

SOCIALISM IN CAPE BRETON.

Fully a Thousand People Subscribe to the Party Organ.

Conditions in the Mining Island Are Favorable to the Propagation of This Doctrine.

SYDNEY, C. B., Feb. 6.—Socialism is spreading in some parts of Cape Breton with a rapidity that is causing alarm to those of the people who are still wedded to the puritanical ideas handed down to them by their forefathers.

The era of socialism in Cape Breton is still only in its infancy, being first inaugurated in the town of Glace Bay a little over a year ago.

The socialists are not without friends at court. A few days ago a prominent layman of the Presbyterian Church publicly endorsed the Marx theory of political economy.

At the residence of J. Dr. Gulliford street, St. John on the evening of Feb. 2nd, by Rev. R. W. Warren, Rector of St. John's.

BOSTON MARKETS.

Outlook in Spring Business in Lumber is Good.

Spruce is in quiet demand, incidentally to the season, and it is also to be said that the supply for the time being is so limited that values are well sustained.

Shingles—Cedar ex. \$3.10 to 3.25; do. clear, \$2.65 to 2.75; do. 2nd, \$2.15 to 2.30; do. clear white, \$2.05 to 2.10; do. ex. No. 1, \$1.65.

GEORGE R. PARKIN

To Visit Mt. Allison University Soon.

NEW HAVEN, Conn., Feb. 4.—Dr. George R. Parkin, the Rhodes Scholarship commissioner, was at Yale University a couple of days ago.

SEVERAL RIOTERS KILLED.

BUENOS AIRES, Feb. 5.—In the course of attacks upon police stations Saturday morning, several rioters were killed, about thirty injured and some 150 arrested.

TEST THE KIDNEYS.

Allow the urine to stand in a glass vessel for twenty-four hours and if at the end of that it is clouded or has left a sediment in the bottom of the vessel you may be sure that your kidneys are diseased.

BATOUUM, CAUCASIA, FEB. 6.

With the exception of one factory which is partially working, all the factories and shops are closed.

VINEYARD HAVEN, MASS., FEB. 6.

No arrivals or sailings from this port today. Snow with east southeast wind, fresh in the morning.

BORDEN AGAIN LEADER OF CONSERVATIVE PARTY.

Elected by Acclamation to Represent Historic County of Carleton—Is Still Loyal to Nova Scotia—His Address.

OTTAWA, Feb. 5.—Once again R. L. Borden is a member of the house of commons and in his place at the head of the conservative party.

Mr. Borden was elected yesterday by acclamation to represent the historic county of Carleton, and before he left the hall at Richmond, the returning officer, Registrar Coffey, handed him his certificate of election.

Mr. Borden was elected yesterday by acclamation to represent the historic county of Carleton, and before he left the hall at Richmond, the returning officer, Registrar Coffey, handed him his certificate of election.

ST. JOHN MAN DROWNED.

Body of Andrew Wilson, Fireman on Steamer St. Croix, Found in Boston Harbor.

BOSTON, Feb. 5.—Two drownings through the ice in the harbor were reported by the police. The body of one of the victims, Andrew Wilson of St. John, N. B., a fireman on the St. Croix, was found late this afternoon wedged in the ice just back of Hodges Iron Works, East Boston.

SUSSEX CARNIVAL.

A Delightful Success—Costumes Bright and Pretty.

SUSSEX, Feb. 4.—The carnival held in the Alhambra rink last night was a success and was well attended by both skaters and spectators.

to end during the past three or four years, but notwithstanding that fact he had to admit that there was still much for him to learn about the resources of this great country.

Mr. Borden was elected yesterday by acclamation to represent the historic county of Carleton, and before he left the hall at Richmond, the returning officer, Registrar Coffey, handed him his certificate of election.

Mr. Borden was elected yesterday by acclamation to represent the historic county of Carleton, and before he left the hall at Richmond, the returning officer, Registrar Coffey, handed him his certificate of election.

MR. DE SOYRES DEATH.

Referred to by Frederick Clergy—Dr. Inch Thinks Outlook For Union is Bright.

FREDERICTON, Feb. 5.—The death took place at Victoria Hospital this morning of Clement H. McLean, a well known resident of Burton, Sunbury county, after three weeks' illness from pneumonia.

