

MRS. PERRY NOT GUILTY IS JURY'S VERDICT AFTER 90 MINUTE'S DELIBERATIONS

FINED FOR TEARING DOWN U. S. FLAG

Hamilton, Ont., July 5.—A young Hamilton doctor, and an overcast man with a decoration, who tore the American flag from in front of the Consular office here, yesterday, was fined \$50 for disorderly conduct in police court this morning. The defendant explained that he was not aware it was the consular office the flag was flying from. He objected to such a prominent display of the stars and stripes on the anniversary of Confederation.

FARM HELP TOO COSTLY IS PLEA

British House of Commons Gives Second Reading to Bill Cutting Off Assistance.

London, July 5.—After a debate continued from yesterday in which the government was severely criticised for what was referred to as the "Hush" of the House of Commons today passed the second reading of the bill providing for repeal of the agriculture act.

Hurt in Runaway

Hopewell Hill, July 5.—On Sunday afternoon James R. Russell, his wife and daughter May were driving to church and as they came near the Baptist church the horse took fright and became unmanageable backing around in doing so in some unaccountable way threw Mrs. Russell and her daughter over a wire fence at the road side. Mr. Russell was thrown under the wagon. In a miraculous way they all escaped serious injury—receiving only a few bruises.

DE VALERA PROPOSAL

London July 6.—The parliamentary correspondent of the London Times says that well-informed quarters expect Emmott De Valera to reply to Mr. Lloyd George with a counter proposal. While declaring that it is impossible to state the exact Sinn Fein opinion on the subject, he says it has been suggested in some quarters that the Sinn Fein would prefer, if they reported into Australia since the peace treaty was signed, as it has been found that in virtually every case British substitutes for German materials were available.

FELL FOUR STORIES

Los Angeles, Cal., July 5.—Four stories from the roof of a downtown building to the pavement was the plunge Fred Watson, a painter, took when his foot slipped here today. Passerby, despite his struggles, hurried him to the receiving hospital. "Can't you guys let a fellow be," he said. "Make them let me go, doctor. I want to finish my job." He was not injured.

WORKERS STILL ABSENT

Glens Falls, N. Y., July 5.—None of the striking union employees of the International Paper Company reported at the mills in South Glens Falls, Cor. 1st and Port Edward or Ticonderoga today, the date on which the company had announced that the plants would resume operations if a sufficient number of men reported and were willing to work under the company's offer of May 24.

EXCHANGE HEARING ADJOURNS

Ottawa, July 5.—The first public sittings of the Clarkson Commission, investigating the alleged frauds in connection with the cashing at par of soldiers' sterling pay and allowance cheques came to an end at 5:30 this evening, when the commission, after hearing a number of witnesses, adjourned sine die. No intimation was given to when and where future hearings will take place, though it is anticipated that they will be held in Ottawa and that the public investigation will take some time to complete.

Accused Woman Did Not Lose Remarkable Poise When Decision Was Announced.

JUDGE'S CHARGE IN PRISONER'S FAVOR

Evidence Entirely Circumstantial and Nothing Definite at Any Place.

Yarmouth, N. S., July 5.—"Not guilty" announced the foreman of the jury which for the past seven days has sat in the Yarmouth Court house watching the proceedings of the trial of Mrs. Clara Elizabeth Perry for the murder of her husband, the late Captain George Henry Perry. There was an exclamation from the audience, but the black garbed figure in the prisoner's dock expressed neither extravagant surprise or satisfaction.

Never Lost Her Poise

The poise, which since the tragic event of the night of February 23 last has never completely deserted her, stood her good stead when her daughters embraced her and Counsel for the prosecution and defence with Chief Detective Horace Kennedy at Halifax, who arrested her, came forward to shake hands and offer their congratulations.

CONFERENCE TALKS OF EMPIRE NEWS

Air Service is Theme of Discussion With German Reparations Next on List.

(GRATTAN O'LEARY) Canadian Press Staff Correspondent

London, July 5.—Problems of military air defence engaged the attention of the Dominion Prime Ministers today. Field Marshal Sir Henry Wilson and Air Marshal Sir Hugh M. Trenchard, supported by a formidable coterie of experts and officials, made lengthy statements outlining the Empire's position respecting both land and air.

Nothing is Expected

As the action thus taken may lead to the belief that the conference contemplates some decisive action in respect of defense, the Canadian Press correspondent is in a position to state that nothing more is expected of it than the usual resolution that has marked practically every imperial conference during the last twenty-five years. The British Dominion Premiers have made it perfectly plain that matters of naval and military policy, so far as they concern the dominions, must be decided, not in the matter of the respective local parliaments.

Dominions' Attitude

That was the position Premier Meighen took before leaving Canada, and it is the position he has taken since. The British Government's attitude of six months ago, as voiced in parliament by Lord Lee, of Fareham, and Premier Lloyd George, namely, that the present conference was convened on the question of imperial naval policy on a co-operative basis, appears to have been altogether abandoned. In its stead there is a determination on the part of the British Government that a decision on the naval problem can well be delayed for the present, and that, in any event, the matter is one to be determined by a conference, not by any other means.

Empire News Service

A great deal of today's discussion hinged around the desirability of securing a cheaper communication between various parts of the empire. Much was made of the fact that for every line of empire news carried by the telegraph, the cost of the message and columns of sporting and divorce news, and Premier Meighen took occasion to point out that since landing in his position he had not seen more than half a dozen of the most meagre despatches concerning dominion affairs. The matter, however, was referred to a committee for a report, and it is not likely to get much further for some time.

