MacDonald Faces Crisis Anew In British Parliament

HEBRIDES MAY COME HERE

EVICITION BILL COMES UP AGAIN

Cabinet Holds Special Session in Preparation for Meeting Commons.

FIRST IMPORTANCE

Belief is, if Beaten, the Government Will Not Resign Office.

BY HARRY N. MOORE (British United Press.)

London, April 7.—Although the MacDonald government has again escaped defeat, yet it is moving inevitably towards a crisis which must shake it to the foundations. Today the second reading of the eviction bill will take place in parliament, and not all Mr. Wheatley's adroitness or the skill of the labor leaders can avert a real test of strength, with Conservatives lined up solidly against the measure and Liberals protesting that they will support the Conservative opposition in defeating this obnoxious bill.

The evictions bill is only one trouble, for if a compromise is effected and it is safely piloted through the House in modified form, or withdrawn through expedience, there will be a heated debate on the second reading of the Lausanne Treaty with Turkey.

The Premier's statement with regard to Canada shows an absolute variance with the version of the negotiations given by MacKenzie King. The opposition is planning to force the Government to reply in detail to pointed questions regarding Canada's attitude.

Today's debate on the eviction bill will probably reveal the extent of the split within the ranks of the Government following Wheatley's insertion of the crucial clause in the very forefront of the measure preventing eviction of the unemployed from houses and tenements which they may be occupying on the ground of non payment of rent.

Premier Ramsay MacDonald and the moderate men of the cabinet do not favor this proposal of the Minister of Health in the form in which it appears in the bill while the opposition of both the other parties is solid.

The Liberals however do not wish to defeat the Government just now any more than they did at the time of the Poplar issue, and the whole bill is a likelihood that the whole bill will be dropped and a new compromise measure introduced in the House that will command sufficient Liberal support to ensure passage.

Stiles It Crisis.

London, April 7.—(Canadian Press)—What the Laborite press describes as "a political crisis of first class importance," has arisen out of the Government's determination to protect unemployed tenants from eviction. A special cabinet meeting was convened last night to consider the course to be adopted when the adjourned debate on the eviction bill is resumed in the House of Commons today.

Premier MacDonald shortened his week-end vacation at Chequers Court to attend the meeting, and Health Minister Wheatley cancelled a speaking engagement at Glasgow and hastened to London. Adjournment until this morning was taken after prolonged discussion.

The political reporters agree that the Government has already resolved that some means must be adopted to enable unemployed persons to retain possession of their homes, whether they pay rent or not, but indecision and even disagreement is said to exist on how this is to be managed.

According to one account, Mr. Wheatley inserted in the clause on his own initiative the clause to which the opposition objected, acting on this occasion as he did before with regard to relief in Poplar, which was supported by the left wing of the Laborites, but it is asserted that the moderate members of the Government are not prepared to endorse his action. Would Not Resign.

When the debate was adjourned it was understood that the Government (Continued on page 2 fourth column.)

Choir Boys Strike; Discord In Church

London, April 7.—Those who were present do not consider that an experiment by the choir of Heaton Parish church (Middlesex), who sang hymns in the choir behind every one else, was really successful from the artistic point of view. In musical circles it is generally hoped that the innovation will not catch on.

The matter really began when three of the choir boys, arriving late for a practice were threatened with the loss of their attendance marks.

Most of the other boys at once sympathized with the three, and a sympathetic strike, but three "blacks" succeeded in getting into the church although pickets were posted outside. The strikers followed them in and sitting in the body of the church, sang the hymns a line behind the "blacks."

Mr. Stewart holds the dual office of Premier and Attorney-General. The bill has received its first reading but it is said on good authority that it will not be passed at this session, which is expected to close on next Friday.

MONTREAL TODAY CHOOSES A MAYOR

Gazette Says Only Final Push is Needed Out Merdic Martin.

Montreal, April 7.—Montreal electors voted today to elect a mayor and 21 aldermen. Mayorally candidates are Merdic Martin, who has held office since 1914; Charles Duquette, who is considered as the present mayor's most dangerous rival; and T. H. Pettit. Out of the thirty-five aldermen to be elected, fourteen were elected by acclamation.

The present mayor at a meeting held on Sunday, not liking some remarks of a local lawyer, descended from the platform and attempted to chastise his interpreter. His efforts were successful for he sent the lawyer to the wall with a punch that hit him in the belt.

The Montreal Gazette says:—"A review of the situation indicates quite clearly that only the final push is needed in order that Mayor Martin be elected."

UNCONSCIOUS 70 DAYS, BOY WINNING

Jackie Higgins of Saskatchewan, Victim of Tubercular Meningitis, is Recovering.

Moosjow, Sask., April 7.—Jackie Higgins of Boharm, Sask., a seven year old boy who lay for seventy days unconscious, suffering from tubercular meningitis at a hospital here from December 24, 1923, until early in March, is slowly recovering and making a brave effort to walk.

While a slight paralysis of speech still remains, it is hoped that with the coming of summer this will pass away.

Wire Briefs

Brussels, April 7.—King Albert is suffering from an attack of the grip, and his physicians have directed him to remain in bed.

Hillsboro, Ills., April 7.—Mrs. Torrey Hill and three children were burned to death, and Torrey Hill, was fatally burned when a gasoline explosion set fire to their home today.

Armstrong, Ont., April 7.—Engineer James Hand was killed and a fireman named Johnson was slightly hurt on Saturday forenoon when a Canadian National locomotive left the tracks near here and overturned.

Paris, April 7.—The experiment of the City of Paris in erecting apartment buildings so as to furnish lodgings at a moderate rental has proved a failure. Contractors say high wages and low yields of labor make it impossible to build new apartments for moderate rental.

L. SLIPP, WOODSTOCK MAN, KILLED

Skull is Fractured in Auto Collision Near Leominster, Mass.

DIES IN HOSPITAL

Several Others Hurt in Accident That Claims Life of New Brunswicker.

(Special to The Times.)

Woodstock, Mass., April 7.—Leonard Slipp, aged 34, of Worcester, whose home is in Woodstock, N. B., died early this morning in the Leominster Hospital of a fractured skull.

The other car was driven by P. J. Tirney of Worcester and all of the four occupants were slightly injured.

Mr. Averill sustained a broken rib, and a fractured arm. The dead man was a brother of G. Wendell Slipp of Woodstock, druggist, who was mysteriously shot on the Woodstock-Houlton road three years ago.

The mother, Mrs. James Slipp, was notified immediately after the accident.

Woodstock, April 7.—Special to The Times.—Leonard Slipp was a son of the late G. Wendell Slipp, who was an important position in a large manufacturing concern. He was a very clever young man and had a brilliant school course, being a graduate of the U. N. B.

GOVERNMENT OF SMUTS RESIGNS

Sensation in South Africa Follows Defeat in By-Election.

(British United Press.)

London, April 7.—Central News dispatch from Capetown says that the Government headed by Premier Jan Smuts has resigned.

The resignation of the Smuts' Government is reported to have created a sensation throughout South Africa, despite the fact that it has been expected, following the defeat of a Government candidate in a by-election at Walkerstrom, which reduced Smuts' majority to four.

Capetown, South Africa, April 7.—(Canadian Press cable.)—A general election in South Africa has been brought nearer as a result of the by-election at Walkerstrom, Transvaal, where the Nationalist candidate Naude defeated Robertson, the Government candidate, by a substantial majority.

The seat was formerly held by a Ministerialist, who died. The Walkerstrom by-election is regarded as pivotal as regards the feeling in the country districts, where the Nationalists on the whole easily predominate.

THE POSTAL STRIKE MAY BE AVERTED

Toronto, April 7.—Representatives of the Canadian Federation of Postal Employees have been asked to appear before the Civil Service Commission in Ottawa at 10 o'clock Tuesday.

With this news the possibility of a strike becomes more remote, as it is felt by the postal employees that a better understanding of their case by the authorities will result in appreciation of their demands.