DR. PARKIN'S VISIT.

SACKVILLE, N. B., Feb. 6.—The Sun correspondent interviewed Dr. Allison, president of Mt. Allison, this afternoon with reference to a despatch in today's Sun which stated that Dr. Parkin would come to Mt. Allison to adjust a matter in connection with the selection of this year's New Brunswick scholar.

MEN'S TAILORING

Our New Spring Cloths are Here and one who cannot be suited in pattern and quality would be hard to suit indeed. We have placed most of these in 2 special lots. For a limited time will make SUITS AND OVERCOATS TO MEASURE FOR \$12 and \$15

Orders left now can be delivered any time before May 1st. We Guarantee Fit and Workmanship. J. N. HARVEY, Tailoring and Clothing, 199 and 201 Union St.

NEW ENGLAND COAST BLOCKED WITH ICE.

Harbor Frozen Over and Vast Fields of Ice Extend for Miles Out to Sea—Government Lightship Has Hard Time.

BOSTON, Feb. 5.—The New England coast south of Cape Cod was tonight tight in the grasp of one of the worst ice embargoes known in recent years. While in Boston harbor the only inconvenience was caused by floating ice, south of the Cape conditions were far different.

Buzzard's Bay is frozen over, practically all the way from the Elizabeth Islands to New Bedford. Governor Lightship No. 66 in attempting to proceed from New Bedford to her station on Nantucket, Shallop, was caught in the ice off the port low and difficult.

NEW YORK, Feb. 5.—Ice floes completely filled New York harbor today, rendering the passage of vessels into the harbor almost impossible.

WASHINGTON, Feb. 5.—Weather conditions and general forecast: The usual atmospheric conditions of the past few days continued today in the most general and widespread rain, snow and sleet storms of recent years.

At the parish church, Canon Roberts, and at the cathedral, Dean Partridge, in their sermons referred to the death of Mr. de Soyres in feeling terms.

FOR DELICATE WOMEN AND CHILDREN The D & L Emulsion is especially suited. It is sweet and palatable as cream, easily digested and of the greatest value as a tonic and tissue builder.

WHITE LEAD advertisement for Brandram's Genuine and W. H. Thorne & Co., Ltd. Includes logo and detailed text about the product's quality and availability.

THE SEMI-WEEKLY SUN.

ST. JOHN, N. B., FEBRUARY 8, 1905

ANOTHER WAR PROBABLE.

The relations between the United States and Venezuela are strained to the point of breaking. It is the same trouble which has brought the South American republic into collision with European States.

At the same time there is a political crisis in Quebec. The premier of that province, who has in a special sense enjoyed the protection of Sir Wilfrid Laurier, has accepted the resignation of three of his ministers, including the one who has been marked out as his successor.

Mr. Bowen, the United States minister at Caracas, seems to have discussed the situation with President Castro, who is simply a military dictator. Castro is said to be defiant, and it is expected that he will soon demand his passports.

R. L. BORDEN, M. P.

The Ontario county of Carleton, in which Ottawa city is situated, has done itself the honor of electing Mr. R. L. Borden to the house of commons. It was suggested after the general election that since no member could resign until the speaker was elected, the representative of Carleton would receive some appointment which would vacate the seat, the appointment to be resigned immediately.

conservatives obtained more than a two-thirds majority in the recent provincial election, that would not have been a wise proceeding. Mr. Borden and his party are therefore under no obligation to the government in the meantime.

MR. WATCHORN AS AN INSTRUCTOR.

Mr. Robert Watchorn, United States immigration agent at Montreal, who has been promoted to a still more responsible position in New York, is receiving much praise from the press and people of Montreal. This officer has done good service to his own country, and some thousands of undesirable pauper immigrants have been kept out of Canada in consequence of his industry and vigilance.

ONTARIO AND QUEBEC.

Monday the liberal government, which under various premiers has held office in Ontario for a third of a century, will disappear, and a conservative ministry will rule in its stead. Sir Wilfrid Laurier has done his best to prolong the life of his administration, though it has been greatly discredited, and has entirely lost the confidence of the people.

THE VACANT PLACE.

