MAIL ORDERS

We solicit outlet towns orders, which receive your personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the relation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

FEW CHANGES IN THE TARIFF

Financial Statement Shows that Canada is in a Prosperous Condition
LARGE SURPLUS

Ottawa, May 12.—A fifty-five million dollar surplus, a billion-dollar commerce, general prosperity and a few tariff changes were announced to-day by Finance Minister White in the budget speech. The financial statement had been announced for this week but had not been expected so early. The mother of the finance minister is critically ill and on that account he desires to leave the capital. The speech was delivered to-day by agreement between the two parties. There is little striking in the measure in the way of tariff changes. Hon. Mr. White stated that the government had come to the conclusion that a general tariff revision was not required this year.

There were some changes in lines, cocoa and other products of the south, consequent upon the West trade agreement. Sugar refiners are cut off from their present privileges of importing from foreign countries at preferential rates, twenty per cent of the raw sugar they require.

The duty on cement is cut from 43½ cents per barrel to 35 cents; type-setting machines and traction-ditching machines are put on the free list along with some scientific articles.

There is nothing done respecting steel or shipbuilding, woollens, tin or any of the other interests that have been pressing for changes. The speech required two hours in delivery.

A. K. MacLean adjourned the debate and will reply to the statement probably to-morrow.

A TALE OF PROSPERITY
Hon. W. T. White, minister of finance rising at 3:40 p.m., was cheered by the government supporters and at the outset he thanked the opposition for allowing him to introduce the budget without notice, and explained that he was obliged to ask this indulgence on account of having to leave the city through the serious illness of a member of his family circle.

He recalled the fact that the budget speech of 1912 was delivered on March 13 of that year and stated that as the fiscal year ended March 31, it would be necessary for him following the usual practice, to review the result of 1911-12 as disclosed in the completed accounts of the auditor-general.

The total receipts for the year, ended March 31, 1912, reached the sum of \$186,000,000, being a little over \$1,000,000, more than his estimate given to the house, and the increase over the revenue of the previous year of over \$18,000,000.

This large increase represented about fifteen and a half per cent of the revenue of 1910-11, and was fairly evenly distributed over the several months of the year.

The minister gave some figures for the two years, 1910-11 and 1911-12, showing the total revenue for the former year was \$117,780,409, and for 1911-12, \$138,108,217.

HEAVY EXPENDITURES
The minister of finance dwelt at some length on the expenditure of 1911-12, pointing out that a considerable portion of it had been upon public works, so that, although it looked heavy, that fact must be taken into consideration and that it would cover generations.

Coming to the fiscal year ended March 31 of this year, the minister said that would prove even more satisfactory. When the books of the fiscal year 1913 are closed it will

CLAIMS GOODS STOLEN ON G.T.R.

Trainmen Under Arrest at Montreal in Connection with Missing Merchandise
LOADS OF STUFF FOUND

For some time past heavy claims for missing goods in transit have been put into the I. C. R. by the Grand Trunk Railway, but at last, it is reported, the mystery surrounding the disappearance of the greater portion of the stuff, at least, has been cleared up. As the result of police investigation at Point St. Charles, the point where the I. C. R. takes charge of goods shipped over the G.T.R. for the Maritime Provinces, seven or eight Grand Trunk trainmen are under arrest charged with theft, and several more have skipped out to avoid arrest.

Special Agent A. J. Tingley, of the I.C.R., arrived home last night in connection with this matter. He informs the press that during the last three or four days Special Agent Hodges, of the G.T.R., and I.C.R. Inspector Moore, who was acting with the Grand Trunk official, succeeded in establishing the fact that the breakage of seals on cars and the theft of goods in transit was done at Point St. Charles, the terminal point of the goods from the Grand Trunk. On Saturday last, the railway police, acting upon information they had gleaned, arrested five G.T.R. conductors and three brakemen, while three other conductors and one brakemen, for whom warra ts had also been issued, had skipped out.

Special Agent Tingley, who went to Montreal on Sunday, says they searched eight houses around Montreal and St. Charles and found great quantities of goods that had been missing from railway cars. Altogether they located a couple of team loads of goods, including 100 pairs of boots, many shirts, towels, bath robes, travelling bags and all kinds of toilet articles. The goods were taken charge of by Special Agent Hodges of the G.T.R., and taken to his office.

Some of the men accused of stealing this stuff from the railway were brought before the court on Monday, and the rest will be brought up on Friday.

This is considered one of the mysterious disappearance of goods en route to the Maritime Provinces is important from more than one standpoint. The Grand Trunk has been making claim for goods alleged to have been handed over to the I.C.R. at Point St. Charles in good order, with the result that there was the suspicion that the missing articles were taken while passing over "The People's Railway." The facts brought to light at Point St. Charles, however, proves that the trouble was on the C.T.R. end and not on the I.C.R.

It was found that the total revenue will have reached the stupendous total of \$168,250,000, an increase over the year 1911 of \$32,000,000.

Some indications of the magnificent growth of the dominion may be gleaned from the fact that this increase of revenue during this one year almost equals the entire revenue of the country twenty years ago.

Mr. White said that this revenue was mainly derived from customs and excise, but also from post office, railway and other sources of income.

So far as the ordinary running expenses were concerned the increase was, as expected, considerable. The estimates for the year had made generous provision for public works, provincial subsidies and works for which there was special legislation.

SURPLUS OF \$55,000,000

Notwithstanding these facts, however, the ordinary current expenditure which in the previous year amounted to \$98,161,440 will be found not to have exceeded \$113,250,000, leaving a surplus of \$55,000,000 against outlays upon capital and special accounts—that is upon public works, such as the N.T.R. On these undertakings, the expenditure will be found not to have exceeded \$33,000,000, so that bearing in mind the expenditure of consolidated funds our sinking fund will amount to \$1,300,000. The result of the financial operations of the year will be the reduction of the debt of Canada by about \$22,300,000.