In a communication received by G. R. Jackson, chairman of the federation, it was announced the Civil Service Commission would proceed immediately with the preliminary revision of men in the postal and customs services who had been affected by the bonus reduction.

Frederickton Votes. Frederickton, N. B., April 7.—Frederickton postal clerks have voted on the strike question in connection with the proposed walk-out throughout the Dominion on April 14. The Frederickton vote is understood to have been in favor of striking.

Walter Hines Page Is Honored in England

Pickering, Yorkshire, England, April 7.—Here, near his ancestral home, a memorial tablet to Walter Hines Page, friend of Great Britain, and U. S. ambassador to the Court of St. James throughout the Great War was unveiled on Sunday by U. S. Ambassador Frank P. Kellogg. Services were conducted by the Archbishop of York.

Dawes, Irritated, Spurs Committee

(British United Press.)

Paris, April 7.—Irritated by delays in submission of the experts' reports to the Reparations Commission, General Charles G. Dawes, chairman of the committee, today delivered Wednesday as the day for delivery of the reports, barring unforeseen mechanical difficulties.

Dawes presided over a session of the experts this morning and told his associates bluntly that they must finish reexamining and translating the reports today.

The U. S. chairman plainly was extremely annoyed by the delays occasioned by adjusting the language in the French and English texts and kept the committee sitting long after the usual lunch hour.

SAYS PRINCE WILL AVOID DANGER

London Paper Declares There Was Serious Talk With King Over Steeple Chasing.

(British United Press.)

London, April 7.—The News of the World says that, as a result of a "serious talk" with his father, King George, the Prince of Wales has promised to give up dangerous steeplechasing and confine his horseback riding to less dangerous events.

The newspaper adds that the Prince lost three front teeth when kicked in the face in his latest accident.

NEW RIFLE FOR FRENCH SOLDIERS

Said to Be Simple in its Working—Replaces 1915 Type.

Paris, April 7.—The ministry of war has recently approved a new type of machine rifle for the French army. It was designed by a French artillery officer and is said to be very simple in its working, a recruit endowed with average intelligence being supposed to master it within a few weeks.

This shorter term of instruction, which was the deciding factor in the choice of the ministry from among the numerous types submitted, owing to the shortness of military service and ever increasing amount of matter placed before the soldiers for instruction.

The type still in use is the one adopted in 1915, which appeared on the battlefields of the Somme for the first time in 1916, when it caused much surprise among the enemy. It had been hurriedly made under the pressure of war, and it is said that a more carefully perfected arm should be supplied to the infantry.

CANADIAN QUILTS BANDIT COMPANY

T. G. MacKenzie Makes Escape From Hipolito Villa's Gang in Mexico.

El Paso, Tex., April 7.—Thomas George MacKenzie, Canadian general manager of the Compania Agricola, of Chihuahua, has escaped from Hipolito Villa's bandit gang and arrived in El Paso, Tex., today.

MacKenzie was captured in January, 1923, and was held in a prison in Mexico. He was released in March, 1923, and returned to Canada.

MARITIMES FREE

No Failures Last Week and Record All Over Canada Best in Months.

Toronto, April 7.—Forty commercial failures occurred throughout the Dominion last week, compared with 39 for the same week of last year, according to a report by R. G. Dun & Company. Last week saw the lowest number of failures for some months.

Alberta and the Maritime Provinces and Newfoundland had none. Seventeen occurred in Quebec province and 14 in Ontario, five in Manitoba, three in Saskatchewan and one in British Columbia.

Tank Explodes; 2 Workmen Killed

Cabotville, Ills., April 7.—Two workmen were instantly killed and one seriously injured in an explosion yesterday at the Lubrite Refining Company's plant. A tank used in a distillation process exploded. The tank was buried more than 1,000 feet.

WILL BE LOCK OUT OF 100,000

Shipyards Strikers in England Have Refused to Resume Work.

ACTION THURSDAY

They Have Been on Strike for Five Weeks—Mauretania Affected.

(British United Press.)

Southampton, England, April 7.—A lockout by employers of shipyard workers throughout England will be effective on Thursday as a result of refusal of strikers here to return to work. Shipyard workers at Southampton have been striking for five weeks.

The Mauretania of the Cunard Line is the only large liner that has been seriously affected by the strike. It has had to cancel two voyages.

The shipyard unions have declared that the employers' decision to lock out the strikers is a violation of the law. They have demanded that the government enforce a demand for increased pay, was irregular and unofficial, and the employers' decision to lock out the strikers is a violation of the law.

FASCISTI CARRY ITALIAN CONTEST

Mussolini Scores Tremendous Victory With Majority of 356.

(British United Press.)

Rome, April 7.—Premier Mussolini scored a tremendous triumph in Italy's elections, his Fascist leaders today claiming 40 per cent of the entire vote.

It is certain that the Fascist polled more than 25 per cent of Sunday's total vote, thus ensuring the election of a solid parliamentary majority of 356 delegates.

The victory this morning, Fascism reaches a constitutional basis, and Mussolini is assured of remaining in power victoriously and indefinitely, unless splits should eventually occur within his own party. Under the present parliamentary regime the Premier of Italy cannot be overthrown by minority opposition parties but only by his own party. Mussolini arranged this before the elections.

WAS GOOD MONTH Human Heart Is Seen at Work

Canadian National and C. P. R. Figures For January Published.

Ottawa, April 7.—(By Canadian Press.)—An increase in net operating revenues owing to a decrease in operating costs on the Canadian National lines in Canada and the U. S. is shown in figures published by the Dominion Bureau of Statistics for January, 1924.

While there was a decrease of \$294,413 in gross operating revenues, operating costs decrease by \$1,329,955, making net operating revenue of \$1,029,542.

In January, 1923, there was an operating deficit of \$963,137 on Canadian lines alone. This year there was a net operating revenue of \$1,029,542. Passenger traffic was 3.7 per cent better than January, 1923. There was an increase also in all other branches of revenue. Net operating revenues in January, 1924, are \$135,238,401.

The C. P. R. shows an increase of \$286,641, or 2.2 per cent, in total revenues for the month; an increase of \$50,445 in total operating expenses. The total payroll was increased by \$260,229 for an increase of 2.6 per cent in the number of employees. Actual figures are not available in the return.

WANTS RAILWAY TO HUDSON BAY BUILT

Manitoba House Proposes—Resources Question Goes to Arbitration.

Winnipeg, April 7.—Lieut-Governor Sir James G. Gardiner proposed the Manitoba Legislature on Saturday evening. Assent was given to 124 bills. The legislature commenced sittings on January 10.

A resolution moved by Premier Bracken, asking for a settlement of the natural resources question by arbitration, was adopted Saturday, as was one moved by George Compton, (Government), Manitoba, urging the Federal Government to proceed without delay with the completion of the Hudson Bay Railway.

Ontario Mining Man Left \$410,768

Toronto, April 7.—An estate totaling \$410,768 was left by Robert John Tough, a prominent mining man of Northern Ontario, who died here on March 11. Personal estate is \$225,574, including \$210,412 in stocks and \$84,869 in bonds. Mrs. Margaret Tough, the widow, receives \$8,000, an annuity of \$8,500 in lieu of dower, and a life interest in the home, household goods and cars.

San-Toy, the four-legged ball ringer of the home of rest for horses at Cricklewood, England, is shown here enjoying a meal of sliced carrots, apples, bread and sugar. He belongs to the English War Office, and is a veteran war horse.

Detective Tells Tale In Court of Night Visit to St. John House

The city detective department received a telephone message about midnight Saturday from the vicinity of Sewell street, stating that an automobile was standing there without lights burning. Detectives Saunders and Kilpatrick responded and found the car at the corner of Sewell and Dorchester streets, and as a result two charges were laid against Joseph McKenna in the police court this morning, one of having no lights on the car and the other of leaving a car standing in front of premises where neither the driver nor the passengers of the vehicle had any business.

The rear door was opened, and as the detectives approached it, he said, McKenna and nine other persons, including women and men, fled out of the house. McKenna drove away in the car, but returned a little later with a party and asked Saunders, the latter said, to let him out this time. He said he followed the detective into Waterloo street and further pressed his favor to be let off.

