

VAST COLLECTION OF WEDDING GIFTS

Princess Cannot Meet All the Donors.

Mammoth Necklace of Jewels Among the Number Recalls Story of Remark by King Edward When on a Visit to India.

London, Feb. 27.—Princess Mary and Viscount Lascelles spent the last morning before their wedding receiving individuals and deputations whose offerings swelled the vast collection of gifts which is already overflowing the state rooms of Buckingham Palace.

Despite the fact, however, that Princess Mary had devoted so many hours to the receiving of presents, the demands upon her time have been so great that hundreds of persons have been obliged to leave their gifts with her secretaries or the palace attendants and to such persons written acknowledgments will be sent.

Rodman Wanamaker of New York, who made a wedding gift of a pair of handsome silver candlesticks, was among those received by the princess and the viscount this morning.

Most of the presents received by the bride are of a useful character, but one mammoth necklace, loaded with jewels, so ponderous and heavy that it has earned from Prince George the designation of "Mary's serial necklace," as it will have to be worn in instalments.

The bulk of the assets, however, have been hypothecated to the creditors. Dunfield and Co., of Halifax, are among the largest creditors, their claims being reported in the vicinity of \$50,000.

PERSONALS Mrs. M. A. Quinlan returned on Saturday from New York, where, for the past week, she interviewed the leading authorities on spring military.

Notices of Births, Marriages and Deaths, 50 cents.

DEATHS PEARSON—At her residence, 322 Princess street, on Feb. 26, Annie E. wife of A. F. Pearson of the Royal mail service.

SAVARY—At her parents' residence, 96 Victoria street, on Feb. 26, 1922, Aileen Savary, infant daughter of Percy and Helen Savary, aged four months.

BUSTIN—At the General Public Hospital on February 26, Lucy S. Bustin, beloved wife of Charles H. Bustin of Silver Falls, leaving her husband, one stepson and four step-daughters to mourn.

Funeral on Tuesday from her late residence at Silver Falls. Service at 2:30 o'clock. Coaches leave the south side of King Square at 1:45 p. m.

CLARK—At 1229 Marchmont road, Toronto, Ont. on February 24, 1922, Mable M., dearly beloved wife of Kenneth F. Clark, formerly of West St. John, leaving her husband, five sisters and three brothers to mourn their loss.

Funeral at Port Sydney, Ont., on Monday, February 27.

IN MEMORIAM NICHOLS—In loving memory of our darling, Helen Nichols, who died Dec. 27, 1919.

God has taken many a loved one, With us, saviour we will meet them. When we, too, have crossed the wide, MOTHER, SISTERS, AND BROTHERS.

STEEN—In sad and loving memory of Besie Ottie B. Steen, who departed this life Feb. 27, 1920.

When the evening shadows fall, And we are sitting there, In our hearts there comes a longing If Besie could only come home. Ours and of our thoughts do wander, Is her grave not far away, Where they gently lowered her body Thirteen years ago today. PARENTS, BROTHERS AND SISTERS.

CARD OF THANKS C. H. Stevens, Jr. wishes to extend sincere thanks for sympathy and floral tributes in his recent bereavement.

MASSACRE IS NOT DOUKHOBOR INTENT

Peter Veregin Says Trouble is Over Taxation, and Children are Deprived of Milk.

Nelson, B. C., Feb. 27.—(Canadian Press.)—Expressing the hope that he may escape lynching at the hands of the women of Canada for his theoretical advocacy of massacre of the Doukhobors, children and aged, and pledging his influence against the throwing of children into the Columbia River, Peter Veregin, president of the Christian Community of Universal Brotherhood, the Doukhobor organization in Canada, has written to the Daily News, giving his account of the movement which he sponsored.

Mr. Veregin apologized to the Canadian public, especially the women, for his cruel expressions and stated that the Doukhobors have been greatly surprised at the seriousness with which the letter of Manager M. M. Koffin, reporting the Doukhobor mass meeting at Brilliant, B. C., on the economic situation, has been taken.

The Doukhobor chieflain gives an account of Thursday's interview between officers of the dominion and provincial police and 3,000 Doukhobors at Brilliant, B. C., in question and answer form.

He states that the Doukhobor children are deprived of milk because all the milk cows were sold in 1920 to pay taxes, and that year the Doukhobors were declared, "contracts the king's law," because the change from the crowns of the American cities she had visited served to relieve the monotony of strenuous traveling and lecturing.

In an interview with the Toronto Star Mrs. Veregin expressed a desire to meet Premier King. "I hope he is nice," she said, "and a strong man. I liked Sir Wilfrid and Borden so very much. Sir Wilfrid was such a great gentleman. Borden, I think is improving, though I suppose that sounds impertinent."

Arthur Meighen was mentioned. "I think he is a good deal of himself," Margot commented briefly, and passed on to Lord Byng. "Byng is a great man," she said, "and I know how he loved our soldiers. What wonderful soldiers! There is not the slightest doubt that they were the most magnificent fighters in the war. The Americans can say what they like."

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

MATHESON LANG AT IMPERIAL TONIGHT

Idol of London's Theatrical World in High Class Modern Drama.

