out openly and sign for battle. Too Much Money, Perhaps. Up to the present time three definite offers have been put up to the champion. Mike Collins, manager of Fulton, started the bidding game about a week ago when he wired an offer of \$20,000 guarantee for Willard to box Fulton at Minneapolis, before the club in which Collins recently bought an interest. This proposition immediately was answered by Tom Andrews, matchmaker of the Cream City A.C. of Milwaukee. Andrews sent a note to Willard that the club would give a purse of \$40,000 for this match. Following this came an offer of a \$45,000 purse, submitted by the Capitol A.C. of St. Paul, Minn. Up to the present time, however, Willard has made no indication that the offers so far submitted appeal to him. Perhaps the champion has taken lessons from the tactics that Tom Jones employed when he was manager of Willard. It will be recalled that Jones kept the

ENGLAND EXPECTS EVERY MAN TO DO HIS DUTY

Do It To-Day

Obey the impulse!
 The call is loud and strong, because the need is great.
 Britain's invincible navy is Britain's security—your protection.
 All through the years of the world war she has controlled the seas.
 Held our foe at bay—
 Canada is helping with her money and men that Britain may hold the mastery and strike the blow for victory.
 Canada needs more money to help finish the war—and Canada wants you to lend it to her.
 She wants you to buy Victory Bonds—to-day—and will pay you 5½ per cent. interest, with all Canada's resources as your security. It's a privilege—and—a duty.

What's Your Answer?

BECAUSE HE IS A LIBERAL

Why Mr. John A. Paterson, K.C., Supports the Government.

PATRIOTISM NOT POLITICS

To Stop the Draft Would Be a National Crime.

Mr. John A. Paterson, K.C., Chairman of the Finance Board of the Presbyterian Church of Canada, and an influential figure in the Liberal party for very many years, thus gives his reasons for supporting the Union Government:

I have been asked why, as a life-long Liberal, I am supporting the Union Government. My answer is easily stated. It is because I am a "Liberal" and this new Union Government stands for Conscription, and that is the only way, by present appearances, that we can keep our Armies in the field, and so prevent Liberty and Righteousness from being swept off the earth. On the other hand, I notice that many friends of mine, with whom I have been associated politically, are now misusing the sacred name of "Liberal" by proposing to practically repeal their own Act passed in 1904, whereby it was provided that the Governor-in-Council might place any part of our Militia on active service out of Canada for its defence at any time when it appears advisable to do so by reason of emergency. Any man but a blind man can see now "emergency" enough.

WRITTEN IN BLOOD.

The reasons for our participating in the war used to be written in black ink, but now they are written in red blood, and the graves of our fallen men and the hospital beds of our wounded men cry out for reinforcements. And what is our answer to be? I have no doubt whatever that my old leader, Sir Wilfrid Laurier, is sincere, but at the same time I am sorry to feel that he is sincerely wrong when he proposes to fling his own Act out on a tumultuous ocean of a popular vote, and have his own patriotic offspring torn to pieces. That is the program. That is politics, and not patriotism. It is strange statesmanship. It does anything but—

"Would a mighty state's decrees, And shape the whisper of the throne."

NO REFERENDUM.

In my humble view, a referendum would be wrong. We cannot be governed by referenda. Our constitution provides Government by electing members who are presumed to represent the best thought and faith of the Nation.

Why not propose a referendum upon a proposition to exempt from taxation all property and incomes of \$4,000 and less? Does any man doubt but that such a proposition would carry by a sweeping majority, especially in times like these, when the political air is filled with bombs hurled at the war profiteers, great and small? Such a verdict by a majority would be manifestly most unfair and vicious, and would prove that we were not fit for self-government.

A NATIONAL CRIME.

I would be sorry to lose faith in the broad, common-sense of the people, and I hope that will be made manifest by establishing Union Government in power by a large majority. Do not think that I approve of Sir Robert Borden's late Government in all its actions, but in days like these we must cast political sins aside meanwhile rather than perpetrate a National crime by stopping Conscription, weakening our battle-front, and leaving the men there to perish for want of adequate support.

CATTLE ARRIVE FOR WINTER FAIR

Largest Entry in the Dairy Class in History of the Show.

