RIOTING AT THE SOO.

TROOPS FROM TORONTO ORDERED TO THE SCENE.

Town Under Martial Law—The Riot Act Read and the Mob Advised to Disperse—Windows Broken and Other Destruction Wrought in the Company's Building—Official Notice Stating There is no Money to Pay the Men.

Toronto, Sept. 29.—Colonel L. Buchanan, C.M.G., Commanding Officer of Military District No. 2, in which Sault Ste. Marie is included, received an urgent despatch at an early hour this morning to send troops to Sault Ste. Marie. Two hundred and fifty men, the R.C.D. and all the R.C.R.I. at the barracks, were to leave by C. P. R. immediately a train could be secured. The regular officers at the fort were left in command.

At 3 o'clock the officers of the local regiments were notifying men to parade this morning. Seventy men from each of the three regiments are called to leave at 7 o'clock; 250 more men of the city regiments are called to parade for reserves.

Sault Ste. Marie, Ont., Sept. 29.—The trouble which has existed between the officers of the Consolidated Lake Superior Company and the employees since the closing down of the works a week ago last Friday reached a climax yesterday, and the town is under martial law, in consequence of the riotous act of some of the men during the day.

On Thursday, owing to the fact that the supplies in the camps had become pretty well exhausted, the officers of the company were obliged to bring in men into town. The first batch arrived here on Friday night, and those were followed by large numbers on Saturday and Sunday. The entire crowd, numbered about 600, which with the men employed at the industries in the town made up an army of 1,500. The men held a meeting early in the morning and decided to go in a body to the company's office and demand their wages, for, although the day had been named as pay day, there was a general feeling among the employees that they would be given a further advance. In this they were not disappointed. At 9 o'clock they arrived at the office building, and found the front door locked and the company police guarding the entrance. A bulletin was posted, stating that the President and directors in New York have been unable to raise the money to pay the wages and salaries now due the men and officers of the company. Advice received from New York indicates that our President and directors have a plan to raise the money to only pay the men, but to start up the works, that seems to promise success. The plan has the endorsement and promise of support of Sir Wilfrid Laurier, Premier of Canada, and the Hon. Geo. W. Ross, Premier of Ontario, and it is expected to produce the necessary money within thirty days. While we regret very much the inability of the company to pay the wages, the fact remains that there is no money to pay with. There seems to be only one thing left for the men to do, and that is to go to the offer of work elsewhere, leaving their checks with friends, responsible attorneys, or business men, to collect and send to them when the company pays them.

Instead of answering the purpose for which it was intended, that of pacifying the men, the contents of the bulletin had the opposite effect, and a rush was made for the main entrance to the building. A conflict between the men and the company's police was the result. In the melee that ensued several of the men were roughly handled by the police, who, in turn, received severe treatment at the hands of the now infuriated mob. Two of the policemen received serious injuries, and a riot being imminent, a message was sent for reinforcements to protect the company's property.

Magistrate Quibell arrived shortly, and, after reading the riot act, requested the men to go peacefully to their homes. In the meantime someone, presumably for the purpose of diverting the attention of the men, sent in a fire alarm from a box near by. When the firemen arrived the trouble had reached an acute stage, and the town and company police were utterly unable to cope with the men. Someone turned a stream of water on the assemblage from the inside of the building, driving the crowd back and drenching a great many. This indirect act was the signal for a general attack on the building, and in a few minutes not a pane of glass was left unbroken in the magnificent structure. Having done about all the damage that was possible, the crowd turned down town. At the corner of Queen and Gore streets a street car going east was blocked, and the driver forced to return to the barns. A car going west was similarly stopped.

The mob then proceeded to the ferry dock, and were successful in tying up for the day the service between the two Soos. About 2 o'clock in the afternoon the most serious rioting took place in the main street. License Inspector Bassingthwaite had ordered all the barrooms to be closed at 1 o'clock, but some of the men had consumed a good deal of liquor prior to that time and constituted themselves leaders of the mob. Smarting under the indignity to which they had been subjected by

having the nose turned on them in the early part of the day, and their blood fired with liquor, these husky lumbermen organized a band to avenge the insult. For an hour or more they hovered around the fire hall in the east end of the town, but found the building well protected. The town police recognized in the leaders the men who had been most active in the morning's demonstration, and attempted to arrest two of their number.

A free fight ensued, in which the police got slightly the worst of the argument. A number of civilian and special police came to the officers' assistance, and a fierce fight in the middle of the road followed, from which two of the leaders beat a retreat, going towards the river, pursued by the officers and several hundred citizens. The fight was renewed after a run of about fifty yards, and within the next half hour two of the men were shot, one in the leg and the other having the back of his neck slightly grazed. In neither case, however, was the injury dangerous. The news that two men had been shot in daylight, a few yards from the main thoroughfare of the town, spread rapidly, and the result was almost a panic in this hitherto peaceable town. Dr. McCaigue was summoned in each case, and the injured men removed to the hospital.