Magistrate Henderson: "Did you call the place a 'joint'?" Detective Saunders: "Yes, Your Honor."

The magistrate said it would have been better to have arrested the people in the house than to have made this by-law report," replied the Magistrate. "That will come later," added the detective.

The Magistrate fined McKenna \$10 for not having his car lights burning, but said that the other charge had not been proved.

Human Heart Is Seen at Work

Paris, April 7.—Members of the Academy of Science recently watched the movements of a human heart—that of M. Comandon one of their number—reproduced on a picture screen by means of an apparatus of which Dr. Comandon and Dr. Louon are the inventors.

Dr. J. L. Breton expressed the belief that within a short time the diagnosis of diseases will thus be valuably aided, it having been made possible to study the working of the internal organs.

Weather Report

Toronto, April 7.—Pressure is low from Alberta across the north west States and Great Lakes to New England and high over the Gulf of St. Lawrence and towards the Gulf of Mexico. Rain has fallen in Manitoba and snow and rain in eastern Ontario and Quebec. Elsewhere the weather has been fair.

Forecast: Clearing. Maritime—Strong easterly winds and gales, rain in south and snow and rain in north tonight. Tuesday westerly winds, clearing.

Northern New England—Cloudy tonight and Tuesday; probably light rain; not much change in temperature. Shifting gales, becoming northwest, diminishing tonight and backing to southwest by Tuesday.

CROFTERS, IN CITY, SAY ALL WOULD MOVE

Splendid Lot of People, Says One of Clergymen in Charge.

MANY ARE "MACS"

Brides and Grooms Among Number Coming to Make Homes Here.

(That the entire population of the Hebrides will eventually migrate to Canada was a statement made today by members of a band of Crofters who arrived this morning on the Canadian Pacific steamship Marloch. This, they said, was due to the hard times prevailing at their island homes and to glowing accounts received from relatives and friends, who have already located in Canada and are making good in the land of their adoption. The change in their climate in recent years is given as the cause of the hardships in their native land, and thousands are reported now eagerly awaiting opportunity to try their fortune in the land of the Maple Leaf.

A finer looking body of men, women and children never landed on these shores, and it was with pride that many citizens looked on them, realizing that it is such immigrants that go to make for a bigger and better Canada.

Say No Big Fight. A reported account of a spectacular battle on the rugged shores of the Hebrides Islands during a farewell to the party of Crofters is declared untrue. The party arrived here this morning on the Canadian Pacific steamship Marloch. They were burning with mirth and pleasure and expectation as they set foot on Canadian soil.

When questioned about the reported "battle royal" they laughingly remarked that the first they knew they had been in a fight was when a wireless report reached the vessel giving them details. They said that there might have been some little mix-up among the large crowd of people who were cheering and shouting as they stepped ashore, but that they knew nothing of it.

"We have a splendid lot of people with us and we have every reason to be proud of them," said Rev. Father MacDonnell, one of the priests in charge of the party. The voyage across the Atlantic, he said, was lovely and none of the people suffered any hardship. There were no grievances or dissension of any kind among the people, he said, and present as they were, they were jolly and happy. "If you want proof of that just go among them look them over and hear what they have to say," he said, as he smilingly departed to look after the wants of one of the large families.

The party consisted of 203 adults, 77 children and nine infants. They were in charge of Rev. Fathers MacDonnell and MacMillan and Angus Campbell. On their arrival here they were met by Captain A. MacDuff, of the C. P. R. colonization department and arrangements were made to have their tickets purchased, baggage examined and other details attended to prior to their departure.

They left on a special train at 9 o'clock which was to convey them direct to Red Deer, Alberta, where they will locate. While they were on the steamer and again as they entrained a "movie" man took pictures. W. G. MacLaughlin was present as a representative of the Fox News, and John Cavanaugh as a representative of Pathe. In addition a camera man from the Canadian Pacific Publicity Department was on hand and took photographs.

There were a number of young brides and grooms in the party. They were also many families, ranging all the way from fathers and mothers, to youths, children and infants.

Out of the 203 adults on the steamer there were 200 whose names started with "Mac". There were MacLeods, MacLennans, MacKenzies and MacDonnells.

**PORT OF ST. JOHN MAY GAIN**

**Despatch Deals with Possible Benefit From New U. S. Law.**

An Ottawa despatch to the Montreal Gazette says: "The transportation crisis here has probably effects on Canadian shipping and rail interests of the enforcement of section 28, of the United States Merchant Marine Act, providing preferential rates on commodities exported in United States vessels—there being much attention. Government officials, providing preferential rates on commodities exported in United States vessels—there being much attention. Government officials, providing preferential rates on commodities exported in United States vessels—there being much attention."

According to them, the situation must be considered from two standpoints, that of the ports and of the railroads. There is no doubt that Canadian ports generally stand to gain from the enforcement of this section of the Jones Act. Take the case of a charter transporting commodities from Chicago to Portland, or Boston, or New York. If there is a risk of it having to charge a higher rate from the boundary to the United States port, it naturally will divert traffic to Montreal or St. John. Montreal stands to gain considerably during the months when its port is open. But during the remaining portion of the year the carriage would lose traffic, unless it carried it through to a Canadian port on the Atlantic.

It thus looks as though St. John would gain very materially, if the section referred to is enforced. Halifax also stands to gain, though very probably it would only get the overflow business. On the whole, the Maritime Provinces would probably welcome the section of the United States Act.

The impression is that the port of Vancouver would gain by the proposed section. It is a big question, and it is impossible that the American railways themselves as yet know definitely what the effect of the new order may be. In the meantime two bills are being introduced in the United States Senate to make the United States Merchant Marine law discretionary, rather than mandatory, insofar as this preferential rate section is concerned.

**START NEW SERVICE Steamships to Ply Between Halifax and Magdalen Islands.**

Halifax, N. S., April 7.—A direct steamship service between Halifax and the Magdalen Islands will be inaugurated this season according to the purpose of the local board of trade from W. A. Black, M. P., who said that a new steamer was now in process of construction. The vessel is ready for service will be maintained by the steamer I. W. Hendry.

**NO DELEGATE FROM HERE IS YET CHOSEN**

G. S. Cosman, president of the St. John Branch of the Postal Clerks' Association, received a wire this morning from the vice-president of the Maritime district at Moncton asking authority from the local branch to leave the matter of wages settlement with the executive officers of the association. There is a meeting scheduled for Ottawa tomorrow when the matter will be taken up by the Canadian Federation of Postal Clerks. As yet no delegate has been appointed to represent the St. John Branch at this meeting. It is indicated from the tone of the message received here by Mr. Cosman today that the active executive officers want the matter left with them. This will likely mean that no delegate will go from St. John. President Cosman however wishes to put the matter before the local branch this afternoon.

**HOTEL PLANS DUE TOMORROW**

Architects' Representative is Delayed in Montreal—Tenders Close 24th.  
A telegram received this morning by Thomas, Armstrong & Bell, brought the information that Mr. Townsend, representative of Ross & McDonald, architects of Montreal, who was due to arrive in the city today with plans and specifications of the Admiral Beatty Hotel, had been delayed. He will leave Montreal this evening and is due to arrive here tomorrow at noon. The telegram also announced that the tenders for the new hotel would close at the office of Ross & McDonald in Montreal at noon on April 24.

**LEAVES FOR WEST**

**F. G. Goodspeed, Engineer, Goes to Winnipeg Tonight.**  
F. G. Goodspeed, who has been connected with the Dominion Public Works office in St. John for the last 12 years, will leave this evening for Ottawa en route to Winnipeg, where he will take up the duties of district engineer in charge of Dominion Public Works in Manitoba, Saskatchewan and Alberta.