PRIZE WINNERS AT FREDERICTON

Four Campbellton Students Are Among the Graduates This Year
THE MEDALLISTS

Fredericton, May 14.—The annual convocation exercises at the U.N.B. will be held tomorrow afternoon and promise to be very interesting. Governor Wood will preside and members of the faculty, senate and alumni will occupy seats on the platform. Professor Stephen will speak in praise of the founders, Judge Barry will address the graduating class, Dr. H. S. Bridges will be the alumni orator and Arthur N. Carter the valedictorian. Or far as can be learned there will be no honorary degrees conferred.

Chancellor Jones today gave out a list of medal and prize winners as follows:—

Douglas Gold Medal for best English essay, George B. Carpenter of Wickham, Queens county.

Governor-general's gold medal for natural science and chemistry, John D. Hanson, Fredericton.

Ketchum silver medal for fourth year engineering, Frederick Simco Jones, Queens county.

Montgomery Campbell prize for classics, Arthur N. Carter, Fair Vale.

Ex-Governor Tweedie's prize of \$50, for best standing in five ordinary subjects in the senior year, Arthur N. Carter, Fair Vale.

City of Fredericton gold medal for forestry, George Payson Melrose, St. John.

Alumnae scholarship of \$30 for young lady having best standing in sophomore year, Lowella Bernice McNaughton of Moncton.

William Crockett scholarship of \$100 for Greek and Latin, Murray McCheyne Baird, Fredericton.

Dr. Thomas Walker prize of \$25 for freshman English, E. Melvine Dunn, Harcourt.

The associated alumni will meet this evening to award the society gold medal for the best Latin essay and the Brydon Jack memorial scholarship.

The order of graduation will be as follows:—B. A. with honors, Arthur Norwood Carter, Class I Latin and Greek, Class I economics and English; Andrew Arthur Brown, Class I natural science and chemistry; John C. Hanson, Class I natural science and chemistry; Nathaniel C. McFarlane, Class I natural science and chemistry; George Brown Carpenter, Class I philosophy and economics; John Marshall Nason, Class I philosophy and English; Muriel Kathleen Steves, Class I, English and French.

FIRST MEETING OF ALDERMEN

Stirring Address by Mayor Montgomery.—Fire in Wood Pile
SOCIAL NEWS

Dalhousie, May 15th.—The first meeting of our newly elected town council was held on Wednesday evening when Mayor Montgomery delivered a brief but stirring address. The following is a condensed report of his remarks:—"Gentlemen, Knapwags of the Town of Dalhousie, it again becomes my pleasure to thank you for electing me Mayor by acclamation, and I can assure you I appreciate your confidence in again trusting your civic affairs in my hands, more especially this year, when there is to be large expenditure of money, and constant attention required for town affairs."

I also congratulate you on your choice of Aldermen and consider the magnificent vote you elected them by, a token of the manner in which you appreciated their services in the past, and an unmistakable voice of your opinion regarding a progressive Council for your town.

Your vote plainly shows that no Aldermen who are opposed to all modern improvements and encouragement to new industries for the town, need seek election, and that you will pay no heed to those who told you that installing a modern and up-to-date Water System and Electric Light plant meant ruin and taxation.

You have the water system now self-maintaining, and can judge for yourselves if it meant ruin or protection. You can look to the election where you gave the mandate to install that water system, which saved your town from the ruinous day of the fire, which has since been a constant menace to your lives and property, and you can see the result of your own decision.

I trust and feel assured that you will reap the same benefit from your Electric Light system for which all citizens are so well pleased, and which will be in operation in a few days.

This will bring the town up to the standard of all progressive towns, and with our natural advantage, having the best harbor in the Maritimes and Northern New Brunswick, situated on a large and fertile tract of land, and with your co-operation, all working together, there is no reason why we should not succeed. Thanking you again for your hearty and strong support, I can assure you on behalf of the Council and myself that we will do every

One industry that I would ask you all to bear in mind is the Pulp and Paper industry, which is bound to be the future of our lumber industry. The Restigouche River with its numerous branches, together with the Nouvelle and Escuminac Rivers will furnish raw material for two or three of these mills, and we should use every effort to have the first one located within our town limits, and with your co-operation, all working together, there is no reason why we should not succeed. Thanking you again for your hearty and strong support, I can assure you on behalf of the Council and myself that we will do every

STABBED MAN AND ESCAPED IN AUTO

New York, May 12.—The automobile served as a vehicle for the escape of criminals here again today when some members of a motor party, including five men and two women, leaped from the car in Bronx, and stabbed Frederick Newman, a photo engraver, 22 years old, was taken to a hospital in a serious condition. Although he declared he was an innocent passerby, his companions admitted he had shouted something to the women in the car, angering the men.

Interesting Experience of Two Women—Their Statements Worth Reading.

White Oak, Ont.—“At Change of Life when doctors could do no more and I was given up by my friends, Lydia E. Pinkham's Vegetable Compound came to the front and did wonders for me. I had been having female troubles for years, my head troubled me severely at times, I had bearing down pains and backache and I was very anaemic from excessive flowing. I recommend your Compound highly and do all I can to advertise it as a genuine woman's medicine.” —Mrs. SYLVESTER MANNING, White Oak, Ontario.

The Case of Mrs. Kirlin.
Circleville, Ohio.—“I can truthfully say that I never had anything do me so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound. “Before I had taken one half a bottle of it I began to feel better, and I have continued taking it. My health is better than it has been for several years. If all women would take it they would escape untold pain and misery at this time of life.” —Mrs. ALICE KIRLIN, 868 W. Mill St., Circleville, Ohio.

The Change of Life is one of the most critical periods of a woman's existence. At such times women may rely upon Lydia E. Pinkham's Vegetable Compound.

SUBSCRIPTIONS FOR LIBERAL CAUSE

An Appeal is Made to Supporters of the Party in New Brunswick.

