"Reports are being sent to me from time to time," said Mr. Grant. "These I will send to Toronto without any comment of myself. It looks as if they might show the needed population after all. I will not take any affidavit to that, however."

The Population.

If the figures presented by Mr. Grant do show that, they are very confident that the lieutenant-governor-in-council will grant an order for a vote to be taken.

The worst that can happen, in their opinion, is that a special census shall be taken. This census will show the necessary population, they claim. They consider that the city should not be put to without a census or adding the students in, practically 50,000.

Mr. Evans, the chairman, in a few introductory remarks, stated that he was glad to see so many electors present. It showed that they were anxious to hear the topics of the day discussed, and he hoped that they would be well pleased with the addresses of the evening. Mr. Graham, he said, had been with them on previous occasions, and had always given a good account of himself. He then introduced Mr. Duncan C. Ross.

Liberal Candidate Welcomed.

The Liberal candidate, as is always the case in Stratbroy, was given a most hearty welcome. Mr. Ross referred to the fact that when he first appeared upon a Strathroy platform as a candidate he had Mr. Graham with him. He was elected by a good majority on that occasion, and be thought the presence of Mr. Graham augured well for his success on Wednesday next. (Cheers.)

Mr. Ross then took up his career in the local House, and spoke of the legislation he had advocated. True to his promise he had tried to have legislation passed that would protect the armer from reckless automobilists. He had also opposed the abolition of the model school system, a matter that had directly effected Strathroy. The abolition of this system was not in the interest of the farmer and the poor man, and it prevented many of the brightest and best sons and daughters of the poor man from receiving the education that was his due. Mr. Ross had also opposed the three-fifths clause as he had promised to do.

That Farmer Cry. "The only argument used against me is that I am not a farmer," said Mr Ross, "Any honest man, no matter what his profession, has the same right to the suffrages of the electors, and 1 am certain that this cry raised against me will not be fruitful of results. I ask for your suffrages on Wednesday next, and am confident that you will do as well by me as you have

Hon. Mr. Graham.

Mr. Graham was given an ovation upon rising, and for an hour kept the crowd enthused as he took up, one after another, the great measures introduced and carried out by the Laurier Government. He expressed his pleasure at being present to assist in the campaign of his old friend, Duncan Ross, the son of his former leader, Hon. George W. Ross. (Cheers.) "There are many reasons why I am glad to be here, but the most important is that Sir Wilfrid wants Duncan

Young Men Wanted.

Mr. Graham made a plea for young men to enter public life. This was one of the pleasing features of the Libera candidate's campaign in West Middle sex. He was a young man entering the service of his country, and devoting to Strathroy, Nov. 6.—"The tariff ques- it the best he had.

ONE BIG WEEK'S

COTTON SELLING

You will save money by buying Cottons and Sheetings now. Newspapers and trade journals are dwelling at length on the unusual advances in cotton prices. It's not a scare, but a reality, that an advance of over 45% has taken place on raw cotton since we placed our orders for most of the cottons we are offering this week. There is more demand for cottons through the winter season now than has been the case for a long time with homes. More comfortable cotton sheets are used throughout the year, women wear more cotton underwear, etc., than formerly, and altogether the demand is on the increase. But with our present values we are giving we should and will no doubt do a cotton business far in advance of any previous season. The lines offered are not reductions, remember, but are the result of many very special purchases, and it is our intention to put one week's extra effort in showing you values that will be hard to duplicate, many of which cannot be replaced.

MR. BORDEN AND WEST MID-DLESEX.

Mr. Graham at Strathroy on Saturday shrewdly replied to those who are urging West Middlesex farmers to vote against Mr. Ross because he is a professional man. He pointed out the Laurier Government was the first one to make a practical farmer the minister of agriculture. In effect, the arrangement amounts to this: If the company is not able to pay interest on these British Columbia bonds, the province is to pay it, and secure repayment from the company, which would be already in default, as best it

GERMANY FOLLOWS GREAT BRITAIN.

