STANFIELD'S
Unshrinkable
Underwear
FOR
Men, Women and Children.

There is no underwear made in this or any other country that can correspond with Stanfield's for all around satisfaction. It is made of pure Nova Scotia Wool which is put through a secret process, known only to Stanfield's, that makes every garment absolutely Unshrinkable. Then again, one suit of Stanfield's Underwear will wear longer than any two suits of other makes. We probably carry the largest stock of these goods on the North Shore, our stock at present being fully assorted.

Men's Sizes	36 to 50
Women's Sizes	32 " 38
Boys' Sizes	15 " 34

Stanfield's Underwear for Women, while costing a little more than other makes, is the cheapest in the end. All sizes in vests and Drawers from 65c to \$1.25 per garment.

Magnificent Overcoats.

Rather a strong word with which to describe our Overcoats, but nothing more mild will cover the territory, or do our new Winter Overcoats justice.

It doesn't matter what shape, or size, or kind of man you are, if you're an overcoat seeker you'll find what you're looking for here.

The Styles That are Just Out

TOWN COUNCIL.

Meeting Held on Friday Evening.

ACCOUNTS PASSED.

New Building Bye-law for Fire District Adopted.

A meeting of the Town Council was held on Friday evening. His Worship Mayor Murray and Councillors Vautour, Miller, Bruce, Adams and Taylor being present.

A communication from Jas. E. Stewart asking for a transfer of the late Wm T. Stewart's livery stable license to Joseph Boudreau, was referred to P. & L. Com.

A petition from residents on Prince Wm St., asking for arc light on top of hill, was referred to E. L. Com.

A communication from Jos. Duncan in reference to ground being taken for new reservoir was referred to Water Com.

Coun Taylor from W. & S. Com. submitted report on accounts, which were passed.

Coun Bruce reported on J. R. Henderson's bill of \$44.00, recommending payment.

Coun Vautour of the Fire Com. submitted report on accounts, which were passed.

Coun McDonald from the P. P. & S. Com. reported in re extension on Andrew Street, near Stephen Moore's residence, on examination found the street only 45 feet wide and that no deed or plan of that part of street could be found in possession of town, and consequently nothing could be done.

Clerk was instructed to inform residents of regulations in regard to matter.

Coun Murray submitted report on accounts for electric light department, which were passed.

On motion of Coun Taylor, accounts of Expanded Metal & Fireproofing Co. of \$171.80 and Frances Hyde & Co. of \$204.50 were passed.

A balance of \$24 due Town Treasurer was ordered to be paid.

Board of Health accounts were passed.

The new bye-law in regard to class of buildings to be erected in fire district was taken up and passed. Mr. John Andrew was appointed building inspector and the bye-law Com were instructed to prepare regulations, defining his duties and to be submitted at next meeting.

The account of the Packard Electric Co amounting to \$369.85 was ordered to be paid.

Council then adjourned.

NEW BYE-LAW

Adopted at Friday's Meeting of Council.

OLD BYE-LAW REPEALED

No Wooden Buildings Above 25 feet to be Erected.

At a meeting of the Town Council held on Friday evening the building bye-law was repealed and the following adopted in lieu thereof. There is no doubt the old bye-law was a very inadequate piece of legislation and the new one will be found much more workable, as it clearly defines the class or style of building and provides for its own enforcement.

This is the text of the bye-law in full:-

A By-law to define and create a portion of the Town of Campbellton a Fire District and to regulate the style and class of buildings to be erected in said District.

Be it ordained by the Town Council of the Town of Campbellton that the following described portion or part of the said Town of Campbellton embraced within that part of the said Town lying east of Sugar Loaf Street and north of the Intercolonial Railway, extending Eastwardly to the junction of King Street with Cedar Street, thence continuing Eastwardly along King Street including that portion of the Town lying North of King Street to Ramsay Street or Restigouche River be and is hereby created a Fire District.

All dwelling houses, storehouses public buildings and other buildings (except as hereinafter excepted) which from and after the adopting of this bye-law shall be built, erected or set up within that part of the said Town of Campbellton above described shall be made, built and constructed of stone, brick or other noncombustible material and brick walls not to be less than sixteen inches thick to the top of the first storey and 12 inches for the upper storey, for a two story building, and twenty inches thick to the top of the first storey, 16 inches to the top of the second storey and 12 inches for the upper storey, for a three storey building, and all party walls or exterior walls dividing adjacent buildings shall rise at least sixteen inches above the roof and all such buildings shall be constructed in accordance with any law for the time being in force in the said Town regulating the construction of buildings and the roof of every such dwelling house, storehouse, public building or other building shall be covered with slate, tile, gravel, metal or other noncombustible material, provided and excepted that this bye-law shall not extend or be construed to extend to dwelling houses or other buildings not exceeding twenty-five feet in height from the highest level of that part of any Street fronting on which the same may be built to the highest point of each building or not exceeding twenty-five feet in height to the highest point of such building from a brick or stone basement of not more than three feet in height above such Street surface, such dwelling house or other building not to be built with more than two stories above the basement and to be roofed with slate, tile, gravel, metal or other noncombustible material.

Whosoever shall commit or make any act of default contrary to the provisions of this bye-law shall be liable to a penalty of forty dollars for every such act or default which penalty may be sued for, recovered and enforced with costs on the oath of one or more credible witness or witnesses before the Police or other Magistrate within the said Town in the same manner and with the like effect as other penalties for breach of bye-laws of said Town are recovered and enforced. Whosoever having been convicted as last aforesaid shall permit the continuance of any matter or thing contrary to the provisions of this bye-law shall for each day's continuance after each conviction be liable for a further penalty of twenty dollars to be recovered in the same manner and with the like effect as is hereinbefore in the last preceding section provided.

Whosoever shall commit or make any act of default contrary to the provisions of this bye-law shall be liable to a penalty of forty dollars for every such act or default which penalty may be sued for, recovered and enforced with costs on the oath of one or more credible witness or witnesses before the Police or

THE GAME LAW

Being Enforced by the Wardens.

TWO CASES IN COURT.

One for Shooting a Cow Moose and the Other in Close Season.

Deputy Game Warden Verge laid a complaint before Police Magistrate Matheson last week, against Cameron Adams for shooting two moose in close season. A fine of \$50.00 with costs was imposed.

Another case was laid before D. McAlister of Jacquet River, by Paul Doyle, a special Game Warden, against Messrs S. Laughlin, Jr., A. McG. McDonald and E. McMillan. When the court opened for hearing evidence yesterday the case was withdrawn by counsel for prosecution; Doyle not being a Game Warden at time of laying information. We understand however, that it will be proceeded with under Sec. 4 of the Game Act.

CANADA EASTERN

To be Taken Over on October 1st

Speaking of the Canada Eastern on St John the other day, the Hon H. R. Emmerson said that while it was intended that the transfer should be made on the first of September, many things arose to prevent this idea from being carried out. The government wanted the road absolutely free from encumbrance and it was found not to be this way. Whenever the word went around that the Government intended taking over the road, all those people who had right of way across the line asked out their old claims, thinking that the government would be an easy proposition. These small claims were continually cropping up and each had to be dealt with in turn. It is believed that these have all been settled at last and now that the department of justice is satisfied that there is a perfectly clear title to the road, Mr. Emmerson sees no reason why the transfer should not now be made. He thinks the first day of the month would be the best time for the transfer and believes that he will be able to announce it on Saturday next.

other Magistrate within the said Town in the same manner and with the like effect as other penalties for breach of bye-laws of said Town are recovered and enforced. Whosoever having been convicted as last aforesaid shall permit the continuance of any matter or thing contrary to the provisions of this bye-law shall for each day's continuance after each conviction be liable for a further penalty of twenty dollars to be recovered in the same manner and with the like effect as is hereinbefore in the last preceding section provided.