The following appeal addressed to the Liberals of New Brunswick and signed by Messrs. H. R. Emmerson, F. B. Carvell and O. Turgeon, is made public:

OTTAWA, May 7, 1913.

To the Liberals of New Brunswick:

Efficient organization is the key-stone of success in business or politics. The recognition of this fact and the request of their supporters to join in sharing the necessary expense brought success to the Democratic leaders and their party in the United States presidential elections last year. The funds for legitimate party purposes, such as organization, printing, publicity and travelling expenses, were raised by a popular subscription.

The Liberals of New Brunswick are in need of more thorough organization, of committee work, and wider distribution of party literature, for which purposes a considerable sum of money will be required. We believe all loyal supporters of the party will be ready and willing to subscribe to such a fund, and we ask them to do so.

The Liberals are today fighting in the House of Commons for free speech and the people's liberties. We do not know how soon they may be called upon to struggle for their rights at the polls.

We must be ready. The Liberal party must be ready and the only way to be prepared is to organize.

In asking the financial assistance of Liberals for that purpose we are inviting every member of the party to co-operate and stand shoulder to shoulder with us in this memorable struggle. We neither expect nor desire assistance from the trusts, or wealthy corporations, whose interests may clash with the interests of the common people, and this appeal is therefore made to the masses of the electorate, who desire to maintain the rights of the people. It is far more desirable in the interests of the party that the subscriptions should be general, coming from every parish in the province, in other words, that there should be a large number of subscribers for small amounts rather than a small number of subscribers for big amounts.

Subscriptions for any amount from one dollar and upwards will be received by those in the different polling districts in the parishes who are authorized to do so, as well as by the County Treasurers, who will forward all amounts they receive directly, as well as those from parish collectors, to the Provincial Treasurer, who will acknowledge the same.

The funds collected will be expended under the direction of the undersigned Provincial committee representing the Liberal members from New Brunswick in the House of Commons, and subject to the audit of Henry E. Hill of St. Stephen.

H. R. EMMERSON,
F. B. CARVELL,
O. TURGEON.

The treasurer for St. John county will be John Lee, of Simonds, and for St. John city Frank V. Hamm, secretary of the Liberal Association. The other county treasurers will be announced in a few days.

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. Allow me Mr. Editor a little correspondence from our progressive little village. We appreciate very much the newsy items given by our regular correspondent, but I think in the prospects of public interest generally he has failed until now to describe the numerous advantages of our locality.

Fit-Reform

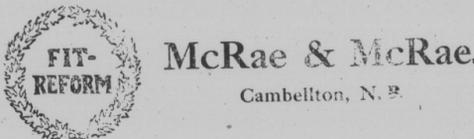

Let the greatest tailoring organization in Canada make your Suits to order. When Fit-Reform makes your Suits to measure, they are made to your order and exactly as you order.

We have the designers to carry out your ideas as to style. We have the tailors to make up every garment just as you specify.

You are the one who will wear the suits. You, and you alone, are the one to be pleased.

In the matter of styles—in the variety of patterns—in the general excellence which comes from experience—you surely realize the advantage of dealing with the large house instead of a small one.

If you appreciate such a service as Fit-Reform offers, let us take your measure for your new suits.

SPRING HAS COME!

THE CIGARETTE

The Montreal Gazette in an editorial on the above says—

The Woman's Christian Temperance Union is working for the prohibition of the cigarette, and a bill with this end in view, it is promised, will be introduced at the next session of Parliament. The measure, it may be predicted, will hardly pass. No Parliament could, with reason, abolish the cigarette and leave the more solid and far stronger pipe and cigar. The great objection some women have to the cigarette is that it is a favorite with juveniles. That objection has in a measure been removed in most communities since laws have been passed forbidding the sale of cigarettes to boys 16 years of age and under. Such should not smoke at all, and there are people who would raise the age limit to 18 years. The strict observance of the law with respect to juveniles should be sufficient for the enemies of tobacco, unless it is to be barred in every form. For the cigarette is the mild one in which the weed can be smoked. Every smoker knows that the solid fellows who smoke pipes and cigars would exchange neither the one nor the other for a ton of the paper covered smokes that are enjoyed by young fellows, and that are growing in favor with girls who believe a woman has just as much right to drink intoxicating liquors and make a chimney out of herself as a man. These girls smoke cigarettes because they can't smoke anything else. A pipe or a cigar would send them reeling to bed after a few puffs of what makes rough fellows so contented and mild that they feel like joining the peace society that Mr. Andrew Carnegie occupies part of his time with. Cigarettes are resorted to sometimes, also, by the real smokers. They come in handy between acts at the theatre when escort and buyer of tickets of admission sneaks out to the lobby or sidewalk. They are also useful during waits at rural railway stations, when the baggage men are putting off barrels of beer and taking on tubs of butter and cases of eggs. To light a cigar under such circumstances, and to have to throw it away after a few draws and satisfied grunts would be a crime that no veteran would indulge in. He respects the pleasure-giver to much. It is almost as good as his pipe. The temporary substitute he casts aside without a qualm of conscience when the conductor shouts "Hallabard," or the man in the theatre presses the button that makes the bell ring in the bar as a sign that the curtain will be drawn up inside of two minutes. To him it is a mystery why people attack the mild cigarette and ignore the pipe and cigar, which he knows are many times stronger than the persecuted article. The whole three are luxuries; not one of them is a necessity. They can be done without by men just the same as candy and ice cream sodas can be done without by women. They are as unnecessary as silk stockings or vegetables and fruits from the tropics in or out of season. They give transitory pleasure to men, that is all. It is as unreasonable to condemn one as the other. Let all three be kept from growing lads and they will do very little harm.

SILVER BLACK FOX INDUSTRY IN PROVINCE QUEBEC.