In the meantime the militia had been called out, and Chief Constable Downey had sworn in an additional number of special policemen. Trouble had again broken out at the works, and Manager Coyne had telephoned for assistance, fearing that further and more serious damage to the properties was contemplated. At 3:30 o'clock the 97th Battalion started for the scene of the trouble. When the volunteers reached the works they were received with jeers and hoots, but these sounds soon faded away, the sight of the uniforms and bayonets drawn undoubtedly inspiring some respect in the hearts of the lumbermen. Magistrate Quibell again mounted the steps leading to the general offices, and again read the riot act, which he prefaced with a few words of good advice to the men, whom he advised to go to their homes like peaceable citizens. He assured them that their money would be forthcoming, perhaps in a few days. Mr. Quibell's remarks had a decidedly good effect upon those of his hearers who could understand the English language, and the majority of these men started for home when the Magistrate had concluded his remarks.

This evening all is quiet in the town. The men are being cared for by the company and town, but the volunteers are on duty around the big edifices of the company.

The fact that Mayor Plummer's store was broken into last night and several rifles stolen has caused a feeling of unrest and a fear that other places might be visited to-night for a like purpose, but at a late hour there appeared to be no reason to anticipate anything in that regard.

Manager Skinner of the International Hotel, operated by the company, was informed this evening by a leader of the rioters that the hotel would be burned to the ground to-night. Mr. Skinner communicated this information to his guests, the result being that there are a great many more vacant rooms in the International to-night than on any night for some time. The train which was to have brought about 400 men to-day was cancelled, but if there is no repetition of to-day's troubles to-morrow the men will arrive to-morrow night.

New Haven, Conn., Sept. 29.—John G. Carruth of Philadelphia, President of the Industrial Trust, Title & Savings Company was here appointed receiver for the Consolidated Lake Superior Company, Charles M. Tweed of Speyer & Company said:—

The action of the Connecticut court will not interfere with the sale of the securities of the Consolidated Company October 1. The appointment of a receiver places the affairs of the company in the hands of an individual. No arrangement has been made for postponing the sale, and I know nothing of the report that Mr. Carruth had raised the \$5,000,000 cash needed to satisfy our claim.

London, Sept. 29.—Sir Christopher Furness says he knows nothing concerning the report cabled from Toronto that he is finding fresh capital for the Consolidated Lake Superior Company.

Five and one-half per cent. of the insurance on the Clergue buildings at the "Soo" has been withdrawn by fire insurance companies which fear loss through riots.

SHIPPED CHILD IN FRUIT BASKET

Alleged Woman Kidnaped Had Novel Way of Evading the Police.

Claims to be a Protestant Nun and Apparently Drugged the Infant to Prevent Outcry.

The St. Thomas police received a telegram on Saturday from the Fort Erie authorities, stating that a woman had kidnapped a child from a resident of that place, and afterwards had taken the M. C. R. mail train for here. Upon investigation it was discovered that the woman had placed the child in a fruit basket and had expressed it to that city. When she arrived there she made enquiries as to the trains that would stop at Bismarck, and how far it would be to drive from there to Glenora. While at the depot the woman left the child in care of the lady attendant at the waiting rooms. With the child she departed on the afternoon mail train for Bismarck.

How she managed to prevent the child from making any outcry on its way between Fort Erie and St. Thomas is a mystery, unless the young one was drugged.

The lady is said to go by the name of Madam Madeline, and claims she is a Protestant nun.

ATLAS LOAN SECURITIES.

TENDERS OPENED BY THE MASTER IN ORDINARY.

Offers Understood to be Below the Reserve Bid—Liquidators Will Report to the Court This Morning.

Toronto, Sept. 29.—Some of the assets of the Atlas Loan Company do not appear to be very valuable in the eyes of investors. Yesterday, before the Master in Ordinary, tenders were received for certain assets which were advertised for sale. These were:—

One hundred and seventy-three preferred shares of \$100 each of the Wm. A. Rogers, Limited.

Three hundred common shares of \$100 each of the Wm. A. Rogers, Limited.

Fifty shares of \$100 each, the National Portland Cement Company, Limited.

One thousand and forty-three shares of \$50 each of the Real Estate Loan Company of Canada, Limited.

Three hundred and twenty-two shares of the St. Thomas Hotel Company.

Thirty-five shares of the Southwestern Loan Company of St. Thomas.

Forty shares of \$50 each of the Trusts & Guarantee Company.

One thousand dollars' worth of bonds of the Sao Paulo Tramway, Light & Power Company.

Two thousand four hundred dollars' worth of bonds of the Improved Realty Company of Toronto, Limited.

Four hundred and fifty common shares of \$100 each of the Carter, Crum, Company, Limited.

For not all of these stocks offers were received, the tenders being only for Sao Paulo, the National Portland Cement Company, the Real Estate Loan Company, and the St. Thomas Hotel shares. The Master requested that the prices offered should not be made public, as this might affect the future sale of these assets. It was intimated by Mr. R. Home Smith, acting for the liquidators, the National Trust Company, that none of the offers were as high as the reserve bids. The Master, however, did not ask the liquidators for a report, but a report will be made upon the offers before the Master at 11 o'clock to-day.

The offer for the St. Thomas Hotel Company was made by Mr. W. R. Jackson, on behalf of a syndicate; but it was understood that it was so low that it could not possibly be considered. At their par value these securities valued for sale by tender would be \$180,120.

CIVIL SERVANTS' PAY.

Sir William Mulock's Bill Passed by the House.