German Reparations

Tomorrow the conference meets Sir Robert Horne, chancellor of the exchequer, who will explain the position with respect to German reparations. It is a matter of no little interest; but in view of the fact that the reparations amount has been considerably whittled down since the time when Sir Thomas White confessed that Canada need not look for any large amount, it is hardly likely that anything of a substantial character will be forthcoming for the dominion.

DEMPSEY'S LIMOUSINE SEIZED BY SHERIFF

Car Was Taken While Champion Was Inside Hotel—Writ Calls for Seizure of All Property

New York, July 5.—A valuable limousine owned by Jack Dempsey was seized today by a deputy sheriff, acting on a writ issued last Friday in Batavia, N. Y., in a \$100,000 suit brought by Frank Spellman, in connection with a motion picture enterprise. The car was taken while Dempsey was inside a hotel. The writ calls for the seizure of all the contents of the box's available property.

King Asks Spanish Premier To Remain

Madrid, July 5.—In the course of a conference with Senor Allende Salazar late today, King Alfonso expressed confidence that the Premier, who earlier in the day had presented the resignation of his cabinet, would be able to carry on the government and asked him to consider for twenty-four hours whether he would be able to reconstitute the ministry. The Premier consented to make a further effort to reunite the dissenting groups in the cabinet.

AUSTRALIA'S FINANCES

Melbourne, Aus., July 5.—Sir Joseph Cook, the commonwealth treasurer, in announcing today the revenues for the past financial year, which ended June 30, said a record had been created during the past twelve months in customs revenue, which yielded \$160,000,000 or \$36,000,000 above the estimate made at the beginning of the year. This amount may be slightly reduced, however, after making allowances under the recent high court decision on the computation of foreign exchanges, which entitles certain importers to a refund.

Ottawa, July 5.—A welcome break in the hot weather was recorded here within the last twenty-four hours, in which time the mercury dropped thirty degrees. This is a record for this season. The temperature at noon today placed at 75.

Fruit Crops Spoils.

St. Catharines, Ont., July 5.—"Burning up" was the expression used by W. H. Bunting and Robert Locke, two leading growers, concerning the fruit crop. "The country needs rain; if that rain maker could be brought here from the west tomorrow, it would not be a difficult matter to raise a good sized fund to encourage him to operate," said Mr. Bunting. Raspberries are showing most serious results from the heat, blight is getting into the early potatoes and "the drip" a little green fly is playing havoc with the onions.

Ottawa, July 5.—Bush fires sweeping over Northern Ontario have already claimed two lives and caused loss of property running into two millions of dollars.

Northern Ontario is threatened by another conflagration such as visited on the country ten years ago and which early rain can save it. Trainsmen coming south from Porcupine Junction brought news of the first casualties. Here Holland Station, two young men whose names were unknown seeking to escape the advancing flames entered a dugout and were burned to death. The boys were particularly meowing in the vicinity of Timmins and Iroquois Falls. In the lower Abitibi region 30,000 cords of pulp wood were licked up by the flames yesterday.

Gold Miners Lose

A considerable quantity of pulp wood as well as railway property had been burned at Hearst station and in the region of Englehart a great quantity of timber has been destroyed. Much destruction of property is also reported from the Lashor district. The transmission lines of the Canadian Associated Gold Fields fell a prey to the flames for a distance of nearly two miles. The fire has also reached alarming proportions in the vicinity of Uno Park and Thorloie and in the district east of Cochrane.

Montreal July 5.—Major George Washington Stevens back in the city tonight from his country estate near Three Rivers said that from reports received forest fires had become so bad in the St. Maurice Valley that the men had been called in from fighting them and were devoting their attention to saving the dams and other works along the waterways. He has himself helped to fight forest fires with such little success that his barns had been burned.

Crop Situation Bad

"The present situation looks bad," said Major Stevens, "the farmers are suffering severely. Pastures are temporarily ruined, grain crops are yellowing for lack of moisture and potatoes and other root crops are in a bad way. The hay crop is being burned up. Unless there is rain soon, this season bids fair to become one of bad luck to the farmers of Quebec."

During recent years, and particularly during the war period Canada's export bacon trade developed very rapidly. This is proven by the fact that last year exports of bacon from the Dominion amounted to value of \$34,000,000 and that our killings of hogs in eight years doubled in number, while those of Denmark and the United States decreased considerably. With the return to normal conditions, vigorous efforts will have to be made in order to maintain this position.

Obituary

Patrick Driscoll The death of Patrick Driscoll, one of the best known and most respected residents of the North End of the city, occurred at the St. John Infirmary yesterday, after a lingering illness. The late Mr. Driscoll was an employee of the C. N. R. for thirty-two years and one of the first to be retired under the new superannuation system, since which time he had been living quietly at his home on Somerset street. His wife predeceased him some three weeks ago. He is survived by two sons, William, of this city, a veteran of the great war, and Cornelius, of Montreal, and by three daughters, Mrs. Florence McCarthy, Mrs. Wm. Driscoll and Mrs. James Donohue, all of this city. The funeral arrangements have not yet been completed, but Mr. Driscoll will be buried from his late residence on Somerset street.

THE HEN'S RESPONSIBILITY

A poultry expert says that 25 to 50 per cent of the hens in America are mere "boarders." Inasmuch as hens are not kept for artistic or altruistic reasons, he demands that all of these boarders be removed from the flock and devoted to the only purpose they are good for—roosting, bolting or frying. Every hen is to have her egg laying record tested, and die the death if she fails to measure up to the standard with a satisfactory margin of production over consumption of raw materials.