THE CASCAPEDIA SILVER BLACK FOX CO., Limited.
HEAD OFFICE: GRAND CASCAPEDIA.
Authorized Capital, \$100,000, Divided into 10,000 Shares of \$10.00 each. All common.
INCORPORATED UNDER A DOMINION CHARTER
PROVISIONAL DIRECTORS:—
Arthur Nadeau, President; Dr. W. J. Enright, Vice-President; Charles H. Nadeau, General Manager; Edmund Nadeau, J. C. Fair, Edgar Nadeau, Directors.

7,500 shares at par the balance to remain in the treasury of the Company. Money invested in The Cascapedia Silver Black Fox Company, Limited, is a safe and permanent investment with large profits.

WHY?
Because the Province of Quebec is more favorably situated for fur farming than any other of the Eastern Provinces, for the most valuable fur bearing animals can only bring their pelts to the highest state of perfection in the coldest climate.
Because the Legislature of Quebec has provided protection for foxes kept in captivity by adopting at the session which ended on the 21st of Dec. 1912, the law proposed by the Hon. Charles R. Devlin.
Because the Cascapedia Silver Black Fox Company, Limited, have secured contracts and purchased the best pedigreed Silver Black Foxes procurable, consisting of two pairs one year old and two pairs two years old.
Because the market for years to come will be unlimited and the owners of fine stock that breed from good strains for ten years or more will invariably have the choice of customers and get the highest prices and that class of stock is just as easy to feed and care for as the poorest.

PROBABLE FINANCIAL RETURNS

When considering this proposition financially, the Directors have been conservative and have based their estimates below the average results obtained by Prince Edward Island Ranchers. The Company has purchased two pairs of best high grade E. I. stock and two pairs two year old foxes from the famous ranch of Mr. Beetz, and guaranteed pure blood, from the eleventh generation, also five pairs of Blues, enlarging and building ranch, which in all will amount to \$75,000, estimating 2 pups from the one year old, 4 pups from the two year olds and 4 pups from each pair of blues, would represent as follows:—

12 Silver Black Pups at \$5000.00	\$60,000.00
20 Blue	10000.00
Less 1 pair reserved	10,000.00
Feed, Management & Care	70,000.00
	\$14,000.00
Over 74 per cent. on the investment	\$56,000.00

To both the large and small investor, we wish to call your attention to the special features of our offering, namely, Low capitalization, high grade stock, consisting of two pairs P. E. I., and two pairs from Mr. Beetz, (Quebec foxes) which are large, strong, healthy animals and ones that produce results, ideal climate, modern ranch with secluded dens and self-mating pens, thus causing no confusion or excitement whatever in effecting a separation of the male and female at this critical period.

Do not allow this splendid opportunity to go by. Cut out the application form, fill in for the amount of shares you require and forward with 10 per cent. of the subscribed amount, or if preferable would make draft through any bank, with stock certificate attached.

THE CASCAPEDIA SILVER BLACK FOX COMPANY, Limited.
APPLICATION FOR STOCK.

I We the undersigned hereby subscribe for and agree with The Cascapedia Silver Black Fox Company, Limited, to take the number of shares at \$10.00 a Share as set opposite our respective signatures hereto, and to pay ten per cent of said stock down and the balance 45 per cent 15th of June and 45 per cent 1st August. Should said shares not be allotted, the money paid on them to be returned in full.

Newsy Notes of Town and County by Graphic

SUGAR LOWER
An account of the reduction of the duty on sugar has been placed at a lower figure by wholesale dealers.

HEAVY FROST
There was a severe drop in the mercury Wednesday night and Thursday morning ice was formed in the small streams. Early season was killed.

TO ERECT CLOCK
Mr. H. C. Montgomery has been officially asked from the department that he will be asked to erect the clock in the post office square. The time-piece long looked for is said to be in transit.

CORRECTION
The GRAPHIC recently stated that Mr. P. J. Shannon has purchased property at MacEvoy Junction required by the government for the militia training ground. This is incorrect. The property purchased by Mr. Shannon is near the government site. The lot consists of 2800 acres of good farm land and Mr. Shannon will break up into farms.

WILL RE-OPEN HERE
Mr. J. M. Mercereau, photographer, who lost his camera in the Dimock fire last winter will re-open in the Dimock studio. Mr. Mercereau is procuring a new studio equipment and will announce his opening later.

BARGAIN OPPORTUNITY
The subscriber offers for sale a stock of general groceries, confectionery and school supplies in block. Stock is all fresh and good. Will also rent store to purchaser. Stand one of the best in town. Reason for selling is to leave. For particulars apply to RICHARD PARKER, Andrew Street.

ANNUAL MEETING
The annual meeting of the Cemetery Co., held last week, hadn't a sufficient number to do business. This is a sad reflection on those owning lots in the cemetery. We should at least show a little interest in these conditions there. The meeting was postponed until Tuesday next, at the council house.

OBITUARY
The sympathy of the towns people has been highly extended to Mr. and Mrs. Thos. Wran on the loss of their little girl Elsie Margaret Wran 3 years old, who died on Thursday morning. The little one has been ill for some time past and did not make much progress towards recovery. The funeral will be held today, Friday at 2 p.m., Rev. J. H. Parfitt officiating.

REMEMBERED BY FRIENDS
Miss Annie Grant, of New Glasgow, N. S. president of the Hebekeh Assembly of the Maritime Provinces, visited New Brunswick on May 14, officially Tuesday evening. The degree was conferred on four candidates. During the evening Miss Nellie Montgomery was presented with a traveling bag by the lodge. Miss Montgomery will leave in a few days for Campbellton. She is a sister of H. C. Montgomery.

MUSICAL TREAT
Manager Dimock is endeavoring to secure the Hebekeh Club to appear in the Opera House on Wednesday night only, May 24th. This proposition has been secured for the college course at Sackville, N. B., for two nights May 23rd and 24th and no doubt the musical success in making this arrangement for them to appear in our town, we feel that nothing need be said regarding the value of this organization as the most of our readers are well aware of the ability of the Hebekeh Club, as they appeared here 4 years ago in the old opera house. Prices 35, 50 and 75 cents.