Ottawa, Sept. 29.—After a protracted debate the resolution submitted by Sir Wm. Mulock, providing for an increase of salary to various classes of the civil service and re-establishing the third class, was reported, and a bill to give effect thereto was introduced. The resolution sanctioning the practice of keeping a store account on the Interoceanic and authorizing a credit of \$1,000,000 for the purpose was adopted, and the House for the first time in many weeks got into Committee of Supply. Satisfactory progress was made, and the House adjourned at 11:45.

FOR OCTOBER.

Rev. Irl R. Hicks, of St. Louis, Gives His Prognostications For the Month.

Rev. Irl R. Hicks, the St. Louis weather prophet, predicts the weather for the first ten days of October a continuance of the same kind of weather we have been having lately. On the 2nd and 3rd we are to have a storm disturbance, then a decided change to warmer weather, then indications of autumnal storms. When the moon is full on the 6th, there are to be threatening conditions. In the south they are to have heavy equatorial storms about the 15th and in the north we may expect boreal north-westerly storms, especially on the lakes and north Atlantic, and may look for early and heavy sleet.

The 14th, 15th and 16th are reactionary storm days, on which there will come a progressive change to warmer, with falling barometer, growing cloudiness, rain and possible snow in the north and west. The storms will originate in the west and travel eastward.

The next storm period may be expected from the 18th to the 23rd, after which there will be a decided change to warmer, with probably frosty nights. In the west the temperature will be rising as the month comes to its close, under the influence of a regular storm period, the centre and culmination of which falls in November.

WAS BUNCOED

Ace Parker was feeling real bad. He had been buncoed and he knew it. That was why he sought Moss Robinson. Ace figured out that misery likes company, and that was why he was attached to the society of Moss. He remembered the tree trimmer's recent experience in Detroit, and he felt like a brother to Mr. Robinson.

"Moss, is that you?" queried Ace, as he sadly felt in his pocket where his money ought to have been. Heaving a sigh, the fish dealer continued: "You know, Moss, I went out to the race track and I got buncoed. I didn't really expect it, but I got it all right. I suspected that Dolphy W. could win in the 214 pace, so when R. L. Brackin hunted me up in the crowd and offered to sell me Dolphy W. in a 25 cent pool of 50 cents for his chance, R. L. is a personal friend of mine and I didn't think he would do it. I didn't think he would do it. But he did"—and here Ace paused to let off a few more sighs at high pressure.

"Well, Dolphy won all right," continued the sad one, "and I want to cash in. Then R. L. told me that the boys had forgot to cash in when the pool was made and there was no money in the treasury. Just then the judges declared all bets off, so I went to get my 50 cents back, but R. L. had put the money down in his jeans and he wouldn't cash in. He said if I wanted to buy a ticket that was no good. I had bought a solid brick, and I've been looking for you ever since to get a little sympathy." Then Moss and Ace fell each on the neck of the other and wept at the ways of this wicked world.

EAST AND WEST

"The bread I made from the last flour I got from you wasn't very good," remarked the busy housewife casually to the busy miller.

"Perhaps it was the fault of the yeast," suggested the busy miller.

"I cannot say for sure," replied the busy housewife.

"Well, it may be the worst next time," remarked the busy miller, as visions of the damage to wheat in the west floated through his massive brain.

THE AVENUE AGAIN.

The Planet trusts the good people of Victoria Avenue will not get weary in well-doing until the goal of a permanent pavement has been reached.

We are informed that, as a result of the suggestion of this journal, a petition has been put in circulation. That is good.

Let the promoters now push it through promptly and effectively, and alleviate a standing disgrace.

AID THE "SOO."

In the September number of Industrial Canada there is an article on the iron and steel bounties which concludes with the following sentence:

It owing to excessive importations of iron and steel and manufactures thereof our great iron and steel works are obliged to shut down wholly or partially there will be a large falling off in customs revenue as well as extreme distress in the towns and cities in which these industries are located.

This was written before the sudden collapse of the works at Sault Ste. Marie. It now has a look of prophecy.

It is probably not the fact that the "Soo" disaster is due to the want of adequate protection to the iron and steel industries and the free importation of steel rails. Stiff protection is no sure defence against extravagance and imprudent management. But there is no doubt whatever that prompt aid on Ottawa in the shape of a duty on steel rails would do much to put life into the Soo enterprises and perhaps save the town from ruin. Such aid ought to be given.

PEOPLE'S MONEY WASTED.

Chancellor Boyd and Chief Justice Falconbridge drew \$100 a day for working for the Government in the Gamely-Stratton case, points out the St. Thomas Times.

Twenty-six days at \$100 a day, \$2,600; multiplied by two and we have \$5,200 of the people's money handed to gentlemen who draw \$6,000 per annum in salary.

In less than a month these judges secured as much as tens of thousands of people make in a year, and three times as much as hundreds of thousands of honest men who are taxed to pay them have to live on per year, and keep large families.

The Government set aside \$35,000 to cover the cost of the investigation, and it is said the actual cost to the country will be found to reach \$65,000.

For what? For a report that pleased no one except the parties accused and the gang of hangers-on who are dictating the policy of the Government in regard to patronage and the running of elections, and who are leeches on the public chest.

