THE TREATY OF PORTSMOUTH

Rapid Progress Made in the Drafting of the Treaty—Ten Articles Completed Last Night—Tokio Paper Objects to Peace Terms.

Portsmouth, N. H., Aug. 31.—Rapid progress was made today in the drafting of the treaty of peace. Baron Komura, of the Japanese request, will probably tomorrow fix a day for its signature. Russia's consent to a suspension of hostilities reached Mr. Witte tonight in a cablegram from Count Lamdorff whom Emperor Nicholas has empowered to deal with the important phase of the negotiations.
Although General Linowich has been informed of the practical conclusion of peace and directed to hold himself in readiness to open with Field Marshal Oyama the negotiations for an armistice, the centre for the suspension of hostilities and the signing of the treaty will not go forward from St. Petersburg until the Japanese are informed by Baron Komura that the Emperor of Japan has also given his consent and has empowered Field Marshal Oyama to conduct the negotiations with the Russian commander in the field.

“SUBWAY TAVERN” AS SEEN BY JOURNALISTIC EYES

Newspaperman's Three-fold Visit to Bishop Potter's Consecrated Saloon—He Found it Dirty, Sticky and Fly-infested—Little Doing Anywhere but in the Bar—A Distinct Failure.

In connection with the abandonment and failure of Bishop Potter's consecrated saloon in New York, known as the “Subway Tavern,” the following, written for the Boston Transcript by William E. Barton, will be of interest.

It is now just a year since the Subway Tavern was opened in New York city. This far nothing has been given to the public in the way of a report, and those in charge of the business do not know whether the management intends to print anything or not. So, at least, I was told on a recent visit to the place, but gathered some facts from observation and inquiry which furnish some ground for an estimate of the effort to promote the cause of temperance by the sale of alcoholic drink.

THE ANGLO-JAP TREATY

Conclusion of New Alliance Will Guarantee the “Peace of Portsmouth.” London, Sept. 1.—The conclusion of the new Anglo-Japanese treaty of alliance which the Associated Press announced on Aug. 23 had been signed, has only now become definitely known to the English newspapers, which are keenly interested in it and are anxiously discussing its probable contents.

An important modification binding either power to come to the assistance of the other if attacked by one, instead as in the old treaty, by two powers, causes disquietude in some quarters where it is thought to add enormously to Great Britain's responsibility; but on the whole the complete satisfaction is expressed as to the complete of the new treaty, as far as it is at present known.

HUMORS OF HISTORY---133. The reign of Henry VII. was an age of imposture. The real heir to the throne in the Yorkist line, the young Earl of Warwick, son of the Duke of Clarence was imprisoned in the Tower, and a priest in Dublin appeared with a boy claiming to be really a baker's son, by name Lambert Simnel. The new claimant found many supporters, amongst whom was the Earl of Lincoln, who, with Simnel, landed near Furness in Lancashire with 2000 men. A battle was fought at Stoke, resulting in the defeat of the invaders and the capture of Simnel, who received an appointment as scullion in the royal kitchen, but was afterwards promoted to the post of falconer.

**WEDDINGS.**

**McAvity-Adams.**

The wedding took place in Toronto, of Miss Amy Fellews Adams, daughter of Mrs. Herbert S. Cowan, to Allan D. McAvity of Montreal, son of Mr. and Mrs. John A. McAvity of this city. The ceremony was performed at the Church of the Epiphany, Rev. Bernard Bryan officiating.

The bride was given away by her brother, G. F. Adams, and was wearing a white crepe de chene, trimmed with heria and panels of Carrick macraos lace, the gift of her grandmother, Mrs. J. J. Fellews, of London, England. The bride's veil was of white tulle, caught with sprays of orange blossoms, and the bouquets of white bridal roses. The bridesmaids were Miss Mabel McAvity, sister of the groom, and Miss Hamlin Harrison, sister of the bride. The groom was supported by Frank Barbour, of Montreal.

A reception was held at the home of the bride's mother, after the ceremony, after which the young couple left for the east.

**Bennett-Douglas.**

A happy event took place at the home of James W. Cochran, Weldford, on Wednesday evening, at 7 o'clock, when Minnie E. Douglas was married to Ira A. Bennett of Boston. The bride was becomingly attired in white, and carried a shower bouquet of white carnations. She was attended by her sister, Miss Margaret Douglas, and Howard Douglas acted as groomsmen. The happy couple, who were the recipients of a goodly number of wedding gifts, left the same evening by the morning train for Nova Scotia. On their return they will reside in Boston.

**Gross-Chealey.**

Trinity church will be the scene of a pretty wedding at seven o'clock tomorrow morning, when Miss Louise Chealey, daughter of John A. Chealey, will become the bride of Harry Gross, accountant of the Haley Woodworking Company. The ceremony will be performed by Canon Richardson, and only the immediate friends and family of the contracting parties will be present. After the ceremony Mr. and Mrs. Gross will leave by Prince Rupert for a tour of Nova Scotia, and will afterwards visit Boston and upper Canada.