THE PRESBYTERY

Meeting held on Wednesday at Newcastle

ROUTINE BUSINESS

Three of the Ministers Tendered Resignation—Two Accepted.

The Presbytery of Miramichi met on Tuesday, the 27th of September, in St. James Hall, Newcastle, with Rev. G. A. Leck as moderator and Rev. J. M. McLeod as Clerk. The attendance was not large.

There were three resignations presented. Rev. James Wheeler resigned at Harcourt, Rev. R. G. Vans resigned at New Brandon, and Rev. J. M. Sutherland at New Carlisle. The first two resignations were accepted; the last is held over till December. The work and character of these ministers received many favorable endorsements and a committee was appointed to draw up resolutions expressive of appreciation.

The Island of Anticosti was taken on by the presbytery as a mission. The committee on obituaries read the names of Rev. Gavin Sinclair of Charlo, and Rev. T. G. Johnson of Newcastle.

It was moved and seconded that the Presbytery meet in Flatlands at 8 p.m. Oct. 11th, when C. A. Hardy B. D. is to be ordained.

The next quarterly meeting of the Presbytery is to be held in Chatham in December.

SHOOTING TROPHY

Mr. C. F. Clare Donates a Trophy for Rifle Competition

Mr. Chas. F. Clare has on display in his window a large silver cup which he has donated to the Restigouche Rifle Association for competition. The trophy will be the property of the competitor making highest score in a competition to be decided upon by the club, the shooting to take place with government rifles only. No competitor will be allowed to use glasses other than the ordinary spectacles. This ought to prove an interesting competition as it places every man on the same footing and no doubt the contest will be entered with a good deal of zest.

Many a good man has been by home laundry work, with lumps of starch and waves of blueing decorating his shirt front, and saw edges on his collars to annoy him. It makes his heart glad when he can see his linen immaculate and with a snow white color and artistic finish that he can have put on by expending only a few cents. It is worth dollars in comfort and satisfaction to have your linen laundered at the Steam Laundry.

The Proper Treatment for a Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time and in some cases within three days. For sale by all Druggists.

CARRON POINT.

On Sunday morning the people of Carron Point were much surprised to see a beautiful moose walking slowly up the road frightened of neither man or dogs, it went down a by road and tried to take a bath, but the Indians got after it and worried it pretty bad, keeping after it and beating it with oars, boards and sticks and at last it was taken to a barn where it was kept to see the poor moose tortured, so securing a boat and a stout piece of rope the two brave boys went out and after a small skirmish succeeded in getting the moose ashore, when they let it rest awhile then took it up the lane. With some other boy's help they loaded the moose on a sled and it was taken to a barn where it was left to rest, given some breakfast and let go to join its companions in the woods.

SCOTCH SENTIMENT.

A charming description of the Black Watch effect

The following little incident is described in the Toronto Globe:—"Ah, that's Scotch enough for you, mother," said an old man yesterday morning, as he fondly turned to his wife, when the Black Watch Band started to play "Scots Wha Hae."

The only response was a smile, but the woman's eyes saw not the band. They were filled with a mist, and her mind was carried back to the heather-clad hills, where it dwelt, while she spoke never a word, until the reminiscences of Scotland had been concluded. On the railing near by was another old man, sitting in wrapt silence, his eyes dim with the memories floating by, and one hand beating an unconscious accompaniment to the strokes of the drum. The furrowed forehead on a third bespectacled, called mapshot from a bed of pain to hear the only true music from his real interpreters.

In the full six pipers paraded the town, and soon drew hundreds of spectators. Two elderly Scotsmen, when the playing ceased, embraced one of the pipers, and, taking him to one side, demanded news of the old lady. Later on old gentlemen with whiskers of popliteal dimensions, came on the scene and was greatly moved by the air of the pipes. He danced upon the green sward in real Highland style, and clapped his hands at the most unconventional moments.

To a neighbour he confided that the pipers were playing the very thing he had asked for, something composed within twenty miles of his birthplace in Inverness Shire."

This great band will give one of their grand concerts in life Victoria rink, Moncton, on Saturday evening, Oct. 8th.

Excursion rates on all railroads and patrons of the concert can return home the same evening.

There is more Gattarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a long time many have sought for cures in their diseases and personal local remedies, and by constantly looking for cure with local treatment, many have died. It is now known that Gattarrh is a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Remedy, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally 16 doses from 10

THE MARCH OF PROGRESS

The Wonderful Improvement of to-day Exemplified by "Progress" Clothing.

This is the age of specialists. In every profession, in every line of business, there is a specialist for each individual part of the work. Years ago, the general practitioner, treated all diseases. The physician of to-day concentrates all his talents on one part of medical science and devotes his time and energy to perfect himself in that one branch.

It is the same in men's apparel. The merchant tailor, like the physician of past ages, does all the work—measuring, cutting, fitting, making and trimming.

Progress Clothing is the clothing of the age. It is specialized clothing. Each part of a Progress Brand Suit and Overcoat is made by a specialist, who, by careful training has become an expert on that individual portion of concentration. This specializing of the work not only insures finer clothing, but also more economical clothing. A man, who does one thing well, does better work than a man who does many things indifferently.

What is more delicate, more intricate, than a fine watch? Each individual part must be flawless. Yet who would think of having a watch made to order?

Progress Brand is to clothing what Elgin and Waltham are to watchmaking. The label, with a man climbing a ladder, is on every genuine Progress garment. Look for it and take no other.

The B. of L. E. in Session.

For the past few days the B. of L. E., of the I. C. R., have been holding their annual session in Moncton and the following delegates from different sections of the road have been present:—

Messrs Frank Protherel, Moncton; E. Ouellette, River du Loup; W. E. Turner, Quebec City; L. D. Thomas, Campbellton; A. Sutherland, Pictou; N. S., J. W. Nairn, Truro; N. S.; John Ross, Halifax.

The committee has no special business, but considerable routine work was transacted and various matters of interest to the order discussed.

Officers for the coming year were also elected. Mr. J. W. Nairn, Truro, was re-elected president, and Mr. John Ouellette, of Moncton, re-elected secretary.

The committee met on Tuesday and Wednesday evenings and discussed the business of the order to the satisfaction of the members.

Here's a Puzzle For Somebody,

AND ALL ON ACCOUNT OF "ROYAL HOUSEHOLD"

"The hold upon the people of Annapolis county which this 'ROYAL HOUSEHOLD' flour has secured of late, is one of the most remarkable things I have seen in my eighteen years business experience," said an Annapolis county merchant who attended the Halifax Exhibition. I find that the majority of my customers absolutely refuse to take anything but 'ROYAL HOUSEHOLD' and I tell you it is a serious problem with some of us as to how we are going to sell the stocks we have of other fairly good flours.

The Falling of Mr. Findlay.