NOTHING TO SETTLE

Never was a grosser misstatement made than that the papers are responsible for a whole lot of the trouble in connection with the situation between the Power Company and its employees. The attitude of the entire press in this city, so far as we have been able to observe, has been absolutely fair to both sides. In giving publicity to both sides of the question it has possibly incurred the displeasure of one party, which would perhaps have preferred that facts telling against itself should have been suppressed.

Reports current yesterday were to the effect that no further progress had been made towards a settlement. Why should there be? What is there to settle? The matter is over and done with. The Company has issued a statement announcing the terms upon which it proposes to conduct its business, and offering work to all who are willing to conform to those terms. There is nothing more to be said. An employer of labor has a perfect right to propose to carry on business; and any man who does not like those terms is not compelled to go to work on them. If the employer cannot get men to work on his terms, he must either alter them or shut up shop. He cannot be made to keep it open, just to oblige the men. Once the principle is conceded that an employer shall only be permitted to carry on his business on such terms as labor approves, then there is an end to all industry, for no man is going to put his capital and his interests and sympathies in a business which he is not to be allowed to control.

We understand that the late employees of the Power Company claim that the terms now offered are unreasonable, and insufficient to meet the cost of living at the present time. In view of the fact that the Company has had no difficulty whatever in filling the places of the men who went out, the claim appears to be insupportable. The new employees apparently do not find the present terms unreasonable or insufficient, or they would not be willing to work on them. There is undoubtedly a feeling of regret among the citizens generally that the present difficulties should have arisen between the Power Company and its late employees, but it is also felt that if the control of industries is to be left entirely in the hands of labor, without regard to the interests of capital, then we have reached Communism, which is the beginning of the end of all prosperity.

MR. KING'S DIATRIBE

It is hard to take the Hon. Mackenzie King seriously. It is very doubtful indeed if anyone takes him seriously except himself. His orations are full of bombast and that spread-eagle type of eloquence which was popular in the days of our great-grandparents. He is now carrying his message of political salvation into the Eastern townships of Quebec, using his best drollery, coupled with extravagant rhetoric and rolling platitudes. But what the country wants is something definite from Mr. King as to where he stands on the issues of the day. The Liberal party has a tariff platform, solemnly adopted in 1919 at the Ottawa convention. The platform is fairly specific. Mr. Melchior has more than once challenged Mr. King to state whether he still stood by this platform. Mr. King refuses to commit himself.

Mr. King is elusive, but as nearly as one can nail him down, he is not a protectionist nor a free trader, but stands for tariff for revenue only, whatever that means. For 15 years Sir Wilfrid Laurier was in power and was supported by Mr. King. During that period the average tariff was 26 per cent. as against 21 per cent. today. Yet this 20 per cent. forsooth, was a tariff for revenue, and the same tariff which is in force today, except for reductions in some lines, is described as a high protectionist, "big interest" tariff. Anyone can discover the difference between the "tariff for revenue" policy of Mr. King and the "protectionist" policy of the Government, let him speak. Mr. King's "tariff for revenue" policy is mere twaddle. It is a term used to allow a man to sit on the fence and appeal at the same time for protection and free trade support.

Mr. King, in the course of his speech

relieved himself of the following line of talk:

"I ask Mr. Melchior who gave him the authority to lay down any four points in the name of the people of Canada. He is a usurper, and is representing Canada in England by right of authority. He has stolen the authority he is exercising, and has no right in the name of Canada to lay down any rule or any policy with respect to international and imperial affairs. That is a right that must be left to the people's representatives in Parliament, newly and freshly elected by the people of Canada."

This is the kind of bunk one would expect from a Bolshevik soap box orator and not from the responsible leader of a once great political party. It is foolish and even dangerous demagogic oratory unworthy of a man who holds his position.

Talking of interests, Mr. King was elected leader of the Liberal party by the Quebec members because he opposed conscription. They openly boasted of it in the Yankona by-election. These same members, under the influence of Montreal interests, have been bitterly antagonistic to public ownership and take every opportunity to say so. Mr. King knows that these same Montreal interests opposed the selection of Rt. Hon. Arthur Meighen as prime minister because he was an advocate of public ownership and he was always ready to fight government ownership.

Mr. King would have done himself and his party more credit if he had honestly and frankly stated his position on the great questions of the day, such as the tariff, public ownership and the railway problem, rather than have indulged in general abuse of the Prime Minister and the Government, whose chief crime, according to the Liberal orators, is that they were giving the Canadian army at the front every possible support against the German menace.

THE STREET CARS

The Globe appears to be under some little misapprehension regarding the non-operation of the street cars. It says that the Power Company is now in a position to resume operations, "but awaits an invitation from the city to do so." According to our information, the Company is not operating the cars—although willing to do so—because there is an impression abroad that an opportunity would thereby be afforded to create trouble which might perhaps be too good for a certain element in the community to resist taking advantage of. For this attitude the Company is certainly to be commended. After all is said and done, why worry? The lack of car service does not appear to be seriously inconveniencing ninety per cent. of the citizens. In fact it is probably doing them good. They are getting the opportunity to indulge in a little walking exercise during this lovely weather which is good for their health, to say nothing of the fresh air they enjoy. Doubtless those who live on the outskirts of the city and who find the lack of street cars somewhat of a nuisance. It is a little tough naturally on a man who has to get to his work at 6.30 a. m. if he has a couple of miles or more to walk from his home. Still "it's fine to get up in the morning, when the sun begins to shine," so our friend Laurier maintains.