The references made Sunday in city churches of nearly all denominations to Rev. John de Soyres show how large a place he filled in the religious life and activities of the community. On Saturday one heard in the streets, places of business, and everywhere that men met, expressions of a sense of loss, proving that he had been the life of the people at many points.

Calgary is holding meetings and preparing to send deputations to Ottawa in favor of the establishment of a provincial capital at that place. It would be better to leave the legislature of the new provinces free to select their own seats of government.

A HAPPY ISSUE.

Announcement that the Hay-Bond convention between the United States and Canada was about to be completed and put into operation caused some anxiety in Canada. The treaty, like the Blaine-Bond agreement which preceded it, gave the United States fishermen access to bait supply on the Newfoundland coast, and opened the Newfoundland market to United States products on easy terms.

At a largely attended meeting of the Episcopal clergy of the city held yesterday morning, Rev. Rural Dean Raymond, Rev. Canon Richardson and Rev. W. H. Sampson were appointed a committee to draw up a resolution in regard to the death of their late beloved fellow clergyman, Rev. John de Soyres.

It has been the opinion in Canada, and some extent in this view has prevailed at Downing Street, that in dealing with the fishery question British North America should be treated as one district, and that Newfoundland should not be separated from the rest of the Dominion, which would enable the United States to place the Canadian fishermen in a worse position than they are now.

Meanwhile fishermen of the New England coast have put up a protest against the admission free of duty of Newfoundland dried fish. They have furnished so strong a lobby that the senate in ratifying the treaty has struck out the duty free clause. All that remains for Newfoundland is the right to send fresh fish free to the United States.

SELF-DENIAL.

Charles R. Smith, K. C., of Amherst, has been nominated for the mayoralty. Mr. Smith seems to be an acceptable candidate, but before he was nominated he had promised his support to another. Unfortunately he cannot withdraw his name, nor was his consent required to the official nomination. The only course left for Mr. Smith was to write to the press, stating that he is not a candidate and asking the electors to govern themselves accordingly.

TROUBLE AHEAD.

There is little doubt that the separate schools question will introduce a serious difficulty in the establishment of new provinces in the west. Roman Catholics in the Territories claim that separate schools now exist and are by law established in that region, and therefore by the British North America Act, the constitution of the new provinces must provide for the permanence. On the other hand it is claimed that the system existing in the Territories does not authorize separate schools as the term is understood in the east.

The efforts of the minister of militia to free his department from political influence will be watched with interest, especially by Lord Dundonald. If Sir Frederick Borden had made his private resolution a year or two earlier the eminent soldier and much loved commander would have been with us yet.

Citizens Pay Last Tribute to Rev. John de Soyres.

Funeral Services Held Monday Were Very Largely Attended—Resolutions of Sympathy Passed.

(From Tuesday's Daily Sun.)

At a largely attended meeting of the Episcopal clergy of the city held yesterday morning, Rev. Rural Dean Raymond, Rev. Canon Richardson and Rev. W. H. Sampson were appointed a committee to draw up a resolution in regard to the death of their late beloved fellow clergyman, Rev. John de Soyres.

A distinguished graduate of the University of Cambridge, he united to great natural gifts the highest education, aided by extensive travel, and associated with men of distinguished ability and reputation. His powers of keen analysis, his grasp of thought and concentration of mind, accompanied by unremitting study, made him an authority on nearly every subject likely to be discussed in any assembly.

And further resolved, that the tender sympathy of the congregation be extended to the members of his family in their bereavement, that the Christmas services be discontinued, and that the church be draped in mourning; that the vestry of the church attend in a body the funeral of the late rector, that these resolutions be entered in full in the minutes and that they be engrossed and sent to his widow.

The church was draped and the floral tributes were many and most beautiful. The following is a list of the floral offerings: St. John's church, wreath; the Church Workers, wreath; superintendent, teachers and scholars of the Sunday school, wreath; The Gleaners' mission of St. John's church, wreath; the St. John's church, wreath; flowers from Lady Tilley, Mayor and Mrs. White, Mr. and Mrs. Wm. Pugsley, Mr. and Mrs. J. W. McNeil, Mr. and Mrs. G. C. Coster, Miss Thorne, Mrs. McAllister and Mrs. Clark, Mrs. C. H. Fairweather, Mrs. W. W. Turnbull, Mrs. W. H. McNeil, Mrs. J. T. Shaw, Mrs. C. M. Rowley, Jr., St. Rose's school, wreath.