St. John has not yet enjoyed a visit from Matheson Lang, the British star of exceptional brilliance, the same as it has from Sir John Martin Harvey, but in the super-lingo "Caroline" at the Imperial tonight and Tuesday he will be seen to special advantage in his renowned masterpiece portrayal, "Caroline" as a title requires some explanation.

It deals with Venice at carnival time, the gay whirl of mid-European revelry. An English theatrical company is playing Shakespeare's "Othello" in this city and there is another man and in the scene with Desdemona—the smothering scene—he almost allows his jealousy to get the better of him and the audience and on the stage is thrilling. The story turns out all right by a happy ending.

TWO GOOD SHOWS ARE COMING HERE

"Mademoiselle of Armentieres" and the Boston English Opera Co.

Seats will be put on sale on Thursday of this week for the presentation of the Imperial of the returned soldier comedy, "Mademoiselle of Armentieres," which has been so popular a success throughout Canada right up to the Montreal line. It is now entering the maritimes.

THEY ENJOYED VISIT TO HALIFAX

St. John C. P. R. Telegraph Men Report Cordial Reception and Excellent Time.

The St. John members of the C. P. R. Telegraph staff who were visiting their Halifax friends over the week end returned to the city this morning and reported that they had had a most enjoyable time.

DRUG SEIZURE MADE IN PORTLAND

Portland, Feb. 27.—Federal agents, assisted by local police, seized \$100 worth of drugs in the corridor of the Y. M. C. A. building here last Wednesday and arrested three men giving the names of Harold G. Brown of Bath, Leo B. Merbaum of Chicago and Raymond C. Hume of Chicago.

DRUG SEIZURE MADE IN PORTLAND (Continued) Narcotic inspectors from Boston had worked up the case for weeks, and arranged with Brown, who is alleged to have had the drugs, to meet them in the Y. M. C. A. building to close the deal for the drugs.

DRUG SEIZURE MADE IN PORTLAND (Continued) The investigation was made up of eight men, and the agents appeared a crowd of eight men, and the justice him as she showed the money and he was forced to draw a revolver to keep them at bay. Two alleged gunmen got away. Others were searched for drugs, but only the three arrested were taken to the police station.

DISGUISE WHISKEY AS GRAPE FRUIT

\$25,000 Seized in New York on Its Arrival from Florida.

Bootleggers in New Jersey who had learned that General Prohibition Agent Green Miller, for some time the chief enforcement agent in New Jersey, owned a large orange grove in Florida, conceived the idea of importing whiskey from that state disguised as grapefruit.

DISGUISE WHISKEY AS GRAPE FRUIT (Continued) Packages arrived at Passaic, N. J., labeled "grapefruit," but they didn't look like grapefruit. They were investigated and found that the cases instead of "grapefruit" were whiskey.

DISGUISE WHISKEY AS GRAPE FRUIT (Continued) The whiskey was found to be of the quality of the Eric Eric whiskey, valued, the police said, at \$25,000. The police declined to reveal the names of the bootleggers.

DISGUISE WHISKEY AS GRAPE FRUIT (Continued) The fifty cases contained 1,800 bottles of Cedarbrook whiskey, the police said. All the information in the case was turned over to the Federal prohibitionists in Newark, who expect to make some arrests.

MORNING NEWS OVER THE WIRES

The "countersub" cargo carried on the schooner Grace and Ruby exceeded 8000-000 at "bootleggers" valuations, Boston authorities estimate after they discovered that she carried twice as much liquor as was shown in her manifest. It is contended that the liquor seized a short time before on the Massachusetts coast was also from this schooner, which, it is alleged, is a mother ship for the rum runners. Captain Ross denies this, however. He is charged with conspiracy to smuggle liquor into the United States. The schooner Emerald, of Digby, flying the British flag, was seized by the Coast Guard Cutter Manning, nine miles southeast of Cape Charles lighthouse, as a rum runner, on Saturday. Her cargo consisted of more than 1,000 cases of liquor for New York delivery. The captain, J. A. Williams, and his crew were taken into custody. The Emerald was seven days out of Nassau and reported to be bound for St. Pierre. The executive of district 26, United Mine Workers of America left Truro yesterday for Montreal where they will confer with the officials of the British Empire Steel Corporation in an endeavor to arrive at a wage and working agreement for the Nova Scotia miners. The officials will bring back the best proposition which the corporation will offer and present it to their membership for a vote. The executive were empowered to take this action by the special district convention at Truro.

WHY ITALY CAN'T PAY HER WAR DEBT

Prohibitive Tariffs and Restrictive Laws are Stumbling Blocks.

Philadelphia, Feb. 25.—Prohibitive tariffs against Italian goods and restrictive laws against Italian immigration are stumbling blocks in Italy's way toward the payment of her debt, resulting from the world war, Senator Vittorio Riccio, Italian ambassador to the United States declared Tuesday night in an address before the Philadelphia Rotary Club.

Italy is under the impression that the question of immigration has not been well understood in this country. The fact that the same law applies to every kind of immigration seems illogical. Italy feels that her regulated immigration should be treated with benevolence by the United States where so many of her sons make their homes. The rules and regulations in regard to Italian immigration to America should be a matter of mutual understanding between the federal government and the government of Italy.