Mr. James T. Findlay of Pembroke is to-day as imperturbable a platform speaker in presence of a hostile crowd as any of the most hard-boiled campaigners in the country. He has been a critic, a "candid friend" of the Liberal party for many years. But he was not always as imperturbable. A tale is told of his being utterly crushed by a neat retort in the climax to his campaign against Sir Francis Hincks in 1899. They were joint meetings in those days, and Mr. Findlay was fond of narrating to the stern Scotch settlers who had gone out long ahead of the railway the circumstances which had fashioned his character into the likeness of "Honest James." At an early age he had left his mother in her village home and come out to seek his fortune across the sea. And he told with trembling voice and a certain Caledonian accent how the old lady had kissed him good-bye at the gate with tears in her eyes, and laid on him the parting injunction, "Jem, mind well that ye dinna tell a lie," who should know better than his mother her wee Jamie's frailties. Aye, weel she ken'd whaur puir Jamie was weak. She didna tell him no to steal, nor to kill, nor to sip whiskey. No, she said to him, "Dinna tell a lie, and every man of ye knows as well as his mother that ye're just the word he needed."

The Celtic Affirmative.

In the speech of so highly developed a people as the Celts there is no equivalent to "yes." Thus it happens that you shall never hear an Irish water pronouncing the shibboleth "yes!" of his English confrere, for he invariably expresses an affirmative by some such phrase as "I shall, sir," "It is, sir."

"Fiveness"

Nohead (as he prepares to take his leave)—I can assure you, Miss Nicer, the time has passed very pleasantly this evening.

Miss Nicer (absently)—Yes; it is a pleasure to know it has passed—Scrap.

Everybody knows the phrase "All the world loves a lover," but very few people know that Emerson said it and that he said it in a slightly different way—"All mankind love a lover."

Where She Failed.
Mybell—Can you keep a secret?
Elizabeth—Yes, easily. But I can't help any one else keep one.—Judge.

A FAMOUS PERFUME.

Delicious Attar of Roses in Chiffon.

Made in Bulgaria.

The far famed otto or attar of roses is chiefly made in Bulgaria. It is the center of the rose growing country. Red roses only are used in making the perfume. The roses, which grow more freely from the bushes of the fields.

The trees, which grow to a great height, are separated by paths five feet in width to allow the oxen and plow to pass. The perfume is obtained not only from the petals, but also from the stalks and leaves. These give a peculiar scent, which adds greatly to the delicacy of the perfume of the petals.

October, April and June are the months for planting branches of the old trees. Weeding, pruning and digging are necessary for three years, when they are full grown and repay the labor spent upon them by bearing for twenty years.

The discovery of the delicious attar was quite an accident and took place three centuries ago. The Persian Princess Nour Dihan was strolling through the splendid galleries of her palace with her betrothed the Mongolian Prince Dihanogro and noticed in the rosewater basins that the passages an ugly, yellowish, all dozing on the surface. Orders were instantly given to remove the unsightly fluid, when it was discovered the perfume was also removed. Thus the virtue of the essential oil was found out, which is still called in Persia "Attar Dihan."

Culture and Richee.

If one-tenth as much attention were devoted to the foods among the middle and working classes as is devoted to the food of the rich, we should be in danger of believing with Carlyle that the people are "miserable fools." It is true that the culture of the suddenly rich is cruder and narrower than the culture of those who have had generations of wealth and leisure, but culture is relative. The culture of the modern classes in the old world is the result of large wealth possessed for generations. Culture is a matter of wealth, but it never grows in poverty.

cheapness of the culture of the rich in this country as compared that of the aristocracy of old countries is simply the difference between youth and age, a difference of experience. There is a comparative cheapness in the culture, bearing and manners of the people of the west as compared with those of the east, and for the same reason. The aristocracy of the east and of the west have a refinement quite unlike that of the newly made rich in New York and Chicago and the west. They have been longer in the making.

WHEN THEORIES FAILED.

A Mother's Experience in the Training of Children.

"I have given up just theories on the training of children," he said.

he had said that in his easy chair after dinner.

"I have," he replied, "and I have read so many books on the subject recently," he went on. "What's the reason?"

"I have," he said, "and a series of lectures on the subject at the club, and I learned from them that it was real science, requiring careful study. 'So I read books on the subject, and I began to do myself for the work of bringing up children properly. But the authorities don't agree."

"Don't they?" he asked.

"No, they don't," he said. "And so none of the books seemed to fit my case. Besides, while I was studying the children, I was studying the children and have left the books to the theorists. I have read so many books on the subject recently," he went on. "What's the reason?"

"UNION IS STRENGTH."

A recent writer in a Canadian periodical calls attention to the fact that though the Maritime Provinces have been almost at a standstill as regards business progression for many years a change for the better is apparent lately—the wonderful growth of the Western Provinces appears to have stimulated our younger business men, and the financial turpitude which has characterized the Provinces by the sea is fast disappearing. In the opinion of this writer we have too much legislation, or rather too many legislators in proportion to our revenue and population. As an instance to this he quotes statistics to show that the revenue of New Brunswick, Nova Scotia and Prince Edward Island together is much below that of several of the other Provinces alone. For instance the revenues of the Provinces and their population according to their latest returns are as follows—

Nova Scotia,	\$1,243,581
New Brunswick,	801,410
P. E. Island,	318,766
	\$2,363,757
Ontario,	5,466,653
Quebec,	4,699,773
British Columbia,	2,044,630

while the census gives

Maritime Provinces	893,953
Ontario,	2,152,747
Quebec,	1,648,878

The writer urges the young men in the Maritime Provinces to take a hand in the affairs of their country and by every means in their power promote the legislative union of the three Provinces, so as to overcome the tremendous expense of legislation. There is a great deal in what this man says. It appears to any sensible man, that there should be some way to govern say 900,000 of a population and expend two and a quarter million dollars without the heavy expense of three parliaments. If the three provinces were united in this way there should be a considerable saving, even if each country had as many members as now, but why the necessity of so many? One sensible business man should be sufficient from each county, and the saving in members' salaries and travelling expenses could be expended in providing better roads and bridges, increased educational advantages and many other necessary things. Every Canadian should be proud of Canada, and above all our legislators should be imbued with a patriotic feeling sufficient to enable them to make sacrifices for the public good. The matter is all in their hands. We venture to say the people of the Maritime Provinces would willingly consent to union, if their leaders in politics advanced the idea, and left it to the popular vote. Once before the idea was promulgated, but fell through because our legislators so loved the little bit of power they were possessed of that they could not bear to part with it. Now is the time to reduce expenses and endeavor to provide for the future. The writer quoted appears to think too much is left to the old men and practical politicians, and that the younger business men of the lower provinces are apathetic and careless of the future. There is also considerable truth in this statement, but there should be some way of waking the young men up, and it appears to us that this is the duty of the press throughout the Province. It seems there are no large issues at the present time, before the people

of the Maritime Provinces. Indeed since the fight for confederation, the Maritime Provinces have not been stirred up by anything, and as this writer remarks "the whole life of the Provinces has been tinged with pettiness and narrowness." If this is so, and we fear it is, here is a question involving principles which interest every voter in the three lower provinces, and it should be agitated. As all good things come from the North Shore of New Brunswick, let us be the first to start the ball a-rolling. There is nothing like co-operation, and with a strong united Assembly for the three Provinces great progress can be accomplished. Of course one of the greatest difficulties in the way of progression in the lower Provinces is our lack of young men. Nearly if not quite half our young men leave their homes when they are able to work and go to the West or to the States. It is easy to see the reason,—there is nothing to keep them here, the country is impoverished and is able only to provide a living for a few. If our young men had something to fight for, and work for they would be more patriotic.