Honest Liberals like Mr. M. Y. McLean of Sarnia, are set aside and denied offices promised them, and which they earned by consistently supporting the party, because some political dirty work has been done by a man of whom the Government is afraid, or because a Minister has an impecunious relative to provide for.

The present Ontario Government has made a new record for political crookedness, and the cabinet is now afraid of the people—afraid even to bring on a bye-election. They dare not venture a contest in a single riding lest their majority be wiped out.

North Renfrew vacant 487 days—unrepresented practically for two sessions—and yet Premier Ross and his band of corruptionists would persuade the people that they wish to be honest!

We don't want to appear persistent, but this is the 487th day of the North Renfrew vacancy.

Ridgetown Dominion: Poll-tax delinquents are being dealt with by the police magistrate at St. Thomas. Poll-tax we consider a relic of the past, and like the toll-gate, should be abolished. Poll-tax is a fraud, a delusion and a snare. Many who under the law should pay escape by subterfuges of many varieties, while others are pursued and chased up by constables. The whole matter is too small and petty a thing for this day and generation of men.

It is difficult to find the better side of people who are one-sided.

The experience of the ideal woman is not guaranteed after marriage.

A man who strives for fame puts aside the money end of the struggle.

William Stringer, who rents W. D. Colby's farm on the 13th concession, Harwich, has 17 acres of the finest corn which has ever been grown in Kent County. It stands ten feet high and will yield 150 bushels to the acre.

Ald. Mounter made a visit of inspection to the different public improvements works this morning and reports that the work in the line of pavements is progressing favorably with the good weather. The King street west pavement will be ready for the concrete work to-morrow morning.

The firemen had a useless run to box 23 this morning. A chimney on the residence of James Waugh, William street, had caught fire and was burning dangerously. It had slackened down somewhat before the firemen arrived. Mrs. Waugh was burning out her chimney and the fire was a little more dangerous than she thought it would be. The firemen made the run in exactly one minute.

The Young Peoples Society of the Park street Methodist church gave a reception to the students of the city in the Sunday school hall of the church last evening. There was a good attendance and everyone spent an exceedingly enjoyable time. Dr. Hicks presided over the program, which consisted of addresses by Rev. G. H. Cobblestick and C. Austin. Miss Small and Miss Sanderson gave recitations, Noble Gardiner gave a vocal solo and Roger Philip gave a trombone solo. The rest of the evening was spent in games and social chat.

UGLY EPIDEMIC

There are 17 cases of diphtheria in Chatham at the present time, and the fact is causing the health authorities much concern.

These cases are pretty well scattered over the city, but the majority are in North Chatham, mostly among children. There is one case on Seane street, five on Lacroix St., one on Jeffrey St., in South Chatham, and three on Dover St., three on Head St., two on corner of Joseph St. and St. Clair St., one on St. Clair street and one on Forest St. in North Chatham.

In speaking of the epidemic to The Planet this morning, Dr. W. R. Hall, Medical Health Officer, said:—

"I do not hold the McKeough school responsible for any of the cases, as in a number of them they were not in attendance at school and we cannot trace any case to the school. Whenever there is a case of a child who has been in attendance at the school we disinfect the room, and, in fact, we intend to disinfect all of the rooms in the school. All of the present cases are improving."

"A second case in the Matthews family was reported yesterday and another was reported on Sunday. All of the cases are taken to the hospitals where such a thing is possible."

"What we need in Chatham, said the doctor, is a hospital where we can take contagious diseases. The present accommodations in the two city hospitals are all right as far as they go, but they do not go far enough. They can not accommodate eight or ten patients."

"It is required by law that all contagious diseases should be treated in an isolation hospital free from charge excepting doctors' fees, etc., and such a place should be provided by the municipalities. These hospitals are there to protect the public, and the public is forced to pay for them. All of the larger cities have them, and the time will soon come when Chatham will have to have one."

PROTECTION IN PART.

Trades Unionists Denounce Manufacturers' Attitude.

Ottawa, Sept. 29.—Members of the executive of the Trades and Labor Congress of Canada waited on Sir Wilfrid Laurier and Sir Wm. Mulock, Minister of Labor, yesterday and presented a statement protesting against the efforts of the Manufacturers' Association to use the Labor Department as an employment agency to secure foreign laborers to replace strikers.

The deputation was comprised of Messrs. A. W. Puttee, M. P., Winnipeg; P. M. Draper, Secretary, and E. Empey, Ottawa, and Horvey Hall, Toronto. The statement presented criticized the Manufacturers' Association for professing a desire for arbitration and at the same time boasting that they defeated the conciliation bill in the Ontario Legislature last session.

Secretary Draper presented the resolution passed at last week's congress, and, proceeding, denounced the Manufacturers' Association for its "cool and arrogant assumption" and for ever striving for more protection for manufactured goods and at the same time noisily and demonstratively crying for absolute free trade in labor.

Sir Wm. Mulock, replying to the labor deputation who again presented their case, briefly in the afternoon expressed regret that there should be any discord between Canadian employers and employees. The well-being of Canada required that these two great classes should march in harmony.