Interest is exhibited in these classes and the boys are encouraged to create in woodwork articles that will be most useful in furnishing the houses which they help "dad" build. Decision is justified. The crowded condition of the three schools of Fairbank threatened in the spring of 1921 to do away with all manual training and domestic science classes, and a motion was passed to discontinue these classes for three years.

ROGUE'S GALLERY STILL BIG FACTOR

Photos are Useful in Tracking Criminals, but Fingerprint System is Unsurpassed.

There is an impression—it has become quite general—that police picture galleries, if they have not been altogether discarded, are today put to little use. Although it is true that the fingerprint of identification has superseded in many ways the uses of picture galleries, this does not mean that the latter do not serve a useful purpose. As a system of quick and certain identification, fingerprints are unsurpassed. The system has been successfully adopted by police bureaus all over the world. Nevertheless, the picture gallery, or Rogues' Gallery, as it is popularly called, will always serve a useful purpose. Indeed, it is such a helpful adjunct to successful police work that it is doubtful if it can ever be dispensed with.

New York's Police Department has an unusually large and complete criminal gallery, its photographs dating back to the early days of the department. The faces in the gallery show every known type of criminal and criminals from the four corners of the world. These faces have been so well arranged and classified that it is a simple matter for policemen to lay their hands on the particular "mugged impression" they are looking for, and if a man has a real record as a criminal his face is pretty sure to be revealed in the collection.

Besides the criminal gallery the department has in recent years acquired two other types of gallery—one of missing persons and the other of missing persons. Each has proved useful, and through the pictures lost relatives have been traced, and sometimes found. In other cases, anxious friends or relatives have learned from pictures that their lost ones were beyond human aid. These picture galleries are far from being closed books, to be opened at rare intervals. Possibly you have returned home in time to catch a glimpse of a robber gliding swiftly down your apartment, or possibly you have been held up. At any rate you had a good look at the thief, and the fact that you would know him if you came face to face with him again, is a good description assigned to your case. To assure you if you won't come down to the gallery, the police headquarters and look over the collection to see if your particular thief is there. You agree to do this.

At headquarters you are invited to inspect many photographs. They are, of course, photographs of men with criminal records; their originals have been measured and "mugged" and fingerprinted, and are on file in the department, or that prison or penitentiary. There are always two likenesses showing the culprit from front and side faces. As you scrutinize the faces you see that they are hard and unsympathetic. You hazard a guess that some of the originals have weak and backward intellects and you are right. The collection is a weak and lack of enlightenment in their faces.

After going carefully through the collection, you are likely to be disappointed at not finding the face you hoped to find. It is quite possible that your thief belongs to a new crop of animals, and that thus far he has been able to elude the police net, or possibly he has been seen among the collection but you failed to recognize him.

Victims in looking over the gallery are "quite sure" or "nearly certain" or "almost sure" that such and such a face belonged to the thief that they encountered. Others are "sure but they could not swear to it" or are "pretty positive" that this is the picture of the particular thief. It happens nevertheless, that a victim sometimes picks out the collection a face that he is almost certain is that of the man who robbed him, and subsequent events have proved that he was right.

That is one way for getting a line on a criminal. It is then up to the detective to look up the suspect and find out what he knows about the case. More than one criminal has been tracked down through his photograph, and after a fair trial has been sent "up the river." On the other hand, it is not an easy matter to pick up a man you have never seen before from his photograph. Give a policeman a photograph of a supposed criminal and tell him to take the original into custody on sight and the policeman will be doing wonders if he apprehends his man solely through the photograph. He must use great care that he does not take the wrong fellow into custody, for if no two

FAVORS TREATIES WITH RESERVATION

(Associated Press Despatch.)
Washington, Feb. 26.—The four power Pacific treaty, together with its supplementary and reservation, and the naval limitation and submarine treaties, were ordered favorably reported yesterday by the senate foreign relations committee. The reservation attached by the committee to the four power pact embodies the compromise suggested after conference with President Harding and declares that nothing in the treaty shall be construed as forming an alliance. It was approved by a ten to three vote.

GRAHAM HAS GOOD WORD FOR FRENCH

(Canadian Press Despatch.)
Ottawa, Feb. 26.—Speaking here at a banquet held in his honor as member for South Essex, at which 400 Liberal supporters were present, Hon. George P. Graham, minister of militia and defense, last night said that in the consolidation of the military forces, the air forces, naval services and the Canadian mounted police, it would be found necessary to cut down the present establishment of the Canadian air force.

"The consolidation of the country's fighting forces is a great task," said the minister. "Canada cannot afford to keep her forces and armaments up to their present strength."

Hon. Mr. Graham in conclusion urged a better understanding between the English and French-speaking people of Canada, emphasizing the fact that the French were loyal to Great Britain when they might have broken away and joined the United States at the time of the American revolution.

CHOKES WOMAN

Windsor, Ont., Feb. 26.—Mrs. Herbert M. Paul, of this city, was choked until she became unconscious by a youthful robber wearing a false "Charlie Chaplin" mustache and eyebrows in her home, 448 Caron avenue. The robber escaped with \$16 in currency and jewelry worth more than \$100.