TO PROTECT INVESTORS

In a letter to a Montreal paper, suggested by the recent heavy losses made by Canadian investors in certain paper and sugar stocks, Mr. L. W. Bailey, formerly of Fredericton, but now of Quebec, makes a proposition that is worthy of consideration. It must be apparent to everyone that, as Mr. Bailey points out, there are thousands of Canadians with small savings who become victims of occasional financial crashes, because they have not the means, the time, the necessary education nor the opportunity of investigating the relative merits of the various offerings to the public of stock or bond flotations. Very often they are influenced by the investments of friends, who are no better informed than themselves. The Government cannot of course be expected to assume for investors all responsibility and risk, as endorers of public issues, but Mr. Bailey's suggestion seems to point a way whereby it can do much by authorizing the classification of such issues of stocks and bonds for the benefit of investors, to remove the growing tendency to with-

hold investments from a sense of almost panicky nervousness. It will be a serious menace to the further development of industry if recent depreciations of values should have the effect of deterring the general public from investing savings that are required in the healthy development of our natural resources. Such investments might, no doubt, be stimulated, if some such guarantee as suggested by Mr. Bailey can be given to investors that they are not likely to lose their money, if they permit themselves to be intelligently guided by a study of the proposed government classification of public issues upon such lines, for instance as the following:

Class A.—Dominion and Provincial Government bonds, and bonds of the larger cities and municipalities.
Class B.—Bonds of smaller, and more remote municipalities and towns.
Class C.—Preferred stocks of old established companies and common stocks of un doubted value, such as Bell Telephone, Shawinigan and C. P. R.
Class D.—Other stocks having some value but of a more speculative character.

It should prove of some advantage to intending investors, liable to be carried away by a wonderfully prepared prospectus, backed by the slick tongue of the salesman, if they be given an opportunity of ascertaining how the highest financial authorities of the Government classify the flotation in question.

Making speeches in England these days is risky business for Americans. There are four parties to please: The English, the Americans, the Irish and the Irish-Americans.—New York Sun.

Our Mites.
A little over \$200,000,000 was contributed to Protestant churches by Americans and Canadian members last year. That's about a tenth as much as we spent on tobacco in the same period. True Everywhere.
But if we are to extend an invitation to summer visitors from the head of the lake we must do it with the belief that the ideal method of spending a summer vacation is to contemplate "castles of commerce," and we must develop our scenic attractions just as faithfully as we have striven to enlarge our commercial enterprises. The fellow who brings his wife up to the head of the lakes is probably a man just like one of ourselves, who has had eleven months of commercial life and who would rather lounge under a tree than climb the stairs of a grain elevator, and paddle his own canoe than be solemly taken round a harbor on the hurricane deck of a steamer.—Fort William Times-Journal.

A BIT OF VERSE

THE FIELD BY THE SEA.

his home. Still "it's fine to get up
in the morning, when the sun begins
to shine," so our friend Laurier main-
tains.

They dance to the rime of the world,
The star-trodden grassless runs,
Glad as the wind-blown multitudes of
the grass,
White as the daisies in June.
But over them, ah, what storms—
In from the unknown sea.
The uncharted and ever-sounding
dew-drops in main.
We have called Eternity!

They shudder and quake and are torn,
As the stormy moods race by,
And then in the teeth of remorse, the
tempestuous lull,
Once more the hardy cry:
"Fear not, little folk of my heart,
Nor let the great hope in you fall!
Being children of light, ye are made
as the flowers of the grass,
To endure and serve and prevail!"

Editor, St. John Standard,
City.

Sir—It has occurred to the writer that the property owners in this city do not realize how many men there are out of employment in the City of St. John, and who are in absolute need of work. If they realized this fact I think that they would be prepared to spend a little money on necessary repairs to their property instead of letting the work run for another year or two. It must be apparent to anybody that there are hundreds of houses in the City of St. John that certainly need painting. Let the property owners show their interest in the welfare of their city and in their fellow citizens by having the work done now, and not next year or the year after.

Tobacco For All "Pen" Prisoners

Government Regulation Changed to Permit Convicts to Have the "Weed."

Ottawa, July 5.—Prisoners in 19 month penitentiary at Kingston not the only ones to be allowed use of tobacco this year. When estimates of the Department of Justice were put through the House section provision was made for money for the purchase of tobacco for convicts in all Canadian penitentiaries who had been in the "pen" using the weed previous to their incarceration.

The use of tobacco in penitentiaries was cut off in the time of Sir O. D. Holt, and it was not until until very recently none of the privs have been allowed the sole a puff at pipe or cigarette.

Chicago University Gets \$60,000 Gift from John D. Rockefeller, Jr., for Task.

Chicago, July 5.—An expedition of
the University of Chicago is going to
Palestine to excavate the site of Ar-
maggedon. John D. Rockefeller, Jr.,
has contributed \$60,000 toward the
task. Dr. James Henry Breasted,
head of the university's department
of Oriental languages and literature,
will be in general charge of the work.
The site of Armageddon, the biblical
name of the site of the famous battle
of "I stand at Armageddon and battle
for the Lord."
"What's Armageddon?" thousands
talked. And the authorities were
compelled to come forward and ex-
plain Armageddon, the world's most
historic battle ground.
It was the Bible that first celebrat-
ed Armageddon, or Magdoo. The
Book of Revelation calls it the scene
of the world's last battle.