Mr. Goodspeed was born in York County, receiving his early education at Fredericton. He is a graduate of McGill College, holding the degree of master of arts from that university, and of the University of New Brunswick, where he received the degree of Bachelor of Science in 1907. He was employed by the Federal Government in 1904 as assistant engineer on the survey of the Georgian Bay Ship Channel. In 1907 was sent to St. John as assistant to E. P. Shewen, then resident engineer here. In 1910 Mr. Goodspeed made the original survey for the Courtney Bay development. The same year he was transferred to Edmonton, Alberta, as district engineer, and two years later succeeded Mr. Shewen as district engineer in St. John. During the war Mr. Goodspeed was district intelligence officer for the Maritime Provinces, and for some months was assistant provost marshal for New Brunswick, carrying on these duties without remuneration, along with his regular work with the Public Works Department. On the redistribution of public works engineers in 1920, whereby the number of districts in Canada was reduced by one-half, Mr. Goodspeed became senior assistant to Geoffrey Stead, who took charge of the whole province outside of St. John Harbor.

**BIDS ASKED IN PAVING WORK**

Douglas Ave. Estimate Given—Chamberlain to Have Council Room.  
The City Council this morning decided to call for tenders for the supply of granite curbing needed for the paving operations this summer. The streets proposed to be paved are St. James, Paradise row, Winter and Duke. It was decided to turn the present council room over to the chamberlain and to ask the Civic Power Commission to present a report on the cost of extending the pole line to Millidgeville. Commissioner Frink reported that the estimated cost of paving Douglas avenue to the bridge was \$37,235.60 and he read a letter from Premier Veniot in which it was intimated that no trouble would be met with in securing the land necessary for the diversion of Douglas avenue from the Government. Commissioner Frink said he had taken up with the chamberlain the matter of giving him the council chamber and on motion of Commissioner Wigmore it was decided to turn over to the chamberlain the present council chamber and the Commissioner was authorized to make the necessary arrangements.

**DOUBLE SHOW AT IMPERIAL**

**Singers of Note and Norma Talmadge-Eugene O'Brien Love Story.**  
The programme at the Imperial today and Tuesday is of extraordinary merit, inasmuch as two noted vocalists will grace the bill in addition to the especially fine photoplay, "The Voice From The Mine," featuring Norma Talmadge and Eugene O'Brien. The singers will appear at the matinee and twice at night. They will render quite a pretentious programme of solos and duets. The first picture picture feature is a delightful as well as extraordinary show in all particulars.

**EVICTON BILL COMES UP AGAIN**

Mayor Fisher has a doubt whether the proposed school can be built before the end of June, 1925, and says the city should have the assurance, if it does decide to go ahead, that the grants will be available if the school were not actually ready for use on the date named. The Mayor also objects to the school board having a large over-draft at the bank, and does not favor its present application to the Legislature for authority to make a larger assessment.

**700 Passengers Are Landed at Halifax**

Halifax, April 7.—Seven hundred European passengers were landed here this morning from two trans-Atlantic steamers, the Norwegian American liner Stavangerfjord and the Anchor Donaldson liner Saturnia, the former from Bergen via Christiania and Copenhagen, and the latter from Glasgow via Moville. The majority were conducted parties of settlers for various points in Canada.

**Prince to Sail For Africa On May 2**

London, April 7.—(Canadian Press Cable)—The Prince of Wales will sail from Southampton on May 2 on the liner Arundel Castle to Port South Africa. He is scheduled to arrive at Capetown on May 19. He will spend three weeks in the Cape province and will then visit the Orange Free State, Basutoland, Natal, Swaziland, Rhodesia and Bechuanaland, sailing homeward from Capetown on August 1.

ROTARY TO PUT UP SIGN.  
At the Rotary Club luncheon today Lloyd M. Farquhar was in the chair. L. G. Goodie was elected a member. The building song was sung for the benefit of Rotarian Fenwick. The club resolved to erect a large road sign at the west side entrance to the city, for the benefit of tourists.

**CHIEF JUSTICE PRESENTS CASE**

Speaks to Rotary of Vocational School—Mayor Gives Views.  
A plebiscite is to be held on the day of the final election for members of the City Council on the question whether the city shall take advantage of the large government grant toward the construction and equipping and the teachers' salaries of a vocational school, knowing that at a later date no government can be got.

**THE COST IN TAX RATES.**

Assuming that the annual outlay would be \$50,000, the speaker asked what that would mean in terms of the annual tax bills. The total assessment of the city last year was \$2,974,550, and the tax rate three per cent would have increased \$688, not quite a tenth of one per cent. This would mean an increase of nine and one-half cents in every hundred dollars; ninety-five cents in one thousand, and nine dollars and a half in ten thousand.

**COMPARED WITH OTHER CITIES.**

To emphasize his point, Judge McKewen made some comparisons. St. John had last year a \$3 tax rate, of which 95 cents was for schools. Consider these comparisons, he said:  
St. John ..... \$3.00 \$0.95  
Windsor ..... 3.50 1.70  
St. Catharines ..... 3.95 1.55  
Hamilton ..... 3.20 1.19  
London ..... 3.70 1.39  
St. Mary ..... 3.60 1.57

**LECTURED OVERSEAS.**

After a most successful lecture tour on Canadian immigration through the British Isles Mr. and Mrs. W. K. MacKenzie arrived here on the Marloch today, returning to Ottawa to file their report with the Dominion Government Colonization Department. After visiting Ottawa will continue to their home in Rapid City, Manitoba, where they own a large farm.

**Safe Money-Maker Avon River Power**

Recent developments point still stronger to Avon River Bonds as a place to put idle or half idle money with certain safety and success. The good yield of 6 1/2 per cent. over 29 years is abundantly assured by the speed and extent of long term contracts.

KING HONORS ST. JOHN MAN'S SISTER

Awards Imperial Service Medal to Miss Winnifred M. Bodley.

When Frank E. Bodley of 25 Sea Street, West St. John, returned home on Saturday from England he was pleasantly surprised on reading through his mail to find a clipping from the Birmingham Gazette, Birmingham, England, which referred to his sister, Miss Winnifred M. Bodley, who has just rounded out 32 years of continuous service in the Birmingham post office.

"Thirty-two years' service in the same employ is a fine record, and it is finer still when achieved by a woman, as in the case of Miss Winnifred Maud Bodley, to whom the King has awarded the Imperial Service Medal for her work at the Birmingham general post office. In the words of the postmaster (Mr. Scott), 'It is a great honor to receive a medal, as it represents unblemished service. It is the best certificate of character for any man or woman.'

"Miss Bodley held the position of assistant supervisor in the telegraph department, which she reluctantly resigned a few months ago. She had not attained the age limit, but health reasons caused her severance from the work.

"A native of Birmingham, Miss Bodley's home for a long time was in the Sparkhill district, and at the time she commenced her career her father was also employed at the general post office at the money order counter. He had the fine record of forty years to his credit.

"The plans drawn by boys in the architecture and mechanical drawing classes have been approved by the West Orange Building Department and the New Jersey State Board of Education. All legal formalities necessary for official approval of the plans were completed.

"All carpentry, joinery, electrical equipment and plumbing will be done by the boys under the supervision of their regular instructors. The instructors, however, are not touching a tool except for demonstration purposes.

"As the boys make progress on the balloon problem, the building details of plumbing students is making preparations for a heating system involving a new-look hot water radiator to be piped to the school. The building will have three lecture halls and a large drafting room.

"The structure rises and is completed. It will have an immediate practical significance. The present capacity of the school is 120 pupils, and there is a long waiting list. When the new building is completed, the capacity will be increased to 225.

"Chester R. Hoag, president of the County Vocational School Board, and Sheldon W. Parker, Jr., principal of the school, decided to try the experiment early this year. When they viewed the work already done, they said they had no doubt that the experiment would succeed.

"The boys plunge into their work with enthusiasm, their songs and whistling rising above the buzz of saws and the clatter of hammers. They take turns at 'bossing' and considerable rivalry has been evidenced by the youthful foremen in getting in good time sheets.

"Officials of labor unions who have watched the work are agreed that the students who will have had the good fortune to work 'on the job' will be more than mere apprentices when they finally go out to earn their living.