ANNIVERSARY OF FAIRVILLE CHURCH

The twenty-seventh anniversary services in the Fairville Methodist church yesterday were full of inspiration and were attended by large congregations. The pastor of the church, Rev. J. M. Rice, exchanged pulpits for the day with the president of the New Brunswick and Prince Edward Island Conference, Rev. George A. Ross, of the Hampton church. The morning service in the Fairville church was conducted by Rev. R. G. Fulton, of Centenary church, who spoke eloquently from the text, "Blessed are they that hunger and thirst after righteousness." The special musical feature of this service was a solo by Miss Blanch McColgan, which was finely rendered. At the evening church service, Marshall Stout took the solo parts in the anthem. Mr. Ross conducted the service and the choir was led by Miss Audrey McColgan, president of the organ most acceptably.

The anniversary of the Sunday school in the afternoon had an exceptionally large attendance. The superintendent, William MacIntyre, presided and the choir was conducted by J. Stout. Donald Rice sang a solo with fine sympathy, and a duet by Misses Vivian McClelland and Lottie Kelly was much appreciated by all. Mr. Ross addressed the scholars and they listened to what he had to say with rapt attention. The special music given was of exceptionally high order.

SON KILLS MOTHER AND HIS BROTHER

Burlington, Kansas, Feb. 26.—The body of a young man, aged ninety-five, was found in his home here today decapitated. Nearly the body of her son, aged seventy years. A second aged son, Berry Winkler, was found wandering about the house. He was arrested. The slayings apparently took place last night. The doors and windows of the house were taken out and chopped up and the debris piled on the two bodies. County officials today filed insanity proceedings to be held against Berry Winkler.

UNCERTAINTY AS TO DOUKHOBORS

Announcement That Children Would be Slaughtered May be Advertising Propaganda, But Leader in Alberta Denies It.

Calgary, Alta., Feb. 26.—Whether the startling statement attributed to Peter Vezich, head of the Doukhobor community in Canada, in which he is said to have advocated the wholesale slaughter of children and aged persons as a protest against high taxation and the general cost of living, is merely propaganda designed to bring his people into prominence, or whether there is actually a campaign for the extermination of infants and the aged and infirm, has yet to be determined.

The Calgary Herald has received a special despatch from Nelson (B. C.) in which it is intimated that the sensational announcement is pre-meditated advertising propaganda, and that the statement was issued as a jest.

On the other hand, P. N. Potapoff, of Cowley (Alta.), head of the Christian community of Universal Brotherhood (the Doukhobors) in Alberta, wires the Herald on his own initiative:—"Your issue of February 23 carries a denial of Peter Vezich's statement. This denial coming from Doukhobor leaders at Lundbreck (Alta.) As master of the Christian community of Universal Brotherhood leaders here. At the same time I will confirm the statement given out by Mr. Kofitoff, Brilliant (B. C.)"

MOTOR HEAD SHOT WIFE AND HIMSELF

(Canadian Press Despatch.)
Miami, Fla., Feb. 26.—Edgar C. Frady, president and treasurer of the Chicago branch of the Cole Motor Company, shot his wife probably fatally and cut his own throat at a hotel here today, according to the police. Both were taken to a hospital where it was said their condition was critical.

TRADE COMMISSIONER COMING

Word has been received from Ottawa by the local Board of Trade that the Canadian trade commissioner for South Africa, Mr. Cormack, will sail from this port for the Cape of Good Hope on March 1. He will probably arrive in the city a few days previous to his sailing so as to be able to confer with exporters interested in trading with South Africa.

MUNICIPAL STADIUM FOR CITY OF TORONTO

(Toronto Telegram.)
The board of control this morning approved the principle of the erection of a civic stadium to be known as "The War Memorial Stadium." A sub-committee of the Sportsmen's Patriotic Association will confer with the finance commissioner, city architect, and parks commissioner regarding a proposal which the Sportsmen's Patriotic Association has in mind.

According to F. J. Mulqueen, a stadium to accommodate 16,000 persons can be erected for a cost of \$1,000,000. He said a sum of at least \$300,000 per annum could be collected from rentals.

Finance Commissioner Ross said the carrying charges on an outlay of \$1,000,000 would be approximately \$15,000 annually.

The site which the Sportsmen have under consideration is that on reclaimed land on the water front between Strachan avenue and Bathurst street.

Commissioner Chambers said: "Of all the sites so far suggested this is the one I favor most."

Com. Hills said that control of the arena must be in the hands of the city.

Mr. Mulqueen said the sportsmen had no other thought in mind.

"The place proposed is a central and easily accessible one, much to be desired, and will be even more so when the Harbor Commission drive and the railroads are completed. It is estimated that there are at least 3,000 boys and young men in the city who engage actively in various games. During the period of rehabilitation, when millions of dollars are being spent on various public works, surely it is not too much to ask that you will consider the propriety of expending a few thousand dollars in an effort to rehabilitate that greatest of all Canadian assets, its manhood."

TO WIN A RACE A JOCKEY DOESN'T PUT EXTRA WEIGHT ON THE HORSE THAT HELPS HIM SUCCEED

No man or woman who wants to succeed in the race of life can afford the handicap of headaches, insomnia, indigestion and debility. Nor can they afford to take anything that may keep up a continual irritation of the nervous system.