He had seen the attack of the Manufacturers' Association upon the Department of Labor, and he would have let it pass in silence had it not been brought before him in this way. He regretted the attack, as it served to accentuate the breach between employers and employees. The Department of Labor, according to the statute of 1900, by which it was created, was vested with the power of gathering statistical information useful alike to employer and employee, and its dissemination through the official organ, The Labor Gazette. Another function was to give effect to the conciliation act. Other functions had been added, notably at this session, when a bill had been passed dealing with the difference between railways and their employees. But no legislation had cast upon the Department of Labor the duty or power to interfere with immigration. If they were charged with doing that, the answer was that by so doing they would be acting illegally. Therefore it was to be regretted that the department had been subjected to an unwarranted attack of that nature.

MAY NOT GO TO ST. LOUIS.

Railways Unwilling to Carry the Jubilee Presents.

Toronto, Sept. 29.—A peculiar state of affairs has arisen over the transportation of the Queen Victoria Jubilee presents to the St. Louis Fair, and it is just possible these very valuable articles may not be seen at St. Louis after all. The Colonial Office, which is in charge of the presents, should be exhibited in other Canadian cities than Toronto, but his Majesty was anxious that the gifts should be on view at the opening of St. Louis Fair, so it was decided that they should be packed up, sent to St. Louis and the question of their exhibition in other Canadian cities left over for decision after that of St. Louis.

Since the close of the Toronto Exhibition workmen have been busy packing the presents, and now all is ready for delivery to the railway for transportation to the metropolis of Missouri. When, however, Mr. Christie, who is in charge of the presents, opened negotiations with the American railways for the carriage of the presents he was met by a refusal of each road running into St. Louis to carry such a precious load, pending satisfactory arrangements for their protection. A consultation was held yesterday with the United States Consul, Mr. E. N. Gunsaulus, with a view to arranging for United States troops protecting the treasures during transportation, but no conclusion was arrived at. The action of the St. Louis Fair was notified of the position of affairs, but up to a late hour last night they were unable to straighten out the tangle. In the meantime the armed guard keeps watch and ward over the presents, and unless Mr. Christie can have satisfactory arrangements made for the safe transportation of the presents they will either go back to Britain forthwith or be exhibited in other Canadian centres.

MORNING WEDDING

A large crowd of admiring friends witnessed a very pretty ceremony at St. Joseph's church this morning at 8.30, when Chatham lost a second very popular young daughter to a London young man within a week's time.

The wedding this morning was that of John William Pembroke, son of James Pembroke, to Miss Mary Elizabeth Sullivan, adopted daughter of James Dillon, North Chatham.

Miss Nellie Phelan, of Merlin, was bridesmaid, while H. D. Pembroke, of St. Thomas, assisted the groom.

The ceremony was performed by Rev. Father James, O. F. M., at 8.30, when high mass was celebrated, and Burnie Walden, in fine bass voice, sang "Ave Maria."

A splendid wedding breakfast was partaken of at the residence of the bride's foster parents before the happy couple, amid the showers of rice and congratulations, left on the noon train on their honeymoon trip.

The Clothing of a Gentleman.

To properly clothe a gentleman is an undertaking at once, artistic, scientific and mechanical. Our clothing store exists to cloth gentlemen. How well we succeed in doing it you can judge by personal inspection of the clothes. No better single test of a man's clothing stock can be found than in garments for morning dress. At that point our clothing excels. We know it, because we sell so much of it to highly intelligent men. Moderate expenditure only is needed for morning dress in good form. Time was when the difference between ready-made and custom-made men's clothing was easily apparent. That time is past. Some ready-to-wear clothing is now so well made that a trained tailor cannot distinguish it from custom-tailoring. It is that sort. Please note the following:

Men's Black Cheviot Suits.

The new cut sack style, \$12.50.

Men's Black West of England Clay Worsted, sack and skirt suits, \$13.50.

Men's very special imported black worsted sack suits, \$10. Men's Fancy Pattern Tweed business suits, serviceable, \$7.50 to \$12.

Men's Overcoats.

For between seasons, fall weights, very good sort in ample variety, \$6 to \$8.

New Stripe Worst Trousers.

Neat and elegant 2.48 to \$3.50.

Overcoats for the little Men.

The new swell Reian Style of coats for boys, 4 to 9 yrs, in grey, blue and black, very special values, \$4 to \$6.50.

Raglanettes.

Always dressy, handsome little garments, for ages 5 to 16 yrs, \$3 to \$6.50.

The Millinery Display Continues.

On every side we hear the universal comment of approval and delight that the hats are more beautiful than before is only the law of progress. That they are more beautiful than any public has yet seen, is because of the taste, skill and energy of our experts, and the resources and prestige of the house of AUSTIN in finding and securing the choicest models from the proudest and most exclusive Paris designers. But we are proud to note that the largest enthusiasm surrounds the collection of HATS from our own workrooms. The value of our outing hats are particularly noted:—

\$2.00 "OADET"—A long narrow Turban trimmed with fancy cord caught with steel ornaments.

\$2.50 "Eldorado"—A large ear shape rolling rim, corded edge, trimmed with velvet and quill in assorted colors.

\$2.25 "DURSILLA"—A nobby hair felt with camel hair edge and quill, fastened with ornaments, in brown, grey or black.

\$1.50 "Racket"—A child's felt hat, cord trimming, with velvet streamers caught with ornament.

Be Skeptical

Don't believe all you hear about cheap groceries. Because a thing is advertised at a very low price, it is not necessarily desirable.