The church was crowded to the doors. The services, which were most impressive were conducted by Rev. A. W. Daniel, rector of St. John's church, who was assisted by Rev. J. W. McNeil, St. John's church, and Rev. J. W. McNeil, St. John's church. The church was crowded to the doors. The services, which were most impressive were conducted by Rev. A. W. Daniel, rector of St. John's church, who was assisted by Rev. J. W. McNeil, St. John's church, and Rev. J. W. McNeil, St. John's church.

Winnipeg claims a population of 97,401. This is the result of a directory census. It makes Winnipeg easily the third city in Canada, and shows an increase of 20,000 over the population of 1904.

Mr. Parent has evidently learned something since he called Mr. Monet to his cabinet. This time he has summoned a caucus of his supporters to help him choose successors to the three ministers who have left him.

ONLY FLATING.

"Hogan!" "That is us, Casey?" "Yes dog bit me. Shure, he took a mouthful out of me skin, two mouthful out of me arm, two more out of me coat." "Aw, don't be so sensitive; he was only makin' friends with ye."

The N. B. Petroleum Co. loaded the first tank at Memramook Saturday. Previous shipments have been made in barrels.

MEN WANTED.

We have a position open for one good man in a healthy, local or travelling, at \$40 a year, and expenses \$10 per day taking up show-days and generally advertising a New Discovery. No experience necessary. Write for particulars to SALUS MEDICINAL CO., London, Ont.

His intellect was keen, and his knowledge profound. He knew many languages in addition to his mother tongue, and was a master of pure and strong English, and of the abundance of his richly stored mind he gave freely. So suddenly has he been taken from us that we can scarcely realize that that rich melodious voice has been stilled. Two weeks ago the speaker heard Rev. Mr. de Soyres read the beautiful service for another, that was now being read for himself, and as he heard his rich, emphatic tones, he thought at that time that Mr. de Soyres was in the best of health. He referred to the great interest that the deceased had always taken in the intellectual improvement of the clergy of the diocese, who owed to him a great debt of gratitude. He concluded by commending the congregation to the sympathy of Him who was able to sustain, guide and comfort.

Many in the audience, men as well as women, had moist eyes, testifying in the most eloquent manner to the necessity of the body that has been lying alone in the house since Sunday morning, and so far as can be learned no arrangements have as yet been made for burial.

SUDDEN DEATH OF BLANCHE WILLIAMS.

Blanche Williams, a woman whose record has not been of the best, died early on Sunday morning at 79 City road. Women who live in the same house, and who prepared the body for burial, state that they found a bruise on her throat, but Dr. Berryman, who was summoned and viewed the body, has decided that an insect is the cause of the death.

A TERRIBLE TRAGEDY.

Enraged Man Shoots Two Women in New York. NEW YORK, Feb. 5.—A handsome young woman, variously described as Louise Schroeder and Louise Adams, was shot and instantly killed today by Emil Bellinger, a janitor, who was arrested after being seriously injured in an attempt to escape.

The shooting took place in the dining room of a hotel at Third avenue and 79th street, where the woman and two men had been during the night. Bellinger, who had been sitting in another part of the room watching the two women, suddenly advanced to the table at which they sat, and drawing a revolver, fired twice, shooting the woman through the neck and through the heart.

As she fell, Bellinger threw away the pistol and started to run. He was attacked by the woman's companions, and in the struggle that ensued was thrown down stairs and severely injured. When removed to the hospital, two more revolvers were found on him.

Bellinger would offer no explanation of the tragedy except to say that he had shot the woman because she had ruined his life.

The police learned that Bellinger's wife left him two years ago on account of his alleged attentions to the woman who was killed today.

GRAND FALLS.

GRAND FALLS, Feb. 4.—The weather continues very stormy, snow and high winds, rendering travelling difficult. Hay is from \$12 to \$16 a ton. Albert Thorton, lumber contractor and merchant from Eastport is buying up all the oats he can secure here and vicinity. Oats selling at 40 cents per bushel of 34 pounds.

Daniel O'Neill, sr., who out his foot while splitting wood at the door, is able to be around again. Maud Salter's relatives were pleased to hear from her from Portland, Me., where she has been spending the winter.