Yet this is what many people do who drink excessive amounts of tea or coffee. For tea and coffee contain caffeine, a substance that is sometimes very injurious. Many doctors say that caffeine raises the blood pressure, irritates the kidneys, and over-stimulates the entire nervous system. Also that it is especially bad for growing children, or for anyone who has any tendency to nervousness or insomnia.

If you want to avoid a possible cause of headache, insomnia, or nervousness, it might be well to stop taking tea and coffee for awhile, and drink rich, restful Postum, instead.

Postum is a delicately-roasted, pure cereal beverage—delicious and wholesome.

Order Postum from your grocer today. Drink this fragrant, healthful beverage for awhile, and see if you will not feel brighter, more active, and more resistant to fatigue—no matter how many thousands of others have felt.

Postum comes in two forms: Instant Postum (in time made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

DISCOLORATION OF OUR CODFISH Means Found to Eliminate Trouble—Cheaper Denatured Alcohol for Hospitals. Ottawa, Feb. 27—(Canadian Press)—The honorary advisory council for salmon and industrial research concluded today. The committee is urging that a research institute be provided by the government. Dr. F. C. Harrison has been investigating discoloration which of late years has frequently appeared in green, salted, cured and dried codfish of the Canadian Atlantic catch and a satisfactory report from these investigations was received. Measures have been recommended which, if consistently followed, it is said, will eliminate the trouble. This report is to be published. Changes in the inland revenue regulations governing denatured alcohol are being urged by the committee. The department has accepted a recommended change in the denaturants used for bathing alcohol for hospitals, and as a result this is available at \$1.10 a gallon, instead of the former cost of \$4.

BACK TO SANDS

IN MURDER CASE

Los Angeles, Feb. 27—Practically all leads to a solution of the murder of Wm. Desmond Taylor, film director, here Feb. 1, have failed, the police declared today, as they prepared to concentrate their efforts upon a search for Edward F. Sands, Taylor's missing former butler-secretary. The police frankly say they believe Sands can supply a clue to the murderer. Police Sgt. Jack Staelder was said to have gone to San Francisco to search for a woman to whom Taylor confessed on the day of the murder and the next day.

Time Will Bid for Trade of
World.

(Canadian Press)
New York, Feb. 27.—Canada is com-

ing to the front as an industrial country
and in due time will make a bid for the

trade of the world, said John S. Mc-

Kinnon, past president of the Canadian

Manufacturers' Association, in an ad-

dress before the Canadian Club on Sat-

urday on the industrial situation in

Canada.

Agriculture, manufactures, transpor-

tation and finance were the four corner-

stones of progress, the speaker said, and Canada

was not overlooking the vital consid-

eration that continued agriculture produc-

tion must be maintained as it was es-

sential to a balanced prosperity. Can-

ada produced half as much wheat as the

U. S., although she had less than one-

fourth of the population. The speaker

said the U. S. emergency tariff had

SPORT NEWS OF A DAY, HOME AND ABROAD

HOCKEY. St. Patricks and Senators. Toronto, Feb. 27.—In its comment on Saturday's local N. H. L. result, the Globe says St. Patricks were all over the Senators in the first ten minutes of each period and this superiority gave them the verdict.

Fredrickton Player Ill. Fredrickton, N. B., Feb. 27.—Rodney Bickler, who has been playing on the defence with the All-Star team of the Commercial League and who was with the Fredrickton club in the N. B. and P. E. I. League all winter, is out of hockey for the balance of the season. He has had an attack of appendicitis.

Westminster Wins Title. The Westminster Hockey Club of Boston won the championship of the eastern section of the United States amateur hockey league by defeating New York Saturday by a score of 13 to 0.

Big Reception For Team. The Abegweit hockey team of Charlottetown were given a royal welcome Saturday on their return from this province after defeating Sussex and Chatham. They were hailed throughout the city on a float, which was accompanied by two bands. They are planning on going to Boston this season.

National League Results. In Toronto Saturday night St. Patricks defeated Ottawa by a score of 7 to 5. In Montreal the Canadiens defeated Hamilton by a score of 6 to 1.

N. H. L. Standing. Table with columns: Team, Won, Lost, D, P.

Canadians and Hamilton. Montreal, Feb. 27.—Commenting on the Canadiens-Hamilton game in the N. H. L. here on Saturday night and won by Canadians 6 to 1, the Gazette says part—'Lockhart was the star visitor and his fine work in the net and some wild shooting by the locals kept the score from being larger for the winners, for they experienced little trouble in going through the Hamilton team almost throughout the game and getting in shots on the Tigers' goal. The Canadiens' team was best when the forward line was composed of Boucher, Ode Cleghorn and Berlinguette, this trio showing a dash and snap that kept the team at high speed and giving a fine display of combination.

ATHLETIC. New World's Record. Leroy T. Brown, Dartmouth track captain established a new world's high jump record Saturday night when he cleared the bar at 6 feet 4 3/4 inches. The former record was 6 feet 4 1/8 inches.

BASKETBALL. High School Team Wins. The St. John High School basketball team defeated Robesey Collegiate School team at Robesey Saturday by a score of 56 to 7. A magnificent silver trophy has been put up by Seall Brothers, Ltd.

ATHLETIC. Breaks Records. New York, Feb. 26.—James W. Driscoll, Boston College runner, broke his own indoor record of 59 1/2 seconds for 800 yards in the Buermyer Cup event at the New York Athletic Club games last night. His time was 58 3/5 seconds.