Expect Great Discoveries.
"The University of Chicago's exca-
vations in Armageddon probably will
produce additional information about
the course of some of the great cam-
paigns of early history," said Dr.
Thomas G. Allen, secretary of the or-
dinal institute of the university. It
was said that besides the \$60,000 gift
Mr. Rockefeller donated \$100,000 for
additional work.
It was in 1478 B. C. that one of the
Kings of Egypt sought to extend his
dominions over Palestine and Syria to
the Euphrates. For a hundred years
before his predecessors had a foot-
hold there. The battle of Megiddo
took place in his first campaign. The
local princes of Palestine and Syria
formed a coalition and resisted vigor-
ously. The King took the city of Meg-
iddo, but not until the leaders of the
native population had escaped. Had
the King captured it more quickly he
would have saved himself many years
of subsequent campaigning, for it re-
quired twenty years for him to com-
plete his conquest.
Megiddo has been the scene of many
of subsequent battles. The last
battle was fought by Gen. Allenby
against the Turks in the world war.

Weddings

Virgin-Hamm.
The marriage of Miss Edith Graham
Hamm, only daughter of Mr. and Mrs.
James K. Hamm, 61 Spring street, to
Albert Ross Virgin, son of Mr. and
Mrs. W. L. Virgin of Toronto, took
place at 11 o'clock yesterday morning
in St. Paul's Episcopal Church. Rev.
Archdeacon Crowfoot officiated. Dur-
ing the ceremony Mrs. Stanley Har-
rison sang very sweetly. "O Perfect
Love," immediately after the cere-
mony a dainty buffet luncheon for
relatives and friends was served
at the home of the bride, which was very
pleasantly decorated with poinsettias and
Canadian orange blossoms.
Mr. and Mrs. Virgin left at noon on
a camping trip of Belle Isle. They
will also visit Quebec, Montreal and
Ottawa, after which they will reside
in Toronto. The out-of-town guests in-
cluded: Mr. and Mrs. Harold Virgin,
and Miss Grace Parmentier of Toron-
to; Mr. and Mrs. Harold M. Hamm of
Halifax, Misses Margaret and Jean
Wright of Charlottetown, Miss Martha
MacCallum of Hartwood, Misses
H. Goodwin and Miss Nellie Cook-
rane of Sussex.

Robinson-Willis.
A very pretty wedding was solemn-
ized at the West Hill Hotel, Toronto,
June 30th, by Rev. E. Rowlands,
when Eliza Bertha Willis, daughter of
Mr. and Mrs. John Willis of Westford,
was united in marriage to George
Robinson Burton, son of Mr. and Mrs.
George Burton of Westford.
Mr. and Mrs. Burton have the good
wishes of a host of friends for a very
happy future. Mr. and Mrs. Burton,
Jr., will reside in Westford, N. B.

Barton-Perry.
A wedding of much interest was
solemnized on Wednesday, June 29th,
at 5 o'clock p. m., at the home of Mr.
and Mrs. Chas. W. H. Perry, Salmon-
dale, N. B., when their eldest daugh-
ter, Margaret May, was united in
marriage with Berttram W. Barton of
Cumberland Bay, N. B. The ceremony
was performed by the Rev. W. H. Jen-
kins, pastor of the Baptist Church,
and was witnessed by 200 guests. The
bride was attired in a dainty dress of
white satin and georgette, with crys-
tal bead embroidery, with veil and
orange blossoms, and carried a bou-
quet of roses and nasturtium. The
groom was attired by her sister, Mrs.
Fred Salisbury, who wore her wed-
ding gown of white satin and silk
embroidery. The groom was support-
ed by his brother, Arthur E. Barton
of Fredericton.
The happy pair left for their future
home in Cumberland Bay. The bride
travelled in an elegant suit of rein-
deer, tricotine with picture hat of
peacock blue.
Out of town guests at the wedding
included: Mr. and Mrs. John Paterson
and two sons, Miss O'Brien, Mrs.
Mr. and Mrs. J. J. Merrifield of St. John,
Mr. and Mrs. A. E. Barton of Freder-
icton, Mr. and Mrs. Peter Brans-
combe, Mr. and Mrs. Fred Salisbury
of Norton, Mr. and Mrs. J. M. Wil-
son of Golden Grove, Mr. and Mrs.
Milton Hughes of Cambridge, Mrs. M.
Ashner Graham and little son, Mr.
Newell Bridge, Mrs. Martha Bar-
ton, mother of the groom; Mr. and
Mrs. J. E. Barton, Mr. and Mrs. M. J.
Barton, G. F. Barton, H. O. Barton,
the Misses Sivil and Flora
Barton, Misses Gale and others of Cum-
berland Bay.

which started in front of a lively
Guardian, 40 years old, dealer of
\$10 East 122nd street, who sought
refuge in a nearby apartment, was de-
tained on suspicion of having been
concerned in the shooting. A
stranger in the locality, was threat-
ened with lynching, and it required
the reserves from the Elizabeth street
station to thin clear of the angry
crowd without injury.

Everybody on Streets.
The extreme heat had driven vir-
tually all of the residents of the
block between Broome and Grand
streets to the open, and there was
hardly a foot of space on the side-
walk not occupied by a man, woman
or child when the shooting began.
There was a general rush for shelter
and only the Desario boy and Coraro
were hit by bullets, the former in the
right knee and the latter in the right
foot. They were taken to St. Vin-
cent's Hospital.
Guardian ran into 119 Elizabeth
street, up the stairs and into an
apartment on the fifth floor occupied
by Antonio Tota, where the latter's
young sister-in-law was the only one
at home. The girl, terrified by the en-
trance of a stranger, ran out of the
apartment, but had the presence of
mind to lock the door from the out-
side. She ran downstairs and told
Tota, who in turn informed the police.
Policemen Rose and Schoenfeld found
Guardian hiding under a bed and ar-
rested him.