DUKE OF WESTMINSTER WILL SEEK DIVORCE

Starts Preliminaries—Duchess Contemplates Counter Suit

London, May 8.—Preliminary proceedings for divorce have been begun by the Duke of Westminster. It is understood that the Duchess contemplates a counter suit.

The co-respondent named by the Duke is the Duke of Alba, who at one time was reported to be engaged to an American girl, and who is well known in cosmopolitan society.

The case when it comes to trial is likely to create a sensation.

The matrimonial infelicity of the Westminsters has long been a subject of gossip, and reports that one or the other of the pair intended to seek divorce have been frequent for some years. These reports have not had legal foundations hitherto.

The domestic troubles of Hugh Richard Arthur Grosvenor, second Duke of Westminster, and his Duchess have for some time been public property, and divorce proceedings have been freely predicted. Their marriage took place in 1901, and they have two children, Lady Ursula Grosvenor, aged 11, and Lady Mary, aged three.

The Duchess, daughter of Col. Cornwallis West, is a sister of the Princess of Pless, and her only brother is George Cornwallis-West, the second husband of the former Lady Randolph Churchill. The Duke of Westminster, who was born in 1879, is one of the richest men in England, owning 30,000 acres in Cheshire and Flintshire and 600 acres in London. He is chiefly known as a sportsman, especially as a keen poloist.

The open break between the pair came a few months ago, when, after a violent scene, the Duke is said to have ordered the Duchess out of his town residence, Grosvenor House, following a ball given at Buckingham Palace by the King and Queen, to which the Duchess was invited and the Duke pointedly was not asked.

To George C. Harriman, of Grand Casapedia in the County of Bonaventure in the Province of Quebec, and to all others whom it shall in any way concern.

Whereas by Indenture of Lease bearing date the 26th day of August, A.D. 1902, made between Jane Gerrard of the one part, and one Murdoch G. Mann, of the other part, all that certain lot, piece or parcel of land, situate, lying and being in the Town of Campbellton in the County of Restigouche, and in the Province of New Brunswick, and bounded and described in said Indenture of Lease as follows:—Commencing at the south east corner of lot occupied by and adjacent to Mackenzie & Flett, the said Jane Gerrard on the north side of Rosebery Street, thence along the east boundary line of Mackenzie & Flett for a distance of thirty five feet, thence southerly in a straight line to the north side of Rosebery Street, thence westerly along the north side of Rosebery Street a distance of thirty five feet, thence southerly to the place of beginning, was demised and leased to the said Murdoch G. Mann, Executor, administrator and assigns, for the term of nine hundred and ninety nine years from thence next ensuing.

And whereas by Indenture of Mortgage bearing date the 11th day of February, A.D. 1908, and duly registered in the Restigouche County Records of Deeds as number 11,388 on page 627, 628, 629, 630 and 631, in Book V of said Records, made between the said Murdoch G. Mann, of the one part, and the said James E. Kelly, of the other part, the said Murdoch G. Mann did by way of mortgage grant, bargain, sell, assign, transfer, convey and set over unto the said James E. Kelly, his executors, administrators and assigns, all and singular the said hereinbefore in part recited Indenture of Lease, and the said lot of land thereby demised, and the houses, buildings and improvements thereon standing and being or thereafter to be erected and built thereon, and all other things therein yet to come and unexpired.

And whereas the said Murdoch G. Mann, subject to the giving and executing of the said Indenture of Mortgage, by Indenture dated the 28th day of September, A.D. 1909, granted and assigned the said Indenture of Lease, the said lot of land and premises, and the improvements thereon, and the said term of years yet to come and unexpired, unto the said George C. Harriman, his executors, administrators and assigns.

And whereas the said James E. Kelly, departed this life intestate on or about the seventh day of February, A.D. 1909, and Letters of Administration of the goods, chattels and credits of the said James E. Kelly, deceased, were on the eighteenth day of December, A.D. 1912, granted to the undersigned by the Probate Court of the County of Restigouche, and they have been duly sworn as such:

And whereas default has been made in the payment of the principal money and interest secured by said Indenture of Mortgage:—

Notice is hereby given that for the purpose of satisfying the said principal money and interest due on and secured and made payable by said Indenture of Mortgage and by law, and unpaid, there will, in pursuance and by virtue of power of sale contained in said Indenture of Mortgage, be sold at Public Auction on Rosebery Street in front of the said land and premises, in the said Town of Campbellton on THURSDAY, the twenty first day of August next, at two o'clock in the afternoon, the above mentioned Indenture of Lease, and the lands and premises therein mentioned and described, that is to say the said leasehold interest therein, and the improvements thereon being, and the said term of years then yet to come and unexpired, and all other the rights and appurtenances to the same belonging and appertaining, which under the said Indenture of Mortgage, the undersigned administrators can or may legally sell and assign.

Dated this seventh day of May, A.D. 1913.

STRONGLY ADVISES "FRUIT-A-TIVES"

Because They Cured Him, And They Will Cure You

WALKERTON ONT., MAY 9th. 1911. "I have been in Walkerton in business for a good many years and many of my townsmen know that my health, for long periods was precarious. My trouble was extreme Nervousness, brought on by Indigestion and Dyspepsia, from which I suffered in the most severe form. It was so bad that I could not sleep before about four in the morning. I noticed one of your published testimonials of how someone had used "Fruit-a-tives" for similar trouble and asked Mr. Hunter, my druggist, his opinion on the matter and he advised their use. I immediately procured several boxes and I am pleased to say that I now enjoy splendid health and could not possibly feel better. I can eat with every degree of satisfaction and sleep without an effort. I strongly advise anyone suffering from like complaints, to commence using "Fruit-a-tives". ALEX. MCCARTER, 50c. a box, 6 for \$2.50—trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

TELEGRAPHERS MEET AT BALTIMORE

While the main organization is in session, the women's auxiliary, composed principally of wives of members of the Order, will hold meetings.