BLEEDING, PROTRUDING FILES.

Mrs. James Brown, Hingonburgh, Carleton Co., Ont., writes: "I suffered from nearly every form of piles for twenty years, both here and in the Old Country, and have tried nearly every remedy. I am only doing justice to Dr. Chase's Ointment when I say that I believe it to be the best remedy obtainable for bleeding and protruding piles, of which I have cured me."

\$20,000 FIRE.

HARDWICK, Mass., Feb. 6.—The high school building, in which was also the Hardwick free library, was burned tonight, entailing a loss of \$20,000. There is no fire department in the town, and the bucket brigade which was improvised was powerless to prevent the destruction of the building, although it did excellent work in saving the Congregational church and other buildings in the vicinity.

LABORERS FOR CANAL.

COLON, Feb. 6.—The str. Tagus arrived here today bringing 100 laborers from Boston and 200 from Jamaica under contract to work on the canal. These will be placed along the line, mostly for Culbraz.

Orders have been received from the United States senate of the Bond-Hay treaty. It is understood that the senate amendments are acceptable to the colonial ministry. They include free entry of fresh fish, lumber and wood pulp to the American market, and a similar concession for American lumber, wood pulp machinery, rubber boots and shoes, and farming implements entering Newfoundland.

HAPPY AND HEALTHY.

A Beautiful Canadian Girl Saved From Catarrh of the Lungs by Pe-ru-na.

MISS FLORENCE KENAH.

"A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently. I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since."

"I now save the greatest faith in Peruna." F. E. KENAH.

WOMEN should beware of contracting catarrh. The cold wind and rain, sleet and mud of winter are especially conducive to catarrhal derangements. Few women escape.

Upon the first symptoms of catarrh of the lungs, I bought a bottle to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I considered this money well spent.

"Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh and I bought a bottle to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I considered this money well spent."

HOW IT.

The first package of the Hem-Roid was put out in Nebraska. It cured a case of protracted hemorrhoids. The news spread, and the first package was sent to a friend in Nebraska. It cured a case of protracted hemorrhoids. The news spread, and the first package was sent to a friend in Nebraska.

CITY NEWS.

Recent Events in and Around St. John.

IF A DOG BITE YOU don't be scared. Bathe the wound with cold water and cover it with a cloth on which Weaver's Ointment has been freely spread. The Ointment relieves the pain caused by the sting of insects.

Boot and shoe men state that tan shoes will be the fashionable color during the coming season. A couple of years ago so many different shades and colors were worn that the style played itself out and last year black shoes were most generally worn, but tan is coming again.

H. A. Austin, provincial manager for the New York Life Co., accompanied by Mrs. Austin and Miss Edna, have left for California to spend the remainder of the winter. They will go Pasadena, and on their return home will call on Mr. Austin's son, who is in the Northwest.

During 1904 there were 739 deaths in St. John, as compared with 771 in 1903. Of these 358 were males, 381 females; 590 were of Canadian birth, and 148 of foreign birth; 370 were married and 369 single. During the year there were 258 cases of contagious disease, 155 being diphtheria. From all these 18 deaths resulted.

DEATH OF NEIL MILLER.

The death took place at his residence, Randolph St. John, on Sunday, of Neil Miller, aged 79 years, one of the best known and most esteemed residents of the busy community. Mr. Miller was a native of Scotland, and when quite a boy came to New Brunswick with his parents and settled at Bathurst, where he pursued the study of a ship carpenter for a considerable period. At about 35 years ago he removed to St. John and for 23 consecutive years was in the employ of Randolph & Baker, working steadily and regularly up to last November, when ill health put an end to his active labors. Heart failure was the cause of his death. Mr. Miller leaves a widow, four sons and three daughters, two sons and one daughter, namely James Miller, Henry Miller and Mrs. T. B. Adams reside in Campbellton and another daughter, Mrs. Richard McNeill, lives in Vancouver. His widow, a daughter, Miss Kate Miller, and William, John and Albert Miller reside in Randolph.

RICHARD KNIGHT DEAD.