CIGARETTES AND TEA

England is now considering an anti-cigarette law. The measure proposed imposes a fine of ten shillings on every boy or girl under sixteen years of age who is convicted of cigarette smoking. The objection is raised that the fine will come out of the pockets of parents who cannot prevent the offence. Letting pass the argument that if this objection is conceded as a principle half of the juvenile offences would go unpunished, why does not England, if she must deal with smoking by boys and girls, copy our Canadian law which puts the penalty on the dealer who sells tobacco to minors under sixteen years of age without the consent of their parents or guardians being exhibited? The argument in behalf of the anti-cigarette law is the necessity of guarding the physique of the British masses. The Royal Commission which recently reported on the subject of British physical deterioration had a good deal to say about the effect of excessive tea drinking on the stamina of the masses, but it is hardly conceivable that a law regulating the consumption of tea will be seriously proposed. The British are a nation of tea drinkers. They would challenge the record of Dr. Johnson himself, whose consumption of tea astonished his contemporaries. Possibly there is "tea drunkenness" in England, but we think it will be found on examination that the intoxication responsible for this physical deterioration there is, is of another kind, and that the "fragrant herb" is charged with what should be put to the account of beer and spirits. Great Britain in the effort to improve the natural physique is inclined to be a "lectle" mite hysterically discussing remedies.

LAURIER'S SENSIBLE OBSERVATION.

Sir Wilfrid Laurier is ready to battle, but it will be upon the principle of Canada a nation. He is ready to conclude a treaty of commerce with the mother country just as he is ready to conclude such with Australia, the United States, France, Germany or any other country. There is none of the imperial note about the Canadian attitude. Canada a nation is the principle Laurier holds to at all times and under all conditions, as resolutely as Chamberlain holds to the Imperial idea.—Liverpool Daily Post.

We should not wish to undervalue sentiment for it is to that virtue we are indebted for most of the blessings we enjoy. It was the germ of sentiment carefully nursed which at length secured political and religious freedom. But right here the political freedom we enjoy has brought upon us responsibilities and these enable us

to realize that sentiment cuts little figure in the business world. It is therefore imperative that Canada's statesmen disregard sentiment altogether in their business relations with other countries and jealously guard the interests of those who have made them what they are.

Premier Ross is now in the minority in Ontario legislature. His was a gallant fight.

AWAKE AT LAST

A sardine factory has been built during the past few months at Fair Haven, Deer Island, N. B. and will soon be open for canning herring. This announcement is a rather interesting one. It has always been a staggering mystery to us that Canadians on the New Brunswick side of the Passamaquoddy Bay would supply the sardine factories on the American side with almost all of the raw material they consumed and after the fish were canned import them back into Canada under a heavy duty. The establishment of this new industry will serve as a file for the ultra free trade to gnaw at. And we look forward to the day when similar industries will be established on the shores of the Bay Chaleur.

An eminent Toronto lawyer, Mr. A. B. Aylesworth, will, it is said, enter the Laurier Cabinet as Minister of Justice after the coming elections. There is certainly nothing like being certain of victory.

THE AMERICAN CAMPAIGN

Although no date has yet been fixed for the general elections in Canada there are more evidences of a political campaign to-day in this country than there are in the United States. The petty party hacks and party campaigners are diligently at work on this side of the border but their counterparts across the way have not as yet commenced to give points to their pencils or their tongues. The cause of this negligence or apathy,—if such terms are admissible,—is perhaps largely due to a widespread belief both in Republican and Democratic circles that Theodore Roosevelt will be elected president. Although the nominee of the Republican party for the chief executive office is regarded in some circles as a windy bluffoon, it is generally conceded that his path to victory is quite clear of serious obstructions. Like the Opposition party in Canada the Democrats are without a platform which is in any degree different from that of the present administration. And the candidate of the Democratic party for president is in most respects a colorless one and one not calculated to arouse the emulation of the American people to any appreciable extent. It is almost safe to assume that his nomination was the result of a desire to cement and bind together the Democratic party and to place that party in a position to wage an aggressive campaign in 1908. Collier's Weekly has something sensible to offer on the subject in the following.

"If Mr. Roosevelt is elected, as most Democrats think he will be, what is to be the political history of the country for the next few years? Are the people satisfied, or are there forces of discontent seeking fundamental change? Judge Parker was nominated, to a considerable degree, from the desire to suppress radicalism, led by Bryan, and incendiarianism, led by Hearst. The important part of the Democratic campaign ended when Judge Parker was nominated. The party was then put where the majority wanted it. It had cleared itself of sensationalism. It had put itself in condition to go through the motions of a respectable opposition. It had failed to accomplish what some men hoped—to select a candidate and outline issues which should bring eloquently before the people what abuses indisputably exist,

without expressing violence and ignorance. It had, however, avoided what many men feared—such a confusion in the convention that some adventurer or crank might emerge as bearer of the standard, and representative of the party. What the Democrats need most, after the election, in case they are defeated, is leaders who can distinguish between actual needs and the exaggerations which grow from limited understanding or the love of rhetoric and sensation. Mr. Bryan will probably never be the leader of the whole party, or of any party large enough to win, because he seems unteachable. He cannot yet stop talking about currency and judges, and every word he speaks on those two subjects, which he so poorly understands, lessens the hope that he might be a useful leader against the unjust privileges of organized wealth, whether the injustice be expressed in trusts, in Senate autocracy, or in Philippine tariff outrages. The only hope for the Democracy is to show that it is more popular and less plutocratic than the republication party, without being less able and less gifted with common sense."

IN A FEW DAYS

Date of Elections Will be Announced.

(Special to Events)

Quebec, Sept. 29.—Sir Wilfrid Laurier speaking at Sorel last night said he was not yet ready to fix the date of elections but he would probably announce it in a few days.

NOT TRUE.

The Party of American Moose Hunters had Licenses

As a result of the investigation of the report that a party of sportsmen were in the Charlo region shooting moose without licenses, it has been learned that there was no foundation for the report. Deputy Game Warden Verge has received a letter from H. Bishop of Bathurst stating that he issued licenses to the party in question. The names of the gentlemen are Willis Roland Henry Horsemann, Dr. Benjamin Pennebaker and Louis S. Clarke, all of Philadelphia, who are on their annual visit to the Nepisiguit and Restigouche region in search of big game.

Rain Coats, good when it rains, splendid when it doesn't rain—\$5.00 to \$12.50—Oak Hall

Mr. Joseph LeBlanc and bride have returned from their wedding tour. Mrs. LeBlanc will receive at her parents home Gerrard St. Wednesday and Thursday Oct 5th and 6th.

The Blackville correspondent of the Newcastle Advocate says:—Mr. Thomas Whalen leaves this evening for Dalhousie with a crew of men that he has engaged for the Dalhousie Lumber Co. for work in the lumber woods.

Mrs. E. T. Johnson of Halifax is the guest of her cousin Mr. J. A. Verrill. Mrs. Johnson's last visit to Campbellton was 27 years ago and says that there is abundant evidence of the progressiveness of the town on every hand.

Seats are now on sale at McDonald's for Bengough entertainment on the evening of Oct. 4. Evidence that the people appreciate the high nature of the entertainment is given in the large number of seats already sold. Bengoughs local hits are worth the price of admission.