"DOCTOR WAS INJURED. Dr. A. T. Leaterbarrow, of Hampton, met with a painful accident on Wednesday last when he was hastening to St. Martin's, via railway trolley, to attend Miss Hilda Vaughan who had been set with appendicitis. When nearing his destination the trolley ran into a snow bank and the doctor was thrown headfirst, lighting on some

PUPILS PLAN AND BUILD OWN SCHOOL

20 W. Orange Youths Mix Enthusiasm With Learning and Service.

Newark, N. J., April 7.—An experiment in vocational education, observed closely by all parts of the State, is being made by the Essex County Vocational Board at West Orange. Twenty selected pupils of the technical school ranging in age from 14 to 18 have been entrusted with the work of constructing a \$10,000 school building to increase the capacity of the school.

From drawing of plans to tightening the screws in the last doorknob the schoolhouse will be the work of boys, many of them in short trousers, getting first-hand instruction in the art of earning their own living with hammer, saw and square, trowel, brush and wrench. Plans drawn by the boys call for a two-story frame building, 26 x 69 feet, on a plot in the rear of the present Valley road school.

The plans drawn by boys in the architecture and mechanical drawing classes have been approved by the West Orange Building Department and the New Jersey State Board of Education. All legal formalities necessary for official approval of the plans were completed.

All carpentry, joinery, electrical equipment and plumbing will be done by the boys under the supervision of their regular instructors. The instructors, however, are not touching a tool except for demonstration purposes.

As the boys make progress on the balloon problem, the building details of plumbing students is making preparations for a heating system involving a new-look hot water radiator to be piped to the school. The building will have three lecture halls and a large drafting room.

The structure rises and is completed. It will have an immediate practical significance. The present capacity of the school is 120 pupils, and there is a long waiting list. When the new building is completed, the capacity will be increased to 225.

Chester R. Hoag, president of the County Vocational School Board, and Sheldon W. Parker, Jr., principal of the school, decided to try the experiment early this year. When they viewed the work already done, they said they had no doubt that the experiment would succeed.

LECTURE COURSE COMPLETED.

Rev. Dr. W. H. Griffith Thomas, of Philadelphia, closed his week of Bible study addresses in St. John's church with two memorable addresses yesterday. The capacity of the church was taxed. In the morning Dr. Thomas preached a companion sermon to a previous address, "He went away sorrowing." His text yesterday was "He went in his way rejoicing." The two addresses dealt with the story of the rich young ruler and the story of the manna baptised by Philip.

and have occupied that position from the beginning. All the details of this new Utility are necessarily familiar to me. While some have had a great deal of the THEORETICAL work of seeing it installed in the homes of our people besides the initial labors of helping launch the project, the Government of New Brunswick has handed us Hydro, St. John's city has purchased it, and if this important public work is being considered as bearing upon the candidature of those offering for public service, may I be pardoned for mentioning the above. I have no petty canvases, no rough knocking tactics to employ, no axe to grind. Neither has my esteemed colleague, Mr. Ralph McInerney, offering for Commissioner or class of citizen and have no oldtime speech-material to inflict on you or political pests to live down.

Head Pain and Nerve Strain

If the eyes don't hurt 'right in front,' seldom ever do we suspect them. If the pain occurs instead deeper in the head, we look far—rather than near—for the cause.

Fortunate are those who some day read or hear a hint like this—that Eyestrain is not always felt in the eyes, but more in the head and nervous system. Quite naturally, too. It costs nothing to talk to Sharpes.

\$1,150 RAISED FOR FREE MILK FUND

The sum of \$1,150.26 was added to the fund for free milk to babies, maintained by the Local Council of Women, as the result of the tag day on Saturday. The taggers met with a ready response from the citizens, and as a large corps of workers was on hand it was possible to complete the work early after dinner. At the present time 88 babies are receiving milk through the aid of this fund.

DAMAGED IN DOCK.

While the dry dock was being flooded yesterday afternoon to allow for the taking out of the Canadian Conqueror the gate lifted and allowed a rush of water to come in. The gate was swung against the stern of the ship and of the propeller blades broken off and the rudder bent. The ship will be placed in the dock again today and the rudder and propeller repaired.

IMMIGRANTS BEING PLACED.

Several of the young Irish immigrants who arrived here a few days ago, says the Moncton Times, have been given work at Hillsboro, Melrose, Sussex and elsewhere. Others have gone to Toronto. About a dozen who are still in the city expect to get employment on farms in this district.

EVIDENTLY FALSE ALARM.

The police searched for some time early yesterday morning in an attempt to solve a mystery which they thought at one time might involve an attempted murder. About 4 a.m. two shots were heard and a cry for help by the officer at King Square and some men at the central station. The vicinity was carefully gone over but no sign of anything out of the ordinary could be found.

Germany have the money to feed their own hungry, but they prefer to keep their coin and advertise in their countries the sufferings of a part of their population which could well be relieved at home.

In poor Berlin a prize-fight draws a crowded house at from two dollars to thirty dollars a seat. In that great-throng collectors went about asking for money to help starving children. They picked up a total of 104 gold marks.

MORE THAN ONE STRING.

Under the suggestive headline "Coquetting With Congresses" the Presbyterian Witness tells us, "pouched for by a trustworthy correspondent."

"A vacant charge, commendably anxious to secure a pastor with the minimum of delay, decided to call the first candidate heard, who should be generally acceptable, and who was willing to give assurance of favorable consideration of a hearty call."

These are delicate matters for the press, but we infer that the minister with more than one string to his bow, or who encourages bids with the intention of accepting the best of what is short, "coquettes with con-

WILL PROVIDE NEARLY 300 MORE BURIAL PLACES IN FERNHILL

Directors Review Work and State Plans for City of Dead.

In presenting their report to the lot-holders of Fernhill, the directors, at the annual meeting held this afternoon in the Board of Trade rooms, call attention to the fact that it is the 16th since the opening of the cemetery, and that J. P. Clayton, the superintendent, has been 30 years in the employ of the company. Provision of new lots is referred to. The report goes on as follows:—

Financial. The secretary-treasurer has submitted detailed statements of receipts and expenditures, with balance sheet for year ended February 29, which have been examined and found correct by the auditor, H. R. Sturdee. Receipts from all sources show an increase over previous year, including about \$10,000 more from sale of lots, while expenditures have been less. We paid out \$10,641 for labor—slightly less than last year—in addition to which are charges for salaries, feed, lawnmowers, tools and repairs. The perpetual care fund has increased by \$7,800, and now stands at \$151,000, invested in government and

municipal debentures, representing over 1,600 lots and over 300 monuments. The directors again urge all lot-holders to take advantage of this excellent system and place their lots under perpetual care; a distinct advantage to the owner, besides helping to beautify the cemetery for all time. It is pointed out, relative to leaving this important matter until after death, that executors have no power to place lots under perpetual care or erect monuments unless especially authorized by will. Many lot-holders pay for annual care, but this really covers only grass cutting, while the yearly amount is nearly as much as the interest on the capital sum expended for perpetual care.

New Lots. Mention was made in the report last year of intention to develop a section on Water avenue and Park lane to provide for the demand for cheaper lots, so a considerable amount of work has been performed on this plot during the summer. Trees and stumps have been removed, the ground cleared and filled in; projected paths drained with six-inch pipes, in addition to two large drains on eastern and western sides; and water has been led from the main, with galvanized pipes, to supply the whole area. When finished, this section will provide nearly 300 lots and open up a new part of the

cemetery with additional entrances from Old Westmead road. Two plots of these moderate priced lots are now ready for sale. The section of new lots east of the main avenue is completed, and is nearly all sold. Another plot, 80 by 60 feet, east of the Hazen avenue section, has been sold to the Hebrews, and is known as the "Cheva Kadisha" plot—and is in the course of development and completion.