Richard N. Knight, for fifty years a druggist in Carleton, and one of the best known citizens of St. John, died on Saturday evening at his home, 6 German street, after a protracted illness. Some three years ago Mr. Knight was stricken with paralysis and shortly afterwards retired from business, coming to the city to live. Since that time he has gradually been becoming more feeble and two weeks ago was removed for treatment to the General Public Hospital, in which institution he died. Mr. Knight was the son of the late Rev. Dr. Knight and was seventy-three years of age. He was married to Miss Harrison, who survives, and he also leaves a family of three children. Mrs. Mary Bessie at home, and Frank in Denver. A brother, W. B. Knight of Moncton, and one sister, Mrs. (Rev.) Jost, also survive. Lovell Harrison of this city is a nephew.

HOW IT SPREADS.

The first package of Dr. Leonard's Hem-Roid (the infallible Pile cure) that was put out into a small town in Nebraska.

A HINT TO ST. JOHN PEOPLE.

Look into the Attic and See How Much Good Can Be Done.

A provincial paper has the following editorial: Hundreds of little feet are cold today. Hundreds of little hands are swollen and red. Hundreds of half-clad bodies are shivering.

How much warmth is there stored away in your attic? What have your boots? How many stockings, coats, wraps, and hats do you have in your attic? How many pairs of half worn boots? How many stockings, coats, wraps, and hats do you have in your attic? How many pairs of half worn boots? How many stockings, coats, wraps, and hats do you have in your attic?

Look through the attic, the store-rooms, the dark corners, and see how much comfort you are hiding there.

All these old clothes are useless to you; they mean death and life to the child of the street.

Ask your pastor who needs them. He should be able to tell you, if he is properly attending to his duties. Ask the women who wear the blue bonnets with the red bands; these members of the great Salvation Army can tell you. Ask your neighbors and encourage them to empty their attics and relieve the needs of suffering children.

Give the warmth of your attic to those who need it and then look at your own little ones snug and warm, and be thankful that you have done what little you could to make some mother's heart as glad and proud as yours.

TO OUBA A GOLD IN ONE DAY. Take Laxative From Givine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

THE MILITARY SITUATION.

(Military Correspondence of the London Daily Telegraph.)

I find both from my correspondence and from conversation that the question which almost to the exclusion of the immediate aspects of the great contest itself, is occupying the minds of many readers is that of the mode in which the Japanese have carried out their wonderful attacks upon the positions of their opponents. I have been more than once asked to deal with it, and should have done so before this, but that it is so very difficult to get exact data on which we can rely. The practice that has been adopted in a measure by both combatants in this war, but more especially by the Japanese, of keeping all those not engaged in the fighting out of range has made it unusually difficult to be confident that we have accurate knowledge, such as would enable us to draw safe deductions. A few attaches and some correspondents have no doubt reported a good deal that is valuable for the purpose, but I still think that we shall have to wait till the histories begin to be written after all is over before we can safely make deductions such as some deduce already to formulate. It is only the most considerable reserve that I can venture to make at this time.

EX-SOLDIER KILLED.

HALIFAX, Feb. 5.—A man was killed on the I. C. R. at Londonderry on Saturday. He was struck by the engine of the train. From the papers found on his person it is learned that he was an ex-soldier named McNally, who recently has been going about the country as a peddler.

NERVOUS DYSPEPSIA.

A CURE FOR ALL. Not a Patent Cure-all, Nor a Modern Miracle, But Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think that their medicine will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their medicine is an absolute cure for it, and that, for that indigestion and various stomach troubles, Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this, and are content to make a claim for it, and to let the patient find out for himself.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that, that for indigestion and various stomach troubles, Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this, and are content to make a claim for it, and to let the patient find out for himself.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cts. per package.

Hopewell Hill.

HOPEWELL HILL, Feb. 6.—The Albert and Harvey foot, which left Albert after the last storm, on Wednesday morning, four days ago, returned yesterday after a serious struggle with the snow drifts, and many mishaps. The line is now all clear, and the train starts on schedule time in the morning. The mails are all in to date.

At the service in St. John's Episcopal church last evening, Rev. Mr. Smith made a touching and eloquent reference to the death of the Rev. Mr. de Soyres, whose sudden passing away has been such a shock to the clergy and people throughout the province. A high tribute was paid to the noble qualities and scholarly attainments of the deceased clergyman, whose death would mean a serious loss to not only his own congregation, but to the whole Anglican communion, and to Christ's visible church on earth.