Miss Josephine Meahan, sister of Rev. H. A. Meahan, pastor of St. Bernard's church, Moncton, was married Tuesday at Moncton to Henry White, of Bathurst, Rev. Fr. Meahan officiating, assisted by Father Cormier. Miss Agnes McSweeney attended the bride. Hon. F. J. Sweeney the groomsmen.

On Friday evening several young men met in Murray's Hall and decided to organize an unpolitical, unsectarian club, to be called "The Cosmopolitan Club." The object of the club is to provide reading and recreation for young men during the winter months. The room will be open in Murray's Hall every night of the week except Sunday. Admission fee 25c, monthly dues 15c. Full particulars from T. Maiboy or E. C. Arthan.

A public meeting will be held addressed by T. C. Casgrain, M. P. and E. F. Clarke M. P. in the Liberal conservative interest, in the Curling Rink here Friday the 7th, of October, at 8 p. m.

A meeting will be held in the afternoon of the same day at four o'clock to elect delegates from the various parishes to select a liberal conservative Candidate at the approaching General Election for the Dominion Parliament. Arrangements are being made for excursion rates over the Intercolonial Railway and also to have special go out north and south after the night meeting is over, for the convenience of those who attend the meetings. Formal notices will be sent out later on. Messrs. Casgrain and Clarke are two of the best and most popular speakers of the day and no doubt a large number will embrace the opportunity of hearing them.

The Rink is well filled with pleasure-seekers these evenings and with the elaborate flag decorations and well-dressed hundreds, is looking its best. Campbellton's Brass Band furnish the music tonight and tomorrow night and was enjoyed on their first appearance last Monday. The door receipts on Tuesday evening were thirty-five dollars. At the southern end of the Rink are installed two bowling allies and sandwiched between the two is the quiet game of shooting at the niggers. There are a half dozen wooden pins dressed and painted in loud "colors" and tempt the passer by to try their skill at hitting the niggers. A large fancy table occupies the eastern side of the Rink with refreshment table to the left of the "main" entrance. The "fancy" table is admitted to be one of the best ever had here and reflects credit on the ladies in charge. Among the larks ones securing prizes last evening were Mrs. Alex. McCallan, a fancy parlor lamp, J. C. Woods a spirit level, Rev. E. P. Wallace a clock. Oysters will be served tonight as well as tomorrow and Saturday night and large numbers are expected to taste their first fruits of the "succulent bivalves".

Mr. Henry J. Currie has accepted a position with the Canada Oil Co. as a travelling in New Brunswick. He will enter upon his duties about October 1st.

The many friends and relatives of Mrs. D. Anderson of New Carlisle, also her son Mr. Wm. Anderson, engineer of A. & L. S. Ry will regret to hear of their severe illness with typhoid fever.

The Presbytery of Miramichi will meet at Flatlands on Tuesday the 11th of Oct at 2 o'clock to license Mr. Chas. A. Hardy as a preacher of the Gospel. It will then meet at 3 o'clock in the evening for his ordination and induction. Rev. A. F. Carr D. D. will preside and ordain. Rev. Mr. Amos will preach, Rev. Mr. McPherson will address the minister and Rev. Mr. Leck the people.

St. John is to have a new evening paper. The Gazette plant has been purchased by a new company and the paper will make its appearance as the "Evening Times" on Saturday. Mr. A. M. Belding of the Telegraph will be the editor. It is said that the new paper is being started to boom the Hon. Wm. Pugsley for the portfolio of Minister of Railways in place of Hon. Emmerson but whether it is so or not remains to be seen.

A fire was discovered in one of the Shives Lumber Co.'s warehouses near the store on Friday. An alarm quickly brought the fire department to the scene but the company's hose was already in use and a good stream was playing upon the flames. The fire was extinguished before much damage was done. Considerable excitement was caused by the report that a large quantity of dynamite was stored in the building, but this was not correct. There was a small quantity of gasoline kept for the company's launch which, however was quickly removed.

SEPTEMBER WEDDINGS.

COMEAU-WRIGHT.

The home of Mr. and Mrs. Jas. Wright Shannonvale, was the scene of a very pretty wedding on the evening of Sept. 7th, when their eldest daughter, Bessie May, was united in marriage to Mr. Amos Augustus Comeau of New Brandon.

The ceremony was performed by Rev. G. Leck, pastor of Dalhousie Presbyterian Church, in the midst of about eighty guests. The bride was gowned in cream luster, with chiffon and silk trimmings, wore a bridal veil caught with orange blossoms, and carried a bouquet of sweet peas. She was attended by her sister, Clara, who wore white muslin, with ribbon and lace trimmings, and who also carried sweet peas. The groom was attended by Mr. Edward Hornbrook of New Brandon.

As the bridal party entered the parlor, the bride leaning on the arm of her father, "The Voice that Breathed O'er Eden" was rendered by Mrs. Leck. After the ceremony supper was served in the dining room, and the evening was pleasantly spent in games, music and other amusements.

Mr. and Mrs. Comeau left by the Express next morning for their home in New Brandon. They were accompanied by a considerable crowd from New Brandon and Jeneville, who had been present at the marriage.

On the evening of the 8th a reception was held at the groom's home. Mr. and Mrs. Comeau received many useful and handsome presents, which testify to the esteem in which they are held. The groom's present to the bride was a gold bracelet, and a very pretty gold pin to the bridesmaid.

We all join in wishing Mr. and Mrs. Comeau a long and happy life.

DOWLING-WARD

An interesting event took place last evening at the home of Mr. and Mrs. John Ward, Gerret St., when their eldest daughter Miss Bertha M. Ward was united in marriage to Mr. Michael A. Dowling I. C. R. Brakeman, The Rev. A. F. Carr D. D. officiated. The party were unattended. As the bride entered the room leaning on the arm of her brother, Mr. John Ward, Miss Hattie Mann of Tide Head played the wedding march. The bride looked very beautiful gowned in a dress of cream luster, with overlace and applique trimmings. Her going away dress was navy blue with picurichat to match. After the ceremony, supper was partaken of and an enjoyable time spent until the arrival of the Maritime Express. The happy couple left for Quebec and Montreal on a wedding trip. On their return they will reside at Moncton. The bride received many useful and costly presents. The groom's gift to the bride being a fur rug.

At a quiet wedding took place at Point a la Gade, on Wednesday, the 21st inst, the contracting parties being Mr. Clifford Fair of Black Cape and Mrs. Minnie Dewar, daughter of Mr. and Mrs. W. G. Fair.

Rev. M. J. McPherson was the officiating clergyman. After the ceremony the newly-married couple left on the A & L-S train enroute to St. John and other cities. On their return they will reside at Black Cape, P. Q.

COCHRANE-TRENHOLM

The marriage of Miss Ida M. Trenholm of Sackville, to Mr. T. Harry Cochrane, Manager of the Campbellton branch of the wholesale firm of Jones and Schofield, took place at the home of the bride yesterday afternoon at 4:30 o'clock. Miss Trenholm is one of Sackville's most popular young ladies.