**Murchie-Maxwell.**

St. Stephen, N. B., Aug. 31.—A brilliant wedding took place this afternoon when Walker Kempf Murchie, of Orléans, and Margaret Murray Maxwell, daughter of Archibald Maxwell, of Old Ridge, were married by Rev. J. W. Millidge.

**THE W. C. T. UNION.**

**Provincial Convention to Be Held Here Next Week.**

The programme of the proceedings for the annual convention of the provincial W. C. T. U. to be held in this city next week has not yet been received by the secretary, Mrs. H. S. Procter, president of the North End branch when seen by a Times reporter this morning. It is believed that the programme had not yet been received because the meetings would be a grand success as a large number of provincial delegates will be in attendance, many of whom are talented speakers.

The meeting of the North End branch being held this afternoon and plans for entertaining the visiting delegates are being made.

The delegates with the exception of two or three will be entertained by members of the North End department.

**LOOKING FOR HIS MOTHER.**

A well dressed young man arrived in the city a couple of days ago from Amherst and stated to certain officials in this city that he was in search of his mother, whom he suspected of running away with a man.

The young man is about twenty years of age, and stated that he has seven sisters and brothers, while his father has broken boarded at home. He stated that his parents were always on the most friendly terms, and he was a woman about middle age, good featured and of a pleasing manner.

As to the woman's dress, the son stated that she was dressed in a stylish manner. He also stated that she was a woman who would lend their assistance, and yesterday it was ascertained that the woman was in Digby with a man, whose name was given.

It is probable that both son and father will go to Digby.

**FACTORY INSPECTOR.**

At the meeting of the local government in Fredericton on Tuesday next, the appointment of a factory inspector will be made. There are said to be eight applicants for the position, most of them from St. John.

The Trades and Labor Council have recommended the following applicants: P. Sharkey, M. A. Kellow, Charles McCordell, P. Brown and E. New.

It is rumored that John A. Chealey and Alex. Wilson of Wood End are also applicants.

Bill—"I hear Hardwicks is making plans for the fall." "Well, if he wants to please 'em, he'd better make 'em on ahead."—"Yanks'ers' state."

**THE GAME SEASON.**

**Preparations for an Active Hunt for Duck and Partridge.**

The shooting season for ducks, which opens today, promises to be one of the best for some years past. Interested parties state that in consideration of the fact that there has been a good deal of damp weather along shore, which is particularly good for well-footed birds, the outlook is very encouraging.

It is understood that a number of parties have already been organized, but American sportsmen will hardly come this way before the latter part of this month. It is impossible to form an accurate estimate of how plentiful the ducks will be, as the number of young birds hatched varies from year to year.

The number of parties this season will probably be unusually large, owing to the fact that sportsmen will be privileged to hunt partridge as well as ducks, and the quantity of shooting irons and ammunition that up to the present time has been sold by dealers, is not only a very large, but a heavy season.

The snipe shooting season, which has opened today, may be injured to some extent, as it is believed that many snipe were shot during the past month. There has already been a serious accident, but it is believed that a large game will be sought to any extent before the last of October.

**THE SCIONDA HOME.**

The yacht Scionda arrived in port at 12:45 today after a very pleasant cruise. She was accompanied by the guests, D. Arnold Fox, W. Watson Allen, A. O. Cruikshank and other parties.

The Scionda left St. John on Thursday last, stopping at several places, including the party. They then went along the south shore to disburse, and returned to the city yesterday, returning home to report a very pleasant and enjoyable cruise.

**FOOTBALL NOTES.**

The Beaver foot ball team had a practice on the Victoria grounds last evening. Bill Malcom was on the field for the first time in two years. He was captain of the High School team in 1903, and played in the Victoria game, which was a defeat for the team. Mr. Malcom's many friends will be pleased to learn that he can again enter the game in which he won a good recommendation for himself.

He will not be able to play this season, however, as he is soon to leave the city to continue his ministerial duties in New Scotland.

**ONLY ONE ANNOYANCE.**

"None."

"You must have some of the annoyance of country life."

"Yes."

"What are they?"

"Summer boarders. But we have to put up with 'em."

Billmore—"Did you ever know a man to lose his entire fortune in one roll sweep?"

Calver—"Yes, but I've seen more men lose their all in one foot sweep."—Ballmore American.

Despite the recent advances in coastwise number rates from the south, sailing vessel vessels display little inclination to engage in that trade, preferring instead to engage cargo from the east and bay ports, the rates at present being \$2.50 for lumber and \$5.00 for oats for laths to Sound ports. Rates on wool may be said to be nominal, but large arrivals chiefly are engaged in the trade.