Alden H. Peck, first officer of the large American three masted, Ruth Robinson, came home Saturday to remain a few weeks while the vessel is laid up.

A six months old child of Mr. and Mrs. David Barbour of Harvey was buried in the cemetery here on Thursday.

Miss Mary Archibald has taken charge of the primary department of the school here, in place of Miss Marjorie E. Bray, who has been obliged to give up her duties on account of the continued illness of her sister.

STREET CAR EMPLOYEE KILLED. MONTREAL, Feb. 5.—Arthur Lacombe, an employee, of the Montreal street railway, jumped from a street sweeper this morning and was killed by a car coming in the opposite direction.

WELCOME AS SUNSHINE after storm is the relief when an obstinate, bad cough has been driven away by Allen's Lung Balm. No option in it. The good effect lasts. Take a bottle home with you this day.

SKETCHES FROM RUSSIAN NOTE BOOK.

Introductory Paper by Rabbi Rabinowitz—Russia Always in State of Siege—The Bear and the Fly.

(Written for the Sun and Star.)

Following is the first of the series of papers written for the Sun and Star by Dr. Samuel Rabinowitz. It will be published abroad must pass through the hands of the censor before being admitted to Russia. I have known a German history forbidden to enter Russia because it stated in one of its paragraphs that Peter the Great had a mole on his chin. Every book that I ever imported into Russia had several pages blackened by the censor. (When the censor wishes to suppress a certain paragraph in a book, otherwise unobjectionable, he makes an ugly blotch on the objectionable passage, with a brush dipped in printer's ink.) No public meeting of a nature can be called without the sanction of the chief of police. Every tenth man you meet in the street is sure to be a government spy. No man can leave the limits of his native town without a passport and if arrested anywhere without such a document, he is sent to his native town on foot with a military escort. Any common policeman may arrest a citizen without a warrant and keep him in custody ad libitum.

EX-SOLDIER KILLED. HALIFAX, Feb. 5.—A man was killed on the I. C. R. at Londonderry on Saturday. He was struck by the engine of the train. From the papers found on his person it is learned that he was an ex-soldier named McNally, who recently has been going about the country as a peddler.

NERVOUS DYSPEPSIA.

A CURE FOR ALL. Not a Patent Cure-all, Nor a Modern Miracle, But Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think that their medicine will not sell unless they claim that it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their medicine is an absolute cure for it, and that, for that indigestion and various stomach troubles, Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this, and are content to make a claim for it, and to let the patient find out for himself.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that, that for indigestion and various stomach troubles, Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this, and are content to make a claim for it, and to let the patient find out for himself.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cts. per package.

Have You One of Those Can't Taste, Can't Smell Colds?

If you have you had better get rid of it immediately. If you don't, that terrible and disgusting mucus, Catarrh, is sure to take hold of you and make you miserable, and an object of repugnance to your friends. The best and quickest cure for your cold is

DR. WOOD'S NORWAY PINE SYRUP. It contains all the virtues of the Norway Pine Tree, combined with Wild Cherry Bark and the soothing and expectorant properties of other excellent herbs and barks.

Mr. Harry Mosher, Mosher's Island, N.S., writes:—"We have used Dr. Wood's Norway Pine Syrup in our family for the past six years, and have always found it a reliable remedy for the cure of coughs and colds."

Many cases of substitution have been brought to our notice. Do not be humbugged into taking any other pine syrup which unscrupulous dealers say is just as good.

Dr. Wood's is the original, put up in a yellow wrapper; there is no other trade mark, and the price 25 cents.

THE T. MILLERSON CO., LIMITED, TORONTO, ONT.

WANTED—Local agents and sub-agents for medicinal and fruit trees, Liberal P.M. and steady work if desired. It costs you nothing to apply. Write to T. MILLERSON COMPANY, Toronto, Ont. 227

WANTED—First or second class teacher, male or female, for District No. 4, Parish of Northfield, County of Sunbury. Apply, stating salary, to DUNCAN E. BETTS, Secretary.

MONEY TO LOAN. H. H. PICKETT, B. C. L., Barrister, Solicitor, etc., Canada Life Building, St. John, N. B. Loans Negotiated. Money to Loan.