Threatened With Lynching.
When the two policemen appeared
with their prisoner there was a gen-
eral rush toward the trio and threats
of violence were made. The men were
to lynch the prisoner. Reserves in
command of Sergeant Gleason escort-
ed the prisoner to the station house.
Guardian told the police that he
had \$200 in his possession and ran
away because he feared he would be
robbed or shot. He denied that he
had taken any part in the revolver
battle. Two 38 calibre cartridges, but
no revolver, were found in one of
his pockets.
The police were unable last night
to learn the reason for the quarrel
or to identify any of the participants.

**Liquor Cases Were
Heard By Magistrate**

**Indecent Exposure Case Given
a Hearing — Woman on
Abusive Language Charge.**

Joseph and Edward Smith were be-
fore the magistrate on charges of in-
decency on the charge of selling liquor un-
lawfully. The information was laid by
Louis Jones, who said he did so be-
cause after the trial he had sold him
the liquor, they beat him up.
Hilda Jones, housekeeper of the in-
formant, stated one bottle was sold
for \$200 each. It was a man named
Middleton. The case was postponed
awaiting the latter's appearance in
court. Edward Smith admitted sell-
ing a bottle to Middleton. Col. E.
Weyman conducted the prosecution
and J. A. Barry the defence. The de-
fendants were allowed out on deposits
of \$200 each.
Le Boire D'Entriment, was charged
with exposing his person on Prince
William Street. Officer Chisholm, and
two little girls, who laid the infor-
mation testified against the accused who
was remanded.
Sergeant Sullivan and Mrs. Belmont,
mother of the two little girls, gave
their evidence in the case of Albert
Higgins, who is accused with indecent
assault on two children. Sergeant
Sullivan says that when he arrested
Higgins he seemed to be in a drunken
stupor. The prisoner was remanded.
Mrs. Hopley arrested for using
abusive language to a man named
Middleton, testified in her own defence
and was remanded.
G. C. Langbein's case was up again
and further evidence taken.

MEANEST MAN FOUND.

Kansas City, Mo., July 5.—The mean-
est white man out of captivity is the
husband of a woman who has just
told her troubles to W. J. Burke, at-
torney for the Legal Aid Society.
"My husband has been in prison for
months," she said, "but just wastes
his time. He is always going to dan-
ces and when he wanted to go to one
the other night, he took the only pair of
silk stockings I had and cut the tops
off so he could wear them for socks."

Obituary

Robert S. Cowan.
Widespread regret will be felt
throughout the community at the
death of Robert S. Cowan, which oc-
curred yesterday morning at his
home, 44 King Square. Mr. Cowan
was the son of Mr. John and of the
Loyalist descent and enjoyed the re-
spect and confidence of a large circle
of friends. He was an elder of Saint
Andrew's Presbyterian Church, which
office he filled faithfully and well. For
some time he was a member of the
staff of the Dominion Savings Bank.
He leaves to mourn one son, Robert
S. Cowan and one daughter, Mrs.
James E. died about three years
ago. Two brothers and two sisters
also survive; they are Edgar and
E. V. Cowan and Mrs. P. W. Thomp-
son and Mrs. F. L. Lea, all of this
city. The funeral will be held on
Thursday afternoon.

Funerals

Died at Boston, Mass., at the home
of his daughter, Mrs. Carrie on Fri-
day, July 1st, Richard Farmer, an aged
and well-known citizen of the island.
Interment took place in the family lot
at Jamaica Plains, Boston, Mass.

Funerals

Many were present yesterday after-
noon at the funeral of Mrs. C. B.
Lockhart. The funeral was held from
her late residence, 272 St. John street,
West Side, to Cedar Hill. Rev. J.
H. Jenner conducted service. Pall-
bearers were: Hon. R. W. Wigmore,
Hon. Dr. J. B. M. Baxter, K. C. Gil-
bert Hart, Romane Hoy, W. E. Berrie,
Stanley Smith and S. W. Wilkins.
The funeral of Frederick Sterna
Hanford was held yesterday after-
noon from St. John's (Stone) Church
to Fernhill. Service was conducted
by Rev. Mr. Hazlan.

Hilton Belyea Hero Among Oarsmen

Regarded by Boston Amateur Followers as Fastest Amateur for Distance in World.

Special Staff Correspondence
Adams House, Boston, Mass., July 5.—The officials of the New England Amateur Championship regatta on the Charles River, Monday, decided that as other entries failed to start, Robert Belyea, being the only oarsman on the course ready to start in the Intermediate, should row the mile and a half which the St. John man did and was, accordingly given the Intermediate championship. Belyea was much admired for the way he rowed, and while he had no opponents he rowed well.

Hilton Belyea, the new champion and record breaker, is being congratulated from all quarters, and is looked on as being the fastest amateur oarsman for the distance in the world. The father of Pauline, who finished second in the race, stated to The Standard representative today that Belyea is a wonder and will have no trouble in winning races from any other single sculler. Eugene Buckley, who is an expert writer on aquatic sports for the Boston Globe, joined with Mr. Pauline in his opinion of the greatness of the St. John sculler.

Joe McNamara, former U. S. C. I. athletic instructor in St. John, but now physical instructor for the Charles Bank Gymnasium, has been a constant friend to the St. John oarsman, who wishes The Standard to publicly thank him for his kind attention. The two St. John champions, Hilton and Robert Belyea, will receive their prizes tomorrow. Today the St. John oarsmen and a party of friends who accompanied them to Boston were the sight seeing tour to places of interest. Tomorrow evening Hilton Belyea and his brother Harry, his trainer, are to be guests of a prominent club at a banquet. The champion leaves on the Governor Dingley Friday for home, and it has already been arranged that he will compete in the regatta at Toronto on July 29 and again at Buffalo, N. Y., on August 5th and 6th. J. C. Chesley, who accompanied the oarsmen and had much to do in looking after the little boat from the eastern home of champions, left for St. John this evening.