For Loss of Hair

Will pay for what you use if Rexall "93" Hair Tonic does not promote the growth of your hair.

In all our experience with hair tonics the one that has done most to gain our confidence is Rexall "93" Hair Tonic. We have such well-founded faith in it that we want you to try it at our risk. If it does not satisfy you in every particular, we will pay for what you use to the extent of a 30 day return.

If Rexall "93" Hair Tonic does not remove dandruff, relieve scalp irritation, stop the hair from falling and promote a new growth of hair, come back to us and ask us to return the money you paid for it, and we will promptly refund it to you. You don't sign anything, promise anything, bring anything back, or in any way obligate yourself. Isn't that fair?

Doesn't it stand to reason that we would not make such a liberal offer if we did not truly believe that Rexall "93" Hair Tonic will do all we claim for it—that it will do all and more than any other remedy?

We have every thing you need for the hair, and are able to judge the merits of the things we sell. Customers tell us of their success. There are more satisfied users of Rexall "93" Hair Tonic than any similar preparation we sell.

Start a treatment of Rexall "93" Hair Tonic today. If you do, we believe you will thank us for this for the rest of your life.

You can buy Rexall "93" Hair Tonic in this community only at our store:

CLEANING THE DIPLOMATIC SLATE

Great Britain and United States to Settle all Pecuniary Claims

Washington, May 11.—Great Britain and the United States will begin to clean the diplomatic slate Tuesday, when the international tribunal for the arbitration of outstanding pecuniary claims between the two nations will hold its first meeting here under the presidency of Henri A. Fromageot, of France. This tribunal, created by a special agreement, negotiated by former Ambassador James Bryce and former Secretary of State P. C. Knox, in 1910, will judicially settle claims of private persons of the two nations, some of them dating back to the war of 1812.

There has been no judicial settlement of any such claims since 1853. The settlement of the large number of accumulated cases will relieve the American State Department and the British Foreign Office of the necessity of presenting the demands which each is constantly being urged to press upon the other in behalf of its nationals. The claims listed for hearing at the opening session of the tribunal are chiefly those in favor of or against Canada. They relate to seizure of American fishing vessels and Canadian sealers, collisions, contracts in the Yukon territory, South Africa and India and other subjects.

The tribunal consists of, besides President Fromageot, two national arbitrators, Sir Charles Fitzpatrick, Chief Justice of Canada, and Chandler P. Anderson, formerly counsellor of the Department of State. The two governments are represented by C. I. B. Hurst, agent for Great Britain, and Robert Lanning, agent for the United States. The claims will be argued on behalf of the United States by J. Keuben Clark, jr., former solicitor of the State Department; Arthur I. McKinstry, H. H. D. Pierce and Charles F. Wilson, and on behalf of Great Britain by F. L. Newcombe, Canadian deputy minister of justice, and other British counsel. The joint secretaries of the tribunal are Robert A. Young for the United States and A. C. Kerr, of the British embassy.

By the special agreement of 1910, which created the tribunal, all claims to be heard must be included in schedules to which both governments consent. In this, it differs from the customary agreement as to the arbitration of claims, which permits any outstanding claim to be submitted to the arbitrators. In June, 1911, the two governments agreed upon a first schedule containing some three hundred claims. But, in addition to those in the first schedule, there are a large number of other claims which each government desires to have settled, so that negotiations are in progress for a second schedule. If an agreement on this can be reached there will be practically no outstanding claims between the two governments, and a constant source of diplomatic discussion and annoyance will finally be removed.

The American claims aggregate \$4,330,000; the British \$2,966,000.

W.C.T.U. COLUMN

This department is conducted by the local Union, and is under the charge of an Editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

The following are excerpts from an article by Elbert Hubbard which appeared in the last number of the "Cosmopolitan". Coming from such a source, they are worthy of careful attention.

"I hate drunkenness, but I do not hate the drunkard.

If any man should have our friendship it is the man who has failed to be a friend to himself.

The fact is, the victim of strong drink often has all the virtues—including high intelligence and a tender, sympathetic heart—and yet when the Demon Drink clutches him, his will is paralyzed, and Satan is in the saddle.

"The worst about strong drink has never been told. It cannot be told. It escapes the limitations of language.

But I think we err in despising the drunkard. Our hearts should go out to him in pity.

A part of his hallucination often is, that he is not a drunkard. "I can quit any time", he says. But he who says that seldom quits until Death stops his mouth with dust.

"Alcohol is a poison, and the stimulation that it produces is one form of its activity. If continued, the exhilaration will break down tissue, and may result in dementia, mania, loss of speech, paralysis, disease and death.

Good consecutive work, either mental or physical, and the use of alcohol are incompatible.

I am talking especially to young men—young men who would win their way in the world—and I ask "Can you afford to run the risk of ruin by dallying with this arch-enemy which has laid so many low?"

We have been led to think that to drink is manly, and to get into a condition where common sense has fled, and the tongue is tangled, is funny. But the business world always has the drinking man, no matter how gifted, under suspicion.

The use of strong drink is neither manly nor amusing, and no one who loves you, or is interested in your welfare, would think so. And the truth is, any man who deliberately turns his glass down, and declines to drink anything but pure water, when the others order "Scotch", will always have the respect of "the others." Not only this, but he will have the respect of himself.

Prize your health, prize your word; prize your reason! Hold fast to the resolve, "Touch not, taste not, handle not," and work, and you will be pointed out as a distinguished person. You will possess poise and power; responsibility will gravitate to you; wealth will be yours; honour will drift your way, friendship will be your portion, and love will illumine your pathway.

For Dyspepsia

If you suffer Stomach Trouble, and you try our remedy, it won't cost you a cent if it fails.