By all means buy good things as cheaply as possible, but first see they are good. Things to eat cannot be too good.

ALL RUBBER RUBBER GOODS...

We buy our rubber goods at frequent intervals direct from the manufacturers. We do this for THREE REASONS:—

1—We want reliable goods.

2—We want fresh goods.

3—We want to save all the cost we can for customers.

Rubber goods of inferior quality are about the dearest articles that can be bought. Here you get grades of assured reliability—you know they are fresh, and you get them at the most reasonable prices.

GOOD CONCERT

A very pleasing concert was given in St. Andrew's church last evening as a very appropriate recognition of the 26th anniversary of the pastorate of Rev. Dr. J. R. Battisby. There was a very good attendance and everyone was pleased with the program.

It was decided this year to abandon the time-honored custom of an annual tea meeting and to give a musical program instead. As a result the ladies were spared the usual trouble and worry of providing tables, but the attendance it was found was not quite as large as in former years. However, the managers of the church are perfectly satisfied with the results of the concert, as the proceeds netted the church \$300.

D. S. Patterson, M. A., principal of the Collegiate Institute, presided over the program and introduced the concert with a short chairman's address. He complimented the ladies of the church upon the excellent work they are doing in the church and referred to the magnificent pipe organ as one of the results of the efforts of the ladies of St. Andrew's. He also congratulated Rev. Dr. Battisby, the esteemed pastor, on the splendid work of the church and also paid a very high tribute to him as an earnest and able pastor.

The program was then given. It consisted mostly of musical selections by a number of Chatham's talented artists, the favorite numbers being a vocal solo by Miss Lucy McKellar, vocal solos by Miss Belle Riddell and Miss Gertrude Somerville, sopranos, and another vocal solo by Miss Ada Ross, contralto. This last was especially well rendered. One of the best numbers on the program was a ladies quartette, "Old Folks at Home."

Miss Eva Barassin, the talented elocutionist, gave two excellent numbers. Miss Barassin is always a favorite wherever she goes and the audience was thoroughly delighted with her efforts last evening. In conclusion Dr. Battisby thanked the members of the church for their patronage at the concert and closed a most enjoyable evening.

After the concert the artists of the evening were kindly and pleasantly entertained at Rev. Dr. Battisby's residence, Park street.

The proceeds of the concert and collections far exceeded any other year.

THE QUESTION OF BALDNESS.

This is a vital question with hundreds of men who are bald or partially so. How to overcome this disfigurement lent by baldness is a simple matter when you consider the perfection of modern art in the making of Wigs and Toupees. The visit of Prof. Borenwend, of Toronto, to Chatham on Wednesday, October 7, when he will be at the Garner Hotel, renders it possible for any who wish to consult him to do so at his private apartments retained at the Garner for this purpose. Demonstration given to show the perfect naturalness of his Wigs and Toupees. Do not miss this opportunity. Remember the days and dates.

ITCHING BURNING SKIN.

Disfiguring Humors and
Eruptions Perma-
nently Cured.

**Dr. Agnew's
Ointment.**

Diseases of the skin inflict intense pain, suffering and disfigurement. If not cured in time, they end in the decay of the bones, a pallid complexion, loss of strength, and a gradual wasting away of the body. Dr. Agnew's Ointment is an absolute specific in Scrofula, Eczema, Salt Rheum, Tetter, Ring Worm, Barbers' Itch, Ulcers, Erysipelas, Liver Spots, Prurigo, Psoriasis, and all sores and disfiguring eruptions of the skin. An old soldier, S. E. Buckman, residing at the National Soldiers' Home, Grant Co., Ind., writes: "I was a constant sufferer from skin complaints. Last summer a disfiguring eruption appeared on my face, and I decided to try Dr. Agnew's Ointment. I was relieved after the first application, and in a remarkably short time absolutely cured." 35 cents.

Free Escape Dyspepsia and Indigestion.
If you suffer their agonizing pains, it is because you do not know that Dr. Von Stan's Pineapple Tablets relieve at once and cure when all other remedies have failed to benefit. 60 tablets, 15 cents. No. 24.

Sold by Messrs. Guns and McLaren, Druggists, Chatham.

SCIENCE OF BUILDING.

Exactitude Which Characterizes the Construction of Skyscrapers.

Many of the great steel structures that are being built in every city are planned and molded in some distant city—like the material for Solomon's temple of old—hundreds of miles away. It is in some rolling mill town of Pennsylvania that most of the gigantic frameworks for the modern skyscraper are built. All that remains to be done is to put them together, and the building rises up like a house of blocks.

Every piece is fitted together and numbered, before it is taken away from the steel mill. So exact are the measurements that not even the drilling of a hole is necessary for fitting the rivets which fasten the plates and girders together. The watchlike precision with which these parts are made was shown in the construction of one of these buildings which is now being erected in Chicago.

One of the large cross girders was missing in the framework of the second floor, and, though it did not interfere with the placing of the framework on all sides and above it, the contractor was worried to know what had become of it. When the framework had grown as high as the sixth or seventh story and the missing piece had not yet been found around the railroad yards or heard of from any other source he wrote to the steel mill, describing it as closely as possible, ordering that it be duplicated.