EXHIBITION OF SKATING. Miss Gladys Robinson, champion lady skater of the world, who came to St. John to give an exhibition of speed skating at the professional meet last week, but who was prevented from doing so by the amateur regulations, gave a private exhibition in the Victoria rink yesterday afternoon. Some local girls were induced to give her some competition with the provision that the victor was to skate three laps to their two and a local business man who formerly had a record as an amateur skater entered on the same conditions. Miss Robinson had no trouble in circling the rink three times while the others were getting around twice. Some of the visiting professionals also were on hand and gave an exhibition of speed. About three hundred guests

of the owner of the rink witnessed the performance. During her stay in St. John the Victoria rink has been placed at Miss Robinson's disposal to enable her to continue her training and it is expected that she will take advantage of this opportunity again this and tomorrow evening.

ENGLAND AND FRANCE TIED. Twickenham, Eng. Feb. 25.—England and France played an international rugby fixture to a draw 11-11 here today before twenty-five thousand people. The weather was glorious and the ground in excellent condition. His Majesty King George who was present in the royal box, addressed the captains while the crowd cheered and shook all the players by the hand. The teams took the field and played a fast hard game from the kick-off to the final whistle.

AWAITS WORD FROM THE ABBIES

Call for Vote on Sussex-Charlottetown Hockey Protest Not Yet Issued.

Fredrickton, N. B., Feb. 27.—The call for a vote on the protest of the Sussex-Charlottetown club over the game at Sussex on last Wednesday, which was won by Charlottetown by a score of 2 to 1, has not yet gone out to the executive of the N. B. and P. E. I. A. H. A. The reason for the delay is that Dr. Allan Sterling, the president, has been awaiting a statement by S. Doyle, manager of the Charlottetown Abbies, in reply to the allegations of Bill Hay, captain of the Sussex club, in lodging his protest. The grounds of the protest are that two Charlottetown players, one with thirty-five seconds and the other with ninety-five seconds of penalties unserved when the third period of the game ended, were allowed to return to play at the commencement of the overtime period without having completed their time in the pen.

The executive is composed of President Sterling, Vice-President Mowat of Campbellton, S. Doyle of Charlottetown and Secretary Stokes of Sussex. President Sterling will probably be governed by the advice of President Granger of the Canadian Amateur Hockey Association, who has already wired his opinion that all penalties imposed in the overtime play, but whether he advises that in view of the infringement of the rules the game should be played over, and, if so, whether it should be played at Sussex or on neutral ice, is not yet known—If he has been asked to rule.

Meanwhile President Sterling has learned that there was another infringement of the rules in the game, the teams not taking the prescribed five minutes' rest between overtime periods. But this, it seems to be established, was done by consent of both clubs.

The final game in the play-off series is scheduled for tomorrow night at Charlottetown, when Chatham will play the yet unbeaten Abbies.

Santa Barbara, Cal., Feb. 27.—The "Anti-Volstead Smoke" or alcoholic cigar, has appeared here. Its producer, A. del Carro, cigarmaker, paid a fine of \$250 in public court following a plea of guilty to the charge of having liquor.

A brass spraying device was exhibited and elicited the explanation that it was used to saturate the tobacco leaves with liquor before rolling. The cigar thus treated did not contain "kick," it was contended in extenuation, although it was conceded that it carried a he freighted fragrance.

Reputation

REPUTATION comes in just two varieties—Good and Bad.
A Good Reputation is the hardest thing to get and the easiest thing to lose.
A Bad Reputation is the easiest thing to get, and the hardest thing to lose.
Reputation can be the most exciting or the most damning thing in life.
Reputation is the right hand of Fate—that points out the road to Success or Failure.
Reputation is an invisible pedestal, on which we stand like statues, marked Famous or Infamous.
Reputation is priceless and yet, it is within the reach of everybody.
Reputation is the most precious thing to a woman and the most valuable thing to a man.
Every human being is a peddler of Reputation—His own and the other fellow's—Why deal in Bad ones when plenty of Good are to be had.

ROD AND GUN.

If you have gone over your fishing tackle and have everything in readiness for the opening day, turn to the March issue of Rod and Gun in Canada and heap fuel on the fire kindled by the Red Gods by reading "Nagagani Beauties" by L. F. Steenman; "A speckled Trout Puzzle" by Bonnycastle Dale; and "Fishing the Cowichan River From a Canoe" by John P. Babcock. If you are

not a fisherman, read any one of the hunting and trapping stories and articles contained in the March issue of Canada's national sportsman's monthly. The fishermen interested in the Lee-Enfield will find some very helpful information, while the "scatter gun" enthusiasts will read with interest the trap department. This number of Rod and Gun in Canada has several especially good nature photographs which will undoubtedly prove of interest to all worshippers at Nature's shrine. Rod and Gun in Canada is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

The winners of the first series will play off with the winners of the second series for the trophy.

St. Andrew's Win.