KEITH-FAWETT

A pretty wedding took place at the residence of Mr. and Mrs. Geo. Fawcett on Tuesday evening, when

their daughter Margaret H. was united in marriage to Mr. R. B. Keith Manager of Wm. Currie & Co's general store. Rev. A. F. Carr, D. D. performed the ceremony in the presence of the immediate relatives and friends of the contracting parties. The couple were unattended the bride entering the room leaning upon the arm of her father while Miss Florine Currie, a niece of the bride acted as flower girl. The bride wore a pretty dress of white cashmere with satin and pearl trimmings and the usual bridal veil and orange blossoms. The room was very tastefully decorated in autumn leaves and potted plants. When the nuptial knot had been securely tied, all partook of supper after which Mr. and Mrs. Keith repaired to their comfortable new home on Sugar Loaf Street. The bride received a number of useful and costly presents among which was a handsome martin stole from the groom.

Underwear a Farmer Needs
Regular weights won't do for the farmer. He must be warmer clad, because his work about the farm and long drives to town keep him out in the cold so much.

Stanfield's Unshrinkable Underwear
Comes in special weights, especially for farmers. Special weights don't mean clumsy bulky garments. Stanfield's Underwear is so warm because of the peculiar knit of the garments. It's pure Nova Scotia wool, that has been treated to take out the shrink and leave in the softness. We—and your dealer—both guarantee Stanfield's to be unshrinkable.

While we cannot recommend cheap and weak \$5.00 and \$10.00 sets of teeth—After patients have been warned of the uselessness of this class of work and they persist in having such, we can supply them much easier than the best, which in such work is none too good. If patients desire satisfaction in dental operations and results always the best.

RAILWAY WRECK.

Terrible Head on Collision on Southern Road.

FIFTY-NINE KILLED.

Both Trains were Running at the Rate of 30 miles an hour.

Knoxville, Tenn., Sept. 24.—Fifty-nine people are dead and 125 injured as a result of the most disastrous railroad wreck ever known in this section. The catastrophe occurred at 10.18 o'clock this morning on the Southern Railway, eighteen and a half miles east of Knoxville, where two passenger trains going in opposite directions collided.

The trains were the eastbound through train No. 12 from Chattanooga to Salisbury (N. C.) leaving Knoxville at 9.35 a. m. and west bound local passenger train No. 15 from Bristol to Knoxville due here at 11 a. m.

According to the best information the wreck was due to a failure of the crew of the west bound train to carry out its orders to meet the eastbound train at Hodges station. Instead of taking the siding at Hodges it proceeded toward Knoxville.

Both trains were on time and at a running speed of about thirty miles an hour when they met. The locomotives were demolished and the greater portion of each train was completely wrecked with the exception of the sleepers none of which left the track. The wrecked coaches were filled with dead and injured and the rescue work was accomplished with great difficulty.

A wrecking and special relief train left this city as soon as possible and the removal of the wreckage and the rescuing of the dead and wounded commenced immediately.

The dead and injured were placed on the special train and brought to Knoxville. Some were

taken to the hospital and others to their homes or homes of friends. A local undertaker had orders to have 150 cots in readiness and these were at the crossing, where the dead and injured were received from the train. One of the passengers says the wreck occurred without the least warning and the trains were telescoped.

Equity Court

St. John, Sept. 21.—Judgment in important cases was delivered by Judge Barker yesterday afternoon in the equity court, among them being that of Robin & Co. Ltd., of Gloucester vs. Theriault. In this case the plaintiff filed a bill to declare certain deeds from the defendant's father to him to be fraudulent and void and also to declare that a crown grant given defendant as trustee for the benefit of the plaintiff. The court decided in favor of the defendant, and dismissed the bill with costs. A. O. Earle, K. C., and Geo. Gilbert of Bathurst, for plaintiff, and A. A. Stockton, K. C., for defendant.

MR. MARCIL ON CANADIAN LOYALTY

A Defamer Replied to by the Member for Bonaventure County

Loudon, Sept. 24.—A letter which appeared last July in the Birmingham "Post," signed by Walter Owen, who claimed that Canada was gradually slipping away and that no love existed between Quebec and Ontario, has been replied to by Mr. Charles Marcil, M. P. for Bonaventure, in a letter to the "Post," which is published today. Mr. Marcil says it is ridiculous to say Canada was never loyal to the empire than she is today. No Canadian, he says, would ever charge French Canada with lacking in generosity or loyalty because he would know better. If Mr. Owen had been an observer worthy of the names of Lord Dufferin, the Duke of Argyll, Lord Aberdeen and Lord Minto he would not have committed the unpardonable blunder in his letter.

You May Have Kidney Trouble

If your back aches and you suffer from dragging pains it is an evidence of diseased kidneys. Get Ferrozone at once and take it regularly. Ferrozone makes kidney sufferers feel better at once. "I was bothered a great deal with my kidneys last year," writes S. G. Denton of Everett "but got quick relief from Ferrozone. My trouble manifested itself in pain in the back, dull heavy feeling and constant headache. I quite recovered after using a few boxes of Ferrozone which has given me more strength and better health than I ever had before." I can recommend Ferrozone as a positive cure." Price 50c. at all druggists.

AT PORT ARTHUR.

Japanese Again Advance on Russian Defences

CAPTURE THREE FORTS

Russians Made a Gallant Stand but it was Useless.

Chefoo, Sept. 25, 10.30 p. m.—As the result of the battle before Port Arthur, which began on Sept. 19, the Japanese succeeded in capturing several important positions, and to-day the Russian tenure of the big forts guarding the north, northeast and northwest sides of the town is seriously threatened. Chinese information places the Japanese losses under 3,000 for the three days' fighting, and this comparatively small casualty list is due to the excessive care used by the Japanese in making their preparation for the advance. Russian sources, however, claim to have information that the Japanese losses were unusually severe amounting to fully three times the number mentioned above.

Possibly the most important capture during the three days' fighting was that of fort Kuropatkin, while of minor value with regard to preventing the entrance into the town of the Japanese, had been constructed for the purpose of protecting the source of the garrison's water supply. The control of this water supply is now in the hands of the Japanese.

As was announced in these despatches of Sept. 20, the battle began before daybreak on Sept. 19. At this hour the citizens and the garrison of Port Arthur, after the enjoyment of weeks of comparative security, awoke to the thunderous reports of artillery along the line extending from the west of Liza mountains to Rihlung and Kikwan mountains. This was but a preface to the assault which was destined to result in the capture of three new and important Russian possessions, together with six small, but annoying forts lying between Shushen and Rihlung mountain. There was a desperate hand-to-hand fight.

MRS. T. G. RAITT'S DEATH

A Former Gloucester Lady Dies in the West

The Entering Wedge of Durand, Wis., of Sept. 15, has the following:

Mrs. T. G. Raitt died at her home in this city at 2.30 o'clock after a lingering illness of many weeks of a complication of diseases which finally ended with consumption. While many friends of the family were aware that the end of this useful life was near and had been expecting the final summons to end the suffering of this patient sufferer, still on Sunday morning when the news that she was dead was passed from lip to lip, it was met with much surprise and sorrow by all, for it was by all that the friends of Mrs. Raitt were numbered.

Pyfe Chalmers was born in Belvedere, Gloucester Co., N. B., Canada, Oct. 7, 1846, and was therefore at the time of her demise 57 years, 11 months and 4 days of age. She was one of twelve children, nine girls and three boys of John and Mary Chalmers. The days of early girlhood were spent in the place of her birth after which her parents removed with the family to Bathurst Village, N. B. Here the subject of our sketch was united in marriage to Thomas G. Raitt, Jan. 8, 1874. Mr. and Mrs. Raitt moved to Boston, Mass., in 1881 where Mr. Raitt followed his trade of photography for a short time and then moved west to this state, coming to Ashland in 1882. Here they resided until fifteen years ago in 1899, when they moved to this city which has ever since been their home.