Neglected Lots. A resolution regarding the restoration of neglected and uncared for lots was passed at the annual meeting of lot-holders last year referring the matter to the incoming lot committee, with power to act, and in accordance therewith this committee made a start on the section bounded by Hill avenue, wherein are the graves of many formerly prominent citizens. Where representatives of former owners could be found, permission was obtained to remove unlighty fences and fallen monuments—the actual cost being paid by them—and if no owners could be found, similar work was performed. In both cases the value of old iron fences and stone copings was used towards improving the lots and re-erecting monuments. Inspection of this plot is invited by the directors to view the improvements made. The directors hope to treat other sections of the cemetery in the same manner this season.

Improvements. Oak avenue, connecting Maple and Water, has been opened and completed and makes a pleasing background to the section near the field of honor and the rest-house, besides giving easier access to the new lots in that section. Two concrete markers with names of paths have been made and are being placed, which will facilitate location of paths. The directors also have been found of great use. The superintendent's residence and the rest-house have been painted, many dead trees cut down and sold for firewood, and a new stove installed in the chapel, which, with the receiving tomb, continues to be appreciated at funerals during the winter months. A new flag for use on the naval and military plot has been procured for use at the graveside in wet weather and have been found of great use. A new flag for use on the naval and military plot has been procured for use at the graveside in wet weather and have been found of great use.

Graves of 55 Veterans. The naval and military plot now contains 55 graves, of which 49 are marked by the regulation headstones supplied by the Imperial War Graves Commission, leaving six without any marker; as those interments are not within the regulations of the War Graves Commission of the Militia Department, efforts are being made through the Great War Veterans' Association to have these six stones erected. To preserve the symmetry and appearance of the plot, future interments for which stones of a different pattern may be erected, will be in a separate part of the section.

The Field of Honor was decorated as usual by the Knights of Pythias and Sons of England, and on Armistice Day a memorial service was held by the Imperial Order Daughters of the Empire.

The usual work of caring for the lots and flower beds, building drains and placing foundations for monuments, has been performed during the year as well as weeding and repairing avenues and paths, of which there are more than 50 miles. The superintendent and staff have been careful, painstaking and faithful in carrying out their work, the result of which the directors say must have been noticed in the improved appearance of the cemetery last season, despite the very dry summer, when it was impossible to water many parts of the grounds. The details and work of the office continue to be carefully and scrupulously performed by the secretary-treasurer.

DEATHS

Fred Smith. The death of Fred Smith, aged 61 years, occurred at the Home for Incurables on Saturday. He had been an inmate of the home for the last eight years and leaves a wife, one son, Fred, Jr., and two daughters, Misses Winifred and Lillian, of this city.

James McLean. James McLean died at Truro on April 5, after a lingering illness. He was by trade a machinist. He was approximately an accomplished term at the Denings yards in Dumbarton on the Clyde. He returned to St. John for some time was employed with the Phoenix Foundry here. He accepted a position with the Londonderry Mines, N. S., and afterwards was attached to the mechanical department of the Dore Brothers, Londonderry. He carried on the Waverley House at Londonderry until he was burned out several years ago. For years he was a councillor for Londonderry in the Colchester County Council, and latterly was on the mechanical staff of the Truro post office. He leaves a widow, one son, one daughter, two grandchildren, one sister and one brother, Harry G., of Sussex.

Mrs. George Bettles. St. John friends will hear with regret of the death of Mrs. Emily Bettles, wife of George Bettles, of 56 A. Colonial avenue, Montreal, which occurred yesterday morning. Mrs. Bettles for many years spent the winter months in St. John with her husband, who is head checker for the C. P. R.

Mrs. Emily Alice Vaughan. Many friends in St. John will regret to learn of the death in England on March 21 of Emily Alice, widow of David Maurice Vaughan. Mrs. Vaughan was born in St. John, a daughter of the late George F. and Mary A. Vaughan, and is survived by one brother and two sisters, Mrs. Charles A. Palmer and Mrs. Sanction, of St. John, and Mrs. James Henderson, of Derry, N. S. She also leaves two sons, Walter S. and Percy, and three grandchildren, all of Liverpool, England. Interment took place in England.

Mrs. Henry Jennings. The death of Mrs. Henry Jennings in the ninety-fifth year of her age occurred yesterday at the home of her daughter, Mrs. J. W. Cook, 68 St. John street, West. She was a great grandmother and in addition to six sons and three daughters leaves to mourn her loss, several grandchildren and great grandchildren. The sons are Robert, John and Ellis, of West St. John; Harry, of Lynn, Mass.; and Thomas and William of Bathurst. The daughters are Mrs. J. Pike of Portland Me.; Mrs. S. Bateman of Bathurst and Mrs. J. W. Cook of West St. John. The funeral will be held from the residence of her daughter, Mrs. J. W. Cook, on Tuesday afternoon at 2:30 to St. George's church where services will be held at 3 o'clock.

FUNERALS. The funeral of Constance Marguerite Rourke, daughter of Mr. and Mrs. Andrew H. Rourke, of Mill street, Fairville, was largely attended yesterday. Rev. H. A. Goodwin, pastor of Portland Methodist church, assisted by Rev. James M. Rice, of Fairville, conducted the service at the home of her parents at 2 o'clock. The choir of the Fairville Methodist church sang and the young Sunday school classmates of Constance and members of the Fairville Superior School marched in the funeral interment was made. There were many floral tributes from friends.

TO MEET THE CANDIDATES. The candidates of the Civic Progress Party, Ronald A. McAvity and Ralph G. McInerney, will be present at the North End headquarters, 447 Main street, this evening after 8.

Advertisement for Parker Duofold's Tip. costs us \$2340 a pound. Three Times More Than Ordinary Pen Points. And We Guarantee It For 25 Years' Wear. No other part of any pen is so important as the point. And the Parker Duofold point has now astounded the world. It's a point of extra thick gold with a fused-in tip of select Iridium—hardest metal known. This tip alone costs us \$2340 a pound—three times the cost of ordinary Iridium. It's as smooth as a polished jewel bearing, so needs no "breaking in." It suits all hands; and no style of writing can distort it—hence a pen you can lend without fear. Five times trained experts inspect it. And every Parker is filled with ink and tried on paper, before the final O. K. Parker Duofold is really a \$10 pen at \$7. It's the most economical you can own, for we guarantee this point 25 years—not only for mechanical perfection—but wear! You would wear out several ordinary pens before that. Its black-tipped lacquer-red barrel is handsomer than gold and hard to lose. It has Over-size ink capacity; a balance that your hand can't get away from. But you can't get this barrel and this point in any pen but Parker Duofold. So look for this imprint—"Geo. S. Parker—DUOFOLD—Lucky Curve." Look carefully, and avoid pens made to deceive. CAMP COMPLETED. The church camp, near Drury Cove, erected by the Boy Scouts of Centenary church, had been completed and was considered quite up-to-date, warm and comfortable, Rev. Robert G. Fulton announced yesterday at the regular services of the church. The camp was originally for the boys, but the C. G. I. T. groups had laid claim also, and it might well be called a church camp, he said. It is 16 by 20 feet in size and has a verandah all along the front. There is a slight indebtedness upon the camp, which Rev. Mr. Fulton said he felt sure the congregation would soon dispose of. The deep snow prevented use of the camp for the last two weeks, but all were hoping to begin their hikes to this pleasant spot very shortly.

APPOINTMENTS BY K. OF C. DIRECTORS

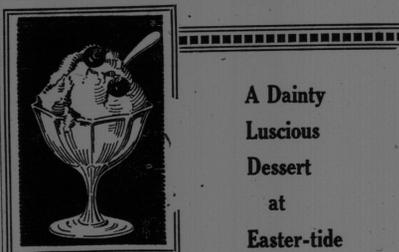

Montreal, April 6.—At meeting of the supreme international board of directors of the Knights of Columbus held here Saturday and today, Dr. E. W. Fahey of St. Paul, Minn., was appointed supreme physician of the order.

FABLES ON HEALTH Beware of Dust Germs

When Mrs. Mann turned to her spouse upon a certain Saturday afternoon and bade him go and the carpet beater, there was no longer any doubt in Mr. Mann's mind.