By the return mail he received the following reply:

"As ground space is more valuable in Chicago than here in the country, we are storing missing girders for you. We knew that you would need a steel girder out so you would have room. Will ship it after the remaining stories have been completed."

The mill men had figured correctly on the building hundreds of miles away, and the girder could not have been placed in position even if it had been on the grounds on account of the derick.

A Store with a =: Destiny...

**A Business on a
Sound Basis..**

This store is to be an important factor in the history of store-keeping in this the most modern city of its size in America.

A BACKWARD GLANCE.

You have grown to expect nothing but the best here, and you have got nothing but the best. "You can depend on what you get at FOREMAN'S" has been a proverbial phrase for years. Goods that you can depend upon and honest dealing is a policy that is bound to win out, and it's the policy that FOREMAN has stuck to most rigidly since first he opened his doors to the people of Chatham.

THE PRESENT.

We planned to make this the most successful season in our history. Nothing has been left undone that would make it a successful season. We have added fresh beauty to our premises since last you visited us and the beauty of the new Fall Goods is beyond description.

PIONEER CALLED

Robert Sloan, one of the oldest settlers in the County of Kent, passed away on September 28th in the 72nd year of his age. Deceased was the last of the settlers who first came to this part of Canada in 1832. He came here when he was 17 years of age and settled down on lot 16, south of the Middle Road, Tilbury Township, where he resided until a few years ago, when he moved to the home of his daughter, Mrs. Cameron, of Valetta.

There was not a better respected man in Tilbury than Mr. Sloan. He was very popular throughout the whole County, and wherever he was known he was said by everyone to be an honest, genial and good hearted man.

His illness lasted for four months, during which time he never left his bed. He was a Presbyterian in religion and a staunch Conservative in politics. He was an uncle of Wm. Sloan, of this city. He was married to Miss Caffell, of Tilbury, and had a family of eleven children, seven of whom survive. They are Mrs. James Cameron, with whom he resided; Mrs. Viney, Manitoulin Island; Mrs. Joseph Bell, Toronto; Mrs. Hornby, Merpet; James Sloan, Tilbury; Robert Sloan, Vancouver, and Joseph Sloan, of San Antonio, Texas. He had 32 grandchildren and 19 great grandchildren.

The funeral was held on the 24th

inst. and interment was made in the Stewart cemetery. It was very largely attended.

OF INTEREST TO LADIES.

The visit of Prof. Dorenwend to Chatham on Wednesday, October 7, will afford the ladies of Chatham and surrounding country an opportunity of consulting him regarding their hair, its needs, and their requirements in all styles of Hair Goods. Prof. Dorenwend carries with him a large and most varied assortment of his famous conceptions in Switches, Bangs, Pompadours, Wavy Fronts and Wigs. The equal of these high grade natural hair productions can not be procured from any hair goods dealer in America. Prof. Dorenwend has the distinction of being the largest manufacturer and the most noted specialist in these goods. Private apartments are at the convenience of all who avail themselves of calling at the Hotel Garner on the days of his visit.

Any irregularity on the part of The Planet's carrier boys will be immediately remedied by calling at the office or phoning 53a.

A REPLY TO BOURASSA.

FREEDOM ENJOYED UNDER THE BRITISH FLAG.

Hon. L. P. Pelletier Protests Against the Attempt to Arouse French-Canadian Sentiment Against England.

Montreal, Sept. 29.—Hon. L. P. Pelletier, at one time Attorney-General of Quebec, and now Conservative organizer for the Province, at Laprairie yesterday severely criticized the anti-imperial utterances of Mr. Henri Bourassa. "As a French-Canadian," he said, "I protest against the attempt being made to rouse French-Canadian sentiment against England. I am a French-Canadian, and I am proud of it; I am proud of the old country from which my fathers and yours came; I am proud of my French blood; I love my French-Canadian mother and my nationality, but do not let French-Canadians hearken to those who would rouse among them a sentiment of hostility to the country which has every right to our love and affection for the way we have been treated in this Canada of ours. We speak our own language, we worship at our own altars, in our own temples, with the greatest freedom on earth, beneath the protecting folds of the British flag. Certain people, men with eloquent voices, too, speak sneeringly to us of 'our England.' For my part, I am ready to accept the term. Yes, she is 'Our England,' and we are proud of her splendid record. We are proud of the free institutions, the just and equitable laws which she has given us. When the unworthy Government that to-day misrules our former mother country expelled the communities; when they put on the street saintly women who had consecrated their lives to God, where did these dispersed communities take refuge? Where did the men who had consecrated their lives to the education of youth and the service of God take refuge when they were not allowed liberty of conscience in the land of their birth? They found a refuge and a haven of protection beneath the broad folds of the grand old flag which protects our own rights and our liberties. (Loud cheers.) I deny to the demagogues of yesterday and the demagogues of to-morrow, wherever they come, the emissaries of Sir Wilfrid Laurier or otherwise, the right to attempt to arouse race against race and creed against creed in this happy land, where English, Irish, Scotch and French live together for the upbuilding of our new country, under the freest institutions the world has ever seen. I tell you, gentlemen, that the men who do such work must fail. The more the different races learn of each other the better will they agree together. I here and now tell Mr. Henri Bourassa, and others of his fellows who follow in his footsteps, that they will meet their own punishment in the reprobation of their own French-Canadian fellow-citizens for their attempt to light the fierce fires of race hatred for base political purposes."