MISCELLANEOUS. LADIES' STRINGERS—Poultain and Bulb. "Marvel Whiting Spray," the "Ladies' Perfect" and other rubber goods. Send for price list to the LADIES' SPECIALTY CO., 491 Main Street, St. John, N. B. 125

KINGS DAUGHTERS GUILD. A Boarding House for Women. TERMS MODERATE. 13 Prince Wm. St., St. John, N. B.

NOTICE IS HEREBY GIVEN that a bill introduced at the next session of the Legislature of New Brunswick for the purpose of amending Chapter 66, 34 Victoria, by which Section 3 of the Act (Chap. 38, 23 Victoria) incorporating The President and Directors of the Home for Aged Females in the City of Saint John is amended. The amendment to be sought by the said bill will be to authorize and empower the said Corporation to receive, hold and enjoy real and personal property for the purposes mentioned in the said Section to the value of One Hundred Thousand Dollars in addition to the amount of One Hundred Thousand Dollars limited by the Act first herein mentioned. Dated at St. John, N. B. 2nd February, 1905.

The President and Directors of the Home for Aged Females in the City of Saint John. J. MORRIS ROBINSON, President. BEVERLEY R. ARMSTRONG, Sec'y-Treas.

WILL BE A FACTORY ACT. Commission Will Advise the Dropping Out of Certain Sections. It is the general opinion of members of the factory act commission that an act will be passed, but that it will not be in its final form as was presented at the last session. The members did not care to express definitely their opinions, and a fact they had not given enough time to the consideration of the evidence heard to enable them to say offhand what they think of the question. But the Sun learns from them that they will recommend that an act be passed. They have secured enough evidence to show that certain provisions are necessary for the protection of both employes and employers, but at the same time they learn that in the act as presented at last session there are certain sections which are not only not required, but are opposed by those whom they are intended to benefit.

A GUARANTEED CURE FOR PILES. Itching, Blind, Bleeding or Protruding Piles. Your druggist will refund money if PLEZO OINTMENT fails to cure you in 6 to 14 days. 50c.

BATHURST, Jan 30—Ard, Mark Levi & Andrews, from Boston via Rufisque and Dakar. To cure Headache in ten minutes use Kuntfort Headache Powders, 10 cents.

BRITISH LUMBER MARKET. LONDON, Feb. 3.—A report from the timber market at Liverpool shows the stock of waney, board pine and square pine abundant and consumption poor, owing to the high price of the material. Men are more often troubled with kidney diseases. Riotous living will disorder kidneys quicker than anything else. Nothing but a powerful reconstructer will stop the breaking down of the lax tissues. Doctors especially watch the kidneys persistently. The stomach is the cause of kidney trouble. It is the fermentation of the food and gases generated, attacks the kidneys and heart. Keep your stomach sweet and clean, and kidney trouble would be an unheard of thing. Hutch is put up 10 for 10 cents. 200 for \$1.90.

LEGALIZED CORRUPTION. It is self-evident that in a country where no human liberty is legally allowed, a system of bribery and corruption cannot fail to develop. This is true to a superlative degree in Russia. Official corruption is not at all viewed as a crime in Russia. In fact it is carried on with the full knowledge and tacit acquiescence of the highest officials as a necessary requisite of official service.

A story has reached the Russian public lately which may serve as an illustration of Russian corruption in the very palace of the czar. When hostilities broke out with Japan the czar became very anxious to contribute to the war fund of his country out of his own private fortune. In order to make his contributions as large as possible he made up his mind to cut down his household expenses to a considerable extent. To this end he summoned the court steward and demanded an immediate account of the past year's cost of keeping the imperial court. The steward, not knowing the account and the czar was amazed to find in it a certain item which stated that the czar's establishment used up no less than half a ton of gold leaf in one of its paragraphs that Peter the Great had a mole on his chin. Every book that I ever imported into Russia had several pages blackened by the censor. (When the censor wishes to suppress a certain paragraph in a book, otherwise unobjectionable, he makes an ugly blotch on the objectionable passage, with a brush dipped in printer's ink.) No public meeting of a nature can be called without the sanction of the chief of police. Every tenth man you meet in the street is sure to be a government spy.