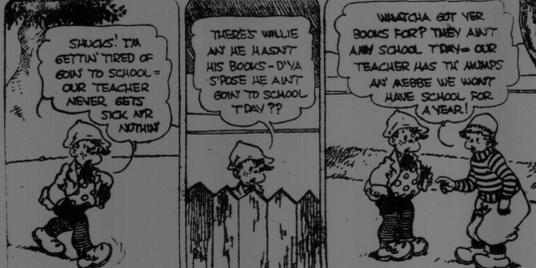

DECLARES PULPIT VACANT. TO UNITE FOR SERVICES.

Rev. William M. Townshend, interim moderator for St. Matthew's Presbyterian church, took charge of both services yesterday, and formally declared the pulpit vacant.

The Daily Miracle

To work at high pressure throughout the day, snatching a hurried lunch; to have enough vigour left to enjoy a full evening's amusement or recreation; to go to bed tired, and at once to sink into an untroubled sleep; then to wake betimes, refreshed and alert, all eager to taste the bracing joys of another strenuous day—that is the Daily Miracle.

Social Notes Of Interest

Mrs. George F. Smith and her daughter, Mrs. Norman Guthrie, were guests of honor at an informal tea last Thursday, given for them by Mrs. Fred Toller, in Ottawa.

Miss Josephine Flood, who has been visiting in Barbadoes all winter, the guest of her brother, Mr. E. H. S. Flood, Canadian trade commissioner for the British West Indies, and Mrs. Flood, will arrive today on the Chateau, and will take up residence again at her apartment, 70 Wentworth street.

Mrs. W. H. Barnaby arrived home yesterday at noon, after spending several weeks with her daughter, Mrs. T. Ryder and Mr. Ryder, at their home in Montreal.

Mrs. L. M. Curran entertained the choir of Centenary church last Friday evening, prior to her leaving for Europe on Friday of this week. Refreshments were served after rehearsal. Rev. and Mrs. Robert G. Fulton were guests for the occasion.

Mrs. C. J. Osman, who is at the Royal Hotel, has just returned from a trip through the Panama Canal. En route home Mrs. Osman spent some time in Boston and was for a few days in New York. Her son and his wife, Mr. and Mrs. Conrad Osman, returned a month ago, having accompanied Mrs. Osman to the Panama. After a trip to Fredericton, today, Mrs. Osman will return to her home "Granlidden" in Hillsboro, Albert county.

Badminton was largely attended at the armory on Saturday afternoon, when Mrs. A. West Murray and Mrs. James Gilchrist presided over the tea cups. Among those enjoying the afternoon were Lt-Colonel Herbert G. Sparling, Major and Mrs. E. Raban Vince, Captain and Mrs. H. A. Campbell, Captain and Mrs. Gerald F. Purlong, Mr. and Mrs. Geoffrey Stoad, Mrs. Campbell Mackay, Mr. and Mrs. W.

GILLETT'S 100% PURE FLAKE LYE

This famous household cleaner and disinfectant is now made in Crystal Flakes instead of powder. It is the best household lye on the market. Use it for cleaning and disinfecting sinks, closets, drains, etc.; softening water; making soap; cleaning floors, greasy pots and pans, etc.; removing paint, etc.

Avoid inferior and dangerous substitutes. Get the genuine article in cans as reproduced below.

Overblouses Are Back

The separate blouse, after having been ignored by fashion for a few seasons, is now getting more than its quota of attention. While the tailored blouse of silk, linen or batiste is greatly in demand now, the semi-tailored blouse that may be worn with a separate skirt without a coat is bound to eclipse it later, when coats are not so welcome as now. Here are three of the latest inspirations in overblouses: One is a glorified midly blouse of soft supple silk with a feminine touch in the bows on the cuffs and a monogram at the side. A tailored blouse that will be equally smart under the coat or without it is of striped silk with pockets and glass buttons and an embroidered flap. For more festive occasions is the model of striped pussywillow with the bateau neckline and the long fringed sash ends.

Mr. and Mrs. Reginald F. Wright, Miss Clara Schofield, Mrs. Harold Chadwick, Miss Helen Sidney-Smith, Mrs. Hugh Bruce, Miss Gladys Hegan, Miss Audrey McLeod, Miss Grace Robertson, Miss Elizabeth Foster, Miss Margaret Day, Miss Beryl Mullin, Miss Hortense Maher, Miss Royce Carter, Mr. John McCreedy, Mr. Charles Botwick, Mr. Gerald Anglin, Mr. J. Harley, Mr. Don Skinner and others.

Miss Audrey Campbell, of 243 Duke street, West St. John, was a charming hostess on Saturday afternoon at her home at the tea hour in honor of Miss Marjorie Sancton, who is to be married later in the month. Miss Sancton received with the hostess. The rooms were prettily decorated with spring flowers and the tea table centred with the artistically arranged flowers. Mrs. W. J. McGiffin and Mrs. J. Pitts Britain presided over the tea cups and were assisted in entertaining by Miss Muriel Rogers, Miss Elsie Rogers, Miss Hilda Beaty and Miss Florence Coester. About 35 guests enjoyed the afternoon and extended good wishes to the bride-elect.

Mr. and Mrs. W. B. Tennant have returned from their trip to the south, where they spent several weeks. They visited Boston, Washington, D.C., and then went to Pinehurst, where they enjoyed the fine weather. There was, however, much more snow than usual, they said. It snowed very many mornings, but the sandy soil made going quite easy in the afternoons, when the snow disappeared before the sun as suddenly as it had come. They visited Atlantic City en route home.

Mrs. Lester Mowry was hostess at a delightful bridge at her residence on Metcalf street, Saturday afternoon when the guest of honor was Miss Katherine E. Murdoch, who received a shower of gifts after the bride. Miss Murdoch's marriage is to take place this month and she was made the recipient of many beautiful gifts, including cut glass, china and silver. Dainty refreshments were served. Those present were Mrs. John Armour, Mrs. Charles Cameron, Mrs. Henry Wilson, Mrs. James Dever, Mrs. Arthur Grant, of St. Andrews, Mrs. George Day, Mrs. Joseph A. Murdoch, Mrs. Frank L. Vincent, Mrs. Charles Harrison, Mrs. Lorne Mowry, Mrs. William Edgett, Mrs. Kenneth Storey, Miss Helen Miller, Miss Florence Cronk, Miss Frances Murdoch, Miss Helen Woodrow, Miss Verta Roberts, Miss Katherine Goodrich, Miss Jessie McLellan, Miss Dorothy O'Connor and Miss Irene O'Connor. The prize winners at bridge were Miss Armour, Mrs. Cameron and Miss Helen Woodrow. The hostess was assisted in serving by Mrs. William Edgett, Miss Frances Woodward and Miss Irene O'Connor.

PULPIT CHANGES. Interdenominational pulpit exchanges were made on Sunday morning between Rev. C. T. Clark, of the Fairville Baptist church, and Rev. J. M. Rice, of the Fairville Methodist church, and between Rev. J. S. Bonnell, of St. Andrew's Presbyterian church, and Rev. Dr. S. S. Poole, of Germain street Baptist church.

VISITING MINISTERS SPEAK.

In St. Coloma Presbyterian church Fairville, yesterday Rev. R. Moorhead Legate, of Knox church, was the special preacher in the morning, and had for his subject "Self-denial." The choir sang the anthem "Take Time to be Holy" in the evening the preacher was Rev. Dr. William Farquharson, Presbyterian port chaplain, who spoke on "Stephen's Victory." The anthem sung in the evening was "Welcome Home."

SPEAKS IN ROTHESEY.

Rev. Dr. W. H. Griffith Thomas, of Philadelphia, gave a special address to the boys of the Rothersey Collegiate School on Saturday. Dr. Thomas was accompanied by Rev. Mr. and Mrs. A. L. Fleming, Rev. Canon R. A. Armstrong and Rev. Canon A. W. Daniel. While in Rothersey he was accompanied by Rev. Dr. and Mrs. W. R. Hibbard.

PREACHES AT CENTENARY.