The St. Andrew's curlers turned the tables on their old rivals, the Thistles, on Saturday and captured the third game of the annual series by a margin of thirty-six stones. This win, however, does not give them any chance for the city championship as the Thistles won the first two games of the series, although in neither game was the margin so great as the St. Andrew's men rolled up in the closing match between these two clubs for this season. The Thistles lost ten of the sixteen rinks curled and many of them were lost by substantial majorities. The St. Andrew's exponents of the "roarin' game" were in rare form and appeared to be out for revenge for their other defeats and each rink fought hard for every end. At the conclusion of the match, hopes were expressed by

some of the St. Andrew's curlers that next season the St. Andrew's club would be able to shake the hoodoo, which has seemed to cling to them for so many years, and they would be able to take the series from the Thistle curlers. The score on Saturday night was 201 to 215.

LOCAL NEWS

FOR THE MAYORALTY

Edward Sears informs the Times that he is definitely in the race for the mayoralty and making a vigorous canvass.

A HEAVY DELIVERY.

On account of Saturday's Montreal train being late, the letter carriers of the city left the post office this morning with an unusually heavy amount of mail. Besides the letters from four Montreal trains they had the contents of two English mails.

ART STAFF AT THE LAKE.

A great crowd of people went to Lily Lake yesterday, many to skate, more to look on, and all in hope of seeing Clara Robinson and the winning professional skaters perform. Art Staff was the only one on the ice and he furnished some thrills. Local skaters trailed him in a pack as he circled the rink; then he would put on a burst of speed and shoot away in laughing and been enjoying himself all. His style and speed were the admiration of everybody. To the small boys he was a hero and he was surrounded in the dressing room with a coterie of lads all eager to do him some little service.

INJUNCTION CASE.

In Chambers this morning before Chief Justice Sir Denis Hagan an argument was heard in the matter of an injunction taken out by R. St. J. Freese of Sussex in connection with a certain distraint by John O'Regan against Thomas H. McKilup. The distraint was made for rent for the amount of \$200. The defence contends that the distraint was illegal as entrance was made through a window, that no rent was due and is claiming damages. The plaintiff argues that if damages can be compensated in a pecuniary way no injunction lies. A decision as to the injunction will be given on Monday next.

FOR THE CANNERS

The London Chamber of Commerce advises the St. John Board of Trade of the adoption of the following resolution by the canned goods trade section of the chamber and requests that Canadian exporters of canned goods give it consideration—

"That received for shipment bills of lading unless accompanied by an undertaking from the stevedoring company, shall not be accepted by the members of this section for shipment by all-water route, and that the secretary be instructed to forward copies of this resolution to the chambers of commerce at the chief British, foreign and U. S. A. ports. That ship's orders or delivery orders shall be deemed proper tenders on c.l.f. contracts where bills of lading are not available."

OUTSIDERS BID ON CITY LUMBER

Halifax and Amherst Firms Submit Figures for Harbor Supplies.

Fire Marshal Delays City Hall Elevator Erection—Plans for Next Year Paving—Another Meeting on Hydro Matter Soon.

The present condition of the lumber market was indicated at a committee meeting of the common council this morning when tenders from firms in Halifax and Amherst were included with a number of local bids for the supply of lumber for harbor and ferry departments. The meeting was presided over by Mayor Schofield and all the commissioners except Commissioner Thornton were present.

Commissioner Bullock said at the opening that if the city could sell its harbor property at the same rate asked by Senator Thorne for property damaged at the east side Boats—\$900 a foot frontage—it would be able to strike a fairly good bargain.

An application from William Colson for position as constable, were referred to the mayor. His Worship remarked that he planned having these applications go through the sheriff in future.

Elevator Hold-Up.

Notice of a possible delay in the installation of the new elevator in city hall was contained in a report from G. H. Hare, city engineer. He said that H. H. McEllan, fire warden, objected to the construction of the pent-house at the top of the shaft being built of frame construction covered with galvanized iron and insisted that it should be of steel. He said that three days' labor and some material had already been lost. Commissioner Frink remarked that the original cost was \$15,000, but it looked as if the final price would be much higher. He said it would have been cheaper to purchase the building next door at the assessed value of \$10,000 and use it for the city hall overflow. However, this had been twice turned down by the council.

Commissioner Bullock questioned the right of the fire warden to overrule the permission given by the building inspector. The matter was referred to the mayor to arrange for a conference of those interested this afternoon at 3 o'clock.

H. W. Parlee, who has recently taken over the Chevrolet garage in the Hamlet building, 463 Main street, asked for permission to install an inside gasoline and oil tank on the premises. The matter was referred to the safety department.

A bill from the Municipal Journal Co., Ltd., for \$18, the price of eight subscriptions to the paper for 1921, was referred to the common clerk, to ascertain to whom the papers were being forwarded.

Lumber Tenders.

Tenders for lumber for the harbor department were opened and referred to Commissioner Bullock and the city engineer, as follows:

J. S. Gregory—88 pieces spruce logs, \$1,911.

Union Lumber Co.—\$52.25 a thousand for Douglas fir; 88c a ton for spruce logs.

J. A. Likely, Ltd.—Douglas fir, \$47.50 a thousand.

Thos. Bell—\$37.75 a thousand for Douglas fir.