WILL MR. TARTE RESIGN?

Electors of St. Mary's Ask Him to Do so.

Montreal, Sept. 29.—Two thousand electors of St. Mary's division of this city met last night and passed a resolution, asking for the resignation of their representative in the Commons, Hon. J. Israel Tarte. Great enthusiasm prevailed, and the action was unanimous. Ald. Lariviere presided, and among the speakers were Senator Cloran and Mr. D. A. Lafor-tune. Many prominent electors of the division were present. The resolution set forth that on November 7, 1909, Mr. Tarte was elected by St. Mary's division to represent the Liberal party; that while Sir Wilfrid Laurier was in Europe he started a campaign of ultra-protection, thereby violating the promises given to the electors that he had gone over to the enemy of the Liberal party; that he had abandoned his electors and placed himself at the service of the corporations, and had therefore no right to speak in the name of the electors of St. Mary's, and they therefore repudiated his actions and found themselves obliged to ask him to return the mandate they had conferred to him.

In opening the meeting, Ald. Lariviere said that Mr. Tarte was no representative of the electors of St. Mary's, and therefore he asked to give an account of himself. Mr. Tarte had given much time of late to the Conservatives, and had not said one word for those who had elected him. (Cries of shame, and true.) He had much to explain.

Senator Cloran denounced the member freely. He said that Mr. Tarte was the apostle of a policy contrary to Liberal views, and was trying to instill the venom into the whole rank from Halifax to Vancouver. Under the circumstances he thought they should force him to give up his mandate or to keep it without reproach. The speakers were loudly applauded.

AS SURE AS THE SUN RISES

So Certain Will Be Your Cure of Piles if You Desire Immediate Relief from Pain.

Are you suffering from the agonizing disease of piles? Is your life one of pain and unhappiness and misery? Do you want to be cured? Your cure will be certain, complete and as lasting as your life by using a simple, natural remedy that gives immediate relief. No knife, no torture, no pain and applied in the privacy of your own home. The Pyramid Pile Cure has never failed even in the most aggravated cases. It is in the form of a suppository and is applied directly to the affected parts, giving instant relief. It will cure you just as certain as you try it. Of this there is no question or shadow of a doubt.

A prominent Milwaukee lady says: "For years I suffered intense agony from piles. My nerves were shattered and many times I prayed that death might release me from my torture. No one on earth can ever know what misery and pain I endured. Pyramid Pile Cure cured me completely, thoroughly and permanently. For two years I have not had a symptom of piles. I can never thank and praise you enough for this blessed deliverance."

Pyramid Pile Cure is for sale by all druggists at 50 cents a package. If not kept by your druggist will be sent on receipt of price by Pyramid Drug Co., Main St., Marshall, Mich.

ACCUSES CLAN-NA-GAEL.

Col. Blake of the "Irish Brigade" Misses \$10,000.

Omaha, Neb., Sept. 29.—Colonel J. F. Y. Blake, who commanded the "Irish Brigade" which fought with the Boers during the South African war, in an address at the Emmet memorial meeting, made charges against the national officers of the Clan-na-Gael. He did not produce the documentary evidence which he said was in his possession, but again asserted that he was able to do so. He said that the organization secured \$10,000 for the Irish Brigade, and announced that it had been forwarded to that organization. On his return, he says, he learned that the money was never sent to South Africa, and that officers of the Clan-na-Gael informed him it had been retained by that order for the benefit of returning veterans. He says that the amount has never been distributed.

BRITAIN'S BEST FRIENDS.

Mr. Chamberlain's Letter to Nottingham Manufacturers.

London, Sept. 29.—Mr. Chamberlain in writing to the Nottingham Manufacturers' Association, says:—"The colonies are our best friends, large customers for our manufactured goods and the greatest potential source of our food supply. They are ready to make profitable arrangements with us, while foreigners are gradually closing every trade outlet."

PURITY. LAGER BEER

"The Beer That's Brewed in Glass"

We use only the best grade of barley, which is malted under our direct supervision, and the choicest Pacific, Bavarian and Kent Hops, and will gladly contribute \$1,000 to charity if any one can show that any Brewer in Canada uses better brewing material.

In brewing, after the beer has been boiled in the kettle, it is pumped in to a surface cooler (an enormous pan) and allowed to run slowly over pipes, through which cold water and cold brine is circulating at the same time exposed to strong drafts of pure air, to bring the beer to proper temperature. During this process the beer will absorb bad odors or impurities in the air, and a brewery located in a neighborhood where these impurities in the air are certain to produce beer that is more or less charged with impurities. Our plant is located in a section free from dirt, dust and "bad smell" and the coolers are 80 ft. from the ground.

We employ only competent men whose wages run from 25 per cent. to 40 per cent. above that paid by most of our competitors.

All of our apparatus is strictly class and up-to-date. POOR BREWING MATERIAL, ANTIQUATED APPLIANCES and CHEAP LABOR MEANS FILTHY BEER THAT IS UNHEALTHFUL.

When you pay the standard price of five cents for a glass of beer you have a right to receive, and should demand the best, and if you do not have it furnished you should refuse to accept it.