To prove to you that indigestion and dyspepsia can be thoroughly relieved and that Rexall Dyspepsia Tablets will do it, we will furnish the medicine absolutely free if it fails to give you satisfaction.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been properly combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia. Their proper combination makes a remedy invaluable for stomach relief.

We are so certain that there is nothing so good for stomach ills as Rexall Dyspepsia Tablets that we urge you to try them at our risk. Three sizes, 25 cents, 50 cents, and \$1.00. You can buy Rexall Dyspepsia Tablets in this community only at our store:

GIRL GOES OVER MACHIAS' FALLS

Tragic Death of Miss Beatrice Allen, a Calais Girl

Machias, May 9.—A tragic drowning accident—one of the most heart-rending which Maine has ever known—occurred here Thursday afternoon, when Miss Beatrice Allen, the 19 year old daughter of Mr. and Mrs. George Allen, of Calais, and a student of the Washington Normal School, fell into the mill pond from a boom while crossing the river after school. The swift current in the river sweep her toward the falls. She paused for a moment at the brink, catching tightly at a plank which had been thrown to her. On Thursday night, after school was over, Miss Allen, together with Ruth Bridgman, another student and her closest friend, started for the post office from Mrs. David Perkin's house at Grove and Water streets. A boom of logs stretched across the mill pond, and it is frequently used as a short cut. Beatrice usually made the trip by way of the bridge, but on Thursday night the girls were in a hurry and they started over the boom instead. A plank, which had been nailed into the boom broke and Miss Allen went into the water. A number of people rushed to the scene but were powerless to render assistance.

BADLY ULCERATED LEG

Zam-Buk Cured Her when so Bad She Had to Use Crutches

For varicose sores, bad leg, or chronic ulcers, Zam-Buk is without equal as a healer. A proof of this is just to hand from Montreal. Mrs. T. Edwards, of 164 Amherst St., writes: "Some time ago a bad sore broke out on my left leg near the ankle. For a week or two I did not heed it, but it got so bad that I could hardly walk. I sent for my doctor, and he told me that I would have to lay up with the wound. I did so for three weeks. At the end of that time the ulcer healed a little, but I could only move about by using crutches.

"The sore then broke out badly, and the doctor told me that the only thing that would cure it would be an operation, and that I should have to lay up for a year. This, I knew, was impossible, as I had a family to attend to.

"My son had cured a bad cut on his finger by using Zam-Buk, and he advised me to give this balm a trial. I did so, and in less than a week's time it gave me wonderful relief. It stopped the pain, which had been so bad that many nights I did not get a wink of sleep. In a very short time the wound was so much better that I had no more sleepless nights, and was able to move about and do my work. I persevered with Zam-Buk, with the result that the wound is now perfectly cured, and the limb is as sound and strong as ever. To any person suffering from ulcerated sores I would say, 'try Zam-Buk.'

Zam-Buk is just as good for piles, abscesses, boils, scalp sores, blood poison, festering wounds, cuts, burns, scalds, bruises, eczema, eruptions, and all other injuries and diseases. All druggists and stores 50c. box, or Zam-Buk Co., Toronto, for price. Refuse harmful substitutes and imitations.
Have you tried Zam-Buk Soap? 25c. tablet.

WHY WOMEN LIVE LONGER THAN MEN

Do Not Expend Their Vital Strength Unnecessarily—Their Figures Are Changing

Statistics prove that women live longer than men. From this point arises an extremely interesting physiological question—how is it to be accounted for that the sex which always has been considered physically stronger than men should in the majority of instances outlive men?

If we are to believe the latest authorities on the subject, we find that women are much more tenacious of life and resist disease much more readily than the average man. She is in many respects the superior of the two.

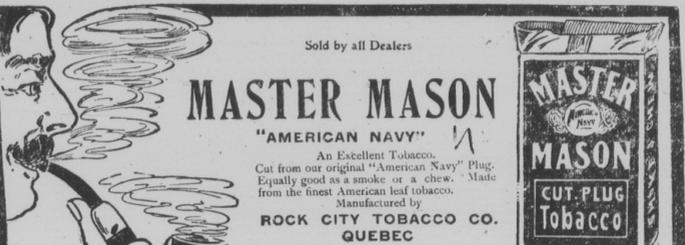

As a rule, she does not expend her vital strength unnecessarily, while the majority of men either in work, in play, or in pleasure are literally prodigal of their store.

One writer has turned out some instructive comparative figures with regard to the liability of men and women to disease and death. He says from 3 to 35 years of age the death rate between the sexes remains about even, but afterwards the scale turns in favor of women. At 40 a woman has seventy-eight chances to one against dying, while man has only forty-nine chances to one. At 60 the odds are nearly twice as large in favor of woman, and at 80 they are five times as great.

Prof. Sargent of Harvard says their figures are changing to resemble more the men: More height, deeper chests, smaller hips.

Some of the Pretty Girls With "MUTT and JEFF"

"MUTT AND JEFF"

"Mutt and Jeff", an all new show this trip, will be the attraction at the Campbellton Opera House, Monday, May 19th. It is described as one of the funniest plays ever written, and certainly if not the funniest, is laughable enough to satisfy the most blasé and exacting theatre goer. "Mutt and Jeff" is a dramatization of the cartoons of Bud Fisher which appear in the New York American and other daily newspapers throughout the United States, and which are perhaps more widely enjoyed by a great majority of readers than any other feature of their paper. The play was constructed by

Gus Hill, the well known New York producer, who has spared no expense nor time to make it one of the best musical comedy productions ever sent on tour by this enterprising manager. The play is said to be a musical comedy farce of a much higher order than the cartoon comedy playgoers have been accustomed to in the past. The present offering is easily a dollar and a half production. More than fifty people are in the organization which will present "Mutt and Jeff" here for the first time. It includes a handsome girls chorus for whom Mr. Hill has provided some very fetching costumes, and their singing and dancing is of a very high order. The antics of "Mutt and Jeff" are, of course, the principal features, but the play is so well constructed that one is royally entertained even when they are not on the stage. The best mechanics of the stage have provided the new scenic production which rivals in beauty anything seen off Broadway in years. The costuming is quite a feature and are all new from original designs of A. Edel of Paris. Some of the dancing numbers are creating a future wherever seen this season, while the tuneful songs are very pleasing, particularly "Spanish Moon" sung in the last act.