W. Malcolm Mackay—Spruce deals, \$25.75 and \$34 a thousand, according to size.

J. A. Gregory—Spruce deals, \$24 to \$45 a thousand, according to size; spruce logs, \$28 a thousand feet.

J. Roderick & Sons—Spruce deals, \$26.80 to \$35; Douglas fir, \$32.50; hemlock, \$33.

Musgrave & Co., Halifax, hemlock, \$32.50; Douglas fir, \$34.75 to \$35.25.

Rhodes, Curry, Ltd., Amherst—Spruce deals, \$28.90 to \$33; Douglas fir, \$35.

Paving Matters.

Commissioner Frink said that some asphalt pavement in Princess street, between Sydney and Carmarthen, and Duke street from Chate to Sydney, was planned for 1922. The power company would be expected to put a concrete foundation under their tracks. He was negotiating with the power company regarding the replacing of wooden poles by concrete ones. New curbstones would be required for nearly all the street. This could be provided for by an unexpended balance of bonds issued for curbing, amounting to some \$6,900. Authority was given for Commissioner Frink to call for tenders for the curbing required, 1,464 feet, and to notify the power company of his plans.

Mr. Bullock asked if the city was intending to finance the power company for their share of the expense of the work in this street. He asked if the company had paid for the work done last year.

The mayor said they had not paid the cost, but were paying the interest.

Dr. Frink said that the pavement of the streets in question was provided for in the 1922 estimates. If the power company was unable to undertake its part of the work, some other plan would have to be considered.

Mr. Bullock asked regarding the comparative cost of concrete and granite curbing.

Commissioner Frink said that the example of concrete curbing in Toronto and Montreal had shown him that it was not satisfactory.

Commissioner Frink said he hoped this summer to have the filling at Newnam Bridge sufficiently well advanced to remove the bridge and have an open roadway.

Mr. Jones reported that the water extension to Murray & Gregory's mill was completed except for the fire hydrant, which would be done in the spring.

Another Hydro Meeting.

The mayor said he would like to arrange a meeting with the premier and the hydro commission to further discuss the hydro matter. The matter was left in the mayor's hands.

TELL OF PROWLER SEEN IN YARDS

Incidents of Last Night Near Corner of Wentworth and King Street East.

A charge against Charles Emil Wolfe of lying and lurking in a yard near the corner of Wentworth and King Street East, on Saturday night about 12.15, was made in the court this morning. He pleaded not guilty, and four witnesses were called.

Arthur Bowman testified that he lived near that corner. About 11.30 o'clock last night he heard footsteps in the snow of the yard, and looking out of the window saw a man across the yard next door and go out of the gate. At a little after twelve o'clock he again heard footsteps and got up for another look to see who was prowling around.

He saw a man in the yard next door near the fence and quite a distance from the gate. He called the police and returned to the window. Just as he got there he saw the man climb the fence from his yard into the one where he saw him first and make for the gate. As he got within a few feet of the gate a policeman arrived and arrested him. This was less than a minute after he telephoned, he said, and he thought it was pretty quick work on the part of the police.

Jarvis Wilson gave similar evidence. He said he was awakened a little after twelve by hearing his daughter scream that there was a man at her window, and looking out he saw the man in the yard. He was going to phone for the police when Mr. Bowman called to him.

Policemen Chisholm and Dykeman told of getting a call from Mr. Bowman and rushing to the yard. Policeman Dykeman waited outside the yard and Policeman Chisholm went in and arrested the defendant. They saw no other man in the yard.

Detective Bidiscombe gave evidence that he had been called to the General Public Hospital last year by Dr. Hedlison and acting on information received from him, went to the house of the accused in Union street. He warned Wolfe to leave town. The doctor had told him that Wolfe, who used to work at the epidemic hospital, had gone there about three o'clock one morning and entered one of the nurses' rooms. On account of her good name his charge was pressed, but they wanted him to get out of the city. Wolfe told him he had a wife and three children and couldn't get money enough to take them away. He was told to leave in spite of this. The detective also told of being called to Orange street on Saturday night on account of several reports that people had seen someone their yards.

The defendant said he had spent the evening in a pool room, which he left about five minutes to twelve. He went along Charlotte street to Princess and down the latter to Wentworth, where he left a companion, telling him he was going to his home in Elliott Row. He met a man at the gate of the yard in which he had been arrested and they went in together. He came out of the yard and was arrested, he said. The other man was still there.

The case was set over for judgment. His honor said he might make it an indictable offence and send the accused up for trial.

Six men, charged with being drunk, pleaded guilty. Five of them were remanded to jail. The sixth was allowed out last night on a deposit of \$58 and showed up this morning to answer the charge. He was told to get in touch with the man who had put up the deposit and some satisfactory arrangement would be made.

Reductions From Our Usual Low Prices Mean More Than The Ordinary Sale

Every woman prides herself on her buying. She is quick to recognize good values. If she does not know comparative prices she soon finds out. Unlike a man, she insists upon shopping around until she finds just what she wants at a price that satisfies.

Because we know every woman will shop around at least until she has learned to have confidence in one store—we always urge that our quality and our prices be used as a basis for comparison.

Our values are worthy—our quality is always good—we never have merchandise of questionable construction. However, questionable furniture is made. Considering quality and the fact that our furniture is guaranteed—our prices are always very reasonable.

And now from our low prices everything is reduced—reductions you'd hardly believe existed. Won't you come in and let us show you?