In Centenary church yesterday Rev. Robert G. Fulton, pastor, gave a brief resume of the Lord's Prayer, on which he had preached during the Lenten weeks. He dwelt particularly on the words: "For Thine is the Kingdom, the Power and the Glory, world without end, Amen." He said that this had been added as the doxology of the prayer. Robert Irvine, tenor soloist, sang, "Be Thou Faithful Unto Death." In the evening Rev. Mr. Fulton preached on "Meeting the Inevitable." Plate's decision as to the disposal of Christ was the theme. Mrs. L. M. Curran sang.

WERE IRREGULAR IN WALL STREET

Prices Show New Low for Chandler—Some Were Higher.

New York, April 7.—Stock prices were irregular at the opening of today's market. Selling pressure was renewed against the Independent steels and motors.

Chandler touching a new low at 4 1/2, and Stewart-Warner dropping 1 1/2. American Waterworks advanced 1/4 on publication of a favorable 1923 earnings report and General Electric advanced 1/4.

Montreal, April 7.—A four point loss by Illinois Traction was the outstanding feature of this morning's first half hour's trading on the Montreal Stock Exchange.

Exchange Today. New York, April 7.—Sterling exchange firm. Demand rates (in cents)—Great Britain, 4.34; France, 8.31 1/2; Italy, 4.45; Germany (per trillion), 21. Canadian dollars, 21-16 per cent. discount.

International Paper. New York, April 7.—Reflecting the improvement in the paper industry in the past year, net income of the International Paper Company for 1923 totalled \$3,892,641, after allowance for interest, depreciation and adjustments.

AUTO OUTPUT CUT AS SALES FALL OFF

April Production in United States Not Expected to Equal March.

New York, April 7.—A marked curtailment in the buying of automobiles is causing some manufacturers to make sharp cuts in their April production programme, and it is now considered very unlikely that the output this month will come up to the high record of 387,435 cars established in March.

One banker who is familiar with the automobile situation said that the decline in sales had gone beyond expectations, but he added that he did not expect any serious results in the industry as a result, provided April production figures and those of the following months were curtailed considerably below preliminary schedules.

Both automobile manufacturers and bankers are at something of a loss to explain the reduction in buying. Unfavorable weather conditions in March are believed to have played some part, but it is thought that a new spirit of caution, such as that which entered into industry about this time last year, is the chief reason.

A STRONG INDUSTRY

Newsprint is one of the very few Canadian industries which can compete with American manufacturers in their own country on an equal footing, and it is expected that it will not be long before it reaches an even stronger position than that, owing to the diminishing supplies of wood across the border.

APPEAL FOR AID OF Y.M.C.I. IS MADE

Letter Asking Support is Read From Catholic Pulpits

A letter from the directors of the Young Men's Catholic Institute, urging support from all the Catholic population of the city, was read in the Catholic churches of the city yesterday.

The letter appealed particularly for support by the congregations of the coming exhibition of the physical classes which will be held late this month, and it was announced that a strong committee representing the Catholic women's societies of the city was co-operating in the sale of tickets.

A strong appeal was made to the men of the parish in the Cathedral yesterday to join in greater numbers the Holy Name Society. It was pointed out that there were 1,600 families in the parish and that if every family were represented, the roll of the society would contain at least 1,600 names.

The fact that 1,600 men would go to Holy Communion in a body on the second Sunday of every month would be an example to the parish and an object lesson to the city as a whole, it was said. An appeal was also made to the women to exert every effort to induce their husbands, sons and brothers to join the society.

HOW FAT ACTRESS WAS MADE THIN

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced steadily and easily by using this form of the famous Marmola Prescription Tablets several times a year, keeps her weight just right. Was Constipated For Several Years

If you have suffered from constipation for years, tried all kinds of remedies without getting relief, if you have been subject to all the miseries associated with constipation, wouldn't you consider it a blessing to be able to keep the bowels regular and in a good healthy condition and prevent disease getting a foothold on your system?

Milburn's Laxa-Liver Pills are indicated just for this purpose; their regular use relieving the worst cases of constipation.

Mr. M. Hecican, Sudbury, Ont., writes: "I have been troubled with constipation for several years. I began to use Milburn's Laxa-Liver Pills and find them to be the best remedy I have ever used for regulating the bowels and liver. I always keep them now and recommend them highly."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CIRCUS FOLK SEE COMRADE BURIED

Attend the Funeral of Billy Showles, Old Time Famous Rider.

Circus folk, says the New York Herald-Tribune, went to 233 Eighth avenue yesterday to say good by to a man who had once been one of their number. The saddest thing has ever happened to a circus man, and the Eight Avenue undertaking establishment has seen few such services as that held there yesterday.

It wasn't a service in the strict sense of the word. About 100 persons, many of them circus performers of the past or present and most of them friends of Billy Showles when he was a bareback rider with no superior, swarmed into the small funeral rooms and talked of Gilly Showles and heard a service read by the Rev. Dr. J. B. Wasson, of the Strangers' Welfare Fellowship.

The mourners talked of Billy and his exploits, of the many feats he had performed, of the many good deeds he had done, of the innumerable friends that he had won. It is a big hearted business, the circus business, and they recall that one of the biggest hearts of all belonged to Billy Showles. There were few flowers because they

HIT BY WHIRLING BRAKE, HURT

When the hand brake unexpectedly whirled round and struck him in the stomach, Edwin C. Clark, 82 Watson street, West St. John, motor conductor on a West St. John car, was hurled from his regular place back into the main body of the car and injured.

This accident occurred Saturday evening in Douglas avenue on a trip to Carleton. Clark immediately got to his feet and went back at the brake but in some manner was struck in the arm and injured so badly that he had to pilot the car the rest of the way to the barns with one hand, using the controller in reverse instead of a brake. He will be unable to work for several days, it is thought.

Cycling Safer Than Walking

A CHILD who suddenly darts out from the sidewalk into the road in a game of tag, or one who jumps from behind a standing vehicle, is far more likely to be run down by a motor car than a child on a bicycle.

In fact, Police Statistics show that cycling is safer than walking both for adults and for children. Take the City of Toronto, for example, where the traffic is as heavy and congested as in any place in Canada. The carefully kept records of the Toronto Police Department shows that out of a total of 2,173 accidents of various kinds in 1923, cyclists were only involved in 42, and 36 of these were cases of collisions of cyclists and pedestrians. There were practically no accidents between motorists and cyclists. Cycling in smaller cities and in the country is even safer than in Toronto.

There are good reasons why Cycling is Safe. A child on a bicycle has his attention on riding and watches traffic closely. A child on the sidewalk is very likely to engage in some game that makes him forget himself and run carelessly into the path of motor cars.

had been sent to Billy before his death at Bellevue last Monday. He'd said he wanted to enjoy them while he could and his friends knew he meant just that. Those who came for the funeral of this former champion bareback rider whose last ten years had been occupied with the humdrum duties of an elevator operator, included clowns and ex-clowns, bareback riders and ex-bareback riders, an aerial performer or two, a ringmaster of other years, an old-time circus publicity man, a side show attendant, a race horse trainer and an ex-jockey.

The pallbearers were Sam Scriber, Eddie Silton, Harry Clares, close friend of Billy in the old days; Jack Warren, George Richardson and Frank Parrell. Members of the family went to the undertaking rooms from the Showles home at 211 West Sixtieth street. Many representatives of the Ringling Brothers-Barnum and Bailey Circus attended. The body was sent to Long Branch, N. J., and burial will be today.

For the Boudoir Beautiful

Whether you select a complete suite in one of the beautiful period designs, such as Louis XVI, Queen Anne, Adam or some other favorite period, or for variety's sake, furnish a bedroom around a four posted bed, you will find here the most pleasing assemblage to choose from. One of the favorites today in the boudoir is the semi-vanity or full vanity dresser, similar to our illustration. Prices for this wonderful type of bedroom furnishings are much more moderate than you would expect, and we will consider it a pleasure to show you some unusually attractive new arrivals.
