time last year. There was an increase of 8,061 from Britain and a decrease of "I will be with you at once," said Bigelow. Then he kissed his wife and left with the officer. None of Mr. Bige 1,447 from the States. low's friends were in the court room du ing the brief readings. Henry Goll, as-sistant cashier of the bank, was also indicted on the statement of President Bigelow that he was aided by Goll in concealing the shortage.

The method adopted was an old one Collection accounts were manipulated an even 50 per cent. to make it appear that the reserve fund was intact, and the amount of the increased special stock operations. The reserve maintained in the bank was tampered with, the books of the First National Bank abandoned. being so fixed that the reserve ap peared to be larger by several thousand dollars than it really was. Those and other methods were pursued by Bigelow in securing money from the bank Two bookkeepers were also implicated in Bigelow's statement. The bookkeep ers acted on the orders of Bigelow and they have not been discharged nor su pended and they will be called as wit-nesses in the criminal proceedings against Bigelow. The first intimation

that there were irregularities came to a director on Friday evening when an employee of the bank gave Mr. Pfister information sufficient to investigate. As soon as the director ascertained the full extent of the peculations, steps were taken to protect the depositors and other

ent rise of ten cents a bottle of Loch Katrine whiskey merely limited my hospitality in the case of the next clergyman who called upon me. I may therefore claim in the following narrative of a short experience with the electric company rather the status of a benevolent. opher than of a common board of trade faddist or crank. It adds a little to the humor of the situation that I myself have promoted and been a director ssful electric light company. of a succ but only for the "shekels." I never used Uthat illuminant in my own house, until lately. in the following circumstances: are a common-sense people, well balanced stitutes the boundary.

THE AUTONOMY BILL.

Last fall the spirit moved me, a countrified, careless man, to rent a small and quite capable of reaching conclusions DISALLOWANCE AND house in Victoria, really for use as a den, npon any subjects independent of interor office. There were electric fittings in ested advisers. The incendiaries hoped it-a crablike metallic apparatus in the to fire the heather and create a national hall, and long tentacles in the rooms, which I did not favorably regard. Curiconflagration. But the ill-meant camosity prompted me, however, after a time, to try a light, which they told me at the paign has ended in a great cloud of company's office might cost from 50 cents smoke. to 75 cents a mouth at that season. The

The inciters to strife have been very ant sent in was for over \$8.50 a careful not to publish the facts in conmonth, or more than \$100 a year, for single, ordinary light, hardly ever used after 10 or 11 o'clock p.m. I suggested nection with this Northwest school question. The said facts have been repeat- have been established between Great that they must be charging to me light used by a previous occupant, but neither edly set forth by the members from the on that point nor on any other have I territory chiefly interested-the reprebeen able to get any explanation from the company. I might have stopped the sentatives who will be called to account for their actions when they appeal for Orient, teeming with millions whose in action. He must be free to follow the light then, but, not minding a few dollars for the experience, I let it go-and afterwards, shut up the house and left town for six weeks. On my return I again used the light. My absence and the non-use of the light seeming to make no difference in the cost, and all com-plaints being ignored, and even the money sent to the company being unacknowledged, I deemed my experience sufficient. Nevertheless, more than three cation clauses of the Autonomy Bill, not act of culpable stupidity. weeks after my connection with the com

pany had ceased, an intruder was dis- a Tory in the land could be found with The acts were disallowed, beyond men find after practical experience that covered in the hall gazing at the meterrod, and wiggling a long pencil. Him I removed, with polite haste, through the Conservatives excuse their pusilanimity this question when he was Secretary of

The coarse glare of this electric light, so far as I can judge-as one with strong sight, who has never used eyeglasses for reading or writing-is more suited for streets, halls, churches, hotels, shops, stables or searchlights than to illuminate domestic rooms. As in a landscape, we want in a room both light and shade. The electric light makes the eyes of the old more bleary, and appears to me to have an injurious effect on the cyes of the young. Victoria has a slimate and surroundings naturally grateful to the human eye, yet one of the notable facts. The defeat of the have an injurious effect on the cyes of the young. Starch the world over a substantial reduction in the majority he was elected by at the general election, would have been a human eye, yet one of the notable facts. The defeat of the have an injurious effect on the cyes of the obnoxious measures were disallowed by the superior authority action would have been a human eye, yet one of the notable facts. The defeat of the provide over a substantial reduction in the majority he was elected by at the general election, would have been a human eye, yet one of the notable facts. The defeat of the provide over a substantial reduction in the majority he was elected by at the general election, would have been a warning to the government that its the immigration complained of by British

# WEEKLY WEATHER SYNOPSIS.

#### Victoria Meteorological Office, 19th to 25th April, 1905.

Weather conditions on the 19th and 20th were unsettled over the province owing to the approach of an ocean disturbance on the northern coast which moved downwards through British Columbia to the middle plateau states. Light rain fell along the Straits, and heavy good rains in California er in the province for the Easter season;

Victoria.

fresh to strong local winds and squalls, accompanied with rainfall, which at Port Simpson was excessive, reaching 1.26 inches in the 24 hours. There was also a marked fall in temperature at nearly all .Western stations; on the same morning a thunderstorm occurred at Barkerville. In the Northwest there has been little precipitation; the weather has been chiefly fair, and temperatures at one time rose much above normal, though becoming cooler towards

At intervals light frosts have occurred on the higher levels of the plateau districts. and on the 19th severe to killing frosts were reported in the states adjacent to the

At Victoria, 60 hours of bright sunshine were registered: the highest temperature was 71.0 on 23rd; and the lowest, 46.2 on 20th: rain, 0.10 inch.

ure, 78 on 24th; lowest, 40 on 21st and 22nd: rain, 0.60 inch.

24th: lowest, 40 on 24th: no rain. At Barkerville, highest temperature, 66

ductor, Gideon Hicks, to his soloists and to the choir of 160 voices assisting. The music was a treat, and representative. to an appreciable extent, of the talent to be found in British Columbia's capital. It is often said that no other city in the province is so fortunate in this respect, and it is safe to say that nowhere else on e coast does musical enthusiasm run se

The "Messiah" is Handel's greates oratorio, and he has composed many

ones. It is a work that has been sung in all countries for the last hundred years, being particularly in favor on some festival occasion. It is an oratorio herefore that has stood the test of time Given last evening it appealed strongly to the imagination of all who listened at tentively to its triumphant notes. The udience was not as large as those de

sired, who have labored so painstakingly n preparing for its presentation, but the applause frequently given was of the spirited kind that made up for much that might have been wanting in the way of A huge platform was erected for the

ecasion, and at the foot flowers were placed, the whole presenting, when horus and soloists were in position, a most impressive scene, to which, it is hoped. Photographer Maynard will do full justice in the picture taken of the just after the performance.

Mr. Hicks made a happy selection of

his soloists. They were all in splendid