Mrs. Raitt was a character that to know her was to love her and she had many friends in all the classes that she came in contact with. She was an earnest christian woman as her acts and works and entire life testified. In her home life her loss and absence be most felt for she was a kind and loving wife and mother, never hesitating for herself to answer the needs of others of the household. Her home life was an exemplary one. To Mr. and Mrs. Raitt five children were born, viz: John A., of Essexville, N. D., Chas. A., of Bathurst, N. B., Mrs. P. J. McKenzie, Ashland, and Hugh Chalmers, Gloucester, Mass.

The funeral services were held on Tuesday at 2 o'clock from the Congregational church of which the deceased was an earnest member, Rev. F. H. Anderson officiating.

The funeral was attended by a large concourse of sorrowing friends. The floral offerings from many sources showed to a small extent the high esteem in which Mrs. Raitt was held by many friends.

THE OCEAN LIMITED.

The "Ocean Limited" is the name of "Canada's New Train" on the Intercolonial Railway between Montreal and Halifax, placed in service about the beginning of July. It leaves Montreal at the convenient hour—for both the business and pleasure seeking public—of 7.30 p. m. daily except Saturday, arriving at Halifax at 8.15 the following evening, thus avoiding the sacrifice of the better part of two days as is the case when using the Maritime Express leaving Montreal at midday and arriving at Halifax in the afternoon of the following day. We have upon two occasions within the past three weeks travelled by this splendid new train, and of its substantial equipment we can only speak words of highest praise. The spacious airy coaches, the comfortable parlor, sleeping and dining cars all of substantial and elegant build, which make up the Ocean Limited, form it into a model modern train, a credit to any management.

If in the judgment of the Management it becomes necessary to reduce the present passenger service between Montreal and Halifax during the winter months by withdrawing one train we trust the train to be withdrawn will not be the "Ocean Limited." We think no higher compliment can be paid the Intercolonial management than to say that the "Ocean Limited" has reached the high standard of ex-

cellence in point of equipment, comfort and running time attained in fast express of the Grand Trunk Railway. The Ocean Limited's career should be continued unbroken on the Intercolonial Railway.

PAINFUL PERIODS

While no woman is entirely free from periodical suffering, it does not seem to have been the plan of nature that women should suffer so severely. Lydia E. Pinkham's Vegetable Compound is the most thorough female known to medical science. It relieves the condition which produces so much discomfort and robs menstruation of its terrors.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing, and by the use of

Lydia E. Pinkham's Vegetable Compound

"DEAR MRS. PINKHAM:—I suffered for six years with dysmenorrhoea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to a diseased condition of the uterine appendages caused by repeated and neglected colds. If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank you for Lydia E. Pinkham's Vegetable Compound, for it was the only medicine that helped me. My condition gradually improved, and after I started to use it, I noticed a marked improvement in my general health, and at the time of my next period the pain had disappeared completely. I kept up the treatment, and was cured. I am like another person since. I am a perfect health, my eyes are brighter, I have gained 25 pounds in weight, my color is good, and I feel light and happy."—Miss AGNES MILLER, 25 Potomac Avenue, Chicago, Ill.

The Root Crop the Largest for Several Years.

BATHURST ITEMS

Several Weddings and Deaths—Personal and Other Items

The weather which has been very disagreeable of late, being cold in the extreme for the time of year has moderated and is now fine and warm and is most favourable to the farmers for harvesting their crops which, despite the destructive gales, still promises to be of a fair average. The root crop will certainly be the largest in this country for years. Fruit, with the exception of plums, has been a fair yield.

Several schooners of herring were at the wharf last week from Misou and were quickly bought up at a good cash figure.

The scarcity of dry fish is being felt here this fall, and such quantities as are offering are commanding an exceptionally good price.

Butter and eggs are once more on terra firma basis as regard prices. After a sluggish market on butter all summer, seventeen cents per pound is a good figure at this season of the year besides being indicative of higher prices rating through the winter. Eggs are bringing eighteen cents per dozen.

One of the American Vitaphone Popular concerts will be given at the Legere Opera on Friday night Sept. 30th. This show will be grander and more magnificent than any former exhibition yet given.

A beautiful spectacular motion picture entitled "The Butterfly's Metamorphosis" will be a strong feature of the programme. The rise and fall of Napoleon the Great in colored films will be a new study presented during the evenings entertainment. In addition to the above, many other new studies will be introduced, including new song hits by Mr. Schilling and new musical ideas by Mr. Savage. All new subjects will be shown. Tickets are on sale at Landry's Jewelry Store.

Mr and Mrs S. J. Melanson have returned home after visiting Fredericton and St. John.

A very large number of people are taking in the Fair at Chatham this week.

Dr Poirer of Salem, Mass., is in Bathurst spending a few days.

Mr and Mrs Clay Adams returned to New York to-day after spending a couple of weeks with friends here.

Miss Aggie Melanson, who has been enjoying a vacation in St. John, Pictou and Moncton, returned home Saturday last.

Miss Eliza Sullivan of Ben Cove is visiting her sister, Mrs Chas Landry.

Mr Hector Melanson has gone to Fredericton to work on the Grand Trunk Pacific survey.

Miss Eva Vincent accompanied her father, Mr Earnest Vincent, representative for D. Magee Sons, St. John, to Bathurst where she remained a few days the guest of the Misses White.

Mr Henry White, the popular proprietor of the White House, was married at Moncton Tuesday morning to Miss Josephine Meahan also of town.

Mr Will Spears and Miss Edith Carter were married at St George's Church this morning at ten o'clock by the Rev Mr Hooper in the presence of a large number of relatives and friends. Amid showers of rice and with good wishes of their many friends the newly married couple left by the Ocean Limited for Sussex on a visit to Mr Spear's home.

Last Wednesday Mr Godfrey Ellis, Station Agent at Bathurst, was married at Sussex to Miss Alice Spear. Mr Ellis has returned to Bathurst with his bride after spending their honeymoon in St. John and Halifax and the young couple are receiving the congratulations of their numerous friends.

A telegram reached here on Monday from Regina announcing

the sad death by drowning of Mr. Sydney Kerr, formerly of Bathurst which occurred at that place on Sunday, the 25th inst. The sad intelligence was wired to the only surviving member of the family, Miss Ida Kerr, who resides here, and who has the deep sympathy of the community in her great sorrow. Mr Kerr was one of Bathurst's bright young men who left here about eight years ago and was prospering well in the west. The deceased, besides a sister, has near relatives here and at Campbellton.

At Caraque last week the death occurred of the wife of the late Hon Robert Young in her 71st year. The deceased is survived by three sons and two daughters. The eldest, James W., R. H. Lee, Fred T. B. and Miss Isabel and Mrs Rev F. L. Fraser of California. The steamer Loughrigg Holmes Captain Chadwick, arrived here to-day and will take a cargo of deals from Adams Burns & Co.

The Barque Dalston, Capt Florence ss, with a cargo of deal loaded by P. G. Mahoney will sail on Saturday for Liverpool, Eng.