While the dukes and drones are screaming "socialism!" at the unearned increment tax in the British budget, the aggressively anti-Socialist Government of the German Empire is trying to introduce the very same principle into German national finance!

A tax on unearned increment is actually in operation in 100 German municipalities. It has been a satisfactory source of local revenue, and it is now to be incorporated in the central administration.

The imperial treasury has asked the governments of the various kingdoms of Germany to furnish information to guide it in framing an unearned increment tax yielding £1,000,-000 a year, and susceptible of expansion. The Lloyd-George budget is expected to raise only £500,000 the first year, one-half of which will be remitted to the municipalities.

The German proposal, coming at this time, is a hard knock at Unionist ogic. It emanates from a simon-pure Conservative Government, controlled the the opponents of the increment tax in Great Britain have been all along pointing to Germany's fiscal system as and a close reading of his speech shows a model. Suffered Terrible Pains From His Kidneys.

Perhaps no other organs work harder than the kidneys to preserve the general health of the body, and most people are troubled with some kind of kidney complaint, but do not suspect it.

There is no way of getting the kidney poisons out of the system except through the kidneys, and no medicine so effective the lecture agency which has arranged in taking them out as Doan's Kidney Pills.

> They help the kidneys to flush off the acrid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages.

Doan's Kidney Pills are entirely vegetable, and may be safely taken by old

Mr. Dougald A. McIsaac, Broad Cove Banks, N.S., writes:—"I was troubled with my kidneys for nine months, and suffered with such terrible pains across the small of my back all the time that I could hardly get around. After taking two boxes of Doan's Kidney Pills I began to feel better, and by the time I had taken three I was completely cured.'

There is social unrest in practically every country in the civilized world. We have it in America as much as any place. This is the era of the common man.

"In too many instances, especially in our great cities, we are putting a \$600 man, or a woman, if we can get her for less, to a mission work that would stagger a \$6,000 preacher. The church needs more democracy. In a saloon a nickel makes every man the equal of another man. A man is a man clear through even if he is a workingman. The church seems to forget that. I do not wonder that workingmen do not go to some of our churches. It is a wonder that any of them go at all. The church must preach a social message. We need the gospel of Jesus Christ; any other is a slight upon Him mull. who gave us His word. It is useless to offer a man or woman heart-breaking wages, long hours, and force them to live in conditions that are inhuman, and then preach hell to them.

STORY OF JESUS IS NO INVENTION

Rev. Dr. Johnson's Sermon Last Night in First Methodist Church.

At the anniversary service at the First Methodist Church last night Rev. Dr. Johnson, of Baltimore, spoke from the text Matthews vii., 16: "Ye shall show them by their fruits." 'If the Bible is not inspired by God, then it is the greatest imposture of

the ages, so asserted Dr. Johnson with strong conviction. 'The master thinkers of all the ages have drawn their inspiration from its pages; artists have taken the ideal of their masterpleces from Bible characters, Musiclans, under its spell, have composed the oratories which have sent their names down to posterity. It is the only rational account that has yet been given of the creation. The Bible has been so interwoven with the literature of all the ages that to destroy it en-tirely would be to destroy all the existing libraries of the world.

"There are men," continued the speaker, "who disbelieve the inspiration of the Bible and claim that the story of Jesus is a fabrication. If this were so then the disciples must themselves have been greater than the Christ they invented. Jesus was greater than all the philosophers of sacred or profane history, and the names of Homer and Plato and Socrates pale into insignificance beside the shining glory of the name of Christ. Ruins are all that remain 10 tell of the wonders of the reign of Caesar. Thousands of men died at the word of Napoleon, but his glory is only a name. But Jesus died over

nineteen hundred years ago, but today he is honored more and loved better than he was then, and so from year to year there grows more perfect the invincible supremacy of Jesus Christ." At the anniversary services a request was made for \$1,000 to aid in