Canada Cement

This label has no "second grade"

THERE'S only one quality of Canada Cement. It is the highest quality that can possibly be made with modern equipment, scientific methods and rigid inspection by expert chemists.

The Canada Cement you buy for a garden walk is the same cement that is sold by the trainload for great dams, elevators and bridges. The engineers in charge of these great works have ample facilities for testing the quality of cement.

Canada Cement comes up to their most rigid requirements. The farmer has not these facilities for testing the quality of cement. He must buy a product upon which he can depend for a grade that is always of highest quality, and that therefore does not need to be tested. You can place absolute reliance upon the quality of Canada Cement. It's always the same and always the best. The large output—which enables us to keep the price down, enables us also to maintain the factory equipment and organization that keeps the quality up. A Canada Cement label appears on every bag and barrel of genuine Canada Cement. See that it's on the bags and barrels of cement that you buy. WRITE for our free book "What the Farmer Can Do With Concrete." It has told a hundred thousand Canadian farmers of the money-saving and profit-making possibilities of concrete. Dr. K. F. Leprohon, who for some years has resided in Gaspe is moving to Bonaventure where he will be more conveniently seated to attend to his growing practice throughout this district.

Engineer E. Shirley spent Monday in Tide Head.

Miss N. N. Chamberlain who for the past nine years has been employed as book-keeper with D. R. McKae left for her home in Sussex Tuesday morning.

Miss Mabel Shirley who has been visiting her aunt, Mrs. E. Shirley, left for her home on Tuesday's limited.

Mrs. E. Shirley entertained a number of the brothers and sisters of the G. I. A. to the R. of L. E. and a few friends at her home on Friday evening, May 10th. The rooms were beautifully decorated for the occasion. A fine musical program was furnished by Mrs. Tutis, Miss L. Gilker, Miss M. Shirley and Mrs. B. Gerrard, Messrs. Lavoie, Ferguson and Doherty. There being a number of guests who did not trip the light fantastic, card tables were provided so that all might pass a pleasant evening. All departed for their homes in the wee small hours of the morning, hoping to again have the opportunity of participating in another of these enjoyable events.

Mrs. K. J. Sandover Sly will receive with her mother Mrs. A. Barbic on the 2nd, 3rd and 4th Thursdays until July.

Mr. A. H. Ingram was hurriedly called to Moncton Wednesday owing to the illness of his mother.

Mr. D. McAlister, J.P. of Jacques River was in town Wednesday.

S. S. Wetmore of St. John is in town this week and registered at the Waverly.

Mr. Chas. W. Clapperton's many friends will be pleased to hear that he has accepted the position of manager for the well known and popular firm, of A. Bertrand & Son, Campbellton and has already entered upon his duties.

Miss Lily Fournier, is visiting friends in St. Jean l'Evangeliste.

Koland Moffat Esq. of Montreal was in town a few days this week.

The many friends of Mr. Henry Currie Saskatoon will regret to hear of the serious illness from pneumonia of his second son Walter.

Mr. Fred Alexander returned from an extended trip in the woods on Wednesday evening.

Mr. J. S. Trites was visiting friends today in town.

thing in our power to promote the interests of the town.

Mr. Robert Wright, of Shannonvale Parish of Dalhousie, sold to Mr. D. McDonald, on Monday, four quarters of dressed beef weighing 941 lbs. What about raising beef in Restigouche Co.?

The first salmon of the season was caught this year by Mr. Louis Biggold, of Carleton P. O.

Fire broke out in the large pile of pulp wood owned by the Dalhousie Lumber Co., and located on their large wharf on Monday evening, and after a stubborn fight put up by our fire brigade and many citizens it was extinguished.

tinguished. The loss will run into the hundreds of dollars.

Mr. Walter Scott our popular druggist has been obliged to leave his business on account of illness. He is at his old home in Chatham.

Miss Kucklock of Chatham is visiting her friends the Misses Sheehan.

Mr. John G. MacColl of Campbellton, was in town on Wednesday the guest of Hon. C. H. LaBillico.

Alor Day was observed in the Public School here on Friday last. The large willow trees in front of the school house have been trimmed so that the house will be less shaded. There are 16 flower plots containing about 600 tulips, crocuses, showdrops and wild flowers. The yard was thoroughly cleaned and the interior of the house was given a complete cleaning, in fact Arbor Day is observed every day so far as neatness is maintained about the premises. Much credit is due Mr. L. D. Jones our principal and his associates Misses Emma Harquail, Vera McInerney and Hilba Stewart.

On Friday evening last a very interesting lecture was given here by Rev. Walter Wynn of England under the auspices of St. John's Literary and Social Club. Those who failed to attend missed a treat. The subject was "Conditions in the slums of London", where there is no religion whatever. Refreshments were served by the ladies after the lecture. During refreshments an impromptu discussion was held between Rev. Mr. Wynn and the leading members of the club on women's suffrage which was very interesting.

Dalhousie's new opera house is about complete and the first performance will likely be given in it on Saturday evening. Three hundred and sixty chairs have been placed and there is a reserve of fifty more to suit the requirement of any theatre company visiting our town. The building will be lighted at once by electric light and it is no doubt a great addition to the upper end of the town. The following contracts for the electric system have been awarded by our town council.

Contract for power house to D. A. Stewart.

Contract for gas producers, gas engine, electric rotary, pump, electric generator and all equipment for power house to the Canada Foundry Co.

Contract for wire and all equipment for distribution system to the Canada General Electric Co.

BASEBALL GAMES ARE NOW ARRANGED