The death of James O Sullivan, second eldest son of Theo Sullivan, occurred on Sunday afternoon at his father's residence. The deceased, prior to his illness, was a bright young fellow who had won the respect of all his acquaintances among whom he was a general favorite. He was in his 20th year and his death though expected for sometime was a great blow to the family who cherished the most kindly feelings of love for him. His funeral took place Tuesday morning to the Sacred Heart Church and was largely attended.

Death of John G Ross

The sad news of the death of John G Ross was received on Tuesday. About a month ago he went to the Royal Victoria Hospital at Montreal for treatment but his case was pronounced hopeless, and he lingered until Monday night.

The deceased was well and favorably known throughout the North Shore and was a nephew of the late John Ross of Tide Head. He had been engaged as night operator at Charlott for the last few years. He was one of Restigouche's volunteers in the South African war with the first contingent and was in some of the most important engagements. The other members of the company were Frank Gorham, George Johnson, Dugald Stewart and Harris Bears. The deceased was one of the Canadian contingent of volunteers who represented Canada at the coronation ceremonies of King Edward in London. While they were giving an exhibition of lassoing before the Royal family and other distinguished personages, Ross was thrown from his horse by fouling of the lariat and received injuries which necessitated his removal to the hospital. Hemorrhage of the lungs followed. It seems that he never fully recovered from these injuries.

He was also a member of the Orange and Free Mason Orders.

The remains went through on the Maritime express yesterday morning to Stellarton N.S., where interment took place.

His death will be deeply regretted by a large circle of friends.

W. C. T. U. Entertainment at Dalhousie

An entertainment in the interests of the temperance cause was held under the auspices of the W. C. T. U. in Dalhousie Temperance Hall on Wednesday the 21st inst. The hall was tastefully decorated with flags, mottoes and flowers. The programme consisted of solos, choruses, recitations and instrumental music, after which followed an address delivered by Rev P. McIntyre in his usual pleasing manner.

As regards the musical part of the programme it would be difficult to particularize as all the participants acquitted themselves most creditably and received their share of applause. "The Violets" by Mrs. Leck needs more than passing mention and that talented lady was the recipient of much praise. After the temperance address, pledge cards were circulated through the audience and new members were initiated after the gathering broke up. To Mr. McIntyre, the speaker of the evening, a hearty vote of thanks was tendered. A generous contribution was received from the auditors to defray the expenses of the W. C. T. U. in its benevolent mission.

On the following evening a reception was held in honor of Mr. and Mrs. P. McIntyre and those who had so ably assisted in the previous evening's performance to

LOTS OF MOOSE.

Big Game can be had With Little Difficulty.

A RECORD TRIP.

Some of the Parties who Have Been Successful Thus Far.

That "the woods is full of" moose and other big game is being more strongly proven day by day. It is almost impossible to go into the woods in any part of the country without coming in contact with the lordly moose and we have yet to hear of one party of the large number who have gone in to return without a head.

On Monday Peter Johnson obtained a license from Warden Verge about 8 o'clock and went into the Tonique. He returned about two o'clock in the afternoon with a large moose. This is a record trip, the best time previously made being in the vicinity of 36 hours.

Dr Cates has returned from a successful moose hunt in Gloucester. Co where he and party shot two fine moose.

One of the most beautiful moose heads that has ever been seen in the province came in on Saturday to Emack's store here to be mounted. The moose was shot at Campbellton by Dr. H. Lunam, a resident of that place and one of the leading sportsmen and best shots in the province. The horns have a spread of 55 inches, and there are 25 points, all perfect. When mounted the head will be a magnificent specimen. Dr. Lunam is justly very proud of his trophy.—Gleaner

Aber McPeters, the well known Old Town guide, will leave in a few days with a number of other Maine guides for Bathurst, N. B., where they will guide a party of New York sportsmen after moose and caribou. A trip across the border is no sinecure for the guides on this side of the line for the men have to pay the regular non-resident hunter's license in addition to the long journey they have to make to meet their sportsmen but nevertheless the men seem to like it and a number go every season to guide parties of their old patrons.—Bangor Commercial

A Bathurst correspondent to the Sun says—A party consisting of Messrs Harriman (relatives of the great railway man of that name, one being a brother and the other a nephew) and the Baron de Messeques of Paris, France, came down from a hunting trip at the head of the Nepisiguit today. They brought down three moose heads, besides a caribou head, and four bear skins.

Clarence Adams and John McCleave of New York came in yesterday with one head.

All these hunters report moose plentiful. Messrs Adams and McCleave saw many others besides the one they shot, but the horns being small they did not fire at them.

A man named O'Connor, living about twelve miles from Bathurst, shot a fine moose at his barn door last week. The moose had followed his cattle out to the barn. When O'Connor saw him first he had no rifle, and fired at him with a revolver, on which the big moose made after him and chased him into the house. O'Connor then went out to the opposite door, and calling to a neighbor asked him to bring over his rifle. The moose having remained there, O'Connor knocked him down.

Dr Tozer of Rexton, and Mr Jos Pettie of St. John, left here on Tuesday for the Matapedia where they intend going in moose hunting. They have engaged the services of the guides, the Adams Bros.—Richibucto Review.

Besides the above a number of local sportsmen have returned from the bush bringing with them the spoils of the hunt, and others are still in the woods.

Since last Thursday Game Warden Verge has issued thirty licenses, making the total number to date 99.

With the new members of the society. A pleasant time was spent, several musical selections, both vocal and instrumental, being rendered. Refreshments were served after which Rev. Mr. Leck and Rev. Mr. McIntyre made short appropriate speeches. At the close a vote of thanks was extended by the Union to those who had taken part in the entertainment of the preceding evening. The gathering dispersed with three cheers for the W. C. T. U.

CONDOLENCE.

Bathurst, N. B., Sept. 22, 1904. At a regular meeting of Branch No. 130, C. M. B. A., held on Tuesday evening, Sept. 20th, the following resolutions were unanimously adopted. Whereas it has pleased Almighty God, in his infinite wisdom, to remove from our midst his eternal reward our respected and worthy brother, John W. Hachey, Assistant Recording Secretary.

Resolved that we, the members of Branch 130, while bowing submissive-

ly to the will of an All-wise Providence desire to express our deep grief at the death of our departed brother, and to extend to his relatives our heartfelt sympathy, praying that God in his mercy may protect and comfort them in their sad bereavement.

Further resolved that this testimony of our sympathy and sorrow be inscribed in the minutes and that the Secretary transmit a copy of the same to the family of our departed brother, the Canadian and the local papers. And it is further resolved that our Branch banner be draped for a period of three months out of respect for our deceased brother.

One Of the Vildest Diseases

Is Catarrh which first attacks the nose and throat and finally spreads all through the system. The one sure cure is fragrant healing Catarrhazone which is sent by the air you breathe direct to the root of the trouble. Mr. T. Y. MacVicar of Yarmouth, suffered for years from catarrh and says, "In my long experience with this loathsome disease I never used anything that relieved and cured so promptly as Catarrhazone. When my nostrils were so stuffed up that I couldn't breathe I found a few inhalations of Catarrhazone was sufficient to clear away the mucus. I am perfectly cured by Catarrhazone and free from the disease entirely." Use only Catarrhazone. Complete outfit \$1.00; trial size 25c.

Black Watch Band Concert

Arrangements have been made with the L. C. R. to hold the maritime express on the evening of Saturday, Oct. 8th, to accommodate those attending the Black Watch Band in the Victoria Park, also with trains going East and West. All the above trains will be held until after the concert.