DEMPEY GOES WEST

New York, July 5.—Jack Dempsey, world's heavyweight boxing champion, quickly left his hotel here late today and a short time later was aboard a train bound for Salt Lake City, Utah. He was accompanied by Teddy Hayes, his trainer, and Detective Sergeant Mike Train, Chicago, who has been the champion's body guard and constant companion since he began training for the bout with Georges Carpentier at Jersey City last Saturday. The title holder will visit his mother, Mrs. Celia Dempsey, to whom he addressed a telegram, announcing his victory shortly after he stepped from the ring. After the visit he probably will go to California.

South End League Now Reorganized

All Stars Admitted to Place on Schedule Vacated by Withdrawal of St. Peters.

On Monday evening a meeting of the captains of the league teams now participating in the South End League was held in the club rooms on Broadview Ave. to decide matters in regard to the strengthening of the league, in order that the people of South End and other baseball enthusiasts who have been taking a keen interest in baseball games played on the South End diamond, might have a chance to witness a more superior brand of ball to the present date, and owing to the withdrawal of St. Peters team, there have only been four teams playing in the league. Each team was represented last evening with the exception of the Imperator O.H. team, whose representative either did not know of the meeting or was detained by business so that he could not possibly attend. Roy Cameron, the manager of the Improvement League, presided and he stated that each team in the league should be strengthened and that an allowance of five days would be given them to obtain the necessary men. Mr. William McEvoy, the general captain of last year's All Stars, was present and asked for admittance for his team into the league, which was granted on condition that he hand in the required number of names by this Saturday. On several occasions before this, just after St. Peters had withdrawn their team on account of a dispute between them and the Royals in a league game, Mr. McEvoy had suggested that his team be given a chance to play, but it was denied him until arrangements were made for this meeting held last evening. The All Stars played their first game of the season with the Royals last evening and were given a great reception by their enthusiastic followers. The result of the game was 10-6 in favor of the Royals. The matter of choosing official umpires if it could be afforded by the league was taken up, but no conclusion was drawn on in regard to it. It is expected, however, that before long this matter will be settled to the entire satisfaction of both teams and spectators.

Notable Development in Poultry Breeding

The Experimental Farms of the Dominion are doing some excellent work in poultry breeding. After four or five years, birds and strains have been produced of exceedingly high productive capacity. At Kentville, N. S., eleven breeding pairs contain birds that in their pullet year laid an average of 197 eggs, the highest bird laying 270 eggs in 52 weeks. At this station a Barred Rock pullet laid 104 eggs in 104 days. In sections where a few years ago ten or a dozen eggs a year from a hen were a rarity, there are now hundreds that run to from 153 to 250. In the Eastern Townships, Que., 266 eggs have been reached and from 150 to 200 is common record. In the Prairie Provinces the Experimental Farms have had an average of 183.7 eggs, the highest being 292. At Lethbridge, Alta., the average production has increased two or three times over what it was nine or ten years ago. Now Bramwich has a similar tale to tell, one hen at Fredericton reaching 256 eggs in a year. British Columbia, however, takes the palm. At the Agassiz Experimental Farm, 200 eggs are common and from 250 to 270 are not rare. At the Vancouver Island station 200 pullets gave an average of 182.37, 83 going above 200. The high production of 300 eggs in a year has been reached on one pullet. Hens that cannot lay 200 in a twelve month are not wanted and no cocker is retained unless his mother laid 250 eggs in her pullet year. It should be noted that high class breeding stocks and eggs are available to the public from the Experimental Farms. This opportunity is being taken advantage of, the demand for pedigree cockers, through which the best egg laying results are obtained, far exceeding the supply.—Dominion Department of Agriculture.

"Eunice Bell" Wins Fasig Sweepstakes

Murphy's Peter Volo Filly Shows Class in Feature Event of Grand Circuit.

North Randall, Cleveland, July 5.—Eunice Bell, Tom Murphy's Peter Volo filly, had no trouble in winning the Fasig Sweepstakes for three-year-old trotters, the feature of today's Grand Circuit card at North Randall. The second division of the 2:13 trot furnished the most exciting finish of the afternoon, the winning horse turning up in Grey Worthy, driven by Walter Cox, after four strenuous heats. In the first heat, Grey Worthy got away poorly but finished fourth, trotting the last half a mile in less than a minute. Carmelita Hall, which won, Voltage, Allie Ashbrooke and Grey Worthy were a nose apart at the wire and the remainder of the field was not far behind. Linaura Watts set the pace in the second heat in which Carmelita Hall represented the contention down the stretch with Grey Worthy a close third. Linaura Watts captured the heat, her backers being rewarded handsomely. A \$25000 stake was paid to Cox and he got away fourth in this mile and did not drive to the satisfaction of the judges, who after the race was decided. Grey Worthy took the lead in the third heat and was never headed in the fourth which was between Grey Worthy, Linaura Watts and Carmelita Hall. The latter was the favorite. "Pop" Goers, the veteran Memphis driver, drove his first winner of the season, when Lillian Silkwood finished first in the 2:10 class pacing. Shawnee, second choice, won the first division of the 2:12 class trot in straight heats. The Summary—

WILLARD INSISTS HE WILL FIGHT DEMPEY

Lawrence, Kans., July 5.—Jess Willard is willing to meet Jack Dempsey again, he said today on his farm near here. The former champion added that he was even anxious to get a chance to recapture the world's heavyweight championship which he lost two years ago at Toledo. "I've led the simple life; I'm in splendid shape today," he said. "I would need four months for training and conditioning, then I would be ready for Jack Dempsey."