Special to The Toronto World. Guelph, Nov. 27.—With the official opening of the Ontario Provincial Winter Fair only a few days away preparations for the big show are just about completed, and the first of the animals to be exhibited have already arrived. As usual the dairy cattle, the ones who are entered in the test, are the first to arrive, and several of them came in this morning and are safely housed in the dairy department. It is expected that by Wednesday evening all the dairy cattle entered will have arrived, as the test begins on Thursday evening and lasts until Sunday evening. There were 150 entries in the dairy class this year, with 74 milking cows in the test. There are five shorthorns, 33 Holsteins, 38 Ayrshires, 19 Jerseys and six grades. In this lot are included 22 dairy bulls a year old. It is the largest entry in the history of the fair.

The first dairy cattle to arrive this morning were five Ayrshires owned by H. C. Hamill of Markham, who has been an exhibitor here for many years, and Turner & Sons of Rickmansworth, Ontario, who have two Ayrshires; John McKee of Norwich has four Ayrshires; Hugh McPherson of Brimley also has Ayrshires; James Boggs & Sons of Edgely have three fine Jerseys; Earl Green of Woodstock has three grade Holsteins; S. Jackson of Oxford Centre has two pure-bred Durham shorthorns, and E. Redick of Hagersville has four Jerseys. These are all stabled at the building today.

In other parts of the big building all is activity, and Superintendent John Saunders of London is giving his personal supervision to all the work. The swine and sheep pens are all in place, and also the coops in the poultry department, while the whole place is being thoroughly cleaned.

LAURIER'S MOVE ANGRERS LIBERALS

Endorsement of Socialist in South Wellington Came as a Surprise.

Special to The Toronto World. Guelph, Nov. 27.—There has been considerable indignation in Liberal political circles in Guelph since last Saturday, when Sir Wilfrid Laurier had endorsed the candidature of Sir Lorne Cunningham, the Socialist candidate for the house of commons, opposing Hon. Hugh Guthrie.

A statement was made on the street today that some of the officials, or others, connected with the Liberal party, had had something to do with the move that was made by Sir Wilfrid in naming Cunningham, the nominee of the Socialist party here, as the accredited Liberal candidate for the riding. The purpose in designating these candidates is that they shall get credit for any soldier votes that are cast for the Laurier party by voters overseas.

Mr. Angus MacKinnon, the president, and Mr. Alex Stewart, the secretary of the South Wellington Liberal Association, were asked today if they had any statement or denial that they wanted to make. "You can say, and you can make it very plain," replied Mr. MacKinnon, "that the matter was never discussed by any of the officials of the South Wellington Liberal Association, and that they knew nothing about the matter. The announcement of what had been done came as a surprise and a shock to them."

CHARGED WITH ARSON

Special to The Toronto World. Belleville, Ont., Nov. 27.—H. A. Cook, who was for some time proprietor of the King George Hotel at Trenton, was arrested here last evening on a warrant which charged that on March 23, 1916, he set fire to the King George Hotel premises in Trenton, which were destroyed. The case was enlarged until December 3, and in the meantime the accused has been liberated on bail to the extent of \$10,000.

WOMEN VOTERS OF BELLEVILLE

Special to The Toronto World. Belleville, Ont., Nov. 27.—The women voters of this city turned out in large numbers this evening at a meeting held for them by Mr. E. G. Porter, K.C., the Union government candidate. The city hall was filled and much enthusiasm manifested. Mrs. Cleveland of Toronto was the principal speaker and was most cordially received. Mr. Porter and Mayor Ketcheson also spoke.

CAME PREPARED.

Special to The Toronto World. Chatham, Ont., Nov. 27.—On two charges of selling liquor Harry Flory, a local man, appeared in the city police court today and was fined \$17. The defendant should have appeared on the two charges some weeks ago, but disappeared from the city. He did not return to Chatham until he was able to present himself before the police magistrate with the amount necessary to pay fines which might be imposed upon him.

WORKING FOR TWO MILLION.

Special to The Toronto World. Chatham, Nov. 27.—According to figures available at the office of the War Victory War Loan subscriptions to date have now reached \$1,600,000. Canvassers are working hard to raise one hundred thousand dollars on each of the next four days, in order to secure the two million dollars aimed at in three weeks' campaigning.

Victory Bonds for Christmas

WHAT about that boy of yours?

—that girl of yours?

—your wife—your mother?

A gift of Victory Bonds works three ways:

The recipient will appreciate it and be benefited;

You have the pleasure of making a valuable gift;

Also you will render a patriotic service to Canada.

And, are you going to give a bonus to your employees this Christmas?

If you are, why not make it in the form of Victory Bonds, fully or partially paid, as you can afford in each case?

Victory Bonds are a little better than cash and Canada needs the money.

Canada's Victory Loan
\$150,000,000 5 1/2% Gold Bonds