All City Athletes Allowed To Enter

West End Improvement League Will Accept Entries for Contests on July 16th.

Athletes from all parts of the city will be allowed to enter the athletic meet to be conducted by the West End Improvement League on Queen Square, W. E., Saturday, July 16th. It has been originally intended to limit those eligible as contestants to residents of the West Side only, but at a meeting of the league Monday evening it was decided to allow athletes from the entire city the right to enter. The only requirement which the senior contestants will be called for, will be that they prove to the satisfaction of the committee in charge that they are registered amateurs. Entry Form Ready. Entries forms for the meet may be had on application at the Y. M. C. A., Y. M. C. L., at the office of Major McLeod, Dominion War Tax Inspector, corner of Princess and Canterbury streets, or at his residence, corner Queen and Watson streets, W. E.; or at No. 326 City Line, W. E.; at McKie's drug store, Rodney street, W. E.; A. W. Covey, Sydney street; J. W. Andur, Main street. The fees for entry forms will be 25 cents for any three senior events, and ten cents for each other event. Junior entries 10 cents each. Relay entries 50 cents per team.

Local Cricketers Trim Out Chaleur

A game of cricket on the Barrack Green between the St. John Cricket Club and a team from the Chaleur was won by the locals with a score of 75 to 55. Hudson of the locals scored 23 runs (not out). Braithwaite of the Chaleur scored 15. He does not think any damage was done. The ship is steaming to North Sydney where a diver will examine the hull. PREACHER WAS COOL. Montreal, July 4.—Although clerical dress has never been popular in the Baptist churches, and many of the pastors have refused to wear the Oxford collar or the "white choker," the fact that Rev. Dr. O. C. Wallace ascended the pulpit of Westmount Baptist church yesterday clad in a Palm Beach suit and wearing a soft collar, gave rise to no little speculation as to the propriety of the act. Necessary. Flatbush—"Why do they have these glass cases with the axes, crow bars, and other implements in 'em in the railroad passenger-cars, do you suppose?" Bensonhurst—"Oh, they are put there to use in case some one wants to open a window."

Some Arrests In Fight Case Likely

Reformers Announce That They Will Take Action But Decline to State How.

Jersey City, N. J., July 5.—Somebody is going to be arrested on account of the Dempsey-Carpentier bout, Dr. W. T. Crafts, superintendent of the International Reform Bureau, said today after a conference with officials of the organization. He would not say who it would be, but declared a test case would be brought before the end of the week to determine whether the bout was illegal. He reaffirmed previous announcements that he would seek the impeachment of Governor Howards and other state officials who witnessed the fight. He said he would charge the governor with malfeasance of office and with attending a law-breaking exhibition after being warned by the reformers. He was silent as to his method of procedure. He proclaimed that he was on the warpath to give prize fights a knock-out blow and said he would attempt to repeal the state boxing law. He also said he would try to stop any other matches in the arena at Boyle's Thirty Acres.

Overrule Motion In Baseball Case

Chicago, July 5.—Judge Hugo Friend today overruled a motion to squash the general conspiracy indictment against 18 former baseball players and alleged gamblers in connection with the 1912 world series scandal. The defense immediately moved that the state be required to elect which of the twelve counts it will go to trial on, attorneys for the ball players arguing the prosecution could not try twelve conspiracy charges at once. The state announced that Judge K. M. Landis, high commissioner of baseball, would be called to refute the claim advanced by the defense that baseball players are not under contract to their clubs during world's series games. The state's attorney also said he would ask Judge Friend to hold night sessions of court to speed up the trial. THEY MEET TONIGHT. The Commercials and St. Peter's ball teams will meet for another contest in base ball. King and Dever will be in the points for St. Peter's, while Evans and Brittain will perform for the Commercials. The interest in these two teams is becoming keener, and a battle royal is looked for tonight.

FRESH WEAKNESS IN FOREIGN OIL ON WALL STREET

Mexican Pete. Drops Over 9 Points Because American Producers Quit.

U. S. RUBBER IS UNDER PRESSURE

Call Money Opens at Six But Declines Half Per Cent. Later.

New York, July 5.—Resumption of business on the stock exchange after the triple holiday was signalled by fresh weakness in the foreign oils, especially Mexican and South American issues.

Withdrawals from the Mexican field by American producers because of the alleged confiscatory export tax caused Mexican Petroleum to add 9 1/8 points to its steady decline, the stock falling to 90 1/4, a new low record, with only a feeble rally.

Pan-American Petroleum, the controlling factor in Mexican Petroleum, also was heavy throughout with General Asphalt. On the other hand, Royal Dutch, chief of the European oils, made a substantial gain.

United States Rubber was under marked pressure the first half of the session, but finished at a fractional gain in anticipation of favorable dividend action by the directors at Thursday's meeting.

Call money opened at six per cent but release of July interest and dividend payments eased the rate to 5 1/2 per cent on the exchange later, a 1/2 per cent rate ruling in private negotiations.

Garman and Austrian exchange rates were firm but British, French and most other European remittances moved against home centres. Rates to the Far East, especially China, Japan and India straightened.

Liberty bonds were irregular, but most other domestic issues and international, including United Kingdom and Dominion of Canada, were firm.

Total sales, par value, amounted to \$11,875,000.
